EARL GREY, PHOTOGRAPHER

Elected to Honorary Membership in Toronto Camera Club.

At the most largely attended annual meeting of the Toronto Camera Club last night His Excellency Earl Grey, who takes an intelligent and enthusiastic interest in camera craft, was elected an honorary member. At each meeting of the members it is their custom to elect some person prominent in photography to the honor roll of the club. The election must be unanimous, according to the constitution, and in this case it was more, it was enthusiastic.

The auditors' report, showing the club to be in an excellent financial position, with a balance on hand of \$258.88, and assets of \$677.44, was read and adopted.

The election of officers for the year resulted as follows: President, W. J. Watson; 1st vice-president, R. C. Harris; 2nd vice-president, J. H. Ames; secretary, Messrs. A. H. Freemantle, Dr. E. E. King and W. M. Moss; secretary-treasurer, Hugh Neilson.

A sympathetic resolution was voted to Past President R. D. Stovel, who has been ill for several weeks, and who was unable to be present at the meeting.

Votes of thanks were accorded Messrs. Moss and F. A. Woodward for donations of apparatus to the club during the year.

STUDENT DISAPPEARS.

P. A. Shannon, Mentally Deranged, Then Over-Strained.

Ottawa, Nov. 5.—(Special).—P. A. Shannon of Halton, Ont., is in the city looking for his son Thomas, who disappeared Thursday morning.

The boy, who was attending Ottawa College, was 18 years of age and is believed to have wandered away when mentally unhinged thru overstudy.

He was of a quiet, studious disposition and this is the only reason for his disappearance which can be assigned. He was last seen in Hull Thursday morning. He is about five feet four inches in height, with black hair, grey eyes and a thin face, and wore a black overcoat, grey striped coat and a grey cloth cap.

STOMACH TROUBLES

To wrong action of the stomach and impaired digestion a host of diseases owe their origin.

When the food is imperfectly digested the fullness is not derived from it by the body, and then stomach troubles start to appear.

Thus you become thin, weak, nervous and debilitated, energy is lacking, brightness, snap and vigor are lost and in their place some dullness, listlessness, loss of appetite, depression and languor. The great point is to get the stomach back into good shape again so it can properly digest the food, and the easiest, quickest and best way to do it is by the use of

BURDOCK BLOOD BITTERS

Miss Lizzie Furlotte, Jacquet River, N.B., writes: "I was very much troubled with my stomach and did not know what to do. I consulted several doctors, got medicine from them, but all to no purpose, and was constantly growing worse. One day I had the good luck to meet with a friend who had been troubled in the same way as myself. My friend told me of the wonderful cure Burdock Blood Bitters had made with her and advised me to try a bottle. I did so, and what a happy change the first bottle made. I took two more and am completely cured, and I shall ever sing the praises of B.B.B."

HAMILTON HAPPENINGS

HEALTH BOARD BANISHES COW BYRES FROM LIMITS

Important Amendments to City Bylaw—October Death Rate Abnormally High.

Hamilton, Nov. 5.—(Special).—The board of health this evening decided to make several important amendments to the health bylaw banishing slaughtering houses, cow byres and the like from the city limits.

An increase of 50c a day was voted to the scavengers.

A resolution was passed instructing Dr. Roberts, the medical health officer, to that fever patients were not discharged from the City Hospital without his consent.

He was also given instructions to see that George Stroud discontinued his hide business at the corner of Park and Market-streets.

The coal oil meter matter was left over until the provincial board takes action.

The number of deaths for October was abnormally high, being 193. Six of these were caused by typhoid fever, and six by consumption.

The markets committee, at its session this evening, appointed J. Atkinson as clerk at the weight scales. It was agreed to get another man to help George Daw operate the elevator in the city hall. The elevator will be given four hours work a day at 18 cents an hour.

The inquest on the death of George Perkins, the man fatally injured in the gas explosion in the T. H. B. shops, was adjourned for two weeks this evening in order to secure the testimony of J. H. Collins, the other man injured.

The new Orange Hall on James-street was opened this evening by a ball given by the Ladies' O. B. A. and Orange Y.B.C.

The separate school board has appointed C. G. Bird to check the tax collectors' rolls, with the assessment for the past six years, to see if the board has got all that is coming to it.

The McFarlane Charges.

The fire and water committee will hold an investigation Wednesday, and the charges made by James McFarlane against City Engineer Barrow.

The Manufacturers' Gas Company has decided to pay more than \$20 for the privilege of leaving its pipes in the middle of the county roadways. The county council is insisting upon double that amount.

George Stoddard is the only Hamilton conductor let out by the G.T.R. so far, but two others are said to have received similar notices.

John Milne a Candidate.

John Milne's name will be brought before the Conservatives as a candidate for the seat of Hamilton, and strong efforts will be made to get him to run.

The workmen of East Hamilton have called a meeting Thursday evening to nominate a labor candidate for the legislature.

Burglars robbed the store of H. Levitt, 7, Beckett-street, last night, and got away with several beaver coats.

See Billy Carroll's pipes to-day at the Grand Opera House, 100 Dundas-st. The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 a.m.; daily, 25c a month; Sunday, 50c a month. Hamilton office, Royal Hotel Building, Phone 965.

EXPLAINED.

Why B. C. Amalgamated Coal Is Not Known to Government.

Editor World: In your issue of Nov. 5 I notice an article entitled "Government's Warning Against Coal Floation."

I am just in receipt of a letter from our S. Andrew Hartman, 70 State-street, Boston, Mass., which I think will explain this matter. It is as follows:

"Mr. Olin Hill of Providence, E. I., some time ago wrote to Victoria, B. C., and received a reply from the government there to the effect that no such company as the British Columbia Amalgamated Coal Company had been registered there, and there were no records that they owned or controlled any government leases on coal land in Nicola, etc. Of course we could not be registered for the reason we have not registered our company in British Columbia, and before that is done we cannot have our deeds and bill of sale recorded or filed, but as I have stated to you before, the original owners of the coal lands have transferred and assigned a quit claim of their title and interest to the B. C. Amalgamated Coal Company, and these quit claims of assignments are in the hands of our secretary, A. B. Crossman, and will be filed and put on record in Victoria as soon as the company is registered there. The registration will cost us about \$3000, and that is the reason why we have not already done so, but this will be attended to this fall, because we shall have to be registered under the laws of the Province of British Columbia before we can do business in the name of the company in that province."

Owen J. B. Yearseley.

TOO ANXIOUS.

There were quite a number of enquiries by telephone last night for the result of the N. Y. State election. It's to-day.

SWAIN WOULD KILL.

Peterboro, Nov. 5.—(Special).—Thos. Weller, a young Englishman, was today sentenced to thirty days in jail. He has been paying his addresses to Miss Annie Coe of this city, but the girl, desiring to get rid of him, went to the residence of her uncle, Mr. Wright, near Larkfield.

SMITHS THREATEN STRIKE

Dozen or So Small Shops to Be Forced to Shorten Days' Work.

There will be a strike among the local horseshoers to-morrow unless certain of the smaller shops accept a new agreement for a 3-hour day. This decision was arrived at in a mass meeting of horseshoers held in the Labor Temple last night. The men are asking for no increase in wages over the rates specified in the agreement of last year, viz. 12 1/2 cents per hour for floor men and 15 cents for blacksmiths.

It is claimed that all of the larger shops, numbering about 20, have already agreed to the shorter day, having signed since the first appeal was made about a month ago, but there are still about 12 small shops employing in the neighborhood of 20 men upon which pressure will be brought to bear. These are given until to-morrow, when, if they haven't come to terms, the men will be taken out and put into "fair" shops.

