DRINKING AT FATAL ARBUCKLE PARTY

Movie Comedian in Serious Trouble.

Formal Charge of Murder to be Preferred Today—Varying Stories of Occurrences at Gathering in His Apartments.

San Francisco, Sept. 12.—A formal charge of first degree murder, San Francisco police authorities have announced will be preferred today against Roscoe (Fatty) Arbuckle, motion picture comedian, under arrest here in connection with the death of Miss Virginia Rappe, film actress, on last Friday.

Miss Rappe's death followed her attendance at a party given in Arbuckle's suite at a local hotel a week ago. She died of injuries, which District Attorney Brady of San Francisco and other authorities allege were inflicted by Arbuckle.

Arbuckle is held without bail in the Hall of Justice here. He was arrested on last Saturday night on his arrival from Los Angeles, and was booked on a charge of murder. He is confined in a small cell, No. 12, on the Hall of Justice, known as "felony row."

The Arbuckle case, and his connection, if any, with the death of Miss Rappe, is scheduled to be brought before the San Francisco county grand jury tonight. A coroner's inquest into Miss Rappe's death has been called for next Thursday.

Arbuckle has requested that none but his attorneys be allowed to see him at the Hall of Justice. He declined yesterday, on the advice of counsel, to make any statement. His lawyers also refused to make a statement or discuss the case in any way.

Police yesterday were busy examining witnesses, whom they say will be presented to the grand jury tonight. These witnesses number twenty-two. They are being guarded by police detectives.

Varying Stories.

New York, Sept. 12.—(Canadian Press)—Several different versions of the happenings which led up to the death of Miss Virginia Rappe, a film actress, in connection with a New York party, are being reported. Some of the versions are contained in special dispatches from San Francisco, published in local papers.

A statement, attributed to Mrs. Jean Jamieson, a nurse who attended Miss Rappe in the sanitarium where she was taken, reports the actress as saying that Arbuckle was waiting to get her for five years; that Arbuckle was a friend of her fiancé, Henry Lehman of New York, and that she did not want publicity, as she was afraid she would lose Lehman. This witness also reports Miss Rappe as wanting him punished for it. The nurse says that she noticed bruises on the patient's body.

I. C. Forrester, a New York traveling salesman, who was at the party, says that something was consumed and that Miss Rappe and Arbuckle appeared on friendly terms. He says he saw nothing of the reported occurrence which resulted in the death of the actress, but had left the party hurriedly because he was informed that reports were coming up to interview Arbuckle.

Dr. Wm. Orphius, pathologist, who performed the post mortem examination on Miss Rappe, in his statement attributed death to a ruptured bladder, the "rupture being due to natural causes." He states that he found no marks of violence on the body and that "there were absolutely no evidences of criminal assault."

Cafe Girl's Story.

Miss Alice Blake, a cafe entertainer, who was a member of the party, which was held in rooms 1219, 1220 and 1221 of the Hotel St. Francis, is quoted as saying in part: "When I entered Arbuckle and Miss Rappe were occupying a settee together. They were laughing and talking. All had been drinking. Miss Rappe was drinking gin and orange juice. We all ordered something to eat and afterwards just sat around and talked. At this time we were in room No. 1220, which was used as a reception room. After we had finished eating, Miss Rappe got up and went into the bathroom, which was connected with Arbuckle's room, No. 1219. About the same time I went into room 1221 with Miss Fyron, another member of the party."

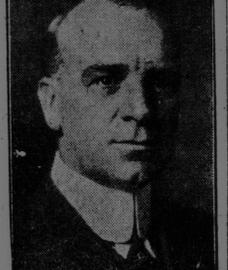

"When I returned a few moments later neither Arbuckle nor Miss Rappe was present. I asked Sherman who Arbuckle and Miss Rappe were. He replied: 'In there, pointing to the door of room 1219.'

"About a half hour later Mrs. Delmont tried to get into the room, but the door was locked. She banged and banged on the door, and Arbuckle came out. As he opened the door we heard Miss Rappe moaning and crying: 'I am dying. I am dying.' Arbuckle came out of the room, according to Miss Blake's alleged statement, and asked them to go in and look after Miss Rappe. 'She makes too much noise,' he said, according to Miss Blake. 'Miss Blake, as reported in this interview, said they found Miss Rappe lying on the bed moaning and crying and her clothing had been torn to shreds. A clerk was summoned and Miss Rappe was carried to another room in the hotel and the house physician called to attend her.

A statement from Dr. M. E. Rumwell, who attended Miss Rappe on her death bed, corroborates the statement made by Dr. Orphius, but contains the information that several "negligible" bruises appeared on the patient's body.

CASE DISMISSED.

DAIL COURIER ON WAY TO INVERNESS

New Man Away With Irish Reply.

Barton May Be One of Plenipotentiaries at Peace Negotiations—Ulster Man's Statement With Warning of War.

Dublin, Sept. 12.—A courier of the Dail Eireann left Dublin this morning for Inverness, Scotland, where Premier Lloyd George has been making his headquarters.

Robert C. Barton, who was the official Dail courier in the last exchange of notes with Lloyd George, did not make the journey this time. This was considered to strengthen the rumor that he would be one of the plenipotentiaries for the proposed peace negotiations.

