IMPORTANT CHANGES MADE IN IRELAND

Crush Terror? But "Remove Restrictions"

London, May 19—Important changes in the government's policy in Ireland were decided upon at a result of conferences between Viscount French, Major-General MacCreedy and the government officials in London last week, and the experiences of Sir Hamar Greenwood, the Irish secretary, in Dublin, according to the London Times.

On the other hand, continues the Times, "the restrictions, which irritate the whole country, will be removed and a more tolerant regime for the people as a whole will be adopted. An attempt to suppress crime will be carried out by troops operating in flying columns from a series of garrison posts. These will relentlessly pursue terrorists, and when a murderer is captured and convicted he will be hanged. "Martial law will not be proclaimed, nor any form of military coercion imposed upon the people."

The Times' information and also that of the Daily Mail, which prints similar details, indicates that the violent side of the movement in Ireland is in the hands of about 2,000 fanatics, many belonging to the Irish Republican Brotherhood. "A majority of the Sinn Feiners," says the Daily Mail, "dislike their tactics of murder and outrage, and the extremists have gained ascendancy in the Sinn Fein movement, and to a large extent have terrorized it. A considerable number of the 2,000 are law-abiding citizens, but the difficulty has been to catch them owing to the comparative feignness of the police, while witnesses are afraid to testify against them."

As regards the removal of restrictions, it is said the cases of those already interned but not tried will be reviewed judicially, and that where evidence justifying trial is not obtainable, the accused will be released.

Dublin, May 18—The law courts' offices are being picketed by hordes of the solicitors, 500 of whom are on strike for higher salaries. Several cases have had to be postponed in consequence of the strike.

Cork, May 19—The sessions court opened at Livestown, four miles north-east of Cork, was burned yesterday. Explosives were used during the fire, resulting in the destruction of the building. Many records were lost. Forty or fifty men were involved in the burning.

SENTENCE IS TWENTY YEARS

Crown Case Reserved Applied for by Halifax Man's Counsel

Halifax, May 19—John Delaney of this city, convicted of manslaughter by beating his wife to death at his home here last year, was today sentenced by Judge Ritchie to twenty years' imprisonment in the penitentiary. Delaney's counsel has applied for a crown case reserve, and proposes to submit evidence to prove that the prisoner is not normal. He said in court today that Delaney, who was accused, had been severely wounded in the head.

STILL IN DOUBT AS TO WHO ARE IN CHARGE AT ODESSA

Constantinople, May 19—(By the Associated Press)—Odessa is still claimed by the Russian Bolsheviks and rumors of its capture by Ukrainian forces have not been supported by subsequent messages. Allied commissioners here are without official information, as there is no means of communication between this city and Southern Russia.

Capture of Odessa by the Ukrainians was reported on May 17, and what purported to be official confirmation was received in Paris and London the next day. On May 14, however, the British war office issued a statement declaring reports that Ukrainians had occupied Odessa had not been substantiated.

LOWELL MAN WANTS TO SWIM ENGLISH CHANNEL

Boston, May 19—Henry F. Sullivan of Lowell, who has made several notable long distance swims, today applied for passports and announced his intention of again attempting the English Channel this summer. In 1918 his swimming efforts fell short of success by two miles. Sullivan and his trainer, J. J. Conlon, plan to sail for England on the Mauretania on July 2.

Luxury Tax Makes It Hard To Guess At New Revenue Amount

Matter of Its Effect on Revenue and on Extravagance

Instructions Sent Out from Ottawa Today to Collectors Throughout Canada—Comment of Newspapers of Dominion on the Budget.

(Canadian Press.) Ottawa, May 19—Instructions for the levying of the new taxes, in force today, have been sent to tax collectors throughout the dominion. What the revenue will be, finance department experts make no attempt to estimate in anything like exact figures, although it is thought that the additional revenue will be in the neighborhood of \$76,000,000 or \$80,000,000. The estimated loss of revenue from repeal of taxes is \$30,000,000.

The luxury tax is the difficulty. It is admitted that any estimate of revenue from this tax would be all probably by way of the mark. The turnover of goods now liable to tax is not known, nor it is known how far the tax will tend to reduce prices within the exempted limit. The purpose of the tax is two-fold: More revenue, prevention of extravagance. In any event, one of these two objects will be secured. If extravagance continues and high prices are still paid, the government will benefit by the additional revenue. If prices are lowered to within the limit of exemption from taxation, the tax will not produce so much revenue but the consumer will benefit. It is thought, however, that the tax will give an impetus to reduction in prices. An article now just coming within the scope of the luxury tax will be probably a few cents under the luxury tax limit.

What the Papers Say. The Toronto Globe says: "The result of the form of excise taxation, introduced by Sir Henry Drayton, will be the retention in the pockets of many already rich persons of a considerable amount of money that should have been diverted to the public treasury. The Toronto Mail and Empire: "The new taxation can hardly be described as budget unpleasantly familiar to many people whose path it was never known to cross before. The new tax scheme is not got up for the purpose of humbugging taxes out of anybody, or for deceiving a population of Rube Goldberg types, but for the stern business of raising the wherewithal to pay off the debt on account of that other stern business into which the nation went without beguiling the waging of the war."

The Victoria, B. C. Colonist says: "The new taxation is sweeping in its character; far beyond what was anticipated and it will have a tendency to bring down the standard of living of the poor as well as that of the rich. It brings additional increases in the cost of living and the fact that foodstuffs are not directly taxed in the new proposals is poor consolation in view of the dictatorial powers of the wheat board."

Still Protectionists. The Ottawa Citizen says: "There is nothing very much for the public to enthuse over in the new departure of excise duties. The protectionist tariff is still maintained as high as ever on the necessities of life, and thus budget, like last year's, gives no indication of a departure from protectionism by the government."

Halifax Chronicle: "Altogether the budget imposes a stiff load of taxation which, for the present, the people must grin and bear."

Montreal Gazette: "We sometimes hear of systems of taxation which make the rich richer and the poor poorer. The finance minister's proposals savor of nothing of that kind. They make the rich poorer and permit the poor to escape. Indeed, there is a sop thrown to the poor in relieving from excise duty their popular source of entertainment, moving picture films. Perhaps, however, the most important of the new taxes is that imposed on all sales of manufacturers, wholesale dealers, jobbers and exporters. Sir Henry Drayton makes no estimate of the amount of revenue expected to be derived, but it should be very large, falling as the business turnover of the country has."

Ottawa Journal: "These new taxes upon the shoulders of those best able to bear them, they discourage a reckless spirit of extravagance and, by checking expenditure upon luxuries, they incidentally tend to help adjust our adverse balance of trade, for which importation of luxuries is largely responsible."

LOSE THEIR FURS IN OTTAWA FIRE

Were Stored for Summer—Loss of \$75,000 to \$100,000.

Ottawa, May 19—Damage of between \$75,000 and \$100,000 resulted from a fire in the store of A. J. Alexander, Ltd., Sparks street, furs, last night. Practically all the loss was in valuable furs destroyed, which had been stored on the premises by people of Ottawa for safe-keeping during the summer. The greater part of this loss is covered by insurance. Little damage was done to the building itself. The cause of the fire is unknown.

Fighting in Morocco. Madrid, May 19—Official reports received from Mellilla, Morocco, say that General Silvestro, of the Spanish forces, on Saturday advanced eight kilometers farther into the Spanish zone in Morocco and occupied several excellent positions.

BRITISH LABOR AGAINST ATTACK ON RUSSIAN REDS

Denunciation of Campaign by Poles

Allege British "Complicity in That Offensive"—Plymouth Dockers Refuse to Load Any More Munitions for Scene of Fighting.

London, May 19—Denunciation of the Polish attack on Bolshevik Russia and what is said to be "Great Britain's complicity in that offensive" is contained in a manifesto issued here by a number of labor leaders, including John Robert Clynes, Wm. Bruce and Wm. Crooks, Laborite M. P.'s. The manifesto states that the attacks of Poland on Bolshevik Russia mean "a prolongation of the present state of anarchy and the defeat of the League of Nations."

The British government is accused of "violating its pledges by sending munitions to Poland," the manifesto declares. "The ferocious car blockade of Russia is actually maintained, although legally non-existent while a stream of goods is flowing into Poland."

It concludes by saying: "The temper of the whole labor movement is rising rapidly and labor should see that the attack upon Russia is ended."

The triennial conference of the dockers' union, sitting at Plymouth, has passed a resolution forbidding the loading of any more munitions to be used against Russia.

According to the Herald, organ of the League of Nations, the Polish attack on Russia is being discussed in labor circles.

ARNSTEIN REFUSES TO TELL MUCH

Federal Judge Rules That "Nicky" Is Within Rights in Stand Taken.

New York, May 19—The refusal of "Nicky" Arnstein to answer more than one of about 100 questions put to him yesterday in involuntary bankruptcy proceedings against him—most of them bearing on his alleged connection with the \$500,000 bond theft plot—was ruled yesterday afternoon by Federal Judge Knox to be within Arnstein's rights.

Saul S. Myers, attorney for surety companies concerned in the case, took the point to the grand jury after Deputy United States Commissioner John Stallman had upheld Arnstein's refusal to reply.

He refused to say whether he had any property other than money during the last year including stocks and bonds, bank accounts or safe deposit boxes. He refused to say whether he knew Nicholas Cohen or other men connected with the bond theft plot, or whether he had met any of them in any city other than New York.

He acknowledged meeting E. F. McGee, one of his counsel, in Cleveland last February. He refused to say whether he was known under other names than Arnstein, or whether he knew Cohen under other names.

The bankruptcy hearing was finally adjourned until next Monday.

WEST WANTS PLACE ON THE C. N. R. BOARD

Resolution Also Dealing with Matter of Freight Rates.

Calgary, May 19—Resolutions urging that there should be a good representation of western interests on the board of directors of the Canadian National Railways, and that freight rates westward should be based on the same mileage rates as those eastward and full advantage taken of reduced cost of operating government lines through easy grades to the coast, were passed by a conference of representatives of western boards of trade yesterday afternoon.

