SQUIBOGRAPHS.

The early robin is sorry he left his sunny southern home.

There is one thing about navigation it knows enough to keep its mouth closed during cold weather.

If spring keeps lingering in the lap of winter much longer it will be necessary to prod it with an icicle.

The gardener hoeth
The wind bloweth
The chickens croweth
The seed goeth.

At Ottawa things are in a tangle
And members do little, but jaw and jangle
They shout and screech till they perspire,
Paw the air and yell out, "Liar!"

A lady with a strong enough pull to get a permit from the Legislature to practice dentistry has given a clinical demonstration that she is well qualified for the profession.

The proposal to install bath tubs in the Toronto public schools is causing consternation among the youth of that city. The trustee officers are afraid that they will have to use the dog catchers' nets to induce the small boys to attend.

The matter of removing the Central prison from Toronto to a more secluded location is being considered by the Government. It is causing quite a discussion among the inmates as to the relative attractions of city and country life, the majority favoring rural surroundings on account of a larger measure of freedom.

LAWN BOWLING CLUB.

A meeting was held in the Council Chamber on Tuesday evening for the purpose of organizing a bowling club, when the following officers were elected for the season:

Hon. President—Rev. E. B. Horne.
President—Rev. S. P. Irwin.
Vice-President—Rev. S. W. Muxworthy.
Secretary-Treas.—Wm. Anderson.
Executive Committee—John Jack and J. W. McLaren, with power to add to their number.
Grounds Committee—John Wiley, Wm. Anderson, D. G. Parker.

L. O. G. L., EAST LAMBTON.

Robert Birmingham, organizer for the Provincial Grand Lodge Ontario West, will lecture in L.O.G.L. halls as follows:—505 Watford, Monday, April 22nd 8 p.m. 626 Wainstead, Tuesday, April 23rd, 8 p.m.

1029 Union, Wednesday, April 24th, 8 p.m.
746, 12th line, Thursday, April 25, 8 p.m.
Inwood, Friday, April 26th, 8 p.m.
All favorable to the cause are cordially invited to attend.
PAUL KINGSTON, County Master.

MADE A HIT.

High School Students Presented Two Act Drama to a Crowded House.

Standing room was at a premium at the High School entertainment in the Music Hall on Thursday evening of last week.

The magnet that attracted the large audience was the presentation of the two act drama, "The Last Leaf," by a company from the High School Literary Society.

The players surprised their friends by the smoothness of their production, not a hitch occurring to mar the effect, spoke their lines distinctly and altogether acquitted themselves in a highly creditable manner. It was remarked by many present that the play was put on better than many professional troupes that have visited the town. The drama itself is full of action and incident and held the attention of all until the curtain fell.

The characters and players taking part were:

Mark Ashton, a silversmith, Verdner Humphries.
Cabel Hanson, a wealthy baker, R. Stapleford.
Harry Hanson, son of Cabel, Archie Howe.
Dick Bustle, Journeyman baker, Murray Mitchell.
Tom Chubb, stammering butcher, Reg. Leach.
Kate Ashton, Mark's wife, La Vera Muxworthy.
Lily Ashton, Mark's daughter, Maude Cameron.
Fatty Jones, Yankee Servant Girl, Grace Luckham.

J. R. Jamieson, the popular local comedian, kept everybody in good humor with his funny songs and sayings.

A pleasing feature of the program was several well rendered selections by the Watford orchestra, a recently organized musical society that is a credit to the town.

The program was opened and closed by selections by the High School Glee club. The proceeds amounted to about sixty-five dollars.

MRS. A. DUNCAN, of Petrolia, met with a severe accident on Friday night last. She was on her way up stairs, when, in some unaccountable manner, she lost her balance, and fell to the bottom, fracturing her right arm and knocking four or five teeth out of her mouth. She was sustaining very severe bruises. She was removed to the hospital, where under Dr. Macalpine's care, she is recovering as favorably as can be expected.

SPRING housecleaning time is rapidly approaching, but a matter of much more vital importance at this season of the year is the numerous back-yards where all kinds of vegetable matter is dumped throughout the winter months with little thought of the pestilence-breeding nature of the kitchen refuse. Citizens cannot escape too soon this spring in having every vestige of the accumulation removed and their yards put in the best possible sanitary condition. This applies to the merchant as well as the housekeeper. Clean up. Get at it now!

ORDER your spring suit and overcoat, we are busy, very busy.—SWIFT BROS.

ENGLAND WANTS ONIONS.

Large Market Awaits Canadian Crop in Old Country.

Ottawa, Ont., April 17.—A report received by the department of trade and commerce from M. J. McKinnon, Canadian agent at Bristol, says there is a great demand in the mother country for small onions suitable for pickling. This branch of trade has hitherto been neglected by Canadians. The onions should be shipped unpeeled, in bags holding 100 pounds each. Importing firms would be prepared to take 100 to 500 bags on a single order. The present supplies used by the big establishments in England come from Egypt, Holland and Belgium, home supply being wholly insufficient.

There is also a big demand in England for small pickling gherkins. Some shipments have been sent from Canada in the past, but they were too large in size.

PERSONAL.

Miss May Armitage, London, was home over Sunday.

W. H. Thom, Hamilton, spent Sunday at his home here.

Mrs. F. Hills, Toronto, called on Watford friends Saturday.

R. J. Richardson and Joshua Thomas, Inwood, were in town Monday.

Mrs. Walker and Miss Bertha Walker, spent Sunday with friends in London.

Mrs. A. Mathers visited her daughter, Mrs. G. W. Russell, of London, this week.

W. Alexander and Miss Wilma Alexander, Flint, spent Sunday with Watford relatives.

Walter Howden arrived from Superior, Wis., Sunday morning to attend the funeral of his father.

D. G. Brison, district agent of the Excelsior Life Ins. Co., spent a few days at the head office in Toronto this week.

Mrs. W. J. Stoddart, who spent a few weeks with her parents, Mr. and Mrs. A. Mathers, has returned to her home in Seaford.

Mrs. W. D. Eckert and Mr. D. H. Howden, London, attended the funeral of their brother, the late T. J. Howden, on Monday last.

J. H. Fowler, B. A., London, was home for a couple of days this week. Mr. Fowler expects to leave on a trip to the coast early next month.

Henry S. Laughlin, who has been visiting his uncle, Mr. S. Laughlin, Huron St., for the past week, returned to his home in Bowmanville Monday.

Mrs. W. T. Stewart, left Monday for Moosejaw to join her husband who is now located in that city. She was accompanied by her sister-in-law, Miss Minta Stewart of London.

Geo. L. Hagle has resigned his position with the Noxon Mfg. Co., at Ottawa, to accept the position of chief accountant with the Glasgow House, Regina. Mr. Hagle left for the West last week.

REUNION NOTES.

Word was received from Mrs. C. J. Barrie, Fort William, and Mrs. T. Penfold, Port Arthur, that they will be here on the 19th and 20th Aug.

Rev. Jos. Philip, B. D., of Aylmer, expects to be with us in August. Mr. Philip's many old friends in Watford will be pleased to learn that he is rapidly recovering from a recent severe illness.

Rev. E. H. Bauld, of Toronto, who was pastor of the Watford Presbyterian church over thirty years ago, expects to be at the reunion.

The transportation committee met Monday night. The railway arrangements are not quite completed yet.

COME ON (MAC) BUFF.

Mr. Duff, editor of the Welland Telegraph has the following item in the last issue of that journal: "Ye Editor is in receipt of a nice pink letter from H. F. Williams, secretary of the Watford Old Boys' Association. It is an invitation to attend the Reunion in Watford on August 19 and 20. If we can improve our sartorial investiture a little and arrange for a pass with our dear friends the railways, the light of our countenance will shine on Mr. Williams and Watford on the dates specified."

D. Duncan, Watford.
S. Wolson, Strathroy.

DEATH OF THOMAS J. HOWDEN.

After an illness extending over two years Mr. Thomas J. Howden passed away at his home, Ontario, St., at an early hour on Saturday morning in his sixty first year. Mr. Howden had been a resident of Watford for the past 37 years, with the exception of two years spent in Sarnia.

Born in Toronto he came to Warwick with the family when quite young. After mastering his trade he engaged in contracting with good success, many of the leading buildings in this vicinity, including the Watford Public School, having been erected under his supervision. Deceased took an active interest in municipal and political affairs, and served several terms as town councillor, and filled the Reeve's chair for two years.

He was a past President of the Watford Conservative Association and a member of the Executive Committee for the Riding, a member of Havelock Lodge, A. F. & A. M., and the Watford Council of the Royal Arcanum, and Trinity Church. He also filled the position of director of the board of the Industrial Loan and Savings Co. for a number of years.

The funeral was held on Monday, the service being conducted by the Rev. S. P. Irwin, assisted by Canon Davis, of Sarnia. The pallbearers were John Cowan, D. N. Sicular, W. G. Willoughby, W. H. Shrapnell, Angus Mitchell and W. McLeay.

Deceased is survived by his widow and one son, Walter, of Superior, Wis. Mrs. W. D. Eckert and Miss Essa Howden, of London, are sisters, and W. J. and S. B. Howden, of Watford, and D. H. Howden, of London, brothers.

The hand of death has been heavy on the Howden family of late, this being the third death within two months.

Western Ontario Congregation Union.

Brantford, April 17.—The semi-annual convention of Western Ontario Congregational Union was concluded here tonight.

The officers for the year elected today were: President—Rev. Charles Pedley, Woodstock. Secretary—Rev. W. E. Gilroy, Brantford. Treasurer—Rev. W. H. A. Claris, London.

Home mission representative—Rev. Mathew Kelly, Watford. Chairman of Credentials—Rev. D. S. Hamilton, London.

The next meeting will be likely held at Bellwood. It is announced that the union with the United Brethren, who have thirty churches extending from Niagara to Lis-towel, will be consummated in June.

Religious and ethical problems constituted the basis of several papers and discussions during the session.

CAYUGA MURDER TRIAL.

Grand Jury Returns True Bill Against Mrs. Perkins.

Cayuga, April 17.—The first day of the trial of Mrs. Perkins, against whom a true bill for the murder of her husband was brought in shortly before noon to-day closed with fourteen witnesses called for the crown. To-day's testimony related principally to the sickness of Henry Perkins during the two years preceding his death on Christmas Day, 1906. This, no doubt, is leading up to the expert medical testimony which will probably be heard to-morrow.

