REVIVES TALK OF BUYING POWER CO.

Commissioner Frink Makes Reference at Meeting—Telephone Poles.

The decision of the New Brunswick Telephone Company not to use the poles of the Civic Hydro Commission in Brunswick Place was criticized this morning by the members of the City Council, sitting in committee, and the hope was expressed that in future arrangements might be made to do away with some of the poles now on the streets.

Commissioner Frink said this could be done by purchasing the rights of the New Brunswick Power Company, and expressed his belief that action along this line was not so far away as some people thought.

It was decided to notify the New Brunswick Power Company to remove their wires and meters from the west side sheds of the city within 10 days.

The Civic Power Commission was authorized to accept the following tenders for line materials: H. M. Hoppe, \$34,411; Northern Electric Co., \$12,025; Irving Smith, 1941 Canadian Westinghouse Co., \$197; Canadian General Electric Co., \$1,637.75; a total of \$48,442.25.

On motion of Commissioner Harding, L. A. Donovan was appointed veterinary surgeon for the public safety department.

West Side Shed. Commissioner Bullock said he had received a communication from the Civic Power Commission stating they were now in a position to take over the lighting of the city sheds on the west side and asking that a request to remove their wires and transformers be made to the New Brunswick Power Company. He said it was asserted by the Power Company that they owned the wires from the street to the transformers but the interior wiring belonged to the city, and if the junction which had been made by the Power Company was not to be removed, the Civic Power Commission would have to pay for the same.

His Worship said the city was not to be prohibited from selling its own current to those who wanted it, and he suggested that an order-in-council be passed authorizing the New Brunswick Power Company to remove its wires.

Commissioner Wigmore asked if all the city sheds would have hydro wires which were hooked up, and Commissioner Bullock said they would, and in sheds 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Commissioner Bullock then moved that the common clerk notify the New Brunswick Power Company to disconnect these wires from the west side sheds and remove its wires and transformers within 10 days. This was carried.

Master of Poles. A communication from the Civic Power Commission expressing willingness to co-operate with other utilities in the use of pole lines was read.

Mayor Potts said this was over the New Brunswick Telephone Company's dealing to use city poles for stringing these wires in Brunswick Place and that this was a new street he thought every effort should be made to keep down the number of poles.

Commissioner Frink said the matter had come up when the paving of Brunswick Place was under consideration and he had suggested to the Telephone Company the joint use of the city poles but the company had stated their intention to stand on their charter rights.

Mayor Potts asked if there was any joint use of pole lines in the city and Barry Wilson, engineer of the Civic Power Commission, said that in some places the New Brunswick Power Company and Telephone Company used the same pole.

His Worship said that in view of that the action of the Telephone Company seemed a little arbitrary and that it was strange to him as he had always found them quite willing to co-operate with the city.

Commissioner Bullock said he had no desire to break down charter rights but he thought in this case there should have been joint use of the poles and he felt the public would take the same view of the matter.

CHERRY REPORT FROM ANNAPOLIS VALLEY HEARD

The Annapolis Valley, the particularly bright spot in the Maritime Provinces, from the business standpoint, in the view of a St. John man who spent some days there, talking with merchants and others. It is expected the export of apples will reach a million and a third barrels, and the price is good. The farmers were getting from \$2.60 to \$3.80 a barrel for the run of the orchard. From this had to be subtracted the cost of picking, packing, and delivering to the warehouses, but there was a good margin of profit, since barrels were much cheaper this year.

The St. John man was told that more than 200,000 barrels of Gravenstein had been shipped up to October 20, and the return to the orchard was as high as \$12.26 a barrel.

A particularly choice apple, in great demand in England, was Cox's Golden Pippin. The quantity raised was relatively small, but the visitor was told these apples netted growers as high as \$12.26 a barrel.

With the checks for apples coming in the orchardists were to meet their obligations at the stores, and every merchant was in good humor. The valley was having a really profitable year.

AUTO INTO DITCH

Joseph Kolman was injured about the head and others with him were shaken up when an automobile which he was driving was crested in a ditch about a quarter of a mile on the city side of the Hammond River bridge yesterday morning. Those in the party, besides the driver, were Miss Kathleen McCullough, Miss Regina McCullough, Joseph McCullough and Philip Bowes, on their way to Robtway to mass. The car was badly smashed.

Provincial Constable Crawford was notified and he investigated, and, as a result, information was laid against Wiloughby Hatch of this city, who was alleged to have been attempting to pass an automobile in front of his car, thus forcing it into the ditch, which was going in the opposite direction. It was said that the case will come before Magistrate Fergie in Hampton on Thursday afternoon.

Mr. Hatch this morning declared that he had followed an automobile all the way from Robtway and had not attempted to pass it. He considered that he was about 30 feet in the rear of the leading car when he noticed the Kolman car, which he said that he stopped his car and hastened back and offered assistance after the accident, but the driver of the overturned car was not clear of the wreck. He offered to drive the young ladies to their home but they declined. He said that he was driving at a rate considerably less than 30 miles an hour, as he had slowed up moment before for a curve in the road.

Mr. Hatch said that Constable Crawford had been talking to him about the affair and had intimated that he would be summoned before Magistrate Fergie but added that he had not received any official notice.

BARN DESTROYED; SOME STOCK BURNS

Fire on Saturday night completely destroyed the barn of James M. Lister of Harvey Station, with a loss of \$8,000 and insurance only \$600. It was a modern barn, 45x90 feet, and contained all his grain, turkeys and other crops, machinery and equipment, all of which were destroyed. A pedreg Jersey bull, two hogs and the milks were lost, but the rest of the cattle and horses were saved, although it was necessary to shoot one cow because she was badly burned. Neighbors gathered in hundreds, but the fire spread with such rapidity they could do nothing. The origin is a mystery. The man attending to the stock had finished their work and when the fire broke out it was in another part of the barn. Mr. Lister's brother, F. T. Lister, of Madam, who is in the city today, expresses the opinion that the cause was spontaneous combustion.

MacDonald Says Believed Russian Letter Genuine

Bringing to a climax a campaign distinguished for its bitterness, Conservative speakers in every constituency began last three-day drive against Labor today, being their attacks upon the Zinovief disclosures, which they say will cost the Government 100 seats.

More than 1,000 Tory spokesmen, taking the leaves from the leaders, hammered the Labor Government today for its dealings with Russia, while Liberal speakers in many constituencies backed them up.

Replies of Labor leaders were still being heard and unheeded and unheeded in view of the Soviet republic repudiation of the Zinovief letter as "an impudent forgery" and the Zinovief letter today, being their attacks upon the Zinovief disclosures, which they say will cost the Government 100 seats.

