TEN PAGES—ONE CENT

COUNCILLORS WILL HELP LITTLE ONES

The Child's Protection Act Endorsed Today

IMPORTANT SESSION

Norton Griffiths Financial Matter in Connection With Building of Larger Dock Taken Up—Parish Officers Appointed and Rates Fixed

The Children's Protection Act received hearty endorsement from the members of the municipal council this morning. The bill was read over and Rev. H. E. Thomas and A. M. Belding were heard in explanation.

A rough draft of the terms under which Norton Griffiths & Co. would undertake extension of the dry dock to 1,200 ft. for a guarantee of \$80,000 a year for 35 years for a sinking fund for the same and offer 50 per cent. of the surplus stock of the company and their undertaking to establish a ship building plant in return.

Parish officers for 1913 were appointed at various reports were submitted. The matter adjourned at one o'clock to meet at 2:30 o'clock this afternoon.

The children's protection act received hearty endorsement from the members of the municipal council this morning. The bill was read over and Rev. H. E. Thomas and A. M. Belding were heard in explanation.

REGISTERED MAIL STOLEN

Kingston, Ont., Jan. 22—A bag containing amount of registered mail, sent on Kingston post office, was stolen today from a truck at the G. T. R. station.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries. R. F. Stupart, director of meteorological service.

THE BATTLE LINE

S. S. Himes, Captain Tocco, from Pansola, arrived at Buenos Ayres yesterday.

CABLE REPORTS CRISIS IN BRITISH CABINET POSSIBLE

Suffrage Bill May Be Cause Of Trouble

RESIGNATION TALK

Sir Edward Grey, Says Rumor, May Resign if Amendment Defeated Except on Its Merits—Meanwhile, Campaign Over Votes for Women is Furious

(Canadian Press) New York, Jan. 22—A cable to the Tribune from London says: The woman suffrage agitation has developed an exceedingly grave aspect.

If the suffrage amendment is defeated and Sir Edward Grey feels that the decision has not been arrived at on the merits of the franchise bill, on the third reading and resign.

It was on the understanding that no consideration except that of suffrage should be allowed to enter into the division that Sir Edward Grey agreed to the course advised by the cabinet on this question.

With regard to the general question of suffrage, the House of Commons may be divided roughly into four great parties: First—Those opposing woman suffrage. Second—Those supporting woman suffrage.

There are three possible main developments. In the first place, Sir Edward Grey's amendment to omit the word "male" may be defeated.

Of the three alternatives, the defeat of Sir Edward's amendment would cause the government the least embarrassment.

Meanwhile the campaign is growing day by day more intense. Paid canvassers in the outer lobby of the House of Commons are now supplementing the efforts of the members.

PREMIER FLEMMING IN CITY

The Rumor of His Intended Resignation—The River Glade Sanitarium

Premier Fleming arrived in the city today from Woodstock, to attend a meeting of the Sanitarium Commission.

SENT UP FOR TRIAL

The German who was arrested by the local police on Saturday last on suspicion of having broken into several summer houses at Grand Bay, was taken before Justice Thompson at Grand Bay this morning and was committed for trial.

ACCIDENT

Joseph Baxter, a trucker, had one of his arms slightly injured while working at Sand Point this morning. His injuries were attended to at the Emergency Hospital.

FRIENDS PAY TRIBUTE TO HON. C. H. LABILLOIS

Address and Purse in Honor of Completion of Thirty Years in Political Life of New Brunswick

HON. C. H. LABILLOIS

(Special to Times) Dalhousie, N. B., Jan. 22—A very pleasing event took place on Tuesday evening at the residence of Hon. C. H. Labillois.

Mr. Labillois, who made a fitting reply, spoke at length and thanked those who had attended the testimonial.

The number of witnesses who declared themselves as Democrats hailing from the democratic south, was legion, and practically they all believed in the virtues of protection where their own industries were concerned.

WANT RECIPROCITY

Bermuda and Bahama Islands Representatives Before Washington Tariff Committee -- Cut in Some Schedules Sure

(Special to Times and Montreal Star) Washington, Jan. 22—Representatives of the governments of the Bahama Islands, and of Bermuda made a virtual appeal for trade reciprocity with the United States.

Mr. Bruce, in urging for a reduction in the duties on sponges, pineapples, grapefruit, oranges and salt made the statement that "if you drive us from your doors we might go across to the Canadian border and that does not suit the Bahama, nor does it suit Bermuda. We are simply citizens of the United States, and we have got to pay in kind."

LIBERALS WIN

Flint Boroughs Seat Their Spite of Great Unionist Efforts

London, Jan. 22—The by-election in the Flint boroughs, caused by the death of T. W. Summers (L.) resulted as follows: T. H. Parry (L.), 2,132; J. Hamlet Roberts (U.), 1,941. Liberal majority 211. The Liberal majority at the last election was 599.

LOSS OF \$50,000 BY FIRE IN NEW GLASGOW

New Glasgow, N. S., Jan. 22—The most disastrous fire that has visited New Glasgow in recent years this morning wiped out the large wooden block at the corner of Pruvost and Forbes streets, owned by Norton Lodge I. O. O. F., and occupied on the ground floor by Best & Co., hardware merchants, and L. Higgins & Co., boots and shoes. The upper story was used as a large room.

NOVA SCOTIA FISHERY

Earlier in the sitting the fish-ery industry of Massachusetts made a very serious protest against competition from Nova Scotia. The brief of the Gloucester Board of Trade, and the Master Mariners Association declared that the "Canadian and Newfoundland governments are doing all in their power to hamper our fishermen, and to remove the duty on fish would be to grant to Canada their competition which she had refused with hostile intentions."

WEDDINGS TODAY

A very pretty wedding was solemnized in the Cathedral of the Immaculate Conception at 7:30 o'clock this morning, when Rev. A. W. Meahan, D.D., united in marriage Miss Martin V. Clancy and George E. Gamble, both of this city.

WEDDINGS TODAY

A wedding of much local interest will be solemnized this evening at 7:30 o'clock, in St. Luke's church, when Rev. H. P. McKim will unite in marriage Percy E. Moore, of this city, and Miss Sadie, daughter of Mr. and Mrs. G. A. Vincent, of North End.

WEDDINGS TODAY

A wedding of much local interest will be solemnized this evening at 7:30 o'clock, in St. Luke's church, when Rev. H. P. McKim will unite in marriage Percy E. Moore, of this city, and Miss Sadie, daughter of Mr. and Mrs. G. A. Vincent, of North End.

A wedding of much local interest will be solemnized this evening at 7:30 o'clock, in St. Luke's church, when Rev. H. P. McKim will unite in marriage Percy E. Moore, of this city, and Miss Sadie, daughter of Mr. and Mrs. G. A. Vincent, of North End.

PROVIDING GOOD STREETS FOR ST. JOHN

Commissioner Agar's First Annual Report

WORK OF 1912 REVIEWED

Cost of Work in Charlotte and King Streets and Elsewhere—Main Street Problem—Plans for East and West Side—The Parks and Playgrounds

COMMISSIONER AGAR'S FIRST ANNUAL REPORT

In his first annual report to the common council M. E. Agar, commissioner of public works, presents some interesting facts and figures regarding the work done by his department during the year 1912, showing the large amount of new work which has been accomplished, in addition to carrying on the usual features of the work which is to be undertaken by this important department in the future.

COMMISSIONER AGAR'S FIRST ANNUAL REPORT

I have the honor to present my first annual report of the expenditure in the public works department for the year just closed.

The department as now constituted under the new form of government, which was inaugurated on May 7 last, is confined to the control of, and construction and upkeep of, streets, parks and playgrounds.

The care of streets involves the greater part of the energy of the department. The mileage of the streets on the east and west sides being about fifty-one miles. The topography of St. John is a city of hills and valleys, making it quite difficult and expensive, therefore, to build and maintain streets.

COMMISSIONER AGAR'S FIRST ANNUAL REPORT

The parks under the control of the city are not large, but sufficient so to be worthy of care and pride and should be carefully maintained.

COMMISSIONER AGAR'S FIRST ANNUAL REPORT

The playgrounds are only a late development, but must surely become an important feature in the future welfare of the city.

