HON. J. A. STEWART DIES AT MONTREAL

Montreal, Oct. 8.—Hon. J. A. Stewart, former minister of railways died at the Royal Victoria Hospital here late yesterday afternoon after a prolonged illness.

Though but a comparatively short time in the House of Commons, Hon. J. A. Stewart was popular with his

fellow-members of two Parliaments, and others who came into contact with him. He was also highly regarded for his undoubted ability as a clever speaker and debater and a good organizer. The late Mr. Stewart came to the House in May, 1918, when he was returned by acclamation in a by-election to fill the vacancy for Lunenburg, caused by the death of the sitting member, Hon. A. E. Hanna. A successful business man with a record of achievement behind him, he was soon recognized

ABRUPT HALT IN CONFERENCE

Constantinople, Oct. 5.—The question of the evacuation of Thrace was the cause of rupture in the Mudania conference, it was announced at a late hour tonight. The attitude of the Turks and the Greeks was very bellicose, threatening the

success of the conference. Abruptly, though not unexpectedly, the Mudania conference came to halt this afternoon. When it will be resumed is a matter of conjecture. Brigadier-General Harrington, commander-in-chief of the Allied forces and head of the allied delegation, returned this evening on the battleship Iron Duke, and the Italian delegation also came to Constantinople. It is understood that the Allied generals will go into conference with the high commissioners on

(Continued on Page 4)

STABBING AFFRAY AT GRAND DOWNS

As a result of a stabbing affray that took place at Grand Downs, Sunday evening, George Royal, aged about fifty, is in the Miranichi Hospital in a critical condition and Vincent Albert, aged thirty, is in the local jail charged with attempted murder, which charge may be amended to murder.

Both men are residents of Grand Downs, and from reports, Albert and his mother were driving down the road past Royals and the latter was in the yard of his home. Albert called Royal and when he came over said: "What's all this talk about?" Royal replied that he made no talk whereupon Albert drew his jackknife and stabbed Royal in the back. The blade entered just below the right shoulder blade, and made a nasty wound about four or five inches long through which the lung protruded. Albert then got into the wagon and drove off.

Deputy Sheriff Doran was notified and left here accompanied by Dr. McGrath about ten o'clock Sunday night and drove to the scene of the affair.

On arrival they found Royal suffering badly and bleeding profusely from the wound which was dressed, and he was rushed to the hospital.

Albert was arrested at his own home.

The knife with which the stabbing is alleged to have been done is an ordinary pocket knife with a blade about four inches long.

Royal is well known in Newcastle having resided here for some years. He served overseas with the 132nd battalion.

COUNTY FAIR SLIMLY ATTENDED

The County Fair which was held in the exhibition building Chatham, on Wednesday and Thursday, was formally opened Wednesday evening by a large list of speakers in the presence of a very small crowd.

The chairman of the meeting was Geo. E. Fisher and he spoke first, followed by Hon. D. W. Mersereau, minister of agriculture Mayor Fish of Chatham, Hon. J. P. Burchill, Nelson, J. L. Stewart and Mr. Mersereau again.

The fair had been very poorly advertised and as a result neither townspeople nor farmers displayed any great interest in its outcome.

There were good exhibits from the school children, agricultural, manual training and domestic science, and the Women's Institute display was worthy of mention.

The general agricultural interests of the County were however but slimly represented. Two local truck farmers had excellent displays for which they deserve credit and a few exhibitors must have made a fairly good thing. But the number of individuals exhibiting seemed very small when contrasted with the possibilities that the county offer. For some reason or other the farmers of this county do not seem to take to the local fairs and the numbers of exhibitors is actually said to be decreasing instead of increasing each year as it would under a popular and successful management.

The cause of this lassitude or dissatisfaction should be sought and found out in the interests of the Exhibition and a new policy adopted—Gazette.

HANGING OF SWIM BADLY MANAGED

Woodstock, N. B., Oct. 6.—At five o'clock this morning the trap was sprung that sent Benny Swim into eternity for the murder of Olive Swim at Benton last March. Besides the four doctors and law officers very few were present. The hangman bungled the job and it was nineteen minutes before condemned man was pronounced dead. Carrying out the provisions of the law an inquest was held and the body given over to relatives and at once taken to his father's home in Rockland where the funeral will be held tomorrow.

The condemned man slept at intervals during the night and while in a very weak state was able to ascend the gallows with little assistance. He prayed continuously and was praying when the trap was sprung. In conversation with Rev. H. V. Bragdon he admitted that he feigned insanity at the suggestion of two prisoners who were in the jail at the time and who also advised him to attempt to escape.

Swim's Confession

Since his arrest the condemned man has not made any statement concerning the crime for which he was convicted. To Rev. H. V. Bragdon he has made the following confession over his own signature. "When I arrived at the house at Benton Ridge Trenholm came to the door and began to abuse me and jumped on me, in the scuffle the revolver fell from my raincoat pocket and Trenholm picked it up. I took it from him. Trenholm then went into the house and returned with a piece of paper with an address to put on a trunk at my home and to be shipped to him at Benton Ridge. He then asked for the revolver and said he would fix me. I said no." He stepped up to me and caught me by the shirt collar and started to rack me in the woodshed and I shot him in the temple.

"Olive came to the door and said 'Bennie I have ruined you, we all deserve it.' She turned and I shot her in the back first, I followed her in the house and shot her again. Then I thought I was doomed and put the revolver back on my ear and pulled the trigger and fell alongside of Olive. I laid there just a few minutes when I got up and went to the hen-pen and sat down in the door. You know the rest."

Sgd. BENNIE SWIM.

Was Hanged Twice

Woodstock, Oct. 6.—Owing to many conflicting reports in connection with the execution of Benny Swim, in justice to Sheriff Foster, the real facts should be made public. After much difficulty M. A. Doyle, who is the official executioner of the province of Quebec, was secured on the recommendation of Sheriff Lemieux of Montreal. That no hitch would occur another man was also engaged and brought here.

Doyle gave the gallows a thorough test on Tuesday and pronounced everything working satisfactorily. When the trap was sprung all was in order. In four minutes Doyle cut Swim down and he was pronounced

LORD BEAVERBROOK SPEAKS PLAINLY

LONDON, Oct. 5.—The Daily Express, Lord Beaverbrook's paper, in an editorial, says the British people are bewildered because they do not know the truth about the Near East matter. Their position is simple. Although they are war weary and tax-worn they are prepared to fight for the freedom of the Dardanelles. Beyond the freedom of the straits they do not care a straw for Balkan politics.

"They cannot police the earth," the Express continues. They are incapable of solving the radical problems of the Near East, as of abolishing the Bolsheviks from Russia or extirpating the murders in Ireland. The British people are at last thinking of their own salvation. All they now want is to save their sons and sell their cotton goods.

"If the Turks will respect the freedom of the straits, giving satisfactory guarantees thereof, the British people cannot refuse to permit the Turks to pursue the Greek army in Eastern Thrace and inflict final defeat, if they can do so. Nor can they refuse to permit the Greeks to overthrow the Turks, if they can do so."

