

GOOD THINGS COMING TO THEATRES OF ST. JOHN.

VERA GORDON AT THE IMPERIAL NOW

Star of "Humoresque" in Her Latest Mother - Triumph, "The Greatest Love."

One of the most marked successes in pictures presented by Imperial Theatre this season was "Humoresque" in which the Yiddish actress Vera Gordon became famous, her delineation of the mother role establishing her at once as the greatest mother on the screen. Today and tomorrow the Imperial duplicates, if not outdoes "Humoresque" with the Lewis J. Selznick household drama "The Greatest Love."

It is no trade that the story most enjoyed by the average patron of the sweet home-love element—mothers, fathers, little children and ideals of the home, no matter how humble it may be. The Imperial does its best to secure as many of these as possible and in screening "The Greatest Love" today it is felt that no better "home" play could be made.

Vera Gordon will entwine herself around the hearts of everybody as the Italian mother in today's feature. She is a model mother herself in private life and unlike many actresses boasts of her own children. She knows all the complements of housekeeping, too, as the picture shows and with a wonderfully capable supporting cast gives an enthralling performance.

"The Greatest Love," while a superlative of unusual merit, will be shown at the Imperial's usual scale of prices, but intending patrons are admonished to be early in securing seats.

BRIGHT AND ATTRACTIVE ACTS

Week-End Bill at the Opera House Again This Evening Includes Special Picture Feature—Great Mystery Act Here Tomorrow.

The week-end programme at the Opera House will continue this evening. The acts have been thoroughly enjoyed and there is no doubt many will avail themselves of the last opportunity to see these bright vaudeville offerings, which will be as follows:—Una Clayton and Herbert L. Griffin, in an original comedy playlet "Keep Smiling," Evans and Miller, in a comedy, blackface novelty, "The Dance Floor," Flettow Bros., in a comedy, acrobatic and equilibristic offering; Hal and Francis, in a comedy singing and novelty skit "Town and Country," and a comedy, "The De Beers" who are offering a dainty revue of vocal and dancing gems; also another episode of the popular serial drama "Bride 13." Another feature tonight will be the showing of the British Canadian News, showing an excellent picture of the late Cardinal Gibbons; the launching of the "Bluenose" at Lunenburg, and other subjects of local interest.

The new programme for tomorrow will have Adelaide Herman, widow of the famous "Herman the Great," offering a new series of mystery problems and magical surprises with her original and spectacular illusions, "Joss of Ark" and "Noah's Ark." She is assisted by Mlle. Marie, Sepa Stephani and John Ketcham. Her husband was the most famous magician of modern times. He traveled all over the world and even mystified some of the great Hindoo magicians. This act was booked here at great expense and is one of the most sensational of the season working in vaudeville.

In addition to this feature there will be Kelly and Drake, in comedy songs and snappy dancing; Mlle. Weida, in a sensational aerial and rope act; Bob Yenny and Freda Short, in a riotous comedy musical novelty; Billy Duval and Bee Little, in an original comedy skit, "Their First Quarrel," episode of serial drama "Fighting Fate," featuring William Duncan.

"DINTY" OPENS AT UNIQUE TODAY

Starting today, and all week, Marshall Neilan's most successful feature, "Dinty," with Wesley Barry in the title role, will be the attraction at the Unique. "Dinty" has been a spectacular success in the United States and Upper Canadian

LaTOUR Terms, \$3 per day. Special rates, permanent guests. Excellent dining-room, meals 60c; ten tickets \$5.50. King Square, St. John, N. B. 7-3

ONTARIO'S "HIRED MAN"

Hon. Manning Doberty, Minister of Agriculture for Ontario, formerly of St. John, about to milk a cow in front of the Parliament Buildings in connection with a "Drink More Milk" campaign, held in Toronto this week. The cow-milking exhibition attracted considerable attention.

Chies, but this is the first showing in the maritime provinces, where it will doubtless duplicate its big city triumph. Everyone should see "Dinty."

WILL ARBITRATE STREET RY. WAGES IN CLEVELAND

Cleveland, April 11—Representatives of the street car men's union last night agreed to arbitrate their differences with the Cleveland Railway Company over the wage agreement, which will expire on May 1. The company demands a twenty per cent wage reduction and abolition of the closed shop and of extra pay concessions.

FORMER EMPRESS OF GERMANY DIED THIS MORNING

Attacks of her malady recurred at frequent intervals, each sapping her vitality and nullifying the measures taken by specialists to restore her health. When her son, former Prince Joachim, committed suicide in Berlin in last July, she was in such serious condition that the news of his death was kept from her. Late last autumn the former Empress' condition gradually became worse, and on several occasions her children were called to Doorn, but her strength was such that she rallied bravely when the end was believed imminent. Since the first of this year, it had been known that she was gradually sinking. Former Emperor William and Prince Adalbert were at the bedside when the former Empress died. They had been called by Dr. Haesner, who attended the former Empress throughout her residence in Holland. London, April 11—Funeral services over the body of the late former Empress Augusta Victoria of Germany will be held at the house of Doorn tomorrow, and will be attended only by members of her family, says an Amsterdam despatch to the Central News. The body will be taken to Potsdam on Wednesday and another funeral service will be held there.

Collapses of the Central Powers and the vicissitudes of war that drove former Emperor William of Germany and his consort into practical exile in Holland in November, 1918, was the lowering of the curtain in the life of the once beautiful Empress and Queen of Prussia, Augusta Victoria who, for nearly forty years, had been the most beloved and trusted of the German people. In the Netherlands, where she and her husband resided first at Amerongen and then at Doorn, the former Kaiser's long continued illness was made more grave by her yearning to return to Berlin and Potsdam. On several occasions, since her residence in Holland, members of her family have been summoned to her bedside in anticipation of her death, but she rallied and survived.

The Empress' gravest cloud, next to the abdication of William II, was the tragic death of her son, Prince Joachim, who committed suicide by shooting himself in Berlin in 1920. She was never informed, it is said, that Joachim had taken his own life. Another depressing event which haunted her, was the Russian revolution and the fate that befell Emperor Nicholas and his family with all of whom, before the war, she had been on the kindest terms. Augusta Victoria was notable chiefly for her keen interest in charitable work and in the betterment of the living conditions of the German poor. It has been said of her that she was not an especially gifted woman and that she cared more for the simple duties of home life than for royal functions. It is not known that she exercised any considerable influence politically or that she desired to do so. Her talents seemed, instead, to be directed to the task of becoming a helpful wife and a devoted mother to her six sons and one daughter. That she achieved this aim, the former Emperor attested frequently. He once described her as "the ideal of the virtues of a German princess." "She it is," he declared, "to whom I owe that I am able to bear the weighty responsibilities of my position in a joyful spirit."

MONTREAL BOY SHOT

Montreal, April 11—Shot in the groin by a stray bullet fired by Armand Lozeau, 21, Paul Morency, 14, was taken to the Notre Dame Hospital yesterday, and is in a critical condition. Morency was seen-sawing on a log and was being hoisted into the air just as Lozeau, who was unaware of his presence, fired.

who committed suicide by shooting himself in Berlin in 1920. She was never informed, it is said, that Joachim had taken his own life. Another depressing event which haunted her, was the Russian revolution and the fate that befell Emperor Nicholas and his family with all of whom, before the war, she had been on the kindest terms. Augusta Victoria was notable chiefly for her keen interest in charitable work and in the betterment of the living conditions of the German poor. It has been said of her that she was not an especially gifted woman and that she cared more for the simple duties of home life than for royal functions. It is not known that she exercised any considerable influence politically or that she desired to do so. Her talents seemed, instead, to be directed to the task of becoming a helpful wife and a devoted mother to her six sons and one daughter. That she achieved this aim, the former Emperor attested frequently. He once described her as "the ideal of the virtues of a German princess." "She it is," he declared, "to whom I owe that I am able to bear the weighty responsibilities of my position in a joyful spirit."

Concerning the attitude of the former Empress toward the war little is known. Some indication of her point of view was given in her reply in July, 1918, to a letter written by the wife of the Dutch Minister of War. In responding, the then Empress declared that Germany repeatedly had manifested her readiness for peace which, she declared, had not been entertained by the opposing powers.

That she subscribed to the contention of military leaders that Germany was fighting a defensive war, was shown by a statement she issued at the beginning of the great conflict in which she said that Germany was arming itself for a fight which it did not cause or begin and which it is carrying on only to defend itself." In this appeal she asked German women to aid in caring for the German wounded. Numerous instances in which the former Empress visited German hospitals and expressed lively sympathy for the wounded soldiers were reported during the war. On one occasion she was said to have broken down at the sight of great numbers of the German wounded soldiers who were reported during the war. On one occasion she was said to have broken down at the sight of great numbers of the German wounded soldiers who were reported during the war.