The proceedings of the court have been somewhat enlivened by the lively set-to between Mr. Arnoldi and Mr. Johnston. Mr. Johnston branded a statement of Mr. Arnoldi as an untruth and characterized his action as that of a "mountebank."

The coolness of the prisoner is remarkable. Seated with her counsel she follows with the closest attention every step in the proceedings. It was noticeable that when she took a glass of water in her hand there was never the least tremble. She is by no means attractive and naturally is the subject of close attention from the spectators.

BRINGS IN TRUE BILL.

At 11.30 the grand jury returned with a true bill charging her with the murder of her husband, Henry Perkins, on December 25, 1906. R. E. Walker, of Caledonia, was foreman of the grand jury. Justice Mabee immediately ordered the prisoner brought into court.

Mrs. Perkins appeared, dressed in deep black, but without a veil. She showed little trace of nervousness, as she listened to the charge.

"Are you guilty or not guilty?" was asked.

"Not guilty."
"Are you ready for your trial?"
"I certainly am," was her answer.

Mrs. Perkins hereupon was permitted to leave the box and take a seat with her counsel.

Mr. Johnston raised the point as to whether the crown intended to put forward any evidence not produced at the preliminary as to the purchase of poison by the defendant. If not, he would apply for an examination for discovery.

Lobo Farmer's Wife and Child Stricken.

Seized by three strong men, bound hand and foot and secured to his bed, Frank Atwood, a young farmer residing on a concession 9, lot 20, Lobo township, saw his wife and child stolen from him before his eyes by a man whom he says is Arthur Scott, the young son of a respectable London Township farmer.

Atwood struggled until five o'clock before he freed himself, and then went to the house of a neighbor with his hands still tied, and was liberated. In the meantime, with a team of horses hired at Dyer's livery in this city, the party came to London and boarded the train which leaves the city at 6.30, and are probably now across the American lines. Atwood did not arrive in the city until about 10.30 and it was his laxity in allowing the time to slip by in discussing the matter with the neighbors that the authorities attribute their failure to intercept the eloping couple.

Damaged by Frost.

The fruit growers of this vicinity will suffer heavily by the recent frosts. The premature warm weather of the early part of the month caused the canes on the berry bushes to produce their buds, and when the frost came the result was that the raspberry bushes were almost totally destroyed. Thimbleberries, although suffering heavily, are not injured to such an extent as their red neighbors.

Mr. Duncan McLaughlan, of Keyser, received word last week of the death of his brother John, of Battleford, Sask. He was killed by a C. P. R. engine. Mr. McLaughlan will be remembered by many here, being a son of the late Hugh McLaughlan, of East Williams.

Imported Clydes.

The Clydesdale Association have done a wise thing in raising a standard whereby imported fillies can be recorded in the Canadian records. It is a far-reaching innovation, and every opportunity ought to be given to the Canadian farmers to have their animals recorded before it is too late.

So many poor animals have been coming into Canada that the Clydesdale breed stands to be seriously injured. Big-legged, round-boned, sloppy noses imported in some instances, that it is a duty the association owes to the country to see that the quality and standard is steadily improved.

Importers and breeders of well-known reputations do not, as a rule, risk their reputation with a poor animal, but others who see a catch penny in a hurried importation and sale, have perhaps not been as careful in the selection as they would have otherwise been. But prices have a tendency to carelessness of selection, and to the downward tendency of quality, while, on the contrary, poor prices like those at present prevailing in the Shorthorn world tend to raise the standard and to produce the best.

All owners of imported fillies will do well to look at their pedigrees, and if there is only one hundred dam to take steps to get into the Canadian books at once.—World.

Defer Going West.

Our news dispatches from the West today make it perfectly clear that transportation, so far as the Canadian Northern Railway is concerned has broken down between Winnipeg and Edmonton. It will, under the most favorable conditions, take several days for the management to control and relieve the congestion, and the conditions are not favorable just now; in fact, the North West is in the grip of a severe snow storm.

Until the situation is relieved it would be unwise for intending emigrants to proceed westward. They will only put themselves to needless and useless expense and intensify the existing congestion by their continued presence at different points along the line. For the situation as it stands the railway company is not entirely to blame, as it has long had locomotives and cars ordered from various establishments, which cannot supply them so rapidly as they are needed. The situation will soon right itself if the public will only exercise self-control.—Globe.

For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do its best work if the liver is inactive and the bowels constipated. For the best possible results, you should take laxative doses of Ayer's Pills while taking the Sarsaparilla.

Bread or Pastry.

Beaver Flour is the best for Pastry—just as it is best for Bread.

Beaver Flour

is both a "Spring Wheat" and a "Winter Wheat" Flour. It is a blend of Manitoba Spring Wheat in just the exact proportions of each to make the whitest, most nutritious Bread—and the lightest, most inviting, most toothsome Cake, Pies and Pastry. Economical, to say the least.

The Rush to the West.

(Moosomin Spectator.)

The home-seeker's rush to the West has begun, and thousands are flocking this way from over the seas and across the boundary. Citizens of the United States, with cash and effects in plenty, are coming to buy either improved farms or to begin life anew on the virgin prairie. New homesteads by thousands will be occupied during the spring and summer months, and the hum of land activity will swell grandly for Canada.

Overtaken by Nausea.

You don't know whether its going to stay down or come up. You feel like thirty cents and look even worse. If one thing is quicker than another, it's "Nerviline." Ten drops in sweetened water gives relief instantly. Almost like magic is the charge you experience. The cause of the nausea is removed, every symptom of vomiting and indigestion is cured within ten minutes. When Polson's Nerviline is so trustworthy and economical, a bottle at home wouldn't be amiss. Large ones for a quarter at all dealers.

Don't Worry.

Worrying over a chicken or a young duck or a lamb or a baby or a foal is all nonsense. Once in a while they will die in spite of you, and then again they won't—they can't die.

Some of you folks will start keeping hens this spring. Give them a nice place to live, feed them well, treat them fair and square—and don't worry. Do the best you can, let them ficker. If they are going to die they'll die, and beheaded to you; and if they are going to live, they'll live. But don't worry.

Some of you will plant a garden this May. If the seeds come up, they'll come up, and if they don't they won't. But worry won't do anything for them pro or con.

Oh, we worry far too much. We are worrying about our souls or somebody else's souls, and we are continually packing up to go to a better world, and we have never been ten miles from home in this one yet. One world at a time. If the next world is a better world than this one it's a pretty nice place—that's all I've got to say. This world is a good old world, and why people worry about it is what worries me. The Khan.

Danger in Corn Salves

They unusually contain acids and burn the flesh. The one safe cure in liquid form is Paton's Painless Corn Extractor, which is purely vegetable, causes no pain and cures in one day. Don't forget the name—"Paton's."

Putting it Strongly.

Craftsmen who have served their seven years apprenticeship to master their trade will appreciate the following, which we clip from a United States paper. Of course things are not so bad in this country, but it conveys a hint of what we might expect in the near future if the tendency of the times is any criterion:—

"About the only men who learn a trade any more are those who are sent to the penitentiary. The country is being imposed upon more and more every year by men who have not mastered the trade which they claim to understand. As soon as a young man can distinguish the difference between a jack-saw and a hand-plane he is a 'carpenter.' If he can tell mortar from pan cake batter he is a plasterer. If he can pick a paint brush out of a pile where half the bunch are whisk brooms he hangs up his sign as painter. If he can screw the lid on a fruit jar so it won't leak he is a plumber. If he can tell the difference between a shooting stick and a job stick

he is a printer, qualified to travel and receive wages as such. Lawyers and doctors are obliged to pass examinations in their professions before they are permitted to engage in their work; but the public is imposed upon by so called carpenters, painters, plumbers, who never learn a trade, a business or a profession which they do not understand and have not fitted themselves for."

Cart-wheel Shades.

A good substitute for missing shade trees is made as follows: Plant a stout post, nine feet high, where you want the shade, setting the post in two feet of earth, then nail firmly to the top of it, at right angles, two seven-foot strips of two-by-two-inch stuff. The next thing to do is to get two old tires from cart or wagon wheels, have the blacksmith weld them into a big ring and fasten the ring tightly to the end of the cross-pieces. Set a three-year-old grapevine right against the post, coax it to rapid growth, and the thing is done. When the vine ends lap over the rim, let them hang down all around it. Seats may be set underneath.—From the May Delinctor.

What a Farmer's Wife Owes to Bileans.

Mrs. John Whitfield, Swan Lake, (Man.) writes, "I can hardly describe how badly I felt before I took Bileans. I could not eat but what it caused pain. There was a sensation of tightness in my side and my liver was entirely out of order. I could not sleep at night, suffered also from kidney trouble, and was, altogether, in a very serious condition. I had been ailing in this way for years and it is gratifying to find that Bileans were equal to my case."

A certain cure for headache, indigestion, spring blood troubles, constipation, piles, female ailments, and all liver and stomach disorders, 50 cents a box, from all druggists and stores, or Bilean Co. Toronto.

LOCAL OR OTHERWISE

It is proposed to convert the dairy school buildings at Strathroy into a local hospital.

WINDSOR contractors are agitating for a government commission to investigate the lumber combine. The trouble is not with the local dealers but with the fellows who have lumber tracts up north and big mills. Prices of lumber have advanced almost 50 per cent, during the last five years.

ITCH, Mange, Prairie Scratches and every form of contagious Itch on humans or animals cured in 30 minutes by Wolford's Sanitary Lotion. It never fails. Sold by T. B. Taylor & Sons.

APPARENTLY we, in this district, don't know what the "rush" to the west means. An Egremont farmer told the Mount Forest Representative "that if the carous of the people of his township continues for the next few years as it has in the past and at present homesteads may be obtained more easily than in the west."

J. A. GIBSON, of Strathroy, who recently left for the west called at Ganmore, Alta., and was so favorably impressed with the town that he left his daughter Grace behind. She is now the new teacher at Hampton near that town, having just arrived from her old home in Western Ontario.

LAST fall while driving some cattle to Forest, Mr. Frank Beard lost a gold watch and silk guard. A few days ago he thought he would take a look over part of the ground travelled, and had good luck to find both in a field near C. Ouellette's residence, Forest. They apparently were none the worse for having laid there during the winter months.

"Now, in order to subtract," explained a teacher to the class in mathematics, "things have to be of the same denomination. For instance, we couldn't take three apples from four years, nor six horses from nine dogs." A hand went up in the back of the room. "Well, Johnny?" smiled the unsuspecting teacher. "Please, ma'am," shouted the boy, "can't you take four quarts of milk from three cows?"