A resolution urging the establishment of western executive offices for the railway was withdrawn.

Jimmy White's Plans. Toronto, May 19—Jimmy White, world's flyweight champion, who will box Patsy Wallace here on May 24 or who he calls a titular bout, said that he will probably sail for England on May 29. His manager, Ted Lewis, has already several bouts arranged for him in London and Paris. According to plans, White will be back in American in August. "Any American can take a crack at my title at 112 pounds or have a chance to 'split' me at 116," he said.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "congratulate me. I have made a covenant with Nature. I am qualified to read the farmer's 'com-plate me' and all the literature about warts on potatoes and bunions on geese that come out of the agricultural department printing bureau. Also I can wear overalls and drink buttermilk."

"Just what devilment has you been up to now?" queried Hiram. "Observe this coat of tan," said the reporter. "Consider this blister on my hand. The odor of superphosphate and the stoop of my shoulders. The wheelbarrow did it—the wheelbarrow, the hoe, the fork and the rake. I have joined the united farmers. I have a garden."

"You don't say," said Hiram. "Well, I'm glad to hear that. I will tolerate you over that shell be glad to let you heve—yes, sir."

"I made a cucumber bed yesterday," said the reporter. "I looked as big as an acre of ground before I had got far, and about as big as this desk when I finished. And I planted potatoes, beans, and beets, and carrots, and radishes, and lettuce, and parsley—and some more. I don't think I know the names of all of them—but they are all in. And to am I?"

"Now I'll bet a big apple," said Hiram, "that you just blood round an' let somebody else do that work. I'm gonto ask 'er if you didn't."

"Hiram," said the reporter—"if you approach her on the subject our acquaintance is terminated. I will tolerate no insolence in such a matter. I appeal to you as one fan-er to another."

"Oh," said Hiram, "if you put it that way I ain't sayin' a word. But I hev seen fellers that done a lot o' braggin' when all they done was jist to stan' round an' let the wimmin' folks do all the work. We got some jist like that out to the Settlement. They orto be fed on Injun turrips—By Hen!"

ARCHBISHOP'S CHARGE AT NOVA SCOTIA SYNOD

Open Communion and Pulpit Interchange Possible Result of Lambeth Conference.

(Canadian Press.) Halifax, N. S., May 19—The Diocesan Synod of the Church of England in Nova Scotia convened here yesterday in forty-third annual meeting. In the afternoon the archbishop delivered his charge, touching on matters of great importance to the synod. He made a strong appeal to the members of the church to be real in the educational life of the future at least \$150,000 must be subscribed toward it. The archbishop asked for an expression of opinion as to whether he should resign from the diocese and remove to Bermuda to take up the work of the church there.

With reference to the matter of church union, his grace spoke of open communion and interchange of pulpits as being a possible result of the Lambeth conference in June. He spoke of the success of the forward movement campaign, in which the diocese exceeded its financial objective by nearly \$25,000.

M'GRAW LAID OFF FIVE DAYS

Giants' Manager Suspended for Trouble with Umpires.

New York, May 19—President Heydler of the National League announced today that he had suspended Manager John J. McGraw of the New York National League club for five days. The suspension, he said, was inflicted on account of McGraw's having had trouble with umpires at Pittsburgh and Chicago.

REFUSE TO HEAR OUTLAW DEMAND FOR MORE PAY

Chicago, May 19—The United States railway labor board today flatly refused to hear petitions for increased wages presented by John Graman, president of the Chicago Yardmen's Association, and officers of other organizations which were on strike recently in railroad brotherhoods.

The board, in a ruling handed down by Judge R. V. Barton, chairman, understood that the board cannot and will not undertake to hear any disputes or controversies except those which it is authorized by law to hear, and cannot and will not hear the application of parties who are acting in disregard of the law and who are not complying with the law and the rules of the board.

U. S. BANKERS TO HELP IN DRIVE ON HIGH PRICES

Washington, May 19—Bankers of the United States today, through representatives attending a conference yesterday with the federal reserve board, pledged themselves to help the board in a drive on high prices and to aid in efforts at deflation.

Specifically, the bankers agreed unreservedly to support the board's new policy in discouraging "inhabitant and unnecessary borrowings" and to seek curtailment of "long-standing, non-essential loans," as an initial step toward ending the era of high prices and speculation.

NEWFOUNDLAND IS GOING AFTER BUSINESS IN THE MEDITERRANEAN

Montreal, May 19—W. A. Munn, a chieftain of St. John's, Newfoundland, passed through here yesterday after a long business trip to Greece, Italy, Spain, Portugal and England. He said there were great trade possibilities for Mediterranean trade which Canadians were not doing much to cultivate. Newfoundland was awaiting direct steamship communication with these countries, and would then secure much profitable business.

WOMAN ON THE SHAMROCK IN THE CUP RACE

New York, May 19—A woman will be a member of a crew in an America's Cup race for the first time in history. Mrs. W. F. Burton, wife of Captain Burton, skipper of the Shamrock IV, has been appointed by Sir Thomas Lipton as a member of the afterguard of the challenger.

Mrs. Burton, who is an amateur skipper, won many prizes in regattas of the Royal Corinthian Yacht Club. Captain Burton and his wife are expected to arrive in New York tomorrow on the steamer Adriatic.

FEW WHO COULD NOT READ OF WRITE

Montreal, May 19—To date the provincial labor department has registered in Montreal under an act passed by the provincial legislature in 1919, 4,545 children up to the age of sixteen, boys and girls, but mostly boys. Of this number it was found that not more than two or three per cent. of those under sixteen were unable to read or write, and provision was made for these to attend night school.

NEW YORK HOMES WERE SHORT OF MILK TODAY

New York, May 19—Milk deliveries here were greatly curtailed today by a strike of approximately 2,000 drivers employed by milk distributors' companies. They protest against discharge of nine union members by two distributing companies, who, it is alleged, were dismissed at the request of walking delegates of the union.

FOGH ISSUES WARNING AS TO WAR OF FUTURE

Does Not Trust Germans to Accept Defeat

Says Her Neighbors Must Keep Up Armies and Retain Strong Frontiers and Record of German History Furnishes the Reason.

Paris, May 19—Warning that France must, in the midst of peace, make preparation for future wars was uttered by Marshal Foch, who presided at the annual meeting of the Polytechnic School for Army Engineers today. Discussing lessons of the great war, he said the present economic struggle is the first part of the peace programme, but preparation for war is the second part.

"Which of us," he asked, "dare believe Germany is renouncing war on the morrow after ruin—Germany, which, inspired by sheer ambition, took up arms in 1864, 1866, 1870 and 1914 on the plea of historic necessity. Germany's neighbors, whether they wish to or not, will be forced to keep up armies and maintain strong frontiers because, quite apart from the generous intentions of civilized humanity, there are historic realities and racial appetites, just as there are geographical realities."

"How can we help mistrusting a nation," he continued, "which, reduced to impotence by the great Napoleon, was able, by its martial ardor, to re-establish itself and bring about complete overthrow of the colossal Napoleonic empire and by superlative militarism and methodic development, extend its authority from the east Prussian marshes to beyond the Rhine, making it the national industry and might of the world. Marshal Foch paid a tribute to Marshal Joffre, whose inspiration, he declared, brought to France the victory at the Marne."

France and Belgium. Brussels, May 19—Conversations relative to a military convention between France and Belgium will begin immediately after the conclusion of the Franco-Belgian agreement concerning the railways of Luxembourg. Marshal Foch will submit a memorandum to the Belgian general staff. It is understood, and after preliminary conversations the Belgian government probably will ask Great Britain to designate an officer to participate in the negotiations.

CHANCELLOR JONES VICE-PRESIDENT

Quebec, May 18—The conference of the Canadian Universities elected: President, Prof. F. Tory of Alberta; vice-president, Philip C. Jones, University of New Brunswick; secretary-treasurer, Joseph Sirois, Laval, Quebec; directors, Dean F. Adams, McGill, and Bruce Taylor, Queen's.

The next convention is postponed until 1922, there being next year a conference in London, England, of all the universities of the empire. This coincides with the centenary of McGill.

DEGREE FOR WOMEN IN THEOLOGY AT ROCHESTER AVAILABLE

Rochester, N. Y., May 19—Trustees of the Rochester Baptist Theological Seminary yesterday voted to admit women to the regular theological courses on the same conditions as men. They will pursue the same course as men and will be graduated with the regular degree of bachelor of divinity.

QUEEN ALEXANDRA ILL BUT HAS IMPROVED

London, May 19—Grave rumors concerning the condition of Dowager Queen Alexandra, who has been suffering from a bronchial cold, were set at rest today by one of her secretaries, who told the Associated Press that the queen was so much improved that she would be able to get about as usual if the weather were milder.

MONTREAL MARKET

Montreal, May 19—The local market displayed considerable strength during the first hour this morning. Brompton and Howard Smith were the leaders with Breweries running close behind. Brompton opened at 10 1/2, a quarter point below last night's close. It soon began to gain, and in eight sales rose to 10 3/4, from which point it sagged to 10 1/2. Howard Smith opened at 98 and went to par, where it was steady during the first hour. Abitibi, under good demand, was steady at 67 1/2. Breweries lost a point in the early trading to 50. Brazilian was steady at 49 1/2 and Atlantic Sugar at 94 1/2. Other issues were quiet.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

Tomorrow's Show Is Packed With Laughs

"What's Your Husband Doing?" Is Gay Picture.

The motion picture coming to the Imperial Theatre tomorrow is declared to be a laughing cure for the blues as well as an inside tip to young wives who are suspicious of their equally young husbands. It's called "What's Your Husband Doing?" and features Doris May and Douglas MacLean, the two lively and attractive young players whom Thomas H. Ince recently raised to stardom.

