Lines of Foe Trenches Taken by French in Champagne

HUN SHELTERS WRECKED BY FRENCH FIRE, FILLED WITH ABANDONED DEAD

Stirring Success Scored Last Night by Nivelle's Forces in the Champagne; Several Lines of Teuton Trenches Taken Together With Total of Eight Hundred Prisoners

By Courier Leased Wire.

Paris, May 21.—Noon—Several lines of German trenches in the Champagne, near Moronvilliers were captured last night by the French, the war office announces.

The French took 800 prisoners and found the wrecked German shelters filled with dead. The Germans lost heavily in ineffectual counter attacks.

The Statement

"On the Chemin des Dames the artillery fighting continued during the night in the region northwest of Braye-en-Laonnois and on the front between Cerny and Hurtebise. A German attack near Froidmont Farm was checked before the enemy was able to reach our lines. The enemy undertook no further attack after the complete check of his general assault undertaken yesterday.

"There were brief, but violent artillery actions between Miette and the Aisne and northwest of Rheims. In the region of Chevreux we made progress and took prisoners.

"In the Champagne yesterday evening we carried out in two sectors of the heights, near Moronvilliers an operation which resulted in an important and brilliant success. Our troops captured several lines of German trenches on the slopes north of Carnillet at the Casque and at the Teton. Furthermore, all the important observation points in this region are now in our hands. German counter-attacks were taken under our fire and thrown back with heavy losses. We took about 800 prisoners in these actions. The enemy shelters were found to have been blown to pieces and to be piled high with the dead."

DESTROYER OF COLBERT WAS PUT TO FLIGHT

U-Boat Responsible for Torpedoing of French Transport Fled Before Patrol Boat and Seaplane—Acts of Heroism Performed

By Courier Leased Wire.

Paris, May 21.—The French Steamer Colbert which was torpedoed in the Mediterranean on April 20, was on her way to Saloniki when she was sunk. The ship was struck by a torpedo below the waterline and the engine room was immediately flooded. There was no sign of a

submarine as the ship began to sink rapidly by the stern. The crew promptly took up their stations, but the bows canted up at such an angle that it was almost impossible to lower the boats. The Colbert sank in five minutes and after she had disappeared, the submarine emerged and, as is their custom, her commander asked the name, description and destination of her victim. Before he could get his information a French patrol boat appeared and opened fire. After four shots had been fired, the U-boat submerged, just as a seaplane appeared on the horizon.

The patrol boat was a trawler and gave valued assistance in rescuing the men from the Colbert. Many Colbert's first officer, Rouille, went down with the ship, but was rescued. No sooner did he reach the trawler than he took a dory and went to the help of four men who were clinging to a capsized lifeboat. Second officer Cautlier, one of the last to leave the ship, was scarcely aboard the patrol when he noticed two soldiers drowning. He immediately dived and saved both.

Naval Engagement Fought Between German and French Torpedo Boats

By Courier Leased Wire.

Berlin, via London, May 21.—10.15 a.m.—An engagement between German and French torpedo boats off the coast of Flanders is reported in an official announcement from the Admiralty. The announcement says: "On the morning of the 20th off the coast of Flanders, a short outpost engagement took place between German and French torpedo boats. The enemy boats were repeatedly hit by our artillery and our vessels returned without losses or damage."

The French official statement issued yesterday reported that a flotilla of German destroyers had been driven back to its base by a patrol of four French torpedo boats. The statement said that one of the French vessels had suffered some damage.

SWEDEN ROUSED TO EXTREME FEELING BY TORPEDOING OF THREE STEAMERS

TWO NURSES WERE KILLED

ACCIDENT ABOARD AMERICAN STEAMER CAUSES DEATH OF TWO WOMEN

By Courier Leased Wire.

New York, May 21.—The Associated Press to-day carries the following: "Two American nurses, members of an ambulance unit, on its way for service in France, were killed yesterday on board an American steamer, when pieces of a shell fired by a naval gun crew in practice, ricocheted from the water surface and scattered among a group of nurses and surgeons. A third nurse was seriously wounded. The steamer sailed on Saturday evening for Europe. With her flag at half mast she came into an American port this morning, bringing the bodies of the dead nurses. These were brought ashore. The steamship will depart at an unnamed time."

Germany Hastens to Express Regrets at Destruction Wrought by U-Boats; Swedish Press, Supported by Even Pro-German Organs, Loud in Condemnation of the Huns

By Courier Leased Wire.

Copenhagen, via London, May 21.—The German minister at Stockholm is reported in news despatches to have visited the Swedish foreign minister and expressed the deepest regret at the sinking of the Swedish steamers Vesterland, Viken and Aspen.

The Aspen, Vesterland and Viken were sunk in the Gulf of Bothnia, several members of the crews losing their lives. The vessels were laden with grain and released from British ports by the British government under a reciprocal agreement. The news of their destruction caused intense indignation in Sweden.

Censure Is Bitter

Stockholm, via London, May 21.—The Nya Dagligt Allehanda, whose editor has often been called "Sweden's Reventlow" devotes two columns to an explanation and apology for Germany having torpedoed Swedish steamers. The other afternoon newspapers, however, join the morning journals in bitter censure of Germany for the sinkings. The Afton Tidningen demands the expulsion of all Germans from Sweden. It refers to them as "our especial friends, to explain out of existence or to defend whose brutality, inhumanity and inexplicable ruthlessness so much Swedish printers ink has been employed."

Even Pro-Germans

The strongly pro-German Aftonbladet bitterly criticizes the Germans. It says the torpedoing of Swedish vessels deals a hard blow to German sympathizers in Sweden and demands that the government refuse to satisfy itself with a mere protest but require the fullest indemnity.

DEAF AND DUMB SERVE UPON MUNITION WORK

New Future Opened Up For Mutes of France, Hundreds of Whom Now Serve Their Country in Making Army Supplies; A Problem Solved

By Courier Leased Wire.

Paris, May 21.—The intensive production of munitions in France, with its enormous requirements in hand labor, has opened up a new future for the deaf and dumb, who before the war were excluded from factory work. Now hundreds of them are making shells and parts of automobiles and aeroplanes for the army. Some of them are earning the equivalent of four dollars a day.

Manufacturers refrained from deaf and dumb help previously because of the law that made the employer responsible for all accidents to his employees and because the accident insurance companies would not insure the deaf and dumb. There were also prejudices against them arising from the supposed difficulty of conveying orders and explanations.

In practice it has been found that the deaf and dumb men meet with no more accidents than their comrades who can hear and talk. They learn even quicker by sight than do

many workmen by ear, and their attention, never being divided by conversation, their output is of the best finish and equal in volume to that of the best mechanics. They are even more attentive to danger than men who have possession of all their faculties.

The minister of armament recognizing their services rendered to the National defense, has issued a circular to directors of hand labor in munition factories, ordering them to prevent discrimination against deaf and dumb applicants for employment as mechanics, it being officially recognized that their infirmities are in no wise a hindrance except to a position, where they would be brought in contact with the public.

TANKS SERVE GOOD PURPOSE IN LATEST OFFENSIVE OF FRENCH

By Courier Leased Wire.

Paris, May 21.—"Piloted by audacious crews, the tanks have demonstrated what effective aid they can give infantry attacks," says an authoritative statement on the work of French tanks in the recent offensive on the heights between the Aisne and the Alliette. The tanks came early on the field and shortly ahead of the first waves

of infantry. "From the moment our squadron of cars entered the plateau facing the enemy, the intense fire of heavy guns and machine guns was centered on them. By concentrated fire the enemy sought to pierce their armor, to dislocate the turrets or to damage the wheels of the ponderous machines. Battered incessantly from without, the tanks, however, moved steadily forward.

"Many of them went through new and heroic experiences. One of them struck by a shell, caught fire. Its crew was able to get out through the damaged exit and join the infantry in the advance. Another tank broke down because of defective mechanism in front of an enemy trench. The crew dismantled and tried to make repairs under fire of the enemy. FARM WORKERS IN COUNTRY NEEDED

Renewed Efforts to be Put Forth to Procure Help For Farm Production

Plans were finally consummated on Saturday afternoon at a meeting of the Brant County Greater Production League, at which a number of farmers and several members of the Brantford Board of Trade were present, whereby the necessary labor will be supplied to those farmers who make application for it. A strong address was delivered by Mr. Russell Kelly, vice-president of the Hamilton Board of Trade, who has been actively connected with the Organization of Resources committee of the province. Mr. Kelly reviewed the work that had been accomplished in this direction in Hamilton, and outlined the system that had been adopted there and could be equally effective in this county.