This point of view must not be confused with the Chanak stronghold necessary for the freedom of those waters which Great Britain is entitled to hold in Chanak in order to protect her own interests. Her people are ready to pour out their blood and treasure for the freedom of the straits, but they say, with one voice: "Not a man, not a gun, not a cent for the defence of the Greek army in Eastern Thrace."

NEW YORK GIANTS ARE CHAMPIONS

New York, Oct. 8.—The New York Giants once more are champions of the world. They reached that pinnacle of success for the second consecutive year in a furious uphill rush this afternoon that flung the Yankees to defeat 5 to 3 and crushed a disgusted pitcher, Bullet Joe Bush.

It was the second successive time that the Yanks have bucked the Giants in a world's series and failed. This year, they went down ingloriously, without the solace of having captured even one of the five games that comprised the battle for the title. The best the Yankees could do was to tie the second game of the series. The Giants won the other four.

dead. Four doctors were present and in twelve minutes they detected signs of life and Swim, totally unconscious, was taken up and the execution completed. He was taken down in nineteen minutes, when of course life had vanished.

The whole trouble can be attributed to Doyle who cut the man down too soon. It was here that the wisdom of bringing the second man was manifest as he did the work in the way it should have been done. While it is horrifying, it can be said that poor Bennie Swim was absolutely unconscious during the whole proceedings.

EXORBITANT WAGES DEMANDED BY WESTERN UNEMPLOYED

Winnipeg, Oct. 3.—Refusal of unemployed to accept farm work unless at exorbitant wages threatens gravely the harvest situation through out northwestern Manitoba, Hon. Neil Cameron, Minister of Agriculture, declared today.

"The situation to say the least is very acute," Mr. Cameron said. He did not think any crops actually had been spoiled as yet, but grain was standing out in the field and unstocked and horses were idle for want of men to do ploughing.

FIVE TRIALS

Out of a total of sixty jurymen who have recorded their verdict in the five Paris trials, thirty-nine have declared their view that he is the murderer of little Sadie McAuley.

SAVED FROM AN OPERATION

"Fruit-a-tives" Completely Relieved Me

3928 Union St., Vancouver, B.C.
 "I suffered with all the symptoms of Female trouble, with chronic Constipation and constant Headaches. I had pains low down in the back and sides of the body. A doctor advised me to have an operation.

I started taking "Fruit-a-tives" and this medicine has completely relieved me of all my misery and suffering.

I am free of pain and headaches and the terrible Constipation, and what saved me is the fruit medicine, "Fruit-a-tives."

Madam M. J. GORSE.
 50c a box, 6 for \$2.50, trial size 25c.
 At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

while twenty-one have said he should be acquitted. This almost two to one expression of opinion unfavorable to the prisoner creates a situation of extreme difficulty for the Crown, but the fact that the jury poll on Tuesday evening showed the first clear majority—it was three to one—in the prisoner's favor, must also weigh with the authorities in deciding their future course. On one trial, the second, the jury was unanimous for conviction, but legal technicalities upset the verdict. On another, the fourth, the vote was ten to two for conviction, while the first and third juries stood seven for conviction and five for acquittal. The probability is that Paris will now be given his liberty, and unless he uses it to show where the guilt really lies, the case seems likely to remain one of the unsolved St. John murder mysteries.

Return To Normal Conditions In The Coal Industry

Ottawa, Oct. 4.—That the return towards normal conditions in the coal mining industry has commenced is apparent. The date indicates that the decline registered during the past months has been checked and that a fairly substantial gain has been made. In the month of June the total output of all grades from Canadian mines amounted to \$11,066 tons as against 720,530 tons in the preceding month or a gain of 13 per cent. Compared with the average for June during the three years 1919-20-21 the output amounted to 79 per cent of the record for these years. The total to date during 1922, the first six months, was 6,098,317 tons as against 7,017,898 tons, which was the average for the same period in 1919-20-21.

Imports from the United States increased 28 per cent over the amounts for the preceding month which in turn was only 59 per cent of the amount imported in April.

The exports have increased by 7 per cent over the record for May but still remain less than fifty per cent of the average for the month of June during the three preceding years. Regarding the coal made available for consumption, the record for June is seen to have closely approached that for April, and amounted to about 76 per cent more than the record for May. The figures are:

April—1,300,498 tons.
 May—1,065,708 tons.
 June—1,233,191 tons
 The coal made available for consumption in Canada during the calendar year to date amounted to 10,555,547 tons, or about 80 per cent of the average during the three year period in 1919-20-21.
 While the imports during June were considerably greater than the imports in the previous month, the whole Dominion received only about 12 per cent of its usual tonnage of anthracite and 36 per cent of the usual amount of bituminous. These conditions reflect the extent of the strike prevailing in the United States. The total quantity of coal brought in from the United States during the month amounted to 512,531 short tons as compared with 399,219 tons in May and as average importation of 1,722,058 tons in the same month in the three preceding years. The total importation of anthracite coal in June was 54,414 tons as compared with an average of 469,854 tons in the same month of the three preceding years. Of this amount Quebec received 14,623 tons during the month and central Ontario 33,790 tons.

FOREST FIRE CONDITIONS IN N. B. VERY DISQUIETING

Conditions in New Brunswick so far as forest fires are concerned are very disquieting. The woods never have been known in years to be so dry as they are now and conditions everywhere are favorable to serious fires.

Hunting parties through carelessness of fire are blamed for three fires which broke out on lands of the Continental Lumber Company on the River Charlo headwaters. Other fires are reported at Christopher Brook, on the International subdivision of the C. N. R., and two at Quelite Settlement, Restigouche County.

Two new fires on the Transcontinental line of the C. N. R. were reported, making a total of four. One fire is at Mile 27 between Moncton and Chipman and the other is at Mile 39 between Chipman and McGivney.

A tank train sent out from McGivney with a big crew fought two fires in this district. One at Mile 65 ran for a mile along the railroad burning off twenty telegraph poles, and covering a frontage of half a mile. The report to Acting Chief Forester L. S. Webb this evening from the Mayor of Campbellton was that the fire behind the Sugar Loaf Mountain, near that town, was being controlled.

The entire St. John Valley is filled with smoke, but it is believed to be from sections to the west. Both Maine and Quebec have severe fires. Rain will remedy conditions, but there is none in sight.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Food are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

OBITUARY

REV WILLIAM NICOLS
The Rev. William Nicols, Rector of Trinity Episcopal Church, Northport, died on September 15, after an illness of several months. At the time of his death he was in a New York hospital on sick leave granted by the vestry of the parish. The funeral services were held on Sunday, September 17th at the Church of Transfiguration, New York City.

William Nicols was born at Southampton England, on Oct. 1, 1863. He was educated at St. John's College, Hertspar Pont, England, receiving his degree in 1882. He left England for the Canadian Northwest where he completed his studies for the ministry at the Theological College at Winnipeg, Manitoba. Twenty-six years of work on the western prairies followed, of which seventeen were spent at St. Barnabas Church, Medicine Hat, Alberta. Owing to ill health he resigned from St. Barnabas in 1908 and was subsequently appointed Rector of the Parish of Newcastle, New Brunswick. He left there in 1910 for Port Mulgrave, Nova Scotia, and in 1912 resigned temporarily because of illness.