An Ulster Warning.

Belfast, Sept. 12.—Warning to the British government against circumventing the powers of the new Ulster parliament was given by Hugh O'Neill, speaker of the parliament, in an address at Belymena, County Antrim, yesterday.

"Any diminution of the rights and privileges of the new Ulster parliament as a result of the projected negotiations between members of the British cabinet and the Sinn Fein, he declared, would lead to a bitter civil war in Ireland. It would mean war between North and South Ireland, the horrors and misery of which we do not like to contemplate. The calamity, he said, would be averted if his truly said, would not be confined to Ireland.

"The war would become world wide," he continued. "Hundreds of thousands of people from Great Britain and the empire would support the point of view held in Northern Ireland and there would be hundreds of thousands of people from the British colonies and dependencies, who would come to the aid of Southern Ireland. In brief, there would be in Ireland a war which would engulf Great Britain and the U. S. and would spread horror over the earth."

Irish Official Language.

Belfast, Sept. 12.—Irish has been declared the official language of the Irish Republican parliament, declared Deputy Beasley, a prominent Republican leader in addressing the assembly, but would start to make Irish the spoken and written language of Ireland from the centre to the sea.

"The Dail Eireann," he continued, "will make Irishmen out of the sons of Spaniards or Englishmen, and even make Irishmen out of Orangemen." This was under control and that all danger had passed.

Six men at work in the immediate vicinity of the destroyed stills gave the alarm when what is known as the New Battery, No. 34, gave indications of trouble. This alarm was taken up by the oil tank steamer, which was discharging four million gallons of crude oil at the company's wharf. Officers aboard the steamer tried to get down the wharf and, casting off, steered for the stream. Immediately thereafter the Victrola's screaming whistle was downed by the first of a series of explosions.

Of the six men at work near the scene of the explosion at the time of its occurrence all but one, H. Gilbert, living at 215 Upper Water street, are still safe. Two others, Edgewill Garrison, house man and J. Ritey, still man, were slightly injured. The others were unharmed.

Halifax, N. S., Sept. 12.—Officers of the Rosalind, which arrived this morning from St. Johns, Nfld., said the vessel was visible thirty miles off Halifax harbor.

LATER.

Halifax, Sept. 12.—Gilbert Ettinger, missing fireman, is safe. He had taken refuge in the fields nearby after the alarm had been given.

Late this morning D. M. Allan, superintendent of the Imperial Oil Company's plant at Imperial gave out the following official account:

"At 2:15 this morning presumably a tube burst under No. 34 still and the oil immediately ran out, caught fire and heated up the drums on top of the still, causing them to explode. There were four explosions. The receiving house of the stills was also set on fire. The fire-fighting force of the plant did excellent work. They had twenty-five streams of 100 pound water pressure playing on the flames.

"The loss is between \$30,000 and \$40,000. The explosion affects six stills and there are fifteen in this particular battery. The other nine will be in operation tonight.

"No one was seriously injured and there was not the slightest danger of the fire spreading."

PAVEMENT OF MARSH ROADS RECOMMENDED

A 12 1/2 Foot Asphalt Strip on Either Side of Car Tracks.

Council Ruling on Employment of Non-Taxpaying Veterans—New Ferry Floats Backing Passed—East and West Side Water Connection.

A resolution providing for the calling of tenders for the pavement of the Marsh road between Cooper corner and the city line near the One-Mile House was recommended to the council by the city commissioners in committee this morning. All were present except Mr. Thornton, who is in Halifax.

Commissioner Frink presented his report on the Marsh road pavement. He said he proposed the laying of asphalt concrete surface on the present McAdam foundation for twelve feet six inches on either side of the street car tracks. The cost of the work was estimated at \$31,000 by repairs to the foundation and the addition of catch-basins would increase the cost. The work is to be completed by November 20, and the mayor suggested that the tenders be asked to figure on the whole job or on one side of the street, to be done this year.

Mr. Jones, Commissioner Frink said that the Haymarket square would require a more durable pavement than the Marsh road on account of the heavy traffic and would have to be paved separately. The cost of the work was estimated at \$20,000. Granite block was planned for one side, but it was difficult to obtain in sufficient quantities at present in the construction of some of our public schools while this condition existed here.

Replying to the mayor, Commissioner Frink said that there were no main in the Marsh road that needed attention, and the city engineer said that the sidewalk at the Marsh road required the least work it was paved. The engineer also reported that a new main in the Marsh road was contemplated, but it could be laid outside the paved area.

To the mayor, Dr. Frink said that the Marsh road work would not be permanent, the cost of paving the track sections with asphalt would be borne by the city. The resolution calling for the carrying out of the work was carried.

Commissioner Frink remarked that one street which should have attention immediately was Waterloo street from Prince Edward to Hospital street, as it was in a rough condition. The engineer also reported that a new main in the Marsh road was contemplated, but it could be laid outside the paved area.

Commissioner Frink read a menu regarding men who were working on Brunswick street, and who had been laid off. He asked the council for a ruling in the case of two returned soldiers who were residents of the city but who had not received tax bills. His motion that returned soldiers who were not taxpayers and who were residing in the city should be exempt from the city tax, was carried.

