WILLIAMS PIANOS

NINETEENTH YEAR

HEAVY RESPONSIBILITY RESTS UPON SIR WILFRID

Now is a Good Time to Make a Move for the All-British Cable.

The Canadian Premier's "Mistrust" When in London, Side-Track the Scheme—Mr. McMillen Wants the Government to Fall Pre-emption Promises—Favorable News From Dawson City—General News From Ottawa.

Ottawa, Jan. 21.—(Special).—Recent complications in the far east have, according to advisers which have just reached the Government, emphasized most strongly in England the importance of an independent cable route to Australia. The recent open letter of Sir Sandford Fleming to the Premier is a timely one, and will have a beneficial effect at this juncture. And yet, notwithstanding the fact that the Pacific cable is admittedly an Imperial necessity, there seems to be a strange lethargy prevailing in Downing-street. Inquiries were recently made at the Colonial Office as to whether there was anything new to be chronicled in connection with the proposed cable to Great Britain, Canada and the Australian colonies by an independent cable route. The answer given by the officials at Downing-street was that they were expecting to hear from Canada on the subject. While it is true that Canada has taken a prominent part in the agitation for this new link of the Empire, of the three parties to the proposed arrangement, Canada really has the least interest. The subject is one, however, which the Dominion Government might bestir itself in view of the fact that the project forms one of the principal conditions discussed by Mr. Chamberlain with the colonial Premier during the Jubilee visit of the latter to England. The semi-official announcement made in the London Standard in connection with the visit was reached because Sir Wilfrid Laurier "indicated his estimate of the promoter," places a tremendous responsibility on the Premier's shoulders. The occasion seems to be an opportune one for Sir Wilfrid to make a move.

Mr. McMillen Means Business. Mr. McMillen, M.P., was here to-day interviewing Ministers. Everybody knows him as a member of parliament. It is an open secret that he is greatly disappointed at the failure of his leaders to carry the pre-emption bill to parliament, and he is said to stiffen the backbones of Ministers and induce them to live up to their pledges. In conversation to-day, Mr. McMillen expressed the opinion that, judging from the position of the Government, the duration of Parliament would certainly be five months. He is anxious to see the Government to implement to a respectable degree the promises they have made in connection with the pre-emption bill, and he is more likely to be successful in this regard than in any other. He is also a member of the House of Commons, and he is said to be a member of the House of Commons.

France Said to Have Purchased Three Chinese Steamers.

China Offering High Interest to Secure a Loan Without English or Russian Guarantee—St. Stephen's Green, Dublin, Elects a Unionist—A Lively Time in the Old Town—Latest Telegrams From Ottawa.

London, Jan. 22.—A special despatch from Shanghai, dated Friday, says that France has purchased three Chinese steamers and is trying to acquire others for conversion into transports. According to the same despatch the Japanese squadron will sail from Yokohama to-day (Saturday) for Chinese waters.

Menacing Aspect of Affairs. London, Jan. 22.—The morning papers comment editorially upon the menacing aspect of affairs in China. Despatches from Paris say that the report is current there that China is trying, by the offer of high interest, to obtain a loan without assistance, and without the guarantee of Russia and England.

German Warships Still Sounding. Berlin, Jan. 21.—The Berliner Neueste Nachrichten announces that the German warships are still sounding the alarm in the Bay, adding that the exact site of the port is not yet fixed and that the Government has appointed a committee to consider the project. It is further stated that one company has already been formed to construct the docks.

THE UNIONIST WOX. Nationalist Candidate Defeated in St. Stephen's Green, Dublin. Dublin, Jan. 21.—A parliamentary by-election was held to-day in the St. Stephen's Green Division, caused by the appointment of Mr. William J. C. Sullivan to the House of Commons. The Unionist candidate, Mr. J. M. Campbell, was defeated by a majority of 138.

Engineering Dispute Settled. London, Jan. 21.—The engineering dispute is regarded as almost settled. The employers have agreed to a satisfactory arrangement which will be reached.

Victory for the Germans. Budapest, Bohemia, Jan. 21.—The communal election here resulted in a victory for the Germans. This led to serious consequences. The widows of the fallen soldiers were smashed and the police were injured. Troops were finally used to quell the disturbance.

