

ANOTHER ADVANCE BY BRITISH; 300 YARDS OF TRENCHES GAINED

In Conjunction With the French They Pushed Forward the Line West and Southwest of Guillemont—French Consolidating Gains, and Artillery Very Active

By Special Wire to the Courier. London, Aug. 17.—The British have made another advance on the Somme front. Official announcement was made to-day that the line has been pushed forward west and southwest of Guillemont.

The communication is as follows: "As a result of fighting undertaken yesterday evening in conjunction with a French advance on Maurepas, we have pushed forward our line both west and southwest of Guillemont. West of High Wood we captured some 300 yards of a hostile trench about 300 yards in advance of our previous line. East of Mouquet farm our machine gun fire nipped in the bud a German attack.

Making a Last Stand

Russian Troops Held for a Moment By Foe Counter-Attacks.

By Special Wire to the Courier. Petrograd, Aug. 17, via London.—The Russian advance still being held up in the face of counter-attacks. These assaults, the War Office reported to-day have been repulsed.

Artillery and rifle duels are proceeding along the front, the statement says: The enemy at some places resumed his counter-attacks. These were frustrated by our fire.

Sweden Must Certify Imports

Otherwise Britain Will Prohibit Them, It is Telling.

By Special Wire to the Courier. London, Aug. 17.—A proclamation about to be issued prohibiting the exportation to Sweden of all commodities except on presentation to the customs officials of a Swedish trade commission guarantee.

ONCE AGAIN GREAT DRIVE

British and French Show Enemy Picardy Fight Is Not Over.

HEAVY GUNS BREAK UP TRENCHES. Three Miles of Trenches Taken, and Combles Is Pocketed.

By Special Wire to the Courier. New York, Aug. 17.—The London correspondent of The Tribune, calling last night's attack on the Somme a "great drive" by the British and French, says that the allies offensive in Picardy was not over.

Wilson Invites Railroad Heads to Washington

Conference Asked for with Him to Try and Avert Strike.

EIGHT-HOUR DAY BONE OF CONTENTION.

By Special Wire to the Courier. Washington, Aug. 17.—The railroad presidents of the country have accepted President Wilson's invitation to come to Washington to confer with him on the railroad strike situation.

A number will leave this city for the national capital at four o'clock this afternoon, and another delegation will leave from Chicago.

By Special Wire to the Courier. Washington, Aug. 17.—President Wilson to-day invited the presidents of the principal railroads of the country to come to Washington immediately to confer with him on the threatened strike.

The president sent the following telegram to the leading railroad presidents: "Discussion of the matters involved in the threatened railroad strike has reached a point which makes it highly desirable that I should personally confer with you at the earliest possible moment and with the presidents of any other railways affected who may be immediately accessible. Hope you can make it convenient to come to Washington at once."

The president's action in asking for the conference was interpreted as meaning that the managers committee had refused finally to concede the eight hour day as the president's plan proposed and the question now is to be taken up with the head of the railroads themselves.

The situation as it stood to-day was this: "Eight-Hour Day Trouble. The railroad flatly refuse to concede the eight hour day, but are willing to arbitrate that question and all others before any tribunal the president or the men may decide upon.

The men are willing to arbitrate some questions under certain conditions and are unwilling to arbitrate others.

This afternoon at 3 o'clock the president will present his plan to the full committee of 640 employees, in the hope of getting them to approve it. The men will be presented to the railroad presidents later.

AT LAST GASP IN EAST AFRICA

British Under Gen. Smuts Have Cleared Difficult Hilly Country.

By Special Wire to the Courier. London, Aug. 17, 2 p.m.—The ring around the forced defending German East Africa is being drawn closer. An official statement received today from Gen. Smuts, commander of the British forces in German East Africa reports that the British have cleared the difficult hilly country and captured several important positions, being separated from the central railway by only 25 miles of open country.

The statement follows: "General Smuts reports that on Tuesday our forces, advancing from the Nguru Mountains after overcoming slight opposition, reached the junction of the principal tracks leading to Mpororo and Kilossa. Our columns are now clear of the difficult, hilly country and in this direction are separated from the central railway by only 25 miles of open steps.

"Further west, Lieut. Col. Vandevanter, having occupied Tzapula, is moving toward Kilossa.

"On Tuesday the important town and military coastal station of Bagamojo, 36 miles north of Dar-es-Salaam was occupied by naval forces. A naval 4.1 gun was captured."

DROWNED WHILE BATHING

Quebec, Aug. 17.—M. Lestendre, of Rimouski, a junior clerk at the Montreal Bank here, was drowned yesterday evening while bathing in the St. Lawrence at Lauzon. The body was recovered shortly afterwards.

FROM THE SOMME TO SOISSONS MAYBE NEXT POINT OF ATTACK

Correspondent Goes Over Battle Line and Describes Terrific Effect of French Artillery Fire, Which Was Never So Great

By Special Wire to the Courier. New York, Aug. 17.—The Tribune's correspondent at Paris sends the following under yesterday's date: "I returned to-day from a visit to the French front in the Somme offensive, and that part of the front extending south towards Soissons from the actual scene of present operations. It is probable that this southern sector will be the next part of the German lines to fall before the methodically advancing French forces.

