## POSSIBILITY OF COMPROMISE ON ADRIATIC AFFAIR

Allied Reply to Wilson's Note of Protest Received at Washington Not to be Made Public at This Time.

### LONDON CONFIRMS WITHDRAWAL THREAT

Wilson Threatened to Withdraw Treaty from Senate if Allies Continued With Adriatic Plan Without U. S. Consent.

### Senate Pigeon-Holes Peace Treaty For The Present

Washington, Feb. 18.—The Peace Treaty was shoved aside in the Senate today, by "more important matters." With the railroad bill and other important legislation coming up, the debate on the Treaty, it was thought tonight, may be permitted to drag on indefinitely without either party seeking to force a decision as to ratification.

Paris, Feb. 18.—The Paris newspapers today hint at the possibility of a compromise being reached on the Adriatic difficulty. They suggest the complete neutralization of Adriatic would make unnecessary the application of the treaty of London, (with its military safeguards for Italy) and would be consistent with the aspirations of all nations in the Adriatic.

Washington, Feb. 18.—The reply of the Allied Supreme Council at London to President Wilson's note on the Adriatic situation was received today at the state department from Ambassador Davis, and was decoded as follows: "It was announced, officially, that not even a summary of the reply would be made public at this time. Publication of the reply had been left by the council to President Wilson, according to London despatches, but the council expected to give the press a summary of its contents."

### Wilson's Threat

London, Feb. 18.—The Allied reply to President Wilson's note on the Adriatic situation having been dispatched the Adriatic question was the topic of discussion in the supreme council today, so far as could be learned. Confirmation was given out, however, of the statement made in Washington that President Wilson's memorandum informed the Allies that if they proceeded with their Adriatic plans without the consent of the United States, President Wilson might feel constrained to withdraw the treaty of Versailles from the Senate, and also refrain from giving effect to the agreement entered into between France and the United States.

Mr. Edward Carson, the Ulster leader, asked in the House of Commons today whether it was a fact that a harsh and uncompromising reply had originally been drafted to President Wilson's Adriatic dispatch, and whether it had been subsequently changed as the result of representations by Viscount Grey, ambassador to the United States, Lord Robert Cecil and Austen Chamberlain, chancellor of the exchequer.

Andrew Bonar Law, the government spokesman, replied that there was not the shadow of a foundation for such a suggestion. "Indeed," Mr. Bonar Law said, "I think it hardly necessary to say that there was not a single representative of any of the Allied powers at the conference who does not recognize the supreme importance of a good understanding with the government and people of the United States."

### Ontario Women Are Opposed To Hearst Papers

St. Catharines, Ont., Feb. 18.—The Local Council of Women, of this city, passed a resolution today to petition to continue the ban against the Hearst publications being allowed to enter Canada.

### Successor To Viscount Grey Not Decided On

Several Names Under Discussion for Ambassadorship to United States—Sir Auckland Geddes Most Prominently Mentioned.

London, Feb. 18.—Several names are under discussion in connection with the appointment of an Ambassador to the United States to succeed Viscount Grey, of Faldoon. Those most prominently mentioned are Sir Auckland Geddes, Minister of National Service and Reconstruction, and H. A. L. Fisher, Minister of Education.

The Earl of Heading, Lord Chief Justice, is said to have considered for a time returning to the United States as temporary Ambassador, but later concluded he could not again leave the Justice without resigning. It is understood that this consideration caused his decision at the appointment.

## SITUATION IN SOUTH RUSSIA IS UNCERTAIN

Allied Officials Are Fearful of a General Bolshevik Triumph Because of Internal Dissensions.

### SEBASTOPOL HARBOR FULL OF SHIPPING

Ten Thousand Persons Wanting to Get Away, and 11,000 Are on Ships from Odessa—Typhus Raging.

Constantinople, Feb. 18.—(By The Associated Press)—The situation in Southern Russia is so uncertain that the Allied officials are fearful of a general Bolshevik triumph, more, however, from internal dissension than from the entrance of Red forces from the outside. General Schilling is now at Sebastopol, the great Russian sea port in the Crimea, commanding the volunteer forces which hold the Crimean isthmus. The surrounding lagoons are frozen hard, however, and it is feared the Bolshevik may approach on the ice.

Sebastopol harbor is filled with useless shipping. Ten thousand persons of the city are registered as wanting to get away, while eleven thousand more are on ships from Odessa, without adequate food or medicine. Typhus is raging among the refugees.

### Allied Ships Helpless

The British battleship Marlborough, and French, Greek and American destroyers are at Sebastopol, but it is impossible to evacuate the population in the commanders of the warships apparently lack authority for such action from their governments. Also there are no ports available where such a large number of refugees can be received.

An agreement has been reached between General Denikin and the Cosack Supreme Council. The Greek Cosacks are giving their wholehearted support, but the Don and Kuban Cosacks are making reservations which weaken the anti-Bolshevik strength and make the Crimean situation doubtful.

### HENRY RYMELL WANTED BY HIS WIFE IN BOSTON

Left His Wife and Children in Boston Last May—Thought to be in This City.

Special to The Standard—Boston, Mass., Feb. 18.—Will anybody who sees Henry R. Rymell, communicate with his wife, Mrs. Rymell at No. 237 East Eagle street, East Boston. Rymell has been seen lately in St. John, N. B., his former home, by friends who have written his wife to that effect. When Rymell went away from home last May he left besides his wife, four children, aged twelve, ten, five and two. He is described by his wife as dark complexion, five feet six inches in height, with brown eyes. His face twitches from a form of St. Virus Dance. The Rymells came here from St. John two years ago.

### FIRE DAMAGES SUSSEX RESIDENCE

Special to The Standard—Sussex, Feb. 18.—The residence owned and occupied by Robert Leach, Connell avenue, was badly gutted by fire this afternoon. The blaze started from a defective fuse and had gained considerable headway before being discovered. The fire department responded promptly to an alarm from box 25, and rendered excellent service, but the building was very badly damaged by fire and water before the blaze was extinguished. Most of the household effects were saved. The loss is partially covered by insurance. The Sussex High School Hockey team tonight in a game played at the Albanian rink by the score 6 to 0.

### Ontario Women Are Opposed To Hearst Papers

St. Catharines, Ont., Feb. 18.—The Local Council of Women, of this city, passed a resolution today to petition to continue the ban against the Hearst publications being allowed to enter Canada.

## Salary Increase For Ministers Now Having Attention

Montreal, Feb. 18.—The Ottawa correspondent of the Montreal Star says:

An increase in salaries of Ministers of the Cabinet and of Senators and Members of the House of Commons is receiving some consideration here, and one proposal is that the requisite legislation be passed, but to become effective only in the next Parliament, or, in other words, after the next general election.