Mr. Kelly stated that with the aim to harmonize relations prevailing between the city and rural classes of the population of the county, an agricultural branch of the Board of Trade had been formed, with the result that already a better understanding was being brought about between these two elements. The reason, thought the speaker why as yet there had been no active measures taken by the farmers to secure the help, was that the favorable weather of the spring season had encouraged the farmers to get on the land, and they had been so busy with seeding that they had not anticipated the shortage of labor that must be experienced unless some steps are taken to alleviate the difficulty.

There was some doubt existing as whether the need for increased production was as vital as was stated, declared the speaker, who then proceeded to present figures which adequately proved that a much greater supply of foodstuffs was absolutely essential. It is estimated, he stated, that a soldier requires one and a half pounds more food per day than he would in normal life, and as there are approximately forty million men engaged in actual warfare on both sides, the increased demand from this source alone would amount to 21,880,000,000 pounds per year. In addition to this, there has been, at a conservative estimate, 1,000,000 tons of food sunk and a great deal more destroyed through wastage. 40,000,000 men have been withdrawn from productive work to engage in warfare, and a great many more were engaged in occupations manufacturing war materials, so that with this large shortage of labor as well as the figures mentioned before, emphasized the urgent need of some effective measure.

Ordination Service at Alexandra Church

Two services of especial interest were held in Alexandra Presbyterian Church yesterday. In the morning a beautiful and impressive ordination service was conducted by the Rev. D. T. McClintock, assisted by the members of the session. Messrs. A. M. Moyer, Dr. Dunlop, Thomas Cockburn and M. McCormack were ordained as elders of the church. An appropriate sermon was delivered by the pastor on the text, "Take heed therefore unto yourselves, and to all the flock, over which the Holy Ghost hath made you overseers to feed the church of God which He hath purchased with His own blood." The duties incumbent upon the elders were dwelt upon by the speaker, and the obligations of the office were mentioned.

THE TEUTON TALE

Berlin, May 21, via London.—The Germans on the Arras front yesterday maintained their positions except in one demolished trench which was evacuated according to plans during the British attack Sunday on an 8 and one-half mile front, says the official statement issued to-day by the German army headquarters staff. "The German announcement says the French yesterday obtained a foothold on Mont Carnillet and Mont Kell. Yesterday the Germans brought down 14 entente airplanes on the western front."

SWEDISH WHEAT

Stockholm, May 20.—via London, May 21.—A state census on the condition of winter wheat and rye, April 30, in all the Swedish provinces shows prospects of less than a middling crop everywhere, except in the province of Blekinge, where there will be an average crop. The census shows the wheat area to be 7.3 per cent less than in 1916 and the rye area 8.2 less. Of hay, there will be an average crop.

PTE. JOS. REANSBURY Reported Saturday killed in action.

ST. VITUS DANCE

Even the Most Severe Cases Can be Cured by Dr. Williams' Pink Pills. Is your child fidgety, restless, or irritable? Are the hands shaky or the arms jerky? Does the face twitch? Do the legs tremble or drag? These are signs of St. Vitus Dance, a nervous disease which is confined chiefly to young children, but which often affects highly-strung women, and sometimes men. St. Vitus Dance is caused by disordered nerves, due to poor blood, and is always cured by the use of Dr. Williams' Pink Pills which fill the veins with new, rich red blood, strengthening the nerves, and thus drawing out the disease. Here is proof:—Mrs. John A. Cumming, Lower Canada, N.S., says: "When my daughter Myrtle was about nine years of age she became afflicted with St. Vitus Dance. The trouble ultimately became so bad that she could not hold anything in her hands, and had to be fed like a child. She could not even walk across the floor without help. She was treated for some time by a physician, but did not show any improvement. One day a neighbor said she had read of a case of St. Vitus Dance cured by Dr. Williams' Pink Pills, and we decided to give this medicine a trial. By the time the third box was used there was some improvement in her condition, and we continued giving her the pills for about a month longer when she was entirely cured, and has not since had the least return of the trouble. Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont."

DISEASE THROUGH NEGLIGENCE

There are many people—including meat workers—who will take far more trouble about anyone else's health than their own. This sort of selfishness is not really kind—it is not right. A person in bad health is always a burden in some way or another. To save others from becoming a burden, and allow one's self to become an invalid, is neither wise nor generous. Science shows that nine-tenths of the ills that afflict mankind, and women especially, are due to poor, thin, watery blood. This is the condition which doctors call anaemia, and can only be overcome by making the blood rich, red, and pure. The remedy is in your own hands—if you continue to suffer you have only yourself to blame. New blood will put an end to many ailments, headaches and backaches that afflict so many people, and the feeling of constant tiredness and indisposition to exertion so many men feel, without thinking they are really unwell. The very best remedy for this condition is Dr. Williams' Pink Pills. These actually make an abundance of new, rich blood, and this new blood makes the feeling of constant tiredness and indisposition to exertion so many men feel, without thinking they are really unwell. THE SITUATION

Exceptionally fierce fighting continues in the Bullecourt sector. The British continue to storm their way along, and are threatening two German garrison positions—Cherisy, and Fontaine Les Croisilles. As the result of an early morning attack on Sunday, the official statement says that the Hindenburg line has been pierced for over a mile. Heavy counter-attacks on the part of the foe have all been blocked.

The French have also been subjected to severe assaults with the net result that north east of Cernay the Huns succeeded in getting a footing in trenches along a small front of two hundred yards.

The Italian troops are successfully demonstrating that their renewed offensive is no flash in the pan. Aided by British heavy guns, they have seized and held Hill 652 on the Julian front. The heights attained form the key to the Austrian defences north of Monte Sante. In Rome enthusiastic crowds have been acclaiming their advance.

News from Russia has an improved appearance. German troops attacked the Muscovites on the northern end of the Russian western front and were repulsed. They have also on their own account, resumed artillery and mine bombardments. It is said that the new government is making energetic efforts to rehabilitate the soldier as an aggressive force, and it is to be most sincerely hoped that this will prove to be the case.

A patrol of four French torpedo boats encountered a flotilla of German destroyers and there was a small clash—after which the Hun boats withdrew full speed to their base. One French boat suffered some damage, but all returned.

Spain has broken with Germany pending satisfactory assurances with reference to the sub menace. Sweden is also fighting mad. The torpedoing of three steamers laden with grain, is the inciting cause, and the whole nation has naturally been aroused to a state of great indignation.

Mr. Kennedy Jones, Director of Food Economy in the Old Land, during a speech which he made on Saturday night at Edinburgh, gave the cheering information that the Admiralty believed that a new method adopted against the submarine was proving effective. He further added that with due economy there was a sufficient reserve in grain to last until next harvest.

ANOTHER TRIBUTE TO MR. COCKSHUTT

Mr. W. F. Cockshutt, M.P., has received congratulatory tributes from all over the Dominion with regard to his recent speech in the Dominion House on the food question, and many newspaper tributes. One of the latter is made by Mr. Gadsby, the well known Ottawa correspondent of "Saturday Night" at Ottawa and is in part as follows: "Nobody would ever accuse Cockshutt of Brantford, of being a lukewarm Conservative. Indeed, he is known as a stalwart party man, a thick-and-thin friend of the Government. But only so far as the Government does things. When the Government ceases to go forward, Cockshutt, of Brantford, ceases to admire it. Mr. Cockshutt is by way of being a practical patriot having a couple of sons and several near relatives in the trenches and being himself the one solitary M.P. colonel on the roll of the Canadian Expeditionary Force who refused to take pay for his superannuated services. Colonel Cockshutt's idea in donning the uniform was to encourage recruiting, but he has taken it off now, because recruiting is no longer being encouraged. As a matter of fact, recruiting never recovered from the official chill it got a year and a half ago.

The point I am making is that Cockshutt, of Brantford, a typical business man and Conservative, a supporter of the Government as long as the Government deserves support,

blazed out the other night when the food problem was being discussed into what was really a short, sharp indictment of the Government's do-nothing policy toward the high cost of living. What Cockshutt, of Brantford, said in good set terms was price control, regulation of exports and other drastic remedies which other belligerent countries have adopted. He reminded the Government that Canada was a belligerent country. He expressed surprise that some people in Canada didn't know there was a war on, although we had been in it up to the neck for almost three years now. He wondered why the Government, with a War Measures Act that gave it power to deal with anything under the sun except the law of gravitation, had done nothing with it to help the workingman."