In this visit I saw all the details of the gigantic organization that goes to make up a modern victorious offensive. I crossed the ground captured in the first five days of the great attack and crept slowly forward into the very centre of the bombardment which the huge organization in the rear feeds unremittingly night and day.

A Mathematical Problem. If you will lay out parallel lines thirty miles deep by fifty miles long and put at its northeastern corner a bulging arc with a chord twelve miles long and a curve of twenty-six miles you will have approximately lead into the arc. They approach the chord or arc as sticks of a fan lead down to the handle, and crossing the chord, spread out again fanwise to touch every point of the first lines.

Just behind and to the left of the trenches was a small patch of woods where the French colonial command led the attack on Doulliere had his post of command for the battle. In forty square miles of territory it was almost the only piece of woods remaining untouched.

What Gun Fire Does. A hundred yards beyond the German first line defences. They were now merely a collection of shell craters. There was nothing resembling a trench among them. Of barbed wire entanglements there were only a few broken strands scattered indiscriminately over the ground.

Never Shattered Remnants of Many French and Belgian villages left after a German bombardment, but never was destruction so complete as that which was wrought by the French cannon on the ground path for their soldiers. The French have their troops so wonderfully concealed that it is hard to believe there is an immense army, as well as the most powerful concentration of artillery ever known, operating in the region. Invisibly to their parts of the front I have invariably seen troops in far greater numbers than on the Somme. The difference is that on the Somme the art of concealment of large bodies of men has been studied to the last detail.

Overhead a long line of twenty-two captive balloons were guarding the arc and vigilantly watching the enemy and signalling to the artillery, while still above them circled and

GERMAN PEOPLE AGAIN CLAMOR FOR SUB WAR

"Never Mind the United States, Starve England!" Seems to Be Attitude.

By Special Wire to the Courier. New York, Aug. 17.—A cable to the Sun from Bern, dated yesterday, says: "Herr Von Heydebrand, Conservative leader in the German Reichstag, in a speech at Frankfurt to-day against her for a resumption of the unrestricted submarine campaign regarded of the United States.

Speaking of the present hot controversy on the subject, Herr Von Heydebrand said the whole matter depended upon whether Germany was willing to accept war with the United States. He argued that all of Germany's enemies are held together against her by England, and that the only means of ending the war was by starving England.

This, he declared, could be done easily and quickly by a ruthless submarine campaign against vessels of

all kinds. It is understood here that the Conservatives are convinced they could starve the Allies out and end the war in this way before the United States could interfere. If victorious, Germany could disregard the United States.

Other dispatches emphasize the increased popular agitation for a ruthless campaign by submarines and Zepplins against England. Following the publication of the white book in the Baralong case, many newspapers are advocating such a campaign.

Suspended Sentence. Took Seven Years for Police to Catch This Man.

By Special Wire to the Courier. Toledo, O., Aug. 17.—Constantin Renaud, a Canadian, for whom police of several cities searched for seven years on a charge of robbing a safe in a hotel here, where he was employed as a clerk, was given a suspended sentence from the reformatory yesterday. Renaud promised restitution and was freed on the plea of his former employer. Renaud was arrested at Amherstburg, Ontario, while attending the funeral of his brother.

Hemp Warehouses Burned. Manilla, Aug. 17.—Warehouses in which hemp was stored at Taclopan, on the island of Leyte, have been burned, causing a loss of 750,000 pesos.

Decided Gains Made; Maurepas is Menaced

French Dominate That Place and Threaten German Communications—Notable Advance South of the Somme.

By Special Wire to the Courier. Paris, Aug. 17.—Operations on three different parts of the Somme front yesterday resulted in the removal of some of the barriers of the powerful German defensive system. A resumption of the methodical drive of the French troops after the disappearance of these obstacles is expected to bring further gains in the region of Guillemont and Maurepas.

In the actions yesterday the French attained an ascendancy over their adversary during the fighting around the Guillemont-Maurepas road. The Germans still have a hold in the northwest part of Maurepas, but the French by reason of their success in that vicinity, have a dominating position, and besides are menacing the German communications.

South of the Somme the German trench system around Belloy-en-Santerre was a real fortified work, which had resisted numerous previous bombardments. Its capture permits further progress in that section.

Bulgars Tell Story

Heavy Fighting in Balkans Reported, but They Say Allies Defeated.

By Special Wire to the Courier. London, Aug. 17.—Heavy fighting on the Balkan front is reported in an official Bulgarian statement received here to-day from Sofia. The Allies delivered strong infantry attacks which the statement says were repulsed.

The fighting occurred in the region of Lake Doiran, northwest of Saloniki, near the Greco-Serbian border. Several encounters have taken place in this vicinity of late, but the official Bulgarian statement indicates that large forces are now being employed against the Bulgarians.

"On the evening of August 14," the statement says, "the enemy's artillery opened a violent bombardment of our advanced positions south and west of Lake Doiran. Under cover of this fire the enemy's infantry attacked, but was repulsed. The bombardment continued, and on the morning of the 15th the infantry again attacked with considerable force, but was repulsed and compelled to fall back in considerable disorder."

The French war office announced last night that engagements were occurring frequently along the whole front. The capture by the allies of the railroad station at Doiran and of four villages at other points on the front was reported.

