AUTO BANDITS FOUND GUILTY

Gang Which Spread Reign of Terror in France

FOUR ARE ACQUITTED

Eighteen For Sentence and of These Four Liable to Death—Twenty Two Murders Are Attributed to the Gang—One Ends Life in Cell

(Canadian Press)

Paris, Feb. 27.—All but four of the twenty-two prisoners who have been on trial as the alleged automobile bandits who terrorized Paris and its environs in 1911-12 were found guilty early today. The exceptions were Rodrigue, and three women, Matre-jean, Schoofs and LeClereh.

Four of the accused were found by the jury to be liable to the death penalty. These are the bandits Dieudonne, Callemine, Souly and Monier. After the announcement of the verdict, the judges announced that they would take some time in deliberation over the sentences.

The jury had considered the cases since three o'clock yesterday afternoon and the verdict was returned a little before seven o'clock this morning. A series of nearly 400 questions had been submitted to the jury.

Twenty Two Murders

The crimes of the auto-bandits began in November 1911, and in the succeeding months they murdered, it is alleged, chauffeurs, bank messengers, freight agents and policemen to the number of twenty-two. They tried to steal \$200,000 from the Bank of France.

Of the original band, four have been killed—Bonnet, Garnier, Vallet and Dubois—and Reinhardt has been put in an insane asylum. Bonnet, known as the "demon" because of his ferocity, died in a Paris suburb, after a battle with troops and the police.

The jury's verdict was written in length and was headed by the court as an indictment, that a large explanation followed before the verdict was finally interpreted. During the procedure counsel for Dieudonne, Monier and Souly, sprang up and declared that it was illegal for the jury to be asked to give a verdict on a case which had been delivered and written against it, but the court decided against the counsel on this point of law.

Even the conclusion of their trial was accompanied by tragedy, for Carouy, an anarchist bandit, when he heard that he was condemned to imprisonment for life, committed suicide in his cell by taking poison, presumably passed to him as he left the court room.

The jurors were threatened time and again with assassination by accomplices of the twenty-two accused. Many of the 204 witnesses also were menaced.

The court itself was surrounded by a large force of republican guards. Judges and jurymen were placed under special supervision and provided with strong escorts.

THAW DECLINES TO TESTIFY EXCEPT ON CONDITIONS

Fishkill-on-Hudson, N. Y., Feb. 27.—Harry K. Thaw, slayer of Stanford White, refused his yesterday afternoon to testify before Governor Sulzer's committee of inquiry which is investigating an alleged conspiracy to obtain Thaw's release from the Matteawan state hospital.

Thaw declared that the only conditions under which he would answer questions were that he be allowed to testify "in the same place and under the same circumstances as other witnesses," and "without pretense of insanity." He said he had taken this position "on advice," but refused to say who had advised him.

Confessing that it was powerless in view of the fact that the witness was already incarcerated, the committee decided to adjourn the hearing.

EX-CHIEF JUSTICE, ON BIRTHDAY, CHATS OF OLD DAYS AND PRESENT; SEES A BRIGHT OUTLOOK FOR THIS GROWING CITY

Tracks Down Manawagonish Road to South Bay Road Junction But Time Not Mentioned

It begins to look as though a struggle is on between the rival street railway interests in St. John the control of the extensions to the suburbs. It is recognized that the company which has been chosen to extend the line to the suburbs, if it is not necessary to buy better connections with the suburbs.

Mr. Albert Nelson, solicitor for the Fairville board of trade, on a joint request from that body and the council of the parish of Lanouette last week presented to the St. John Railway Co. a request that the company extend its line to the Manawagonish road, and also along the South Bay road, and down through Millford. There is considerable building going on in these sections and with the extension of the railway facilities it was expected that there would be a decided increase in the population of the suburbs.

A reply was received yesterday by Mr. Nelson from the manager, H. M. Hopper, saying that the matter had been taken up by the directors and that they had decided to comply in part with the request, having resolved to extend their lines out to the Manawagonish road from the present stop at Barnhill's corner to the junction with the South Bay road. Consideration of the other route was asked for, the letter stated, would be taken up as soon as information concerning them was received and passed upon. The letter did not set out when the Manawagonish road extension was to be made.

Mr. Nelson said that it was the desire of those interested in the matter of street railway extension in Fairville and Lanouette to see those sections very well equipped as regards car service as the latter was greatly needed for their up-building. In addition to the routes already described another regarded with favor as tending to help a growing section in the Church of the Assumption in Carleton through Dufferin row.

If the proposition to purchase the St. John Railway Company were accepted the new Brunswick Hydro-Electric Company, it is said, will apply to the legislature for permission to increase its capital from \$1,500,000 to \$3,000,000 and will ask permission to purchase lease or amalgamate with any company producing electric current, or using the same as a motive power in any undertaking carried on by it.

EX-CHIEF JUSTICE TUCK

Hon. William Terry Tuck, ex-Chief Justice of the Supreme Court of New Brunswick, is receiving congratulations today on the 52nd anniversary of his birthday. Although he has been confined to the house since last October Judge Tuck is still able to sit up and move around the house and his mental faculties are unimpaired by the flight of time.

Speaking of legal matters he referred to the fact that when he first was on the bench the entire three weeks of the court term was required to dispose of the cases before the court while less than a week is now required. He thought this must be due to the fact that the law is now so well settled and the practice of the law in this city. He was made clerk of the crown and queen's counsel in 1874 and in the same year he became president of the Barriester's Society and received the honorary degree of Doctor of Civil Law from Mount Allison University, of which he was a graduate. During these years he was active in politics and labored earnestly on behalf of British American Union.

On March 17, 1885 he received his appointment to the supreme court of New Brunswick and in 1891 was made local judge in admiralty cases. In 1892 he became a lecturer in the St. John Law School and in 1895 was appointed professor of statutory law for King's College, Windsor. In 1895 he was elevated to the chief justice and served until his retirement a few years ago. During his judicial career he won a reputation for quickness of apprehension, clearness of expression, shrewd common sense and knowledge of the law as well as for being a hard worker and for his promptness in the transaction of business. It will be the hearty good wish of all that he will see many more birthdays.