The story concerns a newlywed wife, played by Miss May, who suspiciously scents notes received by her husband every morning. The wife enlists a youthful lawyer in her aid, whose "letter half" is in turn jealous of him and—well, there's amusing complications galore and it ends in a big police raid and explanations and a happy ending at the police court the next morning.

Boy Scout Serial For 5 Weeks At Imperial

Starting this coming Friday afternoon, Imperial Theatre will give the children of St. John a real treat in a five-week serial story based upon the wonderful work of the Boy Scouts in England during the late war. How the sturdy lads helped the army and navy (Land Scouts and Sea Scouts) in tracking down German spies and actually capturing them is vividly depicted in serial-fiction, though the incidents might well enough be considered as true. It is an English serial, made in the Motherland by English Scouts under the direction of Sir Baden-Powell himself and has received the heartiest endorsement of Scout officials overseas, in United States and in Canada. At a recent private showing to Scoutmasters in convention in St. John the serial—shown all at once upon feature and most inspiring. It will be shown at matinee only.

Last Time Tonight For "The Eyes of Youth"

Tonight will mark the close of the highly successful engagement of the Max Marcin play, "The Eyes of Youth," at Imperial Theatre. Large crowds attended yesterday's exhibitions and like those of Monday were charmed with the novelty story—the fiction of a girl who was shown what sort of an existence she would have if she married certain suitors, through the medium of crystal gazing.

Last Chance To "See Back Again"

Today will be the last chance to see the Rivoli Musical Comedy Company in "Back Again" at the Queen square theatre. Matinee and two evening performances. Tomorrow an entire new programme of costumes, singing and comedy will be offered to patrons. The new bill will be the funny comedy, "Oh Girls."

C. B. Allan, secretary of the Navy League, received word yesterday that the dominion council of the Navy League would meet in Ottawa on Wednesday, June 22. The president, R. E. Armstrong, the treasurer, H. C. Schofield, and the secretary of the St. John branch, probably will attend the meeting.

The house occupied by W. R. Green, 800 Union street, was damaged by fire last evening from a sky rocket which alighted on the roof. The fire department quickly extinguished the flame. Loss by fire was confined to the roof, but the contents of the house were damaged by water.

A brush fire in the vicinity of Hammond River station destroyed the Anglican Trinity church and the residence of Joseph Mundece yesterday at noon. The furniture in the church and also in the Mundece residence was saved. The fire is now under control. It is said to have been started Monday by a spark from the train. The Mundece residence was owned by Dr. L. E. Langstroth, St. John.

At a meeting of the Rockwood Comfort Club at the home of Miss Ora Fisher, Stanley street, last evening, arrangements for the play to be given for the Soldiers' Memorial Fund were completed. Mrs. Louis LeLachur is assisting. A monument will be erected in Rockwood Park to the memory of those from the vicinity of Wright street who gave their lives during the great war.

The two-act playlet "The Maids' Convention," was given by the Young Ladies' Basket-ball team of Knox church in their hall in Charles street, last evening. Those who took the leading parts in the entertainment were

Miss Hilda Carpenter, Miss Catherine Cox, Dr. Harry Heans, Miss Crawford, Miss Porter and Miss Catherine Clark. In the election contest between the members of Rev. R. M. Legate's class, Miss Marguerite Crawford won the prize, a handsome medal donated by Ferguson & Page. Rev. H. L. Eisner and Mrs. Kingsley Shields were judges.

At a meeting of the business girls, class of the Y. W. C. A. last night with Miss K. McK. Matheson, girls' work secretary in the chair, the following committee was appointed to look after summer amusements, sports and games: Nominating committee, Miss Harvey; Miss Charlton, Miss Ratcliffe; committee on constitution and by-laws, Miss M. Adams and Miss M. Morrow; membership committee, Miss Matheson and Miss Trueman.

London, May 19—Miss B. B. Duncker, for forty years at Acton Parish Church Girls' School, died on the very day on which her agreed term of service expired. A presentation was made to her on her death-bed.

**SPINELESS CANADIANS.**  
Too Many in Public Life, Says Hamilton Man.

Hamilton, May 19—Lloyd Harris of Brantford, former Canadian trade commissioner in London, England, was the chief speaker at a banquet held in the Royal Connaught Hotel here. He said that Canada had lost opportunities for trade in Europe, and it was for her people to take advantage of the great name this dominion had won in Europe during the war and extend the country's trade as it should be done. It was not well to depend too much on the government in this matter, Mr. Harris said.

President Robert Hobson of the Steel Company of Canada, said if there were more men like Mr. Harris in Canada, there would not be rotten conditions which existed at present. There were too many spineless weak-kneed men in public life, Mr. Hobson said.

**Remarkable Home-Made Urinkle Remover**

A wrinkle removing preparation which acts powerfully and quickly may at the same time be entirely harmless, as has been amply demonstrated in the case of the now famous saxolite solution. While acting so marvelously on wrinkles of every sort, the lotion is really beneficial to the skin itself, giving the latter tone and improving its texture. In the case of baggy cheeks or skin, also, more than mere temporary results are obtained.

One ounce of pure powdered saxolite, dissolved in a half pint of witch-hazel (obtainable at any drug store, of course), makes this most effective wrinkle-remover. Use as a wash lotion.

**Cocoon Oil Fine For Washing Hair**

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multifid coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The latter rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multifid coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

INTERESTING FIGURES.

Sir Henry Drayton in his budget speech yesterday gave some very interesting trade figures. It will interest those who occasionally have a fling at our neighbors to the south to learn that last year Canada imported from the United States goods to the value of \$802,000,000, and exported to that country to the value of \$464,000,000.

Prince Edward Island must have more revenue and is this year levying additional taxes. While last year's expenditure was \$739,000 the revenue amounted to only \$206,000, hence this year it is planned to secure a revenue of about \$760,000.

With regard to revenue, Sir Henry says it will reach \$888,000,000 for the fiscal year, or \$285,000,000 in excess of that of the first year of the war, but the expenditure, apart from war purposes, would total \$636,741,110.

The New York Evening Sun has advised from industrial centres to the effect that the peak of high prices for necessities of life has been passed, and that fall and winter prices will not be higher than those now prevailing, while further reductions are predicted by some observers.

The gross debt of Canada is over \$3,000,000,000, and the net debt is nearly \$2,000,000,000. It is easy to see the force of the finance minister's remark that parliament should aim at a reduction instead of a further increase.

Marshall Foch does not trust Germany. He believes she will plan another war, as she planned those of 1864, 1866, 1870 and 1914. Hence he declares that her neighbors must be prepared for another war and keep up armies for their defence.

Hon. Mr. Fielding has moved an amendment, calling for tariff reductions for two purposes: first, to diminish the cost of living; and, second, to reduce the cost of the instruments of production.

Messrs. Wilkinson, Currie, Dean, Ross, Kennedy and Beverly, who were before the police court yesterday afternoon on a charge of taking a car from in front of the Imperial without the owner's permission and fined \$500, are now held on a warrant for manslaughter at Hamilton. The preliminary examination will be commenced there tomorrow.

The visit of members of the government to the power site at Lepreau gives rise to the hope that power will soon be developed there and transmitted to the city, greatly to the benefit of industrial growth.

DER TAG.

When a panic comes and swats us, bringing forty kinds of woe, and the sheriff comes and trots us to the court where bankrupts go, then we'll wonder, oh, we'll wonder, why, in booming, bulging times, when the trees were growing plumper, we refused to save some dimes.

CANADA—EAST AND WEST

Joint Dominion Happenings of Other Days

BOUNDARY DISPUTES IN ACADIA

The Treaty of Utrecht in 1713 had declared Acadia to be the possession of the British people, but it did not fix the boundaries of the land. The French had previously claimed under that name the country from the Gulf of St. Lawrence to the western part of the State of Maine as well as the peninsula now called Nova Scotia.

IN LIGHTER VEIN.

A city child was enjoying his first glimpse of pastoral life. On a little stool he sat beside the farmers wife, who was plucking a chicken.

He watched the operation gravely for some time. Then he spoke: "Do yer take off their clothes every night, lady?"

Huby pushed his chair back from the table with a disturbed look on his face.

"What's the matter now?" asked his wife sharply. "I can't eat this soup!" he replied in a coldly firm tone.

"You can't eat the soup?" shrilled the partner of his woes and bliss. "What do you mean, you ungrateful wretch? Here I've slaved all the afternoon, making this soup for your supper, and now you say you can't eat it! Why don't you eat it good enough for your majesty?"

The man waited until the echoes of her wrath had died away in the little room, before he spoke sadly:

"Because I have no spoon!"

Brown, who weighs 320 pounds, had at last succeeded in getting a house. Unfortunately, the house was not built to meet such an emergency as Brown, for the whole place shook with his tread as he walked about. When he climbed into bed that piece of furniture gave a groan of despair and collapsed on to the floor.

His son, in an adjoining room, rushed to the door of his father's bedroom. "What's happened, dad?" he said. "Can I help you?"

"It's all right," came the cheerful reply, "only if you don't find me here in the morning look in the cellar."

MILITARY DRAFT AS STRIKE REMEDY

Provision Woven Into the Wadsworth Bill

Army Reorganization Feature Which House May Accept—Anti-Militarists Take Alarm.

Washington, May 19.—Both houses of congress are determined to add conscription to the military resources of the government to meet conditions arising under a general strike or other civil disturbance. The expedient by which the French premier, M. Briand, defeated the French railway strike by mobilizing the strikers and putting them to operating railroads under army orders has been woven into the Wadsworth Army Reorganization Bill, which has passed the senate, and the conference committee of the two houses is ready to accept the provision with slight modification.

Warnings of the Anti-Militarists. The American Union Against Militarism has issued a broadcast warning that the senate has slipped one over while the country has been rejoicing over the defeat of compulsory military training.

Under the Wadsworth bill, in the event of a general strike, which, in the opinion of congress and the president, created a national emergency, the strikers between the ages of eighteen and forty-five years and other citizens between those ages would be summoned for draft or conscript service, divided into various "deferred" classes, and those drafted or conscripted men in Class B, made up of men "needed in occupations of importance in the maintenance of the national interest during the emergency" would be set to work in the strike-paralyzed industries.