In 1913 he resumed work in Halifax as Chaplain of Immigration and in 1914 was transferred to Quebec for work among the departing Canadian troops, becoming Chaplain of the famous and ill fated Princess Pat regiment.

When immigration was closed on account of the war, he became Rector of the Parish of LeHave, Nova Scotia and in 1918 removed to New York where he was chaplain at the Seaman's Church Institute. About a year and a half ago he was called to Trinity Church Northport, New York.

During the early part of his pastorate in this village, William Nicols revealed himself as a Christian idealist, a devoted and faithful follower and preacher of The Christ. As was said of him in Trinity Church on Sunday morning to meet him and to talk with him was almost to get a glimpse of Jesus of Nazareth passing by. His ministry gave promise of great success until disease overtook him and impaired to a great degree not only his physical vigor but his mental vision.

For a long period of years in the Church, William Nicols fought a good fight and upheld the faith. One cannot doubt that he rests peacefully in the loving arms of the Master whom he worshipped and glorified.—Northport Journal.

ESTIMATES OF CROPS IN MARITIME PROVINCES

Heavier crops of potatoes than last year in Nova Scotia are to be expected according to estimates of the commercial production of fruit and vegetables in Canada made by the federal fruit branch of the Department of Agriculture which it is stated should fairly accurately represent the crops this year. The Maritime estimates are as follows:
New Brunswick—Apples, 25 per cent in excess of last year, or 41,250 barrels. Potatoes 60 per cent of last year or 9,715,200 bushels.
Prince Edward Island—Potatoes 75 per cent of 1921 or 4,474,500 bushels.
Nova Scotia—Apples 80 per cent 1921 or about 1,628,800 barrels. Potatoes, 110 per cent of last year or 7,055,400 bushels.

TIME OF MIRAMICHI FIRE
It has been pointed out that conditions are much drier than during last October and every precaution should be taken to prevent the spread of fires. The Great Miramichi Fire in 1825 occurred in October after a dry September. Hunters are asked to be exceptionally careful of fire when in the woods. An unextinguished cigarette or camp fire is bound to cause a forest fire which will spread very rapidly these hot windy days.

Crown Has Eight Witnesses Against Sir Montague Allan

Montreal, Oct. 5—Subpoenas were issued at the court house today for eight witnesses who will appear for the crown against Sir. H. Monague Allan, president of the defunct Merchants' Bank of Canada, when he faces trial on a charge of having negligently signed a return to the federal government which contained a false statement in connection with the bank's financial position. D. C. Macarow, former general manager of the Merchants' Bank, was recently acquitted of the charge of making the false statement. The date set for the hearing of the charge against Sir Montague is October 12.

GOVERNMENT MEETING
The meeting of the Provincial Government is expected to be held this week beginning on Wednesday at St. John where several delegations will be heard. Upon the day following the government will meet in Fredericton to attend to routine business.

Stiffness
It is astonishing how quickly Minard's Liniment relieves stiffness and lameness.
Gives Great Relief
Mrs. A. B. Colver, 26 Park Ave., Northport, Ont., writes: "My husband has used Minard's Liniment frequently, always with good results. Friends of mine use it for rheumatism and tell me that it gives great relief."
Mrs. Fred Johnson, Box 735, Thorold, Ont.—"I suffered very much with overage in my face last winter, was advised to try Minard's Liniment, and was relieved immediately after first application. I persevered in using it and it has entirely gone. This winter I can go out without tying up my face and give the credit to Minard's Liniment. Have told several people about Minard's, and others are using it."

TUESDAY, OCTOBER 10TH, 1922

THE SWIM CASE

A man named Doyle who claimed to be the official executioner of the Province of Quebec, was engaged to hang Bennie Swim, but the manner in which he performed the gruesome task proves him to have been a mere novice. The despatches say that Swim's body was cut down four minutes after the drop fell, but why the medical attendance in an official capacity permitted this to be done is a matter very difficult to understand. The condemned man was alive, but fortunately unconscious when taken down and when he began to show signs of returning animation he was borne to the scaffold and hanged over again. A second executioner who had been summoned as a precautionary measure took charge this time, and when the body was cut down after a lapse of nineteen minutes life was found to be extinct.

While there may be some who will be inclined to lay the blame for the bungled execution in connection with the execution of Swim at the door of the Sheriff of the County it is really the system that is to blame and not the Sheriff. The latter made every effort to find somebody who could carry out the supreme penalty of the law in a satisfactory manner, and finally selected a man recommended by the High Sheriff of Montreal. The man chosen fell down on the job, to put it plainly, and there is no help for it now. Steps should be promptly taken by the authorities, however, to prevent a similar fiasco from being enacted in this country in the future. Contrary to the general belief there is no public executioner in Canada, and the few men who have done this work in recent years have not been in the employ of the Department of Justice. There should be a public executioner and those convicted of a capital crime should be

railroaded to the penitentiary for the death penalty. The present system is a very bad one, and a statement by the Toronto Globe a short time ago that "it is a sort of hanging by piece work," is well exemplified in the case of Bennie Swim. It is to be sincerely hoped that the authorities at Ottawa will institute a reform at once and that there will be no more hanging by piece work.

Liquor Not
The Attraction

The Financial Post of Toronto says: In calling attention to the large number of American tourists entering Canada by motor car—over 617,000 cars crossed the border in the last calendar year, compared with only 92,000 in the previous year—the Wall Street Journal refers to "invigorating refreshments" as the magnet drawing visitors to this country.

The Wall Street Journal, which leaves the impression that American tourists coming to Canada are all "boozers" might be surprised to know that of the 617,000 motors crossing the border over 537,000 registered in Ontario, which has prohibition as compared with about 43,000 in the Province of Quebec and about 26,000 in British Columbia, the wet provinces.

American tourists come to Canada because of this country's attractive natural resorts, which are being made more readily accessible as the result of the building of better roads. Good roads are proving a good investment for all the provinces. The figures fail to give any indication that it is a beckoning Bacchus enticing tourists over the border or that our visitors come up with the sole idea of indulging in the cup that cheers.

Mother Says It
Saved Her
Life

"My mother is firmly convinced that Tanlac saved my life and I don't doubt myself but what that is true." This statement was given out for publication a few days ago, by Miss May Anderson, a popular young lady residing at 100 1/2 Argyle St., Halifax, Nova Scotia.

"About a year ago I caught a cold, which I neglected until I was forced to take to my bed where I had to remain for three weeks. When I got up I could hardly stand alone and would stay awake all night long coughing. I had no appetite and could not regain my strength. "I had my things ready and the time set to go to a sanitarium when my mother, who was almost frantic over my condition, brought me a bottle of Tanlac, and when the third bottle was gone I felt so much better I knew I was getting well. I was almost a skeleton when I started taking Tanlac, but now I am rounded out and feel as strong as I ever did. Tanlac made such a wonderful change in me that my friends could hardly believe I was the same one who had been so sick. My mother praises Tanlac to everybody on account of what it has done for me."

Tanlac is sold by all good druggists.

"Saturday Night" comes on Thursday next week.

