SEEK TO OVERTHROW IT.

But no Hope for Liberals Without a Strong South African Policy.

LONDON, Oct. 25.—The Scottish Liberal Association at Stirling today at which Sir Henry Campbell-Bannerman presided, passed a resolution that the continued existence of Lord Salisbury's government threatens the country with humiliation and disaster and that the Liberal party should unite under Sir Henry Campbell-Bannerman's leadership for the government's overthrow.

LONDON, Oct. 24.—The Daily News says it hears from a quarter usually well informed that the government contemplates a general election in 1902 and that the conservative election agents have received instructions to be prepared for eventualities.

The same paper makes the interesting statement that, when the Liberal government was overthrown in 1895 by a snap division a document was actually ready for signature appointing Sir Redvers Buller commander-in-chief.

LONDON, Oct. 24.—There is no end of criticism regarding the government's conduct of the war in South Africa, but it emanates chiefly from those whom Mr. Chamberlain in his speech last night characterized as his "candid friends."

The outcry does not appear to strengthen in the slightest the chances of the Liberal party, R. C. Lehmann, who has just resigned the editorship of the Daily News, in an article in this week's Speaker, admits that he sees no hope for liberalism until it has acquired and put forward a strong, definite policy in regard to South Africa.

To do this, he confesses, would mean the loss to the party of some of its most prominent supporters. But, he maintains that even this is better than the present impotency. One of the most striking signs of discontent within the circles traditionally governmental is found in the fact that Cambridge union has passed a resolution to the effect that the government alone is responsible for the prolongation of the war.

This aristocratic debating society is composed mainly of those who are related or acquainted with the ruling class and who have hitherto always warmly supported the government's South African policy.

LONDON, Oct. 24.—A reversal of feeling in such a great university as Cambridge means perhaps more than any other demonstration of political meetings. Rumors were rife regarding cabinet changes, during the early part of the week. It was persistently said that Sir Hicks-Beach, the chancellor of the exchequer, whose relations with Mr. Chamberlain have never been cordial, was being considered for removal, and that Mr. Hanbury, the president of the board of agriculture, it was said, was to succeed him. Inquiries made by a representative of the Associated Press, however, point to the fact that Sir Michael will remain in office, though not very willingly, and that no serious cabinet shake up is likely to occur in the near future.

BRITISH NAVY MATTERS.

LONDON, Oct. 25.—The British admiralty is taking the most lively interest in the working of the personnel bill in the American navy, with the view of the possible adoption of the same by the admiralty, recently requested special reports on this matter and Vice-Admiral Fitzgerald today writes to the London Times on the same topic. The admiral's letter is a spirited defence of the navy against many recent criticisms. But he admits that the line officers must wake up and become expert mechanics as well as good seamen in order to master the complicated machinery of the fighting ships, and that the engineers will out from their present predominant position.

MISS STONE.

Various Reports of Her Whereabouts—Minister of Interior of Bulgaria Gives His Views.

NEW YORK, Oct. 25.—Three reports, each corroborative of the others, have been received from widely different sources concerning the movements of the brigands who hold Miss Stone captive, according to the Sofia, Bulgaria, correspondent of the World. One is that the band, which consisted of eighteen men, has been dissolved in the mountains near Jeltepe, and that fifteen of the members have returned to their homes. The remaining three members are said to have been made custodians of the prisoners, and it is claimed that they are holding them in the wooded recesses of Jeltepe, which is in Turkish territory, about twenty miles into the mountains from the Bulgarian frontier.

Another version of the story and heavy fall of snow in the mountains, the brigands with their prisoners have come down from the mountains and are now located near Naverokup, which is in the foot hills of the mountains in which Jeltepe is located. The third comes from Constantinople, and says that communication has been opened with the brigands from a point in Turkish territory.

