TORONTO SHOE FIRM CHARGED CONTRARY TO FAIR PRICES ACT Judgment Given by Commerce Board Against Manhattan Shoe Company. URGE PROSECUTION

Washington, June 16.--(Special).--The rumor is current that President Wilson may attend the National Democratic convention at San Francisco. The convention will be the field for a life-and-death struggle between the president and his former secretary of state, Hon. William J. Bryan. Mr. Bryan is counting on his personality as a great factor at the convention, but if the president put in an appearance he would undoubtedly occupy the centre of the stage and crowd even Mr. Bryan into the wings. Beyond doubt the Democrats are more sanguine of success than they were before the Republicans held their convention. They will make an earnest attempt to hold together and glide as best they can over the approaching planks that will be presented for incorporation into the party platform. The first of these will be a straight-out flat-footed endorsement of the peace treaty and the league of nations without any reservations. This plank will be insisted upon by President Wilson, and those who oppose it will have to face an enemy in the White House until the end of Mr. Wilson's term. The president is said to be unyielding in his demand.

All indications yesterday pointed toward a street-carless service in Toronto on Friday. The T.S.R. Company are not likely to make any offers of an increased wage, even if the directors of the company can be gathered together to consider the matter before the men actually strike, and the men are just as determined to hold out for their 66-cent per hour as they were on Monday night. There can be no doubt that Toronto will be jitting and walking to and from work on Friday. There are two peculiar features in connection with the threatened strike--an entire lack of any ill-feeling between the company and the men, and the non-serious aspect with which the general public are viewing the threatened inconvenience. One of the railwaymen's committee--Bert Merson--said yesterday that the men hoped for the sympathy of the public. The World yesterday spent some time listening to conversations amongst people who count and who will be the real sufferers by the strike. A young girl, who works in a card box factory, and earns perhaps \$8 per week; a parcel girl in a big store, at perhaps \$10 per week; a store clerk at \$20 per week; a lady clerk in a law office, at \$18 per week; a bank clerk on his small salary; a laborer at \$18 to \$20 per week or an ordinary work-

KEEP 'BRITAIN OUT OF U.S.-JAPANESE TANGLE Tokyo, June 16.--Japan inserted an article in the Anglo-Japanese alliance pact of 1911 to remove the risk of Britain becoming involved in any dispute between the United States and Japan. It was declared today by Viscount Kato, former foreign minister, in an interview urging renewal of the treaty. Viscount Kato, who negotiated the treaty with Viscount Grey, said both thought the United States should be specifically mentioned, but that the Tokyo government preferred not to use the name.

Ottawa, June 16.--(Special).--The political situation as far as the Unionist party is concerned is clearing somewhat. The government hope to see parliament complete its work by Saturday, June 19, and have prorogued the week end of their measures. They have finished the budget, and must get the rest of the estimate passed. They have also to finish the franchise act. They have also to carry their last important bill, and it was introduced today, to give the government power to regulate the export of the products of Canada. They have especially in mind control of the export of paper so as to secure a supply for the Canadian press. But the powers of the bill are wide, and could include the export of almost any product of Canada. There will be a supply for the Canadian press, but the government can force it through and be able to let parliament go home before the end of the month. But a still more pressing question than its legislation to the government and its supporters is the question of Robert Borden's resignation, and if so who is to succeed? And will there be a caucus to settle all this before the members leave for home? Next Week's Caucus. That caucus will be next week. (Continued on Page 5, Column 1.)

Ottawa, June 16.--(By Canadian Press).--A judgment signed by Commissioners W. F. O'Connor and James Murdoch, the board of commerce finds Messrs. S. N. and K. N. Saba, trading as the Manhattan Shoe Company, of Toronto, guilty of an offence against section 17 of the combines and fair prices act, in that they sold to Robert Lachapelle a pair of shoes for \$22.00, being a price higher than was reasonable and just; and the board directs K. N. and S. N. Saba and each of them to mark in plain and legible figures on the sole of each pair of boots, shoes, slippers, pumps and other like articles, which now are or may hereafter for the space of twelve months from this date be held for sale or offered for sale by them, or either of them, the price to the customer. This case involves the purchase of a pair of shoes from the Manhattan Shoe Company on May 5, 1920, for \$22. Charged \$22 for Shoes. At the hearing at Toronto, on June 14, it was shown that the shoes in question cost \$8.25 a pair at the factory and that the complainant paid for the shoes brought up the cost to the vendor, the Manhattan Shoe Company, to \$9.75, the shoes being thereupon marked up for sale at \$14 a pair, but were actually sold to the complainant on May 8 for \$22. The judgment says: "The board accepts the offer made by counsel for the defendants of restitution of \$22 on the shoes being returned to them, and directs that the defendant refund the \$22 to the complainant and that restitution of the shoes to the defendant be made when the attorney-general of Ontario shall no longer require the use of said shoes as evidence; but the board is unable to accept the further suggestion of counsel for the defendant that the matter be allowed to drop there."

Then Governor Edwards of New Jersey and a considerable number of delegates will want a wet plank in the party platform. Generally speaking, the Democrats have posed as the party of personal liberty, and the demand for some expression of views on the eighteenth amendment will be called for vehemently. Mr. Bryan and Mr. Wilson will probably unite in keeping this plank out of the platform, but they and their followers will face a more awkward demand when a plank is requested on the Irish question. The Republicans had no difficulty in side-stepping a plank of this kind, because the Irish vote has been against the party.

SINISTER RUMORS AT OTTAWA OF SENSATIONAL SUGAR SCANDAL Resignation of W. F. O'Connor from Board of Commerce Darkens Shadow Over That Organization. Ottawa, June 16.--The resignation of W. F. O'Connor from the board of commerce only increased the shadow that enfolded that unfortunate of a hastened kind. The sugar situation is one of the sources of a great scandal for the Canadian public. Immense fortunes have been made and correspondence not yet divulged threatens to sooner or later shock the Canadian public.