City Will Send Clothes to Victims of Northern Fires

Mayor Bowly Sets Out What Brantford Has Done and Will Do

In reply to a communication from the secretary of the Northern Ontario Fire Relief Committee, asking concerning the personnel of the local committee appointed in the matter, the mayor said he would act accordingly.

I have the honor to state that the Brantford committee for the fire relief is composed of Madame Charlotte Livingston, president of the Women's Patriotic League; H. H. Powell, Esq., chairman of the Brantford Board of Trade; C. H. Waterous, Esq., chairman of the Hospital board, and the writer.

I note your statement that relief should be made through your committee to the sufferers of this appalling fire, and will act accordingly. Our committee have obtained a great deal of clothing for both male and female in the hope that the contributions, while not very numerous to people here, will be of great benefit to the unfortunate sufferers. Their contributions will be sent through your committee.

Our council, when they meet later, will make a monetary contribution which will be forwarded to you in due course.

I have the honor to remain, (Signed) J. W. BOWLEY, Mayor.

BANK CLEARINGS. By Special Wire to the Courier. Winnipeg, Aug. 17.—Bank clearings for the week ending Aug. 17, 1916, are \$44,622,032 compared with \$14,719,493 in the same week in 1915, and \$19,634,181 in 1914.

Accident or Suicide. Unidentified Man, 50 Years Old, Lost Off Steamer Near Buffalo.

By Special Wire to the Courier. Buffalo, N. Y., Aug. 17.—An unidentified man either fell or jumped overboard from the Cleveland and Buffalo passenger steamer a mile outside the harbor to-day. He was about 50 years old and weighed about 200 pounds. He was seen packing the deck for about an hour. The life saving crew is grappling for the body.

DIPLOMATIC TROUBLES. By Special Wire to the Courier. London, Aug. 17.—An Athens despatch to the Exchange Telegraph Company, says that an attaché of the Greek legation to Germany was arrested by Italians while on his way to Berlin and diplomatic papers in his possession were confiscated. The Greek minister at Rome, the despatch says, has been instructed to take up the matter with the Italian government.

GERMAN STEAMSHIP SUNK. By Special Wire to the Courier. London, Aug. 17, 2.55 p.m.—The sinking of the German Steamship Wesser of Hamburg, 1,202 tons gross, by a submarine, a fortnight ago is reported in an Exchange Telegraph despatch from Copenhagen. The crew was saved.

Clearing Upper Isonzo Before Moving on Triest

Austrians Are Being Forced Off the Carso Plateau—Bayoneted Whole Gun Crew for Calling Them Derisive Names.

By Special Wire to the Courier. Rome, Aug. 16.—Via Paris, Aug. 17.—The Italian army is being held back on the Lower Isonzo until the line on the Upper Isonzo can be strengthened by the capture of mountains of San Gabriele, San Mario and other positions lying between Tolmino and Gorizia. While the capture of these mountains are considered imminent, there probably will be no advance upon Triest until they have been taken.

The Austrians are being forced off the Carso plateau before spirited attacks of the Italian troops roused to enthusiasm by recent victories. Fierce fighting for the heavy guns which have been harnessed the way to Triest is in progress. These guns frequently are employed in caverns on the mountainside.

In taking Sainte Grado on Monday, the Italians offered to let one of the gun crews surrender, but the Austrians flourished a mandolin in derision, the Austrians often calling the Italians merely mandolin players. The Italian infantry detachment charged and bayoneted the whole gun crew.

### MISSING AUTO FOUND ON ROAD OUT OF SIMCOE

Circus People's Car Recovered and Will Be Forwarded to Them.

### INCREASE IN HONEY CROP.

A Farmer's Son Acting Strangely, Is Put in Custody.

(From our own correspondent) Simcoe, Aug. 17.—The automobile missing from the Coop and Lent's circus outfit at the winding up of the loading here in the small hours yesterday morning was located about three miles west of town, on the ninth concession of Charlotteville. Farmers passing along the road being accustomed to seeing autos out thought nothing of it at first. It was rumored towards evening that the man who took it away came back to town. The car will be forwarded to Windsor tomorrow as the circus crosses the line there on Saturday.

Trying to Get a Tenant Proprietor Cameron, of the Melbourne, was here yesterday with a view to getting a tenant for the house and have it open to the public at once. Mr. Pursel, it is understood, has not yet surrendered the license and it is hoped that the house may resume activity before Saturday, when the Boughner picnic will tax all accommodation.

Man Acting Strangely Douglas Atkinson, a farmer's son, living near town, has been acting strangely. He was before a sanitary board last week and released. Complaint was lodged shortly after his return to his home and neighborhood, and the authorities were asked for some one to take charge of him. Later he was locked up on a formal charge of assault and appeared to-day at 10 o'clock. Mr. H. R. Jones, K.C., appeared in his behalf and suggested that the matter was only a family row, and asked that Atkinson be allowed to give evidence in his own behalf.

Squire Earles was willing to take a statement, but wanted another examination for sanity before admitting such statement as evidence. The case was adjourned till four o'clock and was not disposed of. Sitting will resume to-day. County Crown Slight is following the case closely.

Mr. and Mrs. Krompart of Medina, N.Y., returned home on Tuesday after visiting Mr. and Mrs. S. L. Krompart.