COMMISSIONER AGAR'S FIRST ANNUAL REPORT

The sum of the death came swiftly this morning in the Union Depot to Henry Calvin Stricken, who was sitting in a baggage room to attend to the checking of his trunk.

James S. Robinson, formerly Bandmaster at Manhattan Beach, New York's favorite high-class seaside resort, and long with Barnum & Bailey, has taken Duffy's for twenty years. Says it puts new life in him.

JAMES S. ROBINSON Well known in New York as Bandmaster and old time showman

Duffy's Pure Malt Whiskey

is a tonic stimulant not equalled by any other for renewing the natural, healthy activities of the stomach and digestive organs.

It is absolutely pure, and is best for stomach troubles, indigestion, coughs, colds, bronchitis, pneumonia, throat and lung troubles, insomnia and as a general tonic.

The Duffy Malt Whiskey Company, Rochester, N. Y. The Canadian Drug Co., Ltd., Local Distributors.

Little Beauty Chats

By BLANCHE REASON

A Style of Hair-Dressing That Becomes Most Women

In this day of parted hair, it would be well, I think, if Miss M. would pause for a moment in front of some mirror and ask herself whether a "part" is becoming. Probably she has never given this matter a moment's consideration, accepting Dame Fashion's decree meekly, regardless of whether this

way of arranging her hair would prove becoming. As it is never too late to mend, give this matter your full attention, but before doing so, allow me to point out why a "part" becomes some women and disfigures others.

WHAT ANNE PITENHOUSE SAYS

The offerings have been especially alluring this year. The mildness of the winter and its late arrival made winter clothes difficult to dispose of by the shops and dressmakers, and they threw everything into the reduction sales without regard to profits.

TRY A BARREL OF "REGAL" FLOUR

the next time you buy. Every barrel of this flour is sold with a guarantee of "money back if not satisfactory."

WHY NOT YOURS? Our prices are low, our stock large and well selected.

Our Furniture gives you best possible satisfaction in style, quality and workmanship.

How She Discarded Unightly Complexion

(Mona Morrow in Town Tattler.) How often I exclaimed as I beheld my ugly complexion in the mirror, "If I only could tear off this old skin!" And do you know, I've learned how to do that very thing? Not to actually remove the entire skin all of a sudden, that would be too heroic a method and painful, too, I imagine.

WHAT ANNE PITENHOUSE SAYS

(Copyright, 1913, by the McClure News Paper Syndicate.) If the need and the opportunity came together in clothes women would be happier. If one could not demand an evening wrap, for instance, until the annual sales of them, the price would be better.

DISAPPEARED COATS ARE FAVORABLE

The season has been prolific of wraps that are even more draped than the most popular of the past. They follow all the convolutions of the modern frock with its panther effect below the hips, its pleated and draped shoulders, its front draped across the figure in graded folds.

A STILL GREATER SAVING OPPORTUNITY FOR MEN

It Brings You All the Odds and Ends and Little Lots Left From Our Great Mid-Winter Sale

The enormous amount of business done during our special Mid-Winter Sale made great inroads into our stocks and as a result a great number of broken lines and small lots need clearing out.

- UNDERWEAR Tiger Brand Underwear, heavy elastic ribbed, absolutely pure wool and nicely finished. Regular price \$1.00. Special clearing price 50c. Also a Heavy Merino Underwear. Regular price \$1.00. Special clearing price 50c.

All of the above goods are conveniently arranged in the Men's Furnishings Goods Department for quick selling. You will need to be here promptly as some of the lots are small and will soon go.

GREATER OAK HALL, SCOVIL BROS., LIMITED, ST. JOHN, N. B.

Daily Hints For the Cook

SPICE CAKE. One cup brown sugar, 1 cup milk, 1 cup molasses, 1 1/2 cup butter, 3 eggs, 3 cups flour, 1 cup raisins, 1 1/2 cup currants, 1 teaspoon soda, 1 1/2 teaspoon cream of tartar, 1 1/2 teaspoon each of cinnamon, nutmeg and salt.

ENGLISH TEA CAKES

Sift together one cup and a half of flour, half a cup of sugar, scant half a teaspoon salt and two level teaspoons baking powder.

PILETS

Do not suffer another day with itching, burning or stinging PILETS. No surgical operation is required.

WOMEN STILL ARE PRAISING THEM

Mrs. Geo. Butler Tells Wh Dodd's Kidney Pills Did for Her. She Was Tired, Nervous and R. Down, and Suffered From Pain the Back - Dodd's Kidney Pills Cured Her.

MADAM! IF YOU DON'T FEEL RIGHT TAKE DELICIOUS "SYRUP OF FIGS"

Waste-Clogged Bowels, Torpid Liver and Decaying Food in Stomach Cause the Sick Headache, Gas, Backache, Sallowness, Biliousness and Indigestion. All women get bilious, headachy and constipated simply because they don't exercise enough.

COYDS CAUSE HEADACHE AND GRIP

LAXATIVE BROMO Quinine removes the cause. There is only one "BROMO QUININE." Look for the signature of E. W. GROVE, 25c.

THE WIDOW OF ex-Councillor Caldwell

Swansea, left \$6,500 to local churches and charities, including \$2,000 to Swansea Hospital, and \$1,000 to the Society for the Prevention of Cruelty to Animals.

**GRAND FALLS PLANS ALMOST COMPLETED**

Alternative Projects, Both With Advantages, But Million Difference in Cost

The construction of the immense pulp and paper mills at Grand Falls is rapidly approaching completion. For several years the project has been delayed owing to the conflict of interests between two rival companies, but this was straightened out some time ago when the company in which Sir William Van Home is interested took over the rights of the other company. Since then steady progress has been made with the plans, and it is understood that they are now ready to be submitted to the directors of the company.

It is said that the engineers will present alternative plans for bringing the water power to the turbines, which will convert it into electricity. One plan calls for the excavation of a tunnel through the solid rock twenty-five feet in diameter and nearly 1,000 yards in length. The other plan is for a canal of almost equal length. Both plans have their advantages, but there is a difference of almost a million dollars in the cost.

As soon as the board of directors decide which plan to adopt, it is believed the work of construction will be commenced.

**C. P. R. DOCTOR AND ENGINEER KILLED**

**Collision in Maine — Damage to Rolling Stock Slight**

Two men were killed in a recent collision of trains on the C. P. R. at Onawa station, Maine, last night. Dr. Daniel W. Hayes and Frederick Randall, both of Brownville, Mr. Randall was the engineer of a freight which ran into the passenger train. Doctor Hayes was in the employ of the railroad as a doctor.

Superintendent Dowle received word this morning that the damage done to the rolling stock in the collision was very slight. Mr. Dowle expressed great regret on account of the death of Dr. Hayes and Engineer Randall. Dr. Hayes was about forty years of age and had been the C. P. R. physician at Brownville Junction for several years. He was survived by his wife and quite a large family. He was very popular in that section of the country and his death will be regretted by all who knew him. Engineer Randall had been on the road for ten or twelve years. His father is also employed on the road.

**EIGHTY DOLLARS OR A YEAR IN JAIL**

Eighty dollars or twelve months in jail was the fine imposed on William Cook in the police court this morning. Cook was charged with being drunk, resisting the police and also with using profane and obscene language. The arrest was made by Policeman Watkinson and Briggs. Cook denied the charges, but on the strength of the evidence given by Policeman Watkinson, he was fined \$8 or two months in jail for drunkenness, \$8 or two months in jail for the profanity and \$84 or eight months in jail for resisting the police. Two prisoners charged with drunkenness were remanded.

**RUTHENIANS WANT VOICE IN ALBERTA LEGISLATURE**

Edmonton, Jan. 22—A large delegation of prominent Ruthenians mostly from east of Edmonton, waited upon Premier Sifton and asked that their settlements be made into three or four ridings from which they could elect their own representatives to the legislature.

They say that in the next redistribution there, perhaps four ridings, should have a majority of Ruthenians. Premier Sifton promised careful consideration but pointed out that redistribution rested entirely with the legislature.

**FREDERICK C. P. R. RATES**

Fredrickton, N. B., Jan. 22—With a view of securing reduction of C. P. R. freight and passenger rates from this city, an appeal will be made to the railway commission. City Clerk McCready is preparing a case.

