

PARLIAMENT.

Consideration of Grant for Establishment of Canadian Mint

To Cost Seventy-five Thousand Dollars a Year—Benefits to be Derived—Pacific Cable Act—Lively Discussion—Over the Highway Subsidies—The House Approves of the Increased Sessional Indemnity—Mr. Blair Objects to the Auditor General Interfering.

OTTAWA, May 17.—In the house today Mr. Blair's bill and acts to regulate gas and electric light inspection were considered in committee, reported and passed their third reading. A resolution to grant a sum not exceeding \$75,000 per year for the establishment of a Canadian mint came up. Hon. Mr. Fielding announced that it was the intention to make it a branch of the royal mint, so that the coinage would be negotiable in all parts of the Empire. If this were not done, the coinage would only be passable in Canada. In order to carry on the mint, experts from the royal mint will have to be engaged. After sufficient coins in gold, silver and copper have been made up for Canadian use, England will be struck off, so that the plant will be kept busy. At the present time Canada holds 325,000,000 of American and English gold in reserve. This, together with the reserve held by the banks, it is hoped will be replaced by Canadian coinage. As a dollar in gold has to be held in reserve for every dollar bill issued by the dominion, and as the country is growing, considerable gold will have to be coined. Standard gold bars exchange between banks. The cost of the mint will be represented by \$75,000, \$10,000 in excess of the amount really needed, to guarantee the royal mint for expenses. The items are: Building, \$200,000; strong boxes, \$14,000; vaults, \$45,000; machinery, \$45,000; and the annual charge (with interest \$9,400 on cost of construction) will be \$74,000. Against this the government placed to the credit of the country the profits on the coinage of silver, \$84,000, giving a surplus of \$10,000, together with change resulting from coining money in a British mint. Mr. Fielding explained that there need be no fear of excessive coinage of silver, as Canada wanted no silver question. Only sufficient silver for our own use will be struck.

A purchasing assay office will be opened at some point in the west, Dawson City, Vancouver or Victoria. Mr. Borden of Halifax thought the measure a good one, and that every citizen would be pleased to know that Canadian coins would be used. He had hopes that the coinage might even be in greater demand than is anticipated. Mr. MacLean called attention to the millions of American silver floated in this country, which should be struck off in Canada. He also suggested that nickel should replace copper in making subsidiary coinage.

Clarke Wallace congratulated the government on adopting a proposal which was met during the past two years by the opposition. He was glad to see that Mr. Fielding had been converted at last. He suggested assay offices at both Vancouver and Dawson. Mr. Henderson submitted that 20 cent pieces should be put out of circulation. He also suggested that the dollar gold coins were too small, a view which Mr. Fielding concurred in. Mr. Emerson suggested that the proper way to rid the country of American silver would be to have the banks take it up. Mr. Brock submitted that Canada should make silver coins heavier, and then a reverse condition would be found to exist in regard to American and Canadian silver coins.

Premier Laurier introduced a clause which provides that the act shall not go into force until a full explanation is made of the effect on the agreement of the action of New South Wales in making a contract with the Eastern Extension Telegraph Company. The Bell Telephone Company was scored when Mr. Clarke asked for a precedence for his bill restricting rates. A bill to incorporate the Canadian

Nurses' Association was talked over by Mr. McLennan, Inverness. The house tonight by 99 to 12 rejected the motion of Mr. Richardson, Lisgar, expressing the opinion that the government on submitting the G. F. R. contract to the courts for interpretation should contend that the period of immunity from taxation of the company's lands ended 20 years after the date of ratification of contract by parliament.

The visit of the Kootenay delegation to Ottawa has been effective. Tonight Mr. Fielding gave notice of the following resolution to aid the silver lead in British Columbia: Resolved, that it is expedient to provide as follows in order to encourage the refining of lead in Canada: 1. That the government in council may authorize the payment of the under-mentioned bounties on lead refined in Canada from materials produced in Canadian smelters from Canadian lead ore: (a) on every ton of lead so refined during the calendar year 1902, \$5; (b) on every ton of lead so refined during 1903, \$4; (c) on every ton of lead so refined during 1904, \$3; (d) on every ton of lead so refined during 1905, \$2; (e) on every ton of lead so refined during 1906, \$1.

2. The said bounties shall be payable half yearly on the first days of July and January in each year. 3. The total sum payable for such bounties shall not exceed \$100,000 in any year. If the sum payable at the rate mentioned in resolution (1) of lead refined during the half of any calendar year shall exceed \$50,000, then and in such case the bounty payable per ton shall be reduced, so that half year to such rate per ton as shall make the amount of bounties payable in respect of such half year not more than \$50,000.

