Town Council Meeting

A special meeting of the Council was held Tuesday evening, with the Mayor and all the councillors present, except Councillor Shaw.

Councillor Sutherland reported that he had spoken to J. D. Chambers about land on University Avenue for a street and that Mr. Chambers had promised to obtain a deed of same.

Councillor Cox gave a report of the Sewer Committee meeting on Saturday re the sewer on Highland Place and recommended that the sewer be laid across private property to Central Avenue to give Dr. Thompson drainage for his cellar. It was resolved that the town lay 100 feet of sewer from Central Avenue to connect with the sewer leading from Dr. Thompson's house.

Councillor Wheaton reported a case of reckless driving on the evening of Nov. 17th on the west end of Main street. No action was taken.

Mr. P. S. Isley introduced Mr. H. M. Chase, of Kentville, who addressed the Council on "The Housing Act, 1919" and explained its provisions and the experience of Kentville on application of the Act. No action was taken.

A letter was read from the law firm of Blauvelt & Withrow relative to the case of Mr. McCulloch who claims damage on account of injuries sustained by falling into an open ditch on Elm Avenue one night last week. No action was taken.

At this stage the Council resolved itself into a meeting of the Board of Health, and was addressed by Dr. G. E. DeWitt, M.H.O. on the enforcement of the laws concerning Public Health and the non-enforcement of the act with respect to Charles Stewart in face of the fact that orders were given to put the tenement on Willow Avenue, occupied by John Morine, in a sanitary condition. It was resolved that the Board of Health of the Town of Wolfville order the Sanitary Inspector to proceed to carry out the instruction of the Health Officer with regard to rendering sanitary the premises of Mr. Chas. F. Stewart on Willow Avenue, occupied by Mr. John Morine, and further resolved that Supt. Johnson be instructed by this Board to proceed at once to do the necessary work, and this work to be completed no later than Dec. 1, 1921.

The Sanitary officer, Health officer and

Victorian Order Nurse For Wolfville

Wolfville is glad to welcome Miss Mary Harry to the town. She came to us on Friday morning, Nov. 11, from Ontario, having been especially selected for us by the head officials of the Victorian Order of Nurses in Canada.

Miss Harry started her nurses' training in Plymouth, England in 1911 and graduated in 1914. At the outbreak of the war, she joined the territorial war division, and for the first nine months did relief work among the Belgian refugees. From 1915 to 1919 her work lay in different war areas in the naval and military hospitals of Europe. In April 1919 she was demobilized, and took a post-graduate course in maternity and child-welfare work. In 1920 she came to Canada and has since been in Ontario and New Brunswick studying Canadian methods and gaining experience in V.O.N. district work. She has been for six years a member of the Queen Victorian Order of Nurses in England.

We feel confident that Miss Harry will prove a valuable asset to this town.

The Nurse's Fees

At a meeting of the executive committee of the V.O.N. held on the evening of Nov. 12, in the Town Hall, the nurse being present, it was voted that the nurse's fees be arranged on the basis of the general standard of fees throughout Canada. They are as follows:

Fifty to seventy-five cents a visit according to the circumstances of the patient. Free visits for those unable to pay.

In minor operation cases, the fee for assisting the surgeon is from two to five dollars, the definite amount to be decided and collected by the surgeon.

In obstetrical cases the nurse's fee for assisting the doctor at the time of call is from two to four dollars, and the fee for each visit after is from seventy-five cents to one dollar.

In the case of the poor, special arrangements regarding fees will be made in operation and obstetrical cases.

Pre-natal calls will be free of charge, as also other calls, by telephone or in person.

Mayor were appointed a committee to wait on Dr. Bass re the condition of the privy vault on his property on Main street.

Returned Men Banqueted

Give Service Girls Make Fitting Contribution to Armistice Day Observance

The Give Service Girls, an organization which during the war rendered such valuable aid in many activities, placed the citizens of Wolfville again under deep obligation last Friday evening when they gave a dinner in honor of our returned men.

The dining hall of the Baptist church, which has been the scene of many similar pleasant occasions, presented a fine appearance being decorated with abundant floral displays in which huge white chrysanthemums played a prominent part. Streamers of smilax were placed along the centre of the heavy laden tables. The flowers were generously donated by Miss Fanny Parker who also superintended the artistic decorations.

About seventy returned men were present at the banquet at which Lieut. Col. J. H. MacDonald presided in a felicitous manner. Other guests present were Mayor Fitch, Dr. Cutten, Rev. R. F. Dixon, Rev. G. W. Miller, Dr. Coit, M. J. Tamplin and B. O. Davidson.

A most bountiful dinner was served by the Give Service Girls and after the wants of the inner man had been fully supplied, the chairman, who was in his happiest and wittiest mood, voiced everybody's sentiments when he expressed their appreciation of the noble deeds performed so faithfully by the Give Service Girls during the war, and especially of the happy thoughts which led them into providing this banquet. Dr. MacDonald then proposed a toast to the King which was responded to by the singing of the National Anthem.

A toast to "Our Absent Comrades" was fittingly proposed by Capt. A. H. Chute, and all stood in silence and drank to the memory of the honored dead.

Vocal solos were rendered by Mrs. Eugene Eaton and Miss Evelyn Duncan, adding greatly to the enjoyment of the occasion.

Rev. R. F. Dixon was called on by the chairman to address the returned men and responded in fitting terms. "Some of you returned men", he said, "feel that the services you rendered are forgotten, but that is not really so, boys. When you returned there was a wave of great enthusiasm. That, it is true, has receded now; but as the years roll on and you realize the true nature of the admiration, respect, and gratitude of your fellow-men will be as great as ever. The fact that you did your duty, that you, boys, put your Canada, for which you sacrificed and achieved so much, on the map—is your priceless possession, and, unlike all the material things, can never be lost."

J. W. Williams, the president of the local branch of the G.W.V.A., replied briefly to the address and thanked the Give Service Girls for their kindly act in thus remembering and honoring the returned men.

The toast to "The Navy", proposed by the chairman, was responded to by Lieut. Harold Tingley, R. N. God Save the King and three cheers and a tiger for the Give Service Girls, closed an event which the large company one and all declared had been a most enjoyable one.