Following the address E. J. Todd, D. S. C. R., on behalf of the supreme court presented to the court a handsome silk banner in appreciation of the work accomplished during last year in securing a large part of its membership. Brief addresses were given by Mr. E. Grass, H. V. G. and P. W. Brewster, D. S. C. R. Light refreshments were served.

ALEXANDER OF TECK AS THE NEXT GOVERNOR-GENERAL

London Report That Soldier Prince May Succeed Duke of Connaught

The Times' London society correspondent writes:—

In well informed quarters it is believed that, should the Duke of Connaught, when he returns to England soon, on leave, decide that he cannot extend his period as governor-general in Canada, the post will most certainly be offered to Prince Alexander of Teck. His Highness is one of the most popular members of the royal family, and he has much of that kindly democratic spirit which has endeared the Duke of Connaught to the Canadians.

TO PUT AN END TO VARSITY MOCK FUNERALS

London, Feb. 27.—Out of the features of Cambridge undergraduate life is threatened by the decision of the university and municipal authorities to co-operate in the attempt to put an end to the baroque displays known as "mock funerals," carried out by the students when one of them "dies" in a "varsity" which means being expelled.

Taft's Last Speech to K. C.

Washington, Feb. 27.—President Taft's last speech as a "speaking act" so they formed a funeral procession fully one mile long and escorted their friend to the railway station. All ordinary traffic had to wait as the cortege crawled through the streets, the mourners carrying a coffin with a weeping widow behind.

GOOD NATURED AGAIN

Good Humor Returns With Change of Proper Food. "For many years I was a constant sufferer from indigestion and nervousness, amounting almost to prostration," writes a Montana man. "My blood was impoverished, the vision was blurred and weak, with moving spots before my eyes. This was a steady daily condition. I grew ill-tempered, and eventually got so nervous I could not keep my books posted, nor handle accounts satisfactorily. I can't describe my sufferings. "Nothing I ate agreed with me, till one day I happened to notice Grape-Nuts in a grocery store, and bought a package out of curiosity to know what it was. "I liked the food from the very first, eating it with cream, and now I buy it by the case and use it daily. I soon found that Grape-Nuts food was supplying brain and nerve force as nothing in the drug line ever had done or could do. "It wasn't long before I was restored to health, comfort and happiness. "Through the use of Grape-Nuts food my digestion has been restored, my nerves are steady once more, my eye-sight is good again, my mental faculties are clear and acute, and I have become so good-natured that my friends are truly astonished at the change. I feel younger and better than I have for 20 years. No amount of money would induce me to surrender what I have gained through the use of Grape-Nuts food." Name given by Postum Co., Battle Creek, Mich. "There's a reason! Read the very book, 'The Road to Wellville,' in plain.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Daily Hints For the Cook

PEANUT FUDGE.

Boil three cupsful of brown or maple sugar and one cupful of milk together until it forms a "soft ball." Then add two large spoonfuls of peanut butter and beat until creamy.

BAKED EGG TOAST.

Toast as many slices of bread as desired. Lay in baking pan. Sprinkle salt over. Pour in milk to nearly cover. Drop an egg on each slice of toast. Put dots of butter over all and a little more salt. Bake till eggs are set.

BREAD PUDDING.

One five-cent loaf of bread and 1-2 of another, 2 eggs, 2 quarts of milk, 1 1/2 cups of sugar, salt, 1/2 nutmeg, 1/2 teaspoon of cinnamon, 1/2 pound of raisins. Break up the bread and soak over night. Leave out 1 cup of milk to put in when pudding is brown. When light brown take out of oven and stir well to get raisins all mixed. You can put in more milk again if you think it needs it. After it gets well browned put cover over top and bake slowly all day. Should be baked the day before you want to use it.

ONE DOSE RELIEVES A COLD—NO QUININE

Pape's Cold Compound Cures Colds And Grippe in a Few Hours

You can surely end Grippe and break up colds without interference with your chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges.

URGES PENSIONS FOR WIDOW TO KEEP FAMILY

Ottawa, Feb. 27.—The Old Age Pension Commission has heard evidence from Mrs. Henderson, probation officer of the Juvenile Court at Montreal and from Mr. Louis Giron, Quebec factory inspector.

Mrs. Henderson strongly supported the idea of a pension to widows on the ground that family life should not be broken and children put in institutions. Her experience was that 50 per cent. or more of the young people who appeared in the Correctional courts came from those broken families.

TUNISIAN ENTERTAINERS GIVE GOOD PROGRAMME

At the Seaton's Mission last night the twenty-two members of the Tunisian Rag Time Band held forth on all manner of weird and wonderful musical instruments for the benefit of the large audience, which always gathers to greet these performers. During a long programme the band kept the audience in good humor with their selections of popular airs and dances, drawing many roars of laughter and much applause from the audience.

The band is attired in many different costumes in which strict attention is paid to artistic detail and historical effect, and this added much to the evening's entertainment. Much of the fun was supplied by the corner men, J. Barry, and W. Devonport, while Dear and Hogan danced with great effect and cleverness. Frank Mellicott was the belle of the evening and made a very possible imitation of the real thing. E. Benn was the accompanist. Music credit is due to W. Rogers, the conductor of the Rag Time Band, who is responsible for its organization.

Miss Evelyn Boone and Miss Mahel Devlin of Oak Point, Charlotte county, have left for Stokatchewas where they have accepted positions as school teachers.

Little Beauty Chats

By BLANCHÉ BEACON

A Beautiful Skin Can be Acquired by Means of Sulphur Steam Baths

PERHAPS you are not a sulphur enthusiast but that is because you are not aware that it has a wonderful beautifying effect upon the skin, whitening and softening it and making it extremely supple. This is not all that can be said for sulphur as a cosmetic, as it is a splendid skin cleanser and healer. If you are troubled with such evils as blackheads, pimples or tan, by all means become a user of sulphur as it will prove a friend in need.

There is one drawback about the external use of sulphur and that is, when the fumes are inhaled, it is apt to make one cough and strangle in an excruciating manner. Sulphur also has the ability to irritate the eyes very completely. From the above you can see it behooves you to shut your eyes and eschew breathing as much as possible when treating the face with sulphur. Forewarned is forearmed!