4. If the sum paid for such bounties in any half year shall exceed \$50,000, the unpaid balance (being the difference between the sum so paid and \$50,000), shall be carried to the credit of the bounty fund for the next succeeding half year, and may be paid out in such succeeding half year in addition to the \$50,000 herebefore provided. 5. The government in council may make such rules and regulations (including regulations as to rates and charges for refining) as may be deemed expedient in the public interest for the carrying out of the purposes of this act, and all payments of the bounty shall be subject to the due observance of such rules and regulations.

6. All the bounties payable under this resolution shall cease and determine on the thirty-first day of December, 1906. It is proposed to appoint a second inspector of penitentiaries at a salary of \$3,000 per annum.

OTTAWA, May 18.—In the house this morning the Hon. Mr. Emerson gave notice of a resolution to amend the act relating to the carrying out of the purposes of this act, and all payments of the bounty shall be subject to the due observance of such rules and regulations.

OTTAWA, Ont., May 20.—Private bills came up in the house this morning. The first was a bill to amend the act relating to the carrying out of the purposes of this act, and all payments of the bounty shall be subject to the due observance of such rules and regulations.

HARVEY'S NEW CLOTHING STORE. We have just opened a very nice line of Men's, Young Men's and Boys' Clothing, all of which has been made within the last month, the prices of which have been marked very low. We invite your inspection. Prices, make and pattern will interest you.

J. N. HARVEY, 199 OPERA HOUSE BLOCK, 199 UNION STREET, St. John, N. B.

YORK ELECTION CASE.

Judge Gregory Makes an Order Requiring the Petitioner To Deliver Particulars of All Persons Unduly Influenced or Using Undue Influence by a Certain Date.

FREDERICTON, May 20.—Dr. McLeod, the petitioner in the York County election case, is losing no time. On Friday last the trial of the case was fixed for June 3rd, and on Friday evening A. S. Murray, acting immigration agent and secretary of the York County Liberal Association and treasurer of Mr. Gibson's campaign fund, was served at a hotel at St. John with a subpoena to give evidence at the trial. Many prominent citizens who took an active part in securing Mr. Gibson's return were on Saturday subpoenaed. Among these were Alexander Gibson, Mr. F. E. Thompson, Mr. P. E. W. T. Whitehead, Mr. P. E. Edwards, Alderman P. Farrell, Ald. McKay, R. A. Estey, William LeMond, R. W. McLellan, J. F. McMurtry, Jas. P. Van Buskirk, John McCoy, William Hatt, brother-in-law of Mr. Gibson, County Councillor Alfred Rowley, Thomas Feehey, and scores throughout the county.

Mr. Gibson, who was served with the subpoena at Marysville on Saturday, and was very angry, and during the night which he received into the Nashua river. Ald. Farrell acted in a similar manner, throwing the fee into the street. A summons was granted by Judge Gregory on Saturday calling upon the petitioner to show cause why, particularly of the persons alleged in the petition to have been bribed, treated, or otherwise influenced, and of the persons bribing, treating and exercising undue influence complained of should not be delivered eleven days before the day fixed for trial. This was argued before his honor at chambers this morning. O. S. Crockett and H. F. McLeod appeared for the petitioner and objected to an order being made for the delivery of the particulars at so early a date, and claimed that there were no grounds for extending the seven days, the time specified in the general rule of court on the subject. A. J. Gregory appeared for the respondent in support of the application.

Judge Gregory made an order requiring the petitioner to deliver particulars of all persons alleged to have been bribed, treated or otherwise influenced, and of all persons treating, bribing or exercising undue influence to be delivered on Wednesday, the 22nd. His honor will refuse to order any fuller particulars than those required by the general rule of the election court with reference to all matters alleged in the petition in which it is proposed to strike off votes on a scrutiny.

SHEFFIELD. Large Shipments of Cattle and Big Sales of Hay—News Notes. SHEFFIELD, May 18.—Thomas B. Bridges of Lower Shefford, let one of his young Tam O' Shanter horses out of the stable yesterday for a little exercise and diversion after his spring confinement. The horse got in contact with a barbed wire fence and gave his front limbs some very deep cuts, which has used him up for the present.

Thomas Thompson of Shefford sold his fine young Clydesdale horse this week for a good paying price. Thomas Fulton lost three good horses out of his teams, last winter, in his lumber operations. Never in the history of the past has so much wealth been borne on the bosom of French Lake in the shape of lumber as at the present time. All the lumbermen got their lumber down stream, and it is rafted and being moved together by steam tugs preparatory to starting in large rafts for St. John.