"Scooped" Again. The World was the first newspaper in Toronto to announce the mysterious disappearance of Ambrose Small. Ever since that day it has consistently led the other Toronto papers in first publication of interesting facts concerning the case as they appeared. The others have had to content themselves with printing a rehash of The World's news. In this connection it may be noted that not a single statement of The World's in regard to Mr. Small's disappearance has ever been contradicted.

Budget Resolutions Pass. A great variety of business was transacted and dealt with in parliament today. Chief among the government's accomplishments was the passage of its budget resolutions in their entirety, and the securing of first reading for the bill based upon them. In view of the novel and highly controversial nature of some of the new taxation measures, the progress made was remarkable, and the (Continued on Page 7, Col. 2.)

Government Ownership as Against Government Control Has Advocates. FINAL ACTION TODAY Montreal, June 16.--When the American Federation of Labor adjourned today's session of its convention here, one of the bitter debates on record was being waged on the question of whether the federation should endorse "government ownership" or "government control" of the American railroads. The administrative forces of the federation, backing the report of the resolutions committee for the approval of "government control" were opposing the railroad employees' organizations and their supporters in urging for the endorsement "government ownership" with democratic operation of the railroads.

CHANGE IN TRAINS TORONTO-BELLEVILLE Understood G.T.R. Will Extend Service Daily, Except Sunday, Thru to Kingston. Kingston, Ont., June 16.--(Special).--It has been definitely decided, it is understood, to operate the Toronto-Montreal mail trains and the Toronto-Belleville and Toronto-Kingston, Ont. C.N.R. line from Napanee to Brighton, giving down-town train service on the local routes, and Deseronto and Trenton G.T.R. service. It is also proposed that trains at present being operated as locals between Belleville and Toronto will instead continue to Kingston daily, except Sunday. For this purpose a turn-table lying in Brockville yards since its removal from the shops, is being shipped to Kingston. It is too small to accommodate the heavier classes of locomotives, but will be of service in turning smaller locomotives which will run on the Kingston-Toronto trains.

MOVE TO BLOCK SINN FEIN PLANS Amendments Designed to Prevent Setting Up of Republican Parliament. London, June 16.--The house of commons has tabled proposed amendments to the Irish home rule bill, which were designed to prevent setting up a republican parliament in Ireland by making it essential that all candidates take the oath of allegiance to Great Britain in order to qualify for office. The amendments also provided that under certain conditions the British government in Ireland would be empowered to assume supreme legislative authority. Sinn Fein sympathizers declared the amendments bore out their prediction that the government had a joker up its sleeve, adding that no Sinn Feiner would take the oath of allegiance.

DOUGHTY ABDUCTION RUMOR DISSOLVED Letter Received by Friend Five Days After Disappearance Falsifies Theory. In connection with the disappearance of John Doughty, the private secretary to A. J. Small, many persons interested in the case have formed an opinion that he had met the same fate as his employer, as he was supposed to know "too much" to be allowed to be a large factor in the World's learning yesterday that any such belief is founded on false calculations, as five days after Doughty mysteriously left Toronto a close friend of his in Toronto received a letter from him. This friend, who at that time had no suspicion that Doughty was performing a disappearing act, threw away the envelope and only retained the letter. A few days later, when this same gentleman received a telegram from the Montreal employers of Doughty asking for a report on the secretary's state of health, the friend learned for the first time that Doughty had not returned to Montreal on the Sunday night. A search for his in Toronto proved fruitless and as the letter itself contained no address, no clue could be obtained to the wanted man's whereabouts. One thing, however, is certain. Doughty was alive and well on January 2nd of the present year, or five days after he had disappeared from Toronto.

INQUIRE INTO CHARGES OF ALLEGED BRIBERY If U.F.O. Whip Makes Definite Accusation, Proceedings Will Follow. Andrew Hicks, U.F.O. whip has admitted that he was correctly reported as saying that the "big interests" had been a factor in the members of the legislature, and a few members were prepared to give the name or names of his informant at the proper time. Mr. Hicks, who previously denied having made any such statement, told the World that he had received a letter from Hon. W. E. Raney, general and acting premier, told The World that he had received a letter from Mr. Hicks, but he declined to disclose its contents. Mr. Raney, also, said he would not instigate proceedings in the matter until definite charges are made.

LONG CONFERENCE ON IRISH STRIKE Adjourning Taken Until Today Without a Definite Decision. Bristol, June 16.--Irish delegates and the entire executive committee of the national union of railwaymen, in conference here today, considered the Irish strike situation for a half hour. Adjourning was taken until tomorrow without a definite decision being reached. James Henry Thomas, general secretary of the railwaymen's union, told the conference that all executive committees desired from all sections of the Irish people their views on the very serious state of affairs now existing.

HIGHER BRANTFORD FARES MEETING NO OBJECTIONS Brantford, June 16.--(Special).--The introduction of five-cent fares on the street railway has met with practically no objections according to the street railway officials. It was stated that from a revenue increase standpoint it was too early to say whether the increase in fares would be straight fares would prove successful or not. It was thought, however, that five-cent fares would help the commission a whole lot when the returns for the year were considered.

MISSIONARY SLAIN BY CHINESE REBELS Northern Troops, in Retreat From Chang-Sha, Commit Outrage. Peking, June 16.--Chang-Sha, capital of the province of Hu-Nan, on the Siang-Kiang River, has been occupied by troops of the southern Chinese rebel. Northern troops retired to ward Yo-Chow, 50 miles northward, having offered little opposition to the advance of the Wu-cheng-Chang-Sha. The American legation here was informed today that General Chang Ching-Yao's northern troops in their retreat from Chang-Sha attacked the Reformed Church mission at Yo-Chow, 50 miles north of Chang-Sha, and killed the Rev. Mr. W. A. Heimert, LL.M., on the Wu-cheng-Chang-Sha railway, southwest of Chang-Sha, was attacked. The foreigners in the town escaped to Ping Siang, to the eastward of Liding.