Dr. Frink read a letter from the New Brunswick minister of public works, calling attention to the condition of the Manawagonish road where the new concrete main being laid. The letter also referred to some of the gravel surfacing being left in the ditches. The matter was referred to Commissioner Frink, who said that the contractors, The Canada Lock Joint Pipe Co., were expected to put the whole road in good condition. As soon as their work was completed.

On motion of Commissioner Bullock it was decided to call for tenders for the supplying of Richard Wilcox doors hangers for No. 4 shed, West Side.

New Ferry Backing.

The city engineer presents a sketch plan of a backing for the wings at the east side ferry floats, at a cost of \$25,000 in addition to the appropriation costs. The new plan provided support without a wharf surface.

Mr. Bullock said the original plan which included the granite backing, entailed an estimated cost of \$30,000.

Mr. Jones said he thought that a still smaller expense would provide sufficient backing to suit the purpose. He said there was also the matter of the harbor bridge and could bring in something definite on the matter later.

Mr. Bullock moved that the work be undertaken, it, with the cost of piling already in place, amounting to \$8,500 to be subject for a bond issue of \$33,000. Carried.

Commissioner Jones recommended that a new boiler be installed in Leinster street in the water building in Leinster street and that tenders be called for the work.

Mr. Jones said he had ready reports from the Silver Falls pumping station and the joining up of the east and west side water services but on account of the absence of Commissioner Thornton the matter was allowed to stand over.

In the latter question, Mr. Jones said that the connection was not recommended by the city engineer and he was not prepared to do so either. The mayor said that the engineer had modified his opinion since the report was made and he suggested that the commissioners obtain another report from him. Mr. Jones said his opinion was backed up by Mr. McGinnis, a prominent engineer, who had made a survey here. The matter was laid over until Thursday.

Pistol Battle in Herald Square.

Pair Caught in Hat Store at an Early Hour on Sunday Morning.

New York, Sept. 12.—A thrilling pistol battle in Herald Square early on Sunday between police, detectives and two burglars trapped in a Broadway hat store, enlivened the thoroughfare once famous for its night life. Both robbers were captured after several shots had been exchanged and the stubborn fight they had waged with sectional jimmies had been knocked out of them. The firing attracted large crowds from Times Square and adjacent hotels, and when they lowered themselves through a skylight at two o'clock on Sunday morning with a bag of burglar's tools, a watchful sleuth signalled his comrades. The block was surrounded, all avenues of possible escape were closed, then the police smashed the plate glass windows in Broadway and dashed in. The burglars gave instant fight, which developed into a rough and tumble affray. Reinforcements soon ended the struggle and the captives were driven away.

The police said the robbers, both of whom have prison records, planned to take advantage of the Sunday closing and bore through the walls of several adjoining stores, where safes contained about \$100,000.

BRITISH CATTLE TRADE REPORT.

London, Sept. 12.—(Canadian Press)—On account of the hot weather the import cattle trade has sustained a sharp setback, according to the report to Deane's from Birmenstah, and the quotations on Canadian cattle are as follows: Native Canadians, 12 1/2 to 13 1/2 pence per pound. Ranchers, 11 1/2 to 12 1/2 pence. Steers and heifers, 10 pence.

Canadian cattle on the market here are in strong competition with the Irish cattle which are coming over in fairly strong numbers.

ROOT DEFINITELY DECLINES HONOR

Will Not Stand for Selection as Judge of International Court of Justice.

Geneva, Sept. 12.—E. Root, has definitely declined to be considered for election as judge of the international court of justice. He said it was too great a responsibility for one to assume at the age of 76.

SENATOR POWER
IS DEAD AT 80

Halifax Man Had Been a Member of Upper House Since He was 36 Years Old.

Halifax, N. S., Sept. 12.—Hon. Lawrence G. Power, member of the senate of Canada from 1877 and a former speaker, died at his home here this morning at the age of 80 years.

Born on August 18, 1841, Senator Power was only thirty-six years of age when he was summoned to the Upper House. At the time he was practising his profession as a barrister and was an alderman of the city of Halifax. Previously he had been clerk of bills in the Nova Scotia house of assembly. His education had been obtained at St. Mary's College, Halifax, Carlow College and Catholic University, Ireland, and the Harvard law school of 1866. He was president of the Nova Scotia Game and Inland Fisheries Protection Association and a director of the Halifax School for the Deaf, the Halifax School for the Blind and the Halifax visiting dispensary.

Just previous to the election of 1896 he published a pamphlet entitled "Remedial Bill from the Standpoint of a Catholic Member." This was translated into French and was widely circulated throughout the country. He was also the author of papers on Richard John Uniacke, "The Whereabouts of America," all of which were read before the Nova Scotia Historical Society. He served in the militia during the Fenian Raid troubles of 1866 and was one of the sensational delegates to the coronation of King George. He married Susan O'Leary, daughter of M. O'Leary of West Quoddy and had two daughters. All survive. One daughter is Mary, a Sister of Charity.

MOVING IN FROM
CITY SUBURBS

The last two weeks have seen a great exodus of summer colonists from their homes in the country. Each wayside station has had its quota of trunks and hand baggage lined up on the platform, and many families have moved in with the aid of a motor truck. The reopening of the schools has accounted for the movement inward to a large extent, and the end of daylight saving has not been without its effect. By half-past seven these evenings it is dark, and the heat of the suburbanite sinks within him when he thinks of the evenings and mornings when he played tennis or hoed his garden until 9.30.