It will be a pleasure to offer a free demonstration. May we expect you? SELLER'S MASTERCRAFT J. MARCUS, 30 - 36 Dock St.

care at 6 a. m. one morning she refused to rouse any one for fear of disturbing him and, with her maid, walked up and down for an hour in the wintry morning until the doors were opened by the servants. One of the stories told of her is that she enjoyed visiting schools in country districts, selecting one of the pupils and promising the child to fulfill any wish the child might express. A disconcerting instance happened when she did this in Alsace where the schools were being Germanized and the French language suppressed. A little girl, receiving the promise of the Empress to grant her wish, asked that her schoolmates be allowed to study the French language. The Empress was taken aback but French lessons were given in that school afterward. Born October 22, 1833, at Doldig, Augusta Victoria was the oldest daughter of Grand Duke Frederick of Schleswig-Holstein-Sonderburg-Agustenburg, and ranked as a princess of Schleswig-Holstein. Her early childhood was spent at Kiel. She married the then Prince William of Prussia on February 27, 1881. They had six sons and one daughter. Don't miss the spring sale at Brazer's Union street. See large ad. page 3. 4-14

TO GUARD those chubby little legs from chills; to keep those pink little toes cosy and warm; to protect without chafing; there is nothing quite so good as the soft wool from Australian lambs. Only this wonderful wool is used in Little Darling Stockings—the finest stockings ever made for infants. Little Darling Hosiery is made in many styles and colors; sizes up to seven years; heels and toes are silk. Little Daisy Hosiery for older children up to twelve years. The same fine yarn and the same close knitting; reinforced at heel and toe. You should be able to buy either of these fine stockings at any good store. Write to us if you have the least difficulty obtaining them. Chipman-Holton Knitting Co., Limited, Hamilton, Ont.

GAVE MILLIONS

Mrs. Pullman Disposed of Some \$12,000,000 to Charities Before Death—Left \$4,000,000.

Chicago, April 11.—Mrs. George M. Pullman's will, filed for probate, disposed of an estate valued at \$12,000,000, the bulk of which is left to her two daughters, Mrs. Florence Lowden, wife of former Governor Frank O. Lowden, and Mrs. Harriet Carolan. With the filing of the will it was announced that Mrs. Pullman had given to charities, within recent years, approximately \$13,000,000. Mrs. Pullman was the widow of George M. Pullman, pioneer railway builder.

RECENT WEDDINGS

A pretty wedding took place at North Head, Grand Manan, on Saturday evening last, when Hollis Murphy of North Head, and Miss Lily Reed of Fairville (N.B.) were joined together in holy matrimony. Rev. David Jenkins, rector of Fairville, officiated. The bride, who is one of Fairville's popular young ladies and a sister of Mrs. Cowie, North Head, wife of the engineer of the steamer Grand Manan, was charmingly dressed in white with hat to match. The wedding took place at the groom's residence and after the ceremony luncheon was served. The young married pair will reside at North Head.

RECENT DEATHS

The death occurred yesterday of Mrs. J. Quigg, beloved wife of John Quigg, her residence, Main street, Fairville, the 90th year of her age. The late Mrs. Quigg was one of the oldest residents of Fairville and many friends will mourn her passing. She was a devoted mother and a kind neighbor. Her death came as a great shock to her husband and grandchildren.

The many friends of Mr. and Mrs. John E. O'Leary, of Cranston avenue, will sympathize with them in the death of their infant son, Leo Martin, who died on Saturday, aged eight months. The funeral will take place this afternoon at Golden Grove.

The friends of Mr. and Mrs. William J. Roddy, of 190 British street, will sympathize with them in the death of their infant son, Leo Martin, who died on Saturday, aged eight months. The funeral will take place this afternoon at Golden Grove.

Many friends in this city will extend their sincere sympathy to Mr. and Mrs. William Caples, of 89 1/2 Richmond street, in the death of their little grand-daughter, Mary Agnes Caples, which occurred yesterday morning at 5 o'clock. The little girl was just two years of age and her death came as a great shock to her husband and grandparents.

Mrs. Charlotte Isabelle Selce died on Saturday at her home, 818 Rockland road. She was a prominent member of the Sapphire Rebekah Lodge, L. O. O. F.

Hood's Sarsaparilla

The best spring medicine treatment that will purify, vitalize and enrich your blood. Small dose after each meal. Pleasant to take, economical and efficient. A month's supply in every bottle.

More Than This It creates an appetite, aids digestion and assimilation, and makes food taste good. A wonderful remedy for impurities of the blood, rheumatism, lumbago, catarrh, scrofula, eczema, to give nerve, mental and digestive strength and to build up after protracted illness, influenza, grip, and fever.

A word to the wise is sufficient. Get a bottle of Hood's Sarsaparilla and begin to take it today. Hood's Pills, small doses, a mild laxative; larger, an active cathartic.

and a district deputy president. She was a member of the Victoria street Baptist church. She leaves her husband, Charles W. Sage, two sons, William A. of this city, and C. Stanley of Calgary. One daughter, Mrs. G. E. Titus of Dover, N. H. also survives.

The death of Mrs. Arthur J. Mawhinney of Mace's Bay occurred at her home on April 7 at the age of 48 years. She leaves her husband, two sons, Samuel and Blair and four daughters, Elizabeth, Lulu, Irene and Kathleen, all at home. The funeral was held on Friday.

The death of Gilbert M. Peck occurred at his home in Wolfville, N. S., on April 7. He was 79 years of age and a former resident of Hopewell Hill, N. B. He leaves his wife, one daughter, Miss Eva of Toronto and three sons, Frederick and Henry of Wolfville, and Warren of Cornell University, N. Y.

Dr. Fred J. White, of Moncton, died suddenly yesterday morning at his home, death being due to apoplexy. He leaves to mourn a wife and one daughter, Miss Marion. He was a native of Newfoundland and was educated there and at Mount Allison University, Sackville, and McGill University, from which institution he was graduated with the degree of M.D.C.M. in 1886. He became a government surgeon in Labrador, remaining there until 1888. He was a member of the medical corps during the Riel rebellion and was present at the decisive battle of Batoche in 1885. For his bravery under fire he was awarded a medal and clasp. He held the rank of major in the 74th infantry of which he was the surgeon for several years. After graduation from McGill he resided in St. Louis for some time and while there was united in marriage with Miss Ella M. Webster. Thirty years ago he took up practice in Moncton. He was mayor of Moncton in 1907 and 1908 and from 1909 to 1910 was president of the Moncton Canadian Club. He was a Conservative and a Presbyterian.

FUNERALS

The funeral of Mrs. James Tipping was held yesterday afternoon from her late residence, 12 Stanley street. Service was held at 4 o'clock by Rev. Dr. Hutchinson and interment was made in Cedar Hill cemetery.

WOMEN TO RUN KANSAS TOWN; TWO GRANDMOTHERS AT HEAD They, Kan., April 11.—Two widowed grandmothers, three housewives and a woman telephone operator will administer the affairs of this town of 400 population for the next year. After the woman's ticket, campaigning without a platform was swept into power in yesterday's election by a majority of four to one.

Members of the new administration include: Mayor—Mrs. A. H. Forest, widow, three children and eight grandchildren. Police Judge—Hattie Brewster, widow, four children and four grandchildren. All the new town council are women. Every member of the new administration is also a church worker.

MORNING NEWS OVER THE WIRES

The ocean-going tug Otis Wack was launched on Saturday from the shipyard of W. R. Huntley & Co., at Parrabrook, N. S. She is 107 feet in length and about 230 tons gross and is built for the Gypsum Packet Co. of Windsor for towing plaster barges to New York. She will be taken to Hantsport to take on lumber and fittings for her cabin. She will then go to Yarmouth to have her machinery installed and her deckhouse put on. The launching of this tug closed the shipyard on that shore and shipbuilding it at a standstill in that vicinity.

MILEAGE BOOKS GOOD ON BOTH THE LINES

Under combination of Canadian National and Grand Trunk lines of railway, a recent order enables the use of mileage books issued by one road on the trains of the other company if desired. Previously, if a business man were traveling from Toronto to Ottawa for example, his Canadian National "book" would be valid to that point. But if he wished to continue his journey to Montreal over the Grand Trunk, it would not have been good on the G. T. R. train. The order just issued wipes out the distinction, in a mileage-book sense, between C. N. R. and G. T. R. Books issued by the Grand Trunk and good over all eastern lines of the Canadian National and, likewise, those issued by the C. N. R. are valid on the trains of the G. T. R.