Fifty-one head of beef cattle went down the river last Saturday in the David Weston for St. John market, purchased by Mr. McDonald. Twenty-five head of the same cattle were purchased from one of our Sheffield farmers last fall and winter and fattened in York county. The fields are green and the country is looking beautiful. Harrison Bros. sold their whole stock of hay, some 40 tons last week to Mr. Harper, a prominent lumberman of Salmon river. Thomas Bridges of Tilley Landing sold the balance of his stock of hay this week to a company of hay merchants in St. John.

Mrs. Daniel Thorne and family visited her parents at Little River this week. Mrs. Churchill and some other friends from Carleton Co. are visiting Mrs. Thomas Thompson. Mrs. M. C.

Harrison is still living in a very critical condition, attended by Drs. Camp and Atherton. Crothers Bros. of Upper Gasquetown are now running their saw mill again on full time. Their lumber drives are hung up for the present. Coy. Dyer launched two scows last week, loaded them with sawed lumber and had them towed to St. John. Currier Bros. also launched a scow last week, and other firms had the same last week at that enterprising little village.

ANOTHER BIG STRIKE.

Fifty Thousand Machinists Throughout the United States Ask for a Nine Hour Day, Etc. WASHINGTON, May 20.—Approximately fifty thousand machinists throughout the country struck today for a nine hour day, a scale of wages equal to the present ten hour per day scale and other demands. This is the first strike of machinists since the strike of the National Association of Machinists, based on the telegraphic advice that his locality in the various sections of the country. The strike thus far has not extended to the allied trades, save in one or two instances. The National Association of Machinists, based on the telegraphic advice that his locality in the various sections of the country. The strike thus far has not extended to the allied trades, save in one or two instances.

The situation this afternoon was summarized by President O'Connell in the following statement to the Associated Press: "We are demanding a nine hour day, a scale of wages equal to the present ten hour per day scale and other demands. This is the first strike of machinists since the strike of the National Association of Machinists, based on the telegraphic advice that his locality in the various sections of the country. The strike thus far has not extended to the allied trades, save in one or two instances."

From the present indications and the various reports from the headquarters at various points, the order, on being generally obeyed, and in larger numbers than was expected. It is certain cases where only a few hundred men were expected, the number will be increased 50 per cent. The number where the agreements are being made the strike will not last over a couple of days. In other localities where a larger number of men are being involved, I look forward to an adjustment being reached within the present week."

Following is a statement of the number of men out at American Point in the Hartford, Conn., 1,000; Ansonia and Derby, Conn., 500; Hamilton, Ohio, 1,000; Buffalo, N. Y., 1,000; Cincinnati, 1,000; Cleveland, 1,000; Erie, Pa., 1,000; East Orange, N. J., 300; Oswego, N. Y., 200; Norfolk, Va., all shops out, 500.

SOUTH AFRICA. LONDON, May 20.—Lord Kitchener reports to the war office under date of Pretoria, May 18, as follows: "An armored train has been dynamited south of the Orange River. Major Heath of the South Lancashire was killed." LONDON, May 20.—Lord Kitchener also reports that last week 19 Boers were killed, 14 were wounded, 238 were made prisoners and 105,000 rounds of ammunition were captured.

ALGOMA STEEL CO. TORONTO, May 20.—The Ontario Gazette announces the incorporation of the Algoma Steel Company, Limited, capital, twenty millions in two hundred thousand shares of a hundred dollars each, and with P. H. Clarke as one of the provisional directors. The head office will be at Sault Ste. Marie. The charter empowers the corporation to acquire on terms to be agreed upon, other companies having similar objects to build steel ships and carry on the steel and iron business on an unlimited scale.

IRELAND'S POPULATION. LONDON, May 20.—The census of Ireland shows the population to be 4,652,424, a decrease of 5.3 per cent. This is the first time since the population of 4,711,857 persons. CRUSHED TO DEATH.

Three Men Buried in the Ruins of Jewett's Mill Chimney.

Terrific Accident at Millidgeville Yesterday Bereaves Three Families—Miraculous Escape of Three Other Workmen.

The collapse of the large chimney of E. D. Jewett & Co.'s saw mill at Millidgeville on Friday was the cause of the loss of three young lives, the bread-winners of three families, and necessitates the recording of one of the saddest tragedies in the industrial history of St. John.

