BRITAIN DOES NOT COUNT ON BERLIN'S GOLD

Sir Robert Horne Indicates to Premiers That No Great Amount is Expected.

DOMINIONS WANT A LARGE SHARE

Premiers Find it Hard to Agree Upon a Plan for Division of Indemnity.

(By GRATTAN O'LEARY) Staff correspondent of the Canadian Press.

London, July 6.—The conference of prime ministers today grappled with the problem of reparations. Under the decision reached by the Supreme Allied Council the Empire receives twenty-two per cent. of whatever Germany pays, fifty-five per cent. going to France and the balance to Belgium and Italy and the other Allied nations. The task now confronting the conference is to fix a basis upon which the amount to be collected by the Empire shall be apportioned among its different parts.

Hard To Divide.

This, it is being found, involves no little difficulty. It involves difficulty because a basis that might work advantageously for one dominion might prove unfair to another. Thus, for example, if loss of shipping were to be made the basis, the mother country, which suffers so heavily in tonnage, would get practically everything and the Dominions practically nothing. Capital investment in pensions has been suggested as a guide, but inasmuch as the pension scales in the various Dominions differ to a considerable degree, as well as the reasons for the payment of pensions, this too had to be abandoned. The subject was discussed from every possible angle, but inasmuch as the review of the Dominions making suggestions and each quite naturally, advocating a system calculated to bring the largest amount to their respective countries.

No Decision Reached.

No decision was reached, but it is understood that it is not improbable that the amounts will be determined by expenditure and the number of casualties. This, it is believed, would be satisfactory to Premier St. Michael, as in view of Canada's comparatively heavy sacrifices both in blood and treasure, it would ensure the Dominion receiving a fair share of whatever amounts are paid over. As to what amount it may be possible to collect from Germany, that of course, is an entirely different matter.

Not Expecting Much.

Sir Robert Horne, Chancellor of the Exchequer, who addressed the conference on the matter yesterday, requested that his words be held confidential, but there is good reason for stating that he was not overly sanguine of any great sum being realized. The Dominion premiers spent most of the afternoon session listening to an address in Egypt by Rt. Hon. Winston Spencer Churchill. This consisted mainly of an outline of the terms under which the British government proposes to withdraw from Egypt, with a review of the political and economic conditions at present prevailing in that country.

IRISH PRIEST UNDER ARREST

Witness Who Gave Evidence in Canon Magner Inquest is Kidnapped.

Cork, July 6.—Patrick Brady, who witnessed the killing of Canon Magner, parish priest of Dunmanway, in December last by Cadet Harte, was kidnapped today by unknown armed men. The magistrate was taken from his residence in Ballyroche, West Cork.

Brady testified at the West Cork inquest into the killing of Canon Magner, which resulted in the verdict that Harte was guilty of the murder, but was insane at the time the crime was committed. The Rev. W. Kennedy, President of St. Finnan's College in Ennis was arrested by soldiers this morning and removed to Limerick. The annual retreat of the clergy of the Killaloe diocese was in progress at the college when the arrest occurred. The charge against the Rev. Mr. Kennedy is not known.

JUGO-SLAVS COMPLAIN

Vienna, July 6.—The Jugo-Slav Government has sent a note to Austria, according to the Belgrade Tribune, demanding the immediate dispersal of what is described as the central organization for terrorism in the Balkans, which is alleged to be located here. The note declared proof was discovered during the investigation of an attempt to assassinate Prince Regent Alexander of the existence of such an organization, and adds that the Rumanian and Czech-Slovak Governments are in accord with Jugo-Slavia in making this demand.

Cuba Discovers A New Drink To Sell Thirsty Americans

One Drop Guaranteed to Produce Friskiness and a Spoonful a Big Drunk.

Washington, July 6.—The Cubans are a grateful race. The United States freed them from Spain, now they are going to free the United States from Volstead, according to a despatch from Havana to the Department of Commerce today. A new drink, neither beer nor whiskey, nor any dopey junk, but a drop of which will make you frisky and a spoonful makes you drunk, has been discovered by the new sugar colony of Cuba, the despatch declared.

FARMER KILLED, WIFE WOUNDED FOR NO REASON

Mysterious Tragedy in Early Hours Near Sault Ste Marie, Ont., With No Clue.

MURDERER HAS A FOUR HOUR START

Slayer Believed to Have Used Revolver Equipped With a "Silencer."

Sault Ste. Marie, Ont., July 6.—Albert Gough, farmer and rural constable of Korah, aged 56, was shot through the heart and instantly killed at his home at 2 o'clock this morning, about one mile west by an unknown assailant. His wife was wounded in the left arm and side but not dangerously. The slayer, believed to be one of a gang, fired three shots from a revolver, said to have been equipped with a maxim silencer. Police nets are out in an attempt to land the murderer, but the police were not notified until six o'clock this morning and the man had a good start. No reason can be given for the shooting as no robbery was attempted and Gough had no known enemies.

LABOR PROBLEM VETERANS' STUDY

Unemployment Insurance One of the Proposed Remedies for Present Conditions.

Port Arthur, Ont., July 6.—Unemployment was the principal topic of discussion at this forenoon's session of the executive committee of the G. W. V. A. At the close of the meeting a statement was handed out embodying the views of the association concerning methods of relief. Among the suggestions were state employment insurance, improved distribution of labor, guarantee in public contracts that contractors will employ at least twenty-five per cent. ex-service men, abolition of commercial employment associations, reduced railway fares for ex-service men getting employment, restriction of immigration, deportation of undesirable aliens, undertaking of public works, including grand national highways. The statement concluded with a paragraph expressing determination to co-operate its members in the application of "suitable remedies."

Counter Charges in Divorce Action

Fredrickton, July 6.—The defendant remnant of Melbourne Jones vs. Melissa Jones, was begun in the Divorce Court before Mr. Justice Crockett this afternoon. Daniel Mullin, K. C., appeared for the plaintiff husband and J. H. Teed for the defendant wife. The libel of the plaintiff, who resides at Carrs, Kings county, was read, also the reply of the defendant who is living in Boston, Mass. Infringement on the part of the defendant since she left her husband and removed to Boston, is alleged in the libel. The reply contains counter charges of infidelity on the part of the husband and the statement that the defendant left him because of cruelty and abusive treatment. The case will be on the stand this afternoon for examination and cross-examination. The case will be continued on Thursday.

Union Jack And Irish Flags Flying

Liverpool, July 6.—A remarkable feature of the visit of the Prince of Wales to Liverpool today was the display in many streets in the Irish quarter of Sinn Féin flags intertwined with Union Jacks. A prominent Sinn Féin, questioned as to whether any significance was to be attached to this, replied: "All I can say is that the order to do this was from Dublin."

RAIN IS ONLY HOPE NOW FOR NEW ONTARIO

Absence of Wind Giving Fire Fighters Slight Rest But Grave Danger Exists.

ENORMOUS LOSSES IN PULP DISTRICTS

Great Numbers of Settlers in the Bush Have Lost Homes and All Possessions.

Toronto, July 6.—Although bush fires are blazing in dozens of places in Northern Ontario on both sides of the Temiskaming and Northern Ontario Railroad and east and west of Coburn, no great conflagration has developed as yet, due solely to the fact that there has been no wind. All reports from the north that if a stiff wind sprang up before rain comes to extinguish the flames, no section of the settled part of the North country will be free from the menace of fire out of control.

North is Alarmed

Cobalt wires that all the towns surrounded by bush are greatly alarmed and fear is expressed that if rain does not come within 48 hours the timbered districts where fires are already spreading will fall a prey to the flames. Hundreds of thousands of cords of pulpwood along the line of the T. and N. O. Railway have been consumed.

Confirmation of the loss of two lives in the bush is still lacking. It is said that twenty men left their camp for Holland where the fire became threatening and that only eleven arrived. One of the party claims to have seen the two men seek safety in a dugout. A great number of homes of settlers have been destroyed, particularly those that were surrounded by old slash.

"No Immediate Danger"

Quite a few fire rangers are kept in New Ontario by the Government, and precautions have been taken to guard the towns and the timber belts, but experience shows that even a large force is helpless when the flames break through to advance before a stiff wind. The head office of the T. and N. O. Railroad at North Bay sent out messages to all points along their line today for facts about the bush fires and the status of reports on all sides, but most of the reports conclude with: "No immediate danger unless the wind rises."

QUEBECER PAYS FOR HIS CRIME WITH HIS LIFE

Resisted Arrest on a Charge of Shooting and Barricaded Himself in Barn.

POLICE SQUAD STARTED SIEGE

When Able to Enter Building Man Sought Was Found in Dying Condition.

Sherbrooke, Que., July 6.—That Gordon Coutts died from a gun wound received while resisting arrest on a charge of shooting and barricading himself in a barn, was the verdict of the coroner's jury following the inquest held by Coroner Bachand today as the climax to the shooting affray two days ago at Beche, Coutts, it is stated had shot Leclair in the neck, following an argument and then hid in a barn, threatening that he would shoot any person that came near him.

Found Wounded

A call for help was sent to Sherbrooke and three local officers went to the scene of the shooting. After a long siege, Special Constable Barr, left entered the barn and found Coutts lying in a pool of blood, suffering from a wound in the abdomen. He was taken to the Sherbrooke Hospital where he died. At the time it was stated that Coutts had told the doctors he shot himself, but a brother stated that Coutts had confessed to him that he had been shot by the officers. The doctors' evidence also showed that it would have been impossible for Coutts to inflict the wound which caused his death.

St. John Cadet For Military School

Ottawa, July 6.—Among the list of the names of candidates who were successful in the entrance examinations for the Royal Military College, in order of merit, made public today by the Militia Department, include: Gilbert L. Foster, Kentville, N. S.; Leslie C. Jones, St. John, and John C. Price, Moncton.

GLACE BAY TEAM WINS.

Sydney, N. S., July 6.—In the fifth game of the Cape Breton professional baseball league tonight, Glace Bay won from Dominion by 13 to 9.

CONSTANTINOPLE THE SCENE OF ATTEMPT

Nine of the Prisoners Were Ordered Deported as a Result of Investigation.

London, July 6.—Coel B. Harmsworth, under-secretary for foreign affairs, stated in the House of Commons today that the action of General Harrington in arresting the British forces in Constantinople, in arresting an assistant of Bronislav Kondish, Soviet commercial delegate in Constantinople and other members of the Soviet mission there late in June was entirely justified. The arrests were necessitated by the discovery of a plot to start a revolution in Constantinople beginning with the assassination of General Harrington, said Mr. Harmsworth, who made his announcement in reply to a question.