The men were inclined, last night, to look upon the situation confidently as the busy season is just opening up, and there is said to be a big demand for men.

TOO MUCH WHISKEY KILLS.

Peculiar Death of a Leader in the Italian Colony.

As a result of what is said to have been a whiskey drinking contest, Carmine Angelo Mucello, was buried in St. Michael's Cemetery on Thursday last.

The drinking took place in a St. Andrew's Market place last Wednesday. Four fruit pedlars and the deceased undertook to find out who could consume the "largest" quantity of liquor. Mucello got away with five bottles, and fell over and died.

Mucello, who lived at 322 West Adelaide-street, was president and chairman of the Italian Fruit and Vegetable Company. The company had \$5000 in the good, deposited in Mucello's name.

Michael Basso, has been asked to straighten out the matter with the police who will look after the other.

Mucello was a leader in the Italian fruit colony, having introduced the handcart system of selling, and got the dealers together in importing fruit in quantities at cheaper rates. He is reputed to have made about \$10,000.

The gathering which started drinking had been called to discuss a plan for a bigger importation, than usual.

MINISTERS MEET.

Disunionist Associations Getting Down to Winter's Gatherings.

At the Presbyterian Ministerial Association yesterday morning Rev. L. H. Gordon spoke briefly on the outlook for the progress of the true religion in Japan, which he regarded as most encouraging.

At the Baptist Ministerial Association Rev. Dr. Sowerby gave an address on "Spiritualism, Witchcraft and Demonology." The miracles recorded as being accomplished in ancient days were supernatural, while those of modern times were the result of trickery and sleight-of-hand methods.

Rev. W. H. Hincks, at the meeting of the Toronto Methodist Ministerial Association, gave a short resume of the changes in the discipline and church laws recently enacted at Montreal. Four only out of the forty Methodist ministers in the city were present at the recent conference, and Mr. Thompson's recommendation that a line of breakwater be extended out into the bay from a point about opposite the foot of Parliament-street, and that the stretch of water between this piling and the present one at the foot of Cherry-street be filled in, was endorsed as a means of providing many additional acres of factory sites and of offering shipping facilities.

CONTROLLERS VISIT MARSH.

Support Commissioner's Suggestions Except in One Case.

Almost entire approval of the recommendation of the commissioner of industries with regard to the steps suggested to convert Asbridge's Marsh into a site for factories, was the outcome of the visit to the locality made by the mayor and Controller Shaw, John and Hubbard, and Mr. Thompson, yesterday.

The one point of difference related to the proposal to have Keating's island to the south, thru that portion of the marsh land immediately north of Simcoe Park. The mayor and controller thought that the closing of the former cut would prove a great inconvenience to those using it for navigation, and that a new bridge suitable for railway tracks could replace the present swing bridge.

Mr. Thompson's recommendation that a line of breakwater be extended out into the bay from a point about opposite the foot of Parliament-street, and that the stretch of water between this piling and the present one at the foot of Cherry-street be filled in, was endorsed as a means of providing many additional acres of factory sites and of offering shipping facilities.

REPEALING BUILDING BYLAWS BOARD OF TRADE LEAD

Will Confer With Other Bodies Interested and Report Back to City.

The organizations of the city interested in opposing certain regulations in the new building bylaw, a draft form of which was submitted by the city architect to the fire and light committee yesterday afternoon, will have the opportunity to discuss the changes made and to get together for the making of representations as to amendments desired.

Manager Orr asked that the exhibition buildings to be erected be made exempt from the general regulations of the bylaw, which would class them as factories. Regulations call for a 14-inch wall, with a thickness of 8 inches was sufficient, as shown in the recent fire, the wall of the old transportation building remaining standing while the rest of the structure had fallen in.

President Howland of the board of trade complained that it was difficult in reading the bylaw to get at the matter required, regulations governing warehouses and dwellings being mixed indiscriminately. He objected to the arbitrary powers as to deciding whether buildings conformed to the regulations vested in the superintendent of buildings and suggested an advisory committee.

The board of trade will get in touch with the other organizations and present recommendations in concrete form, and the department of architecture, including Edmund Burke, president of the Ontario Association of Architects, S. Frank Wickson, George Gouinlock and Grant Hewitt, also J. F. Hynes and J. C. B. Horwood, collected much information, but desires to have the views of the inspectors about the special conditions met with.

PORTER ALE LAGER

NOTED FOR PURITY & BRILLIANT UNIFORMITY

REPS. NOT SO CONFIDENT

Continued From Page 1.

vote to more than offset the Democratic plurality in Greater New York, but this year up-state can hardly be described as pitted against the metropolis.

The most acute of the political observers are reserving their opinion until some definite idea can be gathered from the early voting to-morrow. NEVER BEFORE, IT IS CONCEDED, HAS THERE BEEN GREATER DANGER TO THE REPUTATION OF THE CAREFUL PROPHET IN MAKING ANY POSITIVE PREDICTION ON THE NIGHT BEFORE ELECTION.

The final word of each standard bearer tonight was a promise to his supporters of a great victory.

ST. PAUL MAY GET GOVERNOR.

St. Paul, Minn., Nov. 5.—Governor John A. Johnson, Democrat, expressed confidence in his re-election. It is generally conceded that the Republicans will have a plurality of 50,000 on all other state offices. The Republicans admit that their candidate for governor will run far behind the ticket, but maintain that he will win by about 10,000 plurality.

BOTH CLAIM VICTORY.

Lincoln, Neb., Nov. 5.—Republican State Chairman W. E. Rowe tonight said: "Nebraska will elect the entire Republican state ticket; we will send a good working majority of Republicans to both houses of the legislature, and will send a Republican congressman to Washington from each district."

Chairman T. S. Allen of the Democrat state committee said: "The Democrat state ticket will be elected. We will also elect a majority of the legislature, and four out of six congressmen."

BITTER FIGHT.

Nashville, Tenn., Nov. 5.—The campaign for governor in Tennessee has been a bitter one between Malcolm R. Patterson, Democrat, and Henry Clay Evans, Republican, and tonight leaders of both parties are expressing confidence.

NEW IDEAS IN JERSEY.

Trenton, N.J., Nov. 5.—New Jersey politicians admit that they can not well forego the result of the election to-morrow. The "new idea," or action reform issue, raised about a year ago by Senator Colby, will affect the Republican vote. So also will be the result of the election to the United States Senate. Senator John F. Dryden, a candidate for re-election, his opponent is Col. E. A. Stevens of Hoboken. It is conceded that the election hinges on the result in Newark and Essex County.

JUST BEFORE THE BATTLE.

Official Washington is looking forward to the results of the election in 42 states with many interests of national interest. The president is most largely concerned in the outcome in New York State.

NEW YORK.—Both Hughes and Hearst leaders claim majorities ranging up to 200,000. Surplus says Hearst will carry New York City by about 130,000, leaving a 4-1-2 to Hughes.

ILLINOIS.—Democrats claim gain of 6 to 8 congressmen; Republican forecast allows them one.

CONNECTICUT.—Democrats expect gains.

MASSACHUSETTS.—Republican legislature will be re-elected without material change.

RHODE ISLAND.—Uncertain.

PENNSYLVANIA.—The Republican and Fusion (Democrat and Lincoln Club) parties both claim the state and city of Philadelphia.

MINNESOTA.—Republicans will likely elect all but two candidates for congress. Both parties claim victory for governorship.

CALIFORNIA.—The situation is "more mixed than ever before known."

BOTH WILL BE.

Philadelphia, Pa., Nov. 5.—"Edwin S. Stuart will be elected governor of Pennsylvania to-morrow by at least 50,000 majority," said Chairman Niles of the Lincoln state campaign fund and must draw of the Republican state committee to-night.