The accident occurred about half-past three in the afternoon, and the report, more or less garbled, rapidly spread over the town. The evening papers issued extra editions with fragmentary reports and many excited citizens flocked toward the scene of the fatality by every available method of transportation.

When a Sun reporter reached the quiet little village, which for years has known little more than the whirl of saws and the occasional flurry of a yacht race, the stunning sorrow which had come so suddenly over its people had spread its mournful influence like a pall over the whole place.

The lower streets were deserted and around the mills and its bordering cluster of cottages where the strained excitement of the earlier afternoon had subsided, men stood in little groups with stern set faces and talked in low voices.

The circumstances of the accident were as follows: Last Monday a portion of the fire brick lining of the chimney, which stands over 100 feet in height, became detached, and the mill was shut down pending the removal of the debris.

The work had been progressing favorably all day, and just at the time of the accident the men at the winch were awaiting the word to lower away while the other two were standing close to the chimney's foot.

Mr. Logan was the first to recover, and he was the first to enter the mill. He was standing with his back to the chimney when it fell, and he was not injured.

BABY LAUGH

It belongs to health, for a baby, to eat and sleep, to laugh and grow fat.

But fat comes first; don't ask a scrawny baby to laugh; why, even his smile is pitiful! Fat comes first.

The way to be fat is the way to be healthy. Scott's emulsion of cod-liver oil is the proper food, if he needs it; but only a little at first.

We'll send you a little to try if you like. SCOTT & BOWNE, Chemists, Toronto

Dragging himself, bewildered, from his shelter, and seeing none of his companions, he at once gave the alarm, which was hardly necessary, for crowds were already hurrying toward the scene.

When the doctors arrived on the scene there was little to do beyond dressing the wounds of those who had escaped, though the frenzied friends of those who were killed, and something might be done for them.

When the doctors arrived on the scene there was little to do beyond dressing the wounds of those who had escaped, though the frenzied friends of those who were killed, and something might be done for them.

The circumstances of the accident were as follows: Last Monday a portion of the fire brick lining of the chimney, which stands over 100 feet in height, became detached, and the mill was shut down pending the removal of the debris.

The subject arose from a conversation in which one of the gentlemen present complained of backache. Mr. McIntosh at once advised Dodd's Kidney Pills.

HOTEL PROPRIETOR WINS HIS CASE

Under an Unjust Penalty for Eight Years.

Bright's Disease Held the Sentence of Death Over His Head—Suffered All the Misery of Broken Health in the Meanwhile—His Deliverance by Dodd's Kidney Pills.

DRESDEN, May 17.—(Special.)—Allan McIntosh, proprietor of the well known Clifford House here, in conversation at his house today, made a statement that cannot fail to carry with it the weight and influence of the speaker.

The subject arose from a conversation in which one of the gentlemen present complained of backache. Mr. McIntosh at once advised Dodd's Kidney Pills.

SYDNEY

SYDNEY, N. S., May 17.—Albert H. Jordan, a native of Murray Bridge, P. E. I., died at the Steel Company's mill here, and to this Logan and Nesbit owe their lives, for the shock threw them under the shelter of its protecting beams, which kept from them the deluge of pounding masonry.

ENGLISH VISITORS DINED

Dinner to Capt. Edward Partington, President of the Cushing Sulphite Fibre Co.

Clever Speeches and Valuable Suggestions for St. John Manufacturers—Success of Pulp Industry Assured.

A dinner was given in the Royal hotel Saturday evening in honor of Captain Edward Partington of Gosport, England, president of the Cushing Sulphite Fibre company, and Edward Platt, his associate, who are visiting this city for the first time.

At the dinner his worship Mayor Daniel was presiding, and Mr. P. B. E. McIntosh, president of the pulp and paper works in America. In addition to the guests of honor were present Hon. C. N. Skinner, Mr. F. Mooney, Hon. James Holly, Thos. McAvilly, Jos. K. Dunlop, Jas. Heaton, Alex. Wilson, Dr. J. R. McIntosh, Wm. Merritt, S. Fisher, J. A. Likely, Hon. T. Dunn, Major Edwards, L. A. Curry, K. G. James, S. Gregory, Dr. James Christie, Geo. McKean, R. B. Emerson, Geo. S. F. Eaton, and Jos. Allison.

The elaborate bill of fare prepared in the best style of the Royal hotel was printed in dainty menu booklets containing handsome views of the city and vicinity. The discussion of vantage satisfactorily concluded and the toast of The King, proposed by his worship, duly and heartily honored.

