The Most Modern Machines Have Been Installed in Our New Mechanical Laboratory And All Lenses Will be Finished Complete Within Our Own Plant UNDER EXPERT PERSONAL SUPERVISION

Have You Ever Wished For Glasses That Would Not Work Loose?

If so, you will be interested in seeing the new KeelLock Mounting, which dispenses altogether with the old-fashioned way of fastening in lenses with screws (to continually come loose) and eventually causing your glasses to break.

The KeelLock way is simplicity itself and much more fashionable for the wearer. Mechanically treated by special machinery, the lenses are rigidly and permanently cemented (not screwed) to the mounting, so that the lenses are held solidly in perfect alignment.

The KeelLock is a work of wonderful beauty and style and the very last word in eyeglass designing.

The KeelLock is SOLD ONLY BY US IN ST. JOHN and will be offered AT NO EXTRA CHARGE for a limited time.

PATRIOTIC CAUSES

They Are All Our Boys An appeal for contributions to give Y. M. C. A. Capt. Hurd of the 82nd Battalion a gramophone and records for use on board ship and in the trenches has been met in one or two instances by the remark that we should devote our whole attention to our own boys. It was the people of Quebec, however, who presented to our own 8th Mounted Rifles a gramophone, and the Quebec people have showered gifts on all the soldiers passing through. It is hoped the 82nd will get the gramophone, for its members are every one of them "our own boys," going to fight for us.

Joseph A. Likely and W. K. Ganong of the Board of Trade collecting committee, thank the merchants and others in Kings ward for generous response to the appeal for the Patriotic Fund.

They received monthly subscriptions until the end of the war amounting to \$1,215.25, and single subscriptions amounting to \$2,603.60—a total of \$3,818.85, if the war lasts a year.

For Patriotic Fund In addition to the Mother Goose attraction at the Christmas Fair of Royal Standard Chapter, L.O.D.E., at Knights of Columbus Hall, December 1, there will be a post office, presided over by quaint pointsmen and assisted by unique poetries. The resources of this post office will no doubt prove delightful to all who are fortunate in receiving parcels from its generous mailbags. The ladies of the chapter have received many handsome contributions for the various booths at the fair.

"The House Next Door." Much interest is being evinced in the forthcoming production of "The House Next Door" in the Opera House, the entire proceeds from which are to be given to the Red Cross Fund. The play contains a strong sentimental vein, but is a particularly well developed comedy with many characters original and interesting. The play is from the pen of J. Hartley Manners, author of "Fog-O'-My-Heart" and had a most successful run in the states.

THE ZEALANDIA CASE

Washington, Nov. 22.—Officers of the battleship Kentucky at Progress, Mex., have reported that the American steamer Zealandia was one-quarter of a mile inside the three-mile limit when recently forcibly searched by a boarding party from a British cruiser, and therefore was in a neutral port. They agree with the British representative that no papers were aboard the ship to show her nationality, but were in the American consulate ashore.

The British officers contend that the vessel was a quarter of a mile outside

the three-mile limit, and therefore on the high seas.

The Canadian government already has protested to Great Britain, and the subject probably will become a matter of diplomatic action between Great Britain and the United States.

Five cannon and four machine guns were taken in the field operations, while in the Nord Basar arsenal fifty large mortars and eight cannon of an old type were found.

THE WEEK-END WAR SUMMARY

Greece Given Notice to Join Allies or Demobilize

GOVERNMENT MORE FRIENDLY

Situation of Serbian Army Still Desperate—Little Change on Other Fronts—German Effort in East Fails

London, Nov. 21—The Entente Allies have demanded that Greece either join with them and fulfill her treaty obligations to Serbia, or demobilize, and to impress King Constantine that they mean what they say, the Allies have declared a commercial blockade of the Hellenic empire, according to despatches from Athens.

There is no confirmation of these statements available here, but it is very certain that Lord Kitchener, the British war secretary, who had an audience with the King of Greece yesterday, and afterwards saw Premier Skoufopoulos, took a firm stand and told them what the Allies could and would do unless the demands were conceded.

The Greek cabinet met to consider the situation, and a few hours should show what Greece's future attitude will be. The Greek government again has affirmed its friendliness to the Allies but has not yet taken the steps required to prevent Greece from being neutral among the friends of the Central Powers.

SERBIANS MAKE LAST STAND.

The Entente Allies will not permit any delay; the position of the Serbian front makes any prolongation of the present uncertainty impossible. Already the Serbians are making what may be their last stand before Monastir, and also in the plains of Kosovo.

