H. A. RICHARDSON S. GENERAL MANAGER

Appointed by Directorate of Bank of Nova Scotia to Succeed H. C. McLeod — Financial Circles Pleased.

MONTREAL, Feb. 7.—(Special.)—At a meeting of the Bank of Nova Scotia directors, held here to-day, H. A. Richardson, for some years manager of the Toronto branch, was appointed general manager of that institution.

Present to-day were: J. Y. Payzant, president; R. L. Borden, M.P.; Hector McInnes, H. L. McLeod, ex-general manager, and J. W. Allison.

Harry A. Richardson, the newly-appointed general manager of the Bank of Nova Scotia, has had an unbroken connection with that institution for nearly 30 years.

Richardson was transferred to the Halifax branch, after spending several years in the Garrison City, where he was appointed accountant at Charlottetown, P.E.I., and three years later was transferred to Montreal.

In 1891 he was made manager of the Sussex branch, going from there to Yarmouth, where, after serving five years, he returned to Charlottetown. In 1900 he left to take charge of the Toronto branch.

In the opinion of many Toronto commercial and financial men, no better appointment could have been made. Mr. Richardson is of a retiring disposition, but extremely frank in his relations with those with whom he comes in touch with him in his professional capacity.

A prominent Toronto financier and one of Mr. Richardson's close acquaintances said to "The World": "You will find Mr. Richardson a student with his interests concentrated on banking matters. The retiring general manager, H. C. McLeod, has set an example which Mr. Richardson will not be slow to follow, and his record in the past is a guarantee that the affairs of one of Canada's leading banks are left in capable hands."

Speaking in the appointment of Mr. Richardson, Alexander Laird of the Bank of Commerce, said: "He is regarded very highly personally and officially by the banking community, and I believe he will maintain the best traditions of banking. Personally I am a very glad man. Richardson is a very capable and conservative financier, and I am sure that he will stand very high with the public in his new office."

BIG MONTREALERS HERE
To Oppose Project to Develop Power at the Long Sault.

MONTREAL, Feb. 7.—(Special.)—Several Montrealers left here to-night for Toronto before the national Ontario watershed convention, in opposition to the proposed project largely supported by American capital, for the development of power at the Long Sault Rapids. The Montreal Board of Trade, Montreal Shipping Federation, Dominion Marine Association and Richeleu and Ontario Navigation Co.

John Kennedy, the well-known harbor engineer, will represent the harbor board, and Eugene Lafleur, K.C., and Ontario respectively. Mr. Lafleur and Smith are among the ablest corporation lawyers in Canada, and their engagement has aroused considerable comment. By their action it is looked upon as a shrewd move on the part of the Montreal Light, Heat and Power Co.

The impression is growing here that the power company is fearful of competition from the Long Sault development, that it has been guilty of work for a considerable time arousing opposition, and that it engineered the selection of Messrs. Lafleur and Smith. If this is true, they certainly have picked the best brains of the Montreal bar.

LOCAL OPTION AT HEAD OF LAKES
Campaign in Twin Cities This Year—C. N. R. Bridge Burned.

PORT ARTHUR, Feb. 7.—(Special.)—Rev. J. W. Ghurhill, president of the Thunder Bay Ministerial Association, has definitely announced that there will be a local option campaign in the two cities this year.

The bridge west of Mileage 113, on the Canadian Northern Railway, was burned this afternoon, rendering travel by wireless telegraph, which occurred off Cape Hatteras the other day, and asked if the government proposed to protect all the Canadian trade routes, more particularly the St. Lawrence. The senator tells his grace that he will give the rev. gentlemen till the 15th of February to retract, and if they fail to do so he will institute action-at-law against them.

PETERBORO PRINTERS STRIKE
None of the Three Papers Were Published Yesterday.

PETERBORO, Feb. 7.—(Special.)—As a result of the strike of the printers, none of the three local papers was issued to-day. The men are demanding an increase of \$2 per week.

The city council have appointed Thomas McGrath and Thomas Wilson assessors for 1910, at a salary of \$700 each.

PROTECTION OF THE WIRELESS
As Well as for a Navy for Canadian Trade Routes.

OTTAWA, Feb. 7.—(Special.)—E. N. Lewis drew the attention of the government to-day to the saving of life by wireless telegraph, which occurred off Cape Hatteras the other day, and asked if the government proposed to protect all the Canadian trade routes, more particularly the St. Lawrence. The senator tells his grace that he will give the rev. gentlemen till the 15th of February to retract, and if they fail to do so he will institute action-at-law against them.

DOMINION STEEL DENIALS.
MONTREAL, Feb. 7.—(Special.)—J. H. Plummer gives denial to the report that Mr. Brady of the I. C. R. Commission would join the Dominion Steel Company.

Mr. Plummer also gave it to be understood that the Toronto report, that the coal and steel merger would be delayed from that a holding company would be formed, was not correct.

PREPARE FOR COLD WEATHER.
Do you remember how chilly it was on Sunday last? That was a day when the fortunate owner of a fur-lined overcoat got in a pleasant day. He "had it" on the thinny clad community. And after all a fur-lined coat does not cost very much and one lasts for years. The price of furs is steadily going up, so that to buy to-day is to invest your money at a good interest. The Dineen Company have in the big sale some splendid fur and fur-lined coats which are being offered at a greatly reduced price. There is a popular line of very high-class coats at fifty dollars each.

INDICTMENTS AT PITTSBURG
Tax Collector, Bank President, Excise Officer and Capitalist on the Mat.

PITTSBURG, Feb. 7.—The Allegheny county grand jury late to-day returned a conspiracy indictment against the delinquent county tax collector, Max Leslie; E. H. Jennings, president of the Columbia National Bank; C. F. Nicola, retired capitalist; and the selection by councils of city depositaries in 1898.

TRUST, AND CAN'T SUE
Harvester Company Unable to Collect in Court for Money Owed.

CHARLOTTE, Mich., Feb. 7.—The International Harvester Co. has no standing in the courts of Michigan, unless it can prove that it is not a trust.

The company brought suit to collect a note and book account against two implement dealers, but the court set up the defence that the plaintiff is a trust, and as such, could not maintain the action.

CHURCH SERVICE AGAINST LAW
Rector Who Violated Health Department Held for Grand Jury.

NEWBURGH, N.Y., Feb. 7.—The Rev. Dr. W. W. Page, rector of St. John's Episcopal church at Cornwall, N.Y., was held for grand jury, charged with holding church services in violation of the law.

The vicar in violation of the law, the church closed because of an epidemic of scarlet fever.

Dr. Page was released on \$200 bail.

BRILLIANT METEORIC DISPLAY.
A brilliant meteor shot from the northern heavens last night at 10.40, and fell perpendicularly towards the horizon, leaving a silver-white trail about 30 degrees long.