Two trucks of Carleton Place arrived here today for Paul Currier. Two more will arrive this evening.

Chief of Police McCook is ill.

The recent soft weather and subsequent cold spell has left the road slippery.

Lumber operators in most sections have finished chopping and are now yarding.

Police Magistrate Marsh is today celebrating his eighty-fourth birthday, and the recipient of many congratulations.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, JANUARY 22, 1913

## The Evening Times and Star

ST. JOHN, N. B., JANUARY 22, 1913.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the laws of the Dominion of New Brunswick. Telephone—Private branch exchange connection with department, Main 247. Subscription prices—In advance, \$1.00 per year, by mail, \$1.25 per year in advance. The Times has the largest afternoon circulation in the Maritime Provinces. Special Representatives—Frank S. Northrup, Brunswick Building, New York, Tribune Building, Chicago. British and European representatives—The Cletcher Publishing Syndicate, Grand Trunk Building, Trafalgar Square, England, have their mail addressed to the Evening Times, 27 and 29 Canterbury Street, St. John, N. B. Authorized Agents—The following agents are authorized to canvass and collect for the Evening Times: Elias S. Cannon, St. John, N. B.

### HUMAN CONSERVATION

The Municipal Council, in a business-like session yesterday afternoon dealt with several matters of great importance, including the municipal farm for drunks and other delinquents, and the sanitation for advanced cases of tuberculosis. In dealing with both these questions the council wisely decided that since it is getting no outside assistance it should not invite other municipalities to unload any of their burdens upon the city and county of St. John. It may be hoped that the legislature will pass the required legislation and make it possible to provide both of these needed institutions as early a date as may be reasonably possible. The sanitation is greatly needed in the effort that is being made to lessen the ravages of the bacillus, and if the municipality is given power to establish a municipal farm for the class of persons named in the bill a great step will have been taken to free the city from a reproach it has borne too long. It is a gratifying fact that with regard to these two bills there was no dissenting voice in the council, every member being in sympathy with the principles embodied in them. The only discussion had reference to details which did not affect the general principle. The tax of Warden Carson was a very easy one, for the councilors attended strictly to business, which was greatly facilitated by the work that had been done in committee. Those quiet men, the majority of whom did no more than interject a question or make a passing remark, and those who did speak at greater length spoke to the point, were really making history far more important to the municipality than is ordinarily made at council meetings. They are to be congratulated upon the public spirit which reworks human conservation as a matter worthy of the most serious attention of representatives of the people.

This morning the council put itself on record in regard to another matter of great importance, when it decided by an unanimous vote to ask the legislature to enact a Children's Protection Law. The citizens have taken a very deep interest in this question and will be greatly pleased to know that the council has taken this action, which ought to result in the adoption by the legislature of such an act as that provided for in the bill that was before the Municipal Council this morning. A council which places its credit at one quarterly session three such measures as those relating to the municipal farm, the sanitation, and the protection of children may feel that it has done the community a very great service.

### HALIFAX CIVIC PLANS

St. John people will be interested and pleased to know that the question of city planning in Halifax, and a vigorous effort is being made to get the city council to take the matter up in a practical way. A recent issue of the Evening Mail contains a long report of a meeting held in the technical college, at which a very valuable paper was read by Alderman Hattie and an able address delivered by Prof. Sexton. Alderman Hattie's paper is printed in full, and it deals very clearly with the whole subject of city planning, showing that it embodies the most important kind of civic economy. Alderman Hattie finds in the action of the Nova Scotia Telephone Company two what the city council should do in regard to a city plan. The Telephone Company engaged an expert who spent several months studying the problem, and then laid down a plan of development for the city of Halifax, looking 20 years into the future. Alderman Hattie says: "A comprehensive plan must be considered merely as a programme for the city's development. The different items of the programme should be executed in the order of their importance, when the conditions are favorable and when money is available. It is intended to prevent waste, not to promote extravagance. It cannot and should not be executed all at once, even assuming the funds to be at hand." To strengthen his arguments, the alderman referred to the rebuilding of San Francisco after the earthquake, and drew lessons from Hamburg, Rotterdam, Antwerp and other European cities, as well as cities in the United States. He quotes also an article by Frederick C. Howe in a report to the Metropolitan Plan Commission of Boston, in which there is a fine account of the manner in which German cities are thinking of tomorrow as well as of today, and of future generations as well as the generation that is now upon the stage.

Alderman Hattie, in the course of his paper, refers to the fact that a town-planning commission is to be appointed in St. John, and to the fact also that the city of Calgary has secured the services of one of the most distinguished of British city planners, being the first Canadian city to pursue such a course. He points out that Halifax has been compelled to spend large sums of money and must spend more to correct old mistakes, and asks what sense there is in going on making mistakes. By spending less money than the correcting of one such mistake has caused, the city may prevent similar waste in the future. The same point was emphasized by Prof. Sexton in his address, which he showed how much money had been wasted in many large cities by a failure at the outset to plan in a comprehensive way.

The Municipal Council, in a business-like session yesterday afternoon dealt with several matters of great importance, including the municipal farm for drunks and other delinquents, and the sanitation for advanced cases of tuberculosis. In dealing with both these questions the council wisely decided that since it is getting no outside assistance it should not invite other municipalities to unload any of their burdens upon the city and county of St. John. It may be hoped that the legislature will pass the required legislation and make it possible to provide both of these needed institutions as early a date as may be reasonably possible. The sanitation is greatly needed in the effort that is being made to lessen the ravages of the bacillus, and if the municipality is given power to establish a municipal farm for the class of persons named in the bill a great step will have been taken to free the city from a reproach it has borne too long. It is a gratifying fact that with regard to these two bills there was no dissenting voice in the council, every member being in sympathy with the principles embodied in them. The only discussion had reference to details which did not affect the general principle. The tax of Warden Carson was a very easy one, for the councilors attended strictly to business, which was greatly facilitated by the work that had been done in committee. Those quiet men, the majority of whom did no more than interject a question or make a passing remark, and those who did speak at greater length spoke to the point, were really making history far more important to the municipality than is ordinarily made at council meetings. They are to be congratulated upon the public spirit which reworks human conservation as a matter worthy of the most serious attention of representatives of the people.

### RELIGION AND THE EAST

In this age of missionary effort one reads with a great deal of interest portions of an article contributed by a Hindu writer to the Hindustan Review, in which he expresses with much confidence the opinion that the Hindu religion bids fair to outlast Christianity from Christendom itself. He has no thought that India will be converted to Christianity, but finds that the circumstances and tendencies of the times will facilitate the task of Indianizing the west, and that the western frame of mind is peculiarly promising for the reception of Indian ideas. He therefore urges India to assume the task of becoming the religious teacher of the west. Reviewing the state of religion in the western world this Hindu writer is convinced that the progress of science and the doctrine of evolution have so changed men's ideas that Christianity instead of being regarded as the only true religion has become merely one among several religions, all putting forth equally extravagant claims. The old faith has been thrown overboard. Under these conditions this Hindu writer contends there are Hindu doctrines which must appeal to the western mind, because they stand the test of science, and may therefore be installed in the place of the discarded doctrine of Christianity. Reading each statement as these, setting forth the serious beliefs of an educated Hindu, one is naturally led to take a wide view of the whole situation with regard to religion during the next few centuries. The east and west are much closer together than they were before the rise of Japan and the revolution in China. There is an enormous population in those countries and in India which is beginning to assert itself as never before in the world's history. What effect will Christianity have upon the east in next 500 years, and what effect will the east have upon Christianity?

The Market Square city hall scheme enjoyed a brief resurrection yesterday, but was promptly buried again in the limbo of past cruelties.

It will do great good.

In connection with the bill-boards, there should be a provision relating to the defacement of natural scenery, or if there is already such provision it should be enforced.

The municipal council now sits in the old city council chamber, but its sessions differ somewhat from those of the old city council. The element of picturesque curiosity relating to such subjects as the distribution of street lights, asphalt sidewalks, hydrants, and other favors in various wards, is conspicuously absent. The loss, however, is not seriously felt, and the municipal councilors will be forgiven if they forget the traditions of the chamber.