THRICE ROUND THE WORLD IN 3 YEARS

Englishwoman 70 Years Old Now Plans Trip to Africa.

London, Oct. 25.—Three times round the world in three years is the record of Mrs. Rouleau, F. R. G. S., who lives in Southampton. Although approaching 70 years of age, she is now planning a visit to South Africa during the winter. She hopes to reach the Victoria Falls on the Lambert River.

"The desire for travel came to her as a girl," but she was nearly 60 before she undertook the really long journey, and since then she has traveled many thousands of miles.

"Since my husband's death, in 1912, I have visited practically every country in the world, and I know all the capitals of Europe," said Mrs. Rouleau.

"I have traveled on all sorts of vessels, small ones and big, fast ones and slow. I was on the Cunarder Mauretania when she broke the world's record for crossing the Atlantic from New York to Queenstown.

"Though I have voyaged on almost every ocean, I have never been seasick, and the worst storms have not robbed me of a night's rest. There's nothing like the open sea for health and pleasure.

"My long trips have been singularly free from accidents and shipwrecks. But I was shipwrecked once, not on a long voyage, but in crossing from Penzance to the Scilly Islands. It was none the worse for it, however.

"Last winter I went to India, Burma, and Ceylon. I have also traveled the islands of the Pacific, and covered every continent. I have seen many beautiful places, but I think the most lovely spot in the world is Honolulu.

"Yes, I hope to make many more journeys. In the three voyages around the world I covered about 100,000 miles or more, and I have traveled extensively in other directions, so that my total mileage must be very great.

"They sometimes tell me I am the most traveled woman in the country, but I do not know whether that is so. I only know that for 30 years I have covered nearly every country in the world, and I have enjoyed every inch and every day of it."

"PENITENTIARY," SAYS LA FOLLETTE

Tells Wall Street What May be Done to the Big Interests.

Detroit, Mich., Oct. 25.—(United Press)—Senator Robert M. La Follette, independent candidate for President, yesterday challenged Wall Street to "produce a panic with the penitentiary starting it in the face."

Charging that big interests were threatening a panic should he be elected, La Follette issued a statement as he passed through Detroit en route to Syracuse, N. Y., where he speaks tonight. The statement warned that any attempt to create a panic would be quickly prosecuted by the Department of Justice if the independent ticket were elected.

"It is being spread about by bankers, railroad operators, industrial trusts and the press controlled by them that should La Follette be elected, there will be a panic; that credit will be shorted, and that banks will withdraw their support to business," the independent candidate asserted.

Sure Way to Get Rid of Blackheads

There is one simple, safe, and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this, get two ounces of peroxide powder from any drug store—sprinkle a little on a wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dirt and dirt and secretions that form in the pores of the skin. The peroxide powder and the water dissolves the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.

BUT 1 SLAYER OUT OF 146 IN THE U.S. PAYS FOR CRIME

I. O. F. Vice Chief Ranger Makes Striking Presentation of Figures.

Chicago, Oct. 25.—Out of every 146 homicides in the United States, only one person pays the death penalty, according to Frank E. Hand, Supreme Vice Chief Ranger of the Independent Order of Foresters in an address before the I. O. F. convention here last night.

"In a recent survey of 146 typical homicide cases," said Mr. Hand, whose society has 165,000 members in the U. S. and Canada, "92 were classed as 'justifiable.' In the other 54 instances, cases of unjustified murder, indictments were returned in only 69 cases, or 64.6 per cent. Of the 41 adjudged 'guilty,' 38 served time with appeal pending in six cases; three were held for new trial, one was paroled and one was executed.

"While criminal processes are too dilatory, juries too indulgent and judges too lenient, and all should be corrected, the great remedy lies in prevention. Eight out of every 10 murderers were exploited or underprivileged in childhood. Given a wholesome environment and a square deal they might never have developed criminal tendencies. Protection of childhood is one of the features of the Independent Order of Foresters' philanthropic programme. The fraternity maintains a home at Oakville, Ont., where orphans are given their chance in life, and developed mentally and morally into useful members of society."

There remains, of course, the question of our ports and our railways, and the Globe dwells upon the loss Canadian taxpayers suffer through the diversion of traffic from our rails and harbors.

MANY IN ORANGE  
CHURCH PARADE

Prentice Boys Also Take Part in Ceremony—Yesterday in Churches.

The church parade yesterday of the Orange Lodges of the city and county and the Prentice Boys' Lodges of the district was an impressive sight. There were about 300 taking part and they marched from Orange Hall, Fairville, to St. Columba Presbyterian church where Rev. W. McN. Townshend conducted service and gave an eloquent address. Before the parade left the hall brief addresses were given by Richard Magee, Harry Selton and William M. Campbell. County Marshal John Byers, of Lorneville, led the parade with the Kiltie hand following, and in order there marched Richard Magee, eastern division county master; William Golding, western section county master, the Black Knights, members of the Scarlet Chapter and the various lodges of the two orders with Willis Lodge No. 70 bringing up the rear. The route of march was along Main street, down Station street, up Prospect, Collins and Morris streets, and on the return the parade went by way of McKell street in order to pass the house of Mrs. Martha Totten, who is 83 years of age and a staunch upholder of Orangism. All of Mrs. Totten's relations have been connected with the Orange order, and it has no more faithful member than herself.

Miss Katie Fox was at the organ and the choir of the church led the singing and sang the anthems "Lead Me Gently Home," "Miss Sallie Coupland," "Supplication" and "Purdy Coupland." Appropriate hymns were sung. The substantial amount given in the collection will go to the New Brunswick Protestant Orphanage.

The Orange Lodges which marched in the parade and their Worthy Masters were as follows: Vermer No. 1, H. C. Bowler; York No. 2, Richard Magee; Johnston No. 3, W. V. McKinney; Havelock No. 7, S. Nagler; Portland

Rev. W. J. Bevis preached his farewell sermon as minister of the Lorneville Presbyterian church last evening. He reviewed his six years' work in the church there and expressed his satisfaction that the church was free from debt and in a flourishing condition. Rev. Mr. Bevis is taking charge of his duties at the church on November 1. Harvest Festival.

The harvest festival services in St. Luke's church were largely attended yesterday. Rev. A. L. Fleming was the preacher in the morning while Rev. Canon R. P. McKim, the rector, spoke in the evening. The church was attractively decorated for the occasion and there was a very generous offering in the special offering. George Laney was in charge of the special musical program arranged for the occasion.

