Another Election Decision.

Chancellor Boyd, Chief Justice Meredith, and Mr. Justice MacMahon have given judgment of a motion to commit Mr. Bruce, returning officer at the last North Ontario Dominion election, and Mr. D'Alton McCarthy, counsel for defendant Noble, agent for Duncan Graham, the successful Patron-Liberal candidate in that election, at the recount held before County Judge Dartnell, who was also made a defendant.

It was sought to send the returning officer, the noted counsel, and the experienced county judge to jail for disobedience and contempt of an order issued by Mr. Justice Robertson, who will be remembered by many of our readers as having also officiated at the London election trial.

On Feb. 15 last, Judge Robertson issued his order, restraining Mr. D'Alton McCarthy, Mr. Bruce, Mr. Noble and Judge Dartnell from proceeding to have the ballots recounted. Returning Officer Bruce was restrained from attending with the ballots before a certain date, and from making a return to the clerk of the crown in chancery until a certificate of the recount should be received from Mr. W. C. Mahaffy, the judge of the district court of Muskoka, before whom, for some reason, the Conservatives were extremely solicitous to have the recount made. The contempt alleged against Mr. McCarthy was the counseling, aiding and abetting the disobedience of the order, and that alleged against defendant Bruce was direct disobedience to the order by producing the ballots, and then forwarding them to Ottawa. In the judgment given below, Chancellor Boyd, Chief Justice Meredith, and Mr. Justice MacMahon have completely upset the decision of Mr. Justice Robertson, and the motion to commit the persons named has been dismissed with costs.

These judges of the higher court held:

1. That the plaintiff had no particular specific legal right as applicant for a recount which entitled him to claim a specific legal remedy in the courts.
2. The provincial court has no jurisdiction to enjoin the prosecution of proceedings connected with controverted elections of the Dominion, such as a recount under sec. 64, R. S. C., ch. 6, which, though it appears in the elections act, is in pari materia with chapter 5, relating to controverted elections.
3. The count judge having issued his appointment and summons and having jurisdiction in the premises, the procuring of the order of the high court by way of injunction was an unwarrantable attempt to interfere with the due course of the election.
4. The order by way of injunction, being made without jurisdiction, was extra-judicial and void, a thing of naught, of which there could not be disobedience.
5. The motion to commit was without foundation, and the order being absolutely without jurisdiction might be treated as a nullity.

Tax on Non-Citizens.

The Pennsylvania legislature has passed a law which taxes all men over 21 years old 3 cents per day for each day of labor, providing they are not native or naturalized citizens. Firms and corporations employing the aliens are liable for the tax. The law went into effect yesterday.

Pennsylvania has been injured by the wholesale importation of alien laborers, who could neither read nor write, and who made no effort to become citizens of the country which gave them sustenance. It is doubtful if persons so ignorant would make good citizens, and the state may have been better without their votes. The present law may operate to restrict this class of immigration, which was fostered by the beneficiaries of the 5th tariff, for purely selfish ends.

An Independent Estimate.

Rev. Dr. Potts, the eminent Methodist divine, who has all his life been known as a Conservative, was present at the closing exercises at the Ontario Agricultural College at Guelph the other day, and made an important speech on the usefulness of the college and other public matters. He believed that this was the one institution that should rise far above party politics, and that the Conservatives, as well as the Liberals, should vie with one another to maintain it in a state of the very highest efficiency. Intelligence and industry were, he said, the two great elements necessary for success in farming as well as in everything else. He appealed to the students to take an interest in politics and to be proud of their country. Canada, he said, never attracted such attention as she did today, owing to the visit of Mr. Laurier in England and the success of the Highlanders' team. We had, he said, been peculiarly fortunate in having so gifted a son of united Canada as Sir Wilfrid Laurier at this time in the old land. As a French-Canadian and as a Catholic he conveyed to the statesmen of the old world the idea that Canada presents a united front as between the French and English-speaking people of the country as never before. He rejoiced exceedingly that we had such a representative in England at this time, and had not a doubt that the very best results would come from his visit, as well as from the visit of the Forty-eighth Highlanders. Dr. Potts appealed to the students to be good citizens, good subjects and good Christians.