A sulphur treatment which cleanses the skin and whitens it consists in filling a bottle or pot with boiling water and throwing into the water a handful of sulphur.

When all is ready, cover your pretty hair with a towel and enveloping yourself and the kettle in a small sheet, incline the head until the sulphur steam plays directly upon the face. When the steaming has continued for say, five minutes, discontinue treatment.

Repair to the bedroom now and bathe the face with clear, tepid water, then with a sulphur lotion made by throwing a spoonful of sulphur in a glassful of warm water.

When this task has been accomplished, rinse the facial skin and dry it well. This treatment should be taken regularly twice a week for several months, by which time skin will be milk-white and fine-grained.

TO CALL FOR TENDERS FOR THE MUNICIPAL HOME. After two days' discussion in private session the members of the municipal council yesterday afternoon decided not to give an option on the municipal home property, as requested, but to call for tenders for the property. The meeting was called Tuesday to consider the request of the Eastern Trust Company for an option at \$150,000 and Cyrus F. Inches also requested that he be given an option on the property at \$152,500.

There was an animated debate on the subject and the meeting was adjourned until yesterday afternoon, when the matter was further considered, with the result that tenders are to be called. Warden Carson after the meeting said that the price submitted by Cyrus F. Inches was for \$152,500, and that of the Eastern Trust Company was \$150,000, but that the council had decided to accept neither.

The warden was asked if The Norton Griffiths Co., Ltd., had asked for the property, but he replied that only the two requests had been made, but that Norton Griffiths Co., Ltd., or any other concern could now tender for the property. Some of the county members of the council, after the meeting yesterday, said that they were in favor of the sale but

Fragrance

WHEN you open a tin of Red Rose Coffee, you will surely be pleased with its unusual fragrance, and you will note particularly the small, even grains, free of the yellow flake or chaff which you have always been accustomed to see in the ground coffee you have used. This is the result of our new crushing process. The small grains settle quickly, so the coffee is never muddy, but always bright and clear. You will be convinced before you taste it, that it is a coffee of unusual quality.

NOBODY CAN TELL IF YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Druggist Says When Mixed With Sulphur Prevents Dandruff and Falling Hair

Common garden sage brewed into a heavy tea with sulphur and alcohol added, then left to age and carefully filtered, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching, and falling hair.

Just a few applications will prove a revelation if your hair is falling, gray, dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about fifty cents a large bottle at drug stores, known

as "Weyth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss. Some druggists make their own, but it isn't nearly so nice as "Weyth's."

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur you can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. Do this tonight and by morning all gray hairs have disappeared, after another application or two it will be restored to its natural color and be even more glossy, soft and luxuriant than ever. Local druggists say they are selling lots of "Weyth's Sage and Sulphur," it surely helps folks appear years younger. "Weyth's" Agent—Wasson's Rexall Stores, King Street, Main street and Haymarket Square.

The Home for Aged Men in State street in this city will also have \$1,000 from the estate.

NO MORE DANDRUFF, FALLING HAIR, SCALP ITCH

Men and women—do you want a splendid head of luxuriant hair free from scalp itch and dandruff? Do you want hair so beautifully radiantly and bright as a newly-minted coin? Do you want a scalp as immaculately clean and bright as a newly-minted coin? Do you want to use a hair dressing that will surely prevent baldness, that always refreshes and invigorates and makes your entire head feel fine?

Then spend 50 cents this very day and get a bottle of PARISIAN Sage at any drug store or toilet goods counter. Use it as directed and you will never care to use ordinary toilet again.

No poisonous sugar of lead, no sulphur, no injurious ingredients in PARISIAN Sage. Ask for PARISIAN Sage. All drug stores guarantee it.

MRS. GREATON'S AWFUL EXPERIENCE

During Change of Life—How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold, I had creepy sensations, and I could not sleep nights. I was finally told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter."—Mrs. MARION SWEET GREATON, No. 1 Jefferson St., Natick, Mass.

IN THE LEGISLATURE

St. John Bills Introduced—Valley Railway Financing—Lancaster Sewerage Bill to Committee

Fredericton, N. B., Feb. 26.—The house met at 3 o'clock.

Hon. Mr. McLeod submitted a statement of the consolidated revenue account to Feb. 12 inclusive.

Mr. Baxter introduced a bill to amend the union act of the city of St. John and Portland.

Mr. Lockhart introduced a bill for the better prevention of contagion in the city of St. John.

Hon. Mr. Fleming introduced a bill to confirm certain grants to the commission-ers of the Transcontinental railway. He said that it was necessary that grants made by the crown of a right of way throughout the province to the Transcon-tinental railway commissioners, should be confirmed by an act of the legislature.

Mr. Lockhart presented the petition of the municipality of the city and county of St. John to fix the assessment of Edward Partington Pulp & Paper Co., Ltd.

Mr. Baxter, on behalf of Mr. Slipp, pre-sented a petition in favor of a bill to in-corporate the St. Leonard's Water Co.

Mr. Dugal presented a petition in favor of a bill relating to the town of Edmund-son.

Mr. Humphrey, on behalf of Mr. Dick-son (Albert), presented a petition of the New Brunswick Shale Co. in favor of a bill respecting the Alberte, Ollie & Can-ael Coal Co.

Mr. Baxter introduced a bill relating to the water supply of St. John city and to authorize the city of St. John to supply water within a portion of Simonds parish, St. John county.

Mr. Wilson introduced a bill relating to the sale of property belonging to the city of St. John.

Hon. Mr. Murray introduced a bill to enable the trustees of School District No. 2, Westfield, to sell certain lands.

Hon. Mr. McLeod introduced a bill re-lating to the Dominion Trust Co.

Mr. Baxter introduced a bill to amend the act to authorize the rector and church wardens of Trinity church, St. John, to sell part of their real estate.

Hon. Mr. Morrissey introduced a bill to confirm an agreement made between the crown and St. John Railway Company.

Mr. White introduced bills to enable the town of Grand Falls to grant certain ex-emp-tions from taxation and to issue debent-ures for the installation of an electric lighting system.

