Five German Warships Engaged—Enemy's Commander Reports Victory.

SPECIAL DIRECT COPYRIGHTED CABLE TO THE TORONTO WORLD

VALPARAISO, Chile, Nov. 3.—The British cruiser Monmouth was sunk and the cruiser Goodhope was badly damaged off Coronel, Chile, today when the German warships Gneisenau, Scharnhorst, Nürnberg, Leipzig and Dresden attacked the British fleet.

At last reports the Goodhope was on fire and it is believed she cannot be saved.

The British cruiser Glasgow sought refuge in the harbor of Coronel and is now "bottled up" there.

At mid-day today the German cruisers Scharnhorst, Nürnberg and Gneisenau were at anchor, unharmed, in Valparaiso harbor.

MONMOUTH'S CREW PERISHED

Canadian Press Despatch. SANTIAGO, Chile, Nov. 3.—All hands are reported to have perished when the British cruiser Monmouth took her plunge beneath the sea after 30 minutes of fighting with the German cruiser Coronel, according to advices announced here.

The battle was a terrific one while it lasted and as darkness gathered the Good Hope seemed to be on fire, following a terrible burst of flame from her bow, which seemed to indicate that an explosion had occurred on board.

The Glasgow is reported to have arrived in a very bad condition in Coronel Bay. The Ontario escaped to Puerto Montt.

The German ships arrived in Valparaiso today to take on board coal and provisions. They will leave tomorrow morning, having suffered no mishap.

Only a very few of the crew of the German ships were wounded. The battle has caused a tremendous sensation here.

GERMAN ADMIRAL'S REPORT

Canadian Press Despatch. VALPARAISO, Chile, Nov. 3.—Admiral Graf Von Spee, commander of the German fleet in Pacific waters, reported here this morning and made the following report concerning a naval engagement with the British warships at sea off Coronel, last Sunday evening.

"On Sunday, November 1, between six and seven o'clock in the evening, during a heavy rain and rough weather off Coronel, we sighted the British men of war Good Hope, Monmouth and Glasgow and the armed cruiser Otranto.

"An engagement ensued immediately. All the ships opened a brisk cannonade with all their artillery. The Monmouth was sunk and the Good Hope after a great explosion on board, took fire. Her subsequent fate is unknown owing to darkness having set in.

All Operations in Nieuport Region Have Been Given Up.

HEAVY LOSSES AT ROYE

Several Hundred Missing After Village Fight—Some Gains Claimed.

(GERMAN OFFICIAL)

Canadian Press Despatch. AMSTERDAM, via London, Nov. 3.—The following official despatch issued in Berlin has been received here:

"A telegram from general headquarters dated Nov. 3, at noon, states that operations in this part of the country.

"The water in places is as high as a full grown man. Our troops have evacuated the inundated districts without loss of men, horses or guns.

"Our attacks on Ypres are progressing. More than 2000 men, mostly English, have been captured and also several machine guns.

"West of Roze severe fighting has taken place with great losses on both sides, but the situation is unchanged. In the village fight we lost several hundred men and two cannon.

"The attack on the Aimez east of Solennes was successful. Our troops have occupied several strong positions beyond French and English lines.

"The Russian first Siberian army corps on November 1 used civilians as breastworks while destroying a bridge.

CRUISER MUST LEAVE HONOLULU

Otherwise United States Will Intern German Craft, Is Official Announcement.

Canadian Press Despatch. WASHINGTON, Nov. 3.—The Japanese embassy here was notified late today by the state department that the German cruiser Geler, which has been at Honolulu for more than two weeks making repairs, has been given until a certain date, not announced, either to leave the port or to intern during the war.

The date is being kept secret because it would be contrary in such a case to put the Japanese cruisers lying in wait for the Geler outside Honolulu harbor in possession of the date of her departure.

Two German officers and two enlisted men from the Geler who landed some time ago in San Francisco will be interned in the U. S.

GERMAN OFFICERS HELD

Canadian Press Despatch. SAN FRANCISCO, Nov. 3.—Despite the protests of Baron von Shack, acting German consul general here, the two officers and two petty officers of the German gunboat Geler, who were detained here on their arrival here yesterday from Honolulu on board the liner Korea, were still held today by Rear Admiral Pond on board the cruiser Cleveland, under orders from Secretary Daniels.

GERMAN LOSSES ALONG THE YSER REPORTED GREAT

Enemy Continues to Evacuate Left Bank—No Artillery Remains.

BODIES OF SLAIN LEFT

Two Reserve Army Corps Appear to Have Suffered Severely.

(BELGIAN OFFICIAL)

Canadian Press Despatch. HAVRE, via Paris, Nov. 3, 11.05 p.m.—The following communication from the Belgian general staff to the Belgian minister of war in Havre was given out tonight:

"The German troops continued yesterday and today to evacuate the left bank of the Yser between Nieuport and Dixmude. Only a few detachments have been reported between Pervaise and the south of Spuyvenkerke. There seems to be no artillery left on this side of the river. No movement of troops has been reported in the latest engagements on the Yser.

"From the bodies and arms abandoned on the ground evacuated by the enemy and also from the statements made by prisoners, it may be safely concluded that the 12th and 13th reserve army corps have suffered much in the latest engagements on the Yser. The inactivity of these two corps during the last two days may be attributed to this fact.

ALLIES VIGOROUS OFFENSIVE

Canadian Press Despatch. PARIS, Nov. 3, 11.17 p.m.—The following Belgian official communication dated Nov. 3 was given out here tonight:

"On the front of the Thirteenth reserve army corps the allied troops today directed a vigorous offensive. They came out at the same time from Dixmude, Knochel and Neudunchoote between Bixchoote and Zonnebete, the situation remains unchanged. The last two villages are occupied by the allied troops.