ATTIRE OF BRIDE SHOCKS PRIEST; WEDDING CEREMONY IS POSTPONED New Orleans Priest Refuses to Officiate Until Woman Dresses Herself More Modestly. New Orleans, June 16.--A wedding ceremony in St. Louis Cathedral was postponed several hours today, because the officiating priest, Father Antoine, who was officiating at the wedding, declared the bride was immodestly attired and violated a recent order of Archbishop Shaw of the diocese of New Orleans, relative to wearing apparel. The priest declared the bride appeared to him "so shocking that he had the sexton put out the lights so that she might retire and properly clothe herself."

STRIKE ON HYDRO CANAL WILL NOT TIE UP WORK Men Will Be Imported to Take Places of Strikers Who Quit Yesterday--Sir Adam Beck's Statement Shows Workers Are Well Paid. Niagara Falls, Ont., June 16.--The men on the Hydro canal job went on strike at 9 this morning following the notice given by the Hydro that the job was going on a ten-hour basis with straight time. A mass meeting of the federation held today, voted in favor of a strike. The strike committee has offered to supply electricians, pump runners and air compressors for the preservation of life and property. Mr. Acres, engineer in charge, when interviewed, said: "It is up to the men. The work is there if the men want it. There is no intention of closing down. Work will continue and men will be imported."

MONTREAL REFINERIES ADVANCE SUGAR PRICE Montreal, June 16.--Notices were sent out this afternoon by all the Montreal sugar refineries that from 4 p.m. today the price of granulated sugar would go up two cents per pound or \$2 per 100-lb. bag at the refineries. J. Stanley Cook, secretary of the board of trade, also stated today that the wholesale price of granulated sugar in Montreal would be 21 cents a pound with proportionate increases in other parts of Canada, according to the freight charges.

TO RELEASE PRISONERS. Dublin, June 16.--The new policy of the British government toward Ireland, soon to be instituted, involves the unconditional release of all Sinn Fein prisoners who have not been convicted, it was learned on good authority here today.

LABOR FEDERATION OUT OF POLITICS Congress Urged to Stop Profiteering—New Steel Strike Looms.

Montreal, June 16.—Organized labor in the annual convention of the American Federation of Labor here today called upon congress to curb profiteering, endorsed President Samuel Gompers' non-partisan political program, approved the Irish republic and requested withdrawal of armed forces from Ireland, and laid the foundation for another steel strike.

The federation declared war on the Kansas code of industrial relations and anti-strike legislation now before the legislature in Colorado and Nebraska. The recent railroad strike was condemned by the federation as a "reactionary movement to discredit the recognized organizations in the railway service. Any union giving moral or financial aid to such walkouts was threatened with revocation of charter. Congress was urged by a vote of the convention to enact legislation for the absolute exclusion of Japanese and other Asiatic immigrants and "picture brides."

CENTRAL ALBERTA CROP CONDITIONS REACH "IDEAL"

Edmonton, June 16.—"Crop conditions in central Alberta are absolutely ideal. I have never seen anything like it," declared James McCall, commissioner of the provincial department of agriculture, yesterday. "This moist weather is bringing the grain along in wonderful style. The wheat and oats are growing rapidly and the blades are plump and luscious. They look like onion shoots, so fat and full of moisture are they. Only in one small district in the south of the province, that lying immediately north and east of Lethbridge and MacLeod, has there been any damage reported. This has been due to the high winds there during the last week."

OFFER HUNDRED DOLLARS AS CHORE BOY'S SALARY

Cobalt, Ont., June 16.—According to a request received at the office of the Ontario Government Employment Bureau here one of the northern mines is seeking the services of a "chore boy," who is to be paid \$100, with free board and accommodation. This is a large increase over wages formerly paid for this class of labor, about \$60 and board. The mine in question is in the Larder Lake district, back from the railway a number of miles. The work is of the "odd job" sort, such as chopping kindling wood, cleaning out bunk-houses, etc., and the wages including the board, works out at about \$135 a month.

In case the winding-up and distribution of estate proceeds satisfactorily under the assignment it may become unnecessary to press this petition further, and in case that result should arise I note that nothing contained in this judgment should in any way prejudice the claim of the petitioner to costs of the present application so far as it has gone, as there is nothing to indicate but that it was made bona fide and in the honest belief that it was necessary.

MOVEMENT UPWARD IN COST OF LIVING

Advance of Sixty-Six Cents in Cost of Staple Foods for Family. Ottawa, June 16.—The Labor Gazette reports that in prices the general movement continued upward, increases in grain, fodder, live stock, fuel, building materials and furnishings slightly more than offsetting decreases in eggs, milk, hides, textiles, and in raw furs. In real prices the average cost of a family budget of staple foods in sixty cities was higher, rising to \$16.65 at the middle of May, as compared with \$15.99 at the middle of April, and \$7.42 in May, 1914. The chief increase was in potatoes, which averaged \$6.15 per bag, as compared with \$4.75 in April. Sugar also advanced substantially, averaging 21.7 cents per pound for granulated, as compared with 19.5 cents in April.

INTERNATIONAL COURT OF JUSTICE MEETING

The Hague, June 16.—The conference of jurists invited by the league of nations to meet in this capital for the organization of a permanent international court of justice, opened its sessions here today. The conference was inaugurated by Leon Bourgeois, president of the French Association of the Society of Nations. He declared the proposed court would be a really permanent body, not merely a court of arbitration, and that it would render decisions from which there would be no appeal.

London, Ont., June 16.—One thousand or more Oddfellows, or more than half of them in uniformed ranks of patriarchy militant, marched in the big parade from convention headquarters, Masonic Temple, to Queen's Park this afternoon. Canton frontier cities of Windsor had one of the finest uniformed ranks in the entire procession, London, Toronto and Brantford also appearing to fine advantage. More than 500 Oddfellows walked in the general procession, which followed the uniformed sections.