The minister of interior of Bulgaria has made the following statement to the Sofia, Bulgaria, correspondent of the Journal and Advertiser concerning the case of Miss Stone: "If I could send my troops across the Turkish border I would find Miss Stone within two days. I have just received word from the commander of our troops that Miss Stone is not in Bulgarian territory. We have three military cordons moving toward the frontier, and on the frontier itself I have placed a military guard. If the brigands were on our territory the cordons would certainly find them out, and the Turkish troops are now searching in the Perin mountains, where, unlike Bulgaria proper, there are no villages and only a few scattered houses in the mountains. If my troops find the brigands we shall make short work of them."

If my troops find the brigands we shall make short work of them."

The minister of interior of Bulgaria has made the following statement to the Sofia, Bulgaria, correspondent of the Journal and Advertiser concerning the case of Miss Stone: "If I could send my troops across the Turkish border I would find Miss Stone within two days. I have just received word from the commander of our troops that Miss Stone is not in Bulgarian territory. We have three military cordons moving toward the frontier, and on the frontier itself I have placed a military guard. If the brigands were on our territory the cordons would certainly find them out, and the Turkish troops are now searching in the Perin mountains, where, unlike Bulgaria proper, there are no villages and only a few scattered houses in the mountains. If my troops find the brigands we shall make short work of them."

THE QUESTION OF NEWFOUNDLAND.

It is not to be supposed that the occasional expression of opinion in Newfoundland favorable to confederation indicates a general sentiment in that direction. The most that can be said is that the prejudices against union with Canada, and the feeling that such a union would be like a sale of the colony to the dominion is dying out. Among the elements which have made for a better understanding are the sympathy shown by Canada at the time of the great fire and of the business panic; the establishment in the colony of strong and popular Canadian banks; the construction of the railway with direct and rapid steamship and rail connection between Canada and Newfoundland; the development of the iron fields of Newfoundland under Canadian auspices; and the establishment by Canadian firms of large lumber industries on the island. These incidents have brought the people of Newfoundland in close contact with their neighbors and fellow-subjects on the mainland. They have shown that Canadians and Newfoundlanders can get along well together.

INVENTIONS AND THEIR DRAWBACKS.

It appears to be a generally accepted theory that every new invention or improvement has its own faults, and even in those which at first appear perfect some drawback is discovered. Smokeless powder worked a great change in modern warfare, but it had the disadvantage of proving equally useful to both parties engaged. Horseless carriages had many faults which are being gradually overcome, and with the perfecting of a satisfactory storage battery their advance into everyday use will become much more rapid.

THE MUSICAL FESTIVAL.

A meeting of the ladies who have interested themselves in the matter of a musical festival was held yesterday afternoon at Mrs. Charles Harrison's residence, Germain street. The reports presented showed that the sum of \$1,500 had been collected for the purpose. Letters have been written to provincial towns, such as Moncton, Fredericton, Chatham, Woodstock and others, but no response has as yet been received. Mr. Chapman has asked for a guarantee of \$2,500, but last night a letter was written to him stating the result of the canvass here, and it is hoped that he will consider the results of the efforts sufficient to warrant the presentation of another concert next year.

ALCOHOLISM CAN BE CURED.

Rev. Father Quinlan's Opinion.
To whom it may concern:—The good points of Mr. Dixon's new discovery for the cure of the liquor habit, in my opinion, are the following:—First, it completely removes all craving for liquor in the short space of three days; its use for a longer time is intended only to build up the system. Second, it leaves no bad after effects, but on the contrary aids in every way the health of the patient, whilst freeing him from the desire for drink. Third, the patient may use it without interfering with his business or leaving his home. All other liquor cures I have yet heard of are very costly, operate slowly, are doubtful as to effects and often impair the health and constitution of the patient. I therefore look upon the remedy as a real boon, recommend it heartily to all concerned and bespeak for it here in Montreal and elsewhere every success. **J. QUINLAN, S. S.,** pastor of St. Patrick's, Montreal, Que. Full particulars regarding this medicine can be obtained by writing to Mr. Dixon, No. 21 Willock's street, Toronto, Canada.

THE ANTI-TAMMANY FIGHT.

