FIVE OF THE LEADERS OF WINNIPEG STRIKE ARE FOUND GUILTY

Convict Queen, Ivens, Pritchard, Johns and Armstrong—Acquit Heaps.

TROUBLE OVER VERDICT

By Canadian Press. Winnipeg, March 27.—Ald. John Queen, William Ivens, W. A. Pritchard, R. J. Johns and George Armstrong, leaders in Winnipeg's general strike of last summer, this afternoon were convicted by the assize court jury of a seditious conspiracy, on account of their actions in connection with the strike. They also were convicted of having committed a common nuisance.

Recommend Mercy

This was the verdict returned by the jury Saturday afternoon in the famous strike trial which has lasted from January 20. It was accompanied by a strong recommendation for mercy.

Sentence was deferred until April 6, in consequence of a petition by R. A. Bonnar, leading counsel for the defence, for a reserve case. Mr. Bonnar asked for the release of the accused of bail till April 6 but this was refused. Mr. Justice Metcalf stating it could not be granted in view of the conviction of six of the men, and the prisoners were removed to the provincial jail. Alderman Heaps left the court a free man.

Scenes of disorder marked the receipt of the verdict by the crowd in the court room. Through a mistake, it went from mouth to mouth that the accused were not guilty. A wild cheer about Mr. Justice Metcalf in the court, and by the noise, promptly ordered the crowd to be cleared. A squad of constables, with Deputy Sheriff John Elfinger at their head, started to clear the room. Then the actual verdict swept thru.

TEN THOUSAND DOLLARS IN ARMY CHEQUES STOLEN

Winnipeg, March 28.—Two men are under arrest, another is being held as a material witness and warrants have been issued for the arrest of two others in connection with the theft of a large number of army pension cheques from soldiers' civil re-establishment offices here. The theft may run as high as \$10,000, it is stated.

MANITOBA ELECTION IN LATE SUMMER

Announcement in Legislature Before Closing—Discuss Rural Credits.

Winnipeg, March 28.—That the provincial general election will be held before harvest was the announcement made by Premier Norris in the closing moments of the fifth and last session of the fifteenth legislature of Manitoba on Saturday afternoon and shortly before the official prorogation took place and the curtain was drawn on the last legislative function of the administration which came into office under the Hon. R. C. Norris in 1915 and has been in control of the destinies of Manitoba for the full period of the constitutional life of the legislative assembly.

Royal assent was given to 136 bills, which, with the forty assented to in the supply vote, makes a total of 176 measures enacted during the session. Before the arrival of the lieutenant-governor the house reverted to a discussion of the credits system which has arisen thru the resignation of G. W. Froot from office of administrator of the business since the scheme was put in operation. E. A. McInnes, who had a statement on behalf of the government had the greatest appreciation of Mr. Froot's services, and had been greatly surprised at his resignation, they were heartily in accord with the government in the decision that it would not be acted, as suggested by Mr. Froot, for the purpose of allowing a member to be placed in charge of the operations of the legislature and to receive a salary while he remained a member.

Premier Norris said he told Mr. Froot that what he had suggested was not the proper thing for the government to do—make the change in the legislative assembly act—and that he did not think the members of the legislature would support the member for Kildonan in his demand. The premier stated that he had submitted the proposal to his supporters, and he said they had endorsed the plan and he had taken the Committee.

EX-WAACS LEAVE ENGLAND FOR AUSTRALIA. Thousands of girls who served Britain in war days as members of the Women's Auxiliary Army Corps are going overseas to take up new life under new conditions. The war awakes in them the spirit of adventure which will not be satisfied with old conditions. The group photographed above are on their way to Australia, and others like them will shortly find their way to Canadian shores.

THOUSANDS OF FIELD GUNS FOUND IN GERMANY INTACT GIVES CAUSE FOR SUSPICION

12,000 Guns and 6,000 Planes Discovered—Germany is Avoiding Carrying Out Terms of Treaty—All Submarines Not Yet Surrendered—Non-Delivery of Coal Angers France.

Paris, March 28.—Three thousand five hundred three-inch field guns have been found by the inter-allyed commission in the vicinity of Berlin alone, and altogether 12,000 of these guns have thus far been discovered throughout Germany, as well as 6,000 airplanes intact.

According to the terms of the treaty of Versailles, the German army should now have only 204 three-inch guns and no airplanes whatsoever. These discoveries, and other information in possession of the French authorities, have caused considerable skepticism here as to the reason given for the request of the Berlin government, that it be permitted to send troops into the neutral and occupied zones.

The fact that the request came before the Germans had executed any material clause of the treaty, altho the time limit has expired on some three-score of its provisions, is declared in French official circles as laying the Germans open to suspicion of making another move in efforts to avoid the carrying out of the engagements they entered into at Versailles. It is declared that the discovery of material of this significance is attached by the French to the discovery of the guns, in view of the fact that the Germans, in a communication to the allied commission, to which their excess of war material should have been delivered by March 10, said that it made no difference whether this material be delivered or destroyed, and that they preferred to destroy it.

No Destruction of Material. Thus far, however, it was stated by a high official here yesterday, no evidence had been obtained by the commission of any destruction of material by the Germans. Lists have been furnished, it was said, but it has been impossible to verify them up to this time, as Premier Millerand declared yesterday in the chamber of deputies. In addition to her failure to take any new steps to reduce the German armed force to 200,000 men, altho the time limit expires in 15 days, as pointed out by M. Millerand, Germany has done little or nothing, the French declare, toward execution of about 38 clauses of the treaty on which the limit has already expired.

IDENTITY UNKNOWN. A woman whose identity was not ascertained by the police or hospital authorities at two o'clock this morning, was admitted to the General Hospital at 11 o'clock last night, suffering from injuries received by being struck by a street car. The woman got off a west-bound car at College and St. George streets, and, walking behind the car, failed to see an approaching east-bound car. The car struck her, fracturing her skull and cutting her about the face. She was unconscious when admitted to the hospital. The street car was driven by Motorman John S. Cox of 235 Lippincott street.

Montreal Sunday Shows Were "Open as Usual"

Montreal, March 28.—Consternation was caused among the moving picture and vaudeville theatres here by Saturday's announcement that steps were being taken by the attorney-general at Quebec to enforce the Sunday closing law. No official word had been received today by any theatre managers, and all places of entertainment were open as usual. It is reported, however, that many of the smaller theatres would be forced to close down, as most of their receipts came from Sunday business.

FURIOUS FIGHTING ON POLISH FRONT: REDS DRIVEN BACK

Bolsheviks' Big Offensive Has Failed at Almost All Points. BATTLE ON RIVER.

Warsaw, March 28.—The Polish line is holding all along the front in Podolia, where the Bolsheviks have been centering the attacks of their big offensive in an effort to take the important fortified city of Kamenez-Podolsk, according to a Polish headquarters communique. The enemy has been using gas shells, artillery, armored trains, armored river boats, airplanes and cavalry in his attacks on various parts of the front, but he has made no headway either in Podolia or elsewhere, according to the statement, altho the fighting has been furious.

On the northern front the Bolsheviks attacked after artillery preparation, bringing a number of armored trains into action. The communique announces that two of these trains were destroyed. Along the Dnieper the red forces used a flotilla in the region of Rechitsa. The fighting in this sector is extending towards Kalenkowitz in a drive which is being checked by the capture of Mozer and its important railway connections recently taken by the Poles in their drive against the Bolshevik offensive. To the north and northeast of Kamenez-Podolsk the reds attacked Derzavitsa with gas and artillery. The railroad station was damaged. In a daylight air raid Prokrov was bombed. The Poles, however, held fast all along the line, it is declared.

G.W.V.A. TO PRESS DEMAND FOR BONUS AT OTTAWA TODAY

Delegation From Dominion Association Waits on Government This Morning. MEET NEXT PT. ARTHUR.

Montreal, March 28.—(By Canadian Press.)—The Dominion Great War Veterans' Association convention closed Saturday afternoon at 5 o'clock, after a day spent in two sessions that handled largely the passing of more or less non-contentious business.

Port Arthur, Ont., was chosen out of five cities as the convention city of next year, the date to be decided by the Dominion executive. The convention decided on Nov. 11 to be observed as national memorial day.