They are endeavoring in the city of Toronto to make medical inspection in the schools a really effective measure. Several parents have been summoned to court because they refused or neglected to have their children examined. Surely provision will be made soon for medical inspection in the schools of St. John. A large proportion of the children in all schools have some slight physical defect which could be removed if proper care were taken, and under a system of medical inspection such care would be compulsory. Since so many parents do not have a proper medical examination of their children, and since some are indifferent even when they are told of the need of action, there should be a general measure, such as medical inspection in schools, which would cover every case and ensure for the children relief from defects which unless removed must prove a handicap to them through life.

The Wages Question  
To the Editor of the Times:  
Sir—In a despatch from Toronto published in the Times it is stated that the opinion of some members of the local Women's Council of Toronto is the least sum on which a girl can live. Presumably that means \$9 a week.  
If that is so, then the employees on wages in the manufacturing industries of Canada do not live; they merely exist. According to the bulletin issued by the census department on the manufacturing industries of Canada for 1910, the male persons over sixteen years of age, employed on wages in the manufacturing industries of Canada, average a few cents less than \$9 a week, and the female employees over sixteen years of age average a few cents more than \$8 a week.  
In New Brunswick, the total number of employees on wages in the manufacturing industries is given as 22,084; the amount of wages paid is given as \$6,064,280. This gives a yearly average of \$272, or less than \$8 a week.  
C. McKAY.

## ST. VITUS DANCE

Cured Through the Use of Dr. Williams' Pink Pills

Chorea, or as it is more generally known, St. Vitus dance, is a disease that usually attacks the young children, though older persons may be afflicted with it. Its most common symptoms are a twitching of the muscles of the face and limbs. As the disease progresses this twitching takes the form of spasms in which the jerking motion may be confined to the head, or all limbs may be affected. The patient is frequently unable to hold anything in the hands or to walk steadily, and in severe cases even the speech is affected. The disease is due to debility of the nerves and is always cured by Dr. Williams' Pink Pills, which enrich the blood, tone and strengthen the nerves and thus restore the sufferer to good health. The following is a striking instance of what Dr. Williams' Pink Pills will do in this trouble. Mrs. Clara Phlips, Poles Island, Ont., says: "At the age of fourteen my eldest daughter, Edith, became much run down, and the trouble developed into St. Vitus dance. First her arm became affected, then the left leg and entire left side. She grew so bad that she actually could not hold anything in her hand, and could only go about with a shivering, jerking motion. Notwithstanding that we were given her medicine, she seemed to be growing worse, and finally her speech became much affected. We became so much alarmed about her that finally her father got an supply of Dr. Williams' Pink Pills, and we began giving her these. In the course of a few weeks she was much better, and before all the pills were gone she was again enjoying perfect health. She was in 1908, and as she has not had a symptom of the trouble since, I feel justified in saying the cure is permanent." Be sure you get the genuine pills which are sold by all medicine dealers or may be had at our office, box or six boxes for \$2.00 from The Dr. Williams' Medicine Co., Brockville, Ont.

### LIGHTER VEIN

THE TEST OF COURAGE  
He has climbed bears and tigers  
In the lands across the wave;  
He has plunged in icy waters  
More than once a life to save;  
He has wintered in the Arctic  
With its endless night and snow,  
And has led a troop in triumph  
On the bayonets of the foe.

He has climbed the highest mountains,  
He has sailed the roughest seas;  
'Mid the dangers of ballooning  
He has tested his own nerve;  
He had never flinched when cornered  
By a wounded alligator—  
But he did not have the courage  
To refuse to tip the waiter.

—By Mina Irving.  
BRUTE  
"Mary," he pleaded, "will you please quit talking for a few minutes; I'm trying to think."  
"I can talk and think," she peevishly replied. "I can't understand why you are not able to listen to me and think."

"I can. Only the things I think while I'm listening to you don't go into anything."—Chicago Record-Herald.

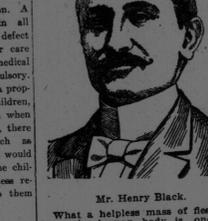

A REALLY SMART MAN.  
"He always says the right thing at the right time, doesn't he?"  
"More than that. He always keeps still at the right time."—Houston Post.

GENEROSITY.  
"But, George," protested the lovely girl, "your salary is only \$30 a week, and we can't live on that."  
"Darling," exclaimed George, "you don't suppose I'd be mean enough to ask you to throw up your \$10 a week job, do you?"

A ONE-SIDED ARRANGEMENT.  
"Why is it that Hendrix is able to dress so much better and live in so much finer a place than you do? I understand that his salary is no higher than yours."  
"The explanation is very simple. He has a daughter and I have a son. My son has to pay the expenses for both whenever they go anywhere together."—Chicago Record-Herald.

## Unable to Work for 14 Months

Complete Nervous Breakdown Left Mr. Black an Invalid—Cured by Dr. Chase's Nerve Food.

Mr. Henry Black.  
What a helpless mass of flesh and bone the human body is, once the nerves become exhausted. Extreme weakness comes over you, and you lose control of the limbs. The next step is paralysis.  
You will be fortunate if, like Mr. Black, you get the building-up process in action before it is forever too late. By forming new, rich blood, Dr. Chase's Nerve Food carries new vigor and energy to every organ and every member of the human body.  
Mr. Henry Black, 81 St. Catherine Street East, Montreal, Que., writes: "I obtained from the use of Dr. Chase's Nerve Food constant me to write this letter in order that others who suffer from nervous exhaustion and weakness may use this medicine with equal satisfactory results. As the result of overwork I became completely exhausted, and was unable to work for fourteen months. As I am the father of a family, these were sad days for me, and I was glad to hear of Dr. Chase's Nerve Food. I had improved most until I was completely restored to health and strength. I now work twelve to fifteen hours a day, and keep in excellent health."  
Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

## T.M. AVITY & SONS, LTD

Maximum Heat Value For Coal Consumed  
You think it easier said than done, but there is a way and that way is by using a  
ROYAL GRAND RANGE  
Made by skilled workmen, from the best materials.  
Each guaranteed a perfect baker and easy on fuel.  
Burns coal or wood equally well.

EMERSON & FISHER LTD.  
Phone 2520 25 Germain Street

Now is the time to see about your  
Kitchen Range  
HAVE YOU SEEN THE VICTOR STEEL

If you will examine our Steel Ranges you will be convinced that they are the best money can buy.  
The Victor and our 1913 New Champion are our leaders. The fire boxes on these stoves are fitted with the Fawcett Hot Blast Smoke and Gas Converter, reducing the cost of fuel consumption by 20 per cent. This is featured in the Fawcett line only, and protected by Patent.  
Grates are easily removed; linings are all buttoned in and can be removed easily when you want to burn wood. These are a few of the positive improvements on these stoves. Come and we will explain to you, taking the stove apart and putting it together again while you are with us. We invite you to look over all other lines and you will be convinced that the Fawcett Ranges are No. 1 at the same money.

VANCOUVER AND THE SINGLE TAX  
(Ottawa Journal)  
The single tax has been in force in Vancouver for three years. The principle of taxing buildings at a low rate than land has been in force in Vancouver for sixteen years. Not much of an experiment has been in force in Vancouver in Canada. The population sixteen years ago was 15,000. Now it is 120,000.  
As just stated, adoption of the single tax has been a gradual process, yet the first start was a sharp one. In 1898 the city council in accordance with a clause in the act of incorporation which permits amendments to land from taxation, decided to reduce the tax on buildings, etc., to 60 per cent of the assessed value. The result satisfied everybody. Ten years later, the city council ordered a further decrease to 25 per cent.  
Again the result commended themselves and at the close of 1909, taxation was taken off buildings altogether.  
"A remarkable feature," says an official publication of Vancouver just issued, "is the fact that it was possible to exempt partially, and afterwards entirely, improvements without raising the tax rate, which has remained the same since 1900. This has been explained by reason of the rapid increase in value which has been characteristic of the city's growth and development."  
Nearly sixty million dollars' worth of buildings have been put up in Vancouver in the past three years, and not a dollar of it all pays tax. Yet the tax rate on land is no higher than it was six or eight years ago and anybody who thinks the tax on his land is high can sell his land at more than the taxed value.  
Such is a sample of the "experiment" that some people in Ontario object to letting others try with their own property and money.