INVERTY OFFICIAL IS STRUCK BY LIGHTNING

Kingston, Ont., June 16.—County Councillor Andrew Macfadden of Inverary was struck by lightning yesterday afternoon, but escaped with a few burns. Mr. Macfadden was sitting on a cushion on the bottom steps of the stairs in a neighbor's house talking with two other men when the flash came. He was lifted into the air according to his own description and thrown about five feet away, falling on the floor. No one else was struck though a baby in the next room was knocked down.

BOLSHEVIKS DENY DESIGNS ON PERSIA

No Question of Depriving Persia of Independence, is Assurance. Teheran, Persia, June 16.—The Russian Soviet government in reply to a note from Persia, declares that there is no question of an enterprise against Persian independence but says it was necessary to protect Russian shipping in the Caspian sea. The Soviet government agrees to withdraw from Enzeli, on the Caspian, when Persian independence is guaranteed and she is no longer under foreign influence of cavalry. The Bolshevik forces which landed at Enzeli consisted of one army corps under the command of General Rasplankov, being reinforced later by an escadrille of hydroplanes, according to advices received here. The city proper and its suburbs are occupied by contingents of cavalry. The advices add that the Russians seized fifteen tank steamers and sent them immediately to Baku.

St. John, N.B., June 16.—A short session of the National Council of Women's convention was held this morning to select a credential committee. Mrs. Willoughby Cummings of Hamilton, Ont., Mrs. Jackson of Toronto, and Miss Fitch of Truro, N.S., were chosen. This afternoon the delegates enjoyed a sail on the St. John River. Delegates to the meeting who registered this morning included: Mrs. Ralph Smith of Vancouver, Mrs. Robert M. Graham of London, Ont., Mrs. G. P. Worsley of Brandon, Man., Miss Florence Dewey of Renfrew, Ont., Miss E. L. Mowat of Kingston, Ont., Mrs. T. Taylor and Mrs. E. T. Bishop of Edmonton.

"I Cannot Go"

BILIOUS headache spoils many an expected enjoyment. When the condition of the liver is neglected, biliousness seems to become chronic and recurs every two or three weeks, with severe sick headaches. Why not get right after this trouble and end it by using Dr. Chase's Kidney-Liver Pills to restore the health and activity of the liver. Constipation, indigestion, backache, headache, biliousness and kidney derangements soon disappear with the use of this well-known medicine. One pill a dose, 25 cts. a box, all dealers, an Edmanson, Bates & Co., Ltd., Toronto.

CHANGE IN STATUS OF CONSTANTINOPLE

Limited Internationalization and Inclusion in Zone of Straits Provided.

Washington, June 16.—Limited internationalization of the port of Constantinople and its inclusion within the "zone of the Straits" is provided for in the provisional terms of the Turkish treaty. This is disclosed by an official summary received here today of the jurisdiction provided for the inter-allied commission of control.

Regulations laid down for enforcement by the inter-allied commission provide that:

No belligerent warships may remain within ports of the zone longer than 24 hours or take on food, stores or recruits.

The Dardanelles, Sea of Marmora and the Bosphorus are to be open in peace and war to every vessel of commerce and war.

The Straits are not subject to blockade.

No belligerent right to be exercised and no act of hostility committed within the zone except upon special authorization of the league of nations.

All military works and fortifications to be demolished and no roads or railroads to be constructed within the zone for movement of mobile batteries.

Greece and Turkey are prohibited from constructing any new wireless stations within the zone; all present stations to be taken over by the allied powers.

These regulations are to be enforced chiefly by naval forces and a force of special police recruited within the zone and commanded by foreign officers, as well as such military and naval forces and guard ships of their own as Great Britain, France and Italy may deem necessary.

CAMPING AND CANOE CRUISING.

Young men who have only two or three weeks' vacation can not spend their holidays to better advantage than on a camping and canoeing trip in God's out-of-doors. A territory that is full of attractions for a trip of this kind is Algonquin Park, 285 miles west of Montreal, 178 miles west of Ottawa, and 200 miles north of Toronto.

Splendid fishing, lovely scenery, easy portages, good opportunities for hunting and photography—wild life abounds. 2,000 feet above the level of the sea. Most healthy district in eastern Canada. All the requisites for the camper are provided at reasonable prices at the "Highland Inn" general store at Algonquin Park Station, including provisions and fishing tackle, tents, canoes, cooking utensils rented at reasonable rates. Ask any Grand Trunk agent for illustrated descriptive publication telling you all about it, or apply to C. E. Horning, D.P.A., Toronto, Ont.

UNIONISTS BELIEVE OUTLOOK BRIGHTENS

(Continued From Page 1).

Those who ought to know say Sir Robert will definitely resign, if that happens the caucus will forthwith elect a leader. The names of Sir Thomas Meighen and Arthur Meighen are mentioned by many members of the caucus, also that of Sir George Foster in an emergency. But Borden has first to resign. That will clear the air and lift at once the hesitation of prospective nominees making any definite statement.

Sir Thomas has kept himself clear of any complication or charge that he wanted a premiership that was not yet vacant, so has Mr. Meighen. Nevertheless, the members want a showdown before they go home. It may take a couple of days to select a leader, but they must see the vacancy first. Sir Robert will resign, and it is not likely that the caucus will rise up in tears and sobs and ask him to sacrifice himself once more for the party. He has not the health or vigor for the job, and any procrustean will not be of advantage to any one, so there will be a caucus, a resignation and a leader chosen.

Sticking Together.

In preparation for this it is believed that the members of the government have agreed to hold together until the new man is named and that they will support him when named.

Many members who favor Sir Thomas White say that he will be free to express himself and to talk frankly once Sir Robert Borden hands in his resignation. There is no reason why all the ministers should not unite to support the new man. Several wish to be relieved of office when they can resign without affecting the welfare of the party and its program. Mr. Meighen has intimated that he will be at the service of his friends in any event. But it is too early to speculate as to details; whether this man or that will lead, and who will be asked to join the cabinet. The one certain thing is that there will be a vacancy and a selection of a successor. The party has no great future if it cannot settle what seems to be a grave situation in its career. To beseech Sir Robert Borden not to leave them will be a sad confession. But the feeling of the rank and file is that the party can reorganize and strengthen itself by courageous action under the circumstances.