A DOUBLE BEREAVEMENT.

Amid all the sad messages resulting from the war, there is no parallel hereabouts and probably not elsewhere, to one telegram containing the announcement of the death of two sons. Such is the affliction which has befallen Mr. H. Mears and family of this city, and the doubly bereaved will be in the tender thoughts of all.

Both are universally spoken of as fine young men, and the one consolation for those so heavily stricken is that they met the death of heroes, fighting for the Empire and human liberty.

Plot Against Government

San Jose, Costa Rica, May 21.—A far-reaching plot to overthrow the present government of which President Federico Tinoco is the head, has been uncovered by the authorities. The former President, Alfredo Gonzalez, who was deposed last January at which time Tinoco assumed control, other officials of the former government and Germans, resident here and in the United States, are alleged to be implicated. A German firm in New York is declared to have furnished \$100,000 for the organization of a revolutionary movement.

Recently German residents here having been showing marked activity. Three wireless stations have been discovered at Heredia. The Costa Rican congress has granted the government full powers "to maintain the policy of the Costa Rican people wish to maintain."

Special precautions have been taken with respect to German residents and search is being made for additional wireless stations, as well as German submarine bases.

TANKS SERVE

Continued from page one. to repair the machinery, quickly the crew dismantled the rapid firers and ammunition in order to prevent them from falling into the hands of the enemy in case the tank was captured. This, however, did not occur owing to the rapidity of our infantry advance. Another tank excited itself from a mass attack made in a desperate attempt to check its movements.

"Throughout the fighting the crews of the tanks showed a spirit of audacity which supplemented and encouraged the infantry and chasseurs-a-pied, the latter giving the warmest praise to the co-operation of the tanks. Life within the cars during the assault was a most trying experience. There is little room inside, space being allowed only for the men to operate the rapid firers and handle the ammunition. In their advance the cars crashed over obstacles and passed through the hall of concentrated fire.

"All the crews were made up of volunteers from all branches of the service, infantry, artillery and cavalry being represented. They showed a most admirable esprit de corps and their efforts gave most effective results."

ARMOR CLAD
London, May 6.—(Correspondence to the Associated Press)—More and more the men in the trenches are coming to resemble their armor-clad forebears. The latest innovation is a chain mantle veil, draped from the steel helmets.

The invention is that of a London eye specialist and it has proved its value. The steel veil hangs from a rod across the helmet front and protects the eyes and face, while not interfering with the sight to impair the soldiers' efficiency.

Fourteen railroads entering peoria, Illinois, have cancelled all special train service, to have rolling stock ready for any emergency. The annual meeting of the Diocesan Council of the Protestant Episcopal Church is in session at Buffalo and will select a successor to the late Bishop William David Walker. The name of Bishop Brent, who recently returned from the Philippines is freely mentioned as the probable choice of the council.

Charged with conspiring to violate the Harrison anti-patriotic law, Dr. Ellsworth J. Truder and Dr. Jin Fung, the latter a Chinese physician and will select a successor to the late Bishop William David Walker. The name of Bishop Brent, who recently returned from the Philippines is freely mentioned as the probable choice of the council.

WINNIPEG MAN CURED

Says Dr. Cassell's Tablets saved him from Nervous Breakdown. Mr. G. C. Inman, 330, Hartcourt-street, Sturgeon Creek, Winnipeg, for many years a well-known man in the business life of Canada, says: "I was terribly run down and weak. I had no appetite, and I suffered if I forced myself to eat. My nerves were in a bad way, and my sleep very disturbed. Everything pointed to a nervous breakdown. Then I got Dr. Cassell's Tablets. The first result was that I could sleep, and then my health rapidly improved. It was really astonishing how my strength and fitness came back."

Mr. Inman is now in England, managing the well-known firm of A. W. Inman and Son, Printers and Publishers, Leeds. Letters will reach him there. For a free sample of Dr. Cassell's Tablets will be sent to you on receipt of 5 cents for mailing and packing. Address: Harold F. Ritchie and Co., Ltd., 10, Cannon-street, London, E.C. Dr. Cassell's Tablets are the surest home remedy for Dyspepsia, Kidney Trouble, Sleeplessness, Anaemia, Nervous Affections, Nerve Paralysis, Palpitation, and Weakness in Childhood. APRIS CANVASSED FOR BELGIAN AID
Sum of Nearly \$400.00 Realized in Vigorous Campaign Last Week
PARIS CASUALTIES
Ptes. Fred Hodder and Alfred Gibbons Are in Hospital

(From our own Correspondent) Paris, May 21.—The terrible privations under which the inhabitants of Belgium are suffering for the bare necessities of life, was put before the people of Paris last week by the Women's Patriotic League and Red Cross Society. Friday was the day set for the canvass of the town, and throughout the day a bevy of willing workers were on the alert for every dime possible to get. At night when the boxes were returned to the committee room, it was found that the sum of nearly \$400 was realized. This is the second public collection sent to buy food for the Belgians, in addition to several \$300 grants sent by the society's funds. There was a good attendance at

the "4-U and I" class yesterday morning to hear Rev. J. H. Wells, who gave a very interesting and helpful address on "The History of Religion." A bright song service was also held. Next Sunday, Mr. Dearborn, principal of the public school, will address the boys on "Three Canadians," as this completes the series in connection with the standard of efficiency program, we trust all the members of the class will be present. During the summer months the classes will be discontinued.

On Saturday morning, Mrs. Alice Hodder, Race St., was notified that her husband, Pte. Fred Hodder had been again seriously wounded in the left thigh. He had only been back in the trenches a few days after recovering from shell shock and concussion. Pte. Hodder went overseas with the 125th battalion. Last Tuesday, Mrs. J. Gibbons, West River street, received word that her son, Alfred, was lying dangerously ill from wounds in No. 22 casualty clearing station. On Saturday another telegram was received saying that his right leg was amputated. Pte. Gibbons is a twin brother to the late Pte. Arthur Gibbons, who was killed in action on Sept. 15th, 1916. The old Star block has been purchased by Mr. John Cunningham, who purposes having same renovated and fixed up for a store. He will also have modern conveniences installed, and live in the upper flat of the building. Last evening the annual church parade in connection with Lodge

Derbyshire, S.O.E., was held, when the members attended divine service at St. James' church. There was a large attendance, and Rev. Mr. Guthrie, Banfield Street, conducted the service in the unavoidable absence of the rector, through illness. Rev. Light preached a very powerful sermon on the Ascension, taking for his text, Acts 1, and verse vi., and Miss Myne sang very feelingly, "I come to Thee."

It is with feelings of deep regret that we announce the death of Robert D. Guthrie, youngest son of the late Mr. Wm. Guthrie and Mrs. Guthrie, Banfield Street. The deceased who was in his 20th year, had been illing for some months and passed peacefully away on Saturday afternoon at 5:30, in spite of all the care and attention that loving hands could do. He was a graduate of the Paris High School and at the time of his illness was a Teller at the Bank of Hamilton. He was of a bright and lovable disposition and endeared himself to all who knew him. The funeral will leave his mother's residence this afternoon at 2:30 for the family plot at Ayr cemetery. Rev. J. C. Nicholson conducting the services. Besides his sorrowing mother he leaves one sister and two brothers to mourn his loss. Mrs. Anthony Deans, South Dumfries, Roy and Wylie Guthrie of South Dumfries, to whom the sympathy of the community will be extended in this their sad bereavement. About 3 o'clock on Saturday afternoon the firemen had a run to St. George Street. A outhouse at

the rear of Mayor C. B. Robinson's property was found to be on fire. The small frame building was destroyed.

Complaints of non-delivery of The Courier in Paris, should be telephoned to Norman Flahiff, phone 15, who has been appointed The Courier Agent.

Two meatless and potatoless days each week will be observed by the members of the 24th Regiment Chapter, I.O.D.E., at Chatham. See Anita Stewart in "The Girl Philippa" at the Rex Monday, Tuesday and Wednesday. G. L. Sprague, principal of the Hamilton Technical School, has been appointed vocational officer for Hamilton by the Soldiers' Aid Commission and the Military Hospitals Commission.

TOWNSHIP COUNCIL.

A special meeting of the township council is to be held in the council chambers at the Court House tonight to consider further the advisability of altering the territories of school section, 14, 22 and 23. An open meeting was held last week at which deputations representing the various interests concerned, were present but final decision in the matter was deferred until to-night.