The fight against Tammany in New York is at its height. In less than a fortnight the struggle will be over. Mr. Low's supporters claim that they will have a plurality ranging all the way up to seventy thousand. Mr. Sheppard's are equally confident in print. There can, however, be no doubt but that a fusion candidate will make a hard fight to win. And it will be necessary to do so. Tammany has now in its hands the resources by which elections are often won, and none knows better how they should be used than the district and ward men attached to the hall. Should that organization go down to defeat, one of the greatest opportunities for amassing spoils will be removed from a crowd of unscrupulous politicians. Their choice of a man like Mr. Sheppard as their candidate for the majority is plain proof of the straits they are in. It remains to be seen whether or not it was a wise step on their part or not. He is not, certainly, the logical candidate of any such institution as Tammany Hall, and while some votes may be obtained on account of his favorable personality from those outside the organization, it is very probable that he may lose votes that would have been cast for a consistent Tammany man. Should the opponents of that institution rally around Mr. Low it would appear as if the ex-president of Columbia would sing the tiger's beard and trim his claws.

THE QUESTION OF NEWFOUNDLAND.

But the way may still be long. The terms of union when the event takes place must be more than fair to the smaller colony. Newfoundland will need to have the advantage, and Canada can afford to give it. What would be a great object to the old colony would be a much smaller consideration to us. While Canada should not be intrusive in this matter, it will probably be necessary for this country to make the first advance.

THE QUESTION OF NEWFOUNDLAND.

Here again there are difficulties. It must not be assumed that the Canadian politicians are all in favor of the admission of Newfoundland. A prominent member from the province of Quebec recently took occasion in a public address to condemn the union under present circumstances. He did not want to see Newfoundland admitted until the French shore question was settled. Shortly after this utterance Mr. Tarte's Patrie took the same ground, declaring that it was not wise for Canada to become involved in a dispute with France. More recently La Patrie returns to the subject and opposes the union on other grounds. It says that "the little colony is inhabited by people who are not able to live in peace with each other. Newfoundland is heavily in debt. Then it would bring to us as a present heritage the fisheries question. It would moreover be necessary to spend millions on millions in all sorts of improvements which the impoverished condition of the island has made it impossible to undertake."

ST. JOHN STAR.

ST. JOHN, N. B., OCTOBER 2nd 1901.

THE QUESTION OF NEWFOUNDLAND.

Therefore La Patrie counsels Canada to "hasten slowly." It is possible that Mr. Tarte and La Patrie have other objections to the admission of Newfoundland besides those mentioned. But the objections which it makes are not sound. It is important to Canada, to Newfoundland and to the empire that the British North American fisheries should in diplomacy be treated as one interest. Otherwise Canada might make a treaty which would sacrifice Newfoundland, or Newfoundland might make arrangements which would be disastrous to Canada. It may be important to Newfoundland in the future that her iron ore should be placed on a level with Canadian ore in the payment of bounties. The French Shore difficulty may be hard to settle, but it can be dealt with by Canada, Newfoundland and the empire, as well as by Newfoundland and the empire without Canada. As to the Newfoundland debt and expenses it is rapidly becoming obvious that Canada has no great advantage in this respect. The present government of

OTTAWA.

OTTAWA, Oct. 21.—Canadian cigar manufacturers in Canada have been using registered names of well known brands of cigars, and at the same time depriving owners of these brands of the credit and benefit justly due them. The department has felt it necessary, under these circumstances, to issue a warning to these manufacturers that hereafter no inland revenue stamps be placed upon a cigar box bearing improperly the name of a standard brand.

THE QUESTION OF NEWFOUNDLAND.

The general officer commanding has asked the district officers to report on the handling of the various militia units which participated in the Quebec, Toronto and Halifax reviews. The department will gather what lesson it can from the experience gained in the mobilization of troops.

THE QUESTION OF NEWFOUNDLAND.