"Lewis Emery jr. will be chosen governor of this state by a majority of 100,000," said Chairman Niles of the Lincoln state campaign fund and must draw of the Republican state committee to-night.

The fight for congress has been unusually bitter in the country districts, and the fact that there has been fusion in some formerly Democratic districts makes the outcome in these localities uncertain, with the odds in favor of the Republican candidates.

The local fight for the district attorneyship is exciting. The Republican leaders claim that Rotan will carry the district by 40,000, while the fusion managers claim Gibboney's election by 30,000.

IN MASSACHUSETTS.

Boston, Mass., Nov. 5.—The campaign of 1906 in Massachusetts came to the eve of battle to-night, with the result in doubt.

John B. Moran, Democratic nominee for governor, issued a closing statement to-day appealing to the citizens to labor hard and get out the vote to-morrow. He had no campaign fund and must depend upon the "patriotism and earnestness of the people."

About the Republican headquarters to-day it was felt that Gould's chances had improved during the past few days. It was stated freely that the speech of Secretary of State Root in New York against Hearst had reflection in this state, where Moran has been classed H. C. Lock.

ROBIN'S SECRETARY SPLIT COMMISSION WITH FOSTER

Transactions in Northwest Lands Investigated by Insurance Commission.

Ottawa, Nov. 5.—(Special).—The transaction in Northwest lands in which Hon. George E. Foster is alleged to have divided a commission of \$10,000 with the agent who sold 40,000 acres to the Union Trust Company, is being investigated by the insurance commission on the enquiry being resumed to-day. Another deal in Swan River lands was also got into.

In 1902 F. W. Whitelaw purchased 10,000 acres from the Canadian Northern for Frederick Roblin and C. R. Gordon. Mr. Roblin afterwards became sole owner and the negotiations for the sale to the Trust Company were made by A. W. Pritchard, his secretary.

According to Whitelaw, Mr. Foster suggested \$3.25 per acre as the price, of which 25c an acre was to be commission. This was accepted.

Mr. Pritchard testified as to his negotiations with Mr. Foster, and when confronted with Mr. Foster's sworn testimony, that he (Foster) had no negotiations with Pritchard, he said he was familiar with the transaction directly with Mr. Foster.

He said Mr. Foster got \$5000 commission, while he got \$5000, of which he gave \$1000 to Hon. Colin Campbell.

Land Transactions.

James W. Bettes of Bracebridge was examined in reference to land and dealings of the Union Trust Company by Mr. Tilley. Mr. Bettes is managing director of the Ontario, Manitoba and Western Land Company. He held that position in 1902, and was familiar with the transactions of his company with the Union Trust Company for that year, and knew of the sale of townships 45 and 46, 40,000 acres, in the Canadian Northwest, to the Union Trust Company. There was some deficiency in the land, but the figures were approximately correct. He carried on the negotiations on behalf of the company. The only one he consulted was the president of the company, Hon. Colin Campbell. The land was sold to the Trust Company for \$3.75 per acre, in August, and about September it was sold to the Union Trust Company. The witness admitted that he communicated with all of the directors.

Col. McGillivray was a director in both companies interested. The price finally obtained from the Union Trust Company was \$5 per acre less 25 per cent. commission; the first understanding was 25 per cent., but finally it was raised to 30 per cent. Another witness, W. Pritchard of Winnipeg came into his office and the sale was made thru him to the Union Trust Company. The sale was made almost immediately.

"Did you connect Pritchard with the Union Trust Company?" he was asked.

Mr. Bettes: "I do not know that he said that he was. I could not say whether the proposition came from him to buy or sell. The transaction did not take long. It was closed almost immediately. It may have been a day or it may have been a week. I think that Pritchard sent a telegram to some extent consisting of \$639 about the matter, but I have no distinct recollection. It has passed out of my mind."

"So that if he got the price he must have got it from some one else."

Mr. Bettes: "Yes. He knew I had the land, but I don't think I ever had any talk about them until he came into my office. The negotiations took a very short time. The only negotiations were with Mr. Pritchard."

Mr. Tilley: "But Mr. Foster says that the negotiations took place between you and himself?"

Mr. Bettes: "Foster was in error. There were no negotiations with him. The sale was made thru Mr. Pritchard; there was no letter to Mr. Foster until after the sale was concluded, when our solicitors wrote to him in reference to the surveys."

Mr. Bettes then produced an order from Mr. Foster for \$2000, one-half of the commission agreed upon to Hon. Geo. E. Foster or the Union Trust. The other half was paid to him.

F. W. Whitelaw of the firm of Macdonald, Haggart and Whitelaw of Winnipeg, testified that he had sold the Swan River lands to the Union Trust Co. in 1902. He entered into an agreement with the Canadian Northern Lands Co. to purchase for Premier Roblin and C. R. Gordon. He agreed to take the lands in his own name, because he knew enough of the financial position of the company to know it would not be safe to have the lands in his name. Premier Roblin and Mr. Gordon were equal partners in the transaction. The Canadian Northern agreed to sell the land for \$3.10 an acre.

During the summer of 1902 Hon. Mr. Roblin made some effort to dispose of the lands. In August Gordon sold out his interest to Mr. Roblin, owing to financial difficulties. Gordon made some profit. He put in about \$1500 and got for his share \$483. Mr. Roblin became sole owner. The negotiations for the sale of this land to the Union Trust Co. were made thru A. W. Pritchard. The price was placed upon the lands by Hon. Mr. Roblin. The first proposal by Pritchard, Mr. Whitelaw thought, was \$5.50 per acre. This was what Mr. Roblin offered them for sale in the United States.

Foster's Offer.

Hon. George E. Foster, as manager of the Union Trust, said the price was too high. He offered to buy the land for \$3.25 per acre, of which 25c an acre was to be commission, making the net was to be the owners of the land \$5 per acre. There was to be a cash payment of \$1.25 per acre, and the remainder was to be paid within six months. With some slight change as to the time of payment, this was accepted.

The witness could not say who got the commission. At the time of the negotiations Mr. Pritchard was an employee of the Manitoba government, but he could not say that he was Mr. Roblin's private secretary.

A letter was read, written by Mr. Whitelaw to Hon. George E. Foster, as manager of the Union Trust Co., in which he asked Mr. Foster to send him a cheque for the lands, less the commission.

A letter was read from Mr. Foster,

in which he suggested he should, on behalf of the Union Trust Co., send the full contract amount of \$5.25 per acre to Mr. Whitelaw for the lands purchased. Mr. Whitelaw should then send him back a cheque made out to George E. Foster for the amount of the commission, at the rate of 25 cents per acre.

Cheques and correspondence were then put in, showing that while the amount paid for the lands was \$11,400, the actual amount Mr. Whitelaw received was \$9920. The difference was the commission, which went to Mr. Foster, as a cheque drawn in his favor by the Union Trust Co. for \$2480 showed.

A. W. Pritchard said he had been a real estate agent in Winnipeg since Feb. 1, 1904. For 22 years prior to that he had been private secretary to the various premiers of Manitoba, with the exception of Hugh John Macdonald.

He told of the transaction with George E. Foster, which was referred to by Mr. Bettes at the morning session. He learned that 40,000 acres were in the hands of the Union Trust Co. Mr. Foster, offering the Union Trust Co. \$5 per acre, and offering to divide the commission with him. He received a telegram from Mr. Foster accepting the lands offered, but he could not say that Mr. Foster had received his letter of resignation to divide commission before the telegram was received.

Deal With Pritchard.