The special speaker at last night's service in Centenary church was Rev. J. M. Murchison, district secretary of the N. B. & P. E. I. branch of the British and Foreign Bible Society, his subject being the never-failing power of the Bible. Mrs. L. M. Cud and Miss Audrey Kee sang a duet. Rev. E. S. Styles, pastor of Exmouth street,

was in charge of the services in the morning. Rev. Dr. A. H. Kent, professor of Old Testament history at Pinchill College conducted the services in St. Andrew's church yesterday. This is his first visit to St. John since he occupied St. Andrew's pulpit during the tenure of Dr. McVicar.

Overlooking congregations in Portland Methodist church yesterday afternoon welcome to Rev. Dr. E. T. Crossley and T. H. Leonard, evangelists, who opened a three-weeks' revival here. Rev. H. A. Goodwin, pastor, introduced the speakers, speaking appreciatively of their work. Dr. Crossley spoke at both services.

The 56th anniversary of the Carmarthen street Methodist church was observed by special services yesterday evening. Rev. Walter Small, returned missionary from China, had his two little daughters appearing on the platform, one wearing the richly-embroidered dress of a Chinese girl of noble family and the other wearing the plain dress of the Chinese schoolgirl. At the close of the service, Rev. Mr. Small arrayed himself in the handsome double-breasted Chinese mandarin. His description of conditions in China was very interesting. The anniversary celebration will be continued throughout the week. Tonight, a congregation re-united will be held and a former pastor, Rev. Henry Penn, will give the address.

Furs Popular This Fall

By HEDDA HOYT. (Fashion Editor of the United Press.) New York, N. Y., Oct. 25.—Women are all making a rush to the fur stores these early fall days. Furs are being worn despite the fine weather.

Short jackets are appearing in the hundreds until it seems that every second woman must own one of these short fur affairs. Besides the short jackets, there are numerous neckpieces and fur-trimmed coats and suits and scarcely any garment appears which is untrifled.

One is astonished at the popularity of the short jacket this year. It seemed as if though we overplayed our hand on short jackets during the past two spring seasons, but they have bobbed into style again and are being worn by both matron and miss.

The 1924 jackets have earmarks of their own, however. Firstly, the fur itself marks them as new models and then the length is new. The latest jackets come just a little below the hips and are worn by both matron and miss.

Among the popular type of jackets one finds the natural weasel, which is a tannish and white-tinted fur. Another popular jacket is made of white cone. This latter type is worn mostly by young girls. Summer ermine, collared in natural blue fox, is a lovely combination which several well-dressed women are choosing.

Brown caracul is perhaps the most popular jacket of the season, if one wishes to wear the most popular fur. Natural squirrel jackets are also coming into vogue again and these are popular with the young college miss.

Raccoon Coats. Raccoon coats of tomboy type are being sold in numbers to school girls. These sport coats are good looking, youthful, warm and particularly well-suited to the fapper of today. They are quite inexpensive.

Another inexpensive coat which is new and very attractive is made of natural muskrat, which is a golden brown fur. Long coats of this fur are trimmed with a longer and darker haired pel and are most attractive. These will appeal to the woman of limited means who prefers a good-looking fur coat to a model.

Brown dyed caracul is replacing seal this season, according to the furriers. Women are tiring of seal and want novelty furs. Some of these caraculs are trimmed at border and on collar and cuffs with fox or skunk or other long-haired fur. Sheared lamb is used in the same manner and is prettiest when dyed a brownish shade.

White ermine evening wear will be as popular as they ever were. Furriers state that they can not make them up fast enough to supply the demand. This season's ermine is untrifled by tails and depends upon the manipulation of

OCTOBER BRIDES

Low-Stockhouses.

The wedding of Henry Lowe, 24 Paradise row, son of Mr. and Mrs. Thomas Lowe, Liverpool, England, and Mrs. Sarah Elizabeth Stockhouse, 23 Haymarket Square, was solemnized by Rev. A. L. Tedford, pastor of the Tabernacle Baptist church, at the parsonage, 187 Waterloo street, on Saturday afternoon at 3.15 o'clock in the presence of friends and relatives.

The bride was dressed in brown Canton crepe with Egyptian trimmings and hat to match. Mr. and Mrs. Lowe left for the Montreal train on Saturday afternoon for a brief honeymoon trip. The bride is a daughter of Mr. and Mrs. Samuel Howes, Queens County, N. B. The groom has lived here for the last 27 years, having come from Liverpool, Eng. The witnesses were George E. Croft and Mrs. Maud Taylor. Friends extend Mr. and Mrs. Lowe best wishes.

Wiggins-Northrup.

The marriage of Charles Otty Wiggins, son of Mr. and Mrs. Abraham Wiggins of Young's Cove, and Marie Alberta Northrup, daughter of Mr. and Mrs. Claude Northrup of Cole's Island, N. B., was solemnized at the home of the officiating clergyman, Rev. Mr. Crisp, of Waterborough, on Wednesday afternoon, Oct. 22. The

KNOTTOY QUESTION IN JURY FINDING

Was Magistrate Vindicated or Not?—Sir Richard Squires Comes to Canada.

St. John's, Nfld., Oct. 27.—The jury which was asked by the Crown attorney to find against William O'Reilly, former magistrate of Placentia, on a charge of larceny of \$12,864, or an alternate charge of securing this sum under false pretenses, yesterday acquitted O'Reilly of larceny, but disagreed as to guilt on the second charge.

A legal argument was begun after the finding, as to its real effect, whether it amounted to a complete vindication or whether a new trial might be held on the charge of securing money under false pretenses. Court was adjourned until Monday.

This case was one growing out of the alleged corruption under the administration of Sir Richard Squires, former Premier. Sir Richard, whom a grand jury failed to indict, left last night for a month's trip to Canadian and U. S. cities.

ADVENTURES OF THE TWINS

By Olive Roberts Bates

THE INVISIBLE CLOAK

"We'll get the invisible cloak fixed and give it to the Sand man," said Nancy. "I am so very late getting around to all the babies," said the Sand Man.

**CORNS**  
Relief in One Minute

Now—get relief in one minute from corns, callouses and bunions with Dr. Scholl's Zino-pads. They remove the cause—friction and pressure. Thin, easy to apply, antiseptic, healing. Three sizes. Nothing so quick and sure as your druggist or shoe dealer.

**Dr. Scholl's Zino-pads**  
"Put one on—the pain is gone"

"myself," said the Sand Man. "I'm pretty smart about not being seen, but when my hay-fever comes on and I have to sneeze, I have a dreadful time not being discovered."

"Of course," said Nancy.

So she divided the cloak into three pieces, she and Nick each taking a piece with a pocket.

Then the Sand Man filled the pockets with magic sleepy sand out of his sack and everything was ready.

The moon was just over the top of the meeting-house steeple when the three workers started off over the house tops to put the babies to sleep.

By the time the moon was over the weather-cock on the barn, the whole world was quiet.