However, if September is a fine month, it is very enjoyable. The leaves take on a verdant hue and the early morning air is conducive to quick action and heightened circulation. Unfortunately many of the residents in the vicinity of Westfield were forced to leave prematurely, but next season will see many of these re-established in yet more beautiful homes.

QUEBEC A. O. H. ON
IRISH QUESTION

Montreal, Sept. 12.—At the fourteenth biennial convention of the Quebec provincial boards of the Ancient Order of Hibernians, held here Sunday, the following resolution was adopted: "Resolved, that this convention of the A. O. H. of the Province of Quebec be held in the city of Montreal, and that we protest against its being recorded that the Irish people of the white race are unfit for liberty; and

Whereas by a vote of seven-eighths of the population of Ireland have declared for a republic, we fully believe that to deny that right to her people would be to make false the promises for which the great war was fought."

It was further resolved that, with unhesitating belief in the justice of the Irish cause, the convention convey to President De Valera and to the Daily Freeman the assurance of its continued support until the national goal is reached.

Steady Demand for Reservations for Opening of Play Season at Box Office Today.

That the people of St. John are ready to see and hear a clever play with real living human beings, and substantial stage settings was evidenced at the Imperial Theatre this morning when the seat sale for "French Leave" opened. THE EXHIBITION
TOTAL 58,500

Approximate Figures Given Out Today—Comments on the Fair.

The total attendance at the St. John exhibition, which closed on Saturday, was about 58,500, according to the figures compiled by the management this morning. Of this number 41,000 tickets were sold at the gates; 1,000 strip tickets were sold in advance, providing for admission for every day of the show; 1,000 complimentary tickets were given out and 800 exhibitors tickets sold.

Secretary H. A. Porter and staff were at the grounds this morning completing business in connection with the fair. To a Times reporter Mr. Porter said that the attendance from a local standpoint was up to expectations, but that from outside points was disappointing. He attributed this falling to an unsatisfactory train service.

While some \$5,000 extra was paid out in prizes for live stock exhibit prizes this year, the money was well spent, as it brought out a showing of cattle and other animals which had never been exhibited. So great was the entry list in all classes that extra accommodation had to be provided in every line.

After its week of splendor, the main building this morning presented a scene of comparative desolation, all the booths being either removed or in the process of dismantling.

Three people were injured while alighting from the Moncton train at St. John this morning. It is contended that the train started from the station while the passengers were stepping off. One lady passenger fell heavily on the platform and nearly rolled under the wheels. She received some cuts in the face and was considerably bruised.

Those concerned in the accident were Mrs. D. J. Conroy, of this city, Sister Mites, of the Ursuline convent, Regina, and the Misses Teresa and Florence at home. The funeral will be held on Wednesday morning at 8.45 from his late residence to the Cathedral.

P. E. I. HOMES MUST
NOT BE SEARCHED
WITHOUT WARRANT

Moncton, Sept. 12.—A court decision has decided that a man's residence does not come within the scope of "other places" listed in the Prohibition Act as a legal subject for search without warrant. In a decision which is anticipated will have an important bearing on the enforcement of the act in this province, the judge held that the prohibition inspectors committed an illegal act when they searched a farmer's residence recently without a warrant. The case was heard in the court at Moncton, where the judge held that the search of a residence, shop, warehouse, or other place may be searched without warrant if an officer believes liquor is illegally sold therein.

LOW PRICES FOR MEAT

Fredrick Mall—A reader of the Moncton Transcript wants to know why people have to pay thirty-five cents a pound in Moncton for beefsteak, while in the neighboring village of Port Elgin for as low as fifteen cents. Similar questions are being asked in many other places. For instance in the Fredericton market last week spring lamb sold at ten to fifteen cents a pound, but the housewife who sends to the butcher shop for a pound of lamb chops is asked thirty of thirty-five cents for the same.

IN WALL STREET

New York, Sept. 12.—(10.30).—Quotations were mainly higher at the opening of the stock market today, but heaviness soon developed among oils, equipments, steels and other strong features of last week's trading. Mexican Petroleum's first sale showed a decline of 1.34 points, and this immediately was doubled. General Asphalt, Crucible and United States Steels, Baldwin, Studebaker, Kelly Springfield, Harvest, American International, Cane Cane Sugar, Corn Products and Sumatra Tobacco reacted one to two points. Reading at a two-point advance, was the only important issue to show pronounced strength. Further unsettlement in foreign exchange was indicated by a new low record for marks.

NOON REPORT

New York, Sept. 12.—(Noon)—Reactions among oils, steels, equipments and motors were extended in the active first hour. Mexican Petroleum lost 4 1/2 points. Crucible 2 1/2 and Baldwin and Studebaker 2 3/4. Westinghouse, Pullman, American Locomotive, Chandler, United States Rubber and Pierce Arrow, preferred, declined one to two points. Sumatra Tobacco continued to weaken and Textile and Chemicals embraced the other heavy specialties. The reversal was ignored by rails and metals. Call money opened at 5 1/2 per cent.