"The Thirteenth Landwehr brigade is signaled between Poelcapelle and Zonnebete. Further south the Twenty-Seventh reserve army corps occupies Beclers and Ghelvet. On its left are the Sixth Bavarian reserve division and the Fifteenth army corps which stretches out towards Hollebeke.

"Between Verdun and Toul, several French attacks have been repulsed. The troops of French soldiers were German heretofore. In a French attack was repulsed and our troops began a counter attack.

"In the east the operations are still in a state of evolution and there has been no fighting.

"The Russian first Siberian army corps on November 1 used civilians as breastworks while destroying a bridge.

TURKEY SOON TO BREAK SHACKLES

Sultan's Ambassador Before Leaving Petrograd Declared German Influence at Capital Doomed.

Canadian Press Despatch. PETROGRAD, Nov. 3, via London, 2.15 p.m.—The Turkish ambassador to Russia, before he left the capital today on his return to Constantinople, made the following statement:

"I tried with all the force at my command to convince the Russian minister of foreign affairs that Turkey was not actuated by hostile feelings against Russia, and that if untoward events had taken place we were not at fault.

"I am firmly convinced that the war will be of extremely short duration, and that Turkey will assume the position maintained before German influence became paramount at Constantinople."

It was learned in Petrograd today that the Turkish consul at Batum, on the Black Sea, suddenly disappeared a week before the bombardment of the Crimean city. The Petrograd authorities, acting on instructions already received, have begun the registration and arrest of all Turkish subjects. This measure is taken previous to their expulsion, which will occur in a week.

LONDON, Nov. 3.—On land the allies are having considerable success. The Germans have been obliged to abandon the left bank of the River Yser below Dixmude, while the allied armies have reoccupied all the crossings of the river in the flooded districts.

Great Britain, France and Russia have decided that they will respect the Mohammedan seats of worship and holy places in the Ottoman Empire and have given assurance of this fact through Arabia and Egypt, as well as India. This move is said to be a diplomatic one, with the purpose of depriving the sultan of any excuse for declaring a "Holy War."

ALLIES RECOVER LOST GROUND

The following official communication was issued tonight: "The only advices received this evening concerning the region at the northeast of Yvelis, where we have counter attacked and retaken La Perce de Metz, in the region of Four-de-Paris and Belval, where a German attack has been repulsed and we have gained some ground."

GERMANS ABANDON THE YSER

This afternoon's official statement reads: "On our left wing the enemy seems to have completely abandoned the left bank of the Yser down stream from Dixmude, and reconnaissance by troops of the allies undertaken on the highways in the inundated regions were successful in reoccupying points of passage across the river without great difficulty.

"In the region to the north of Lys, in spite of determined attacks by the Germans in considerable force, our front was everywhere maintained or re-established by the end of the day.

"Fresh attacks by the Germans on the environs of Arras and against Lihons and Le Quesnoy resulted in failures.

PROGRESS ON THE CENTRE

"On the centre, in the region of the Aisne, to the east of the forest of Agie, we have made some progress. To the east of Vailly, according to the latest news, those of our troops who held the positions on the slopes of the plateau to the north of the Villages of Chavonne and Soupir, had been compelled to draw back into the valley to the east of this location. We have maintained our positions at Aumont, on the right bank of the river.

"There was violent cannonading during the day between Rheims and the Meuse, as well as on the heights of the Meuse.

"Further efforts on the part of the Germans in the Forest of Argonne have been checked.

"We have continued to make progress to the northwest of Pont-a-Mousson.

"On our right wing there have been some engagements favorable to our arms along the River Selle."

TURKEY PAUSES FOR AWHILE

Turkey has paused in her contemplated raid on Egypt and the Suez Canal, deterred by the knowledge that England has assembled strong forces, well supplied with artillery, to meet the expected attack. The crippling of the cruiser Goeben, by the Sebastopol forts, has caused a temporary cessation of naval activity in the vicinity of the Black Sea. The Russian fleet early this afternoon was reported to be searching for the Goeben and the Breslau, said to have been seen in retreat toward the Bosphorus. The triple entente powers regard the apology of the grand vizier of Turkey as at least insufficient, especially as he was unable or unwilling to guarantee that the German officers in the sultan's army and navy would be dismissed. It is stated that the grand vizier lacks real authority, the cabinet being dominated by the war party, headed by Enver Bey.

TURKISH PORT SHELLED

The following official statement was given out by the press bureau today: "The Cruiser Minerva, when she arrived at Kalat El Akabah, at the head of the Gulf of Akabah, found it occupied by troops, one of whom was apparently a German officer.

"The Minerva shelled the fort. The Turks evacuated the town and a landing party from the British cruiser proceeded to destroy the fort, barracks, postoffice and stores. The enemy suffered some losses, but there were no casualties among the British.

The war has commanded the army of the Caucasus, which is 150,000 strong, to march at once into Turkish territory.

A German aeroplane today flew toward Paris as far as Coulmiers, 34 miles east of the capital. While a number of French aeroplanes went to meet the German airship, Gen. Gallieni was reviewing the aviation services of the retrenched camp.

Three German aeroplanes were brought down yesterday in the Somain district.

A Constantinople despatch states that Serbia today severed diplomatic relations with Turkey and the Serbian ambassador asked for his passports, says the Rome correspondent of the Exchange Telegraph Company.