Miss Dorothy, of Hamilton, has returned home after a two weeks' visit in town.

The white honey crop report shows an increase in the yield in Norfolk County. The figures are:

The colonies are given by spring count, but it is quite evident that a full report has not been given.

### MISSING BOAT DRIVEN ASHORE

Eight Passengers from the Ill-fated Letimbro Taken Inland by Arabs.

Rome, Aug. 17.—Via Paris.—The missing boat from the Italian passenger steamship Letimbro, sunk in the Mediterranean a fortnight ago by an Austrian submarine, was driven ashore near Misurata, on the Tripolitan coast, it was learned here yesterday. Eight passengers from the Letimbro, who were in the boat when it was taken prisoner into the interior by Arabs, General Ameglio, Governor of Libya, has sent emissaries to treat with Arabs for the release of their prisoners.

## REGISTRATION SYSTEM ANNOUNCED IN ORDER TO AID RECRUITING

### Each District Under a Director of Recruiting - Badges and Cards to be Issued to Those Rejected, to Returned Men, and to Those Working at Trades From Which They Cannot be Spared

Ottawa, Aug. 17.—The order-in-Council containing full details of the revised regulations decided on by the government for the enlistment of men for the Canadian overseas forces was published yesterday. As intended it provides for a species of registration of men of military age, so as to distinguish by issue of badges, those employed in necessary industries, those who have offered themselves for military service and been rejected, and honorably discharged members of the Canadian expeditionary force. Information as to the eligibility of possible recruits for military service is to be gathered by district recruiting officers and furnished to the commanding officers of the units which it is desired to raise.

The order-in-Council provides for the appointment in each military district of a director of recruiting, who will have supervision of all recruiting work of all agencies, civil and military, including regimental institutions connected with recruiting. He will make himself acquainted with the nature and importance of the various industries, such as agriculture, manufacturing, mining, lumbering, fishing, etc., carried on in the locality. He will take into consideration the character and importance of the employment in which any persons proposed to be recruited, may be engaged and notify the commanding officer of any unit which is being recruited in any such locality whether the services of such persons would be of more value to the State in the employment in which they are engaged than on active service.

Where he determines that the present employment is the more important such persons are not to be recruited without the written authority of the Adjutant-General who will be the final court of appeal in such matters. For the purpose of obtaining the necessary information as to the conditions of industry and employment from time to time, the director of recruiting will confer with and receive communications from persons engaged in the various industries, associations, organizations, etc., connected with them. Power is also given for the appointment at militia headquarters of a director-general of recruiting, who, under the Adjutant-General, will be charged with the duty of supervising the work of the various directors of recruiting. These recruiting officers will be ranked as members of the Canadian Expeditionary Force.

Badges for Those Exempt. As regards the issue of badges the order-in-Council states that they are to be issued to the following classes: Members of the Canadian Expeditionary Force, men who have offered themselves for active service in the present war and have been rejected men who desire or who have offered to enlist and who have been refused upon the ground that their services are of more value to the State in the employment in which they are engaged than if they should enlist for active service or in the naval or military forces. Such badges are to be numbered and are accompanied by cards signed by the military officers issuing the same, containing reasons for issue. A number of safeguards are provided against the wearing of badges by those not entitled to them; and a penalty of \$100 maximum fine or imprisonment not exceeding 30 days is fixed for the unlawful wearing or issuing of these badges or counterfeit ones. Badges will in no case be issued to persons rejected on account of a temporary disability or obviously unfit for service and who have not served in the expeditionary force, as for instance, those who are totally blind, crippled, paralytic, etc.

### ROCK ISLAND DOWN AND OUT

#### Permission Given by Courts to File Suit for Foreclosure.

Chicago, Aug. 17.—The Peabody committee has permission to file suit to foreclose the Chicago, Rock Island and Pacific Railroad, according to a decision handed down by Judge Geiger in the United States district court. Seven men, who control about twenty per cent. of \$111,000,000 of underlying bonds of the railway, comprise the Peabody committee. The committee holds that under the receivership, the security of its bonds has been injured.

Judge Geiger's decision is opposed to the argument presented by the stockholders, led by Nathan L. Ames of Boston, and the holders of most of the secondary securities, including the debenture bonds. The Peabody committee includes Percy Rockefeller, Allan A. Forbes, William A. Day, Alexander Hemp-hill, Albert W. Harris, Charles A. Peabody and John H. McClement.

### BIRDS TO BE PROTECTED.

United States and Canada Agree Upon Treaty. Washington, Aug. 17.—A treaty between Great Britain and the United States for protection of insect destroying birds on both sides of the Canadian boundary, was signed at the State Department yesterday by Secretary of State Lansing and Ambassador Spring-Rice. The treaty is very broad and covers practically all kinds of bird life. Its administration will be left to local authorities. So far as it is known, this is the first treaty of the kind ever signed.

### MAXIMUM PRICE ASKED FOR

By Special Wire to the Courier. Quebec district council of Federated Trades and Labor, at a meeting last night, decided to petition the Right Hon. Premier Borden asking his government to fix a maximum price for the sale of meat, potatoes, bread and all every day life necessities. The prices, lately, have been on a constant soar in the district, while the salaries have not kept tab on the cost of living.

