Our Guaranteed Rubber Goods

The "Rubber" section of the Retail Merchants' Association at a meeting held here last night, opened the action of rubber manufacturers in urging for higher protection. It is claimed a remission for the alleged stagnation in the rubber industry was to be found in more protection, but in the manufacture of a better class of goods.

Guilty of Manslaughter.
Amhurst, N. S., Nov. 22.—J. A. McFarley was this morning found guilty of manslaughter in connection with the death of Chas. McAnlay at Pugwash on October 31st. Sentence was reserved for a week.

Impure Vaccine.
St. John, N. B., Nov. 22.—The coroner's jury returned a verdict that Lily Currier, 9 years old, died of lockjaw due to impure vaccine which was used by the druggist who vaccinated her.

Found Dead.
Patrick Sinnott, 65 years old, left his home in Hampton on Tuesday, and yesterday his lifeless body was found in the woods.

Remission of Cod Liver Oil for those suffering from severe cough and those who are used with the greatest benefit. Manufactured by the Davis & Lawrence Co., Ltd.

PRINTING PRESS FOR SALE.—The Colport press, on which the Daily Times was printed for several years. The bed is 42 inches, and it every respect the best in first-class condition. The price for small daily or weekly offices is \$1,200; will be sold for \$800 cash. Apply to Manager, Times Office.

MAN SMOTHERED IN GRAIN ELEVATOR

TRAINING SHIP TO BE PLACED AT HALIFAX

Member of Nova Scotia Legislature Dead—Lockjaw and Death Follow Vaccination—Cattle From Ontario.

Halifax, Nov. 21.—Admiral Sir Frederick Bedford some time ago recommended to the admiralty to place a training ship at Halifax. The recommendation, it is announced, has been acted upon and such a ship will be named to go on the North American station next spring.

Sudden Death.
Albion Saul Mosher, a member of the city council for 18 years, dropped dead to-night. He was 61 years old, and a wealthy retired business man.

Death of M. P. P.
Yarmouth, N. S., Nov. 21.—W. Law, member of the legislature for Yarmouth county, died at noon to-day.

Died From Lockjaw.
St. John, N. B., Nov. 21.—The 6-year-old daughter of Oscar Canston, a letter-carrier, died last night from lockjaw following vaccination.

TOO MANY PASSENGERS.

Fines of Over \$24,000 Imposed on Owners of Three Nome Steamers.

Seattle, Nov. 23.—The United States treasury department has imposed fines of \$24,000 upon the owners of the Nome steamers, the Boanoke, Portland and Valeria, for violations of the customs regulations, in carrying passengers from the north in excess of the license limit.

THE GAUSS AT CAPE TOWN.

Steamer Baring German Antarctic Expedition is Safe.

Cape Town, Nov. 23.—The steamer Gauss, bearing the German Antarctic expedition, headed by Prof. Ehrlich von Drygalski, of Berlin, which sailed from Kiel on August 11th, and concerning the safety of which considerable anxiety has been felt, has arrived here.

ARMENIANS IN CONVENT.

Constitutionalist, Nov. 23.—A band of Armenian revolutionists, commanded by an individual named Andranik, has seized an Armenian convent in the neighborhood of Mnah and are now entrenched there. The convent is surrounded by troops.

EXPERIMENTS BROUGHT TO A SUDDEN CLOSE

Cow Inoculated by Dr. Barney, Who Combats Dr. Koch's Theory, Has Been Seized.

New York, Nov. 22.—Tuberculosis experiments by Dr. George D. Barney, of Brooklyn, which aroused considerable indignation when he announced recently that he had inoculated a young woman with the disease, were brought to a sudden close by Dr. Robert A. Black, head of the board of health in that borough, who seized the cow on which he had founded his work.

Dr. Barney combats the theory of Dr. Koch, the eminent German medical authority, that consumption could not be communicated from a lower animal to a human being, and with that end in view he inoculated the cow with the disease and kept it in his stable to watch the progress of the disease. The cow has become very sick, and he was preparing soon to hold an autopsy on her when the action of Dr. Black pounced upon the creature and carried her away to the public pound, where, it is said, she will be destroyed.

DISHONEST BOOKKEEPER.

Bank of Liverpool Will Probably Lose Over Eight Hundred Thousand Dollars.

Liverpool, Nov. 22.—Great excitement was caused here to-day by the announcement that the Bank of Liverpool had been victimized by a trusted bookkeeper to the extent of hundreds of thousands of dollars. What the losses amount to is not yet known, but an official statement issued by the bank says that through the dishonesty and betting transactions of a bookkeeper they may lose \$170,000 (\$850,000).

Bank of Liverpool shares fell 11 on the stock exchange to-day. The defaulter has not yet been arrested.

PAUPERISM IN LONDON.

New York, Nov. 22.—According to the London correspondent of the Times, the industrial problems of the British metropolis are complicated by the increase of pauperism, the numbers of paupers in London, according to the report just issued, being 115 more than recorded in any report issued in the last eight years. The increase last year was nearly 4,500. The paupers thus enumerated are only those who have been relieved in the workhouse or by other means.

BATON CHARGES BY POLICE.

Extra Constabulary Sent to Galway Where Serious Rioting Has Taken Place.

Dublin, Nov. 23.—Serious rioting followed the illuminations last night at Galway in honor of the election of Col. Arthur Lynch to parliament. The Nationalists paraded the town, wrecking the doors and windows of the houses of Unionists and Nationalists suspected of voting for the defeated candidate. Horace Plunkett, the defeated candidate, the police had difficulty in clearing the streets. Vigorous baton charges were met by showers of paving stones, numbers being injured. A large force of extra constabulary has been drafted to Galway.

Lynch Interviewed.
Paris, Nov. 23.—The election of Col. Arthur Lynch to represent Galway in the British House of Commons is attracting considerable attention here, where the Colonel is residing. The newspapers publish his portrait as a Boer Colonel.

Col. Lynch informed the correspondent of the Associated Press to-day that he did not expect to be molested when he should go to England at the opening of parliament. He thinks his election is significant, as showing that the Irish party is united, and he has reasons to believe Ireland is on the eve of obtaining a satisfactory Home Rule measure.

Regarding South Africa, Col. Lynch said he had received information which convinced him that the war would end within three months by a settlement securing to the Boers autonomy on the Australian model.

LOST CONFIDENCE IN GOVERNMENT

RESOLUTION PASSED AT VANCOUVER MEETING

H. B. Gilmour Made an Attack on A. E. McPhillips, and a Lively Scene Followed.

Vancouver, Nov. 23.—Four hundred people attended a meeting held in the city hall last evening when resolutions were passed similar to those at the Victoria meeting expressing a want of confidence in the government.

Messrs. Tatlow, Garden and Smith Curtis went over practically the same ground as at the last meeting, and roundly roasted the government and its want of backbone and policy. A feature of the evening, however, was the attacks which H. B. Gilmour made upon A. E. McPhillips, of Victoria, and the consequent trouble.

Mr. Gilmour referred sarcastically to the sincerity of such men as Mr. McPhillips, who had supported the government for so long, but had recently been converted when they saw it was losing cause. "What confidence have you in such men?" asked Mr. Gilmour, "for I can say that last winter we were discussing their names in opposition to become members of the opposition, and at the same time they attended government caucuses."

Mr. McPhillips interrupted with the statement that this was devoid of truth. "See how quick he takes the bait," retorted Mr. Gilmour.

"It is a lie, it is a lie," shouted Mr. McPhillips.

Mr. Gilmour attacked Mr. McPhillips' stand on redistribution, on the Coast-Kootenay railway and the eight-hour law, saying that he voted in favor of corporate interests.

"I wanted redistribution arranged on the voters' list," said Mr. Gilmour, "but the honored member here wanted to wait for the census taking this year, so that 5,000 Chinese in Victoria would be included, who were not voters, so there would still be a seat for him. He wanted to represent the Chinese of Victoria."

Mr. McPhillips again rushed forward, but it was impossible to hear anything, so great was the uproar. The Victoria member placed himself in front of Mr. Gilmour with his back to the audience. Mr. Gilmour declared he would stand only one or two more interruptions like that, and grasping Mr. McPhillips' arm, he pushed him away.

Chairman J. J. Banfield walked between and pushed the men apart. No other incidents occurred during the remainder of the speech.

Smith Curtis was the last speaker.

BRITAIN ACCEPTS OFFER OF TROOPS

CANADIAN CONTINGENT FOR SOUTH AFRICA

Acceptance is Reported From London But No Word Has Yet Reached Ottawa.

London, Nov. 23.—The war department has accepted Canada's offer of 600 mounted troops.

No Word at Ottawa.
Ottawa, Nov. 23.—At 3 o'clock to-day the Premier had not received any word of Britain accepting Canada's offer of troops. Lord Minto would get the cabinet and then advise Sir Wilfrid Laurier.

Died of Wounds.
Ottawa, Nov. 23.—There has evidently been some fighting at Krugersdorp, South Africa. The following cable was received at the military department to-day: "Johannesburg, Nov. 21.—I regret to inform you that Trooper Wm. Sweter, South African constabulary, died of wounds at Krugersdorp on the 20th of November. The next of kin, father, J. Sweter, 54 Cordigliet street, Norwich, England, (Signed) High Commissioner. Hon. Jos. Chamberlain cables as follows: "London, Nov. 22.—I regret to inform you that James Johnstone is dangerously ill at Kimberley, November 17th; father, W. Johnston, St. Mary's, P. O., Ont.; A. Zimlick, dangerously wounded near Krugersdorp, November 15th, R. Zimlick, New Westminster, B. C. (Signed) Chamberlain."

FEW ATTENDED.

Hearing of Charges Against the Jacksons Resumed To-Day.

London, Nov. 23.—Public interest in the hearing of the charges against Theodore Jackson and Laura Jackson (Ann Odella Dis Debar) at the Marylebone police court has been surprised by reticence, and there were only a few people in the court when the hearing was resumed to-day. Daisy Adams was recalled and sharply cross-examined by the female defendant with the view of showing that her alleged intimacy with Theodore was not her first experience in vice.

PROBABLY DEAD.

Eight Officials Who Entered Mine Fail To Return.

Poachontas, W. Va., Nov. 23.—It is now believed that the eight officials who entered the Baby mine yesterday to search for entombed miners are dead. Every man in the party was prominently known. Up to noon to-day no attempt had been made to enter the mine in search of the officials.

STEAMER WRECKED.

Kingston, Jam., Nov. 23.—The British steamer Ethelred, Capt. Nickerson, from New York for West Indian ports, which grounded on the north side of the island, while loading fruit for New York, has become a total wreck. She will be sold on Thursday. The crew have been paid off and have sailed for New York.

HUNGARIAN BUDGET.

Buda Pest, Nov. 23.—Dr. Lukacs, the minister of finance, to-day introduced in the under house the budget for 1902. The revenue is estimated at 1,038,370,018 crowns, and the expenditures at 1,065,749,088 crowns.

INTERESTING CASE.

Can a Man Suffering From Tuberculosis Be Excluded From the States?

New York, Nov. 23.—In deciding the case of Thos. Boden the courts will rule whether or not a man suffering from tuberculosis can be excluded from this country. This is the first case in which the constitutionality of the treasury ruling that consumptives shall be prevented from landing as immigrants will be passed upon by the courts.

Thos. Boden, who came here from Ireland on November 9th on the Luanica. His wife and child were with him. He has relatives who live in Philadelphia. They are able to guarantee that he would not become a public charge, and he had money of his own. The authorities at Ellis Island were satisfied on that score, but they declined to admit him because examination by physicians of the marine hospital corps showed he had tuberculosis of the lungs. He appealed to the treasury department, and a re-examination was ordered. The treasury department ordered that Mr. Boden be sent back on the next Cunard line steamer, the Etruria, which sails to-day.

Francis Tracy Tobin, a lawyer from Philadelphia, has obtained a writ of habeas corpus.

The act of congress under which it is proposed to exclude Mr. Boden is framed to prevent the admission of "persons suffering from a loathsome or a dangerous disease." Mr. Boden claims that the majority of physicians do not regard consumption as contagious.

OFFICIALS KNEW OF THE CONSPIRACY

POLICE HAVE BEEN BUSY SINCE SEPTEMBER

Papers Relating to the Scheme Are Known to Exist in Skagway—Messages From North.

Ottawa, Nov. 22.—In connection with the alleged conspiracy to capture the Yukon, it is learned at the interior department that on the 21st of September last Comptroller Fred White was advised by Supt. Primrose, Dawson, of a report from Seattle that there was some scheme being concocted to seize Canadian territory in the Yukon. On the 25th Mr. White again received a message from Supt. Primrose saying that he was unable to confirm the report, although it was serious. On the 27th of September Supt. Primrose again advised that his previous cipher message referred to the disputed territory, Dalton trail, and that he was writing.

On October 7th Mr. White received again from Supt. Primrose the promised letter, in which he stated that he had been unable to confirm previous reports, which reminded him very much of some of the threats which were made in the earlier years in the Yukon. It appears that a man named H. Grehl had told another man at Dawson that he knew of a conspiracy that was going on to take place against the government, that Grehl had been shadowed by the police, and it was discovered that he had told several stories about himself, that he had been in Dawson about a month, that his conversation was to the effect, that he belonged to a secret organization which intended to take possession of the Yukon territory, their plans being to run to White Horse, take the smaller detachments along the river, and then it would be an easy matter to capture the barracks at Dawson, that the organization had representatives at both Seattle and Skagway, that they expected to be assisted by men from Circle City and Eagle City, and that Grehl was known by a member of the Mounted Police as having been in the grocery business in Butte, Montana.

Nothing more was heard of the matter until November 4th, when Comptroller Fred White received the following telegram from Supt. Wood, Dawson: "Snider reports discovered whereabouts in Skagway of papers relating to conspiracy to seize territory. United States refuse to secure unless Snyder makes affidavit as to conspirators. This, of course, he can't. Am satisfied such conspiracy exists."

The police were also trying to locate a man named "Shorty," who had been mentioned as having knowledge of the conspiracy, but was thought to be somewhat crazy.

ANOTHER VICTIM.

Conductor Injured in Santa Fe Railway Wreck is Dead.

Los Angeles, Cal., Nov. 22.—Conductor R. H. Higgins, the eighth victim of the Santa Fe wreck in Arizona, is dead at the hospital. Those injured in the accident are progressing favorably, and no more fatalities among them are expected. Concerning the probable loss to the Santa Fe Company, the smash up, a railroad man in this city gave it as his opinion that it would amount to \$250,000.

THREATENING FIRES.

Huntington, W. Va., Nov. 22.—The packing house and office of Armour & Co. were totally destroyed by fire to-day. Over a score of box cars and the Chesapeake & Ohio railroad depot were badly damaged by the flames. The total loss is \$50,000. The Armour plant is located along the river front in the central part of the city, and for a time the entire business district was threatened.

SUPPORTED THE FAMILY.

French Seamstress Awarded Prize of One Thousand Francs.

New York, Nov. 22.—The French Academy, says a dispatch from Paris to the Times, has awarded the "Prize for Virtue" of 1,000 francs to Cecile Morand, a seamstress, who is a dwarf and lame, and who, from the age of 13 years, has supported a paralytic father, a sick mother and 10 brothers and sisters.

OLD MAN KILLED.

Utica, N. Y., Nov. 22.—An aged man ran out from the sidewalk in this city this afternoon to stop a runaway team of cab horses. He caught the reins, was thrown against the curb and his skull was crushed. He died an hour later in the city hospital. His identity is unknown.

MURDER IN FIRST DEGREE.

Detroit, Mich., Nov. 22.—A special to the Free Press from Ithaca, Mich., says: "Elmer Quimby, who was charged with the murder of Mrs. Quimby's children on the night of May 19th last, was found guilty of murder in the first degree by the jury last night. Mrs. Quimby's trial is now in progress."

The white deer shot by a party of Guelph hunters in Muskoka has arrived at Toronto. The Smithsonian Institute, Washington, has offered a thousand dollars for it.

ACTORS AND AUDIENCES.

London Paper On Evils Resulting From Visits to America.

London, Nov. 22.—The St. James's Gazette this afternoon repeats its assertion that English actors are "coarsened" in America and that "visits there are artistically detrimental to English actresses." The paper also says: "We feel there is no doubt about the matter. In the United States a less subtle and a more accentuated style of acting is necessary in order that a player may make his effects. The audiences like a less delicate and a noisier method. They are less quick to catch and appreciate the nuances of the actor's art. Violence of gesture and intonation do not offend them. They do not detect or resent what is crude or shoddy, as a West End audience would. They are easier taken in by clapping."

"We shall still feel some slight anxiety to see the condition in which Mr. Chas. Hawtree and Mrs. Patrick Campbell return from their tour in the United States. If Mr. Hawtree returns with a style approximating that of Wilson Barrett, and Mrs. Campbell becomes indistinguishable in her method from Olga Ethereole, to name two players who have had immense success in America, we shall not consider the result particularly gratifying."

THE ELECTION OF LYNCH.

His Success Was Anticipated, Says a London Correspondent.

