FOREWORD

The first report of the Canadian Patriotic Fund may be regarded as divided naturally into three parts. The first section deals with the objects and methods of the organization and includes, as appendices, the findings of the Executive Committee issued from time to time in the form of circulars for the guidance of branches desirous of working on uniform lines. The second section of the report attempts to give a directory of the branches and affiliated societies which grant assistance to the soldiers' dependents throughout Canada and elsewhere, while the third section consists of a detailed record of subscriptions received by the Honorary Treasurer.

Patriotic organizations fall under three categories:—

- (1) Branches of the Central Fund.
- (2) Contributory associations, transmitting to the Central Fund a portion of their collections and retaining and locally administering what is required for the dependents within the limits of their jurisdiction.
- (3) Independent Relief Committees which neither contribute nor report to the Canadian Patriotic Fund.

Obviously it is impossible to include data regarding associations of the two latter classes in a report which deals only with the work of the Canadian Patriotic Fund.

Many communities have most generously contributed towards the Red Cross Fund, the Belgian Relief and other worthy causes, but of these collections and gifts no record can here be included.

It is hoped that the publication and circulation of this report may furnish the many subscribers to the Canadian Patriotic Fund with an official acknowledgement of their gifts, may satisfy the public as to the manner in which assistance is being given, and may lead to the inclusion, in our list of patriotic givers, of such communities as have not as yet subscribed towards the work of this Fund.

HERBERT B. AMES,
Honorary Secretary.

Ottawa, April 1st, 1915.

A MESSAGE TO THE PEOPLE OF CANADA

In response to urgent appeals from many parts of the Dominion, I inaugurated the Canadian Patriotic Fund, the object of which is to provide for the needs of the wives, families, and dependent relatives of those who go to the front to fight the battles of Great Britain and her Allies. Unless generous-minded citizens come to their aid, there will be, during the coming winter, much hardship in many families owing to the absence of the breadwinner. I have the greatest confidence that those that are in a position to give need but the opportunity of doing so, and that the response will be wide-spread and generous.

During the past few days the Canadian Patriotic Fund has been duly organized, a strong Executive, representing the whole Dominion, has been appointed, and a central Bureau established at Ottawa.

I sincerely hope that in every city and town throughout the Dominion, branches of this organization may be formed, full particulars of which can be had by addressing the Honorary Secretary, Mr. H. B. Ames, M.P., Ottawa.

By co-ordinating and harmonizing benevolent efforts in this way, the danger of overlapping on the one hand, or neglecting deserving communities on the other hand, may be met and overcome.

I am convinced that all Canadian hearts will go out to their brave fellow citizens who have gone to the front. A prompt and hearty response to this appeal will put all anxiety at rest about those near and dear to them, and will also afford to those who cannot go, an opportunity of doing their duty to Canada and the Empire.

ARTHUR,
President,
Canadian Patriotic Fund.

THE CANADIAN PATRIOTIC FUND

Its Objects, Methods and Policy.

On August 4th, 1914, Great Britain declared war against Germany, the violator of Belgium and a power that had long threatened the peace of Europe. Immediately the forces and resources of the British Empire were placed at the disposal of the Mother Country and every preparation was made for a long and strenuous struggle. The burden that Great Britain was called upon to bear was colossal, but her overseas dominions unanimously determined that upon them, too, a fair share should fall. From Australia, New Zealand, India, South Africa, Canada and other parts of the Empire came offers of men, money, ships and supplies, and the enemy must have realized when too late that the bonds which bound these lands overseas to Great Britain were not the feeble ties that he had deemed them.

War had scarcely been declared before it was announced that Canada would at once raise a preliminary contingent which ultimately consisted of 33,000 men. As soon as this force left the shores of the Dominion, recruiting for a second contingent commenced, and to-day Canada is maintaining under arms more than 100,000 men.

Mobilization had hardly commenced, when there arose the question of providing for the wives and families of the soldiers during their absence. Not a few generous minded employers offered to continue to pay, in whole or in part, the wages of such of their employes as enlisted. This, however, only provided for a small proportion of the families of men who joined the colours and almost immediately cases of distress came under local notice. In several cities funds were inaugurated to care for families for which no other provision existed, and almost from the beginning assistance was given to many. It soon became evident, however, that while some districts could well provide for families within their boundaries, there would be other districts in which those equally deserving would be in danger of being overlooked. From this disparity of conditions arose the demand for a central, or national fund, that would consolidate and support local effort and step in where this proved insufficient. It was obvious, too, that only through the medium of a national fund could uniformity of relief be secured, and the large subscriptions of national corporations, such as banks and railways, be equitably distributed.

In answer to numerous requests, therefore, His Royal Highness, the Governor-General of Canada, took the initiative and the Canadian Patriotic Fund was organized with His Majesty the King as patron. It is a body corporate by virtue of an Act of Parliament and is empowered: "To collect, administer and distribute a fund for the assistance, in case of need, of the wives, children and dependent relatives of officers and men, residents of Canada, who, during the present War, may be on active service with the naval and military forces of the British Empire and Great Britain's allies." See Appendix A.