ABRUPT HALT
IN CONFERENCE

(Continued from page 1)

Various explanations for the separation of the delegates are given in the rumors which quickly developed here. The one most generally credited relates to the evacuation of Thrace.

According to unofficial information, Ismet Pasha, the Nationalist representative, suddenly raised the question at the afternoon conference of the evacuation of Thrace. General Harrington replied that it would come after the conclusion of the peace treaty, as set forth in the joint Allied note.

Ismet Pasha insisted heatedly on an earlier evacuation, and it was found impossible to reach an agreement for the present on this important point.

General Mombelli, of Italy, supported General Harrington, but the French delegate, General Charpy, was non-committal. At this juncture, M. Franklin-Bouillon, the special French envoy, intervened declaring that he had been instructed by the French government to support the Turkish demand. The discussion grew very warm and the Allied generals adjourned to confer with the commissioners at Constantinople.

Both General Harrington and General Mombelli have asked for further instructions from their governments if these are received in time it is possible that the conference may be resumed at Mudania tomorrow afternoon.

Another report was current but accepted as only a partial explanation, that the stoppage of the conference sessions was due to the necessity of the Greek delegates referring all matters for decision to their government at Athens.

"Saturday Night" comes on Thursday next week.

BILL SHARON TAKES
THIRD PLACE

Lexington, Oct. 5—The thirty-fourth renewal of the Transylvania was won today by Peter the Brewer. The big victory of Peter the Brewer in winning the event, equalled the record of 2.02 1/4 for the stake set by Peter Manning in 1926. He was clearly the best and responded readily to the call of his driver, Nat Ray, when he was asked for the supreme effort in the stretch.

The consistent cripple, E. Colorado secured second money in trotting a good race while Bill Sharon, the Canadian bred trotter from the Murphy barn, was third.

SUCCEEDS MR STEVENS

Mr. S. A. Watters' many friends here and elsewhere will be pleased to learn that he has been appointed manager of the Fraser Co's. pulp mill, Dominion at Millbank in succession to Mr. Stevens, who has recently removed to Nova Scotia.

Mr. Watters is one of the rising young men of Chatham and has earned his promotion by sixteen years of faithful service in the Dominion mill where his ability has long been recognized. He is a son of the late Mr. A. W. and Mrs. Watters.

SALVATION ARMY

The Harvest Festival Thanksgiving Services were held in the hall on Sunday and Monday. The sale of vegetables was held on Monday evening.

HON. J. A. STEWARD
DIES AT MONTREAL

(Continued from page 1)

as a most useful member in the ranks of the government of the day. His work on the floor of the House and in committees won for him the admiration and esteem of the leaders of his party, and his ability was recognized when Rt. Hon. Arthur Meighen, in reorganizing his ministry in September, 1921, selected Mr. Stewart for the responsible portfolio of Minister of Railways and Canals.

Then, as now, one of the most important positions in the Cabinet. Hon. Mr. Stewart succeeded Hon. J. D. Reid on the latter's appointment to the Senate. In the general elections of December, 1921, Mr. Stewart retained his seat in Lanark when so many of his former fellow-members were going down to defeat throughout the Province.

Though in poor health for some time, the announcement a few weeks ago that the former Minister of Railways was seriously ill at Montreal came as something of a surprise to his friends. Mr. Stewart, it was stated, had gone to Montreal where his wife was ill and had been stricken by his illness while remaining in that city to be near her.

The late Mr. Stewart was a native of Perth, Ont., and was educated there and at Ottawa College and Osgoode Hall, where he took his LL. B. degree. He was a King's Counsel and head of the legal firm of Stewart, Hope and O'Donnell, Perth.

The former minister was connected with a number of successful business ventures; being President of Henry K. Wampole and Co. Ltd., The Andrew Jergens Company, Ltd., Perth Shoe Co., Ltd.; and also a Director of Frost and Wood, Ltd., farm implement manufacturers. He was prominent in the Canadian Order of Foresters having been High Chief Ranger of that order from 1904 to 1917.

The late Mr. Stewart was married in November, 1907, to Jessie Mabel, daughter of J. T. Henderson, of Perth, Ont.

WEDDINGS

HARPER—MacKINLEY

A very pretty wedding took place in St. Andrew's Presbyterian Church MacKinleyville, on Wednesday evening September 27th, at half past seven o'clock, in the presence of a large congregation, when Miss Leora eldest daughter of Mr. and Mrs. Victor MacKinley, and J. Weldon Harper were united in marriage by the Rev. W. McN. Matthews.

The bride wore a dress of ivory satin and radium lace and bridal veil, and carried a bouquet of pink asters and maiden hair fern. The bride was attended by her sister Miss Maude MacKinley, who wore white organdie over matze silk. The groom was supported by his brother Howard Harper. Little Miss Margaret MacKinley, cousin of the bride, was flower-girl and wore white voile with blue ribbon. She carried sweet peas and asters. Miss Ruby Bell played Lohengrin's wedding March and during the ceremony the choir sang "O Perfect Love" and "The Voice that Breathed O'er Eden". The ushers were Messrs. Bryce MacKinley and Myles MacGregor.

The groom's gift to the bride was a substantial bank account, to the bridesmaid a three piece set of French ivory; to the groomsmen, a set of gold cuff links; to the organist, a fountain pen and to the flower-girl a signet ring. The bride received many beautiful and useful presents, among them being one from her Sunday School Class, which she appreciated very much. She also received two cheques, one from the Congregation of St. Andrew's Church, of which she has been organist for the past seven years the other from the choir which she is a valued member. The Church was beautifully decorated with autumn leaves, potted plants and cut flowers the work of the Loyal True Blue Lodge of which both bride and groom are members.

After the ceremony they returned to the bride's home where tea was served to immediate friends and relatives. The happy couple motored to Newcastle and left on the south bound train for a short trip. Their many friends extend to them best wishes for their future happiness.

Many Troubles Come Through The Blood If Kept Rich and Red Good Health Will be Yours

Nearly all the common diseases are caused by bad blood, weak, watery blood poisoned by impurities. Bad blood is the cause of headaches and backaches, lumbago and rheumatism, debility and indigestion, neuralgia, sciatica and other nerve troubles. It is bad blood that causes disfiguring skin diseases like eczema, and salt rheum, pimples and eruptions. The severity of the trouble indicates how impure the blood is, and it goes always from bad to worse unless steps are promptly taken to enrich and purify the blood. There is no use trying a different medicine for each trouble, for they all come through the one cause—bad blood. In conditions of this kind Dr. Williams' Pink Pills have been found very beneficial, as they have a direct action on the blood, enriching and purifying it. That is why this medicine is so often successful, after other remedies have failed—they reach the root of the trouble in the blood. Mr. Albert E. Giffin, Mount Pleasant, P. E. I., tells what these pills did for him. He says:—"Some months ago I was in a badly run-down condition. My blood was poor, I had no appetite and my work left me completely tired out. I fell off in weight, was altogether in a miserable condition. I was taking medicine, but it was not doing me any good. At this stage a friend who had used Dr. Williams' Pink Pills with beneficial results, advised me to take them, and acting on his advice I did so. The result can be summed up in a few words: I took the pills for a little more than a month, when I can honestly say I never felt better in my life. I can now eat a hearty meal, do my work with comparative ease, and have gained in weight. I advise weak, run-down people to give these pills a fair trial."