The Dominion executive and a delegate from each province of the Dominion left here tonight for Ottawa, and will tomorrow morning present to the government the resolution favoring a cash bonus gratuity to every member of the Canadian forces, totaling from a maximum of \$2500 to a minimum of \$1000.

Re'ain Open-Door Policy. In the morning there was an attempt by the British Columbia, backed by other delegations to reconstruct the "open door" policy adopted on Friday. Most of the Ontario delegates had left and the move to re-distribute the policy was defeated by an overwhelming majority.

Another resolution which was passed, declared against the employment of instructors, in institutions of learning, of persons of German origin, thought or sympathies.

A resolution was passed on education in which it was suggested that financial assistance should be provided for returned soldier students, of whom about 4,000 are now at Canadian universities, of whom it is estimated about sixty per cent. could readily establish the need for such financial assistance. It was stated in the resolution that the average individual cost would not be more than \$500 a year.

Retain Resources. An important resolution on natural resources was also passed, in which the Dominion and provincial governments were urged to take steps to prevent the depletion of natural resources.

LIQUOR IMPORTATIONS CEASE FROM ONTARIO

Winnipeg, March 28.—The Winnipeg Telegram says liquor importations from Ontario will cease after March 31 by the cancellation of all liquor export licenses by the Ontario provincial government.

A. A. Strang, of Strang Brothers, as authority for the statement that the Ontario government has notified all holders of liquor export licenses in that province that their licenses will be cancelled after March 31.

BRITISH MINERS TO GET THEIR ANSWER TODAY

London, March 28.—Premier Lloyd George summoned a special cabinet meeting for this evening to consider the government's answer to the demands of the miners' federation. The miners' executive will receive the reply at a conference at Downing street at eleven o'clock tomorrow morning.

Irish Officials Living Under Shadow of Murder

Assassination Societies Completely Organized and Public Dismayed at Failure to Realize Facts.

London, March 28.—"The gravest crisis in the whole of Irish history" is the description applied to the present situation by the Dublin correspondent of the London Times, in reiterating that the country is fast drifting into anarchy. "The Irish public views current events with profound dismay and sickness of heart," he says, "and is amazed and frightened at the government's failure to recognize the facts of the situation."

DEATH AND HAVOC IN WAKE OF TORNADES THAT RAVAGE SEVERAL STATES OF THE U.S.

Twenty-Eight Known Dead, Hundreds Injured and Millions of Property Destroyed in Illinois, Indiana, Missouri and Wisconsin—Suburbs of Chicago Suffer—Victims in Georgia Towns.

Chicago, March 28.—At least 28 dead, hundreds of injured and a property loss of several million dollars were left in the wake of a tornado that swept northeastern Illinois and portions of Indiana, Missouri and Wisconsin today.

Elgin, Joliet, the western outskirts of Chicago and north shore and western suburbs were in the path of the storm, which destroyed hundreds of buildings, uprooted trees, and demoralized railroad traffic and telegraphic and telephonic communication before dying out on the shore of Lake Michigan just north of Chicago.

The fury of the tornado was felt chiefly at Elgin and Melrose Park, a Chicago suburb. Eight were killed and more than 100 injured at the former city, 36 miles west of Chicago, and the property loss there was estimated at \$4,000,000.

At Melrose Park seven were killed and four were reported missing. In Chicago proper, two persons were killed and a score injured, while at Dunning, a northwestern suburb, four deaths were reported, more than a hundred were injured, and 1000 made homeless.

While northeastern Illinois sustained the principal damage, the tornado, in its freakish career, swept several Indiana towns near Fort Wayne, resulting in three deaths, caused the death of one man and the injury of several persons in St. Louis, and killed Mrs. Louis Brown at East Troy, Wis.

Reports From Country Meagre. Reports from some of the country districts in Illinois and Indiana were meagre, and it was feared the death toll might be considerably augmented when isolated rural communications were heard from. Telephone, telegraph and power wires to nearly all of the towns in the path of the storm were down, and many of the places were in darkness.

Outside of Chicago, Wauconda, McHenry, Woodstock, Algonquin and Marengo felt the full effects of the storm, but communication with them was cut off. Edgerton, Ind., 18 miles from Fort Wayne, was reported hard hit. Three persons were reported killed at Zulu, Ind., near Fort Wayne, while several were said to have been injured at Ossian.

Property loss running into hundreds of thousands of dollars was caused in Evanston, Wilmette and other north shore suburbs, while Bellwood, Maywood, Edgemoor and other villages west of Chicago, where many fatalities were reported from the latter places, but many were injured by flying glass and timbers and broken trees.

Left Path of Destruction. The tornado struck Elgin at noon, coming from the southwest, and swept northward in the Chicago territory. The tornado first passed through the village of Bellwood, and sweeping from there thru Maywood and Melrose Park left a path of destruction 300 yards wide and a mile and a half long.

In ten minutes one hundred and seventy-five houses in the quarter were leveled and four were damaged. The wind tore into the business quarter of Melrose Park, shattering windows and piling the streets with debris.

The wind tore into the business quarter of Melrose Park, shattering windows and piling the streets with debris. The roof of the parish house adjoining was carried away and several persons were injured. Fire for a time threatened to add to the havoc, but the flames were confined to the wreckage.

The State Hospital at Dunning, on the edge of Chicago, was converted into an emergency hospital and place of refuge for the homeless. More than 200 houses were destroyed at Dunning. Calls for Help From Suburbs.

Calls for medical assistance from the suburbs poured into Chicago Emergency Red Cross headquarters established in several of the villages, and physicians and nurses from the Municipal Sanatorium were hurried to the stricken towns. Chief of Police Garrity supervised the work of the police in giving aid to the injured and in restoring normal conditions in the stricken areas.

TORONTO AFFLUENT; FINANCES ARE GOOD

Commissioner Bradshaw Issues Optimistic Statement—Educational Increases. TAX RATE THIRD LOWEST.

That Toronto's financial condition is good is the statement made by Finance Commissioner Bradshaw in the draft estimates prepared by the board of estimates presented to the city council, March 28. 1920.

The commissioner states that the city's financial position is strong, and if suggested projects are judiciously considered and assumed only when justifiable, there is every reason to believe that they can be carried out without strain or impairment of credit, and without unduly increasing the taxpayers' burden, which is most essential.

Advance of 15 Per Cent. Regarding the 1920 tax rate, the report gives the aggregate estimated expenditure during 1920 as \$29,890,123, which is an advance of 15 per cent. over the previous year. Towards meeting this sum there will be available miscellaneous revenue, including surplus, etc., brought forward from 1919, of \$10,808,028, which, with the provision of \$188,997 for probable tax losses, etc., makes a total of \$19,471,100 to be raised by general taxation, which, on the assessment of \$87,771,250, will necessitate a 30 1/2-mill tax rate, compared with the rate of 28 1/2 mills in 1919.

The surplus brought forward from 1919, as a result of the year's operations, is \$1,756,218. This is now available for appropriation, reducing the tax rate to the extent of 2 8/4 mills. The report points out that if any increases are made in appropriations as now submitted to council, a higher tax rate will result, as the 30 1/2 mill rate does not allow for contingencies or unforeseen expenditure.

The chief saving during the past year (Continued on Page 7, Column 2.)

REV. J. HENDERSON ILL

Former Pastor of Eaton Memorial Church Collapses in Montreal Pulpit.

Montreal, March 28.—While officiating at the service in St. John's Methodist Church tonight, Rev. Dr. James Henderson was overcome by the heat and was obliged to leave the pulpit. He collapsed just as he was about to deliver the sermon. Rev. W. H. Young assisted him into the vestry and he recovered after a few minutes sufficiently to remain until the service was over. Rev. Dr. Pedley, who was among the congregation, took the pulpit and preached at a few minutes' notice. Dr. Henderson was reported to be in a satisfactory condition later in the evening.

Dr. Henderson is a former pastor of Timothy Eaton Memorial Methodist Church, Toronto, and was for some years assistant secretary of missions for the Methodist Church.

CANADA CAN SUPPLY HIGH-GRADE FURS

By Auctions in Montreal, British Dealers Will Be Assured of Securing Them.

New York, March 28.—R. S. Coltart, vice-president of the Canadian Fur Auction Sales Company of Montreal, arrived here on the steamship Lapland this morning after a successful trip to England in the interests of the Canadian fur trade.