HOW THEY BEHAVED.  
A maid in a certain family was left in charge of the children while her mistress went for a long drive. The mistress on her return said to the maid: "How did the children behave during my absence, Caroline? Well, I hope?" "Beautifully, madam," Caroline answered; "and at the end they fought terribly together." "Why did they fight?" the mistress asked. "To do," said Caroline, "which was behaving the best."

## DANDRUFF AND FALLING HAIR Prevented by

Treatment with CUTICURA SOAP  
And Cuticura Ointment. Directions: Make a lather and rub gently with Cuticura Ointment. Continue until whose scalp has been gone over. Next morning shampoo with Cuticura Soap. There were times when Macfee gl in the fact that he was the father of children; but on a holiday, when he taking them out for a walk, he felt an ed. He was walking along a fairly street, when he was hailed by a policeman who asked: "I say, what have you doing?" "Nothing," replied Mr. "Why?" "Well, what's the crowd to ing you for?"

# Sensational Shoe Selling

A legitimate opportunity for the people to obtain needful footwear at exceedingly low prices

### OUR ANNUAL CLEARANCE SALE

has been a phenomenal success. We planned that it should be so. People say and have said "How is it possible that you can sell goods at such a price when in a short time you will no doubt be asking double the price." That is easily explained. The makers of the Dorothy Dodd Shoe for women, make up some three hundred samples. These are used by their Canadian travellers for a season. From them hundreds of thousands of pairs are sold, when the season is over the samples are disposed of to a dealer at a set price. We were fortunate in getting them this year, and we decided on giving the people a chance to get rare shoes at a rare price. We also go through our stock and take all odd lots and lines we are not again handling and put them in, affording the cautious buyer an opportunity to supply themselves with excellent goods at an exceptionally low figure. The result is we are enabled to open up in the spring with a brand new stock and the people are given a chance to obtain real undoubted bargains.

## OPTIMISTIC ARE HARDWARE MEN

Ge-ahead Speeches at Annual Dinner of St. John Association—Talk of Lancaster and Simonds Joining City

Optimism was the keynote of the speeches at the annual banquet of the St. John Iron and Hardware Association in the Union club, and they were speeches of interest and much worth from men closely in touch with city affairs, and whose interests are intimately allied with those of the city itself. A brighter year for St. John has dawned, according to the utterances of many of the speakers, and the appeal was made to stand united for what would be known as a "solid St. John," urging upon the provincial and federal governments the necessity of still further prosecuting the works in progress here to put the city on the map. This was the main sentiment, and it seemed to be shared in common by those about the board for hearty and prolonged applause greeted the remarks of the speakers.

A. M. Rowan presided, and an entertaining and interesting programme was given, including a round of toasts, musical and vocal selections, after an excellent and nicely varied menu had been enjoyed. The menu card was unique and original, being in the form of a pair of miniature bellows, the menu inside, and on the outside the coat of arms of the city, with the name of the association, and the slogan, "This is the time we blow ourselves." Amongst those taking part in the programme were an orchestra under leadership of Howard Holder, a vocal quartette, Signor Manetta, F. J. Punter and Samuel Holder.

The toast list included the following: The King, proposed by the president; Our Association, proposed by the president, responded to by W. H. Thorne; City of St. John, proposed by the vice-president, responded to by Mayor Frink and Commission Schofield; The Board of Trade, proposed by J. G. Harrison, responded to by J. M. Robinson; The Iron and Hardware Manufacturers, proposed by M. E. Agar, responded to by J. A. McAvity; Charles McDonald, John E. Wilson and W. B. Fisher; Our Guests, proposed by W. S. Fisher, was responded to by F. W. Sumner of Moncton, Major Edwards, W. G. Wallace and L. R. Wilson.

Mayor Frink was well received. He gave a forceful and inspiring address dealing with city progress, the era of commission, past history and prospects for the future. He spoke of the gigantic works projected for the city and the prospects for ship-building, and greater expansion of industrial growth, and said that with the cooperation of the citizens, it was bound to come, provided they remained steadfast in their faith in the future of the city. "There seems to be an air of self-satisfaction," with the citizens for the most part," he said, "but to me this appears decidedly as though they were in the danger zone. We have not yet got enough, and it is not yet time to be satisfied." Regarding industrial expansion His Worship touched upon the matter of the reclamation of a site for the McAvity works, and said that the commission had all in their power to further that industry, which meant so much to St. John. Of course it would mean the provision of a vast sum, but he thought that the "old town would stand by them when they

## Sale Of Veil Lengths

## Bargains Aplenty at The January Sale of Men's Furnishings

Underwear, Sweaters, Shirts, Night Shirts, Half-Hose, Gloves, Etc., Offered at Greatly Lowered Prices

This is the big sale each year that most men find it so profitable to patronize liberally. The offers featured below consist of travellers' samples and odd lots and are going rapidly at the remarkably low prices. Not only are these goods available at one-third less than regular figures, but they represent a double saving as all of these items will be much higher in price next season. Come for them promptly while they last.

**MEN'S SAMPLE TOP SHIRTS**, just the kind for the working man, in heavy Tweed, Khaki, and Flannel. All good reliable cloths and well made. Sizes 14 1/2 to 16. Exceptionally good values at sale prices, 60c, 75c, 98c, \$1.25.

**BOYS' SAMPLE TOP SHIRTS**, in Flannel and Tweeds. Sizes 13 1/2 to 14. They are a big bargain at sale price, 35c.

**BOYS' SAMPLE UNDERSHIRTS** ONLY, in several weights of heavy Unions and All-Wools. Sizes 30 and 32 only. Sale prices, 25c, 30c.

**MEN'S SAMPLE NEGLIGEE AND COLORED COTTON SHIRTS**, some with or without Collars, and a few with Separate Soft Negligee Collars; all good patterns, desirable colors, and durable cloths. Sizes 14 1/2 to 17, mostly 15, 15 1/2. Remarkable values at sale prices, 35c, 50c, 60c, 88c.

**MEN'S SAMPLE UNDERSHIRTS** ONLY, in Flannel lined, heavy Union and All-Wools, Penman's fine Natural Wool, also heavy All-Wool Elastic Ribbed. Medium and large sizes. These are greatly reduced and the best values ever offered at sale prices, 50c, 75c, \$1.00.

**BOYS' SAMPLE SWEATERS**, Roll Collars and Coat styles. This will be a great harvest for the boys. Every boy should have a new Sweater, never mind if he does have one now, at the wonderful low prices we have marked these samples. No mother can afford to let this opportunity go by. Sizes to fit boys from 6 to 15 years. Sizes 24 to 34 chest. Sale prices 35c, 50c, 60c, 75c.

**MEN'S HALF-HOSE**, values bigger and better than ever offered in St. John before. Black Cashmere, plain or ribbed. Sale price 19c, 3 pairs for 50c. Heather, Grey and Black heavy ribbed Worsted. Sale prices 19c, 3 pairs for 50c; 29c, 3 pairs for 75c.

**SAMPLE NIGHT SHIRTS**, in Colored Shakers and White Cottons. There is a particularly large saving in these at sale prices. Boys' sizes, 50c. Men's sizes, 60c, 60c, 75c.

**MEN'S SAMPLE GLOVES**, marked at prices regardless of what they were originally. In Scotch Knitted Wool, sale prices 29c and 39c. Lined Cape Gloves, sale prices 75c, 89c, \$1.00. Lined Mocha Gloves, sale prices 60c, 75c, 89c, \$1.00.

**MEN'S SAMPLE SWEATERS**, with Roll Collars, also Coat styles, including the High Collar kinds. All the favorite colors and combinations. Men's and O. S. sizes. This will afford the greatest opportunity on record in St. John to buy Sweaters at such marvellously low prices, such as 65c, 90c, \$1.25, \$1.50.

**SAMPLE LEATHER BELTS**, boys' and men's sizes, all popular styles, and are a real bargain at sale prices, 15c, 20c, 25c.

Men's Furnishings Department.

**MANCHESTER ROBERTSON ALLISON, LTD.**

were doing what was best in the interest of those who had put them in office, and the people would be willing to stand a lot before they would see the McAvity works go elsewhere." Mayor Frink was vigorously applauded at the close of his speech.