Within a year there have been authorized since the two "key" industries—the steel industry and the bituminous mining industry, and a third so-called "outlaw" strike on the railroads. Radical strike leaders, debating the failure of these strikes, have openly declared for the "One Big Union" or general strike as the strike policy sure to succeed.

Senator Wadsworth sought to anticipate such a situation in drafting the national emergency provisions of the Army Bill bearing his name.

WOMAN WAS BURNED. Used Coal Oil in Lighting Stove.

(Montreal Gazette.) A woman was badly burned about the face, hands and body, and eight dwellings were badly damaged by fire which occurred in the village of Sic, Theresse on Saturday afternoon. The victim, Mrs. A. Meilleur, 50 years of age, poured some oil on the kitchen stove as she lit the fire. There was an explosion which burnt her and set the house ablaze. The woman was taken to a neighbor's house, where a doctor was called to care for her.

### Heavier Taxes Proposed By Budget To Do Away With Practice of Borrowing

Excise Tax Includes Articles of Wearing Apparel and Luxuries — Increased Income Taxation—Further Stamp Duties

(Canadian Press Despatch.)  
Ottawa, May 18.—A crowded house and crowded galleries welcomed Sir Henry Drayton, minister of finance, as he rose today to make his first budget speech. The speech was long and occupied the greater part of the afternoon. Sir Henry dealt first with the economic and financial position of the Dominion. He emphasized prosperity in trade; the growth of revenue—last year's revenue of \$888,000,000 was the best ever collected. He spoke of Canada's strong position in regard to currency. The main features of his budget proposals were:

Taxes on luxuries.  
Excise tax on motor cars increased from ten to fifteen per cent.  
Increased duties on beer, wine and spirits.  
Tax of one per cent. on the sales of all manufacturers, wholesale dealers, jobbers and importers.  
Additional stamp taxes on bills of exchange and promissory notes of \$100 or over. Tax of two cents for each share of stock transferred.  
Tax on moving picture films removed. Tax on incomes of \$5,000 per year and upwards increased by five per cent.  
Business profits tax renewed and modified.  
Exemption to be extended from seven to ten per cent.  
System of collecting business profits and income taxes changed. Each taxpayer to be made his own assessor.  
Entire removal of war customs duty of seven and one-half per cent. (The war taxes of 1915.)  
A feature of the luxury tax is its

**HOW THE NEW TAX WILL WORK OUT**  
(Canadian Press Despatch.)  
Ottawa, May 18.—R. W. Breadner, commissioner of taxation for Canada, was asked tonight how merchants would proceed tomorrow morning in connection with the collection of the new taxes which become effective as soon as business opens tomorrow.

Mr. Breadner said that each merchant selling goods that come under the new taxes would show the price of the goods on his invoice and also the amount of the tax whether it was ten or twenty or fifty per cent. Two copies of the invoice would be made out, the merchant keeping one. He would keep his copy in hand and ultimately hand it over to the inland revenue department. The department would then collect the money as represented by these invoices.

Thus anyone buying a fifty dollar suit will get a bill reading:  
To suit of clothes, fifty dollars.  
To luxury tax, ten per cent, five dollars.  
Total, fifty-five dollars.

The man who buys a \$200 phonograph will receive a bill reading:  
To phonograph, \$200.  
To luxury tax, \$40.  
Total, \$240.

The man buying a \$500 diamond or gold ornament costing this amount, will receive a bill reading:  
To diamond ring, \$500.  
To luxury tax, fifty per cent, \$250.  
Total, \$750.

Mr. Breadner was of the opinion that the matter would work out all right and that after the first day or two there would be little confusion.

industries and to encourage the establishment of new industries essential to the proper economic development of the nation—to the end, that a proper and ever increasing field of useful and remunerative employment be available for the nation's workers; (c) to develop to the fullest extent Canada's natural resources; (d) specially to promote and increase trade with the Mother Country, the sister dominions and colonies and crown dependencies; (e) to prevent the abuse of the tariff for the exploitation of the consumer, and (f) to safeguard the interests of the Canadian people in the existing world struggle for commercial and industrial supremacy.

"As a means of raising revenue," Sir Henry added, "the tariff should be so adjusted as to place the chief burden upon those best able to bear it." Articles of luxury should be heavily taxed through the imposition of customs and excise rates. Necessaries of life, not pro-

**Gillette Brings Down the Budget**

TODAY in 20,000,000 homes, the Gillette Safety Razor brings down the cost of shaving. The only increases are in Comfort and Shaving.

As in the past, those who sit and wait for others to shave them will be subjected to the normal fee, an optional tip and a heavy tax on time, while only Gillette self-shavers will be exempt from Stopping and Honing duties.

It is obvious, under the general budget, greater production, and increases in the number of working hours will be necessitated, so that the ten minutes that can be saved every morning by Gillette Shaving advance in relative importance.

The price of the Gillette Safety Razor is still Five Dollars.

KNOWN THE WORLD OVER

**THE BUDGET IN BRIEF**

Ottawa, May 18.—Definitely renouncing national borrowing, Sir Henry Drayton, minister of finance, expects to make up the deficit between present revenue and expected expenditure by the following taxes:

- One per cent. tax on all sales of manufacturers, wholesalers or importers, except on coal and foods for man and beast.
- Excise taxes running from ten to fifty per cent. on specified high priced goods, luxury articles made of gold or silver or for adornment, or recreation, whether imported or manufactured in Canada.
- Heavy excise taxes on all spirituous liquors from thirty cents a gallon on ale, beer, porter, stout, to two dollars a gallon on rum, whiskey, brandy, gin, etc., and three dollars a gallon on champagne and sparkling wines.
- Increase of five per cent. in all taxation on incomes of \$5,000 and upwards, taxes to be paid in part or in whole when making returns, and heavy penalties provided for errors or failure in making returns.
- Stamp taxes of two cents on promissory notes and bills of exchange for every hundred dollars for which drawn.
- Stamp tax of two cents on every share of stock transferred.
- Twenty-five to fifty cents on every pack of playing cards sold.
- A license fee of two dollars on every business man dealing in various luxury articles mentioned.

The only reductions in taxation are: first—the removal of the extra customs war tax of seven and one-half per cent. which brought \$30,000,000 last year, mainly drawn from articles on which the still higher excise taxes are now levied; second—the repeal of the duty on moving picture films; third—the retention of the business profits tax, but increasing the exemption of profits from seven to ten per cent., and decreasing from twenty-five to twenty per cent. the tax on profits above ten and less than fifteen per cent. on all businesses having a capitalization not less than \$25,000 and not more than \$50,000 except where more than twenty per cent. of the profits was gained in 1917 or 1918 from munition industries; and fourth—some minor tariff reductions, letting typewriters, books and other articles for the blind in free.

Income were very substantially raised. A further general addition to these taxes of five per cent is now added, on incomes of \$5,000 and up to be effective this year.

In future income tax returns must be accompanied by a check for at least twenty-five per cent of the whole of the amount estimated to be payable. If paid in installments, interest at six per cent is to be charged and payment in full is required within six months after return is made by means of three equal monthly installments. Heavy penalties are provided for incorrect returns.

**Business Profits Tax.**  
Present tax is modified by increasing the exemption allowed from seven to ten per cent. and changing the schedule of taxation to the following:  
On profits in excess of ten per cent. on capital, but not exceeding fifteen per cent. tax will be twenty per cent.  
On profits in excess of fifteen per cent. on capital but not exceeding twenty per cent. tax will be thirty per cent.  
On profits in excess of twenty per cent. on capital but not exceeding thirty per cent. tax will be fifty per cent.  
On profits in excess of thirty per cent. on capital tax will be sixty per cent.  
For small businesses with capital of not less than \$25,000 and under \$50,000 twenty per cent. on all profits exceeding ten per cent. will be taken instead of twenty-five per cent. as at present.

Under legislation of last session the maximum scale of business tax is in effect this year and the modified tax will apply to 1920 profits taxable in 1921.

**Tariff Changes.**  
The seven and a half per cent. war customs duty is taken off all remaining items. Last year the five per cent. British preferential war tax, was centred

plano, graphophones and mechanical musical instruments and records used therewith.  
Fifty per cent on articles of gold for household use, the latter two taxes being payable at time of sale by manufacturer, or when imported.  
Playing cards—Twenty-five cents a pack on cards selling at wholesale rates not over twenty-five dollars per gross packs, and fifty cents a pack on cards above twenty-five dollars per gross packs.  
Beer, wines and spirits—Increase in excise duties on beer of thirty cents a gallon; non-sparkling wines, thirty cents a gallon; spirits, two dollars a gallon, and on sparkling wines three dollars a gallon.  
**Automobiles.**  
Motor cars—Excise tax on Canadian manufactured and imported cars increased from ten to fifteen per cent.  
Sales tax—One per cent on the sales of all manufacturers, wholesale dealers, jobbers or importers (not retailers). This tax not to apply to large lists of essential foodstuffs, coal, anthracite or bituminous coal, or goods exported.  
Stamp duties—Existing tax on checks continued, but rate increased on bills of exchange and promissory notes. Two cents for bills of \$100 or less, and two cents for each additional \$100, or fractional part thereof.  
Stamp duties on patent medicines, etc., henceforth to be affixed by manufacturer or importer instead of retailer as now.  
Film tax of fifteen cents a film for each day used abolished because of inequality of incidence as between small and large theatres.  
All the above taxes are effective from tomorrow the 19th instant.

**Income Tax.**  
Income tax—By last year's legislation income taxes payable this year on 1919

ly removed, as well as the 7½ on food, clothing, agricultural implements, etc. The war customs duties imposed in 1915 are now entirely removed.

Sir Henry also announced that public sittings for tariff revision would be held throughout Canada after prorogation.

"Our policy," he said, calls for a thorough revision of the tariff with a view to the adoption of such reasonable measures as may be necessary.