Mr. Coltart denied a report that he had gone to London to negotiate a trade treaty with the Hudson Bay Company. He said he had seen officials of that company as well as a number of other leading representatives of the fur trade in England.

He said he had seen officials of that company as well as a number of other leading representatives of the fur trade in England, but there had been no discussion of any amalgamation of interests.

A Canadian fur auction, owned and controlled in Canada by the fur shippers of the Dominion would assure British buyers that they were getting secure real high-grade furs.

In the past, Mr. Coltart said, Canadian furs sold through the St. Louis and New York markets had been inferior, frequently mixed with inferior grades, thus injuring Canada's reputation as a fur producing country.

J. S. Woodsworth, Labor Leader, Speaks About Strike Trial Finding

Saskatoon, Sask., March 28.—Speaking here today, J. S. Woodsworth, labor leader of Winnipeg, said, referring to the verdict of guilty returned against the five Winnipeg leaders on Saturday: "That is not final by any means."

He said that as a result of the decision of the public and the misstatement of conditions and the effects of these statements in jury trials, it had been decided to "appeal to the wider jury of public opinion."

Declaration that the case of "Bob" Russell would be taken to the jury council, to get the opinion of a conservative judicial body that has not forgotten the rights of the individual, brought cheers.

Winnipeg and Calgary Unfavorable to Daylight Saving—Regina is For It.

Winnipeg, March 28.—It is improbable that the city of Winnipeg will try the scheme of daylight saving again this year and the question is not now before the public.

There is a feeling that the idea is not feasible nor practicable. Calgary also has not considered the matter and will likely leave it alone, the mayor being opposed to it.

Edmonton and district will not attempt to put the clocks forward, owing to opposition among the farming interests and to the fact that their geographical position gives them long summer evenings anyway.

In Saskatchewan, Regina is ahead in the matter and will start to put the clocks ahead an hour next Sunday; Saskatoon will take a daylight saving plebiscite on April 24 if a by-law passes the city council for that purpose tomorrow night.

OWEN SOUND HARBOR OPEN FOR NAVIGATION

Owen Sound, March 28.—Owen Sound can boast of being the first harbor on Georgian bay free of ice.

The hot sun and south wind of the last two weeks had rotted the ice in the Owen Sound bay, so that when a stiff southeaster sprang up on Friday afternoon it easily broke up the ice and drove it into Georgian bay.

The early break-up is remarkable in view of the fact that in many places the ice was two feet thick this year and extended well out into Georgian bay.

LAND ON DANFORTH SOLD BY SYNOD

John Hallam Purchases 27 Acres for Good Figure.

The Anglican Synod of Toronto has sold the last block of their land on Danforth avenue to John Hallam, the well-known dealer in hides and furs, for about a quarter of a million dollars. The piece comprises 27 1-2 acres and lies immediately north of Danforth, between Donlands and Greenwood avenues, and is all within the city limits. The deal was negotiated by John MacLean of the Danforth Glebe estates. Mr. Hallam is subdividing this property and has given Mr. MacLean the exclusive selling agency. City conveniences surround the property on three sides and steps have been taken to have them put thru the property in time for the builders this spring. Mr. MacLean sold over half a million dollars' worth of lots in the Glebe estate, east of Greenwood, during times that were relatively quiet and he expects, in view of the present urgent demand for home sites, and its more favorable situation, to make a better record with the Hallam property. The land will be marketed under reasonable restrictions. Sixty-six front streets have been laid out thru it. Mr. Harold Gandier, owner of the Graphic Arts building on Richmond

street, who has leased the Robert Bond building, corner of Sheppard and Temperance streets, for 10 years, is arranging to convert the space into offices, as the present leases expire. A tunnel will be built from the basement of the Graphic Arts building to the basement of the Bond building, making one large floor for the printing department.

The house at 20 Chestnut Park road has been purchased by Elizabeth C. Wilson from Emma Defule for \$20,000.

Charles H. Carpenter has sold to Mary R. Wylie, widow, the house at 126 Crescent road, for \$25,000.

Annie E. Lewis has sold No. 8 Crescent road for \$10,800 to Alma L. Williams. The property has 40 feet frontage and a depth of 135 feet.

Plans are out for a large amount of building in Lawrence Park this year. Brick and tile has been spotted on about twenty lots on Dawlish avenue, and St. Leonard's Crescent in the last few days.

The printing business of the Brown-Searle Co., Limited, it is understood, has been sold to Mr. Harold Gandier, of Saturday Night.

The house at 88 Madison avenue has been sold by Mrs. William Norton to William Walker for \$16,000. The lot measures 46 by 130 feet. Copeland and Fairbairn negotiated the sale. The firm has also sold for George Phillips the property at 566 Huron street to W. S. Wilson. The exact price was not given out, but was approximately \$12,000.

ASSAULT AND ROBBERY IN LANE IS ALLEGED

Robert Curry, Euclid avenue, was arrested Saturday night, charged with assaulting and robbing John McDonald of \$18 in a lane off St. Patrick street.

According to the police, Curry and four other men took McDonald up the lane to give him a drink of whiskey and when McDonald went to take a drink the men are alleged to have attacked and beaten him. McDonald was wounded several times in the face and collapsed. A number of people witnessed the assault and they notified the police. Curry is alleged to be the one who got the money. He had a bottle of whiskey and is also charged with a breach of the Ontario temperance act. The four other men are still being sought by detectives.

McDonald told the police he came to Toronto from Sudbury Saturday. He did not know the five men until they offered to drink the bottle with him.

RAILWAY FARES HAVE BEEN RAISED

To Points in States, Ten Per Cent. Advance is Demanded.

Canadian railroads have increased fares to all points in the United States to the extent of ten per cent. on the former rates. The increase, as explained in a circular issued on Saturday, applies to all thru tickets, one-way or return, but will not apply to sleeping or parlor car tickets. Clause B of the circular reads that amount of excess baggage. Clause C regarding movement of special baggage cars, says: "If the charges are based on a specified number of passengers, the ten per cent. is to be added to each individual fare and if specific amounts are shown in tariff, the ten per cent. is to be collected on the total charge for special movement."

Clause D says Canadian war tax is to be charged only on the amount of the passage fare, and not on the passage fare with ten per cent. addition.

A second circular states that because of the exchange rate, if the \$8 head tax is tendered in Canadian currency, the ten per cent. advance is added, so that the amount of head tax will be \$9.20. The new rate goes into effect March 29.

DR. HASTINGS MAY LEAVE CITY'S EMPLOY

It was learned at the city hall on Saturday that Dr. C. J. O. Hastings, medical officer of health for the city, is seriously considering resigning his office. The reasons for this step are not as yet known, as Dr. Hastings will not commit himself on the subject.

It is also rumored that there will be another resignation in the department of health at an early date, as it is understood that Dr. O. E. Fleming, director of laboratories, has accepted a position in the government service at Ottawa.

WILLS AND BEQUESTS

Probate of the will of the deceased John L. Bigley has been granted to his widow, Mrs. Marie A. Bigley, 39 Woodlawn avenue, who is named sole beneficiary. The estate is valued at \$16,681.

The \$19,202 estate of George Andrew, a salesman with the T. Eaton Company, who died intestate, will be divided amongst three brothers, three sisters, a niece and six nephews. The estate of William Milne, a tailor, has been inventoried at \$115, one-third of which will be inherited by his widow, and the remainder by his son, William.

The heirs of Wilbur Woolliard Campbell are his widow and two sons. They succeeded to the \$1050 left by deceased Mrs. Mary Broadfoot Ferguson, 215 Kenilworth avenue, is sole beneficiary and executrix of her husband, Peter Campbell, a soldier, who left an estate of \$1110.

DAMAGES AGAINST RAILWAY.

Before Mr. Justice Kelly and a jury Saturday Mrs. Ralph J. Hoffman, wife of a St. Catharines merchant, was awarded \$400 damages against the Hamilton, Grimsby & Beamsville Railway for injuries sustained when an auto being driven by her husband, and of which she was an occupant, was struck at the Red Hill crossing by a car belonging to defendant.

The jury found that defendant's car was going at an excessive rate of speed, but that Hoffman could have avoided the accident had he kept his eyes open. His claim for damages, accordingly, failed, as also the claim for the death of plaintiff's three-year-old boy.