General Harrington arrested 52 undesirable, Mr. Harmsworth added, of whom eighteen belonged to the Russian trade delegation. Nine of the Russians were released the same day, and nine were deported. Mr. Harmsworth said he understood the Russian delegations' offices were searched, but he did not know what disposition had been made of their contents.

A note from Leonid Kravich, Russian Soviet minister of trade and commerce, asking an explanation of the arrests had been received and a reply was under consideration. Mr. Harmsworth declared.

BRITAIN GLAD THAT CANADA APPRECIATED DUKE OF DEVONSHIRE

Viccount Churchill Sends Message to Governor-General Expressing Delight at Fine Farewell

Ottawa, July 6.—A cablegram of appreciation of his services while Governor-General of Canada has been received by His Excellency the Duke of Devonshire from Viccount Churchill, the Secretary of State for the Colonies. The cablegram is as follows: "His Majesty's Government have observed with great pleasure the terms of high appreciation in which your services as Governor-General of Canada are acknowledged in the address presented to you at the closing of parliament, and in the speeches on the address made in both Houses. They are much gratified to note the recognition in all quarters of your devotion to Canada and Canadian interests during your term of office, and they feel that you have thereby rendered notable service to the whole Empire. It should be glad if you will communicate this telegram to your government."

Dublin, July 6.—The publicity department of the Daily Breeze denies that Lord Middleton took with him to London a sealed letter from Raymond De Valera, awaiting certain inquiries Lord Middleton had been authorized to make in behalf of the British Government.

IRISH ABANDON THEIR DEMAND FOR REPUBLIC

Sensational But Unconfirmed Report Reaches Ulster as Result of Dublin Conference.

MORE ATTACKS ON THE CROWN POLICE

Assailants Are Driven off in Donegal County by Use of a Machine Gun.

Belfast, July 6.—A rumor has been current in usually well-informed quarters here that the Sinn Féiners have abandoned their demand for a republic. This is not confirmed in any way, and the members of the Ulster Cabinet are without direct knowledge of today's events.

More Outrages Reported

Dublin, July 6.—A party of special police was attacked today by rebels at Castle Finn, County Donegal. The police used a machine gun against the attackers, killing three.

The town of Monaghan was isolated while assizes were being held there today, wires being cut and the roads trampled. Judge Moore pronounced the police record of the town "a terrible catalogue of crime."

Constable Brewer was shot and dangerously wounded last night. The shooting occurred at a hospital in County Limerick.

CHURCH BURNED AT BASS RIVER MONCTON HEARS

Albert County Free of All Bush Fires After Battle Against Two Outbreaks.

FARM BUILDINGS NARROW ESCAPE

Dense Clouds of Smoke Cover 500 Miles of the St. Lawrence Route.

Moncton, N. B., July 6.—From inquiries made at central points tonight in the counties of Westmorland, Albert and Kent it is learned that this part of the province appears to be clear of serious forest fires. A threatening fire started yesterday in the vicinity of Melrose, in the eastern part of Westmorland, but the information is that it made no headway. Another small fire started back of Cherryfield near Moncton, but was extinguished by a force of men last night. Albert County is reported clear of fires, although two small fires were recently reported in the lower end of the county earlier in the week.

Church is Burned.

A report from Richibucto states a forest fire raged yesterday at Bass River and the Presbyterian Church at that place had been burned. Inquiry tonight failed to confirm the report.

The farm buildings of Manzer D. Steeves at Allison, narrowly escaped destruction this afternoon. Passersby noticed a fire in Mr. Steeves' barn. The workman about the place were notified and after a hard fight the blaze was suppressed without much damage being done. How the fire started is a mystery.

Smoke on St. Lawrence.

Montreal, July 6.—The fact that forest fires are raging in some parts of Ontario and Quebec is indicated by the very general accounts of smoky atmosphere at various points in today's Signal Service report. From Anticosti, 360 miles below Quebec, all along the river to Montreal and Lachine smoky skies were reported. It was however, stated that conditions were not such as to impede navigation.

Assault Victim Must Tell Story

Sydney, N. S., July 6.—Ann Cash, whose disappearance from the city last Tuesday, held up the cases of three Sydney youths, charged with criminal assault in the supreme court here, was brought back to Sydney today by Sheriff J. C. Ingraham from Mulgrave. Miss Cash, who is complainant in the three cases, told Chief Justice Harris that she thought the cases in which she was interested were over and that she was liberty to go home to her parents. She will be held in custody of the supreme court until the end of the present criminal term.

No Irish Message

Dublin, July 6.—The publicity department of the Daily Breeze denies that Lord Middleton took with him to London a sealed letter from Raymond De Valera, awaiting certain inquiries Lord Middleton had been authorized to make in behalf of the British Government.

Starving Indians Turn Cannibal As Caribou Herds Fail

Mounted Police Start to Discover Real Facts of Horrible Story Brought to Post.

Fort McMurray, Alta., July 6.—A terrible tale of starving Indians of the Caribou tribe has just reached the headquarters of the Mounted Police at Fort Smith. Human bones were brought in as evidence of cases of cannibalism. The Mounted Police have had to investigate. Strangely, a few years ago Caribou were so plentiful that the Indians ate only the tongues which are held as a delicacy, slaughtering the animals in thousands. The prophecy was then made that in that district the caribou would disappear and this has happened, hence the starvation.

GERMANS DENY ALL BLAME FOR KILLING MAYOR

Allege Fatalities Were Due to Polish Insurgents Who Had French Rifles.

POLES RESUMING THEIR ACTIVITIES

French Use Clubs and Bayonets to Clear Streets Where Uprisings Occur.

Berlin, July 6.—The recent disorder in Beuthen, Upper Silesia, in which the French Major Montalliers and four Germans, one a girl, were killed, is asserted in a special dispatch from Oppeln to the Vossische Zeitung, here today to have been planned deliberately by Polish insurgents who used French rifles. The despatch declares a post mortem disclosed the major was killed by a rifle butt, and that the Germans in Beuthen possessed revolvers only. The Poles planned to impede the French and British in their endeavor to clear out the insurgents, according to the despatch.

Poles Active Again

Reports from German sources state that the Polish insurgents are resuming their activities in Hindenburg, Bismutz, Sosnowitz and a number of industrial towns. Communication with Beuthen now is cut off, but the last reports received were to the effect that the French used bayonets and clubs to clear the streets and establish order.

A United States priest named Wlabnick, who now is in Schoppnitz, a major of Polish insurgents, says the Breslau Schliesische Volks Zeitung led the recent insurgent attack against Kattowitz. The newspaper captions the report as "unbelievable."

ROGERSVILLE IN PATH OF FLAMES

Vast Areas of Heavy Timber in Northern New Brunswick in Grave Danger.

Special to The Standard.

Newcastle, July 6.—With a temperature covering around ninety-five in the shade Newcastle today sweltered under the hottest day of this season. The sun was obscured by the heavy pall of smoke which hung over the town due to the many forest fires in the vicinity. The fire which has been burning in the vicinity of Barnaby River is now reported three miles from Rogersville and that village is threatened. In addition to the fires already reported at Grey Rapids new blazes are said to have broken out on the headwaters of the north-western province is located also at Northburg and Wellfield. Unless rain comes soon it will be impossible to stem the tide of the fires which has destroyed an enormous amount of valuable timber so far.

In Nova Scotia

Amherst, N. S., July 6.—Forest fires of menacing proportions have broken out in various parts of Cumberland county. Seventy-five acres of timber land have been devastated by a fire on the Tyndale Road, close to Amherst, and although a party of over half a hundred men are reported to have brought it under control, it is still eating its way slowly through the woods. Fire-ranger C. H. Hunter declares it originated in a camp cook stove.

Fires Near Amherst

A bad fire is raging at Black's Grove, two miles from Amherst, and another outbreak is reported at Rodney, where sixty or seventy men are fighting the flames on a valuable timber property a few miles from Springhill. Reports that fires had broken out at River Hebert and across the marshes at Minville reached Amherst tonight.

EMPIRE ABLE TO SOLVE THE IRISH ISSUE

Gen. Smuts Given Big Reception in London Upon Return from Visit to Dublin.

SEES LESSONS IN SOUTH AFRICA

Optimism of the Guest Excites Great Applause at Dinner in London.

London, July 6.—General Jan Christian Smuts, Premier of the Union of South Africa, who has just returned from a visit to Ireland publicly expressed his opinion tonight that the Irish problem is a solvable problem. This statement was greeted with loud applause by the distinguished company which attended a dinner given in honor of General Smuts by the South African colony in London. General Smuts opened his speech by declaring that he had not abandoned hope of the United States. "She is a coy maiden and must not be wooed too warmly," he said. "I want to see the United States pull us in this great world service that today is being rendered by the British Empire almost alone."

Two Irish Classes.

Then, alluding humorously to his visit to Ireland, he declared he found the people "divided into two classes—those in jail, and those on the run." He added that he himself had been among those on the run, seeking to escape reporters and cameras. "She is a coy maiden and must not be wooed too warmly," he said. "I want to see the United States pull us in this great world service that today is being rendered by the British Empire almost alone."

Sees End in Sight.

"Therefore," he continued emphatically "I think I am hopeful. I trust that the question will be solved and that thereby the British Empire will be freed from the imputation that in its ancient past it has United Kingdom there still exists violation of the fundamental principles upon which the Empire rests. I say that the problem is solvable because I have seen it solved in my own country under circumstances less embittered than in Ireland, but certainly of a very difficult character, too."

Experience of Africa.

"I ever this problem of the subjection of one people to another presented a hopeless view it was in South Africa. But finally, in a spirit of give and take, forbearance and trying to render something to the point of view of the other side, we solved the problem and today South Africa is one of the happiest countries in the Empire. Our forbearance and self-sacrifices have paid us handsome dividends in our national life."

HOUSING PLAN IS ABANDONED

Loss of Over Sixty Pounds on Each Built Says British Government.

London, July 6.—Sir Alfred Mond, the minister of health, has given a knockout blow to his predecessor's ambitious housing scheme by announcing that the government cannot continue it on the present lines. He very frankly says: "The bare truth is that houses cost more than when the scheme was started and at a very moderate estimate are giving a loss of sixty pounds on each house when outlay and economic rent are compared."

The minister gloomily adds that he doubts if the housing shortage will ever be overcome and seemingly hopes for some utterly new lines of dwelling houses to be evolved.

9,749 Is Majority in Medicine Hat

Medicine Hat, Alta., July 6.—The official count of the Medicine Hat federal by-election, held June 27, announced today, gives Robert Gardner, the National Progressive candidate, a majority of 9,749 over Col. Nelson Spencer, the government candidate, with one poll to be heard from.