NOT A NAUSEATING PILL.—The exponent of a pill is the substance which entoids the ingredients and makes up the pill mass. That of Farmale's Vegetable Pills is so compounded as to preserve their moisture, and they can be carried into any latitude without impairing their strength. Many pills, in order to keep them from adhering, are rolled in powder, which prove nauseating to the taste. Farmale's Vegetable Pills are so prepared that they are agreeable to the most delicate.

BY-LAW NO. 3, 1907
OF TOWNSHIP OF WARWICK.

A By-law to provide for drainage work in the Township of Warwick in the County of Lambton, and for borrowing on the credit of the municipality the sum of \$503 00 for completing the same. Provisionally adopted the 18th day of March, 1907.

Whereas the majority in number of the resident and non resident owners (exclusive of farmers' sons not actual owners, as shown by the last revised assessment roll), of the property hereinafter set forth to be benefited by drainage work, have petitioned the Council of the said Township of Warwick, to have the drain known as the McGill-Sisson award drain, (being in the fourth and fifth concession, S. E. R., from lot 5 to lot 7 inclusive), repaired under The Ditches and Watercourses Act. The drain to be known as the Sisson Local Drain.
 And, whereas thereupon the said Council has procured an examination, to be made by C. A. Jones, being a person competent, for such purpose, of the said area proposed to be drained and the means suggested for the drainage thereof, and of other lands and roads liable to assessment under the Municipal Drainage Act, and has also prepared plans, specifications, and estimates of the drainage work to be made by the said C. A. Jones and an assessment to be made by him of the lands and roads to be benefited by such drainage work, and of other lands and roads liable for contribution thereto, stating as nearly as he can the proportion of benefit, outlet liability and injurious liability which in his opinion will be derived or incurred in consequence of such drainage work by every road and lot or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the road and lots or parts of lots hereinafter in that behalf specially set forth and described, and the report of the said C. A. Jones in respect thereof, and of the said drainage work being as follows:—

Petrolia, Dec. 18th, 1906.
 To the Municipal Council, Township of Warwick.
 GENTLEMEN:—In compliance with instructions received from your Honorable Body I have made an examination of the drain hereinafter known as the Sisson Drain situated on the westerly portion of lot 5 and w. 3, lot 6, con. 5, the northerly portion of lot 6, con. 5, S. E. R., and the 6-7 sideroad south of the Blind Line between cons. 5 & 6, S. E. R., of your township. Following is a more accurate description of its location: commencing at its head on the east side of the 6-7 sideroad, 2 rods north of the Blind Line between cons. 5 and 6, thence southerly along the easterly side of the sideroad, 45 rods thence westerly parallel with said Blind Line to the line between the easterly three quarters and westerly one quarter of lot 6, thence northerly along the line mentioned line about 40 rods to the said Blind Line, thence in a north-westerly direction across the west 3/4 of lot 6 and the greater portion of lot 5, con. 5.

It is now an open drain constructed under the Ditches & Watercourses Act and the parties interested have petitioned your Honorable Body to have it repaired under the Municipal Drainage Act with the request that if the engineer deems it advisable, it be made a tile drain and partly open. In this respect I concur with their views and would recommend that a tile be laid beneath the bottom of the present drain following its exact line, and the upper 250 rods, below which point the present drain becomes so crooked that I would recommend making a somewhat straighter course for the same, cutting off some of the shorter bends or turns and making them more gradual curves, still leaving the open drain in this portion as well as that of the upper 250 rods to carry off fresh water.

This proposed work of tiling though a little expensive will do away to a very great extent, if not altogether with the necessity of continually repairing the open drain.
 I would also recommend extending the drain about 40 rods below the present end of the work, thus providing a more desirable and efficient outlet for the tile. This will carry the work down to a point about twenty rods below the line between the 2 and w of lot 5, con. 5.
 I have chained, staked and levelled the drain in stations of 2 chains or 8 rods each for the upper 250 rods and 1 chain or 4 rods each for the lower 50 rods, the total length being 300 rods or 90 chains. 92 of the 100 and 70 1/2 is where it turns west across the sideroad and each stake is numbered the distance it is in chains or rods and links from stake "0". Stake 100 and 70 1/2 is where it turns west across the sideroad and lot 6, stake 34 is where it turns north along the centre of the w 3/4 of lot 6, stake 44 is where it crosses the Blind Line, stake 80 1/2 is where the tiling ends and stake 90 is where the open drain ends on the w 3/4 of lot 5.
 I would recommend that a 6 inch tile be laid along the sideroad from stake 0 to 10x70 a 7 inch tile, from 10x70 to 34 and an eight inch tile the remainder of the distance to stake 80 1/2; the open drain below this will be 2 1/2 ft bottom width with sides sloped 1 hor. to 1 vert.
 I have also prepared plan, profile, estimate of cost, specification of work and schedule of assessment on the lands affected, all of which I herewith submit.

SPECIFICATION OF WORK.
 The contractor is to furnish all material required and all labor necessary for the completion of the work.
 The trench for the tile is to be dug with a perfectly even grade in the bottom and to follow the centre of the present open drain from 6 to 69 1/2 and from 69 1/2 to 80 1/2 it is to follow the line of stakes to be dug on the numbered side thereof and about 1 ft. therefrom. The commissioner will set up stakes or pickets for the centre line of the trench making as gradual curves as possible in all cases and the contractor will follow these stakes or pickets for the

line of the trench. Where any abrupt turn occurs the ends of the tile shall be revolved a little by sawing them in order to make a closer joint more particularly at 10x70 and at 34. The tile are to be evenly and neatly laid with close joints and perfectly straight lines excepting where bends occur. No tile to be covered up until it is inspected by the commissioner. It is then to be covered to a uniform depth of 1 foot, where it is in the bottom of the present drain and to the full level of the natural ground, where it is not in the bottom of present drain. The earth on filling over the tile to be tramped with a medium weight pounder.
 The tile are to be of the best quality of agricultural tile and of the size shown and figured on profile.
 Build a box at the mouth of the tile for an outlet, into which the tile will empty, to be 10 feet long and 10 inches square inside made of 2 inch pine or cedar, to have a plank over the end where the tile enters with a circular hole in same, the exact size of the 8 inch tile which will be inserted into it about 4 inches and then plugged perfectly tightly. The trench for the tile figured on profile so that the bottom of the inside of the box will be level with the trench for the tile. This box to be thoroughly anchored in its position to the satisfaction of the commissioner.
 The open drain from the mouth of the tile to 90 to be dug to the depth of 2 inches deeper than the depth of the outlet at the rate of 1 hor. to 1 vert., with an even grade in bottom throughout.
 The earth is to be cast to the low ground and none left closer than 3 ft. from the edge of the drain. The depth or cuts in all cases are from the ground beside the stake on the numbered side thereof and are to govern in preference to those in red, which represent approximately the depth of the tile or open drain as the case may be below the present bottom. Should any error appear in the figured depth at any stake, the grade of the bottom is still to be made to conform with that shown on profile.
 All the work to be done, material furnished to the entire satisfaction of the commissioner in charge of the work.
 I have the honor to remain,
 Your obedient servant
 C. A. Jones, O. L. S. & C. E.

And whereas the said Council are of the opinion that the drainage of the area described is desirable, and therefore the said Municipal Council of the Township of Warwick, pursuant to the provisions of the Municipal Drainage Act enacts as follows:
 1. The said report, plans, specification, as estimates and estimates are hereby adopted and the drainage work therein indicated and set forth shall be made and constructed in accordance therewith.
 2. The Board of said Municipality may borrow on the credit of the corporation of the said Township of Warwick the sum of \$503.00, being the funds necessary for the work and may issue debentures of the corporation to that amount in sums of not less than \$50.00 each and payable within 4 years from the date thereof, with interest at the rate of one per cent per annum, that is to say in 4 equal annual payments such debentures to be payable at the Treasurer's office, Warwick, and to be attached to them coupons for the payment of interest.
 3. For paying the sum of \$281.50 the amount charged against the said lands for benefit and the sum of \$181.50 the amount charged against the said lands for outlet liability, apart from roads belonging to or controlled by the Municipality and for covering interest thereon for four years at the rate of 4 per cent per annum the following total special rates over and above all other rates shall be levied and collected (in the same manner and at the same time as other taxes are levied and collected) upon and from the unincorporated lots and parts of lots and the amount of the said special rates and interest against each lot or part of lot respectively shall be divided into 4 equal parts and one such part shall be assessed, levied and collected as aforesaid, in each year, for 4 years after the final passing of this bylaw, during which the said debentures have to run.

4th. For paying the sum of \$40 00 the amount assessed against the said roads of the Municipality and for covering interest thereon for 5 years at the rate of 4 per centum per annum, a special rate on the dollar sufficient to produce the required amount therefor shall over and above all other rates be levied and collected, (in the same manner and at the same time as other taxes are levied and collected) upon and from the whole rateable property in the said Township of Warwick in each year for 4 years after the final passing of this By-law during which the said debentures have to run.

NOTICE.
 I, Nathaniel Herbert, Clerk of the Township of Warwick, in the County of Lambton, do hereby certify the foregoing to be a true copy of a By-law provisionally adopted by the Council of the said Township of Warwick on the 18th day of March, and a Court of Revision will be held on the same at one o'clock p.m., on Monday, the 5th day of May, in the Township of Warwick Village. And take notice that anyone intending to apply to have the said By-law or any part thereof quashed must not later than ten days after the final passing thereof serve notice in writing upon the Reeve and the Clerk of the Municipality of his intention to make application for that purpose to the High Court at Toronto during the six weeks next ensuing the final passing of the By-law.

WATFORD, APR. 19, 1907.

Prosperity and Idolatry.

(New York Post.)

In all this matter we need to keep a steady head and hold an even balance. Great prosperity is, or may be made, a great national blessing. If it means increasing comfort and health and opportunity and education for the masses of the population new leisure and power to drill the raw world for the march of mind; the purification of society and of politics, as men are left most free from the struggle for existence, in order to strive for purer manners and better laws—then astounding prosperity may truly bring joy to the heart of philosopher and patriot alike. But their is another side to it. Mounting wealth may mean declining civic duty. As bank accounts expand consciences may contract. Prosperity may be made use of to induce men in office to "dodge and palter with a public crime." If this be too much the case; if money-getting and money-keeping be made superior to all questions of public justice, then we are bound to say of a state of prosperity thus perverted to base uses, what Wadsworth said of the insensate rush of Englishmen to be rich, a hundred years ago, "This is idolatry."