MANY STUDENTS LOSE FRANCHISE

Elections Act Makes no Provision for Registration or Voting by Men at Colleges Away From Home.

WINNIEG, MAN., Nov. 11—Students who are unable to return to their home constituencies to either register or vote will be automatically disfranchised as the altering of registration rules is impossible, a delegation of students from the Manitoba University was informed yesterday.

Local returning officers pointed out that the qualifications necessary to register were laid down by the Dominion Elections Act, and could not be altered except by an amendment approved by Parliament.

It is estimated that twenty thousand University students in Canada will lose their votes through inability to return to their home constituency to register.

ELECTION IN WARD 7

The council election in Ward 7 on Tuesday resulted as follows:

John Gertridge 219

Albro Caldwell 140

The contest was a keen one, the friends of both candidates putting forth every effort to elect their man. Care and teams were busy all day and the neighborhood presented a lively appearance.

A man's ideas of women are formed from experience rather than observation.

It sometimes happens that the truth in a nutshell is a hard nut to crack.

Community Survey

Census of Children of School Age to be Taken in Wolfville next Week

A community survey covering the town of Wolfville will be made next week by the students in the class in Practical Sociology at Acadia University under the direction of Miss Edith White their instructor. The following resolution has been passed by the town Council in regard to the survey:

WHEREAS it is necessary, by law, to take a census of children of school age, and WHEREAS the School Board has already authorized Miss Edith M. White, Dean of Women at Acadia University to take such a census, and WHEREAS it is desirable in connection with said census to take a more complete census obtaining the information as set forth in the attached Community Survey card—

Therefore resolved that Miss Edith M. White, aforesaid, be authorized to take such a complete survey as per card, aforesaid, and be requested to file with the town Clerk a digest of the information obtained by the survey.

The statistics will be available for the use not only of the Town Council and School Board but for the churches and for any other organization which cares for them. The church statistics will show the number who attend the various churches and Sunday Schools and the denominational preference of those who do not attend. Other statistics of general interest will be those of occupation, health and social organization. In the case of the last named classification the figures will show how many people belong to a number of social organizations such as clubs, church societies and lodges, and how many belong to none.

The students will be instructed to proceed with tact and consideration and it is hoped that the citizens of Wolfville will give the survey their hearty support in order that the figures may be accurate and complete. Incomplete statistics would be of little use. Citizens are invited to take their opportunity to make any constructive criticism of the religious, educational or social organization of the town.

Social Happenings

Messrs. Ralph Creighton and Harry Brown entertained about sixty of their gentlemen friends at "Auction" last Friday evening at the Parish Hall, and a most enjoyable time was had by all. The prize winners were Mr. J. E. Hales and Dr. Hill.

A very pleasant at "home" was given Wednesday afternoon by Mrs. W. C. Bleakney at her home on Locust Avenue. The parlors were prettily decorated with rose and yellow chrysanthemums. Little Miss Frances Roach opened the door for the guests. Mrs. A. W. Bleakney and Mrs. Lawrence Eaton poured tea and the serving was done by the Misses Marguerite and Kathleen DeWitt, Marjorie Chute, Mona Parsons and Mrs. C. I. Wilson.

A very pleasant time was spent at the Royal Hotel last evening when Messrs. W. H. Chase and C. H. Wright entertained over fifty gentlemen friends at a dinner, at the close of which the following toast list was presented, Mr. Chase acting as toastmaster:

The King—responded to by the National Anthem.

Canada's Army—spoken to by Col. N. H. Parsons and Capt. A. D. Borden.

The Town of Wolfville—spoken to by Mayor Fitch and Dr. G. E. DeWitt.

The Ladies—spoken to by Dr. W. A. Coit.

Mr. D. G. Whidden proposed the health of "Our Guests", followed by the singing of "For They Are Jolly Good Fellows", and acknowledged in fitting terms by Mr. Chase and Mr. Wright.

The company then repaired to the parlors of the hotel where the remainder of the evening was pleasantly spent at Auction Bridge.

The first year students at Acadia University entertained the older students and faculty at the Opera House on Tuesday evening. In addition to the regular moving pictures, several numbers were given by the first year men, the chief feature being "Examination Day" in which a large portion of the class took part.

Banquet to Employees

The annual dinner given by the management of Shaw's Brick Works, of Avonport, to their employees was held on Saturday evening last. In past years these dinners have been given at the cook-house, but this year a departure was made, the dinner being held at the Temperance Hall, Wolfville. Another new feature was the presence of the wives and lady friends of the workmen.

The dinner was served under the direction of Mrs. Hughes, of Avonport, and was carried out in a manner which reflected great credit upon all concerned. About forty guests sat down at the bountifully supplied and handsomely trimmed tables, and after grace had been said by the president of the company, Mr. L. E. Shaw, ample justice was done the good things provided.

Messrs. L. E. Shaw, H. W. Phinney and John A. McPherson, members of the firm, assisted by Mrs. Shaw, succeeded admirably in making all the arrangements pass off most successfully.

When the repast had been disposed of Mr. Shaw addressed those present reviewing the successful work of the past year and outlined plans for future development. He thanked his assistants for their untiring interests and asked their continued support in order that still greater success might be achieved. He referred to some of the advances that had been made and hinted at others yet to be instituted.

Mr. Phinney, who had recently become a member of the firm, was introduced by the president and gave a brief address, thanking the workmen for their faithful endeavors and urging that each should feel his responsibility for the success of the enterprise and for the output of the best possible quality of the product.

Dr. G. B. Cutten, and Mr. B. O. Davidson also spoke briefly, congratulating the management and employees in the present satisfactory relation which prevailed and predicting great things for the Shaw Brick Works in future years.

The very pleasant occasion was brought to a close by the singing of the National Anthem, after which all present were invited by Mr. Shaw to attend the movies at the Opera House.

WOMAN'S LETTER TO PRESIDENT HARDING

Mrs. Ella L. Fried, of Pittsburg, has had some correspondence with President Harding concerning the coming conference on limitations of armaments. She wrote as follows:—

"I asked you what you meant by 'reasonable limitations'. You say you mean 'something practicable'. That is exactly the same thing you said before in other words. Synonyms are not definitions.