MR. LAFLAMME'S ILLNESS
QUEBEC, Feb. 7.—It was stated at the seminary that Mr. Laflamme's condition is much improved. Mr. Laflamme, who is suffering from kidney trouble, was very low on Saturday, but happily is now showing marked improvement.

PRIZE FOR BEST ESSAY ON THE Y.M.C.A.
The World will give a cash prize of ten dollars for the best, one hundred word essay on the advantages of the Young Men's Christian Association.

In this way The World hopes to get in touch with the best young men of the city, and to encourage them to prepare plans. Rough estimates are that the subway will cost from \$80,000,000 to \$100,000,000.

NO CIVIC COMMITTEES
Montreal Council to Have a Real Innovation.

MONTREAL, Feb. 7.—(Special.)—The new city council met to-day and the committee should be abolished, this being the alleged cause of all the corruption.

CAUGHT JEWELRY BURGLAR
Niagara Falls Policeman Makes a Clever Capture.

NIAGARA FALLS, Ont., Feb. 7.—The jewelry store of George C. Dillman on Erie-avenue, this city, was the scene of a burglary this evening. Sergeant Welch of the city police noticed the shadow of a man in the store, and on investigating found a window in the rear of the store broken. Welch sent for Officer Dart, and placing him on guard at the front door, entered by the broken window and found a man, whom he arrested at the point of his revolver. His pockets were filled with valuable jewelry. His name is given as Bolekay, and his age as 23. He is said to hail from Buffalo.

SUBWAY FOR CHICAGO
Ninety Miles of it to Relieve Congested Traffic.

CHICAGO, Feb. 7.—A plan to relieve Chicago's congested traffic system by the construction of a 30-mile subway is believed to have been furthered to-night by the announcement that Blon J. Arnold has been appointed the city's subway engineer, to prepare plans. Rough estimates are that the subway will cost from \$80,000,000 to \$100,000,000.

INDICMENTS AT PITTSBURG

TUESDAY MORNING, FEB. 8, 1910.

THE SITUATION IN THE STATES.

Things do not look any too well in the United States. They have delayed so long the cure of evils that should have been cured years ago; the trusts and the financial highwaymen have become so well organized and at the same time so desperate in their methods; congress is so tied up to men like Cannon and Aldrich, the legislative steamers of the trusts that reform measures are almost impossible; the oceans of water have not yet been squeezed out of 75 p.c. of Wall-street securities, the it should have been done years ago; "the common people" are losing heart; in a word, there is such an accumulation of demoralized conditions that many a proud American has to confess to himself, if not aloud, that he almost despairs of his country.

An incident that throws a lurid light on the situation is found in the proposal to increase the postage rate on weekly and monthly magazines. Some time ago the postmaster-general intimated that the country was losing millions of dollars a year in carrying these publications at present rates. They were not only carried at a loss, but their advertising matter actually deprived the postoffice of postage that would otherwise accrue if advertisers had to use circulars instead. A substantial increase was suggested, supported even by President Taft. It now turns out that this very proper movement, as far as the postoffice was concerned, was more or less instigated by politicians at Washington, who resented the attacks made by these "muck-raking periodicals," as they call them, on Speaker Cannon, Senator Aldrich and Secretary Ballinger and their associates. The trust magnate who had also been abused by them endorsed the proposal to put the postal rates on a paying basis. The result has been that nearly all these organs of reform have "crawled," as the term goes. For instance, one New York illustrated weekly, which claims that it would cost it \$300,000 a year for the extra postage, has absolutely quit its attacks, and the Saturday Evening Post had a most mysterious article in the shape of an apologetic apology to Speaker Cannon two or three weeks ago. So, for the time being, the political manipulators at Washington have effectively silenced most of the "howlers" against the bad men aforesaid.

The Canadian who has money to invest had better keep clear of the New York stock market these days; no one knows what to-morrow will bring forth.

CIVIC TRANSPORTATION CONTROL.

Full justification of the tube proposals is to be found in the action taken by the board of control yesterday in deciding to apply to the legislature for power to prepare plans for a complete system of underground railways through the city. The board is to be congratulated at the same time on having taken the only step possible under the circumstances. One thing more remains to be done, and that is to secure power also to issue bonds to cover the cost of construction after a vote of approval by the people. The preparation of plans alone is only a step. Those plans must be realized. The city needs the transportation facilities which the corporations are seeking to supply. The corporations know that it is a profitable and necessary project. But it will be equally profitable under the control and ownership of the city. The accommodation must be supplied and the city should itself supply it.

The board of control should speak with no uncertain voice on this question. The corporations will argue with justice and reason that they should not be obstructed in their laudable efforts to develop commerce. The citizens have equally strong arguments touching their necessities and conveniences. It will be the duty of the city government to take such action as will meet the cases of both.

The citizens will not be satisfied to look forward to such negotiations as ended in 1881 by placing the street railway franchise outside the control of the citizens. They expect the situation to be handled in a business-like, skillful and efficient manner, so that the corporations need not complain about getting what they need, and the city shall have its rights fully protected and preserved.

STEWART HOUSTON.

The tall, handsome, gracious and gentlemanly figure so familiar to patrons of the Massey Hall for some years past will be sorely missed in social and business circles in Toronto. Stewart Houston was one of the picturesque and debonair Canadian type which makes it possible to realize what the future of the nation may be when it develops its own best characteristics.

His early death comes as a shock

even in these dark and dangerous days when disease has touched so many who might have expected to stay longer in the battle. But he will be remembered and that is better than only to be mourned. For he had many friends.

HASTEN SLOWLY.

To-day's meeting of the international waterways commission will probably reveal something new in the situation created by the demand of American capitalists for power rights on the St. Lawrence at the Long Sault Rapids. The provincial government is unquestionably deeply interested in the settlement of the matter in a way that will not endanger existing provincial rights. As a source of power for the needs of eastern Ontario it is the duty of both the national conservation commission and of the hydro-electric power commission to see that nothing is done that will interfere with such a supply to Canadian consumers in the future. The board of trade has the navigation problem before it, and this is one that engages the federal government. Altogether it is a matter that cannot be disposed of in a hurry, and there is no reason why it should. The widest investigation should be held, and a fair and complete agreement arrived at. Should the matter ever become one of international discussion the present proceedings should furnish no loop-holes for misunderstanding. That is only made possible by the avoidance of hasty agreements, and by exhaustive considerations of the rights of all parties at the present time. There is no desire to obstruct or harass enterprise of any kind, but experience teaches that in such affairs haste is gained by being slow.

ADDITIONAL POLICE PROTECTION.

A meeting of the police commission is to be held this morning to consider the additions that are now imperatively necessary to the local force. The present strength is 482 men of all ranks. There are less than 300 available for duty at a time. These work in three shifts, which enables one man to be allotted to every four miles of streets, or three men to slightly less than one square mile of territory. The growth of the population and the inevitable increase of crimes of violence with such increase of population, are matters of notoriety. At least 150 extra men are needed. How far the authorities will be able to square the necessities with the expense is a matter of keen interest to every thoughtful citizen.