Mr. Tilley called attention to Mr. Foster's sworn testimony that he had no negotiations with Pritchard for the purchase of the lands and had never heard of him in the transaction.

"What have you to say about that?" Mr. Pritchard; carried on the negotiations directly with Mr. Foster.

Witness then said that he got \$5000 commission and himself \$5000, of which he gave to Colin Campbell.

Mr. Pritchard then gave an account of the Swan River land transaction, in which he sold about 10,000 acres of land to the Premier Roblin to Geo. E. Foster, for the Union Trust Co. \$5 per acre, and 25 cents per acre commission to Mr. Foster. The only commission Mr. Pritchard got was \$500 which Mr. Roblin had given him. He had resigned his Manitoba office because he had not been made a deputy minister.

DEPUTIES APPROVE GOVERNMENT POLICY

Premier Clemenceau Sustained by 395 to 90.

Paris, Nov. 5.—Parliament re-assembled to-day. The chamber of deputies was crowded when the cabinet ministers entered, and all eyes were on Premier Clemenceau and War Minister Flourens, but there was no demonstration of an extraordinary nature.

The premier, when he read the ministerial declaration of policy, was followed attentively and evoked several rounds of applause, especially when he announced that the law separating church and state, as applied, would insure full exercise of liberty and conscience.

A motion approving the government's program was carried by the great majority of 395 to 90.

The debate which followed the declaration of policy was confined exclusively to the matter of the separation of church and state. There was a perfect volley of interpellations with the object of learning the intention of the government in the matter of application of the law of separation.

Under the impression he was crossing the Atlantic ten years ago from England, this country later he became subject to nervousness. Scientists declare the story of his life to be like a modern collection of Canterbury tales; for when under the sun he was in the land of the living, he even lost his money fighting for the estate of the dead father of a dead friend, Horace Robbins, in whose spirit his consciousness was sacred.

While in one of these spells Robbins married a young woman whose home is in Rochester, N. Y. The wedding ceremony took place in her grandfather's house at Rodas last Christmas day. The next day Robbins became ill and had a doctor attend him. Ten days later he vanished.

Vanishes After Trance Wedding.

Under the impression he was crossing the Atlantic to adjust his father's affairs, he wandered over the country. One day he subsequently testified that he had been in the land of the living, he even lost his money fighting for the estate of the dead father of a dead friend, Horace Robbins, in whose spirit his consciousness was sacred.

GIVES WIFE NAME OF OTHER WHOSE LIFE HE IS LIVING

Graduate of McGill and Member of Canadian Contingent in Boer War, Has Dual Life.

Rochester, N. Y., Nov. 5.—A remarkable instance of a man endowed with a dual personality, living the life of another person for many years, even marrying a young woman while under that hallucination and giving her the name of a supposed dead friend, whose life he was unconsciously living, has been made public here by physicians who treated the case.

The man is Horace Robbins, who came to this country ten years ago from England, and two years later he became subject to nervousness. Scientists declare the story of his life to be like a modern collection of Canterbury tales; for when under the sun he was in the land of the living, he even lost his money fighting for the estate of the dead father of a dead friend, Horace Robbins, in whose spirit his consciousness was sacred.

C-B WATCHING OPINION ON FISHERIES QUESTION

Declines to Say if Action Will Be Taken on Bait Act.

(Canadian Associated Press Cable.)

London, Nov. 5.—In the house of commons the premier, replying to Sir Henry Parker, said the government would not take any action on the fisheries question.

He declined to say whether any or what action would be taken regarding the colony's enforcement of the bait act.

Winston Churchill added that a paper would be laid on the table next week, and said the government would remain in force till a decision was arrived at on the general question.

John Harvey of St. John's, Nfld., gives The Times a synopsis of the unofficial views of the other side, the fisheries question and asks: "Is it any wonder that Newfoundland vendi as an unwelcome sacrifice of her interests to foreigners, an insult to her self-respect and a negation of her right to make laws for her own people?"

PHONE FIGHT IN MANITOBA

Winnipeg Ratepayers to Vote on Municipalizing System.

Winnipeg, Nov. 5.—(Special).—The fight over the telephone policy of the government is growing bitter. F. Daggert, the expert of the provincial government, and ex-Mayor Dykes of Fort William, are holding meetings throughout the province to educate the public to the value of the government and municipal systems.

Mr. Tilley is opposing them at every possible opportunity, and strengthening his case it is spreading lines rapidly thru the province.

The Winnipeg city solicitor is preparing a by-law to be submitted to the people in accordance with the legislature's act. This by-law will read: "Are you in favor of the City of Winnipeg acquiring and operating its own telephone system?" The answer will be "Yes" or "No."

THE STRIKE AT PERNE.

Michel, B.C., Nov. 5.—With the return of the strike at Perne, the Crow's Nest Pass Coal Company and the representatives of President Mitchell on the strike are bright.

All occupants of the company houses have been ordered to leave the town by Dec. 1, which is a severe blow to the strikers, with winter setting in, and many of the families not able to move away from Michel.

Relief orders have been issued by the federal government, and \$1500 for each child, \$200 for wives, and \$150 for each child.

Orders are issued on a store, allowing the people to buy what they please at greatly reduced prices. The Michel Union is in a peculiar straits situation. The strike is prolonged for some time will be able to provide for the members and families.

HERING SENTENCED.

Chicago, Ill., Nov. 5.—Paul O. Stensland, formerly president of the failed Milwaukee-avenue State Bank, who was arrested in Tangier, and Henry W. Hering, cashier of the same institution, were to-day sentenced by Judge Finckley in the criminal court to indeterminate terms in the penitentiary for embezzlement and forgery.

The sentences may run anywhere from one to three years. The sentences given Stensland to-day is concurrent with that given several weeks ago.

BENOIT IN IBERVILLE.

St. John's, Que., Nov. 5.—The election in Iberville to-day for the vacancy in the Quebec provincial assembly caused by the death of the late member, Mr. Gosselin, resulted in the return of J. P. Benoit, farmer, of St. Gregoire.

Mr. Benoit, former, of St. Gregoire, both candidates are Liberals, but neither one had the avowed support of the government.

A DEADLOCK.

Sydney, N.S., Nov. 5.—(Special).—"Absolutely deadlocked" was a statement made by General Manager Jones to-night, when asked if there had been any developments with respect to the friendly between the Dominion Coal and the Dominion Steel Companies. It was reported that several conferences had taken place during the day, but this was given emphatic denial by Mr. Jones.

Is Your Time Worth Money?

Your employees sell you nothing but time for the salary you pay them.

The more work you can get from your employees, the less their time costs you—any business man knows that.

Every cent saved in time is pure profit.

If you can make your employees realize this, your balance sheets will show it at the end of the year.

When your heads of departments have a systematic record in black and white before them of what each man does, it will not take them long to realize which employees are making money for the firm and which are not.

You can bring about such a condition of affairs if you will let us show you that what we know is a fact.

Your request will bring detailed information by return mail.

MILLIONS OF STAMPS SPOILED IN POSTOFFICE

Put in Damp Vault; They Are Rendered Useless.

Ottawa, Nov. 5.—(Special).—Millions of postage stamps belonging to the government have been rendered useless. They were part of the reserve stock, placed in a new strong room in the postoffice. They became damp and stuck together.

Orders had been given that in the new postoffice a room, burglarproof and fireproof, should be erected to hold the reserve postage stamps of the Dominion. This room was built. Forty million stamps were put in it, and left there for some time. Then some were required, and when the clerk took them out he found that they had become damp from the atmosphere of the chamber and had stuck together, many of them being rendered useless.