"Permit me to ask you whether you consider a reduction of the world's military burdens by one-half reasonable or practicable? If every one of the nations at the conference agrees to reduce its armament one-half, their relative strength would remain as great as before. That is clear, I hope.

"Then why not suggest one-half reduction? When that has been done the women of the world will furnish you further suggestions as to what is reasonable and practicable."

FOR THOSE WHO FOLLOW

An old man going a lone highway, Came at evening, cold and grey, To a chasm vast and deep and wide. The old man crossed at the twilight dim, The sullen stream had no fear for him; But he turned when safe on the other side And built a bridge to span the tide.

"Old man", said a fellow pilgrim near, "You are wasting your strength with building here; our journey will end with the ending day.

You never again will pass this way; You've crossed the chasm deep and wide. Why build you this bridge at eventide?" The builder lifted his old grey head: "Good friend, in the path I've come," he said.

"There followed after me today A youth whose feet must pass this way. This chasm that has been as naught to me To that fair-haired youth may a pitfall be;

He, too, must cross in the twilight dim. Good friend, I am building this bridge for him."

THE GREAT POWERS DECLARE THEY ARE READY TO DISARM

WASHINGTON, Nov. 15—Formally accepting "in principle and spirit" the United States proposals for reducing and limiting naval armaments, Great Britain, France, Italy and Japan today pledged their adherence and began discussions of details.

France and Italy want to be taken into consideration at the outset and not wait for disposal of the question as it affects the big three. Moreover, both France and Italy feel that they should be permitted to increase rather than decrease their sea forces to bring them up to a figure comparable with what is being allowed the others.

Great Britain, as previously outlined, wants the replacement programme spread over a period of years rather than taken up at the end of a ten-year holiday, and she wants further reduction and definite limitations on submarines.

After a session of little more than an hour, the conference after hearing addresses of general acceptance by Mr. Arthur J. Balfour, for the British; Baron Admiral Kato, for Japan; Senator Schanzer, for Italy, and Premier Briand, for France, adjourned to meet again on the call of Secretary Hughes, and the newly appointed committee on naval armament went into secret session.

Many an alleged wise guy has been declared otherwise by a jury.

He's a bright son who doesn't neglect the education of his parents.

WHAT IS MAN?

Man comes into this world without his consent, and leaves it against his will. During his stay on earth his time is spent in one continuous round of contraries and misunderstandings by the balance of the species. In his childhood he is an angel, in his boyhood he is an imp, in his manhood he is everything from a lizard up, in his old age he is a fool, if he raises a family he is a chump, if he raises a small cheque he is a thief, and then the law plays the dunce with him.

If he is a poor man he is a poor manager; if he is rich he is dishonest. If he is in politics he is a grafter; if he is out of politics you can't place him, and he is an undesirable citizen.

If he is in church he is a hypocrite; if he is out of church he is a sinner and is damned. If he donates to foreign missions he does it for show, if he doesn't he is stingy. When he first comes into the world everybody wants to kiss him; before he goes out they all want to kick him.

ACADIA'S VOTE DECIDED ISSUE

FREDERICTON, N. B., Nov. 15.—U. N. B. has won out in the controversy in the western section of the Maritime Intercollegiate Rugby League.

Definite, although unofficial, information has reached here to the effect that the Mount Allison protest has not succeeded and that the win which U. N. B. scored over Mt. Allison here on Friday, November 4th, has not been successful. It is understood that after receiving the report of J. W. Allen, of Halifax, the official referee in charge of the game, Dr. H. T. DeWolfe, the Acadia representative, who presided at the conference of faculty representatives held at St. John recently to consider the protest, has advised Prof. John Stephens, the U. N. B. representative, that Acadia's vote would go against the protest.

Inasmuch as the decision really rested with Acadia's representative solely—assuming that the U. N. B. and Mt. Allison's votes would naturally uphold their own end of the controversy—this means that U. N. B. will be officially declared the winners of the Clark Trophy, and as champions of the western section of the league, will meet Dalhousie University's football team at Truro, on Thursday, in the final game for the Intercollegiate championship of the Maritime Provinces.

The Clark Trophy, which has been awarded to U. N. B. for 1921, was donated in 1914 by J. T. Clark, of Brooklyn, N. Y., stepfather of the captain of the football team of Acadia University that year, and was offered for rugby competition between U. N. B., Acadia and Mt. Allison Universities, which have been rivals and engaged in annual competitions for many years. The conditions of the gift were that the trophy must be won three consecutive years or in any five years by the competing colleges before becoming their permanent property.

Although it is now seven years since the trophy was offered, it has only actually been awarded three times, and U. N. B. have been the winners on two of the three occasions. U. N. B. won it in 1914, the first season it was competed for, and it was retained by U. N. B. during the war when competitions were suspended because of the wholesale enlistment of students at the three Universities. The trophy was again competed for in 1919, but was not awarded, being put in "cold storage" in a vault in St. John after the U. N. B.-Acadia protest, which resulted in no award being made. In 1920 Acadia won the championship and this year the Clark trophy winners are U. N. B. The trophy is in charge of three trustees representing the three competing colleges.

PANTING FOR BREATH

Ex-Secretary Lansing of the United States said at a dinner:

"Our taxes are too high. The only way to get them lowered is to protest against them strenuously. This is being done."

"I heard a chap went to a masquerade ball the other night in a costume that excited a great deal of comment. He wore, in fact, a long tailed shirt, socks and shoes—but no trousers."

"George", said his host, rather severely, "what the dickens do you represent—Venus preparing for the bath?"

"No", said George complacently. "This is an original idea of my own. I represent a taxpayer." —Los Angeles Times.

They met on the bridge at midnight. They never will meet again; One was an eastbound heifer. The other a westbound train.

WHAT NEXT IN ELECTRICITY

Away back in the nineties, Mark Twain wrote an interesting piece about mental telegraphy—some folks call it "telepathy." Mark recited instances where he wanted very much to hear from this or that person, and had had it on his mind strongly, and he had even sat down and written letters to them. In each example the letter "crossed" in the mails another from the individual in mind.