Address to A. L. E. Davies.

The children's chorus, which sang the "Children's Crusade," in connection with the Mendelssohn cycle of concerts, have presented an address to A. L. E. Davies, their conductor. "Perfectly lovely" is the opinion of the girls of the chorus respecting Mr. Davies, while the boys tell him they liked him because he made them do what they wanted and they know now that he was right. Then, in chorus, boys and girls: "We were proud of you on the nights of the concerts when the audience clapped you and made you stand up."

Dispute Over Mining Stock.

An action is being tried in the non-jury assize court before Justice Clute, in which James A. Brook of Montreal is trying to recover \$2500 or 3600 shares of Crown Reserve mining stock from McIlwain & Armstrong, Toronto brokers. The plaintiff claims that as per agreement he bought from the defendants the shares and gave a note representing a \$1 payment on every share and deposited 10,000 shares of Crown Reserve with a Toronto bank. The defence deny that he signed the note or deposited the shares and claim that he is not entitled to the 3600 shares or the dividends from Dec. 1908. The case will be continued to-day.

Toronto Kennel Club.

The fifth competition for the Prince George Cup will be held to-night at the club rooms, Wolsely Hall, Gerard and Yonge. The program for the evening comprises all the toy breeds. In addition there will be a class of Alphas and a match of bull dog puppies and of red and black cocker puppies under six months.

Nervous Prostration For Three Years

"Dr. Miles' Restorative Nervine cured me of a period of nervous prostration of over three years duration, and the Anti-Pain Pills are as necessary to us as the roof of our house. They have been household remedies with us for many years."

WM. J. LOUGHRAN, 1214 Catherine St., Philadelphia, Penna.

Much sickness is due to nervous troubles. Headache, dizziness, epilepsy and insanity are nervous troubles. Then there is a large class of disorders which arise from a weakness of the nerves of an organ or part, as weak lungs, heart, stomach, kidney, bladder, eyes, etc. Dyspepsia and indigestion are usually the result of nervous disorders.

Restorative Nervine

soothes the irritated nerves, and assists the nerve cells to generate nerve force. Dr. Miles' Nervine is sold by all druggists. If the first bottle fails to benefit, your druggist will return your money.

CENTRAL OVERCROWDED CLASS-ROOMS THROGGED

Y. M. C. A. Cleared Off Big Debt and is Ready for New Era of Progress.

Overcrowded, stagnated for lack of room with classes too large for members to receive full justice, such is the condition at the Central Y.M.C.A. in the adult department. Scores of names on a waiting list of applicants for membership in the thronged boys' department of the Central Y.M.C.A. have been waiting for more room—more breathing space for the present membership, and elbow room for new comers. F. M. Pratt, the late secretary, achieved a brilliant success in taking charge of the Central Y.M.C.A., when interest was flagging with uphill work ahead. George A. Warburton, M.A., the new general secretary, entered on his duties of office with an atmosphere electric with enthusiasm, the spirit of progress and development. After a thorough analysis of the Toronto situation, the new secretary's metropolitan amalgamation policy has been generally approved.

The comprehensive methods of Y.M.C.A. extension work, such as the noon-hour study meetings conducted by Y. M. C. A. workers, and the other activities of the kind inaugurated at the Central Y.M.C.A., have been made fully applicable in the eastern and western districts with the new buildings as their local centers. They will be co-ordinated so that the methods and the best of each in each department will be available for the respective requirements of the fields.

Officers and Directors.

The high standing of the Central Y.M.C.A. is well reflected in its present officers and directors forming the board of management, who hold office until April 30. The board comprises Wm. Garfield, president; E. R. Wood, first vice-president; Harry R. Rye, second vice-president; A. F. Webster, treasurer; and L. A. Winter, recording secretary. The additional directors are: Robert Kilgus, G. Towner, Ferguson, J. R. L. Starr, G. Herbert Wood, W. A. Kemp, H. H. Gordon, Frank Veigh, William Craig, John A. Torg, John J. Garside, Hon. S. H. Blake, Evelyn McCrae, A. Hardy, Hon. J. J. MacLaren, Hon. Geo. A. Cox, N. W. Hoyles, K.C., and J. W. Flavelle, honorary solicitor. Hamilton C. Cassels, K.C., is the high water mark of membership making an expansion policy was reached in 1909, when the register contained a paid up roll of 2229, so that the three departments are in a position to meet the aggregate within the immediate range of the Central Y.M.C.A. activities. The contrast is a remarkable one between present conditions and those of a few years ago. When F. M. Pratt took charge the membership only totaled a few hundreds, and the association groined under the load of a staggering debt of \$100,000 and a half. Mr. Pratt had the satisfaction of helping in the raising of over \$100,000 for the removal of the association's financial obligations. So flourishing has become the Central Association that its annual budget now includes an item of nearly \$12,000 for membership fees. Five hundred of the members are on the following list that is enrolled members of evangelical churches.

Continuous Growth.

Cramped for class rooms and apparatus the educational work has made continuous growth. Sixteen different branches of study are conducted, including business, art, English literature, both for boys and girls, and for foreign, music and various young men's classes for the boys' department. The gymnasium attracts the active interest of at least 80 per cent. of the membership. It had the enormous aggregate attendance last year of 29,004 at the 810 gymnasium classes. Seven hundred and fifty young men and boys are physically trained by the physical directors. Health talks and classes in first aid are an important feature of the physical department work.

The Central has one rugby football and 17 basketball teams, besides the harrier and track teams. The average attendance in the various parlors, class rooms and gymnasium is estimated at 850. A social committee is assiduous in providing a large number of social evenings and about forty dinners, teas and suppers for the seniors, and an equal proportion for the boys' department.

The Religious Side.

The religious work of the Young Men's Christian Association shows a healthy life and growth, comparing in every respect with the social educational and physical department. Nine hundred young men and boys belong to the forty-four Bible study classes. One of these classes has a weekly supper each Monday night. The Bible classes include a gymnasium group of thirteen classes. Lectures on the Bible are held under the auspices of the religious department, and they are largely attended. The Sunday men's meetings have an average attendance of 252. The religious department holds weekly noon-hour meetings at several factories and at city fire halls.

Frederick Fox.

WINDSOR, Feb. 7.—(Special.)—Frederick Fox is dead at his residence, 153 Victoria-avenue, aged 45. About a year ago, while chatting with a friend, he absentmindedly put the lighted end of a cigar in his mouth, causing a severe burn on the lip. As the sore did not heal, he consulted a physician and after a careful examination, found that cancer was developing. He was president and general manager of the Erie Tobacco Co., being one of the first to manufacture Ontario tobacco, and one of the best known and most popular men in Windsor and Essex County.