There are conditions which make difficult a raise now. One of them is the fact that Parliament has found itself financially incompetent to grant the demands of returned soldiers. In an election, the merits of the salary or indemnity increase could be threshed out.

## GOVT CARRIED ON WITHOUT ANY PARTY SUPPORT

Hon. Arthur Meighen Tells Winnipeg Board of Trade No One Felt Called Upon to Champion or Defend.

Winnipeg, Feb. 18.—Speaking here tonight to the Winnipeg Board of Trade, Hon. Arthur Meighen said, in part:

The Government of Canada has for two years and four months been carried on without party organization; indeed, without the existence behind it of any definite party at all. The natural consequences have followed. Those of our people who supported the Government and raised it to power, most of them at least, have felt disposed not to be unfair. This was the best that could be looked for. No one felt called upon to champion or defend. There has been nothing in the nature of party spirit, and no support on the part either of the public or the press, such as every preceding administration has enjoyed. On the other hand, an opposition, organized on party lines has never ceased to attack with all the old means of warfare. Another party entirely has appeared on the political arena and breathes out the slaughter against us. It anticipates many of our friends to attack our foe and its programme now seems to be to assail our opponents with words and ourselves with both words and votes.

## NOVA SCOTIA LADY BROKE THE ICE FOR ROTARIANS

Paves the Way So That Gallant Members of Ottawa Rotary Club Could 'Light Up' After Banquet.

Ottawa, Feb. 18.—The Journal today publishes—"Ottawa Rotary Club yesterday had a luncheon at the Chateau Laurier and invited to it delegates to the Educational Convention at present in session here. When the luncheon had concluded, the secretary of the club, Mr. H. S. Binks, quietly passed about and requested the members present to refrain from smoking; owing to the fact that there were a number of ladies present who were interested in educational matters and who might be averse to sitting in the evil fumes of tobacco.

"Gallantly obeying this request the members for a little at a loss without their usual after-eating 'gasps.' They were not quite at ease and happy, as is usual with Rotarians after a meal, when President Dan Johnson arose to launch the day's programme. He was suddenly interrupted by a gasp of astonishment, quickly followed by a shriek of relief. By the time the president had looked over the assemblage to discover the cause of the interruption he found every one hastily lighting up a cigar, cigarette or the old pipe.

There was a lady from Nova Scotia, who was one of the educational delegates, nonchalantly puffing away at a cigarette.

From that moment the party brightened up perceptibly and the Rotarians were quite tickled with the action of this worldly-wise woman who had relieved the tense situation and put the men at their ease. There is some talk of the constitution being changed to allow the club to take her a member.

## Boston Symphony Players Spring Great Sensation

Boston, Feb. 18.—Players of the Boston Symphony Orchestra have made a joint request for increased wages, and have taken steps toward joining the musicians union. The wage request, involving an annual advance of approximately \$100,000 has been refused.

## THE ARMENIAN MASSACRES ARE INQUIRED INTO

British House of Commons Told That Protection of Christian Races in Turkey Was Most Vital Question.

PEACE CONFERENCE ALIVE TO AFFAIRS

Conference to Leave Turks in Constantinople, But if Massacres Didn't Cease That Decision Would Change.

London, Feb. 18.—The Armenian massacres were again the subject of many questions in the House of Commons today. The Government leader, Andrew Bonar Law, in reply, said that the protection of the Christian races in Turkey was one of the most vital subjects before the Peace Conference, and that steps to secure their safety were being considered. He reiterated the statement that Constantinople had been informed that the Conference purposes leaving the Turks in that city, but that unless the massacres ceased the decision of the Conference would probably be modified to the detriment of Turkey.

Mr. Bonar Law was asked whether the Government thought that pressure on Constantinople was likely to be effective in view of the massacres carried on by Mustafa Kemal Pasha, who was the leader of the Nationalists and did not recognize the authority of Constantinople. The Government leader replied that the pressure might not be as effective as was desired, but it was hoped it would have some effect. He declared there was some connection between the Nationalist movement and the Turkish Government, and that the action taken ought to have an effect upon any body who was concerned for the continuance of Turkish nationality as a whole, he declared, and the Allies hoped that this statement might influence the situation.

## SECRET OF THE ALLIED COUNCIL STIRS UP PRESS

London Newspapers Criticize Failure to Make Public President Wilson's Note and Allied Reply.

London, Feb. 18.—Criticism for the failure to make public President Wilson's note and the Allied reply, is a feature of some of the comments in London papers today, while the denial that Viscount Grey and Lord Robert Cecil had influenced the Council to modify its reply is declared to be partly untrue.

The Daily Mail, for instance, says it is an open secret that the country owes a debt of gratitude to Lord Grey for his activities in the matter, and the Times characterizes the denial as "An example of verbal gibbering which infers intelligence mistakes for diplomacy" and maintains that, though it may be verbally true, it conveys and is designed to convey what is untrue.

Insisting that publicity of the whole situation is necessary, the Times says it is right that the Democrats on both sides of the Atlantic shall be told the truth. Adding: "We are not going to stand by and have our friendship and relation with America jeopardized by the proceedings of a triumvirate sitting behind closed doors."

The Daily Chronicle also makes a strong plea for the publication of the president's note. Both the Times and the Mail again vehemently express anxiety that the Supreme Council's actions imperil the relationship between Europe and America.

## PRICE OF SUGAR TO BE DISCUSSED AT PUBLIC HEARING

Board of Commerce Orders Important Meeting to Go Into Situation—Public Urged to Participate.

Ottawa, Feb. 18.—(Canadian Press)—An important public hearing of the Board of Commerce which will take place in the Windsor Hotel, Montreal, on Friday morning, Feb. 20th at half past ten o'clock. The full Board will be present at the hearing, which, it is stated, is for the purpose "of considering the price of sugar and the claim made for an increase in price on account of the exchange situation and other increases in cost." The importance of the meeting was emphasized at the offices of the Board this afternoon, when it was stated consumers, refiners, dealers and other interested parties should attend.

## ST. JOHN GIRL HELD FOR TRIAL

Special to The Standard—Boston, Mass., Feb. 18.—Appearing before Judge Duff, in the Municipal Court this morning, Miss Lacie McKay Hayes, of St. John, who was arrested yesterday by Inspector McNabb on a charge of larceny of a fur coat valued at \$295 and \$45 in cash at the Policemen's Hall, pleaded not guilty. At the request of her attorney the case was continued for trial to February 26. She has secured the necessary \$1,000 bail through a group of former New Brunswick people.

## LUMBER EMBARGO MAY BE ORDERED

Ottawa, Feb. 18.—(Canadian Press)—Following on reports of a threatened lumber shortage in the west owing to the shipment of the Canadian supply to the United States, the Board of Commerce is in receipt of similar communication from the City of Toronto. Should the need for action in the line of placing an embargo on export of lumber arise, it would seem that the matter is one for the whole government to take up and decide whether such action would be taken.