Hon. Mr. Morrissey introduced a bill to make further provision for permanent bridges and works of permanent charac-ter.

Mr. Stewart (Hastigouche) presented a petition in favor of a bill relating to the town of Dalhousie.

Mr. Baxter introduced a bill to author-ize the erection of a sorting boom at the mouth of the Miramichi river.

Hon. Mr. Grimmer introduced a bill to amend the act incorporating the St. Steph-en Street Railway.

The house went into committee, with Mr. Woods in the chair, and took up the consolidation of a bill to amend Chap. 25 of George V., amending the act to aid construction of the St. John Valley val-leyway.

Hon. Mr. Fleming said that the bonds of the company had been sold and pro-ceeds deposited with a trust company. The sale had been made at 93 3/4 per cent., and as the safeguards of the trust company, he proposed an amendment that the amount to be deposited with the trust company should not exceed 85 per cent. of the par value of the bonds.

The bill was agreed to as amended.

The house went into committee with Mr. Stewart (Northumberland) in the chair, and agreed to bills to amend the act to authorize the town council of Mil-ton to fix a value on Canadian Cottons Limited, with amendments.

The bill to amend the Dominion sewer-age act was then considered.

Mr. Tilley said that under the provisions of the bill the city of St. John would be relieved of any liability for any damage which might be caused by reason of inabil-ity of the sewers to carry off sewage and drainage. He felt that this was an at-tempt to legislate against the individual property owner in favor of the city of St. John.

Mr. Baxter said that under the provi-sions of the act there was authority grant-

ed to practically extend the sewers of the city in the parish of Lancaster. No liabil-ity was removed from the sewerage au-thorities of Lancaster. While the city was unable to control the action of the Lan-caster sewerage system, in regard to the care of sewage and drainage, but the chances were that in only one case in a thousand would any damage result. The bill had been agreed to by the city and the Lancaster sewerage board.

Hon. Mr. Wilson introduced a bill to amend the act to authorize the sale of property belonging to the city of St. John was agreed to.

The house went into committee with Mr. Humphrey in the chair and agreed to bills to establish a salvage corps and fire police in the city of Fredericton, and to authorize the city of Fredericton to issue debentures, also to bills to fix a valuation for assessment on Fraser, Limited, in the city of Fredericton, and to authorize the city of Fredericton to aid the Palm-er, McLean Shoe Pack Co., Ltd., with amendments.

IN PARLIAMENT

Borden Has Another Serious Matter to Explain—Government Whip Says a Little Too Much

Ottawa, Feb. 26.—That the British admiralty memorandum, upon which the government has claimed to have based its naval policy, was issued from the admiralty office on Downing street seven days after Hon. Mr. Monk had penned his letter of resignation to Premier Borden as a result of the government's adoption of a \$35,000,000 "emergency" contribution, was the somewhat startling disclosure made to parliament this afternoon.

The facts were related by Hon. Charles Murphy, who resumed the naval debate when the house met. The former secretary of state quoted the declaration of Premier Borden that his contribution policy had been decided upon as a result of the communication from the British secretary of state, forwarding the memorandum in question, was dated "Downing Street, October 25, 1912," and consequently would not be received in Ottawa until November 2 or 3, at the earliest.

He then produced a copy of Hon. Mr. Monk's letter of resignation from the Canadian ministry, which had been tabled by the premier at the request of Sir Wilfrid Laurier. Mr. Monk's letter was dated "Ottawa, October 18, 1912," or one week before the date in London of the admiralty memorandum.

In his letter the former minister of public works expressed regret that he could not concur in the "decision reached at the cabinet meeting yesterday" to vote an emergency contribution of \$35,000,000 to the admiralty for the purchase of three Dread-noughts.

"These facts are so serious," said Hon. Mr. Murphy, "that the house should not be asked to take the word of the prime minister on this or any other subject until a satisfactory explanation has been given. Otherwise his conduct must be branded in a manner which the rules do not permit. Good faith requires an ex-

GEM HAS MOTHER PICTURE

Appealing Story Told on Curtain and Excellently Presented

A two-reel presentation of a story entitled "Mother," at the Gem Theatre yesterday, appealed to all lovers of home life, it being the enactment of a tender drama of domestic ties, the manifestation of uttermost faith in her boy by a devoted mother acting as the basis on which the story rests. It was a powerful moral drama and capably exemplified the love

borne by the one "whose hand" it has been said, "has ruled the world from all time." The scenes were laid both in the east and west, the old homestead in the former and the mother dwelling there, and the great cattle ranch in the western surroundings where her boy had fallen from the path of righteousness and had been arrested just about the time the mother was to arrive on a visit to him.

She has been led to believe he had been made Sheriff of the county. She was proud of him and had come to tell him of her pride in his success. How the situation was worked out to the satisfaction of all makes another interesting chapter in the story, but throughout it was a masterpiece of picture art, and immensely delighted those who witnessed its performance.

There were two fine Lubin comedies, the orchestra had a nice new bill, and Jimmy Evans sang "The Sloop of Yesterday," with excellent effect. This bill will be repeated today.

THREE MENTIONED AS TEMPERANCE ORGANIZER HERE

Rev. R. H. Stavert of Harcourt, Rev. H. E. Thomas of Carleton, and Rev. Mr. Burke of Montreal. The Fredericton Gazette says: It is understood that the executive of the New Brunswick branch of the Dominion Alliance will not take up the appointment of a permanent organizer of the temperance forces in this province until the funds which will be necessary for carrying on the work along the lines proposed are all in sight.

MEXICAN AFFAIRS

The Editor Times: Sir—The Canadian Press of Feb. 25th says: "The overwhelming nature of the revival of the Diaz influence in Mexico is indicated by an order issued by Provisional President Huerta, that the portraits of the former president, Porfirio Diaz, be restored to the places in the public buildings from which they were removed by Francisco Madero."

RHEUMATISM KEPT HIM IN BED

McMillan's Corner, Ont., Sept. 30th, 1910. "Your remedy, 'Fruit-a-tives' is a perfect panacea for Rheumatism. For years I suffered distressing pain from Sciatic Rheumatism, being laid up several times a year for days at a time. I went to different doctors who told me there was no use doing anything—I would pass away. They gave me mustard plasters and other remedies that did no good. Blistering took no effect on me—except to blister me and make raw spots. I took many of the advertised remedies without benefit, but fortunately about two years ago, I got 'Fruit-a-tives' and they cured me.