The Bulgarians, it is true, are being held up by unfavorable weather conditions, but they must be almost at the gates of the Macedonian capital by this time; while the Austro-Germans and Bulgarians are slowly but surely pressing back the northern army.

The Germans announce today the capture of Novi-Pazars, and are therefore on the march to Belgrade, which has been the Serbian capital since Nish fell into the hands of the Bulgarians.

Other armies are proceeding in from the north, the northwest and the northeast, and the even the Montenegrins, who held their positions for so long, are being forced back.

Of the French and British troops in the south no news was received. Apparently they are only holding their positions, and can no longer hope to render assistance to the Serbians, except by keeping a large number of Bulgarians engaged. According to German reports, an effort will be made by the French and British to save the Serbian armies by sending troops through Montenegro and Albania, but, with our roads, it will take a long time for them to reach the battlefield.

RUSSIANS IN CZARTORYSK.

There is no change on the other battlefronts. The Russians are still fighting for Gorizia, and the Russians are regaining ground which they lost along the Stry river last week. Czartorysk, a little village unknown before the war, and which became famous for the bitter fighting that has occurred around it, is again in the possession of the Russians, who evidently let the Germans enter simply to shell them out the next day.

Three Wounded in The 26th

The official casualty list, of 9 o'clock last night, verifies the unofficial report received here on Saturday that Major John Allen has been wounded. The list also contains the name of Walter Manning, Newton (N. B.), 26th battalion, wounded. The first appearance of the 26th Battalion among the casualties announces that Ovid Lutz, Westmorland county, is seriously ill. Sergt. James A. MacDonald, Glouce Bay (N. S.), is reported killed in action with the 1st battalion. John Conn, Sydney Mines (N. S.), is reported to have died of wounds. He was rescued when the hospital ship Anglia went to the bottom, but has succumbed at Stornoway.

Conspicuous names in the list are: Lieut. G. G. Greenfield, Montreal, wounded with 24th; and Captain John L. Higginson, Loughhead (Alta.), killed in action with the 15th battalion.

The midnight list has the name of Arthur Thompson, Truro (N. S.), wounded with the 26th Battalion.

In the 26th, G. E. Pinsky, of East St. John, is reported wounded. Gordon Pinsky is 22 years of age, a very popular young man about East St. John and the city, and his friends will hope that his wounds will not prove serious.

SOMETHING NEW AT THE GAIETY THEATRE

The management of the Gaiety Theatre certainly made a big scoop by booking "Ambition" for Friday and Tuesday evenings. HARRY LAUDER'S BRAND NEW SONG HITS

When Harry Lauder plays in this city on his 8th annual tour of the country at the Imperial Theatre next week he will have in his repertoire more new songs than he has ever presented in one programme, and while it is quite likely that his audiences will demand some of the old favorites without which they seem to think no Lauder programme is complete, he will give them a treat of new material, every number of which, according to reports from England and Scotland, promises to become as popular as the old ones. Several of the new songs, such as "Bonnie Maggie Tansie," "She Comes from Bonnie Scotland Where the Bluebell Grows," "Roses" and "Jean, My Jean," sing the fame of Scotland and its bonnie lassies. In another new song "The Same as His Father Did Before Him," Mr. Lauder portrays the pride of paternity with the same characteristic humor as he shows in his more favorite role of lover, and here he discards the kilt and appears as a happy but very dutiful baker. In another new song in which Mr. Lauder portrays the character of Douglas, the Baker, he promises to create quite as great a sensation as he did in the "The Safest of the Family." "It's Nicest When We Make It Up Again" is the song he sings in this characterization, and here he discards the kilt and appears as a happy but very dutiful baker. THE WAR NEWS.

The situation in Greece overhauls all else in the news from the seat of war. King Constantine has been brought to book. He must choose the course he will pursue without delay. The Allies have already waited a long time and the moment of decision has come.

course, before he began his ministry at all, would help the clergyman to a better understanding of the problems of those to whom he ministers. Having such general knowledge at the outset, and getting close to his people in their daily life, he would not find it necessary to join "the ranks of labor" every seventh year to get the right point of view.

No more room for soldiers in St. John? Quite wrong. Nobody home at militia headquarters. That's what the matter is.

AN AMERICAN OPINION.

The New York World prints a review of the war situation in the near east, written by a high officer in the United States army whose name cannot be given for obvious reasons. This writer does not believe that Germany and Austria will attempt a large operation in Egypt, India, or against the Suez Canal, for the reason that they have not men to spare.