"FATTY" ARBUCKLE
HELPS FOR DEATH
OF AN ACTRESS

Rosecoe (Fatty) Arbuckle, motion picture actor, was arrested in San Francisco, Cal., in connection with the death of Miss Virginia Rappe, film actress, following a party in Arbuckle's suite, last Monday. Chief of Detectives Duncan Matheson said that there was evidence that the girl had been attacked, and that a formal complaint would be laid against Arbuckle on Monday. Under the California penal law no bail is allowable to a person charged with murder, and Arbuckle was locked up in the city prison.

Miss Rappe was removed from Arbuckle's rooms in a critical condition after the party, at which five men and four women were present. Autopsy surgeons said that death was due to peritonitis, superinduced by an internal injury. Miss Rappe, who was twenty-five years of age, was born in Chicago, and began acting in motion pictures at Los Angeles in 1917.

Sketch of Arbuckle
Rosecoe (Fatty) Arbuckle was born in Kansas in 1887. His first connection with the theatre was as a singer of illustrated songs in a vaudeville house. It was his job to furnish the melody that illustrated sentimental and highly colored stories as they were thrown upon the screen. "The Fatal Rose of Red," "The Curse of an Aching Heart" and "The Sands of the Desert Grow Cold" were some of the classics he rendered for the munificent sum of seven dollars a week.

Arbuckle rolled up such a reputation as an illustrated songster that he soon had boosted his honorarium to fifty dollars. But being an ambitious young fellow, he couldn't rest content with that in his job and he sacrificed half that stipend to accept an opportunity to become a rough-house comedian for a burlesque show. That was "Fatty's" introduction to slapstick, and he specialized in rapid-fire comedy.

In 1913, he joined the Keystone screen comedy force, starting as an "extra" at \$3 per day. Then he was advanced to regular parts and leads, directing and acting in Keystone products for three years. Subsequently "Fatty" branched out as an independent producer, making Paramount-Arbuckle comedies. Rosecoe's role as a peculiar character in George Melford's production, "The Round Up" was his first straight comedy-dramatic part. By arrangement with Joseph M. Schenck, "Fatty" was to star in a series of full-length Paramount comedy dramas. The first of these was "The Life of the Party."

In the closing days of last week many thousands of St. John people saw the famous comedian in his latest picture, at a local theatre. By a peculiar coincidence the title of the film comedy was "The Life of the Party," but those who watched the antics of the leading character little thought that the same name was figuring in a vastly different series of incidents; that comedy had given way to tragedy, and that Arbuckle was facing arrest on such a serious charge arising from incidents at another party in which he had played the leading role. The real life drama did not follow the tradition of the screen; it has had no happy ending.

GOOD GUESSERS

Fifteen Guess Exact Weight of Flavors and Provisions Cake at Exhibition and Divide \$25.

Promptly at 10 o'clock Saturday evening, before the close of the exhibition, the big cake which attracted so much attention in the booth of Flavors & Provisions, Ltd., advertising Veterans' Creamy Flavors, was weighed by Dr. Wm. Warwick on the Baby Scale in the Child Welfare Concourse. Out of 2,000 purchasers of tube flavors at the exhibition, no less than fifteen guessed the correct weight of the cake, which was 9 pounds, four ounces exactly. The \$25 prize is therefore to be divided among these successful ones. One guess of nine pounds, three and one-half ounces takes the second prize, this being the cake itself.

Winners dividing the \$25 prize are: C. A. Hennigan, 26 Orange St., city; G. F. McLean, 74 Queen St., city; Mrs. Jennie Cole, Cambridge, (Mass.); H. T. Reid, 42 Durham St., city; C. Williams, Moncton, N. B.; Mrs. Walter H. Golding, 35 Sydney St., city; Mrs. T. J. F. MacDonald, Sunny Brae, N. B.; A. B. Andrews, 45 Victoria St., city; E. D. Howard, 20 Metcalf St., city; C. A. Brown, 86 Lancaster Ave., West St. John; S. M. Wetmore, 33 Tower St., West St. John; Geo. F. Smith, Sunny Brae, N. B.; A. McDonald, Halifax, N. S.; M. B. Stackhouse, 39 St. Paul St., city; T. Stephens, 16 Guilford St., West St. John; Mr. C. V. Lynch, 141 Paradise Row, took the cake home as the sole winner of second prize and reports that he never tasted anything quite so good. Flavors and Provisions, Ltd., it is understood, will repeat their successful demonstrations and contests at the St. Stephen, Woodstock, Fredericton, Chatham and Charlottetown fairs.

C. N. R. CHANGES ARE REPORTED

Transcontinental Trains to Run Through Fredericton to St. John—May Mean a New Bridge.

It is reported in Fredericton that city may be the headquarters of the new division to be created by the Canadian National Railways. It has been announced that the through transcontinental trains running east from Quebec will not go to Moncton as at present but beginning October 2 will run via Fredericton into St. John. This announcement is expected in some quarters to lead to the erection of a \$1,500,000 bridge over the St. John river at Fredericton as the present bridge is too light for heavy locomotives. It is also said that the portion of the Transcontinental line between McDevine Junction and Moncton will be served hereafter by mixed trains.