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

There's Nothing to Compare with Zam-Buk

ZAM-BUK depends on costly herbal oils and extracts for its wonderful healing, soothing, and antiseptic power. Zam-Buk is not like ordinary ointments made from common or elementary formulae. Zam-Buk is a superb balm, prepared from a secret formula—the result of years of extensive and costly scientific research. It is pure and highly refined, and is guaranteed free from animal fats and the gritty metallic substances usually found in common ointments and salves. Wonderful Medicinal Activity.

Zam-Buk exerts its wonderful medicinal activity below the surface (where the germs of skin trouble really are) and quickly expels deep-seated and old-standing disease. For Eczema, Tetter, Salt Rheum, Ulcers, Piles, Ringworm, Poisoned Wounds, etc., Zam-Buk is marvelously successful. Also for Cuts, Bruises, Burns, Scalds and Sprains. Beware of worthless imitations. Get pure herbal Zam-Buk—The World's Greatest Skin-Remedy. 50c. box, 3 for \$1.25. All chemists or Zam-Buk Co., Toronto.

THE WORLD'S ANTISEPTIC HEALER

Sir Henry Thornton, New Head of C.N.R.

Ottawa, Oct. 4—Maj.-Gen. Sir Henry Worth Thornton, K. B. E., general manager of the Great Eastern Railway of England, is the new head of the Canadian National Railways. An order-in-council appointing him and the other members of the Board and formally creating the Canadian Northern and Grand Trunk lines into the Canadian National Railway system passed cabinet council today and was approved by the acting Governor-General this evening.

Sir Henry arrived in Ottawa this morning and final arrangements for his appointment were then made. He leaves again tomorrow for New York and will return almost at once to England to settle up his affairs there returning to Canada to take over the direction of the National system within about a month.

A contract was signed this afternoon, extending over three years, under which he is to be paid \$50,000 per annum. Clauses in the contract, it was stated, give protection of both the government and to the new president and general manager of the railway in the event of either side wishing to terminate the agreement before the end of three years. The resignations of the existing board of directors of the Grand Trunk system were accepted by the government today and the new board was appointed to administer the joint system. The board consists of the following in addition to Sir Henry, who is president of the system and chairman of the board of management.

John H. Sinclair, K. C., New Glasgow, former member of parliament for Antigonish

Richard P. Gough, of the firm of Sellers-Gough, Toronto and Montreal

James Stewart, of Winnipeg, former chairman of the Canada Wheat Board and now general manager of the Maple Leaf Milling Company.

Ernest R. Decary, ex-president of the Montreal Civic Committee, Montreal.

Frederick G. Dawson, wholesale merchant of Prince Rupert, B. C.

Tom Moore, president of the Canadian Trades and Labor Congress Ottawa, representing labor.

Graham A. Bell, Deputy Minister of Railways.

Gerald G. Ruel, general counsel.

The vice-presidents in charge of traffic and operation are to be appointed after the new general manager returns to Canada and has time to size up the situation.

The final steps in the appointment of the new Board were taken at this afternoon's meeting of the cabinet council. They contained some surprises, one in the fact that the man chosen as executive head of the system is one whose name has not been mentioned in any of the gossip which has been passed around for weeks past.

In announcing that the board had been appointed, the Prime Minister stated that the delay in making the appointments had been due to the inability to arrange for Sir Henry Thornton to come to Canada before now.

PARIS ACQUITTED FOR FIFTH TIME

St. John, N. B. Oct. 3—John Paris once more was snatched from beneath the shadows of the gallows tonight when the jury in his fifth trial for the murder of Sadie McAuley on August 2, 1921, failed, after being out for eight hours and twenty minutes, to reach an agreement. On motion of the Attorney General, Hon. J. P. Byrne, the poll of the jury was taken and showed that they stood nine for acquittal and three for conviction. The prisoner was remanded to jail to await the decision of the Attorney General as to the next move in the case which has made history in Canadian criminology.

The jury retired five minutes to three this afternoon and at 5.15 signified their readiness to return to the courtroom. They filed into their places and to the question of the clerk: "Gentlemen of the jury, have you reached a verdict?" J. Gordon Likely, the foreman, said: "Sir, we have disagreed." Chief Justice H. A. McKeown said that he was unable to accept a disagreement at present, that they would have to consider longer. He directed the jury that unless they could agree upon a verdict they need not trouble him until he notified them. As it was then apparent that the jury

would be out for some time. His Honor directed that supper be served to them.

At 7.20 the jury again signified their desire to be heard and the court reconvened at 7.45, again reporting a disagreement. They were sent back to continue their deliberations.

As no intimation had been given by the jury that they had agreed upon a verdict, the judge sent for them and they came into court at 11.15, again reporting a disagreement. The foreman said they stood nine for acquittal and three for conviction, and he was sure that there was no possibility of reaching a unanimous verdict. Four ballots had been taken and all had resulted alike. The judge said that he regretted that an agreement had not been reached. He thought under the circumstances that they might be discharged and with this the Attorney General agreed.

**Jury Stood Nine for Acquittal
And Three For Conviction**
Mr. Byrne said that there was a duty on the Crown to demand a poll. Upon its being taken he moved that the prisoner be remanded to jail. After expressing his thanks he discharged the jury and remanded the prisoner to jail. He adjourned the court until Thursday morning at 10 o'clock.

At the first trial before Mr. Justice Barry the jury disagreed, standing seven for conviction and five for acquittal. At the second trial before Mr. Justice Chandler an unanimous verdict of guilty was reached, but a new trial was granted on a technicality raised by the accused's counsel. At the third trial before Mr. Justice Barry the jury again disagreed, standing as in the first trial. At the fourth trial before Mr. Justice Chandler the jury disagreed, standing ten for conviction and two for acquittal. At the fifth trial before Chief Justice McKeown the jury disagreed, standing nine for acquittal to three for conviction.

Don't forget the Rummage Sale on Oct 12th in the Town Hall in Aid of the Miramichi Hospital.

The Maritime Sunday School Convention

The Maritime Sunday School Convention is to be held in Halifax October 17-19. Day sessions in the First Baptist Church and evening sessions in St. Matthew's, Presbyterian.

The speakers of the Convention will include Mr. A. M. Locker of the International Sunday School Council of Religious Education; Dr. Percy B. Hayward, Secretary of the Religious Education Council of Canada, and Rev. Frank Langford, General Secretary of the Methodist Board for Canada, as well as several Maritime speakers of the Province. Each school is entitled to one delegate. Entertainment will be the Harvard plan. Special rates will be granted by the railways, so all delegates should secure standard certificates when buying their tickets. Names of delegates should be sent to Mr. E. R. Hamilton 71 Summit Street, Halifax, N. S.

Could Not Eat

Constipation is caused by a torpid condition of the liver. Dosing with salts, castor oil, etc., to move the bowels, cannot afford more than temporary relief.