The Ottawa board of control is unanimously agreed to the adoption of Mayor Porter's suggestion that a half million dollars of the civic sinking funds be invested in the new Dominion government war loan.

There is an excellent opportunity for people with surplus funds to be patriotic and help to take up the new Dominion loan. It is likely to prove a very popular issue throughout the country, and the country needs the money. Moreover, it is an absolutely safe investment.

The Canadian Courier tells of a gentle hint Rev. A. Logan Geggie of Toronto gave to a young athlete who ought to be in khaki. They met and the young man said: "Good morning, Mr. Geggie."

An anti-British association, having its headquarters in the United States, has been trying to stir up trouble in northern India. The hand of Germany is plainly visible. Mr. Anstee Chamberlain, secretary of state for India, told parliament last week, however, that the attempt had utterly failed. India remains loyal.

Why did the authorities not wait until the returned wounded soldiers began to knock at our doors and ask for a night's lodging before telling us they were coming and should be provided for? If Sir Sam Hughes will share out on an official house-cleaning campaign and put a few business men on the job here and there, he will confer a lasting favor on an indignant public.

In an account of recruiting for the 77th Battalion in Ottawa the Free Press says: "Mr. J. R. Booth, the millionaire lumber man, has undertaken to raise a platoon. He will recruit the men personally from the employees of his office, mills and yards. Three stores have each offered to raise sections to make up the departmental store platoon for the 77th Battalion. The sections are twelve men strong."

Mr. W. A. Stewart, at the Elks' Hall Saturday evening, made a timely protest against the conduct of those who are "knocked" the travellers' platoon by asserting that it never could be raised. Every traveller and every commercial man should boost the platoon, whether he feels that he can join it or not. Sgt. Knight asserts that every man who cannot go to the front should do his best to encourage those who are able to go. Sir George Foster protests against the "dodgers." Let every man look his duty squarely in the face.

MINISTERS AND OTHERS.

Rev. Samuel S. Macneil, dean of St. Paul's cathedral in Detroit, has been granted a year's leave of absence, as the affairs of his parish are in such a flourishing state that it is felt he can be spared for a year. Instead of taking a holiday, and spending the year in rest and travel, however, the dean announces that he will spend it in the sociological department of a great automobile factory.

In explaining his unusual course he says he believes the experience will enable him thereafter to preach a more vital and practical Christianity. He says further: "I believe that it would be a good thing if the church would order that about every seventh year a clergyman should go for a time into the ranks of labor and learn at first hand more about the life, the thought, the material environment and the problems of the men he is seeking to reach and help. The only true charity is that which gives a man a job, enabling him to live in a self-respecting manner. The time is coming when the commercial world will take upon itself the care of the unfortunate whom it now turns over to the Associated Charities and other such bodies. More and more employers are interesting themselves in their men's welfare and as most causes which become the concern of charity are the products of our industrial system, this is logical. Most ministers, when they are given a leave of absence decide to spend the time in study in the comparative section of college. I prefer to spend mine in the 'School of Humanity.'"

Perhaps a little less of theology and a little more of sociology in the student

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

"Pape's Diapesin" Makes Sick, Sour, Gassy Stomachs Feel Fine

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapesin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eruptions of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

A Tip. "Poetry should be written on one side of the paper, shouldn't it?" asked the budding bard.

"That depends on the poetry," replied the editor, wearily. "Lots of it shouldn't be written on either side."

A Rank Outsider. "He isn't a true Bohemian," said the poet. "He's a poseur."

"How do you know?" asked the artist. "Huh!" snorted the poet, with fine scorn. "I don't believe he ever's a cent in the world."

Disciplinary Value of Football. "Really," said Hawkins, "I don't regret, as Hawkins laughed loudly at the sight of his son being knocked out on the football field, 'I don't see how you can laugh at such a moment as this.'"

"Perhaps you can't jump," said Hawkins, "but if you knew my son Bill you'd understand. I've felt for ten years that he needed a good stiff licking, but he's such a busting big youngster that I haven't dared give it to him myself."