NATL. RAILROAD BONDS SOLD TO NEW YORK FIRM

Canadian Govt. Disposes of Block of \$25,000,000 to Pay U. S. Loan.

PLACED ON SALE THERE AT ONCE

Syndicate Will Get 96.50 for Lot to Yield 6.80 Per Cent. From Public Sales.

New York, July 6.—The Canadian Government on behalf of the Canadian National Railways, has sold to a New York syndicate of bankers, headed by Dillon Read & Co., twenty-five million dollars of twenty-five year six and one-half per cent. sinking fund gold debentures of the Canadian National Railways, according to an announcement made here late tonight. The bonds will be placed on sale tomorrow at 96 1/2, to yield 6.80 per cent. The syndicate is stated to be the same that put out an issue of \$25,000,000 twenty-five year seven per cent. bonds last fall for the Canadian National and the Grand Trunk railways.

Funds to Pay Debt

It was stated that the funds derived from the bond sale would likely be used to pay the Canadian Government for money and credit advanced from time to time. The establishment of this credit in dollars in New York at this time, it was said, comes just prior to the maturity of \$15,000,000 of two-year 5 1/2 per cent notes of the Canadian Government on August 1. Although no announcement has been made of what will be done with the proceeds, it was stated in banking circles that no surprise would be occasioned if part of the loan was used to meet this obligation.

Galician Woman Is Cleverest Witness Seen in Forty Years

Sydney, N. S., July 6.—Tony Pucci, of New Aberdeen, was convicted by a jury in the Supreme Court here this afternoon on a charge of shooting Mike Moseychuk, with intent to kill. Several witnesses, all foreigners, swore that Pucci was elsewhere at the time of the shooting, but Chief Justice Harris in his charge pointed out that the alibi was defective. A Galician woman, Mrs. C. Stephens, whose evidence was an important factor in the case, was his Lordship stated, the cleverest witness he had seen in over forty years of bar and bench.

CLUBS REPLACE SABRES.

Paris, July 6.—The Paris police force is shortly to be equipped with clubs, similar to those carried by Canadian blue coats, replacing the samurai sabres that have been the principal arms of the municipal police here. The police have been protesting that their sabres gave them no effective protection against the automatic pistols of the criminals of today, and as Chief of Police Leullier, the new head of the force, is restoring the pistols the men formerly carried the sabres are to be discarded and clubs supplied for traffic control and for use in cases of arrests where extreme measures are not required.

Delegations Appear Before Government

Many Petitioners Heard by the Executive at Wednesday Forenoon's Session.

Several delegations were heard by the provincial government at Wednesday forenoon's session of their meeting here. A delegation of local shipping men, consisting of F. C. Bentley, G. S. Cushing, R. H. Cushing, R. C. McKim, Alexander Wilson and Captain Kinney, presented arguments in an endeavor to show the government that it had the authority to stop the C. P. R. putting a bridge across the St. John river at the reversing falls, which they claimed interfered with commerce.

HAMILTON COPS AND GYPSIES STAGE SCRAP

Trio of Constables and Three Gypsies Wounded and Eleven Arrested.

Hamilton, July 6.—Three constables attached to the Sherman avenue station were stabled and clubbed tonight, three gypsies are in the General Hospital and eleven other gypsies, five of them women, are in the city jail. The incident occurred at a break which occurred at a Gypsy camp on the Beach road east of Kenilworth avenue.

Ontario Swelters In Record Heat

Farmers Quit Work in Middle of the Day and Business in Cities Crippled.

Toronto, July 6.—Tomorrow will be a "repeater," according to tonight's weather forecast which means that Ontario's 90 to 100 temperature which prevailed today will be back on Thursday. The hot sun will make a scorching torrid weather such as the province has not experienced since June, 1911. The temperatures all over the country today were, perhaps, not so hot as under Tuesday's maximum, but the difference was so small that hardly anybody noticed it. Toronto's temperature at the hottest point was at 97, just one point under Tuesday's pinnacle.

Farmers Quit Work.

The heat wave is having a slowing up effect on business, and in many places plants have been temporarily closed. Even the Ontario farm is turning his horses in the field to lie in the shade during the hot part of the day and he is doing as much as he can at night. Anyone who can get near water of any volume, from a pool to the great lakes, is not missing the opportunity, judging from the vastness of the crowds at the big resorts. Tens of thousands of people flock to Toronto's three big bathing beaches day and night. At the Sunnyside beach last night 327 motor cars were lined up along the boulevard near the water. There seems to be no falling off in the number of heat prostrations though people are already learning to take precautions.

Free On Charge of Killing Frenchmen

Claim He Issued Orders in War That No French Prisoners Were to be Taken.

Leipzig, July 6.—Lieutenant General Karl Stenger, charged by the French government with having ordered troops under his command to take no prisoners and kill wounded men during the fighting of August, 1914, was acquitted today by the German Supreme Court here engaged in the trial of cases against alleged war criminals. Major Bruno Krauss, tried on a similar charge, was given a sentence of two years in prison and forbidden to wear the German uniform. General Stenger was commander of the 53rd German Infantry Brigade and Major Crusius held a command under him. Major Crusius asserted at the trial the order had been given by General Stenger that no prisoners should be taken, and that wounded men should be killed. General Stenger in his testimony flatly denied these accusations.

SENATE OPPOSES HOUSE

Washington, July 6.—Refusing to accept House action in reducing appropriations in the naval bill the Senate today returned the measure to conference. There was no dispute over the Board of Ordnance and Equipment and requesting the President to call representatives of Great Britain and Japan to a naval disarmament conference. The Senate's action today finally secured retention of the Borah rider.

Party Divides On U. S. Tariff

Republicans in Submitting Measure to the House Indicate Split in Their Ranks.

Washington, July 6.—The United States administration tariff bill was laid formally before the House of Representatives today and the way cleared for its consideration beginning tomorrow. Accompanying it were two reports by Republican members of the committee, one in praise and the other in denunciation. Chairman Fordney of the Ways and Means Committee, in a report which he said he understood all Republicans of the committee, except Representative Frear of Wisconsin, would sign, denouncing the measure as a "magna charta for the perpetuation of United States standards of living."

Church Parade Has Flag Incident

New York Does Not Want Canadians to Carry British Flag in March.

New York, July 6.—Objection in certain quarters among the delegates to the Christian Endeavor Convention has been raised against the carrying of any but United States flags in the Christian Endeavor parade to be held next Saturday as a feature of the gathering. It is estimated that fully 15,000 demonstrators will line up for the parade.

Lord Balfour of Burleigh Dead

London, July 6.—Lord Balfour, of Burleigh, died today. He was born in 1849. He was chairman of the Royal Commission on the relations between Canada and the West Indies in 1909, spending considerable time in both those countries.

Reds Do Not Want Constantinople

Bolsheviks Have No Desire to Occupy City—Are Seeking Friendliness.

Constantinople, July 6.—Soviet Russia has no desire to occupy Constantinople, but desires peaceful relations with Turkey and with all nations, declared Mustafa Kemal, the new Russian Bolshevik Ambassador to Turkey, in presenting his credentials to Mustafa Kemal Pasha, head of the Turkish Nationalist Government. Delegates received here from Algiers state that the exchange of addresses by the ambassador and Mustafa Kemal was most friendly. The Turkish Nationalist government is the only regime in Turkey that is recognized by the administration at Moscow.

MEXICO NOT ALARMED

Mexico City, July 6.—High Government officials here said today they saw nothing in the situation in the Tampico oil region to cause uneasiness. The situation in Tampico, they declared, they did not anticipate any serious trouble in that district. The dispatch of two United States war vessels to Tampico was treated conservatively by the Mexico City newspapers.

VILLAGES IN FIRE AREAS

Quebec, July 6.—Premier Taschereau and Hon. Honore Mercier, minister of crown lands, were in communication tonight with the forest rangers throughout the province, and from the reports which were received from the fire-swept areas, were now re-assuring. The situation in Abitibi is particularly grave, and reports a number of villages in the vicinity of Amos are almost hemmed in by the flames and their destruction seems imminent.

Strike Cause of Enormous Loss

Eighteen Million Pounds of Extra Expenditure Due to Walkout of Coal Miners.

London, July 6.—Seventy million working days have been lost by the nation and eighteen million pounds of extra expenditure incurred by the Government as the official estimates computed in connection with the coal dispute. The defence forces army of reservists cost seven million pounds and the railways claim nine million pounds against the state for May alone. The emptiness of the state coffers is demonstrated by the surprise announcement in the Commons that a new and unlimited issue of treasury bonds at 97 bearing interest at 6 1/2 per cent interest is urgently needed to meet obligations maturing in the next few months.

Postal Department Clerks Discharged

One Hundred and Fifty to be Dropped from Pay Roll on July 15.

Ottawa, Ont., July 6.—Dr. R. M. Coaker, deputy postmaster-general, confirmed a report today that 150 employees of his department would be laid off July 15. Notices were forwarded to these employees yesterday and today. The notices were signed by the general superintendent, Col. George Ross, and contained the information that the conditions of retirement would be announced later. The announcement, it is stated among employees, has caused considerable indignation in the department. It is understood that several exceptions have been made to the previous order, referring those over 65 years of age.

Building Was Occupied Parliament in 1788 and Later Years

Fredericton, N. B., July 6.—The building on Queen street which the New Brunswick Legislature first met has been sold, being included in a block of real estate which changed ownership a few days ago. Upon the building is a brass plate placed there by the Daughters of Empire twenty years ago which bears the inscription: "The Legislature New Brunswick met first in Fredericton in this house on July 15th, 1788, and for twelve years thereafter." The building is one of two structures on property with a frontage of 60 feet and running back feet on the southeast side of Queen Lane, and is at the lower end of the business section of the city most opposite the B. N. A. branch of the Bank of Montreal. It was recently occupied by a watchmaker, has lately been unoccupied.

Sinn Feiners Slay Unarmed Officer

Fredericton, N. B., July 6.—Word was received today by Mrs. Henry Wilton, of Lincoln, of the murder in Ireland by Sinn Feiners of her nephew, Lieut. Alex Toogood, 1st Lincolnshire Battalion, on June 19. He and two young artillery officers were walking in civilian dress when they were attacked without any warning, blindfolded, stood against a wall and brutally killed. He was in his 21st year, and was the eldest son of Col. Cecil Toogood, who was for over four years a prisoner of war in the hands of the Germans, and is at present commanding the 2nd Battalion Lincolnshire Regiment in Poona, India.