#### Premier Asquith States Re-paration Must Be Made

London, Aug. 17.—Replying to a question in the House of Commons to-day, Premier Asquith said the Government was determined that "this country will not tolerate a resumption of diplomatic relations with Germany after the same, containing reasons for issue. A number of safeguards are provided against the wearing of badges by those not entitled to them; and a penalty of \$100 maximum fine or imprisonment not exceeding 30 days is fixed for the unlawful wearing or issuing of these badges or counterfeit ones. Badges will in no case be issued to persons rejected on account of a temporary disability or obviously unfit for service and who have not served in the expeditionary force, as for instance, those who are totally blind, crippled, paralytic, etc."

### Earl Cottenham Married To-day

London, Aug. 16.—The Earl of Cottenham was married in St. George's Church, Hanover Square, to-day to Miss Patricia Burke, daughter of the late J. H. Burke, of California. Viscount Grouhurst, eldest son of the earl acted as best man. The Earl of Cottenham's first wife was Lady Rose Neville. She died in 1913.

### WIT AND WITLESS

There was once a rabbit who was so proud of his ears and the speed of his legs that he strutted about the forest in a most unpleasant manner, insulting everybody. He jeered most at an old, old tortoise who crept around the forest so slowly you could hardly see him move. "Your wits are as slow as your legs!" "I've less ears and less legs," admitted the tortoise, "but I've got a lot more wit than you have and someday I'll prove it." And how he came to prove it is the tale I have to tell. Now there was a road that went around the forest in a circle, beginning and ending at the stump of a tree, and here one day the rabbit and the tortoise met. They travelled down the road for a while side by side, and then the tortoise said: "I wager my wit against yours that I'll reach the tree stump first." The rabbit laughed and started off with his heels a-flying. The tortoise called him back. "Not so fast, my long-eared friend," he said, "if I reach the tree-stump first you must agree to bring me food for the rest of my life." And he called for a crow on a nearby tree to witness. Again the rabbit laughed. It would be so easy to reach that tree-stump ahead of the lumbering tortoise that nothing mattered—not even his food for a lifetime. So the rabbit agreed and started down the road again, and in no time his heels disappeared in a cloud of dust. As for the tortoise, he turned and plodded back to the stump, and, sure enough, when the astonished rabbit appeared, panting and out of breath, there was the tortoise first at the tree-stump. Now never once did the foolish

GIBSON V. MILLER CASE DECIDED

Plaintiff Awarded Damages, but Parties Urged to Come to an Agreement.

Judgment has been given by His Honor Judge Hardy in the case of Gibson versus Miller, which received a hearing at the last session of the county court, the action being one for damages caused by the raising of a lane between the properties of the two parties, resulting in alleged detriment to the land of the plaintiff. His Honor Judge Hardy gives that a settlement be arrived at between the parties concerned; in case this cannot be done, he awards judgment to the plaintiff with costs.

The text of his decision is as follows:— I earnestly urge the parties in this matter to get together and try to accommodate each other, which I am sure in the long run, as adjoining owners they will find to be far more satisfactory. I do not think the amount of damage as yet done to the plaintiff's yard and contents serious enough for the feeling and differences to be maintained between the parties.

I think if the lane is of much convenience at its present level, to the defendants, it apparently being now unused by the plaintiff, that a basis of agreement might be found in the defendant's sharing up the land in the lane which it tends to fall in on the plaintiff's property, and undertaking not to raise the land level, and in paying the costs of the action.

"If no such satisfactory arrangement can be reached within two weeks, judgment will be entered that the defendants restore the lane to its original level within six weeks, and do not further interfere with it. I think the damage to the plaintiff's sheds consequent on restoring the lane to its former level should be fixed at \$50. It being open to the plaintiff to have taken objection to the defendant's course much earlier had they wished.

Therefore unless arranged within the time mentioned by the parties themselves, judgment will be entered on the above terms for the plaintiff's costs.

Warning Issued About Plague

Posters to Be Placed Throughout City, Telling of Danger.

In common with other cities throughout the Province of Ontario, Brantford has received through Sanitary Inspector Glover, instructions regarding the disease of infantile paralysis, which it is feared will be spreading here from New York State and other parts of the United States.

The following instructions regarding the disease are issued by the Provincial Board of Health:— Infantile paralysis, also called Anterior Poliomyelitis, is a communicable disease, chiefly of children between the ages of 2 and 14 years. Older children and adults may also be affected by the disease.

The cause is unknown; it is known however, that the agent causing the disease is present in the secretions of the nose and mouth, and in the intestinal tract from being swallowed. The disease is epidemic in some United States cities, and has appeared in various localities in Ontario.

It is believed that infantile paralysis is spread from one child to another by means of the secretions of the nose and mouth by direct transfer. It is possible that it is spread by flies which have been in contact with intestinal discharges. It may become wide-spread in country districts, as well as in crowded cities, and persons who have been in contact with cases of the disease may harbor the contagion and give it to others without contracting the disease themselves; that is, they are "carriers."

A list of instructions concerning the treatment of the disease follows, which will be posted up throughout the city. It is stated by Inspector Glover that no cases of the disease have been discovered locally, and that none are suspected. The measure is purely a precautionary one, and is being taken throughout the province.