GERMAN LOSSES ARE APPALLING Casualty Lists Often Show Entire Battalions Decimated, But Comparatively Few Officers Appear London, Nov. 22.—The appalling extent of the German losses is revealed by a perusal of the official casualty lists issued daily by the German government for the information of families, although newspapers are prohibited from reproducing them. The outstanding facts in these lists are the enormous gaps in certain regiments and the frequency with

AS WE GROW OLDER our minds are quite as active as in former years but our strength does not respond when we need it most; perhaps the kidneys are weak, the liver torpid, rheumatic pains or stiffened joints beset us, and we cannot easily throw off the colds that winter brings. What we need is the rich cod liver oil in Scott's Emulsion to renew the blood and carry strength to every organ of the body, while its glycerine soothes the respiratory tract, and its hypophosphites strengthen the excitable nerves. Scott's Emulsion is a scientific oil-food, of unusual benefit to those past fifty years—particularly during the colder seasons, it imparts warmth and creates strength. One bottle will prove its worth. No harmful drugs. Scott & Bowne, Toronto, Ont.

McRobbie FOOT FITTERS - KING ST. In the programme were Miss Alice Hea, Mrs. Murray Long, Mrs. T. J. Gunn, Mrs. A. Pierce Crockett, Alphonso C. Smith, and Messrs. Guy, Skelton, Nobles and Currie. Rev. J. H. Jenner, the new pastor of the Charlotte Street Baptist church, preached at both services yesterday and made a very favorable impression on the large congregations present.

COMMITTEE TO AID WOUNDED

Extensive Plans Arranged—Secretary of Military Hospitals Commission Tells of Needs—The New Members

In order to cope with the problem of caring for the larger number of wounded soldiers who will be returning from the front, the local committee was greatly strengthened at a meeting of the mayor's office on Saturday afternoon.

Mr. Scammell presented to the meeting the great work that would devolve upon the St. John committee during the coming season, as wounded soldiers will be coming here all winter, passing through to other parts of Canada, beginning perhaps not more than a week from now. To deal with the matter, Mayor Frink, who acted as chairman, suggested an enlargement of the reception committee, of which the present chairman is C. B. Lockhart, and the secretary R. S. Ritchie. Nearly all at the meeting were named and in addition several others not in attendance were appointed.

Mr. Lockhart remains as chairman. Among those added to the committee by the meeting are included the following: Dr. Thomas Walker, Rev. M. E. Fletcher, A. O. Skinner, E. A. Schofield, James McKinney, John Keece, T. H. Estabrook, Simon Jones, F. B. Schofield, E. A. Scammell, B. L. Robinson, H. S. Mayes, Mayor Frink and R. E. Armstrong.

THE 52ND LIKE ST. JOHN

Editor Times.
I am a stranger, and a member of the 52nd Battalion in your city, I believe I can speak for most of the lads of the 52nd. I don't believe we could have been treated more kindly than we have been treated by the people of this city. Everyone seems they cannot do enough for a soldier. It is different in some towns I have been in. The people don't try to avoid a soldier in the cars and show places in this town. It is just the opposite, and when we leave here it will be with the best of feeling and a certain amount of regret. Hoping you will be able to find a small corner in your paper to show our thanks to the people of St. John. I remain
Yours sincerely,
ONE OF THE 52ND.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the Little Liver and Bowels and They Get Well Quick

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally, if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs," to evacuate the bowels no difference what other treatment is given. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

SIX DAY RIDERS ARE AHEAD OF WORLD RECORD

Chicago, Nov. 22.—A mile and two laps ahead of the world's record, eight teams were tied for the leadership in the six day bicycle race at the conclusion of the fifty-seventh hour of the grand today. They have ridden 1176 miles. Iver Lawson of Chicago and Eddie Root of Boston, team mates, were a lap behind the leaders. The veteran six day riders fell behind after sensational sprints last midnight, in which world's records began to fall.

RING NOTES.

It is now Prof. Jack Twin Sullivan. The old Cambridge favorite can be found at a Buffalo gym every day from 1.30 to 5 p. m., instructing a class of business and professional men in the art of boxing. According to reports from there Jack is doing well at his new line.

Sandy Ferguson has an offer to box Charlie Wehnert at Brooklyn, N. Y., on Nov. 23. Manager Lou Kelly may accept, but, if he does, it will be for a later date.

Gunboat Smith is back in New York making preparations for his bout with Jim Coffey, which is to be staged at Madison Square Garden, New York, on Nov. 29.

According to a statement from Joe Levin, who is managing the American Sporting Club, New York, neither Sam Langford nor Sam McVey will get a dollar for services until the day after the bout. If the patrons under a protest concerning the contest Sam and Sam have a slim chance of collecting for arrangements have been made to refund the money given for tickets if the bout isn't satisfactory.