Charles McDonald criticized the bringing in of experts for board of trade campaign. Commissioner Schofield was well received in responding to the toast of the city, and made a pleasing and optimistic speech. Among other matters he said that a suggestion which would seem worth acting upon was the matter of embracing the parishes of Lancaster and Simonds within the confines of the city, thereby making a greater St. John, increasing the population by more than 5,000, and advancing the city three places in the order of population of towns in Canada.

J. M. Robinson, president of the board of trade, spoke of the campaign which the board of trade is now launching in an endeavor to obtain new members and place the organization in a position to help in the development of the city and to bring about that development as soon as possible.

The menu card was of an unique design being in the shape of a pair of hand bellows, with the motto: "This is the time we blow ourselves." The coat of arms of the city is shown on the front. When opened out the menu is shown on a brown sheet.

The officers of the association are: A. M. Rowan, president; S. L. Emerson, vice-president; W. S. Clark, secretary; treasurer; W. H. Thorne, J. A. McAvity and James Pender, directors; A. M. Rowan, W. H. Thorne, J. A. McAvity, James Pender, S. L. Emerson and W. S. Clark, executive committee; J. P. MacIntyre, A. M. Rowan, J. A. McAvity, S. L. Emerson and W. S. Clark, dinner committee.

**OLD AT 40**  
Some Younger at 65 Than Others Are at 40 Years  
So many people whom you meet about the time they reach 40 begin by saying "I can't do this, and I can't do that, because I'm getting old now," they begin to act old, feel old and they are older in appearance than many who are much more advanced in years.

When you begin to feel old, when your energy begins to fail, build yourself up with our delicious cod liver and iron tonic, Vinol. It is a wonderful blood-maker and strengthener.  
Mr. J. N. Kelley, aged 75, who lives at

Lake Charles, La., says:—"I took Vinol for a run-down condition. It not only built up my strength, but I feel fifteen years younger than I did before taking it." Thousands of old people have found in Vinol just the medicine they need to build up the feeble, weakened system and create strength. If it fails, we return your money. Watson's 2 Hazell stores, King street, Main street, and Haymarket Square.

**MORNING NEWS OVER THE WIRES**  
Colonel Sir William Henry Manning has been appointed governor of Jamaica. Fire yesterday did damage amounting to more than \$125,000 in Fort Saskatchewan, Alta.  
In accord with the policy of transferring the necessities of life to the free list, a proposal was proposed by the Democrats in Washington yesterday to be added. This proposal was blocked at the last session.  
**Freckles Today.**  
Notwithstanding the extra large attendance of the two previous evenings, Freckles is due for still greater audiences at the matinee today and again this evening at the Opera House. This continued patronage is another proof that St. John will support a play and company of real merit.

The Ideal Bread-Food!  
**BUTTERNUT BREAD**  
The Proof is in The Eating

## Tomorrow the Fifth Day of This Most Successful Mid-winter Sale

### REAL ESTATE NEWS

There is a rumor in real estate circles at the C. P. R. are negotiating for the purchase of the Yassie & Co. block in King street, the Farrell building in Canterbury street, and the Bowers' building at corner of Church and Canterbury streets. It is said that their intention is to build large, modern and up-to-date office buildings.

Several following transfers have been recorded: E. R. W. Ingraham to Julia M. Ingraham, a property at Rodney street, West St. John; Alfred Linn to Robert Minnett, a property at St. Martin's; Samuel Linton to Elizabeth Thomas, a property at Lancaster.

### Why Those Who Drink To Excess Should Take The Neal Three Day Treatment

BECAUSE Drunkards cannot inherit the Kingdom of Heaven. See Corinthians, 6th Chapter, 10th verse; Galatians, 5th Chapter, 21st verse.

BECAUSE The Neal Treatment destroys all craving and desire for intoxicating drinks, and gives liberty to those who are slaves to the habit.

BECAUSE The Neal Treatment is a physician's cure. Originated by a physician, compounded by a physician and administered by physicians; therefore complete in all its details.

BECAUSE It is a great and noble work in reclaiming all humanity who cannot help themselves.

BECAUSE Every idle man is a national loss.

BECAUSE It restores a degraded mind, wrecked constitution, weakened conscience, ruined life, lost opportunity, business failure, unhappy home, neglected family, and makes homes happy.

Well, We All Make These Little Mistakes Once in a While : : By "Bud" Fisher

SPORT NEWS OF A DAY; HOME AND ABROAD

**BOWLING**  
Y. M. C. A.  
In the Y. M. C. A. bowling league game last night the Woodcocks defeated the Beavers 126 to 124. Bent led for the winners with an average of 88.33 and Jarvis for the losers with 88.

**BASKETBALL**  
Two games of basketball will be played at the Y. M. C. A. tonight. The Red Sox and Crescents will play the first game, and the Athletics will clash with the Tigers in the second game.

**HOCKEY**  
Maritime League  
The New Glasgow Cubs defeated the Halifax Crescents 7 to 4 in their game in Halifax last night. In Moncton, the Vics defeated the Halifax Blues 3 to 2. Two minutes of overtime was played in the Moncton game.

**ICE SKATING**  
Championships Tonight  
Cleveland, Jan. 22—The International indoor amateur skating championships races will begin here tonight. The first race is for the 1000 yard event. The United States entered three skaters on the programme for tonight—the one-sixth mile, "two laps," the one-half mile, and the one mile. Several minor events will fill in, and President Blanchard of the Western Skating Association will referee tonight's events. Robert Meunier of Chicago is expected to retain his title of amateur champion.

**QUEBEC**  
Quebec Club Wins  
Quebec, Jan. 21—Two rings of the Quebec club won two of the three games in the final for the Quebec Cup this afternoon. It resulted in a 2-1 victory for Quebec by thirteen points. The winners were Quebec St. Three Rivers, 22. Quebec rinks are to play in Montreal tomorrow.

**FOOTBALL**  
Sensation in England  
New York, Jan. 22—A cable from London says a sensation in English Amateur Rugby football circles was caused today when it became known that, following the wholesale suspensions of certain clubs and players by the Rugby Union, which controls the game, on charges of professionalism, an official of the union investigating similar charges against a player from New York will be a referee in a French tour at Christmas, as a token of appreciation of the governing body, which they received expenses.

**QUARTO**  
McGill Swimmers  
Montreal, Jan. 22—It was announced today that the United States trip of the McGill swimming team is assured, and in addition to the meetings with the University of Pennsylvania and Yale, a meeting has been arranged with the New York Athletic Association. The feature of the trip with New York will be a race 2200 yards by George Hodgson, champion middle distance swimmer of the world, Metropolitan champion and British last years national champion. From speed with which Hodgson is now making a new record should be made.

**BASEBALL**  
Ten Round Drift  
Buffalo, N. Y., Jan. 21—Leach Cross of New York and Jimmy Duffy of Lockport, led ten fast rounds here tonight. The reporter decision made the boat a draw, but landed frequently with a stiff left and in occasional right swing but they led steam. Cross appeared to have made the better of the going up to the 10th when Duffy evened matters with an upcurrent that staggered the New Yorker. Honors were even in the closing round.

**BASEBALL**  
Evers' Brother for Giants  
New York, Jan. 21—Manager McGraw of the New York Nationals will take a brother of Johnny Evers on the next training trip to Marlin, Texas. Evers is an infielder, twenty-two years of age.

**BASEBALL**  
In the Days of Old  
Under the protection of President Benham and President Tom Lynch, under the big league is comparatively easy in one look back to the days when the late John Kelly was a National League player, and for that matter,

JIM WRAY MAY COACH FOR PENN

Philadelphia, Jan. 22—According to reports, Jim Wray, Harvard rowing coach, may give up his job at Cambridge to come here to take charge of the University of Pennsylvania rowing team in the coming spring. It is said that the Crimson was the best in the business, says the New York Sun "man who knows all the notable in sport."

SENATOR DENNIS SPEAKS OF WORK TO BE DONE AT HALIFAX

Terminals at Once, He Says—Expects Vote of \$20,000,000  
(Montreal Witness)  
Drift of confidence in the future of the city of Halifax, where he makes his headquarters, Senator Wm. Dennis is pursuing Montreal today on his way to Ottawa.

When a witness reporter visited him at the Windsor Hotel this morning he was busy with the plans of the new terminals and docks projected for the "City by the Sea."