What Jay.

Life is a short space between the cradle and a 3-8 hole in some graveyard. Along the way man encounters many obstacles, says an exchange, such as love, matrimony, high taxes, slow trains, measles, mumps, mother-in-law, booze, boarding houses, hash, snake root bitters, divorcees and ladies' hats. Man, poor man; when old age overtakes him, all the comfort that comes to him is a gang of grand-children to tramp on his corns, blow little tin horns in his ears, ask him for small change, and to read newspaper accounts of his children's marriages, funerals, hangings and some terrible epidemic that has struck town. Oh the joys of living in such an age.—Times

Robert Ruddick, of Marthaville, has purchased from James Gould, of the 13th con., Ennisville, his farm of 100 acres, for \$3,600.

Jas. Peat & Sons have bought out the insurance agency and real estate business formerly conducted by A. Duncan & Son, of Petrolia.

Geo. Amas, townline, Bosanquet and Warwick, has purchased the 120-acre farm of the late John Watson, 12th con., Plympton, for \$5,200.

The business men of Wyoming have agreed to close up their respective places of business on and after April 15th at 7 o'clock p. m., with the exception of Wednesday and Saturday.

The funeral of the late Mrs. Frank Copeland, who died at the home of her father, Mr. John McCaw, Metcalfe, on April 14th, took place at the Alvinston cemetery last Saturday afternoon. She ceased to live in her 23rd year, and death was caused by tuberculosis.

On Monday morning, April 15th, Mr. Harry B. Corey, Petrolia, left for Cairo, Egypt. He will go via England, France, Germany and Italy, and on the return trip will pass through Turkey and Russia. His sister, Mrs. P. Campbell, of Petrolia, accompanied him, and they expect to be absent about three months.

Geo. Kerr, an employe of the Strathroy Furniture Co., met with a very peculiar and painful accident about two o'clock Thursday. Kerr, who is employed in the machine department, was operating a boring machine and while his attention was drawn from his work his hand came in contact with the machine and a hole was bored through the third finger of the right hand. Dr. Berdan dressed the unfortunate fellow's wound and hopes to save the finger.

The two Strathroy youths who recently pleaded guilty to robbing the G. T. R. freight sheds in Strathroy, appeared before Judge Elliott at London on Friday morning and were sentenced to not less than one year and not more than five years in the Mimico Industrial School. One of the boys is 13 and the other 15 years of age. The elder can neither read nor write, and his honor, after learning all the facts, decided that the school was the best place for the pair.

A quiet wedding took place Wednesday noon, April 17th, at the residence of Chas. Kettelwell, Metcalfe, when Miss Selena Coraline Ashmore, sister of Mrs. Kettelwell, was united in marriage to Geo. Harrison Cross, of Mt. Clemens, Mich., by Rev. Thomas Jackson, of Strathroy. The bride was attended by Miss Myrtle Kettelwell as flower girl and Miss Sadie Ashmore, of Dutton, as ring bearer. Only the immediate relatives were present. The young couple will immediately take up their residence at Mt. Clemens.

Train Wreck at Winnipeg.

Winnipeg, April 14.—The Great Northern Express, which left here this evening at 5.20, was wrecked at a switch near the west yards of the C. N. R., inside the city limits.

A number of prominent Winnipeggers were on board.

Not Good Guessers.

(Montreal Daily Star.)

While the Hon. Edward Blake gained much fame through his predictions that the C. P. R. would never earn enough money to buy grease for its locomotives, there are other guessers equally historic and quite as wide of the mark.

Benjamin Franklin, in 1780, declared that America would not in 1,000 years have manufactured enough for her own consumption.

Lord Stanley declared: "If steamships can cross the Atlantic, I'll eat the boiler out of the first one that arrives."

A Good Magazine.

It would be impossible to find a magazine containing more timely and interesting articles than the April number of The Busy Man's Magazine. This number opens with a character sketch of George W. Stephens, M.P.P., President of the Montreal Harbor Commission and Canada's most successful young business man. A short history of the career of Sir Percy Girouard, a Canadian by birth, and recently appointed High Commissioner of Northern Nigeria is also given. There are several strong articles on travel and description, such as Cobalt; The Goblin of the North; Nearest the North Pole; Edmonton; The World's Greatest Fur Mart. Goldwin Smith in an article entitled "The Perils of the Republic," enumerates some of the dangers confronting United States. This article is of great importance, since these same problems are confronting, or will in the near future confront our government. A host of entertaining short stories serves as mental relaxation for the tired mind. Other articles of special interest are: "Working-Men's Gardens in France," "Heroes of Everyday Life," "The Man Who Lives on His Nerves," "When Shall We Fly?" "World's Greatest Gambler," "House—Lloyds," "Homeless England." In fact the April Busy Man's contains much which no up-to-date person can afford to miss.

The Perfect Shortcake.

To enjoy the unique pleasure of eating a genuine old-fashioned American shortcake, one must not turn to the foreign chef, for he will not know how to satisfy that craving. The wise epicure will search out some good American cook and she will prepare for him the perfect shortcake, a gastratory delight unknown to the best master of any foreign cuisine. The chances are that this will be the recipe that she will use:

"To two cupfuls of flour add a teaspoonful and a half of baking powder, half a tablespoonful of pure lard, or melted butter and enough sweet milk to make the dough." Or, if she has become used to the more modern methods of cookery, she may simplify the matter by merely adding a tablespoonful of the melted butter to two cupfuls of prepared flour, and moistening it with the sweet milk.

In either case she will bake the "cake" until the crust has attained just the proper degree of crispness, after which she will split it through the center, will spread each piece lavishly with the best of butter and when the fruit has been piled high upon them, and has been plentifully covered with powdered sugar she will serve them, one on top of the other, accompanied by the traditional pitcher brimming full of thick yellow cream.—Miles Bradford in the May Delineator.

Both His Legs Broken.

Sarnia, April 16.—Mr. William Fralick, of Sarnia township, was driving to his home on the Murphy sideroad last evening, with a heavy load of tile, when he was thrown out of his wagon and run over, both legs being fractured. He was removed to the Sarnia general hospital, where Dr. Legie attended him. The right leg was broken near the ankle and the left leg just below the knee.

Early closing.
Garden feeds in bulk at J. Geo. Brown's.
We are soon to lose some of our young bachelors.
There is some talk of a new church being built in town.
There is considerable property changing hands of late in town.
The Council are putting a good substantial fence around the show grounds.
Victoria shoe for ladies at J. Geo. Brown's.
Mr. and Mrs. Abram Augustine, of Auhrim, are visiting in the village.
Walter Hay and Arthur Muna left this week with a car of horses for Manitoba.
Mr. and Mrs. John Logan, of Thornedale, spent a few days in town this week.
Miss Brock will have an auction sale of household furniture on Saturday afternoon.
Mr. and Mrs. Ransom Thorp, of Forest, and Nial Thorp, of Brown City, attended the funeral of their mother here this week.
Mr. John Logan has sold his house and lot in the village to Mr. Joseph Neff. Mr. Neff intends moving into the village in the near future.
We are very sorry to learn that on Saturday, April 6th, the house and contents of Mr. and Mrs. J. F. Logan, of Thornedale, were completely destroyed by fire.
NOTICE—Beginning with 1st May, all places of business in Arkona, will close every Wednesday evening at 6 p. m. Positively nothing will be sold after six o'clock.
Leave your order for a 20th century suit at J. Geo. Brown's.
The remains of the late Mrs. Joseph Keyser, who died on Saturday last, were interred here on Monday. Over 100 rigs followed the remains to their last resting place showing the esteem in which she was held by all who knew her.
A movement is under way to put in a telephone line between Arkona, Theford and Pt. Franks. The proposition is a good one and is meeting with the approval of most of our business and professional men.
The auction sale at Mr. Joseph Neff's on Tuesday afternoon was in every way a decided success. Horses brought as high as \$200, while cows sold as high as \$65. Everything brought good prices. T. V. Ridley wielded the hammer.
Mr. T. W. Mitchell is making arrangements to go ahead with the building of a dam at Rock Glen. We only hope that Mr. Mitchell will meet with success in his undertaking. Besides running his mill here he intends putting in an electric plant.
On Friday evening the social somnolence was agreeably distributed when a number of Miss Lou Moore's friends were entertained at her home. The usual games etc. were indulged in to the accompaniment of excellent music, the Misses Wilson and Sitlington being the pianists, while Miss Thoman and Mr. Arthur Edmunds kindly gave a few vocal numbers. A feature of the evening was the improvised "chef." Monsieur wearing the immaculate cap and apron distinctive of his profession evolved from the pots of boiling syrup a series of delectable dishes which disappeared in a manner which spoke volumes for his proficiency. At an early hour leave was taken of the fair hostess the current opinion of an excellent time being expressed on all sides.

SUFFERING BABIES.

Mothers can find sure relief for their suffering little ones in Baby's Own Tablets. These Tablets are a gentle laxative that do not gripe the little one, and cure all the minor ills of babies and young children. They are pleasant to take, prompt in their action, and unlike "soothing" stuffs, they never do harm, and the mother has the guarantee of a Government analyst that they contain no drugs harmful to even the youngest baby. Thousands of mothers give their little ones nothing else but Baby's Own Tablets when constipation, stomach trouble, indigestion, colds or worms bother the baby, or when the dreaded teething time comes. Mrs. Joe. Mercier, Plessisville, Que., says: "My baby was a great sufferer from constipation, but thanks to Baby's Own Tablets the trouble has disappeared." The Tablets are sold by all druggists or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Gallantry Wins.

Brantford, April 16.—All promises to end happily in the Mount Pleasant road romance which was rudely interrupted a week ago by a shooting affray, which was the sensation of the countryside.
For two years it appears that Frank Smith, a sturdy young farmer, had courted Miss Gordon, the object of his affections.
The other Sunday night he went around to the house, having in the meantime been warned by his prospective father-in-law to keep away. It seems the girl's parents were not satisfied with the manner in which the courtship was being conducted. When Smith openly defied

the warning, the father and brother of the girl, it is alleged, gave him a personal reception on his arrival, assaulting and injuring him to such an extent that he is still confined to his bed. However, a reconciliation has been effected among the parties concerned, and a marriage of the principals in the case is slated for next Friday. If this transpires it is likely that the pending court actions will be dropped and there will be congratulations all the way round.