AT OSGOODE HALL ANNOUNCEMENTS.

WHAT GENERAL ELECTION COSTS ON BRITISH ISLES

Average of About \$8600 For the Return of Each Member of Parliament.

It is officially stated, on the authority of returns solemnly made by every parliamentary candidate and election agent in the land, that the cost of the general election of 1906 was £1,166,853, says a writer in The London Daily Mail.

There are the Tariff Reform League and the free trade organizations, the licensed victuallers, the Primrose League, the suffragettes, and the anti-vaccinationists, the anti-vivisectionists, the anti-everything else, and there is no political agency side the other which is not estimated to cost more than half a million sterling, and some not less than £100,000.

THE CANDIDATE'S EXPENDITURE. The money they spend on posters and literature, on fees and propaganda generally does not come into the returns of election expenditure.

Still Looking for "Signs"

Keep in mind the dominant fact that mankind from its first appearance on the earth has been schooled by nature to look for signs; For invitations to taste; For suggestions as to what to wear.

Tell your story briefly, forcibly, truthfully, and address it through the proper media and you can successfully apply advertising as a means to increased distribution.

The advertising earnings of The Toronto World, 1909, were over forty per cent more than in the same month in 1908—as a live business man do you need any surer "Sign" than the brightest in the morning field is every day becoming a more potent factor in trade development—"increased distribution."

If you have goods to sell—reckon on THE WORLD to help you.

NEW PLAN FOR A BEAUTIFUL TORONTO

The above plan is a suggestion by R. B. Andrew of the Union Trust Co. for the opening of diagonal streets connecting the centres of resident population with the main business district and the water front.

Mr. Andrew is a member of the Civic Guild, which is on record as supporting diagonal streets diverging from the city hall, but he thinks his is the better scheme. University-street is already about 200 feet wide, and practically divides the city, cutting thru the centre of education and the parliament buildings. It could be continued from Queen to the water front for little expense.

COBALT—Cobalts Little Influenced by the Slumps on Wall Street

Cobalts Little Influenced by the Slumps on Wall Street

Main Market Holds Remarkably Well in Face of Weakness on Outside Exchanges—Some Advances Made.

World Office, Monday Evening, Feb. 7.—The firm attitude of the market for Cobalt was but little influenced by the sensational break on Wall Street today, and in some instances actual advances were scored in the local mining markets. Trading was more active than for some time and some half dozen of the cheaper stocks were picked out for special attention by traders and speculators.

Cobalt Lake was the favorite in the day's dealing. These shares were picked up in large volumes, the price reaching the high point of Saturday's advance. Quotations ranged between 21 and 22 cents, closing at the former figure.

Little Nipissing was the favorite feature of the day's transactions. This stock under an speculative movement made an advance of nearly two points to 31-32, but closed lower. Beaver and Rochester were also firmer, but were shaded at the close. The above mentioned issues were not maintained by some of the other lower priced securities. City of Cobalt dropped the price of the day's transactions. This stock under an speculative movement made an advance of nearly two points to 31-32, but closed lower. Beaver and Rochester were also firmer, but were shaded at the close. The above mentioned issues were not maintained by some of the other lower priced securities. City of Cobalt dropped the price of the day's transactions.

MUST Muzzle DOGS THROUGH WESTERN ONTARIO

Dominion and Provincial Authorities Combine in drastic Effort to Stamp Out Rabies.

OTTAWA, Feb. 7.—(Special.)—An order has been issued by the department of agriculture that all dogs in the western part of Ontario, or specifically that part of the province lying west of the eastern boundary of the York and Simcoe Counties, must either be securely chained in an outhouse or other building, or kept under lock and key, or else kept constantly muzzled, and the muzzle must be of such a character as to be satisfactory to the veterinary inspectors of the department. The order further states that in any municipality where rabies is known to exist, the muzzling privilege may be withdrawn, in which case all dogs must be detained or isolated by being chained or kept under lock and key.

For infringement of the regulation a maximum fine of \$200 may be imposed under the federal act, and under the provincial health act a fine of \$50 for each infringement of any regulation of the provincial health board may be exacted.

The provincial secretary has agreed to act in co-operation with the federal authorities.

It is estimated that there are 200 mad dogs at large in the "darker zone," and since May, 1907, 42 persons have been bitten, 20 of whom have died.

You perhaps--some have good claims in the North Country that you feel sure will develop into paying mines and have decided to form a Company to exploit them.

Then you'll need--a good prospectus--illustrated if possible--and with maps showing location of claims--nearness to transportation--surveys and discoveries--and various other printed matter--and advertising.

That's where I come in--for I have done much--and can offer the advertising of various mining companies to prove it.

I will compile, write, arrange and print a prospectus that will conform to the provisions of the Ontario Companies Act.

I will make, draw and publish maps and surveys, and attend to illustrations by photographic or other processes.

I will write, originate and place all advertising necessary in the daily press.

Send Me the Facts--I'll do the rest.

BUSINESS CHANCES.
WANTED—MAN WITH CAPITAL OF \$5000 to develop mining claims in Porcupine Gold Fields. This is one of the best claims in the district. "Box 8, World."

Queen's Hotel, Belleville, has been stricken with paralysis.

PORCUPINE PRICES MUST BE REASONABLE.

Porcupine still attracts attention, and a great activity in the way of sales is recorded. The general impression is that prospectors, those who own claims, are asking altogether too much for them. What has hitherto been the world-wide rule in regard to gold claims, prevail in Porcupine, and that is, the owners of claims may ask a reasonable price for them, they can only expect to get a small sum for them on closing a deal, leaving it to the purchaser to prove the property and pay for it in instalments as he develops, or turn it down if he does not find sufficient encouragement. At least this certainly will be the condition of the market until the boom comes. And the indications are that a boom is under way and that toward spring men will look to Porcupine from the four quarters of the globe. From the fact that there will be a great big speculative market there in gold shares, like what was known as Cripple Creek, and former springs and other places, in the meantime, some distance away and it is for those who have properties either to develop them quietly themselves, or to prepare to get the best terms for purchasers who will undertake to develop them.

RAND OUTPUT.

The Rand gold output for January is estimated at \$10,000,000. This, the 1000 ounces under a year ago, shows an increase over every month since August.

SILVER MARKET.

Samuel Montagu & Co., dealers in silver bullion, London, write under date Jan. 28: For nearly three weeks now silver has very varied features of the market has been its extreme steadiness. There has, however, been a fair amount of business during the past week, sales by Indian speculators being absorbed by purchases for China. Stocks in London are still accumulating and are said to amount to about a million sterling, but this may be re-estimated next week for Bombay. Pley & Abell write under date Jan. 27: There is practically no change to report in silver. After being up to 24-25, the price to-day is again 24-25, the same as last week. The only feature of interest has been that China has taken the place of India in being the main support of the market, while the bulk of the selling, and had not been for their sale, the Chinese purchases would not doubt have had more effect, as America has not been a free seller. Advice from China reports 200,000 ounces of silver therefore continues to provide the only cover against exports. Moreover, there is reported to be a considerable position open in China for a fall in exchange, which will prove a source of strength later on.