From the preceding paragraph it will be seen that the Fund was not at first intended to do more than assist the families of soldiers and sailors while the latter were on active service. Afterwards it was determined to widen its scope and on February 16th, 1915, a Bill was accordingly introduced into the House of Commons authorizing the Canadian Patriotic Fund to afford temporary assistance to men invalidated home and to widows of men killed in action or dying on service. See Appendix B.

The Canadian Patriotic Fund is given power by its charter "to establish branches or local organizations throughout Canada, and to co-operate with any association or organization established in any place in Canada, for purposes similar to those of the corporation." The first step in the direction of united effort was taken when the Canadian Patriotic Fund Association of 1900, which had administered relief during and since the Boer War, decided to dissolve and

to turn over its unexpended balance, amounting to about \$77,000, to the new Fund. Local organizations, that had already begun work in Montreal, Toronto and Ottawa asked to be admitted as branches of the national Canadian Patriotic Fund and were duly accepted. A full measure of autonomy is granted to these local bodies, yet, for the sake of uniformity, certain conditions have been laid down and cordially accepted.

The Formation of Branches.

In forming a branch of the Canadian Patriotic Fund, great care should be exercised, by those who take the lead, to make the movement as broad and influential as possible. No existing society, however zealous, of which the membership is necessarily limited, should undertake, unaided, so large an enterprise. As contingents continue to mobilize, there will be in every community a large number of families justly entitled to receive assistance from the Fund, and the work involved in collecting and administering is already of such importance and magnitude as to require the active support of a large and representative body of men and women.

Branch organizations have a double duty to perform. They are expected to do all in their power to increase the resources of the common fund, and to see that soldiers' dependents residing in the district under their control are not in want. In the first, the experience of the past 6 months has shown that they may expect the ready and generous support of the Canadian public. Private individuals, business houses, societies, schools, clubs, municipal, town and county councils are all co-operating to provide an adequate fund for the support of soldiers' families. Grants from the three latter sources have already been legalized by the governments of Ontario, Quebec, Saskatchewan and New Brunswick, and it is anticipated that the other provincial legislatures will, where necessary, follow suit. The fact that a branch has raised enough money to meet the requirements of its own district is not of itself a sufficient reason for ceasing its efforts in this direction. The underlying principle of the Fund is that it shall be contributed to according to ability and drawn from according to need. The model constitution to be found as *Appendix C* will serve, with slight modifications, the purposes of most local branches.

The work of the local Relief Committee can be greatly facilitated by the co-operation of a Ladies Auxiliary, the members of which would undertake all visiting and investigation work. See *Appendix D*.

Instructions to Branches.

Eligibility for Assistance.

To have a valid claim upon the Fund, reasonable proof must be furnished that, at the time of acceptance for active service, the soldier, or sailor, whose wife, family or other dependent relative, applies for aid, was a resident of Canada or Newfoundland.

The Fund recognizes as being on the same basis, not only Canadian Volunteers, but also British Army and Naval Reservists, and French, Belgian, Servian, Russian and Japanese who, leaving dependents in Canada, have gone to join the colours. These men are all fighting for the common cause and their families in Canada are entitled to equal consideration.

Aid may commence as soon as the man is accepted and, having given up his employment, leaves his home, and may be continued so long as he is with his regiment, or ship, allowing a further reasonable time for his return journey to his home in Canada. If, however, the man returns to Canada incapacitated by reason of wounds or sickness, his family may continue to receive assistance from the Fund during the convalescent period or until

adjudged by the Government as entitled to receive a permanent allowance because of disablement.

Widows of men killed in action or dying on service may be helped pending the payment of the Government pension. *See Appendix E.*

The Determination of Assistance.

The cost of living varies in different parts of Canada. An amount which would adequately support a soldier's family in rural Ontario may be wholly insufficient for a similar household in one of our large cities. The cost of subsistence in the western Provinces is admittedly higher than in the older and more settled districts. Hence the national committee leaves to the executive of the local branches the determination of the scale of subsistence to be followed within the territory under their jurisdiction. It is desired, however, that the wife and family of a soldier shall have a monthly revenue from all sources sufficient to maintain them at a moderate standard of comfort.

In Montreal, Toronto and most of the eastern towns it has been estimated that a woman requires an income of \$30 per month on her own account, \$7.50 for a child between the ages of 10 and 15, \$4.50 for a child between the ages of 5 and 10 and \$3.00 for a child under 5. In families where there are more than 3 children, only \$3.00 per month is allowed for each child beyond that number, irrespective of its age. No family, however large, is expected to require more than \$60.00 per month, exclusive of assigned pay. In Western Canada somewhat higher rates are allowed owing to the greater cost of subsistence in that part of the country.