The Germans resumed their bombardment of the City of Rheims with great violence on Sunday and Monday, according to a despatch to The Temps from Bordeaux.

It is announced that the following eight colonels have been promoted to be major-general as a reward for gallant conduct in the field.

Sir David Henderson, Henry F. M. Wilson, James A. L. Haldane, Henry S. Home, Frederick D. St. Wing, Hubert De La F. Gough, Edward S. Balfin and Aylmer Hunter Weston.

The president of France has bestowed the cross of an officer of the legion of honor on nineteen British officers and the cross of the chevalier on one hundred others for gallantry during the operations in October.

In a casualty list issued tonight, Captain Sir E. A. Stewart-Richardson of the Black Watch Regiment, and husband of Lady Constance Mackenzie, the dancer, is mentioned among the wounded.

A Renter despatch from Amsterdam says that according to an official communique issued at Constantinople, the Russians attacked the Turks on the Caucasian frontier, and were repulsed with heavy fire.

The foreign office states that no definite action regarding Turkey can be taken by England tonight, but developments were probable. In the firing on a British vessel and the detention of a British consul the Bashes were merely guilty of precautionary acts which could not be recognized as an actual state of war.

WASHINGTON, Nov. 3.—Foreign office despatches to the French embassy today supplemented the account of the German withdrawal from the south of Dixmude with the statement that "At the end of the day we took up the offensive on our side."

To the war office accounts of the repulse of the German attacks in the Argonne district, the despatches added: "Other attacks of the enemy, attempted against our forces holding the right bank of the Aisne, before Bourge and Comin, were unsuccessful."

BERLIN, Nov. 3.—(By wireless to Sayville, L.I.)—Reports reaching Berlin from Athens declare that 15,000 Turkish troops already are in Egypt and that the Turkish soldiers marching against Russia are alleged to number 300,000.

The foregoing information was given to the press in Berlin today.

PETROGRAD, Nov. 3.—Emperor Nicholas today left for the front, accompanied by Gen. Soukhomlinoff, the minister of war.

Essad Pasha and 20,000 Albanian Mussulmans are reported to be advancing on Scutari from the south, while 15,000 Catholic Malissorts are advancing from the north.

also were damaged, the darkness prevented our obtaining knowledge of the extent of it.

Our ships, the Scharnhorst and Gneisenau, were not damaged. The Gneisenau had six men wounded. The rest of our ships were undamaged.

The British cruisers Goodhope, Grafton and Glasgow were under command of Rear-Admiral Sir Christopher Cradock, and had been searching the coast of South America for several weeks with the object of engaging the German cruisers which had been destroying British merchant vessels.

The British cruiser Monmouth, reported sunk in the engagement today, was 440 feet long, 86 feet beam and of 3900 tons displacement. She carried fourteen 8-inch guns, eight 3-inch guns, three 2-pounders and was fitted with two 18-inch torpedo tubes. Her complement was 655 men. The Monmouth was built in 1913.

The Goodhope also reported lost, was the flagship of the squadron. She was 500 feet long, 71 feet beam, displaced 14,100 tons. She represented the British nation at the Jamestown Exposition in 1907. Her armament consisted of two 8.2-inch guns, sixteen 6-inch guns, fourteen 3-inch guns, three 2-pounders and two 18-inch torpedo tubes. She had a complement of 376 men. The Goodhope was built thirteen years ago.

The light cruiser Glasgow, which took refuge at Coronel, was built in 1909. She is 480 feet long, 37 feet beam and displaces 4820 tons. She has a complement of 376 men. Her armament consists of two 6-inch guns and ten 4-inch guns. She is equipped with two 18-inch torpedo tubes.

The German armored cruisers, the Scharnhorst and Gneisenau, are sister ships of 11,600 tons. Both were built in 1906 and are 440 feet long on the water line.

They have a complement of 765 men. Each of the two vessels carries eight 8.2-inch and six 6-inch guns, twenty 2-pounders and four machine guns. Each has four torpedo tubes.

Both the Scharnhorst and the Gneisenau on Sept. 22 last bombarded and destroyed Papete, the principal town and port of the French Islands of Tahiti, in the Society group, in the Pacific Ocean. They also sunk the famed French gunboat Zephe in Papete harbor.

The Nürnberg is a small cruiser of 340 tons and carries a complement of 235 men. She has ten 4-inch guns, eight 5-pounders, four machine guns and two torpedo tubes. This is the vessel which is believed to have cut the cable connecting the United States with Australia in September, shortly after she had left Honolulu.

Two smaller cruisers, the Dresden and Leipzig, which are reported to have been engaged in the

DECIDED NOTHING ON BLOOR VIADUCT

Commissioner Harris Will Report on Merits of Steel and Concrete.

ELECTRICAL INSPECTOR

James R. Shields Appointed—Loan Association Guarantee Approved.

(Continued From Page 1.)

perusing agreement of Wood, Gundy & Co. in the matter of the latest issue of \$3,000,000 worth of bonds at 5%.

The Leipzig since the commencement of the war has been operating in the Pacific from San Francisco, south and west. Early in October she sunk the tank steamer Blincoe off the Central American coast, and frequently has been reported either to be after merchant ships or as being pursued by British warships. The Dresden also has been engaged in Pacific waters, and in August last was reported to have sunk a British steamer off Brazil.

The expected debate over the question of whether the Bloor street viaduct should be constructed of steel or concrete did not materialize at last night's session of the city council.

Commissioner Harris read a communication from the Ontario Railway Board to the effect that the city was "out of consideration" in sending the board for consideration plans and specifications of a concrete viaduct when the construction should be decided what the effect advised the council that it was not in the board's duties to decide an issue as to whether the viaduct should be constructed of steel or concrete rather than to pass on specifications after such specifications had been adopted by the council.