BROOKE.

Miss Dora Freer and Miss Maggie Patterson, Kerwood, spent Monday with their friend Miss May Edgar, Walnut, on their way to Petrola.
Mr. Isaac J. Cowan was in Sarnia last week on business and to meet his brother Mr. Geo. H. Cowan, of Vancouver, B. C., who came east on Supreme Court business and other matters.
Mary, beloved wife of E. A. Clothier, con. 12, passed away on Sunday in her 75th year. The funeral took place Tuesday afternoon to the Strathroy cemetery and was conducted by the Rev. T. B. Coupland.

WARWICK.

Read J. J. William's sale notice in this issue.
D. Auld left for Pt. Arthur Monday with a carload of horses.
W. H. Luckham sold his team of heavy horses to Andrew Auld last week for \$500.00.
Mr. and Mrs. Joseph McCormick spent a few days last week with Mrs. J. L. Luckham, Glencoe.
Do not fail to hear the Dramatic Company in the Orange Hall Warwick Village next Friday evening.
Thomas Hillis, one of the oldest residents on the 6th line, left for Holland, Man., Monday and may decide to make his home there.
A social will (D. V.) be held at the Rectory, Warwick Village, under the auspices of the Young People's Society, on Friday evening the 19th.
A. Auld purchased this week from Jos. Miller, Watford, for the Pt. Arthur market, one of the finest carriage horses in this section, four yrs. old, the price paid being \$220.
Mr. and Mrs. William Richardson, 2nd line, N.E.R., are spending a few days in Strathroy, where they attended the funeral of Mrs. R.'s brother, the late John Hudson, on Thursday of last week.
The invitations are out for the marriage of Mr. S. R. Luckham, druggist, of Leamington, to Miss Annie Raymond, of Thornbury, on April 24th. Mr. L. is the youngest son of Mr. and Mrs. T. Luckham, "Pioneer Farm," and his marriage will take place on the fifty-first anniversary of their wedding day.
Miss Eliza L. Hume, daughter of the late Wm. Hume, died at the family residence, 4th line, S. E. R., Warwick, on Tuesday last, April 16th, after a long and painful illness, aged 28 years and one month. The funeral was held on Thursday afternoon to the Methodist Cemetery, Warwick Village, and was largely attended. Rev. T. B. Coupland conducted the service.

Hello, Josh! Where are you going next Thursday the 25th? Why, I'm going to Jack William's sale to buy the Monbars colt. She's a peach. Will you be there? Yes, you bet, and Simon will you be there? Sure. The day the sale comes around we'll all be there, for J. F. Elliott the well known reliable silver tongued auctioneer will swing the market.

A dramatic entertainment will be given in the Orange Hall, Warwick Village, on Friday evening next, April 26th by a strong company, when the thrilling two act drama, "The Last Load" will be presented by the company which gave such satisfaction and delight to the audience at the recent High School entertainment in Watford. The Watford Concert Orchestra will provide the instrumental music and Miss Annie Coupland, elocutionist, will give several selections. Admission 25c., children 15c. See bills.

A very pleasant time was spent the other evening at the old home of Mr. and Mrs. George Wilkie, Main Road, Warwick, when a large number of their old and new neighbors gathered to spend a social evening with them prior to their removal to Strathroy. After an hour's social intercourse Mr. B. H. Parker was called to the chair and in his address expressed his regret at losing such good neighbors and friends as Mr. and Mrs. Wilkie had been during the years they had spent around Wisbeach, Mr. and Mrs. Wilkie were then called upon, while Mr. Wm. Parker read the following address:

TO MR. AND MRS. WILKIE.
We, your friends and neighbors, desire to express our deep regret at your departure from among us. During the years you have lived in our midst we have all ways found you good neighbors and kind and faithful friends in time of trouble. As a token of our good will and esteem we kindly ask you to accept these dishes, hoping that in your new home they will serve as a reminder of the many friends you are leaving behind. We all join in wishing you every prosperity in your new home.
Signed on behalf of your friends and neighbors,
ROBERT WATSON, W. E. PARKER, JAMES MCINTOSH, JAMES WILEY.
The presentation was made by Miss

Ena Iles and Mr. James McIntosh. Mr. Wilkie was taken completely by surprise but replied in feeling terms, thanking their neighbors for the very beautiful gift and expressing his own and his partner's sorrow at parting with such kind and sincere friends. Short speeches were made by Mr. Wm. Watson, Mr. D. Edwards and Mr. George Hawkins, music being furnished by Mr. A. Johnson and others. The program over refreshments were served by the ladies and all departed wishing the host and hostess every success in their new home.

W. O. DAIRY INSTRUCTION.

Mr. Hems will look after all factories which are so located that they could not be placed in the above groups.

McGill Varsity Suffers Big Loss.

Montreal, Que., April 16.—McGill University yesterday suffered its second great loss from fire within two weeks. The medical building, one of the largest of the group comprising the university, was burned to the ground.
The loss is estimated at half a million dollars, but the equipment of this department of the university cannot be replaced without years of labor.
Like the McDonald engineering building, destroyed by fire on April 5 with a loss of nearly three-quarters of a million, the medical department contained many records and instruments which probably cannot be reproduced.
The fire was discovered shortly after 1 o'clock by a watchman. By the time the apparatus arrived the flames were beyond control. The cause of the fire is unknown.

LAYS BARE DAIRY FRAUDS.

Government Finds Butter Adulterated With Oleomargarine.
Ottawa, Ont., April 17.—The department of inland revenue is completing an analysis of some thousand samples of butter collected from various parts of the Dominion to determine the quality and purity of the article being turned out by Canadian farmers and dairymen. As a whole, the results of the analysis have been quite satisfactory, but in no cases it has been found that oleomargarine had been used as an adulterant. It is against the law to either import or manufacture oleomargarine in Canada and the department of justice will prosecute the offenders.

FARM LABORERS AND DOWNTOWNS.

I have been appointed by the Dominion Government to place immigrants from the United Kingdom in positions as farm laborers or domestic servants in this vicinity, any person requiring such help should notify me by letter or in person stating fully the kind of help required when wanted and wages offered. The numbers arriving may not be sufficient to supply all requests, but every effort will be made to provide each applicant with the help required.

Falls Under Wagon.

Sarnia, April 16.—Mr. Wm. Fralick, a farmer who resides on Murphy side road, Sarnia township, met with a serious accident last evening.
Mr. Fralick was driving home with a heavy load of tile. In some way he either fell or was thrown out of his wagon, the heavy wheels of which passed over him, fracturing both bones of his right leg above the ankle and his left leg just below the knee.
He was later removed to the Sarnia general hospital, where Dr. Logie attended him.

Dr. Slocum's Great Tonic and Disease Destroyer

PSYCHINE

(PRONOUNCED SIK-KEEN)
Used in Thousands of Homes in Canada

THOSE WHO don't know what Psychine is and what it does are asking about it. THOSE WHO do know what Psychine is and what it does are using it. They regard it as their best physician and friend.

THOSE WHO use it are being quickly and permanently cured of all forms of throat, chest, lung and stomach troubles. It is a scientific preparation, destroying all disease germs in the blood and system. It is a wonderful tonic and system building remedy, and is a certain cure for

COUGHS, LA GRIPPE, Colds, Pneumonia, Bronchitis, Catarrh, Weak Voice, Sleeplessness, Nervousness, Malaria, Anaemia,

Bronchial Coughs, Chills and Fever, Difficult Breathing, General Weakness, Female Troubles, Fickle Appetite, Hemorrhages, Night Sweats, Consumption, Catarrh of the Stomach.

All these diseases are serious in themselves, and if not promptly cured in the early stages are the certain forerunners of Consumption in its most terrible forms. Psychine conquers and cures Consumption, but it is much easier and safer to prevent its development by using Psychine. Here is a sample of thousands of Voluntary and unsolicited statements from all over Canada:

Dr. T. A. Slocum, Limited:
Gentlemen—I feel it my duty to advise you of the remarkable cure effected by your Psychine and Oxomulsion, which have come under my personal observation. Three men, well known to me, Albert Townsend, Hazel Hipson and John McKay, all of Shelburne County, were pronounced by the best medical men to have Consumption and they are now in good health, and so to be inured and beyond the reach of medical aid. They used Psychine and Oxomulsion and they are now in good health. I feel it a duty to advise you of this fact for the benefit of other sufferers from this terrible disease.
Yours very truly,
LEANDER MCKENZIE, J.P.
Green Harbor, N.S.

Psychine, pronounced Si-keen, is for sale at all up-to-date dealers. If your druggist or general store cannot supply you, write Dr. T. A. Slocum, Limited, 179 King Street West, Toronto.

Hints on Lawn Sowing.
Get the very best grade of lawn mixture for seeding, and use it liberally. I believe in thick sowing. This way you are not obliged to wait a year for a good sward. Sow the seed on a very still day if you want an even "catch." I would advise sowing from one side and then cross-sowing. It is a good plan to sow just before a rain, if possible, as this will help the seed in the soil and prevent it from being blown away. If the season is a dry one, it is well to roll or beat down the soil after sowing to make it compact enough to retain moisture until germination can take place.—From Outing Magazine.

Work at the Tunnel.
The work at the tunnel which is now being carried on is progressing very rapidly, and the contractors are nearly a month ahead of their contract. The cable is now being pulled through the duct, which was recently put through the tunnel. About fifty men are now working on the whole job and the first part of July the forces will be doubled and the work rushed to completion.

7 Burn to Death in Wreck at Chapleau.
Fort William, April 10.—No. 1 passenger train, westbound, jumped the track two miles east of Chapleau to-night. One tourist car and another coach caught fire and were destroyed. Seven people were burned to death.
There is nothing to identify who they were, as everything was burned up.
The tourist car was direct from Montreal.

Dr. Agnew's Catarrhal Powder

whose mission it is and which mission it fills in freeing thousands from the bondage of dreaded, disgusting, discouraging, distracting catarrh, that cruel, relentless master that is no respecter of persons. How do you know you are in its thrall? Note the symptoms—headache, watery eyes, pains over the eyes, deafness, buzzing in the head, drooping in the throat, offensive breath, dryness in the nostrils—any or all of these symptoms are forerunners of catarrh, and catarrh in the headache stage can be relieved in 10 minutes by Dr. Agnew's Catarrhal Powder and the sufferer may be saved the suffering that comes with the chronic stage and the distress and maybe fatal results when catarrh takes hold on the lung tissues.
Take catarrh in time with this wonderful cure, which, as thousands have said and thousands more could say, "works like magic," and you will have struck the chord that is the keynote to health and happiness.