Mr. Robertson arose to propose our visitor to the honor done him. He spoke of the object of his visit to St. John in relation to the pulp industry here. He had no doubt that this would become an important centre in the history of the future.

Mr. Platt told of his visit to the mills in the states, and said that in the cotton and paper industries English manufacturers had not much to learn from the United States.

MIGHT SHORTEN LIFE.

Dr. C. F. Uhrlich, of Wheeling, W. Va., seventy-four years old, advised unusual methods in dealing with consumption, saying:—

In every case of confirmed and hopeless tuberculosis, death is inevitable, unless long life, devoting your entire energy to making your patient as comfortable as possible, and to increasing the chances of having a tendency to shorten life.

SUNLIGHT AS A CURE.

In the afternoon Dr. J. Leffingwell Hatch read a paper describing the "Crotte method" of treating consumption by inhaling into the lungs, by means of electricity, a preparation of formaldehyde in the form of vapor.

Dr. F. F. Labadie told of the treatment by static electricity and the inhalation of compound ozone.

CASTORIA

For Infants and Children.

Major Daniel, in responding to the toast of the day as the anniversary of the Loyalists' landing and of their struggle in founding this city, he proposed the great success of the pulp industry here.

TUBERCULOSIS CONGRESS.

Dr. Bayard, of St. John, was One of the Speakers in New York.

(New York Herald, 16th.) In the Hotel Majestic gathered yesterday the second annual American Congress of Tuberculosis, the object of which is to prevent the spread of consumption, especially by obtaining legislation against it.

The elaborate bill of fare prepared in the best style of the Royal hotel was printed in dainty menu booklets containing handsome views of the city and vicinity.

Mr. Robertson arose to propose our visitor to the honor done him. He spoke of the object of his visit to St. John in relation to the pulp industry here.

Mr. Platt told of his visit to the mills in the states, and said that in the cotton and paper industries English manufacturers had not much to learn from the United States.

THE MARRIAGE NULL

Having Some Resemblance to Deloit Case.

The Parties Were French-Canadian Roman Catholics Who Went to the United States to Get Married.

(Montreal Star, 17th.) A marriage between two Catholics before a Protestant minister was declared null and void by the court of review this morning.

The circumstances in this case are different from those in the Deloit marriage. The parties were married in the United States, where they had gone in order to avoid the obligations of the Canadian law.

On June 30th, 1891, Marguerite Elizabeth Durocher, a minor, of Granby, Que., and Joseph Degre, of St. Alphonse, Que., went to East Frankslyn, Vt., U. S., where they were married before Rev. Edwin Prouty, a Protestant minister. It has not been ascertained whether Degre had then attained his majority.

BOTH WISH TO BE PARTED.

Neither of them is now willing to resume married life. On November 13, 1899, Mrs. Degre obtained from her bishop a decree stating that the marriage was null and void; and on January 8, 1900, her father and her husband separated and to have the marriage adjudged as void according to the ecclesiastical sentence.

Dr. J. H. Weeks advocated measures for the prevention of tuberculosis among animals. Dr. E. O. La Chapelle, president of the Provincial Board of Health of Montreal, Canada; Dr. Louis H. de Bayle, of Nicaragua and Honduras; Dr. Yilo, of the Republic of Guatemala; Dr. Williams Bayard of this city; and Edward Labadie, president of the Board of Health of Mexico, spoke.

DROWNING ACCIDENT.

WHITE HEAD, N. S., May 18.—A drowning accident occurred today, by which Coleman George lost his life. With two others, Christopher Armstrong and Levi George, he set out on a small boat to come to White Head. When a short distance from the shore a sudden gale struck the sail, which caused the boat to capsize, throwing the three men into the water.

The Semi-Weekly Sun

The Co-operative Farmer

ONE YEAR FOR ONLY \$1.20.

This great combination offer is only open to new subscribers or to old subscribers who pay all arrearsages at the regular rate, and one year in advance.

THE CO-OPERATIVE FARMER is a Semi-Monthly Journal, exclusively devoted to the interests of the farmer of the Maritime Provinces. It is the official organ of the Farmer and Dairyman's Association of New Brunswick; the Nova Scotia Farmers' Association, and the Maritime Stock Breeders' Association.

THE ST. JOHN SEMI-WEEKLY SUN is the best newspaper a Maritime farmer can take. It is published on Wednesdays and Saturdays, eight large pages every issue, containing all the provincial as well as foreign news it has.