MARRIAGE IS DISSOLVED

Fredericton, July 6.—At the opening of the Divorce Court this morning, William A. Barnett vs. Ida Mae Barnett, was taken up. Barnett, the plaintiff, told at some length of his marital troubles and several acts of guilt which he personally saw his wife commit. Madeline Barnett, a daughter, testified to living in Boston with her mother, who is now living with a man named Hagen, as his wife. Geo. Fleming, as a witness to the marriage, told of the ceremony. His Honor said the order of the court would be that a decree issue dissolving the marriage contract. In Carrie Maddison vs. William Bruce Maddison, Mrs. Maddison told of her married life and how, on her return to her home one evening, with a Mrs. Steeves, she found her husband with a girl named Marjell Flower.

No Serious Fires In N. B. Forests

Fredericton, N. B., July 6.—New Brunswick is free from serious forest fires. The northern part of the province where the primeval forests are located is apparently exempt from fires, according to official reports of the Department of Lands and Mines, and while there are numerous smaller fires in the central and southern portions of the province, none of these have gone beyond an unimportant stage. This province has as far as is concerned with the lightest fire losses in years. Mrs. Steeves corroborated this testimony. The court said it would reserve judgment.

BULL MOOSE AND SEA DOG AT GAGETOWN

First Time Latter Has Made Its Appearance So Far Up River.

CHASED BY TWO MEN BUT MADE ESCAPE

Women's Institute Held Very Pleasant Meeting—"Cake Contest" Created Interest.

Special to The Standard. Gagetown, July 6.—One morning not long ago, a few early risers had the novel experience of seeing a moose at close quarters. The animal, which was a large bull moose, walked down the railway track from the direction of the station, passing within a few yards of Brooks' Brothers and Archie McAllister's, who were watching from their windows. He then took flight at a dog and bolted across a field, through N. H. Otty's garden, making large dents enroute, and out through a small gate leading into Frank McAllister's yard, and thence out the Mill Road to more familiar haunts.

Sea Dog On Log

The surprise of those who saw the moose was as nothing to the feelings of F. R. Fox and Frank Du Verne last Thursday afternoon, while working with some logs near the mouth of the Otisbog stream. They sighted a very odd looking animal lying on a log in mid-stream. They got within a few feet of it in their motor boats before it dived and swam a long distance under water, coming up to rest on another log. They had nothing to capture it with, but following it up had a good chance to observe it before it finally got away. It was a sea dog of enormous size, with body nearly white and dark gray tail. It was the first ever seen on this part of the St. John river, and must have taken some time to get fifty miles from its home in the waters of the fundy.

Narrow Escape

Fred McAllister had a narrow escape from being seriously injured last Tuesday evening, while breaking up a bunch of brush and baled over the top of a fence into Frank Hayden's field, which adjoined McAllister's, taking Mr. McAllister with it. He was dragged several rods before he was able to free himself. Fortunately, although badly shaken up, he received no serious injuries.

MANSFIELD ROSS IS RELEASED BY "NO BILL" REPORT

Grand Jury, Following Instructions of Mr. Justice Melish, Frees Prisoner.

FRIENDS GAVE HIM BIG RECEPTION

Mother First to Greet Son When Verdict Was Announced.

Yarmouth, N. S., July 6.—Mansfield Ross, fiance of Eleanor Perry, daughter of the retired sea captain, George Henry Perry, who was murdered on the threshold of his home here in February last, was this morning discharged in the Supreme Court, after the grand jury, acting on the instructions of Mr. Justice Melish, had brought in a "no bill" against him. The dropping of the charge against Ross of being an accomplice in the murder of Capt. Perry, after the fact, followed the acquittal yesterday of Mrs. Clara Elizabeth Perry of the charge of murdering her husband. When Ross stepped down from the prisoner's dock, he was greeted by his mother, a little woman almost girlish in appearance, dressed in black. Eleanor Perry and her sisters were waiting in the court. Mrs. Ross, apparently the happiest woman in the world, with her son and the Misses Perry, left the court room and were greeted by friends waiting outside. Mrs. Ross and her son, immediately entered a motor and were driven away to their home.

evening at the home of Mrs. George E. McDermott

After an evening spent in fancy work, the members took part in a "cake contest," in which Mrs. Wm. C. Belyea was the winner, and received a beautiful bouquet of rose peonies. Each member was also presented with one of Mrs. McDermott's lovely peonies before leaving for home. At the close of the evening, ice cream and cake was served, by Mrs. McDermott and Miss Ruby Carrier. A. R. Slipp, K. C., paid his first visit to Gagetown, since his appointment as judge of the York, Sunbury and Queens circuit on Thursday last, when some matters in connection with his new position were taken up.

WHAT WILL THE CENSUS SHOW?

The work of taking the decennial census is now almost concluded, and quite naturally acute interest attaches to the facts which will be disclosed. The accuracy of the results will be obviously true on two things: First, the frankness and honesty of those who must give the information; and second, the thoroughness and carelessness of the enumerators. Assuming that both these conditions will be fully met, the people of Canada should be prepared for a stimulating story of expansion and progress.

The census of 1881 revealed a population for the Dominion of 4,533,239. In 1901 it had risen to 5,371,316, and ten years later to 7,206,642. There is considerable speculation as to what will be the figure for 1921, and they have been conservatively placed at 8,700,000. They are roughly assumed to be 9,000,000 for the purposes of many official statistical calculations, and that total may be sustained by the actual count just made. It must be remembered, however, that the long interlude of the war was adverse to growth in population. Immigration from Europe was wholly stopped for several years, and a check was also placed on the inflow from the United States. The sales of land by the Canadian Pacific during 1920 rather indicated, however, that the movement from across the border had been resumed.

We are vitally concerned in population, Canada is a country of enormous area and needs people to develop her resources. Looking ahead, in anticipation of expansion we provided transportation facilities on a scale which put the Dominion in the very forefront among nations on the basis of railway mileage per capita, and we now know that our optimism has brought us into contact with a temporarily serious problem. But that problem will disappear as swelling numbers produce traffic. For such of the burden as remains after a few years, there will be more shoulders to bear it.

An inspiring feature of recent census takings has been the showing with respect to production and resources in money. No further back than 1901 the capital invested in manufacturing plants was placed at \$382,219,000. By 1915 it had grown to \$1,394,103,272. This year it will probably exceed \$2,500,000,000, for our industries have been moving ahead very rapidly during the past six years. In available money, it is encouraging to remember that since 1891 the deposits in our banks have grown from \$148,336,968 to well over \$2,000,000,000, or by approximately 1250 per cent. In a word, we have developed our national potentiality very materially, and our reasons for a courageous looking into the future are genuine and substantial.

THE EXCHANGE QUESTION

No apology is needed for advertising again to the exchange question. It overshadows all other questions and problems affecting us. If the people could only be made to realize the extent to which we are being bled through the operations of exchange between this country and the United States, the heather would be on fire, and every red-blooded man and woman would be willing to work tooth and nail with all their might and main to find the solution. Think of it for a moment! The discount of our dollar in the United States, now something like fourteen or fifteen cents, means that we have to pay more to that extent for the goods we buy from the United States, and for many of the goods produced in Canada, to the tune, in the aggregate, of at least two hundred million dollars a year. To get down to a concrete case, which almost everybody can understand—every householder in Canada who buys hard coal has to pay between \$1.50 and \$2.00 more per ton by reason of this exchange. Just as you have to pay that much more for your coal, so you are paying, for the same reason, correspondingly more on nearly every commodity you purchase. It is an appalling condition of affairs. What this country needs is a tremendous trumpet-call to arouse the people to a realization of what the awful exchange handicap means. The message should be sent forth in thunderous tones from every editor's chair, from every pulpit, platform, university, college, school, club, from every assembly of men and women to

produce more and more at home, and thereby render it unnecessary to buy so much from the United States. That is the only solution permitted us in view of the United States prohibitive legislation affecting our food products, and in arriving at it, we will not only solve the exchange question, but we will solve the unemployment question, because increased production at home will mean increased employment to Canadian workmen.

THE HEAT OF JULY

By a two column editorial in the Halifax Chronicle we are reminded of the astronomical reasons why most parts of the province—in fact of the Dominion as a whole—are now experiencing the hottest weather of the year. If the sun alone is regarded as the cause of discomfort, the extreme heat of July must seem misplaced. It is now two weeks since the sun was closest to this part of the world. For fourteen days it has been moving away from us. Nevertheless the country is undergoing what will probably stand as the record hot period of the summer. The sun was nearer us in the later days of June, but its heat was not felt as it has been since, when it is farther away, for the reason that in June the earth absorbed it. Soil and water took up the hot rays of the June sun. By now, those reservoirs of heat are filled, and they are reflecting back to us the heat of the sun.

The appointment of the Hon. H. A. McKewen to the chairmanship of the Board of School Trustees is an excellent one from every point of view, and it will be regarded by the public as entirely satisfactory. His Honor's wide knowledge of affairs, aided by considerable experience of men and matters, will qualify him to fill any position that calls for sound judgment, and when there is added to these an earnest desire to render where possible useful public service, one naturally looks forward with every confidence to Mr. McKewen's tenure of office being a most beneficial one.

The scent-smeller is as essential to the perfume manufacturer as the tea-ster is to the tanneryman. The gift of scent-smelling is said to be a thousand times more rare than the gift of wine-sampling. It may be; but most people would have little hesitation in making up their minds which job to choose. Eh, what?

Jersey Fisherman Just Unscrews Illegal Barbs and Loses Them.

Belvidere, N. J., July 6.—Members of a local fishing party coming in from one of the Jersey lakes tell an interesting story of a bass fisherman who managed to get rid of the evidence of lawbreaking after it had been fastened upon him.

NEW COMMANDER-IN-CHIEF.

Mexico City, July 6.—General Peñales has been appointed commander-in-chief of Mexican government forces in the Tampico district. He is very popular in that region and belief is expressed that his appointment will relieve the situation there, which is a result of the unemployment of a large number of men.

CALL ON THE PRESIDENT.

Washington, July 6.—Marshal Fayolle and other members of the French commission who have been in Canada to express the French Government's gratitude to the Canadian army for their aid in the war, paid a call of courtesy yesterday to President Harding. They were presented formally at the White House by the French ambassador.

WHAT OTHERS SAY

Not All At Sixty-Five.

Once upon a time there was a reporter who wrote, "The deceased was an elderly man," and later in his story stated the age of the departed as being fifty-six. "What's the matter," "elderly" roared the copy-reader, who was not so very far from fifty-six himself, but who had declined to discover that he was middle-aged and had permitted no one else to discover it. "Elderly" is ejaculated, and he struck the offending word out and pencilled in, "comparatively young."