SOLID, UNITED DEMAND FOR WIDER MARKETS

(Winnipeg Tribune) Eastern journals and Eastern interests may talk from now till doomsday as to the alleged worthlessness of the United States markets for the products of this country, but fact prove that the Easterners do not have a knowledge of facts, they are looking in the face. The president of the Saskatchewan Grain Growers' association, in an official address a few days ago, said: "The marketing of our grain is still as much a problem as ever. In spite of all the promises made and hope held out by the government and transportation companies, the conditions are equally as bad, if not worse than ever. At the present time there are close to one thousand cars of grain in the railway yards at Fort William waiting to be loaded, and the number is increasing daily. Unless something is done to advance matters, we will have a repetition of last year, when millions of bushels of grain were a total loss, and in some cases the grain was even used as fuel for the local freight, not having received a cent of its carload of grain."

ARE GROWING IN FAVOR EVERY DAY

Dodd's Kidney Pills Proving Their Value as a Family Medicine. Quebec Man Tells How They Helped Him and Cured His Nephew of Kidney Disease. South Main, Wolfe Co., Que., Feb. 26 (Special)—There is fresh proof every day that as a family medicine Dodd's Kidney Pills are growing in favor with the people of Quebec. Just to quote an example: Amable Pinaud, of this place, says, in an interview: "Dodd's Kidney Pills helped my rheumatism, lumbago, gravel, and heart disease, from which I suffered for twenty years. They have not yet cured me completely, but they did completely cure my kidney disease. They will complete Amable Pinaud's cure, because all the diseases mentioned are the results of kidney disease. They cured the young man's troubles, and cured quickly because it was taken in its early stages. Amable Pinaud's troubles are of twenty years' standing, and take a long time to cure."

RECENT DEATHS

Fredericton, Feb. 26.—The death of James Randall took place at Sheffield yesterday after a lingering illness which lasted for over eight years. The deceased was 87 years of age, and is survived by three daughters, Mrs. Lorenzo Briggs, Mrs. Geo. Bridges, and Mrs. H. A. Brown, all of St. John, and four sons, J. S. Warren, of St. John; Horace and John, of Sheffield, and H. S. Randall, of St. John. Captain Seymour Sutherland died last night at his home in Yarmouth, after a long illness. He was 80 years of age, and was a well-known shipper, and many friends will regret to learn of his death. The many friends of Mr. and Mrs. John T. Power will deeply sympathize with them in the death of their second daughter, Kathleen E., which occurred at their home in St. Andrew's street last night. She was two years of age, a very popular girl and her loss is a great blow to her parents. The death of Rev. John Hawley, pastor of the Presbyterian church at Marshfield, P. E. I., occurred at his home there last Friday. He was born in Scotland and for several years was stationed in this province. His wife and four children survive.

Had Weak AND Dizzy Spells

Those feelings of weakness, those dizzy spells and "all gone" sinking sensations, which come over some people from time to time, are warnings that must not go unheeded. They indicate an extremely weakened condition of the heart and a disordered state of the nerves. One dizzy spell may pass off, but the next may be more serious. Those who are wise will start taking Milburn's Heart and Nerve Pills, before their case becomes hopeless. They have no equal for reviving and strengthening the heart, and invigorating the nerves. Mrs. A. E. Martell, Rockdale, N.S., writes:—"I was troubled for a long time with my heart, had weak and dizzy spells, could not sleep, and would have to sit up the greater part of the night. At last I got a box of Milburn's Heart and Nerve Pills and they did me so much good I got another, and after taking it I could sleep as well as before I was taken sick. They are the best medicine I ever heard of for heart or nerve trouble." Price, 50 cents a box; 3 for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Montreal, Feb. 27.—The Gazette says: The market closed yesterday with a more cheerful tone than has been in evidence for some days. The general attitude, however, has been skeptical on New York rallies, and London's sentiments frequently changed over night in European politics. Canadian Pacific and other international favorites were run up towards the close in the hope that the better feeling of yesterday in London will be continued today. A good market in London would mean a further recovery here.

RAILWAY LINE, ST. JOHN TO QUEBEC BY THE WAY OF MAINE

Survey Being Made to Connect Valley Road With Line at Washburn

Rangor, Me., Feb. 26.—Under the supervision of S. B. Wass, of Fredericton, engineer of the St. John & Quebec Railway, a party of engineers is making an actual working survey of that part of the road which is to run across northern Maine from Washburn to the Canadian border with the view of beginning actual construction as soon as conditions will permit in the coming spring.

The party is in actual charge of Engineer Hughes, a New Brunswick man, and there are about a dozen in it. They have completed about twenty miles of their work and are now in the vicinity of Portage Lake.

The line of the railroad which runs directly westward towards Quebec passes through the wildest of Maine's vast areas of wild lands, a section where there is much virgin forest.

In order to complete the working survey and to prepare an estimate of the cost of construction by spring other parties are to be put into the field a little later and the work will be hurried on to its completion.

With the completion of the St. John Valley railroad and its eventual connection with the lines across northern Maine, which will run directly to Quebec, the citizens of St. John and Quebec will be bonded together with steel rails almost as the crow flies.

According to those who are closely connected with the new railway project the financing of the new road, which will be done by Canadian and English capital to a large extent, is progressing favorably, and there will be nothing to hamper the beginning of the work in the spring as far as it is related to the State of Maine. Actual construction work will, according to the present plan, be commenced at Washburn, where the new line joins the Aroostook Valley railroad, and be pushed steadily westward. Owing to the remoteness of the section through which it is to pass there are many difficulties to be overcome, but these are far from being insurmountable.

Like the Aroostook Valley railroad, the new line of which the Aroostook Valley will be a part, will derive its power from the plant of the Maine & New Brunswick Power Company at Aroostook Falls on the Aroostook river. With the present equipment the plant is capable of generating about 4,000 h. p. Its total capacity is estimated in the vicinity of 8,000 h. p. The new line will not have to depend entirely on that power for in the distance of 110 miles from Washburn to Quebec there are several powers on the western end which may be developed.