The list of instructions as they appear on the placard, were printed in the Courier a couple of weeks ago. POLICE COURT. A very brief court occupied the attention of the police magistrate this morning. George Miller, an Indian charged with being under the influence of liquor, was dismissed. James Sykes was found to be insane and dangerous, and will accordingly be committed to the Hamilton asylum.

# ALLIES LAUNCHED NEW DRIVE; TWO MILES OF TRENCHES TAKEN

## Both North and South of the Somme Notable Gains Made—Now Control Highway From Maurepas to Clerly

London, Aug. 17.—A new blow for which the French and British artillery has been preparing the way for more than two days, was struck yesterday afternoon against the German front both north and south of the Somme. As a result, French trenches were captured on a two-mile front on both sides of the village of Maurepas to a depth of from 350 to 600 yards, while south of the river the German line three-quarters of a mile in length was seized by the French.

These successes, which mark the opening of the fourth phase of the bloody struggle in Picardy, have enabled the allies to penetrate at points on the Guillemont-Maurepas road, besides giving them complete control of the highway from Maurepas to Clerly. The village of Maurepas itself is practically in their hands. Surrounded on three sides and with French troops engaging the Germans on the outskirts, its complete capture is expected at any moment. The hamlet is one of the foundations of the German defence in this region, each house having been separately fortified and each barn a small arsenal.

**Enemy Losses Heavy**

Yesterday's attacks, coming on the heels of declarations from Germany that the allied offensive in Picardy was definitely halted, have broken the German lines could never be broken, are taken here to indicate that the French and British are determined to keep up their offensive. Heavy losses were inflicted yesterday on the Germans, the official statement issued at midnight in Paris says, while a large number of prisoners, the total of which has not yet been reported, were captured.

General Haig had no word to say last night of the part the British played in the new drive. That British troops took part in the attacks is announced by the French war office, but the English commander himself, in his nightly despatch to the War Office, merely says: "There is nothing important to report."

The French success south of the Somme was won in one irresistible dash, which carried the victorious troops clear across the German advanced lines. They are now consolidating the positions won, despite counter-attacks which were reported already to be in progress.

Yesterday's German report announces the repulse of British attacks in the late hours of Tuesday from various points on the Pozieres salient.

On the Verdun front there was severe artillery fighting at points, but no important infantry actions.

### Zimmerman Put Out of the Game

Cincinnati, Aug. 17.—Cincinnati played a ragged game yesterday and Chicago won 5 to 0. While there were six hits made off Hendrix, he never allowed more than one in an inning. Zimmerman tried to steal home in the second inning. He was called out by Empire Harrison, made a vicious kick and was finally put out of the game. Score: R.H.E. Hendrix and Elliott; Mosley, Schultz, Knetzer and Wingo. St. Louis-Pittsburg game played on Sunday. Others not scheduled.

### BENNY MEYER REPORTS TO TORONTO CLUB

Toronto, Aug. 17.—Benny Meyer, the former Leaf who jumped to the Federals in 1913, reported to the Toronto club yesterday, having found out that he is still the property of the Toronto Baseball Club.

Whether he will be used by the Leafs or not this season is a question. At any rate, he will be here when the team arrive home.

The United States Senate's big building programme for the United States navy, with provision for sixteen capital ships within three years was accepted by the House after a stirring debate.

### BOSTON RED SOX INCREASE LEAD

#### Champions Win Two Games from Chicago, First Going Sixteen Innings.

Boston, Aug. 17.—The Red Sox increased their lead in the pennant race yesterday by winning two hard-fought battles with Chicago. The first went 16 innings to a score of 5 to 4. The second game was called after five and a half innings on account of darkness, with the score 2 to 1. Every available member of the Red team, with the exception of Carrigan and Greg, was pressed into service for the first game, either as pinch hitters, runners or fielders. It was a grueling contest throughout and was marked by numerous sensational plays. Weaver and Eddie Collins, Scott, Walker, Barry and Gardner figuring most prominently. Bunched hits were responsible for all the runs in the second game. Between the games the world's championship pennant was raised with the customary ceremony. The largest crowd of the season witnessed the double-header. The official count was 25,227. Scores:—

First game—	R. H. E.
Chicago 000111010000000—4 16 2	
Boston 0000020200000001—5 11 1	
Batteries—Faber, Williams, Cicotte and Schalk; Leonard, Mays, Shore and Thomas.	

Second game—	R. H. E.
Chicago . . . . . 000001—1 5 0	
Boston . . . . . 00020x—2 5 0	
Batteries—Williams and Lapp; Foster, Leonard and Cady.	

At New York—New York won an easy victory over Cleveland in the first game of the series here yesterday, the score being 5 to 3. The Yankees scored five runs in the first inning, profiting largely by Gould's wildness. The young pitcher walked the first three men up, after which Pipp and Baumann made singles. Kieffer then singled, and Miller singled, sending in two more runs. Russell was wild, but pitched a strong game for New York, allowing only four hits. Score: R.H.E. Cleveland . . . . . 100000002—3 4 1 New York . . . . . 50000000x—5 5 2

Batteries—Gould, Kieffer, Morton and O'Neill, Coleman; Russell and Walters.

### Canadian Nurses Can Get Through

Because of Plague Among Children, Restrictions Are Relaxed.