BIGAMY CHARGED. Woman Married Again During Husband's Last Hours. London, April 11.—Seven hours before her husband died, Alice Foster, thirty-two, of Prince George road, Stoke Newington, David Robert Spence at St. Mathias' church, Stoke Newington. A dramatic story was told at North London, where the woman was charged. Spence, a porter, gave formal evidence of his "marriage" with prisoner, which ceremony took place at 2.30 p. m. Detective Sergeant Oakley spoke to seeing accused at her address and telling her that at the time of the second "marriage" her husband was alive at Queen's road, Dalston, but that he died at 9.30 p. m. the same day. "I wish he had died years before," was her reply. She rushed into the kitchen, asking him to stay in the parlour, but he followed and stopped her as she was attempting to get a table knife. She exclaimed, "I will do myself in." Foster has driven me to this, Spence is innocent. I have misled him all the time. He does not know of my seven children, who are in the workhouse." A letter which prisoner wrote to Spence after her arrest was handed to the magistrate, who declared it to be most affecting to read. A remand was ordered. RENT PROFITEER'S FATE. Imprisoned For Exploiting War Widow—Must Refund. Paris, April 11.—M. Margallou had the good luck two years ago to find an unfurnished apartment in Paris for the rental of three thousand francs. He bought fourteen thousand francs worth of furniture and furnished it. Then he let his nice new furnished apartment to a war widow for 1,800 francs monthly. In two years he had got all his money back, one thousand francs interest and still had his apartment and his furniture. A French magistrate, however, considered that money should not be made so quickly and has therefore sent M. Margallou to prison for two months, fined him 800 francs and ordered the repayment of 8,000 francs to the tenant. BREAD WAR IN HAMILTON. Hamilton, Ont., April 11.—The price of bread is down. This is due to a battle of prices which has broken out in the city among the majority of the bakers, to the great advantage of the housewives. Several prominent firms announced a reduction of two cents per twenty-four ounce standard loaf, with the result that these loaves are being sold for ten cents each. The radical reduction follows as a result of price cutting tactics which have been maintained recently.

Our Anniversary Celebration Carries Special Prices for One Week Only On Everything. Customers have been surprised to find that the above is actually the case and are recommending their friends to take advantage of it while the week's sale-time lasts. ### KARL TAKES TINO'S HOTEL SUITE FOR EXILED MONARCHS

#### Ex-Emperor's Movements Are Considerably Restricted By Switzerland—Regrets Escape.

Lucerne, Switz., April 11.—Former Emperor Charles of Austria-Hungary, domiciled here after his unsuccessful trip to Hungary in an effort to reclaim the Hungarian throne, is occupying with former Empress Zita the same hotel suite that King Constantine and Queen Sophie of Greece lived in when they were in exile here. This suite is known locally as "The Kings and Queens' refuge."

cause of its healthfulness and the facilities it affords for the education of their children. Therefore, it is declared there is no question as yet of their going to Spain.

The ex-emperor and ex-empress attended services at a local church. Both of them looked well, but tired. Charles seems to have recovered from his attack of bronchitis.

Sharing the exile of Charles in Lucerne are many members of the Hungarian nobility, including Chamberlain Marquis Pallavicini, secretary Von Borovitsky, Professor Weinhardt, Captains Schorta and Werkmann and the Countess Schonborn. The Swiss colonel Kissling and Captain Truge will remain here for a time.

The Marquis Pallavicini said that except for the veto of the Allies the Little Entente which had disarmed Hungary would have been unable to withstand the situation and that Charles would have been king, as the people desired him. He added that Admiral Forthy was ready to resign, if the country was safe from outside interference.

### Isn't it Beautiful and How Quickly You've Done It!

Are you thinking of doing your floors at house cleaning time?

#### Liquid Granite

the magic floor varnish which gives a lasting lustre that defies rough and constant wear, is easy to apply, and dries quickly. It can be kept clean with a damp cloth without destroying the gloss. Equally good for wood, linoleum or oilcloth.

### BOOM IN MARRIAGES

Nearly 400,000 in 1920 in England and Wales.

London, April 11.—The Ministry of Health has made the following statement to a news agency:

"During 1920 nearly 400,000 couples were married in England and Wales, a considerable increase on 1919, when it had been 350,000. The increase is due to the fact that the 'boom' in matrimony one may get some idea when it is remembered that for the three years preceding the war the annual average was only 250,000. Indeed, the 250,000 mark has only been passed twice—in 1919 and in 1915—when, owing to the cry of 'single men first' the marriages in the latter half of the year went up with a sudden lurch and eclipsed all previous figures.

### BIG OIL GUSHER IN THE ARGENTINE

Buenos Aires, March 16.—(Associated Press, by Mail)—The first big gusher, among the oil wells in the government field at Comodoro Rivadavia has just been brought in with an estimated prod-

uct of 25,000 barrels a day. The previous wells in that district had been small. As this new one is in a new part of the field it is thought that this may mean Argentina is entering on an era of large production. The oil is heavy, as is the other oil so far produced at Comodoro Rivadavia, and is of little use except for fuel.

### OPPOSE RESALE TO THE GERMANS

#### British Shipping Body Objects to Surrendered Hun Merchant Vessels Passing Out of Allied Hands.

London, March 26.—(Associated Press, by Mail)—The British Chamber of Shipping has decided to oppose the sale to foreigners of any of the merchant ships surrendered by the Germans. It holds that under no circumstances should any of them be sold back to the Germans. A vote to that effect was taken at a meeting of the council just held to decide what disposition should be made of the vessels remaining in the possession of the British government.

Lord Inchcape, who has been entrusted with the sale of the vessels on behalf of the Reparations Commission, said that 108 German ships had been privately disposed of to British nationals, but a good number still remained to be sold and the demand for them, owing to the slump in the shipping trade, had slackened. It had been suggested that some arrangement might be considered whereby the market for the ships might be thrown open to the whole world.

### DISORDER IN COURT.

Confiscated Liquor Exploded in Detective's Pocket.

New York, April 11.—New York's night court, busy as a result of the police department's first drive at enforcement of the state prohibition law, adjourned temporarily in disorder when a quart bottle of confiscated liquor exploded in the pocket of the detective.

## "P.B." Corsets

RUST PROOF GUARANTEED

Whether standing, sitting or reclining, or in the active everyday duties which demand continual walking and bending, you will find P.C. corsets the most comfortable, the most becoming and the most serviceable.

5 Corsetieres in leading stores everywhere will gladly fit you with a P.C.

Front Lace Back Lace  
White and Flesh

Our new booklet showing P.C. models will be mailed free on request.

temporarily in disorder when a quart bottle of confiscated liquor exploded in the pocket of the detective.

The detective stood before the magistrate supporting a man, who, with bowed head, was confessing that he had partaken too freely of the brew that intoxicated.

"Where's the evidence?" asked the court.

The detective's hand moved toward his pocket and a loud report followed. Someone shouted "Bomb," and a rus for the exits began. The detective was hurled to the floor, as was his prisoner. The magistrate and other in the court gathered outside and it turned only when apprised of the cause of the explosion.

The next defendant on the do a father of ten, still trembling as a result of the explosion scare, took pledge to abstain "forever and ever."

## Milestones

YOUR son Billy at home, where you saw him—and probably corrected him—every day, seemed very different from Billy miles away at school. Somehow you forget now his rickety ways, his eternally grimy hands, and remember rather the frank blue eyes, the ring of boyish laughter.

Sometimes, when your wife thinks you are reading the evening paper, you are really thinking about the boy. He is how old—nearly thirteen! In fact, his birthday is due in a fortnight. He's growing up, that son of yours.

And what about the birthday? He has been begging for a watch. Why not make his dreams come true?

Can't you just see the incredulous joy in those same boyish eyes when he opens his birthday parcel, away there at school—his chums looking on—and then a shout: "O gee, fellows! Dad's sent me a watch. Gee!—It's an Elgin—that's the very best. Isn't he a dandy dad?"

## Fresh Milk

### Always Handy on Your Pantry Shelf

Talk with your Grocer about this convenient milk supply

EACH day you require Milk. Some days you need more milk than others. Sometimes you need it unexpectedly. In winter—you have the annoyance of frozen milk. In summer—you know well how quickly milk is apt to "turn"

Your daily milk supply is quite a problem, isn't it?

Let your grocer solve it for you. He is the modern milkman. He can fill your needs for milk a week—or a month—ahead. He sells Carnation Milk—Nature's finest food in a safe, pure, convenient form.

CARNATION Milk is just pure "whole" milk from Canada's finest dairy farms. Our condensaries are in the heart of the finest dairying centres. Milk reaches us while perfectly fresh.

Immediately part of the water is taken away by evaporation.

Then, this rich milk of creamy consistency is sealed in air-tight containers.

Made in Canada by CARNATION MILK PRODUCTS CO., Limited, Aylmer, Ont.

And, to make assurance doubly sure, it is then STERILIZED.

Note that nothing is added—no sweetening or preservative. Nothing but some of the water is taken away.

USE Carnation Milk just as it comes to you as cream for tea, coffee, cereals or fruit.

Dilute it with an equal part of water and it fills every milk requirement. Add still more water, and it makes a nourishing drink for the kiddies—as fresh as it is safe.

You'll find Carnation Milk economical, too, because it stays sweet for several days after the can is opened.

Begin to-day to get your milk from the modern milkman—your grocer. Phone now for half-a-dozen cans of Carnation Milk.

1866 55<sup>th</sup> ANNIVERSARY SALE 1921

First Announcement of The Close of This Fifty-Fifth Anniversary Sale

Only Tuesday, Wednesday, Thursday and Friday left to share in the wonderful values offered during our Anniversary celebration. So that the last days may be as appealing as the first, new lots have been gathered and marked at very low prices. Throughout every department most unusual values are to be found. It is not necessary to go into details. The mere listing of the quotations here, best tell the story. Bear in mind—everything advertised previously also remains sale priced.