The Maine & New Brunswick Power Co. has just completed a transmission line from Aroostook Falls into Grand Falls and will begin shortly to supply the village of Grand Falls with electric power for lighting purposes.

A. E. Gould, of Presque Isle, is the head of the new railroad and is now engaged in building that part of it which will be known as the St. John Valley railroad, and which, according to the present plans, will join the Aroostook Valley line, another unit in the whole system, at Grand Falls, where the immense pulp and paper development is soon to take place.

The entire line will be of standard construction in order that the same rolling stock may be used throughout. Only part of it will be operated by hydro-electric power, the St. John Valley being a steam line.

Maine people are watching with interest this project for railroad development in the northern part of the state and the statement that the actual work of construction is to be commenced this spring is received warmly by people of Aroostook county through which the line runs.

RECENT WEDDINGS

Donner-Dick

Rev. A. J. Archibald united in marriage Miss Alice Clark and George Donner, both of Carleton, last evening. The ceremony was performed in the presence of a few friends at the home of Mr. and Mrs. Albert Fowler, 104 Charlotte street. Following the ceremony a dainty wedding supper was served. Mr. and Mrs. Donner will reside in Charlotte street. Both are well known and popular, and they have received a large number of beautiful presents. Fellow employees on the C. P. R. Bay Shore staff presented to Mr. Donner an address and purse of gold.

Walker-McFarland

On Monday evening, George Thomas Walker, of Milford, and Miss Ida Victoria McFarland, of West St. John, were united in marriage by the Rev. W. R. Robinson at the residence of the officiating clergyman. Mr. and Mrs. Walker will reside at Guilford street, West End.

Shanks-Seelye

A pretty wedding took place last evening at 8.30 o'clock at the home of the bride's father, 41 King street, West End, when Joseph F. Shanks, formerly of Lorneville, and now in the employ of the C. P. R., was united in marriage to Miss Bertha Leora Seelye, daughter of Thomas Seelye, by Rev. W. R. Robinson.

The wedding took place in the presence

of a large gathering of relatives and friends of the contracting parties who were unattended. After the ceremony, the guests partook of an excellent supper at the conclusion of which the many handsome presents to the happy couple were viewed. Mr. and Mrs. Shanks will reside at Prince street, West Side.

Wheaton-Harrity

A quiet wedding took place at West St. John at the residence of the bride's brother-in-law, George H. Best, when William Wheaton, eldest son of Charles Wheaton, of the North End, was united in marriage to Marguerite Harrity, youngest daughter of Joseph Harrity, of West St. John. The ceremony was performed by Rev. W. R. Robinson in the presence of relatives and friends of the contracting parties. Mr. and Mrs. Wheaton will make their home in Union street, West St. John.

Johnson Trial Put Off. Chicago, Feb. 27—The trial of Jack Johnson on smuggling charges has been postponed indefinitely by Judge Carpenter in the United States district court today because of the prize fighter's illness. If all goes well with the patient, who is ill with pneumonia, he may be able to appear for trial in two weeks.

A special agent of the Department of Justice, who was sent to the Johnson home by the district attorney to confirm reports of Johnson's illness, informed the court that he was refused admission to the bedside by Johnson's white wife.

This Minister Favors Boxing.

Chicago, Feb. 26—Rev. Frank C. Bryson, a Methodist Episcopal pastor, caused a stir at a meeting of Methodist ministers when he came out as a champion of boxing. He dissented when resolutions were offered condemning two boxing bills now before the Illinois legislature.

"I believe boxing is an art in which every man should take pride," said Mr. Bryson. "I cannot agree that it is demoralizing. My father was the best boxer in my county. Often I have seen him and my brother put on the gloves and 'mix it' in lively fashion.

"I did not have the gloves on myself, but I did not see anything demoralizing in the bouts between my father and my brother. I am not going to vote for the resolutions." The resolutions were adopted.

ATHLETIC

Champion Is Dead. Athens, Feb. 26—The Greek champion, C. Pictirias, who won the standing broad jump at the 1912 Olympic games in Stockholm, died today.

A Great Match.

William Hoppe, champion at 182 lb. line billiards, has signed a contract to play Ermin Cestros, the best billiard player in France, a match which, although it may not carry the official title, will determine the best billiard player in the world. The articles call for a match of 1,500 points, extending over three nights, 500 points each night. Cestros was a competitor in the tournament held in New York in 1909, but at that time, although he showed great knowledge of the fine points of the game, he was unreliable and failed to show prominently.

Since the return to France Cestros has been the sensation of the billiard audiences and in addition to defeating all comers on one occasion, ran over 500 182 ball game. Hoppe is expected to play for the 181 title against Ora Morningstar in Pittsburgh, on March 10.

Hoppe will devote the time after his match with Morningstar to practice at the 182 game and will sail for Europe on March 27. The dates set for his match with Cestros are April 7, 8, and 9. Hoppe receives a guarantee of \$3,000 and considers this easy money whether or not he defeats the Frenchman.

WHY DO STARS BOX LIKE CHAMPIONS BEFORE SMALL CROWDS AND LIKE BOYS WHEN FACING LARGE HOUSES?

By TOM ANDREWS

DID you ever notice how two top-notchers in the boxing or fighting line will put up a corking good bout at some little town and accept any old purse offered, while in a big club in a regular city they will go through the same number of rounds and act like two novices?

Some time ago I had occasion to dicker with two boxers of the first rank for a match before a club in a city of nearly half a million people, but one of the boxers, who was almost a champion, would not consider anything under a guarantee of \$10,000 with a privilege of 35 per cent, and expenses. The match fell through, but later the same two men accepted \$400 to box before a small club in a two-by-four town, and it was one slashing fight all the way. Had the same kind of a fight been put up by these men in the large club they could have fought over again and packed the place, but again their demands were a barrier to a match.

Take Ad Wolgast for instance. Ad has accepted many bouts about the country, before small clubs where it was impossible for him to get any such money that he demands of big clubs, and he has bumped into pretty hard game at times, but never let out a squeak. Of course Ad could not do otherwise than put up a fight, no matter before what club, as he always bores in, but it shows how the stars do business.