James A. Gouin, postmaster of Ottawa, seen by The World, said the fault regarding the stamps was simply that they had been put in the vault before it was dry.

BURK'S FALLS MAN SHOT KILLED BY HIS OWN GUN

David Henderson Meets Death Hunting Near Sundridge.

Sundridge, Nov. 5.—David Henderson of Burk's Falls, who was visiting relatives in the Township of Joly, while hunting on Saturday, was accidentally killed by the discharge of his own gun.

It is supposed he stumbled and fell. His companion hurried to him after hearing the shot, but he lived only a few minutes. He carried a wife.

DOG KEEPS LONG VIGIL ON BODY OF HIS MASTER

John Bunting Loses War in Woods and Perishes in Storm.

St. John, N.B., Nov. 5.—(Special).—With his dog lying on his breast, the body of John Bunting of Canterbury, N.B., was found in the woods to-day by a party who has been searching since he disappeared last Thursday.

Bunting went out to hunt deer, got lost and perished in a terrific storm. He was accompanied by his dog, which never left him and which fought wildly to prevent the rescuers touching the body.

RIVALS MOTHER.

Third Son of "Miss Braddon" Gains Fame as Novelist.

London, Nov. 5.—Gerald Maxwell has just published his first book, "A Miracle Worker." What lends uncommon interest to this announcement is the fact that he is the third son of that most prolific of modern writers, who is still known to the reading public by her maiden name, Miss Braddon. She recently celebrated her 70th birthday by publishing her sixty-second novel.

Her eldest son, William, made his debut in the literary world a few years ago, and his two latest novels, "Yvonne" and "The Guarded Flame," have been notably successful. The second son, Edward, is a lawyer by profession, but writes essays and reviews on legal and social topics.

THE KING ON "WEALTH."

No Nobler Use Than in Spending it for Posterity.

(Canadian Associated Press Cable.)

London, Nov. 5.—The King opened the King Edward VII grammar school, King's Lynn, and said its traditions would help to foster those ideals of honor and patriotism which render this country respected in all parts of the world. He knew of no nobler use of wealth than its expenditure for the benefit of those who follow us afterwards.

He knighted the donor, W. Lancaster, secretary of the Prudential Assurance Company.

TWO MORE HEADS.

London, Nov. 5.—Two more Grand Trunk conductors were taken out of the service on Saturday. They are Andrew Manley of this city, who for two or three years has been on the morning accommodation between this city and Suspension Bridge, and Edward Higgins of Windsor, who has been running opposite to Conductor Miller on the eastern flyer and the International Limited ever since those trains were put in commission.

JOHN CATTO & SON
King-street-Opposite Postoffice, TORONTO.

ST. JOHN'S LODGE JUBILEE.

Pleasant Masonic Function in Temple Building Last Night. A banquet to celebrate their golden jubilee anniversary was held by the members of St. John's Lodge, A. F. and A. M., in the Temple Building last night. J. George Gladman, W.M., presided. The toasts were: "The King and the Craft," "The Grand Lodge of Canada," proposed by C. E. Howarth, J. McP. Ross, A. Taylor and C. A. Brown responding; "St. John's, Our Jubilee," proposed by D. Chisholm and responded to by Wm. Simpson, Hugh Blain and W. R. Smallpiece. Amongst those who contributed to the musical program were: Mr. Ruthven McDonald, Wm. Gillespie, J. W. Bengough and Harry Bennett.

ONTARIO BAR ASSOCIATION.

Annual Meeting in December—Invitation to Hon. Edward Blake.

At a meeting of the council of the Ontario Bar Association, held in the National Club, last night, it was decided that the annual meeting of the society will be held in Toronto on Thursday and Friday, Dec. 27 and 28. At this meeting a number of papers will be read by prominent lawyers throughout the province, on subjects of interest to the profession. The council decided to ask some prominent legal men, especially Hon. Edward Blake or Hon. Chas. Fitzpatrick, chief justice, to deliver an address.

WILL APPEAL.

London, Nov. 5.—(Special.)—Peter B. Mandas, a Greek, who was charged several weeks ago with selling ice cream on Sunday, was fined \$2 and \$185 costs by Magistrate Love this morning. The magistrate in giving his decision said he would fine Mandas as lightly as possible, as the case is to be appealed and made a test case. It will come up at the sessions held in December.

STANDARD LOAN CONSPIRACY.

At a meeting of the board of directors of the Standard Loan company held yesterday, David Ratz of New Hamburg was appointed a director to fill the place vacated by the death of Thomas E. Fuddicombe of Hayesville, who met his death in the railway wreck at Azilda.

THREE-CENT CARS CROWDED.

Cleveland, Nov. 5.—Yesterday was the first Sunday since the starting of the three-cent car line. For the first time Mayor Tom L. Johnson has been fighting injunctions for five years. It is estimated that eight thousand persons rode on the two cars to-day, the passengers filling the vestibules, fenders, bumpers and some climbing on the roofs.

Students' Missionary Society.

The Students' Missionary Society of the Toronto Bible Training School will hold the second annual missionary service in the assembly hall of the school, 316 College-street, this evening, at 8 o'clock. Brief addresses will be given by missionaries from South America, India, China and Japan. A number of curios from various parts of the world will be on exhibition at the close of the service.

Captain Cody Missing.

Brookville, Nov. 5.—(Special.)—Relatives here are anxiously awaiting the disappearance from Cleveland, Ohio, of Capt. Thomas Cody, a well-known up-country lake master. His boat touched at Cleveland ten days ago and Cody went ashore, leaving his wife and child at an hotel. He failed to reappear on the boat and no trace can be found. He comes from Troop town, Grenville County, where his wife and family reside. He has been sailing the lakes for forty years.

The Great English Remedy. Tones and invigorates the whole system, cures all colds, coughs, croup, whooping cough, influenza, and all other ailments of the throat and lungs. It is the best of all cough cures. Sold by all druggists and mail order. Price, 25c per bottle. Write for free pamphlet and name of the nearest dealer. The Wood's Peppermint Cure, Toronto, Ont.

Baltimore Beauties—See.

There is not a dull moment in the performance at the Star Theatre this week. The house was full to capacity at both performances yesterday and

Public Amusements

Dutchess of Devonshire—Princess.

"The Duchess of Devonshire," by Mrs. Charles A. Doremus, presented at the Princess last night, is rightly described as a romantic comedy-drama. Being this, historical truth is not expected any more than it is from the novelist or the poet, and why indeed should it be? It surfaces for the amusement and entertainment of the public that the play should be a comedy of manner, rather than of fact and trust more to situation than to natural development.

Meantime the play needs both pruning and elaboration. Yet it is good, inasmuch as it interests, indeed at certain moments, engrosses the audience. Then it is clever and spectacular, tho the accent is not always in the right place. In fact one must yield to the play as one does to an enthralling story, without particular criticism or excess of accuracy in detail. After all the public does not go to the theatre to carp and cavil, but to enjoy and be entertained.

To detail the ramifications and wealth of material in this romantic comedy would be impracticable. It introduces many historical celebrities from George, Prince of Wales, afterwards George III. to the person of the Duchess of Devonshire, who is the common link between the two.

Miss Roselle Knott, in the title role, at once establishes herself in popular favor. Her vivacity, quick transitions and wealth of resources quite captivated the audience who were frequent in their acknowledgments and hearty endorsement of the floral tribute tendered to their talented countrywoman. Miss Knott is capably supported by a large company, whom, in view of their number, it would be invidious to particularize. The play is beautifully staged, and scores a distinct success, which must have more than gratified Mrs. Doremus. With judicious pruning and some additional elaboration, "The Duchess of Devonshire" ought to gain a large measure of popular favor.