SENDS THANKS.

Mr. Richard R. Harris, of Pittsburg, has written the city clerk, acknowledging the receipt of the resolution expressing sympathy that was passed by the city council at the time of the demise of the late Mrs. Harris.

A GOOD SPRING.

The farmers throughout Brant county are well pleased with the weather that has accompanied the present spring season, and state that conditions before have conditions been so advantageous for preparing and seeding the ground. There has not as in the last two years, been too much rain in the spring to prevent the men getting on the land, and as a consequence, the seeding this year is advanced in some cases two weeks ahead of last year. The hay and wheat, however, have not as yet equalled the crops of 1916, the farmers claiming that a cold spring has retarded growth. The warm weather of the past week with the heavy rainfall on Saturday night should have a beneficial effect.

RETURNED SOLDIERS.

The police force now boasts a strength of thirteen members. On Friday, two men were taken on, while another reported for duty on Saturday, and still another to-day. All are returned soldiers who have had some months experience in different units overseas.

OIL COMING.

The oil for use on the streets has not been received by the works department and the work in this connection is therefore delayed. Operations, however, will be commenced immediately the first consignment is delivered.

REPAIRS.

John McGraw & Son have forwarded their account for the repairs effected at the police station to Aid. Bragg, chairman of the building and grounds committee. The cost of the repairs amounted to \$194.98.

POTATOES NOT HERE.

Although confidently expected, the consignment of New Brunswick potatoes purchased some time ago by the city engineer over the week-end, did not arrive in the city as yet. When they had not been received last week, Aid. MacBride telegraphed to locate the spuds, and was assured in reply that at the latest they would be here by to-day.

BUILDING PERMITS.

A list of permits mostly for frame garages was issued at the office of the city engineer over the week-end. The permits were issued to Fred Under, 215 Dalhousie Street, for a frame addition to a dwelling to cost \$50; to George Lindsay, Estate, 88 Charlotte Street, for an addition to a frame kitchen to cost \$30; C. G. Brown, 13 Sarah Street for a frame garage to cost \$75; Wm. Bailey, 3 McClure Avenue for a frame garage to cost \$35; W. D. Crook, 24 Pearl Street, for a frame garage to cost \$75; W. H. Godden, 49 Strathcona Avenue, for a frame garage to cost \$50.

WOODMEN WANTED.

The headquarters branch of the Soldiers' Aid Commission of Ontario, have written the local secretary, Mr. George Macdonald, stating that the department of lands, forests and mines require from twenty-five to thirty men for work in cleaning up the roadways in Algonquin Park, Northern Ontario. The employment will be entirely manual, consisting chiefly of digging out and moving stumps and fallen timber. The men will have to be in a fairly good physical condition. The wages are \$40 per month with board, and it is felt that the pure air and out-door work would be a great tonic to returned men.

WOMEN'S AUXILIARY.

The closing meeting of the year of the Women's Auxiliary of the Y.M.C.A. was held this afternoon, and took the form of a knitting social. A large number of ladies were welcomed at the entrance by a reception committee, consisting of Mesdames J. M. Young, T. L. Wood, E. Ayer, son, and Miss Simmons. The early part of the meeting was devoted to the discussion of business, after which a social hour was spent during which light refreshments were served. The rooms were tastefully decorated for the occasion, with flowers and patriotic effects that greatly enhanced the spirit of the event.

POLICE COURT.

The usual \$10 and costs were extracted from the pocketbook of Percy Hill, an Indian. This morning when he appeared in the police court on a charge of being drunk on the Market Square on Saturday morning, Harry Gunn and George Haggart who were arrested in this city while on their way to Kitchener were charged with vagrancy. They had come from St. Catharines and produced money enough to pay their railroad fare to their destination, so were allowed to proceed rejoicing. Charles Morley was again remanded for one week on a charge of entering a store on Colborne Street some time ago.

FORESTERS HELD CHURCH PARADE

Canadian Order of Foresters Attended Service at Congregational Church

The Canadian Order of Foresters held their anniversary service at the Congregational church last evening. There was a large gathering which filled the church a special program was given, including the following:

Invited, "The Lord is my Shepherd" (Smart) by Miss Taylor and Mr. Kerr; anthem, "Fear Not O Israel" (Spicker) by choir; solo, "The Ninety-and-Nine" (Campion) Miss Phipps; duet, "The Master Touch" My Heartstrings, "The Master Touch" Mr. Sanderson; quartette, "The Wayside Cross," Messrs. Crooker, Kerr, Styles and Green.

Each of the above musical items revealed exceptional talent and ability. The choir, as usual, rendered splendid and efficient service. Mrs. Sanderson's rare gifts as organist-accompanist had much to do with the success of the service.

The pastor, Rev. W. J. Thompson, heartily welcomed this benevolent order, "based upon the broadest principles of mutual aid and fraternal intercourse in all the social and religious relations of life." The text business of the sermon was chosen from I. Timothy, 4:16; "Take heed to thyself." These words were not meant to encourage selfishness. The great apostle Paul was a shining illustration of unselfishness. He knew that personal example is the secret of successful social and spiritual service, therefore, he said to Timothy, "Take heed to thyself."

How is a man to do this so as to make the most and the best of life? Three answers have been—the answer of the Greek—Socrates, of Athens, "know thyself," an second, the answer of the Roman Marcus Aurelius, of Rome, "control thyself." Third, the answer of Jesus Christ, "Deny thyself, and follow me." These three—Self-knowledge, self-control, self-sacrifice are the answers of three great civilizations, Greek, Roman and Christian.

First—"know thyself"—the message of Socrates. Self-knowledge is the progress of modern knowledge, there is much that we do not know about ourselves—physically, mentally and spiritually. But there are some things a man must know if he is to make a success of life. He must know where he is strong and where he is weak. He must find out what he is fitted to do, and then do it, with all his might. During one year, the "Dead Letter Office" of the United States received thirteen million pieces with money and valuables amounting to eight millions of dollars. And during that time six million of letters—wrongly addressed—could not be restored to the senders—even when opened! What a tremendous loss—what a waste of energy, due to carelessness! In your life and mine how much effort goes to the "dead office," through inefficiency and lack of knowledge. In many of our lives waste is rightly regarded as criminal. "Take heed to thyself." Self-knowledge will eliminate much waste of time, strength, and opportunity and ability.

Second—"Control Thyself." In the message of Marcus Aurelius, we need self-control. Knowledge without character is a curse. Germany is a significant illustration of this. Germany is fighting for supremacy based upon a devilish system propounded in her schools and universities. But my friend, Sir Theodore Cook, rightly declares "Germany cannot win for hatred blinds its action and lies have clogged its heart." It is related that old Dr. Samuel Johnson went to a minister with this request: "Will you tell me what are the defects of my life so that I may mend them?" When the minister replied, "Well, I think you are rather hasty in your temper." Dr. Johnson exclaimed angrily, "You are a fool! If there is one thing I am free from it is a hasty temper! Get out of my sight, sir!" Control thyself.

Third—"Deny thyself and follow me." The supreme message of self-surrender and self-sacrifice is given by Jesus Christ. Self-knowledge and self-control are important, but we must heed the message of the Master and include self-sacrifice if we would possess highest manhood. A well known minister has a little boy who is fond of perfume. Re-

"Blue Bird Fliers"

Plant a Garden and Help Your Country

Throughout the country the "Plant a Garden" movement is meeting with tremendous enthusiasm. Have you planted your garden yet? If not, do so now. You'll find with a surprisingly small amount of work and money you can reduce your own living expenses and help the Empire at the same time.

A fabulous sum of money is being spent in this country by the Allied Governments. Our country is prosperous and it will continue to be—but we must put our shoulder to the wheel and all push together. There is no need of hoarding money—but there is need of keeping it in circulation and making every dollar earn. Buy what you want, produce all can and eliminate all waste in food products.

MINERS' STRIKE. By Courier Leased Wire. Calgary, May 21.—There is no change in the miners' strike in this district and operators and miners are awaiting the arrival of Hon. Robert Rogers, who is expected here Tuesday. The general impression seems to be that Mr. Rogers will bear a mandate from the government. The operators declare it is up to the government to take charge and force the men to return to work, while the miners claim they will make no compromise.