Of Local Interest Fifty-Five Years Ago Today. Published in the Morning Journal.

**LETTER FROM ENGLAND.**  
*Director of the Steamship Co.*  
 HALIFAX, April 11.  
 The steamship Asia, Capt. Anderson, left Liverpool at 10 o'clock on the evening of the 9th, and Queenstown on the evening of the 10th. She arrived at Halifax at half-past 4 p. m. on the 11th. She brought 42 Halifax and 91 Boston passengers.  
 The steamship City of York sailed simultaneously with the Asia. The Erin arrived at Liverpool on the morning of the 30th ult., and the Java arrived off Crookhaven on the evening of the same day.  
 Advice from Plymouth say that orders had been received there to expedite preparation for sea of half a dozen new vessels. The conclusion is drawn that they are intended for the Gulf and River St. Lawrence.  
 George Henkie, the well-known engineer, died on the 10th ult.  
 The New York, Newfoundland and London Telegraph Company have contracted with the Telegraph Construction and Maintenance Company, London, for the manufacture and submission, this summer, of two cables, one across the Gulf of St. Lawrence from Newfoundland to Cape Breton, the other between Prince Edward Island and New Brunswick, and for the repair of the present cables, so as to have two cables for the prompt transmission of all messages between the Atlantic Cable and the United States.  
 FRANCE.  
 The weekly returns of the Bank of France are as follows:—

A World-Wide Point of Interest Fifty-Five Years Ago.  
 GRANHAM HAY, D. A. A. General.  
 The Paris Exhibition of 1867.—A Paris correspondent of the Independence Bells, writing on the 9th, says:—"I went yesterday, partly by chance and partly from curiosity, to the Champ de Mars, which is being broken up in every direction for the erection of the immense building necessary for the Universal Exhibition of 1867. It is a curious, a wonderful, a moving sight. Imagine a whole army of workmen. There they are, several thousands of them, grimy, shaggy, in blouses and in tatters, with pickaxe, mattock, axe, wheelbarrow, cart, and wagon, making excavations, filling up hollows, heaping up mountains, erecting whole forests of beams and framework. You might fancy they were building the Tower of Babel or the Pyramids, or the foundation of several cathedrals. It is an anti-climax, a gigantic human anti-bill. I know only two undertakings presenting as much interest—Mont Cenis and the Suez canal. The Parisians flock in large numbers to the works. It was fine yesterday, and about two thousand were there."

**Reliable Baggage Sale Priced**

**LOCAL NEWS**

**SPRING CLEANING.**  
Repairs are being made to the walls and ceilings of the central police station as the plaster has fallen off in some places and in other parts a general spring cleaning was necessary.

**DEATH OF CHILD.**  
Friends of Mr. and Mrs. F. G. Keefe, 77 Hawthorne avenue, will sympathize with them in the loss of their infant daughter, Frances Elizabeth, aged seven weeks, who died yesterday.

**RIVER SERVICE BEGUN.**  
Steamship navigation on the St. John river opened this morning when the Ocoee left Indian town en route to Wickham and intervening points. She carried a fair-sized general cargo. The Champlain is due to make her first trip tomorrow at 12 o'clock for the Jemseg.

**WRECK INQUIRY.**  
Captain L. A. Demers, Dominion wreck commissioner, arrived in the city on the Montreal train at noon today. He is en route to Halifax where he will hold an enquiry into the grounding of the Imperial Oil Company's steamer Im-poooc on Blonde Rock. He expects to open the enquiry Wednesday morning.

**BIRTHDAY PARTY.**  
On Friday evening a large number of friends of William Thompson met at his home, 196 St. James street and tendered him a surprise party in honor of his birthday. John Corey, of West St. John, on behalf of those present, made Mr. Thompson the recipient of several beautiful tokens of esteem. During the evening refreshments were served and games, music and dancing enjoyed.

**ENTRY FORWARDED.**  
The entry of a team representing the Young Men's Catholic Institute of this city, has been forwarded to Fredericton for participation in the N. B. and Maine candlepin championship tournament which will be held in Fredericton late this month. Entries will close tonight. Other teams already entered are Fredericton, Calais, and Y. M. C. A. and Black's of St. John.

**MAILS FOR OVERSEAS.**  
Full mails for the United Kingdom will be despatched from St. John by the Victorian on April 12, and by the Empress of France on the 22nd. These steamers will sail after the arrival of train No. 40, the mails closing at 9 a. m. on those dates.

The postmaster is also informed that all classes of mail matter, except parcel post, may now be accepted for transmission to Russia. This supersedes all previous notices in regard to the mail service to Russia.

**FAIR CLOSED.**  
A fair which was conducted last week by Golden Rule Lodge, I. O. O. F., in their hall, West St. John, was brought to a successful close on Saturday evening. The door prize was won by ticket 885. Prize winners were: Ladies' bean bag, Miss Susie Murphy, Japanese tray; men's bean bag, W. Connor, butter knife and sugar shell; excelsior, B. Thompson, pie knives; and Agnew Campbell, centre piece. The fair was a success and was attended by many during the week.

**NOT IN THE CONTRACT.**  
The Times today was shown a novel form of liability insurance. It is a golf-er's liability policy, which guarantees the player against claims arising from injuries inflicted on caddies, club employees, and the general public. Presumably the company assumes the risk of a player using his club on delinquent or sarcastic caddies. What amount could be claimed by a devoted church attendant having to listen to language alleged to be used on trying occasions is not stated in the contract.

**METHODIST MINISTERS.**  
A discussion of boys' work and of the programme for the annual Methodist conference to be held in Sackville in June occupied the attention of the Methodist ministers of the city at their weekly meeting this morning. The discussion on boys' work was introduced by Rev. G. F. Dawson. He dealt with the work as represented by the Maritime Council for Religious Education. The conference president, the Rev. Mr. Neil McLaughlin, chairman; S. Howard, Dr. S. F. Heustis, H. A. Goodwin, Jacob Heaney, J. B. Gough, G. F. Dawson, Henry Penna, E. E. Siles and H. B. Clarke.

**FREDERICTON DOCTOR TO CHINA ON MISSION WORK.**  
(Special to Times.)  
Fredericton, N. B., April 11—Dr. Kenneth A. Baird of this city has been accepted by the foreign mission board of the Presbyterian Church for service abroad, and has been assigned for work at North Honan, China. He and his wife will leave Fredericton about May 1. He was graduated by U. N. B. in 1914.

**HERE FROM THE WEST INDIES**  
Coming from azure skies, out of which shone a hot sun, to leaden clouds and an April snow flurry, was the experience of 170 passengers on the R. M. S. P. Carquet, which docked at the Pettigill wharf at 10:30 this morning. The trip from Bermuda was uneventful. Of the 170 passengers, ninety-five were first class passengers and seventy-five were third. Of the latter sixty-two were military, commanded by Captain Thomson, D. S. O. These are service men whose time has expired, and they are on their way to England.

It was said on board steamer this morning that the winter season in Bermuda is about over and the tourists are anxious to come north again. As a result there is a great rush for accommodation on steamers coming up. Among the passengers arriving on the steamer were Mr. and Mrs. I. W. McAllister and Miss Rudlker of Calais, Maine, who left Halifax on January 7 and have been touring the West Indies; J. DeWolfe, Mrs. DeWolfe and Mrs. A. DeWolfe, Mr. and Mrs. W. Mitchell, all of Halifax; Mr. and Mrs. R. Cameron, Miss C. Cameron and Mrs. B. French, H. B. Clarke, Mr. and Mrs. F. Clarke, Mr. and Mrs. H. E. Clarke and son, all of Toronto; P. C. Stevenson, who has been operating branches of the Canadian Bank of Commerce in the West Indies, and Mrs. Stevenson of Ottawa; J. B. Comp-ton, secretary to E. W. Beatty of the C. P. R., and Mrs. Combs of Ottawa.

**OPPOSITION TO LEGISLATION RE RESTAURANTS**

**Delegation to Fredericton Tomorrow to Back Up the Measure—Electrical Law Amendments Passed—The One-Man Car Matter.**

The bill which was initiated by the common council and which is now before the legislature at Fredericton, providing for the prohibition of stalls in restaurants in the city, is to be opposed, so it was announced at the common council committee meeting this morning. Mayor Schofield and Commissioner Thornton of the public safety department will go to Fredericton tomorrow to support the matter before a committee of the legislature.

When the announcement was made that a delegation would go to Fredericton, Commissioner Jones objected, saying that he did not approve of the expense. He said that not everybody was in favor of banishing the stalls; he personally saw no objection to them.

Commissioner Thornton replied that he had introduced the proposed bill and he would go to the capital and back it up, whether the city paid his expenses or not.

Commissioner Bullock reported that it was estimated by the city engineer that the cost of the upkeep of the trestles at West St. John used by the C. P. R. would amount to about \$80,000 covering a period of nine or ten years. He said that he was estimating the annual cost at \$10,000, and on these figures he proposed to base any agreement that was made with the C. P. R. He said he would report further in the matter.