Never more than today was a man no older than he felt. Looking back a generation one remembers that men who had passed the 35 mark began to consider themselves grave and reverend, and yet a man of fifty in this year of grace does not feel himself anything like as old as his father felt at forty. As to old age there is no such thing this side of eighty-five or ninety. The brisk young fellow of seventy or so may admit that it takes him just a little longer to get rested, but he will deny most emphatically that any juvenile in twenties or thirties can do any more work or do it any faster.

For all of which reasons it is somewhat surprising that the Dominion Government seems to have decided to retire all most of the customs and revenue departments who are over 65 years of age on account of their "advanced years." Advanced years, fiddlers' sticks! Don't anybody think of Sir Robert Borden as a man of advanced years, and he is 67. What about Sir Byron Walker, still head of the Bank of Commerce at 73, Sir John Aird, its general manager at 67, and half a dozen other leaders active in the financial business of the country.—Vancouver World.

A War Legacy.

In days before the war people who considered goods and luggage by English railways were not accustomed to make much allowance for the possibility of losing their property by theft. In some other European countries that risk was rather more recognized; but with us it was negligible. Our transport system of today, by no means so happily fixed, "Pillferage" has become a byword and a mercantile problem, and the losses which result from it at the Port of London alone run, in recent estimates, well into the millions in a single year's working. If there is any consolation to be gained from evidence that other countries are in the same boat, the consolation is ours. If Britain has fallen from the virtual security of the pre-war years, the corresponding descent on the Continent has been proportionally steep. Official figures have just been issued in France showing the extent of railway losses and theft for last year, as compared with the depreciations of 1913. In the English values for that year the goods that were wrongfully "diverted" or about three-quarters of a million sterling. Even allowing for a fringe that has depreciated by a half, it would need some five million English pounds to cover over the total disappearances on French railways during 1920. The contrast is a considerable one, and there is little wonder that the French papers which comment on it are distressed by this evidence of wholesale pilferage. The only explanation is that, like ourselves, our belligerent neighbors have still to work the war out of their systems. Casualties of life and limb are not the only damage done to a people by an ordeal of the kind through which Europe has just passed. There is a weakening of moral fibre and responsibility which only time, security, and hard work can remedy.—Manchester Guardian.

How Nu Put Me In M JACK DEM "TIGER OF THE TIGER OF THE ADVISES PEOPLE WHO ARE WEAK, RUNDOWN CONDIT NUXATED IRON TO INCREASE STRENGTH, VIGOR AND VIT

Today, recognized as the superior of any living man, the man of the age, Jack Dempsey, heavyweight champion of the world, explains below the part Nuxated Iron played in helping to prepare him for his two supreme tests of his strength. First he used Nuxated Iron as of his training to increase his strength and endurance in his decisive victory over the mighty Willard never before been knocked from this battle Dempsey displays overwhelming strength and before known in the history of boxing and again in his phenomenal over Carpenter he displayed the formidable force and nerve not seen in any human being. In a statement made at his headquarters in New York after the fight Jack Dempsey said: "A couple of years ago in preparing for my big fight with Jess Willard I took Nuxated Iron, and after I had taken it for a short while I was positive I could stand harder strains with less fatigue than before and I firmly believe that Nuxated Iron put added power behind my punch and helped me to whip Jess Willard and thereby win the world's championship at Toledo. After that time I fell rundown I used Nuxated Iron to help build up my physical condition, when I started to train for the International championship bout against Carpenter, I summed the regular use of Nuxated Iron, positive that it would help give me that great strength, endurance and power of greatest importance in contests of this nature, because, other things being equal, it always goes to the strongest man. It was not mistaken as Nuxated Iron came to the front at the time I most needed it, and I am sure that it played an important part in getting me into such fine physical condition as to enable me to win so quickly in my battle with Carpenter. How Nuxated Iron Helped Put Me In Such Superb Condition As To Enable Me To Whip Carpenter And Win The World's Championship

JACK DEMPSEY
"TIGER OF THE RING"
 Tells a Secret Of His Training—
 Advises People Who Are In a Weak-
 ened, Rundown Condition To Use
 Nuxated Iron To Increase Their
 Strength, Vigor and Vitality

Today, recognised as the physical superior of any living man, the superman of the age, Jack Dempsey, heavyweight champion of the world, explains below the part Nuxated Iron played in helping to prepare him for the two supreme tests of his career. First he used Nuxated Iron as a part of his training to increase his strength and endurance in his decisive smashing victory over the mighty Willard who had never before been knocked from his feet. In this battle Dempsey displayed a dynamic overwhelming strength and power never before known in the history of the ring; and now again in his phenomenal victory over Carpenter he displayed that same indomitable force and nerve never before seen in any human being. The fact that Dempsey took Nuxated Iron as part of his training for both Willard and Carpenter is convincing evidence of the importance he attaches to keeping his blood rich in strength-giving iron, and the high regard in which he holds Nuxated Iron as a master strength and blood builder.

In a statement made to the headquarters in New York after the fight Jack Dempsey said: "A couple of years ago in preparing for my big fight with Jess Willard I took Nuxated Iron, and after I had taken it for a short while I was positive I could stand harder strains with less fatigue than before and I firmly believe that Nuxated Iron put added power behind my punch and helped me to whip Jess Willard and thereby win the world's championship at Toledo. After that time whenever I felt rundown I used Nuxated Iron to help build up my physical condition; and when I started to train for the international championship bout against Carpenter I resumed the regular use of Nuxated Iron, feeling positive that it would help give me that rapid strength, endurance and power that is of greatest importance in contests of this kind, because, other things being equal, victory always goes to the strongest man. In this I was not mistaken as Nuxated Iron again came to the front at the time I most needed it, and I am sure that it played an important part in getting me into such fine physical condition as to enable me to win so quickly and easily in my battle with Carpenter. Before the fight I had heard so much of Carpenter's life because they do not back up their mental ability with the physical strength, energy and endurance which comes from

Important Statement of Jack Kearns, Manager of Dempsey
 "Knowing the benefits that Dempsey had derived from the use of Nuxated Iron in training for his contest with Willard, I strongly insisted that he must again use this product as part of his regular training for his battle with Carpenter, and from the results which Dempsey has obtained from the use of this product in both his phenomenal victories over Willard and Carpenter, I strongly advise people who are in a weakened rundown condition to try this wonderful strength and blood builder."

having plenty of good rich red blood and nerve force. In such cases it is often wiser than foolish to take more stimulating medicines or narcotic drugs. What you need is something to put more nerve force in your nerves and more iron in your blood. This is most effectively accomplished by the free use of Nuxated Iron. This valuable product contains the principle chemical constituent of active living nerve force in a form which most resembles that in the nerve and brain cells of man. It also contains organic iron like the iron in your blood and like the iron in spinach, lentils and apples. This form of iron will not blacken or irritate the teeth nor upset the stomach. It is an entirely different thing from metallic iron which people usually take. Nuxated Iron may therefore be termed both a blood and nerve food as it feeds strength-giving iron to your blood and the principal chemical ingredient of active living nerve force to your brain and nerve cells.

MANUFACTURER'S NOTE: From the above article the reader must not infer that Nuxated Iron will make a man as strong as a world's champion or of the average man. Nuxated Iron will increase the red blood corpuscles and by doing greatly increase your strength, power, endurance and supply forward nerve force to the starting nerve cells. It does not increase your strength, power and endurance in two weeks' time and it is perfectly safe for every person. Look for the "Nuxated" on every genuine Nuxated Iron for the blood and nerve is sold by all druggists.

 Liquor Case Occupied Large
 Part of Morning Session of
 Magistrate's Court.

The case of Abraham Levine, William Jacobson and M. Lambert occupied by Thomas Ramsey with selling

alcohol, was resumed in the police court yesterday morning.
 Levine made an absolute denial of any of Ramsey's statements which implicated him and William Jacobson asserted that he also had nothing to do with any sale of alcohol. Lambert, who assumed all responsibility for the sale at the last hearing of the court, and was allowed to go on a \$200 deposit, was not present yesterday. J. A. Barry appeared for the defendants and W. M. Ryan for the prosecution. The case was postponed to Monday at 2.30 p. m.
 Joseph Smith, who was arrested for refusing to obey the police and who was later let go on a deposit of \$10, forfeited his deposit through his non-appearance.
 Mrs. Leonard Hopley was fined \$5 for using abusive language to an elderly man named Winters.
 Henry Barry was fined \$10 for driving on the wrong side of the street.

Obituary

Robert W. Hume.
 There passed away by death at Florenceville, on Thursday, June 24th, Mr. Robert W. Hume in the seventy-ninth year of his age. The late Mr. Hume was born in Jacksonville, Carolina Co., in October, 1842, and spent almost all his life in his native country. He early became interested in agriculture, then the chief business centre between Woodstock and Andover. Here for many years Mr. Hume was one of the leading merchants, doing an extensive trade with all the surrounding country. Business in these early days was carried on with considerable difficulty. Produce generally had to be shipped to Fredericton by horse-back. Since improvements made in a similar way. Nevertheless Mr. Hume prospered in business and finally retired to one of the finest farms in the county, now occupied by his son, Mr. Lorne Hume, with whom he for many years lived.

The late Mr. Hume has not been in the best of health for a number of years, heart trouble requiring complete rest for a long time. However, some two years ago Mr. and Mrs. Hume spent about a year in Rev. Estabrook, B. C., with members of his family and returned apparently improved in health. Since returning he has made his home with his daughter and son-in-law, Dr. and Mrs. Barry Hagerman, also of Florenceville. A few weeks ago Mrs. Hume grew worse and succumbed on the above date, despite all that medical skill and tender care could do for her. He is survived by his widow, formerly Miss Burpee of this place, and four sons, one daughter, and a sister, Mrs. Duncan, to mourn their loss. The children are J. B. Murray and John of Revaletoke, B. C., the former being home at the time of his father's death; and Mrs. Dr. Hagerman of Florenceville, and Lorne, the homesteader. There are a number of grandchildren.

The late Mr. Hume was a man widely and favorably known, being kind, affable and well-informed. He was most loyal to his friends, of whom he had many. In politics he was a life-long Conservative, but was broad-minded and tolerant. The high esteem in which he was held was indicated by the largely attended funeral which was held on Sunday afternoon last. The floral offerings were many and beautiful. The services at the house of the bereaved were conducted by the Rev. F. A. Wightman, assisted by a special choir, while Hon. B. F. Smith acted as director of ceremonies. Thus another veteran pioneer has gone to join the great majority.