The Canadian Government grants the wife of a soldier or sailor a separation allowance which varies according to the rank of the man but not according to the number of children in the family. The Imperial Government also grants a separation allowance which varies according to the rank of the man and also to the number of children in his family. The separation allowance paid by the French Government is the same for all ranks but not for all families. *See Appendix F and G.*

These allowances are judged insufficient to maintain a family in Canada at an adequate standard of comfort and are accordingly supplemented by the Canadian Patriotic Fund to such extent as local committees may decide to be necessary within reasonable limits. The latter, therefore, should first establish a fair scale of subsistence for the district over which they preside and should allow the family the difference between that scale and whatever is received by way of separation allowance and other sources of revenue. *See Appendix H and I.*

The following, generally, may be found to be sources of income:

- (a) Separation allowance.
- (b) Allowance from husband's employers.
- (c) Help from private sources.
- (d) Earnings of other members of the family. Casual earnings, as apart from regular wages, should not be considered; otherwise self-help would be discouraged.
- (e) If living rent free or fuel free, the value of the same should be taken into consideration.

It is not customary to include among the sources of revenue that are deducted, the soldier's assigned pay, except in the case of men engaged in garrison or picket duty. The latter are expected to assign to their families at least 80 cents per day, and this sum would be taken into account. *See Appendix J.*

After April 1st, 1915, each soldier's family that is in receipt of the separation allowance will also receive at least 50% of the soldier's pay. Local branches of the Canadian Patriotic Fund should make every effort to induce families to save as much of this pay as possible in order that, when the soldier returns to Canada, the family may have a reserve fund from which to draw while the soldier obtains employment. It must be remembered that once a man is discharged from the Army or Navy his pay ceases and the separation allowance which his family had been receiving is discontinued. Unless local committees use their influence to induce economy now, the problem of the returned soldier will be one of great difficulty. See *Appendix K*.

When applications are received from dependent relatives other than wives, the assistance that should be given depends upon the degree of dependence on the soldier or sailor. A widow who was entirely dependent upon a son should be placed on the same basis as a wife and her case treated in precisely the same way. If, however, she was only partially dependent, then the committee should ascertain (1) how much per week the son gave her previous to enlistment, (2) the weekly cost of his board and lodging, (3) the amount of pay he is assigning. If (3) does not cover the difference between (1) and (2), the balance may be paid by the Fund, provided the applicant would otherwise be in need. The same course should be adopted in the case of other partially dependent relatives.

Where the father of a soldier or sailor is able-bodied, the family, generally speaking, is not entitled to the consideration of the Fund. The fact that the father may be out of work ought not to be allowed to affect this decision.

The guardian of a widower's children is entitled to the separation allowance which in most cases, will probably prove sufficient to pay the cost of lodging, feeding and clothing the children. When, however, it is inadequate, the local committee should exercise its discretion in the matter of a supplementary allowance.

Deserted wives who can prove that their husbands are serving in the Canadian Forces are entitled to the separation allowance and to the benefits of the Canadian Patriotic Fund. When a deserted wife applies on account of a son having enlisted, care should be taken to make sure that the desertion is genuine and not merely a temporary absence from home or an attempt to impose upon the Fund.

From time to time applications may be received from women who were living with men prior to the latter's enlistment, but were not legally married to them. In such cases a claim exists provided the woman had been living with the man for a reasonable period and had been dependent only on him. In cases where co-habitation had been either temporary or intermittent, the application should be rejected.

If a woman does not apply for assistance until some time after her husband has enlisted, her allowance may be made retroactive, if the local committee think the circumstances justify such action. It is suggested, however, that it should not date back longer than 2 months.

Women who married soldiers subsequent to the latter's enlistment are not entitled either to the separation allowance or help from the Patriotic Fund unless the marriage took place with the consent of the soldier's commanding officer and within 20 days of that consent being given. This does not apply to post-enlistment marriages contracted prior to January 28th, 1915.

Some men, upon enlistment, have been in arrears with their rent. The Fund cannot undertake to pay debts incurred prior to the soldier's enlistment, but if the woman refuses to pay off the arrears, then, as she is receiving at least 50% of her husband's pay, the Fund might pay to the landlord the amount ordinarily due to the woman until the debt has been discharged.

When applications are received from men whose families are living in the United Kingdom they should be forwarded to Head Office at Ottawa.

They will then be referred to the Soldiers' and Sailors' Families Association, London, England, which has kindly consented to assist, where necessary, people living in the British Isles but dependent upon men serving with the Canadian Forces. It should be carefully explained to the men, however, that only temporary assistance will be given and that as soon as the family is receiving regularly the separation allowance and assigned pay, the officials of the Soldiers' and Sailors' Families Association regard it as self-supporting and accord no further help. In most cases these families are much better off than the families of men serving in the Imperial Forces.