New York, Nov. 22.—The London correspondent of the Tribune cables concerning the Galway elections as follows: "A victory for Col. Lynch was generally anticipated, but the plurality is greater than his supporters had expected. Not much sympathy is expressed for Mr. Plunkett, the defeated candidate, in this morning's papers. His attitude in Galway was not sufficiently anti-National to secure for him the full Unionist vote. The government may not have sufficient evidence to show that Col. Lynch fought for the Boers, so that if he decides to disavow the Boers, so that if his backers he may after all be able to act as a member of parliament."

The Figures.
Dublin, Nov. 22.—The result of the voting in Galway was as follows: Lynch, 1,247; Plunkett, 473.

Will Take His Seat.
Ottawa, Nov. 22.—John Redmond, M. P., was shown a dispatch this morning announcing the election of Col. Lynch in Galway. Col. Lynch was Redmond's candidate. The colonel fought on the Boer side in the war. Mr. Redmond does not see any reason why he should not take his seat.

COUNT HATZFELDT DEAD.

London, Nov. 22.—Count Von Hatzfeldt-Wildenburg, who a few days ago retired from the post of German ambassador to Great Britain, died at the embassy this morning.

PROVINCE CAN PASS A PROHIBITION ACT

Judgment of Privy Council in the Manitoba Liquor Case—Decision of Courts Overruled.

Ottawa, Nov. 22.—The department of justice received a cable to-day from London, stating that a judicial committee of the Privy Council had given a decision in the Manitoba liquor case. The cable said that the judgment of the Manitoba courts, declaring the prohibition act of the province ultra vires, was overruled, and that the act has now been held intra vires, or within the powers of the province to pass it.

It will be remembered that Hugh John Macdonald passed this act, and that the Manitoba courts upset it. The court of last resort now holds the act good.

CHARLES M. HAYS.
Report That He Has Resumed Management of Grand Trunk Railway.

New York, Nov. 22.—A special cable dispatch to the Evening Post from London says that Chas. M. Hays has resumed the management of the Grand Trunk railway, with the title of second vice-president.

TELEGRAPH INVENTION.

Boulder, Colo., Nov. 22.—Dr. Wm. Duane, professor of physics at the state university, has just been granted a patent for an invention by which a large number of telegraph messages can be sent over one wire at the same time. In the physical laboratory at the university it is said that he has had as many as 18 circuits working on the same wire. On any of these circuits the Morse instruments can be placed and read distinctly as with the single wire now in use. Dr. Duane's invention is based on the principle of synchronizing motors.

MURDER IN FIRST DEGREE.

Detroit, Mich., Nov. 22.—A special to the Free Press from Ithaca, Mich., says: "Elmer Quimby, who was charged with the murder of Mrs. Quimby's children on the night of May 19th last, was found guilty of murder in the first degree by the jury last night. Mrs. Quimby's trial is now in progress."

The white deer shot by a party of Guelph hunters in Muskoka has arrived at Toronto. The Smithsonian Institute, Washington, has offered a thousand dollars for it.

STEAMER FARALLON LOST PROPELLER

WAITING ASSISTANCE AT KENNEDY ISLAND

Steamer New England Damaged in Squall—New Halibut Vessels Are to Be Built.

Vancouver, Nov. 23.—Steamer New England, which arrived to-day from the Northern fishing grounds, is in a badly battered condition. She struck a squall on Thursday night off Hardy Bay and shipped a seven foot sea clear over her bow. Every window in front of the steamer was broken, even in the pilot house. The sea washed into the forward hold used as a sleeping room, carried away all the bunks and furniture towards the engine room. Other huge waves swept the steamer from stem to stern, and did several hundred dollars damage.

Steamer City of Seattle arrived from the North this morning with seventy-three passengers. None of her passengers have come out over the snow. The weather was bitterly cold when the steamer left Skagway, and it was reported on Monday evening that the Yukon was frozen several miles below Thirty Mile.

On the way down the steamer Farallon, of Seattle, was found lying at anchor at Kennedy Island, off the Skeena. She had broken her propeller in Dixon entrance, and began to take water whenever the engines were run. She was forced to sail to the Skeena and await a tow to Seattle.

It was definitely announced to-day that Vancouver people have interested English capitalists who will build two halibut steamers here for next season's Eastern trade.

A. H. Nowell and Francis Lee, of the White Pass railway, leave Seattle tomorrow for Chicago, to attend an annual meeting of the company. They then go to Ottawa to take up the important question of northern rates, which they are reported to be willing to arrange to the satisfaction of the government.

TRAGEDIES AT SEA.

Captain of British Bark Killed Steward and Afterwards Jumped Overboard.

Mobile, Ala., Nov. 23.—The British bark Birnam Wood, from Rio Janeiro, in charge of Mate Poe, arrived to-day, in charge of Mate Poe, arrived to-day, and reported that on November 18th the captain, named Morris, killed the vessel's steward. The body was buried at sea. The captain kept his cabin, pacing up and down. When informed that Sand Island light was sighted on November 22nd, he gave the mate the course, picked up a sea lead and jumped overboard and was drowned.

Queenstown, Nov. 23.—As the White Star liner steamer Cymric, from Liverpool, was sighted on November 22nd, he gave the mate the course, picked up a sea lead and jumped overboard and was drowned.

Cronje's Brother is Enlisting Men to Assist the British.

New York, Nov. 22.—According to the London correspondent of the Tribune, the Standard's South African correspondent is authorized for the statement that General Andries Crouje, a brother of the famous Boer leader, now a prisoner in St. Helena, is among the ex-changers who are enlisting men against the Boers, and who are taking up arms against their former companions in arms, and in favor of the British.

STEAMER WRECKED.

Kingston, Jam., Nov. 23.—The British steamer Ethelred, Capt. Nickerson, from New York for West Indian ports, which grounded on the north side of the island, while loading fruit for New York, has become a total wreck. She will be sold on Thursday. The crew have been paid off and have sailed for New York.

HUNGARIAN BUDGET.

Buda Pest, Nov. 23.—Dr. Lukacs, the minister of finance, to-day introduced in the under house the budget for 1902. The revenue is estimated at 1,038,370,018 crowns, and the expenditures at 1,065,749,088 crowns.

In the physical laboratory at the university it is said that he has had as many as 18 circuits working on the same wire. On any of these circuits the Morse instruments can be placed and read distinctly as with the single wire now in use. Dr. Duane's invention is based on the principle of synchronizing motors.

MURDER IN FIRST DEGREE.

Detroit, Mich., Nov. 22.—A special to the Free Press from Ithaca, Mich., says: "Elmer Quimby, who was charged with the murder of Mrs. Quimby's children on the night of May 19th last, was found guilty of murder in the first degree by the jury last night. Mrs. Quimby's trial is now in progress."

The white deer shot by a party of Guelph hunters in Muskoka has arrived at Toronto. The Smithsonian Institute, Washington, has offered a thousand dollars for it.

STEAMER WRECKED.

Kingston, Jam., Nov. 23.—The British steamer Ethelred, Capt. Nickerson, from New York for West Indian ports, which grounded on the north side of the island, while loading fruit for New York, has become a total wreck. She will be sold on Thursday. The crew have been paid off and have sailed for New York.

HUNGARIAN BUDGET.

Buda Pest, Nov. 23.—Dr. Lukacs, the minister of finance, to-day introduced in the under house the budget for 1902. The revenue is estimated at 1,038,370,018 crowns, and the expenditures at 1,065,749,088 crowns.

ACTORS AND AUDIENCES.

London Paper On Evils Resulting From Visits to America.

London, Nov. 22.—The St. James's Gazette this afternoon repeats its assertion that English actors are "coarsened" in America and that "visits there are artistically detrimental to English actresses." The paper also says: "We feel there is no doubt about the matter. In the United States a less subtle and a more accentuated style of acting is necessary in order that a player may make his effects. The audiences like a less delicate and a noisier method. They are less quick to catch and appreciate the nuances of the actor's art. Violence of gesture and intonation do not offend them. They do not detect or resent what is crude or shoddy, as a West End audience would. They are easier taken in by clapping."

"We shall still feel some slight anxiety to see the condition in which Mr. Chas. Hawtree and Mrs. Patrick Campbell return from their tour in the United States. If Mr. Hawtree returns with a style approximating that of Wilson Barrett, and Mrs. Campbell becomes indistinguishable in her method from Olga Ethereole, to name two players who have had immense success in America, we shall not consider the result particularly gratifying."

THE ELECTION OF LYNCH.

His Success Was Anticipated, Says a London Correspondent.

New York, Nov. 22.—The London correspondent of the Tribune cables concerning the Galway elections as follows: "A victory for Col. Lynch was generally anticipated, but the plurality is greater than his supporters had expected. Not much sympathy is expressed for Mr. Plunkett, the defeated candidate, in this morning's papers. His attitude in Galway was not sufficiently anti-National to secure for him the full Unionist vote. The government may not have sufficient evidence to show that Col. Lynch fought for the Boers, so that if he decides to disavow the Boers, so that if his backers he may after all be able to act as a member of parliament."

The Figures.
Dublin, Nov. 22.—The result of the voting in Galway was as follows: Lynch, 1,247; Plunkett, 473.

Will Take His Seat.
Ottawa, Nov. 22.—John Redmond, M. P., was shown a dispatch this morning announcing the election of Col. Lynch in Galway. Col. Lynch was Redmond's candidate. The colonel fought on the Boer side in the war. Mr. Redmond does not see any reason why he should not take his seat.

COUNT HATZFELDT DEAD.

London, Nov. 22.—Count Von Hatzfeldt-Wildenburg, who a few days ago retired from the post of German ambassador to Great Britain, died at the embassy this morning.

PROVINCE CAN PASS A PROHIBITION ACT

Judgment of Privy Council in the Manitoba Liquor Case—Decision of Courts Overruled.

Ottawa, Nov. 22.—The department of justice received a cable to-day from London, stating that a judicial committee of the Privy Council had given a decision in the Manitoba liquor case. The cable said that the judgment of the Manitoba courts, declaring the prohibition act of the province ultra vires, was overruled, and that the act has now been held intra vires, or within the powers of the province to pass it.

It will be remembered that Hugh John Macdonald passed this act, and that the Manitoba courts upset it. The court of last resort now holds the act good.

CHARLES M. HAYS.
Report That He Has Resumed Management of Grand Trunk Railway.

New York, Nov. 22.—A special cable dispatch to the Evening Post from London says that Chas. M. Hays has resumed the management of the Grand Trunk railway, with the title of second vice-president.

TELEGRAPH INVENTION.

Boulder, Colo., Nov. 22.—Dr. Wm. Duane, professor of physics at the state university, has just been granted a patent for an invention by which a large number of telegraph messages can be sent over one wire at the same time. In the physical laboratory at the university it is said that he has had as many as 18 circuits working on the same wire. On any of these circuits the Morse instruments can be placed and read distinctly as with the single wire now in use. Dr. Duane's invention is based on the principle of synchronizing motors.

MURDER IN FIRST DEGREE.

Detroit, Mich., Nov. 22.—A special to the Free Press from Ithaca, Mich., says: "Elmer Quimby, who was charged with the murder of Mrs. Quimby's children on the night of May 19th last, was found guilty of murder in the first degree by the jury last night. Mrs. Quimby's trial is now in progress."

The white deer shot by a party of Guelph hunters in Muskoka has arrived at Toronto. The Smithsonian Institute, Washington, has offered a thousand dollars for it.

STEAMER WRECKED.

Kingston, Jam., Nov. 23.—The British steamer Ethelred, Capt. Nickerson, from New York for West Indian ports, which grounded on the north side of the island, while loading fruit for New York, has become a total wreck. She will be sold on Thursday. The crew have been paid off and have sailed for New York.

HUNGARIAN BUDGET.

Buda Pest, Nov

DAMAGE AMOUNTS TO ONE MILLION

GREAT STORM WROUGHT HAVOC ALONG COAST

Many Small Vessels Wrecked and Piers Damaged—Telegraph and Telephone System Seriously Interrupted.

New York, Nov. 25.—The great storm which came speeding up from the south on Saturday night has spent its force in this side of the Atlantic, and the waters driven up on lowland and beach are subsiding.

A more careful survey of the storm-swept coast indicates that the aggregate damage will exceed the general estimates of yesterday. Hundreds of small craft were wrecked or badly damaged.

Philadelphia, Pa., Nov. 25.—Advices received by the Maritime Exchange state that five men were drowned yesterday at Long Branch during the height of the northeast storm, which swept the Atlantic coast on Saturday night and Sunday.

Why Lynch Was Elector.

Nationalists Wish to Make Themselves as Disagreeable as Possible.

Report That Several Changes Will Be Made.

Coronation Service.

Petition For Release.

A Village Blacksmith Naved His Little Sons Life.

Mr. H. H. Black, the well known village blacksmith at Gramhamville, Sullivan Co., N. Y., says: "My little son, two years old, has always been subject to trypsin, and so had the attacks been that we have feared many times that he would die."

Another Letter.

Was Imprisoned.

Seattle, Nov. 23.—Capt. A. W. Hall, formerly of the San Francisco schooner "Dodie," has landed here from the British ship "Pass of Metford," and will hasten to Washington to lay before the state department what he believes to be a good cause for the detention of the Mexican government. He claims to have been arrested and imprisoned without cause while on a pearl fishing expedition in the Gulf of California. After two months' confinement he succeeded in making his escape.

MARTIN HOGAN DYING

Was Taken From Van Dieman's Land After Being Sentenced For Treason.

Chicago, Nov. 25.—Martin Hogan, an Irish patriot who was rescued from Van Dieman's Land, Australia, in 1869 by a ship sent out for that purpose, is dying at the county hospital. He is one of the seven men convicted with John Boyle O'Reilly in 1869 of treason against the British government and sentenced to be shot. The sentence was commuted to life imprisonment and afterwards reduced to twenty years' penal servitude. With O'Reilly he was confined in various English prisons until 1867, when, with his companions, he was transferred to Van Dieman's Land, the English penal colony in Australia.

AFTER MANY YEARS.

Door in Historic Church in Old Oxford Township Has Been Re-opened.

Philadelphia, Pa., Nov. 25.—The main door in the historic Trinity Protestant Episcopal church, Old Oxford township, a suburb of this city, was opened yesterday for the first time since the days of the revolutionary war. Exercises appropriate to the occasion were conducted by Rev. F. J. Baker, the rector. During the revolution the American forces, under "Mad Anthony" Wayne, encamped near the church, and General Wayne established temporary headquarters at the "Old Soldier Inn," which still stands close by. It is a matter of tradition that General Washington passed several days at the inn. In the records of Trinity church it appears that he ordered the soldiers that the church property was not to be invaded under any pretext. Since that time the door had remained closed.

SHE REFUSED TO PAY HER HUSBAND'S DEBTS

Money Matters Were the Cause of Recent Trouble Between Queen Wilhelmina and Prince Henry.

New York, Nov. 25.—In connection with Queen Wilhelmina's illness the following particulars have been published, says the Amsterdam correspondent of the Journal and Advertiser. "It seems that before his marriage Prince Henry lived for a time at a pace beyond his means, and as a consequence fell into the hands of money lenders. His debts he contracted in those days were to be settled after his marriage with the rich young Queen, and quite recently Henry made a clean breast of the matter to her. Upon learning all the particulars Queen Wilhelmina declined point blank to pay her consort's debts, the result being a very violent scene between them, which ended in Henry rushing away to Germany and Wilhelmina being taken ill. It is said that only the most important telegrams sent to him by the Queen's mother, Queen Emma, induced Henry to return to Holland.

Government Victories.

Washington, Nov. 25.—Mr. Herrera, chargé d'affaires of the Colombian legation, today received the following cablegram: "Panama, Nov. 25.—Rebel army completely defeated at Culebra and Empress. The governor marched last night upon Colon. Traffic interrupted yesterday but will be re-established to-day. (Signed) Arjon, acting governor."

Railways in North.

Application Will Be Made to Incorporate the Lake Bennett Railway Company.

Ottawa, Nov. 23.—An application will be made at the next session for leave to incorporate a company called "The Lake Bennett Railway Company."

Another Letter.

Mr. Dickinson Has Received a Message From Miss Stone.

New York, Nov. 23.—A dispatch to the World from Sofia says: "Another letterary held by the brigades, has been received. Mr. Dickinson, the United States diplomatic representative, absolutely declines to disclose its contents, except to say that Miss Stone and her companion in imprisonment, Mme. Tsiska, are well."

SEEKING REFUGE ON THE GUNBOATS

FIGHTING ON THE Isthmus of Panama

People Are Fleeing From Colon—Report That Government Troops Have Gained Two Victories.

Colon, Colombia, Nov. 22.—It is reported that the government has addressed a communication to the United States, asking that it guarantee protection for Isthmian transit.

Two sailing boats, having 75 soldiers on board, which left Panama with Gen. Alban, returned to that place at 6 p.m. yesterday. Gen. Alban and 50 soldiers subsequently arrived there on board the submersible boat.