The Countess of Minto has received a sum of fifty pounds sterling from the Duchess of Cornwall and York as a donation to the cottage hospital fund. D. W. Campbell, manager in Montreal for the Elder-Dempster line, is in the city today. He says the high rates of insurance make it almost impossible to do any business by the St. Lawrence route. He is of the opinion that the insurance companies are discouraging traffic by this route. He had an interview with Cartwright in reference to the winter service to St. John, N. B. The company realizes the importance of having a service to Canada all the year round, but so far they had not completed arrangements for their winter service to St. John. Mr. Campbell also said the company might go into insurance on their own account to enable them to insure their own vessels.

SPORTING NEWS.

Draw at Fredericton. FREDERICTON, Oct. 28.—Mr. Allison and Fredericton city football teams played an exciting game this afternoon before four hundred enthusiastic spectators. It was fast and furious football from the start, and considerably rougher than the last time the two teams were evenly matched. Each was obliged to touch for safety once. The last ten minutes were particularly exciting, the ball being in a succession of scrimmages on the Mr. Allison's five yard line. G. O. Archibald of Truro refereed satisfactorily.

THE TURF. Another Record Broken. MEMPHIS, Tenn., Oct. 28.—Little Boy, driven by his owner, G. K. G. Billings, set a record today at the Memphis Trotting Association track, stopping the mile in 2:05.5. Accompanied by two runners, Mr. Billings led Little Boy toward the starting line at a terrific pace, and when the word was given the horse was striving to the limit. To the quarter he whizzed in 30.4 seconds. Down the back stretch a new leader formed him, and the half pole was reached in 1:03. At the three-quarter pole, which was made in 1:35.15, Mr. Billings steadied him for the final effort, and pacing down the home stretch he broke in 2:05.5. The other events were hotly contested.

THE RING. Billy Smith Fights a Draw. PORTLAND, Ore., Oct. 28.—A very large audience at the exposition building saw the twenty round contest between "Mysterious" Billy Smith and Tom Tracey, of Australia. The men went the twenty rounds to a draw. It was a clever sparring match and nothing more.

The committee to consider the matter of holding a united temperance church parade will meet this evening in the Temperance hall, Market building. All members of the committee are requested to be present. A meeting of the St. Andrew's Society was held last night to consider the matter of a celebration at the Exhibition building on St. Andrew's day. A committee was appointed to look further into the arrangements and they will report back.

The death occurred at Cincinnati recently of paralysis of Mrs. Margaret Heifetz, the deceased, who was in her seventy-sixth year, was the mother of Mrs. Stanley G. Olive of this city. Three other daughters and one son survive.

Furness, Withy & Co. launched on Sept. 30 the steel screw steamer Manchester Market, built for the Manchester Line, Ltd., and intended for the route to Manchester, New Orleans and Canadian service. She is 77 feet in length and had a total capacity of 354,549 cubic feet.

Mr. and Mrs. C. H. Hutchings celebrated their crystal wedding last evening. A large number of friends were present, and through Rev. Geo. Selar presented them with a suitable souvenir of their visit.

Clayton Ferguson, leading man of the Robinson Opera Co., will sing in the Main street Baptist church tomorrow evening. An interesting entertainment bearing upon the more prominent Canadian authors in prose and verse was held last evening in Brunson street Baptist church.

PROVINCIAL. The water below Grand Falls is again falling, and unless there is an immediate rise the chance of getting the 15,000,000 feet of the corporation drive out of the booms is slim.

GENERAL. As a result of the fire in Philadelphia yesterday nineteen people are known to be dead and the property loss is estimated as \$500,000. Policemen and firemen are searching the ruins for the bodies, and it is feared that others besides these nineteen were lost. Mr. Chamberlain at a meeting in Edinburg announced to an audience of 800 persons that the government intends to frame new rules for the house of commons, so as to limit Irish obstruction.

WHAT MRS. DAVIN THINKS.

According to Mrs. Davin her late husband Nicholas F. Davin had neither political, domestic nor business troubles. She says that an accident which happened to deceased a few days before his death was responsible for his condition. He fell while taking books from a high library shelf and struck his head violently. He complained of dizziness and was delirious at times. Mrs. Davin expressed a wish to accompany him to Winnipeg, but he assured her that the trouble was trivial. She is satisfied however that the trouble following his fall unbalanced his mind.