DOG'S GLASSES DID NOT FIT SO FAR OWNER SUES DEALER

Chicago, Nov. 22.—Spectacles for dogs have become the subject of an investigation by the office of District Attorney Charles F. Clynne, to whom charges were made that a company at Elmira, N. Y., had advertised spectacles for dogs, and that a pair purchased had proved worthless and not as represented. The person who made the complaint is a woman. Mr. Clynne said, but he refused to give out her name. If the facts warrant it, he said, an investigation will be made. Glasses for dogs outside comic pictures of children's picture books, were new to me," said Mr. Clynne, "until the complaint was made."

ONE MAN AGAINST A MULTITUDE

Jesse L. Lasky's photo-production of "Blanche Sweet in 'The Captive'" at Imperial Theatre today, with House Peters in the leading male role, contains a most thrilling scene in which one man, single handed, defends a girl against a mob of drunken Turkish soldiers, giving a very vivid idea of the terrors that beset women in the days of war. The hero, who so bravely meets this situation, is himself a Turk and has, through the fortunes of war, been the servant of the peasant girl. Though she has treated him most unjustly by her coming to love her, and he finds himself in the strange position of having to protect her from his own superior officer. He barricades the house and prepares for a hopeless resistance, but is rescued by the Montenegrins who take the village in the nick of time.

SAYS THE WAR WILL LAST HUNDREDS OF YEARS

Berlin, Oct. 22.—(Correspondence.)—Houston Stewart Chamberlain, who, although the son of an English admiral, has become a German, has contributed to the issue of the Hamburg newspapers a statement of his views on the present and future relations between England and Germany. He is convinced that the war between the two countries will last for hundreds of years.

Stomach Was Bad. Could Eat Hardly Anything.

When the stomach gets out of order the whole system seems to become affected in one way or another. The best of appetites becomes disturbed, nausea and vomiting occur, there is a rising and souring of food caused by the acidity of the stomach, and the stomach itself becomes distended causing flatulency. These symptoms are met with immediately, Dyspepsia or some other serious trouble is liable to follow as a consequence. That grand old remedy, Burdock Blood Bitters, has been on the market for the past forty years, and we claim, without any proof of contradiction, that there is not another medicine on the market to-day that can compare with it for the cure of all disturbances of the stomach. Miss Lillian E. Phillips, Plumstead, N. B., writes: "My stomach was so bad I was in pain and misery. I could eat hardly anything. I had been treated by skillful doctors for it, but they did me no good. I was giving up in despair when I happened to hear of Burdock Blood Bitters. You can't think how fast it helped me, for I had only taken two bottles before I was better. I will recommend your medicine very highly to all my friends and sufferers. Burdock Blood Bitters is manufactured only by The T. Millburn Co., Limited, Toronto, Ont."

other athletics among the sailors. Father Reaney was always ready to put on the gloves with the sailors, and was a president boxer. It is related of him that he was the only man in the navy who ever defeated Tom Sharkey, a sailor heavyweight pugilist, who fought Jeffries and other champions. The story is that Sharkey was obstreperous and interrupted divine services, and the priest reproached him and the upshot of the matter was that they put on the gloves. Father Reaney, with his clean hitting and scientific knowledge of the sport, soon placed the pugilist hors de combat, and from that time on never had any further trouble with Sharkey. Father Reaney was a friend of Roosevelt, with whom he often boxed.

During the battle of Manila Bay, Father Reaney was chaplain on Admiral Dewey's flagship, the Olympia, and it is said that his example was an inspiration to all his "boys" as he called the gunners and sailors. He was said to be the father of boxing in the navy, and also introduced

BRITISH IGNORE GREEK SOLDIERS
But French Are Friendly With Them.
SALONKI A MODERN BABEL
Port Said Outdone by Strange Conglomeration—One Tiny Greek Destroyer Among Huge Fleet of Foreign Vessels

procession of ships going and coming and from their standards trail the most unexpected flags; Roumanian, Belgian, Dutch, Russian, Egyptian, all engaged in some way in victualing the foreign troops concentrated on the delta-steps of the Balkans.
Huge trans-Atlantic liners, French and British, laden with soldiers, glide toward the harbor whose entrance is guarded by a common tug metamorphosed into a warship, by armor and a mounted gun or two. The warship at the gate of Greece's second port fits the French, not the Greek flag. Each entering vessel is hailed and while not visited, is requested to give an account of itself, before it is permitted to pass the gateway in the net net whose presence across the harbor is marked by a line of floats.
Greek Destroyer There
Within the harbor whose safety is secured by this net against submarines, the scene is even more animated. Not since the last Balkan war have so many ships gathered before Salonki. Out in the roadstead lie French and British warships, and one Italian man-of-war. The defense of Greece, a tiny Greek destroyer hugs the shore, the presence of war, the blue roofs of the Gulf of Salonki reveals a conglomeration of strange flags and of