Senor Espirilla, counsel for the Panama railroad, who was appointed provisional prefect by the Liberals yesterday, has declined the office, and Dr. Campillo has been appointed prefect in his place. Senor Salas has accepted the appointment as mayor which was offered to him by the Liberals.

Approaching Panama.

Colon, Nov. 22.—(6 p.m.)—The latest news obtainable here is to the effect that the Liberal general, Lugo, has arrived at Empress station, and is about 12 miles from Panama, with a force said to number 12,000. The Liberals are gaining and arming recruits from the entire length of the coast, and now control the line up to within a point two miles from Panama. An attack on that city is expected momentarily, and much uneasiness is felt here.

Bull Fighting.

Large Attendance at Opening of Season in Mexico.

Mexico City, Nov. 25.—The bull fighting season in Mexico opened on Sunday with Mazzanti, the Spanish matador, in the arena. Many prominent people, well-known in the Yucatan, were present. Two boxes were occupied by some of the members of the United States delegation and other delegations to the Pan-American conference. The performance itself did not come up to expectation.

Judge Murdered.

San Diego, Cal., Nov. 25.—The murder of Learno Flieger, judge of the Alamo district, in Lower California, is reported from below the line, and again the crime is laid at the charge of a leader of the rebels who is wanted on both sides of the line for almost every crime from murder down. Morales, the outlaw, was away from his haunts near the border at the time the crime was committed, and the fact that he had threatened some sort of punishment for Flieger gives color to the claim that he handled the revolver that ended the judge's life.

Threatened Bombardment.

New York, Nov. 25.—Messages from the agent of the Panama Canal were received here to-day at the offices of the company. The cablegrams said that serious fighting was expected at Empress, a small place on the line of the Panama railroad. They stated that the Machias, Capt. McCrea, had landed more men at Colon and that the Iowa had for the first time contained information that the Colombian gunboat Gen. Pinzon, had arrived at Colon under the command of Capt. Ignacio Forero, with troops aboard, and that the threatened bombardment of the city of Colon was to take place to-day at 3 o'clock, New York time. They say that the city was being shelled by the rebels and that Capt. McCrea had forbidden the shelling of the town.

States Controls Traffic.

Washington, Nov. 25.—The United States government has taken charge of the Isthmian transit. A dispatch received at the navy department to-day from Capt. Perry, of the battleship Iowa at Panama, reports that fact. Captain Perry says that Gen. Alban, who had been fighting the Liberals on the line near Empress, Transit in danger of interruption. Capt. Perry has landed Iowa and has started the British train to clear transit and also establish detachments of men to keep it.

Commander McCrea, of the Machias, at Colon, has cabled the navy department notifying the Liberals of the approaching bombardment of that town and asking for instructions. He has been instructed to take such steps as he may deem necessary for the protection of American interests at Colon.

THE LIQUOR ACT DECISION.

Opinion of Council on Judgment of the Privy Council.

Winnipeg, Nov. 22.—Members of the Manitoba government refuse to talk as to the action of the government following the finding of the Imperial Privy Council, declaring that the province has the power to enforce prohibition. It is well known that some members of the cabinet are divided in opinion on the prohibition question.

Trade and Navigation Returns—This Province Is Third for Amount of Duty Collected.

Ottawa, Nov. 25.—At 2.30 to-day Government House had no notification from the war office for mounted corps, although there is no doubt it is on its way. Canadian Dead.

The casualties department at Cape Town cables under date of November 22nd that Trooper Arthur Timelick, New Westminster, B. C., is in a precarious condition from wounds at Krugerdrift.

British Columbia Third.

The Trade and Navigation blue book for the year ending June 30th last was issued to-day. The main points have already been reviewed in this correspondence. It is shown that British Columbia stands third among the provinces for the amount of duty collected. Ontario is first, Quebec second and British Columbia third. British Columbia gave a Dominion treasury \$2,358,842, a small increase over last year, Nova Scotia is fourth, with \$2,001,536.

Hon. Wm. Mulock returned here to-day and was at work in his department all day. He is in excellent health and has his hand out of the sling. In fact he was playing golf before he left the hot springs at Arkansas.

Yukon Census Returns.

H. J. Woodside, the census commissioner for the Yukon, handed in the returns to Mr. Blue to-day. The major estimate of the population is 21,000. Of these 8,500 are in Dawson, 5,000 in White Horse, 6,000 on the creeks, Indians 1,000 and 300 Eskimos. He has got all the returns except three districts, and when these are in the total population will be about 21,000.

Revised List.

The following is the revised list of towns in British Columbia of a population of two thousand and upwards: Nanaimo, 6,130; Nelson, 4,610; New Westminster, 6,488; Rossland, 6,164; Vancouver, 26,133; Victoria, 20,816.

GAMBLING HOUSES CLOSED.

Active Measures Taken By Police to Suppress Vice in Dawson.

A Dawson dispatch under date of November 22nd says: "Owing to the publicity given to the gambling in Dawson since the hold-up of the Dominion government house at 5 o'clock in the morning of the 15th, by which the house was gambled of \$1,401 by two masked desperadoes, Major Wood has issued an order putting a stop to all gambling in the Yukon Territory. The order went into effect immediately after midnight yesterday morning.

WAR MINISTER ARRESTED.

Venezuela's President Suspected Him of Being Implicated in a Conspiracy.

Caracas, Venezuela, Nov. 21 (via Haytian cable).—President Castro, believing that a conspiracy to overthrow him existed, caused the arrest to-day at Puerto Cabello of Ramon Guerra, the minister of war. The President also brought about the arrest at Caracas of a number of partisans of Ramon Guerra, among them being Montaubana, who claims to be a French citizen. The arrests have caused a great sensation. Joaquin Garid succeeds Ramon Guerra as minister of war.

NO WORD HAS YET REACHED OTTAWA

AWAITING MESSAGE REGARDING TROOPS

Trade and Navigation Returns—This Province Is Third for Amount of Duty Collected.

Ottawa, Nov. 25.—At 2.30 to-day Government House had no notification from the war office for mounted corps, although there is no doubt it is on its way. Canadian Dead.

The casualties department at Cape Town cables under date of November 22nd that Trooper Arthur Timelick, New Westminster, B. C., is in a precarious condition from wounds at Krugerdrift.

British Columbia Third.

The Trade and Navigation blue book for the year ending June 30th last was issued to-day. The main points have already been reviewed in this correspondence. It is shown that British Columbia stands third among the provinces for the amount of duty collected. Ontario is first, Quebec second and British Columbia third. British Columbia gave a Dominion treasury \$2,358,842, a small increase over last year, Nova Scotia is fourth, with \$2,001,536.

WAR MINISTER ARRESTED.

Venezuela's President Suspected Him of Being Implicated in a Conspiracy.

Caracas, Venezuela, Nov. 21 (via Haytian cable).—President Castro, believing that a conspiracy to overthrow him existed, caused the arrest to-day at Puerto Cabello of Ramon Guerra, the minister of war. The President also brought about the arrest at Caracas of a number of partisans of Ramon Guerra, among them being Montaubana, who claims to be a French citizen. The arrests have caused a great sensation. Joaquin Garid succeeds Ramon Guerra as minister of war.

TO HAVE TEN CLASS ROOMS.

New High School Will Be Larger Than Originally Contemplated.

Work on the new high school building is progressing rapidly, and there is every indication that the structure when completed will be a credit to the city. It may not be generally known, but the building will be considerably larger than that first contemplated. The original plans called for six class rooms and an assembly room beside the necessary apartments, such as cloak rooms, etc.

Four of the apartments were to be on the ground floor, the assembly and two remaining rooms on the second floor. The bid of the successful contractor, however, made it possible to increase the size of the building by four additional rooms. There will, therefore, be in all ten class rooms and an assembly apartment—six on the first floor and the others on the second.

The principal room will be on the ground floor, while the assembly and the others' room upstairs. The cloak room will be in the basement.

Originally contemplated the building would not provide for very great increase in attendance, and the provision has been made for years to come. When the institution is completed the rooms additional to those required by the high school pupils will probably be occupied by children from the schools where the attendance overtaxes the accommodation.

CLASSES FOR VOLUNTEERS.

They Are Now Ready for Members of the South African Contingents.

Lieut.-Col. Holmes, D. O. C., has received from Ottawa a general militia order which is of interest to all those Canadians who served in the South African campaign, and which he wishes all concerned to note.

It is to the effect that all classes belonging to members of the South African contingents and to members of Lord Strathcona's Horse have been received at the department at Ottawa, and will be issued at once to all who have received their medals and whose post-office address is known to the authorities. It is also requested that all officers, non-commissioned officers and men of Strathcona's Horse, who received medals from the King, should apply at once for the class, at the same time filing their post-office addresses.

The classes are supplementary to the medals, one being granted for each important engagement in which the men were engaged. Applications may be sent directly to the department at Ottawa or filed with Col. Holmes for transmission to Ottawa.

FLOCKMASTERS' DINNER.

Annual Function Was Held at Duncans on Saturday.

The annual dinner of the Flockmasters' Society was held on Saturday evening last at the Quanchan hotel, Duncans, the chair being taken by the Lieut.-Governor, Sir Henri Joly de Lotbiniere. Among those present besides the Governor were the Hon. J. W. Prentice, M. P. P., Hon. D. M. Eberts, M. P. P., and Messrs. Hayward and Major Mutter, the president of the society.

After the banquet the president proposed the toast of the "King," which was responded to enthusiastically. "Her Majesty the Queen and the Royal Family" was next proposed, while His Honor the Lieut.-Governor was alike honored. The last toast was answered by His Honor with a few suitable remarks. The toast of "The Army and the Imperial Forces" was enthusiastically responded to by the volunteers. All made able addresses.

A song was then sung by J. H. Cook entitled "The Hearts of Oak." The next toast was "His Majesty's Ministers of the Dominion Parliament." This was answered to by John Evans, reserve of Covellan, H. Evans sang "Britannia the Pride of the Ocean," and a toast, "The Government of B. C. and Our Provincial Parliament," was very well received. It was responded to by the Hon. D. M. Eberts in an excellent address. W. H. Hayward, M. P. P., also responded to this toast. Dr. Drummond gave a vocal selection. The toast, "Agriculture," was responded to by the Hon. D. M. Eberts, and British Columbia," was proposed, and answered by the finance minister, Hon. Mr. Prentice, and the deputy minister of agriculture, J. E. Anderson. After a song by the band, entitled "Simon Keeps a Store," the Vancouver Island Flockmasters' Association" was toasted amid much enthusiasm. Major Mutter, president of the society, responded to a toast, "Because I Love You," was rendered by Geo. Mutter, after which a toast, "The Mining Industry," was proposed and answered to by H. Smith and T. A. Wood. A toast to the "Municipality of North Covellan" was proposed, and needless to say, responded to cheerfully. "The Ladies" and many other toasts were given with great enthusiasm before the close of the banquet.

THE GOLF TOURNEY.

Events of the Autumn Meeting of the Victoria Golf Club This Week.

The autumn meeting of the Victoria golf club will be held on the 28th, 29th and 30th inst. The events are as follows: First Day—Men's handicap, 36 holes. Two prizes, one for best scratch score and one for best net score. Entrance fee, \$1.50 (open to all members). Men's handicap, B class, 18 holes. Entrance fee, \$1.

Second Day—Ladies' handicap, 14 holes. Entrance fee, 50c. Third Day—Mixed foursomes, 14 holes. Entrance fee, \$1 each couple. For this event, in consequence of short days, players must tee off by 2.45 p.m. All the above events are open to members of the United Service Golf Club.

Members desirous of entering for the handicap events are requested to send their entries to the hon. secretary, W. E. Oliver, 211 Bastion street, on or before 6 p.m. on the 27th inst. Entries for the mixed foursomes will be received up till 6 p.m. on the 29th.

When a chameleon is blinded it loses all power of changing its color, and its entire body remains of a uniform tint.

TROOPS LEFT EAST FOR HERE SUNDAY

GUNNERS AND SAPPERS BOUND FOR VICTORIA

Embarked at Halifax Yesterday—N. Co., R.G.A., Sail on Sunday Evening Next.

Yesterday (Sunday) No. 21 Company Western Division, Royal Garrison Artillery, left Halifax where they arrived from Bermuda a few days ago, for Victoria. They come here as reinforcements for the 21st Company of the Royal Garrison Artillery, which is now on duty at the Victoria station. They have been detained at Halifax, so that the accommodation at Work Point, extensive as it is, might not be overcrowded.

The strength of No. 21 Company consists of 165 non-commissioned officers and gunners, with 8 women and 11 children. The officers are Major Gordon, in command; Capt. A. E. H. Gordon, Lieut. C. G. Sladen, and Lieutenants, A. H. Cameron, O. R. E. Man and R. A. Whyte.

Accompanying the R. G. A. is a detachment of the Royal Engineers on this station. The draft consists of one war officer, 25 non-commissioned officers and sappers with three women and 11 children. Second Lieut. the Hon. E. Hood, R. E., who came out in command of the draft, has been temporarily detained at Halifax for duty, but will come out here in January. It is stated also that one of the R. G. A. is also not coming through to the Coast.

No. 19 Company, W. D. R. G. A. will embark at the outer wharf here next Sunday in the evening. Handed out and other accommodation is being provided for them on R. M. S. Empress China by the admiralty, which has charge of the transportation of the company to Hongkong.

The officers proceeding with the company to Hongkong are Major J. G. Wynne, in command; Lieutenants, A. J. Langdon and C. E. J. Wahl, and Second Lieut. A. J. Gregory.

Capt. R. J. Macdonald, acting Army Service Corps officer, and son of Senator Macdonald, has been transferred to the "Empress" company of R. G. A., and Lieut. J. V. Smith has been transferred to England.

High Honor For Canuck.

Service men here find plenty of room for comment in the appointment just announced of Col. F. W. Benson, p.s.a. late 17th Hussars, to the post of assistant adjutant-general in the office of the adjutant-general in the Canadian militia, and wears the medal and clasp for the Boer War of 1880. He also served in South Africa as a colonel on the staff, and has filled many important staff appointments in the British South African War at home. He was recently erroneously reported in the Eastern and Coast papers as having been killed in action in South Africa. The officer killed at Brakenburg on the 30th ult. was Col. George Elliot Benson, p.s.c., R. P. A., of Allershall, Northumberland, Eng.

EFFORTS CONTINUED.

Washington, Nov. 22.—The reason for Consul-General Dickinson's departure from Sofia for Constantinople is well known at the state department. He intended to leave Sofia was known, and it is assumed that he found that the immediate presence in Bulgaria, which he is hampered in his attempt to communicate with Miss Stone by the Bulgarian officials, is harmful to her case. The movement does not mean that the state department has decided to slack its efforts toward securing Miss Stone's release, and the fact is that those efforts will be continued in another and more promising direction.

WE PROVE IT

CATARH and COLDS CAN BE RELIEVED IN 10 MINUTES, PERMANENTLY CURED.

Eighty years old—catarrh fifty years. Agnew's Catarrhal Powder cures him. Want any stronger evidence of the power of this wonderful remedy over this disease? Write George Lewis, Shamokin, Pa. He says: "I look upon my cure as a miracle. It relieves in ten minutes."

MARRIED.

HITT-GABRIEL.—In this city, on the 20th inst., by Rev. Canon Benjamin, the Rev. H. H. Hitt and Miss Jeanette Gabrielle.

BIRTHS.

SCOTT.—At 237 Georgia street, Vancouver, on Nov. 21st, the wife of David Scott, police officer of a son.

MARRIED.

TEBO-KIARMAN.—At Nelson, on Nov. 21st, by Rev. J. H. White, Frank Tebo and Miss B. Kearman.

MARRIED.

MATHESON-McTAVISH.—At New Westminster, on Nov. 19th, by Rev. J. H. White, Margaret McTavish and Mr. James Matheson.

DIED.

MURPHY.—At Clevedale, J. C. Murphy, aged 30 years.

NEW

WINNER OF THREE GAMES

THE LOCAL PLAYERS SCORED NO POINT

Terminal City Men Showed Their Superiority in Good Struggle—Association Matches at the Hill.

For some smiling on Vancouver last Sunday. Three teams journeyed across the Gulf and pucked victory from the hands of aggregations which strove to send home disappointed. Naturally a local players and adherents were disappointed, and a regimier dirge by the local night would have been appropriate on Saturday night. The seniors lose nine to nil; the intermediates five to nil, and the juniors by five to nil. All played well, but it was the seniors' off day, the chronicles of which is hoped will some time be wiped on the slate. Defaults should not dishearten various teams; it should move them to fight greater efforts.

The Victoria aggregations are now under the gun as can only be done by reversing the poor conditions which prevailed on Saturday. The victors deserve their glory and all the fruits of it, and the memory of their triumph will prove a stimulant for them when the colors of Victoria fly in the ascendant.

The devotee of Association also had a opportunity of witnessing his favorite game, as at the Hill a number of strategists struggled vigorously and evenly in a couple of well-contested matches between the Intermediates and the Boys' Brigade honoraries, but in the game between the Intermediates and the Boys' Brigade honoraries, the former whitewashed their seniors by the score of eight goals to nil.