"Achoo!" went the Sand Man. "I do believe my hay-fever is coming back."

"Where are you?" cried Nancy. "I can't see anybody."

"Where are you, yourself?" the Sand Man wanted to know.

"Where are both of you?" came Nick's voice. "I'm here, too."

"Why, we still have on the pieces of the invisible cloak!" laughed Nancy. "We must take them off."

So they did and there they were, all three of them!

"We'll get the invisible cloak fixed and give it to the Sand Man," said Nancy. "It will keep him from catching cold, too."

"Fine!" cried Nick. "We'll go to the Green Wizard at once."

So they went to the tree where the Green Wizard lived and woke him up out of a sound sleep.

"Certainly, I'll fix it," said the kind old fellow. "Anything to oblige a friend?"

So he said:

"One-ey, two-ey, three-ey, four, invisible cloak, be whole once more."

Instantly the cloak was mended.

"Neither have I," said the Sand Man. "I know what it is. It's the invisible cloak that Tweedknee dropped from the moon!"

"Oh, oh!" cried Nancy. "It's the very thing for tonight, Nick! Each of us will take a piece and when we go to drop the sand into the babies' eyes, they can't see us."

"If you don't mind, I'll have a piece

**HELD FOR DEPORTATION.**

Robert Joseph Mooers and John Robert Arvidson, two youths from Boston, who have been held in custody in Fredericton since their arrest on vagrancy charges during exhibition week, appeared before Police Magistrate Limerick in police court Saturday and were given a further remand until Tuesday. They are being held pending completion of deportation proceedings.

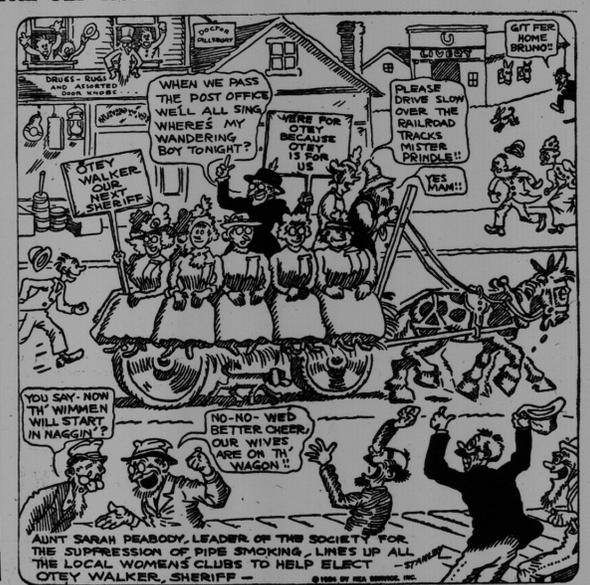

TWO BURGLARIES IN OXFORD, N. S.

The biggest burglary in Oxford for some time occurred on Friday night, says the Amherst News. The store of ex-Mayor A. Ross was broken into and several webs of his best cloth stolen. In addition to this the safe was opened and a box containing cash, Victory Bonds and notes was taken. The amount of these is not definitely known, but it is said that the loss to Mr. Ross will total several thousand dollars. The thief or thieves also broke into Cecil Hill's garage and made off with his car. The police in various towns have been notified.

S. S. RALLY.

A Sunday school rally service was held in Zion Methodist church on Sunday afternoon under the presidency of F. S. Purdy, superintendent. An interesting programme was rendered by the scholars and a practical and appropriate address was delivered by Rev. J. K. King, a former esteemed pastor.

**Social Notes of Interest**

At the Wayside Inn, Hampton, yesterday motor parties from the city and other outlying places were many. Among them were Dr. and Mrs. J. D. Maher and Miss Greta Goli, Mr. and Mrs. J. Charlton Berris, Mrs. J. L. Thorne, and Mr. and Mrs. J. A. MacNeill; Dr. and Mrs. A. H. Merrill; Mr. and Mrs. D. W. Puddington and Mrs. William Lockhart; Mr. and Mrs. W. E. McIntyre.

Mrs. Frances Murdoch was hostess at an informal bridge of three tables on last Friday evening at the home of her parents, Mr. and Mrs. Joseph Murdoch, 187 Orange street. Those winning prizes were Mrs. L. W. Mowry, Miss Edna Colwell, and Messrs. H. L. Beaman and J. Gilmore Armstrong.

Mrs. Hugh H. McLean, Jr., regent will receive the guests at the bridge and Mah Jongg Wednesday afternoon, when Valentine's chapter, I. O. E. entertains in Pythian Castle. Mrs. Fred R. Taylor will have charge of the refreshments and Miss Barbara Jack and Miss Audrey McLeod will decorate the assembly hall and dining room. Mrs. Arthur N. Carter will have charge of the tickets and Mrs. A. K. Harris, secretary, will assist as one of the committee.

Mrs. Percy Thomson entertained the Saturday Night Bridge Club at her residence, at Rothsey on Saturday evening. Those present were Mrs. George K. McLeod, Mrs. Bubby, Mrs. Fred Coverhill Jones, Mrs. Walter E. Foster, Mrs. Malcolm Mackay, sr., Mrs. Stewart Skinner, Mrs. Sherwood Skinner, Mrs. Arthur W. Adams, Miss Helen Sidney Smith, Miss Mabel Sidney Smith and Mrs. Lucien Debury.

who is visiting in the city from Montreal.

Hon. Dr. and Mrs. William Pugsley, who had intended leaving on Thursday for Ottawa, were detained and did not go until Saturday. Their departure for the winter is always regretted by their many friends. They will go to the Pacific coast, before taking up residence in Ottawa for the winter.

Mr. Allan G. McAvity, who has been in Montreal, spent the week-end with his family and will return to Montreal today. Mr. Thomas McAvity, Jr., is at McGill University.

**PREACHED IN OROCMOTO.**

Rev. Nell MacLachlan, pastor of the Queen Square Methodist church, was in Orocmoto yesterday conducting special services for the local pastor, Rev. A. E. Chapman, and Mr. Chapman was in St. John preaching in the Exmouth street church in the morning and in the Queen square church in the evening. His eloquent sermons were heard with appreciative attention. Rev. J. M. Murchison, field secretary of the Bible Society, occupied the pulpit of Queen square church in the morning and was the preacher in Centenary church in the evening.

**CADETS GET \$860 FROM THEIR TAGS**

The tag day effort for the cadet uniforms on Saturday realised about \$860 according to the first count made of the sums collected. Major William Vassie, chairman of the cadets' committee, said yesterday that the support of the public and the assistance given by the I. O. D. E. members and other friends had been very greatly appreciated. Organisation for tag day was very thorough and the cadets and school girls made a complete canvass of the city and tagged energetically.