every class of ship, it is as nothing in comparison with the quays. Not Port Said, nor Marseilles, ever knew so polyglot, a babel or saw such kaleidoscope of costumes. There are French "polite" in their sky-blue uniforms, French Alsace Chasseurs, then a Shaniter on the side of the head; French colonial troops; Turcos, Senegalais, in baggy khaki bloomers and short gaiters; French nurses with red pompons on their round caps; French Dragons, with horse-tails in their helmets; French officers of every description; French sailors, and com-mandant of all, calm red-trousered French Territorials. Now and then these cuts draw to one side to make room for a column of Greek Mountain Artillery. Again, straggling lines of Greek infantry take the right of way.
British Ignore Greeks
Afook bands of British Tommies push their way down the crowded streets. British officers, cane in hand, sweep the sidewalks from side to side, driving the countless itinerant vendors into the street. French salute Greeks, Greeks salute French. But the British salute only the British.
Cosmopolitan as are the inhabitants of Salonki at any time they are more so than ever now, increased as the population has been by refugees from Serbia, Macedonia and Thrace. Among the

permanent inhabitants, to judge from the streets, Turks seem to predominate. Besides the Greeks, the Jews and the Turks, the quays of Salonki are picturesque also with bearded hook-nosed Levantines of nondescript nationality, Armenians in Astrakhan jackets, porters that might have stepped from the Arabian Nights.
When night falls the lights at the most heads and in the port holes of the assembled ships spring out. At the docks a huge French transport is unloading its cargo of human beings. The shouts of the men the clank of cranes come across the water without cease the whole night through.
At midnight the cafes close. The lights in the harbor go out one by one. Patrols of soldiers with bayonets ed-French, Greek, British—march up and down the pitch black side streets in search of stragglers. Save these there are no signs of war.

115th Battalion Will Be Mobilized in Saint John

Exhibition Building May Be Used - Six Recruits on Saturday - Testaments Presented to 52nd - Travelers Platoon Entertained

Definite word has been received from Halifax that the 115th Battalion, under Lieut-Col. Wedderburn, will be mobilized in St. John. Six recruits signed the roll of honor at the Mill street office on Saturday. One was a young man named Cross who came from Black River, Charlotte county, to enlist. He walked the greatest part of the way, was caught in the severe storm of that day, but was picked up by Dr. Wilkes of St. Stephen, and brought here in his car. A memorial service was held last night in St. Luke's church, in memory of former member, Walter Glass, private in the 26th Battalion, killed in action. It was announced that his father, James Glass, had gone into service, though about forty-five years of age. He is with the 104th, while he has two other sons serving as well, one in action in France, the other in a munitions factory. The service was conducted by Chaplain Williams of the 26th Battalion. Pte. James Mitchell, 2nd Battalion, is one of four brothers who have gone into the service of the empire since the outbreak of war. One of them, James, was lost in the sinking of the British cruiser "Monmouth" while the other two are in the trenches in France. The members of the 26th Battalion attended a dramatic church service at the army yesterday morning, when the chaplain, Rev. and Hon. Capt. Allan, was assisted by Rev. H. R. Boyer, secretary New Brunswick branch, British and Foreign Bible Society, and other city ministers. At the conclusion of the service, Rev. Mr. Boyer presented on behalf of the Canadian branch of the society, a neatly bound Bible to such men who were not already carrying a copy of the Book of Books as a part of their equipment. Pte. Mr. Boyer gave the information that the British and Foreign Bible Society had presented to British soldiers in all parts of the world more than 3,000,000 Bibles. The Catholic members of the battalion attended the 11 o'clock service at the Cathedral, under Captain Cochran. Entertain Soldier Drummers. The entertainment at the Elks hall on Saturday night, given by the Commercial Travelers' Association in honor of the drummers who have enlisted, was attended by more than 800 - about thirty of whom were guests. Apart from the splendid evening of pleasure, Sgt. Knight was the chief director-general of the military postal service in Canada. WILL REBUILD MILL. John Bower of Montreal, formerly sales manager of the New Brunswick Paper and Paper Company, says that the mill destroyed by fire at Millerton will be rebuilt by an Anglo-American concern with Sir Robert Parks as the main stockholder. The mill will be much larger and no paper will be manufactured by the company.