## GOVT OF U. S. TO SEIZE HOARDED FOODSTUFFS

Washington, Feb. 18.—Hoarded foodstuffs only will be seized in the Government's campaign to reduce the cost of living. Department of Justice officials said today after their attention had been called to reports on the Chicago Grain market to the effect that extension of seizures was contemplated. No change in existing policies is planned, officials said.

## Dutch Government Pleased With The Allied Attitude

The Hague, Feb. 18.—The Dutch press, although inclined to resent what one newspaper calls "A display of bad temper" in the rather sharp wording of some parts of the second Allied note with regard to the former German Emperor, in its comment generally takes the view that these parts are intended only for home consumption, and that the real meaning of the note is that Holland is simply asked to prevent William from interfering with the peace of the world. The Government, the newspapers, say, is undoubtedly pleased that the Allies did not attempt to dictate the specific place of interment. The general feeling is that the incident will be speedily settled with out Holland's expected offer to intern William at Doorn.

## GERMANY GIVEN LONGER TIME TO REDUCE FORCES

Informed by Lloyd George That Army Must be Reduced to 100,000 Men by July 10th.

## RATIFICATION DELAY CAUSED EXTENSION

According to Treaty of Versailles German Army Was Supposed to Have Been Reduced by March 1st.

London, Feb. 18.—Germany has been allowed a concession from the terms of the Treaty of Versailles with regard to the speed with which her military forces must be reduced. Premier Lloyd George, it was learned today, has notified Dr. Sthamer, the German envoy, that the date when her army must be reduced to 200,000 men has been fixed as April 10, while she is allowed till July 10 to bring it down to the 100,000 limit.

"I have the honor to inform you for the information of the German government," said Mr. Lloyd George's letter to Dr. Sthamer, "that the attention of the Supreme Council has been drawn by the President of the Commission of Control in Berlin to the difficulty with which the German government will be confronted if the Allies insist on strict fulfillment of the article of the Treaty requiring a reduction in the German army to 100,000 not later than March 31."

"As this article was drafted on the assumption that the Treaty of Versailles would have been ratified at a much earlier date, the Supreme Council decided to permit that the German forces should be reduced to 200,000 by April 10, that is to say, three months from the coming into force of the Treaty as provided for in Article 163, and to 100,000 by July 10.

"I have the honor to request that you will communicate this decision to the German government."

## RE-FORESTRATION OF CUT OVER AREAS UNDER DISCUSSION

Proven That it Requires at Least 100 Years to Reforest Cut Over Pulp Area.

Montreal, Feb. 18.—Dr. Jas. W. Robertson speaking at the conventional held here this morning under the auspices of the Commission of Conservation reviewed the work of the last eleven years concerning reforestation, prevention of forest fires and the development of mines. The commission, he stated, has proven that it requires from fifty to one hundred and fifty years to reforest a cut-over pulp area, and that he considered this to be up to the pulp and paper companies.

Other speakers were James White, the Hon. Dr. Beland and the Hon. Mr. Fisher.

## CIVIC ELECTION RUMORS MANY IN FREDERICTON

Fredericton, Feb. 18.—The first candidate has been nominated for the civic elections, which take place on Monday, March 1st. At a meeting of the ratepayers of Kings ward at St. Margaret's chapel hall, at Morrison's Mills, last night, Thomas T. Blizard was nominated as a candidate for alderman from that ward, which meant opposition for Alderman William McKay, whose term of office is about to expire, if he decides to offer for reelection.

President Harry Ryan, of the Fredericton Labor Council, this morning declared that organization would take no part as a body in this year's elections.

## FARNELL GUILTY OF SEDITION

Winnipeg, Feb. 18.—(Canadian Press)—John Farnell was sentenced this afternoon by Mr. Justice Pruden to serve a term of nine months in the provincial jail. The jury had previously returned a verdict of guilty to the charges of uttering seditious words on June 26th. Leniency had been recommended by the jury.

## REPRESENTATIVE AT WASHINGTON AGAIN COMES UP

Discussion Over the Lennox Reservations to Treaty, as Affecting Canada's Status, Brings up Question.

## QUESTION OF VOTING POWER PUZZLING

Any Suggestion to Increase U. S. Voting Power to Six Would Involve Revision of Present League Basis.

## McCormick's Bluff Called By Canadian Representative

Ottawa, Feb. 18.—(By Canadian Press)—"There was absolutely no binding together of the Dominions vote, as alleged by Republican Senator McCormick," declared Mr. F. M. Draper, Secretary of the Canadian Trades and Labor Congress, and who was one of Canada's delegates to the International Labor Conference at Washington. Senator McCormick had alleged that the British Government delegates, Hon. G. N. Barnes, had found no difficulty in binding together the votes of all the British Dominions. Mr. Draper said the records would show that on many questions the delegates from the Dominions had not voted in accord with the British Government delegates.

Ottawa, Feb. 18.—The question of direct Canadian representation at Washington has again been brought to the fore by the discussion which has arisen over the Lennox reservations to the treaty of Versailles, as affecting Canada's status in the league of nations. It is suggested that, had the Canadian representative been appointed, any representations made by the government might wish to make Washington in the matter could have been handled by him in conjunction with the British embassy.

Last session an appropriation was passed for the appointment of a Canadian representative at Washington. There was some questioning at the time as to what his exact status would be, and the government announced that the representative's status would be a matter of negotiation with the British government. What has passed between Ottawa and London in the interval is not disclosed, and is unlikely to be disclosed before papers are brought down in the house. But there is some ground for the belief that an arrangement had been reached.

On the question of voting power in the league of nations, there is considerable speculation here as to what may be the outcome of proposals made. Any suggestion to increase the voting strength of the United States to six votes, it is claimed, would involve a revision of the present basis which is one member, one vote. It would further imply a probable claim from such countries as Japan and France for six votes also. If this course were followed and the British Empire given a total of six votes, Canada would have the equivalent of only one-sixth of a vote. The further proposal has been made that voting would be on a basis of population. If this course is followed, it is asserted, the voting strength of the British Empire will be greatly increased. At present, it is about one-eighth of the total membership of the assembly. If population is the basis it will be about one-fourth.

## Business Profit Tax Presents a Problem

Admittedly a Handicap Upon Industry Besides Being a Source of Tremendous Work for Gov't Departments—Brings in \$35,000,000 Revenue.

Ottawa, Feb. 18.—The problem of what to do with the business profit tax in Canada is engaging the attention of the Government, with no solution for it immediately in sight. It is admittedly a handicap in industry, besides being the source of tremendous work for Government departments in determining the exact part of a firm's profits which shall be assessed. But it brings in about \$35,000,000 a year to Canadian revenue, and such an amount cannot conveniently be added to the income tax on private incomes.