The Fund has been fortunate in securing the co-operation of the Canadian Society of New York and the British Imperial Relief Fund of New England. These associations have generously offered to take care of families living in the United States but dependent upon men serving with the Canadian Forces and during the first six months of the War have rendered invaluable services. The Canadian Society of New York, with the aid of several subsidiary associations, looks after families living anywhere in the United States outside of New England.

For people living in Newfoundland special arrangements have been made with the Newfoundland Patriotic Fund, St. Johns, to act as our agent.

Many of the soldiers' wives are natives of Great Britain and prefer to return to that country during the absence of their husbands. In cases where the families are small, and when the local committee is able to satisfy itself that the family will have a sufficient income for its adequate maintenance or friends who will contribute to its support, the fund might pay the expenses of transporting the family to Great Britain if it is so desired. It is suggested, however, that the amount expended for this purpose should not exceed the allowance that a family would receive during four months if it elected to stay in Canada. For the western provinces the grant might equal six months' allowance. It must also be made plain to the family that no further claim upon the Canadian Patriotic Fund will be entertained.

In this connection it may be said that the Montreal, Quebec, Halifax and St. John branches of the Canadian Patriotic Fund will be glad to arrange to meet such families on arrival at those ports and see that they are safely put on board the boats by which they are to travel.

Applications are sometimes received from the families of warrant and commissioned officers. These should be reported to the Head Office at Ottawa where each case will be dealt with on its merits, and in confidence, by a special sub-committee of the central executive.

Requisitioning and Accounting of Money.

As the custodian of the common fund, the central organization is expected to exercise general oversight over the methods and activities of all the branches.

Funds locally raised should be transmitted to the Minister of Finance, Ottawa, Honorary-Treasurer, or placed to the credit of the Canadian Patriotic Fund in a local bank. When deposits are so made in a local bank a list showing payments made by subscribers together with a statement from the bank acknowledging receipt of the aggregate amounts should be forwarded to the Honorary-Treasurer at Ottawa. Funds may at any time be transferred from local branch banks to their respective branches or agencies at Ottawa where accounts will be opened by the Honorary-Treasurer.

Each Branch, towards the end of the month will requisition the Head Office of the Fund for the gross amount which it is estimated will be required

for the ensuing month. (*See Appendix L.*) At the end of the month the branch will furnish a detailed statement of disbursements on a form supplied by the central organization.

The Head Office of the Canadian Patriotic Fund is at Ottawa. His Royal Highness, the Governor General, is President and Chairman of the Executive Committee, Hon. W. T. White, M.P., is the Honorary Treasurer, Mr. H. B. Ames, M.P., is the Honorary Secretary and Mr. P. H. Morris is Assistant Secretary. All information as to its objects and methods of organization will be furnished on application. Model forms for relief applications, reports, etc., will be also supplied. Cheques should be made payable to the "Canadian Patriotic Fund."

The central body is most happy to facilitate the endeavours of patriotic Canadians throughout the Dominion to carry forward an organized effort to ensure that the wives and families of our brave soldiers who are fighting the battles of the Empire with the army and navy of Great Britain and her allies, shall not suffer want during their absence at the front. This is the least that those of us who do not go into danger can do for those who are willing to suffer, and, if need be, lay down their lives for our common defence.

PHILIP H. MORRIS,
Assistant Secretary

CONSTITUTION.

It is declared that.....shall have a branch of the Canadian Patriotic Fund to be subject to the Corporation at Ottawa, as sanctioned and authorized by statute enacted by the Parliament of Canada on August 22nd, 1914.

I. Object.

The object of this Branch, like the original Association, shall be "to provide funds for the assistance, in case of need, of the wives, children and dependent relatives of officers, and men, residents of Canada, who, during the present war, may be on active service with the naval and military forces of the British Empire and Great Britain's allies;" and whereas money is now being raised for the said purpose, and, whereas it is desirable to provide for the administration of the same, it is enacted as follows:

II. Officers.

The Association shall have a President, Vice-President, a Secretary, and a Treasurer, who shall be elected at a meeting called for the purpose, and hold office for a stated period, or until their successors have been elected.

The President shall preside at all meetings, and direct their business according to parliamentary rules. He shall have general supervision of the work of the Association, or Branch, and suggest or call meetings from time to time for the consideration of any business that may be brought before them. In his absence the Vice-President shall preside and perform any and all the duties pertaining to the office of President.

The Secretary shall keep a record of the minutes of all meetings called by the Branch, shall conduct its correspondence, carry out its instructions, and perform any other duty which may be required of him.

The Treasurer shall receive all moneys paid into the Association, or the Branch, and bank them in this City, in the name of the Canadian Patriotic Fund. He shall cash all cheques received from the Canadian Patriotic Fund, and see that their proceeds are disbursed among the beneficiaries in accordance with the report of the Relief Committee. All orders for other than Relief, drawn on him, to be certified as correct by some auditor appointed for the purpose.