The United States national holiday, "The Glorious Fourth," takes place on the glorious fifth this year.

Provincial General Elections.

Prince Edward Island is in the midst of a general election. The contest ends in three weeks from now, and there seems to be little doubt that the Liberal government will again be sustained by a handsome majority. Premier Peters has proved a careful administrator, and he is popular with all classes. This will be the third province to have had a general election within the last few months. In Nova Scotia and Quebec the Liberals triumphed. In Prince Edward Island there is every prospect that the same result will follow. By and bye, Ontario's turn will come. In this, the banner province of the Dominion, we have had good, progressive Liberal rule for years, and its continuity will not be broken, if we rightly gauge the determination of the electorate.

Important Conference.

The Conference of Charities and Correction, to be held at Toronto from July 7 to 14, promises to be of more than general interest to all persons interested in practical charity work. The programme embraces subjects of a wide and varied nature, dealing literally with "all sorts and conditions of men." The treatment of dependent and neglected children, the care of insane and feeble persons, the organization of charities, methods of prison reform, and the like, are among the subjects which will be dealt with by persons of experience and reputation. A large number of delegates are expected from all parts of the province and the United States. Mr. Percy Alden, of Mansfield House, London, England, will also be present, and address the conference in regard to the work among the poor in England. Persons attending the conference, by obtaining a certificate from the railway agent at the time of purchasing their tickets to Toronto, will be returned free of charge on having the certificate marked at the conference while in Toronto. It is expected that with this liberal concession on the part of the railroad companies, people from all parts will avail themselves of the opportunity of thus attending the meetings of so important an organization.

TREE WITH A HEART OF BRICK.

Mr. Elmdorf's Curious Method of Preserving the Tree in Front of His House.

New Brunswick, N. J., July 2.—One of the oddest sights in this city is the elm tree in front of John E. Elmdorf's house on Albany street. Mr. Elmdorf had the tree lined with brick to keep it alive. Fully one-half of the tree is now solid masonry, and it is in a flourishing condition. The side with the brick faces the street and is easily seen. It is two blocks from the Albany street bridge. The tree is known as the freak tree and the brick tree.

Mr. and Mrs. John Andrews, Charles street west, two of the oldest and most highly respected residents are about to remove from Ingersoll and take up their residence in Toronto.

Dominion Day

Generally Observed in the Ordinary Fashion

With Racing Events, Baseball Games and Other Sports at Stratford, Petrolia, Woodstock and Many Points East and West.

Stratford, Ont., July 2.—Horse racing and baseball were the two chief features for our 1st of July holiday. The weather was delightful and the large crowd that went to Petrolia with our band and firemen, there was a good turnout. The ball game between the Jubilees and Stratfords, in the morning, was very keenly contested, the score being 15 to 5 in favor of Stratford. The horse races in the afternoon resulted as follows:

Three-minute class:
Hannah Park 1 1 1
Melba 1 3 4
Sadie D. 2 3 4
Superior Boy 5 6 5
Time—2:34½, 2:34½, 2:35, 2:35.
2:24 class:
Day Frank 1 1 1
Barnie 2 6 2
Mollie A. 3 4 4
Alice 4 4 4
Ellerton 5 3 7
Fernie 5 5 5
White Line 7 6 9
Time—2:30, 2:29½, 2:30.

At Woodstock, things were rather quiet. Most of the townspeople went to Chatham, including the Woodstock Minstrels, and others went on an excursion to Port Dover and other places. The only attraction here was a baseball match between the Owen Sound team and the Hays Company's team, the former winning by 9 to 6. The North American Bent Chair Company, of Owen Sound, ran an excursion down, bringing the team and a band with them, which furnished the music.