"All the circumstances appear to be favorable to the scheme for giving Halifax these new facilities," he said. "Purchasers of land in connection with the scheme have already been made, and the balance of right-of-way, etc., will soon be appropriated. It is confidently believed that a large initial vote to cover the cost of the undertaking will be included in the estimates which will be brought forward in Ottawa during the next few weeks. Assurances have been received from the prime minister and Mr. Cochrane, and immediately thereafter construction will be commenced and pushed to completion with all possible speed."

"The plans provide for terminal facilities that will make Halifax the best equipped port on the continent, while it will enjoy the advantage of being the nearest of all the ports to Europe."

"The plans call for a new chain of wharves extending along the seaward for a distance of one mile and a half with six or eight piers, each a quarter of a mile in length and 300 feet wide, jutting out into the ocean. These will afford berthing accommodation for thirty-two ocean-going liners of the largest type that we are likely to see afloat in our time. The wharves will be supplied with all the necessary railway accommodations for this vast property will require in order to handle expeditiously both the freight and passenger traffic, import and export, of the three big railways—the Grand Trunk Pacific, the Canadian Northern and Canadian Pacific Railways. The new wharves are actually on the ocean front, and at the extreme southern end of the Halifax peninsula. A gigantic breakwater will be built to protect the docks."

"It is generally understood that the development in the immediate future will involve an expenditure of at least \$20,000,000 and may result in an outlay largely exceeding that figure."

"The formal announcement of this enormous undertaking," continued Senator Dennis, "has engendered a new spirit of progress and confidence not only in Halifax, but through the province of Nova Scotia. Business already is brisker than it has been, and striking developments in

GREAT WORK OF THE PRISON FARMS

Hon. W. J. Hanna Tells Of Ontario Results MANY ADVANTAGES

Originator of Idea Talks of it at Canadian Club—The Men What They do and the Good That Follows

Setting out its many advantages to the prisoner and to the community of Ontario's work in the direction of prison reform, Provincial Secretary Hanna, of Ontario made these advantages manifold, to the Canadian Club in Toronto, Monday. Mr. Hanna was introduced by President Dr. Colquhoun as a man great enough to realize that some matters of administrative government rose above the matters of party politics, and his subject was one of these matters.

Mr. Hanna declared that in the last five years so much had been said and written about the prison system in Ontario that he had been asked to speak on the subject. He described the foundation and workings of the prison farm at Guelph and the prison construction camp at Fort William and Whitchy. Of each of the camps he declared with pride that there was no gun, no lock or key nor any handcuffs, and still the tale of escapes were but three, for the Fort William clearing camp none at all at the asylum constructing at Whitchy.

He told that following the report of a committee of the legislature in 1908, the land at Guelph had been acquired and work begun. In April 20 men had been taken to the scene and had been put to work. In the fall of the year there were 180 prisoners at the farm, which was taking shape. He said that the men who worked hard and willingly all day sitting in school at night being with the interest of little children over children's work for which they had no opportunities in their lives, and their ages ranged from 19 to 28.

"There has been more work than men from the beginning," said he. "There were made to be made, stone by stone, a haulway to be constructed for the hauling of materials, sewage and water."

"He told that 8000 bushels of potatoes had been raised last year, 8900 bushels of corn, 1000 bushels of wheat, and 1000 bushels of clover. There is a dairy of 80 cows, and there is no more costly or efficiently managed dairy in the province of Ontario. Eight hundred acres are rapidly approaching the highest point of farm development."

At Fort William  
Mr. Hanna then dealt with the work at Fort William, where he said that there was a large territory peopled by a population of 60 to 70. These were men who had nothing much wrong with them morally and nothing physically, but they were in the streets of Fort William, usually with whiskey behind the trouble. Under the old system these men, sixty or seventy of them, were compelled to serve out sentences up to a year in a jail constructed for only 30 persons. To move more than those serving the longest terms to Toronto would cost much too much in transportation. Five years ago Mr. Hanna talked to Hon. Frank Cochrane, the then minister of crown lands, and 1000 acres within six miles of the town hall of Fort William was withdrawn from settlement, and on June 6 last, with 20 prisoners, the improvement camp set out to put the wilderness in order. The land was then worth about \$10 an acre. There were four paid men in the party, an assistant warden as a sort of general superintendent, a foreman of outside work, one guard and a cook. Soon there were 45 or 50 men on the scene. Six acres were cleared and planted and the camp was up and running. The new "permanent quarters" is just an ordinary working camp. It is so sanitary and comfortable as a camp can be made, but there is no house, no gun, no handcuffs, no lock of any kind, and only one guard, and there have been but three escapes from the 300 men handled. Three hundred acres have been cleared and two acres per day are being chopped. Reducing the matter to dollars, the land is now worth \$100 an acre, and in the whole 1,000 acres will be cleared at the expense of idle labor and little else. "In one year there will be an asset of from \$60,000 to \$70,000," declared Mr. Hanna. Speaking of the escapes, he said "Is there any man here or anywhere who will condemn the principle, if it be otherwise sound, because one per cent. of the men do not completely respond to the treatment?"

What is the future for the 400 men at Guelph?" asked Mr. Hanna. "I will tell you. It is work, work, more work and lots more coming. And yet," he went on, "the state of the province. They were always in the direction of the greater liberty for the men."

"De Gilmour and I have talked, but we have not decided. Shall we require a price on us at Guelph? We have not decided, but I am safe in saying that it will be about the last thing that shall be built."

A Square Deal  
To Dr. Gilmour and Deputy Armstrong this meant that they had created the greatest thing of all about the work—the atmosphere which made the men feel that they would get a square deal as far as lay in the power and vision of those in charge.

"De Gilmour and I have talked, but we have not decided. Shall we require a price on us at Guelph? We have not decided, but I am safe in saying that it will be about the last thing that shall be built."

For Two Years SUFFERED SEVERE PAIN IN THE BACK.  
Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise, and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills go right to the seat of the trouble, cure the back and prevent any further trouble from the kidneys.

Mrs. D. J. McInnis, Carleton, P.E.I., writes: "For two years I had a severe pain in my back. I was so bad that when I would stoop down I could not straighten up for quite a time. I got a box of Doan's Kidney Pills and they helped me so I kept on using them until I had used three boxes, and now I am completely cured. I think they are the only remedy for disordered kidneys."

Doan's Kidney Pills are 50 cents a box, a dozen for \$5.25, at all dealers or mailed as independent of Portland, Boston or any other United States seaboard town, and the effect will benefit not only Nova Scotia, but the whole of Canada.

Easy and pleasant to take and most effectual in results. Comes in two sizes at 25 cents and 50 cents. Look for Register Number 1295 and our signature when buying.

MANUFACTURED SOLELY BY **THE CANADIAN DRUG Co., Ltd.**  
ST. JOHN, N. B.

### BUSINESS MEN TO HAVE DINNER

A Get-Together Meeting on Monday Evening in the Progress Campaign

Invitations were received this morning by a large number of business men and citizens to attend a dinner and get-together meeting in the Masonic Hall on Monday evening, Jan. 27. The dinner will be given under the joint direction of the board of trade and a citizens' committee, representing about twenty prominent business men of the city.

President J. M. Robinson of the board of trade and Herman V. Chase of New York will talk on "The Value of Organized Effort in a City's Advancement." Mayor Frink will also be a speaker.

The committee in charge are making a special effort to make this the most popular and interesting get-together meeting ever held in St. John. A heavy favorable comment is heard and present indications are that a large number will attend.

When things are done as they call it, and getting together expresses a condition of heart expected from every business man. "When things are done as they call it, and getting together expresses a condition of heart expected from every business man."

"Fast thinking about your city now and then, or doing things for it occasionally cannot bring about any lasting achievement. Spontaneous activity never put any town on the map and kept it there—never it takes the rich, red blood of initiative from a broad minded thinking force, co-operating and over-enthusiastically hammering all extraneous efforts into the same direction, to make efforts rank as achievements."

"Perhaps the men of St. John do not realize the amount of resource and advantages possessed by the city, perhaps they have not exploited them, but neglect of the past need not deter the success of the future—if they 'get together' and realize every possible ambition now needed for the greatness and future of St. John."