"Girls Will Be Girls"—Grand.

A laugh, a hymn, a scream, is the best way to describe the musical comedy, "Girls Will Be Girls," at the Grand this week. It is a splendid medium for the tired feeling. Last night everyone enjoyed the production. The comedy is clear-cut and refined, not allowing one dull moment. Al Leech

Popular Program at Popular Prices.

The program for the Gilbert-Chevalier return and farewell engagement on Thursday, Nov. 15, at Massey Hall, will contain the words and translations of Mme. Gilbert's songs, the Madame Gilbert, by special request, will include many English songs in her program. All her numbers will be sung in costume. Mr. Chevalier also appears in a change of costume for each selection.

But Will They?

The executive committee in charge of his excellency's musical and theatrical trophy competition, to be competed for at Ottawa in January, has announced that each competing company must be prepared to meet its own expenses. It being understood that they are representing their respective cities for the honor of winning the trophy, and that cities eligible to send such representative companies will doubtless assist in defraying their expenses.

AL LEACH.

was just a bit funnier than usual. His eccentric dancing, his character port and his singing, have endeared him to theatregoers, but when he was compelled to sing several times to "He Walked Right Out Again," he displayed his right to the much-abused title of a real comedian. The Sprout Sisters, or Rosebuds, are revelation, and they show conclusively what can be done by dressing. Maude Gray, a soprano; Charlotte Towle, who helps and Lily Dean Hart, also, assisted in keeping the audience in the best possible spirits. The singing and dancing of this trio are really very clever. Frank Egan, an ardent singer, was acceptable. Fleurette De Mar, the prim school m'am, was clever, her dancing and singing being encored repeatedly, and the chorus, which was large as some have seen her, possess delightful singing voices. N. Harris Ware, the musical director, deserves credit for the brilliant singing of the chorus. Especially is this true of "Moon Eyes," the number in the opening of the third act, when an unknown chorus girl steps into the line and thrills us with melody that would be credited to many soprano soloists. The plot is mostly the same as heretofore, but many new and bright lines have been added and entirely new musical numbers substituted.

"Chinatown Charlie"—Majestic.

If life in New York's Chinatown is half as strenuous as it is depicted at the Majestic Theatre this week, where "Chinatown Charlie, the Opium Fiend," is the attraction, it is indeed, a lively spot. "Chinatown Charlie" made a hit all the way with crowded houses yesterday. There are knives and pistols in every scene, and the show is a real anti-dreamland. In fact, there are so many thrilling situations that the wind-up does not make the impression the author intended. The show is well staged and the people are well up to the standard of the theatre. J. Hammond Dalley, as Chinatown Charlie, made good with the audience early. He did not overdo a part easily spoiled. Miss Ellen Boyer, as Annie Gordon, the heroine, was a bit too light in her work, but she did very well. The fun was supplied by an Irish policeman, a washerwoman and Harry Plooy as Louis Lottus, a Dobrow, Plooy was easily the best of the company. His specialty between acts two and three made a hit.

Thousands have been cured in this easy, painless and inexpensive way, in the privacy of the home.

No knife and its torture. No doctor and his bills. All druggists, 50 cents. Write to-day for a free package.

The Label Tells The Truth

"Brewed from purest spring water," says the label, sparkling, Highland Spring supplies Port Hope brewery. From this, with Canadian malt and real Kentish hops, we brew

Port Hope Pale Ale

Delighting to look at, so clear, no sediment, delicious to taste, the honest, sparkling, agreeable ale, makes good ale with anybody, builds flesh, helps the whole system. Try it on the dinner-table, get Port Hope Pale Ale in pints and quarts from all reliable dealers.

THE PORT HOPE BREWING AND MALTING CO. At Port Hope, Canada

Good!

The audiences seemed highly pleased. The company give two burlesques and a high-class olio. The opening burlesque is entitled "Run on Tucker's Bank," and the second is "Whirligig." The olio comprises such artists as Bissett and Miller, Canada's greatest waltz shoe dancers; Tony Kennedy and Ted Evans and Co. in the comedy sketch "In Wall Street"; Victoria Sawtell and Gladys Sears, singers and dancers; Les La Roses, European wire artists, now on their first tour of America, and Doyle and Howard, singing and dancing comedians. The girls are pretty and dressed in gorgeous costumes. The latest songs here are given, including "Foolish Liz," "I Would Like to Marry You," "Play an Irish Tune," "The Georgia Minstrel Band," "Back Back to Chicago," "Lady Bird," "Take a Float with Me," "Not Because Your Hair is Curly" and others.

Wire stitching obsolete.

Wire stitching books, he said, were practically obsolete on the other side. The second reader could be produced for 9 1-2 cents. The third reader should cost 11 3-4 cents, and the fourth reader 13 3-4 cents to produce. Mr. Fleming proposed that the best class of work of that kind. The binding, as shown, differed from the Ontario binding, in that it had a cloth lining, and in the witness' opinion was a stronger cover.

Do the Ontario readers look as if they had not been reading more than 20,000?"

"I don't think so," replied Mr. Fleming. "I would put out from your house a number of the Ontario readers for school books."

But Will They?

The executive committee in charge of his excellency's musical and theatrical trophy competition, to be competed for at Ottawa in January, has announced that each competing company must be prepared to meet its own expenses. It being understood that they are representing their respective cities for the honor of winning the trophy, and that cities eligible to send such representative companies will doubtless assist in defraying their expenses.

EXPERT WITNESS FROM U.S. DECLARES BINDINGS POOR

Ontario Readers Come in for Harsh Criticism and so Does the Geography.

The text book commission resumed sittings at the Normal School yesterday afternoon. Hon. S. H. Blake, K.C., representing the W. J. Gage Co., Copp, Clark and Canada Publishing Co., was present. During the illness of Wallace Nesbitt, K.C., who has had charge of the case, Mr. Blake has accepted the brief. He asked for a week or ten days to give him a chance to look over the evidence, and thought it was evidently taken so far be sent him. This application was granted by the commission.

Chas. D. Fleming of Boston, Mass., expert witness from the U.S., was one of the largest publishing plants in the States, was the only witness called. He was particularly versed in the history of the business. He asked for a week or ten days to give him a chance to look over the evidence, and thought it was evidently taken so far be sent him. This application was granted by the commission.

ESTATE NOTICES.

EXECUTORS' NOTICE TO CREDITORS.—In the Matter of the Estate of James Butt, Late of the City of Toronto, Deceased.

Notice is hereby given, pursuant to section 88 of Chapter 129, R.S.O. 1897, that all creditors and other persons having claims against the estate of the said James Butt, deceased, who died on or about the 10th day of August, 1906, are required to send in by post, prepaid, or deliver, to the undersigned, the Executors of the last will and testament of the said deceased, addressed in care of the undersigned solicitors, on or before the 15th day of November, 1906, their Christian and surnames and addresses, with full particulars of their claims, and statements of their accounts, and the nature of the securities if any held by them.

And the notice that after the said 15th day of November, 1906, the said executors will proceed to distribute the assets of the said estate of the said James Butt, deceased, having regard only to the claims of which they shall have notice, and that the said executors will not be liable for such assets, or any part thereof, so distributed to any person or persons of whose claims they had no notice at the time of such distribution.

JANE P. BUTT, CHAS. E. BUTT, R. H. BUTT, By their Solicitors, J. B. MORTIMER, CLARK, GRAY & BAIRD, 88, Confederation Life Building, Toronto.

FAIR GROUND IMPROVEMENTS

Guild of Civic Art Would Take Advantage of Recent Fire.