THE MOST COMPLETE WAR SERVICE of any paper in Eastern Canada, and its frequency of issue makes it of especial interest during the strife in South Africa.

REMEMBER THIS OFFER IS GOOD ONLY ABOVE CONDITIONS.

The Parties Were French-Canadian Roman Catholics Who Went to the United States to Get Married.

(Montreal Star, 17th.) A marriage between two Catholics before a Protestant minister was declared null and void by the court of review this morning.

The circumstances in this case are different from those in the Deloit marriage. The parties were married in the United States, where they had gone in order to avoid the obligations of the Canadian law.

On June 30th, 1891, Marguerite Elizabeth Durocher, a minor, of Granby, Que., and Joseph Degre, of St. Alphonse, Que., went to East Frankslyn, Vt., U. S., where they were married before Rev. Edwin Prouty, a Protestant minister.

BOTH WISH TO BE PARTED. Neither of them is now willing to resume married life.

DROWNING ACCIDENT. WHITE HEAD, N. S., May 18.—A drowning accident occurred today, by which Coleman George lost his life.

NOTICE.

The canvassers and collectors for the SEMI-WEEKLY SUN are now making their rounds as mentioned below.

The Manager hopes that all subscribers in arrears will pay when called on.

B. W. Robertson, in Charlotte County.

Edgar Canning, in Albert County.

Parish vessel owners are being flooded with orders, and there are not enough vessels to meet the demands, which, besides the local lumber trade, are coming from the plaster quarries at Wentworth, Cheverly, and the coal mines at Joggins.

C. D. Dickinson of Woodstock writes to the Sun to say that the amount paid by John Palmer for the purchase of his stock and trade was \$3,000, and not \$2,000, as erroneously printed in the issue of the 14th inst. Mr. Dickinson says he retains an interest in the royalty on the Henderson patent for ten years to come.

Examiner Waring has granted certificates to the following persons: Walter G. Tallon of North Head, Grand Manan, second engineer; Lemuel Winchester of Charlottetown, P. E. I., second engineer; David J. Gulliver of Douglasville, P. E. I., third engineer; Edgar P. Briggs of Charlottetown, P. E. I., fourth engineer; Frederick W. Richardson of Lord's Cove, Deer Island, and Clowes Bay, St. Mary's, N. B., permits.

The C. P. R. wish to inform its patrons and the public in general that their refrigerator dairy service has now been put on for the coming season. Refrigerator cars leave Hamilton every Monday and Wednesday, complete loading at Toronto on Tuesdays and Thursdays, arriving in St. John on Friday and Monday.

For Pains and Lameness use KENDRICK'S Liniment.

Dr. Inch, chief superintendent of education, has published the following: "The recent death of our beloved Queen renders it eminently fitting that Empire day for the year 1901 shall be specially observed as Victoria Memorial day. All lessons and school exercises on that day should have special reference to the progress of the empire during the Victorian era; and to the gracious influence of the life and character of Victoria, the Good upon all the people of the British Empire, and of the world."

Evangelist L. J. King, who used to hold services in the north end, was in the city on Friday on his way to Havelock, where a Bible convention will be held next week. This convention is un denominational, and will be addressed by Rev. Mr. Corey and W. H. Traflet of Woodstock, Rev. Mr. Carpenter of Westville, Rev. A. L. H. Traflet of St. John, Rev. A. L. H. Bubar, Moncton, and Evangelist King. It is the intention of the latter to remove to the city in the fall, open a mission and start what he calls a Reformed Catholic newspaper.

The summons to show cause why the trial of petition in the York county election case should not be set down was returnable on Friday. A. J. Gregory, acting for the respondent, asked for a stay of proceedings so that he might appeal to the supreme court of Canada from the decision of the chief justice on the preliminary objection. Judge Tuck did not allow the request and named Monday, June 3rd, at 11 in the morning, at Fredericton, as the time and place for the trial. Mr. Gregory then produced an affidavit that it was necessary for the respondent to be present in person at the trial, and that he was now engaged in the parliamentary duties. Judge Tuck said that if parliament was not then prorogued, he would adjourn the trial. O. S. Crockett for the petitioner.

MEMORIAL WINDOW.

There has been placed in Centenary Methodist church this week a beautiful memorial window to the late Albert and Mary Eliza Bent, by their children. The window is of a very beautiful design. In the centre panel (each of the three panels of the large Gothic window are eight feet six inches high and two feet wide), is a figure of the Angel of the Resurrection, beautifully and delicately executed, taking up the full length of the panel, and in the side panels cherubim in the centres, the rest of the panels finished in appropriate and harmonious colors. English antique glass is used for this window, enriching the colors. The colorings are very harmonious; the flesh portions are done exceptionally well, making a very artistic and highly finished window, which has been admired by all who have seen it. The window was made by the Robert McCausland Stained Glass Co. of Toronto, and reflects the great sympathy have taken in all the details. Willard H. Reid of this city placed it in position.