Battling Nelson always asks big guarantees from the big clubs, but he has gone into the hardest kind of bouts before these small clubs and got little for his trouble. At Racine recently Bat fought ten hard rounds with a fellow named Sorenson and there was hardly enough in the house to pay Bat a fair amount for his labor, and he worked on a percentage, too, but give the old boy credit for going through with his agreement, with nothing in sight.

Joe Mandot fought his head off before a tiny club down south for marbles, but when it came to the big ones it was a guarantee of big coin or nothing. I once saw Benny Yanger, an old Chicago crack, put up a wonderful battle in a small club for only a few dollars, and then fight a "pink tea" scrap with Charlie Neary for the biggest money ever paid at that time for a six round bout, the two getting over \$3,200 between them in Milwaukee. Jack O'Brien had one of his hardest battles against a slugger in a town in Pennsylvania for a song, but he never put the same ginger into his bouts when in his home city—Philadelphia.

It is the same with hundreds of boxers all over the country. They will travel to some poor town and fight like Turks for a few dollars and put up a poor fight before a big crowd and for big money. Probably the surroundings have something to do with it.

DICKENS' "PICKWICK PAPERS" TOMORROW PART ONE records the Adventures of the "Honorable Events," and introduces all the familiar members of the Pickwick Club. Dr. Slammer and Mr. Winkle are prepared to fight a duel, but a most extraordinary and humorous situation arises by the timely discovery that Jingle and not Winkle is the man who insulted the Doctor.

PART TWO embodies the Adventures of Westgate Seminary. Pickwick, at the suggestion of Job Trotter, Jingle's chum, goes on a wild goose chase to the Seminary to prevent Jingle from eloping with one of the girls. Every scene in both parts was made in the famous haunts of Pickwick, in merry old England. Every character seems a living reproduction of Crickshaw's famous cartoons.

The body of Miss Agnes Ross, who died here yesterday, will be taken to Fredericton tomorrow morning for interment.

CARLETON ACCIDENT.
A telephone message to the Times this morning said that Mrs. William D. Donner, whose leg was broken as the result of a fall, received the injury through falling on an icy sidewalk in front of the former Martello Hotel.

BURIED TODAY.
The funeral of Mrs. Elizabeth A. Vaughn took place from the residence of John R. Vaughan, 117 Lettister street, this afternoon at 2:30 o'clock. Rev. Mr. Mac-Kelghan and Rev. Dr. J. A. Morrison conducted the services, and interment was in Fernhill.

THE POLICE.
Chief of Police Clark has not as yet made any appointments to fill the position made vacant by the death of Police-man Wittrien. It is possible that an appointment will be made this week, and it is said likely that E. Howard, who was on the force temporarily during the winter, will be appointed permanently.

RUNAWAY BOYS.
Frederick Reicher, who was sentenced to serve five years in Dorchester penitentiary for escaping the Boys' Industrial Home, will probably be taken to Dorchester this week. He is still in the jail here. McCarthy, the other lad who escaped from the Home, has been sent back to complete his sentence.

PRESENTATION.
Miss Zelah Morrell, of Harrison street, will leave next Wednesday for Marysville, where she has accepted a position with the Marysville General Store. About forty friends called at her home last night to say good bye. The evening was pleasantly spent in games, music and dancing, after which refreshments were served. During the evening, on behalf of the present, Leonard R. Roberts presented to Miss Morrell an address and a handsome traveling bag, wishing her success in her new position. Miss Morrell made a neat reply, thanking her friends for their good wishes.

ST. ANDREW SAID TO BE STEAMER FOR C.P.R. BAY SERVICE

The Yarmouth Times says that it is stated in railway and steamship circles that the 22 knot steamship St. Andrew is soon coming to Canada from the Montreal and Halifax over its own system leads it to believe that the flyer is intended for the St. John-Digby service. It seems to be taken for granted that the C. P. R. has no boat under construction for the Bay service, and could not have surmised that the St. Andrew is the ship which the big corporation may obtain for the bay.

The ship was built in 1908 by J. Brown & Co., Glasgow, and is 211.1 in length, breadth 41.1, and depth 10.5. Her gross tonnage is 2,528, and net 1,094, triple steam turbine.

The Times has no definite information as to the particular locality in which the steamer will be employed, but the fact that it is freely stated that the C. P. R. will inaugurate a fast service between Montreal and Halifax over its own system leads it to believe that the flyer is intended for the St. John-Digby service. It seems to be taken for granted that the C. P. R. has no boat under construction for the Bay service, and could not have surmised that the St. Andrew is the ship which the big corporation may obtain for the bay.

MRS. DAVID LYNCH DIED TODAY

Deep regret will be occasioned by news of the death of Mrs. Mary A. Lynch, which occurred this morning at her home in Paradise row. She was in the sixty-first year of her age, and had been in poor health for several months. Mrs. Lynch was the daughter of Captain Mahoney of the North End, who died several years ago, and was the widow of David Lynch, at one time one of the most prominent shipbuilders and owners and designers in the city of St. John. He died about nine years ago.

Mrs. Lynch was held in the highest esteem by all who knew her, and she had a host of friends who will bear with regret of her death. She was a prominent worker in the congregation of Holy Trinity church, and will be much missed there as in other good works.

She is survived by five sons and three daughters. The sons are: David and Frank, of M. R. A., Ltd.; Frederick with the Dominion Express Company, and Harry A. and Charles V., students at the University of New Brunswick in Fredericton. The daughters are: Mrs. Robert O'Mullin, of Halifax, and Misses Nellie and Josephine at home. For all these will be general sympathy in their great loss. The funeral will take place on Saturday afternoon at 2:30 o'clock.

THE POLICE COURT

Two prisoners were arraigned in the police court this morning. One, charged with drunkenness, was remanded. Albert Maculay, charged with assaulting his wife, Catherine, in their house in North street, last night, pleaded not guilty, and was remanded.