It shall have the general supervision of all the financial affairs of the Branch.

The Relief Committee shall be composed of not less than seven members. It shall have power to add to its number as circumstances require. It shall see that cases for relief are fully investigated, that a record of each case is carefully filed, and that due diligence is exercised in estimating and authorizing all expenses. This Committee shall accept as its guide the instructions sent from the Canadian Patriotic Fund at Ottawa. Once a month, at least, a statement of the requirements for relief purposes shall be made up, certified as correct, and sent to Ottawa, to be examined by the corporation and paid by cheque on the Canadian Patriotic Fund. There shall be no deviation from this rule without the consent of the Corporation in Ottawa.

APPENDIX D.

LADIES AUXILIARIES

The work of the local Relief Committee can be greatly aided by the co-operation of a Ladies' Auxiliary, the members of which would undertake all visiting and investigation work.

It is not expected that these visitors will handle monies or dole out supplies as to charity cases, but that they will establish between the local relief committee and the recipient of regular assistance a medium of sympathetic communication.

Visiting can be greatly overdone and the soldier's wife may have just cause for complaint if catechised frequently by well meaning but unauthorized persons claiming to represent all manner of benevolent and patriotic organizations.

Where there is a well managed Ladies' Auxiliary it is better that all other bodies refrain from superfluous activity on behalf of the soldiers' wives.

The city or town should be divided into wards or districts and each placed under the supervision of a reliable and tactful woman. She will select her associates and form her own ward committee from persons known to her to have the necessary qualifications for such work.

If payments are made fortnightly by the local Relief Committee it is advisable to have the visitor call shortly after the bi-monthly cheque from the fund shall have been delivered. A kindly inquiry as to whether this cheque came to hand at the right time, whether the separation allowance has also arrived, and whether there are any exceptional conditions that should be reported to the Relief Committee will usually draw out an appreciative response.

There are some matters that a woman can only talk over with another of her sex but of which, the Relief Committee should not be ignorant especially where compassionate allowances are or may rightly be claimed.

Members of the Ladies' Auxiliary require to be women of mature judgment and tact. As visitors they should be especially careful not to patronize, nor pauperize nor cause annoyance by inquisitorial methods.

If properly carried out, the work of these ladies cannot fail to be of immense benefit, both to themselves and to those they visit, by establishing bonds of sympathy and helpfulness that are quite as valuable as monetary assistance.

The allowance is not payable to the dependents of a soldier who is an employee of the Dominion or any Provincial Government and is in receipt of a Government salary in addition to his military pay; or who is a member of the Permanent Force.

Applications for the allowance from parties who do not come under the above provisions cannot be considered.

BRITISH.

The separation allowance paid by the Imperial Government to the families of British Army Reservists residing in Canada is on a weekly basis but is paid every 28 days. As, however, the Canadian Patriotic Fund works on a monthly basis, we have calculated the average monthly allowance received by the families and suggest that deductions at the rates given below should be made.

Average Monthly Rate.

With an increase of \$3.08 per month for each additional child.

N. B.—The above rates do not include allotments from soldiers' pay.

FRENCH.

The French Government allows each soldier's wife 25 cents per day separation allowance, and 10 cents per day for each child. This money is sent through the Consul-General at Montreal.

BELGIAN.

The wives of Belgian reservists at present, owing to the devastation of their country, are receiving no separation allowance from the Belgian Government.

APPENDIX G.

NAVAL SEPARATION ALLOWANCES.

CANADIAN

An Order in Council, dated November 28th, 1914 provides that the wives, families or dependents of certain officers and men serving during the present war on H.M. Canadian Ships shall be paid a separation allowance, varying according to the rank or rating of the officer or man and to the duty upon which he is engaged. For purposes of convenience we have divided these into three classes.

FIRST CLASS.—

The wives, families or dependents of officers and men who have entered the Royal Canadian Navy for the period of the war only, and all officers and men of the Royal Naval Canadian Volunteer Reserve called up for service, AND BORNE ON THE BOOKS OF A SEAGOING SHIP, will be paid on the following scale:—

Ordinary Seamen, Able Seamen, Leading Seamen, 2nd Class Petty Officers and equivalent ratings	\$20.00 per month
Petty Officers, 1st Class Petty Officers, Chief Petty Officers and equivalent ratings	\$30.00 per month
Warrant Officers, Sub-Lieutenants and equivalent ranks	\$25.00 per month
Lieutenants and upwards	\$40.00 per month

The term "equivalent ranks" or "equivalent ratings" may require explanation. A ship's complement is divided into several classes. There is the executive or navigating class; the engineer class; the accountant class; the medical staff; the gunner and artisan classes, and so on. Each of these classes, with the exception of the gunner class and artisan class, is represented among the commissioned and the warrant ranks as well as the petty officer and lower ratings. The gunner and artisan classes are not represented directly among the commissioned officers.