### LOGS CRUSH OUT THE LIFE OF JOHN SPLUDE ON THE NORTH SHORE

Foteman Was Taking Place of One of His Men, Who Was Ill

(Special to Times)

Dalhousie, N. B., Jan. 22.—John Splude, formerly of the firm of Levesque & Splude, who was foreman of a lumber operation near the Intervally Railway, while hauling logs yesterday, was killed, the load upsetting over him. His body was recovered to home at 2:30 River Crossing by this morning's express. He leaves his wife and ten children.

Mr. Splude was taking the place of one of his men, who was ill.

### WEST INDIES GET READY FOR BIGGER TRADE BECAUSE OF OPENING OF THE CANAL

New York, Jan. 22.—A London cable says—

The influence of the opening of the Panama Canal on British West Indian trade was indicated by a statement of the colonial secretary in the House of Commons yesterday. Referring to a question as to what preparations were being made in the British West Indian Islands to cope with the expected development of shipping in the Caribbean Sea, consequent upon the opening of the canal, particularly in Kingston, Jamaica, where better coaling, docking and repairing facilities were available, the secretary said he had been informed that a Canadian syndicate was negotiating with the Jamaican government with a view of the provision of such facilities.

Harbor improvement schemes, at other places, including Trinidad, were under consideration, and proposals had been made for the establishment of oil storage stations at Barbados and St. Lucia.

### THE BAPTIST MINISTERS

(Maritime Baptist)

Rev. C. T. Clark, Temple church, Yarmouth, has organized a troop of Boy Scouts.

Rev. R. Heine occupied the pulpit of the Leinster street church last Sunday, in the absence of the pastor.

Rev. W. Camp went to Northfield, Mass., last week, accompanying his daughter, who is entering the seminary there.

Rev. J. J. Barnes is now at Whiteshead, Grand Manan, having returned there on the 14th inst., after a visit to Massachusetts. He hopes for a period of successful work.

Rev. Benjamin H. Nobles, Victoria street church, this city, was the recipient Wednesday evening of a handsome traveling bag and a purse of gold, the gift of the young people of the congregation.

Rev. H. G. Mellick, Lawrence street, N. S., is so far recovered from his recent illness that he is able to take most of the regular services. His physician assures him that he will be healthier and stronger than he was.

Rev. W. H. Jenkins, Gibson, N. B., has accepted the call of the Havelock pastorate. Brother Jenkins has been two and a half years at Gibson, where he exercised a helpful influence and made many friends. The field to which he goes offers large opportunities for his earnest ministry.

Rev. A. S. Lewis and family left Yarmouth on Tuesday last week for New Westminster, B.C. The congregation of Zion church gave him a hearty farewell, presenting an address and a sum of money.

Rev. Gideon Swinburne, who had not preached in the George street church, Fredericton, the last Sunday evening, had not preached there for thirteen years. He hopes to be able to visit one or more of his old pastorates in the Quebec county by late spring. His health is fairly good, and he will be glad to supply vacant pulpits whenever there is any opportunity. His address is Petticoat, N. B.

### SAVINGS BANK MONEY IN SUIT

Tearc Administrator vs. Wm. S. Ewart—Important Judgment in King's Bench

The civil non-jury case of William John Stinson, administrator of the estate of Margaret Teare vs. William S. Ewart, was commenced in the circuit court this morning before Mr. Justice Landry. This is an action brought to recover \$600.00. The deposit in The Dominion Savings Bank in the joint names of Margaret Teare and William S. Ewart, the defendant, either or the survivor having power to withdraw. The former died on July 15, 1911, and the plaintiff was appointed administrator of the estate. Soon after the death the defendant withdrew the money from the savings bank and declined to give it up to the administrator. The plaintiff now seeks to recover this amount.

The defence is that the money was given to the defendant as a gift a year before the death of Margaret Teare, and further, that it was given as a donation mortis causa by delivery of the pass-book to the defendant's mother by the defendant, who by the deceased a little before her death.

J. B. M. Baxter, K. C., who appeared for the plaintiff, offered only documentary evidence this morning, proving the account in the savings bank and, after citing authorities, rested the plaintiff's case.

The defendant and his mother were examined by the defence. The case is being continued this afternoon. George H. V. Belyea appeared for the defendant.

In the case of Samuel W. Shipway vs. Lorenzo G. Crosby, Mr. Justice White this morning gave judgment on application of Fred R. Taylor for the plaintiff to sign summary judgment giving leave to the defendant to defend and ordering that the costs of the application be made costs in the cause. This is a suit brought to recover \$750, a portion of which is admitted.

The defendant was a member of the New York Commercial Underwriters' Association and was to share proportionately all losses and expenses arising out of insurances effected. The defendant subsequently ceased to be a member of the association. The plaintiff later became the assignee of the remaining interests and is now seeking to recover subsequent losses from former members of the association.

It was part of the agreement that no action should be brought to recover a proportionate amount of any loss after two years from the time such loss occurred. The part of the claim that is admitted is a liquidated amount, but it is that portion claimed on losses which occurred within two years.

The question, however, which arose in this application was whether or not the defendant had any right to bring this action. The plaintiff recovered a judgment by default for this amount in the New York city court and this action was brought on a foreign judgment. Under a New Brunswick statute no action can be brought on a foreign judgment unless a service is personal when the foreign judgment was obtained.

In this case Henry Stewarts & Son of New York, who acted as agents for the association, accepted service of the writ for Mr. Crosby, it having been part of the agreement that the agents should have the authority to accept service. It was argued for the plaintiff that this service should be construed as personal service as the persons who accepted it were designated with authority to do so. His Honor, however, held that the service was not personal.

### INSTALLATIONS IN TWO COURTS OF FORESTERS

On Tuesday evening at the regular meeting of Court LaFleur the officers were installed for the ensuing term by M. E. Green, H. V. C. R., assisted by a company of Royal Foresters. A very large number of members were present. The annual report of the officers showed that the court is the most successful year. The membership was largely increased, also the finances. Many new fixtures had been added to the regular, placing the court in splendid working order. The following officers were installed:

J. M. Sewell, C. D. H. C. R.  
Dr. L. A. MacQuinn, court physician.  
O. E. Macquinn, C. R.  
J. W. Brittain, V. C. R.  
E. J. Toole, R. S.  
G. W. Currie, F. S.  
J. Manning, treasurer.  
C. McN. Stevens, orator.  
W. L. Brown, S. W.  
W. E. Mills, J. W.  
D. Peer, S. E.  
C. Andrews, J. B.

At the close of the ceremony light refreshments were served.

On Monday evening the officers of Court Grand Bay were installed by J. A. Brooks, past commander of the Royal Foresters. A large gathering was present to witness the ceremony, including visitors from the city.

The following officers were installed:—  
F. Hamm, C. R.  
R. Calvin, V. C. R.  
W. Leiber, R. S.  
G. C. Hamm, F. S.  
D. M. Hanson, treasurer.  
W. J. Usher, orator.  
J. Shaw, S. W.  
P. Smith, J. W.  
H. Hanson, S. B.  
D. R. Daley, J. B.

Dr. Allingford, court physician.  
W. Small, C. and H. C. R.

The installing officer was assisted by F. Hayward, acting H. M. J. A. Brooks, High Conductor; D. Oram, V. C. R.; G. McNeill, H. S. After the installation a short programme was carried out, consisting of speeches and musical selections. The Messrs May and Vera Brooks, in a duet, rendered a hearty encore. The speakers were Messrs. Brooks, Small, Calvert, Hanson and Hayward. At the close refreshments were served.

THE CATKINS ARE HERE.

E. R. Machin laid on the Times desk this morning a couple of sprays of willow with the white catkins budding out as they ordinarily do in April.

### Don't Delay, Delays Are Dangerous

Particularly at this season of the year. A fresh cold is indicated by a sneeze, then a cough, then pneumonia, then the doctor. To avoid all these ills put yourself in proper shape to meet all kinds of weather. **PROPER UNDERWEAR** is the proper thing at this particular time.

SEE OUR TWO SPECIAL LINES OF MEN'S UNDERWEAR  
Men's Plain Wool Underwear, 39c. garment.  
Men's heavy Rib Wool Underwear, 63c. garment.

**H. N. DeMILLE & CO.**