NEW RIVERDALE STREET.

Riverdale's newest street, now in course of completion, running off Broadview avenue to East Gerrard street, at the rear of the branch public library, will when opened for traffic, do very materially relieve the congestion at this busy point.

The street is at present awaiting the laying of the surface and should be finished within the next few weeks. The Riverdale Business Men's Association were instrumental in having this thorough opened for the benefit of the district.

RAILWAY QUESTION IS HOTLY DEBATED

(Continued From Page 1).

ownership, and that this "public opinion must be respected."

Plea for Ownership.

S. E. Hebbeling, of the Switchmen's Union, made a strong plea for government ownership and democratic control and operation.

"There was more progress made towards organizing the railway men during the two years of government control during the war than there was in the 20 years preceding," he declared.

Appeal for support of the Plumb plan of government ownership was made by M. A. Trummer, of Chicago, and J. A. Franklin, of the Boiler-makers' Union, in addresses in which they attacked the administration forces of the federation for supporting a report recommending "government control." They said that the people had "had enough government control during the war."

When the hour for adjournment arrived, the indications were that the railroad employees' union would have the support of the united mine workers and the metal trades organizations. This would enable them to override the committee's report and place the federation on record as favoring "government ownership with democratic operation of the railroads."

President Gompers, it was understood tonight, would take the floor if necessary to back up the committee's recommendation.

Irish Sympathizers Win.

Irish sympathizers won a complete victory today when their resolution was unanimously adopted, reaffirming the federation's endorsement of the Irish republic, and "respectfully request that the military forces of occupation in Ireland be withdrawn from that country, and that the Irish people be allowed to guide their own destinies."

The federation also appealed to the "workers of England, Scotland and Wales to exert their powerful influence to the end that their government officials, at present in power by votes of the people of England, Scotland and Wales, immediately withdraw the army of occupation from Ireland and permit the Irish people to peacefully pursue their lives under the form of government which they have established thru laws made by themselves and executed by their duly elected officials."

The Irish republic, the resolution declared, had been established by an "overwhelming majority" of the Irish people, but the English government is now seeking to destroy it "thru military process."

The federation by its action also tendered its appreciation "to the people of the world who have come to the defence of Ireland and other nations fighting for freedom."

The adoption of the resolution by a unanimous vote, without discussion, was greeted with a tremendous demonstration, which lasted for several minutes.

The much-heralded and expected opposition from Canadian delegates failed to materialize and neither did they voice a "nay" vote.

WAS SURPRISE OF HIS LIFE, HE SAYS

Was Sick Man for Two Years, But Tanlac Soon Routed His Troubles.

"It gave me the surprise of my life when, after being a sick man for two years I was almost suddenly changed into a well man as the result of taking Tanlac," was the statement made by Wilfrid Meloche, an employe of the Dominion Car & Foundry, Ltd., to a special Tanlac representative who called at his home, 151 Palm avenue, Montreal, recently.

"Chronic indigestion was my trouble. After every meal my food would repeat and often I couldn't retain it. I got so that I was almost afraid to eat at all because of the disagreeable feeling afterward. I had no appetite to speak of and constantly had a bad, sour taste in my mouth. I had terrible headaches that got me here in the forehead and temples, and pained me so that I lost whole nights of sleep. Any little extra exertion caused me shortness of breath and my heart would thump like I was mad. I also had such rheumatic pains in my left elbow that at times I was unable to move my arm. I can assure you I was in a very bad state. "It was what I read in the papers about other folk getting help from Tanlac that led me to give it a trial. The first thing it did was to sharpen my appetite so that I was keen on my food. I began to eat as I hadn't done for a couple of years past, and what is more, my food agreed with me. I lost that bad, sour taste in my mouth and also all signs of headache. The rheumatism has entirely disappeared and I sleep so well now that I am in danger of over-sleeping myself. This medicine has simply made a new man of me and I am glad of the opportunity to be able to tell others, because I'm confident it will do the same for them."

Tanlac is sold in Toronto by Tamplin drug stores and by an established agency in every town.

Overtime an Opportunity!

A man's wages are what he usually earns per year.

Some jobs like the outdoor trades pay certain rates per hour, but there is a good deal of lost time on account of inclement weather, lack of material on job, etc.

Other jobs pay so much per week or month, and because there is practically no opportunity to work overtime, the wages are limited to that amount.

Occupations such as these cannot be compared to a job on the street cars, where a man does not lose time on account of the character of the work or the weather, and yet, on the other hand, can earn extra money to pay for sickness in the family, help buy a home or for other special purposes.

This extra work is optional with the man, but who can blame him if he takes advantage of the opportunity? Moreover, for twenty-eight years the men have worked on a ten-hour-day basis, so that in most cases when a man now works after eight hours he is really working time which he previously worked at the regular rate of wages, but he is now paid for it as time and a half, or at the rate of 82½ cents per hour after eight and a half hours.

Further examples of wages earned are given below:

H—This man worked 25 week days in May. His daily run is worth 8 hours and 11 minutes straight time at 55 cents per hour, beginning work at 5.37 a.m. and finishing at 1.48 p.m. He worked on one holiday 8 hours and 8 minutes straight time at the rate of time and one-half, or 82½ cents per hour. He was training a beginner for three days at twenty-five cents per day extra. He was off duty five Sundays in May. He worked overtime on nineteen days in the month on evening extras, averaging one hour and twelve minutes per day between 4 and 6 p.m. His total time on the days he worked overtime was 9 hours and 23 minutes. He earned \$119.98 regular time and \$13.82 overtime; a total of \$133.80, equivalent to \$1,605.60 per year.