CAPTAIN R. L. PARR - FOUND NOT GUILTY

Judge Coatsworth Says System Right in D.S.C.R., But Men Careless in Work.

That Captain (Dr.) Russell L. Parr is not guilty on the charge of conspiring to defraud the government of Canada of \$2,500, was the verdict brought in by the jury under Judge Coatsworth on Saturday, after a hearing extending from Wednesday last.

Daniel T. Booth, paymaster of the D. S. C. R., on Spadina avenue, and Captain Parr, who was the medical officer, both faced the conspiracy charge, Booth entering a plea of guilty and being sent to jail for six months. Parr pleaded not guilty.

In charging the jury, Judge Coatsworth said that the system was all right in the D.S.C.R., but the men who were carrying out the system were doing their work in a very loose and careless manner. "Carelessness is not criminality," he added.

TO UPSET STATE THRU THE ARMY

Max Armstrong, at People's Forum, Expounds Decidedly "Red" Ideas.

ATTACKS RELIGION

"The state must either be got hold of or we must make it useless. The army and navy is used to build up the state, but if you cannot get those two forces so that they would refuse to act at the critical moment, the state would be rendered useless. Then again, an army or navy is useless without ammunition, and that is made in factories. If the workers refused to make ammunition the army or navy would be rendered useless also. I do not tell you to do this, it is only a hint—a hint you might pass on."

An Attack on Religion

In speaking to the people's forum last night on "The State and Democracy," Max Armstrong gave vent to the above expression of opinion. Mr. Armstrong advanced some very crude and some very strong opinions in the course of his address. He made a violent attack on religion, saying: "If anyone in this room believes in a God—well—let him go ahead and believe." He further declared that the ten commandments were drawn up by property owners and married men. Is the U. S. a Democracy?

Mr. Armstrong in taking a hit at what he pleased to term "the beautiful Anglo-Saxon democracy," said the governments of such were the greatest art in history in fooling the people. The United States, he declared, believed they had a democracy just because they had no kings or lords, no dukes, and could smack a millionaire on the back and call him "Bill." He told his audience that so long as they worked for wages they would never be any better off than they were at present. All production, he declared, should be made equal and everything produced should be for use and not for profit.

Measuring the Worker

Some people, he declared, measured the prosperity of the worker by bacon and egg methods, and by the number of his back he brought to his wife. He, the speaker, measured it by the slavery of the worker, and he contended that class struggles were going to last just as long as there are capitalists. He contended that the working class was the force that could change all that as they were "the people of the future, and not the intellectuals. The latter might be useful, but they must not forget there were a lot of intellectuals amongst the workers. Everyone, he said, must work and help to improve civilization."

One Class Power

The state, declared Mr. Armstrong, was supposed to be the expression of the will of the people and give evenhanded justice to all. But the state in all ages, was in his opinion, the organized power of one class over another. The remainder of the lecture consisted of comparing the printed statements of such men as Karl Marx, Philip Snowden, Herbert Spencer and H. Wallace, in relation to the title of the lecture.

MASKED BANDITS AGAIN

Feb Two Men on Downtown Streets on Saturday Night

Clarence Saunders, West Richmond street, reported to the police Saturday night that two masked men had attacked him at Dundas and Richmond streets and robbed him of \$15. Saunders, who is a colored man, came here recently from Montreal. His story as told to the police was that he was walking along the street when the two men walked up to him and pointing a revolver in his face ordered him to put up his hands. They then went thru his pockets and stole the money.

Nelson Stewart, 134 York street, reported that he had been robbed of \$10. He could not give any description of the robber and the police so far have not been able to make anything out of the complaint.

LABOR NEWS

JAMES SIMPSON ON LLOYD GEORGE

Says British Premier is Linked Up With British Capitalists.

"I believe that if labor moves forward as rapidly during the coming ten years as it has done in the ten years just closed in Great Britain it cannot help achieving its every aspiration," said James Simpson at the largely attended meeting of the Independent Labor party, held at the Labor Temple yesterday afternoon. Mr. Simpson believed that the challenge of Premier Lloyd George to labor was epochal. It was directed at labor and not at any section of the movement, an indication that he was aiming at the overthrow, not of any radical section of the labor movement, but of the whole movement. Coming nearer home, Mr. Simpson criticized legislation recently passed by the congress of the United States inimical to the interests of the American Federation of Labor, albeit supported by a man formerly one of the chieftains of the steel workers in that country.

Mr. Simpson then returned to the condition prevailing in Britain during the Great War, paying a fine tribute to the excellency of organization and accomplishment of the government administration of munitions. This, said the speaker, was symptomatic of the times, and above all else showed what the collectivism could accomplish under executive impulse. But, the fact remained that the problem of democratic control of industry, one of the main planks of the workers, had become an urgent question in politics through the world. Lloyd George had asked what was meant by the term, "democratic control of industry." Quick and to the point was the reply of the Labor party in Britain, "elimination of private ownership." The premier of Britain had linked himself up with the great financiers as a means of buttressing up the capitalist system in that country. He was undoubtedly the arch representative of capitalism in Britain, and when the workers arose to champion their own cause he would be held responsible for such a stand as he now championed.

I. U. M. PROTESTS NON-UNIONISM

Is Against Policy of Foundrymen Replacing Union With Non-Union Men.

Ontario Provincial Council, International Union of Machinists, yesterday afternoon concluded its two-day convention at the Labor Temple. A resolution was passed protesting against the alleged action of the government in aiding Canadian foundrymen to replace trade union men with non-union material. It was decided during the course of debate that many foundries, finding wages high, had decided to attempt to force a decrease by the importation of men having less mechanical ability at about one-third the current wages.

Another matter which was taken up was the metal trades schedule now being presented. It was pointed out that this schedule was endorsed at the convention. It is a matter of more than ordinary importance for the reason that it represents a forward movement of internationalism (international trade unionism under the American Federation of Labor) as against the ancient, but effete type which has been in vogue in this province to progress of the movement.

Delegates were elected to the Canadian Council of the metal trades section of the American Federation of Labor. The number elected has not been ascertained, but is understood to be at least three.

BIG WESTERN-WIDE STRIKE FORECAST

Authoritative information is to hand that the grand jury at Winnipeg intends to name a number of prominent trade unionists in Toronto and the east on its indictment sheet, which will be presented shortly on the question of alleged sedition. Feeling in the west is said to be running high, and the prospects of a strike which would paralyze the forest and a result of the findings of the jury in the case of Ald. Queen, Rev. William Ivens and other prominent Winnipeg labor men.

(Continued from Page 1.) serve such new recruits, the people of Canada and to prevent them being exploited for private gain. The federal authorities were asked to take up the development of Canadian natural resources by tabulating the mineral and other resources of the unexplored parts of Canada and, by training necessary number of returned soldiers, without delay.

With regard to the increasing amount of idleness among Nova Scotia mine workers, especially at Sydney mines, the Canadian government was urged to instruct the Canadian national railway board to buy as far as possible Canadian coal, so as to ensure full employment for the miners. It was resolved that "this assembly memorialize the governor-in-council of the need of an immediate investigation into the status of all concessions and crown granted claims in Yukon territory."

REORGANIZE GUELPH ARTILLERY BRIGADE

New Militia Unit to Be Known as 11th—Appoint Battery Commanders. Guelph, Ont., March 28.—(Special.)—Brig.-Gen. Panet, G.O.C., Military District No. 1, and Major F. N. Spry, of military headquarters, London, were in the city yesterday in connection with the reorganization of the first artillery brigade, Canadian militia. The visiting officials were present last night at a dinner and meeting of all artillery officers in the city held in the armories, at which the matter was thoroughly discussed. The appointment of a brigadier to command the newly-formed militia brigade had to be left over.

It was the unanimous opinion of the meeting that Capt. George Drew take over the 16th Battery, and Capt. Douglas Crook, M.C., and the 29th. Both officers consented to the appointments. Considering the fact that the first artillery brigade to leave Guelph for the front was the 11th, it was decided to call the newly-organized brigade the 11th, instead of the 1st Brigade, as it was originally known. The batteries comprising the brigade will in all probability be the 11th, 29th, of Guelph; the 43rd, of Waterloo, and the 63rd, of Stratford.