Crisis in the Orange Trade. Rome, Jan. 21.—The action of the Dingyette has caused a crisis in the orange and lemon trade. The price of oranges in the Peninsula and in Sicily, in many places, are so low that the fruit does not pay for its picking.

British Steamer Sunk. Liverpool, Jan. 21.—The British steamer Lord O'Neill, Capt. Ferris, from Baltimore to Liverpool, struck on Blaston Island, at the entrance of Dingyette, west coast of Ireland, during a dense fog, and foundered. The crew were all saved and have been landed here.

Mrs. Brown Potter in "Charlotte Corday." London, Jan. 21.—Mrs. Brown Potter, of the Adelphi Theatre, in "Charlotte Corday," before a brilliant audience. Her Royal Highness the Princess of Wales, was present. Mrs. Brown Potter and Mr. Bellamy have done credit to the cause of the performance.

Women's Education in Germany. Berlin, Jan. 21.—In the Reichstag to-day Prince Schöenherg-Carolina raised the question of higher education for women. Whereupon Count Posadowski, the Minister of the Interior, said that the Government had decided that the women hereafter should be allowed to attend universities on the same terms as men, with the permission of the rector and professors. The Minister added that the Imperial Chancellor, Prince Hohenlohe, was arranging for the Federal Government's granting women equal rights with men.

Spanish Finances. London, Jan. 22.—The Times, in its financial article, says the strength of Spanish finance is remarkable, in view of the news from the United States; but it considers that the prevailing opinion of the American press is regarded less seriously about than in days when the market was in the habit of showing a sense of political responsibility.

No Truth in It. Victoria, B.C., Jan. 21.—There is no truth in the report that the British ship, the "Hesperus," or other vessel, on this stream, had been ordered to leave the city. The ship has been provisioning for cruises to South America, but the crews have been contented.

HON. J. M. GIBSON AND MR. MIDDLETON

Will Battle in Hamilton Against Car-scallen and Colquhoun. Was Advocated Years Ago by the Toronto City Council.

The Convention Was Large and Enthusiastic—Minister of Crown Lands Said He Would Take Mr. Gardner's Advice and "Get a Gait On"—Nominations and Political Meetings Elsewhere.

Hamilton, Jan. 21.—(Special).—The Hamilton Reform Association held a meeting at Association Hall to-night for the purpose of selecting candidates to represent East and West Hamilton in the Local House. The delegates to the meeting numbered 450, and the largest was held. President J. V. Trezler presided. On the platform were the Laurier quartet. There was no opposition to the choice of the present Liberal representatives.

Mr. Middleton, who was received with great enthusiasm, said that the only disquiet he felt as to the prospects of the Liberals in the coming struggle was caused by the action of the Patron party in leaving their patronage for an attitude of indifference. Mr. Middleton remarked that the resources of the province were being squandered on the Liberal party. He said that the change will be welcomed by Mr. Hardy as it will give him a chance to win election.

Mr. Gardner's Advice. Mr. Gardner, Minister of Crown Lands, said that he would take Mr. Gardner's advice and "get a gait on." He said that the change will be welcomed by Mr. Hardy as it will give him a chance to win election.

TWELVE PAGES-SATURDAY MORNING JANUARY 22 1898-TWEL

PROF. BUDNICK ON BUTTER.

Flavor is the Most Important Thing to Be Considered.

Importance of Feeding and Care of Cows—Prof. Robertson on Butter for Export—Mr. Letich Got After the Farmers for Not Trying to Learn More—Selling for Future Delivery Upheld—Officers Elected by the Western Dairymen.

London, Ont., Jan. 21.—At the opening session of the Cheese and Butter Association this morning, Prof. A. Budnick, principal of the Kingston Dairy School, discussed butter. He said that the quality of butter was decided on flavor, body or grain and salt.

Butter for Export. Professor Robertson introduced the question of how to obtain the proper body for butter for the export trade.

Warden Letich raised a storm of applause by vigorously stating that the most important thing for the dairymen to get after was the quality of their cows.

Officers Elected. The report of the Nominating Committee was agreed upon as follows: Hon. President, Hon. Thomas Bellamy; Vice-President, Harold Eagle, Attercliffe Station; Vice-President, H. M. Richards; Secretary, J. T. Henderson, Pine River; Secretary, P. Brooks, Waukegan.

Thanks for the Banquet. Resolutions were adopted thanking the Mayor and corporation of London for a handsome donation of \$100 towards the expenses of holding this convention.