If you are to rid yourself of this ailment and the scores of annoying symptoms and diseases which come in its wake, it is necessary to get the liver right by such treatment as is suggested in this letter:

Mrs. Alvin Richards, R. R. No. 1, Seecley's Bay, Ont., writes: "For two years I was afflicted with indigestion, and in the morning when I got up my breath was bad. I had a poor appetite, and just felt like eating certain foods. I used many different medicines as a laxative without benefit, and the doctor's medicine did not help me at all. Finally I tried Dr. Chase's Kidney-Liver Pills, and found them better than anything I had ever tried. I can highly recommend them to anyone troubled with constipation or kidney troubles."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

U.S. RAILROADS UNABLE TO HANDLE GRAIN EXPORTS

New York, Oct. 4—The Wall Street Journal publishes a special despatch from Buffalo reporting that diversion of export grain through Canada is being forced by inability of railroads to handle this year's crop by the normal route through the Great Lakes to Buffalo and then to seaboard by barge or rail. About seven hundred cars a day are normally used in this movement at this season. In the week beginning September 25, the railroads were able to place only 150 to 200 cars at the elevators each day with the result that elevators here are about filled. The lake fleet is being delayed in unloading but elevators have been able to handle between 1,000,000 and 1,500,000 bushels a day.

Recall Election In St. John To Be Held Nov. 13th

The petition for the recall of Mayor McLellan was reported to the common council Wednesday as being in order and complying with the act. The council thereupon fixed upon Monday, November 13, as the date for the recall election.

If YOU could Visit our Mills—

VISITORS to the Quaker Mills no longer marvel at the exclusive flavour, texture and goodness of all things baked with Quaker Flour. They see for themselves the infinite care with which Canada's finest wheat is treated from the berry to the sack.

They see how thoroughly the grain is selected and cleaned—how gradually and finely it is milled—to produce a perfect flour. They see how Quaker Quality is ever maintained, by constant vigilance and hourly tests in the process of milling—by an actual baking of bread from each day's flour. Quaker Flour must bake up to the Quaker standard before it can leave the Quaker Mill.

They realize why no other flour can equal "Quaker." Try it for your next baking.

No Blame Attached In Death Of Edgar Smith

Fredericton, N. B. Oct. 4—Coroner D. W. Ross empanelled a jury here tonight to inquire into the death of J. Edgar Smith, who was fatally injured at 1.30 this afternoon when run over by a motor car owned and driven by James Warnock, of Mill-

town, N. B. The witnesses examined were John King, Dr. W. H. Irvine, Mr. and Mrs. James Warnock, Thos. Lee and Mrs. Thos. Lee and Miss Annie Lee, of St. Stephen, who were occupants of the motor car. The evidence showed that the victim of the accident attempted to cut the corner turning into Brunswick street, and apparently becoming confused, trying to turn to the left to avoid the collision. The car was travelling slowly. The windshield was broken by one of Mr.

Smith's arms. After being thrown upon the hood, he fell to the street, and the car stopped without going over him, he and the bicycle being thrown between the wheels. The jury, through its foreman, Alex. Murray, brought in a verdict of death by accident, with no blame attaching to the driver of the car.

An Old Sign but a New Gasoline

—Unusually Quick Starting
—Full of Power and Mileage
—Costs you Less

The new Imperial Premier Gasoline, now on sale everywhere in the Maritime Provinces, possesses all the qualities which you would try to incorporate in gasoline if you were making it yourself.

QUICK STARTING:
The new Imperial Premier vaporizes easily and completely in any type of motor insuring easy, speedy starting in any weather. In this respect it even excels our Queen Gasoline—a special fuel for lighting plants—which some engine owners have been using although it was never altogether suited for power purposes.

POWERFUL:
The new Imperial Premier Gasoline burns clean to the last drop and furnishes sustained power throughout the full length of the piston stroke, thus enabling your motor to deliver its full rated horse power at all times.

ECONOMICAL:
The new Imperial Premier Gasoline will carry your car or drive your motor boat at the least possible cost per mile. Every gallon of this new

gasoline goes farther because there are no wasted "heavy ends" which cannot be utilized by your motor.

COSTS LESS:
The new Imperial Premier Gasoline costs from 3 to 5 cents per gallon less than other gasolines which have commanded higher prices chiefly on the basis of their quick-starting quality though they have lacked many other essentials of a perfect motor fuel.

Owing to the fact we can now offer you this better motor fuel for less money we will no longer make or sell any other brand of gasoline for power purposes.

MAKE THIS TEST:
If you will have your carburetor adjusted to the new Imperial Premier Gasoline and insist on getting it every time you can run your car on a lean economical mixture with perfect satisfaction and further reduce fuel costs.

Remember—This new gasoline is made in the Maritime Provinces by local workmen. Available wherever you see the Red Ball Sign.

NEW ZEALAND IS READY TO DO HER PART IN NEAR EAST

London, Oct. 3—Premier W. F. Massey, of New Zealand, says a Reuter despatch from Wellington in addressing a country electorate, said "It is very disappointing to us all to realize that, while we are still troubled by the aftermath of the Great War we may be called upon again to do our duty to our country and empire, but if clash comes, I know I am right in saying the people of New Zealand will stand up to it and do their duty and take the consequences, whatever they may be. The future is in the hands of Providence, All we can do is to leave it there, and hope for the best."

Found Guilty Of Manslaughter For Killing Her Child

Hamilton, Ont., Oct. 3—Elsie Beaver, Brantford, was found guilty by a jury this morning of manslaughter in connection with the death of her infant child. The body was found in a valise shortly after its birth and an autopsy showed that paper had been stuffed into the throat of the child and that this was the cause of its death. Sentence will be passed tomorrow.

St. John-Digby Steamer Off Rocks

St. John, Oct. 3—The C. P. R. steamer Empress, running on the St. John-Digby route, which went ashore on the rocks near St. John on Friday evening last, was taken off at ten o'clock tonight. During the day the rock on which she rested amidships had been blasted away while the tide was out. The steamer was brought to St. John and appears to be little the worse for her experience.

Suit Is Dismissed

The suit of the King vs. Nashwaak Pulp & Paper Co., Ltd. for damage done the roadbed of the Fredericton-Newcastle sub-division of the C. N. R. by the Nashwaak River above Marysville, has been dismissed.

This case was tried in Fredericton in July before His Lordship Judge Audet of the exchequer court of Canada and occupied four days and one night session. Counsel for the crown were P. J. Hughes, of Fredericton and Raleigh Trites, of Moncton, and for the defendant company W. H. Harrison, of St. John, and J. J. P. Winslow, of Fredericton.

The suit arose out of the wreck of a freight train which ran into the Nashwaak River because of the washing away of an approach of the bridge above Marysville. John Estabrooks, of Fredericton, and Frank Childs of Newcastle, lost their lives. The suit was \$25,000.

CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. **HALL'S CATARRH** is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. **HALL'S CATARRH MEDICINE** acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.
Circulars free. All Druggists.
F. J. Cheney & Co., Toledo, Ohio.

A New Record At Dalhousie

Hallifax, Oct. 5—Expectations that the registration at Dalhousie University would exceed all previous years were more than realized when the regular registration period came to a close last night.

Six hundred and eighty six students were enrolled for the various courses of study as compared with six hundred and twenty five at the end of the second day last year.