Thomas Shannon was arrested yesterday afternoon by Sergeant Scott and placed in jail on commitment. Shannon was arrested a few days ago on the charge of drunkenness, but was allowed out yesterday morning on condition that he take the pledge and keep sober. It is alleged that he violated the terms under which he was released, and he was re-arrested and placed in jail.

Prospector Dies on Trail

Prince Rupert, B. C., Feb. 27.—George McEwen, a prospector, died on the trail while trying to reach the coast from the interior with his partner, Bert Bailey. The latter in a starving condition reached Ketchikan. The men suffered fearful hardships from exposure and hunger, traveling forty-one days through deep snow. Once they lived two weeks on two porcupines.

MILLIONAIRES FOR THE NONCE; THEY HAVE GOOD TIME

A Drive, and Dinner at Newcombe's and Some Observations

About seven o'clock last evening a five-crested sleigh left Douglas avenue corner carrying about twenty of the handsome young stalwarts composing the membership of the "Eighteen Millionaires Club," whose objects are the promotion of social welfare, the advancement of the franchise to women, as well as other purposes for the general uplift. They were bound last night to the Clairmont House, and with a merry jingling of bells, trotting of horses, and noises akin to song, it was not long before they were greeted with the tempting and appetizing aroma of turkey nicely roasted, and immediately there was a general scramble for the dining hall, where Mr. Newcombe welcomed the lads. It is a point open for much discussion as to who reached the table first, but the general consensus of opinion was that "Bob" Finley was a good eater.

Justice was done to the many good things provided, after which an entertaining programme of songs, readings, and toasts was given, some of the alleged millionaires displaying remarkable oratorical powers. The president of the organization, J. Astor Knight, occupied the chair and delivered an able address on the question of voting an annual stipend for the aid of alfalfa culture in Egypt, saying that he was doubtful as to why wheat would be so beneficial, this or to allot from the club's exchequer a portion of the wealth there stored, buy Prince Edward Island and convert the same into fox ranching. He was attentively listened to by the other millionaires assembled about the festive board.

Wm. Belmont Winchester proposed the toast to "Our City," which was responded to fluently and eloquently by Charles Atkinson, after which J. P. Bronsahan gave a piano selection. E. Van Eesteren Smith proposed the toast to "Our Club," which was responded to by the vice-president, Harold Reginald Scott. W. Montmorency Scott next favored the members with a step-dance, while Master James Duffie allowed his fine tenor voice to rouse his brother members to enthusiasm in his rendering of his favorite ballad, "You Can't Drive a Nail With a Sledge, No Matter How Hard You Soak It." Roy Pierpont McCoolgan was heard in a reading and E. Fitzmaurice White recited the latest edition of "Mary Had a Little Lamb."

The toast to the ladies was proposed by Mr. Knight, who with difficulty restrained several of the members from responding as the hour was growing early. Finally assigning the floor to Howard Gould Campbell, who launched forth in commendable style a champion of the rights of women. The next number gave much pleasure, being an alleged vocal duet between little Master Duffie and Walter Montmorency Scott, but it became agonizing after they had rendered fourteen stanzas and concluded, a long distance competition in which young Duffie had continually kept dodging souvenirs.

Scott proposed at the piano and gave several selections, so many in fact, as to arouse the jealous ire of Mr. Winchester, who claimed to have been a born musician, having played on the floor when but a few months old.

Everybody present had had an opportunity to display to advantage some particular trait of cleverness the young ladies decided that it was time to return to their city mansions if they wished to be on hand in the morning to hold down their jobs, so accordingly a farewell was said to Host William, and the big sleigh with its crowd of merry-makers who had had a really good time, once more sped over the startle roads and before long each young Croesus was snugly in the folds of red, creaming visions of what might happen between now and pay-day, after setting up.

WORLD'S CHAMPION SKATER IS HERE

McLean Arrives From Chicago—Meritt Here From Boston

Bobby McLean, of Chicago, world's champion skater, arrived in the city this morning to take part in the Maritime championships here. McLean looks in the best of condition. He has a good style and appearance, and bears his honors becomingly. This will be his first appearance on a circular ring and it is expected that he will be somewhat hampered on this account. Besides being entered in all the speed events, he will skate several match races.

In conversation with a "Times" reporter this morning he said that he had not been skating for several weeks as the weather in Chicago had been very mild and there was practically no ice. McLean feels keenly the loss of all his medals, which were stolen from him while he was going from Toronto to Chicago a few weeks ago. He had them in a grip which he had placed in the pullman car. On arriving in Chicago the grip could not be found, and no trace of it has been had since. After leaving here McLean will return home.

Billy Meritt, a former St. John favorite, also arrived in the city this morning and will make his first appearance at the races. He has been making things hum in the Hub as far as the skating is concerned, and is considered one of the fastest in and around Boston. He is also entered in all the speed events.

THE SPENCER BENEFIT

All persons who have not already secured tickets for the Spencer benefit concert at the Opera House can do so at the box office tonight. As there are no reserve seats, those wishing to get comfortable places should arrive at the theatre early, for the splendid programme is certain to attract a packed house.

In addition to the splendid features of the evening, including Mrs. E. A. Smith's synopsis of the life of the poet, solos by Miss Blenda Thomson, instrumental selections by some of the city's best talent, and special numbers by Harrison's orchestra, there will be presented to each ticket holder a special souvenir programme of the memorable evening.

BIRTHDAY CELEBRATION

A number of friends of H. W. Nickerson called at his home last night and presented to him a chair in honor of his thirty-third birthday. The presentation was made by G. T. Corbett, and Mr. Nickerson responded. The evening was happily spent with games.

MEN'S CLOTHING OF CHARACTER AND QUALITY

The making of Proper Clothing is much more than putting together so much material and doing so much sewing. It requires the personality of insight and an artistic taste in choosing patterns, weights, shapes and finishings to mould a beautiful and appropriate garment.

A mere chopper of stuffs, who has learned a trade, and the cast-iron machine sewing and running along beaten tracts for trimmings produces something akin to clothing, but not the kind of clothes for the people we want to serve.

Our customers will be sure to see here only the latest fabrics, newest styles and most carefully prepared articles of men's wear.

Each year improves all we do, and this is plainly seen in the new goods now ready for the nearby Spring and Summer.