The daily output in Bombay is said to be 100,000 ounces.

PORCUPINE LAKE Gold Mines, Ltd.

CAPITAL \$1,000,000. PAR VALUE \$1.00.
We offer a limited number of shares at 25c. Particulars on request.

ACTIVITY AT PORCUPINE.

Stripping of Veins Giving Work to Hundreds.
Activity reigns at Porcupine City, says B. W. Pearson, mining engineer, who returned from the gold district yesterday.

Government surveyors are rapidly laying out the district and the mining recording office is also now being erected. The stripping of hundreds of claims is going on, work by a large army of men. The following interests in Cobalt and Porcupine, with an arrival from the north yesterday:

B. V. P. U. Rally.
The mid-winter rally of the Baptist Young People's Union was held last evening in the Parliament-street Baptist Church. Rev. H. Bingham, president of the union, was the speaker. The evening, taking for his text, "The Sovereignty of Christ." Selections were rendered by the Parliament-street choir. A new society from Eglinton was admitted to the union. The attendance was over 200.

Atlas Case Adjudged.

Magistrate Denison was not in court yesterday morning when Rev. George M. Atlas was called to answer the charges of fraud. Both were indisposed. Attorney Curry, K.C., appeared, having been retained by the Macedonian community, to aid in the civil prosecution. He will also bring the case in a number of the cases to the court on the 11th.

In the Cause of Arbitration.

BALTIMORE, Feb. 7.—There was a trial last night at the residence of Theodore Marburg, the American agent of the judicial arbitration body of the International Arbitration Association, which is being held in various parts of the country from time to time.

New Sub-Libraries.

George H. McKelvey, public librarian, wants to see the public. He is now at the site of the present railway office on Richmond-street, and other schemes of his in being a series of sub-libraries in East Toronto, one in Deer Park and one in the northwest of the city.

FINED \$2000 EACH.

Members of the Paper Board Association Plead Guilty.

NEW YORK, Feb. 7.—The Paper Board Association, made up of about forty paper-board manufacturing corporations, which was indicted and fined \$2000 each for a conspiracy to restrain trade, pleaded guilty to the charge.

Judge Hough said that the charge against the defendants was the same as that against the Fibre and Manila Paper Association, upon each of the members of which he had imposed a fine of \$2000 about a year ago. He said that the defendants in this case had pleaded guilty to the charge of \$2000 each.

Boils and Pimples.

Whenever your complexion is unattractive, your skin is unhealthy, and you are covered with blotches and pimples, when boils and festering sores abound, then your blood is bad. You should be doing at the sign of the Herald Nelson this night.

Magistrate Shaver of Cook's Court sentenced Angelo Peterson, a young Italian, to 48 months in the Central Prison for brutally assaulting William Jones of Port Credit.

CLAIM MONTREAL ESTATE.

Connecticut Quartet After Bishop Winnet's Property.

MONTREAL, Conn., Feb. 7.—Joseph Baudreau, an insurance man, to-day announced the completion of his plans to bring suit in Montreal in behalf of four claimants to recover a portion of the estate of the late Bishop Jacques Janvier Vinet. The bishop died intestate. Baudreau represents his father, Fabien Baudreau, and three other members of the family, who are advanced in years.

They claim rights thru a sister of Bishop Vinet. The estate has had a long history. The estate of St. Martin's, which included the sites of St. Martin's, St. Lawrence's Church and other buildings, besides \$100,000 in the bank.

No Lady Werer There.

In the runaway on West Queen-st. Saturday afternoon, when a frightened, unprovoked, created so much excitement, E. Gallagher, the driver, was accompanied only by a stable assistant. Gallagher states positively that no young ladies were with him.

How's This For a Fish?

Hon. Dr. Bauman has had a salmon trout shipped to him weighing between 30 and 35 pounds. It was caught by E. Fed. Blanchard in Clear Water Lake, in the Nipissing River district. The fisherman states positively that the minister considers it too fine a specimen to be cut up for the table, and he will have it mounted.

Wade H. Ellis of Ohio has resigned.

Wade H. Ellis of Ohio has resigned his position as assistant to the attorney-general in the U.S. department of justice at Washington, to accept the chairmanship of the Republican

HOW TO SHIP GOODS TO GOWANDA AND ELK LAKE.

As a result of the recent strike in the Gowanda and Elk Lake districts, the following routes have been established for the shipment of goods to these districts:

Goods for Gowanda and Elk Lake should be shipped to Toronto, and from there to the respective districts by the following routes:

1. By the Great Northern Railway to Cobalt, and then by the Cobalt & Northern Railway to Gowanda and Elk Lake.

2. By the Canadian Pacific Railway to Toronto, and then by the Toronto & North York Railway to Cobalt, and then by the Cobalt & Northern Railway to Gowanda and Elk Lake.

RECOVERIES ARE BEGINNING.

Notwithstanding another heavy decline in the larger stocks, mining securities demonstrate further strength yesterday. Many Cobalt stocks, as we have frequently pointed out, have been scraping on the bottom, and recoveries are perfectly natural.

Our advice to buy ROCHESTER, BEAVER, and COBALT LAKE still holds good, and there are other low-priced shares which offer exceptional speculative opportunities. Send us your orders, or write for information.

BUY LITTLE NIPISSING.

It is a shipping mine. Its paystreak runs over 4000 ozs. to the ton. We advise its immediate purchase.

AT OUR OFFICES NOT LATER THAN 4 o'Clock This (Tuesday) Afternoon

For the Unsold Part of \$1,750,000 of 6% First Mortgage Sinking Fund Bonds, with Bonus of 50% of the Par Value of the Bonds in Stock of the

STERLING COAL COMPANY, Limited

Subscriptions may be telegraphed at our expense. We recommend purchases of these securities, having thoroughly investigated, by every available means, conditions likely to affect the future of the Company. We consider the bond interest well secured and prospects excellent for dividends on the stock after completion of the programme outlined.

A. E. AMES & CO., Limited, Toronto. RODOLPHE FORGET, Montreal. JOHNSTON, MCCONNELL & ALLISON, Montreal.

Heavy Stocks of Apples Here at Montreal. Coincident with the report from Montreal that the stocks of apples at that point were heavy, while the demand was maintained at the minimum, it was stated by a local produce and fruit merchant yesterday that the situation in Toronto was just about the same as at the eastern apple trade.

Trade Brisk—Prices Higher Hogs Easier—Sheep, Lambs and Calves Steady. The receipts of live stock at the Union yards were 61 cars, consisting of 1247 cattle, 55 sheep and 19 calves. The quality of the cattle generally was better than for several weeks past, especially in the export class.