SECOND CLASS.—

The wives, families or dependents of married men and widowers, with the exception of commissioned officers, who have entered the Royal Canadian Navy for the period of the war, or who belong to the Royal Naval Canadian Volunteer Reserve and are called up for service, who are BORNE ON THE BOOKS OF A SHORE ESTABLISHMENT, OR ARE SERVING IN SHIPS EMPLOYED ON HARBOUR SERVICE will receive a separation allowance of FORTY-FIVE CENTS PER DIEM.

The term "dependent" includes widowed mothers and motherless children ONLY, and the widowed mother must further have been dependent upon the sailor. A form of certificate on account of a widow has been prepared by the Canadian Patriotic Fund and the signatures thereto of the president and secretary of a local branch will be accepted by the Department of the Naval Service.

The separation allowance in the above cases will be paid as from August 4th, 1914.

There may be deducted from the above separation allowance any amount which is being received by the officers or men in question, or by the beneficiaries, in payment in whole or in part of the salary which the husband, father or son was receiving at the time of his enlistment.

THIRD CLASS.—

The third class will be paid a separation allowance only as from October 1st, 1914. This includes the wives and families or motherless children, but not widows, of warrant officers and men (NOT commissioned officers) holding Imperial Service Active Service Ranks or Ratings, Imperial Service Retired Warrant Officers, Royal Canadian Naval Permanent Ranks or Ratings, and of Pensioners, Royal Fleet Reserve Men, Royal Naval Reserve Men and Royal Naval Reserve, Newfoundland, men who have been loaned for duty under the Canadian Government. To the families of these men a separation allowance will be paid on the subjoined scale, but only on the condition that the men themselves allot at least twenty shillings a month to their families. For the purpose of transmuting British currency into Canadian currency, a shilling is taken as equal to twenty-five cents.

Sailor.	Marine on Ship's Books.	Wife per week	Children per week.	Motherless children per week.
CLASS I:— Ordinary Seamen Able Seamen Leading Seamen 2nd Class Petty Officer and equivalent ratings.	Private Corporal Sergeant and equivalent ranks.	6s.	1st child 2s; 2nd child 2s; subsequent children 1s. each	3s. each
CLASS II:— Petty Officer Petty Officer 1st Class and equivalent ratings.	Colour Sergeant and equivalent ranks	7s.	Ditto.	Ditto.
CLASS III:— Chief Petty Officer and equivalent ratings.	Quartermaster-Sergeant and Staff Sergeant.	8s.	Ditto.	Ditto.
CLASS IV:—	Warrant Officer.	9s.	Ditto.	Ditto.

BRITISH.

Families living in Canada but dependent upon men serving on board a British war ship will receive separation allowances in accordance with the table given above under the heading of third class.

Families of sailors should be treated on the same basis and in the same manner as families of soldiers. Whatever they are receiving in the way of separation allowance should be deducted from the estimated scale of subsistence.

APPENDIX J.

GARRISON AND PICKET DUTY IN CANADA.

The Patriotic Fund is not primarily intended to assist the families of men on Active Home Service, that is to say, such as are on garrison or picket duty, who man forts and protect lines of communication throughout Canada.

These men, though performing valuable and necessary service, are not regarded by the majority of the subscribers to the fund as being in quite the same category as those who leave Canada and expose themselves to the danger of death or disablement on the field of battle.

The Canadian Government gives soldiers on Active Home Service \$1.10 per day as pay, it provides rations and sleeping accommodation together with clothing, boots, etc., and further allows the married men an allowance in cash of 45c per day or \$3.15 per week.

It is considered that the men on Active Home Service should themselves contribute towards the support of their families to the extent of 80c per day retaining of their pay 30 c per day for their personal use.

Thus in the case of a typical family consisting of a woman and three children, aged respectively 12, 8 and 4 years, this family would be considered as requiring for subsistence on a reasonable scale, the following amount:—

	Per Day.	Per Week.	Per Month.
Wife.....	\$1.00	\$7.00	\$30.00
Eldest Child (between age of 11 and 15).....	.25	1.75	7.50
Second Child (between 6 and 10 years).....	.15	1.05	4.50
Third Child (5 years or under).....	.10	.70	3.00
Total	\$1.50	\$10.50	\$45.00

In order to ascertain how much such a family may receive from the Fund the following deductions should be made:—

	Per Day.	Per Day.	Per Month.
Transferred soldiers pay.....	\$.80	\$5.60	\$24.00
Soldiers married allowance.....	.45	3.15	13.50
	\$1.25	\$8.75	\$37.50

Hence our typical family would in case of need receive from the Fund as supplementary income:—

.25c per day \$1.75 per week \$7.50 per Month.

For each additional child beyond the number of three an allowance of 10c per day might be added, but no family of a soldier on Home Service, however numerous, would be entitled to receive more than 75c per day, or \$22.50 per month from the Fund. It will be seen that the transferred pay (\$24.00 per month), added to the married soldiers allowance (\$13.50 per month) and the maximum aid from the Fund (\$22.50) would total \$60.00 and this sum will support even the largest family.