Articles of luxury, Sir Henry said, should be heavily taxed. Food commodities and other necessities of life, not produced or manufactured in Canada should, if taxed at all, bear only such imposts as were necessary for revenue purposes.

Introducing the resolutions embodying his tax proposals, Sir Henry Drayton expressed the belief that the Canadian people would meet the task of liquidating Canada's financial burdens during the coming year.

"Some people today think that the country is in a bad state. I do not," said Sir Henry.

"Some people apparently believe that the scheme ahead is a bigger one than Canada can look after. I do not. I wonder if we are not altogether too prone to forget what Canada has done during the war. The nation that has done so much for Europe and the world, the people which formed the spear-head in the forces of righteousness, cannot fail to do something for the Canada which is all the dearer to us for the sacrifices which have been made by her men and women, in the principle that it is impossible to do too much for Canada."

**Mr. Fielding's Amendment.**

Hon. Mr. Fielding, in the evening, introduced an amendment calling for a substantial reduction of the customs taxation on necessities and comforts of life, in view of the present unrest and hardship, and also for a lowering of the cost of instruments of production used in industries based on the national resources.

Concluding his speech, Hon. Mr. Fielding, seconded by Hon. Mackenzie King, leader of the opposition, submitted the following motion:

"That all the words after 'that' in the resolution be omitted and these inserted instead:

"The minister of finance, in the budget speech, in the session of 1919, gave assurance to the house that during the ensuing parliamentary recess there would be a public inquiry by the minister and one or more of his colleagues into the operation of the customs tariff, with a view to the accomplishing of two purposes of the highest importance, first, diminishing the very high cost of living which presses so severely on the masses of the people; second, reducing the cost of the instruments of production in the industries based on the natural resources of the Dominion, the vigorous development of which is essential to the people and prosperity of our country."

The member for Queens and Shelburne warned the minister against continuing his present policy. Drawing huge subscriptions from the people of Canada was all right in its way, but that meant diverting finances from their regular sources, and such a policy followed during the war had led to the present tightening up on bank loans and the housing shortage which was the result of lack of ready funds. The government should strive to get Canada's finances back on a normal basis so that her securities could be marketed through the regular channels and home funds left in circulation at home.

Mr. Fielding condemned alike the policy of absolute protection and of wide open free trade. On the one hand the laudable policy of protection of infant industries became folly when it permitted the infant, after it had attained vigorous maturity, to "knock the old man around the house." On the other hand a policy which permitted manufacturers abroad to flood the Canadian market with cut-rate products until it had closed out domestic manufacture, and then to exploit the field which they held unchallenged was equally foolish. It was sometimes good business to depart from the absolute principles of free trade, if the weapon of protection was used only where it was needed and discarded where it was not. Mr. Fielding spoke of the bounties granted in the early days to the steel and iron industries of Nova Scotia, under which increased business brought millions to the country and developed the whole eastern part of the province. The bounties were automatically dropped when the business got on its feet.

**Sir George Foster.**

Sir George Foster emphasized the need of thrift and honest toil, together with increased production to the very limit. He did not doubt that Canadians would meet the demands on them. As to Mr. Fielding's advances to the farmers he compared it to a Romeo and Juliet episode. He could not hope to reach such heights in love-making as did the member for Queens and Shelburne in his advances to the member for Marquette. The debate was adjourned at 10:30 p. m.

**HOME RULE DEBATE.**

(Canadian Press Despatch.)

London, May 18.—The home rule debate in the house of commons today had two important results—first, the government's concession of two seats, for northern and southern Ireland respectively, and second, the decision of the Labor party announced by John Robert Clynes to vote against the first clause of the bill and thereafter to take no part in the discussions, following the example of the Nationalists, and to a certain extent, of the free Liberals. Henceforth, therefore, the bill will meet with serious opposition only from the government side of the house.

Paris, May 18.—Brigadier-General Fournier, commander of the French fortress of Maubeuge at the beginning of the war, and six of his subordinates, court-martialed for surrendering the fortress to the Germans in September, 1914, were all acquitted today.

**DOMINION TIRES**

*Royal Cord*

**Construction**

**TENS OF THOUSANDS** of slender cords in many compact layers, each cord and each layer laid parallel one to another, and each embedded in pure rubber so they cannot touch—each separate cord and layer bringing its individual strength to the tremendous sum total of power and resistance—so is built the tire structure of the Dominion Royal Cord Tire. The key principle is the slender cord and the many layers or plies; thus the enormous strength to the structure and the heavier side walls make practical immunity from blow-out, puncture and the bruise.

**Why "Royal Cord"?**

**BECAUSE—"Royal Cords" make possible Lower Gas Consumption,** more miles per gallon than the same car can get on fabric tires. This saving alone pays the difference in cost, within the life of an ordinary set of tires.

**BECAUSE—"Royal Cords" afford More Mileage** than is possible from fabric tires. The carcass of the "Royal Cord," as well as the tread, absorbs the road shocks, and the carcass, in absorbing these road shocks, relieves the tread of a portion of its strain, giving longer life to the tread than is possible in fabric tires.

**BECAUSE—"Royal Cords" are Non-Skid,** and are so designed to be equally desirable for all four wheels, and their construction reduces side-slipping without impairing the ease in steering.

**BECAUSE—"Royal Cords" eliminate Interior Friction.** There's no chance for friction in them.

In "Royal Cords" each individual cord is coated with rubber, which prevents the parallel cords from rubbing each other. And a layer of live, stretchable rubber separates each of the transverse layers of cords, preventing any friction there. No internal friction means Longer Life to the Tire.

**BECAUSE—Lower Air Pressure is possible,** and this means more comfort and easier riding.

Dominion Tires, Inner Tubes and Accessories are distributed through Dominion Rubber System Branches and sold by the Best Dealers throughout Canada.

**Dominion Tire Accessories** include everything you need to close a hole, plug up a bruise, or heal a cut in your tire. These helps will make your tires last longer. Carry a supply in your car.

**Dominion Inner Tubes** fit all Dominion Tires and ensure perfectly balanced tires. To add comfort to your car and mileage to your tires, always insist on having Dominion Inner Tubes.

**LAST NIGHT'S FIRE.**  
 The Union street house in which fire occurred last night is owned by the Union Investment Co. It was insured for \$1,500 in the London Assurance Co., Mr. Frink, and \$700 in the Royal.

**ON THE RIVER.**  
 The river steamer Champlain is expected to make her first trip of the season on Saturday, when she will go her regular run between Indiantown and Upper Jemseg. She has had a new boiler installed and other repairs and alterations made.

**ACCIDENT CASE.**  
 Little Corinne Grey, who was taken to the General Public Hospital yesterday, suffering from a fractured elbow was reported to have spent a good night. The condition of Mrs. Anne Stone is unchanged today. Walter McAuley was reported to be doing very well. The same report was received about Winslow Magee in the Infirmary.

**BY-LAW MATTERS.**

E. E. Wetmore, owner of car No. 0448, was notified to appear in the police court this morning to answer a charge of driving his automobile without a rear light. He said it was a new car and he had not had time to find his battery had given out. He said he explained this to a policeman and was told to go home carefully but was reported by another policeman later. His explanation was accepted.

W. A. Simonds was notified relative to a like matter. He said he was not in his car at the time. He said that when putting on his dimmers he must have pulled out the button that shut off his rear light but this was not done intentionally. This was accepted.

William Smith, a taxi driver, was reported for soliciting passengers inside the railing at the Union station on May 17. A fine of \$2 was imposed.

**BURIED TODAY.**

The funeral of Mrs. Catherine Haley took place this morning from her late residence, 121 Metcalf street, to St. Peter's church, where regular high mass was celebrated by Rev. Edward Scully, C. S. R. Interment was made in the old Catholic cemetery.

The funeral of William McKinley took place this afternoon from the residence of his daughter, Mrs. E. A. Lawrenson, 54 Wright street. Service was conducted by Rev. R. Taylor McKim and interment made in the Church of England burying ground.

The funeral of Brunswick A. Olive was held this afternoon from his late residence, 181 Tower street, West Side, to St. Jude's church. Service was conducted by Rev. J. H. A. Holmes and interment made in Cedar Hill.

The funeral of Robert Nelson took place this afternoon from the residence of his daughter, Mrs. C. P. MacFarland, Whitehead. The body was brought to the city on the S. S. Maggie Miller and taken to St. Luke's church, where service was conducted by Rev. E. P. Wright. Interment was made in the Church of England burying ground.

**SETTLED BY THE GRAND LODGE**

Announcement in Protestant Memorial Home Case in Chancery.

Before His Honor Judge Chandler in the Chancery Court this morning a case arising out of matters in connection with the establishment of the Protestant Memorial Home was dismissed as it was shown to the court to have been settled at the sessions of the Grand Orange Lodge in Woodstock a few weeks ago. George A. Blair was the plaintiff and L. A. Palmer, H. H. Will and N. Morrison, defendants. The plaintiff asked for a declaration by the court that the sum of \$1,000 voted to the St. John Protestant Orange Lodge by a committee of which he alleged the defendants were members was illegal and ultra vires as he alleged it had been taken from a memorial trust fund; that such payment was a misapplication of and an illegal diversion of said money and trust fund; and for an injunction restraining the defendants from voting any more money from such trust memorial fund. He was represented by J. F. H. Teed with Hon. J. B. M. Baxter, K.C., appearing for the defence.

The defence contended that the plaintiff was not entitled to bring action because of a want of interest in the subject matter in question and as he was not a member of the Grand Orange Lodge and if a member he had not applied to said grand lodge to commence proceedings. The defence urged that the action complained of was not illegal or ultra vires of the Grand Orange Lodge.

The matter was dismissed on its being shown to the court that it had been settled within the order at the recent grand lodge sessions.