**Electrical By-laws Approved.**  
Regarding proposed amendments to the electrical by-laws, Commissioner Thornton said he had a communication from Mr. Webb, of the electrical section of the Commercial Club, withdrawing objection to one clause.

On motion, the by-laws as amended were passed.

Commissioner Thornton reported that there were 118 poles in Douglas avenue. Seven of these, he said, were claimed by the N. B. Power Company. On his motion the commissioner of public works was asked to bring in a report on the number of poles in the city, with a list of their owners. He said that by an old agreement with the power company the city owned all the poles in Lorne and Lansdowne wards.

The mayor suggested that, after a survey had been made, the poles might be marked to indicate their ownership. Commissioner Bullock suggested that no poles be allowed to remain in Douglas avenue except those of an ornamental nature.

Dr. Frink said that under acts of legislation the companies concerned had the right to erect poles and the kind of pole was not specified.

Mr. Bullock asked for authority to advertise vacant city lands in Lancaster for garden and pasturage. The authority was granted.

**Lumber For Wharf Repairs.**  
Commissioner Bullock asked for authority to advertise for the purchase of 250 pieces of piling, 185,000 feet three-inch square, forty pieces 12x12-inch birch, 180,000 feet 12x12-inch hemlock, and 80,000 feet 12x12 Douglas fir, for use on repairs to harbor wharves. He said the repairs this year would cost between \$205,000 and \$210,000. The largest job would be the re-rubble-planking of North wharf. He said there was an alternative proposition to fill in and pave from Nelson to Market square and double-plank the balance. He said this would cost less and give a more permanent job.

**TWO LINERS ARRIVE TODAY**  
The C. P. O. S. liner Corsican arrived in port this morning about 11 o'clock and docked at Sand Point about one o'clock this afternoon. She came direct from Liverpool and had 374 cabin and 894 third class passengers, in addition to 1,898 tons of general cargo and 800 packages of mail and parcel post.

The C. P. O. S. liner Victorian is due to arrive this afternoon from Southampton and Antwerp. She has 298 cabin and 881 stowage passengers, in addition to 1,899 bags of mail and 2,700 tons of general cargo. Among the passengers are A. S. Maynard, purchasing agent of the C. P. O. S., and Lorne Ogilvie of Brockville, Ontario.

**MANY RETURNED BUTTONS LOST**  
Seven Applications for That Found and Handed to the Mayor's Clerk.

It is evident that many returned soldiers have lost or misplaced their Class A badges since they were issued on their arrival home, for no less than six have made application for that which was found and handed to the mayor's clerk last week. In no case, however, did the number of the badge agree with the one in his possession. The latest applicant was David Jones of Woodstock, who wrote the mayor that while a patient in the D. S. C. R. hospital at Lancaster he lost his "returned" button, No. A-78904. The number, however, is not the same as on the button in the mayor's office.

to set off the new Spring wardrobe—the right kind will be found in our Women's Shop.

**SCOVIL BROS. LTD., ST. JOHN, N. B.**

**To Future Brides and Grooms**

There is hardly a week passes in this store but that at least one young couple comes in here—sometimes the girl alone and sometimes the man alone—pick out a piece or two of furniture and commence paying on it.

Naturally it costs more to furnish a home these days. While furniture did not advance, proportionately, as much as other commodities, still so much must be bought, if the home is to be properly furnished, that the sum total might run into a fair sum.

If you will take a walk through the store your eye may rest on some nice piece that you will want to start to buy right away. You are welcome to look around all you like, and no obligation entailed naturally; and you need not have a salesman accompany you, unless you wish one.

CONFERENCE ON ELECTRIC COSTS

A conference to discuss the report of H. E. M. Kenist, of the department of the interior, Ottawa, in regard to the cost of manufacturing electricity in this city from steam, was held on Saturday afternoon in the office of Mayor Schofield. Besides the mayor, others present were the city commissioners, Hon. W. E. Foster, C. O. Foss, of the N. B. Electric Power Commission, and K. H. Smith, of the N. S. Power Commission. Before the conference closed, L. R. Ross, president of the N. B. Power Company, was called in for consultation. There are so many different phases to the report that it is expected that several meetings will have to be held before any definite conclusion is arrived at.

Small power users, thus taking full advantage of the existing distribution system and giving a security of a steam standby for the lighting system. "A supply direct by the power commission or the city to the larger power users. This would involve only a simple and comparatively inexpensive distribution and the cost of power could be a minimum instead of its having to carry heavy charges detailed above." His worship pointed out that, so far as they had gone, the foregoing plan looked to be the most feasible one. Separate Circuits. Another paragraph of interest in the report was the following: "It appears quite possible that some satisfactory arrangement might be made with the company on the basis of its separating its lighting and power circuits, maintaining the steam standby for the lighting only and charging it to lighting only, and supply power to all motor users at the cost price of the hydro-electric supply plus a fixed and agreed percentage for the use of its circuits and the maintenance thereof and for administration and general purposes." In conclusion, the report contains the following summary: "The common stock of the company has not been taken into account in any of the calculations or conclusions. The company gave every possible assistance to facilitate the investigation. "The total cost of power production in 1920, including capital charges, administration and office expenses, was 2.8 cents per k. w. h. generated, or 89¢ per horse power year. "The average cost delivered to consumers was 5.8 cents per k. w. h. sold. "The average price received, including the street railway, was 6.1 cents, excluding the street railway, 8.55 cents. "The cost of maintaining the steam standby plant only would be approximately \$68,000 per annum. "The cost of hydro-electric would be 1.364 cents, plus the cost of the steam standby plant, .522 cents, total of 1.886 cents. "Under the present conditions, the only possible saving due to the purchase by the company of hydro-electric power will be the cost of operating the power station, since all other costs will remain practically the same. "It follows that each ten per cent reduction in the maximum price for hydro-electric power, i.e., 1.884 cents, would, if allowed pro rata to the consumer, only

give a reduction of 1.6 per cent on the present average charge. Benefit From Cheaper Power. "The greatest benefit to the city as a whole will come from lower power rates rather than from lower lighting rates. "If the maximum is to be gained from the new source of power the question of the division of the lighting and power circuits should be very carefully considered. "The company's existing circuits will not be able to carry a large increase of power (motor) load without large additional expenditure. "The suggested method of securing the greatest benefit: By supply entirely through the company, by supply through the company and partly by the city or the power commission. "Attention is called to the possibilities that would be created by the supply of cheap power as shown by comparisons with other cities possessing it. "The peak load of the power company in 1920 was 4,760 horse power. The private power plants in St. John and district use an additional amount of power of approximately 12,000 horse power. This is some indication of the large field available for cheap power. Mayor Schofield pointed out that one consideration that was not taken into account in the report would be the conservation of coal by the use of hydro-electric power. This saving would be quite an item.

A BOND FOR \$100 \$100 or more invested in a "Canada Permanent" Bond for ONE YEAR will earn interest at FIVE PER CENT, per annum, payable half-yearly. A higher rate is paid on longer term investments. Interest begins the day the money is received, and the Bond will be made to become due on any date the investor desires. The Bonds are issued in small sums and for short terms to enable those of moderate means to obtain a high-grade security yielding a fair return and still have their funds available within a reasonable time. Small amounts should not be allowed to remain idle when they can be employed to such good advantage as by investing them in these Bonds. The Corporation has been issuing these Bonds for nearly half a century. They are a first charge against its assets, which amount to over \$38,000,000. Canada Permanent Mortgage Corporation New Brunswick Branch, 63 Prince William St., St. John, N. B. ESTABLISHED 1855

GREEK GIFT TO BRITAIN. London, April, 11.—The Greek White Cross Society, which was organized to provide marriage gifts to daughters and sisters of Greek soldiers who gave their lives for their country, has signalled in a notable way its appreciation of the British soldiers who died while serving with the Salonika Army during the war. Through M. Spiros Matsoukas, its founder and president, the society placed in the hands of the British Ambassador at Athens a sum representing 21,612 12s 10d, with a request that it should be distributed in marriage gifts to the daughters of British soldiers who died on the Macedonian front. The gift has now been transferred by the Treasury to the Royal Patriotic Fund Corporation has decided to distribute it in sums of £22 to daughters married their father's death. The passengers, under quarantine on Partridge Island, were all well according to reports received last night. A service was conducted yesterday by a Rutherfordian priest for the Roman Catholics amongst the passengers. The priest is one of the passengers under quarantine on the island. He is unable to speak English and he conducted the service in his own language.