G.W.V.A. Leader Against East or West in Canada

Montreal, March 28.—Jan A. Mackenzie, president of the Vancouver branch of the Great War Veterans' Association, addressed the Reform Association here at lunch on Saturday, and claimed that the recent convention was an augury against any separatist tendencies in Canada. He pleaded that there should be no east or west in Canada.

REORGANIZE 34TH BATTERY.

Belleville, Ont., March 28.—(Special.)—The 34th Battery of the city, which had an enviable record overseas, is being reorganized. Four guns have arrived here and practice will be commenced at once. During the summer the battery will go into camp at Petawawa. The present list of officers is as follows: Major W. R. Riordan, D.S.O.; Lieut. C. A. Payne; Lieut. Ted Yeomans; Lieut. William H. Finkle; Lieut. Douglas Reid; Lieut. Grenville Sinclair; Lieut. R. J. E. Graham.

MEDICINE NOT YET HIGHLY EFFICIENT

Dr. Gordon Bates, at Open Forum, Favors Its Socialization.

There is a long hill to climb yet before the summit of medical efficiency is reached, seems to be the opinion of Dr. Gordon Bates, the well-known Toronto specialist on social diseases. At least this was the impression he managed to convey yesterday afternoon to the assembled audience at the Open Forum on the subject of his topic, the Socialization of Medicine.

High Infant Mortality

"There have been numerous explanations of this term given, but to my mind it simply means the organization of all medical forces for the social good," was his opening comment. "It certainly is a comprehensive idea," stressed (this point by giving statistics showing that the infant death rate in Toronto during 1918, of children under one year, was 118. Among these 640 was simply results from lack of preventive measures. "If proper attention had been given many of them would have been saved," he declared.

Medical Clinics Needed.

Dr. Bates' solution to the infant mortality problem is that medical clinics should be established where prospective mothers could go to receive advice and attention. "In many large cities on this continent, one-fifth of the children die at an early age, and a great deal of this mortality could be eliminated if proper preventive measures were taken," he said.

Nature intended that man should live to at least seventy years of age—that is what he should be, he continued. "It would appear then, that there is something radically wrong with our social and medical system, as it is an indisputable fact that the average person does not live anything like that long. As far as I have been able to ascertain, this condition is the result of a lack of knowledge and proper medical care."

Investigation has proved without a shadow of doubt that many people suffering from various diseases, do not have them treated at all, but simple things slide until the infection has reached dangerous proportions, and the patient is in a hopeless condition. It is certainly in time that some better organization of the medical health forces was brought about. The functions of this department should be made considerably broader.

He spoke of the immense strides science has made in recent years in combating diseases. "Until the discovery by Louis Pasteur in 1870 it was not known that disease had a bacterial origin, and since that time medicine as a profession had been entirely metamorphosed. Preventive measures have been discovered and a great deal of mortality due to the erstwhile prevalent diseases has been eliminated."

Favors Vaccination.

Whatever else he may be, Dr. Bates is certainly an anti-vaccinationist. He came out strongly on this point, stating that vaccination had prevented several smallpox epidemics from assuming the proportions of a plague. "If the people were only educated along these lines, and knew the situation as it exists, there would be no anti-vaccination movement," he concluded.

FLYNN SPEAKS IN GUELPH.

Guelph, March 28.—(Special.)—H. Flynn, president of the United Veterans League, was the principal speaker at a meeting, held at Griffin's Opera House this afternoon. He criticized the government for its failure to take proper steps to treat the returned soldiers with respect to their re-establishment and defence of their rights. He urged the government to pay the \$100 gratuity. Alderman Frank Howard occupied the chair.

VALUABLE PACKET LOST.

Lost, perhaps stolen, a package belonging to James P. Shannon, well-known real estate broker, of 125 St. George street, at the Union Depot about 10:50 Saturday night. The package contains documents of value to only the loser, but many of them records practically irreplaceable and therefore, invaluable. Mr. Shannon stated to The World last night that he was offering a substantial reward for the recovery of the packet, itself a bundle of papers about sixteen inches long and nine inches wide. When found the parcel should be delivered to Mr. Shannon's office, 1105 Royal Bank building, Toronto.

MONDAY MORNING, MARCH 29.

O, Ladies! Ladies!

It is risky enough to say a word about quarrels between man and wife. How much more perilous is it to mention troubles between ladies and ladies.

Mrs. A. E. Gooderham, the president of the Imperial Order of the Daughters of the Empire, has resigned her office because of differences precipitated thru Lady Kingsmill within the executive.

There is a steady accession of black-coated toilers and intellectuals to the Labor party. The party has suffered from the localism of some of its branches, which has militated against getting really eminent men into the house of commons.

What is the position in Canada? For fifty years the confederation flourished on the assumption that there were and would always be two national parties. Even the warmest lovers of the old regime admit that the Canadian partisan system is in the throes of dissolution.

Between 1911 and 1917 the conservative party sent only one representative to Ottawa. Of the original Unionist, sixteen, perhaps half, are of conservative antecedents.

London warehouses are choked with meat and flooded with tea bought during the war for the ministry of food. Thousands of tons of meat are also held on refrigerator steamers in the river.

Over There and— Is there room anywhere for a Liberal party which clings to old ideas and old methods of organization? Can any of the old political parties have a convincing city here? Essentially liberal ideas can never die; but the expression of them is always changing.

cesses to be truly liberal even if he does not become an old-school Tory. The Mr. Asquith has returned to the house of commons after an election in which he rallied the ancient Liberal banner to the mast, it is still true that he was elected by conservative votes.

The Liberal party in Britain has lost a great many able men, who were formerly its stoutest champions. Sir Leo Money, a former parliamentary follower of Mr. Asquith, is the Labor candidate for Stockport, the constituency which first elected Cobden to the commons.

Provisions Made for Junior Members of Staff, Announced by C. H. Buckland, M.L.A.

Guelph, March 28.—(Special).—H. Buckland, M.L.A., for South Westland, who is in the city for the week-end, brought word of definite word as to the provisions made for the junior members of the staff at the O.A.C. factory, the increases recommended appear to be very satisfactory, and all that remains is for the government to put them into effect.

REQUEST A RESTAURANT IN BELLEVILLE STATION

Belleville, March 28.—(Special).—The board of directors of the chamber of commerce at their meeting yesterday afternoon adopted a resolution which will be forwarded to the Grand Trunk Railway asking the company to establish a restaurant at the station in the city. It is felt that being a divisional point and in view of the arrival and departure of trains at meal hours, a restaurant at the station would be a distinctive convenience to the traveling public.

BOLSHEVIKI GET LAST BASE IN SOUTH RUSSIA

London, March 27.—Novorossisk, the last base in southern Russia under control of General Denikin, has been captured by the Russian Bolsheviks, according to a wireless despatch from Moscow.

TWO STEAMERS MISSING

CROSSING ACCIDENT NEAR BELLEVILLE

Belleville, March 28.—(Special).—A fatal level crossing accident occurred this afternoon on the line of the C.P.R. about a mile east of the city limits. Dr. Robertson of this city, accompanied by his wife, was driving a runabout towards the city, when, at what is known as Gibbons Crossing, he failed to notice the approach of the westbound C.P.R. express.

ITALIANS OCCUPY BELGRADE

Belgrade, Serbia, March 27.—A despatch received here from Sutiari, Albania, says that after General Dufour, the inter-allied commander, handed over the city to the inhabitants, according to the award of the allied war council, the Italians began to occupy the city immediately after the general had left. The despatch adds that the Italians have placed a complete battery of artillery in the fort, training the guns on Lie city.

GUELPH SECURES BIG TRUCK FIRM

Commerce Motor Trucks, Ltd., Establishes Canadian Factory.

Guelph, March 28.—(Special).—The biggest industrial announcement that has yet come from the chamber of commerce was made yesterday afternoon, when it was officially given out that Guelph had secured the Commerce Motor Trucks, Limited, the Canadian factory of the Commerce Motor Car Company, Limited, of Detroit. The federal charter is now being applied for, and plans have already been prepared for the erection of a large motor truck factory. Building of the factory is to start within the next 30 days, and the directors hope that the building will be complete and ready for occupancy by next October. The new industrial concern will give employment to 500 men when they start manufacturing, and indirectly will also give employment to another 2000, as it is the intention of the company to purchase locally many of the parts that will be required for the assembling of their motor trucks.