The Toronto Guild of Civic Art, at the meeting of their advisory board, discussed the planning of the exhibition grounds, and a letter was written to the exhibition board, pointing out that the recent fire has provided an excellent opportunity for having the grounds and buildings laid out in accordance with a comprehensive plan, giving a more artistic effect and a better circulation for crowds. The Chicago, Buffalo and other recent exhibitions would not have been nearly so attractive or impressive, had it not been for their systematic planning and scholarly architecture. The question of large signs being erected in various parts of the city was discussed, and a committee was appointed to look into the matter. Great regret was expressed at the sudden death of the late W. T. Jennings, a valued member of the guild, and a resolution of condolence was unanimously passed.

UNIVERSITY GOVERNORS.

A meeting of the university board of governors was held in the senate chamber yesterday afternoon. The proposed Mutual Fire Insurance Company will be held at the head office of the company, in the Village of Markham (and from there adjourn to the City of Toronto) on Tuesday, the 29th November, A.D. 1906, at the hour of 9:30 o'clock in the forenoon for the purpose of holding a layoff of the Directors of the Company, subject to the approval of the Lieutenant-Governor in Council, changing the Head Office of the Company from the Village of Markham to the City of Toronto.

And further take notice that at the same time and place, the shareholders and members of the said company will be asked to allow, ratify and confirm all contracts entered into on behalf of the said company and all resolutions proceeding and bylaws passed by the Executive Committee and the Directors of the said company.

Dated at Markham, this 3rd day of November, 1906. JAS. LEEY, President. C. McCL. STINSON, Secretary.

LABOR MARKET EASIER.

Fort William, Nov. 5.—Large employers of labor in this district say the labor situation will be decidedly easier during the winter. Men for the railway and lumber camps are easier to get, but the supply will not be equal to the demand.

Driver Arrested.

Fred Muir, 64 Oxford-street, was a driver for Taylor, the butcher, 182 St. Patrick-street. Muir was \$2.50 shy in his collections, and was arrested on a charge of theft.

Premier's Thoughtfulness.

Premier Whitney has provided a writing-table and other accommodation for the press on the second floor of the parliament buildings, near the council chamber.

Some Stocks Advance 25% to 30% from Saturday's Close---COBALT

MARKET FOR COBALT STOCKS EXTREMELY VOLATILE

Foster Opens Up at \$1 a Share Advance From Saturday—Silver Queen in Demand.

World Office, Monday Evening, Nov. 5. Trading in Cobalt stocks to-day was widely exuberant. The volume of transactions, both here and in New York, surpassed any previous day since these shares have been on the market. The first incentive to buying this morning was the fact that Foster was ticked from New York as selling at \$1.23. This was fully an advance of \$1 a share on Saturday, and a further advance of \$1.00 immediately took place for this and other active Cobalters. Silver Queen was set upon as offering the best chance for a sharp rise, and thousands of shares were swallowed up between \$2 and \$2.20. When this price was reached the offerings were less free, and the price ran up rapidly to \$2.65 before any reaction was brought about. Trethewey, Buffalo, and Beaver provided most of the other local business, but this was small in comparison to the two special favorites, Foster and Silver Queen. The only news reaching the market is the continued strong demand for all the Cobalt stocks from New York and other American points. The market is becoming excited and feverish, and sharp price changes are daily promised. Brokers are besieged with business, and can scarcely keep pace with their clients' orders.

\$47 For Each \$1 Invested.
The directors of the Temiskaming and Hudson Bay Company have declared a fourth dividend, this time one of \$2.20 a share, of 2000 per cent. on the capital stock. The three former dividends were \$2, \$10 and \$15, respectively, or a grand total of \$47 on each \$1 invested by the shareholders.

Only 40 Per Cent. for Subscribers.
Messrs. Willis & Co. announce that the formation of the Wetsis Mine was largely oversubscribed, and that an amount of only 40 per cent. of the subscriptions could be made by the company. The applications are being dealt with to-day, and the stock will be issued as quickly as the electrical staff can perform their duties.

La Rose Silver Nearly Sold.
In La Rose mine, at Cobalt, Ont., a diamond drill has gone 200 feet below the bottom of the shaft, which is 325 feet deep. The drill has been in operation all the way down, and at the greatest depth was in almost solid silver ore.

Quietness the Prelude to a Rise.
The Nipissing Mine was called for the first time on the Toronto Stock Exchange to-day. There were no transactions in the stock, which closed at 600 bid, or equal to \$30 on the share capital. The present quietness in this market is said to be the prelude to another swift advance, and that the stock will on the next rise strike \$4 a share.

Open at \$1 a Share Higher.
When Foster opened up at \$1 a share high on Saturday, local traders were inclined to be in charge of the market, and that a fight was on for control of the property. Those who are fortunate enough to hold the stock were not slow to sell, and the small volume of business, even on this advance, is attributable to this fact. Despite the dearth of those who are close to the inside, the theory that this property is changing hands will not down. The stock is held by a few big concerns, and it is not likely to reach the high price made by New York, viz., \$4.75.

Silver Queen Opens New Vein.
The world's special correspondent at the Silver Queen property, the following re the Silver Queen property:
Dear Sir, I have just returned to the Silver Queen, and can only say that the mine is in the hands of the most capable mining men in this or any other mining camp, and those under him all experienced in their particular lines. The business end is equally well looked after. The main shaft is down about 135 feet, and at the 120-foot level they have done nearly 100 feet of drift. The vein has been consistent all the way down, and is highly mineralized. They are taking nearly four feet of pay ore, and at present there is no richer ore body in sight than the Queen has.

Down on the Corner of the Queen, nearer street and promises to be one of the big veins at camp. The vein is highly mineralized, in every detail, is perfect. superintendent at one of the big Cobalt mines, to my knowledge is to-day taking 100 shares of Silver Queen at \$2.

Best Vein Under the Lake.
The Cleveland Cobalt Silver Mines Company owns 114 acres, including all the claims of Cobalt, and north of the Temiskaming and Hudson Bay mines. Some 300 veins have been opened up.
The banner vein under the bed of Clear Lake, and has been proved by 100 feet of drift. It is highly mineralized and carries native silver in large quantities. It will be worked from a shaft sunk on the east shore of the lake. The charter is valued at \$100,000, and the company will have in the vein an acre of 150,000 sq. ft. of land. The mine is owned by Messrs. Parsons, Snyder & Co. of Cleveland, Ohio, and Messrs. C. G. & Co. of Montreal, and Messrs. C. G. & Co. of Montreal, and Messrs. C. G. & Co. of Montreal.

Four Cars Will Net Over \$200,000.
General Manager Culver of the Silver Queen has returned from a recent trip to the work being done on the property, but shows no anxiety to create undue optimism over the mineral wealth of his company's claim.
In regard to the returns from recent shipments, Mr. Culver said: "The first four cars shipped will produce about \$175,000. The last car will net over \$75,000, and if the four cars will net over \$200,000, the four cars will total over \$300,000." Mr. Culver remarked, in closing the interview, that the shipment of the four cars will net over \$200,000, and that the four cars will net over \$200,000.

Cash Stocks at New York.
Head & Co. report the closing prices and transactions of the following cash stocks at New York to-day: Buffalo closed 4 1/2, up 1/2; high 4 3/4, low 3 3/4; 4000; Foster closed 3 1/2, up 1/2; high 3 3/4, low 3 1/4; 4000; Trethewey closed 4 1/2, up 1/2; high 4 3/4, low 4 1/4; 4000; Silver Queen closed 2 1/2, up 1/2; high 2 3/4, low 2 1/4; 4000; Watsis closed 1 1/2, up 1/2; high 1 3/4, low 1 1/4; 4000; United closed 1 1/2, up 1/2; high 1 3/4, low 1 1/4; 4000; Watsis closed 1 1/2, up 1/2; high 1 3/4, low 1 1/4; 4000.