WEAK, AILING CHILDREN. Made Well and Strong by Simple Remedy. Here is another letter that has just come to our attention, showing the power of Vinol to build up health and strength for weak, puny, ailing children. W. A. Smith of Shanesville, Ohio, says: "My little child was puny, weak and ailing, could not rest at night and would not eat. I learned about Vinol and tried it, and within a week noticed an improvement. The child's appetite improved, it slept well, strength and health were soon built up. We think Vinol is excellent for weak, puny children." We ask all parents of weak, ailing, delicate children in this vicinity to try Vinol with the understanding that we will return your money if it fails to benefit your little ones. This Invention for Rupture Sent On 60 Days Trial

Won't Cost You a Cent If The Two Months Test Doesn't Prove All Our Claims

As a broken bone can't "knit" unless constantly held together. And that is the case of wearing elastic or spring trusses - not one in twenty ever holds successfully - they sooner or later let it slip, and the truss is necessary instead of preventing it. But remember the Cluthe is guaranteed to hold - and won't cost you a cent if it doesn't. - And in addition it provides the only way ever discovered for overcoming the weakness which is the real cause of rupture. It does that entirely automatically - without any attention whatsoever on your part. - And has thus brought complete recovery in thousands of cases that seemed almost hopeless, and has saved thousands of people from having to risk their lives under the surgeon's knife. No Belt, No Leg Straps, No Springs. The Cluthe does away entirely with the cause of wearing belts, leg-straps and springs. People who have tried it say it is as comfortable as their clothing. And it is waterproof - will hold in the bath. Also perspiration-proof. Easily kept clean. Get World's Greatest Rupture Book. Don't send any money - don't take any risk. Just write for our free book and find out all about it. This sensational book - cloth bound, 96 pages, 20 separate articles, and 28 photographic illustrations - is full of facts for the ruptured man before put in print. It shows why elastic and spring trusses are a crime - how they are the ruptured man's worst enemy - why the law should stop their sale. It exposes the humbug "appliances," "methods," "systems," "plasters," etc. It shows why operation for rupture ends in permanent weakness or death often than in complete recovery. An it tells all about the famous Cluthe - gives names and addresses of over 5,000 people in all parts of the country who have tested it and have voluntarily endorsed it - and tells how you can get it on sixty days trial, and how little it costs if you keep it. Simply use the coupon or say in a letter or postal "Send me your book" - that will take only a minute and may save you from paying out a good many dollars and save you from years of misery. Suffered No End of Pain FROM BACKACHES.

If a pain attacks you in the back you should stop and think what it is and what causes it. If the kidneys are at fault - and in nine cases out of every ten they are - you should attend to them at once, as it is impossible to have a well, strong back unless the kidneys are performing their functions in a proper manner. Anyone with a bad back should appreciate how to get a good one. It is a very simple matter. Use Doan's Kidney Pills. They regulate the kidneys, and there is no further excuse for any kidney trouble to exist. Mrs. E. J. Grant, Ottawa, Ont., writes: "My complaint lies with my kidneys. I have suffered no end of pain with them, and with backaches. I had tried everything so I thought, until a friend advised me to try a box of Doan's Kidney Pills. I did try them, and one box helped me fine, so I got another, and now feel that I cannot recommend them too highly to anyone suffering with kidney trouble." Doan's Kidney Pills are the original kidney pills. Do not accept any substitutes put up under similar names. Always see that our trade mark "The Water Pigeon" appears on the label and wrapper. Doan's Kidney Pills are 50c per box, 3 boxes for \$1.25; at all dealers, or mailed direct on receipt of price by The F. T. Millburn Co., Limited, Toronto, Ont.

MARKET SQUARE MATTER ARRANGED

City and Street Railway Company Reach Agreement

After a long wait the arrangements for straightening out the double curves in the street railway line in Market Square have been about completed and it is expected that the work will soon start.

At present the rails curve sharply to the right from the foot of King street, and curve again to the left to enter Doctord street. While there never has been any serious accidents at this corner it was felt that there is always some danger that an accident might place a car beyond control on the hills and a catastrophe might follow.

It was at the request of the city that the company agreed to straighten out the tracks and for this purpose they secured the necessary rails and connections last spring. After the equipment was on the ground a difference of opinion regarding repairs to the pavement after that work was done caused a deadlock between the city and company and nothing further was accomplished.

Commissioner Potts announced this morning that arrangements have been made to the satisfaction of the city and the company and he understood that the work will commence next week.