**Overseas Settlement Committee Members Meet Trades and Labor Council.**

Delegates of the overseas settlement committee were in St. John over the week-end and left again this morning for Nova Scotia. The party consisted of Mrs. Harrison Bell, a member of the Labor party executive, W. Garnett and G. F. Plant, secretary. They were accompanied here by F. Biette of the C. N. R., R. I. Donaldson of the Soldiers' Settlement Board, and F. E. Sharp of the N. B. Farm Settlement Board. The delegation is studying migration and settlement in Canada of children from the United Kingdom.

The delegation met with the St. John Trades and Labor Council on Saturday evening and told of their plan for sending settlers to Canada. Mrs. Bell was the chief speaker. She said the party had visited many places where British children were on farms and saw more cause for commendation than for condemnation. She was going home much easier in her mind about the children, she said.

She asserted that the British Government was not dumping its undesirable into Canada. The selection of immigrants, she said, was wholly in the hands of the Canadian Government, whose officials passed upon all who planned on coming to Canada to settle. In one case 800 children were offered for transportation to Canada but only 82 were actually sent over.

**Sending Families.**

The latest scheme was to send families the number of 800 this coming year to the large areas of unsettled agricultural land. The two governments were to co-operate. The British Government would pay the passage and give loans for establishment here, and the Canadian Government would meet the migrating families, put them on large farms, with their own houses, and allow them to operate.

The settler would be placed under the direction of a Canadian farmer, who would be allowed the farm at a fair rental, so that he might teach the new settler Canadian methods. When the latter had shown that he could operate alone, the farm would be his and he would be expected to pay back his loan to the Colonial Office by easy payments. If this scheme proved successful it was hoped to send in all 8,000 families.

The committee was doing everything to avert the danger of having people come to Canada who would not take up land.

Mrs. Bell paid a glowing tribute to the Canadian scenery and said British people should settle here.

Mr. Plant spoke briefly, explaining many of the questions asked by the meeting.

**Vote of Thanks.**

C. H. Stevens moved the vote of thanks, which was seconded by Thomas Killeen. F. A. Campbell, president of the council, in presenting the vote of thanks, said he considered that the immigrants to Canada should be in family groups. Canada had its own orphan problem.

Those of the Trades and Labor Council who spoke on the questions Mrs. Bell asked, were F. S. A. McMullin, J. T. Sharpe, William Ely, Thomas Killeen, Garret Ward, Edward McGinnis, secretary of the council, and William Mathison.

The oldest date palm in the U. S. was planted near San Diego by the Spanish missionary, Junipero Serra, in 1776.

**WOODSTOCK CHURCH IS SAVED FROM FIRE**

Woodstock, Oct. 26—Shortly before service was to commence in the United Baptist church this morning fire was discovered on the roof. A high wind blowing at the time made it look serious, but the prompt measures taken by the firemen soon had the blaze under control. Considerable damage was done by water.

**OLDER BOYS TO MEET.**

An Older Boys' Conference, for boys fifteen years and over and for workers with boys, for the counties of St. John, Kings and Queens, will open in the Germain street Baptist church on November 14 and will continue until Nov. 16. Among the visiting clergymen for the occasion will be Rev. Waldo C. Machum, Boys' Work Secretary, Rev. F. M. Milligan, Field Secretary, Presbyterian Board of Religious Education and others.

A new invention is a music stand which will turn over the sheets when a foot lever is pressed.

Mark Twain said that premature report of his death were greatly exaggerated.  
Baron Munchausen, like many other men, greatly exaggerated his personal experiences.  
If your business is not up to par, don't exaggerate your difficulties. Ten to one, a little advertising on the Times-Star want ads pages would bring back your smiles.

The church bell draws religious people to public worship. The magnetic pole draws, unflinching, the compass needle. The Times-Star want ads irresistibly draw buyer and seller together.

The mother kangaroo carries her young in a little pouch. The Indian mother carries her papoose on her back. St. John mothers invariably prefer a go-cart or a carriage. These are frequently offered for sale in the want ad columns of the Times-Star.

### MAY MOVE WATT ROOM TO MUSEUM

Birmingham, Oct. 27—The garret in Heathfield Hall, Handsworth, in which James Watt, the man who did so much to develop the steam engine, conducted his experiments, may find its way to South Kensington Museum. Negotiations are now proceeding to this end.

Watt first came to Birmingham about 1768. He died in 1810. The room in which he worked was locked after his death, and was not opened for many years. His tools, benches, even the leather apron in which he worked, and which hangs in the same spot in which he put it, have been undisturbed.

The estate is being developed by a building syndicate and if the negotiations are successful the room will be transferred bodily to London.

SLAVE WIVES BUY FREEDOM

Queer native marriage problems which face women missionaries in the Congo regions are reported to the Baptist Missionary Society in London by Miss De Halle.

This missionary has been working amongst the Congo women of the Bolobo area for nearly 30 years, and she often has to settle disputes over slave-wives who want to be free.

"All Congo women and girls, with the exception of some who have Christian parents, are really slaves," she says. "They are sold, often as they children, to men for their wives."

Even if her husband dies, a woman is not free, and all the money he has given for her must be repaid, with any money he may have spent for her, on clothes and medicine.

"One case I had to settle," reports Miss De Halle in the "Missionary Herald," "was that of a Christian widow. The elder brother of her late husband, a heathen with four wives, said she must become his wife or pay 150 francs."

"I asked what he had paid for her, as estate law only allows to be repaid what is given of some who have been freed; then he owned that he had not paid that money, but had paid for two burials in the family, the woman's father and mother."

SPORT NEWS GLEANED FROM WORLD'S CENTRES

FANS' CONFIDENCE MUST BE RESTORED

Say Baseball Scandal is Now Up to Commissioner Landis.

Chicago, Oct. 27.—(United Press).—Since another big baseball scandal popped up with the discovery that two members of the New York Giants had made overtures to another player to throw a game, some curiosity has arisen as to what baseball, as it is represented by the advisory council, will do about it.

Some fear is being expressed that the heads of the game will prefer to let it lie out rather than to press vigorously, and give the fans more assurance than they have been given that it was a solid move originated by Coby Dolan and carried out by manager O'Connell, and that other giant player who is not known that Heinle Sand was to be approached with an offer of \$500 to throw a Philadelphia game to the Giants.

Under the conditions now it is entirely up to Commissioner Landis to do something that will restore public faith in a game that has not been entirely above suspicion since the White Sox showed in 1919 that all the players in baseball are not of the same quality.

Some things are being said in the testimony at Joe Jackson's suit for back salary that indicated that some of the big officials of the game were more about the crooked world's series than they admitted when they were being out-stated by "Babe" Ruth.