Approached today on the question, Sir Henry Drayton stated that the Government had not decided what its policy would be on the debated point of business profit taxes.

### Yesterday Was Ash Wednesday

Beginning of Lent Observed in All the Catholic Churches—Large Congregations Attended Masses Both Morning and Evening.

Yesterday being Ash Wednesday, the beginning of Lent, was observed in all the Catholic Churches with large congregations attending both Masses in the morning and the evening services. The Blessed Ashes were distributed in the different churches throughout the city both morning and evening. In the Cathedral all the priests of the palace were kept busy performing this sacred duty. Less evening Rev. William M. Duke, rector, delivered a most forcible sermon on prayer. Father Duke emphasized the necessity of prayer in the minds of his congregation and asked them during this holy season of Lent to remember in their prayers the souls of Purgatory and of the faithful who have departed this life.

Father Duke also announced the evening devotions will be held in the Cathedral every night with an instructional sermon every Wednesday evening during Lent, also the Way of the Cross will be made each Friday night. As stated at all the Masses on Sunday night last all Catholics who have attained the age of twenty-one years and upwards to sixty are obliged to fast during this holy season.

Mr. Wigmore in his address urged the members to take up the duties imposed upon them in the reconstruction period which has followed the great conflict. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package. There is only one Aspirin—"Bayer"—You must say "Bayer".

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monacochemische Werke, Silesia. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitation, the Tablets of Bayer Company, will be stamped with their general trade mark, the "Bayer Cross".

# Are You a "Light Sleeper"?

If you don't sleep soundly, there's something wrong somewhere. Maybe it's your bed.

Nobody is a "light sleeper" naturally. Give your body and nerves a chance to relax, and you'll sink into a sound, deep sleep.

You'll get rid of all your fatigue poisons and wake up feeling and looking fresh and fit.

But do you ever relax?

If your bed has a loose joint, if it rattles or squeaks, if your spring creaks every time you turn—you can't get deep, sound sleep. You may get up even more tired than when you went to bed.

FOLKS who have been light sleepers and heavy dreamers all their lives; sleep soundly on a Simmons Metal Bed, with Waldorf Box Spring—and Simmons Mattress and Pillows to complete the equipment for restful sleep.

The Simmons Metal Bed is noiseless. It locks firmly at the corners. The corner locks are made of pressed steel—have much longer bearing surfaces than the average—fit true and snug—not a creak, rattle, or feeling of unsteadiness.

It is perfectly rigid—feels and moves like one solid piece.

The Simmons Pressed Steel Corner Locks are protected by basic patents—exclusive with Simmons Limited, not to be duplicated or imitated.

And these patented corner locks have made possible the

to go with Simmons Metal Beds and Waldorf Box Springs.

If you want to sleep, you want the Simmons Metal Bed, Waldorf Box Spring, Simmons Mattress and Pillows.

Your leading merchant has Simmons Beds—in all sizes and styles. In brass, and enameled in colors and in natural wood effects.

They cost no more than ordinary beds.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.

MAYBE you're one of those folks that never sleep soundly unless you have a bed to yourself. You'll be glad to know that Simmons Limited, are making a specialty of Twin Beds.

The best people everywhere are welcoming separate beds. There's no disturbance of one sleeper by the restlessness of the other. Coughs, cold or sore throat are not communicated.

There's no loss of vitality—as when children sleep with old people or the weak with the robust.

If you care to write us, we'll tell you where to get Simmons Beds, Waldorf Box Springs, Simmons Mattresses and Pillows in this community.

Sleep is a big subject! Write us for the brochure, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

THE HARBOR QUESTION.

It is to be hoped that the meeting of the business organizations held in the Board of Trade rooms yesterday will result in the working out of a definite harbor policy to which the citizens can subscribe, and the overcoming of the present difficulty.

According to some authorities the question of having the Government take over the harbor and operate it by commission has been discussed here for forty years; at any rate this departure has been frequently advocated ever since St. John became a national winter port of importance.

The Board of Trade were let the contract for Courtenay Bay it recognized St. John as a national port in a way, or to an extent, it had never been recognized before.

The Board of Trade were let the contract for Courtenay Bay it recognized St. John as a national port in a way, or to an extent, it had never been recognized before.

There is no evidence that the city objected to the phrasing of the Harbor Commission Act while it was before Parliament, and all but one of the Commissioners had accepted the offer made for the harbor, though they might not have considered it high enough.

Col. Ballantyne was for years a member of the Montreal Harbor Commission, and the St. John Act is modelled on the Montreal Act. When he put his St. John Act through the House he probably had some reason to suppose it would be satisfactory to St. John, and it is hardly surprising that he should refuse to amend it, now that objections to it have been discovered.

Men have learned, as never before, to work together in the harness of public needs. Business men have neglected their private affairs to give much time and energy to community service connected with the war, and though their sacrifices have been in no wise comparable with those of the men in the trenches, their service has been of vital importance.

Although Hon. Mr. Fielding said that the ratification of the Peace Treaty and the League was a waste of the time of the Canadian Parliament—and he used considerable time to say so—Liberal papers are now approving the action of the Government in opposing the demand of some American Senators to deprive Canada of a vote in the Assembly of the League.

from the Government of \$5,000,000 to proceed with harbor work. And there is no reason why the Government should not make provision for proper facilities here; at the present moment thousands of cars are held up in Ontario because of the American railway embargo on Canadian traffic, and the whole country ought to be behind the move to secure public money to enlarge the port equipment here.

The fear that if the Government takes over the harbor it will impose such harbor dues that traffic will be driven away is probably unfounded. Export rates through Halifax, St. John, and Portland are the same, and practically the same as through New York. All the influence of the C. P. R. would be against any discriminatory port charges here, and also of the C. N. R. when it has satisfactory facilities here, for it will be no advantage to the C. N. R., especially if the Valley Railway is completed, to haul freight past St. John to Halifax.

The present House of Commons is composed of decent, moderate men, most of them with good laid up, and something therefore to lose by a general bouleversement. Why should we exchange them for a new set of men, in which there would certainly be a large proportion of Labor agitators, and Socialists of every brand, from Fabians to Bolsheviks?

Canada's Fire Loss. (London Free Press.) A fire loss of \$8 per capita in Canada, against 45 cents in England, 29 in France and 14 in Belgium, emphasizes the necessity of an extraordinary attitude on the part of Canadian citizens toward the Fire Protection League and kindred helps.

The New Alchemy. (Ottawa Journal.) Just when the world is casting ridicule on the efforts of scientists to turn baser metals into gold, along comes Prince Christopher, marries an American widow, and turns what her late husband made out of tin plate into gold.