The diamond crossing for the street railway connection between the Douglas avenue line and the new highway bridge is due by the Boston boat tomorrow and will be put in place as soon as it arrives.

LIEUT. KNOWLTON OF 26TH WOUNDED

Father Gets Word—Happened in Action on November 18

Word that his son, Lieut. Charles Daniel Knowlton, 26th Battalion, had been wounded, was received this morning by F. J. G. Knowlton, 164 Sydney street.

Lieut. Knowlton is about twenty-three years of age. He has been a member of the 26th Battalion from its first establishment and well liked by his fellow officers and men. Later word as to his condition will be eagerly awaited.

INTENDED TO DECEIVE ALLIES AND NOT THE U. S. GOVERNMENT

Counsel's Plea in Case of Karl Buenz in Court in New York Today

New York, Nov. 22.—The trial of Karl Buenz, managing director of the Hamburg-American line, and three employees of that line, on charges of conspiracy to defraud and deceive the United States government in obtaining clearance papers for steamships carrying supplies to German cruisers, in summer and fall of 1914, is on the calendar of the United States district court today. The trial is the first important one to come before a court in New York, as a result of the different charges of conspiracy which have been made against agents of the Central Powers in this country.

Two years imprisonment and \$10,000 fine on each of two indictments is the maximum penalty for the crime charged. Counsel for Buenz, conceals that four of the fifteen vessels named in the indictment as supply ships were charged as alleged, but asserts that the filing of false invoices and manifests at the United States, but to deceive the enemies of Germany.

The defendants aver that the violations of customs regulations were not serious offenses. In view of these concessions it is expected that the chief points to be passed upon by Judge Howe will be questions of law as to the jurisdiction of the United States over some of the supply ships which are of foreign register.

LIEUT. KNOWLTON

and the news will be heard with regret by friends about the city. The official telegram from the adjutant-general at Ottawa did not give particulars beyond saying that the young man had been wounded in action on November 18. Further details were promised when received.

FINE OF \$20

Judgment in Liquor Law Case in The Police Court

In the police court this morning, Magistrate Ritchie gave judgment in the case against J. Harry Dever, who was fined \$20 for allowing his premises to be used for the sale of liquor without regard to the sobriety of the customer, and it was thought right to put upon the publican the responsibility of determining whether or not his customer is sober.

"The defendant is charged under the section amount to an absolute prohibition. I believe the reason for making this prohibition absolute was that there was great temptation to the publican to sell liquor without regard to the sobriety of the customer, and it was thought right to put upon the publican the responsibility of determining whether or not his customer is sober."

"Under the evidence two drunken men were on the premises. The defendant admits one of them was in such a condition that he refused to serve him. The licensee or the bartender should have had them rejected. There was no attempt to do so until after the inspector called attention to the condition of the men. Under the peculiar phraseology of the section it is incumbent on the licensee notably to serve only men who are sober. Just here it may be said that a man not sober should not be permitted on the licensed premises."

GOOD WORK OF SPORTSMEN'S PATRIOTIC ASSOCIATION

In a letter to the Ottawa Free Press concerning the aims and work of the Sportsmen's Patriotic Association, already organized in Ottawa and Toronto, H. J. P. Good writes:—"As you are aware, a club house has been opened in Toronto where all soldiers in uniform find a welcome. It is hoped to accomplish as much in every city where a branch is established, and especially at places where the returning heroes disembark, such as Montreal, Quebec, St. John and Halifax. Not only is it the wish of the association to provide these gallant fellows with a place where they will immediately feel themselves at home, but also see that somebody is present to give them greetings.

"Nor is the sending of implements of play to the men overseas and supplying those in camp with the same, all that has been done with the funds already received in Toronto and elsewhere, but battalions at least have been supplied with full sets of band instruments and prizes have been given for competitions in athletic games. Another direction in which the money may be used is in the providing of flags and colors for the different battalions. I think that you will agree with me that a little brightness added to the parades would in no way detract from the grandeur of the occasion."

AGAIN ON DUTY

Policeman Fuller, who was injured a few weeks ago was able to return to work this morning. He is doing duty as traffic policeman at the corner of Mill and Pond streets.

Never Too Busy

Alert merchants are never too busy to see "traveling salesmen." They may not buy, but they want to take a minute to look. There may be something they need—something they don't want to overlook.

Newsdealer advertising is like the traveling salesman showing his goods. Perhaps you do not want the goods, but it pays you to look. Reading keeps you informed of the market and what prices prevail.

That knowledge is valuable when the time comes to buy.