Few of us but have had letters "cross" in the mails, both written on the same subject. And how frequently have each one of us been surprised to find people about whom we were talking, suddenly appear on the scene, causing us to remark: "Speak of angels and you'll hear their wings," or, "Speak of the devil", etc. And then there is the constantly recurring duplication of thoughts and ideas which bring out the saying: "Great minds travel in the same direction."

Few think of these as "mental telegraphy", but are they not?

Mark Twain wrote in the days when common telegraphy of messages was by wire. He was convinced that mental telegraphy of messages was not clairvoyance or spiritism, but the action of some unknown quality of electricity. Since that time wireless telegraphy has become common. Wireless telephony is beginning to become common. We know that the sounds are carried through the air by waves of electricity which wash against poles and standpipes to which receivers are attached.

The world is making amazing strides in the science of electricity. What will it yield next? Will it be the discovery of a quality or element in electricity that, with the help of apparatus, will wash waves of thought from one brain to another?

HE PAID FOR HER

They met at a dance. He was tall and stalwart, she—oh, so sweet! They jazzed, they whirled, they—well, they did just what everybody could do. After the seventh dance with his charmer, the young man stopped suddenly and glanced suspiciously round. "It's funny, Mabel," he said. "See that glum-looking chap over there. He's been following us about all the time. Who is he and what's he after?" "Who—that miserable, half-starved fellow with the spotted tie?" remarked Mabel, casually. "Don't worry about him; he's only the fellow who paid for me to come in."

A British Columbia merchant the other day complained that business prospects were bad. He feared an era of unemployment. A friend asked him what he was doing towards the prosperity of the Province and Canada, and pointed out to him that his shoes were made in New England, that he was wearing hose knit in New York, his suit was tailored in England, his necktie imported from Chicago, his shirt came from across the line, his hat was made in the United States, and this handkerchief was the product of Japan. These articles of clothing represented \$44.25 in wages paid to workers living outside of the province.

FERTILIZER

is one of the things which there is no necessity of importing either on account of the price or quality. The latest report covering the year ending March 31st shows that during the preceding twelve months, there was imported from the United States goods of all kinds to the amount of over \$800,000,000,000, or an averaged \$2,197,540,000 every day in the year. These figures of course do not cover importations from other countries, which add twenty-five per cent. to these totals.

There can be but three reasons for buying imported goods of any kind. The first of these is that the required goods are not made in Canada, the second is that the imported goods are of better quality and the third the price is more favorable.

Of the above three reasons, not one applies to fertilizer. Fertilizer is made in large quantities in Canada with the manufacturers ready to increase their capacity as the demands of the farmer require it or as the tendency develops to buy "Made in Canada" goods rather than those imported.

The quality of fertilizers made here is up to the highest standard. This is not only based on the claims of the manufacturers but by the official Government analysis of fertilizer collected and analyzed yearly, with the results of these tests published annually in the official reports.

The price of fertilizers, a most important consideration, is the last point and one in which the imported brands show no advantage. If Canadian farmers bought fertilizers on the price lists for 1922 quoted by U. S. Companies, paying exchange, sales tax and surtax, etc., which the Canadian fertilizer manufacturers must pay, the cost delivered would be higher than he can buy "Made in Canada" fertilizers.

The "Made at Windsor, N. S." fertilizers meet the requirements of farmers in supply, quality and price.

We want agents, either dealers or farmers in all territory where we are not now represented.

Write to us and our salesman will see you or we will quote from our head office.

NEW MINAS ITEMS

Mr. McBride, of Canning, has opened up a blacksmith shop in this place. Success to him.

Our school teacher, Miss Marshall, who usually goes home on Saturday, remained here over Sunday. Miss Marshall is well liked here as a teacher, and has 20 pupils enrolled.

Rev. Mr. Chipman, who has been absent for the past two weeks, arrived home in time to take his place in the pulpit of the church here on Sunday last, preaching an excellent sermon to a none too large congregation.

Mr. Boswell, manager of the golf links here, recently purchased a very fine bred mare—a trotter. Mr. Boswell, who has leased one of the halls in Kentville for the season, is giving the public some good entertainments, etc. He is also giving lessons in golf.

Mr. Arch Turner's new Bungalow is nearing completion. He is now at work installing a water system bringing the water quite a distance from springs at the back of his pasture. When fully completed Mr. Turner will have one of the finest and most valuable properties on the road.

Mrs. LeRoi Willis will, we understand soon be leaving for Florida, the land of sunshine where she will spend the winter.

Mr. Rugby Vaughan's house is now well under way, and Mr. R. thinks he will be able to move in in the course of a few weeks. This is a very pretty little house and will greatly improve the appearance of his fine farm property when he has it all completed and graded.

Mr. Charles Eaton, a man well advanced in years, was taken quite ill on Thursday suffering from a bad cold, contracted while packing apples in the New Minas warehouse.

Miss Annie Daniels, trained nurse who has been visiting at the home of Mrs. J. E. Connell, returned recently to Nevada, where she holds a responsible position in a sanatorium.

Mr. Charles Turner, whose health has been impaired for the past year or more, is now very much improved, and doing his farm work as usual.

THE ACADIA—MT. A. GAME

To the Editor of THE ACADIAN:
Dear Sir,—Just a line of appreciation of the Mt. A.—Acadia football game this P. M. While the game was Mt. A.'s 6-3 yet everybody here feels that Acadia won a victory that was as good as winning the game. The game was well fought from start to finish, Acadia made the first score within ten minutes of the opening of the game. It was the cleanest, straightest game we have ever seen played on this campus. On all sides we hear "Acadia is just as good as Mt. A." and that we think is a generous though well merited tribute, as the victors are usually prone to crow.

CANADIAN BOOK WEEK

To the Editor of THE ACADIAN.

Sir:—I have been asked by the Vice President of the Canadian Authors' Association, Dr. MacMechan, of Halifax, to solicit the interest of your readers in the Canadian Book Week, November 21-26. The idea is that the week be devoted to a special propaganda of books written by Canadian authors. The Canadian Authors Association was formed last spring, with Mr. John Gibbon as President and Mr. B. K. Sandwell, the editor of The Canadian Bookman, as Secretary. Young as it is it has been most active and successful in promoting the interests of our national literature. Last September a special committee of this Association met with the Publishers' Section of the Toronto Board of Trade, and arranged for this special week, during which we should buy, sell, read, write, talk Canadian books.