Council then adopted the board of control's recommendation to rescind the motion passed at council two weeks ago, that concrete plans be forwarded to the railway board. The recommendation adopted by council further stipulates that Commissioner Harris immediately get back the plans and with such outside assistance as he deems necessary go over them all and at as early a date as possible report to the council which specifications in his opinion ought to be adopted by the city. If the commissioner recommends a steel specification, which is most probable he will do, the issue of construction can then be fought out between the "concrete" element in council as against the upholders of steel construction.

Harris Favors Steel. Ald. P. S. Spence during the discussion pointed out that as the commissioner had previously spoken so strongly in favor of steel, he was now out of court in deciding between the two materials of construction. He suggested that an outside engineer be appointed to make the recommendation to council. Ald. Rowlands, the leader of the concrete men, also spoke against the proposition of referring the matter to the commissioner for decision when it was known beforehand that he would recommend steel.

Other members however, overruled this objection, and it was argued that the commissioner would only make his recommendation after securing expert opinion other than his own on the subject. Controller Church and Ald. Maguire held that as council last year endorsed the board of control's recommendation for a steel structure the matter should now be settled.

By an overwhelming majority, council endorsed the board's recommendation to guarantee the bonds of the Toronto Municipal Loan Association. Ald. P. S. Spence objected to the recommendation on the grounds that council were not told the personnel of the proposed board of directors. Controller McCarthy outlined the policy of the proposed association; the loan would be made to responsible citizens in multiples of \$10 up to about \$100. A nominal rate of interest would be charged, just sufficient to make the project self-supporting.

Controller McCarthy declared that any motion to make the city the appointee of the board of directors would legally block the affair, and council voted in favor of guaranteeing the bonds. Complete details of the proposed project, including the names of the directors, and the rate of interest are to be handed to council by the board as soon as possible. Before the vote was taken Controller Simpson had contended that council should appoint the association's directing board.

In Private Session. Immediately after luncheon the council took up the controller's recommendation to rescind the bylaws for widening Yonge street and extending Teruilly street. James R. Shields gets the job at \$2500 a year.

Aldermen Ryding, McBride, Whetter and Spence vigorously opposed the appointment, holding that the city was being handed a "raw deal" when Mr. Strickland turned down the city's choice, Thomas Henry. The first two aldermen wanted to go before the city and find out in what respect Mr. Henry, who is an engineer of 20 years' experience, failed to qualify.

It was pointed out that the provincial highway commission held the full powers to make the appointment without consulting council at all.

No Grant to T. M. T. A. Ald. McBride attacked the proposal to make a grant of \$700 to the Toronto Military Training Association to pay the salary of a secretary. Too many grants were being made, he held. The motion was finally withdrawn upon Controller McCarthy's explanation that a military officer was being attached to the staff of General Leppard, who would report to the city on the advisability of making grants to military organizations.

Contract Outlived Show. Ald. McBride led the attack on the proposal to pay the salary of the secretary of the defunct National Live Stock Show, six months' salary. Ald. Spence showed out of existence some months ago. Westwell has three years to run yet as manager of the show under contract. The alderman characterized it as a pet scheme of ex-controller Foster, who ought to bear the responsibility. After over an hour's argument council decided to adopt the board's recommendation and pay six months' salary.

Going to Fight; Fleeing From Fighting; Recovering From Wounds

GERMANS BEATEN IN MANY ATTACKS

British Army Covered Itsself With Glory in Battles Along River Lys.

ENEMY'S LOSS TERRIBLE

Leadership of Germans Bad — Troops Brave, But Poorly Trained.

Canadian Press Despatch.

LONDON, Nov. 3.—Another eye-witness account from the battle front in France and Belgium, written as previously by Col. E. D. Swinton, of the intelligence department of the British general staff, was given out today by the official press bureau. It bears the date of Oct. 28.

After recounting the transference of the troops from the line of the Aisne under the nose of the enemy without losses, the narrative proceeds:

Enemy Assumes Offensive.—After the fall of Antwerp and the re-lease of the besieging troops there was a gradual increase in the strength of the opposition met with by us. Tuesday, Oct. 20, the arrival opposite us of a large portion of new formations and a considerable number of heavy guns enabled the enemy to assume the offensive practically against the whole of our line at the same time that they attacked the Belgians between us and the coast.

On Wednesday, Oct. 21, the new German formations again attacked, forcing us in force vigorously all along our line. On our right, south of the front, an attempt was made to break through our lines with a heavy assault, but it was driven from some ground round our front, north, but regained it by a counter attack.

Their casualties to the southeast of Arras were estimated at over 6000. The Battle of La Ghelle.—On the north of the Lys, in our centre, a fiercely contested action took place near La Ghelle, which village was captured in the morning by the enemy and then retaken by us. In this direction the German casualties were extremely heavy. One battalion of their 104th Regiment was practically wiped out, some 400 dead being picked up by us in one day.

On Friday, the 23rd, all action south of the Lys, on our right, was confined to that of artillery, several of the heaviest batteries being allocated. North of the Lys, our attacks at different points were repulsed.

On our left, the 23rd was a bad day for the Germans. Advancing, we drove them from some of the trenches, out of which they had turned us, captured 100 prisoners and released some of our men whom they had taken.

Each assault early was beaten back. During the fighting in this quarter on the night of the 22nd and the 23rd, the German losses again were extremely heavy. We made over 600 prisoners and picked up 1600 dead killed on the latter day alone.