At Berlin, Dominion Day was celebrated very quietly. A large delegation of temperance people, numbering several hundred, arrived from Toronto in the forenoon, and with local brethren picknicked in Victoria Park. At Port Elgin—A successful Dominion Day demonstration was held. Fully 5,000 people were in Lakeview Park to see the sports. Paisley and Port Elgin had a warmly-contested lacrosse match, the latter winning by 4 to 1. The Port Elgin Juniors defeated the Owen Sound Juniors by 7 to 0. The Ben Ali troop of Arabs, from New York, gave a gymnastic performance, and Madame Lazare, of Cooperstown, N. Y., gave two grand balloon ascensions, with parachute descent in each case. Music was furnished by the Southampton Sausen Indian and Port Elgin brass bands.

At Petrolia—The day was celebrated in grand style. From 10,000 to 15,000 of the visiting firemen assembled at the central fire hall and made a procession through the main streets, composed of the Marine City, Forest St. Clair, Stratford, Watford, Mount Clemens, St. Marys and other companies. The balloon ascensions and parachute drop by Prof. Williams, of Sturgis, Mich., gave entire satisfaction. The following places brought bands with them: Forest, Stratford, Watford and St. Clair. At 2:30 the procession was reformed and marched to the driving park, where games of all kinds were contested. Everything passed off in good shape, and the day was to be congratulated on its successful arrangements. The day closed with fireworks in the park by Prof. Hand, of Hamilton. The attendance at the park was about 2,000. The Petrolia brass band was in attendance all day, and the firemen added greatly to the day's amusements.

At St. Catharines the only attraction was the athletic tournament on the fair grounds, under the auspices of the Canadian Lyceum and Athletic Association. A new local Catholic organization, the programme of sports included a baseball match, bicycle and firemen's drill and band concert. Large crowds were on the grounds. At Hamilton the day was very quietly celebrated, the majority of quietizens staying home. The St. Andrew's and Irish Protestant societies held a picnic, and the Sons of England had special excursions.

At Waterloo Dominion day was fittingly celebrated. All the places were shut down and the holiday was observed. The day was a day of bunting in the city and on the ship-covered with flags. At noon a royal salute of 21 guns was fired from the citadel and also from H. M. S. Talbot.

In Halifax business went on as usual. Very few people outside the banks took a holiday, but there was a display of bunting in the city and on the ship-covered with flags. At noon a royal salute of 21 guns was fired from the citadel and also from H. M. S. Talbot.

At Orangeville the first of July celebration was a grand success. The lacrosse game was very exciting, being one of the center championship series, but was easily won by Orangeville, with a score of 7 to 0. The football match was between Mono College and the Caledon team, old-time rivals. Caledon won by 2 goals to 1. The third event was a tennis match between Orangeville and Fergus, resulting in a victory for Orangeville. The baseball match between Fergus and Orangeville was also a victory for Orangeville, 8 to 5. The bicycle races resulted as follows:

One mile, handicap—J. Darrah (Orangeville) (85 yards), 1; J. Arnold, Orangeville (225 yards), 2. Time, 2:24.
Half mile, open—R. Thompson, Toronto, 1; R. Thompson, Toronto, 2. Time, 1:11 4-5, beating track record.

At Petrolia, the day was observed as a close holiday, but there was no public celebration. At Quebec few, if any, stores were closed. The Independent Order of Foresters and Oddfellows each held a picnic. At noon a royal salute of 21 guns was fired from the citadel and also from H. M. S. Talbot.

In the world there is no other treatment so pure, so sweet, so safe, so speedy, for preserving, purifying, and beautifying the skin, scalp, and hair, and eradicating every humor, as warm baths with CUTICURA SOAP, and gentle anointings with CUTICURA Ointment, the great skin cure.

KISSING PROHIBITED

At Petrolia, the day was observed as a close holiday, but there was no public celebration. At Quebec few, if any, stores were closed. The Independent Order of Foresters and Oddfellows each held a picnic. At noon a royal salute of 21 guns was fired from the citadel and also from H. M. S. Talbot.

Burlington, N. J., July 1.—The edict has gone forth that there shall be no kissing on the occasion of the annual picnic of the Presbyterian Sunday school, which takes place in the Bustleton woods. The game party, which was the object of the "Covenant," which was invented, apparently, simply to furnish an excuse for indiscriminate osculation.