LEADER TAKEN FROM JAIL TO HOSPITAL

London, March 27.—William O'Brien, alderman of Dublin, who was arrested on March 3 during a raid on Liberty Hall in that city, and who has since that time been conducting a "hunger strike," was removed from jail to a hospital last night, says a despatch to The Herald, organ of Labor.

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

Synopsis of Preceding Chapters: Alice Fairbanks has always won her way thru life by her optimism. Her sunny nature has carried her thru her father's death, her mother's invalidism, poverty, the necessity of hard work, with a smile and a feeling of hope.

HAPPIER TIMES.

CHAPTER 42. As the warm weather, developed Alice found herself really happier than she had been for a long time. Looking back thru the months, she wondered sometimes how she had stood it.

"And I could not have done it," she said to her mother, in one of her impetuous bursts of confidence, "except for the work I've done. Do you know I haven't taken half an hour to be frivolous, or to do just nothing at all, since Lois left—and David—She stopped with the sentence unfinished. Even now she could not talk very much about David.

"I know, my dear. Don't you think you ought to?" Mrs. Fairbanks paused for a moment, as if she were ready to accept any suggestion Alice made. If Alice said she had not been frivolous, the mother immediately thought she wanted to be—and that, of course, she should be. If Alice remarked that she was tired of the house Mrs. Fairbanks at once wanted her to go off on a trip. It never entered her poor little head to consider the practical details. Alice wanted a thing—and wouldn't Alice take it?

"Yes, you must have a new dress. Now I wish you'd go down to Tupper's tomorrow, and pick out some nice silk. And a pattern. I can make it for you, and it needn't cost so much."

TORONTO AFFLUENT; FINANCES ARE GOOD

(Continued from Page 1.) was \$335,955, which arose from under-expenditure in connection with appropriations made for war purposes.

In the comparison of appropriations for the last two years, the most conspicuous increase is that of the board of education, which jumped \$1,332,567, or 25 1/2 per cent.

Regarding the increase in population during these years, the following is a table showing the cost of education per capita in the last six years:

Year. Population. Total cost for education. 1915. 470,151. \$3,246,135. 1916. 483,705. 3,869,080.

Treasury Dept. Less Than 1919. In the treasury department the estimated requirements are \$333,496, which is \$15,000 less than last year.

fighting along the railroad from Plozkow to Zolerynka, the Bolsheviks having attacked. They were driven back a few kilometers in a northerly direction, however.

During the recent fighting in the swampy country in the region of Mozir, the Bolsheviks used long-range guns, say the newspapers, arousing the local population, which took up arms and fought with the Poles.

It is estimated that the locomotives, rolling stock, armored boats and other Pripet lakes craft seized when the Poles captured Mozir are worth 3,000,000 marks.

Poland has sent a wireless message to the Russian Bolshevik government proposing April 10 as the date for meeting soviet delegates with a view to negotiating for peace.

The note makes no mention of peace terms, dealing solely with the place and the date of the proposed meeting.

The place suggested for the peace discussion is the town of Borysov (50 miles northeast of Minsk). The note says that in the event the Bolshevik commissaries agree to the meeting, to be held April 10 or later, the Poles will be ordered to cease military operations near the bridge in the region of Borysov 24 hours before the arrival of the Russian representatives.

Arrangements will be made, it is added, for Polish officers to await the Russian delegates at the spot where the Poles' trenches cross the railroad tracks on the line between Minsk and Smolensk.

The note asks also for the names of the men who will represent the soviet government at the conference.

FURIOUS FIGHTING ON POLISH FRONT (Continued from Page 1.) the opening of a barrage from the river boats, and then infantry attacks.

The Bolshevik drive has been unsuccessful, according to a communication today. The communication announces that the Polish military authorities after eight days of fighting at various points on a six hundred kilometer front, see signs of weakness in the long-planned spring drive of the Bolsheviks, which was designed to break the hold of the Poles upon the entire front.

Aided the Poles. The communication also reports severe fighting in the region of Olenok and to the south along the Stutch river, with both sides using artillery extensively.

CATHOLIC WOMEN'S LEAGUE GROWING

Membership 'Has Increased' and Activities Are Extending.

At a meeting of the Catholic Women's League, held in Columbus Hall yesterday afternoon, reports showed that the membership has now reached 806. The president, Miss Gertrude Lawler, urged the meeting to try to attain the 1000 point as soon as possible. The social service committee reported on the work of the "fit" depot, which was kept open for 2 days, during which about 500 persons were assisted.

The treasurer reported that a cheque for \$1000 had been sent to Cardinal Mercier for the library at Louvain. The different sub-committees were explained by the president, among them being those on citizenship, education, sociology and child welfare. At the suggestion of Miss Marie Strong, newspapers, magazines, etc., will be collected and forwarded to places where it may be appreciated.

A sewing circle to St. Michael's Hospital, which has in all 572 beds, was proposed by Miss Marie Macdonald, a number of those present giving in their names as volunteers for the work.

UNVEIL TWO TABLETS IN ST. PAUL'S CHURCH

An impressive memorial service was held in St. Paul's Church, East Bloor street, yesterday morning in connection with the unveiling of tablets in memory of Lieut. Allan Macnam Denovan and Bombardier Sidney Mercer McWhinney, who were killed in the last week of March, 1918. The tablets were unveiled by the patriotisms shown by these former members of the church. Lieut. Denovan, who was 24 years old, was last seen flying at a height of only 50 feet above the onrushing Germans during the great enemy drive in the last week of March, 1918. Bombardier McWhinney, son of J. R. McWhinney, was prominent in Upper Canada college, a student, but hastened to enlist as soon as he was old enough for service and was only 18 years of age when he was mortally wounded at Hill 60 in May, 1918. He died in a hospital in England, and his body was brought back to Toronto, the funeral service being held in St. Paul's.

Besides her husband, five sons and one daughter survive—James, Charles R., and Archie M., with the T. Eaton Company; Gavin, and George Rae, insurance brokers, and Miss Marjorie Allan, at home.

STEALING AND RECEIVING.

Three men were arrested Saturday night in connection with the theft of several hundred dollars' worth of electric fixtures from the Cross and Hyde factory, Labatt avenue. Vincent Brogan, 530 East Queen street, is charged with stealing the fixtures, while his brother, Leo, and a man named Norman Brown, of Connaught avenue, are held on charges of receiving. The arrests were made by Detectives Waterhouse and Black. The thefts, according to the police, have been going on for the last three months and only a small quantity of the goods have been recovered.

DOCTOR MENZIES' MEMORY PRAISED

Memorial Service to Toronto Missionary, Murdered in Honan, China.

Bloor Street Presbyterian Church was last night unable to accommodate the hundreds of mourners who wished to attend the memorial service in honor of Dr. R. M. Menzies, Presbyterian missionary from Toronto, who was murdered by robbers in Hwakingfu, Honan Province, China, on March 17, 1920.

High Tribute Paid. At the service a short address was given by Mr. J. A. Paterson, of the Presbyterian Foreign Mission Board, who paid high tributes to the work and character of Dr. Menzies. "He died as he had lived, following his vocation of saving souls, and his work will be an inspiration to all who follow," said Mr. Paterson.

Physician and Minister. Mr. J. Armstrong, secretary of the foreign mission board, spoke briefly in glowing terms of the life and achievements of the fallen missionary. He stated that Dr. Menzies had been in the work for 23 years, and was one of 80 missionaries in Honan Province. In the dual capacity of physician and minister, Dr. Menzies carried out his work with great vigor and success, so that Mr. Paterson felt that no one man could fill the place left vacant. He appealed to students present to make the decision and go to take up Dr. Menzies' work.

Rev. George C. Pidgeon, pastor of the church, brought out the fact that since Dr. Menzies' death there has been a great blank, it also leaves a great opportunity for others to take up the work. In conclusion he urged that the students present to make the decision and go to take up Dr. Menzies' work.