REINDEER FOR OUR NORTHLAND
Herd of 700 Reported Bought in Finland for the Canadian Government.

Christiania, Aug. 2—(Associated Press by Mail)—A representative of the Hudson Bay Company recently paid a visit to Finland on behalf of the Canadian government and brought a herd of 700 reindeer which are to be shipped to Baffin Island.

Some Laplanders were also engaged to take care of the animals, which will be despatched in September.

A plan for converting the Arctic and South-Arctic regions of Canada into a great wool, milk and meat producing area was presented to the Canadian government by Vilhjalmur Stefansson, Norwegian explorer of the Canadian Arctic, more than two years ago.

His project involved the introduction into the Canadian north of large herds of reindeer and also the domestication and development of great herds of musk ox. He estimated that there were from 1,000,000 to 2,000,000 square miles of land available for grazing in a climate too severe for cattle but where reindeer and musk ox exist all the year round.

In proof of his argument, he cited the introduction, by the American government, of reindeer herds into Alaska, which would help to solve the food shortage then existing.

The Canadian government appointed a committee to investigate his project. It was reported that there is an abundant growth of vegetation in the Arctic regions of Canada in the summer and that the musk ox and reindeer could graze on it throughout the entire year.

passed off pleasantly, the negro was a good dancer and singer, assisting in the festivities prominently. Later on, it is alleged, liquor flowed freely, and in- flamed with drink the participants in the dance became more or less noisy and things generally took on a more boisterous turn.

Early Morning Fight.

While these conditions prevailed and some time after midnight, it is said, Brown took resentment at being called "coon" by Cahill, the victim of the tragedy, and told him repeatedly to desist as it was not a proper term to apply to him. Evidently a bad feeling developed between them and, according to the reports, at about 2 o'clock in the morning Cahill, who was outside in the yard, sent in word that he could thrash Brown, or some such challenge.

The negro is said to have gone out and the two to have engaged in a rough and tumble fight, during the latter part of which a knife was used and Cahill was fatally stabbed in the neck and back.

Brown is a Jamaica negro and has lived much of his life in Barbadoes. He was arrested on board the schooner and lodged in jail at Hopewell Cape after a short preliminary examination. He joined the schooner Hiram B. McLean at St. John in the capacity of cook. He is about twenty-five years of age.

Manslaughter Verdict.

A coroner's jury returned a verdict of manslaughter. At the preliminary examination held before Justice Parkin at Alma, the accused was committed for trial at the circuit court now in session here.

The victim of the tragedy was buried this afternoon at Alma.

The schooner on which Brown was a cook hails from Parshoro (N. S.)

EGYPT AN IRRIGATED VALLEY 780 MILES LONG

Africa is especially dependent upon irrigation, and it has been pointed out that modern engineers have not devised any essentially new method of supplying thirsty lands with water. Reference may be made to the statement of Hero-

dotus that Egypt is the gift of the Nile, and mention may be made of the latest conclusion as to the source of the Nile floods. The observations of Lyons have finally demonstrated that the rains falling in the immense basin of the White Nile are of no importance to Egypt. From June to August the Nile rises,

and afterward sinks until once more the floods come down the Blue Nile from Abyssinia. Egypt is simply an irrigated valley 780 miles long, and apart from the Delta, which is 100 miles long, this valley is nowhere more than fifteen miles wide, and in some spots is less than a mile.—Washington Star.

DRAGGED OVER ROAD BY AUTO

Jersey Farmer Who Abused His Wife Punished in Ku Klux Klan Fashion by Five Masked Men.

Freehold, N. J., Sept. 12—Masked men tortured Wesley Smith, Ku Klux fashion, in Pennant last Monday night, according to the story the victim told here when he caused the arrest of six persons, including his wife. The accused have refused to discuss the charge. Several months ago Smith, a farmer, was arrested and fined for abusing his wife, Margaret. Since then they have been separated. The police say he has been annoying her by prowling about her home and spying on her. Five men, with their faces shrouded in handkerchiefs, seized Smith at a lonely spot, trussed his hands and feet, roped him to the rear of a touring car and hauled him along the road until his head and face were cut and bruised. Then they loosed him, poured tar over him and set him adrift. The feathers which usually feature such attacks were omitted. The "avengers" worked without uttering a word. Smith appeared before Justice of the Peace L. J. Arrowsmith almost unable to speak. His face was in bad condition, and it is feared he will lose the sight of one eye, which is closed. Information he gave to the justice led county detectives to arrest Mrs. Smith, Charles Schneider, Randolph Hulsart, Kenneth Salter, William Baird and Arthur Thompson. Justice Arrowsmith held the six in \$500 bail each for the grand jury. Salter is Mrs. Smith's son by a previous marriage, Thompson is her son-in-law, and all the men are farmers with families living near the Smith place.

MILK BATH SAVES CALF IN BEEHIVE

Middletown, N. Y., Sept. 12—Nearly stung to death by bees, the life of a blooded calf 5 months old, belonging to Melvin Parks, a farmer at Cooks Falls, buttermilk bath. The animal had been tied by a rope to a crowbar set in the meadow a short distance from the hive of bees. The bar pulled out of the ground and the rope became wound about the hive, whereupon hundreds of bees attached the calf.