Too much for him. "What's the matter, Jack?" asked his uncle, at the point of slaying his nephew. "I am," said Jack. "This English language is too much for me. Ma told me to stop in at Mrs. Perkins' as I went by and leave this letter. Now, if I go by I can't stop in, and if I stop in, why, don't you see, I can't really go by." Harper's Bazar.

The grand and beautiful Bible story of Abraham intercepted on the way of slaying his cherished son has a deep significance which every mother should take to heart. Too many mothers of the present day bind their children upon the altar of neglect and misunderstanding, unwittingly thus depriving them of the blessing of the sacrifice.

Women who expect to be mothers do not care for a full account of its motherly ought, and thus the health and lifelong welfare of the prospective little one is sacrificed. All women should know and use the health-supporting power of Dr. Pierce's Favorite Prescription in every delicate condition of the organs pertaining to maternity.

This special organ is directly strengthened and reinforced by this wonderful "Prescription." It renders the ordeal of motherhood entirely safe and comparatively easy; it gives constitutional energy and vigor to both mother and child; it absolutely cures every form of female weakness and disease. It is the only medicine in existence devised for this particular purpose by an educated, skilled physician of thirty years experience in this special field of practice. A full account of its motherly properties is given in one chapter of Dr. Pierce's thousand-page illustrated book, "The People's Common Sense Medical Adviser," a paper-bound copy of which will be sent on receipt of thirty-one one-cent stamps, or, handsomely cloth-bound for fifty stamps. Address World's Dispensary, Medical Association, Buffalo, N. Y. Every woman should read this book.

W. R. Malcolm, of Koppel, Clay County, Arkansas, writes: "Since I last wrote you we have had a baby girl, and she is very healthy. 'Favorite Prescription' all during the expectant period of this pregnancy, and she had no trouble to mention."

IN THE DINING-ROOM.

SATURDAY, JULY 2.

BREAKFAST—Cherries on stem, powdered sugar. Fairly omelet. Brown bread, Coffee or tea.

LUNCHEON—Radishes, Chicken and rice croquettes. Thin slices of bread and butter. Shredded pineapple. Iced tea.

DINNER—Braised tongue. Small new potatoes in cream. Peas. Sliced cucumbers. Raspberry Shortcake. Coffee.

Cut out these recipes and paste them in a scrap-book.

Fairy Omelet—Beat six eggs separately, to the yolks add six tablespoonsful of milk. Heat pan with a bit of butter and pour in, slipping the beaten whites last on top. Cover for a minute. Season with a half-teaspoonful of salt and a dash of pepper. When done serve on platter, letting the whites and yellow parts alternate, with a garnish of green.

Chicken and Rice Croquettes—An excellent way of serving chicken bits left from dinner the day before is to cut all the meat carefully from the bones, chop fine, and to each cupful of the chicken add a cupful of boiled rice, one teaspoonful of salt, two tablespoonsful of butter, half a cupful of milk, a little pepper and an egg. Set in the fire, and as soon as it boils add the other ingredients, the egg, thoroughly beaten, last of all. Stir the mixture one minute. When it has cooled take about a tablespoonful and with both hands press the mass into an oblong roll. When the whole quantity has been shaped, roll the croquettes lightly in bread crumbs, then dip them in well-beaten eggs, roll in a second time, and fry in deep fat. Two or three minutes will suffice. Be careful that the fat is boiling before the croquettes are put in.