The Meaning of a "Homestead."

An Irishman, wishing to take a "homestead" and not knowing just how to go about it sought information from a friend.
"Mike," he said, "you've taken a homestead, an' I thought maybe ye could tell me th' law concernin' how to go about it."
"Well, Dennis, I don't remember the exact wordin' av th' law, but I can give you th' measin' av it. Th' measin' av it is this—Th' Government is willin' t' bet ye 160 acres of land agin \$14 that ye can't live on it five years widout starvin' t' death.

Port Huron Man Charged with Attempted Murder.

Port Huron, Mich., April 11.—Frank Scarlatta, aged 22, a former Detroit barber, was arrested here this afternoon on a charge of attempted murder, made by Lewis Vaudedel, age 42, of this city. Both men are Italians.
Vaudedel says that Scarlatta entered his home this afternoon while he was shaving and after an argument over an \$18 debt due from Scarlatta, the latter grabbed the razor and cut his throat. Vaudedel is hardly able to talk from the effects of the wound, but will recover. Scarlatta was on a Rapid car bound for Detroit when taken into custody by Deputy Sheriff James Reynolds.
Soon after being lodged in jail he became insane through fear thinking that he had killed Vaudedel. Scarlatta was arrested in Port Huron several months ago, and was taken to Detroit and charged with larceny. He was later released the charge being withdrawn, and has resided in Port Huron until the present time.

Profit of One Dollar a Hen.

In a lecture at Gravenhurst, A. G. Gilbert, of the Ottawa Experimental Farm, summed up the profit on a hen as follows, says the Gravenhurst Herald:—
"He took the work of one hen for a year. He counted a hen which would not lay 100 eggs per year, a very poor hen, and one only fit for the soup pot. The average hen should lay from 110 to 120 eggs per year; but for the purposes of his argument, he assumed that she would lay 100 which at 12 cents per dozen would bring \$1.00 in income. She would hatch eight chickens, which he stated was the average hatch, and it was customary to assume the price of a newly hatched chicken at 1 cent, being a total of 80 cents on the flock. He assumed that at the end of a year, the hen herself was worth 25 cents, being a total of \$2.05 or for easy calculation \$2 being the gross revenue for the year. It was customary to count 75 cents the cost of feeding a hen for one year but in this case he was willing to assume that it would cost \$1 to feed the hen, thereby leaving a clear profit of \$1 per hen per year.
Now if we could only get hens to take their holidays in summer when eggs are as low as 20 cents a dozen and work full time in winter when eggs are 40 cents a dozen as they are now, a 120 egg-a-year hen would increase her earnings on eggs alone by \$2 a year.

Six Brothers Renew Acquaintance After Separation of Fifty Years.

Windsor, April 12.—An unique gathering was held here last night at the residence of W. C. Donaldson, when six brothers were united after a separation of fifty years, it having been the first time the six were together since they left their home in young manhood. Their ages range from 80 to 65, an average of 75 each. Mr. Donaldson, of this city, being the "baby," 65 years of age.

Woman is Sentenced for Attempt to Kill.

Woodstock, April 11.—At the assize court to-day, Mrs. William Bates, an elderly woman, employed as a laundress about the city, received her trial on the charge of assaulting, with intent to kill, her daughter, Hattie, aged 25 years and her son, under 20.
The evidence went to show that the woman arose in the night while the two victims were sleeping and attacked them with a hatchet.
No defence was offered, and the woman was sentenced to two years in Kingston Penitentiary.

The Governor's Daughter

By Constance D'Arcy Mackay
Copyright, 1906, by E. C. Parcells

She stood on the porch of the great colonial house, the wind ruffling her light hair, one hand toying with her riding whip. Around a corner of the driveway she caught a glimpse of the stable boy bringing her saddle horse, but it was not at him that she looked. Her gaze was concentrated on a tall figure coming up the drive, a young man in a dark suit very much the worse for wear. Neatness could not hide the fact that his coat was much worn at the edges. Nevertheless he carried himself with a certain assurance, which the sight of Juliet Arlington, standing erect and expectant by the door, did not in the least diminish. He mounted the steps. Juliet stopped

"A CALLER TO SEE YOU, FATHER."

playing with her riding whip and looked at him inquiringly. He raised his hat.
"Governor Arlington is at home, is he not?" he queried. His tones, like his eyes, were very direct.
"I really don't know," said Juliet, with polite indifference.
Nothing daunted, the young man reached forward a thin, determined brown hand and rang the bell.
Juliet gave him a sidelong glance. "He looks," she thought, "as if he would stride up to the house of fate itself, knock on the door and demand if opportunity were within."
She turned suddenly. "I beg your pardon," she said, "but I believe I made a mistake just now. My father went for a short ride before breakfast. Yet I remember that he came back by a side entrance. I think he is in his study. Do you wish to see him?"
She waved aside the servant who had come in answer to the bell and led the way herself, her trim heels tapping now on the bare polished floor, now sinking into rugs so soft that they made no sound. At the door on the right of the hall she paused, touched it lightly with her knuckles and in response to the deep voice within inquired, "What is it, Juliet?" answered, "A caller to see you, father," and flung wide the door. The young man thanked her and entered.

When she returned at luncheon, eyes and cheeks glowing brightly from exercise, she found her father in a very happy mood.
"You look," said Juliet, bending over him, "as if you had found a gold mine."
"Better than that," he replied. "I've found just the young man I want for my private secretary."
Juliet laughed. "Don't you mean," she said, slipping into her chair, "that the young man found you?"
The governor chuckled. "I guess you're right," he answered, "and he did it without a mite of pull." He looked past his daughter through the windows, where a stretch of woodland could be seen, mellowing toward autumn.

"Most people find you that way, father, dear," said Juliet, with an appreciative glance.
"The best ones do," he mused, a light on his rugged New England face. The Arlingtons, father and son, had been governors of that state, whose granite hills are not more firm than the hearts of its people. And the wives of the governors had been women of tact and breeding, who lived quietly and frugally in the great colonial house, but who rose to state occasions with a hospitality that was as lavish as it was brilliant.
"And you're very like them, Juliet," the governor was fond of saying. "If your mother was alive, she would be proud of the resemblance. The way

you rule this house and preside over it shows you have a steady heart and head, and your discernment of character is really wonderful in a girl of twenty-two."

"What is the young man's name, father?" went on Juliet, breaking in on his reverie.
"Eh? Oh, you mean my private secretary's? Faxon's his name—John Faxon. Comes of a good family, but very poor. Worked his way through college, and now he's ready for a job."

"I see," said the girl slowly.
The house was very gay that winter with guests coming and going, and Juliet came to rely on John Faxon almost as much as her father did. He

was always ready to smooth away obstacles, to make the most of difficult situations. He was courteous, clever and reserved.
The governor's daughter was surrounded by suitors. She was the belle of every dance and dinner and driving party; but though rumor engaged her first to this one and then to that, she made no sign.

"When do you intend to give away that cool young heart of yours?" her father questioned. "And to whom?"
"To the right man at the right time," answered Juliet serenely and tripped away to see the floral decorations of the dinner table, for she was entertaining a large house party, and it was not her custom to leave the details to servants. She was the last to retire that evening, and as she stood in the great hall at the foot of the wide staircase John Faxon lit her candle for her. Then he lingered, watching her as she went up the stairs, the candle's glow making a soft halo for the pale gold of her hair and the delicate beauty of her face. Halfway up she paused and looked over the balusters. Her lips were smiling, her eyes dazzlingly tender.

"Good night," said Faxon, half beneath his breath, still watching her.
"John Faxon," she said quietly, "haven't you anything else to say to me?"
His face showed a battle between pride and love, and pride assumed the mastery. He shook his head.
"Nothing else," he answered coldly, but the look of adoration that he gave her haunted her dreams that night and for many nights after.

Outwardly their life went on exactly the same. Faxon neither sought nor avoided her. Both went quietly about their duties. The incident that had so stirred them seemed utterly forgotten.
Winter melted into spring, and late one evening Juliet came in from a long ramble in her garden. The essence of the flowers seemed still to cling to her, dewy and fresh and ineffable. Moonlight streamed in the windows of the great hall as she entered it. She went to the quaint mahogany table for her silver candlestick and was aware of John Faxon standing in the shadow. Mutely she held out the candle toward him, and he essayed to light it for her. His hand trembled, and three matches went out before he could accomplish it. He was very pale, but the governor's daughter was quite cool and undismayed.

"Thank you," she said as he handed it to her. She looked adorable in the half light.
"Good night," said John Faxon, bowing.
Juliet paused.
"Have you nothing else to say to me?" she asked him.
"Nothing else," John answered. He spoke with difficulty.
Juliet dimpled bewitchingly, set down the candlestick and leaned toward him. "Don't you think it's time you had?" she queried, laughing.

"Juliet," he cried, "you know that I worship you—that I adore you! And you know, too, what has held me silent all this time. I have nothing on earth to offer you but a poor man's love."
"Is love so cheap a thing that you speak of it bitterly?" said Juliet Arlington. "And as for poverty—your life is not lived yet. John Faxon. My grandfather was a governor, my father is a governor, and unless I am the first Arlington woman to be mistaken in a man my husband will some day be a governor too."
"With your help, Juliet," laughed Faxon brokenly. She was in his arms now, her head against his breast.
"Bless me, what's this?" cried her father, entering and peering through the gloom.

"It means," flashed Juliet before Faxon could speak—"it means that a candidate for my heart has been elected after a most exciting campaign."
"The right man at the right time," quoted the governor softly, and held out his hands to them both.

Bacon Hog Sales.

In order to introduce a better class of bacon hogs, and also to encourage their greater production in Eastern Ontario, the Ontario government are holding several sales in Eastern Ontario. The first of these will be held at Brockville on Monday next. Others will be held at Morrisburg on Tuesday, Cornwall on Wednesday, Lancaster on Thursday, Alexandria on Friday and Vars on Saturday.

On Wednesday, April 24, a series of sales will begin on the C. P. R. line. The Berkshires and Yorkshires are the leading breeds being sold, and animals have been supplied from the leading Ontario breeders.

\$350,000 For Evelyn.