THE universal desire to make Easter breakfast a really delightful meal, is easily fulfilled by housewives who use

Swift's Premium Hams and Bacon

A few slices of this mild, delicately-cured ham or bacon—cooked to a tempting brown—served sizzling hot—make a meal the whole family will enjoy. For Swift's Premium is outstanding in excellence: the Ham, because of its extra mild cure and juicy tenderness; the Bacon because of its succulent fat and enticingly flavored lean; and both because of their characteristic savouriness due to the exclusive Swift process of selection and curing.

Serve Swift's Premium on your Easter breakfast table and we know you will insist on this brand in future.

ADMIRAL BEATTY AND THE SKATES

Colonel Cecil Williams Gives Interesting Sidelight Upon Patriotism.

Colonel Cecil Williams introduced last night at a meeting at Park Theatre, Lansdowne avenue, near Bloor street, under the auspices of the Naval Veterans' Association as one of Britain's great men, paid his meed of tribute to the self-sacrificing work of Sam Harris, Commander of the Sam Harris Branch of the Naval Veterans' Association. The Colonel pointed to the touching episode of 1850, sent by him to Admiral Beatty as the gift of a little patriot of Picton, Ont. This little fellow had decided to forgo a pair of skates so that a sailor on the North Sea might be the gainer. Admiral Beatty received the 48c made it an object lesson to his men of the fleet, and months later the little Pictonian received a silver mounted pair of skates engraved with the autograph of Admiral Beatty.

Commemoration Meeting. The meeting was a commemoration of the great deeds of Britain's sailors, mariners and naval as well of those who lie beneath the waves of the Atlantic and the North Sea. The Naval League is presenting the Naval League with a large wreath in commemoration of the day, and last night Rev. Dr. Hall, Dominion chaplain of the Naval Veterans' Association expressed the hope that all flowers of tribute upon the graves of their loved ones, would become the annual occasion of national commemoration of Canada's naval sacrifices.

Campaign for Membership. Besides the Navy League and the Naval Veterans' Association the National Association of Masters, Mates and Pilots was well represented as a co-operating body to the naval and mercantile men. It is the intention of the Navy League to inaugurate a wide campaign for membership, and great results are anticipated for the very near future.

WESTMOUNT MAYOR AT NORTH TORONTO TELLS RATEPAYERS' GROWTH—BEDFORD RESIDENTS SUPPORTED.

In response to an invitation by the residents of North Toronto, the mayor of Westmount, Montreal, addressed a meeting of the North Toronto Ratepayers' Association Saturday evening. He explained how the suburb first came into existence and gave details of its area, population and assessment. As far as the legislature is concerned, the committee form of government was done away with and replaced by a business board of directors. The mayor acted as president of the board and all the various departments were under the supervision of a general manager.

After the delivery of Mayor McLaughlin's address, a motion was passed in favor of assisting the residents of Bedford in their opposition to the building of the new school, the street car lines. There is a clause in the bylaw restricting the erection of buildings to ten feet from the car line and the board of education have commenced work on the new scheme which will not conform to that requirement. The North Toronto ratepayers' association with the residents of Bedford in their objection to the continuance of the work.

ROWDIES AT WORK.

A gang of rowdies kicked in the door of a Chinese restaurant at 874 West Queen street last night. Lee Yen Sun, proprietor, pointed one of the gang out to Policeman Storey, who locked the youth up charged with being drunk.

PLAYS, PICTURES AND MUSIC

"Too Many Husbands." At the Royal Alexandra, commencing tonight, W. Somerset Maugham's delightful sense of humor is manifested in various ways in "Too Many Husbands," especially in his scintillating dialogue. The play has been so successful in this respect, but perhaps one of the most strokes of humor in the whole play is an exceedingly novel character, possibly quite unknown in this country, which he introduces in the last act of his play. She is a lady of most unimpeachable respectability whose duties it is to provide the "technical evidence of misconduct" required by British applicants for divorce, and whose presence is accounted for in the development of the plot of the play. An attractive, vain, extravagant and shallow young woman is placed in the unfortunate dilemma of having two husbands at the same time. This unfortunate circumstance is brought about through the fact that her first husband, a major in the English army, who has won his D.S.O., disappeared after the first year of the war, and was reported by the war department as having been killed. She later married the friend of her husband, also a major, who has also been honored with a D.S.O. She is none too happy with her second husband, when, after three years' absence, Husband No. 1 suddenly turns up. The difficulty of the situation is further embarrassed by the fact that each of the husbands is quite willing to sacrifice himself and allow the other to remain in possession. The young wife has no special regard for either and has cast longing eyes toward an admirer who has sufficient wealth to indulge her extravagant tastes, and who is also owner of the Rolls-Royce. Divorce is suggested and here is where Miss Montmorency steps in to furnish the evidence. Her appearance is absolutely out of all keeping with the nature of her work. She is tall and of forbidding demeanor, and is absolutely rigid in her strict ideas of morality, yet the author presents her as the representative of the lawyer, who, for a modest fee, assists in providing what she describes as "evidence of misconduct in the technical sense."

Both author and manager have been most fortunate in having the services of Miss Florence Edney, to portray this role. She has scored one of the great hits of the performance. Not only in appearance does she suggest this unique character, but she has an unusual voice, deep and full, and a diction that is exceptionally fine as it is rare. There will be matinee Wednesday, Good Friday and Saturday.

Myrna Sharlow Coming. Among the noted artists coming to the Royal Alexandra Theatre for the week of April 12, with the associated artists of the Metropolitan and Chicago Grand Opera companies is Myrna Sharlow, the soprano, who a short time ago won for herself many friends in Toronto when she appeared as the soloist with the Masonic choir at Massey Hall. Mrs. Sharlow is one of the few Americans who have won fame, not only in Europe, where she sang both at the Champs Elysees Theatre, Paris, as a member of the Paris Grand Opera Co., and at Covent Garden, London, where she sang in the case of "Francesca da Rimini." Later her triumph was proclaimed in Italy, where for four years she was a leading soprano with the Italian Grand Opera Co. of Venice.

At Loew's This Week. The social problems of today are dealt with in a striking way in the 15th Commandment, featuring Ethel Clayton next week at Loew's Yonge Street Theatre and Winter Gardens. The star vaudeville bill presents: "Tantalus," a musical comedy with a story featuring Bobby Vahl and a Broadway beauty chorus; Quigley and Fitzgerald, the creative comedians; Arthur J. Finn and Co. in a military travesty, "The Baggipses in the Trenches"; Gus Erdman, the jovial song jester; Law and Edna Miller, in "The Teller and the Hellfire"; and "The Two Yaguis, Indian entertainers in native songs and dances. Larry Simon, in "The Fly Cop," Loew's Pictorial Weekly, and the "Mutt" cartoons, are other film features.

At the Alien. The operations of a ring of jewel smugglers, in the tangle of which a man became involved, to meet two girls, one of them the girl of his choice, is the made story of "Dude," a remarkable Saturday Evening Post adaptation featuring Tom Moore, Naomi Childers and Margaret Mayo at the Alien this week. The tension of the story is relieved by its moments of comedy.

There is a charming musical program announced by Luigi Romanelli, who for the overture by the Allen Premier Concert Orchestra has chosen selections from "Oh, My Dear," the dainty offering which played in Toronto last week.

The soloist for the week is Ernest G. Dobney, who will give a rendering of "The Rosary" on the cornet. Mr. Dobney, who is a regular member of the orchestra, made a very successful appearance in a duet two weeks ago. Mr. Romanelli is at present busy rehearsing for his musical program for Easter week, which promises to be out of the ordinary.

Larry Simon, the irresistible comedian who writes his own scenarios, and who created such a furore in "The Grocery Clerk," appears in his latest creation, "The Fly Cop," which introduces some new stunts in the fun-making line.

At the Gayety. The most pretentious and artistic production yet seen at the stage is Arthur Pearson's "Step Lively, Girls," at the Gayety Theatre this week. The cast is one of exceptional merit, and is headed by "Shorty" McAlister and Harry Shannon, assisted by Catherine Crawford-Mundy, Ed Quigley, Margie Wilson, Jack Mundy, and Quigley. The changes made to be a collection of young, beautiful girls, who can sing and dance, as well as look beautiful. The scenic equipment is most effective, and was painted by Herbert Stuhart; gowns and costumes by Hickson, Mabeau and Catherine Crawford, staged by Arthur Pearson.