HOCKEY REPORTS FROM NORTH SHORE

Campbellton's Plans are Still Uncertain—Chatham May Drop Out.

Campbellton, N. B., Oct. 27.—At present it appears that Campbellton will not be represented in the northern section of the New Brunswick and Prince Edward Island Hockey Association this winter.

No definite steps have been taken either to send a team representative to the meeting of the league or to get together a team. Several of last year's team have definitely stated that they will not join their hockey togs this winter and, although there are several of last year's intermediates who would not doubt be able to make a name for themselves in this case with safe-breakers.

A detective called in to investigate a safe robbery immediately has the safe and the police of the world are able to keep track of "dangerous characters."

What will happen the northern section of the league is unknown. Rumor has it that Chatham is also through, which would leave Bathurst and Moncton, whose teams of last year are almost intact. Should they be used, they would have to be made up of players who would be bound to make its presence felt.

Of course this is an old story in Campbellton and the opening of the season the old timers have usually turned out, but this year it seems different.

G. W. V. A. FAIR HAS EXCELLENT START

Mayor Potts Officiates at Start of Affair for Baseball Fund.

The G. W. V. A. fair was opened officially on Saturday night by Mayor Potts in the Vets Hall in Wellington.

The opening night was a distinct success and although the attendance was not as large as had been hoped, every one of the attractions was kept busy.

The fair is being held to raise funds to pay off the deficit sustained by the Y. V. A. during the summer and to provide funds for carrying on of their service work.

The door prize on the opening night was a pair of chickens donated by Mr. Lananah and Mr. Chapman.

IMMENSE VALUE OF BAKU OIL FIELDS

Suffer Stagnation Under Soviet Rule and Pumps are Idle.

Baku, Azerbaijan, Oct. 27.—No part of Russia seems to possess more attractive fields for the American capitalist and business man than the great Baku oil fields on the Caspian Sea. If properly developed these wells are capable of producing sufficient gasoline, kerosene, lubricating oil, vaseline and by-products to keep the entire world supplied, it is said. But in their present state the fields present a melancholy picture. Only a small percentage of them are in actual operation. The great wooden derricks and the pumps, compressors and drills on the remaining wells are fast falling into decay. It is as if a great storm had suddenly visited a primeval forest, stripping the trees of their limbs and roots, and leaving ruin and desolation in its wake. At a distance the idle, decaying derricks, which cover an area of 60,000 acres, resemble a vast cemetery of conical tombstones. Scarcely a wisp of smoke issues from the blackened wells or the neighboring refineries to give the sombre picture any form of animation. Only here and there does one see a workman. The interminable rows of small wooden houses which in Czarist days housed the tens of thousands of employes, have degenerated into wretched hovels, for the most part deserted and ruined. The roads leading from the city are in a deplorable state, and it is a positive punishment to traverse them even in a cushioned automobile.

Due to Soviet Rule.

This stagnation is due to Soviet Russia's lack of capital, modern machinery and technical skill to develop the oil fields, which were taken over by the state soon after the 1918 revolution. "We have not the means nor the necessary equipment to work these fields properly," said an Azerbaijan Soviet official frankly to the correspondent, "and we are anxious to have American capital and American engineering skill."

When asked upon what terms American oil promoters would be admitted to Baku, the Soviet official referred the correspondent to Moscow. It is obvious from this that no concessions or privileges in the oil fields can be granted by the Azerbaijan government without the consent of the central government at Moscow.

STOLE AUTOS AND EXPORTED THEM

New York, Oct. 27.—The operations of a ring of international automobile thieves were revealed last night, according to detectives of the auto squad at police headquarters, after they arrested three men charged with being the leading figures in the thefts. The detectives declared that confessions of two of the men showed that five cars stolen here had been shipped to Holland and sold there by the European operative.

The men arrested were Cornelius Hannema, 472 West Thirty-fourth street; John (Dopey Benny) Martholer, 880 River street, Hoboken, and Peter Keegan, 233 Fourth street, Jersey City.

The arrests followed a complaint by an agent of the Buick Automobile Company in Holland that he had not received a commission for a car of that make which was sold in his territory. The automobile company here discovered that the car in question had been stolen. Hannema was arrested in Amsterdam, the detectives said, and gave the information which led to yesterday's captures.

Hannema was traced through the customs officials and the immigration authorities, having come to this country only three years ago. When he was found in his furnished room at the West Thirty-fourth street address he broke down, the detectives declared, and told all he knew. They said that they had him call Martholer from Hoboken to the room, where he was arrested. Keegan was picked up later.

According to the story told to the detectives, Hannema met "Dopey Benny" Martholer in a Hoboken saloon and the plan of stealing the automobiles was evolved. The automobiles were shipped to Amsterdam through a forwarding company. One of the cars sent to Holland without the slightest alteration, carrying the New York license plates and the monogram of the owner.

According to the detectives, Martholer has a criminal record, having been sentenced to the New Jersey State Reformatory in 1916 for robbery, and arrested in connection with a murder in Weehawken in 1921. At the present time, they said, he is under \$6,000 bail, charged with stealing a truck in Newark, N. J. They said that they expected to clean up a number of other thefts as the result of the arrests.

"The only complexion aid you need"

Why be content with an imitation complexion? Why not have a real one, that will stand any test and cost you next to nothing to maintain?

The way to get and keep such a complexion—radiant with the glow of youth and health—is to work not from without but from within. You must assist the body in its most effective means to a healthy body in a healthy mind.

Good Health for Half a Cent a Day

The ingredients of Kruschen Salts are necessary for healthy living. They are: whole wheat, flaxin and bran. It is the most nourishing and strength-building food sold, especially for children from the 10th month and for nursing and expectant mothers, because of its sound body-building properties; also for the dyspeptic and constipated.

In May, 1924, Dr. Jackson easily won a 1,200 mile bicycle contest in 19 days, living largely upon Roman Meal and milk and without tasting meat, against a man 90 years younger and 90 pounds lighter, who lived largely upon meat. Roman Meal is a wonderful food, you ought to try it. Prevents indigestion, positively relieves constipation. At grocers.

TWITTED BY GIRLS, SHE ENDS LIFE

New York, Oct. 27.—The gibes of school children are declared to have driven Vera Zickman, 15 years old, of Coney Island, to drown herself in the ocean. The girl's body was found floating in the water at the foot of West 87th street.

Vera was tall for her years and attended public school 198 at Coney Island. She did not make the progress she expected to, according to relatives, and was ridiculed by girls who were not so tall as she. Vera was puzzled by her backwardness. The gibes from her direction frightened her.