Big Havana Bank Fails (Canadian Press Despatch.) Havana, April 10.—The Banco Nacional de Cuba suspended payment yesterday. The doors remained closed, the bank taking advantage of the liquidation law recently adopted by congress. The institution has been in difficulties since the drop in sugar prices which caused the recent financial crisis in Cuba. It was formerly fiscal agent for the government and according to reports in usually well informed circles, owes the national treasury about 20,000,000 pesos. AWARDS \$30,000 FOR FOOT. Jury Gives Boy \$25,000 and Father \$5,000 for Auto Injury. A jury before Supreme Court Justice Finch awarded \$25,000 to Vincent Albano, six years old, of 500 West Forty-first street, New York, and \$5,000 to his father, yesterday, in a suit against the J. F. Tapley Company, book publishers of 381 West Thirty-seventh street. The boy was sitting on the curb near his house one night last August when the defendant company's automobile started after the driver had left it and ran over the boy's foot, cutting it off at the ankle. The testimony showed that the chauffeur left the power on and the machine ran into a brick wall 500 feet away and stopped. The boy was in a hospital for eight months. The defense was that the truck was started by children. On Saturday evening members of the Star theatre staff gathered at the home of the manager, A. B. Farmer, in honor of Mrs. Harry McDonald, who had been forced on account of ill health to resign her position as pianist of the Star, during she had held for several years. During the evening a cut glass vase was presented to Mrs. McDonald on behalf of the staff of the theatre. S. U. Buchanan, the well known local tenor, sang many delightful selections.

Electric Lighting Costs. The report says in part that the investigation indicates but little prospective advantage to the user of electric light. It has been shown that if hydro-electric power is simply supplied in bulk to the power company at even a very low price there would be under the present conditions but little benefit to any consumer, either of light or power. It has also been shown that the greatest benefit to the city as a whole will accrue from cheap power rather than cheap light. It appears impossible to secure both. Mr. Kenist's report indicates, if the present light and power undertaking is to be maintained. If it is not maintained there would be no steam standby for security of the lighting service. If competition put the present company's electrical department out of business the company would certainly be unable to continue the street railway and gas departments, since these are now being operated at a considerable loss. The whole position, therefore, is clearly one in which it is not possible for every one to benefit and the best solution, the report says, would appear to be a just compromise based on the maximum advantage to the city as a whole. Another section of the report advocates, among others, the following course that might be pursued: "A supply to the company for distribution on its system to lighting and

Durable Economical Clean Bedroom Floor Covering. Make Your Rooms More Attractive. Linoleum, Floor Oilcloth and Feltol offer you a most economical and easy way to replace shabby and worn-out rugs or to cover up old floors. Every room can be made beautiful and attractive. LINOLEUM Floor Oilcloth and Feltol lighten housework—for they are easily kept clean by use of damp cloth. They are sanitary, for their hard surfaces will not harbor germs. They are springy to the tread and quiet. Their low first cost and their durability make them the most economical Floor Coverings. Right now Linoleum, Floor Oilcloth and Feltol may be purchased at lower prices than have prevailed for years. Your dealer will gladly show you a large range of designs as well as a wonderful choice of Rugs of Linoleum and Floor Oilcloth. To-day it is important in order to give employment to Canadians that you insist upon getting Made-in-Canada Goods. Be sure, therefore, that you get Floor Coverings that are made in Canada by Canadian workmen to suit Canadian climatic conditions. What Linoleum is: Finest ground cork, scientifically combined with linseed oil, embedded in a base of selected burlap, making the most durable of sanitary washable floor coverings. Wear like iron. What Floor Oilcloth is: Selected pigments are applied, layer after layer, to burdock back. Patterns are then printed and surface coated with wear-resisting varnish. What Feltol is: A new process felt base floor covering made under a similar process to Floor Oilcloth. Most moderately priced sanitary floor coverings.

RSE INVESTMENT SERVICE Fraser is to New Brunswick what steel is to Sheffield — the "Key" industry. For more than forty years it has bulked larger and larger in the industrial development of the Province. Its extension may be judged from the fact that in three years its output has risen from \$3,000,000 to \$10,000,000 per annum; the number of its employees from 3,000 to 7,000; its wages and salaries from \$2,250,000 to nearly \$6,000,000. To-day it is New Brunswick's largest industry. Now, it is said in Sheffield that "there is always gold for steel," meaning that Sheffield people are always ready to invest their money in the basic industry of the city. In the same way, because of the magnitude of the Fraser enterprise and its importance to the Maritime Provinces, New Brunswick and Nova Scotia money should have as large an investment interest in the Company as possible. The 8% Bonds of Fraser Companies, Limited, which we are now offering at 99 and interest, to yield 8.10%, are a sound and highly attractive investment. Write now for prospectus and full particulars. Royal Securities Corporation LIMITED 64 Prince William Street - ST. JOHN, N.B. Montreal Toronto Halifax Winnipeg Vancouver New York London, Eng.

### PLAY BALL IN BIG LEAGUES ON WEDNESDAY

#### Banner Season Looked For—The Re-constructed White Sox—Tom Daly Pinch Hitter.

New York, April 11—(Associated Press)—With veteran stars refurbished and new ones preparing to flash across the baseball diamond, the major league season of 1921 will open on eastern and western diamonds on Wednesday. While there will be no changes in the well-established circuits of either the National or American Leagues there will be many new faces in the personnel of the sixteen clubs composing the two organizations.

With the call of the umpires sending the players away on their six-month pennant chase, the National League will have inaugurated its forty-sixth consecutive season as the senior association clubs played their initial games early in 1876. In the American League it will mark the beginning of the twenty-second season as the junior league was formed in 1900.

Notwithstanding the unprecedented popularity of baseball during the last two years, club owners and league officials are firm in their belief that the national sport is facing a still greater period of prosperity in the months to come and have made their plans accordingly. Larger training squads went south this spring than in many years and every effort has been made to strengthen weak spots in both the offensive and defensive play of the various clubs.

Chicago White Sox. Chicago, April 11—Building a pennant contender from the wreckage of one of the greatest teams ever assembled in the major leagues is the task that faces William "Kid" Gleason, manager of the Chicago Americans, this season. The team was torn to pieces last fall as a result of the grand jury indictments charging seven of the players with participation in the world's series scandal of 1919.

Instead of opening the season with a sure flag contender, Gleason was forced to start anew, and one of the largest squads of recruits ever taken into a spring training camp was assembled in the beginning. Charles A. Coniskey, owner of the club, did one of the rarest things in the history of baseball. He purchased, practically complete, the entire infield of the Salt Lake City club, acquiring three star players who have worked together and know each other thoroughly.

As a nucleus from which Manager Gleason hopes to build another star team, these players are available; Eddie Collins, rated as one of the great second basemen in the game; Faber and Kerr, pitchers; Ray Schalk, a star catcher, and Amos Strunk and Harry Hooper, outfielders, acquired from Boston in a trade.

Gleason thinks his chances for a winning club lie in his pitching staff. Of the old staff there are left Dick Kerr,

### SPORT NEWS OF A DAY; HOME AND ABROAD

#### BASEBALL

N. Y. Nationals Release St. New York, April 11—The New York Nationals yesterday announced the release of six young players to minor leagues. They are Outfielder Vernon Spencer and Pitcher Jesse Winters, to the Toronto club of the International League; Infielder Roy Grimes, to the Toledo club of the American Association; Outfielder Roy Barncroft, to the Chattanooga club of the Southern Association; Pitcher C. Evans to the Norfolk club of the Virginia League, and Infielder Leo Kane, to the Hartford club of the Eastern League.

Twenty-Two Innings. Los Angeles, April 11—In a twenty-two inning game, the longest in organized ball so far this season, Seattle defeated Los Angeles, 12 to 8, in the first game of a scheduled double header yesterday. The second game was postponed because of darkness.

BASKETBALL. Monctonians Entertained. The Moncton high school boys who remained over Friday night after the basketball game with the Y. M. C. I. were the guests of the Y. M. C. I. at the swimming championships Saturday evening. The visitors were well satisfied with the reception tendered them and all have a good word for St. John.

Hullfax Defeats St. John. The maritime basketball championship of the Y. M. C. I. was clinched by Hullfax on Saturday when they defeated St. John Y. M. C. A. team by a score of 25 to 22 at Hullfax.

CHESS. Capablanca Wins. Havana, April 10—Jose R. Capablanca, the Cuban chess master, won the tenth game of the world's championship match with Dr. Emanuel Lasker tonight. Dr. Lasker resigning after the sixty-eighth move. Capablanca has now won two games, Lasker none and eight games have been drawn.

BOWLING. Y. M. C. I. League. In the Y. M. C. I. bowling league Saturday night the Owls took three points from the Robins. The winners totaled 1424 and the losers 1380.

THE WHEEL. Madden and Magin Win. Eddie Madden and Jake Magin won the six day bicycle race, which ended in Chicago Saturday night. They scored 985 points and covered 2,182 miles. Krockler and Hill were second.

FOOTBALL. Wales, 2; Ireland, 1. London, April 9—In an international soccer game between Wales and Ireland today the former won by 2 to 1.

Northern Union. (Canadian Press Despatch.) London, April 9—Northern Union rugby games played today resulted as follows: York 38, Bramley 5; Barrow 5, Leeds 0; Broughton 26, Keighley 8; Huddersfield 7, Bradford 10; Swinton 3,

### THREE LITTLE RUSSIAN HEROES

Against Bolsheviks and Wear Cross of St. George for Bravery—Each Wounded Twice.