NEW INVENTIONS.

Following is a list of patents recently granted by the Canadian and American governments, through the agency of Messrs. Marion & Marion, mechanical engineers, Montreal and Washington, D. C., Canada.

71,143—P. J. M. Wasiyng, Savanne, Ont., jacks for railway tracks.

71,203—Samuel McIntyre, Canterbury Station, N. B., device for hitching and unhitching horses, Montreal and Washington, D. C., Canada.

71,224—Albert Brouillet, Montreal, P. Q., filter.

71,251—Paul H. Gendron, Sherbrooke, P. Q., washing machine.

71,258—Ernest R. Kroker, Tepitz, Bohemia, air pump or vessel.

71,301—Wm. Jennings, Montreal, P. Q., the fastener.

71,356—David A. Britain, Westfield, N. B., skidding tongs.

71,402—George Henry Cove, Amherst, N. S., propeller.

"Machinery," a 148 page book, containing practical information on patents, the cost of same, etc., will be sent to any address upon receipt of 10 cents.

RECENT DEATHS.

The death is reported of Sadie M. Woods, daughter of W. F. Woods, which took place at her father's home at Westfield Saturday morning. She passed away in the thirteenth year.

Stella Maude Ralston, the infant daughter of William E. Ralston, died Saturday morning of measles at her father's residence on Mount street.

Mrs. Lillian A. Jones, wife of Charles A. Jones, died at her home, 94 St. Patrick street, Saturday morning. Mrs. Jones was thirty-one years of age and had been suffering from consumption for upwards of a year. The body was taken by boat to Kars, Kings County, for interment on Monday morning.

SENTENCE SUSPENDED.

Before Judge Forbes, Saturday morning, the case of The King v. J. J. McGinnis was tried under the Speedy Trial Act. Judge McGinnis was accused of breaking and entering J. Rubin's place. S. E. Morrill appeared for the prisoner and read several testimonials as to his general good character. The boy's father said that there was an error in the charge against the young man. Judge Forbes suspended a sentence of three years imprisonment, provided the boy would leave town within a week.

RICHIBUCTO.

Movements of Shipping—Gone to the United States.

RICHIBUCTO, May 18.—J. & T. Jardine's bark Sagona brought a cargo of salt for A. & R. Loggie. The brigantine Echo, towed in yesterday morning by the steamer Calluna, was consigned to Edward Walker. The brigantine Echo arrived yesterday afternoon to load for J. & T. Jardine. The two topmast schooner Minnie E. Moody, Capt. Geo. Long, has gone to Miramichi to load. A two topmast schooner was towed in on Thursday afternoon by the topmast schooner was towed out the same day.

A number of Salvation Army officers from St. John and Newcastle held the first here on Thursday evening. There was a street parade, followed by a meeting in the Temperance hall. Maurice Halloran, an aged citizen, is seriously ill. Miss Alice Vantour, daughter of Postmaster Vantour, left this morning for Worcester, Mass.

BENTON.

Wedding Bells—Burglars at Work—Two Fingers Badly Out.

BENTON, Carleton Co., May 17.—The marriage of Miss Tressie Dow of Lower Woodstock and Wilmet Edwards of this place was solemnized on the 15th inst. at the residence of Amashiah Dow, father of the bride, in the presence of about one hundred invited guests. The ceremony was performed by Rev. Geo. Ross. The bride was the recipient of many beautiful gifts.

An entertainment was held in the Methodist church last evening in aid of defraying the cost of repairs made on the parsonage. It was well attended, and a programme consisting of solos, duets and choruses, interspersed with readings by Mrs. George Ross, Miss Alice Lewin, Rev. Mr. Thomas and Miss Laura Lewin, was very successful. The store of William Gibson was entered one night recently and about fifty dollars' worth of goods stolen. The entrance was made by cutting the sash in a back window. Suspicion rests upon some tramp.

Wille Murchland, an employe in Murch's saw mill, had two fingers of his right hand badly cut on Monday by accidentally coming in contact with a saw while in motion.

Henry Dibley, who has been in failing health for some time, has gone to Boston to receive hospital treatment. Mrs. John Boyd is alarmingly ill of heart trouble.