At Vancouver the Terminal City Association team defeated the Garrison Work Point, but it is understood the match has been protested.

SENIOR MATCH.

The game between the Victoria and Vancouver senior teams for the Rugby championship at Oak Bay on Saturday ended in a draw for the home players. The ground was in a very slippery condition, and rain fell heavily throughout the game. When the teams lined up it was noticed that several of the Victoria's crack players were scratched. The team that they ever put in the field.

The spectators were kept waiting for half an hour before the senior game could put in an appearance, as the intermediate players started late and were still playing their mud baths when the senior game should have been in progress.

The game began with Victoria facing the wind and rain. Schwengers was notified that several of the Victoria's crack players were scratched. The team that they ever put in the field.

THE CANADA NORTHERN.

We congratulate the government on having seen the error of its ways. It has so modified its railway policy that there is a possibility of one line of road being built and a most valuable section of the province being opened up.

The Canada Northern seems destined to be one of the great railways of the continent. It will run through a country superior in resources to that opened up by the C. P. R.

VERY LOW INDEED.

It is no use trying to reason with our esteemed contemporary. Something has gone wrong with his plans and driven it into an irascible mood.

Our contemporary started out in its career of "comprehensive development" by advocating co-operation between the Dominion and Provincial governments.

Some other anti-liquor law has been proposed in the Dominion. It is not a question of liquor traffic in the hands of the provinces and that they may make the laws as stringent as they please.

The slayer of ex-Chief of Police Meredith was declared not guilty of murder by a Seattle jury. He goes free.

It was found that the federal ministry had been subsidizing railways for the purpose of opening up this province. But for the opposition of the Colonist's own friends the Dominion government would have secured the connection of British Columbia with the gold fields of the north by a direct line.

The Chicago Tribune's figures give 2,516 as our grand total of lynchings from 1885 to 1891. Our contemporary says: "Suppose some obdurate paragon were to get hold of that fact and thrust it in the face of our missionaries and priests from the United States."

PROHIBITION.

A press dispatch says the Privy Council has decided that Manitoba has power to pass a liquor act. If that is the only point the highest court of the Empire has pronounced upon it has not done much to clear up the situation.

With a man who fought for the Boers elected to the Imperial parliament for the British in South Africa, it must be confessed that a great deal depends upon the point of view.

act for the two brothers to take his life? An American jury says yes, and at the same time gives a reason for the terrible record their country holds as the most lawless civilized land on the face of the earth.

The speaker then related several amusing instances in which Chinese domestics who were believed to be paragon turned out to be petty thieves. The real fact was that Chinese in laundries were kept in supplies by small thefts committed by Chinese domestics in town.

There was more to be said in their favor as land clearers. It was alleged that considerable land in California had been cleared by them, but this was because they were more impervious to malaria than other races.

As to the method of dealing with the yellow invasion, the Captain condemned the head tax as inadequate. It only ran up the wages and brought the Chinaman into competition with the white man.

The lecturer also referred to the demoralizing influence of Chinese gambling halls on San Francisco. They were absolutely useless as allies in the struggle against the Anglo-Saxon race.

ABLE ADDRESS ON CHINESE QUESTION

STRONG EXPOSITION OF BURNING SUBJECT

Capt. Clive Phillips-Wolley Arraigned the Yellow Race on Numerous Counts Last Night.

A regrettable small number listened to Capt. Clive Phillips-Wolley's lecture on the Chinese question in Seiple's hall, Victoria West, last evening.

The speaker then related several amusing instances in which Chinese domestics who were believed to be paragon turned out to be petty thieves.

There was more to be said in their favor as land clearers. It was alleged that considerable land in California had been cleared by them, but this was because they were more impervious to malaria than other races.

As to the method of dealing with the yellow invasion, the Captain condemned the head tax as inadequate. It only ran up the wages and brought the Chinaman into competition with the white man.

The lecturer also referred to the demoralizing influence of Chinese gambling halls on San Francisco. They were absolutely useless as allies in the struggle against the Anglo-Saxon race.

but were utilized by Chinese for the purpose of vegetables grown by Chinese when eaten were dangerous to health.

The Chinaman was supposed to be a good domestic, laundryman, wood chopper, miner and navy. The Chinese laundry, the speaker pointed out, was not exactly the place where clothes were washed.

There was more to be said in their favor as land clearers. It was alleged that considerable land in California had been cleared by them, but this was because they were more impervious to malaria than other races.

As to the method of dealing with the yellow invasion, the Captain condemned the head tax as inadequate. It only ran up the wages and brought the Chinaman into competition with the white man.

Inclement Weather Brings Coughs, Colds and Catarrh.

Inclement weather begins when autumn ends. The great objection to our climate is that it alternates between the heat of the tropics and the rigors of the Arctic.

The system becomes relaxed by the effects of the heat, and the first cold snap of winter sows the seed of thousands of cases of chronic catarrh which in a large per cent. of cases will end fatally.

President Wm. Ubelaker Uses Peruna as a Safeguard Against Inclement Weather.

Wm. Ubelaker, President of the Lake View Lodge of Foresters, writes from 322 North Clark St., Chicago, Ill., the following letter:

The Peruna Medicine Co., Columbus, O. Gentlemen—For years past when I have been exposed to wet or inclement weather, my chest would hurt me and I would have serious indigestion, and I would be laid up for a day or two, causing inconvenience and pain.

One of my lodge friends advised me to try Peruna, as it had helped him, and I found that a bottle cured me.

If I feel badly now I at once take two or three doses, and I find it keeps me in fine health. Peruna is worthy of every man's confidence.—WM. UBELAKER.

It is only just ordinary good, common sense to provide against inclement weather. If you have the slightest cold, cough, sneezing, or any other indication that you are "under the weather," a few doses of Peruna will put you right.

Peruna can be obtained for \$1.00 a bottle at all first-class drug stores in Canada. "The Ills of Life," which can be secured at all up-to-date drug stores, and upon request sent free to all, gives a short description of all catarrhal diseases.

Address Dr. Hartman, Columbus, Ohio, U. S. A.

privilege of the franchise he would vote according to set customs and influence. He would vote solid, and could swamp even Col. Prior if he felt like it.

As to the Japanese, Capt. Wolley considered them vastly superior to the Chinese. He did not, however, want to see them any more than Chinese, for race reasons—but that was the only reason.

The lecturer also referred to the demoralizing influence of Chinese gambling halls on San Francisco. They were absolutely useless as allies in the struggle against the Anglo-Saxon race.

They were absolutely useless as allies in the struggle against the Anglo-Saxon race. They hated and despised us, and only came to make what they could out of us.

could not be disallowed. Enforce the sanitary laws to the hilt and this will keep John out of the country. Make them amend their method of market gardening and of operating their laundries, conform to requirements of civilization, and the speaker guaranteed that the effect would be startling.

Make them pay their taxes and observe the sanitary laws, break up the highlanders' unions which enable them to evade the laws, and rouse public opinion. It was useless to send a representative to agitate for their removal from the Dominion who did not know them considered them "good fellows."

Another remedy was to tax the employer and the Chinese will be got rid of. It was not such a terribly hard task to replace them. Their exclusion might embarrass the canneries, but why could not Canadian canneries make use of machinery which was utilized on the American side. There no Chinese were employed. Machines could be used in clearing land far cheaper than by Chinese labor to-day.

The conclusion of the lecture was the signal for hearty applause. A vote of thanks was tendered Capt. Wolley by Rev. D. MacLac, and seconded by Mr. Okell. After a vote of thanks to the chair, proposed by Rev. Dr. Barber, the proceedings terminated.

C. W. MUNRO'S POSITION.

Willing to Attend Catechism of Members in Opposition to Government.

Chilliwack, Nov. 21.—Among the speakers at to-night's public meeting was C. W. Munro, M. P. F. T., Chilliwack. Mr. Munro received at the hands of his constituents a very hearty reception.

The speaker then read one of these interesting documents: "In British Columbia some farm hands receive from \$20 to \$35 a month, with board, but in Vancouver Island and elsewhere many farmers employ Japanese and Chinese for farm work at a lower wage." "Much of the tailoring in British Columbia is done by Chinese." "In British Columbia there is also a very large fishing industry, but most of the employees are native Indians."

Colonists are warned not to come here because of the competition of Chinese and Japanese in the various branches mentioned. It was contended, the duty of the government to protect the interests of the province and investigate this matter. It was all poppycock to get up immigration schemes until this was done. It was useless to try and keep out the Orientals by passing laws that were ultra-irresponsible. There were, however, laws that

AIM TO MAKE CITY TOURIST RESORT

INITIATIVE TAKEN IN A PRACTICAL WAY

Association to Be Formed Having This Object in View—Representative and Enthusiastic Meeting.

A very successful and enthusiastic meeting was held at the city hall yesterday afternoon to consider the advisability of forming a Tourist Association in this city. The meeting was called by Mayor Hayward, and there were present Hon. Senator Macdonald, Mrs. Mary E. Hitchcock, Messrs. Walter S. Fraser, H. D. Hinchey, A. H. Hall, T. H. Eaton, C. H. Lugin, D. R. Ker, A. T. Goward, H. H. Abbott, C. P. R.; E. E. Blackwood, Alaska S. Co., J. H. Greer, W. P. & Y. R. Stevens, J. A. Harris, A. G. Harnack, W. Challoner, R. E. Gosnell, A. D. Williams and Frank I. Clarke.

The mayor in opening explained the object for which the meeting had been called, and then called on Frank I. Clarke to whom he was indebted for the very complete and important data bearing on the subject. Mr. Clarke was the secretary of the meeting. He said the idea of forming a tourist association was not an experimental matter, for other cities had tried it and profited immensely from it. He submitted to the meeting a list of the cities which had done so, and having been built up as a result of the association's work. St. John's, Halifax, Ottawa and other eastern cities were mentioned as having similar benefits, and he said that 40,000 people were brought to that city and province largely through the initiative of a tourist association.

Mr. Clarke submitted to the meeting a list of the cities which had done so, and having been built up as a result of the association's work. St. John's, Halifax, Ottawa and other eastern cities were mentioned as having similar benefits, and he said that 40,000 people were brought to that city and province largely through the initiative of a tourist association.

1. A prompt and vigorous prosecution of a canvass for subscriptions, including applications to the city council and provincial government for grants.

2. Preparation of advertising matter. The securing of as many photos as possible, representing attractive bits of scenery and prominent features in and around the city and island.

3. A fully illustrated pamphlet representing the city and island generally for distribution abroad, with specific directions how to reach Victoria from different points.

4. A small illustrated pamphlet as a guide-book for distribution to strangers on their arrival in the city, to include a plan of the city and parts.

5. Securing enlargements of photographs to be framed and distributed in the various territories and provinces of Manitoba and the Yukon.

6. The publication of pictorial postal cards.

7. The establishment of a bureau of information in the city.

8. To encourage lines of buses or other suitable vehicles to the park, Dallas road, George and other resorts.

9. To advertise the fishing at points easily reached from the city, and to send looking towards the stocking of lakes, etc., near the city, for fishing purposes.

10. To endeavor to arrange for an Old Home Week, on the lines of that instituted in Eastern cities.

11. To make an effort towards inducing tourists and large bodies to hold their sessions in this city, on the lines of the Detroit Business Men's League, which has been so successful, and in which the effort now being made by the city in Montreal.

12. To endeavor to make arrangements to have the temperature of the city during the heated term advertised in newspapers and magazines.

13. To induce citizens and people generally to realize the importance of making their surroundings more attractive.

14. To induce hotelkeepers and board proprietors to make their establishments profitable to tourist travel, in providing the facilities and aids to recreation and enjoyment which this class of people expect to find and are willing to pay for.

15. To secure the insertion of our papers and periodicals throughout the United States and Eastern Canada, so as to reach the eyes of that class of people whom we aim to bring to this city.

16. To endeavor to secure the co-operation of people everywhere throughout the city and island by showing them the direct cash results from a successful promotion of the work.

Mr. Hitchcock heartily commended the scheme. Ordinarily much mining property in the north, she watched with the same feeling and pride all that affects the development and advancement of this country, and wanted Victoria to have just such a boom as that which has caused Seattle to flourish. In the course of a happy address the speaker expressed his confidence that this city could rival any other in the world in the number of people who come to this city every year from being a sportsman's paradise.

SEEKING THE WILY NORTHERN REDSKIN

THEY TOOK TO HILLS WHEN POLICE LANDED

Signal Canoes Warned the Rancherie of the Arrival of the Quadra—A Successful Expedition.

Last night Superintendent Hussey, of the provincial police, together with the little force of men whom he took north with him for the purpose of capturing if possible the troublesome braves at Kingcombe Inlet, returned to the city, having accomplished their object with marked success as told in the telegraphic columns of the Times last night. It was expeditionary carried out, without any firefights, and the whole moral effect was most beneficial to the tribe, and encouraging to the missionaries and white settlers. The latter have had to put up with a good deal of insolence from the bucks, and they feel very grateful to the combined Dominion and provincial authorities for their prompt action.

Intelligence of the projected expedition had reached the Indians long before the Quadra dropped anchor in Kingcombe Inlet, for the papers had reached the whites, and through them the redskins. The sequel demonstrated that the Indians had decided to circumvent the plans of the police, and had laid elaborate plans to do what he could towards the association.

P. H. Eaton told of what the efforts of the Dominion & Atlantic Railway and the Pacific Great Eastern had done in the East. H. Greer would be willing to do all in his power to help out the association, and pointed to what had been done in a small way in the advertising of the Dominion & Atlantic Railway.

D. R. Ker, who has just returned from the East, said that every progressive city in the East had taken steps to advertise its attractions, but he had not seen any pamphlets, booklets, etc., regarding Victoria while he was away. He thought that the hotel accommodations in this city were well improved, and that the high board fees, and suggested that transportation companies might better work together for the advancement of this city's interests, and better use of in the hands of the association.

Mr. Ingrin then moved that a committee be appointed to draft the articles of the association and to solicit subscriptions.

Mr. Macdonald in seconding the motion, paid Mrs. Hitchcock a compliment on her inspiring address. He suggested that Victorians individually make their homes as beautiful as possible, but they could not be expected to do this if the exacting policy of the council was to be exercised in regard to water. He knew of one place over the Bay that was no longer kept up to its high state of perfection because of the expensiveness of the water required for the purpose.

The motion was then adopted and the following were appointed a committee to carry out its provisions: Messrs. Harnack, Jones, Challoner, Blackwood, Abbott, Ker, Gosnell, Fraser, Cameron, Lugin, Clarke and Mayor Hayward.

The first equestrian statue erected in Great Britain was that of Charles I. at Charing Cross, London.

MAKE THE FARM PAY

Progressive stock breeders, dairy-men, poultrymen, grain, root and fruit growers, beekeepers, agricultural students, and home makers find the articles and answers to questions in every issue of the FARMER'S ADVOCATE and HOME MAGAZINE.

If you are not already a subscriber you will find it helpful, best printed and beautifully illustrated farmer's paper published, we invite scrutiny of a sample copy. A post card will bring it free. Address:

THE WILLIAM WELD CO. Limited, LONDON, CANADA.

P.S.—The subscription price, \$1 per year, includes also the superb Xmas Number.

Dallas Helmenek seconded Mr. Lugin's motion, and expressed himself as thoroughly in sympathy with the movement.

E. E. Blackwood agreed with the suggestion that the transportation companies should help in the movement. As for the distributing of advertising matter, he felt sure that all the different companies would do what lay in their power, but the association should arrange for the placing of men at all the most important points, and felt that many benefits would accrue from the formation of the organization. He hoped it would take definite shape and derive the success it deserved.

Steve Jones thought that the association would fill a long-felt want. He referred to Victoria's charm of climate, location, etc.

"Last winter," he said, "no less than 72,000 visitors went to Los Angeles, and that city has nothing in the world to depend upon but its climate. Eleven years ago that city was a dirty place of about 40,000 people. Last winter what did I find there? I found a city of over 100,000, with its lovely homes—built to a great extent by Eastern capitalists just spend a couple of months in the sun, take the horses and bring them back to their lovely streets and its hotels—the equal of any on the continent for size, magnificence of design, and the manner in which they are conducted. It was no later than the other day when I saw in a hotel journal that Los Angeles and New York were the best hotel cities in America. We have not Southern California's climate in the winter, but in the summer our climate is as far ahead of our neighboring cities, or I might say, Washington, Idaho, Montana and Oregon, as California is over many of the states west of here. I make an effort to advertise Victoria in the adjacent states, and the draws most of her winter patronage. From my experience I am satisfied if we would only make an effort to advertise Victoria in the adjacent states, the results would exceed by far our most sanguine expectations."

In conclusion, Mr. Jones said what was needed to make the association a success was strong support, and he felt sure, from the manner in which funds had been raised for advertising the city as a Klondike outfitting point, that this would be forthcoming. He personally would do what he could towards the association.

Mr. Ingrin then moved that a committee be appointed to draft the articles of the association and to solicit subscriptions.