Market Notes. The live stock dealers, one and all, will be glad to hear that John Brown of Holstein, who was stricken down with paralysis yesterday, of which he was not expected to recover, has now recovered and is the best liked and highly respected of the drovers frequenting the Toronto market.

Representative Sales. McDonald & Halligan sold 14 butchers, 100 lbs. each, at \$5.25; 15 butchers, 90 lbs. each, at \$5.25; 10 butchers, 80 lbs. each, at \$5.25; 10 butchers, 70 lbs. each, at \$5.25; 10 butchers, 60 lbs. each, at \$5.25; 10 butchers, 50 lbs. each, at \$5.25; 10 butchers, 40 lbs. each, at \$5.25; 10 butchers, 30 lbs. each, at \$5.25; 10 butchers, 20 lbs. each, at \$5.25; 10 butchers, 10 lbs. each, at \$5.25.

Montreal Live Stock. Montreal, Feb. 7.—(Special.)—At the Montreal stock yards, west end, 400 receipts last week, 250 of which were sheep and lambs, 100 of which were hogs, and 250 of which were cattle. The market was steady, with prices advanced, owing to smaller receipts.

British Cattle Markets. LONDON, Feb. 7.—Liverpool cables quote live cattle (American) lower, 1 1/2-2 to 1 3/4-4, dressed weight. London steady, 1 1/2-2 to 1 3/4-4, refilled and beef steady, 1 1/2-2 to 1 3/4-4.

Chicago Live Stock. CHICAGO, Feb. 7.—(Special.)—Receipts, 1000 head; market, higher; sheep, 100 head; market, higher; hogs, 100 head; market, higher; calves, 100 head; market, higher.

Mill Feed—Manitoba Bran. 100 lbs. per ton, \$12.00; 200 lbs. per ton, \$12.00; 300 lbs. per ton, \$12.00; 400 lbs. per ton, \$12.00; 500 lbs. per ton, \$12.00; 600 lbs. per ton, \$12.00; 700 lbs. per ton, \$12.00; 800 lbs. per ton, \$12.00; 900 lbs. per ton, \$12.00; 1000 lbs. per ton, \$12.00.

Ontario Flour—Wheat Flour for export, 40 lbs. sack, \$4.00; 50 lbs. sack, \$4.00; 60 lbs. sack, \$4.00; 70 lbs. sack, \$4.00; 80 lbs. sack, \$4.00; 90 lbs. sack, \$4.00; 100 lbs. sack, \$4.00.

LAND MORE THAN REAL ESTATE

Canon Tucker Addresses Church of Redeemer at Men's Dinner.

"The Making of a Nation" was the theme of Rev. Canon Tucker, who was the principal speaker at the men's parish dinner of the Church of the Redeemer last night, at which over 100 men were present. The land, he said, was a sacred thing, but it meant more than land as real estate, or wheat fields, or gold mines, or corner lots. The vital thing was the manhood of its citizens. Whatever materialists might say, then were moral and spiritual beings, and would continue to be so to the end of time.

Canada had received every consecration known to history. Her sons had fought and suffered for the liberty of British citizenship. The suggestion of her name, "Dominion," was taken from the 72nd Psalm. "He shall have dominion also from sea to sea." The first erection in Canada was a cross. "And whatever we may think of their methods," he continued, "Canada owes to the Jesuit fathers a debt she can never forget."

Hon. A. B. Morine, K.C., spoke on

BAD LEG

FOR 60 Years

OLD LADY'S SENSATIONAL TESTIMONY TO ZAM-BUK.

Here is strong proof of how Zam-Buk cures long-standing sores, or chronic wounds. Mrs. J. Minnett, of 192 Thurbers Ave., Providence, Rhode Island, says: "When a child of eight I was bitten on the leg by a dog. The wound never healed up soundly, and I have suffered with an ulcerated leg for over 60 years. At one time, I was an in-patient at the East Suffolk Hospital for a long period, and for three years I was in and out of hospitals with it. I was continually in pain, and the sore would not heal, but continued to discharge. "Twelve months ago I came out here to my daughter, and as soon as she saw how bad the leg was she sent for a doctor. He gave me some ointment, but it did me no good. Doctors said my leg would never be healed. "One day my youngest daughter brought home a box of Zam-Buk and induced me to try it. With the first application I seemed to find ease. I kept on with the Zam-Buk treatment, and soon saw that the wound was getting better. I persevered, and, to cut a long story short, Zam-Buk healed up the sore! It is marvellous to think that, after suffering for sixty years, Zam-Buk has been able to heal the wound."

Zam-Buk is superior because it is nature's own healer, composed entirely of pure herbal essences. For eczema, ulcers, cold sores, chaps, abscesses, piles, burns, scalds, cuts, bruises, rashes, etc., it is unequalled. All druggists and stores 50c box, or post free from Zam-Buk Co., Toronto, for price

YORK COUNTY West Toronto North Toronto East Toronto

MONARCH RAILWAY WANTS A CHARTER TO BARRIE

Approach York Township in Matter—May Build This Summer—Gas Gusher Still Flows.

Reeve Henry presided at Monday's meeting of the York Township Council, the outstanding feature of which was the presence of a large deputation of the Earlscourt, Fairbank and Wychwood people in relation to school matters. The acquisition by the city of the big areas lately added on to the township has rearranged some of the school sections, notably 12 and 25, and these in turn are anxious to annex some of the area at present incorporated in 14 and 15.

Little progress was made and the whole matter was left over for a while in order that the school sections and the city may get together, and the township council has arranged for a deputation to approach the township council in the near future.

Among the gentlemen present were: W. A. Robinson, W. A. Stevens, Mr. Lowrey, Andrew Weaver, W. Dever, John Stevens, W. A. Parsons, Fred Mulholland and Mr. Spencer. The Monarch Railway Co., thru their solicitors, Messrs. Corley & Price, are anxious to secure the final support of the council in their application for a charter. The proposal is to extend the line northerly to Barrie, Orillia and on. Where the railway does not touch larger towns in its passage thru the counties it is proposed to run branch lines and thereby take in large areas. No action was taken by council.

The general purpose expenses for the current month are \$2760.93. The Good Roads Association will meet in the York County Council chamber on March 2.

The secretary of the Sick Children's Hospital acknowledged the receipt of \$25, the amount given by the township. The appointment of assessors for the year was made—Bowers, Downs, John Lowndsbrough and George R. Goulding—being the amount of salary could not be definitely fixed at present.

A communication from Solicitor Starr was received re the crossing over the Belt Line Railway in connection with the Montreal road thru Mount Pleasant Cemetery.

Commissioner Pinder will discharge the duties of the M. H. O. in lieu of Messrs. Carter and Mitchell, resigned. The township council will probably install a telephone in Mr. Pinder's house, the better to facilitate township business generally.