**MAY BRIDES**

**Armstrong-Merritt.**  
 A quiet wedding was solemnized this morning at six o'clock in Main street Baptist church, when Rev. Dr. Hutchinson united in marriage Gordon C. Armstrong and E. Pearl Merritt, both of this city. The bride was given away by her brother, A. Stanley Merritt, and wore a navy blue suit with hat to match and seal cape and carried a bouquet of American Beauty roses. The groom is an employe of the C. N. R. After a short honeymoon trip they will reside at 254 Main street.

**Kelly-Nichol.**  
 The Cathedral of the Immaculate Conception this morning was the scene of a very pretty wedding when Alphonse Kelly was united in marriage to Miss Nellie Nichol by Rev. Simon Oram. Arthur S. Gadsosie presided at the organ and on the entrance of the bride played Lohengrin's Bridal March; during the offertory "The Voice that Breathed O'er Eden," and on the bridal party leaving the church, Mendelssohn's Wedding March.

The popularity of the young people was shown by the numerous wedding presents, which included handsome pieces of cut glass and silverware received not only from friends in St. John, but from the United States and upper Canada. The groom's gift was a very substantial check.

The bride, who was attired in a neat travelling suit of blue serge, was given away by her brother, Joseph Nichol. The bridesmaid was Miss Florence Kelly, a sister of the groom. Both bride and bridesmaid carried beautiful bouquets of carnations. The groom was supported by T. LeRoque. Mr. and Mrs. Kelly left on the early train for Montreal, Ottawa and Toronto.

**PUBLIC MUCH IN THE AIR OVER THE NEW TAXES**

Many Not Sure When to Start Collections — Customs Entries Will Be Received Subject to Amendment — No Instructions as to Collection by Inland Revenue Department.

The public seems to be generally at sea with regard to the application of the new tax rates, outlined in the budget which was brought down at Ottawa yesterday and is effective today. In fact the daylight tangle fades into insignificance alongside the chaos which met the prospective purchaser in some of the city stores this morning.

Some of the retailers have already put into effect the new legislation; others decline to do so until they get official word that the taxes are to be levied, while a third party—and they seemed to be in the great majority—do not seem to be able to decide just what to do.

Regarding the discontinuance of the 7 1/2 per cent sur tax on imported goods, C. B. Lockhart, collector of customs, said this morning that he had received instructions from Ottawa to continue the collection of this tax, but to make all entries subject to amendment. He interpreted this to mean that the tax so collected might be refunded later.

In connection with the collection of luxury and other taxes by retailers, the collector said that the passing of the budget would make the enforcement retroactive to this date and if retailers failed to collect the amount of the sur-tax from purchasers, they might be called upon to pay this amount out of their own pockets.

Several questions in connection with the new taxes had arisen in the mind of the standing of the manufacturer and the retailer are covered by separate sections, a retailer in the city, who is also a manufacturer, asks where he fits in the general shake-up.

Another says that the tax is payable in some cases by the manufacturer and in others by the retailer. He asks how a retailer is to determine whether to collect the added amount or not.

At all events, the general public realize that it is the consumer who will pay in the end, and it is expected that until the law becomes more universally known there is bound to be a great deal of confusion.

The inland revenue department have so far received no instructions as to the collection of the taxes.

**GO AT IT WITH WILL THIS YEAR**

Clean-Up Days Next Week — Boy Scouts to Distribute Notices.

Toward the latter part of this week the Boy Scouts of the city will again jump into public service by delimiting to the householders the printed notices and plan relative to clean-up days next week. Each troop of Scouts will deliver notices to its own district and there are enough troops fully to cover the city.

It is felt that all St. John needs to make its annual clean-ups thoroughly successful is information. The notices to be handed to householders will contain this instruction in the form of an earnest request for co-operation. There is, not only in authority, wants to believe that these legal resources will have to be drawn upon to make clean-up days a success.

Mayor Schofield, the commissioners, the officials of the board of health, the police and civic court officials, all believe St. John people will thus year carry on a real enthusiastic clean-up campaign. Past years have been only partially successful in this direction because funds and vigor were somewhat lacking, but now the town seems to be alive to the situation. The city is to be the meeting place for important conventions this summer and will be visited by large bodies from United States and overseas, which is going to prove an added incentive in "cleaning house."

The public is asked to remember that rubbish, garbage, etc., should be sorted as much as possible, for some of it is going to be burned, some of it dumped into regular dumping holes while other is to be used in building up the new recreation grounds in Rockwood Park and in West St. John. Good, dry, dust-less cinders will be utilized for this work. Barrels and other receptacles should be placed in the street for the teams to collect them before the morning of the 26th, next Wednesday.

Mayor Schofield and the commissioners have arranged to have streets flushed by the fire department at regular intervals and other up-to-date cleaning methods employed this summer, so it looks as if St. John is on its way to be at least brighter and better, which in course of time will naturally make it bigger.

**ORGANIZED LABOR DOES NOT APPROVE**

Fred A. Campbell, president of the Trades and Labor Council, informed the Times this morning that organized labor in St. John had nothing to do with providing a hall or raising funds for the Winnipeg strike leaders who are coming here.

Mr. Campbell said he had expressed his views plainly at a meeting held last evening. He was not at all in favor of extending a welcome to men who led the strike in Winnipeg.

**Robbing The Moth of His Daily Bread!**

Her spring suit is in just as good condition as when last fall she packed it away in her new moth proof cedar chest.

What a Contrast to Last Spring!

Before she owned the cedar chest she had a dreadful experience.

She put away her suit the fall before in her trunk, wrapping it with newspapers, because she had been told that they kept out the moths.

But they didn't!

When she opened the trunk in the spring, that suit looked like a tea strainer. But she had learned her lesson.

When she bought the new suit, she also bought a new cedar chest,—and she hasn't seen a moth from that day to this, and isn't likely to, either.

POINCARÉ HAS RESIGNED; LLOYD GEORGE PLEASSED?

Belair Says British Premier Was Anxious Over Prestige of Poincaré as Its President — Effect of the Hythe Conference.

Paris, May 19.—The San Remo and Hythe conferences, says the Belair today, resulted in depriving the reparations commission in fact, if not in law, of the sovereign power to fix the amount of damages to be paid by Germany. "It was, indeed, what Lloyd George was aiming at," the paper adds. "The British premier saw with discontent and anxiety M. Poincaré, whose prestige and authority he feared, accept the presidency of that commission."

So soon as the financial experts and London have attained definite results as to reparations, Premier Millerand and M. François Marsal, minister of finance, will go to London and come to a full agreement with Premier Lloyd George and Chancellor of the Exchequer Chamberlain, says the Echo de Paris, and again start for Spa, where the conference with the Germans is to be held. Mr. Millerand will meet them in Ostend where they will draw up their final plans in the way to Spa.

Mr. Poincaré's letter of resignation follows: "The conversations which have just taken place between the heads of the British and French governments seem to me bound to result in relieving the reparations commission of the most difficult part of its task. I do not think under these conditions that my presence as head of the French delegation can be of much use."

"Believe me, very sincerely, 'M. R. POINCARÉ'."

Premier Millerand replied: "In the conversations which have just taken place at Hythe, the heads of the British and French governments affirmed anew their agreement, which is drawing closer, and their absolute determination to carry out the treaty of Versailles."

"The task of the reparations commission does not seem to me likely to lose anything of the importance of its scope in the future, but I am too grateful to you for the help you gave me from the start to wish you to leave me to my own devices, that your help will never in any way be withheld from the government of the republic in the accomplishment of the heavy task which devolves upon it."

"Again expressing my gratitude, I beg to remain, 'Very sincerely, 'MILLERAND'."

OAK HALL'S BACK HOME SALE FAST COMING TO CLOSE

There must be an end to all good things, and so with the Oak Hall Back Home Sale. After more than two weeks of the greatest money-saving opportunities ever offered by Oak Hall this great Back Home celebration must end Saturday as the contractors will be ready to start remodeling the building next week.

These last few days will find even greater bargains than have heretofore been offered and they do not represent merely the left-overs of two big selling weeks because every day has found fresh new stocks added and this will be so right up to the closing hours so that those who make a visit to the Oak Hall Back Home Sale this week will find many of the large assortments to be closed from as were available during the opening days, and many at even more drastic reduction than formerly. For instance, 33 that have been marked at \$1.98 are now marked \$1.29, and so with other lines, so that even those who have already profited by this sale will find it worth while making another visit.

As Saturday is nearly here and one of you to make up your mind at once or the opportunity will be lost. See another page of this paper for more detailed information.

SUGAR PLANTS CLOSE DOWN

Two in Montreal Because of Strike for 70 Per Cent. Increase in Wages.

Montreal, May 19.—One thousand local sugar workers have struck for wage increases amounting to approximately 70 per cent over the existing rates. This strike, coming on top of a shortage of raw sugar, has led to the closing down of the plants of the St. Lawrence Sugar Refineries and the Canada Sugar Refinery.

The employers have refused to consent to a board of conciliation for which the men appealed to Ottawa, and the walk-out followed. They have offered the employees a minimum wage of forty cents on a fifty-six-hour week basis, with a promise of increases inside of two months if the cost of living gets higher.

HOWLAND FREED IN ALLEGED ARSON CASE

(Special to Times).

Fredericton, May 19.—Magistrate George De Mille of Wasco, after a preliminary examination which began at 2 p. m. Tuesday and continued until midnight, dismissed the charge of arson which was laid against Howland. Both accused and informant are residents of Wasco and the little Sunbury county community was much stirred up over the case.

P. J. Hughes of this city represented the accused, and Fred H. Peters the informant. The case was dismissed on account of lack of evidence to connect the accused, Howland, with the attempt to burn the dwelling of Little.

SEIZE 500 BOTTLES OF LIQUOR ON TRAIN

St. Albans, Vermont, May 19.—Fifteen hundred bottles of rye and Scotch whiskey were found by United States customs officials at shipment of seventeen barrels of fish taken from a Montreal train today. The liquor was concealed under layers of fish consigned to a Boston address.