Much of the slaughter was due to the point-blank machine gun fire of our troops against the German assaults, which in field guns and howitzers, working in perfect combination, did their share when the enemy were repulsed. As they fell back they were subjected to a shower of shrapnel, when they sought shelter in villages or buildings, they were shrapnel and driven out by highly explosive shells, and then again caught by shrapnel as they came into the open.

Leading Bad Training Poor.—The troops to suffer so severely were mostly of the Twenty-third Corps, one of their new formations. Certainly, the way their advance was conducted showed a lack of training and faults in leadership which the most superhuman bravery of the soldiers could not counteract. It was a holocaust.

The spectacle of these devoted men, chanting a national song as they marched to certain death, was inspiring. It was, at the same time, pitiable, and if any proof be needed that untrained valour alone cannot gain the day in modern warfare, the advance of the Twenty-third German Corps on Oct. 22 most assuredly furnished it.

Besides doing its share of execution on the hostile infantry, our artillery in this quarter brought down a German captive balloon. As some gas of this nature is an ideal target, it may be mentioned that one field battery expended 1800 rounds of ammunition during one day.

By a Staff Reporter.
OTTAWA, Nov. 3.—A corps of Royal Canadian Naval Volunteers is to be formed at Ottawa. It is announced tonight that an organization meeting will be held next week, under the auspices of the Ottawa Motorboat Association. Commodore MacElinney is interesting himself in the movement. It is estimated that 200 men will join in amongst these being the owners of 40 of the best motorboats and cruisers on the Ottawa and Rideau Rivers. This action is approved by the naval service department.

MORE GUELPH MEN OFF.
LONDON, Nov. 3.—An additional seven men left Guelph this afternoon for the front. They were given a special car at the Grand Trunk Station, containing the men from the northern part of the county. There was a crowd at the station to see them off and they were given a hearty cheer as the train pulled out. The men enlisted at Fergus, Harrison, Palmerston, Clifton and other places and are a fine looking body of soldiers.

REPUBLICAN RETURNED TO SENATE — Women's Suffrage and Prohibition Defeated.

CINCINNATI, O., Nov. 3.—The election of Warren G. Harding, Republican, to succeed Theodore E. Burton, Republican, in the United States Senate, an extremely close race between Gov. Joseph M. Cox, Democrat, and Frank B. Willis, Republican, for governor; the decisive defeat of both the woman's suffrage and the prohibition amendments; and the probable passage of the "home rule amendment," all act alleged to favor the "wet" interest, is the result thus far indicated in the election in Ohio today. Democratic and Republican state committees claim victory for governor, but both admit that the plurality will be small. The Progressive candidates polled an exceptionally small vote compared with 1912.

RECALL TO DUTY RANG OUT LOUD
Hon. W. H. Hearst Delivered Inspiring Address at Massey Hall Meeting.
SINGING AND SINGING
National Chorus Sang Anthems of the Allies Before a Crowded House.
The eyes of Toronto citizens had been opened to a vision of the war to be played in the great arena, or their ears to be un-derstood to bear the call of duty, it is not only the eyes but the ears that are being opened in Massey Hall in a series of meetings by the Red Cross Society, which will bring the great awakening of the nation in one sense out of its ordinary. The audience was not only stirred with patriotic fervor but also with a little flag-flapping rhetoric and a few patriotic utterances. Instead, there was genuine sincerity and appreciation by voice of speaker and audience of chorus to brace a people to their principles and to encourage them to stand to their several national duties whether far-flung in the number of Belgium or performing the number tasks of business and home life.
Great martial strains rolling forth from the massive body of National Chorus, and pierced by the first voices of the boy sopranos, stirred the enthusiasm of the hearers, the speaker, Hon. W. H. Hearst, delivered a special message, "Look down into your hearts tonight and see the empire requires of you tonight as never before rings out the appeal to duty." Backing up this exhortation came Hon. Edouard Levesque of Quebec. "There are two great lines," he declared, "one in the national trenches of Belgium and France and one at home where we must each face responsibilities and trials." Hon. Canon Cody held up before the audience the Red Cross, the Navy and the Army, and appealed for a national response. One hour in the midst of the program was devoted to the lecture on the navy by H. B. Ames, and the audience left filled with ideals of duty and inspired with worthy resolves.
The program of the evening commenced with the choir singing in rotation the national anthems of Great Britain, Belgium, Russia and France, the whole audience rising as a mark of respect to the allies in the great war.
There was no doubt of the stronger tie of sentiment than usual existing between Canadians and the gallant French warriors, for, of all the anthems, that of France alone received an enthusiastic audience burst into prolonged applause as the strains of "La Marseillaise" echoed through the hall.
Children's Voices.
"Twenty-five little boys in khaki collars, and wearing the red of Old England in their buttonholes, strided the stage with their arms as they sang in shrill soprano chorus the first verse of "The Song of the Soldier," in which the balance of the choir sang the second verse. One of the boys, a former Scoutmaster, sang a solo, and the rest of the choir sang the third verse. One of the boys, a former Scoutmaster, sang a solo, and the rest of the choir sang the third verse. One of the boys, a former Scoutmaster, sang a solo, and the rest of the choir sang the third verse.
The speaker, Hon. W. H. Hearst, declared that the war was the greatest event of the world's history, and that the people of Britain and France were the greatest of the world's heroes. You Must Own These Five Great Volumes of History THE TORONTO WORLD in its Coupon Distribution of Larned's History of the World

What Happened When Nero Fiddled and Rome Burned? On a certain July midnight, nearly two thousand years ago, the capital of the mighty Roman Empire lay slumbering peacefully amidst the sculptured slopes of its seven hills.