Charles Fraser.
 The death of Charles Fraser of 19 Lombard street, occurred yesterday morning about three o'clock in the General Public Hospital following injuries sustained in an accident about two weeks ago. He leaves to mourn his wife, formerly Miss Mary H. Kennedy of Harvey Station, and four sons, William, John, Walter and Ronald, all at home. Three sisters also survive; also three brothers. The funeral will be held on Friday morning from Holy Trinity church.

Mrs. Catherine Smith.
 Mrs. Catherine Smith, widow of Robert F. Smith of St. John died early in the afternoon at the Queen Hotel, in Fredericton, where she had made her home with her daughter, Mrs. J. J. McCaffrey, for the last twenty years. She was aged ninety-four years. Mrs. Smith was a native of St. John, and for the greater part of her life lived in the north end of this city. Her husband, who died many years ago, was a prominent citizen of St. John and was well known as a member of the old Debating Society which made its headquarters at the "Mechanics" Institute. Leonard T. McNeilley and George Lawrence were members.

The Leonard, Knight, Smith and Hilyard families all related to Mrs. Smith. Three daughters, all of whom survive. They are: Mrs. H. G. Parnham of Lethbridge, Alta.; Mrs. J. J. McCaffrey of St. John; and Mrs. Frederick and Harry Smith of Philadelphia. The body will be brought to St. John on Thursday morning by relatives and the funeral service will be held in St. Luke's church in the afternoon.

Mrs. Mary A. Blakeney.
 Moncton, N. B. July 6.—Mrs. Mary Ann Blakeney, who has been here for several months, having suffered from the effects of a fall down stairs, died this morning at the home of her daughter, Mrs. George Cuthbertson, "Colbrook," N. B. during the past two weeks she had two strokes of paralysis.

The deceased, who was 77 years of age, was a native of Scotland, and the widow of Thomas Blakeney, Moncton. Five sons and two daughters survive.

Mrs. Peter Hughes.
 Fredericton, July 6.—The death occurred this afternoon after a long illness of Mrs. Peter Hughes, aged 75 years. She is survived by three sons, William, marshal and tax collector of this city; Thomas and Frank, the well known baseball player, at home; one daughter, Mrs. William Drummond, of Barker's Point, and four brothers, Mr. Justice J. H. Barry, Edward C. Barry, of Fredericton; John Barry, of Nashwanak and Patrick Barry of the West, but now living here.

SHIP CREW MUTINIES.
 Naples, July 5.—During the voyage of the United States steamer "Pocomtous," which left New York May 23, and has just arrived here, the crew mutinied and would not make repairs to damaged machinery. A German passenger volunteered to repair the damage, thus enabling the steamer to reach Naples.

Says Wife Couldn't Walk Across Room

Moncton Woman Would Break Down and Go to Bed—Is Now the Picture of Health.

"I had rather see my wife look well and strong as she does now than to have all the money in the universe and see her feeling so run-down and wretched as she did a short time ago," said Maurice Comto, 14 Summer street, Moncton, N. B., employed by the Canadian National Railroad.

"My wife and I are both enthusiastic about Tanlac, for it was that and nothing else that restored her to health. She had been in broken health for a long time, with little or no appetite and always feeling weak and worn-out. She suffered a great deal from indigestion, too, and last spring she caught a severe cold which seemed to aggravate her troubles. I have seen her break down while trying to do her household and give up and go to bed. Sometimes she could not even walk across the room she was so weak and miserable, and her face was the color of chalk.

"I heard so many people talking about Tanlac I decided there must be something to it. I insisted on her trying a bottle, and we soon found that everything good said about this medicine was true. To tell it all in a nutshell, she eats anything she wants, has perfect digestion, the roses have come back to her cheeks, and she never has a headache or a dizzy spell now. In fact, she looks the very picture of health and says she never felt any better in her life. We both are strong for Tanlac."

Tanlac is sold in St. John by F. W. Munro.

Weddings

O'Leary-Morseseau.
 Russiagoria Baptist parsonage was the scene of much interest on the afternoon of Wednesday, June 23, when William, the son of Mr. and Mrs. John O'Leary of Beaver Dam, and Frances, the daughter of Mr. John Morseseau and the late Mrs. Morseseau of Russiagoria, in the presence of a good many friends and relatives, were married by Rev. A. E. Kodyak. The bride was attended by the Rev. A. E. Kodyak, and the groom was attended by the Rev. A. E. Kodyak. The ceremony was a simple one, and the bride and groom were becomingly attired, the former in navy blue tulle, the latter in blue messaline silk. The groom was supported by his brother, Edward. After the ceremony a wedding supper was served at the home of the bride's father. Mr. and Mrs. O'Leary will make their home in Russiagoria at present.

Turner-Kinsman.

The marriage of Florence Walker Kinsman, eldest daughter of Frederick C. and the late Mrs. Kinsman, 2 South Park street, to William Arthur Turner, eldest son of Mr. and Mrs. R. J. Turner, St. John, took place at 9 o'clock yesterday morning in Knox Presbyterian church, Rev. F. W. Gossnell officiated. The bride was attended by Miss Wilson, organist, played softly throughout the ceremony. Mr. and Mrs. Turner left for a yachting trip to the St. John river, among the out-of-town guests were Miss Hazel M. Kinsman and Mrs. Dwight Baldwin of Boston.

McCarthy-Gossnell.

A wedding of much local interest took place on Sunday at Charlottetown, the wedding of Miss Josephine McCarthy, daughter of Mr. and Mrs. P. McCarthy of this city, who was united in marriage to Miss Josephine Gossnell, formerly of St. John and now of Charlottetown. The wedding was performed in the Catholic church in Charlottetown, with Miss Margaret Gossnell, sister of the bride, as bridesmaid, and Alton Anderson of Boston supported the groom. After the ceremony Mr. and Mrs. McCarthy and relatives of both families partook of a delicate wedding breakfast at the home of the bride's parents. Mr. and Mrs. McCarthy left on a short honeymoon trip to New York and other American cities. Upon their return to this city they will reside in German street.

McCaull-Bailey.

In the Advent Christian church, North Devon yesterday afternoon, Rev. Reginald W. McCaull, pastor of the church, and Miss Annie May Bailey of Nashwanak were married by Rev. J. Woodworth of Middle Simons, an uncle of the groom.

Mavor-McKim.

In the Methodist church yesterday afternoon at 4.45 o'clock, Miss Jennie Katherine, daughter of Mrs. James H. McKim, of this city, and James Thompson Mavor, son of Mr. John Mavor of Fredericton, were united in marriage by Rev. Neil Macdougall. The bride entered the church on the arm of her brother. As she walked to the altar the organist, Miss Alice Hea, rendered "The Voice that Breathed O'er Eden." During the ceremony she played "O Perfect Love." The church was artistically decorated with carnations and sweet peas.

The bride is a graduate nurse of Victoria Hospital, Fredericton, having finished her training there in 1918. The groom is one of the best known of the younger business men of Fredericton, being a partner in the jewelry firm of Mavor Bros. He had four years' service overseas with a division of train and field ambulance. He was badly shell-shocked and spent five months in hospital. At present he is captain and quartermaster of the 7th Machine Gun Brigade.

The young couple left last evening on a honeymoon to Montreal, Toronto and other Upper Canadian cities. They will reside in Fredericton.

Funerals

The funeral of Walter C. McKay, late manager of the Opera House, took place at 2.30 o'clock yesterday afternoon from Rev. J. Woodworth's parsonage, Main street, to Forest Hill. Burial services were conducted by Rev. A. E. Kodyak, curate of Trinity Church. Expressions of sorrow have been heard on all sides since Mr. McKay's death, and the outpouring in which Mr. McKay was held was evident from the numerous magnificent floral tributes received. Among them were wreaths

Airships For Use In Forest Patrol

Camp Borden, Ont., July 6.—Two airships of the "Blimp" type were shipped from here yesterday to be used by the Kewatin Lumber Company, in the Lake of the Woods district.

Under the direction of Lieut. Col. Renford Mulock, C. O., formerly of the naval air service, they will be used for forest patrol work as well as aerial photography.

They are being loaned by the air board so that reports on their capabilities may be made by the lumber company.

Indian beads of wood are being used for trimming on fall frocks.

ROYAL YEAST CAKES

Good home made bread is the finest food on earth, and the wife that is a good bread maker is a real helpmate to the bread winner. Bread is the one food that perfectly combines in itself all the elements that give strength to the body. Children who eat lots of good home made bread thrive the best—they never get sick from eating good bread. Bread making is a simple operation. Bread made in the home with Royal Yeast Cakes possesses a greater degree of nourishment, and will keep fresh longer than that made with any other.

RICH IN VITAMINES

As a health-builder, yeast is gaining in popularity every day. The simple addition to the diet of one to three Royal Yeast Cakes a day relieves constipation and removes boils, pimples, blackheads and other skin eruptions. Yeast is a food. It is not a medicine. It corrects deficiencies in the diet. It supplies water soluble vitamins, which is essential to good health.

Royal Yeast Cakes will keep for months. It is therefore possible to have a supply always on hand. It is the most convenient and economical yeast on the market.

Complete directions and full details will be found in our booklet, "Royal Yeast Cakes for Better Health," which will be sent free upon request.

Marguerite Goes Shopping

Did you ever stop to think what funny expressions we use regarding "Time." We spend time, we lose time and good times, when on the contrary we have nothing of the sort. In reality time is about the only thing that we can have almost as much of as we want for nothing. It is our own fault if we lose it. The time is there for us. It is up to us what we shall do with it. Then, as to bad and good times, why, it is all the same old twenty-four hours, neither more or less. It is the human race and ourselves as individuals who put the qualifying adjective in front of time.

All this because I saw a fine array of clocks in the window of Messrs. Ferguson & Page, on King street yesterday and wished that I could purchase a handsome mahogany clock to tell me what time I had to use to the best advantage. There were clocks large and small and a number of pretty silver ones of graceful shapes with others of some ornamental metal. A clock is an appropriate gift for it is something which is always before the eyes of the recipient and thus ever reminding them of the giver. Just let every clock in the house go astray and one realizes how dependent we are upon these useful ornaments.

Speaking of time, bargain time is always welcome and now is a good moment to visit the store of Messrs. P. A. Dyckman & Co. who are having a July sale. Let me tell you that the blouses displayed in one window only need soap and water and then you would be very proud of your \$1.29 purchase. In another window are cloth coats, dresses of gingham and silk, neckwear and one or two really cloth fine suits for which very little is being asked. These are too good to let slip, and it is so satisfactory to buy to the best advantage and have a little left for frivolity.

There will shortly be produced in Ontario Public schools a play fitting in with Junior Red Cross propaganda written for the "Little Mothers League" by a 12-year-old pupil of one of the Vancouver schools.