SWISS FOOD TROUBLES. By Courier Leased Wire. Bern, May 20.—via Paris, May 21.—President Schulthess, speaking to-day on the Swiss economic situation at a Radical Democratic congress, dwelt particularly on the possible consequences of the entry of the United States into the war to Switzerland's food supply. He expressed the firm hope of the federal government that the United States would not make Switzerland's existence impossible. He also voiced the conviction that the entire nation would be behind the federal council at the critical moment to safeguard the country's independence on a footing of the strictest neutrality.

JEWISH REPUBLIC. By Courier Leased Wire. London, May 21.—At a conference of the English Zionist Federation of London yesterday, the president, Dr. Weizmann, referred to the project of the American Zionists for establishing a Jewish republic in Palestine. He considered the idea premature and declared it was impossible to build a Jewish state until a majority of the Jewish inhabitants had been secured. While hopeful that the project would be achieved at a comparatively early date, Dr. Weizmann said the idea must be approached by intermediate stages. He believed he was entitled to say, he added, that the British Government in conjunction with Great Britain's allies, was ready to support plans to found a Zionist state in Palestine.

London, May 21.—Kennedy Jones, Director of Food Economy expressed the belief that the German submarines were beginning to be mastered in an address delivered at Edinburgh last night...

THE ARRIVAL OF THE steamships, which were released under the recent reciprocal agreement freeing the Atlantic Gulf, had been eagerly awaited. The message which told of the sinking of the three ships and the crew of the Viken and two of the men aboard the Vesterland had been long awaited.

THE NYHETER declares no intelligent German need wonder that his country has so few friends in the world. The Stockholm Dagblad says a share of indignation must be vested on England, which delayed the departure of the steamers until after May 1, but that the first and foremost feeling must be bitterness against the methods of the German submarine campaign.

THE SVENSKY Dagblad says: "It is just as plain that the Germans are proceeding without the slightest elementary regard for our rights as neutrals." Spain Threatens Breach Madrid, May 20.—The Spanish Government's note to Germany concerning the attack by a German submarine on the Spanish steamer Patrio recalls that a number of notes of protest previously addressed to the German Government still remain unanswered. It declares that the transaction of all diplomatic business with Germany will be suspended until replies are received to these, according to the newspapers.

BELLE MAHONE WON KING'S PLATE
Canadian Owners Were in Limelight at Woodbine Opening on Saturday

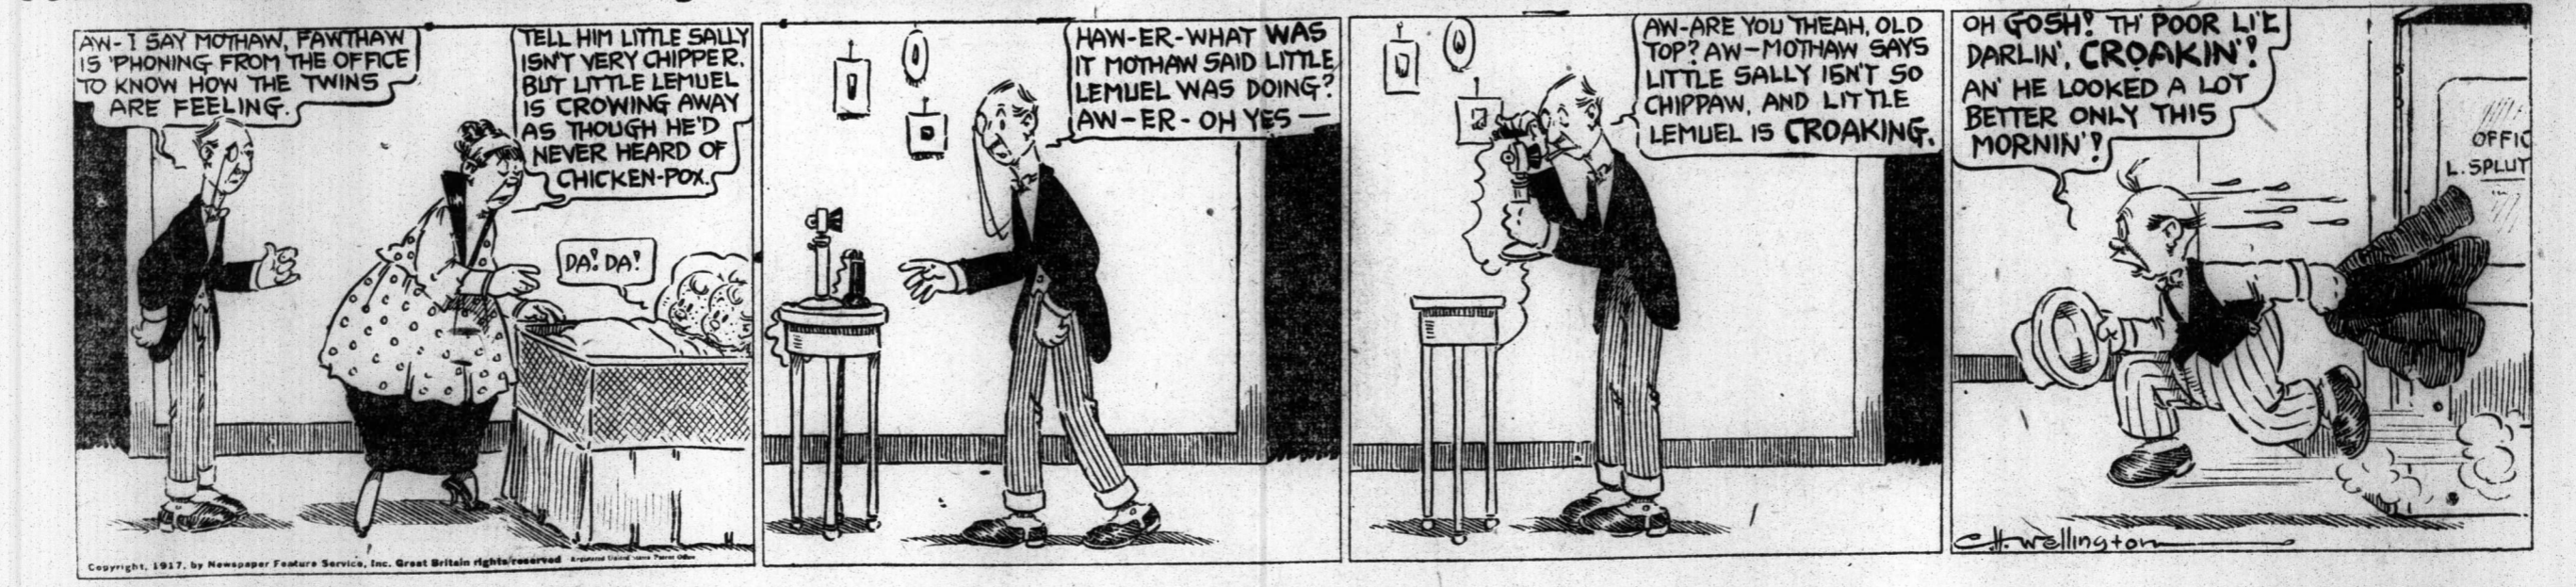

Toronto, May 21.—The Ontario Jockey Club had a brilliant opening at the Woodbine on Saturday. Over 12,000 lovers of the thoroughbred turned out to give the sport a rousing good welcome for the inauguration of the 1917 racing season in these parts. It was a representative gathering, made up of the best citizens of the Dominion, and further emphasized the fact that racing is one of the most popular outdoor pastimes. The promenade on the clubhouse lawn was filled with many families prominent in social circles in the Provinces of Ontario and Quebec. At the extreme east end of the lower lawn were parked many automobiles filled with returned soldiers who were unable to get about by themselves. All of the front boxes in the grand stand were set apart for the soldiers, and the club threw open its gates to all enlisted men in the overseas service. It was one great big holiday, with everyone out for a bit of fun, and between the running of the different races many journeyed to the paddock to watch the trainers prepare their charges and admire the handsome thoroughbreds which they were led about the enclosure. The big thing in a racing way was, of course, the King's Plate. It was the fifty-sixth renewal of this famous old classic, and it was fitting that the race should be won by a horse carrying the colors of one of Ontario's most popular turfmen, Joseph E. Seagram, whose Belle Mahone beat Tarahera out a length. Another of the Seagram entry, Gala Dress, was third, six lengths back. The high-class programme provided by the club furnished some stirring sport, and several of the finishes of the sort that arouses all red-blooded men to fever heat. In some of the races the winners were in doubt until the official placing was displayed, and it was practically so of the Woodbine Steeplechase, which was won by the imported jumper Royal Spinner, who beat Early Light out a nose. It was also a great day for Canadian owners. They furnished the winners of the first six races and had Queen of the Sea not gotten out in the final stride to beat Dolina out a lead the Canadian sweep. Everything passed off smoothly. There was no hitch of any sort and a most enjoyable afternoon's sport. The result for the immediate strong presence of the bigger majority were contented to watch the different contests and probably less than 40 per cent of the crowd ever got near the mutual buildings.