NORTH TORONTO.

Natural Gas Flow Still Shows No Signs of Abating.

NORTH TORONTO, Feb. 7.—The flow of natural gas from the water-works still shows no sign of giving out. The contractors are busy boring another hole about three feet from the first. If the gas blows up this one they will record a new pressure and continue boring to the depth of 100 feet in search of water. At 5 o'clock to-night they had reached a depth of 20 feet.

The flare coming from the pipe made the surrounding atmosphere quite comfortable for the men to work in to-day and many citizens warmed their hands at the blaze. The water, fire and light committee met on ground this afternoon and decided to let the gas burn continuously, so as to test its permanence. Mr. Stubbard, who owns a considerable section of the same ravine is an interested party.

The strike has aroused considerable interest in town, and natural gas and its possibilities are the topics of the hour.

Rev. F. Beveridge Smith, president British Welcome League, will deliver a lecture to-morrow night in Eglinton Methodist Church.

Eglinton Young Men's Club gave a fine minstrel show in the town hall to-night. The chair was occupied by Albert Chamberlain, president of the British Welcome League, will deliver a lecture to-morrow night in Eglinton Methodist Church.

WEST TORONTO.

WEST TORONTO, Feb. 7.—George Stratton, real estate agent, was found dead last night, sitting in a chair, at his home, 4 Packham-avenue, where he has lived alone for several years. He was 68 years old. Chief Coroner Johnson was notified, but he decided that an inquest was unnecessary, because being due to natural causes. Wm. C. Stratton is a brother of the deceased.

After a severe illness, Sergeant Johnson has returned to duty as night sergeant at the Keele street (No. 9) police station. Sergeant Murphy is on duty during the day.

A chestlain containing \$20 was stolen from the residence of Mrs. J. D. Mundy this afternoon.

Rev. F. Beveridge Smith of St. John's Episcopal Church found a milk ruff lying at the gateway of his residence, West Annetree-street, last Friday evening. He has notified the police.

Something very much desired in ward seven just now is a free rink for the accommodation of the boys and girls.

PICKERING.

PICKERING, Feb. 7.—(Special.)—The funeral of Mrs. E. O'Leary was largely attended on Sunday afternoon at the Union Cemetery. A bride of eight months survives.

George Long is lying ill at his residence here, having suffered an attack of paralysis.

Arthur Lynde, teller of the Standard Bank here, has been incapacitated for several days with cold, influenza, diphtheria and other ailments.

The county council have decided to assume 50 per cent. of the cost of the new base-line bridge.

ANSWER TO CORRESPONDENT.

Editor World: Kindly answer the following question thru the columns of the World. Is Miss Florence Nightingale still living and if so, can you state anything as to her present circumstances? Mrs. D. Brown.

Brown's Corners, Ont. Miss Florence Nightingale, born May 12, and now in her 80th year, is still living, and comparatively well, and valid, requiring to be wheeled from room to room, retains all her faculties, and still takes a keen interest in current affairs. While refusing to accept a testimonial of \$50,000 from the British nation tendered as a tribute in view of her heroic work during the Crimean war, she later consented to its acceptance on condition that the money be devoted to the founding of a Nurses' Home, which was done. She is in comfortable circumstances. Her address is 10 South-street, Park Lane, London, England.

WATCH WESTON GROW.

Winding for two miles along the eastern bank of the river, the Village of Weston, with its six churches, spacious public school, and wide streets, is the most beautiful of all the residential suburbs of the city.

At both ends of the village are excellent factory sites of from one to twenty acres, convenient siding from the G.T.R. and C.P.R. easily obtainable. There are eighteen trains daily, nine on each railway to and from Toronto, timed to suit both business men and tourists.

Streets and residences have electric light, gas being arranged for, and an excellent waterworks system is now being installed, affording all modern conveniences. The suburban street railway gives a twenty minute service connecting to Keele-street with the Dundas cars, or to the station and Victoria-street, M. 2300, have a branch real estate office, at 291 Main-street, Weston, and are selling building lots, per foot, residences with gardens and fruit from \$900 to \$4500, also farms from \$70 per acre up, also several houses to rent.

TREASURER \$424,000 SHORT

Happened During Period of Twenty Years—in Jail Now.

BOSTON, Feb. 7.—A shortage of \$424,442 in the accounts of John A. Hall, treasurer of the Southbridge Savings Bank, was shown to-day when Bank Commissioner Arthur B. Chapin made public his report.

The shortage covers a period of 20 years. Hall is at present confined in jail. He disappeared with the money very being examined last month, but later gave himself up.

The methods employed were to raise arbitrarily the amount of weekly payments entered upon the counterbook to raise the amount of weekly payments when posting in the cash books, and to credit cash for fictitious personal or town loans or deposits in banks, the amount of which would be added to the weekly withdrawals and debited to the deposit account.

Triple Shooting.

INDIANAPOLIS, Ind., Feb. 7.—Home-er C. Cope, a bricklayer, to-day shot and killed his mother-in-law, Mrs. Louise C. George, who was sitting at the table, when he fired a shot from the same weapon. Cope and his wife had separated.

Women Cannot be Strong and Healthy Unless the Kidneys are Well.

Weak, lame or aching backs are the first sign of kidney trouble. Under ordinary conditions they ought to be strong and ready to bear the burdens of life.

It is hard to do housework with a weak and aching back. Backaches come from sick kidneys, and what a lot of trouble sick kidneys cause.

But they can't help it. If more work is put on them than they can stand it is not to be wondered that they get out of order. Weak back is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney troubles.

Doan's Kidney Pills will cure you in the same way as they have cured thousands of others.

Miss Alberta B. Clarke, Stoney Creek, Ont., writes: "I was troubled with kidney trouble for several years; my back was weak, I had such terrible headaches, and I was unable to sleep at night and tried everything without any benefit. Meantime a friend advised me to try Doan's Kidney Pills, so I got four boxes and they completely cured me. I now feel as well as I ever did and would advise everyone suffering from Kidney Disease to try them."

Price 50 cents per box, or 3 for \$1.25, at all dealers or The J. M. Milburn Co., Limited, Toronto, Ont.

In ordering specify "Doan's."

THE SIMPSON COMPANY, LIMITED.

H. H. FUDGER, President; J. WOOD, Manager. Tuesday, Feb. 8, 1910.

"There's Nothing Like Leather"

Leather chairs and couches are selling very cheaply to-morrow. You can make a nice saving by accepting any of these February discounts.

Large Arm Chairs, white quartered oak, early English finish, with loose cushions, a full leather back and head rest, the back of chair sloping, which makes it very restful. Regular price \$22.00, for \$17.40.

Three-piece Library Set, old German design, in solid white quartered oak, early English finish, leather seats and backs; can be sold separately, if desired. Regular price \$52.75, for \$40.00.