New York, Aug. 17.—For the first time in many years the alien labor clause has been waived by the immigration authorities in the case of the thirty nurses, engaged by the local health department to help fight the infantile paralysis epidemic, who were held up at the border because of a clause in the immigration law which forbids the entry here from foreign countries of persons under contract to work.

William G. McAdoo, Secretary of the Treasury, in a telegram sent to Health Commissioner Emerson said that the bureau of health, which is in charge of the quarantine, had given its instructions to permit entrance into the United States of the nurses.

### ANOTHER RAID BY THE HUNS

Berlin Serves Up More Stories for the German People.

By Special Wire to the Courier.

Berlin, Aug. 17, via London.—Another raid by German aeroplanes on Russian military establishments on Oesel Island, in the Gulf of Riga, was announced yesterday by the war office in the following communication: "On August 13, several German naval aeroplane squadrons again attacked Russian air craft stations at Papenheim and Lebara, on Oesel Island, and obtained good results. Notwithstanding the heavy fire of Russian anti-air craft and naval guns all the German machines returned undamaged to their base."

"On August 17, via London wireless.—In view of reports that Germany was apprehensive over the proposed sale of the Danish West Indies to the United States, the foreign minister, Gottlieb Von Jagow, made the statement yesterday that the German government was not opposed to such a transfer."

WHERE SHAKESPEARE GOT SOME OF HIS PROVERBS

"We find here (in the writings of the Italian, John Floris, who in 1572 translated Montaigne into English) many proverbs cited by the poet throughout his works which Floris had been the first to teach the English. I cite at random:

"Fast bind, fast find."  
"All that glitters is not gold."  
"More water flows by the mill than the miller knows."  
"When the cat's away the mice will play."  
"Any stick will do to beat a dog."  
"A good death crowns life."  
"Make of necessity a virtue."  
"He that makes nothing mars nothing."

Tennis Tournament at Newport Grows in Interest

Newport, R.I., Aug. 17.—Most interesting yesterday, the third day of the invitation tournament, at the Casino was centered around R. Norris Williams' battle to best Rowland Roberts. The match ran to five sets with the Philadelphia fighting every inch of the way to keep in the play for to-day's sessions. Roberts was slow to give him the advantage.

At the close of yesterday's matches only one of the Japanese players, Ikumaga, remained up. W. M. Washburn, W. M. Johnston, Harold Throckmorton, N. W. Niles, D. S. Walters, G. C. Caner and R. Norris Williams are the others eligible for participation to-day.

### NEW CABINET OFFICE COMING

#### Latest Department to Be Formed to Be Known As Ministry of Loans.

London, Aug. 17.—Correspondence of The Associated Press)—To relieve the Chancellor of the Exchequer of some of his responsibilities for the issue of exchequer bonds, war loans, etc., still another office is practically certain to be added to the Cabinet, in the form of the Ministry of Loans, according to a political writer in the Weekly Dispatch.

When McKinnon Wood takes over the position of Financial Secretary to the Treasury, after resigning the Scotch Secretaryship it will be found that he will take over the duties of the new office, the writer says.

The Ministry of Loans will be the third new Cabinet office to have been created during the war, the other two being the Ministry of Munitions and the Ministry of Blockade. In the ordinary course, the addition would mean a cabinet of 24, but in future it is regarded as certain that the Chancellorship of the Duchy of Lancaster will be filled by a Minister holding a second office, thus keeping the number down to 23.

McKinnon Wood has always held that thrift should be the concern of the state. His capacity for the new office rests on extensive business experience, he having carried on the family business as a merchant successively. His attitude was reflected in his work as a member of the Finance Committee of the London County Council. His business knowledge is widely recognized, and has contributed papers on commercial subjects to various publications. He would make every effort to induce the small investor to take up war loan and exchequer bond issues. He displayed special interest in the Scotch War Loan Committee's work, and some time ago hinted that fresh taxation would follow any slackening in the taking up of war issues.

### TOOK ADVANTAGE OF ERRORS AND WON

Toronto Beat Providence 6 to 3, Although They Were Out-hit

Providence, Aug. 17.—Toronto took advantage of Providence's errors and although out-hit, won yesterday's game 6 to 3. The score: Toronto . . . 001014000—6 7 1 Providence . . 10000200—4 9 3

Batteries—Thompson and Hayden; Billiard and Yelle.

ROSS BEATS ROCHESTER.

Richmond, Aug. 17.—Richmond hit Kirkmayer and Herche hard yesterday, while Ross was holding Rochester to five scattered hits, and Richmond won easily, 6 to 1. The score: Rochester . . . 000010000—1 5 0 Richmond . . . 00210210x—6 11 0

Batteries—Kirkmayer, Herche and Hale, Dooin; Ross and Reynolds.

BISON'S OVERCOME LEAD.

Newark, Aug. 17.—Buffalo became Newark's early lead, and won yesterday's game, 5 to 3. Smallwood was hit hard throughout and received indifferent support. The score: Buffalo . . . 010001120—5 15 0 Newark . . . 021000000—3 8 2

Batteries—Bader and Onslow; Smallwood and Egan.

### HALF COMPLAINTS AT FIRS

Produces Correspondence Show How Defects Were Remedied.