What can the people of Wolfville do? If they will come to the Library of Acadia University on Sunday afternoon, November 20, at four o'clock, they will see a display of Canadian books, and will have the privilege of asking any questions concerning them. The answers of these questions we cannot promise, for they are yet on the knees of the gods, but the President, the Librarian and her staff, and any members of the Faculty who will give their kindly interest will surely do their best to satisfy inquiries. Then on Monday the 21st let the people of Wolfville visit their own bookstores and ask for books by Canadian authors. Christmas presents may well be selected from among them. At home and among their friends let them discuss sanely but generously the permanent values in our Canadian literature. It is not well as yet, I think, to attempt comparisons with world masterpieces, for a very vile blasphemy might thus obtain. Nature has given to many of us the gift of speech, but only to her own select few she has given her great eternal word. These few she will guard jealously, but we can pray that she will give us at least one in Canada, and that the fulness of her time be revealed during the Canadian Book Week. The schools would do well to devote considerable time during that week to the appraisal of literary values in the work of Canadian authors, and surely the ministers of the town will not fail to emphasize the spiritual beauty that will come to us as we follow our own writers in their efforts at self realization.

MARY KINLEY INGRAHAM.

BILL CRITICIZES THE COUNCIL

To the Editor of THE ACADIAN.

Dear Editor:—Ehane must be ded (I hops as how she weren't hung) C.M.G. dont rite no more but I hops as how you'll let me rite a few words to make people remember that the Council is like the poor an still hear. An its my idear there a purty poor Council two. Now till be hour own fault if the Council is hear after Febuary. The ridikus way they has acted an the way they has taxed us poor people an spent there munny gives me a hedake.

The Mare is a mighty big man, let him tell it. He sets up there like Kiser Bill and twice as sassy and when he dont like sumthin he sez Chuck it in the waist basket. Thats the chanst he gives the poor man to git his rites. Lews bisness.

Nuther thing is the way they lets the big bugs do as they likes and makes the poor suffer. Kin anybuddy tell me if they ever gut that \$25 fine from that West end women an why it is that Krole gits orders not to look when the rich fellers and the Acadia bunch is braikin the law. I aint rich an I dont go to colidge so I has to be careful like the rest of the common people.

They got a Proff on the Council two, so taint no wonder that the colidge can by half the town an then pay no taxes. Worse than him they got one feller who works in Avonport an only cums up here onct a month to show us how to run our bisness. I might as well git on the council in Avonport.

An what do a women no about runnin a town. Nuthin an sum wimmen cant lern nuthin neether an thets Moore of it.

I wont say nothin about the rest of them for there all alike far as the poor people kin see. I know Febuary seems a long ways off but it aint two fur off fur us to begin to look around a bit an pick our man an git things reddy fur we wants to git clear of the old gang all to-

The matter of the illicit still discovered last week on the New Ross Road near Gaspareau Lake was up for trial before Stipendiary Strong at Kentville on Saturday, when George Lane, the owner, was proved guilty and fined \$125 and costs. His still and other apparatus was confiscated. The Officers are now looking for other offenders.

An accident occurred on Main street Monday evening when a car travelling east ran into a telephone post, breaking the post and damaging the car to a considerable extent. It happened opposite the house owned by Phillip Ilesley. The occupants escaped without serious injury which was remarkable judging from the appearance of the car.

The death of Mrs. R. Osgood Morse, wife of Rev. R. Osgood Morse, editor of the Maritime Baptist, occurred at her residence at St. John on Monday evening. The late Mrs. Morse was 56 years of age and had been suffering from cancer for the last two years. Besides her husband she leaves one son and three daughters. The body was taken to Lawrencetown, for burial on Wednesday morning.

The Halifax Herald on Tuesday had the following paragraph concerning Fred Ellis, a former Wolfville boy: "Freddie Ellis, the Wanderers quarterback, has had tough luck this season. After playing sensationally all season, Fred's ankle was put out of commission two weeks before the game again at Acadia and he was unable to play against Dal in Saturday's final. Ellis proved himself the find of the season, although he never played football until this season."

Mr. and Mrs. James A. Allen, of Grand Pre, announce the marriage of their daughter, Lena B., to Thomas J. Alton, of Kitscoty, Alberta, marriage to take place on Nov. 30th, 1921 at Fort Saskatchewan, Alta.

A fire alarm was sounded at about 6.45 o'clock yesterday morning in consequence of a blaze at "Restholme" occasioned by an overheated stove pipe. The firemen responded but the fire had been extinguished by the application of a few buckets of water before their arrival.

At the 2nd Nova Scotia Egg Laying Contest just closed at Truro, a R. I. Red hen belonging to Mr. E. C. Griffin, Port Williams, won first place in number of eggs laid in 11 months, 233. The prize was \$10 in cash. This hen also won a handsome medal offered by the Halifax Morning Chronicle. There were 30 pens of 5 each, 150 birds in all, in to the contest.

A wedding took place at the home of Rev. G. A. Clarke, pastor of the First Baptist Church, Edmonton, on November 5th, when Anna M. Schneider, Oswego, New York, was united in marriage to Carrel E. Clarke, of Bear River, who is principal of the Stony Plain (Alta.) Consolidated School. The bride will be remembered as a popular teacher at Acadia Seminary.

As will be seen by announcement in this paper the new store of the Wolfville Fruit Co. will open for business on Wednesday of next week. The store will be one of the most up-to-date in the province and will be described fully in a future issue. Manager Robinson and his assistants will be very busy during the next few days making arrangements for the opening which will be one of the most interesting events of the season.

Those who attended the concert at the Baptist church last evening heard one of the best musical treats ever given in Wolfville, and one deserving of a much larger audience than greeted the performers. The artists were the Boston Chamber Music Trio comprising Mr. Daniel Kuntz, violinist; Mr. Georges Miquelle, cellist; and Mr. Carl Lamson, pianist. Every number on the program was greatly enjoyed and loudly applauded.

The Dalhousie foot ball team yesterday became the intercollegiate champions of the Maritime Provinces by defeating the University of New Brunswick team at Truro by the overwhelming score of 20 to 0.