IN WALL STREET

New York, May 19.—(10.40 a. m.)—The movement of prices was again marked by downward at opening of today's stock market. A majority of the active issues reacted fractionally, but Royal Dutch, American Woolens and Standard Oil forfeited one to two points.

Deals were very light, pointing to a dull session. In the bond market, however, there were early indications of further extensive liquidation of Liberty issues. A block of \$350,000 of the fourth 4 1/2 per cent bonds at \$2.90, representing new low quotations in both cases.

Noon Report.  
Stocks extended their decline during the morning, the prices of mining oils, motors, steel, equipments and food shares at extreme losses of one to five points. Mexican Petroleum, Standard Oil, American Woolens, Atlantic Gulf and American Woolens comprised the weakest issues. United States Steel and some resistance to pressure and sentiment continued to be adversely affected by the depreciations of Liberty bonds.

The first and second 4 1/2 and Victory 3 1/2 per cent recorded new minimums. Offerings of call money at seven per cent failed to stimulate trading.

SIX MONTHS IN JAIL

Sherbrooke, Que., May 19.—Alphonse Mercier, secretary of the French-Canadian Workers' Society of Sherbrooke, is expected to remain in jail for six months on a charge preferred by Judge Mulvena on a charge preferred by L. A. Clane of Montreal, manager of the organization, on a charge of conspiracy to procure the return of the United States Fidelity and Guaranty Company.

Berlin, May 19.—German war criminals on a list recently presented to the government by the Allies have been summoned to appear before the supreme court at Leipzig between June 7 and June 30, according to the Tagblatt.

Removing to Fredericton.  
Gleaner: Mrs. A. W. MacRae of St. John, who recently bought the James Bird property in St. John street, expects to remove here about July 1 and take possession. Mrs. MacRae is a daughter of the late Judge G. F. Gregory of this city.

PROCLAMATION BY MAYOR ON DAYLIGHT SAVING

In accordance with a resolution passed at a meeting of the common council on April 28, Mayor Schofield this afternoon issued a proclamation declaring that City Hall and all the city departments, except the ferry department would adopt daylight saving time from midnight May 22 to midnight September 21, and requesting all citizens to observe daylight time and to set their clocks ahead one hour at midnight, May 22.

It was announced by the C. N. R. and C. P. R. offices this morning that all the freight sheds and freight offices would adopt the daylight time if the citizens did so.

POWER GOES TO MILITARY?

London, May 19.—General Brusiloff, former commander-in-chief of Russian armies under the imperial regime, has for the time being virtually assumed the supreme authority formerly wielded in the Russian Soviet government by Nikolai Lenin and other people's commissaries, according to a statement printed by the Daily Telegraph.

This would seem to confirm a recent despatch to the Associated Press that military authorities in Russia were about to assume the powers formerly in the hands of civilian officials of the Bolshevik regime in Moscow. Rumors that a military coup had been sprung at the Russian capital have been current for several days.

INDICATIONS OF CHANGE IN RUSSIA

Copenhagen, May 19.—Finland will soon send a peace delegation to this city to meet representatives of the Russian Soviet government, according to the Betsiletske Tidende.

Luxury Tax Tax Makes It Hard to Guess at New Revenue Amount

(Continued from Page 1)

Fredericton Gleaner.—"Sir Henry has apparently made the best of a difficult situation. We have an enormous obligation to meet, and in assigning the burdens he has evidently endeavored to make an equitable distribution, whatever may be the opinion of Canadians of moderate means and of Canadian whose energy and ability and foresight make the enterprise, earned wealth in capital.

Montreal Herald.—"The budget brought down yesterday in the House of Commons little that was sensational or even surprising. New taxes had to be imposed. Under the system adopted, a dainty luncheon after which Miss Elsie Dunlop, with an appropriate address presented to Rev. E. F. Wright, Honorary President ten volumes of the Expositor's Bible. Mr. Wright responded with well chosen words.

Chas. Wakeham, a very energetic Boy Scout, added much to the success of the evening when he was examined for his entertainer's badge by Mr. Mathews, the official. Mr. Mathews also gave several Longwinded talks which were very much appreciated.

STRIKE OF BAKERS IN HALIFAX ENDED

Halifax, N. S., May 19.—The strike of local journeymen bakers came to an end today, when the bakers that had refused to grant the men twenty-five per cent increase conceded their claim. The bakers returned to work with the understanding that the union label would be used on bread made at bakeries which employ only union workers.

EXCHANGE SLUMP ON PARIS MARKET

Bank Official Sees Indication of Return to Rule of Supply and Demand.

Paris, May 19.—Another marked decline in foreign currency occurred in the Paris market this morning. The United States dollar was fifty-eight francs and the American dollar at twelve francs fifty centimes. Yesterday's closing quotations were fifty-three francs for the pound and thirteen francs seventy-four centimes for the dollar.

A high official of the Bank of France expressed his view that the beginning of the exchange rate meant the beginning of a return to the old equilibrium ruled by the law of supply and demand. He considered that the French government decree prohibiting importations of luxuries from Great Britain and the pound and the starting point of the Hythe conference, where the settlement of the German indemnity question began to take definite shape, the French business world becoming for the first time confident that Germany would pay something of her debt.

The official pointed to the manner in which the French government had met the May Day strike and the ensuing crisis as markedly helping French credit in foreign markets. In general, the official gave it as his view that the production of the world was relatively in a better position toward consumption than it had been since 1914. He noted that there had been a general tendency toward lower prices in cotton and woolen goods, and that the declining and he thought that similar improvement might be expected within a year in steel, iron and coal.

The whole sale dealers generally are not affected by the decline in the pound sterling and the dollar, as most of the stocks on the exchange are held by the United States and other countries. The cash buyers alone, who are in the majority, are the sufferers.

Henry Post contractor opened today with a rush, speculators who had been playing for the rise of the dollar and the pound unloading while others were busily engaged in trying to stem the tide of the decline. The opening transaction in sterling was £2,000 at forty-eight francs. Later transactions averaged fifty francs. Dollars were not quite so active. The dollar closed at thirteen francs forty-four centimes and the pound sterling at fifty-one francs forty centimes, after the heaviest days transactions in foreign exchange since the armistice.

Cleaned Up the Town.  
Woodstock Press: The clean-up day inaugurated by the town manager, R. F. Armstrong, was a grand success. On Tuesday, the day appointed, the manager had seven teams hauling refuse to the dump, but the work was not finished until late on Wednesday. As a result the town is entirely clean of rubbish.

EVERY SUIT WILL BE NEW AND FRESH

All the Old Stock Was Cleared Out at the Old Semi-ready Shop and the New Store Will Have All New Clothes.

"Tomorrow, if all goes well, I hope to be able to announce finally and fully that my new shop at 87 Charlotte street will be ready for the reception of guests," said George Creary. "It has been some time, but the building has been reconstructed, and the second floor, which is beneath the level of Charlotte street, will be my next task for rebuilding."

"One good thing about a thorough house-cleaning or store-cleaning is that everything in the new shop will be fresh and new. When I was in Montreal in the winter I was able to secure some of the very latest models and fabrics."

The new store will open with all new and distinctive and different suits, every one a work of art fresh from the Semi-ready tailor shops.

"The chief designer says that he is never more pleased with his creations, and the tailors vied with each other in showing their skill and experience. I'll feel like the artist who just hated to part with the paintings he loved so well to sit and admire."

eat Krumbles  
W. K. Kellogg

A SALESMAN has to have a lot of stored-up energy to carry him through the day. Such work tries both body and brain, and the lost energy must be replaced.

Nature puts stored-up energy in wheat, so that it will benefit us when we eat it. Kelloggs use all the wheat for Krumbles.

We take the whole wheat bran and all, cook it, shred it and toast it.

So that each Krumble is a healthful, tempting morsel of food.

And we give it a flavor that makes it doubly good.

Ask your grocer for Kellogg's Shredded Krumbles—the only Krumbles made.

Krumbles is made in the same kitchens at Toronto as Kellogg's Toasted Corn Flakes and Kellogg's Krumbed Bran—Always wrapped "Waxtite."

DARING RESCUE OF  
WOMAN TRAPPED IN  
BURNING BUILDING  
New York, May 19.—With daring that  
held a crowd in the street breathless  
with fear and excitement, two firemen  
and a civilian rescued a woman from the  
danger of being burned to death in a  
fire at 77 West Forty-fifth street.  
Cut off from the street five storeys be-  
low because the flames, which started  
in the basement, had swept to the third  
floor, the woman, Mrs. Cecilia Reder,  
stood poised in the window of her room  
on the top floor of the rooming house,  
her feet bracing her against the wall.  
The fire was extinguished before it got  
beyond the third floor.  
She had dashed downward when the  
smoke awakened her a little after 10  
o'clock, only to be forced upward again  
as billows of flame came licking toward  
her. Her fourteen-year-old daughter,  
Gianna, the only other occupant of the  
house, hid discovered the fire just as she  
was undressing. Finding herself unable  
to reach her mother, the child had run  
from the house and given the alarm.  
But the mother did not know this. To  
her fear for her own safety was added  
the anguish of believing that her daugh-  
ter already had perished on the third  
floor which the mother knew to be  
flame-swept.  
H. J. Werber, president of the Ameri-  
can Photoplayer Company, passing just  
as the little girl ran out to send the  
alarm, started upstairs in response to the  
plea she shouted over her shoulder. But  
Werber found the task too much for him  
and stumbled back to the street almost  
overcome.  
By then a crowd was in the street.  
They discovered the form of Mrs. Reder  
by the glare of the flames from the lower  
storeys. Hearing the clang of the fire  
shovel, implored her not to jump.  
Henry Factow, a chauffeur, made his  
way into No. 75, next door, raced to the  
top floor and found the front room, cor-  
responding to Mrs. Reder's, locked. He  
smashed in the door and made his way  
to the window nearest the house next  
door, but separated from it by some six  
feet of open space, just as Fireman Peter  
Hilk of Hook and Ladder Company No.  
4 joined him.  
While Hilk was rushing into the build-  
ing, Michael J. Lawlor, driver for a bat-  
alion chief, had got a short ladder as far  
as the third floor. He dared not wait  
for an extension ladder. The face of the

One Great Essential  
To a Woman's  
Health Is Her Nerves

Nature intended women to be strong  
healthy and happy as the day is long  
instead of being sick and wretched.  
But how can any woman be healthy and  
happy when the whole nervous system  
is unstrung. The trouble is they pay  
more attention to their social and house-  
hold duties than they do to their health.  
Is it any wonder then that they be-  
come irritable and nervous, have hot  
flushes, faint and dizzy spells, smother-  
ing and sinking spells, become weak  
and nervous, and everything in life be-  
comes dark and gloomy.  
Milburn's Heart and Nerve Pills are  
the very remedy that nervous, tired-out,  
weary women need to restore them to  
the blessings of good health.  
Mrs. P. H. Ryan, Sand Point, N. S.,  
writes:—"I have been a great sufferer  
from nerve troubles. I was so weak  
and nervous I could not sleep at night  
and my appetite was very poor. I could  
not walk across the floor without trem-  
bling. I had hot flushes and fainting  
spells. When I was on my second box  
of Milburn's Heart and Nerve Pills I be-  
gan to feel better and kept on until I  
had used six boxes when I felt like a  
different person. I am never without  
them in the house and recommend them  
to all who suffer with their nerves."  
Price 50c a box at all dealers on  
mailed direct on receipt of price by The  
T. Millburn Co., Limited, Toronto, Ont.