Mr. Macdonald in seconding the motion, paid Mrs. Hitchcock a compliment on her inspiring address. He suggested that Victorians individually make their homes as beautiful as possible, but they could not be expected to do this if the exacting policy of the council was to be exercised in regard to water. SHORT-PAULINE.

Pretty Wedding Last Night at Christ Church Cathedral.

The marriage took place last evening in Christ Church Cathedral of Mr. Nugent Short to Miss Sarah Pauline, of Oak Bay. The event excited considerable interest among the friends of the contracting parties, and there was quite a large attendance of guests.

The ceremony was performed by the Rev. Canon Beauland. The groom was attended by Mr. W. Fraser, and the bride by Miss S. Short, sister of the groom.

After the ceremony the bridal party and guests drove to the residence of the bride's parents, where a bountiful supper was spread. Afterwards the evening was given over to amusements, dancing being prolonged until an early hour.

The newly wedded couple were the recipients of many handsome presents from their friends, including those of the 5th Regiment, which the groom has long been a valued member and non-commissioned officer.

FIRST SESSION OF ANNUAL CONVENTION

Enthusiastic Meeting of Sunday School Delegates Held Last Evening in the First Presbyterian Church.

There was a large attendance, despite the inclemency of the weather, last evening at the second annual convention of the British Columbia branch of the International Sunday School Association.

The success of the first session of the convention, which was held in the school room of the First Presbyterian church, augurs well for that of the remaining sessions.

A service of song, led by E. A. Lewis, opened the meeting. N. Shakespeare then gave the opening exercises, after which the delegates were heartily welcomed in a nicely worded speech by John Meston. The Rev. R. B. Blyth in a splendid address replied. Noah Shakespeare then gave a review of the work done during the past year, outlining the splendid progress made in the Sunday schools not only in the city, but at other points within the province. He pointed out that since the annual convention of last year the Sunday school workers had been more conscientious, and their efforts to carry out the desires and opinions expressed by the last convention had made great progress. He then went on to mention some of the results of the work.

One was that three district branches of the association had been formed in the province. These were located in Victoria, Nanaimo and Vancouver, all of which were doing splendid work. In addition to the regular work of the association, the speaker said, was a system whose object was to get all babies up to three years of age enrolled in a Sunday school. This was done by obtaining the name, chief, and his son, Klachilas, through the interpreter, Mr. Hussey. Through his name, and through the superintendent of the department sending it on its birthday a lithographed card. This would be in the custody of an interested party, and the child would be notified of its birthday, and could not fail to be of immense benefit to the schools. A normal class had also been organized, and was doing splendid work. Besides, the speaker mentioned that the association had been formed in the province. These were located in Victoria, Nanaimo and Vancouver, all of which were doing splendid work. In addition to the regular work of the association, the speaker said, was a system whose object was to get all babies up to three years of age enrolled in a Sunday school. This was done by obtaining the name, chief, and his son, Klachilas, through the interpreter, Mr. Hussey. Through his name, and through the superintendent of the department sending it on its birthday a lithographed card. This would be in the custody of an interested party, and the child would be notified of its birthday, and could not fail to be of immense benefit to the schools. A normal class had also been organized, and was doing splendid work. Besides, the speaker mentioned that the association had been formed in the province. These were located in Victoria, Nanaimo and Vancouver, all of which were doing splendid work. Local News.
CLEANINGS OF CITY AND PROVINCIAL NEWS IN A CONDENSED FORM.
 (From Friday's Daily.)
 —At a meeting yesterday of the Victoria Terminal Railway Company, Mr. Hinch was elected president, E. Macgowan vice-president and Captain Mackenzie managing director.
 —An inquest was held yesterday afternoon to ascertain the circumstances of the death of the late Geo. Fielding. The jury returned a verdict of death from natural causes.
 —Geo. Homer, who was only recently liberated from the police station, where he was detained for vagrancy, has been taken to the New Westminster asylum, having been pronounced mentally unsound.
 —Application for a divorce has been lodged in the Supreme court here by James Preston, of Cadboro Bay, from his wife, Ruth Preston, on the usual grounds. Guy S. Broughton, an employee of the Powder Works, is named as co-respondent, and \$5,000 damage is sought from him. Higgins & Elliot are acting for the petitioner.

—Yesterday contents of the sloop in which Frank Nicholes and Geo. Kates took flight after the murder of Tom Netes were found near the place where the two men landed at Albert Head. They were contained in a box, and consisted of some sugar, a nickel clock, a lemon and salt, white bundle concealed in a tree held blankets, hats, oilskins, rubber boots and concertina. These articles were brought to the city yesterday.
 —There was a lively time at the fire department headquarters last night. In some manner the wires connecting with the drops crossed the tramway wires, and the chains stretched across the street became charged. One of the horses, Dave, fell on his chain and was instantly electrocuted. Prince, another, received a severe shock, but recovered. Dr. Hamilton, who was called, examined the dead horse but could find no marks. Dave was one of the truck horses. This rather disastrous incident occurred about 8 o'clock.

—Geo. Kelly, of this city, has received word of the death of his father, Jas. Kelly, at North Sydney, N. S. W. He was 86 years of age and had lived in this city previous to his death in possession of health and faculties to a remarkable degree. He had been ill less than a week. Mr. Kelly was one of the best known and most highly esteemed residents of North Sydney, having been associated with the growth of the place from its earliest history. For the past twenty years he had been in the ship chandling business. He leaves a widow and five sons, George, who resides here, Charles, of Boston, Wm. F. L., and Frank, of Sydney.

—Despite the inclemency of the weather the Institute hall was well filled last evening on the occasion of the concert given by the Black Diamond Minstrels, of H. M. S. Warspite, in aid of the widowed mother of the late Edward Lankhear, of H. M. S. Sparrowhawk. A splendid program was given, and the roars of laughter which greeted the jokes and frolics of the strollers showed very forcibly the appreciation of those present. The concert, under the management of E. Higgins, created quite an impression, as did also the comic selection, "Ringtailed Coon," by W. Salk. R. Stenhouse, who sang the Saturday hymn, and the sketch, "Caught in His Own Trap," was most amusing. The performance was an undoubted success.

—The marriage of Mr. Christopher Gabriel Hitt, bookkeeper of the Albion Iron Works, to Miss Jeanette Kearton Gabriel, was solemnized by Rev. Canon Redman, at Christ Church cathedral at 8 o'clock on Wednesday evening. The groom was supported by his brother, Mr. Thos. Hitt, and Mr. J. H. Johnston, and the bride, who was given away by her brother, Mr. W. V. Gabriel was attended by Miss Hitt, sister of the groom, and Miss Kate Lovell, the two little nieces of the bride, Misses Elsie and Margaret Hedding, acting as flower girls. A reception was held at the residence of Mr. and Mrs. T. Redding, on Craigflower road, where the many friends of the happy couple offered their congratulations. The many handsome presents showed the popularity of the bride and groom. They left by the Charmer for Vancouver and other cities on the Mainland, where their honeymoon will be spent, after which they will make this city their home.

—There was a good attendance at the meeting last night of those interested in kennel matters, held at the Oriental hotel. The session was really a meeting of the members of the Vancouver Island Kennel Club, in conjunction with local dog fanciers, for the purpose of making arrangements by which a greater interest can be created in matters pertaining to the club. The principal business discussed was the membership fee. It seemed to be the opinion of the greater number of those present that a smaller membership fee and a larger number of members would be the advantage of the club. With this object in view, it was decided that a committee, which was appointed, should be given the power to endeavor to get a membership of one hundred at a \$2 a head fee. This is a considerable reduction over the present entrance charge, which is \$25. If the committee is successful in their efforts before the next meeting, this plan will be adopted; if not, other means will be devised.

—A six-inch gun is lying on a flat-bed at Russell station, and has been labelled by some joker "Long Tom, captured from the Boers." It is for one of the forts at Esquimalt, and has been forwarded from Halifax for that purpose.
 —The golden wedding of Mr. and Mrs. T. Mitchell, of Saanich, was celebrated yesterday.

—The couple came round the Horn in 1882 to Esquimalt. Mr. Mitchell afterwards mined in Cariboo, but has resided for the last 33 years in Saanich, where to-day their descendants number six children and fifteen grandchildren.

—At the barracks last night the dancing club of the R. G. A. held a dance, there being present about twenty couples. The music was in a good form combined to enable those present to spend a thoroughly enjoyable evening. A farewell ball will be given to the departing members of the Garrison on Tuesday evening next.

—An accident occurred on the Victoria & Sidney railway yesterday, wherein two wood cars and a passenger coach left the rails. The mishap occurred as the train was returning from Sidney, and when it was nearly opposite Elk lake. Fortunately no one was injured, and the service was only slightly interrupted, the trains being run on time to-day.

—At the Centennial Methodist parsonage yesterday afternoon Rev. W. H. Barraclough, B. A., united in the holy bonds of matrimony Mr. Ambrose P. Winger, late of Warton, Ontario, Wm. Winger acted as best man, while the bride was attended by Miss Matilda Black. The newly married couple will reside in this city on Upper Pandora avenue.

—The date for the first of this season's series of Artistic club concerts has been fixed for Wednesday, the 4th December. It is desired to commemorate this, the club's tenth season, by providing an especially attractive programme, and the forthcoming concert is expected to receive a substantial assistance in this direction will be afforded by the services of Mrs. Anna Shelton Norton, who has been engaged to sing some solos. Mrs. Norton will come over from Seattle, and the reports from that city accord this lady with the possession of a pleasing contralto voice of more than usual merit. A feature of the present season will be certain of Barnett's setting of Coleridge's "The Ancient Mariner" by the club, assisted by ladies' voices and an orchestra. This composition ranks among the best most favorably known cantatas, the music being of a highly descriptive and appropriate character. As admittance to these concerts is only by subscription, tickets, which are issued for the series, application for membership should be made at once to the secretary, or to any active member of the club.

—The funeral of the late Oscar Olsson (the late Olsson) took place from Hannam undertaking apartments, Rev. Elliott S. Rove officiating.
 —Steamer Amer leaves for Skagway to-night. She will have as pilot Capt. McLeod, of the steamer Danube, which is now receiving an overhaul.
 —The death occurred on Friday last of Oscar Olsen, at the Jubilee hospital. Deceased was a native of Sweden, and 30 years of age. The funeral has not as yet been arranged.

—Press dispatches report the death of Capt. Annone Neustadt, one time United States consul in this city. He was an over and over again a member of the Edgemont, Ill., on Thursday last. He was in his 79th year.
 —G. A. S. Potts is announced as a candidate in the government interest at the approaching by-elections in Victoria. To the friends who waited upon him Saturday he announced his willingness to enter the fight provided his committee made arrangements to finance the election, which personally he felt unable to undertake. This was agreed to by the deputation.

—A petition has been in circulation in Victoria West asking the board of licensing commissioners to cancel the license to St. George's inn, in view of the facts disclosed during the trial of Rex Galt, owing to the disorderly character of the house, its deprecatory influence upon land surrounding it, and the fact that the needs of the soldiers and sailors are not amply provided for in the tents at Esquimalt and at Work Point.

—The E. & N. railway will run an excursion to Nanaimo on Thanksgiving Day for the purpose of giving Victoria an opportunity of witnessing the game to be played at the Coal City between the Victoria and Nanaimo Association football teams. Trains will leave at 9 a. m. and 5 p. m., and a train will leave Nanaimo at 5.30. Two dollars will be the charge for the round trip.

—Now that the winter is approaching, the demand for reading matter in the country districts is becoming more imperative, and the provincial library is receiving applications for the travelling libraries which were instituted some years ago. Two are now being prepared by the provincial librarian, one of them being destined for Lower Nicola, and the other for Langley Prairie. These will go out this week, while two others will be sent to other parts of the province as soon as the necessary forms are filled.

—Householders intending to qualify for the forthcoming municipal election are reminded that they have only a few days left in which to make the necessary arrangements. So far only about one hundred and sixty odd have qualified, and the time is drawing to a close, expiring on Monday, December 2nd. Through the kindness of the provincial librarian, the time is drawing to a close, expiring on Monday, December 2nd. Through the kindness of the provincial librarian, the time is drawing to a close, expiring on Monday, December 2nd.

—THOSE WORRYING PILES—One application of Dr. Anson's Ointment will give you comfort. Applied every night for three days and a cure is effected in six to eight cases of Hemorrhoids, Piles, Itching Piles, and all itching and burning skin diseases. It acts like magic. 35 cents. Sold by Jackson & Co. and Hall & Co.—12.

WERE SATISFIED WITH NO EVIDENCE

JURY'S VERDICT NOT APPROVED BY JUDGE

Mr. Justice Drake Says That in Nicholas Case Their Decision Was Contrary to His Views.

In Chambers on Saturday before the Hon. Mr. Justice Drake, argument on the motion for directions as to the costs of the London commission in the case of Nicholas vs. Nichol, which was adjourned from Thursday last to permit counsel for the accused to put in an affidavit in reply to affidavits on behalf of the prosecution, was resumed, and after the question under consideration had been gone into very fully by both sides, His Lordship reserved his decision, intimating that his decision, when given, would cover the point as to whether the accused is entitled to recover the costs of the two abortive trials in addition to the costs of the third trial upon which a verdict was given in his favor, although the present motion was directed solely to the question of the commission costs. Section 833 of the Criminal Code, the defendant is entitled to recover his costs, reads as follows: "In the case of an indictment or information by a private prosecutor for the publication of a defamatory libel, if judgment is given for the defendant, he shall be entitled to recover from the prosecutor the costs incurred by him by reason of such indictment or information." The argument narrowed down practically to the question of what can be considered in this case as costs properly "incurred by reason of such indictment or information." Mr. Cassidy, on behalf of the prosecution, contending that since the commission evidence was not put in upon the third trial the expenses in connection with same were unnecessary, directing his argument to the question as to whether the costs of the two abortive trials, and the costs of the first two trials, and citing numerous authorities to support his contention that such costs should not be allowed.

On the other side Mr. Langley, for the accused, submitted that since upon the first trial the prosecutors themselves refrained from entering the witness box the commission evidence had then to be given by the accused, and that the expenses incurred by the accused in connection with the commission evidence were not put in upon the third trial the expenses in connection with same were unnecessary, directing his argument to the question as to whether the costs of the two abortive trials, and the costs of the first two trials, and citing numerous authorities to support his contention that such costs should not be allowed.

NOVEL READING. Bishop Perrin Advises Young Men to Discard Trivial Books.

The Lord Bishop of Columbia indicated Rev. W. H. Perrin to the rectorship of Saanich on Sunday morning at North Saanich. In the afternoon His Lordship delivered a most impressive discourse in Saanich church, alluding to the prevalent custom of youths throwing away all works of study for the more trivial novel. His Lordship condemned the practice as being detrimental to both body and mind, and earnestly advised young men to take hold of some more solid book and to master it, and then, His Lordship added in solemn tone, "you will find something that will be of real value." His Lordship pointed out that in farming alone there was enough science involved to satisfy the most fastidious of learned men, and that the study of the science of farming would enable that of the student to have a large congregation, and judging by their attentive manner His Lordship must have made a deep impression.

CLOSING SESSION OF S. S. ASSOCIATION

Election of Officers for the Ensuing Year—The Final Meeting Held Last Evening.

The convention of the British Columbia branch of the International Sunday School Association held its closing session yesterday evening at the First Presbyterian church, closing with a good attendance. The convention all through has been most successful in establishing between the different Sunday schools of the city and other points common bonds of interest which cannot fail to have a beneficial effect on all Sunday school work in the province. The different addresses given by the Rev. W. C. Merritt, secretary of the Washington State Sunday School Association, were not only interesting and attractive, but most instructive, and all who heard him give an address went away with a better idea of what the Sunday schools are striving for.

On Saturday evening there was a fair attendance at the meeting, N. Shakespeare, the president, as usual, presiding. Wm. Gregson led a service of song after which Mr. Shakespeare conducted the opening exercises, reading a paper entitled "The Sunday School, the Churches' Opportunity." This was discussed with enthusiasm, and those present generally concurring with the views expressed by Mr. J. M. Campbell in his address. Two other papers were also read, one by George Carter on "Decision," and the other by Horace J. Knott on the "Home of the Future," which were much appreciated and were freely discussed.

The business of the annual election of officers then occupied the attention of the convention. Mr. Shakespeare, the president, did not wish to stand for re-election, stating that he would rather retire and give another opportunity of taking the office of president of the association. This was unanimously requested Mr. Shakespeare to reconsider his decision. On this persuasion Mr. Shakespeare consented to stand for office. The other officers chosen were as follows:

Vice-President, Mr. McQueen, Vancouver; secretary, Mr. H. J. Knott, Victoria; treasurer, Mr. J. M. Campbell, Victoria; committee, John Meston, Victoria, E. A. Lewis, Victoria; Geo. Carter, Victoria; R. B. McKelvie, Victoria; H. N. Roberts, Victoria; W. Martindale, Nanaimo; J. C. Brown, New Westminster; D. B. Rissland; D. Proctor, Kamloops; Mrs. A. Stocks, Nelson.