I—This man worked 21 week days in May. His daily run is worth 8 hours and 14 minutes straight time at 55 cents per hour, beginning work at 5.46 a.m. and finishing at 2.00 p.m. He worked on one holiday 8 hours and 7 minutes straight time at the rate of time and one-half, or 82½ cents per hour. He worked five Sundays, 8 hours and 34 minutes each Sunday, straight time at the rate of time and one-quarter, or 68¾ cents per hour. He was training a beginner for

three days at twenty-five cents per day extra. He was off duty four days in the month. He worked overtime on nine days in the month on evening extras, averaging one hour and 12 minutes per day between 4 and 6 p.m. His total time on the nine days he worked overtime was 9 hours and 26 minutes. He earned \$130.35 regular time, \$7.05 overtime; a total of \$137.40, equivalent to \$1,648.80 per year.

J—This man worked 21 week days in May. His daily run is worth 7 hours and 44 minutes straight time at 55 cents per hour, beginning work at 4.30 p.m. and finishing at 12.14 a.m. He worked on one holiday 8 hours and 24 minutes straight time at the rate of time and one-half, or 82½ cents per hour. He worked on five Sundays 8 hours and 29 minutes each Sunday at the rate of time and one-quarter, or 68¾ cents per hour. He was off duty one full day and on three of his other days off duty he worked 2 hours and 14 minutes each day. He worked overtime on eighteen days in the month on morning extras, averaging about one hour and a half per day between 7 and 9 a.m. His total time on the days he worked overtime was 9 hours and 14 minutes. He earned \$136.75 regular time, \$22.83 overtime; a total of \$159.58, equivalent to \$1,914.96 per year.

Other instances of earnings in May obtained in a similar manner, follow:

These men also had the advantage of free car fare and uniforms, amounting to \$90.00 in addition to the above earnings in each case.

Bricklayers' Wages

Following are the highest wages received by five bricklayers employed by one of the largest contractors in the city:

A—\$1,700.....worked 8 months
B—1,500....." " "
C—1,500....." " "
D—1,500....." " "
E—1,400....." " "

Another firm reports that the average pay per month for six bricklayers was \$170.00; worked eight months, average per year \$1,360.

Cause of loss of time—bad weather and men staying off without any reason given.

One firm could not get bricklayers to work more than 36 hours per week. They would stay off to go to baseball games and take trips across the lake. In order to get their employes to work full time the firm had to give them a five-dollar bonus per week.

When seeking a new agreement they advance as an argument for more money that their work year only averages nine months.

THURSDAY MORNING, JUNE 17.

Be Candid With the Public.

It's good for advertising, but a little confusing to a worried, worried, watchful, waiting public, this giving out figures of Toronto street railway employees' earnings.

The men further retort with a letter from Sir George Foster's secretary to James Byatt, a returned soldier, acknowledging that Byatt, since May, 1919, received \$1,228, or \$23 per week.

All this contradictory effort could have been saved if the conciliation board had been more mindful of the public interest.

The conciliation board's report should have dealt with the actual earnings of the men in averages of large numbers, so that the citizens could have visualized the condition of the carmen generally.

The Rise and Fall of Silver.

The spectacular rise in the price of silver during the war was explained by saying that silver being a mere commodity had doubled in value like everything else.

Silver, for years excluded from the mints because it was not sufficiently valuable, found itself unwelcome a year ago because it had become too valuable.

BEAUTIFUL RESIDENTIAL PROPERTY

WEST SIDE OF BATHURST ST. NORTH OF ST. CLAIR AVE.

Two miles from the corner of Bloor and Yonge Streets, and thirty minutes by street car to King and Yonge Streets, adjoins the beautiful residential tract surrounding Grace Church, on Russell Hill Road—a few hundred yards beyond the residence of Mr. R. J. Fleming, corner of St. Clair Avenue and Bathurst Street.

tion. At the present session of parliament the quantity and fineness of the silver in our fractional currency was reduced to guard against a recurrence of a like situation.

It is unfortunate for the producers of Canada that silver should have so declined in value. It is also, we imagine, a disturbing factor in international trade, which thrives best on a stable currency.

At the same time it is altogether likely that the white metal will long remain as a great factor in the commerce of the world. Nearly all the great nations have demonetized silver, but, like the horse, it refuses to be killed off.

Towards Russia.

The American Federation of Labor convention in Montreal refuses to countenance the recognition of soviet Russia, or the raising of the blockade by the United States government.

It is reported that Italy will propose both measures to the forthcoming economic conference of the allies. Cables indicate that, despite opposition, the probability grows of British recognition of the soviet regime, as a corollary to the resumption of trading with Russia.

Krasin, the Bolshevik minister of commerce, has been in London for nearly a month, to the disgust of journals like The Times and Morning Post. Premier Lloyd George has long been favorable to resuming trade relations with Russia despite the Bolshevik ascendancy.

The chances appear to be in favor of the resumption of trade with Russia—a policy long advocated by the British Labor party. There seems no danger that that party will espouse the Bolshevik form of the dictation of the proletariat.

They are fighting the extremists far more effectively than statesmen like Winston Churchill can do. Churchill who declared that the Labor party is not fit to govern, and who emerges from personal conference with the Bolshevik envoy with the very policy of trading with Russia which the Labor party has advocated for more than a year.

Samuel Gompers, Labor and Politics.

Under the leadership of Samuel Gompers the American Federation of Labor shows little disposition to identify itself with the U. S. Labor party which holds its national convention at Chicago on July 10.

This, of course, is one man's opinion, and even Mr. Gompers may find himself in an awkward situation if the Democratic National Convention proves as unsatisfactory to labor leaders as did the Republican convention at Chicago. Impetus will then be given to a third party movement of some kind, and a labor party would seem to be the logical result.

But we understand the Labor party will run a ticket no matter what the Democrats may do. Moreover something like a combination may be effected at Chicago, where the national convention of the Labor party and the national convention called by the committee of forty-eight met at the same time.

PACIFIC BURT CO. IN GOOD SHAPE

Profits \$55,472 Over Those of Previous Twelve Months.

The Pacific Burt Company held their annual meeting in Toronto, on Tuesday, with S. D. Moore, the president in the chair. The president in reviewing the operations of the company during the past year commented on their strong position and pointed with satisfaction to the profits of \$139,216.47, which were \$55,472.91 over those of the previous twelve months.