Constantinople, March 22—(Associated Press, by mail)—Three little orphans, who served three years in the anti-Bolshevik armies of South Russia and who were for a time among the Russian refugees here, have been admitted to the military academy of the Yugoslav republic at Sarajevo, through the personal efforts of the Baronsa Wrangel, wife of General Wrangel.

The boys each wear the Cross of St. George, earned for bravery on the field. Each has distinguished himself as a soldier and each has been wounded two or three times. Since their arrival here in November, when the Crimea was evacuated by General Wrangel, they have been living together in one of the Cosack camps.

Their names are Serge Fomenko, aged sixteen, son of a Russian colonel, who was shot by the Bolsheviks; Constantin Brusilovsky, fifteen, of Odessa, whose father was also a colonel and killed during the war, and Boris Siminov, aged fourteen, of Kiev, whose father and mother perished under Bolshevik rule in Kiev.

Little Fomenko, who was not a play soldier but served in the machine corps of the Kornilov regiment, risking execution if captured, is partly blind, due to a wound in the head. His last deed of bravery was performed when the Crimean forces retreated before the Bolsheviks. At that time he lay in a hospital at Simferopol. When the hospital was evacuated and all had fled, he left his bed, found a carriage and horses, and saved with himself two officers too badly wounded to help themselves, taking them to Sebastopol.

The three boys are bright and cheerful and still full of readiness to help others. Young Brusilovsky, while in the Russian Embassy hospital here, recovering from a wound, insisted on surrendering his bed to an old officer, too sick to stay in the camp.

### LABOR MEETING IN THE OPERA HOUSE

With the announced purpose of placing before the public labor's viewpoint on local and general labor conditions, a largely attended mass meeting was held in the Opera House yesterday afternoon at which Frederick A. Campbell, president of the Trades and Labor Council, president, and J. E. Tigue, president of the New Brunswick Federation of Labor, and William Varley, A. F. of L. organizer, both gave addresses.

Mr. Tigue told of the work of the federation in getting the Compensation Act on the provincial statute books. He said that a commission to consider the question of mothers' pensions had been asked for and thought that within a year the government would enact a mothers' pensions bill whereby widows whose husbands had been killed in industry would be paid an amount sufficient to enable them to keep their children at home instead of having to place them in an orphanage. He said that organized labor was also working for a minimum wage for women in this province.

Mr. Varley spoke on labor conditions in general and paid particular attention to the case of the Maritime Mill works. All the speakers said that they were ever ready to discuss labor disputes with employers and to employ the methods of conciliation and arbitration rather than any others for the settlement of industrial difficulties.

### TORONTO DAILY WORLD GIVES UP

(Canadian Press Despatch.) Toronto, April 10—The Mail and Empire has purchased the Toronto Daily World and the Toronto Sunday World. The Daily World is discontinued and its circulation added to that of the Mail and Empire, its special York county and other features to appear in the Mail. The Sunday World will continue to be published by the Mail and Empire.

Maritime Vulcanizers, Ltd., 88 Princess Street.

### WORLD DOMINATION BY ANGLO-SAXONS NOT CORRECT IDEA

(Canadian Press Despatch.) Ottawa, April 10—The big international Rotary convention, one of the largest two-day conventions Ottawa has ever handled, closed Saturday night. Saturday was the big day of the convention, including a thoughtful and earnest speech by Right Hon. Arthur Meighen, prime minister of Canada, in which he touched on international relations.

The prime minister said that he didn't altogether fall in with the idea that the United States and Britain should some day dominate the world. "The idea of domination was not the right idea," he said, "neither the idea of domination, or aggrandizement of power. The correct idea was the aggrandizement of service. (Cheers.)"

### ELWELL MURDER CONFESSION WAS FAKE, SAYS HARRIS

(Canadian Press Despatch.) Buffalo, April 10—Roy Harris, held here by the police on his confession that he was concerned in the murder of Joseph B. Elwell in New York last June today confessed that his story is not true. The prisoner who had been questioned for two hours by District Attorney Moore at the end of which time he made a statement admitting that his original declaration was false.

William Efty, of Pokok was brought to the General Public hospital about 2:30 o'clock yesterday afternoon. It was reported that he fell over a bridge at Pokok, sustaining several nasty cuts about the face and an injury to his shoulder. It had not been ascertained last evening whether or not the shoulder blade had been fractured but it was thought, on preliminary examination, that no bones were broken.

### B. E. WALLACE, OLD CIRCUS MAN, DEAD

Rochester, Minn., April 10—The death is announced of B. E. Wallace, of Peru (Ia.), one of the pioneer circus men of the United States. He died in a hospital here following several operations since Feb. 11.

He was a member of the firm controlling the Wallace-Hagenbeck Shows, which toured this country and Canada annually. Several years ago sixty employees of the circus were killed in a railroad wreck.

OPENS GRAVE TO FIND HER HUSBAND'S BOOKS. Detroit, April 11—A conscientious Mount Clemens woman opened her husband's grave trying to find material to make out his income tax report for 1920. John A. Grogan, collector of internal revenue, reported, she told Mr. Grogan she could not find her husband's account books, showing his income for last year. After searching through the house, she decided to open the grave. He died recently and was buried in his business suit. No records were found.

Not A Blenheim mares the perfect appearance of her complexion. Fertilizes and temporarily skin troubles are effectively concealed. Reduces unsightly wrinkles and corrects greasy skin. Highly antiseptic. Send 15c. for Trial Size. PERD, T. HOPKINS & SON, Montreal.

AMATEUR GOLF CHAMPIONSHIPS

Programme for Canadian Events at Winnipeg Next August—New Plans.

Winnipeg, Man., April 11.—A review of the recently adopted programme for the Canadian amateur golf championship matches to be held here August 22 and 27, indicates a week of interesting play with representatives from coast-to-coast present for the initial games. A precedent will be established, for not only will the handicap entry limit be reduced to 19 from 14, but the qualifying round will be entirely eliminated. Match play will predominate from the start.

The following is the programme, approved by the Royal Canadian Golf Association: Amateur Championship of Canada—Open to all amateurs who are members of clubs belonging to the Royal Canadian Golf Association in accordance with by-laws 18 and 14, also to all amateur players in good standing with their respective associations. Handicap limit 12. Play will start Monday morning, August 22, and will be match play from the beginning. There will be no qualifying round. The draw will be arranged in such a manner that by Monday evening the number of competitors in the championship will be reduced to 64. Each game will consist of 18 holes match play, except the semi-finals and final of the amateur championship,

which shall be 36. In the event of a tie the match will continue till either player wins a hole.

First Consolation—Entrants defeated in the first game played in the championship tournament will play in a first consolation over the Elmhurst course which will begin on Tuesday a. m. and continue to finals. Each game will consist of 18 holes match play.

Vice-President's Cup—This competition will open on Wednesday morning, and will be open to all contestants who are not then competing in the championship or first consolation. A qualifying round will be played over the Pine Ridge course on Wednesday on handicap terms, and the 16 players returning the lowest net scores will qualify to play off by match play on handicap. Vice-president C. P. Wilson, of the Royal Canadian Golf Association, has donated a cup for this competition.

Annual Open Handicap—Eighteen holes, medal play, open to all amateurs, handicap limited to 18 strokes. A prize will be given for the best gross score. Play-off of ties to be decided by the committee.

Club Team Match—Open to teams of four players from any club belonging to the association. Prizes will be presented by the association to each player. The team having the lowest aggregate score in this match, 18 holes medal play wins the team competition. A club may enter one or more teams.

Inter-Provincial Match and East vs. West Match—Details of these matches will be arranged after the tournament opens. Additional—Each day after Monday arranged at each of the following clubs: St. Charles Country Club, Pine Ridge Golf Club, Alcrest Golf Club, Norwood Golf Club, Assinibois Golf Club, Canoe Golf Club, Southwood Golf Club, Elmhurst Golf Club and the Winnipeg Golf Club.

COMMUNITY CHURCH.

Ministers See New Religious Power in Spread of Plan.

A conference on the Community Church movement, the first held in America, began in the Church House, Park avenue and Thirty-fourth street, New York, last Wednesday. Speakers criticized the church and held that it did not serve as a means of social betterment.

"The existing sectarian church is, all things considered, the most irreligious influence now at work in modern society," said Dr. Joseph E. McAfee. "The purpose of the true religion is to unite the people. But our churches only separate them. Such separation is a betrayal of true Christianity; it is un-American, since it divides our democracy into competitive and antagonistic groups. We need to make a clean sweep of our churches as they are organized today and give the community a chance to express itself naturally and of its own de-

cratic will in religion." "The existing denominational church could not share in the solution of social problems," said Dr. John Haynes Holmes. "By the very nature of its organization it is concerned with private and not public work, with the advancement of theological ideas and not of social welfare. In spite of the social upheavals of our time the existing churches remain ineffective. The Community Church presents itself as an organization of religion specifically on the basis of community life, and therefore will serve as a means of social betterment."