Indications are that the total attendance will reach close to seven hundred and fifty by the time all of the late comers have arrived which will give an increase of about fifty over the final registration of the 1921-22 session.

Good home-made bread is the finest food on earth—the one food that everybody eats—that everybody likes—and that agrees with everybody.

Keep Lumber At Home

Oriental Countries Exhausting American Supply

"Home owning has always been an American ideal. One reason so many Americans have been able to realize that ideal has been the abundance of and cheapness of building material. Houses built of costly material must belong to the few who have wealth or to the landlords." "From 1870 to 1900 Michigan was producing more lumber than any other state. Cheap lumber and low freight rates made Michigan a state of home owners. But the policy of slashing timber and not replacing it chased the lumber producing area across the continent, and today Michigan is paying more for freight on lumber than the lumber costs where it is cut.

"Meanwhile the last great timber stand in the United States is on the Pacific Coast. But the experience of rising pricing of lumber and declining number of home owners seems to teach us nothing. We still proceed upon the theory that the trees grew because Providence wanted certain lumbermen to make a fortune. Accordingly it is perfectly proper for said lumbermen to cut the trees and market the lumber in the way best intended to make their fortunes quickly.

"Just now the Japanese seem to be the instruments adapted to carry out this purpose. They like lumber and they are buying the best American grades. Statistics furnished by the National Lumber Manufacturers' Association Information Bureau say: During the first three months of 1922, the Japanese took 119,000,000 feet of lumber from the State of Washington, and 54,271,000 feet from Oregon. China also is coming to the front as a buyer of American lumber."

"There is much talk of a forestry policy. In the immediate interests of home building we need much more a lumber policy which will keep for the use of the American people the rapidly failing supply of timber. It is time to forbid sending the best of our lumber to Asia while our people are compelled to pay exorbitant prices for the culls."

SCOTTISH CURLERS TO COME TO ST. JOHN

Bonspiel to be Held Here Next Winter

A bonspiel here this winter, at which teams from the different New Brunswick clubs will compete against the Scotch curlers who will tour Canada under the auspices of the Royal Caledonian Curling Association, is scheduled under the tentative programme prepared by J. Bruce Stewart, Montreal, general secretary for Canada, according to advice given by Mr. Stewart to J. A. Sinclair, president of the N. B. branch of the Royal Caledonia Association. There is no foundation for the report that the bonspiel would be held in Fredericton Mr. Sinclair was informed.

In a conference with Secretary Stewart, at Montreal, Mr. Sinclair had it arranged that should the Scotch curlers land at Halifax they will be routed here after playing in Nova Scotia; should they land at St. John they will play here before proceeding to Halifax.

Provincial curlers, at a meeting last winter, agreed on a bonspiel

TIRED AND RUN DOWN

Lydia E. Pinkham's Vegetable Compound Helped Where Other Medicines Failed

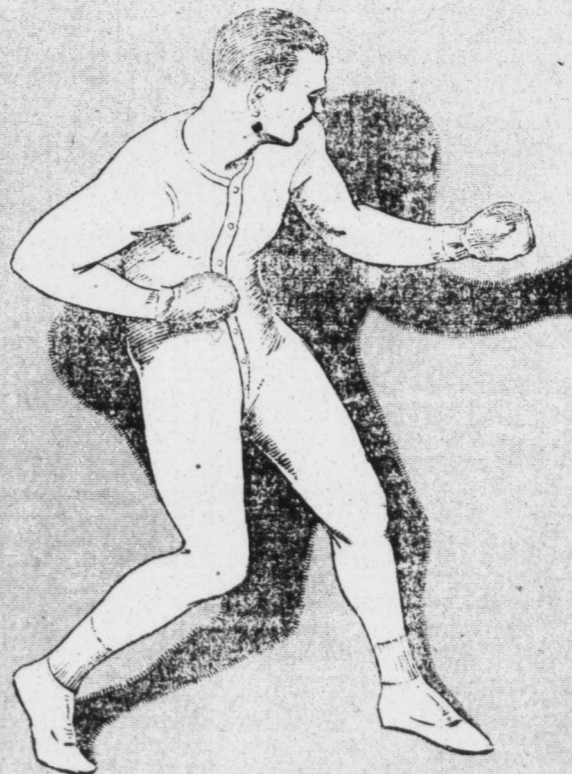

Vancouver, B. C.—"I took Lydia E. Pinkham's Vegetable Compound because I was tired and run down. I had headaches and no appetite and was troubled for two years with sleeplessness. I tried many medicines but nothing did me any real good. While I was living in Washington I was recommended by a friend to take the Vegetable Compound. I am stronger and feel fine since then and am able to do my housework. I am willing for you to use these facts as a testimonial."—Mrs. J. C. GREAVES, 771 Hornby St., Vancouver, British Columbia.

Many women keep about their work when it is a great effort because the work must be done. Lydia E. Pinkham's Vegetable Compound has brought relief to thousands of tired housewives by removing the troubles which cause annoying symptoms.

If you are suffering from nervousness, headache and backache, pains in right or left side, tired and run-down feelings, take Lydia E. Pinkham's Vegetable Compound.

Just bear in mind this medicine has been used by women for nearly fifty years. That is a long record of service, and stands upon the foundation of merit.

here in order to enable the province to get on the itinerary of the visiting Scotch curlers. St. John has the desired ice surface.

THE PARIS CASE
Attorney General, Hon. J. P. Byrne has not yet announced his decision in the Paris murder case.

NO FOREST FIRES
The recent rains have greatly improved the forest fire situation. The Forestry Division has received no reports of fires in the province.

CONFERENCE HELD
A conference of District Medical Health Officers and other officials connected with the Department of Health and the Chief Health Officer, Dr. G. C. Melvin was completed Friday evening.

ANNUAL FAIR
The fourth annual fair, held under the auspices of the Soldiers' Memorial Hospital Aid, at Campbellton, closed on Friday of last week after three days' operations, and was a decided success, the handsome sum of \$4,477 being realized.

A NEW HOME FOR KELLY FAMILY
Mr. John Redfern of the Workmen's Compensation Board left town yesterday for Kouchibouguac to look into the construction of a temporary hospital there, in which the Kelly family, who are smitten with typhoid fever, will be cared for. Some of the patients are now convalescent but the four nurses are still in attendance and it will be some time yet before the disease will be stamped out. Mr. Kelly is entitled to a pension from the Workmen's Compensation Board, and arrangements are being made, whereby an advance of \$500.00 will be made, and utilized for the purpose of building a new home for the Kelly family. The present buildings will all be destroyed and the new building will be constructed with proper sanitation facilities, which will be superintended by Mr. Redfern.

ROBBING THE MAILS CASE COMES UP IN CAMPBELLTON
Campbellton, N. B., Oct. 6.—Patrick Doyle, laborer, and Reuben Dickie, an employee of the post office in Campbellton, were arrested Thursday and brought before Magistrate MacDonald, charged with being concerned in the post office robbery at Campbellton on Sunday. The registered mails at Campbellton were robbed on Sunday and the amount of money involved is said to be large. It is contended that one of the missing packages contained \$500. After the discovery of the robbery on Sunday, W. F. Griffiths, of the district superintendent's office in St. John, was sent to investigate. As the result of his investigation the arrests were made on Thursday, and Doyle and Dickie appeared before the magistrate.