Volcanoes Made Cobalt.
The first weekly meeting of the "Association" since the summer vacation was held yesterday noon and about 200 members attended. Applications for 85 new members were made by the secretary, the guest of honor was Prof. A. F. Coleman, a geologist, who gave a most interesting account of some volcanoes which he had visited in Mexico.
The ascent of Mount Colima, near the Pacific coast, was made by a party of scientists, who were attending the recent international convention of geologists at the City of Mexico. The great volume of steam prevented any observations of interest, and Prof. Coleman was among the few who reached the summit and even penetrated the crater.
There were no active volcanoes in Canada, but the great Smoky Mountain region is all volcanic, and the great deposits of rich ore at Cobalt are due to volcanic action.

G.T.R. CAN'T BAND EMPLOYEES TO WAIVE DAMAGE CLAIMS

Privy Council Gives Decision in a Case of Interest to Railwaymen.

The judicial committee of the privy council yesterday delivered judgment in the appeal of the Grand Trunk Railway v. Attorney-General of the Dominion. Lord Duncanson, delivering judgment, said the true question in the present case did not seem to turn upon the question whether this law deals with the public right, but whether the law is truly conciliatory to railway legislation. In the fact of the appellants it, in other words, set for that the law in question might "prove very injurious to the proper maintenance and operation of the railway. It would tend to negligence on the part of the employees, and other reasons of a really conciliatory character to the public service, and the operation of the travelling public would necessarily follow from such a far-reaching statute. This argument, in their lordships' opinion, is really conclusive against the appellants. Of the merits of the policy their lordships could not be judges, but if the appellants' factum properly described the scope, then it was indeed plain that it was properly conciliatory to thoro railway legislation. The appeal was dismissed with no order as to costs.

Beaver Mine Litigation.
Editor World: I notice in Saturday's issue of the Toronto morning papers, a statement that the "Beaver" mining property had been sold to a syndicate organized by J. H. Jewell and that the stock of the Beaver Company is to be placed on the market for sale. This is the property involved in litigation as to title, which is claimed by me and by the Beaver Company and one of the actions in connection with the title is the present month. I have had numerous inquiries from parties who state that they have been offered stock and representations made to them that all disputes as to title made to them should be discontinued. I thought it proper that I should make this statement to protect the interests of investors who may be aware of the state of the title to the Beaver property. Frank E. Macdonald.
Toronto, Nov. 3, 1906.

EXTRA TRAIN ACCOMMODATION.
The Grand Trunk has decided, in consideration of the heavy traffic to Cobalt since now, to run the special steamer attached to the 20 train for North Bay, all thru the winter.

Volcanoes Made Cobalt.
The first weekly meeting of the "Association" since the summer vacation was held yesterday noon and about 200 members attended. Applications for 85 new members were made by the secretary, the guest of honor was Prof. A. F. Coleman, a geologist, who gave a most interesting account of some volcanoes which he had visited in Mexico.
The ascent of Mount Colima, near the Pacific coast, was made by a party of scientists, who were attending the recent international convention of geologists at the City of Mexico. The great volume of steam prevented any observations of interest, and Prof. Coleman was among the few who reached the summit and even penetrated the crater.
There were no active volcanoes in Canada, but the great Smoky Mountain region is all volcanic, and the great deposits of rich ore at Cobalt are due to volcanic action.

Beaver Mine Litigation.
Editor World: I notice in Saturday's issue of the Toronto morning papers, a statement that the "Beaver" mining property had been sold to a syndicate organized by J. H. Jewell and that the stock of the Beaver Company is to be placed on the market for sale. This is the property involved in litigation as to title, which is claimed by me and by the Beaver Company and one of the actions in connection with the title is the present month. I have had numerous inquiries from parties who state that they have been offered stock and representations made to them that all disputes as to title made to them should be discontinued. I thought it proper that I should make this statement to protect the interests of investors who may be aware of the state of the title to the Beaver property. Frank E. Macdonald.
Toronto, Nov. 3, 1906.

EXTRA TRAIN ACCOMMODATION.
The Grand Trunk has decided, in consideration of the heavy traffic to Cobalt since now, to run the special steamer attached to the 20 train for North Bay, all thru the winter.

Best Vein Under the Lake.
The Cleveland Cobalt Silver Mines Company owns 114 acres, including all the claims of Cobalt, and north of the Temiskaming and Hudson Bay mines. Some 300 veins have been opened up.
The banner vein under the bed of Clear Lake, and has been proved by 100 feet of drift. It is highly mineralized and carries native silver in large quantities. It will be worked from a shaft sunk on the east shore of the lake. The charter is valued at \$100,000, and the company will have in the vein an acre of 150,000 sq. ft. of land. The mine is owned by Messrs. Parsons, Snyder & Co. of Cleveland, Ohio, and Messrs. C. G. & Co. of Montreal, and Messrs. C. G. & Co. of Montreal.

Four Cars Will Net Over \$200,000.
General Manager Culver of the Silver Queen has returned from a recent trip to the work being done on the property, but shows no anxiety to create undue optimism over the mineral wealth of his company's claim.
In regard to the returns from recent shipments, Mr. Culver said: "The first four cars shipped will produce about \$175,000. The last car will net over \$75,000, and if the four cars will net over \$200,000, the four cars will total over \$300,000." Mr. Culver remarked, in closing the interview, that the shipment of the four cars will net over \$200,000, and that the four cars will net over \$200,000.

G.T.R. CAN'T BAND EMPLOYEES TO WAIVE DAMAGE CLAIMS

Privy Council Gives Decision in a Case of Interest to Railwaymen.

The judicial committee of the privy council yesterday delivered judgment in the appeal of the Grand Trunk Railway v. Attorney-General of the Dominion. Lord Duncanson, delivering judgment, said the true question in the present case did not seem to turn upon the question whether this law deals with the public right, but whether the law is truly conciliatory to railway legislation. In the fact of the appellants it, in other words, set for that the law in question might "prove very injurious to the proper maintenance and operation of the railway. It would tend to negligence on the part of the employees, and other reasons of a really conciliatory character to the public service, and the operation of the travelling public would necessarily follow from such a far-reaching statute. This argument, in their lordships' opinion, is really conclusive against the appellants. Of the merits of the policy their lordships could not be judges, but if the appellants' factum properly described the scope, then it was indeed plain that it was properly conciliatory to thoro railway legislation. The appeal was dismissed with no order as to costs.

A BETTER CITY COUNCIL... Question Which Young Conservatives Discuss—Canvassing Aids Bribery.

By way of introducing Dineen Furs and Dineen styles, we're making exceedingly favorable prices this month on Persian Lamb Jackets

There is a vast difference in the quality of Persian, and those who buy at random are apt to be disappointed.

It has taken all the faculties at our command almost fifty years to grow a Fur store like this. The Dineen label on Furs of any sort is an unvarying stamp of good taste, correct style and lasting satisfaction.

INJURED AT THE HUNT. Leslie Denison in Hospital—Operation for Clot on Brain.

Special Business Suits \$25.00 Tweeds purchased direct from the manufacturers in Scotland by Mr. Score, and are really marvelous value.

A BETTER CITY COUNCIL... Question Which Young Conservatives Discuss—Canvassing Aids Bribery.

The introduction of party lines into civic politics was a principle that found evident favor with a majority of the speakers of the Toronto Conservative Association, in discussion of the theme at a meeting held in the Labor Temple last night.