RELIGION IN THE KNOWLEDGE.

Presbyterian Missionaries Sent Out Who Prayed and Hustled.

Get a Place of Worship for \$100 for the First Service—Hustled It from a Nuisance Keeper and Went Out and Collected the Money—At the End of Five Days Had Secured \$650 and Rented the Place for the Winter.

New York, Jan. 21.—Two missionaries were last August sent to the Klondike by the Presbyterian Board of Home Missions.

A letter has just been received by Mr. D. J. McMillan, corresponding secretary of the board from these missionaries—the Rev. A. Hall Young and Dr. W. W. Young.

They were in Dawson City and is dated Dec. 1. It was carried from Dawson City to the nearest point of civilization by the Klondike river.

The letter announces the establishment of the first church in the Klondike. It says that there is food enough there to last till spring, with enough to spare to feed the miners by the first of April.

The letter also says that the missionaries have secured a place of worship for \$100, which they have collected in five days.

GRAND JURY ON PRISON REFORM.

Judge Rose Approves of Indeterminate Sentences—Drankards Should Not Be Released as Criminals.

The grand jury on the Criminal Justice yesterday made their presentation to Justice Rose. They recommended better beds at the jail, more school accommodation, more time for educational purposes and larger rooms at the Central Prison. They further advised indeterminate sentences, pardoning of prisoners, and an isolation hospital at the jail for contagious diseases.

The classification of inmates at the Mercer Reformatory was condemned as an industrial reformatory for inebriates recommended.

His Lordship's Reply. Justice Rose's reply was a more than usually interesting announcement. He agreed with the grand jury as to indeterminate sentences, which, he said, were greatly to be commended. He also agreed that the reformatory at Mercer should be re-committed to the state, and that the treatment of prisoners should be more humane.

APPALLING IGNORANCE.

Concerning Consumption Exists Amongst the Masses.

Important measures have been taken by all great cities of the world for the stamping out of this disease. My friends, these measures are preventive measures. Science, though the most fatal of human ailments, is preventable. Let me prove the value of preventive measures by citing the case of Arthur D. and Geo. K.

Arthur D. was a young man who, after contracting consumption, was cured by the use of the medicine I am selling.

Geo. K. was a young man who, after contracting consumption, was cured by the use of the medicine I am selling.

These cases prove the value of the medicine I am selling. It is a preventive measure, and it is a cure for consumption.

TO GET POWER FROM MILITARY

Work is going on at Twelve Mile Creek, near Decew's Falls.

Base Cutters, Masons and Laborers are busy at a new power house from which to supply electrical energy to the city.

Under the Hill, Forty Miles Distant—About \$600,000 to be spent.

Thorold, Ont., Jan. 21.—The south bank of the Twelve-Mile Creek, near Decew Falls, just west of Thorold, until recently a quiet and peaceful spot, now presents the appearance of a busy and stirring scene for there is a gang of about 30 men, stone-cutters, masons and laborers, under the charge of Inspector F. T. Walton of Thorold, engaged in the construction of the new power house, being built for the Hamilton Catenact Power Company, to supply electrical power to the city of Hamilton.

The building is to stand within a few feet of the edge of the stream, and above high water level, while the precipitous banks rise to a height of nearly 275 feet above the level of the stream.

When completed the power-house will be 174 feet in length and 42 feet in width, and the walls 30 feet in height. It is to be constructed through-out of steel faced with brick, and having a concrete floor, and the roof will be of concrete.

The ground for the site was broken and the foundations for the concrete walls and the concrete floor were laid, and the walls raised to the level of the surface of the ground. The material used for the foundations is a hard and durable stone quarried on the site.

Some stone quarried on the site, some brought down from the face of the slope, laid to the face of the concrete, and the concrete was laid with hydraulic cement concrete, and the concrete was laid with hydraulic cement concrete, and the concrete was laid with hydraulic cement concrete.

Five Thousand Horse Power. In this power-house, it is proposed to develop electricity to the extent of 5000 horse power, all of which, it is estimated, the power house will be able to generate.

TO GET POWER FROM MILITARY

Work is going on at Twelve Mile Creek, near Decew's Falls.

Base Cutters, Masons and Laborers are busy at a new power house from which to supply electrical energy to the city.

Under the Hill, Forty Miles Distant—About \$600,000 to be spent.