The tea kettle boils and bubbles. And I forget my troubles, For Betsy Ann will soon attend. And bring a cup of UNION BLEND.

HE PROBABLY DID. Hoax—"What sort of looking man do you suppose Noah was?" Joax—"I dare say he was an old codger who looked as though he had come out of the ark."

WOODSTOCK.

WOODSTOCK, Oct. 28.—At the circuit court this morning the judge imposed a fine of \$50 on Albert Brown, found guilty of assault on ex-Mayor Murphy, and made him enter into a recognizance of \$200 to keep the peace for one year. The case of the King v. Saddle About, then, resulted in an acquittal after the jury were out less than five minutes.

The libel case against F. H. Stevens, editor of the Hartland Advertiser, was commenced, and when the crown case was finished the judge suggested that the parties had better come to a settlement. The prosecutor stated that he only wished to vindicate his character. It was plain from the evidence that some rumour had been going round, which might lead a newspaper man who did not set with discretion; but at the same time not maliciously, to publish an article in his paper. Mr. Stevens will publish a satisfactory retraction and the matter will drop.

NEWS

A gospel service will be held at The
 King's Daughters' Guild Sunday at 4
 p. m. All are welcome.

During the current week six male
 and four female children were registra-
 red. There were twelve marriages
 put on record.

The police have received from Halli-
 fax notice to be on the lookout for fif-
 teen men who have been missing for
 several days from H. M. S. Daden.

Between twelve and one o'clock last
 night the police found a bicycle stand-
 ing outside T. J. Durick's drug store on
 Main street and took it to the north
 end station.

Mrs. Thomas Coram, of Fairville,
 wishes to extend her thanks to all those
 who were so kind and sympathetic to
 herself and family during their recent
 sad bereavement.

Joseph Dalsell, the veteran sports-
 man, has returned from the vicinity of
 the Petticoat, where he spent a short
 time shooting. He brought back sixty-
 eight woodcock and seventeen part-
 ridge.

The city revision are through with
 their work. The preliminary lists had
 9,978 names; the finished ones now bear
 10,164. Wellington ward had thirty-
 three names added, the largest in any
 ward in the city.

Rev. George Clarke Peck and wife,
 of New York, arrived by noon train
 today. Dr. Peck will preach in con-
 nection with the anniversary services
 in Centenary, Sunday morning
 and evening, and will lecture on Mon-
 day evening in the church, subject,
 "Hitting the nail on the Head."

Our readers will be specially inter-
 ested in the large advertisement of C.
 B. Robertson on page 3. A great bar-
 gain in fall and winter waists will be
 offered next week, commencing Mon-
 day. Mr. Robertson secured this lot at
 a price that enables him to sell them at
 less than wholesale prices.

The concert given at St. Philip's on
 Thursday evening eclipsed all previ-
 ous records, and Manager R. McIntyre
 is full of smiles. The building was
 taxed to its utmost capacity, many not
 being able to obtain seats, while a
 great many stood outside. The jubilee
 pieces, solos, duets and dialogues were
 splendidly rendered and greatly en-
 joyed by an appreciative audience.

SUCCESSFUL PEB SOCIAL.
 There was a picnic social held in the
 school-house at Silver Falls last night
 by the Methodist church. Before the
 auctioning of the various delicacies
 took place, a programme of music was
 given. The auction was, however, the
 chief feature of the evening. The auc-
 tioner had considerable success in
 coaxing the shadocks from the pockets
 of the young men, and there was con-
 siderable rivalry about certain covet-
 ed bits of cooking, or perhaps it should
 be said, cooks. The highest price reach-
 ed was \$7.25, quite a tangible token of
 regard. Others sold at five and six
 dollars. Altogether the prices received
 were considerably above the average,
 and should they rule would make the
 fortune of any ordinary baker. In all
 fifty-eight dollars was netted, which
 is to be used in furnishing the Meth-
 odist parsonage. Rev. H. D. Marr pre-
 sided, and Mr. Charlton of Silver Falls
 acted as auctioneer.