The Pacific Burt Co., which was founded in 1910 to carry on in the Pacific coast states the same kind of business as is transacted in Canada and the middle and eastern states by the E. N. Burt company estimates an even more profitable experience during the current year than they had last year, and this despite scarcity of paper and general high cost of production.

ONE DIES, ONE BADLY HURT IN CRASH NEAR TRENTON

Belleville, June 16.—(Special).—Yesterday evening a fatal automobile accident occurred on the Wooler Frankford road, about four miles from Trenton, where Gordon Garrison, a Trenton resident, and his father-in-law, Hugh McKenzie, also of that town, were seriously injured. Mr. Garrison accompanied by his six-year-old son and his father-in-law, were riding in a car when from some unknown cause it swerved to a ditch and turned turtle. In the impact Mr. McKenzie sustained severe scalp wounds and injuries to the body. He was brought to the hospital here in an unconscious condition. The boy escaped injury.

WOODMEN OF THE WORLD WELCOMED BY PETERBORO

Peterboro, June 16.—Nearly eighty delegates from all parts of Canada were present when the twenty-seventh annual convention of the Woodmen of the World opened this afternoon at two o'clock. The preliminaries included a civic address presided by Mayor A. A. McIntyre and an address of welcome from the local lodges. The order's flourishing condition was commented upon.

G.T.R. INTEREST PAYMENT.

London, June 16.—(By Canadian Associated Press)—It is understood that the first payment of the interest on the Grand Trunk guaranteed stock under the new conditions will be forthcoming on January 1, when the eight months dividend becomes payable, less a half per cent. for arbitration expenses.

MUSKOKA RECURRING APPEAL.

Small wonder it is that each recurring vacation season sees added numbers turning for rest and recreation to "Nature's Wonderland Muskoka"; for there may be found all the elements that go to make a pleasant holiday.

Three Texas drovers met on the highway and proceeded to dicker as follows: Says Hank to Jim: "I'll give you six pigs for a horse; then you'll have twice as many critters in your drove as I will have in mine."

Says Jim to Duke: "I'll give you four cows for a horse; then you'll have six times as many critters as I." From these interesting facts can you tell just how many animals there were in the three droves? Answer to No. 221. CAB and FED are the two words to be produced by a rearrangement of the lettered blocks.

FAVOR COMMITTEE ON INDIAN AFFAIRS

Urged in Report to Parliament by Special Investigating Body.

COMMUNITY GOVERNMENT

Ottawa, June 16.—(By Canadian Press)—That the government should institute the elective system of securing councilors for Indian bands wherever possible and that there should be a standing selection committee of the house on Indian affairs, were the recommendations brought into the house this afternoon by the special committee on bill No. 14, to amend the Indian Act, whose report was tabled today.

The committee was of the opinion that the administration of the affairs of an Indian community or band by an hereditary council might be detrimental to the best interests and progress of such Indians if, therefore, recommended that wherever such a system now exists the government should ascertain whether the majority of male members of the band of the full age of 21 years were in favor of the adoption of the elective system of choosing councilors, and if so, that the provisions of the Indian Act in this regard should be brought into operation as soon as possible.

WOODMEN OF THE WORLD WELCOMED BY PETERBORO

Peterboro, June 16.—Nearly eighty delegates from all parts of Canada were present when the twenty-seventh annual convention of the Woodmen of the World opened this afternoon at two o'clock. The preliminaries included a civic address presided by Mayor A. A. McIntyre and an address of welcome from the local lodges. The order's flourishing condition was commented upon.

G.T.R. INTEREST PAYMENT.

London, June 16.—(By Canadian Associated Press)—It is understood that the first payment of the interest on the Grand Trunk guaranteed stock under the new conditions will be forthcoming on January 1, when the eight months dividend becomes payable, less a half per cent. for arbitration expenses.

MUSKOKA RECURRING APPEAL.

Small wonder it is that each recurring vacation season sees added numbers turning for rest and recreation to "Nature's Wonderland Muskoka"; for there may be found all the elements that go to make a pleasant holiday.

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER 1 (CONTINUED).

"Telegram. Caught it over the line the last thing last night. We'll have to sell some horses this time, Lee." Lee's eyes narrowed imperceptibly. "I didn't plan to do any selling for six months yet," he said, not in explanation, but merely in explanation.

"How many three-year-olds have you got in your string in Big Meadow?" asked Trevors crisply. "Counting those eleven Red Duke colts?"

"Counting everything. How many?" "Seventy-three." The general manager's pencil wrote upon the pad in front of him "73," then swiftly multiplied it by 50. Lee saw the result, 3660, set down with the dollar sign in front of it. He said nothing.

"What would you say to fifty dollars a head for them?" asked Trevors, whirling again in his swivel chair. "Three thousand-six-hundred for the bunch?"

"I'd say the same," answered Lee deliberately, "that I'd say to a man that offered me two bits for Daylight or Ladybird. I just naturally wouldn't say anything at all."

"Who are Daylight and Ladybird?" demanded Trevors. "They're two of my little horses," said Lee gently, "that no man's got the money to buy."

"What are the seventy-three colts worth then?" "Right now, when I'm just ready to break 'em in," said Bud Lee thoughtfully, "the worst of that string is worth fifty dollars. I'd say twenty of the herd ought to bring fifty dollars a head; twenty more ought to bring sixty; ten are worth a hundred; five are worth an even hundred; seven of the Red Duke stock are good for a hundred and a quarter; the other four Red Dukes and the three Robert Devils are worth a hundred and fifty a head. The whole bunch an easy fifty-seven hundred little iron men. Which," he continued dryly, "is considerably more than the thirty-six hundred you're talking about. And give me six months, and I'll boost that fifty-seven hundred. Lord, man, that chestnut out of Black Babe by Hazard is a real horse! Fifty dollars—"

He stared hard at Trevors a moment. And then, partially voicing the thought with which he had grappled upon the corral gate, he added meditatively: "There's something awfully peculiar about an outfit that will listen to a man offer fifty bucks on a string like that."