Larned's Great History of the World tells how the Christians were accused of the atrocious crime of setting Rome on fire—how they were crucified to make a Roman holiday, and how they were set on fire by way of nightly illumination of Nero's gardens.

GUELPH FOR THE NORTHERN LEAGUE

Will Play in the Senior Series This Winter—Some Good Material.

GUELPH, Ont., Nov. 3.—Local hockey fans have decided to place a team in the Northern Hockey Association, and as there is plenty of good material in the city for a senior team, the local organization should make a splendid showing. Arrangements are at present being made for rink accommodations. Guelph will likely be grouped with Berlin, Elmira, Galt and Preston, all good hockey towns. On the local line-up will be Driscoll, Drayton, a fast right wing man, and Champagne, left of Edmonton, another speedy player; Nunan, Wells, Allan and several others of last year's team will also be given a chance to make the team. According to the Northern Hockey Association resident rule, players are eligible up to Jan. 1. Buck Irving will coach the team and J. B. Reynolds will act as trainer. Honorary officers elected are as follows: Honorary president, J. W. Lyon, J. M. Taylor, E. John McHardy, H. Gummer and I. McIntosh; president, A. E. McLean; vice-president, G. A. Hayes; secretary-treasurer, C. A. Watson; manager, H. E. Wickes.

MILITARY OFFICES WORKING OVERTIME

Inspection Departments Attend to Numerous Details Kept Constantly Busy.

THOUSANDS OF CASES

Each One Opened and Contents Stamped—Teams Arriving at All Hours.

By a Staff Reporter. OTTAWA, Nov. 3.—Military offices in Ottawa present the appearance of the proverbial busy day, as they are in preparing equipment, etc., for the Canadian soldiers. Efficiency is linked with haste. Everywhere is the spirit of duty. Possibly the busiest offices are those having charge of the inspection of all materials which must be forwarded from the front, including glass, tent poles, transport of all kinds, blankets, ropes, gun carriages and guns, ammunition of all kinds—these and countless other little details occupy the sole attention of scores of officers and men who are responsible to the militia department for every particle of war material that goes from Canada.

When a special article is needed it is invariably called for, for immediate delivery. That entails long hours, but those in charge are working day and night in the knowledge that they are performing their duty and they disregard the number of hours they put up.

Mr. Col. W. G. Hurdman arrived in Ottawa after a motoring test, to find his desk piled high with correspondence and work which had accumulated during his absence. In his department all materials connected with artillery and transport and supplies for both are inspected. Special machinery is installed for the purpose of testing steel. In a few rooms in one corner there was \$20,000 worth of glass waiting to be done.

During Monday an order arrived for a certain field gun. Plans had to be gotten out (there were over 200 for this particular piece), and forwarded to a factory. This alone kept the staff busy until into the night. Then such things as mess tins, tarpaulins, wheels, bolts, whiffletrees and a hundred and one other details are constantly calling for attention.

In another building such things as blankets, clothing, etc., are tested. Here every article is stamped with the government stamp before being reshipped to the front. The latest war case works day and night. On an average from 2,500 to 3,200 blankets are inspected in a day.

The clothing kept put thru a severe test for both weight and strength. When the conditions are complied with the shipping companies, the goods will not stand the test they are not used.

There is a constant stream of teams arriving and departing from these offices all day long. "I have often waited three hours to get my load off," said a teamster the other day. Thousands of cases have been inspected and sent along their way since the opening of the war. Preparations are now being made for the handling of many thousands more.

ABOUT CONSUMPTION

Every day we are receiving letters from users of this medicine telling us of the benefit they have had by its use.

Mrs. Martyn of 46 Garden Avenue, Toronto, who before taking "Copeland's Cure for Consumption" had been treated by several doctors without benefit, writes to say:

"After taking several bottles of your Consumption Cure, I would like to make known to others the benefit I derived from its use. I was very much run down when I first began to take it, and in four months I have fully recovered, and I cannot say too highly of it. I am pleased to recommend it to any who are afflicted with this disease, and I hope that it will reach the eyes of some poor sufferers and cure them of this disease of consumption."

Yours respectfully, (Sgd.) MRS. MARTYN, 46 Garden Ave., Toronto.

That was written two years ago, since when Mrs. Martyn has enjoyed excellent health and has taken every opportunity to tell others what this medicine did for her.

Records are on file of some extreme cases of consumption, one of which was a well-known case of a man given up as hopeless by his doctor and a specialist, who said that he could not live more than 8 or 10 days. Today he is alive and well, and it was "Copeland's Cure for Consumption" that pulled him through.

Letters have been received and acted on from individuals who have suffered from chronic bronchitis for over twenty years and never obtained any permanent benefit until they took this medicine. These letters were written by well-known people, and copies will gladly be sent to any person desiring to know what "Copeland's Cure for Consumption" can do for cases of chronic bronchitis.

Those suffering only from weakened lungs and throats to the "down and out" consumed all testify to the benefit obtained by taking this medicine.

If you are one of those don't allow a better day to pass without getting a bottle to try. It cannot possibly do you harm, but will do you as it has others much good.

Sold at drug stores, \$1.00 a bottle. Ask your druggist, or send direct in plain wrapper by Copeland Medicine Company, Limited, 511 Pape Avenue, Toronto, Phone Gerrard 512.

PRICES OF CATTLE REPORTED STEADY

Trade Slow at Union Stock Yards on Light Receipts Yesterday.

HOGS REMAIN STEADY

Common Calves Lower, Choice Calves Continued Firm in Price.