LEAFS WIN AND TAKE THE LEADERS
Took First Game From Newark Yesterday, Starting with a Rush
SECOND WAS CALLED
Rain Brought 2-2 Encounter to a Close in Eighth Frame

Toronto, May 21.—Toronto won one and tied one on Saturday, their opponents being Newark, the league leaders. The game they took was the first one, and it was a slaughter for the Leafs, the score being 8 to 1. The second game was called at the end of the eighth on account of rain. The storm broke just as the game was called, and some of the people were caught on the way from the boats. The first game was a close contest after the first session, in which the Leafs got five runs as the result of three hits, two errors and one pass. They also got two more in the fourth as the result of Whiteman's double and Lajoie's single. The last run came in the sixth. Larry came to bat with the corners crowded, and though he was thrown out, Jacobson got home. The Leafs got their only tally in the fifth. Haas lined a three-bagger away out over Jacobson's head. The next man up, Callahan slammed one against the boards of the right field bleachers for a single, and Haas came in. There were two out beforehand, and Russell was out to Whiteman so Callahan was left. Callahan, Whiteman and Lajoie had two-baggers. Toronto had eight stranded, and Newark ten. Pennington and Hearne each struck out a trio apiece. Score: Newark.....000 010 000—1 7 3 Toronto.....500 201 000—8 8 1 Batteries—Pennington and Blackwell; Hearne and Kelly. The second game was a much better sample. Toronto scored on a second. Larry got two bases on a hit to centre and after Graham fled out Lajoie came home on a wild pop by Enzmann. Blackburn and Smith were easy outs. Newark got two in the third after three men had walked Haas, who tripled in the first game, singled just then, and Enzmann and Fuller reached port. It was not till the seventh that Toronto evened the score. Blackburn hit for one bag. "Smitty" fanned, but Catcher Blackburn was hit by the pitcher. Lajoie, batting for Tipple, torced Earl Blackburn at second base, but went on there himself when Fuller threw wild to the plate as Russell Blackburn scored. Jacobson was thrown out. Batteries—Blackburn and Smith; Enzmann and Fuller. Score: Newark.....002 000 000—2 3 3 Toronto.....010 000 10—2 5 0 Batteries—Enzmann and Blackwell; Tipple and Blackburn. Royals Break Even Montreal, May 20.—The Royals broke even here this afternoon in a double header with Richmond. The visitors took the first, 6 to 1, and the locals won the second, 2 to 1. The first game was easy for Richmond, Jaynes being hit hard and in bunches. Hersche and Enright locked in a pitchers' battle in the second game each allowing but three scattered hits. Scores: First game—Richmond.....200 010 200—6 8 3 Montreal.....100 000 000—1 6 5 Batteries—Adams and Reynolds; Jaynes and Howley. Second game—Richmond.....000 010 000—1 3 0 Montreal.....030 000 000—2 3 2 Batteries—Enright and Reynolds; Hersche and Madden. CLEVELAND SIGNS HOFFMAN Cleveland, May 21.—The Cleveland American League Baseball Club yesterday announced that Artie Hoffman, formerly Chicago National player, and more recently with the Federal League, has been signed as utility man. He will join the club today. Kingston will be unable to adopt the suggestion of the Attorney-General of the province to call no juries during the next few months, as there are a number of prisoners awaiting trial. Assist Nature. Hindenburg Line Again
 Struck Hard Blows in
 Bullecourt Region

MUCH GROUND GAINED
 Progress Also Reported on
 North Side of Sensee
 River

London, May 20.—Perry Robinson
 in a despatch to The Times dated
 Sunday, May 20, says: "The British
 in the neighborhood of Fontaine-
 aux-Bois, where we seem to have
 made our way farther up the Hin-
 denburg line, also to have gained
 ground on the north side of the
 Sensee River."

On an early morning attack on
 the British established their
 position in a further section of the
 Hindenburg line near Bullecourt
 on a front of over a mile.

Mr. Douglas Haig's report of Sun-
 day's fighting announces numer-
 ous successful attempts were made
 to shake the British hold on the
 position, and fierce fighting occurred
 throughout the day. The British
 were inflicted with the enemy, and
 a number of prisoners taken.

The new offensive is for the pur-
 pose of bringing the British forces
 to the north of Bullecourt in align-
 ment with those within the village.
 Although General Haig makes no
 mention of it, the Berlin War Office
 reports an offensive by the British
 along a 15-mile front, extending
 from the region of Acherville to
 Quant, which means that again the
 entire front of the Drocourt-Quant
 switch line is being hammered.

Incidents of Rouex Battle.
 In the course of a long despatch
 dated Saturday, May 19, The Times
 says: "Both at Bullecourt and Rouex
 German officer prisoners told us de-
 cidedly that we might be able to take
 them, but the Germans would surely
 win them back when they wanted to.
 The prisoners went on to tell us of
 great masses of troops the Germans
 had prepared to throw in. Well they
 have thrown in pretty large masses,
 but at the moment both Rouex and
 Bullecourt remain in our hands more
 completely than ever before."

Describing the confused fighting at
 Rouex, Robinson says:
 "The first intimation the officers of
 a Scottish battalion had that their
 line had been broken anywhere was
 when a battalion commander came
 out of headquarters dugout and
 found the country behind him full of
 Germans, who were still going with
 many he could not identify, what
 runners and headquarters clerks
 alike, he started after the enemy.
 The Germans got to a short trench
 where the motly command fell upon
 them. After killing 20 of them they
 took the remaining 40 prisoners."

At one time our men just north of
 the Scarpee had rushed to a position
 whence for the first time they could
 look down and enfilade an enemy
 trench on the south side of the riv-
 er. Our men saw dimly that the en-
 EMY trench was full of Germans, and
 began to rake it. The machine guns
 of the Germans, however, seemed to
 pay no attention to the fire. Only
 as the daylight grew did we discover
 that the men of whom the trench
 was full were already dead.

Feat of the Men of Kent.
 Men of Kent to the number of 40
 went beyond the rest of the line in
 attacking. Losing their direction in
 the darkness they landed in a small
 cove 1,000 yards from the front and
 everybody else. They were all out
 in the middle of the enemy's territory.
 Having machine guns and Germans
 all round them they settled down to
 do all the damage they could. Ap-
 parently the enemy failed to grasp
 the situation. No direct attack was
 made on them, so the Kent men held
 on all day. When evening came they
 made up their minds to cut their way
 back. There were two regular trench-
 es full of Germans between them
 and home, but they got the first
 trench under cover of dusk. Here

"It's just as though we were each
 of us, not one person but a whole
 lot of persons who sometimes meet
 and shout together and then dis-
 perse and forget and plot against
 each other."—H. G. Wells.

A young man said to me the other
 day, "There are two distinct 'me's'.
 One of them gets to talking and
 blowing and the other comes along
 half an hour afterwards and says,
 'You make me sick. What do you do
 that for, you conceited donkey.' I
 wish to goodness that self would
 stay on the job straight along in-
 stead of coming around afterwards."

Are Healthy.
 He looked so comical as he seew-
 ed up his face in what were evi-
 dently the growing pains of self-anal-
 ysis that I couldn't help laughing, but
 I knew just what he felt, and re-
 spected him for having the sense to
 feel it. It's only the people who
 never have that second self, com-
 ing and complaining who have no
 chance of growing wiser as they
 grow older.

The Authorman has a funny way
 of saying, "I talked to myself like a
 Dutch uncle."
 This is a process he goes through
 when the Dr. Jekyll in him catches
 the Mr. Hyde being selfish or mean
 or not giving some other Author-
 man due praise.