"The Cinema Murderer," at Strand. Probably the other writer of today can produce such a thrilling yet plausible mystery story as the English novelist, E. Phillips Oppenheim. The Cinema Murderer, which opens at the Strand Theatre today, is an elaborate Paramount screen version of one of Oppenheim's most enthralling tales. It concerns a young actress involved in a murder mystery. One of the features which the picture scores a tremendous triumph over is the fact that it is a showing of love. Of great interest is the visit of the Prince of Wales to Toronto, and the reception at the city hall scenes, the R.C.Y.C. scene, with the Toronto's "four hundred," and other big events.

Gorge Arliss Tonight. Tonight at the Princess Theatre, Gorge Arliss will present the noted English character actor, George Arliss and his company of associate players, in a new play entitled "Poldekki," by Booth Parkington. The theme of the play is the proposal of industrial and political revolution. "Poldekki" is written in four acts, the first being laid in Russia and the remaining three in New York City. While the new drama deals with a vital question of today, it is both amusing and thrilling. The name of Booth Parkington is at the present time more prominently before the theatregoing and book-reading public than ever, and he has written the part of Poldekki especially to fit the capabilities of the great English actor.

"Pollyanna" at the Grand. "Pollyanna," one of the loveliest and most widely beloved characters in modern fiction, has been brought to the stage in all her fresh and blood charms, thanks to the deftness with which Mrs. Cushing has blended her comedy upon the enormously popular glad-books of Mrs. Porter. "Pollyanna" will be offering at the Grand all this week with matinee on Monday, Good Friday and Saturday. Any favorite book character is more vivid and understandable when poetically visualized upon the stage. The public is keenly alive to what is new and vital in the theatre and is eager for plays that convey the sweet and beautiful influence that has made "Pollyanna" fiction tremendously popular in many lands. The comedy is an even greater delight than the stories. It spreads good cheer and glad spirits broadcast and it is full of novel and fascinating surprises.

"Ben Hur" a Big Play. Here are some interesting figures about "Ben Hur" coming to the Princess next week, with matinee Wednesday and Saturday. There are 18,500 words in the manuscript of the play, read by seventeen principals in one hour and fifty-eight minutes. The chorus of 180 voices sing 25 minutes at each performance. There are seventeen scenes in the play. The canvas in these scenes would cover an area of 102,709 square feet. The scenery and properties, exclusive of the chariot race apparatus, weigh twenty-one and a quarter tons. Forty men set and clear the stage of this equipment or handle it twice in thirty-four minutes, the combined waits between the acts at each performance. There are 375 lines, of about the size of clothes lines, used in suspending and hoisting the great drops or hanging pieces of scenery and as strip lines. There are 150 feet of rope to each line, making 4,350 feet, or ten and a quarter miles of rope used in "Ben Hur." In the chariot race scene twenty horses are used. They run one minute and fifteen seconds. The running on treadmill, they cover a distance of practically 1550 feet each performance. There are 1500 six candle power incandescent lamps and 15 electric calciums used during each performance. The incandescent lamps burn 900 amperes, and the calciums 400 amperes. Mail orders are now being received, the regular seat sale opening Thursday.

Shea's Theatre This Week. An exceptional bill at Shea's Theatre opens today. It is featured by a fifty minute version of "The Only Girl," a most delightful comedy with music by Victor Herbert and "Henry Blossom," a musical comedy by Sigmund Romberg. Other features include: "The Fall of Eve," presented by Mabel Cameron, Alan Devitt & Co., and among the choice bits of entertainment this week, "The Chandon Trio," Chas. Henry and a Pathe Pollard comedy, are also to be seen. The special attraction is Miss Sybil Vane, the little Welsh prima donna.

Wonderful Picture. There are several descriptions one could give of "The End of the Road," the remarkable offering, the showing of which opened at Massey Hall on Saturday before well-filled houses. It certainly belongs to the class of photoplays, not altogether common, which makes one think, and yet it has thru-out a very definite value in entertainment pure and simple, for the story is very ably put together, and there are moments of tense and thrilling action.

The production, which stars Richard Bennett, with Claire Adams, a beautiful western Canadian girl, who for some time lived in Toronto, is placed before the public for the purpose of tearing the veil of prudery and ignorance that exists even in the disingenuous age of today, from certain aspects of a great social evil. Endorsed, as it is, by the Canadian National Council for Combating Venereal Diseases, it is the first gun in a nation and world-wide campaign against diseases which have flourished and created great harm in the concealment given by mock modesty and false traditions.

"The End of the Road" traces the life history and the adventures of two girls from their early childhood—the one of them brought up in the fairy lore of the stork and the cabbage plant, the other taught the plain truths of nature in a foreboding but wholesome way by a sensible mother. It shows that the root of certain diseases lies not so much in inherent viciousness as in ignorance, and constitutes a stern arraignment of parents who allow their children to derive their information from corrupt sources, by scolding and punishing them for asking the natural questions that are prompted in a child's mind.

A large crowd congested the lobbies of Massey Hall both in the afternoon and the evening, a great proportion of the attendance consisting of women, many of them prominent in the social life of the city.

The occasion of the presentation of the photoplay was unique in the annals of the business in Toronto, for an official welcome on behalf of the city was tendered by Ald. W. W. Hiltz, in the unavoidable absence of Mayor Church, who is expected to speak before the last showing of the picture on Thursday. Hon. Mr. Justice Riddell, president of the Canadian National Council for Combating Venereal Diseases, was also a speaker.

An excellent scenic travel picture, introduces the showing of the main production, and a first-class orchestra plays thru-out the performances, of which there are two a day, matinee and evening.

beautiful story that leaves one glowing with the satisfaction of having seen something worth while. The dainty May Allison is the star. Others in the cast include Estelle Evans, Kathleen Kerrigan and Richard Morris. The play is truly a fashion show of the very latest creations and each character in an array of the newest and most beautiful styles. Under the direction of John Arthur the famous Regent orchestra will render a charming musical program. The feature will be presented at 12.10, 2.20, 4.50, 7 and 9.30.

Olive Thomas at Madison. Olive Thomas is the star of the Selznick feature, "The Glorious Lady," which will be shown at the Madison Theatre today, tomorrow and Wednesday. The story is one of a glorious-love, a glorious lady, and her glorious sacrifice for the sake of her love.

"Riviera" Hats for Easter

The Assurance of Stunning Style at Much Lower Prices Than Are Usually Asked for Individual Models.

Each is fashioned by our own designers upon high-class hand-blocked shapes. Charmingly new off-the-face sailors, roll turbaned, and irregular brimmed designs, to which tailored elegance is given by smartly-applied trimmings.

Cire ribbon, rolled about the brim and caught in a tailored bow, facing the brim in pleated effects or made to smart ornaments, is much used—lacquered quills that top a dashing crown, waxed wings, ornaments of cellophane in some bright new shades and sometimes whole brims of cellophane with maline crowns.

Black and navy are the favored shades, with here and there a hat of lighter tone. Do not miss seeing the fresh assortment in the enlarged "Riviera" Section. Today's prices, \$15.00, \$17.50 and \$19.50.

Sports Hats Are Now in Demand

And you will be delighted with the attractive collection we have assembled, particularly the English golf hats in bright self and combined shades. Ribbon hats, too, in sports tones for wear with the gaily-hued sweater coat or pull-over.

Most of them have pert turned-up brims or are in jaunty poke effects. Moderately priced, \$6.50 to \$10.50.

The Importance of Little Things

"How far that little candle throws his beams"—how quickly a wisp of cobwebby veiling will transform the plainest little turban into a model of Frenchy chic—how soon a shabby or slightly-soiled glove will mar the smartest costume—how easily smart hose enhance the attractiveness of both frock and shoe. And so, how vastly important that such "little things" as these be attended to in the planning of one's Easter wardrobe.

Veilings for Instance

Very smart and new is a black turban veil in large square mesh, bordered with loops of black braid and corner-embroidered in large roses. Only one of many charming designs.

Or, if you prefer veiling by the yard, you are almost certain to like one in open hexagon mesh, stippled with large woven square dots. Black and colors.

New Scarfs and Waistcoats

Make a bright spot in the Neckwear Department. They are of rich tricolette, in Bermuda pink, Maeterlinck blue, rookie and navy. The waistcoats are trimmed with deep uncut fringe. You should see them!