The mass meeting last evening as mentioned was well attended. The Rev. J. V. Vichert gave an excellent address, which was much appreciated, after which A. Huggert, chairman of the resolution committee, read his report, which was adopted. The address of the Rev. W. C. Merritt was then delivered. As usual he enchanted those present with his engaging mannerism, and his instructive and instructive address. On the completion of his speech, a resolution was passed around on which any desirous of asking questions wrote what they had to say. These were afterwards gathered up and answered by the Revs. W. C. Merritt and Vichert. The convention closed in the usual way.

MARRIED IN CALIFORNIA.

Robin W. Dunsmuir and Miss Schoobert United in Wedlock at San Salito Saturday.

Robin W. Dunsmuir, of this city, and Miss Manu Schoobert, daughter of Mrs. J. Schoobert, were united in marriage at San Salito, California, on Saturday afternoon. The ceremony was performed by Rev. Charles Miel, of Sacramento, assisted by Rev. Andrew Wilson. The church in which the marriage took place was beautifully decorated, while a large number witnessed the ceremony.

The bride was met at the altar by the bridegroom, Miss Agnes Shepard, Miss Constance Barrows, Miss Reed Hutchins, Miss Addie Berthier, Miss Olive Hamilton, Miss Manie Polhemus, Miss Elizabeth Anes and Miss Frances Jackson. They carried bouquets of white lily, and carried maidenhair and asparagus ferns bouquets with long tulle streamers.

TRIAL OF ELDER BROOKS COMMENCED

EVIDENCE ON CHARGE HEARD THIS MORNING

The Elder Pleads Not Guilty to the Charge of Manslaughter—Unrepresented by Counsel.

Elder Eugene Brooks, of the Zionite church, was arraigned in the Supreme court this morning, before Mr. Justice Drake, on a charge of manslaughter in the death of the daughter of the late Rogers children. There were four counts in connection with the death of each of the two children, three each under the Criminal Code and one each under the Common Law.

The prisoner was unrepresented by counsel, Deputy Attorney-General McLean appeared for the Crown. The prisoner pleaded "not guilty," and Mr. McLean then filed the evidence of the elder in the Brooks trial as admissions. Stenographer Gilbert took the box, and read the deposition of the accused on that occasion.

After the reading of the deposition defendant was asked if he had any questions, and replied negatively. William Wynthall, night clerk in the C. P. R. office, was then called to the witness box. He testified to having received a message and taken to the court as exhibit No. 3, and dated September 3rd. He received it about 10 o'clock on the night of that date. The message was addressed to Dr. Dowle, Chicago, and asked that that divine pray for the patient.

Defendant acknowledged having sent the telegram. John Rogers was next called. He lived at No. 22 Sayward avenue at the time his little girl was sick. On the 3rd of September there were six members in his family. His oldest son was a little past eight and the baby a little over six months old. Illness broke out about three weeks before the death of the little girl on the 4th of September. The little girl took sick first and complained of sore throat. His wife afterwards complained, and then the other took ill. He was of the opinion that the sickness was the diphtheria, bronchitis or lung trouble, but towards the last was inclined to believe that the disease was diphtheria. Witness sent for the defendant on September 23 to pray for the little girl, but she accused had been there before. Witness had not administered any medicine. He did not do so because he had no faith in physicians or drugs, considering it wrong to employ either. It was not because he was too poor to employ them. Witness was a member of the Christian church for about 18 months.

Mr. McLean—"Did you ever hear the use of defendant preach against the use of drugs or stimulants?" "Yes." "Mr. McLean—"Mr. Brooks is one of those men who led you to follow the use of drugs in respect to the disease treatment of the children?" "Yes."

Witness thought that he was. Brooks, after sending off the telegram, had returned to his house and remained there all night. Mrs. Mally had come about 10 o'clock, and stayed for a while, returning to the house after the child died. Mrs. Brooks had also come about the time the child died. Accused had done nothing more than pray for the little girl. Sometimes the defendant placed his hands on the head of the child and sometimes he did not. Witness was not present at the death of his second child. Defendant then asked if Mrs. Brooks was present after or before the relapse of the child.

Witness—"I think she was in the house."
 Mrs. Rogers was the next witness. She was the mother of the little child who died. She was opposed to using drugs or employing doctors. She had been converted to Christian Science church by reading Leaves of Healing and by hearing the accused preach. On one occasion prior to her little girl's death Elder Brooks had told her it might be diphtheria. Witness did not fear the disease, although knowing from what others told her that it was dangerous. She realized that about five minutes before the end of her life she was dying. She did not know that the little boy was ill until the morning that the little girl died.

Mr. Brooks—"What reason had you for believing that 'God would heal'?" Witness—"He had healed in a case of measles, of scarlet fever and in the case of the eldest boy."
 Mr. Brooks—"The words were put in your mouth that you were converted to Christian faith by my preaching."
 Witness replied that she had been converted from reading the Leaves of Healing and from hearing the accused and others preach.

W. J. Hanna, the undertaker, testified of having been notified of the death by Elder Brooks and of his having been told by his informant that it was a case of diphtheria. He had notified the authorities of the case.
 An adjournment was then taken until 2 o'clock this afternoon.

Gordon A. Starr, an old and well known resident of Brockville, Ont., and Mrs. Starr, arrived in Victoria on Saturday with the intention of making their home here.

AFTER BABY COMES

The Disappointments of a Weak Mother.

After the baby's coming the weak mother often has her first great disappointment in not being able to nurse her child. Perhaps she is not strong enough to sustain more than her own life during the days of slow convalescence. Perhaps there is a lack of the secretions which make the baby's food. In any case she feels robbed of half the joy of her maternity because she cannot nurse her child. And she envies the healthy woman who cares for it and who permits the mother to occasionally see and caress her own baby. If women would consider the matter they could hardly expect to be strong after the baby's coming if they were weak before. The woman who suffers during the prenatal period—who is nervous and sleepless and without appetite, is exhausting her vitality before the hour of trial, and when that time comes her very weakness increases her sufferings and prolongs them. It is no wonder, if, after the baby is born, the mother has no strength to nurse it, that one great necessity for happy motherhood is good health.

The Secret of Healthy Motherhood lies largely in the proper preparation for the great physical strain and drain which women undergo at such a time. A proper preparation for maternity will keep the nerves tranquil and the temper even; it will encourage the appetite and give restful sleep. It will enable the mother to actively engage in her household duties until the time of the baby's arrival, and give her strength to give her child.

Because it does all this and more women have named Dr. Pierce's Favorite Prescription "A God-send to mothers."
 "I take this opportunity of expressing my everlasting gratitude to you for the wonderful benefits I have received from the use of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. E. H. Newton, of Vanburen, Arrostook Co., Maine. "My child was born in May, 1890, and for weeks after I was delirious. My friends did not know whether I would live or die. The doctor in attendance did not give much encouragement, and said that if I did get well I would never live through another such period. When I consulted you in April, 1890, I was in poor health; had been sick all winter, and to add to my trouble, was not reading to what the doctor said would end my days. I was almost discouraged, but did not expect any help, but thought the end was only a matter of time, and—oh!—my two poor, little, motherless children."

I am the mother of five children, and have been as high as eight days in the doctor's hands, and never less than two days at any time until the last. Then I had used two bottles of Dr. Pierce's Favorite Prescription, and was only two hours in the hands of the doctor."
 Really Wonderful Results.

Read the letter of Mrs. Rose carefully and you will realize why she cannot praise "Favorite Prescription" too highly. The difference between the usual and ninety-two hours suffering reduced to two hours by the use of "Favorite Prescription" explains her gratitude, but cannot express it. It takes a woman and a mother to understand all that can be possible in one hundred and ninety-two hours of suffering at maternity.

Dr. Pierce's Favorite Prescription not only gives the mother strength in the period of waiting, but it cures or prevents nausea, and makes the baby's advent practically painless. It is the best tonic and nerve for nursing mothers, and it increases the secretion of an abundance of nourishment for the child while giving strength to the mother. All alcoholic and stimulating medicines are particularly dangerous to nursing mothers, or in the period of convalescence which follows the baby's birth. "Favorite Prescription" contains no alcohol, and is entirely free from opium, cocaine and all other narcotics. It is real necessary, body-building medicine.

Free to Mothers.
 Dr. Pierce's Common Sense Medical Adviser, the best modern medical work, is sent free on receipt of stamps to pay for the cost of the medicine. It is real necessary, body-building medicine.

THANKSGIVING SERVICE. Special Services Provided in the St. Andrew's Presbyterian Church on Sunday.

Thanksgiving services were held in the St. Andrew's Presbyterian church on Sunday. Large congregations were present morning and evening. At the former the children of the Sunday school took part. They were assembled in the front seats of the church, and joined in the singing. A special programme of music on which Miss Bethel Green, Mrs. G. J. Burnett, F. Waddington and H. J. Cane were the soloists was provided. In the evening Dr. Pierce's music was also furnished, the choir being one of the strongest heard in the city for a considerable time. Miss M. Murray, F. Waddington and A. T. Goward contributed solos, while the choir, with G. J. Burnett presiding at the organ and Herbert Taylor leading, were heard to good advantage, being strong, well balanced and under good control in chorus.

Rev. W. Leslie Clay's pulpit remarks were in keeping with the event. Preceding his address by pointing to the omnipotence of God, he stated some of the reasons why all should be thankful for the presence of God in the world. He said why provincially and nationally there was reason to feel grateful. Harvests had been so bountiful that the wealth of the land was overflowing into other lands. There had been complaint in our mining industry, but he saw no reason to feel miserable with those who complained. So long as four stakes in the earth and some glittering pieces of quartz in a window was all that was done towards developing rich resources, what else could be expected but disappointment. There had been too much speculation. It might also be said by some that nationally there was disappointment because of an unsatisfactory increase in the population, but he thanked God for this. It was not in the multitude, but in the character of the people of a country that a nation was strong. Canada's sons had the character, and he was thankful for the fact that the great Northwest and the other unsettled parts were not filled with hosts from different parts of the world until the nation had become strong enough in itself that the character of those who come may be assimilated with that here to be found.

LEGAL NEWS.
 In Chambers this morning, before the Hon. Mr. Justice Drake, the application of T. P. Browne, a contributory of the Vancouver Island Building Society, for leave to examine J. M. Read and B. Williams, president and secretary, respectively, of the society, regarding certain alleged acts of misfeasance by them in their official capacities, particulars of which charges have already appeared in the Times and the application was granted. F. Higgins appeared for the applicant, stating that the application was made under subsection 17 of section 23, and section 24 of the "Companies Winding-up Act, 1898." The liquidator had failed to take the proceedings mentioned in section 24, although duly required to do so, and these proceedings were thereupon ordered by Mr. Justice Drake, who also in support of the application he proposed to read.
 L. P. Duff, K. C., briefed by Messrs. Mason & Bradburn, on behalf of the liquidator, stated that his clients had contended that there had not been neglect or delay on the part of the liquidator to comply with the requirements mentioned in section 24, as the liquidator was engaged in checking over the vouchers of the company, and could take no steps until the audit was complete. He applied for leave to cross-examine Mr. Browne upon his affidavit before the latter's oral evidence, and the application was thereupon adjourned until tomorrow. Mr. Browne to be cross-examined in the meantime.
 Applications in Fisherman's Landing Co. vs. Winc On, for leave to sell land, and in Macdonald vs. Macaulay Bros., to fix day of trial, were stood over until the 29th instant.
 A motion in a partnership action, Bachau vs. Milne, for a receiver, and another motion in a counter action between the same parties, were stood over upon the application of A. L. Belyea, K. C. acting for the plaintiff, for the purpose to cross-examine upon an affidavit, R. Cassidy, K. C., for the defendant, applying for and obtaining leave to read such cross-examination in both actions if desired, proceedings in both actions being stayed in the meantime. The inquiry in Reay vs. Reay et al. is being proceeded with before the registrar.

"It was in this condition that I began the use of your valuable medicine. On receipt of your letter of April 6th my favorite prescribed medicine and I had given it as you directed. When you wrote me words of encouragement on April 27th I had received no benefit from the medicine, but determined as a last resort to give it a fair trial. I am now taking the thirteenth and last bottle. I have a lovely baby girl three weeks old that weighed 11½ pounds at birth. My baby and I are enjoying perfect health, thanks to your wonderful medicine. I cannot find words to express my gratitude to you, and I hope you may long be spared to perform the good work in which you are now engaged."

Mothers Ponder This!
 It is not you only who suffer when your are weak during the term of maternity, but your child must suffer also. It can have only that strength you can give. Your nervousness, fretfulness and fearfulness will leave a life-long impress upon your child, and while you in a few weeks will recover from the effects of the trial you have undergone, the baby's whole life will reflect the influence of those months of maternal misery.

If you are not a strong, healthy mother by your own means, you owe it to your child to use those means at any cost. It is a matter of recent record that thousands of women to whom maternity was a menace and a misery have been made happy by the use of Dr. Pierce's Favorite Prescription, which gives a boundant strength and makes the baby's advent practically painless.
 "I cannot say too much for Dr. Pierce's Favorite Prescription," writes Mrs. E. E. Rose, of Big Otter, Clay Co., West Va. "I feel it my duty to say to all women who are suffering from female troubles and a mother to understand all that can be possible in one hundred and ninety-two hours of suffering at maternity. Dr. Pierce's Favorite Prescription not only gives the mother strength in the period of waiting, but it cures or prevents nausea, and makes the baby's advent practically painless. It is the best tonic and nerve for nursing mothers, and it increases the secretion of an abundance of nourishment for the child while giving strength to the mother. All alcoholic and stimulating medicines are particularly dangerous to nursing mothers, or in the period of convalescence which follows the baby's birth. "Favorite Prescription" contains no alcohol, and is entirely free from opium, cocaine and all other narcotics. It is real necessary, body-building medicine."

WHAT THE SMART PARISIENNE IS WEARING

VELVET THE POPULAR MATERIAL.

Velvet gowns are very chic this season, and are worn for all occasions. This is not saying that cloth costumes have gone out of fashion, although one might think so to judge by the number of the velvet ones that are made up. For morning wear, the styles are much simpler than for the afternoon—in fact, they copy closely after the cloth. They are in the simple tailor styles for street wear in the morning and the elaborately trimmed and light colored velvets for the afternoon.

Black is exceedingly popular, but the different shades of brown are also considered desirable, and gray in all shades is still in demand. There are also costumes made in a blue green, a sapphire blue and a dark hunter's green, but one sees many more black than anything else.

These same models are used for velvet, which is as fashionable this year as velvet and is manufactured of most beautiful quality and texture, so that it is almost impossible to tell it from the velvet.

As a rule, velvet and velvet gowns are worn only in the street, but there are some few models made up for the house. These, however, are as a rule of velvet. The velvet is for dinner dress only, and then trimmed with point lace, as usual, or with some embroidery done on the velvet itself.

A very smart costume shown in the illustration on the left can be made of either cloth or velvet. This special model is made in cloth, a rich sapphire blue, trimmed with applique of red cloth, or which is an embroidery of black and white. The skirt is made of four ruffles, edged with red cloth. The three-quarter length coat has revers, collar and cuffs of red cloth, with white embroidery, and the waistcoat is of white. A jabot of lace covers the house waist under the coat. The hat worn with this costume is of red velvet, with a black plume and a rhinestone buckle at the side.

Another smart model gown is of black cloth, with a plain front breadth, trimmed at either side with narrow founces, which widen out gradually at the foot of the skirt, which is quite wide at the back. The coat has three capes and wide lapels of white satin, on which are

narrow lines of black. The front is of black velvet, with tiny gold buttons. There is great effort being made to bring back the sensible short skirt for walking gowns, but as yet the attempt has not been universally successful, for it must be admitted that no short skirt ever looks so chic as a long one and is not nearly so becoming. One good style of short skirt is made up in a rough gray cloth, trimmed with bands of black velvet, edged on either side with red braid and through the black velvet nail heads of black.

The skirt fastens at the side, under a band of the embroidery, and is short enough to clear the ground without giving any effect of the golf skirt. The jacket is a short bolero, trimmed with the same embroidery, and the lapels are much more elaborately braided with it. A blouse waist worn under this jacket is of black and red velvet that contrasts well with the gray of the costume. In velvet one of the smartest models of the year is the gown shown in the illustration on the right. It is of hannelton colored velvet, trimmed with chinchilla. The skirt has a plain front breadth with an attached founce at the sides and back, headed with a stitched fold of the velvet. The entire skirt is edged with a band of chinchilla. The collar and lapels are faced with chinchilla, and in circling the shoulders continue in the form of a stole down the front of the waist, bordered with the same fur. On the front of this stole model is made in cloth, a rich sapphire blue, trimmed with applique of red cloth, or which is an embroidery of black and white. The skirt is made of four ruffles, edged with red cloth. The three-quarter length coat has revers, collar and cuffs of red cloth, with white embroidery, and the waistcoat is of white. A jabot of lace covers the house waist under the coat. The hat worn with this costume is of red velvet, with a black plume and a rhinestone buckle at the side.