Receipts of live stock at the Union Stock Yards yesterday were 56 cars, 748 cattle, 518 hogs, 1012 sheep and lambs, and 236 calves. There were a few good choice cattle on the market, but the bulk were of the common and medium classes.

Trade was slow at steady prices, compared with Monday's values. The highest price paid for two good choice loads of beefers, sold by Corbett, Hall and Coughlin Company, was \$7.50 to the Swift Canadian Company.

Bulls, cows, canners and cutters were in good demand at steady prices. Stockers and feeders were in fair demand, as there were many farmers looking for a supply, but the general quality of the offerings being common and inferior, sales were slow at barely steady quotations.

Milkers and springers, the supply of which was moderate, sold at firm prices ranging from \$65 to \$115 each. Sheep and lambs were steady but firm at Monday's values.

Hogs, although the supply was small, the prices remained steady. Choice butchers' hogs sold at \$7.50, and one lot of 8 or 9 steers at \$7.50; good at \$6.75 to \$7.15; medium butchers' hogs at \$6.50 to \$6.85; common butchers' hogs at \$6.25 to \$6.50; choice cows at \$6.50 to \$6.75; medium cows at \$6.25 to \$6.50; light cows at \$6.00 to \$6.25; heavy cows at \$5.75 to \$6.00.

Prices steady for firm. Selects, fed and watered \$7.25; and \$6.90 f.o.b. cars, and \$7.50 weighed off cars.

The Corbett, Hall, Coughlin Company sold 10 cartloads of live stock. Good medium butchers' hogs, \$7.20 to \$7.50; fair to medium butchers' hogs, \$6.90 to \$7.20; choice cows, \$6.50 to \$6.75; medium cows, \$6.25 to \$6.50; light cows, \$6.00 to \$6.25; heavy cows, \$5.75 to \$6.00.

H. P. Kennedy sold 1 load steers and heifers, \$6 to \$6.50; 2 loads of cows at \$4 to \$6.25; bulls at \$4.75 to \$5.10; 1 load stock hogs, \$6.50 to \$7.50; 3 deers of hogs at \$7.50, weighed off cars; 1 dock of lambs at \$7.00 to \$7.75.

W. J. Low, farmer and live stock dealer, was on the market for the first time in five months. During that time Mr. Low was laid up with typhoid fever, and for some time his life was despaired of, having had a relapse. His many friends (he has no enemies) were glad to see him back on the market.

Two drovers, Messrs. Hodgins and Parker of Lucan, Ont., had the two best loads of butchers' hogs on the market yesterday, for which they received the top price for heifers, \$7.30 per cwt.

A Banking institution gets strength as much from the men who direct its affairs as from the actual capital invested. Money deposited in the Bank of Hamilton is guarded by men well known for business integrity and honesty—men who value security more than high profits. To this policy is due a surplus which is one-quarter larger than the capital—the result of over 46 years' conservative management.

Canada First—Buy at Home

Good times are bound to come back to the world and to this country, but good times don't come by any mending of fat lines after lean ones.

They are not controlled by blind cycles now forecasted by people like Madame Thebes. They are not phantoms that wait for the rise and fall of the real estate booster.

We have all the machinery for keeping the times good without resorting to poetry or legislation or witchcraft. All we need in Canada to keep this machinery operating for our benefit is for the people to stand behind the machinery.

The factories of Canada were built primarily to satisfy the home market. They represent capital enough to build Britain's navy three times over.

That investment is practically owned by the people of Canada because when it is operating at full strength it maintains good conditions in the country.

Blacken up on the smelters and you lessen not so much the supply as the demand. The good times that depend on warm smelters are entirely in the hands of those who now and hereafter buy goods made in Canada.

Renew Ontario Bills. London, Nov. 3.—It has been arranged to renew 2,600,000 Province of Ontario bills for six months, on the basis of 5 1/2 per cent. interest.

Figures Not Correct. In the minimum price list issued, Ontario Loan & Debenture Company was quoted at 7 1/2. This should have been 1 1/2.

Toronto Notes Popular. City of Toronto debenture notes, bearing 5 1/2 per cent. interest, payable half-yearly, which are being offered by the financial houses of Wood, Gundy & Co. and A. E. Ames & Co. have met with a good reception.

RAILWAY EARNINGS

So far as the Canadian Northern Railway is concerned, the earnings for the week ending Oct. 31 amounted to \$487,700.

This sum represents a tremendous decrease from the amount which prevailed for the same period in 1913. The figures for 1913 were \$697,900, a difference of \$210,200.

Over 100 flats are occupied. The buildings under way on the south side of Bloor avenue will accommodate 100 families. The small flats are proving very popular.

It is stated, up to Oct. 31 there were only 43 in arrears. Over \$7000 had been made in collections.

The new board of directors is composed of G. E. Beer, G. Findlay, J. C. Scott, Alex. Laird, Mrs. H. S. Strath, Mrs. S. K. Currie, Thomas Roden, A. R. Clark, A. M. Ivey, E. Kelly, C. V. Massey, Mrs. H. D. Warren, Mrs. A. M. Huestic and W. G. Macdonnell.

HUGE LOSS FROM CATTLE EPIDEMIC

Many Millions of Dollars Involved—May Close Chicago Stock Yards.

CHICAGO, Nov. 3.—The gravity of the hoof and mouth disease epidemic affecting cattle in the middle west was driven home to cattlemen today by Dr. S. E. Bennett of the bureau of animal industry, who answered the protests of certain interests by asserting that the slaughter of suspected animals would be cheap at a cost of \$10,000,000, compared with the incalculable loss which a general spread of the deadly would incur.