Building Up Canada. Never in the history of life insurance in Canada has a policyholder lost a dollar through the failure of any life insurance company. The premiums received by a life insurance company form a trust fund and are very carefully guarded. These trust funds, amounting to seven hundred million dollars, are invested by the insurance companies in Government securities, agriculture, transportation, industrial and other enterprises, which go to develop Canada and make it a better place in which to live. The development of life insurance is presenting an enlarged opportunity of performing this two-fold duty for Canadians, protecting the home and building up the nation. STORM LOSSES IN SASK. MILLIONS

(Canadian Press Despatch.) Regina, Sask., Sept. 11—Drenching rains which have suspended harvesting and threshing operations in practically every district in Saskatchewan and wintry weather and snow the earliest in several years, are the conditions reported to exist throughout the province during Friday and Saturday, causing immense damage to standing and cut crops and millions of dollars in loss to the farmers. As a result of the storm and the consequent delay in threshing and harvesting operations, railway sidings are filled with empty graineries which were expected to be filled over the week ended.

MORNING NEWS OVER THE WIRES

Word has been received in Bridgetown, N. S., of the death in an automobile accident of Roy Marshall. The accident occurred near Boston. Four years ago his brother was killed while jumping from a moving train on the D. A. R. at Bridgetown.

As a result of a flood early Saturday morning in the district surrounding San Antonio, Texas, the dead and missing are estimated at approximately 250. The property loss is estimated at about \$5,000,000. The business section of the province was flooded for many blocks to a depth of from ten to fifteen feet. Two hundred thousand feet of lumber were destroyed by fire at Queenstown near Gagetown, N. B., on Saturday morning. The lumber was owned by Fred Cameron of Pleasantville and the Alexander Watson Co., Ltd., of St. John, both of whom were well insured against loss.

The store of the Sussex Mercantile Company at Sussex was entered on Friday night and goods to the value of thousands were carried off. Entrance was obtained by sawing iron bars covering a cellar window. Ladies coats, men's suits, boots and shoes and furs were the principal things taken. The cash was not touched. This is the second store in Sussex to be entered within a fortnight.

About seven hundred disabled war veterans were entertained at a clam bake at Unity Camp, Rhode Island, yesterday. The guests of honor were Earl and Lady Ashburham of Fredericton. The latter was in charge of the Canadian Red Cross during the war. She addressed the men briefly. A great ovation was given the guests by the men.

STEAL TO BUY CANDY.
200-Pound Boy, 15 Years Old, Says He Eats \$2 Worth a Day.

Justice Robert J. Wilkin in the children's court, Brooklyn, last week sent Joseph R. White, Jr., fifteen years old, of 186 Bergen street, to the Berkshire Industrial Farms at Canaan, N. Y., on the complaint of his father. The boy has a craving for candy and he has resorted to stealing to obtain this luxury.

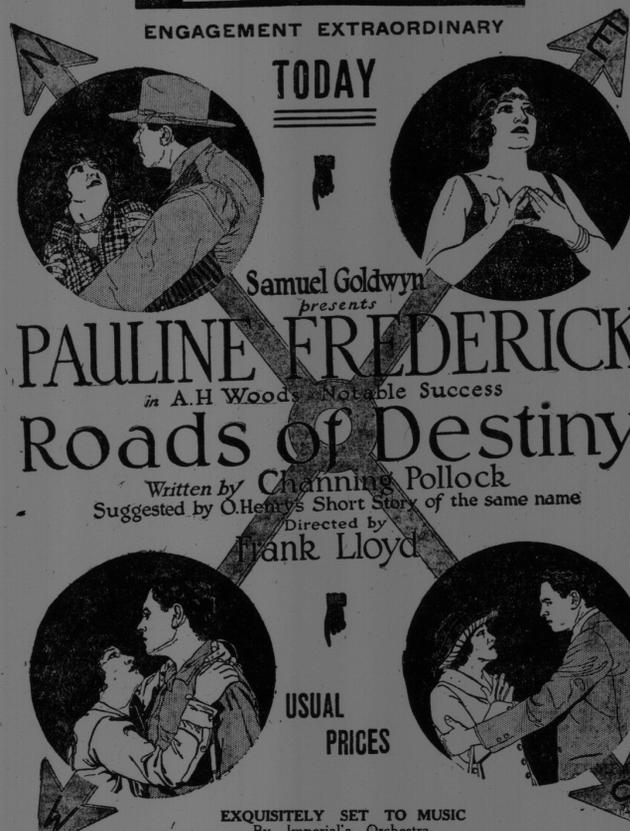

Probation Officer Boyd told the court that the boy said he ate \$2 worth of candy a day and that he had to steal to obtain funds to supply him with those sweets. The boy weighs 200 pounds.