One of the few models for a velvet gown to be worn in the house is seen in an illustration here presented and is made up of ash-colored velvet. The waist is in jacket effect, with long hip pieces, and on the front of the waist are bands of embroidery, while the front and belt are of cream cloth. The embroidery consists of garlands of pink roses embroidered in silk and chenille. There are double pointed shoulder capes edged with bias folds of cream-colored cloth. The

skirt is made with three overlapping founces edged with white cloth, and the whole skirt is marvellously well cut, for the founces do not give any added fullness to the figure.

Fashions in millinery are unusual smart this season, and, as there is such a variety of shapes to choose from, it would be quite inexcusable for a woman

bound with black velvet. Directly in the front of the hat is a rosette of pamine velvet with a jet button in the centre. Caught by this rosette is a long white ostrich plume which covers the brim at the left side and falls down on the hair at the back.

Hats worn over the face are all the style, but there are just as many now worn off the face to show the hair low on the forehead. There are one or two shapes that are quite like the old-fashioned poke bonnets, but without strings.

Another illustration shows this modified poke made in black velvet, with two ostrich tips inside the brim and one long one at the back around the crown, and with a bow of black velvet at the back of the hat caught with a rhinestone buckle. Many of the hats are made to match the costume; others are of contrasting colors.

The hat shown in the velvet costume carries out the color and material of the gown, for it is made of brown velvet and is trimmed with gray and brown ostrich feathers. In the front of the crown is a long, narrow buckle of rhinestones.

The muffs in the new oblong shape, and in circling the shoulders continue in the form of a stole down the front of the waist, bordered with the same fur. On the front of this stole model is made in cloth, a rich sapphire blue, trimmed with applique of red cloth, or which is an embroidery of black and white. The skirt is made of four ruffles, edged with red cloth. The three-quarter length coat has revers, collar and cuffs of red cloth, with white embroidery, and the waistcoat is of white. A jabot of lace covers the house waist under the coat. The hat worn with this costume is of red velvet, with a black plume and a rhinestone buckle at the side.

Baby's Own Tablets

Babies never cry unless there is some very good reason for it. The cry of a baby is Nature's warning signal that there is something wrong. Every mother ought to set to work immediately to find what that something wrong may be.

If the fretfulness and irritation are not caused by exterior sources, it is conclusive evidence that the crying baby is ill.

The only safe and judicious thing to do is to administer Baby's Own Tablets without the slightest delay.

For Indigestion,

sleeplessness, irritation accompanying the cutting of teeth, diarrhoea, constipation, colic, simple fevers and as a relief from the results of croup, these marvelous little tablets have given relief in thousands of cases and saved many precious lives.

Remember that they contain absolutely no opiates or other harmful drugs.

They are purely vegetable—Nature's own remedy, compounded with scientific care and never failing in their pleasant results. Dissolved in water they can be given to the smallest child.

Baby's Own Tablets are for sale at drug stores and if you do not find them without difficulty send direct to us for them and we will forward them on receipt of the price, 25 cents per box.

THE DR. WILLIAMS MEDICINE CO.,
BROCKVILLE, ONT.

Good for all Babies; Try Them for Your Baby.

Women of the Nile.

BY HARRY A. ARMSTRONG.

Many mysteries are hidden by the muddy waters of the Nile, and those who live along its shores well know. And there is little wonder in this, for Egypt is older than all history, and the customs are handed down from generation to generation, and the stories of ancient lore are forever told to the children. The Nile has swept across the lives of this people, and has crowded their minds with superstition as it filled the lowlands with abundance of the Nile as we know it.

Mahomet knew these stories as the American boy knows the tale of "Bluebeard" and all the legends of the "Arabian Nights." He told us of the women of the Nile as we crossed the bridge over the river at Cairo in the gray dawn of a June day. Below us lay the stream, black as night, with the hills on one side and the valley on the other. They lay against the side of the bluffs were houses, and they stretched off into the distance. How many of them there were or

the maiden so chosen; she was comely and learned and a Princess of the blood. But Nitocris was brave and faced her fate as one who feared not death and was willing to sacrifice her life that all the people of the valley and all the people of Egypt might be blessed. Her friends came to her, and one offered to save her by fleeing far away into a distant country. But Nitocris shook her head. The fates had chosen her for the victim, and no one should deny her the honor.

So the preparations for the cutting of the dam went on. Every day the chief passed through the streets, as he does to this day, telling in a quaint old chant the increased depth of the stream, until one night he cried "Wefa en Neel," meaning "completion," or that the water in the reservoir was high enough. Nitocris heard this cry in the middle of the night, and with her maidens, began her song to the stream, and told the God of Waters the needs of the people of the valley.

Daylight came. And it was the day that the dam had to be cut and the waters let down into the valley. The King sent word that he could not preside over the ceremonies, and that this work should be done by his Grand Vizier.

That day two carts drove up in front of the dam. In one was a strange man and a queer object. In another stood alone the victim of the waters, beautiful, defiant. The word was spoken. The Grand Vizier stooped over his shovel, and in a few moments a little stream went trickling over the side. Then all the ladies and nobles hurried to the end, where there was safety, to wait till the waters had eaten a path and swept on down the plain, as they have swept every year since the memory of man.

While the backs of the nobles were turned queer things were happening below the dam. The stranger sprang from his cart and took from the bed of it a clay image, the size and the shape of a human being. He cut the thongs with which the priests had tied the maiden and put the image in the place of Nitocris. All this was done so quickly that Nitocris did not know what was going on, and if anyone on the bank saw he must have thought this was part of the ceremony.

Quickly the King—for this stranger was none other than the King himself—carried Nitocris out of the range of the flood, and it was none too soon for the waters were above his ankles when he reached the bush

that hid his horse. The young woman was unaccounted and the King had no difficulty in holding her on his steed, which at once sped away across the valley to the hills and the desert beyond.

When the waters went down the King came back and brought with him the Royal Princess, whom the populace had mourned as dead. The friends of Nitocris had searched the valley for her body, and the clay image was found. It was declared that a miracle had been performed, and some said that the Nile was offended at the human sacrifice offered to it year after year and so had substituted this clay model. The Princess married the King and became Queen of all Egypt. After that an image was yearly set up before the dam. To this day the chief goes chanting through the streets, as he did in the days of old, and the dam is cut by the Khedive, for Egypt has no more Kings.

FORCE OF SOLDIERLY HABIT.

An amusing instance of force of habit is reported in a provincial contemporary. A lady walking in the country with a brother lately returned from the front was greatly alarmed, not at the sound of blasting from a neighboring quarry, but at her brother's falling flat to the ground at the instant. She, of course, assumed that he had been injured; but it turned out that he had been in the habit for months, by order, of prostrating himself on the veldt at the sound of a gun. Mechanical obedience of this kind has been effectively utilized in the case of suspected deserters. An abrupt shout of "Halt!" brings any man who was lately in the ranks to a sudden standstill.—The London Chronicle.

M. Berthelot, the chemist and academi-cian, will receive a gold slab adorned with a bas relief by Chaplain, in commemoration of his beginning his scientific studies at the College de France fifty years ago. The relief represents Berthelot at his working table, with the allegorical figure of Truth on one side and that of France on the other.

Winks—Those automobilists are terrible fellows for smashing records. Blink—Yes. They'll soon want to make an hour in less than sixty minutes.

A GREAT MEDICINE.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Potosi, Ark. "It cured me of blood flux, I cannot speak too lightly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cure which it effects even in the most severe cases make it a favorite everywhere. For sale by Henderson Bros., Wholesale Agents.

A COMMON DISEASE.

"Do literary people suffer much from writer's cramp?" "Yes, a great deal, but it attacks their brains more often than their fingers."

LOCAL OPINION IS STRONG IN FAVOR OF FRY-BELMAM. It cures coughs and colds with absolute certainty. Pleasant to take and sure to cure. Manufactured by the proprietors of Fry's Peppermint Cure.

how far they reached we could only guess. Mahomet sat on the seat with the driver as we rolled out toward the great pyramid, and pointed out to us the custom houses, where the caravans of camels were headed. Nitocris was the name of the mythical maiden of whom Mahomet told us, and it all happened long, long ago, according to the story-teller. Just exactly when—the year of the dynasty even—was not known. But there was a time when a woman was sacrificed every year to the Nile. This was to please the gods and persuade them to send down much water and wet the lowlands of the valley during the month of June.

The priests each year went forth into the streets where the temples stood and cast lots among those they met. If the tall-man fell upon a young woman, then that one had to stand before the dam at Cairo and meet the waters as they dashed through the opening made by the King. It came about that the tall-man fell upon Nitocris one year. And the heart of the King was filled with sadness, for he loved

LONG JACKET, MADE OF BLUE CLOTH, LAPELS TRIMMED WITH FANCY EMBROIDERY UPON APPLICATIONS OF RED CLOTH.

LEGAL NEWS.

Chambers this morning, before the Mr. Justice Drake, the application of P. Brownie, a contributory of the former Island Building Society, for an order to examine J. M. Read and B. Mans, president and secretary, respectively, of the society, regarding alleged acts of misfeasance by them in their official capacities, particulars of which charges have already appeared in the Times, came up for hearing. Mr. Higinson appeared for the applicant, and the application was made under subsection 17 of section 23, and section 24 of the "Companies Winding-up Act, 1898." The liquidator had to take the proceedings mentioned in section 24, although duly required to do so, and these proceedings were instituted by Mr. Brownie, and affidavits in support of the application were proposed to read.

Mr. Duff, K. C., briefed by Messrs. G. & Bradburn, on behalf of the applicant, stated that his clients contended that there had not been neglect on the part of the liquidator to comply with the requirements mentioned in section 24, as the liquidator was engaged in checking over the vouchers of the company, and could take no steps until the audit was complete. He applied to cross-examine Mr. Brownie, and the application was thereupon adjourned until to-morrow, Mr. Brownie to be cross-examined in the afternoon.

Another application in Cannan vs. Wing On, for leave to sell land in Macleod vs. Macaulay Bros., was made today, and stood over until next day.

Another application in partnership action, in vs. Milne, for a receiver, and for an order in a counter action between the same parties, were stood over until to-morrow.

The application of A. L. Belyea, K. C., for the plaintiff, for a writ of habeas corpus upon an affidavit, R. K. C., for the defendant, applied for and obtained leave to test the examination in both actions if the proceedings in both actions be adjourned in the meantime.

The proceedings in Roy vs. Roy et al. proceeded with before the reg-

istrar.

CONFERRED WITH THE CITY COUNCIL

FOR BETTER DRAINAGE AT JUBILEE HOSPITAL

Board of Directors Explain Comprehensive Plan Prepared by Them—They Want Assistance in Project.

A conference was held yesterday afternoon at the city hall between a special committee of the board of directors of the Provincial Royal Jubilee hospital and the city council, to discuss the subject of improved drainage facilities for the institution. The committee were accompanied with a very comprehensive plan, which was explained in detail by Vice-President R. S. Day, H. D. Helmcken and others. During the conference the discussion broadened considerably, and the efficiency of the septic tank system was questioned by Dr. Fagan, of the provincial board of health, who was present. The doctor contended that its establishment in this city was unnecessary in view of the almost perfect sewerage system Victoria already possessed, which only required elaboration and improvement.

There were present His Worship the Mayor in the chair, and Aldermen Brydson, Yates, Hall, Kinsman, Cooley, Williams and City Clerk W. J. Dowler, and Messrs. R. S. Day, C. A. Holland, H. D. Helmcken, F. Pemberton, Thomas Sheddell, Jas. Foreman and Secretary, E. Elworthy, representing the board of directors. Dr. Fagan, secretary of the provincial board of health, and Dr. Hermann Robertson, municipal health officer, were also present. The secretary of the conference, the mayor invited the committee to explain their mission.

Vice-President R. S. Day explained that a few months ago Dr. Fagan directed the board's attention to the fact that residents in the vicinity of the hospital had complained of the unsanitary condition of the box drain on Cadboro Bay road, which received the drainage from the hospital. It was pointed out that the drain in question was the city's, and unless better facilities for drainage were afforded the hospital the nuisance could not be abated. The city was confronted by the fact that it must either provide adequate drainage or Dr. Fagan would prohibit the use of the box drain by the hospital, in which contingency court cases would have to be instituted by the hospital. The board considered that the only remedy was to inaugurate the septic tank system of drainage for the hospital. It was costly, he knew, but he hoped that the council would assist them in their efforts to install a satisfactory system. In turn the board could assist the council to secure the passage of the by-law dealing with the septic tank system. What the board proposed was to revise and remodel the whole hospital drainage system and to install one thoroughly efficient.

They had prepared a plan which included the septic tank, flushing tank and filter beds, the cost of which would be \$2,850. The septic tank could be constructed at Cadboro Bay road, where it could receive the drainage from the hospital. After passing through the tank there could be no objection to its being carried away in a box drain. Mayor Hayward observed that the scheme which was recently submitted to the city council for a septic tank to be placed about the spot mentioned by Mr. Day, while it also comprehended an improved system for the hospital in general.

Mr. Day said that the board's architect recommended that they construct their own septic tank, but such an undertaking would be an expensive one, and could not be accomplished without assistance. Dr. Fagan remarked that he could not understand why Victoria and Vancouver desired a makeshift system, such as he believed the septic tank to be. Its efficacy was not fully established, and he felt assured that it was unnecessary in consideration of the fine drainage facilities possessed by this city. Before he adopted the septic tank proposal he must be approved by the provincial board of health.

There was a great deal of uncertainty about the tank system. Filter beds may not give satisfaction, and he thought it needless expenditure to install them here. The city had a sewerage system almost perfect, and the speaker was of the opinion that the main sewer leading to Clover Point was sufficient for a city larger than Victoria.

Ald. Cooley pointed out that there were some portions of the city which could not be connected with this main. That was why septic tanks were required.

Dr. Fagan replied that septic tanks were adopted in cities which did not possess the sewerage facilities of Victoria. The question was a serious one, and should receive serious consideration. As regards the hospital drainage something must be done. The attorney-general had received many complaints about the unsanitary condition of the Cadboro Bay road drain, for which the officers were the city, and he thought it necessary to take some action if it is the intention to abate the cause of complaint, otherwise it will have to step in.

A general discussion ensued regarding the septic arrangement, Alds. Brydson, Yates and others championing the system, holding that it was highly important, and that the city should not be established here in order to give this city complete adequate sewerage facilities.

Finally the discussion returned to its original channel. Mr. Hayward pointed out that it had been the intention to enlarge the hospital by the erection of a children's ward, a diet kitchen, and the extension of the pavilion ward. In view of these circumstances the sewer-

age system to be inaugurated should be complete as possible. The hospital board had decided that steps should be taken to make the conditions more satisfactory. Unfortunately they had not the funds to carry out the comprehensive scheme contemplated, and they did not feel like extending the institution until they were assured that an adequate sewerage system would be installed there within the next six months. He hoped that the citizens would appreciate the importance of the matter and endorse the by-law when it is submitted.

Dr. Fagan pointed out that a sewerage system had to be constructed at all events to take off the refuse from the septic tank.

Mr. Foreman was of the opinion that joint action on the part of both the city and provincial government might accomplish the necessary. Part of the drain complained of came under the jurisdiction of the provincial government.

A Modern Scourge.

MORE TO BE DREADED THAN AN OUTBREAK OF SMALLPOX.

No Epidemic in the Last Quarter of a Century Has Carried Off as Many People as Annually Fall Victims to Consumption.

L'Avenir du Nord, St. Jerome, Que.

Throughout Canada much alarm has been felt during the past few months at the outbreak of smallpox that has occurred in various localities and thousands of dollars have been expended—and rightly so—in suppressing it. And yet year in and year out this country suffers from a plague that claims more victims annually than have been carried off by any epidemic of smallpox in the last quarter of a century. Consumption, the great white plague of the north—is more to be dreaded than any epidemic. Its victims throughout Canada are numbered by the thousands annually, and through its ravages bright young lives in every quarter are brought to an untimely end. Why? There are two reasons, the insidious character of the disease, and the prevalence of the belief that those who inherit weak lungs are foredoomed to an early death and that the most that can be done is to give the loved ones temporary relief in the journey towards the grave. This is a great mistake. Medical science now knows that consumption, when it has not reached an acute stage, is curable. But better still, it is preventable. Coughs from weak lungs who will clothe themselves properly, who will breathe in blood rich and red, not only need not dread consumption, but will ultimately become healthy, robust people. Among those who are reputedly doomed to the disease is Mr. Hodge St. George, of St. Jerome, Que. His story as related to a reporter of L'Avenir du Nord will be interesting to many sufferers. Mr. St. George says: "Up to the age of fifteen years I had always enjoyed the best of health, but at that age I became greatly run down. I lost color, suffered constantly from headache and pains in the sides; my appetite left me and I became very weak. For upwards of three years—though I was having medical treatment—the trouble went on. Then I was attacked by a cough, and was told that I was in consumption. Then the doctor who was attending me ordered me to the Laurentian mountains in the hope that the change of air would benefit me. I remained there for some time, but did not improve, and returned home feeling that I had not much longer to live. It was then that my parents decided that I should use Dr. Williams' Pink Pills, and I began taking them. After using several boxes my appetite began to return, and this seemed to mark the change which brought about my recovery, for with the improved appetite came gradually but surely increasing strength. I continued the use of the pills, and daily felt the weakness that had threatened to end my life disappear. Finally I was again enjoying good health, and now, as those who know me can see, I show no trace of the illness I passed through. I believe Dr. Williams' Pink Pills saved my life, and I hope my statement will induce similar sufferers to try them."