Thorold, Ont., Jan. 21.—The south bank of the Twelve-Mile Creek, near Decew Falls, just west of Thorold, until recently a quiet and peaceful spot, now presents the appearance of a busy and stirring scene for there is a gang of about 30 men, stone-cutters, masons and laborers, under the charge of Inspector F. T. Walton of Thorold, engaged in the construction of the new power house, being built for the Hamilton Catenact Power Company, to supply electrical power to the city of Hamilton.

The building is to stand within a few feet of the edge of the stream, and above high water level, while the precipitous banks rise to a height of nearly 275 feet above the level of the stream.

When completed the power-house will be 174 feet in length and 42 feet in width, and the walls 30 feet in height. It is to be constructed through-out of steel faced with brick, and having a concrete floor, and the roof will be of concrete.

The ground for the site was broken and the foundations for the concrete walls and the concrete floor were laid, and the walls raised to the level of the surface of the ground. The material used for the foundations is a hard and durable stone quarried on the site.

Some stone quarried on the site, some brought down from the face of the slope, laid to the face of the concrete, and the concrete was laid with hydraulic cement concrete, and the concrete was laid with hydraulic cement concrete.

Five Thousand Horse Power. In this power-house, it is proposed to develop electricity to the extent of 5000 horse power, all of which, it is estimated, the power house will be able to generate.

Dared Not Go to Bed

Smothering Feeling and Palpitation, Together With Rheumatic Pains, Rendered Sleep Impossible.

Miss Mabel Jackson, 78 Huron-street, Toronto, says: "Milburn's Heart Cure cured me of my heart trouble of three years' standing. My physician said my heart trouble was caused by rheumatism. It was with great difficulty that I could go upstairs, or even walk a short distance, because such exertion set my heart palpitating so violently that I made me positively sick. I could hardly breathe, and suffered greatly from smothering, often so badly that I dare not go to bed, and had to walk the floor all night for fear of suffocating. I became terribly nervous and weak, and was in a bad state, indeed, when I began taking MILBURN'S HEART CURE. In a few days I was able to go to bed, and in a few more days I was able to go to bed, and in a few more days I was able to go to bed.

City of Ottawa and the Canadian Granite Company's Appeal—Court Re-serves Judgment.

The Court of Appeal reserved judgment on the appeals of the defendants in Dwyer v. City of Ottawa and Canadian Granite Company.

The plaintiff, a railwayer, complained that tenders were not previously advertised for pursuant to City Bylaw No. 1073, and thousands of dollars were being paid in breach of the law.

The city set down the appeal, and a stay of proceedings, and then repealed the bylaw, and passed another to that effect.

Justice Robertson granted in granting an injunction restraining the corporation of the city from paying over any money to their co-defendants, the company, for laying asphalt pavement on portions of Queen-street east, Wellington-street and Metcalfe, Ottawa, and from making any further contracts with them for work to cost over \$200.

The plaintiff, a railwayer, complained that tenders were not previously advertised for pursuant to City Bylaw No. 1073, and thousands of dollars were being paid in breach of the law.

THE GRATUITY FUND.

The Disposition of This Fund of the Board of Trade to be dealt with by Parliament.

The following correspondence between Mr. Kilgour and the Board of Trade explains the matter.

Mr. Kilgour, Esq.: Sir, I have the honor to acknowledge the receipt of your letter of the 12th inst.

in relation to the proposed gratuity fund, and in reply to inform you that the Board of Trade has no objection to the proposal.

I am, Sir, very respectfully,
Yours truly,
E. A. Willis, Esq., Secretary Board of Trade.

Sir:—I understand that an impression has got abroad amongst some of the members of the Board of Trade that the late executive and Council are still opposing the winding up of the gratuity fund, as decided upon at the last general meeting. As I understand that this is a mistake, I have the honor to state that the Board of Trade has no objection to the proposal.

I am, Sir, very respectfully,

E. A. Willis, Esq., Secretary Board of Trade.

Sir:—I understand that an impression has got abroad amongst some of the members of the Board of Trade that the late executive and Council are still opposing the winding up of the gratuity fund, as decided upon at the last general meeting. As I understand that this is a mistake, I have the honor to state that the Board of Trade has no objection to the proposal.

I am, Sir, very respectfully,
Yours truly,
E. A. Willis, Esq., Secretary Board of Trade.