Very Simple. Mrs. Styles—Is that a new silk hat you've got, Nicholas? Mr. Styles—Yes, my dear. "How much did it cost?" "Why, it was \$8, dear."

"What! Eight dollars, and not a bird or a ribbon or a feather on it?" —Yonkers Statesman.

IN THE EDITOR'S MAIL

To Editor The Standard, Dear Sir: A reconsideration of the matter of the contract award for the construction of the Nurses' Home is being asked for on the ground that all the facts relating to the figures were not properly put before the meeting of the County Council by the Hospital Board of Commissioners.

It develops that the H. B. of C. were aware that a lower set of tenders were in their hands than that submitted and recommended for acceptance by them to the County Council.

The County Council because of opposition on the part of some councillors, notably Mr. O'Brien, being unable to get any illuminating figures from the Board, acted on their (H. B. of C.) recommendation and voted for the acceptance of the tender of Messrs. Mooney and Sons which is Fifteen Hundred and Twenty Four Dollars (\$1524.00) above the lowest combination of tenders mentioned above.

Some time ago, in the course of the validity of the work submitted for only part of the work on the grounds that the notice calling for tenders called for a lump sum tender for the whole job. The advertisement in question did not call for lump-sum tenders to the exclusion of partial bids in spite of all claims that might be made to the contrary.

Three other tenders besides Messrs. Flood are involved and deprived of the work for which the report of proceedings shows them to have been the successful bidders.

We are aware of the provision which gives the Board the right to reject any or all tenders, but as the funds involved are a matter of public finance and hence public interest we think it only fair that some adequate reasons should be given for an additional and unwarranted expenditure of over \$17,000.00 before the Board.

Last night as I sat at the dining room table so I could do my lesson on it, and I was in there doing them and wishing I wasn't, and all of a sudden the ink bottle went over by itself on account of my elbow accidentally hitting it, and half the ink pored out and I quick grabbed up a long thing hanging over the back of a chair and mopped up the loose ink with it, nothing being left on the blot cover but a fearsome big spot the shape of a stone, me thinking, G. gosh, gimminy, holey smokes.

Meaning on account of the ink spot, and pop sed, Hurray, Hurray, that terrible blot cover that your granmother handed down to you from the ark is ruined at last, hurray, hurray, rejoicings and jobilations.

Will you Potts, I think you're simply awfull, that blot cover was an airloose, sed ma. That's putting it mildly, sed pop. G. pop, I sed, if I had of knew you would be so glad I wouldn't of had to bother to mop up the loose ink.

## St. John's Man Has Gained 20 Pounds

### John Ash Regained Health and Strength After Flu By Taking Tanlac.

According to the testimony of the multiplied thousands who have used it there is nothing more invigorating than Tanlac to persons suffering from the after effects of grippé, influenza, bronchial troubles, typhoid and pneumonia, or who are in a rundown condition from any cause.

Another striking instance in connection with this fact is evidenced by the experience of John Ash, a well-known fisherman, living at Carter's Hill, St. John, Newfoundland.

Mr. Ash states that during, and following an attack of influenza, nearly a year ago, he lost fifteen pounds in weight, but that Tanlac has put him in shape to where he has regained all that back and five pounds besides, making an actual gain of twenty pounds in just a few weeks time. But let Mr. Ash tell his own story, here is his statement:

"For anyone who is suffering from the effects of 'flu' and wanting something to build them up I want to tell of the wonderful results I have got from Tanlac. About ten months ago I had an attack of 'flu' myself, was down in bed for a month, and it was thought I could not get well. When I did finally get up I was as weak as a baby. I had absolutely no appetite and my stomach was so weak and upset I could not eat much of anything. My nerves were left in an awfully torn up condition and I could hardly get any sleep at all. What little sleep I did get seemed to do me no good and I invariably woke up with a mean, nagging headache. I kept rocking along, taking this, that and the other medicine, but got no better and became very despondent for it seemed that nothing could help me. I had been reading about Tanlac and was so impressed with what others said it had done for them that I decided there must be something to it and began taking it myself. Well, the results have completely surprised me. I had lost fifteen pounds on account of the 'flu' and have gotten all that back and five pounds besides, making an actual gain of twenty pounds. In just a few weeks time. My appetite is fine now, my stomach is also in good shape, and I am getting back my strength rapidly. I sleep good and sound every night for I am no longer nervous. That tired feeling has left me and, in fact, I am just like a different man. I am now convinced that Tanlac is every bit as good as they say it is, if not better. I certainly feel very grateful for what it has done, and is still doing for me and I will always speak a good word for it."

Tanlac is sold in St. John by Ross Drug Company, F. W. Munro, John E. Porter, Wilson's Beach; Newton M. DeBow, Anagnone; Jones Bros., Appahqui; Z. Saunders & Son, Havelock, J. N. Inch & Co., Oak Point, under the personal direction of a special Tanlac representative.—Adv.

## Edison Artist At Opera House

Hear the Tenor, Manuel Romaine; Hear His Re-Created Voice on the New Edison At Thorne's—Then Judge.

What is, one might say, practically a time-honored opportunity is offered local music lovers by the visit to this city of the noted tenor, Manuel Romaine, who is appearing at the Opera House with the feature-top line offering—this evening.

Mr. Romaine is a valued member of the Thomas A. Edison staff of artists, and it is gratifying to know that Thomas A. Edison's Re-Created voice of Mr. Romaine's beautiful tenor voice are offered by Messrs. W. H. Thorne & Co., Ltd., where visitors are welcome to hear any of the following numbers:

60481—"My Sunshine Jane" 60485—"If I Had All the World and Its Gold;" and on the reverse side of the same disc—"Mamma's Little Coal Black Rose."

It is suggested that those who hear Mr. Romaine at the Opera House call at Thorne's and hear his Re-Created voice on the New Edison—"The Phonograph with a Soul," and thus satisfy themselves that Mr. Edison has really Re-Created Mr. Romaine's voice so faithfully that no human ear can discover any difference between the living voice and the Edison Re-Creation of it. Hear the artist, then hear the Edison Re-Creation of his voice at Thorne's.

**BUILD IN SELF DEFENSE**

With rentals being raised in record breaking amounts it behooves the tenant to consider building over with materials at very high prices.

Consider the advantages of a new home. The more cheerful rooms, arranged to make work easier, better heating arrangements that save coal, hardwood floors that make carpets unnecessary.

Excellent Work Of Victorian Order

Nurses Have Made Over 8,000 Visits During the Year and Had 1,111 Cases Under Their Care—Annual Meeting Held Yesterday.

Plans for opening a Training Centre for Nurses were discussed at the nineteenth annual meeting of the Victorian Order of Nurses held yesterday afternoon in Trinity Church School-room.

A very interesting account of the work was given by Miss Murdie, superintendent of nurses. She stated that there are about one hundred and sixty children under the care of the Victorian Order, and in telling of the attendance at the Nurses at the Free Kindergartens said that advice given was well received by the mothers.