Couches of Russian pebble leather, full 30 inches wide by 6 feet long, with solid oak frame, carved feet. Prices ranging as high as \$38.50, for \$26.80.

A large Arm Rocker and a large Arm Chair, early English finish, made of rattan splint; the very best of cowhide leather, loose cushions; a great library pair. Regular price \$29.50 each, for \$23.00.

Men who appreciate the comfort of union suit underwear are those whom we address now. These "combinations" have everything to recommend them—perfect in every way. Only their prices have been injured.

Important: 1. Be here at 8 o'clock sharp. 2. Phone orders not filled after 9 a.m. 150 Suits of "Superior" Heavy Elastic Ribbed Combinations. \$3 and \$3.50 Combinations Suits for Men, Reduced to \$1.19.

160 Pairs of Men's \$3.25, \$3.50, \$3.75 and \$4.00 Worsted Trousers for \$2.49

Good news for brave suits holding out against the awful odds of time and winter wear. With the timely reinforcement of an extra pair of pants, the average suit can fight right through till the spring.

160 pairs Men's Fine High-grade Worsteds Pants, made from imported West of England worsted trouserings, in neat fancy stripe effects and dark grey mixtures, well tailored, and cut in the latest style. Sizes 32 to 44. Regular \$3.25 to \$4.00. To clear Wednesday, \$2.49.

FREIGHT CREW DIDN'T STOP TO PICK UP MAN ON TRACK

Resulted in the Death of Young Gordon Clarke—Inquest Will Be Resumed Wednesday Night.

WOODSTOCK, Feb. 7.—(Special.)—The inquest into the death of Gordon Clarke, who was killed on the G.T.R. track while riding a freight train back to Ingersoll after the hockey game on Thursday night, will be resumed in Ingersoll on Wednesday night.

It will likely be brought out in evidence that the crew of an eastbound freight train reported at both Ingersoll and Woodstock that the body of a man was lying on the switch just east of Ingersoll, and they would pick him up. "If they had, he would have probably survived the injuries which no doubt disabled him after he fell from the train. It is supposed he broke a leg and that he was unable to climb from the track owing to the snow-banks, and fainting on the rails. A later train ran him down, mangling him in a terrible manner."

McMaster Wine Debate.

"That the Lloyd-George budget was an unwise financial measure" was the subject of debate in the Inter-College Debating Union between Victoria College and McMaster University in commemoration hall last night.

Handling their side of the question with an excellent display of oratory and a skillfulness in adducing arguments which evoked considerable applause, Joe Weaving and Roy Weaver of McMaster, who took the affirmative, clearly outscored their opponents, G.H. Glover and J. J. Pearson. The judges were Prof. T. B. Kilpatrick, Prof. Jas. Mavor and J. A. Paterson, K.C.

Kingston Happenings.

KINGSTON, Feb. 7.—(Special.)—William H. Wormwith has disposed of his interest in the piano works to H. W. Richardson and G. Y. Osborn, realizing \$40,000. He retains the presidency and general management.

The thermometer registered 13 below zero to-day. Albert Butterfield, sentenced at Stratford June 23 last, to five years for forgery, is dead from spinal meningitis.

Double Tracking T. & N. O. Demand for increased facilities has led the T. & N. O. Railway to lay a double track between Cobalt and Haliburton. The contract has been let to R. J. McGaw of Haliburton and construction work will be pushed forward without delay. This will complete the double track strip which now runs only from Haliburton to North Cobalt.

Going to East Africa. T. W. W. Crawford sails to-day for his mission field in Kenya, British East Africa.

BAR OUT IMMIGRANTS

E. N. Lewis Makes Up a List of Foreign Undesirables.

OTTAWA, Feb. 7.—(Special.)—In the house to-day E. N. Lewis introduced a bill to amend the Emigration Act. The bill provides that weapons must not be exposed for sale in places where they will come under the notice of immigrants; that immigrants must not be permitted to bring knives, dirks, etc., into the country, and that the emigration to Canada of people living south of 40 degree north latitude and east of 20 degrees east longitude in Europe, and also Turks and Asiatics be prohibited.

School Boys' Bugle Band. A circular was issued by Inspector Hughes yesterday that the first rehearsal of the Boys' Bugle Band will be held at the King Edward school at 4.15 to-day. John Slatter, Bandmaster of the 48th Highlanders, will be in charge. The bugle band is expected to play at the Empire Day concert in Massey Hall.

Laymen's Movement. An interdenominational convention of the Laymen's Missionary Movement will be held in Brantford on Thursday and Friday of this week. The speakers from Toronto taking part will be: Canon Tucker, Rev. W. T. Stackhouse,

January fire losses in America were \$1,000,000 less than for January last year, but aggregate fifteen millions.

Between three and four thousand delegates are expected to attend the big Conservative convention at Ottawa in June.

An "Aeration week" is in progress at Heliopolis, Egypt.

ESTATE NOTICES.

IN THE ESTATE OF URSULA JANE DAVIS, late of the City of Toronto, in the County of York, Widow, Deceased.

Notice is hereby given, pursuant to above-named Ursula Jane Davis, who died on or about the 2nd day of October, 1909, are required to be paid by post, prepaid, or delivered to George S. Kilbourn, Executor of the Estate of the deceased, their names, addresses and descriptions, the full particulars of their claims, a statement of their accounts, and the nature of the securities, if any, held by them.

And further notice is given that the said last-mentioned executor or executors will proceed to distribute the assets of the estate, and to pay the claims thereto, having regard only to the claims of which he shall have notice, and will not be liable for the said assets, or any part thereof so distributed to any person or persons of whose claims notice has not been received at the time of such distribution.

Dated at Owen Sound this 17th day of January, 1910. KILBOURN & KILBOURN, Solicitors for the Executor.

JUDICIAL NOTICE TO CREDITORS, Contributors, Shareholders and Members of the Otis-Currie Consolidated Silver Mines, Limited.

PURSUANT to the Winding-Up Order in this matter the official referee will on Tuesday, the 1st day of March, 1910, at the hour of 4 o'clock in the afternoon, at his office in the Home Life Building, 200-202 Adelaide and Victoria-streets, Toronto, Ontario, receive and consider the claims of all persons who have claims against the above company and let all parties then attend.

GEO. RAPPAPORT, Official Referee. Dated this 4th day of February, 1910.

APPLICATION TO PARLIAMENT

Notice is hereby given that an Application will be made by the Corporation of the Township of York to the Legislature of the Province of Ontario at its next session, for an act amending the act entitled "An Act respecting the Township of York," being Chapter 126, 3rd Ed. VII, by changing the words in the second line of clause 1 to read as follows: "Within one year after the 15th April, 1910, instead of 'within one year after the passing of this act'."

MASTEN, STARR, SPENCE & CAMERON, Solicitors for the Applicant. Dated the 25th day of January, A.D. 1910.