GOOD CRANBERRY CROP.
 Cape Cod Variety Exceeds Last Year's
 Production.

Cape Cod cranberries are coming to
 market very fast, says the Mail and
 Express, the receipts to date exceed-
 ing those of a year ago—when the crop
 was also good—by about 35 per cent.
 Nearly all so far received are of the
 variety called early blacks, which run
 a dark red color, and, according to the
 growers, make the finest flavored sauce.
 Wholesale price is now \$5.50 per bar-
 rel of one hundred quarts, for the best
 grade. This price, though low, makes
 the culture profitable with a yield as
 large as this season.

Choice apples are so scarce and high
 that it is thought many housekeepers
 will use cranberries in their stead, and
 thus the excessive supply of the latter
 will find a sale at fair rates.

CARRIED OUT OF THEIR WAY.

Several high school girls belonging
 to Fairville were carried considerably
 out of their way on Thursday. They
 use season tickets for their journey to
 and from the city. On Thursday they
 boarded the Montreal train, which did
 not stop at Fairville, and were taken
 to Fredericton Junction. They reach-
 ed home about eleven o'clock that
 night on the express. The young ladies
 claim that they have gone out on the
 same train before and were not notic-
 ed of any change in the arrangements.

A WEEK'S DEATHS.

There were twelve deaths reported at
 the board of health office this week
 from the following causes:
 Diabetes 1
 Consumption 1
 Senility 1
 Heart failure 1
 Convulsions 1
 Heart disease 1
 Empyema 1
 Gangrene 1
 Diptheritic croup 1

SLIGHTLY OFF.

Yesterday an unknown man attract-
 ed considerable attention in the north
 end by walking about the streets with-
 out a hat and continuously talking to
 himself. In the evening he was taken
 in charge by Officer Thomas, and when
 searched was found to have nearly
 twenty-nine dollars in small change in
 his pockets. This morning the man,
 who gave his name as James Legan,
 was brought to the central station for
 an examination as to his sanity. Dr.
 De E. Berryman this morning found
 that Legan was of unsound mind, but
 as he was not dangerous his release
 was ordered.

**There Are Now Six Cases in the
 City—No New Ones To-day.**

Last evening the general public hospi-
 tal was put in quarantine. The two
 nurses, Miss Mary Monroe of Wilmet,
 N. S., and Miss Jennie Morris of Cum-
 berland Co., N. S., who have contract-
 ed smallpox, were placed in the epi-
 demic building. Neither of these ladies
 came into contact with the patient
 who died from that disease in the hos-
 pital a short time ago. The nurses
 who attended that patient, Miss North-
 rup and Miss Smith, volunteered to at-
 tend the young ladies who are now ill.
 One of them was accepted, and another
 senior nurse was placed with her.

The outpatient of the hospital is
 now closed, and no persons will be re-
 ceived except in cases of great emer-
 gency. In such event they, too, will
 come under the general quarantine.
 All of the present inmates who were
 able to bear the operation were last
 night vaccinated by the resident phy-
 sicians.

There are no more suspected cases
 in the hospital, but as the two young
 ladies who are now down with the dis-
 ease have been unwell and off duty for
 some days, living among the other
 nurses, it cannot yet be told what foot-
 hold the disease may have in the
 building. The hospital quarantine ar-
 rests about ninety persons who are
 Mrs. Beyea, wife of J. A. Beyea, 255
 Waterloo street, who has contracted
 the disease, was this morning taken
 to the epidemic building. The other
 suspected case, that of a fifteen-year-
 old son of Hugh Parker, 35 Marsh,
 was this morning found to be a true
 case, and will probably be removed to
 the epidemic hospital.

All of these cases so far are reported
 to be of a mild type. There are of
 course the usual street rumors afloat,
 that the disease has developed in dif-
 ferent places all over the city, and
 Inspector Burns and the other board
 of health officers are kept continually
 looking after these.