Missionary Work Among Lepers

German St. Baptist Mission Here of Work Being Done in Colony.

The Women's Missionary Society of German street Baptist church, held its annual field meeting yesterday afternoon at the home of Mrs. L. W. Simms, Manawagosh Road. The President, Mrs. S. S. Poole was in the chair.

Mrs. W. C. Cross and Mrs. H. G. Marr were in charge of the programme. The topic for the meeting was Missionary Work Among Lepers. An address on the work among Lepers was given by Mrs. E. M. Sippell, and a reading given by Mrs. F. E. Holman on the leper work.

Two piano solos were beautifully rendered by the little eight year old daughter of the hostess, Marjorie Simms.

At the close of the programme daily refreshments were served by Mrs. Simms, Miss Estelle Vaughan, Miss Mildred Parker, Mrs. J. W. Vanwart, Mrs. D. Hunt and Mrs. E. T. Rising.

The meeting was voted by all to be one of the most pleasant ever held by the society.

AS A WOMAN THINKETH

By HELEN ROWLAND

What Every Flapper Wishes

When I was a flapper, I used to pray quite seriously—and very passionately—
"Oh Lord, make me a great ACTRESS,
"And a great genius,
"And very beautiful.
And a little bit 'different' from any other woman in the world!
"And send me a handsome, fascinating husband,
"And four children—two boys and two girls—
"And a pony cart!"
"And that was as far as I got.
But—when I—
The flapper of today has quite definite ideas, and perfectly concrete notions of what she wants.
And her prayer runs something like this:
"Oh Lord,
"Give me the popularity and the eternal youth of Mary Pickford,
"The eyes of Norma Talmadge,
"The figure of Kitty Gordon,
"The pep and audacity of Bebe Daniels,
"The temples of Lillian Walker,
"The smile of Geraldine Farrar,
"The cuteness of Marguerite Clarka,
"The feet of Pavlova,
"I love like Lou Tellegen,
"Or William S. Hart, or Wallace Reid, or Thomas Meighan,
"And a limousine and a cottage at Newport,
"And hair like Anita Stewart's,
"And clothes like Irene Castle's,
"And the income of Mary Miles Minter,
"The fluffiness of Billie Burke,
"The nerve of a potato,
"The sensitiveness of a clam,
"And the worldly wisdom of a
"The plasticity of a rubber doll.
"And I shall not ask for brains, multiple divorces—
"Or talent, or ability, or originality, or genius,
"Or ANYTHING else—much!"
And, it's very beautiful—but a little sad.
To observe the dazzling, optimistic and glittering egotism and shimmering hopes and dreams of a flapper.
And to know in your heart, that, in a few years,
She will be perfectly contented, and rapturously happy,
In a little bungalow, with some commonplace, ordinary young man.
Who is growing fat, and earning just enough money to buy a Flivver,
And to take her out to the movies,
On Thursday and Saturday evenings!
For their dreams and hopes and aspirations may change—
But girls don't change much,
After all!

Where Can One Find Real Maid?

Bachelor Girl of Varied Gifts and Much Attractiveness Takes Her Place.

I wonder whether, in his or her wandering this spring, anyone will succeed in discovering a real old maid? Where is she now, that attractive type of femininity who installed in a dainty cottage with her cat and her parrot, was known throughout fact and fiction by that title? Unmarried, sweet-natured, adored by her friends and numerous aunts and chaps, she was actual and adopted, she was ever ready with help and advice. Dependent in spite of her independence, unworried, endowed with a peculiar charm, she filled a niche in the world all her own.

And then in contrast to her the spinster, angular and dour, hiding perhaps a warm heart beneath a forbidding exterior, soured through a life of loneliness and disappointment, where is she? There are perhaps a few of both these types scattered throughout the country, but year by year they become fewer and fewer.

Has a Career.

In their place is found the bachelor girl, and later in compliment to grey hairs, the bachelor woman. Independent, interested in the matters of the day, capable and often unconventional, she glories in her freedom. She possesses "pats" in plenty, she has a career, and although she does not marry she becomes neither resigned nor soured. Always ready to lend a helping hand to those weaker than herself, she is the strong woman of the age—a sign of the times—a personality to be looked up to and admired.

Old Maid or Spinster she will never be called—they are designations of times when women had not come into their own, they invariably inspired a sympathetic tone in the hearts of men for their owners that was almost always mingled with pity.

But the Bachelor Woman needs no pity. In many cases she has chosen her own life. She is not necessarily a "left-over" from the marriage market, but quite frequently hers is a voluntary state of celibacy. If, however, she happens to be one of the superfluous women, she faces her future bravely, thankful that there are other careers open to her besides that of marriage.

She dreads the traditional cat and parrot; her ambition is more likely to be a labor-saving device, an adequate income earned by her own efforts, and perhaps fame in her special line of work.

It may be that the Old Maid has passed!
Long live the Bachelor Woman.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. ANNIVERSARIES OR THE WEDDING DAY

After wedding day, wedding day anniversaries are the most interesting events to the bride, and many anniversary days have a special significance and a special name and demand special gifts.

Roses white and rosy red
For the bride just one year wed,
Five years wed—'tis understood—
Pretty presents all of wood,
Ten, with jolly and din,
Come the treasures made of tin,
Twelve means linen soft and sheer,
Fifteen crystal, bright and clear,
Twenty, dishes patterned gay,
For the china wedding day,
Twenty-five comes clear and shining
All its clouds have silver lining,
Thirty in the year of pearls,
For the loveliest of girls,
Forty is of amber mellow,
Sixty years together spent—
Tenderness and sweet content,
Sixtieth anniversary,
Comes the diamond jubilee.

A MIDSUMMER PICTURE.

Gray sky which bends above the blue-gray hills
And curtains them in filmy clouds of rain;
Soft winds which rise and fall, to rise again
Scented with clover blooms; the cool, air thrills
To hidden harmonies; a bird note fills
Ethereal vistas where one's feet would fall
Explore, and so exploring, there remain
To wander on amid the fields and rills.

Midsummer's gentle spirit broods anew
Over the silvery reaches stretching far,
And ere day passes like a soft caress
Comes twilight with its touch of tenderness.
Turning the clouds to roses; one clear star,
A golden love-light shines from out the blue!

Carpenter Guest of Newspaper

Extends Thanks to People United States for Splendid Reception Given Him.

New York, July 4.—George O. Carpentier, Desamples, hit again, were guests last night at a dinner given to visiting French and Italian sport writers by the editors and publishers.

Tribute was paid to the sportsmanship of the United States press, published by Ben Desamples of the "Telegraph," speaking for British writers and Victor L. Boring, editor of Echo de Sport, speaking for the French press. Carpentier, responding to a toast in his honor, introduced one of his own, his conqueror.

"For the past ten years it has been my ambition to box for the world championship, but on Saturday the man whom I think the greatest boxer in the world," he said.

"I do not wish to deny that I was the greatest contender in the ring as I saw about me great studies of people and when I thought I was the greatest I thought I was the greatest. I wish to extend my thanks to the people of the United States and especially to the press in the manner in which I have been treated and I now drink a toast to the health of Jack Dempsey."

Before entering the ring Carpentier told his manager that he could not win the title, but he would go with colors flying. Desamples said, "I talked it over and Carpentier said there should be no spoils said to let the loser go down blow on the jaw."

Carpentier Guest of Newspaper Men

Extends Thanks to People of United States for Splendid Reception Given Him.

New York, July 6.—George Carpentier and Peacock Descamps, his manager, were guests last night at a dinner given to visiting French and British sport writers by the editor and publishers.

"Tribute was paid to the sportsmanship of the United States press and public by Ben Bonelson of the London Daily Telegraph, speaking for the British writers and Victor Breyer, boxing critic of Echo de Sports.

Carpentier, responding to a toast in his honor, tendered one to Jack Dempsey, his conqueror.

"For the past ten years it has been my ambition to box for the world's championship, but on Saturday I met the man whom I think the greatest boxer in the world," he said.

"I do not wish to deny that I was under great emotion when I entered the ring as I saw about me great multitudes of people and when I heard their ovation I thought they were all French. I wish to extend all my thanks to the people of the United States and especially to the press for the manner in which I have been treated and I now drink a toast to the health of Jack Dempsey."

Before entering the ring Saturday, Carpentier told his manager that if he could not win he desired to "go down with colors flying," Descamps said.

"We talked it over and Carpentier said there should be no sponge, he said to let the loser go down with a blow on the jaw."

Johnson Wants To Fight Jack

Labor Day for Purse of \$200,000 is Suggested in the Negotiations.

Los Angeles, Cal. July 6.—Captain J. McCaw, formerly with the British air service and now of Pasadena, a wealthy clubman, last night wired Jack Kearns, New York, manager of Jack Dempsey, offering to fight half of the receipts to go to the fighters and half to the American Veterans of the World War, an organization which includes disabled soldiers.

The message was endorsed and authorized, according to the Captain, by Post No. 1 of the American Legion in Los Angeles.

Can Have Fight
New York, July 6.—"The public can have a Dempsey-Johnson match if I wish but I believe there is no demand for the bout now or in the near future," Jack Kearns, manager of Jack Dempsey, said today on learning that Captain J. M. McCaw of Pasadena had offered the champion a guarantee of \$200,000 to box Jack Johnson on Labor Day.

Kearns stated that he had drawn no color line on behalf of the champion, but suggested that Johnson should meet Harry Wills or another leading negro before being considered for a championship match.

Tells Strange Tale
Chicago, July 6.—Jack Dempsey, who arrived here today for a short visit on his way to his home in Salt Lake City, said that two men mysteriously put in their appearance in his corner in the third round of his fight with Carpentier last Saturday, with the intention, he believed, of throwing a towel in the ring to create a disorder.

"One man had a towel in his hand," said Dempsey, "and my friend, Mike Trout, questioned them. The men told Trout, Richard had put them there. Trout did not credit the story and had the police take them away. I believe these men intended to throw the towel into the ring from my corner, creating a scene of disorder."

TRIP OF JAP PRINCE START OF A NEW ERA

Old Policy of Aloofness Banned by New Ideas, Minister Says.

DIPLOMATS LAUD HIS POPULARITY

Regrets Expressed That He Could Not Visit American Continent.

Tokyo, July 6.—The general impression in Japan that Crown Prince Hirohito's visit abroad signifies the inauguration of a new epoch of liberalism in Japanese history, affecting both the future relations of the throne and the people and Japan's attitude in the world, had official confirmation last night. At a dinner given by Count M. Soyoshima, Liberal member of the house of peers, in honor of Baron Nozaki Makino, minister of the imperial household, and Baron Shimizu Goro, mayor of Tokyo, Baron Makino declared the crown prince's voyage not only was a great advantage to the Japanese people and to Japan, but good for the betterment of the future relationship of Japan with the outer world.