Representatives of the federal government yesterday were in favor of closing the Chicago stock yards, the largest in the world, and an order to that effect was issued only after prolonged argument. The possibility of such action, not yet past, in fact, Gov. Dumm, in conference with state and federal government representatives and meat packers, vetoed a renewed proposal to close the yards. The status of the quarantine, therefore, depends on future developments.

Will Lower Prices. Among the packers today it was said that the immediate situation would lead to lower prices, as it was thought that cattle growers, rather than risk disease among their herds, would rush their live stock to market where it must be killed immediately.

A thousand men were engaged at the yards today thoroughly disinfecting the pens and buildings with state and federal government observation by the scientists. Inspectors in the field were reinforced and a thorough farm-to-farm inspection was put fully under way.

Standard Exchange. Sales on the Standard Exchange yesterday comprised 1000 shares of Jupiter at 7.

Mining Quotations. Standard. Cobalt... Ask. Bid. Bailey... 14 3/4. Beaver Consolidated... 20 1/2.

Algonia Holders Meet. LONDON, Nov. 3.—An informal meeting of the five per cent. and returning W. G. Macdonnell, together with three-year gold note-holders, has been held for Monday common and agreed proposal for funding two years' interest on both issues.

Demand for Mackay. While dealings thru the stock exchange committee are quiet and trading is very limited, there continues to be a strong demand for Mackay common and preferred, as well as for Hollinger.

Clearings for Month. For the month of October bank clearings in Toronto amounted to \$162,831,363. This is an increase over the last month of \$18,900,000, and a decrease of \$4,000,000 over October of last year. This amounts to \$28,114,938.

C.P.R. Earnings. MONTREAL, Nov. 3.—C.P.R. earnings for week ended Oct. 31, \$2,613,000; same week last year, \$4,662,000; decrease, \$2,049,000.

Montreal Grain and Produce. WINNIPEG, Nov. 3.—Wheat prices opened 1/4c lower for December and May; oats unchanged to 1/4c higher, and flax 1/4c to 1 1/2c higher. Trading was quiet, only a very light volume of business being transacted during the forenoon. Export bids are said to be on a working basis, and good business is expected. Wheat prices closed 1/4c to 1/2c higher, oats 1/4c higher, and flax 1/4c to 1/2c higher.

The cash demand for all grades of wheat was good, exporters being buyers. There were also bids for demand, while barley and flax were quiet. Receipts still improving. Inspections 3000 were 85c cars, as against 1191 last year, and in sight were 5000. The weather has been fair and mild, with a few local showers.

Winnipeg Grain. Wheat—Open. High. Low. Close. Prev. Nov. 117 1/2 118 117 1/2 117 1/2. Dec. 117 1/2 118 117 1/2 117 1/2. May 123 1/2 124 123 1/2 123 1/2.

IMPROVED TONE IN THE APPLE MARKET

Prices Holding Fairly Firm at Liverpool and Points in Canada.

Can. Daily Press Dispatch. OTTAWA, Nov. 3.—The following messages have been received by the fruit branch, Department of Agriculture, regarding the apple market:

Liverpool: Ontario apples selling at 11 to 20s and Nova Scotias at 7s to 11s for No. 1. There will be shorter supplies next week.

Montreal, wholesale prices: Greenings and Baldwin's \$2.50. Fameuse and McIntosh \$2.75. Apples in boxes, Baldwin's 90c, Spies \$1.25, Greenings 90c, Golden Russets \$1.00.

St. John, N.B. wholesale prices: Bishop Pippin \$2.40 to \$2.65 for No. 1 and \$2.10 and \$2.25 for No. 2, Kings \$2.75 to \$2.90, Spies \$2.35 to \$2.50, Golden Russets \$2.00 to \$2.25, Greenings and Fameuse \$2.50 to \$2.75. These prices are for No. 1 fruit in barrels. There is an improved tone in the market this week with no overstock in winter fruit.

Lake Ontario: Cobourg: Buyers are storing quite heavily. Shipments are principally to the old country and are 80 per cent. No. 1 prices are \$1.50 to \$2.40 per barrel FOB. Twenty per cent of the crop is going to waste.

NO DROP IN ESTIMATES ON FACTORY PAY ROLLS

It was stated last evening at the Parliament Buildings that the returns are coming in in splendid fashion to the Workmen's Compensation Commission. Nearly 33,000 blanks have been returned with the requested information and not one manufacturer has demurred. On the contrary many have expressed a pleasure at hearing that the act will come into force as planned.

One encouraging feature is that the estimates of payrolls for the coming year are as large or larger than those of the present, the merchants evidently counting on an early improvement in financial conditions.

CORPORATE OFFICERS ALL CANADIAN BORN

More Than Fifty Per Cent. of the Men Are From British Isles.

An analysis of the nationalities of men selected to serve with the Highlanders' second overseas quota shows a preponderance of British. But it means follows that they are new comers. The average age of the men selected is 24 and the majority of old countrymen have lived in Canada for many years. All of the officers are Canadian-born. Of the men chosen, 23 are English, 29 Canadian, 23 Scotch, 10 Irish and one Welshman.

DIPHTHERIA AND MEASLES MORE PREVALENT THIS YEAR

Province is Holding Its Own in Fight Against Tuberculosis.

The monthly returns from the provincial board of health show that two juvenile diseases, measles and diphtheria, have held greater sway in the month of October. These diseases during a similar period last year. In other diseases, however, including tuberculosis, the province is holding its own, and the board of health are taking encouragement from their educational campaign.