**Coronation of
 Blessed Virgin**

The month of May, devoted in the
 Catholic Church throughout the
 world to the Blessed Virgin, is pro-
 ductive of no more impressive or
 touching rite than that of the crown-
 ing of the Mother of Christ, as ob-
 served at St. Basil's church last even-
 ing, before a congregation which
 thronged the building to the doors,
 devoutly silent during the perform-
 ance of the solemn and impressive
 rites. The customary procession of
 the school children through the
 church took place at the opening of
 the service, the singing during the
 evening being entirely by the chil-
 dren's choir. The coronation was
 made by Miss Josephine McQuinn
 amid the strains of the hymn, "O
 Mary We Crown Thee With Bloss-
 oms Today," sweetly rendered by
 the youthful voices, and was found
 in the Apocalypse. "And there ap-
 peared in the heavens the sign of a
 woman," the pastor proceeded to ex-
 plain the manner in which the vision
 so graphically described by St. John
 had reference to the Mother of God,
 and to exhort his hearers to take her
 as their foster mother in life, to seek
 her patronage upon earth and her in-
 tercession in Heaven. The cere-
 mony closed with the singing of ben-
 ediction.

and two orderlies challenged them
 and called on them to surrender. The
 reply of one of the two officers was
 "Charge." The little force shot the
 German officer, while the two order-
 lies were simultaneously disposed of.
 Our men then charged the trench,
 which suddenly sprang into life.
 There was a wild melee for a mo-
 ment. Then our men were springing
 for the second trench amid a hail of
 rifle balls and bombs. Happily this
 trench was deep and narrow. Our
 men took it as if they were steeple-
 chasing over the heads of the Ger-
 mans below, who took pot shots.
 The remnant had still a zone of fire
 but ultimately half of the original
 40 got home. Both the young
 officers and 13 of the men came out
 unscathed with the first trench.
 Wounded stragglers kept turning up
 all night.

French Active.
 Paris, May 20.—The Crown Prince
 planned a general offensive Saturday
 night with the object of regaining
 the positions recently lost to the
 French on the Chemin-des-Dames.
 All night long and late into Sunday
 morning a drumfire of heavy shells
 and asphyxiating projectiles was di-
 rected against Petain's troops, but
 the counter-preparation of the
 French prevented the launching of
 the assault over the greater part
 of the front. The German
 troops massed for the attack were
 not able to leave their trenches. At
 points where the Germans did reach
 the French lines a spirited fighting
 took place, terminating to the disad-
 vantage of the Germans. Except on
 a front of about 200 yards north-east
 of Cerny, where the enemy obtained
 a footing in advanced trenches, the
 French positions were maintained.

Twelve miles to the westward of
 this sector the French stormed the
 German defences near Laffaux mill
 and captured some sections of trench-
 es.
 The text reads: "On Saturday
 waves of German troops were thrown
 against the French in the River
 Aisne district, north-west of Brave-
 en-Laonnois, but succeeded only in
 obtaining a footing in one of the ad-
 vanced trenches."
 "The Germans used burning liquid
 in a futile attack north-west of
 Rheims."

GIRLS' DRESS.
 By Anabel Worthington.

The use of calicoery flanneling is one
 of the easiest possible ways of making
 a girl's dress, for there is no hem to be
 put in and all the edges are straight.
 The one shown in No. 8258 was selected
 because it is simple and girlish, besides
 being quite up to date. The skirt is in
 two sections or flounces, each one being
 a straight piece gathered at the top. The
 waist is rather plain and so easy to make
 that the girl might make it herself with
 satisfactory results. It has a girlish
 Dutch neck and fastens at centre back.
 The young miss probably will like the
 elbow sleeves, though her mother may
 think the other better, so the long sleeve
 also is given in the pattern.

The girls' dress pattern No. 8258 is
 cut in five sizes—6, 8, 10, 12 and 14
 years. As on the figure the eight year
 size requires 7 1/2 yds 36 inch material,
 11 1/2 yards 11 inch flouncing, 3/4 yard mes-
 sion, and 2 yards 7 inch ribbon for sash.
 The back view requires 4 yards 27 inch
 or 2 1/2 yards 26 inch material.
 To obtain this pattern send ten cents
 to the office of this publication.

**WOMEN'S
 INSTITUTE**

Oak Hill Women's Institute
 The business meeting of the Oak
 Hill Women's Institute was held
 at the home of Mrs. C. Avery, Pleas-
 ant Ridge, with the President, Mrs.
 H. Jennings in the chair. The min-
 utes of the previous meeting were
 read. The report of the secretary-
 treasurer shows that a great deal of
 patriotic work has been accomplish-
 ed during the year, including many
 pairs of socks, the sale of Mrs.
 Brown's books, and a great number
 of parcels, which have been sent to
 the boys at the front.

The chair was taken by Mrs. Hur-
 ley of Brantford and the officers for
 the ensuing year were elected as
 follows: President, Mrs. H. Jennings;
 1st vice-president, Mrs. D. Minshall;
 2nd vice-president, Mrs. N. Dymont;
 Sec.-Treas., Miss Margaret Laird;
 Directors, Mrs. Roddick, Mrs. C.
 Avery, Mrs. Fellows, Mrs. Lawrence,
 Mrs. J. Williams, Program Commit-
 tee, Misses Mabel Jennings and T.
 Clinton. Representative to district
 convention, Mrs. R. Hamilton.

An address by the district presi-
 dent, Mrs. J. E. Brethour of Burford,
 was greatly enjoyed by all. Mrs.
 Hurley then gave a splendid talk on
 hospital work, after which Miss
 Kathleen Avery gave a piano solo
 and Miss Smith a humorous reading.
 These were very much enjoyed.
 A dainty lunch was served by the
 hostess, and the social chat over the
 tea cups was pleasant to all. The
 next meeting will be held at the
 home of Mrs. Roddick; Burford.

Echo Place Woman's Institute
 met May 17th. After the singing
 the Institute ode and adoption of
 minutes of last meeting as read by
 Mrs. J. L. Barnes, the following
 programme was enjoyed by the ladies
 Reading by Miss Alberta Davison,
 "A Brave Belgian Boy." His father,
 a leader in the Belgian army, had
 been killed and the Germans thought
 to take him for a slave. The mother
 offered jewels which the unprin-
 ciple rogues accepted and still held
 the boy, who at last, seeing his
 mother's agony over his future,
 plunged a dagger into his own heart,
 thus defying the cruel Germans. This
 is probably very typical of many
 heart breaking scenes enacted in
 down-trodden Belgium to-day.

A piano duet was next enjoyed as
 given by two youthful ladies of our
 community, Misses Florence and
 Pauline Day.
 A very helpful paper was next
 given by Mrs. Maynard, containing
 hints on Spring house-cleaning and
 helpful thoughts as to how a woman
 could lessen her work during the
 year by eliminating the luxuries and
 keeping only the necessities. Mrs.
 Maynard advised every woman to
 have, at least, one hour for her own
 for self culture and rest, in
 each day. She owes it to herself to
 keep in touch with current events;
 she owes it to her husband and her
 family to be well informed.

A patriotic reading given by Mrs.
 D. Steed, if heard by the Germans
 would give them food for thought.
 This spoke of the "day" they plan-
 ned for, schemed for, and lied for
 the day they turned traitors and
 murderers, but forgot the "Day"
 they will have to reckon with God.

As this was the annual meeting,
 the Secretary read the yearly report.
 From it we learn our Institute has
 at present thirty-nine paid up mem-
 bers; have held ten monthly meet-
 ings and three board meetings. Two
 talent teas and one concert. During
 the year one hospital quilt was
 made, one autograph quilt, four
 pair mitts, 104 pair socks, 16 shirts,
 44 pyjama suits; 42 parcels have
 been sent to Echo Place boys now at
 the front; \$166.30 has been raised
 for patriotic purposes. The Institute
 have paid for their piano this year.

Mrs. J. J. Burke, before leaving
 the chair, thanked the ladies for
 their kindly help during the year,
 and especially Mrs. Barnes for the
 excellent way in which she has kept
 her books and congratulated the
 Institute on having a Secretary who
 had not missed one meeting this
 year.

Mrs. A. Edmanson occupied the
 chair, while a president was elected
 for another year. Mrs. J. J. Burke
 was again elected by acclamation,
 the ladies signifying their pleasure
 at her acceptance by singing. "For
 she is a jolly good fellow."
 First Vice President, Mrs. C.
 Edmanson, 2nd vice, Mrs. J. W.
 Foster.

Mrs. J. L. Barnes, by a unanimous
 vote, was again elected Sec.-Treas-
 urer; assistant Sec.-Treas., Mrs. F.
 Patterson. The same press corres-
 pondent as last year was elected.
 The board of directors are as fol-
 lows: Mrs. Marshall, Mrs. Corneli,
 Mrs. Gress, Mrs. Maynard, Mrs. A.
 Edmanson, Auditor, Mrs. Williams,
 Visiting and flower committee, Mrs.
 Morris and Mrs. Myers.
 District Representatives, Mrs.
 Hall, Mrs. Gatchel, Mrs. Steed, Mrs.
 Hurley.
 District Director, Mrs. James.
 Pianists, Mrs. Foster and Miss B.
 Davidson.