A number of persons who were living
 in the lower flat of the Fawcett
 house, and who were not placed under
 quarantine, moved to Pokiook, where
 they have today been vaccinated.

POLICE COURT.

Boys Throwing Stones—Ada May King
 —Other Cases.

One drunk picked up by Sgt. Caples
 on Prince William street, was the re-
 sult of last night's rake-off. He pled-
 ed guilty to the charge and was fined
 four dollars or ten days.

Herbert McKay and Edward Buske
 were reported for throwing stones on
 Sheriff street and breaking windows in
 Mrs. Martha Low's house. The boys
 said they were not guilty, but Mrs.
 Low gave evidence to the effect that
 those boys were in the crowd near her
 house and were throwing dirt. The
 windows were deliberately broken
 while she was there, but these two boys
 were the only ones she knew and she
 saw them throwing dirt at her house.
 Mrs. Low also stated that fully thirty
 panes of glass have been broken in her
 property, and that matters were going
 too far. The magistrate agreed with
 the evidence and sent the boys to jail
 every person they see throwing
 stones on the street.

In this connection it is reported that
 no less than four hundred panes of
 glass have been broken in the cotton
 mill. The boys wanted time to call
 witnesses and the case was postponed
 in order that they might do so. Later
 on they were fined two dollars each.

Ada May King and Charles Chappell
 were brought in to be sentenced; the
 former for stealing a number of rings
 from Mrs. Turnbull, and the latter for
 stealing clothes from a shipmate. Ada
 May King is not by any means anxious
 to go to Dorchester and thinks that if
 released she might get a position in
 some respectable household where she
 could be properly looked after. Her
 case seems an especially sad one. Her
 parents are dead and her adopted
 father does not seem to have taken
 any particular care of her. In her
 age—fifteen—she has already been be-
 fore the police court three times; once
 as the complainant in an assault case,
 which was dismissed; again for giving
 false information to the I. C. R. police
 and lastly for stealing. According to
 her own account she has often been
 away from home all night, sleeping in
 the park or elsewhere, and has been
 running about at her own sweet will.
 Since being sent to jail on this last
 charge she has grown very pale and
 thin and looks as though some fresh
 air and sunlight might do her a lot of
 good. Her case was further remanded.
 The girl is evidently not quite right in
 her mind.

Chappell threw out the suggestion
 that he might leave the city if he were
 released, but this did not seem to agree
 with the magistrate's views. The pris-
 oner says that he is supporting his
 mother in the states, and that going
 to jail would leave her dependent upon
 others.

PERNHILL CEMETERY.

While in St. John during the recep-
 tion to the Duke and Duchess of Corn-
 wall and York a number of persons vis-
 ited Fernhill Cemetery to see the lots
 where members of their families had
 been laid to rest. They were struck
 with the improved appearance of the
 same, and learning of the system of
 perpetual care of lots two parties im-
 mediately made arrangements for put-
 ting the lots in which they were inter-
 ested under this system.

Upon enquiry at the office of the
 cemetery it is learned there are already
 289 lots under perpetual care. The
 fund now amounts to \$19,822.50, and is
 invested separately from the ordinary
 revenue of the cemetery.

PRISONERS RELEASED.

The present crowded condition of
 the jail is a matter of much worry to
 the officials in charge, and they are both-
 ered to know what to do with all the
 prisoners who are sent in. Since the
 commencement of the extension only
 five cells have been available, and
 those are exposed to the cold winds
 blowing through the opening in the
 wall.

This forenoon there were no less
 than thirty-five prisoners in the build-
 ing, an average of seven to each cell,
 and as there are, among the prisoners

who are now in the cells, many of them
 more than this in them. As the
 number of these prisoners has growing
 rapidly it is felt necessary that the man-
 agement should be considered if not this
 morning to release some of the less troublous
 ones, and accordingly upon the recom-
 mendation of the jailer nine men were
 let out. Lewis Austin was not among
 the number, for he still remains firm
 in his intention of preaching on the
 streets and thus securing free board
 for the summer.