WOLFVILLE BOY ON MCGILL RUGBY TEAM

The McGill English Rugby team defeated the Montreal English Rugby team on Nov. 7th, by the score of 18 to 7 and became the champions of the city.

The showing of the McGill backs was largely responsible for the victory of the team. Bradshaw, Beardsley and "Sandy" Macintosh handling the pigskin in the best approved style, notwithstanding the fact that it was a difficult matter to hold onto it at any time.

Several former wearers of the Red and White were playing with the Montreal team and the contest was an affair of the most friendly nature.

Colville and Lane, both former McGill men, made a brilliant showing for the losers, the latter making a pretty kick for a goal.

The Montreal forwards opened up the contest with a strong offensive against McGill team and they soon had them on the defensive with the line in danger of being crossed.

A second try came for the college team shortly afterward. Beardsley secured the ball himself and by an entirely individual effort succeeded in carrying it across the line.

Following closely on McGill's scores the Montreal team resumed the offensive with a rush and soon had McGill holding on to try and keep them from walking off with the game.

A series of rapid passes between Beardsley and McIntosh took the ball back down the field in short order and it was got over the line for the third time.

WILL BE BURIED IN CANADA WITH HONORS

TORONTO, Nov. 15.—Albert Miller, the Canadian war Veteran who was chosen to carry the "cease fire" order from British headquarters to the Canadian forces at Mons, and who died in Buffalo on Armistice Day, last week, will be buried with military honors in the military section of Prospect cemetery in this city.

PRICE OF HAM AND BACON TO DECREASE

OTTAWA, Nov. 15.—A downward tendency in the price of cooked hams and bacon has been in evidence in the Ottawa wholesale provisions market in the last few days, and a reduction of two to three cents a pound to the trade has been made.

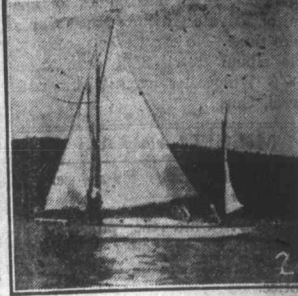

Mail Contract

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 9th December for the conveyance of His Majesty's Mails, 3 and 3 times per week over the CANNING NO. 3 RURAL MAIL ROUTE.

Sports on the Pacific Coast

Surely there is no centre in the world where one can get such a variety of summer sports as in Vancouver, B.C. There are several excellent beaches for bathing, there are half a dozen different lots of public tennis-courts within the city limits.

(1) The Vancouver Polo Team at Brighthouse Park. (2) Sailing in Vancouver Harbor.

But the most popular of all amusements in Vancouver are motor-launching and yachting. The harbor down by the Yacht-club is dotted with pleasure boats of every size and build.

All the sailing boats turn out for the regattas held at various points along the coast. There are 16 "kitten," 15 foot boats of the "Cat boat" class, the "Sir Tom" and the "Spirit" of the "T" class, the "Minerva," a

60 ft. yawl, the "Patricia," built specially for the Lipton Cup between Vancouver and Seattle, and the only boat on the Pacific Coast that has the Marconi rig.

But these are only a few of the hundreds of boats that dot the blue waters of Burrard Inlet or the more adventurous seas outside on a summer's afternoon.

INDUSTRY

I love to work, except when summer's here And there's a dull, lethargic atmosphere. And well, of course, when summer turns to fall The hunting fever holds me in its thrall And I don't get much labor done, I fear. Winter, I find, when it is cold and clear, Brings many sports and pleasure I hold dear. It's not a time, when, take it all in all, I love to work.

Spring, when the buds and blossoms first appear And songs of little birds soothe the ear, Makes life seem dull within an office wall And so I loaf in answer to its call.— But, save for these four seasons of the year, I love to work!

REV. WM. AINLEY DIED AT HALIFAX

(From Halifax Chronicle.) The death occurred suddenly at Dr. Mader's Hospital Sunday of the Rev. William Ainley, who came to the city but a week ago from Canning to attend the Golden Jubilee of the Wesley Smith Memorial church.

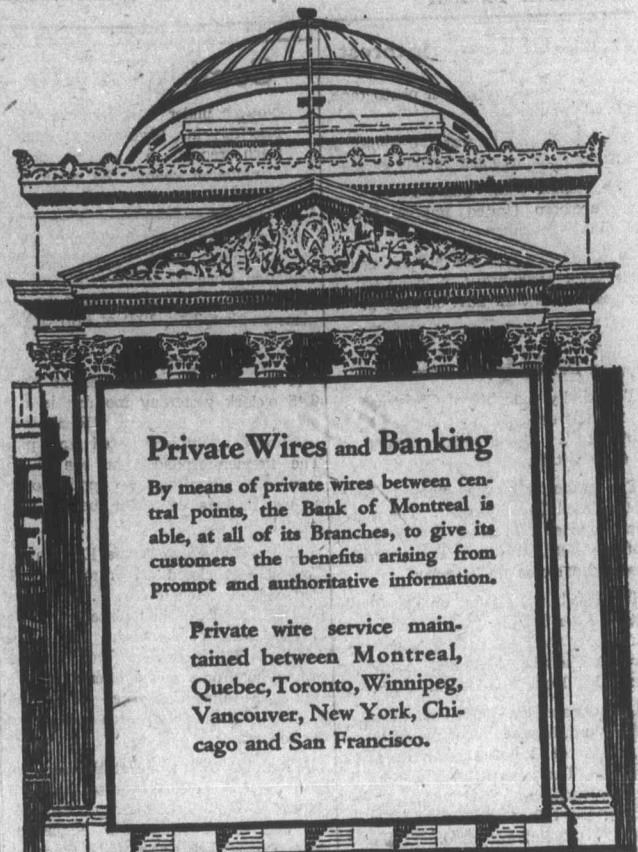

Rev. Mr. Bartlett presided at an impressive service at the church Sunday night, when the remains of the deceased minister were borne into the church by the stewards, who acted as pall-bearers. Assisting Mr. Bartlett were Rev. Dr. Bond, Rev. Mr. McArthur, Rev. Dr. Johnson, of Truro; Rev. William Brown, Rev. Dr. Wigle and Rev. E. E. Graham.