Dr. Williams' Pink Pills make new, rich, red, blood. With every dose the blood is strengthened, the quantity increased, and thus the patient is enabled not only to resist the further increase of disease, but is soon restored to active health and strength. If you are ill, or weak, or suffering from any disease due to poor blood or weak nerves, take Dr. Williams' Pink Pills at once, and they will soon make you well. These pills are sold by all dealers in medicines, or will be sent post-paid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

PLOT AT JOHANNESBURG.

Numerous Arrests Were Made on Tuesday Night.

Johannesburg, Nov. 22.—Another conspiracy has been nipped in the bud. Twenty arrests were made at midnight on Tuesday in houses in various parts of Johannesburg. A great sensation followed.

CANCER CURED.

The new constitutional remedy cures cancer without the pain and danger, and thoroughly eradicates the disease. Send for treatise "Cancer, its Cause and Cure." STOTT & JURY, Bowmanville, Ont.

THE CONSPIRACY IN THE KLONDIKE

ALLEGED DETAILS OF SCHEME PUBLISHED

Fenians Lacked Nerve and Wilting When They Found the Authorities Were Watching Them.

The Seattle Times of yesterday gives what purports to be the facts in connection with the threatened uprising in the Yukon.

A proof that such a conspiracy existed is furnished by a document now claimed to be in the possession of the Times, and which was obtained from one of the ringleaders in the plot. Copies of these documents and papers are reproduced, as far as possible, in this issue. The document which was formed for the confessed purpose of wresting the gold-bearing country of the Far North from the control of the Canadians.

The organization was formed in December, 1900, at Dawson. Its headquarters for months last summer were at Skagway. It was called the Order of the Midnight Sun. Its members took a hair-raising oath to reveal and its secret. Death was the penalty for violation of this oath. It might have succeeded temporarily, as did Riel when he invaded the Northwest Territory with a band of half-breeds. But the leaders of the conspiracy lacked the requisite nerve. Some one "leaked," and the organization, it is believed, will disappear as quietly and completely as did the snowflakes which once reached the Upper Yukon with the first warm rays of the sun in May.

From the nebulous gathering in Dawson in the winter of 1900 the Order of the Midnight Sun, as it was termed by its charter members, was spread along the length of the Upper Yukon, with branches reaching even to Circle City and Atlin, B. C. The headquarters of the organization were located at Dawson, but the leaders spent their time for the first few months of the year along the Upper Yukon, but working with such secrecy that few persons outside of those intimately associated with the first steps of the order knew anything whatever of its existence.

Before a man was taken into the body he was first thoroughly tested and tried. If he felt sore towards the administration and the government generally, he was encouraged. If there was in his feeling of antagonism towards the Canadian authorities he was finally approached, and at last admitted to the "Queen of the Earth" committee. Entrance to the organization was at first a difficult matter to obtain, and every possible precaution was taken to prevent the Massey orders and capture had been arranged to excite the curiosity of the fair sex. A goat belonging to the Warpsite had been loaned and installed in the garret of the house which was left ajar for the benefit of those whose curiosity tempted them to investigate. This caused much amusement, which was increased when by some means the goat was secured and entered into the festivities evidently with as much enjoyment as any of the rest. Credit for the success of the affair are largely due to the reception committee and the committee in charge against the existing government in the Yukon valley.

A sign was placed outside of the building reading as follows: "Alaska Agents, Forwarding and Commission Agents, and Billie the Black goat, Reception, Rev. C. Benson, Sharp, W. W. T. Phillips, S. W. R. Rankin, J. W. and S. Matson. The hall was handsomely decorated with bunting, evergreen, etc., by artists from the navy.

THE CANADA NORTHERN.

Government Claims It Will Make Its Terms in Victoria.

The Colonelist this morning contains a dispatch from Montreal stating Hon. Mr. Wells on his recent visit to Montreal had arranged with Mackenzie and Mann and the Dominion government to have the Canada Northern built via Quiesnel, Bute Inlet, Seymour Narrows, and the E. & N. to Victoria, making this the western terminus.

In connection with the proposition, E. V. Bodwell said to-day that he had closed his bank account, and was ready to resign his position as secretary of the British Pacific scheme, and was strong in favor of the present proposition, and indeed had urged it upon the government.

The change of heart of the latter, he says, was the remarkable feature of the whole business. No later than last winter he had been asked for his opinion on the line, and the promoters had gone before the executive and made formal application. But the government turned down, and never even alluded to it in the debates in the House or in promulgating their railway policy. Now that they saw defeat staring them in the face they were willing to make any kind of concession. The promoters had gone on to the time that if they were ready to render assistance the promoters would consider the propriety of diverting the road from its original route to the come down the old British Pacific line by way of Bute Inlet, connecting with the Island Railway to Victoria.

Russian battle songs are written in minor keys, and instead of being indignantly rejected, are said, telling of the soldiers' fate.

States authorities, however, refused to give them up, they were seized in United States territory, but the safe containing the papers has been sealed, and is retained in possession of the United States officials until the matter can be adjusted between the two governments. These papers disclose the whole plot.

The Times says that no arms were bought, and that membership of the Order of the Midnight Sun is placed at 1,500, although the members confidently expected outside assistance that would bring the total of the army of the insurgents to about 5,000. The Times said that in the early days of the organization a circular was issued and secretly distributed to disaffected miners on the Upper Yukon, in which 10 different clauses were given, being the reasons for an uprising. These deeds were detestable, mining law, corruption of officials, royalty, liquor traffic and gambling, delays in the court, British Columbia law, and the rights of miners, loggers, license, recording fees and boundary disputes.

A similar circular was handed to business men of Skagway in which they were solicited to support the enterprise, and for a time Clark made his headquarters at the latter place, conducting a junta in the order.

Publication of the plans of the would-be revolutionists, being down the Yukon, has not yet been reported. Undoubtedly the United States authorities at Skagway will prevent further attempts at filibustering, while the Mount of the Police are busy with the would-be revolutionists. The Canadian authorities have already taken cognizance of the matter and it is believed they will act quickly.

SUCCESSFUL "AT HOME."

Masonic Lodge, A. F. and A. M., Held Entertainment Last Evening at Their Hall, Esquimalt.

United Service Lodge, No. 24, A. F. and A. M., held an "at home" last evening at their hall, Esquimalt. There was a large attendance, and the affair was a decided success. W. Bro. C. Esnor opened the proceedings with an appropriate address of welcome, which he interspersed with stories which were well received in a good humor. Bro. E. Massey acted as director of ceremonies. The following programme was rendered: "The Progress of the Craft," by J. J. Fainter; lancers; Gaisia; song, "To-Morrow Will Be Friday," Geo. Phillips; two songs, Whistling Rufes; mandolin solo, Signor Altavilla; waltz, Donna Wellen; recitation, "An Old Soldier's Story," Sergt. G. Finnmore; violin solo, Signor Altavilla; recitation, "My Great Hero," Sergt. G. Finnmore; waltz, Beautiful Danube; mandolin solo, Signor Altavilla.

Corpl. J. Fainter was much applauded on his rendition of the selection "Flagger's Pig," while George Phillips sang "To-Morrow Will Be Friday" in his usual pleasing manner. The mandolin solo by Signor Altavilla was perhaps the feature of the evening, and the appreciation of the audience was freely shown by loud applause. G. Finnmore received an encore for his recitation, "An Old Soldier's Story," while the beautiful selection "Queen of the Earth" was handled by Corpl. C. Folen with great ability, and was well received.

All through the evening refreshments were at the disposal of those present. Tables laden with the delicacies of the season had been provided, and, needless to say, were taken advantage of by those present.

It is usual in entertainments provided by the Masonic orders that music had been arranged to excite the curiosity of the fair sex. A goat belonging to the Warpsite had been loaned and installed in the garret of the house which was left ajar for the benefit of those whose curiosity tempted them to investigate. This caused much amusement, which was increased when by some means the goat was secured and entered into the festivities evidently with as much enjoyment as any of the rest. Credit for the success of the affair are largely due to the reception committee and the committee in charge against the existing government in the Yukon valley.

G. S. Brown, J. Day, J. W. Jones, E. Massey, J. Cuthbertson, C. J. Finnmore, G. Horswell, A. Stead, R. Rankin, S. Matson, and Billy the Black goat, Reception, Rev. C. Benson, Sharp, W. W. T. Phillips, S. W. R. Rankin, J. W. and S. Matson. The hall was handsomely decorated with bunting, evergreen, etc., by artists from the navy.

FARMER'S BACKACHE.

There is scarcely a farmer in this country but knows what backache is. The hard work and heavy lifts, the constant grind of toil from early morning till late at night, frequently bring the stabbing pain in the back or the dull grinding ache that knows no let-up. Then too there are often urinary troubles, swelling of the feet and ankles, puffiness under the eyes, rheumatic pains in the joints and muscles.

Dr. Pitcher ought to be held in high esteem by every farmer in the land on account of his Backache Kidney Tablets, which are doing such a grand and noble work in banishing backache, kidney and urinary troubles, which are such universal complaints on the farm.

HEAVY WORK.

Mr. C. E. Lane, King Street East, Ingersoll, Ont.: "I have been subject to attacks of backache and kidney trouble for some years, owing to heavy work on the farm in my early days. Every attack of cold aggravated it. I have tried other remedies in the past but with little effect, and decided to try a bottle of Dr. Pitcher's Backache Kidney Tablets. I got a bottle from A. E. Gaylor, druggist, using at first three and then two at a dose, as they proved a little too laxative. With the two tablets dose the pain and other troubles disappeared, and since then there has been no return, consequently I am sure they are a good medicine."

Dr. Pitcher's Backache Kidney Tablets are sold by all druggists or by mail, Box 500, S. B. Ross & Co., Toronto, Ont.

BUYING SHARES.

J. J. Hill Invites Offers From Holders of Great Northern Railway Stock.

(Associated Press.) New York, Nov. 23.—Jas. J. Hill, president of the Northern Securities Company, has issued the following circular to the stockholders of the Great Northern railway.

"The Northern Securities Company, incorporated under the laws of New Jersey with an authorized capital stock of \$40,000,000, and with power to invest in and to hold the securities of other companies, has commenced business, and has acquired from several large holders of stock of the Great Northern Railway Company a considerable amount of that stock. A uniform price has been paid of \$180 per share in the fully paid stock of this company at par. This company is ready to purchase additional shares of the same stock at the same price, payable in the same manner, and will accept offers made on that basis if made within the next 60 days. Offers for the sale of stock of the Great Northern Railway Company should be made upon the enclosed form, and should be accompanied by the certificates of the stock offered with transfers duly executed, having United States stamps for the transfer of stock of two cents per share affixed. Upon receipt of any such offer, accompanied by certificates, the Northern Securities Company will deliver to the seller of stock of the Great Northern Railway certificates of its own stock to the amount of the purchase price above named; or, if such certificates are not then ready for delivery, its negotiable receipt obliging it to issue and deliver such certificates as soon as ready. For fractional parts of shares scrip certificates convertible into stock in multiples of \$100 will be given."

A separate form accompanies the circular.

COLWOOD FARMERS.

Interesting Meeting of the Institute There Last Night.

A very successful Farmers' Institute meeting was held at Colwood last night, the chair being occupied by W. H. Hayward, M. P. There were about 50 residents of Metchosin present to listen to the deeply interesting address delivered by R. M. Palmer, on fruit growing. The address, which dealt with spraying and similar subjects, evoked an interesting discussion which branched into other lines, a resolution being unanimously adopted relating to trespass. It was decided to request the Central Institute to bring pressure to bear upon the members of the House to urge the government to make the Trespass Act more stringent, in order to prevent the overrunning of the lands of settlers by hunters and others.

KAMLOOPS AND ATLIN.

Railway Promoters in the City This Week.

Messrs. Leckie and L. M. Rice, of Seattle, have been in town since Sunday, and are staying at the Vernon. They leave for home to-night, and it is rumored that the object of their visit was in connection with the Kamloops & Atlin railway. When this railway is built it will pass through one of the richest mining and farming districts in the province, and will be the means of bringing an enormous trade to the coast cities.

Mr. Hobson, of the Cariboo Hydraulic Co., has stated that there are many large hydraulic properties only waiting transportation to be developed, and with the new discoveries on the Horseshoe, there should be a rush into old Cariboo in the spring when it is known that active work is to be commenced on this railway.

French judges and judicial officers are forbidden by the etiquette of the profession to ride in an omnibus. They must take a cab or walk, if they do not own a carriage.

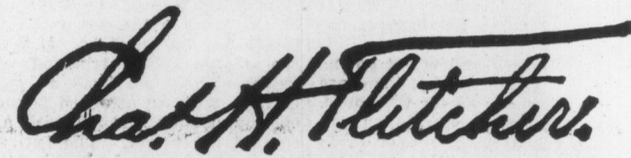

What is CASTORIA

Castoria is for Infants and Children. Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other Narcotic substance. TROOPS OR MORE POLICE REQUIRED

YUKON OFFICIALS ARE ON WAY TO OTTAWA

Chicago Telegram Says They Will Help to Put Down Threatened Rebellion.

Chicago, Nov. 26.—Overland to Alaska to the sea, by water to Seattle and through the United States to Ottawa, officials of the Yukon department are hurrying to plead at the Canadian capital for help to put down the rebellion threatened by members of the Order of the Midnight Sun. Three of these officials have arrived at Chicago and are on the way.

That serious trouble is imminent in Far Northwest is candidly admitted by three members of the Yukon department of public works who are in consultation at the Palmer house with local capitalists who have interests in that section. The men are D. McR. Minard, engineer; J. C. Tache, resident agent; P. E. Mercer, assistant engineer; and H. S. Graves, of the White & Yukon Railway Company, was at those who talked over the situation of the Yukon officials. The White & Yukon railway is largely owned by American officials. A determined united front of at least 1,500 men, have been laying plans for nearly a month for the purpose of securing the rights of the independent government. Seven of the men are Americans, they have grievances, and the ability set them forth in convincing style. He believes they are the power to secure the rights of the independent government. He denied them. Governor-General Minto, of Canada, is to be asked to troops to the scene, and at least do the mounted police.

Mr. Minard, the leader of the party officials, said: "We expect to proceed Ottawa at once, and will have a consultation with the high government authorities before we leave for the territories. This trouble may assume a national phase, because so many members of the secret order are American and we cannot afford to let them be. Mounted Police have always been a potent heretofore to take care of all orderly characters in the territory, this affair is of too serious a nature to be handled by police. Arms and ammunition we are told, have been secreted in great quantities. Provisions have been cached at various strategic points of the Yukon valley. The Yukon valley is to be the capital of the republic. Respirators depended on aid from Americans throughout Alaska, and circulated copies of grievances with the great number of the organization, in Atlin, Horse, Dawson, Skagway, and Atlin and Circle City. Skagway is in American territory."

GREEK POLITICS.

New Cabinet Has Been Formed With M. Zaimis as Premier.

Athens, Nov. 24.—As a result of the demonstrations against the proposals of the cabinet resigned. The cabinet was reformed. The premier's efforts to induce the cabinet and the premier to remain in office. Responsibility of the premier, considers the recent riots a judicial inquiry into the cabinet, in order that the truth may be established beyond suspicion. There was a renewal of the rioting in Athens, and the cabinet, in view of the demonstrations against the retiring cabinet. The crowds were finally dispersed by cavalry.

After an audience with King George, M. Zaimis, former Premier, completed a cabinet made up as follows: Premier and minister of foreign affairs—M. Zaimis. Minister of the interior—M. Triandafyllakos. Minister of marine—M. Topalidis. Minister of public worship—M. Moneratos. Minister of finance—M. Negris. Minister of war—Col. Korpas. Under a measure which has an important bearing on the Chinese immigration question, a bill granting a concession to Mr. Parry, John E. Bennett or any other person, for giving them entry into the privileges of the Mexican waters of the Pacific ocean, contingent on their doing and operating a steamship line between Mexico and China, and another line, and to land passengers on the Mexican coast, which is more than 1,000 miles in length.

San Francisco, Nov. 26.—The call says that, according to the Mexican Parliament, the minister of public works for passage by the congress of his country, a measure which has an important bearing on the Chinese immigration question. It is a bill granting a concession to Mr. Parry, John E. Bennett or any other person, for giving them entry into the privileges of the Mexican waters of the Pacific ocean, contingent on their doing and operating a steamship line between Mexico and China, and another line, and to land passengers on the Mexican coast, which is more than 1,000 miles in length.