MISSIONARY CONFERENCE.

The denary of St. John has complet-
 ed arrangements for a missionary con-
 ference in connection with the Church
 of England. There will be a celebra-
 tion of the holy communion at Trinity
 church on Wednesday morning, the 25th
 inst., at half-past nine, after which
 the conference will assemble. The
 meetings will be open to all, and will
 be continued through Wednesday and
 Thursday. Public missionary meet-
 ings will be held on each evening.

Among those who are expected to take
 part in the Bishop of Fredericton,
 who will preside; Bishop Courtney of
 Nova Scotia, Dean Partridge of Freder-
 icton, the Rev. Dr. Sheraton and the
 Rev. J. R. O'Meara of Toronto, the
 Rev. F. Wilkinson of Dartmouth, N. S.,
 the Rev. A. F. Hurt of Shediac, the
 Rev. Messrs. Richardson, Dicker and
 McKim, of St. John, the Rev. F. W.
 Kennedy, a missionary of the Gene-
 ralian church about returning to Ja-
 pan, Miss S. M. Etches of the Church
 Missionary Society, London, England,
 Mrs. John Hay, and Misses Lester and
 Annie Smith, and Dr. Mabel Hamling-
 ton of St. John.

Miss Etches will give Bible readings
 both on Wednesday and Thursday.

ROBINSON COMIC OPERA CO.

The York Theatre will open its doors
 to the public on Monday evening with
 the Robinson Opera Co. as the first
 regular attraction.

The Robinson Opera Co. is larger and
 better than ever this season, and in-
 cludes in the cast several St. John fa-
 vorites. Miss Minnie Jarbeau is the
 prima donna soprano, and Miss Mae
 Kheoran is the prima donna contral-
 to, both possessing fine and highly cul-
 tivated voices. The tenor, Mr. Clay-
 ton Ferguson, is new to our theatre-
 goers, but he is said to possess a fine
 robust tenor voice of excellent quality.
 The comedians, Messrs. Young and
 Whyte, are well known here and will
 keep every one in good humor.

Said Jarbeau is the opening opera, fol-
 lowed by *Chimes of Normandy* on
 Tuesday afternoon and *Fra Diavola* on
 Tuesday evening. Seats on sale at
 Smith & Co's.

AT CITY HALL.

Parks Cotton Mills Exempt From Tax-
 ation—Allotment of Berths at Sand
 Point.

The general committee of the Com-
 mon Council met yesterday afternoon
 in the City Hall. James F. Robertson and A. H.
 Hanington appeared to request that the
 Parks' cotton mills be exempted from
 taxation and water rates for the term
 of ten years under the provisions of
 the act of legislation.

After making their request the gen-
 tlemen retired, and when the commit-
 tee had thoroughly discussed the mat-
 ter it was resolved to write off the
 taxes now due on the mills and to
 grant exemption for ten years.

Mr. Robertson stated that a company
 would be formed with a capital of
 \$30,000, and if at all possible the mills
 would be started this winter.

A delegation consisting of James
 Osborne, J. N. Sutherland, George Han-
 nah, John H. Thomson, H. D. Troop
 and S. Schofield, appeared to confer
 with the committee in regard to the
 berths at Sand Point. All the gen-
 tlemen spoke on behalf of the differ-
 ent lines of steamships represented by
 them and it was finally agreed by all
 that the berths should be allotted as
 follows:—

No. 1, Manchester line.
 No. 2, Allan line.
 No. 3, Elder-Dempster line.
 No. 4, Donaldson line.

In the matter of Joseph Myhrall,
 convicted in June last for an assault
 upon a girl, the crown case reserved
 was settled, and will be heard at the
 coming term of the supreme court. J.
 B. M. Baxter for the prisoner.

TORONTO, Oct. 25.—The Western
 Canada Woolen Mills Company has
 gone into liquidation. The company
 was established last year with a cap-
 ital stock of \$125,000, of which thirty
 thousand was paid up. The company
 has a mill located at Medicine Hat.