Much skin disease had been found, which might be blamed upon the cold houses in which people were forced to live, as it was very hard for mothers to bathe children without heat.

It is hoped to purchase a property for a Nurses' Home, and establish there a Training School for V. O. Nurses. This, it was explained, would add to the number of nurses and lessen the expense, as additional nurses would not have to be engaged.

An extensive programme of public health work is being mapped out. W. H. Lugden, in the secretary-treasurer's report, stated the following facts:

Miss Jones, the faithful superintendent, has been transferred to Edmonton, Alberta, and is succeeded by Miss Murdie. Five nurses are employed in St. John, including East St. John, and one on the West Side, which includes Fairville and Lancaster, to which a second nurse will be added by the first of April.

The progressive people of Rothesay have asked for a Victorian nurse, and Miss McNevin has entered on her work with marked success. Mrs. J. Davidson and Mrs. J. McIntyre have been appointed honorary members of the board for that district.

The visit of Mrs. Hanington, superintendent, and Miss Hall, her assistant, and their helpful suggestions was referred to. The opening of the Nurses' Home on Haymarket Square is mentioned, but it is stated that the accommodation is inadequate there.

The financial statement is as follows: Receipts, \$7,982.41; expenditures, \$6,968.53; balance on hand, \$1,013.88.

There were 1,111 cases nursed during the year, and 8,128 visits made by the nurses. The election of the Board of Directors resulted in the entire Board being re-elected, with the addition of Col. Murray MacLaren and the Regent of the Municipal Chapter, I. O. O. E. The Board is as follows: Mrs. George P. Smith, Mrs. J. V. Ellis, Mrs. Dever, Mrs. David McLellan, Mrs. H. A. Powell, Mrs. M. B. Edwards, Mrs. Harold Mayes, Mrs. S. Ellis, Miss C. MacLaren, Judge Forbes, Judge Ritchie, Senator Thorne, Senator Daniel, E. L. Hising, L. W. Simms, Canon Armstrong, W. H. Lugden.

By a standing vote, a resolution of sympathy to Hon. Dr. Roberts in his recent bereavement was passed. Thanks were voted to the Corporation of Trinity Church for the use of the rooms yesterday.

"FLU," GRIP, COLDS, Pneumonia, Fevers, Hard Coughs, Tonsillitis.

Read this plain statement. First. This whole brood of wicked enemies of health may be kept at bay, the medical authorities say, by keeping up high quality of the blood, and observing the ordinary laws relating to sanitation and health.

That is why Hood's Sarsaparilla is recommended as a preventive of "flu" and other diseases—it is the standard blood-purifier and vitalizer. Second, for a definite case of any of the prevailing complaints, it is wise immediately to call a physician. Third, for the weakness and prostration following the "flu," grip and other diseases, Hood's Sarsaparilla, by renewing the red blood corpuscles wonderfully restores health, builds up appetite and makes food taste good.

If a cathartic is needed Hood's Pills are recommended. WEDDINGS McMan-Mages At St. Thomas' Church, Toronto, on Tuesday, Feb. 17th, the Rev. C. Enor Sharp officiating, the marriage was very quietly solemnized of Mona Frances Verner, only daughter of Mr. and Mrs. John Boyd McMann of this city to Charles Mages of Detroit, Mich.

The bride, who was given away by her brother, Mr. Lawrence B. C. McMann, was married in a navy blue travelling suit with becoming hat to match and taupe fox fur. She carried a bouquet of bridal roses.

Otto Janacek, organist of the Church of the Redeemer, presided at the organ, and rendered appropriate music during the service. After the ceremony, the bride party repaired to the home of the bride's brother on Dalton Road where a wedding supper was served; after which the happy couple left for their home in Detroit.

Duffy-Fraser On Monday evening at 8 o'clock in St. Andrew's Presbyterian church, Hammond River, Miss Pearl Dorothy Fraser of Nauwigewauk was united in marriage to John A. Duffy, son of J. Edwin Duffy of the same place. The church was artistically decorated with evergreen. The ceremony was performed by Rev. J. J. Graham under a beautiful arch. The principals were accompanied by a large circle of friends. Many hearty wishes for much future happiness are expressed.

CANADA'S PLACE IN THE EMPIRE Canada is the foremost of the family of the British Empire, and, being nearest, the great responsibility rests upon her, not alone to aid and assist in her battle, but to lead the van in all forms of industrial life; to seize every opportunity to forward the grandeur and stability both of herself and of the Empire.—The Agricultural Gazette for January, 1920.

Another Epidemic OF THE SPANISH INFLUENZA A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after effect such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague. If you had the "Flu" before and it left you with any bad after effect Milburn's Heart and Nerve Pills will bring you back to health and strength.

IRISH APPEAL TO THE GERMANS

Propaganda Started by Baron Von Horst—No Encouragement. "Daily Express" Correspondent Berlin, Feb. 17.—The "Irish Republic" is making a great effort to secure recognition by the German people, public, and to this end has placed its interests in the hands of Baron von Horst, who is carrying on a vigorous propaganda.

Von Horst points out the suitability of two oppressed nations, Ireland and Germany, making common cause. He says: "Germany, by extending a helping hand to Ireland, will make sure of securing a reconciliation with the United States, which also desires to free Ireland. The influence of Ireland in the United States is so great that she could materially help the relations between Germany and America."

peck, the German Government declines to have any dealings with the Irish Republic. A Government official, in discussing the matter, said to me: "Now that peace is ratified we would in no event enter into negotiations with any representative of the so-called Irish Republic, as that would be regarded by England as an unfriendly act. Still more emphatically can it be stated that we regard the Irish Republic's selected representative as more likely to damage than to advance our cause."

## Chatham Assumed The Leadership

Defeated Fredericton Last Night at Capital in Very Fast Game—The Final Score Was Four to Three.

Fredericton, Feb. 18.—Chatham assumed the leadership in the New Brunswick Hockey League here tonight, when they won from Fredericton before the largest crowd that ever saw a game here, by a score of 4 to 3, the teams having gone on the ice with unblemished records for the crucial game of the race for the Chestnut Cup.

The Fredericton team started off in the first period like a house afire, with the ice in good shape for fast players, and scored their three goals before the Chatham team got started, the bell sounding for the first rest with the score 3 to 1 in favor of the home team. By the end of the second period the score had been tied, and half way through the final period Leo Troy stole the puck about centre ice when the whole Fredericton team were starting an attack, and before they knew what had happened he had sagged the net back of Capt. Titus, and Chatham had the game won.