A neat and pretty flower garden is being made quite near the railroad crossing by C. P. R. employes.

Proper Clothing for Boys.

Good taste is as prominently marked in our clothing as if we had devoted hours to the personal supervision of the making of every piece.

Take pride in dressing your boy, don't you? and when you pay a fair price you expect a fair return. Here you get more than that, because we are determined to be the leading boys' outfitters. Our stock shows more style, more careful tailoring, better trimmed, wider range of patterns—and a greater knowledge of boys' clothing—as it ought to be, than you'll find anywhere in St. John,—outside of this store.

VESTEE SUITS—and you should see them. The kind that makes the boy as proud of his appearance as any man could be. Styles are many, patterns numerous. They are all new and every suit is worth more than is asked for it. Some have double-breasted vests, \$2.50 to 7.00.

BOYS' STYLISH BLOUSE SUITS—In an almost endless variety of plain and fancy mixtures and blue serges. They are neatly trimmed and for ages 3 to 12 make a very natty suit. \$1.25 to 5.00.

TWO-PIECE PLEATED SUITS—In Tweeds, Serges and Worsteds. Not a larger or prettier assortment to be found anywhere. \$2.00 to 5.00.

TWO-PIECE DOUBLE-BREASTED SUITS—These come in Tweeds, Serges and Worsteds, for boys 7 to 15 years. \$3.50 to 6.75.

THREE-PIECE SUITS SINGLE and DOUBLE-BREASTED—For the young fellow 9 to 12 years. You select from at least 40 patterns, including all the popular fabrics. \$3.00 to 9.50.

CORNWALLIS NEWS.

CORNWALLIS, N. S., May 20.—Geo. Robinson, who has been engaged in mercantile business at Waltham, Massachusetts, has moved with his family to Lakesville, Kings Co., where he has purchased the farm of the late Judson Forter.

Fred Logan, formerly manager of the Acadie Dairy Co. of Wolfville, has finished a course in agriculture at Guelph, Ontario, and has arrived in Cornwallis, where he will be manager of the R. W. Kinsman farm at Woodside.

Twenty-four men are at work on the marine ship at Kingsport, which will be in readiness for the repairing of ships this week. The first to go on the ship will be the schooner Preference, from New York.

Arthur Gordon, of the Halifax Bank & Co., Canning, had a knee fractured by a horse kicking him last week.

The Baptist church at Canard is to be thoroughly renovated this spring. When the church is again opened it will have as its pastor the Rev. D. E. Hatt, now of Rochester Theological Seminary, but formerly of Hantsport, N. S.

W. E. Porter of Kenville has recently returned home from a Boston hospital, where he underwent an operation on an arm which he had injured by a fall last winter.

CORNWALLIS, N. S., May 18.—Captain William Baxter of Canning cut one of his feet badly in the shipyard one day this week.

W. E. Borden of Avonport has a sheep which has raised eight lambs during the past three years. She gave birth to three lambs this year.

An agricultural society has been formed at Gaspareaux with officers as follows: President, I. N. Coldwell; vice-president, Fred Wescott; secretary, R. S. Forsyth; treasurer, P. J. Gertrige; directors, U. E. Coldwell, John Coldwell, Fred Davison, Frank Gertrige, D. E. Benjamin.

An American Industrial School Association has recently been organized in Chelsea, Massachusetts. Isaac Ellis, formerly of Canning, N. S., is the first vice-president of this institution. He is also treasurer and forms one of the board of trustees and one of the board of education.

The anniversary exercises of the Presbyterian church at Canard will take place on the 19th and 20th insts. Rev. Mr. McKinnon of Halifax takes charge of the services.

Chase & Bros. of Port Williams are buying up potatoes at twenty-five cents per bushel.

WOULDN'T SELL IT.

Her Fair and Clear Complexion Not For Sale.

"A Cornell girl was put on a Grape-Nuts diet and discovered some facts. She says: 'While a student at Cornell I suffered from improper diet. The banquets and other social functions with their rich refreshments served to completely upset a stomach already weak from rich pastry, highly seasoned meats, and confections furnished by loving parents at home. I became irritable, nervous, and my appetite became more and more capricious. Only rich, highly seasoned food suited me, and this further wrecked my health. I was sallow, having lost my pink and white complexion. I became dull eyed and dull brained, the victim of agonizing dyspepsia and intestinal trouble. I was finally forced to leave school and come home an irritable, wretchedly sick girl. The plainest food disagreed with me, and I bade fair to starve to death, when a physician advised my