APPENDIX K.

ASSIGNED PAY.

At the opening of the war, when the Executive Committee of the Fund issued its first instructions as to the method to be pursued by a local Relief Committee, for the purpose of computing what a soldier's family should receive from the Fund, it was decided that voluntarily assigned pay should not be taken into consideration, nor a reduction made in the amount receivable by the family because of such assignment.

On January 23rd, 1915, the Canadian government issued an Order in Council in part as follows:—

That this matter having been referred to the Department of Justice, the Honourable the Minister of that Department has caused to be drafted the following:—

"That one-half of the pay earned by non-commissioned Officers and men who are "members of the Overseas Expeditionary Forces of Canada, and whose dependents are "in receipt of separation allowances, shall be paid to such dependents respectively, "unless upon the objection of any such non-commissioned officer or the man Government "see fit, in view of the special facts or circumstances of any case, to pay the full amount "to the non-commissioned officer or man by whom the pay is earned."

The Minister, having regard to the foregoing recommends that one-half of the pay earned by non-commissioned officers and men, who are members of the Overseas Expeditionary Forces of Canada, be paid to dependents under conditions as set forth in the preceding paragraph, the same to have effect from 1st April, 1915.

After the date herein above specified, each soldier's family, already receiving the separation allowance will receive in addition at least \$15.00 per month, (being one-half the soldier's pay), making a monthly stipend from the Canadian government of at least \$35.00 per month.

The national Executive Committee, in view of the fact that transferred pay is now obligatory, are considering whether it is advisable to recommend a reduction in the amount of assistance from the Fund or continued disregard of assigned pay.

MANITOBA PATRIOTIC FUND

Headquarters: Industrial Bureau, Winnipeg.

Mayor T. R. Deacon, Chairman, Committee of One Hundred;
 W. J. Bulman, Chairman, Executive Committee;
 A. M. Nanton, Chairman, Finance Committee;
 H. A. Robson, K.C., Trustee to Fund;
 Chas. F. Roland, Secretary.

This organization is conducted on lines that closely conform to the methods of the national Fund, the allowances being about 10% larger than those generally adopted in Eastern Canada. From the outbreak of the war to the end of February, the Manitoba Patriotic Fund had disbursed for the aid of soldiers' dependents throughout the Province the sum of \$128,503.61.

Mr. Charles F. Roland, Secretary both of the Manitoba Patriotic Fund and of the Winnipeg Patriotic Fund, in a letter dated March 1st, thus describes the work:—

"I submit to you the following information as regards the operations of our branch and trust that the data supplied covering our first six months work will be useful to you at the meeting.

"At the organization of our Fund the following recommendations were adopted and have since been carried out:

"(1) That the City of Winnipeg be divided into one hundred districts.

"(2) That those in charge of districts along with the Executive form a general committee.

"(3) That a supervisor be appointed for each district.

"(4) That all district visitors report to headquarters.

"(5) That no assistance be given without personal investigation of the applicant at home.

"(6) That district visitors make a canvass for Funds.

"(7). That contributions be taken for a double purpose:

(a) For assistance of relatives and dependents of soldiers on active service.

(b) Relieving all distress and unemployment caused by war.

"(8) That there shall be no cost of administration, and that all relief be disbursed 100c on the dollar received.

"(9) That City Relief, Associated Charities, and the Salvation Army, and the other relief bodies be asked to become affiliated with the organization.

"A vigorous campaign for funds was made in Winnipeg, taking pledges extending over 12 months for the double purpose above stated. About one per cent, being practically all small pledges, will probably be written off for reason of non-payment of their monthly subscriptions. The largest regular contributions are \$1,000 per month and the smallest 25 cts. When the Manitoba Fund was organized \$258,000 was allocated to the Provincial Fund. This has been supplemented by subscriptions throughout the Province of \$26,980.08. The total of the Manitoba Fund to date is \$317,160.02. This takes in account the \$28,000.00 on deposit at Ottawa from the Canadian Pacific Railway, and \$4,179.94 from the Grand Trunk Pacific.

"The total amount paid out to date to soldiers' dependents is \$128,513.61. The total applications investigated to March 1st have been 1,890 and 1,299 of these are on the regular monthly pay list, while 364 have been given special amounts only. There have been 227 applications rejected.

"Four hundred and eighty-three families are located in the province outside of Winnipeg. The total applications investigated are made up as follows:—Canadian Soldiers 1607; British Reservists 121; French Reservists 149; Belgian Reservists 13; or a total of 1900.