Braised Tongue—Wash a fresh tongue and cover with boiling water. Simmer slowly for two and one-half hours if large, two if small; then take out, and when the tongue is cool, trim off anything that may look ragged about the thick end. Then thrust the point of a skewer through the tip of the tongue, turn the thick part of the tongue inward, hold it firmly so until the top is lapped around and the skewer driven through both; then take a piece of muslin—part of a well-washed flour sack will do—and cut a strip just as wide as the tongue; bind this firmly around the tongue and tie with twine. Set this aside while the tongue is being fried. Have these prepared while the tongue is boiling. Brown in the braising pan with a heaping tablespoonful of butter; toss in one small carrot, two medium-sized onions, one medium-sized potato, one small turnip, all sliced; one bay leaf, a small stalk of celery and two sprigs of parsley. Stir these together, over a brisk fire until they look glossy, taking care that they do not scorch, and add one quart of beef stock. If this is not convenient use one quart of water in which the tongue was boiled. Put the tongue in with the vegetables; cover and bake. Occasionally turn the tongue and if the vegetables from the bottom. At the end of two hours take out the tongue, untie the twine, remove the cloth and take out the skewer. Place the tongue on a plate or in a dripping pan and put on the upper grate of the oven to brown; rub the vegetables and broth through a sieve into a saucepan; put on a hot part of the stove and boil rapidly until reduced to about a pint. Blend two tablespoonsful of flour with a cupful of tomato juice, and add a pinch of salt, pepper, and a scant dessertspoonful of Worcestershire sauce. Stir into the reduced broth and the boil up sharply; remove the

tongue to a platter. Pour this thick brown, delicious sauce over it; sprinkle all with shredded fresh parsley, garnished with thinly sliced lemon, and serve at once. When this has once been successfully prepared (and failure is impossible if the directions are followed) the dish is sure to become a favorite one. The labor is really far less than one would suppose from reading the recipe. Alterations of seasoning may be made to suit individual tastes. For instance, a pinch of thyme may be used, or a fourth of a teaspoonful of curry powder. Celery salt may take the place of celery. A tablespoonful of tomato catchup to a little of the broth will do if fresh or canned tomatoes cannot be had. The tongue that is left over will do nicely for lunch the next day.

A Local Budget

—Mr. Beattie will not return home this evening, as expected.

—Miss Ella McLaughlin, of Mull, is visiting relatives in this city.

—Miss Ella Taylor, of this city, is visiting friends at St. George.

—July comes in the usual characteristic way: Humid and calorific.

—Mr. Charles Ferguson, of the Cleveland, is visiting here for a few days.

—Miss Morris, of the asylum, is spending her holidays at her home in Wallaceburg.

—Rev. B. Clement, wife and family, of West London, left last night for Clinton.

—Miss Henderson, director of the Worley road kindergarten, left yesterday to holiday at Grimsby Park.

—Miss Scott has returned to Morpeth from London, and will spend the heated term at her residence in that village.

—Books and pamphlets printed in up-to-date designs at Advertiser Job Department. All orders delivered promptly.

—Mrs. S. Elliott (nee Miss Lily Marshall), of Pleasant, Arizona, returned home this evening after an extended visit to her relatives in this city.

—Conductor John McKay, of the G. T. R. (Hamilton), who has been ill since his return from the conductors' convention in California, has taken a turn for the worse, and his condition causes alarm.

—At the police court yesterday morning two vagrants, Archibald McMillan and James Quinn, who were found in an empty house on Central Avenue, were fined \$2 or ten days. James Quinn, a drunk, paid \$1 fine. Mary Hennessy, arrested as a drunk, was allowed to go.

—The congregation of the Woodgreen Methodist Tabernacle, Toronto, bid farewell to the Rev. W. J. Barkwell (brother of Mr. Barkwell, druggist, of this city) Tuesday night. He was presented with a number of addresses, and a purse containing \$50 in gold.

—Toronto Globe: "During July the pulpit of St. James' Square Presbyterian Church, Toronto, will be occupied by Rev. W. J. Clark, minister of First Presbyterian Church, London. Mr. Clark is a brilliant graduate of Knox College and Toronto University, and considered an unusually attractive preacher."

—The township of Metcalfe has lost another old and respected citizen in the person of Henry Monger, lot 13, con. 5, at the advanced age of 72 years. He was born in Vermont, and, with his father and mother, he came to the place where London now stands in 1832. Here he was taught the pottery business, and a few years subsequently was married to Hulda, daughter of the late George Norton, of Westminster. He lived for many years in Adelaide, carrying on the pottery business, and for seventeen years he carried the government mail.