Camp Borden, Aug. 17.—Brigade General W. A. Logie, contrary custom, issued the following statement yesterday:

"I have made it a practice not to reply to newspaper comment with regard to inaccurate statements in connection with conditions at Camp Borden, but I feel it my duty to make the following statement with regard to the article published in yesterday's Globe, entitled 'Camp Borden bread green with mould.'"

"I inspect the kitchens of every battalion every day, and investigate conditions of cleanliness and quantity and quality of the food. The first complaint which reached me in regard to the quality of bread was on July 14, when several battalions complained that the bread was mouldy.

"Packed When Too Hot

"Boards of officers were immediately held, and sergeant cooks called as witnesses, the result being a report that the condition of the bread was the result of the same being packed while too hot in cardboard cartons which were not sufficiently ventilated."

On receipt of these reports, the following correspondence ensued:

(Telegram)  
Camp Borden, Ont., July 17.  
Messrs Nasmiths, Limited,  
Toronto, Ont.

A large quantity of your bread has been mouldy owing to improper packing while hot. Unless you remedy this by packing in ventilated containers and shipping in ventilated cars, we propose to cancel your contract.

(Signed) W. A. LOGIE,  
Camp Borden, Ont., July 19.  
Messrs Nasmiths, Limited, Toronto.  
Dear Sirs—

The following is a report on the defects in your bread. Please have the same corrected forthwith.

"At the time of issue the outward appearance of the bread appears right, but on cutting into it is soggy and this is attributed to the bread being 'too young' as the bakers call it, the meaning being that, instead of being left to rise for say four hours, it is put in the oven too green at the expiration of say three hours."

"That the bread should be shipped in boxes especially adapted for the purpose, or the bread should be allowed to cool off before packing. The result from being shipped in the present condition in boxes that are practically air-tight, the bread was and bread issued this morning would be mouldy by to-morrow at the best."

"The bread lacks flavor, and this is also attributed to the preparation of the bread being rushed.

No Special Steps Taken to Quarantine Ships from New York.

By Special Wire to the Courier.  
London, Aug. 17.—No special steps are considered by the British government to be necessary in connection with the epidemic of infantile paralysis in New York, according to a statement made by Walter Hume Long, president of the local government board in the House of Commons yesterday. Proposals have been made in the connection to quarantine against the disease on ships from New York.

Mr. Long, who made his statement in reply to a question by Carlwyn W. Bellairs, Unionist member for Maidstone, said that the government was fully acquainted with the facts regarding the epidemic in the United States. The disease, he added, had been known here for a considerable period, and the ordinary administrative machinery for the protection of this country was adequate to deal with it. He did not consider any special steps called for.

### THE WESTERN FAIR

Sept. 8th to 16th  
The platform attractions at the Exhibition this year will be of a very high class. The very best acts obtainable have been secured. There will be acts of skill and comedy and plenty of them. Do's Dog and Pony Circus will be worth the whole price. Some two or three bands each day will provide the best of music, while the International Fireworks Co., of London will put on a special programme of fireworks each and every night. If space is required application should be made to the Secretary at once. Entries should be made as early as possible. Information of all kinds from the Secretary, A. M. Hunt, London, Ont.

### FORD PEACE PARTY

**STILL HARD AT WORK.**  
Stockholm, Aug. 17.—The neutral conference for Continuous Mediation, resulting from Henry Ford's peace movement, has decided to establish headquarters at The Hague, with Louis P. Lochner in charge. Mr. Lochner will leave here within a few days. It is planned also to appoint committees of ten members each in Denmark, Holland, Norway, Sweden and Switzerland, whose duty it will be to watch the political situation in the belligerent countries with the object of promoting peace.

### TURKS DETERMINED SYRIA SHALL STAY.

Washington, Aug. 17.—The American Embassy at Constantinople called the Turkish Department yesterday that the Turkish Government again has refused to permit a neutral commission to investigate food conditions in Syria or otherwise interest itself in the situation there. Abram I. Elkus, the new Ambassador to Turkey, has been instructed to renew the United States Government's efforts when he reaches Constantinople.

## GUILLEMONT AND UNDER FIRE

Capture by Allies  
ion of Time and  
—French Again  
vance at Verdun

Paris, Aug. 18, (noon).—The French last night on the Verdun Fleury, east of the Meuse they the town which had been captured.

Several German counter-attacks Maurepas were repulsed. The French also made considerable gains in the Verdun sector.

By Special Wire to the Courier.  
New York, Aug. 18.—A New York Times cable from Paris, under Thursday date, follows:  
"As a result of yesterday's success, a French staff captain, who arrived in Paris this morning from Somme front, 'Guillemont and Maurepas are under the allied fire from three sides. Their capture is not merely a question of time and artillery preparation."

"I am glad," he continued, "to have the opportunity to speak to the newspapers in view of the messages of correspondents visiting the German headquarters in Picardy."

Two Miles in Three Days.  
"If contradictions were needed, proof better than any argument. Since July 30, we, in three days, have advanced over two miles on the Somme and that at a cost absolutely trifling compared with what the Germans paid for their gains at Verdun. Just examine the map and you will see that we have steadily advanced it since the beginning. The 'dotted' line as it is called, is the line of the first and second offensives. It is ever growing toward