The last sermon preached by Rev. Mr. Ainley was on Monday night last week, when he spoke on the Supremacy of Christ in the work of the Church.

GERENWICH NOTES

It was with deep regret the many friends of one of our oldest residents, Mrs. Charlotte Bishop, heard of her accident on Saturday evening, the 5th, when in Wolfville. The policeman finding her unconscious on the sidewalk near the Royal Hotel she was carried into the hotel and Dr. DeWitt immediately summoned. She soon regained consciousness, but one arm and side were quite badly hurt and strained, as well as receiving a severe shock. Mr. Dexter Forsythe, with whom she went into town, was found and as soon as possible brought her home, where she has been bed-ridden, but we are glad to hear is now much improved.

Mrs. Jessie Borden, who has been very seriously ill for a few days, is now improving.

Mr. Brenton Merry is a guest at the home of Mr. T. A. Pearson.

Mrs. Ada Forsythe and three little sons, accompanied by Miss Georgina Bell, a sister of Mrs. Forsythe, left on Tuesday morning for Mass., where they will spend the winter. Miss Bell is a graduate nurse and has been on professional duties several times since coming to N. S. over a year ago. She will be much missed by many friends.

Mr. Robie Tufts, of Wolfville, visited our school one day last week and examined discarded birds nests collected by a number of the pupils.

What's the matter with Greenwich for social events? Two last week, the "silver wedding", on the evening of the 7th, an account of which was given in last week's Acadian. Then on Thursday evening another "good time" was enjoyed when a "shower" was given Miss Charlena Pearson at the home of Mr. and Mrs. Burpee Bishop. A good number were present, including friends of "the bride to be" from Wolfville. After the reading and enjoyment of the rhymes accompanying many of the gifts and a musical programme which was thoroughly enjoyed, ice-cream and cake was served by the hostess. On Thursday evening of this week comes the "home wedding".

We read in the Acadian about two weeks ago, of ripe strawberries of the ordinary kind being found also a bunch of apple blossoms. We now think Greenwich can "hold its own" in that line, as we recently had of about two quarts of splendid well filled pods of green peas, of the American Wonder variety, being picked about the tenth of October, and a little later we heard of a nice flock of "baby chicks" arriving in this community

BANISH DRUGS AND BATHE INTERNALLY

"I have been using the J. B. L. Cascade for about eight months now. I have found it in every way satisfactory. I feel better than I have for a good many years. I would not be without my Cascade for anything. I also use it on the children, as it is so simple to use, and they would rather use it than take drugs." Writes Mrs. J. Jones, 76A Notre Dame Street, Lachine, Que.

This letter is only one of thousands we have received, which tell a story of gratitude over the benefits derived from Internal Bathing. By the use of "The J. B. L. Cascade" the colon or lower intestine can be cleaned of poisonous waste gently yet effectually with warm water, removing the cause of stomach ills, headaches, loss of appetite, impure blood, piles, lack of energy and sleeplessness.

You bathe outside, why not bathe internally, too—it is far more important. Mrs. Isaac Muller, Morse, Sask., writes: "I have increased in weight and am perfectly well now. The J. B. L. Cascade has saved my life. Thanks to Dr. Chas. A. Tyrrell. Please publish this, as it might reach someone who has not heard of the Cascade."

The J. B. L. Cascade is the perfected invention of Dr. Charles A. Tyrrell of New York for Internal Bathing. It is now being shown and explained at A. V. Rand's, Druggist Wolfville, N. S.

Telephone or ask them for free booklet all about it—or write Tyrrell's Hygienic Institute, 163 College Street, Toronto.

NOVA SCOTIA IN THE FOREFRONT WITH HOSPITALS

Hospital service in Nova Scotia shows a decided advance in the past year, according to the third annual report of the American College of Surgeons. This report is based on a survey which included personal visits to every hospital of 100 beds or over in the United States and Canada.

Dr. F. H. Martin, secretary-general of the American College of Surgeons, says: "Aided by one of the great educational foundations, we have carried on actual visits to hospitals, made by trained medical men, who see the working conditions as they are. Our report for 1921 shows a marked improvement in hospital service the country over, and places Nova Scotia in the forefront of provinces who are active in medical progress. Nova Scotia is to be congratulated on its splendid showing and on the forward looking medical men, hospital superintendents, and trustees, who have made this advance possible."

THE CHARGE OF THE "LIMB" BRIGADE

Half an inch, half an inch,
Half an inch shorter,
Whether the skirts are for
Mother or daughter.
Briefs the dresses grow,
Fuller the ripples now,
While whisking glimpses show
More than they oughter.

Forward the dress parade,
Is there a man dismayed?
No; from the sight displayed
None could be sundered.
Their's not to make remark,
Clergyman, clubman, clerk,
Gaping from noon till dark
At the "Four Hundred".

Short skirts to right of them,
Shorter to left of them,
Shortest in front of them,
Flaunted and fluffed—
In hose of stripes and plaids
Hues most exceeding glad,
Sporting in spats run mad,
Come the short skirted.

Flashed all their ankles there,
Flashed as they turned in air—
What will not women dare?
Though the exhibits show
Some of them blundered,
All sorts of shapes and pegs,
Broomsticks, piano legs,
Here and there fairy shapes,
Just built to walk on eggs,
Come by the hundred.

When can their glory fade?
Oh—the wild show they made,
All the world wondered.
Grand dame and demoiselle,
Shop girl and Bowery belle—
Four Hundred, h'm, oh, well,
Any old hundred.

UNEMPLOYMENT IN CANADA

Very Little Change in the Situation According to Ottawa Report

Very little change in the employment situation throughout the Dominion is shown by the Bulletin of the Employment Service, covering the two weeks ended October 8.

The Department index number, covering reports from 5,400 business firms, closed at 89.9 as compared with 90.2 for the preceding two weeks and with 107.5 for the corresponding period of 1920.

Employment continues at about the level of the middle of January last, when the index number stood at 90.4 the highest point reached in the present year.

The seasonal expansion in logging continued during the fortnight under review but this was offset by a shrinkage in saw mills operations.