Doyle was sent up for trial at the next session of the court and the preliminary hearing in Dickie's case begins today. Dickie has been employed in the Campbellton post office for a number of years.

W R ROBINSON MEMORIAL BUILDING
The membership of the Ludlow street Baptist Sunday School St. John has been increasing so rapidly that more accommodation is an imperative need. The members are considering the possibility of raising funds to build an addition to the present quarters. The church is also hampered in its work for young people by the lack of a gymnasium and recreational facilities. The Sunday school membership is now 400 exclusive of the home department and cradle roll enrollment. While plans for building have not yet taken any definite shape the scholars have already started on a campaign to raise funds for a new building. On Sunday, after the regular session of the school, a meeting of teachers and officers was held with the superintendent, R. H. Parsons, presiding and the plan to work for an addition to the present building was heartily approved. Following the suggestion of R. J. Rupert and seconded by the honorary superintendent, Deacon John F. Ring, the meeting decided to recommend to the church board that at such a time as the new school building should be erected it should be named the W. R. Robinson memorial building.

The suggestion was unanimously agreed to, it being felt that by giving that name to the building it would be a lasting memorial to the late pastor of the church, Rev. W. R. Robinson, and an appreciation of his work for the childhood of the congregation and of the city. The Rev. W. R. Robinson is a Newcastle boy, son of the late John and Margaret Robinson.

VITAMINES
precious health-building elements are essential factors of growth to every child.
Scott's Emulsion
is the food- tonic of special value to children. It is rich in vitamins—builds health and promotes growth!
Scott & Bowne, Toronto, Ont.

COUNTY COURT
The Northumberland County Court opens on Tuesday the 17th, inst. There are five or more cases on the docket. They are all civil cases.

BORN
At the Maternity Hospital, Concord N. H. on Sept. 28th, to Mr. and Mrs. W. B. Ormsbee (nee Minnie MacMurray,) a son, Robert Carson.

LOGS SOLD
400 Pieces of Unmarked and Prized Logs, rafted in the North-West Boom during this season was sold this afternoon at 3 o'clock by Public Auction in front of the Post Office by J. R. Lawlor to Mr. Cyril Creaghan for \$90.

BOAT INSPECTION
C. E. Dalton and W. V. Dunnett, steamboat inspectors were here last Thursday making their annual inspection of boats on the Miramichi.

OYSTERS PLENTIFUL
Large quantities of oysters are being brought up from down river points. The Str. Alexandra brought 315 barrels one day, which is a record load.

TOOK EXAMS
Walter L. Maltby of Plaster Rock formerly of Newcastle was in Fredericton last week taking the examinations under the provisions of the N. B. Sealers Act.

THE VENO'S
Wilfred Veno, Chatham, left Saturday for New Haven, Conn., where he will remain for the winter. He will again be a member of the West-ministers, U. S. hockey champions. His brother "Shorty" is also a member of the team this year.

ON STAFF TOUR
Lt. Col. Cuthbert Donald and Capt. W. H. Teed represented the North Shore regiment on the staff tour between Amherst and Moncton which was carried out last week.

LEFT FOR HALIFAX
Mr. Jack Nicholson of Newcastle who has been in the law office of McDade and Barry, during the summer months left Monday for Halifax, to complete his final year in law at Dalhousie Law School.

GUESSING CONTEST
The Maritime Produce Co. have a barrel of No. 1 Gravenstein Apples shown in their window, which will be given to the person guessing the nearest number of apples in the barrel. The price of each guess is 10 cents and the proceeds will be handed over to the Miramichi Hospital Aid. The contest closes on Saturday, 14th inst.

Healthy Children Always Sleep Well
The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion, and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the newborn babe with perfect safety. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co. Brockville, Ont.

UNCLE TOMS CABIN COMING
Ask the oldest inhabitant the first play he ever witnessed and he will invariably say Uncle Tom's Cabin. Palmer's spectacular production of Harriet Beecher Stowes famous novel of southern life "Uncle Tom's Cabin" will be given at the Opera House, Newcastle, on Thursday evening next October 12th in all its old time splendour. The part of George Harris the runaway slave is taken by the well known American John E. Kane. Lawyer Marks is played by Wm Reap who created the original part many years ago in New York. Chas. H. Langstaff makes a ferocious Simon Legree, the terror of the Red River. The part of Uncle Tom is taken by Gerald Spence the southern dialect actor having played the same role for many years. Gaby Vera takes the part of Little Eva, the angel child, Francis Lindley as Topsey and Fanny Kane as Ophelia etc. Don't fail to take the children to see Uncle Tom on Thursday evening.

"Saturday Night" comes on Thursday next week.

FALSE FIRE ALARM
The Firemen were given a run for nothing last Saturday evening about 7 o'clock. The cause of the alarm was a bonfire in the backyard of Mr. A. Astles, Radio Street.

LIVING ON OTHERS
The winter is approaching, there will be the usual appeals made to help people to get through it, and in a great many cases the appeals will have proper and reasonable grounds. Misfortune, illness, and various other unavoidable causes always cause more or less necessity for assistance. There is, however, one class of which one often has complaints and that is the one which considers "the world owes it a living." They, the people belonging to this class imagine so, why it is impossible to say, for as a matter of fact the world would be a great deal better off if they were dead.

The point of this is emphasized by a despatch to The Toronto Globe from Hamilton which says that fruit growers have found great difficulty in finding steady fruit pickers. Most of these pickers, it is stated, will quit their jobs just as soon as they have earned two or three days' pay and go home.

One grower had two men who left in three days, and when he told them that he thought they should be glad to have steady work for a few weeks, especially with winter approaching, the men replied that they "should worry about next winter." These two men are said to have lived on the bounty of local taxpayers during all of last winter.

It is just such cases as this which shut up people's pocketbooks when assistance is asked for winter help. There ought to be some method by which such men should be known and prevented from living on others.

"Saturday Night" comes on Thursday next week.

"The Call of the North" At Empress Wednesday

JACK HOLT, besides appearing in his first Paramount star picture, had also the honor of breaking virgin soil for location scenes at Mammoth Mountain, California, fifty miles north of Bishop. The picture is "The Call of the North" and a re-production of a Hudson Bay Trading post was constructed in the heart of the mountains, on the shores of one of the many beautiful lakes which abound.

The mountains form a background of eternal snows and are lofty. The country is almost primitive, though a hotel is located where the company made its headquarters. Many Indians were employed as extras, while two specially trained Indian Actors, Chief Lighthart and Big Tree, the latter a full blooded Seneca, took part in some of the scenes. Madge Bellamy has the feminine lead and Noah Beery, former Paramount character favorite, Francis McDonald, Jack Herbert and others are seen in good roles. The picture will be shown at the Empress Theatre next Wednesday. Joseph Henabery was the director. Two weeks were spent on location. "The Call of the North" is from the George Broadhurst play of the same name and Stewart Edward White's novel, "Conjuror's House" adapted for the screen by Jack Cunningham. It is described as a virile, gripping and dramatic story of the Far North, with an intensive love interest.