"Every application is personally investigated at the home and a full report filed with our approval board which meets daily. The following are the members of the approval committee:

- "A. M. Nanton, Chairman.
- "W. J. Bulman, Chairman of Executives,
- "Judge H. A. Robson, Trustee,
- "Mr. John Galt,
- "Mr. Frank Kerr, Supt. investigation,
- "Mr. C. J. Gauthier, Representing French Section,
- "C. F. Roland, Secretary-Treasurer.

"There are no salaries or expenses in connection with the officials or management. A budget for each case is made up and only those in need are assisted."

YUKON TERRITORY.

A considerable sum was collected for the Canadian Patriotic Fund in the Yukon, through the local Chapters of the Daughters of the Empire and other agencies and a local branch of the Fund formed under the Chairmanship of the Honourable George Black, Commissioner, Dawson.

In January the sum of \$6,216.45 was forwarded to Ottawa, while the citizens of Whitehorse raised a further sum of \$3,003.50. The Yukon branch likewise cares for such soldiers' dependents as are resident within the Territory.

NEWFOUNDLAND.

The Newfoundland Patriotic Fund carries on within the limits of "the ancient colony" a similar work to that done by its counterpart in Canada.

President: His Excellency Sir W. E. Davidson, K.C.M.G.

Chairman: Hon. E. R. Bowring, M.L.C.

Vice-Chairman: Hon. M. P. Cashin.

Hon.-Treasurer: J. S. Munn, Esq.

Hon.-Secretary: Hon. P. T. McGrath, M.L.C.

Head Office—St. John's.

Newfoundland has furnished a contingent of trained men for the H.M.S. Niobe, and their dependents in Newfoundland are now eligible for assistance from the Canadian Patriotic Fund.

AFFILIATED ORGANIZATIONS.

THE SOLDIERS' AND SAILORS' FAMILIES ASSOCIATION.

23 Queen Anne's Gate, Westminster, S.W., London, England.

Chairman: Col. Sir James Gildea, K.C.V.O., C.B.

Secretary: Captain Wickham Legg, M.V.O.

This association co-operates with the Canadian Patriotic Fund in cases where men have enlisted in Canadian Overseas regiments leaving dependents in the British Isles. The Separation Allowance and assigned pay of the Canadian soldier, amounting after April 1st, to £7 per month, is deemed sufficient for a family to live in reasonable comfort in the British Isles. Only in emergency cases or until the Canadian remittance commence to arrive, is it customary for the Soldiers' and Sailors' families Association to grant further financial aid.

Where soldiers' families are sent home from Canada at the opening of the Fund, they undertake to make no further demands either on the British Association or Canadian Fund.

THE BRITISH IMPERIAL RELIEF FUND OF NEW ENGLAND.

72 Kilby Street, Boston.

Mr. G. Herbert Windeler, Chairman.

Mr. John S. Hodgson, Secretary.

Mr. Charles H. McIntyre, Treasurer.

This organization cares for the families of soldiers throughout the New England States whose breadwinners have gone to the front. Its headquarters are in Boston and it has established local committees in several of the outlying towns. About \$27,000 has been subscribed to date and \$4,000 has been forwarded to the national Canadian Patriotic Fund. There has also been sent in to the Prince of Wales' Fund in London, contributions amounting to £2500, as well as £500 to the Officers' Families' Fund.

THE CANADIAN SOCIETY OF NEW YORK.

Officers:

Rev. Charles A. Eaton, President; Hon. Julius M. Mayer, First Vice-President; Alfred W. Kiddle, Second Vice-President; Dr. Elgin R. L. Gould, Third Vice-President; Frank W. McLaughlin, Fourth Vice-President; N. Bruce MacKelvie, Treasurer; Wylie C. Margeson, Secretary, 115 Broadway, New York City.

Objects:—"The objects of the Society shall be to promote Canadian nationalism, Imperial unity, and good will between English-speaking peoples, to promote social intercourse among Canadians, and to provide relief for Canadians in need of assistance."

Relief Work:—Shortly after the declaration of war between England and Germany, the Directors met for the purpose of considering the work of the Society during the progress of the war. It was accordingly decided to suspend the usual formal functions of the Society during the progress of the war and to devote as much of its funds as were formerly spent on those gatherings for the relief of persons, residing in the United States, depending for support upon those volunteering for service in the Canadian contingents.

A meeting of all the members of the Society was held on August 27th, 1914, at which meeting the action of the Directors was approved; the members also generously responded by subscribing to give monthly so long as the war continued.

The Society also forwarded a check for \$1,000.00 to the Canadian Patriotic Relief Fund.

Arrangements were then made with the Canadian Patriotic Relief Fund whereby the Canadian Society was to act as a clearing-house for all applications for assistance in order to avoid all likelihood of an applicant receiving assistance from more than one organization. Thus, all applications from those residing in the New England States are referred to the British Imperial Relief Fund; those residing in New York City to the Canadian Club of New York; those in Buffalo to a Committee acting by authority for the Canadian Patriotic Fund. All other cases in the United States are being cared for by the Canadian Society of New York.