The situation in the prairie provinces was somewhat more favorable than in other parts of Canada, largely, says the Bulletin, on account of expansion in railway construction.

As in the last report, leather, coal mining, and local and water transportation were the only activities which showed an improvement over this period of last year. In manufacturing as a whole, figures tabulated from 3,618 manufacturing houses, showed that they employed 376,368 persons during the fortnight under review, as compared with 377,549 working during the previous two weeks.

"To be able to laugh and to be merciful are the only things that make man better than the beasts."—John E. Buchan.

A CHANGED ATTITUDE

(From Yarmouth Light.)
A feature of the present election campaign is the attitude of many of the newspapers. It is a changed attitude. In other days practically every newspaper in the country was associated with a political party, and its chief business during a campaign was to support the candidate of its party and abuse its opponents. Now the most of the newspapers are attending chiefly to the work of making and publishing a newspaper. According to Ontario papers the rural journals are not saying a word in this campaign—the country newspaper "has graduated from a Grit or Tory back into a real business."

The trend towards greater independence has been noticeable in the press of Canada for some time. It was a natural development, but there is no doubt that the movement was greatly hastened by conditions in the newspaper world, which made it absolutely necessary for publishers to get down to a strictly business basis or quit.

Which?

Crerar The head of a great trading organization which unites its trading with its politics—a political theorist—has lost control of the political movement he started and is being driven into impossible positions by class rule extremists. He is under the domination of Wood, the political boss of Alberta. He would give effect to Free Trade, thus destroying Canada's industrial and economic structure.

A Vote for Crerar is a Vote for Chaos

King So evasive that nobody knows where he actually stands on the great issues of the day. Fits his policy to suit his audiences. Talks Free Trade to the West and Protection to the East. Specializes in high-sounding phraseology. His party is pledged to a large measure of Free Trade, but fails to suggest new methods of obtaining necessary National Revenues.

Miss Harry has already begun work with the Public School children and is making use of the records of the provincial county nurse. She will do the much needed follow-up work in the school. The executive committee of the Victorian Order of Nurses in Wolfville has been enlarged from nine to thirty odd members. It now includes a representative of all the leading organizations of the town. There will be a regular monthly meeting of the executive committee of the V.O.N. on the first Thursday of each month at eight o'clock in Town Hall. Will all members kindly bear this in mind. Individual notices will not be sent out.

BRITISH AND FOREIGN BIBLE SOCIETY

The speaker at the St. Andrews church last Sunday morning was Mr. John McKee, of Halifax, who gave a most interesting address on the work of the Canadian auxiliary of the British and Foreign Bible Society. Mrs. McKee who is a retired banker, is treasurer and one of the directors of the Nova Scotia branch of this society, giving his services voluntarily to the work in which he is so deeply interested. His address on Sunday morning was an earnest one and was listened to with close attention. In the afternoon he addressed the Men's Class at the Baptist Church. His visit to Wolfville should result in the success of the canvass for funds in support of this society which will be made probably next week.

NORTH GRAND PRE NOTES

Miss Lena Allen left yesterday for Edmonton, Alta., after spending the summer and fall with her parents here. Mrs. Kenneth Palmeter and daughter are spending some weeks with Mrs. Harry Palmeter. Mrs. Dobson, of Kentucky, U. S. A. who has been spending a few days with Mrs. Cyrus Jordan, has returned home. Mr. K. L. Palmeter, who is taking treatment at the Metropolitan Sanatorium, Mt. McGregor, N. Y., is improving in health.

ANY ONE AT ALL

The owner of a menagerie was in Chicago on business when a telegram was handed him. It read: "The leopard has escaped. Prowling about town. What shall I do?—Bill" Bill was one of those fellows who have to have explicit directions to do anything, even in an emergency. He was always afraid of making a mistake. The owner rushed from the table and sent a reply. "Shoot him on the spot," he wired. Being unusually busy he forgot all about the affair until about two hours later, when he returned to the hotel. Another telegram was handed him. It proved to be from careful, conscientious Bill, and asked: "Which spot?"

Absence will strengthen freindship if the last recollections were kindly.

PORT WILLIAMS HAPPENINGS

Rev. and Mrs. O. N. Chipman returned from their trip to Toronto on Friday, November 11th.

On Sunday evening November 13, Mrs. C. S. Freeman (returned missionary) of Wolfville gave an address on Telegu Missions. She spoke especially on the education of boys in India and the wonderful work that is being done among them. The one thing she emphasized most in her talk was "prayer". She very strongly urged everyone both old and young to pray for them and their work, for without prayer they could do nothing.

The "Lily of the Valley Division," No. 440, held a box social in "Temperance Hall" last Monday evening, November 14th. The following programme was much enjoyed:

Reading—Mrs. Kennicke. Piano Solo—Miss Lucy Cogswell, Piano Duett—Mrs. Otis Cogswell, Miss Thelma Gates.

Vocal Solo—Miss Thelma Gates. Vocal Solo—Mrs. O. G. Cogswell.

Mr. Cecil Woodworth made an efficient auctioneer, the proceeds amounting to \$34.

George A. Chase is building a large warehouse on the property lately owned by Ivan Lantz. The building is to be 145 feet long. He has also purchased the property adjoining his dry goods store on Belcher Street.

On Thursday evening November 10th, the "Loyal Workers" Sunday School Class met at the home of the Misses Irene and Thelma Gates, in honor of Miss Lula Kinsman (one of their class) who is leaving this week for Berwick. From there she intends going to Florida as stenographer to S. B. Chute.

During the evening the class presented her with an address, accompanied by a "French Ivory" hair brush. The presentation was made by the Vice-President, Mrs. Newton F. Taylor. Miss Kinsman will be much missed from the class as she was one of the faithful ones.

Mr. James Kennicke has sold his property to Mr. Dexter Collins and intends moving very soon to Somerset, where he has purchased a fruit farm.

Miss A. M. Cogswell is spending a few days in Wolfville at Mrs. Phillip Isley's, Main St.

Mrs. J. E. Faulkner, went to Sydney last Friday to meet her husband, Captain J. E. Faulkner.

Mr. Parnell Gates has purchased the land belonging to Mrs. C. A. Thomson, Belcher Street and intends building a barber shop in the spring.