—Mr. C. H. Darnley, of the Utah Lithograph Company, Salt Lake City, formerly of this city, has returned here after an absence of twelve years. Mr. Darnley has traveled extensively through the Western States, yet expresses himself as of the opinion that there is no place like London. Speaking of the Pioneer celebration, commemorating the 50th anniversary of Brigham Young's entry into Salt Lake City, he said that the handsome posters announcing the celebration were designed by an old London boy, Mr. Wm. Stewart. The posters were works of art, and were widely distributed throughout the States and Canada. In Mr. Darnley's peregrinations through the Western States and Mexico he met many Ontario boys, and was struck with the success they achieved as a class.

MR. OSLER'S ILLNESS.
Mr. B. B. Osler, who has been confined to his house in Toronto for the past week by a serious illness, is reported as much improved in condition. Mr. Osler has been under the care of Dr. McPhedran. The counsel will leave shortly to secure rest on his farm near Collingwood, and will later, it is said, go to the seaside to recuperate.

A PRETTY WEDDING.
On Wednesday, at the residence of the bride's father, Mr. Hamilton Hartson, Queen's Avenue, Miss Minnie Lorena, formerly soprano soloist in the Queen's Avenue Methodist Church, of this city, and late of the First Baptist Church, Woodstock, was married to Mr. Arthur E. Brown, of the G. T. R. The ceremony was performed by Rev. T. S. Johnson, pastor of the Adelaide Street Baptist Church, and was witnessed by Rev. B. B. Osler, Dr. McPhedran, Woodstock and London. The bride looked charming in a dainty gown of white organdie, and carried a beautiful bouquet of bride's roses. Her sister, Miss Edith Hartson, was bridesmaid, and wore white organdie, with white trimming and carried day-break carnations. Mr. H. Gray attended the groom. After an elegant dejeuner had been served, the happy couple, amid showers of rice and good wishes, left on a visit to Detroit. The bride was the recipient of numerous beautiful and costly presents. From large circle of friends, who unite in wishing the young couple much happiness and prosperity.

EXPRESSION OF ESTEEM.
The Y. P. S. C. E. of Christ Church held a very pleasant social in the school room Monday evening, when a programme consisting of music, recitations and speeches was presented. The occasion was more particularly in honor of Rev. W. Crawford, who has been recently ordained, and who had previously acted as president of the Christian Endeavor Society of the church. During the progress of the entertainment President W. McElheran called Mr. Crawford to the platform, and Mr. Lettbridge read an address, and Miss Ingersoll presented him, in the name of the Y. P. S. C. E., and Sunday school, with a beautiful Bible as a token of esteem. The company then sat down to supper, which had been elegantly prepared. Isolated cases of influenza are still being reported. Rev. J. H. Moorhouse, rector of the church, acted as chairman. After a number of speeches had been delivered, and the singing of "Blest be the tie that binds," the meeting was dismissed with the benediction. Rev. Crawford leaves on Saturday next to take charge of the Teeswater parish, to which he has been appointed by Bishop Baldwin.

PRESBYTERIAN MISSIONS.

Increased Liberality Imperative to Avert Retrenchment.

The meeting of the Presbyterian foreign mission executive, Rev. Dr. Moore, moderator of the general assembly, presiding, was devoted exclusively to the routine matters; the matters of the new financial policy and the adoption of a separate council of lady missionaries were not considered urgent. The new financial policy, which the general assembly will not take effect in respect to the current year; the estimates for 1904, approved by the general assembly, are: Western division, \$42,831; woman's foreign missions, \$77,684; eastern division, \$33,900; total, \$120,415. There is a deficit of \$9,585 in the funds of the western section, and of \$4,000 in the eastern. It is hoped that the church membership will this year contribute with increased liberality, or, as recently stated by Rev. Principal Caven, retrenchment will be inevitable.

The Holiday

Spent Chiefly Out of Doors by the Populace.

Springbank, Port Stanley and Other Places Get Big Crowds.

Hundreds Visit the Scene of the Cyclone—Good Attendance at the Springbank Theater—The Detroit and Chatham Excursions.

Citizens spent the holiday largely out of doors, and there was a general outpouring to all the pleasure resorts easily accessible. The day could not have been more delightful for picnicking and sight-seeing.