Thursday, June 7th, 1917. The
 Woman's Institute Convention meets
 in the Echo Place school, two ses-
 sions, 10 a.m. and 1.45 p.m. Echo
 Place ladies will serve dinner in the
 basement of school. Delegates from
 a distance cannot attend. A good mus-
 ical programme will also be enjoyed.
 June 21st at the regular meeting
 which will be held in the church,
 Miss D. M. Sutherland of Embury
 will address the ladies.

Veal Soup With Macaroni.

Three lbs. veal knuckle with the
 bones broken and meat cut up; 3
 quarts water, 1-4 pound macaroni.
 Boil the meat alone in the water for
 3 hours until it is very tender. Boil
 the macaroni in clear water until
 tender (in inch pieces). Add a little
 butter to the macaroni when done.
 Strain the meat out of the soup, sea-
 son to taste, put in the macaroni
 and the water in which it was boiled.
 Let it boil up and serve.

Ox Tail Soup.
 Two ox tails. Put on in a pot full
 of water and boil nearly all day. At
 night remove to a granite vessel. In
 the morning skim off all the grease
 and take out the meat. Boil for 1
 hour with 1 onion, 1 Irish potato,
 parsley, 1 even tablespoonful of
 burned sugar, 2 heaping tablespoon-
 fuls of browned flour, little cold
 water, strain through a sieve. Have ready
 in the tureen a lemon sliced very
 thin, 2 hard-boiled eggs sliced thin,
 4 tablespoonfuls sherry to flavor.

Tomato Soup.
 One can tomatoes, 1 pint boiling
 water, 1 small onion, 1 slice bacon or
 tablespoon butter, 2 tablespoon
 flour, 1 cup hot milk, 3 cloves, pep-
 per and salt.
 Cook tomatoes in boiling water
 until soft, adding cloves, onion and
 bacon, or butter. When done, add
 add flour and hot milk. Cook slowly
 half an hour. Serve hot with toast
 or slices of fried bread.

Barley Soup.
 Two and one-half pounds corn
 beef, 1 onion, cut fine; 1 cup barley,
 1 small sized turnip cut fine, 2 pota-
 toes cut fine, 3 quarts water.

Corn Ragout.
 Cut scraps of ham or bacon in
 small pieces. Fry brown. Add 6 ripe
 tomatoes, peeled and sliced, and the
 grains cut from 6 ears of corn. Cov-
 er with boiling water, season with
 red pepper and salt, and cook slowly
 half an hour. Serve hot with toast
 or slices of fried bread.

TERRACE HILL
 The Terrace Hill Wives' and Moth-
 ers' Association met in the Syden-
 ham Methodist Church on Thursday
 afternoon at 3 o'clock sharp. The
 meeting opened with the singing of
 a hymn and a prayer by Mrs. Geo.
 Miller. The usual business was
 transacted. Mrs. Brock, 130 St.
 George Street, invited the Associa-
 tion to hold their next meeting at
 her home which was accepted. The
 her home which the National Anthem
 brought the meeting to a close.
 The funeral of the late Mrs. Tat-
 tersall was very largely attended,
 showing the esteem in which the de-
 ceased lady was held.

An interesting event took place
 at the Rectory, 40 Dundas St., in the
 presence of a few intimate friends,
 when Mr. Arthur R. Morrison and
 Miss Edith Matthews were united in
 the bonds of hold matrimony. Con-
 gratulations are extended to the
 young people.

We are sorry to report that Ros-
 anna, Rush of Charing Cross Road,
 recently underwent a rather critical
 operation at the Brantford Hospital.
 Mr. Fred Webster, of Grand St.,
 who has not been well for some
 time, is now, we understand, con-
 fined to his bed. The sympathy of
 the neighborhood is extended to Mr.
 and Mrs. Webster in their affliction.
 As yet the Deaconess of Shenstone
 Memorial Church have not decided
 on a successor to the Rev. Mr. Chap-
 man, but we understand will do so
 this coming Sunday.

**BETTY'S TALE OF MAKE-
 BELIEVELAND.**

One day as Betty stood looking
 out the window of the Orphans'
 Home something stirred the rose
 bush, and Betty saw a tiny fairy
 peeping at her from the green leaves.
 "What's the trouble, Betty?" asked
 the fairy, and Betty told her that
 she was very lonely.

"I wish I could have a lovely
 mamma and a pretty white dress
 like the little girl who visited us
 yesterday," sobbed Betty.
 "There, there! don't cry! I'll see
 what we can do. Hold my hand
 very tight," said the fairy, and they
 soared away into the sky.

The fleecy clouds separated and
 they flew into a wonderful land of
 flowers. Betty asked where they
 were, and the fairy laughed.
 "Don't you know? We are in the
 land of Make-Believe," replied the
 fairy.

"First of all we must find the
 Princess of Make-Believe," con-
 tinued the fairy, and she led Betty
 to a lovely castle all covered with
 beautiful flowers. Inside on a car-
 pet of rose petals sat the Princess.
 Betty thought her the most
 beautiful fairy she had ever seen.
 "What can I do for your little
 friend?" asked the Princess.
 The fairy told her that Betty wan-
 ted a mamma and a pretty white
 dress.

"Take these keys and go to the
 garden of Make-Believe and let her
 choose a dress and a bonnet then
 we'll see about a mamma later,"
 said the Princess.
 Taking the keys they hurried
 away to the garden. The bushes,
 instead of bearing flowers, bore
 pretty dresses and bonnets, all colors
 of the rainbow.

Betty chose a white dress and a
 little blue bonnet, then they ran
 back to the Princess.
 "If I send you a mamma will you
 always be good and mind all she
 says?" asked the Princess.
 Betty nodded her head.
 The Princess waved a wand in the
 air and there at Betty's side stood
 the lovely lady and the pretty little
 girl who had visited the home the
 day before, and—

"Girls," called the matron, and
 the little girls who had been listen-
 ing to Betty's wonderful tale of
 Make-Believe looked up as the
 matron entered the room followed
 by the lovely lady and little girl
 who had been weaving her story
 about.

"Come here, dear," said the lady,
 holding out her hand to Betty. "How
 would you like to live with us?" she
 asked.
 Betty threw her arms around the
 lovely lady's neck and burst into
 tears.

"Indeed I would, and I'll be very
 good and love you!" cried Betty, and
 the lovely lady kissed Betty's cheek,
 and Betty was very happy and ran
 to change her blue apron for the
 pretty white dress the lovely lady
 brought her.

When she was all ready to go she
 turned to her little friends.
 "Oh, girls, don't forget to find the
 fairy for she will take you to
 Make-Believe and find you a
 lovely mamma, too," said Betty.
 Then Betty kissed them all good-
 bye and went forth into her new life,
 where she was very happy and ran
 to change her blue apron for the
 lovely mamma and her pretty sister.

Relief Work Goes on in City Today

By Courier Lensed Wire.
Atlanta, Ga., May 22.—Went actively to work today for the destitute people from thousands homes destroyed by fire that raged yesterday and last night throughout Atlanta. Investigation stopped after the dynamiting of homes on Jones and Leon streets. The property loss was estimated \$2,000,000 by Mayor Cantelero, declared that his estimate conservative one. Other estimates ran as high as \$5,000,000.

Rumors of incendiarism were posed off by Mayor Cantelero said that an investigation had to disclose anything to tate that theory.

Only one death was reported of a woman who died from iron but sixty or more persons minor injuries.

The fire started in a warehouse and fanned by wind was carried to adjoining buildings. Then it swept from house in rapidly increasing Water, chemicals and used by the fire fighters of good water and other cities were ineffective till midnight, when control was as the blaze reached the skirts of the city. From Be avenue, near the business square, Ponce de Leon avenue, one most exclusive residential neys was left.

Troops guarded the area and firemen worked to quell small blazes which persisted.

Thousands of persons were today were rated among the most prosperous were returning, crowding the homes of hotels and public buildings. Cantelero declared, however, Atlanta would take care of the less and that outside aid necessary.

Besides actual relief work there was a tremendous task and the Boulevard on the west Decatur street and Leon avenue.