By skilful manipulation of their players the Chatham team were able to keep at 100 per cent. efficiency all the time, while the Fredericton players showed up in the final stages of the game, the much heralded Barnett, a former U. N. B. player, being out of shape, while Archie Williams was suffering from a broken nose sustained in practice. Shea was not used, as Jarvis' frequent penalties gave him sufficient rest. The Chatham players did a lot of chattering at Referee Sandy Rigley, so much so that he changed Goal Tender Rigley and S. Veno of the ice on that account. There was little of what could be called dirty playing, most of the penalties being for trips and knee checks. Frank Jewett, the Fredericton cover-point, was put away by Joe Currie, the husky Chatham veteran, who jabbed him with the butt end of his stick, but this happened after the whistle had blown, and when the referee couldn't see it. The Chatham team play here tomorrow night with Marysville, and if they win again they will have the championship pretty well sewed up.

The line-up: Fredericton: Titus, Point, Jarvis, Cover-point, Jewett, Centre, Mills, Left Wing, Troy, Right Wing, Burgess.

W. Veno, Lounsbury, Lounsbury, Substitutes—Chatham: A. Veno, G. van, Fredericton; Barnett.

The officials were: Referee, A. McM. Staples; penalty timer, N. A. MacKenzie, G. Coy; timers, R. Weldon, D. Lounsbury; goal judges, A. Fleming, J. H. Adams.

The scoring:  
First period—Fredericton, Lounsbury, 3 minutes; Fredericton, Jewett, 4 minutes; Fredericton, Lounsbury, 3 minutes; Chatham, S. Veno, 3 1/2 minutes.  
Second period—Chatham, W. Veno, 12 minutes; Chatham, Mills, 7 minutes.  
Third period—Chatham, Troy, 7 minutes.  
Total—Chatham, 4; Fredericton, 3.  
Penalties:  
First period—Fredericton, Jarvis, 3 minutes; Chatham, W. Veno, 3 minutes; Chatham, Rigley, 2 minutes.  
Second period—Chatham, Veno, 2 minutes; Fredericton, Jarvis, 3 minutes; Fredericton, Jarvis, 2 minutes.  
Total—Chatham, 9 minutes; Fredericton, 8 minutes.

**THISTLES LOST TO THE HAMPTON CLUB**

To lose the first game this season so far, to a small team was the fate of the Thistle curlers yesterday when they played against Hampton in the afternoon and evening. That they lost the game was due to considerable water being on the ice which evidently went against the grain of the city champions.

In the afternoon match the visitors defeated their opponents by two points, the score being 29 to 27. In the evening the Thistles received a more severe loss by being beaten by fifteen points, the score being 32 to 17. The grand total was 60 to 47 in favor of Hampton. Following is the score by rinks:

Afternoon		Evening

**New International League Schedule**

New York, Feb. 18.—The New International League decided against raising the prices of admissions at its "schedule" meeting held here today. Dave Fultz, president of the league, said that the question of raising prices came up, but it was voted down. The schedule adopted will comprise 154 games. The different teams will open on April 21st as follows:  
Akron at Jersey City; Toronto at Reading; Buffalo at Baltimore; Rochester at Syracuse. Return matches will be played on May 10th.  
An increase in the waiver prices from \$500 to \$1,000, was also adopted and the board of directors re-elected.

**BRINGING UP FATHER.**

MY BROTHER IS COMING TO SEE US HE SAYS HE WILL GET IN TO-DAY.

YOU MEAN HE GETS OUT TO-DAY?

YOU INSIST MY BROTHER COULD BREAK IN TO SOCIETY IF HE WANTED!

THAT'S THE ONLY WAY HE COULD GET IN!

I WANT YOU TO GO DOWN TO THE STATION AND MEET HIM.

I'LL DO THAT.

IS MY WIFE'S BROTHER HERE?

**BATH**  
Bath, Feb. 18.—The surveying party  
have the work well underway to-  
day for the foundation of the piers of  
the bridge that is to be built here dur-  
ing the coming summer. This will be  
a great boon for the place and of  
immense benefit to the residents of  
the parish of Wicklow opposite which  
is one of the best parishes in this  
county for farming purposes. Bath is  
at present time now crowded for room  
for its people, and the prospect of  
the bridge has already caused talk and  
more for a building boom for the town  
next year.

The Kent S. S. Convention held here  
on Thursday last was a very success-  
ful one. The general secretary, Rev.  
W. A. Ross of Moncton, N. B., was in  
attendance.  
The death of Mrs. Kenneth Mol-  
ton, Jr., of Kenneth, took place last  
night. The deceased lady was well  
respected, and will be a great loss to  
her family and friends. She was well-  
known here, where she has relatives.

Lemuel Giguay of this place has open-  
ed a blacksmith shop at Bristol in the  
McLean shop. Mr. Giguay was engaged  
in business here for some time.  
Bath's two schools are progressing  
well with large attendance. The  
school rooms were put in good shape  
last year and are very cosy and com-  
fortable. The principals at the present  
time are Miss F. DeLong of Norton,  
N. B., and Miss McCree of Westport.  
Rev. G. A. Giberson made a trip to  
Carleton last week. He expects to be  
in a series of meetings here soon.  
Rev. Mr. MacKenzie of Whiteport,  
spoke in the Farmers' Hall here, on

THE WEATHER.

Toronto, Feb. 18.—A depression is developing rapidly tonight off the southern coast of Florida and another one of minor importance covers the western provinces. A few light snow falls have occurred today in Saskatchewan, Manitoba and Quebec, but the weather over the whole in Canada is fair.

WEST ST. JOHN FIRE An alarm was rung in yesterday morning at 4:30 from box 31 for a fire at the head of Duke street, West St. John, in a building owned and occupied by Benjamin Riley. It is thought that the fire started from some hot ashes. The fire department quickly responded. Considerable damage was done.

ARE PROTESTING. John Flood & Sons, contractors, are protesting against the award of the Nurses' Home by the Municipal Council to B. Mooney & Sons, on the ground that their tender was \$1,525 lower. HOUSING MATTER. Speaking of the operation of the housing scheme, Commissioner Bullock states that Premier Foster had recommended to Ottawa that the limit of \$3,500 at present fixed for frame houses under the housing act be increased to \$4,500, to meet local requirements, and that word was expected from Ottawa in regard to the proposed increase. Should the report be favorable, as expected, the contract for the erection of fifteen dwellings on Douglas Court will then be let.

CITY BUSINESS ORGANIZATIONS WILL SEEK A SOLUTION OF THE DEADLOCK ON HARBOR MATTER

Meeting of B. of T., Commercial Club and Shipping Men Yesterday Authorized Appointment of Committee to Prepare Amendments to the Harbor Act—Action Urged to Induce Government to Immediately Assume Obligation of Port Development—Too Much Politics, Says R. W. Wigmore.