She could not speak to her parents concerning the matter, for they were in Russia. And so she brooded. Her uncle, David Herschowitz, was startled when he found her about to drink the contents of a bottle of iodine. Once before she had attempted to drink iodine.

He talked with the girl. In a moment of confidence, during which she cried, she told him she was being made the butt of jokes. She was doing her best, she exclaimed. What more could she do?

"I'll drown myself," she screamed. She ran from the house to the street and toward the ocean. Her uncle raced after her and caught up with her. With the aid of a passer-by he was taking her back to her home, but she broke away and disappeared in the darkness.

Herschowitz reported the case to the police and the marine division was notified. Soon after midnight a woman telephone to the police saying that a young girl was drowning on a stone jetty at the foot of West 87th street. The woman explained that she was some distance away, but could see the girl clearly.

A policeman hurried to the jetty, but

ARMENIANS TAKE TO AGRICULTURE

Increase in Cotton Culture—American Girl Teaches General Farming.

Erivan, Armenia, Sept. 25.—(Associated Press, by mail.)—American methods of cotton-growing are being introduced into Armenia. A new cotton factory equipped with modern American machinery has just been completed in Erivan. At the present time more than 40,000 acres of cotton are under cultivation. This is 40 times greater than the acreage under cultivation in 1921. The Armenian government expects this year to produce 30,000,000 pounds of raw cotton. One factory in Erivan has an output of nearly 2,000,000 pounds a month.

In order to encourage farmers to cultivate their own cotton fields, the government is allotting them large quantities of free seed. The government pays \$2.75 for 40 pounds of the seed material. The present average yield is about 1,000 pounds an acre. Djajal Ogla does not appear in any gazetteer or geography. It is a town of 6,000 souls, detached from the outside world and buried in the heart of the mountains of Armenia. It doesn't even boast of a telegraph office, newspaper, automobile or trolley-car. But there is a Vassar College girl here, Miss Phyllis Brown of Foughkeepsie, N. Y., who is teaching the Armenian American methods of farming.

A Girl Farmer. Miss Brown, who is connected with the American Near East Relief, not only has made two potatoes to grow where only one grew before, but she has taught the Armenian peasants American methods of dairying, cattle raising and poultry culture. Before coming to Armenia she took an intensive course in agriculture at Vassar College, graduating with high honors. The young American girl has introduced the "project" system of farming in Armenia, which proved so successful in the United States during the World War. She began her work here by giving instruction in agriculture to a group of destitute Armenian orphans. But now she is conducting several large model farms, which attract great numbers of farmers eager to increase their knowledge of agriculture. Miss Brown has produced such superb quality and size that the natives think she is supernaturally endowed. They were amazed when she produced sweet potatoes, which have never been seen in Armenia.

When the correspondent arrived in Djajal Ogla, after a ten-hour trip in an ox-cart over the Armenian mountains, he found the young Vassar graduate working at the plough. Plough drawn by two sturdy camels, while a class of several hundred men and boys looked on. Until Miss Brown's advent, the Armenians had nothing except the old wooden plough in use in Biblical times.

COLLEGE SESSION PLANNED.

A meeting of representatives of the maritime colleges will be held in Halifax on Tuesday, October 28, to discuss the offer of the Carnegie Corporation. Dr. W. S. **CITY CORNET BAND  
JUBILEE NOV. 15;  
PLANS ARE MADE**

Requiems for Members, Sacred Concert and Banquet Being Arranged.

The City Cornet Band will be 50 years old on Nov. 15, a little less than three weeks hence. It is an event of importance, not only in the life of the organization but in that of the city as well, for the band, under wise direction and with the spirit of co-operation among its members, has filled a large place in the community life.

It is planned to celebrate the golden jubilee fittingly and details of the city worked out at a meeting yesterday in the band room, Police Building. The first part of the observance will be on the day of the anniversary, Saturday, Nov. 15, and will take the form of a memorial of those of its members who have passed away since the day on which the organization came into existence. Those of its members who were born in each of the five parishes of the city—the Cathedral, St. Peter's, Holy Trinity, St. John the Baptist and Church of the Assumption.

On Sunday evening there will be a sacred concert in the Imperial Theatre with a silver collection to be given to a public object not yet announced, as those in charge of the activity is designed to assist had not been spoken to this morning about the matter.

For Monday evening of the anniversary period it is planned to have a banquet in the Clifton House to which prominent men of the city and province will be invited as guests. The program will include the Premier, Hon. P. J. Veniot, His Lordship Bishop LeBlanc and the parish priests of the city.

The Catholic churches, St. John members of the New Brunswick legislature and the Dominion parliament, the Mayor and the city commissioners, former members of the band and a representative of each of the other bands in St. John.

This is but a synopsis of the plans of the band for its jubilee, but it is enough to show that it will be a worthy celebration of a notable event in the life of an organization that has won a high place in the regard of the citizens by its excellent record in music and in assisting public endeavor.

**BLAMES LIGHTNING  
FOR BIRD SCARCITY**

North Shore Woodsmen Says Storms Created Havoc With Hatch.

Reports from the southern part of the province regarding the scarcity of partridges this season and the evidence that the birds have been suffering from an epidemic of vermin, have created considerable interest amongst the hunters along the North Shore. While the birds have not been plentiful this season throughout the greater part of the section, there has been no indication that this condition has followed attacks of either disease or vermin.

An old woodsman, who spends practically the entire year in the woods, in an interview with a Times reporter last week said that he had shot a few partridges this fall, but all were fine specimens. He showed two to the reporter and both were excellent birds. He attributed the scarcity of birds to the fact that during the hatching season this spring there was a series of violent thunder and lightning storms which were believed to have caused extensive casualties amongst the early hatched. Consequently, he said, there were very few young birds about the woods this summer and most of those bagged during the hunting season have been older partridges.

**BRING IN BOY ON  
FORGERY CHARGE**

Police Present Evidence—Must Go to Higher Court, Says Magistrate.

A colored boy, 12 years old, wearing a neat fitting suit, soft collar and was brought into the police court this morning to answer a charge of forgery. Magistrate Henderson commenting on the case said that it was a very serious charge and from the appearance of the two checks it was a pretty good forgery. He said he could not try a case of such a serious nature and that it would have to go before Judge Barry or be taken up in some other court.

Sergeant Detective Power presented the two checks which had been cashed at the Bank of Montreal, Haymarket Square branch. One was for \$5 and the other for \$3.94.

A. T. Bayly, manager of the bank, testified that Seelye Skinner, another boy, had an account in the bank and about a week ago applied for another pass book, saying he had lost his. He was informed that his account had been withdrawn and it was then learned that someone had forged his name to two checks and cashed them on May 26 and 27. The teller who cashed the checks is now in Newfoundland.