The territory near Lambeth swept by the recent cyclone was visited by hundreds of sight-seers from the city yesterday. By far the larger number wheeled out, but many drove. In the fore part of the morning there was practically a procession of bicycles and rigs extending from the city to the scene of the disaster.

On the ground, gangs of men were everywhere at work repairing the damage done by the terrible storm. Buildings from which the shingles had been torn were being rapidly reshingled. Fences that had been laid low were being rebuilt and trees, which in several places had fallen in tangled heaps around the houses, were being cut up and removed. It will be some time before the traces of the storm will be covered up even in a slight measure. What the property holders deplore most is the loss sustained to their orchards and sugar bushes—a loss which cannot be replaced. Many St. Thomas people also wheeled and drove over to see the sights.

Yesterday's excursions by rail were numerous, and the well patronized Springbank caught the largest crowd. There was little stir in that direction until afternoon and evening, when 4,000 or 5,000 people patronized the Springbank line. The Thames, too, did a good business.

At the park it was not difficult to find shady nooks where the heat of the warm afternoon was tempered to a nicety. The majority sought the theatre attracted by fair sized audiences, and along the river bank lovers of the rod and fly were plentiful. Considerable interest was manifested in the baseball game between a picked nine from West London and St. John's Athletic Club. It was a splendid game, and the St. John's A. C. boys were much lighter than their opponents. The pitching of Woolley, for St. John's, was good, nine strikeouts being effected by him. The following is the score:

West London 0 2 0 2 0 0 0 0 0 0
St. John's 1 1 2 0 0 0 0 0 0 0

Batteries—London: West, J. Mitchell, tree and Gillis; St. John's, A. Woolley and A. Smith. Umpire—G. Pierce.

In the evening the Salvation Army attracted much attention by a magic lantern exhibition. The views represented the life of Christ, story of the prodigal son, army scenes and others. Rev. B. B. Johnson and Mrs. Johnson were present, and delivered addresses. Among the other speakers were Adjutant Cass, Capt. Geo. Smith, Collier, Mountainay and Redburn. The brass band furnished the music.

Port Stanley was popular. Nearly 2,500 Londoners visited the favorite old resort and enjoyed the lake breeze. On the three trains leaving the city at 10 a.m., 1:15 p.m. and 5:25 p.m., there were 12, 12 and 13 coaches respectively. Excellent service was provided by the railroad company.

The excursion of the Typographical Union to Detroit via G. T. R. had 350 people, and about 250 went to Niagara Falls with Court Magnolia, A. O. F. on the M. C. R.

The G. T. R. and C. P. R. each ran special trains to Chatham at 7 a.m., and the former carried nearly 150 passengers, while the latter had over 100. Regular trains on both lines also carried many passengers, and in all about 400 Londoners went yesterday to attend the C. W. A. meet.

The Power of Electricity.
By this agency Nerviline is made to penetrate the most remote nerve—every bone, muscle and ligament is made to feel the beneficent power of Nerviline is a wonderful remedy, pleasant to even the youngest child, yet so powerful that it has effected cures in its work that the most amazing internal or external pain yields as if by magic.

Miss Marie Straub, of Chicago, well-known as a composer of church and Sunday school hymns, is dead. Miss Straub was the author of nearly 200 hymns, which have been set to music.

A Prominent Lawyer Says.
"I have eight children, every one in good health, not one of whom but has taken Scott's Emulsion, in which my wife has boundless confidence."

The San Jose cash seems to have gained a strong foothold in the peach orchard of Mr. Thornberger, near Niagara, and the department of agriculture is endeavoring to make an arrangement by which the owner will destroy the orchard and receive a moderate recompense. Isolated cases of influenza are still being reported. Rev. J. H. Moorhouse, rector of the church, acted as chairman. After a number of speeches had been delivered, and the singing of "Blest be the tie that binds," the meeting was dismissed with the benediction. Rev. Crawford leaves on Saturday next to take charge of the Teeswater parish, to which he has been appointed by Bishop Baldwin.