Pittsburg, Pa., April 12.—Word has been received from New York that Mrs. William K. Thaw had settled \$350,000 on Evelyn Nesbit Thaw before the trial of her husband has been confirmed here.
This action, it was explained, was not necessary on the part of Thaw's mother to induce her son's wife to tell her story on the stand, nor was it arranged in any way to be affected by the outcome of the trial. Those who are informed on the subject say this act of the older Mrs. Thaw was merely in keeping with the confidence she placed in Evelyn Nesbit Thaw when she accepted the young woman as a daughter-in-law on the basis that both she and Harry intended to "turn over new leaves" and live quietly as husband and wife.
It is understood that Mrs. Thaw's settling \$350,000 on her daughter-in-law was in no way influenced by rumors of coldness between the two. The young woman needed money, and it was provided, not only for the present, but for the future.

Ottawa, April 12.—The Senate has once more killed Mr. Lancaster's bill limiting the speed of trains through thickly settled portions of cities, towns and villages. The bill came up in the Railway Committee of the Upper House, and after some discussion, was killed by a vote of 11 to 9.

Cornwall, April 12.—After being out forty-five minutes yesterday the jury in the case of Charles E. Masson, charged with manslaughter, brought in a verdict of acquittal. Masson the Ottawa Victoria hockey player was alleged to have struck and killed Owen McCourt at a game here last winter. Five witnesses swore that Masson struck McCourt and five swore that another player named Chamberlain struck him.

The new game law was amended by raising the license for shooting deer, to foreigners from \$25 to \$50. In the Legislature it was shown that other Provinces charged a higher fee than \$25, Manitoba charging \$100. It was suggested that Ontario charge \$100 for a license but Dr. Reame said the jump would give outside sportsmen nervous prostration and the bill was reported fixing the fee at \$50. It was intimated that another increase may be made next year.

HON. DR. PRYNE, in reply to Mr. Auld as to the expenditure of \$5,000 for flags for public schools, said such flags would be raised at the discretion of the teacher. There were about 5,000 public schools in the Province, he said. The Premier stated that he did not care to see such professions of loyalty carried to the extent apparent in the United States. "They did want the flag exposed on the inside walls of the schools where it could be explained by the teachers. Such legislation was not suggested in any jingo spirit, but out of respect for the institutions which the flag typified. Mr. Auld stated that in Essex and on the border they purchased 20 foot flags to show the Yankees that we are Canadians.

Nervous Prostration

IT IS WORRY THAT KILLS, NOT WORK

Work without worry usually tends to prolong life. On the other hand, worry, with or without work, is fatal, because it uses up what the Doctors call the "Lecithin," a phosphorized fat which is the chief constituent of the brain and nervous system—a waste which, if not stayed in time, means complete nervous wreck. The evident moral is "don't worry"—advice easy to give, and in these days of stress and strain practically impossible to take. The alternative is: find some way of replacing the wasted Lecithin—the essential element will be found in its most perfect, palatable and assimilable form in

Municipal Law Changes.

Hon. Mr. Hanna, Provincial Secretary, has introduced two bills which embody the work for this session of the Municipal Committee, of which he is chairman. They are a bill to amend the Municipal Act and a bill to amend the Assessment Act. Many said Mr. Hanna, were but minor amendments, but others affected clauses which had frequently been the subject of discussion in the House. Among these was section 606 of the Municipal Act, relating to the liability for accidents caused by defects of municipal highways. There had been an unanimity in the committee as to the need of remedying the present situation, but some difference of opinion had occurred as to what the remedy should be. The present section also agreed, did act as a hardship upon the municipalities. When it was first enacted, it did not receive the same interpretation as it received today. At first some had taken the view that the liability of a municipality, but no one in view of recent decisions, would urge such an argument in court now. The amendment would provide that the municipality would not be liable unless notice of the defect which caused the accident had been given to the municipality a sufficient time before the accident to allow for the repair at the defect.

A MOTHER'S MESSAGE TO MOTHERS.

What Zam-Buk Did For Her Child

"If this statement is the means of leading some mother to introduce Zam-Buk to her home, I shall be very glad." So says Mrs. K. Watkins, of 26 Forgue Avenue, Montreal, and continues: "My boy, Walter (9), while attending school, contracted some sores. These spread, and became so bad that some of them on the heel and ankle made it almost impossible for him to walk. I used various ointments, but the sores persisted. One day Zam-Buk was recommended, and we got a supply. It seemed to take the soreness out of the place to which it was applied right away, and the wounds began to heal. In about a week's time the sores which had defied other treatment, were completely healed, and there is now not a trace of sore on the body! I believe Zam-Buk to be the best balm ever produced."

When a mother rubs on to the delicate skin of children a balm of salve, she needs to be as careful as if she were giving a child an internal remedy. Zam-Buk is pure—free from all animal fat and all mineral matter, and may be applied with wonderful benefit even to the skin of young babies. Zam-Buk heals sores, cuts, eczema, spring skin eruptions, ulcers, ringworm, itch, barber's rash, blood poison, bad leg, salt rheum, abrasions, abscesses, cuts, burns, scalds, and all skin injuries and diseases. Of all stores and druggists at 50 cents, or from Zam-Buk Co., Toronto, for price, 6 boxes for \$2.50. Baseball players and athletes find it the best embrocation.

Provincial Death Rate.

Returns from 765 division registrars to the provincial board of health, show that out of a population of 2,128,320 or 98 per cent. of the inhabitants of the Province, the total number of deaths during February were 2,750, or a rate of 13 per thousand. The number of cases of contagious diseases reported is 93 less than in February, 1906, and the number of deaths are 32 fewer. There was a reduction in the number of deaths from scarlet fever, diphtheria, consumption and whooping cough. Of typhoid fever the number of cases reported was 277 less than in 1906, but the number of deaths was the same, indicating that many cases were not reported. There were 21 more instances of smallpox brought to the attention of the department.

A Suggestion of Rare Value.

A diseased condition of the sinuses of the air passages causes bad breath, and more commonly emanates from indigestion or an impure condition of the blood. Thousands of cases prove that Dr. Hamilton's Pills through their specific action on the secretory and eliminative organs, not only cure bad breath, but so thoroughly purify the system that anything suggestive of blood or digestive troubles is impossible. Through Dr. Hamilton's Pills the skin grows rosy and clean, activity of the bowels is restored, and a bounding health is established, sold everywhere in 25c boxes.

Technical Terms.

The Sunday school lesson has been on Moses, and when the time for summing up came the teacher asked, "What was it that Moses received on the mountain?" A nice little boy confidently answered, "A pill."

"A pill?" repeated the bewildered teacher. "What kind of a pill, Tommy?"

"Oh, a very hard pill. A stone pill," was the reply.

Then suddenly an understanding came to the teacher, for she remembered that Tommy's father was a druggist, and also that she had told the children that Moses had received a stone tablet!

Almost Dead of Bronchitis.

Few people have suffered more than Jno. P. Taylor, of Dymont, P. O., Ont. Today he is well and writes,—"I must tell you how much Catarrhose has been to me. I was so bad with bronchitis sometimes I thought it would soon be over with me. A spell of choking would come on that left me prostrated and weak. Since using Catarrhose I have had no trouble at all. CANADIAN WOMEN FIND RELIEF

The Case of Ellen Walby is One of Thousands of Cases Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that it is not the plan of nature that women should suffer so severely?

Thousands of Canadian Women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors.

Ellen Walby, of Wellington Hotel, Ottawa, Ont., writes:

"Your Vegetable Compound was recommended to me to take for the intense suffering which I endured every month and with which I had been a sufferer for many years getting no relief from the many prescriptions which were prescribed, until, finally becoming discouraged with doctors and their medicines I determined to try Lydia E. Pinkham's Vegetable Compound. I am glad that I did, for within a short time I began to mend and in an incredible short time the flow was regular, natural and without pain. This seems too good to be true and I am indeed a grateful and happy woman."

Women who are troubled with painful or irregular periods, backache, bloating, (or flatulence), displacement of organs, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

FARM DRAINAGE.

Ontario Agricultural College Will Undertake Surveys if Requested.

During the past two seasons the department of physics, Ontario Agricultural College, has been endeavoring to emphasize the importance of under drainage and arrangements have been made whereby our services are available to anyone wishing advice on matters relating to drainage. We have full equipment for drainage survey work, and, when requested, visit a man's place, survey his land, give him a map showing elevations of all parts surveyed, together with location of drains, their grade, depth, etc. There is no charge made for this work, except the travelling expenses of one man, consisting of railway fare, meals and cartage of instruments. These expenses are very light, as arrangements have been made with the railway companies, whereby we can travel at one cent a mile each way, i. e., a man living fifty miles from Guelph would have an outlay of \$1. for railway fare and 25 or 50 cents for cartage; one living one hundred miles away, an outlay of \$2 for railway fare and 25 or 50 cents for cartage and so on.

Yours very truly,
WM. H. DAY,
Lecturer in Physics.

Sinking Sensations in the Stomach.

Do They Affect You?

These unpleasant feelings of weakness and collapse indicate that the sympathetic nervous system is out of order. The cause is impairment of nerve tone, arising from failure of the stomach to perform its work.

Acute indigestion follows and the natural result is mental depression, and a feeling of collapse and extreme weakness.

The best, because the quickest and surest cure, is Ferrozene.

It acts at once upon the digestive and assimilative organs—it fortifies the stomach—makes the blood nourishing, gives it a rich, red color, the best evidence of health.

"For ten years I suffered acutely from stomach trouble," writes Mr. Maxwell Thompson, of Toledo "I always had a headache, and dull feeling after meals. My appetite was poor, and I didn't relish food. It was all due to a weak, defective stomach. I read about Ferrozene and ordered six boxes from my druggist. It was no time at all before I felt much better, and when all the Ferrozene was used I really took a new lease of life. I am stronger, brighter, and feel more like work than before trying Ferrozene. It is a splendid tonic, the best I ever used."

Ferrozene is unrivalled in curing stomach ailments, try it and be convinced. Sold by all druggists in 50c. boxes.

Last Friday C. McLean, reeve of Forest, P. O., Graham, deputy reeve of Warwick, and A. Darvill, reeve of Brooke, were in Alvinston and met a similar delegation from Middlesex in reference to two bridges over the Sydenham river. It was decided to build both bridges at once.

BOSANQUET COUNCIL.