The President of the Board of Trade, Mr. R. Emerson, will today appoint a committee of three or five citizens who will be requested to prepare such amendments to, or changes in, the St. John Harbor Act, as will meet the wishes of those opposing harbor commission as provided by that Act in its existing form. This is the result of a meeting held yesterday afternoon in the Board of Trade rooms at which thirty or forty men representing the Board of Trade, the Commercial Club, shipping interests, the Press and other activities, were present. The meeting was the second of its kind and naturally followed along the lines of the one held a week or two ago.

Mr. Emerson presided, and in introducing the subject, expressed his own support of the principal of commission action should be taken at an early date, pointed out that large expenditures will be necessary in the immediate future for harbor extension, and asked for a full and free discussion of the problem as it stands today. Mayor Hayes reviewed at some length the incidents of the past two years leading up to a definite proposal for harbor commission. The city had some time ago followed the suggestion made by Mr. Ballantyne and put through a resolution urging the transfer of the harbor to the government for the purpose of placing it under commission. A price of two and one-half million was suggested and the speaker and Mr. Bullock went to Ottawa. There they had conferences with Hon. Mr. Carvell, Mr. A. K. MacLean and others. A price was set by government accountants and by a firm of engineers and eventually a bill was introduced in Parliament and passed. Although the amount to be paid St. John was not as large as had been expected, compensation was not regarded as the most important feature. There have been other objections taken to this measure, notably in the matter of the ferry and also with reference to bond liability, to charges on shipping and otherwise. But the chief objection today is that we should either accept or reject the offer of the government as it stands. An attempt to force matters would not be productive of desirable results, for the present government is in such a condition that threats of resignations of members have no terrors for it. Money, of course, is scarce and public estimates are being reduced, but the government's own ships are lying idle in St. John harbor unable to obtain accommodation. Mr. Hayes feels there is little hope of obtaining better terms from Ottawa and expressed the opinion that it is better for the city to accept the present offer than to let the matter stand over for years. If we take this now our chances for nationalization may be just as good later as though the transfer were never made.

F. B. Ellis, of the Globe, had favored commission until Mr. Ballantyne's attitude made it impossible. The latter's assurances are utterly worthless, for what is not embodied in the legislation covering this transfer is useless. C. H. Peters pointed out that if commission is accepted on this Act, the Act must stand as the contract. In this proposal the city, he pointed out, is not relieved of liability for interest on outstanding bonds. Mr. Ballantyne according to Mr. Wigmore, and confirmed by Mr. Hayes, has stated that after commission goes through the government will take over such bonds covering harbor extensions as may be issued by the commissioners. This is not in the Act, but the proposal now before the people distinctly provides the contrary and Mr. Ballantyne said that if commission goes through St. John must pay its own way. There is no promise that the bonds will be taken. We must finance ourselves, if anything different is intended it should be embodied in the Act.

Desultory discussion followed regarding the advisability of a plebiscite. It was also intimated that the Canadian National is not planning any wharf construction just now, but that its expenditures will be confined chiefly to yard extensions and a new dock. G. Fred Fisher expressed himself in favor of harbor commission, but not of submitting the matter as it stands today. We should obtain assurances covering the bond liability, the operation of the ferry and equalization of rates. As it stands today, the submission of the proposal to a plebiscite would be merely an annoyance. A. P. Peterson considered the Act impossible without a clause covering the ferry, for it is important that St. John shall keep faith with the West Side. In giving to the government absolute control of our harbor we must most carefully protect our own interests against the possibility of later complications. A. H. Wetmore thought perhaps he himself was a little too hopeful, but he was prepared to accept the Act as it stands in view of Mr. Ballantyne's assurances. If the transfer is made we will be relieved of all further responsibility. The government takes over our property and assumes all liability. Operation of the harbor in the hands of the government will be perfectly safe and to the interest of St. John. Shipping men who know what has happened elsewhere are unanimous in desiring the change, but there is no use in taking the votes of the people unless the business men of the community to whom the majority look for advice express their approval of the plan. Some folks think that under commission rates will be so high as to drive away business, while others fear these rates will fall so low that private wharf owners will suffer. So, we have both sides. Yet as a matter of fact the commissioners will be merely expected to administer the harbor as a business proposition and to make this a truly national port. All should get together, formulate the needed amendments and work as a united body for what everybody wants.

THE MILD WEATHER CAUSED BAD WALKING Sidewalks Yesterday Covered With Slush and Water — Street Car Lines in Many Places Were Flooded.

The mild weather yesterday, after the excessive fall of snow and rain which caused a cause of inconvenience to pedestrians who were compelled to wend their way through the slush and water. The street car lines throughout the main route and others were in many places covered with puddles, caused by the melting snow. Many of the city employees were occupied cleaning the drains to allow the water to run in freely and to unblock those which had become blocked up. Fortunately considerable snow had been cleaned off the streets, although there is still some large banks to be seen here and there, which will doubtless make walking very disagreeable when it melts. Although notice has been given by the Commissioner of Public Safety to keep walks clear it was noticeable yesterday that many citizens had not complied with the act so far.

THE MEDICAL ACT At the approaching session of the Provincial Legislature one of the new matters which will be dealt with will be a consolidation of the various amendments to the Medical Act, Chapter 73, of the Consolidated Statutes with the various acts of assembly which have from time to time been passed pertaining to it. These are now considerably scattered and it is felt to be to the advantage of all concerned that they be collected and embraced in one. The bill in connection with the proposal will seek to provide for the incorporation of the Council of Physicians and Surgeons of New Brunswick. It will also provide for increased penalties for practicing medicine contrary to law, for an increase in fees at the direction of the council, for registration and examination, for a course of study of five years to qualify as a medical practitioner, for a properly published medical register, and other matters pertaining to the interests of the profession in this province.

Forward Movement Reports Received

Great Many Increases Over Objectives Reported — Strong Plea to Help the Weaker Sections — Latest Reports Received.

Reports received from the Financial Campaign of the Forward Movement show that in a great many cases the objectives set have been over-subscribed. In other places, owing to circumstances perhaps, the amounts have not as yet reached the allotment. It is confidently expected, however, that the totals will far surpass the objective for each denomination. Methodist Campaign.

While the Methodist Church of Canada have reached their objective of four million dollars in relation to the Forward Movement Campaign, it must not be considered that they have in any way placed a limit on this fund. In fact it has been their hope from the first that it would be over-subscribed at least a million dollars, and already it is over-subscribed upward of a quarter of a million.

The effort will not have been considered a success unless the further objective of "Every Methodist a Subscriber" is attained. The great importance of having the fund as large as possible, and the very large measure of success so far attained, will act as a stimulant in relation to those who have not already subscribed, that they may feel the greater interest in having a part in this important work, that they may not at all feel satisfied that someone else should have assumed their responsibility. It will greatly aid those interested if the outstanding amounts are obtained at the earliest possible date.