Mr. Bayly said he had been a hand writing expert at the head office and after the defendant had been arrested on Saturday he had him sign the name of Seelye Skinner. He said the writing compared with the Skinner boy's to marked degree and he considered it extraordinarily similar.

The preliminary hearing was not concluded this morning but it is expected to be completed tomorrow.

**DEATH OF MRS. A. BOURQUE.**

Last evening at Kingsville, Mrs. Suetta Bourque, wife of Abraham Bourque, formerly of Cocagne, Kent County, passed away. She is survived by her husband, four sons, Marshall, Chipman, Raymond, of Fredericton and Frank and Edgar, of South America and four daughters, Mrs. Jessy Seloe, of Madison, Me.; Mrs. Felton Gogan, of Kent Co.; and Mrs. Paul Gouville, of Kingsville, with whom she made her home. Many friends will be sorry to learn of her death. The funeral will be held on Wednesday afternoon.

**ON STEALING CHARGE.**

George Dugan and James Odell were arrested last evening by Sergeant Detective Power. Detective Saunders and Kilpatrick and Policeman Corvic charged with stealing \$80 from John Mackay lumber camp at Black River. They appeared in the police court this morning and were informed that witnesses were not available before tomorrow morning and that they would be remanded to jail. When they were summoned by Magistrate Henderson Odell pleaded not guilty and was informed that he had not been asked to plead.

**MANY CONFIRMED.**

His Lordship Bishop E. A. LeBlanc administered the Sacrament of Confirmation in St. Peter's church yesterday afternoon to approximately 200 children and adults. The children were in charge of Rev. James Woods, C. S. S. R., while the adults were in charge of Rev. James Woods, C. S. S. R., subjected the candidates to an examination prior to the administering of the sacrament. His Lordship was attended by Rev. Edward Mehan, C. S. S. R. Both His Lordship and Father Cloran addressed those confirmed, impressing on them the significance of the sacrament and their duties in life. The sponsors for those confirmed were Dr. and Mrs. Harold S. Clark and Mr. and Mrs. John G. Burke. The church was filled to capacity during the ceremony.

**NOW WANTS OTHER  
MAN IN COMBAT**

Magistrate Orders Return of Robson in the Legere Case.

Alexander Legere, who was arrested on the night of July 29 and charged with fighting in the public streets and who that night escaped from one of the cells at police headquarters, was brought into the police court this morning. When asked concerning the fighting he said he had been acting in self defense. Magistrate Henderson said that the other man, Robson, who had been arrested on that occasion had also pleaded that he was acting in self defense and had been allowed to go on his own recognizance to appear again if wanted. He instructed Sergeant Detective Power to notify him to appear so that the matter could be gone into.

Traffic Policeman McNamee told of making the arrest. He said he was proceeding up Mill street in a street car and saw two men fighting in the street. He jumped out of the car and arrested them.

The charge of breaking from lawful custody was not gone into and the case was set aside until Wednesday. E. J. Henneberry and Paul C. Quinn appeared for the defendant.

**PLANS TO OVERCOME  
THE FIRE MENACE  
WERE DISCUSSED**

Fire Marshal, Home From Toronto, Tells of Dominion Meeting.

One of the most successful annual conventions of the Dominion Fire Marshals' Association was held last week in Toronto. It is the Parliament buildings, according to Hugh H. McLellan, New Brunswick fire marshal, who returned home on Saturday. Mr. McLellan said that many important matters relating to prevention of fire were discussed and several resolutions that are bound to have good effect were adopted.

One of the outstanding addresses of the convention was given by Frankman Price, representing the Motion Picture Producers of America. Mr. Price spoke in regard to inflammable and flammable films and said the producers had decided not to sell the flammable films to amateurs. He predicted a tremendous growth in the motion picture industry within the next few years in view of the fact that the schools, colleges, clubs, and churches were using the films in their work. A model law in regard to this matter was before the convention and was endorsed. In this connection it was said that many of the hospitals in the country were not using the inflammable films for X-rays and these were kept in rooms that were not vaulted. A resolution was adopted urging the Government to introduce legislation requiring that hospitals purchase the inflammable film for this work. Its cost is about 20 per cent. higher than the other.

Gasoline  
The matter of regulation and control of storage and sale of gasoline was considered at length by the convention and a model law was put before the meeting and was endorsed. It was decided to bring the matter up again at the next annual meeting of the association in connection with the annual meeting. Mr. McLellan suggested that in future the fire marshals meet with the Dominion Fire Prevention Association. His suggestion found favor and the next annual meeting will be held in Ottawa next April.

An address by G. B. Muldar on laboratory work in the United States was characterized by Mr. McLellan as being one of the most absorbing he had listened to in many years.

J. Grove Smith, fire marshal, visited a laboratory that has been established in Montreal for the purpose of testing roofing materials. Mr. Smith promised the meeting he would have a list compiled and ready in three months time of the material used in Canada.

Units to Fight Menace  
The report of George F. Lewis, secretary-treasurer, was an interesting one. Mr. McLellan said. An important announcement in his address concerned the decision of four national organizations to join hands to prevent fires, they being the Canadian Manufacturers' Association, the Dominion Association of Fire Chiefs, the Canadian division of the American Waterworks Association and the National Fire Protection Association. Mr. Lewis said that for the first nine months of this year there had been a reduction of \$12,000,000 in fire losses.

The convention went on record in favor of the installation of the sprinkler system in manufacturing plants. Regarding this matter, Mr. McLellan said in company with other delegates he visited the plant of the Canadian Kodak Co. Ltd. just outside of Toronto, and was greatly impressed with the means adopted there to prevent fire. In addition to having the buildings of concrete and sprinklered throughout, there were eight hydrants with their attached hoses on the grounds. The factory had its own fire department and chief.

**As Hiram Sees It**

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "do you pity the poor neglected heathen Chinese as much as you did?"

"No, sir," said Hiram, "I don't. I see where one of their armies laid a mine the other day and then squeezed part of the other army over onto it and blowed 'em up. We couldn't do much better'n that ourselves."

"I doubt if we could," said the reporter. "It is much more expeditious than the heathen way."

"Ah," then, said Hiram, "they had airplanes and throwed down bombs and sunk a ship and done a lot more blowed 'em up. Nohin' heathen about that. We showed 'em how to do it."

"Do we rejoice?" queried the reporter.

"I can't say we orto," said Hiram. "No, sir—I think we orto be ashamed of it. An' yit we stick up our noses and say we got a message for the heathen."

"The General who has tried to make peace is a Christian," said the reporter.

"I hope they'll make him President," said Hiram, "so's he kin send some missionaries to Europe an' America—Yes, sir—I do so."