Council met on the 1st inst. Members all present. Minutes of previous meeting read and confirmed. The engineer's report for the repair of the Duffus drain outlet was read and adopted and a by-law provisionally adopted. The by-law for the repair of Shawana drain on lots 15 and 16, con. 11, and the by-law for the construction of Wilcock's drain were finally passed. A by-law was passed taking lots 11 and 12 in the 15th and 16th cons. w p 72, 73 and 74 L. R. W. con., and lots 72, 73 and n 74 L. R. E. con., from polling sub division No. 4 and adding them to polling sub division No. 6. The Reeve and Russell, and the Reeve and Melville, were appointed commissioners on the Shawana and Wilcock's Drains, respectively. The Reeve and Mr. Fraser were appointed commissioners to have the Rawlings drain repaired.

Russell—That the Reeve issue his order in favor of A. S. Code for \$36, report, etc., Wilcock's drain, and \$37, report, etc., for repair of Shawana drain on lots 15 and 16, Con 11, to be charged to the drains.

Russell—Wight, that the Reeve issue his order in favor of the Clerk for \$50 and pay witnesses in re Shawana drain, charged to drains.

Wight—Fraser, that an order be given in favor of James Ross for \$15, for damage to buggy on con. 2 by being upset into Decker Creek.

Russell—Fraser, that the Clerk be, and he is, hereby instructed to have notices posted up, and published, as required by statute, that this Council intends at its next sitting to pass a by-law closing up the Ridge Road running through lot 13 con. 10, and providing for the disposal of its claim and interest thereto to the owners of said lot 13 and that all parties whose lands may be prejudicially affected shall be heard at the opening of the said Council meeting.

The road commissioners were authorized to procure gravel for the roads for the current year.

Council adjourned to meet on Monday, May 6th, at 10 a. m., as a Court of Revision on the Duffus by-law, and at 1 p. m. for general business.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

The Institutes.

These farmers' institutes are a great scheme. They are certainly a soft snap for the talented gentlemen who perambulate through the county at this season of the year, teaching your grandmother how to feed ducks.

It would touch the heart of a stone to see a hall full of horny handed sons of toil listening to a professor at so much per day and his expenses teaching them how to carry buttermilk to a hog or listening to the startling information that oats are good for horses and turnips furnish a delightful ration for cows.

At the evening seance a real cute fellow from some obscure village in the far end of the Province will tell the women that hens won't lay unless you feed them—and who could blame the hens.—Star.

Growing old Before Your Time.

Broken in spirit, weak in body, nervous and discouraged. Something is wrong, and each day sees you falling away. Just one thing to do—Build up. To do this, use Ferrozene. What a tonic it is! Appetite, why it makes you eat tremendously. Digestion, indeed you will. Rich red blood will carry nourishment to every corner of the body, tired organs take on new life, color, spirit and ambition are restored. Perfect manhood and abounding health is the unfailing product of Ferrozene—try it, 50c per box everywhere.

Largest on the Lakes.

Plans for the new passenger steamer for the Cleveland & Buffalo Transit Co. were practically decided on at a conference Monday between General Manager Newman, of the Cleveland and Buffalo line, and Frank H. Kirby, the marine architect, of Detroit. Mr. Kirby will work out a few minor details, when shipbuilders will be asked for bids. It is expected that the contract for the construction of the new boat will be let within the next few days. It will come out July 1, 1908, and will cost about \$1,250,000. It will be 475 feet long and ninety-seven feet beam. Largest on the Lakes.

Infants too young to take medicine may be cured of croup, whooping cough and colds by using Vapo-Cresolene—they breathe!

Mr. Russell Foster, who has held the position of baggageman at the C. T. R. depot Forest for several years, has resigned, and will leave for Edmonton in the course of a week or two. He left Tuesday afternoon to spend a few days at his home in Granton and will return to Forest before leaving for the West.

"TIS WELL TO KNOW A GOOD THING, said Mrs. Surface to Mrs. Knowell, when they met in the street. "Why, where have you been for a week back?" "Oh, just down to the store for a bottle of Dr. Thomas' Electro-Oil," said Mrs. Surface, who has pneumonia, walked on. But she remembered, and when she contracted a weak back there was another customer for Electro-Oil. m

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. An' this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories from this ingenious and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No gripping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

CHANGING THE GAUGE.

Exciting Time When the Grand Trunk Became a Standard Road.

Old railroaders remember when part of the Grand Trunk system was on a foot gauge, while the remainder was of the standard gauge. The result was endless trouble, both when the Grand Trunk cars were sent over the lines or strange cars were to be run on the Grand Trunk. Cars had to be specially constructed to meet the contingency, with loose wheels on one side so that they could be set over to fit whatever gauge might come their way.

These loose wheels were fastened with metal pins which were forever working loose and causing all manners of smash-ups. Traffic suffered, delays ensued and the system was eventually found to be impracticable. Something had to be done about it. Finally the wise ones got their heads together and agreed that the track would have to be narrowed. It would never do to suspend traffic while the herculean task was being accomplished. The wise ones talked and talked and finally hit upon a plan. How that plan was carried out is well told by an old trackman now retired.

"Word came to us 'long in the spring of '72 that the old railroad was a-goin' to be 'narrowed,'" he said to a newspaper man. "That was good news mister. The wide gauge was no end of bother, what with transferin' freight an' passengers, wheels comin' off perpetual, an' trains runnin' into the ditch. So we were glad to hear the standard gauge was a-comin' spite o' all the trouble and expense, yet bet."

"First thing we had to do you see was to unsipke one rail all along the inside leavin' jest three spikes to hold her."

"At 4 a. m. we was already on the platform. Pretty soon along comes an engine and some flat cars to take us from the depot."

"There you be," says the conductor, lettin' us off. "Now you wait right here until you see two trains pass with signs on the back car; then get busy."

"Purty soon we heard a whistle an' along comes the eastbound, makin' things hum. 'Twa'nt a great while before we heard number two kitin' along t'other was. By she whizzed in a cloud of smoke an' cinders. Stickin' out from the back platform we see the sign: 'Last train going west.'"

"Now jump, boys!" I hollered, an' they jumped some, I tell ye!

"They certainly did make them spikes fly! One man held the gauge, two was armed with drawbars an' the rest had sledge hammers an' spikes. Those with the bars run along pullin' out the three spikes that held each rail, others slipped the rail over the gauge an' the rest spiked down to every other tie."

"Mister, that was snappy work! In an hour we covered all but half a mile of our section an' had the finish it sight, where another section had started."

INDIGESTION CURED.

By Dr. Williams' Pink Pills After Six Doctors had Failed to be of Benefit

That gnawing pain in the stomach, sometimes shooting up into the chest, often producing a choking sensation in the throat; fierce pains around the heart; a feeling of drowsiness and a distaste for food—that's indigestion. Its victims are numbered by the thousands. To them life is a burden. Dr. Williams' Pink Pills have done more towards relieving this suffering than any other medicine. Often they have cured after all other help had failed, as in the case of Mr. Willis Herman, of St. Catharines, Ont., who says: "I had been afflicted with indigestion and stomach trouble for years. At times my suffering was almost indescribable. Sometimes for whole days I was unable to touch food. I dined and at different times was treated by six doctors but they did not help me. I only grew worse. For a time I was living in New York and while there consulted a specialist but he was unable to give me any relief. I then decided to try Dr. Williams' Pink Pills and in less than a month I felt some relief. I continued their use for a couple of months longer and gained in weight; my appetite improved, the pains left me and I now feel better than I have at any time during the past twenty-five years. I will always gladly recommend Dr. Williams' Pink Pills to other sufferers believing that they will surely do for others what they have done for me."

When you use Dr. Williams' Pink Pills as a blood builder and nerve tonic you are not experimenting—they have been tried and proved successful in thousands of cases. It is their power to actually make new, rich, red blood that enables them to cure such troubles as anaemia, indigestion, rheumatism, kidney trouble, St. Vitus dance, partial paralysis and those special ailments of girlhood and womanhood that cause so much misery. For sale by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

Brooke Man Dropped Dead.

The people of Brooke and Alvinston were shocked to learn last Thursday of the sudden death of Edward Campbell, second youngest son of Mr. and Mrs. Wm. Campbell, lot 23, con. 5, Brooke.

He left the house about 3 o'clock for the barn to look after his stock, and was found half an hour later on the barn floor in an unconscious condition. Dr. J. B. Martyn, who happened to be in the near vicinity, was called but could do nothing for the afflicted man, and he passed away without regaining consciousness.

Deceased, who was in his 44th year, had been complaining for some time, but nothing serious was anticipated. Death was due to heart trouble. Mr. Campbell was well known in Alvinston and vicinity, and was admired for his upright and

sterling qualities. He leaves to mourn his loss an aged father and mother, three sisters, Kate at home, Sarah, of Detroit, and Mrs. (Dr.) Gosnell, of Seattle, Wash. Also three brothers, Will, of Detroit, John, at home, and one in Walled Lake, Mich., all of whom have the heartfelt sympathy of the entire community in their sudden affliction.

The funeral was held from the family residence at 2 o'clock last Saturday afternoon, and was largely attended. The floral offerings were numerous and beautiful. The services were in charge of Rev. Mr. Mahaffy, of Alvinston. Interment took place in the Kilmartin cemetery.—Free Press.

Attains Rare Age.

Picton, Ont., April 16.—A remarkable age limit was reached when John Pymmer, living with his daughter, Mrs. Loveless, in Bloomfield, a village near Picton, celebrated his one hundred and third birthday. The centenarian, who has never tasted liquor or tobacco, is still enjoying comparatively good health. Though rather feeble, he is able to do about his home. He can do a little sewing, and can read without using glasses.

He was born at Attabury, Eng., on April 12th, 1804, and has lived during the reigns of five British sovereigns. He was married when 24 years old, and in 1835, with his wife, came to Canada. He raised a family of 10 children. He took part in the action at the battle of the windmill, near Prescott, and in the rebellion of 1837. For more than a half century he farmed in Prince County, but since the death of his wife, 18 years ago, he has lived retired with his daughter.

Man Who Tried to Blow Up Foundry Boilers Is Sent to Kingston.

Hamilton, Ont., April 16.—For attempting to blow up the boilers at the Queen street plant of the Hamilton Steel and Iron Company, Sidney Jones will spend the next two years and a half in Kingston penitentiary. This was the term Magistrate Jelfs gave him. Jones was found guilty on the charge last week. In passing sentence his worship told Jones that he had no doubt he attempted to blow up the boilers and the fact that he did not succeed did not lessen the offence in his eyes. However, his worship expressed regret that the law did not allow him to impose a sentence which he thought fitted the offence, but he would do the next best thing and give the full sentence the law did allow.