WILL REPRESENT B. C.

Victoria, B. C., May 19.—British Columbia will be represented at the imperial forestry conference to be held in London, from July 5 to 15, and in which all the overseas dominions will participate. M. A. Grainger, chief forester, will represent the province at the gathering.

CLAN MACKENZIE HELD AN OPEN EVENING

last night in their rooms, Orange hall, German street, when friends of the clan were entertained to an enjoyable programme. Miss Fanny Murdoch and Thomas Guy rendered solos, Rev. Mr. McKay spoke on Scottish times and also dealt with Scottish superstitions. Mr. McDonald danced a Highland fling and Mr. Murphy played an accordion solo. Following the programme dancing was indulged in. The chief of the clan, Dr. G. G. Corbett, presided.

EXPERT BARTENDER IN SPAIN. RANK NOTICE TO AMERICANS

New York, May 19.—Elicio Castro, bartender in Spain, could mix them up so that the most ferocious toreador would stop throwing the bull long enough to take one of his "shots." So he sought Cuba. But he never heard of a Bronx cocktail or a Tom and Jerry or Scotch and other concoctions sought by Americans. He found that while he was a Babe Ruth among bartenders in Spain he battled like Babe Adams when competing with American bartenders in Cuba. So he stowed away on a liner to come to New York to learn the tricks of the trade. But the immigration authorities heeded not his plea, and will send him back to Cuba.

SERVED 16,000,000 DRINKS.

London, May 19.—Waterloo Station Free Buffet, which has served meals to between seven and eight million soldiers and sailors since Dec. 19, 1916, has been closed. Altogether some 16,000,000 cups of cocoa, coffee and lemonade were served to troops.

PROTEST BY GERMANS.

Objection to Introduction of Danish Coinage in Flensburg.

Copenhagen, May 19.—German journals in Flensburg vigorously protest against the introduction of Danish coinage into the first zone, being evidently extremely anxious over the consequences if Flensburg should be cut off from its natural trade district. The Germans maintain it is unlawful and against the peace treaty while Germany has sovereignty in the first zone, to introduce Danish coinage there, and declares the Flensburg second zone, which has only German paper money and through the southern custom boundary is cut off from Germany, will be exposed to ruin and chaos. A meeting will be held Sunday in Flensburg to decide on steps against the intended change of coinage. Vice-President Adler of Slesvig, who is the soul of the movement, declares a strike will be declared comprising all classes of population, which will completely paralyze the life of the town and country districts. A resolution will be passed demanding that the international commission, as soon as possible, finish its work and leave Flensburg.

POWER SURVEY OF MISSOURI RIVER

Pierre, South Dakota, May 19.—The engineers selected to make a survey of the possibilities of the Missouri river for the purposes of hydro-electric development have made their final report, and show that out of a half dozen possibilities on the big river, the most practical one is to meet the present needs of the state is a location near the northern line of the state where a power plant with a thirty-foot head of water can be constructed at a cost of \$3,108,000, and that transmission lines can be constructed at a cost of \$7,044,000, or a total of slightly over \$10,000,000. Such a plan would develop power sufficient to supply the eastern part of the state with electricity at a cost of 1.78 cents per kilowatt hour, a cost of 1.78 cents per kilowatt hour, and in a few years provide either a reimbursement fund to the state for the original investment or to extend the power development of the stream.

News Notes About

Prominent Baptists

(Maritime Baptist.)

The sermon-tasters of the First church, Moncton, speak very appreciatively of the discourses of Rev. W. J. Hurlow, who filled the pulpit during the recent absence of the pastor, Dr. Green.

Rev. A. C. Berris is leading the church at Eastport, Me., to a large measure of success. On Easter Sunday six candidates were baptized, one of whom was his own daughter.

It was our privilege to spend Sunday quietly with our family at the new home in Hampton. In the afternoon we enjoyed the session of the Sunday school, led by A. H. Chipman.

Rev. Seldon R. McCurdy, after several years of pastoral service in the United States, is returning to foreign mission work in Burma.

Rev. Ross C. Eaton, after three years of pastoral service at Mansfield, Mass., has accepted a call to the Mattapan Baptist church, and will begin his work there on next Sunday.

An ordination which will be of interest to many in these provinces took place at Clinton, Mississippi, on May 12. The candidate was W. Harold Coleman, son of Dr. H. H. Coleman, clerk of the First church of Moncton.

Next college year he will be associate professor of English at Furman University.

LOYALIST DAY.

Yesterday was the 127th anniversary of the landing of the Loyalists in St. John and the birthday of the city.

In the school room of Trinity church, with the president, Mrs. L. P. D. Tilley, in the chair. On the platform with her were the secretary, Mrs. D. Dearden; the treasurer, Miss C. O. McGivern, and the vice-president, Mrs. W. H. Shaw.

**Goddess**  
Corsets that fashion fit

Sitting or Standing  
"Goddess" corsets with their scientific cut and special French boning give absolute comfort. They yield to any change of position and gently hold up the figure, assuring its greatest beauty, yet causing neither fatigue nor pain.

Many of the best dressed women in Canada are wearing "Goddess" laced in front corsets and share Anita Stewart's opinion: "Without undue compression they add to the grace of the figure".

There is a style for every figure.

**NEW PROGRAMME AT OPERA HOUSE**

Large Audiences for Varied Bill of Acts and Jack Dempsey Serial.

The new programme in the Opera House last evening attracted capacity houses and the various vaudeville numbers were well received. The motion picture serial, "Daredevil Jack," featuring Jack Dempsey, champion heavy weight boxer of the world, was thrilling and is one of the best episodes yet shown in this popular picture drama.

One of the best acts in the new vaudeville programme was that of Weston's Famous Models, who have a novelty artistic posing offering entitled "Visions D'Art." Their performance was a treat and every number evoked hearty applause.

The "Two Chums" scored quite a hit in their skit, "A Few Moments at the Club." They are good singers and their solos and duets were well received.

Lester and Vincent in a blackface comedy skit termed "Community Service" was enjoyed. After some amusing repartee the male member gave a short dancing drill, which took the fancy of the audience and they were generous with their applause.

Frank and Tobie Shell, in a comedy singing and dancing skit, "Typical Types," were well received. The lady member proved to be a versatile entertainer and her dancing, songs, etc., were enjoyed.

Leonia Kern received well merited applause in her musical offering. After singing some songs she played most acceptably on a violin. She is a clever player and singer and performs the feat of playing an obligato on the violin and singing at the same time.

**DEFER CITY ROAD PAVING**

Action Taken at Yesterday's Council Meeting—Discussion on Daylight Time.

At yesterday afternoon's common council meeting it was decided to defer action on the paving of City road, as the laying of 4,000 feet of service pipes might delay the work. Mr. Jones announced that he was ready to start work on the pipes immediately and that a delay of a week or ten days might be sufficient for the paving. Commissioner Frank said he did not anticipate any great delay, but he could not recommend the expenditure of \$128,000 unless good work was to be done.

It was decided to go ahead with the work of preparing a complete plan of the city for the use of the assessors at a maximum cost of \$85,000.

Authority was given for laying water pipes in McKell street, Fairville, for the housing board. The transfer of the pilotage commission from the city to the department of marine was brought up but no action taken.

The report of the committee of the whole was adopted with the exception of the section referring to the paving of City road.

A proclamation to the citizens to observe daylight saving time was held up as Commissioner Bullock announced that, on account of the trains being on the old time, the ferry would not be able to change. He said the schools would adopt the new system, but that the people of the West Side did not want to change. It was decided to defer the proclamation until the matter of the ferry was definitely decided.

On motion of Mr. Jones it was voted to call for tenders for a water service for

**BODY ON TRACK TO HIDE CRIME**  
**Man Mangled By Train Believed Murdered**  
Milton, Ont., May 19—The mangled body of a man was picked up by the crew of a C. P. R. freight train a few miles west of Milton and taken to Campbellville. The victim of the fatal accident was seen by the fireman when the train was a short distance from him. He was lying in the centre of the tracks but whether he was dead or alive at this particular time is not known. Before the train could be stopped practically its whole length passed over the body, severing one foot, part of his face and arm. The man was about thirty years old, and the only article in his pockets was a

Toronto street railway transfer. The body has not yet been identified. Coroner McCall and Chief Chapman of Milton went to Campbellville today and held an inquiry, but nobody could throw any new light on the case. It is said, however, that the switch lights near where the body was found were tampered with, and it is now believed that the man was knocked down, robbed and his body placed on the track to hide the crime.