His eyes, cool and steady, met Trevors' in a long look which was little short of a challenge. "Just how far does that go, Lee?" "As far as you like," replied the horse foreman coolly. "Are you going to sell those three-year-olds for thirty-six hundred?" "Yes," answered Trevors bluntly, "about it?" "Ask for my time, I guess," and even though his voice was gentle and even pleasant, his eyes were hard. "I'll take my own little string and move on."

MUSKOKA RECURRING APPEAL.

Small wonder it is that each recurring vacation season sees added numbers turning for rest and recreation to "Nature's Wonderland Muskoka"; for there may be found all the elements that go to make a pleasant holiday.

Three Texas drovers met on the highway and proceeded to dicker as follows: Says Hank to Jim: "I'll give you six pigs for a horse; then you'll have twice as many critters in your drove as I will have in mine."

Says Jim to Duke: "I'll give you four cows for a horse; then you'll have six times as many critters as I." From these interesting facts can you tell just how many animals there were in the three droves? Answer to No. 221. CAB and FED are the two words to be produced by a rearrangement of the lettered blocks.

CROP IN THE WEST MAY EQUAL RECORD

Members of C.M.A. Enthusiastic About Outlook in Prairie Provinces.

Winnipeg, June 16.—(By Canadian Press)—Western Canada may be likened to one tremendous green field which holds promise of a crop that will equal the 1915 crop, according to the views expressed by members of the Canadian Manufacturers' Association, who arrived here this morning from Vancouver, where they have been holding their convention.

President J. S. McKinnon was enthusiastic in his description of the country west of the great lakes. "Everything in the four western provinces—Manitoba, Saskatchewan, Alberta and British Columbia—seems to be on a solid foundation both from the manufacturing and agricultural standpoint," he said.

Much manufacturing in West. "Mr. McKinnon stated that the product of the factories of the seven hundred members of the Manufacturers' Association west of the great lakes might be estimated at \$400,000,000 for this calendar year. Industrial output of the westward to the extent of 45 factories each year since the present country's beginning, he said.

"There is no doubt," he continued, "that this spread westward will continue."

The president said the manufacturers were surprised at the potentialities of Alberta, and were impressed particularly by the natural resources of the northern part of that province. The party of manufacturers will spend two or three days informally in Winnipeg, and return east by boat or train.

COXWELL DANGEROUS WITHOUT SIDEWALKS

When will the civic authorities place sidewalks on Coxwell avenue? is the question asked by a prominent official of the Toronto Housing Commission Ratepayers' Association.

Between East Gerrard street and Danforth avenue on Coxwell, pedestrians are compelled to walk on the roadway in danger from the heavy motor and other wheeled traffic. From recent observation during one hour 300 motor cars were counted passing north and south, and it is estimated that between 600 and 1,000 children use this street going to and from school daily.

Coxwell avenue is the crossing in the section and is in consequence very largely used by wheeled vehicles and foot passengers.

MUSKOKA WEEK-END SLEEPING CAR SERVICE VIA CANADIAN NATIONAL RAILWAYS.

Commencing Friday, June 25th, Muskoka week-end sleeping car service will be inaugurated via Canadian National Railways between the Toronto and Lake Joseph Station. On this date, car will leave on train No. 1 at 9:15 p.m. Standard Time, and on July 2nd and each Friday thereafter will leave on new train No. 11 at 9:30 p.m. Standard Time. Car will be set off at Lake Joseph Station (Upper Level), and Muskoka Lakes Narrows. The sleeping car will also be in service southward, and will be placed for occupancy on Lake Joseph siding (Upper Level) at 2:00 p.m. Standard Time, Sundays only, commencing June 27th. They will be attached to new train No. 12 and will arrive Toronto Union Station at 8:50 Monday mornings.

This service proved very popular last year, and the demand for space renders desirable early application for berth accommodation, both going and returning, which may be secured at City Passenger Offices, 52 King street East, Toronto.

FRENCH SURRENDER TO TURKS.

Paris, June 16.—A French battalion which had been occupying Bozano, in Cilicia, Asia Minor, northwest of Adana, has been taken prisoner by the Turks, according to The Temps today.

The French troops, in column formation, had succeeded in forcing a passage toward the coast from Bozano, which is about fifty miles inland, and was proceeding southward. About a dozen miles from Adana, however, its ammunition gave out, and the column was compelled to capitulate.

LISTLESS MARKET FOR MINING STOCKS

Silvers Were Inactive and Gold Stocks in Some Cases Easier.

PETROL OIL STRONG

Market listlessness about expressed the day's business on the local mining market yesterday. Sales were not forced in any quantity, but most of the stock that fell in came from tired holders who saw no immediate improvement ahead.

HOW TO BEAT THE GAME

The Chicago corn market has recently turned quite a little more into the pockets of local speculators, most of whom have been bulls on the market.

INDUSTRIAL SLUMP BECLOUDS MARKET

Woolen Mill Operations Further Reduced—Easy Money No Stimulant.

New York, June 16.—Efforts of pools and cliques to stimulate a degree of public interest in the stock market yesterday were attended with slight success, despite additional bidding of various speculative, notably several of the closely held issues.

Easy money again favored the professional element, call loans opening at 7 per cent, but falling to six soon after.

PAPERS ARE STRONG ON ALL MARKETS

Spanish River and Brompton Make Further Strenuous Advances.

PENMANS ARE HIGHER

Brompton demonstrated its staying power and present market support in yesterday's business on the Canadian exchange. The bullish attitude of the market on this special issue was encouraged by the widespread rumor that a dividend at the rate of 12 per cent per annum would be forthcoming from a meeting of the directors on Thursday.

NEW COMMERCIAL BRANCH.

A branch of the Canadian Bank of Commerce has been opened adjacent to the corner of Princess and Clergy streets, Kingston, Ont., under the supervision of the Kingston manager, Mr. R. T. Brymer.