MASSEY TO START FOR LONDON THIS WEEK FOR IMPERIAL CONFERENCE

London, April 11.—(Canadian Associated Press)—Right Hon. W. P. Massey, prime minister of New Zealand, will leave on Saturday for London to attend the imperial conference, according to cables received here. He will cross Canada on his way here.

PEASANT RIOTS IN WEST SIBERIA REPORTED

Riga, April 11.—Peasant riots in western Siberia are reported in advices from Moscow are said to have driven out the so-called green army and have occupied Tobolsk, cutting off the town from the trans-Siberian railroad.

SIX ARRESTED.

Six young men named Cameron, Levine, Miller, Owens, Crawford and Collins were arrested near Little Lepreau yesterday morning after a search lasting all night by Detectives Power, Biddiscombe and Donahue, Provincial Constable A. Garnett, and about 100 men from the vicinity. They are alleged to have broken into Mrs. Melanson's store at Musquash, and also stolen a horse and carriage, the property of James McCarthy. Early yesterday morning Percy Lomax, Walter McPherson and Charles Wilson captured three of the men, and

later the other three were taken into custody by the local detectives. The police do not think these are the men who blew open the safe of the New System Laundry.

When J. W. Paulding was secretary of the U. S. navy he wrote to the postmaster of a small village in the south as follows: "Sir: This department wishes to know how far the Tombigbee river runs up." The answer came back: "It don't. It runs down." The post-

master-general was informed of the affair and failed to see the humor of it. He wrote a letter to the postmaster that said: "Sir: Your appointment as postmaster is hereby revoked. You will turn over funds, etc., pertaining to your office to your successor." "In no wise put out, the postmaster once more took up his pen and the postmaster-general received this: "The revenue for this office for the quarter ending Sept. 30 has been 65 cents; its expenditures same period, for candles and twine, 55 cents. Please instruct my successor to adjust balance."

### HUN REDUCES HIS HOT BATHS

#### Scarcity of Coal Makes Warm Municipal Baths Out of the Question.

Berlin, March 26—(Associated Press by Mail)—The hot bath has become such a luxury in Germany owing to the shortage of coal and the manner in which the government regulates the distribution of fuel that many persons have ceased bathing. Others have gathered courage for an icy sponge daily, but this is not popular for the houses are generally cold and exposure in cold rooms after a chilly tub paves the way for colds and pneumonia.

Ordinarily a family can afford hot water once every two weeks. Hotels where nationals of Entente nations reside supply running hot water.

Public baths, where once a plunge or a tub was available for a few pennings, have been forced to close or raise prices beyond the reach of workmen and salaried workers. Only expensive bathing places remain open, for the patronage of the proficients. In Berlin six of eight bathing establishments have gone out of business.

This situation has produced hygienic conditions which have caused much discussion among health authorities and suggestions have been made that the several cities assume the task of providing proper public bathing facilities. However the cities also are handicapped by lack of funds, shortage of coal, and the government rationing regulations.

Nearly all German houses in the cities and numerous bathhouses and before the war the Germans were insistent on the daily hot bath.

### FINDS NO CHANGE IN SOVIET POLICY

#### U. S. Intelligence Captain Says Reports of Bolshevism's Reform Are False.

Reports from Russia that Bolshevism is changing its character and growing more conservative are false, according to Capt. Hugh S. Martin of the American Army Intelligence Secret Service, who told his experiences as a spy in Russia, at a luncheon of the Merchants' Association at the Hotel Astor, New York.

"I tell you," he said, "that Bolshevism will only change when Bolshevism falls. When Lenin begins to change his policies of communism, he knows better than any other man knows, that it means suicide. He is not the suiciding kind."

Sensational accounts of conditions in Soviet Russia were given at the luncheon by Capt. Martin and by Sir Paul Dukas of the British Secret Service, who served in the Bolshevik Army.

The continuance of Lenin and Trotsky in power was attributed by the two men who talked on "Russia From Within," to a variety of causes, including the food and fuel control by Soviet officials, which enabled them to starve and freeze malcontents; the policy of making wives and children hostages to compel men of the counter-revolutionary type to conform to soviet practices; the fear of Russians generally that a successful counter-revolution would bring in foreign armies and foreign control, and the fear of the peasants that their usurped lands would be returned to former owners, if Bolshevism came to an end.

Captain Martin said that 800 women and girls had been seized as hostages in one community and sent to another part of the country. Notice was served that they would be slaughtered if any counter-revolutionary propaganda appeared in that community.

"Terror," he exclaimed, "in those days we used to see men and women, and even children, cut down by the Bolshevik machine guns like so many blades of grass, simply because they refused to submit to a system which was gnawing at the heart of civilization."

Russia Dying, He Says.

"I will tell you that Russia is dying today, and industry is gone, because Bolshevism has destroyed individual initiative and human ambition. There is just one way for Russia to be reconstructed, and that is for communism to fall."

"If Lenin wants to give in, as some people would have you believe he has apparently given in, he has just got one step to take—the re-establishment of private property. That will bring it back, and nothing else."

The Bolshevik system of propaganda, he said, was that of converting where conversions were possible, and bewildering the people where they could not be converted.

"The Bolshevik," he said, "has been bewildering the mind of America most remarkably."

The Bolshevik code of right and wrong, he said, consists of two simple propositions—that whatever is favorable to Bolshevism is right, and whatever unfavorable is wrong. Bolshevism is not a Russian experiment, he said, but an application of the doctrines of internationalism.

"It admits," he said, "that it cannot live in Russia alone. It admits that, unless it can spread its insidious doctrines throughout the world, and set up a world Soviet Republic, it has got to fall in Russia."

"You have no idea, gentlemen, of the work they are doing right here today. A Bolshevik official told me on my last trip to Moscow that they had one motive in mind, and that was the destruction of all organized governments and the setting up of his World Soviet Republic, as he 'ked to call it. I said, 'Doo you mean to tell me you are going to try to destroy my government?' 'No,' he said, 'I do not tell you we will try to do it, I tell you to your face we will do it. We will wreck you from within, just as we wrecked Russia from within.' 'I laughed at him, but I did not laugh long after I returned to this country and saw what they were doing.' Sir Paul Dukas, who was educated in Russia and ideally equipped for his work

as a spy, described the work of the Extraordinary Commission in cutting off counter-revolution in advance by wholesale execution of suspects.

All News Is Censored. "The men who are at the head of it are men of stone," he said, "men who never have had hearts, men who are inspired by feelings of rancor and hatred and an undying thirst for revenge for every wrong, real or imaginary, which they have suffered in the past."

The Extraordinary Commission is served by a great army of spies, he said, many of them being from the former czar's secret police. The Bolsheviks have been successful, he said, in preventing real news from creeping out of Russia.

News may appear in print except as is censored and permitted by the ruling clique. The same holds good regarding information abroad. But, despite the fact that the rest of the world

has been kept in profound ignorance of the national and popular movements inside Russia (such movements have actually taken place, and they are truly proletarian movements). "There is a great part for America as well as for my own country to play in the restoration of Russia, and the teaching of freedom which temporarily they have allowed to slip out of their hands. And, if you do that, if you help us, if we work together in teaching the Russians how to do this thing, how to profit by liberty, and what duties it carries with it, I assure you, knowing the Russian people as I do, that they will not be lacking in gratitude."

### WOMAN RECLUSE'S DEATH

#### Never Went to Street, Except After Dark.

London, April 11.—At a Croydon inquest on the body of Miss Emily Hempstead, a woman about seventy years of age, who had lived alone for many years at Oval road, Croydon, it was said that she came out only after dark and never admitted anyone to the house, unless by previous appointment. The basement which had been overrun by cats, of which the remains of several were found. Only a few coppers were found on the premises, monia following influenza, and a veru which were filled with furniture bearing was recorded accordingly.

## How Do You Manage Without A Bicycle?

Workingmen—School Boys—Messengers—Collectors  
School Teachers—Clergymen—Clerks—Errand Boys  
Boy Scouts—Girls and Women—Everybody

HAVE you ever stopped to realize how much money and time you spend getting from one place to another? How do you get around? Do you walk? Take a street car? Or how? There's a better and cheaper way—a way that's far better for your health, too. Saves time! Saves money! Saves car fare!

The C. C. M. is a good bicycle—as good as you can buy anywhere in the world! It will last for years and years. It will outlive the average bicycle, pay for itself in a shorter period and cost much less for repairs and upkeep. It is built to stay out of the repair shop—sturdily built to stand bumpy roads.

Ride a C. C. M. Bicycle

The man who owns a bicycle is freed from long, tiresome walks and rides in stuffy, packed street cars. He is saved long waits for delayed cars. He can choose the streets he likes to ride on. He never has to worry about being late for work or for an appointment. His Bicycle is always on the job. For emergency deliveries where speed counts—for quick deliveries of light parcels—for economical messenger service, there's nothing equal to the bicycle. But, of course, there are many kinds of bicycles. And it certainly pays to buy a good one.