JITNEY AND STREET CAR.
To the Editor of The Times:
Sir—The mayor says as soon as the snow comes the jitney will be out of business. I think his memory must be falling him. If he will look back no farther than the year 1919 he will remember that the car on the Glen Falls was tied up for two months by ice and a Ford Jitney was placed on route by the Power Co. and maintained a good schedule. I think the public will agree with me when I say he cars were always tied up in snow storms. I as a motorman say that three inches of snow will tie up the street cars. What will it be with one-man operation, where the cars have to be continually backing up and the conductor when he is not looking after the trolley's sweeping the rails to enable to car to proceed?
We are in a position to know that with the present jitney we can maintain a schedule when the one-man car

is stuck in the snow. We do not ask the common council to enact laws to put the Power Co. out of business. All we ask is the right as citizens to the use of the streets, and that too much of the streets will not be reserved for the exclusive use of the N. B. Power Co. Is it fair that the citizens who patronize the jitney have to alight beyond the crossing simply because the common council has reserved that portion of the streets fifty feet in every direction from a white pole for the street railway? Who was this law enacted for, the public or the power company?
Thanking you, Mr. Editor, I remain,
JOHN WILLIAMSON.

OLD LADY BEATS TRAIN OVER LEVEL CROSSING
Chatham, Sept. 12—Passengers on the C. P. R. east bound train No. 20 received a slight shock when the brakes were suddenly applied as the train was approaching the station. The cause was an old lady who attempted to beat the train across the Wellington street level crossing. The track curves slightly at this point, and when the driver of engine 2222 saw the old lady he applied the brakes. When the train passed the old lady was seen to arise off her hands and knees, and after brushing her clothes with her hands, resumed her somewhat interrupted journey.

G. A. BLAIR WINS ON ALL POINTS

Judgment in Case Against Grand Orange Lodge of the Province.

In the Chancery Division this morning Chief Justice Sir Douglas Hazen delivered judgment in the case of George A. Blair vs. The Grand Orange Lodge of the Province of New Brunswick. Mr. Blair was the plaintiff, with costs. The case arose out of the defendant voting certain monies to a local orphanage in 1919. The plaintiff charged the defendant with the charges preferred with mis-application of trust funds. Later he commenced an action in the Chancery Division to restrain the defendant from voting further monies for this purpose. The law suit was dismissed. In his judgment the Chief Justice found that the charges preferred against the officers of the defendant in the order were never, in fact, investigated. At the annual session of 1920, held in Woodstock, the defendant censured the plaintiff for his action in the matter and in Moncton this year suspended him for three years for the same thing. The plaintiff held that he had never been tried and this the chief justice found. The defendant contended that a trial was not necessary as the judge had found that the charges preferred by Blair were of a frivolous nature. The court decided against them on this point. The defendant further contended that Blair should have appealed to the next higher tribunal in the order before coming to the court for redress. The chief justice held that by the action of the defendant in not giving Blair a trial, he was precluded from appealing. The defendant also contended that Blair had no right to come into the Chancery Court for relief as he had no proprietary interest in the order. The chief justice decided that he had.

K. C. as counsel appeared for the plaintiff and S. W. Palmer and S. B. Bustin for the defendant. All of the counsel, with the exception of Dr. Taylor, are prominent members of the defendant corporation. In the case of Johnson et al vs. Pritchard an action for specific performance in connection with a certain agreement for sale of property the court gave judgment for the defendant. In this case W. E. A. Lawton was agent for the vendor of the property in question and effected a sale under a certain agreement, but the sale was repudiated by the defendant, Mrs. Pritchard, for whom Mr. Lawton was acting. Suit was brought to enforce the performance of the contract. The court held that a certain time should have been definitely named in the agreement for sale in order to enforce it and that no time had been so mentioned. The order for specific performance was not granted. B. L. Gerow appeared for the defendant and S. A. M. Sinner for the plaintiff.

MINISTERS RESUME WEEKLY MEETINGS
The Methodist ministers of the city resumed their weekly meetings this morning after the summer vacation. Rev. Neil MacLellan was chairman of the meeting, which was held in Centenary church parlors. The chairman welcomed the new members recently appointed to city charges. These were Rev. G. E. Fulton, Rev. H. E. Thomas, Rev. F. Y. King, Rev. L. J. Wason, Rev. J. M. Rice and Rev. William Lawson. Those welcomed responded briefly. Owing to the absence of several members the election of officers was postponed.

The secretary, Rev. E. E. Styles, submitted a schedule of proposed pulpit exchanges for the coming year and it was adopted. The secretary was instructed to arrange for prayer meetings in connection with the Old Ladies' Home and the Home for Invalids. Arrangements were also made for a supply for the Brookville circuit for the coming year. The matter of a supply for Little River was discussed at some length and a recommendation was sent to the chairman of the district asking that Rev. William Lawson be allowed to carry on the work at that place on certain conditions laid down in the preamble to the resolution. The coming referendum was also discussed.

The next meeting will be held in the Y. M. C. A. Those present this morning were the Rev. Messrs. Neil MacLellan, E. E. Styles, H. B. Clarke, E. E. Thomas, J. F. King, J. L. Wason, William Lawson, R. G. Fulton and Mr. Chisholm.

C. college and who was recently superintendent of the D. S. C. TRAFFIC CASES.
Arthur Sullivan, reported on Saturday night by Policeman Dykeman for not dimming the lights of his automobile at the head of King street and also for not having a chauffeur's license, appeared in the police court this morning. He said that he had applied for a license three weeks ago and that W. H. McQuade, inspector, had given him permission to operate the automobile. Policeman Dykeman said that he warned the accused to dim his lights at King street, but that Sullivan, the next time he passed that place, failed to do this. The matter was set over until next Monday.