The presence of Premier Hara, minister of Marine, and Count Sogami, minister of Education, and other dignitaries, lent importance to the occasion. Baron Makino's speech created extraordinary interest, because, as minister of the imperial household, and therefore adviser to the future emperor, he is expected to play a leading and significant role in the empire's policies at the time when Japan is steadily emerging from her ancient aloofness and isolation and the Liberal movement is widespread in all phases of national life. The impression exists in Tokyo that the dinner was arranged especially to afford an opportunity to publicly announce forthcoming changes, which Count Soyoshima, with authority summarized as certain to be great when Prince Hirohito returned.

One of the features of the evening was the oration extended to Edward Bell, who has achieved much popularity during his service as United States charge d'affaires in Tokyo. Mr. Bell pointed out the great regret of President Harding and the people of the United States that the crown prince was unable to include Angkor in his journey. Nothing could have given the United States greater pleasure than his coming. Mr. Bell asserted, but the United States hoped it was only a deferred pleasure.

"I can assure you," he said, "that when the crown prince does come we will give him a hearty welcome."

Baron Makino said that Prince Hirohito's visit abroad, which primarily was arranged to complete his education, had become an international event, which could bring nothing but good to everyone concerned. The fact that the crown prince's voyage was unprecedented in the dynasty's history of 2,500 years, Baron Makino declared, gave his trip special interest.

"I am sure he regrets he was unable to extend his voyage to other countries," Baron Makino continued, "but what he has accomplished has surpassed all expectations. I have the permission of their majesties to express their gratitude for the treatment the crown prince received everywhere and for the great benefits he must have derived for Japan."

Into the Ring

Old Favorites Showed Class in Their Opening Game With the Royals.

Last year's old All-Star team made their initial appearance on the South End diamond on Tuesday evening when they were defeated in a fast game by the Royals, the score being 10-5. The team this year is composed of a number of old-timers, who in the past showed themselves to be in the very pink of condition, which added to the long list of victories for the Royals on which they played. Knowles, one of the craftiest pitchers on any intermediate team now playing, had the Royals at his mercy after the first inning, but the runs tallied in that frame by the winners was enough to give them the victory for which they fought. "Freddie" Gorman, the star catcher of the All-Stars, was there all the way, and at many times he was the cause of his team's "frightening" up with the result that they played all-right ball. "Bill" McOliver, the captain of the team, and an old-timer at the game, played a great game, the tactical "kick" Cooper, on the slab for the Royals, was hit hard and often, but he was given good support, with the result that his team came out with the long end of the score. The batteries were: For the Royals, Austin and Cooper, and for the All-Stars, Gorman and Knowles. A list of the old-time players who now compose the All-Star team are here given: Fred Gorman, catcher, who has been playing for a number of years in Intermediate and Senior ball; John Knowles, pitcher and outfielder, a member of the old All-Star; "Tony" Gorman, second baseman, and other well-known baseball teams in this city; "Billie" McOliver, first baseman and a member of the old All-Star; "Tony" Gorman, second baseman, a member of McOliver's Industrial League team and an old All-Star and Victoria team player; Harold Doyle, third baseman and pitcher, and a member of the old champion Victorias; Arthur Devine, better known as "Barney," and a member of the old All-Stars; William "Shorlock" Doyle, first baseman and outfielder and a member of the old Victorias; Dan Doyle, outfielder, another member of the champion Victorias; Bill Fraser, catcher and outfielder; Harold Doyle, International late clubs in the past two years; Harold Evans, pitcher and outfielder, and a member of the old All-Stars and Billie's team; Billie, third baseman, who played in the line-up of the 26th Battalion in France. This team, without a bit of doubt, will make things interesting in the league and it is anticipated that a number of fans that when the league finishes this All-Star team will be comfortably resting at the head with a few games to spare.

UNEMPLOYED ARE READING GOOD BOOKS
The head of a big public library in the United States reports that unemployment has brought an unprecedented demand for reading matter, and this is not of the light and trifling kind which is sought by the unemployed to hold their jobs and the unemployed to themselves for jobs. It is a hopeful statement, viewed from any angle.

Although unemployment has brought grumbling and discontent, it is making people think, and this is of a good thing. Education as a means of getting and holding jobs is better appreciated than it used to be. The head of the library reports that the building of Cadwor Castle, an ancient, most-surrounded castle, approachable only by a drawbridge, which is perched upon a low rock overlooking the bed of a rushing stream near the town of Nairn. In a dream, so it is told, the founder of Cadwor Castle was commanded to load an ass with gold, turn it loose, and follow it until it rested and there build a castle. The ass came to a halt beneath the branches of a hawthorn tree, so upon this spot was built Cadwor Castle. The trunk of the hawthorn tree, with its roots branching out beneath the floor and its top penetrating the vaulted arch of stone above, still remains within in the tower to argue for the truth of the story, and in further allusion to the picturesque legend, the Gaelic name of the castle is "Froshness to the hawthorn tree."

CAWDOR TRADITIONS RECALLED ONCE MORE
The coming of age of the fifth Earl Cawdor recalls the traditions of the building of Cadwor Castle, an ancient, most-surrounded castle, approachable only by a drawbridge, which is perched upon a low rock overlooking the bed of a rushing stream near the town of Nairn. In a dream, so it is told, the founder of Cadwor Castle was commanded to load an ass with gold, turn it loose, and follow it until it rested and there build a castle. The ass came to a halt beneath the branches of a hawthorn tree, so upon this spot was built Cadwor Castle. The trunk of the hawthorn tree, with its roots branching out beneath the floor and its top penetrating the vaulted arch of stone above, still remains within in the tower to argue for the truth of the story, and in further allusion to the picturesque legend, the Gaelic name of the castle is "Froshness to the hawthorn tree."

Veteran Reinsman

"Old Man" Pilots Winners Both Divisions or Circuit Card Wednesday.

North Randall, Cleveland, July 6.—Walter Cox, the New England reinsman distinguished himself by piloting the winners in both divisions of the Ohio Stake for 208 trotters, the feature of today's Grand Circuit harness racing at North Randall, some of the finishes being the closest of the season. The stake was cut in two because of eighteen entries, nine starting in each division which carried a purse of \$5,000 each. A cup went to the driver.

It was the first time in the history of this track that such a purse has been divided and the original purse given to the winner of each section and probably the first time in the history of harness racing that a stake of this value has been so handled.

In the first division Cox was behind Natalie the Great, a filly by Peter the Great, owned by the Laurel Hall Farm, Indianapolis. After finishing eighth in the first heat Cox drove the filly to victory in the next two heats. In the first heat he was in the lead when his mount went into a break and he was forced to pull up. Patrick Todd then took the lead and held it throughout.

Todd's backers received \$51 on a \$3 ticket. Natalie the Great took the lead at the half mile in the second heat and set the pace in the third and was never headed, winning both pulled up.

The second division went to E. Colorado, owned by B. Pardee, of Atlantic City, in straight heats. Cox laid in third position with the bay mare until the three quarter pole in each mile. He passed the field in the stretch in the first heat but was forced to a hard drive, the first six being closely bunched at the wire.

Both Natalie the Great and E. Colorado were overwhelming favorites. Their victory brought Cox's record to four wins during the meeting.

McMurphy established the season's record time for a mile for trotters in the second heat of the 208 trotting sweepstakes when he went the distance in 2:03 1/2. He won the event after finishing sixth in the first heat, and then taking the next two. The time for the three miles was the fastest of the season.

McMurphy of Poughkeepsie drove his second winning race of the season in the 2:18 trot. He piloted Nova Brook to victory in straight heats, and it is anticipated that a number of fans that when the league finishes this All-Star team will be comfortably resting at the head with a few games to spare.

INTER-SOCIETY BASE BALL LEAGUE
The Y. M. H. A. will play the St. Peter's this evening on the St. Peter's grounds. Game called at 7:15. The score in the last game between the two teams went to a tie, and the Y. Boys are confident about taking the Saints into camp. At present the Y. H. A. are heading the league, and by winning tonight's game will strengthen their hold on first place, so the fans can expect a hot game. Wright will deliver the goods for the Y. Boys, while the pitcher for the Saints is still a mystery. The attendance is steadily increasing as the fans are waking up to the fact that real ball is being played in this league.

Golfers Planning Big Tournament

Amherst, N. S., July 6.—Every maritime golf club is now associated with the Maritime Golf Association, with the exception of Lingan, Sydney, and their entry will be forthcoming immediately. Mr. H. M. Canfield, secretary-treasurer of the association, said today that fourteen of the fifteen maritime clubs would have representatives at the maritime golf championships on July 26th to 29th. Yarmouth will be the only exception. According to this statement the meet will be a success since the meet will be an active interest in the tournament play. Lingan, New Glasgow, Halifax, Brighton, Truro, Digby, Annapolis, Sackville, Moncton, Riverview, Westfield, Woodstock, Charlottetown and Fredericton will all be competitors in the forthcoming meet.

JOHNSON TO FIGHT
Leavenworth, Kan., July 6.—Jack Johnson, former heavyweight champion, will meet Harry Wills for the negro championship at Jersey City, August 22. It was learned here today. The contest, previously was announced for August 20, at New York. Johnson has been offered thirty thousand dollars or the option of a percentage of the gross receipts for the contest.

THE FORMER CHAMPION'S sentence of one year in the federal prison here on a white slave charge will expire July 9.

Beavers Had The Winning Punch

Tail Enders in South End League Made Strong Comeback Last Night.

The Beavers, tail-enders in the South End League, staged a strong comeback in their game with the Royals on the South End diamond last evening and won by a score of 11-7. Both teams were in perfect form, although the strenuous game played by the Royals against the All-Stars Tuesday evening may have been the cause of that team's weakening. Jones and Potter, who worked between the points for the winners, understood each other clearly with the result that many of the heavy hitters of the Royals were sent back to their bench when a hit would have meant the winning of the game for them. Although Potter, the mound artist for the Beavers, has had a long rest, he had to work all the way through, and at no time was he easy as to the outcome of the game. Cooper, pitching fast ball for the Royals, held the Beavers down to a few scratch hits, but the errors made by the men behind him were probably the cause of losing. The batsmen for the Beavers were: Jones and Potter, and for the Royals, Austin and Cooper. This game gives the Beavers renewed courage, and very probably when the team is strengthened this week by several new players they will give a good account of themselves.

Kierstead and McCrossin were the battery for the winners, while Copp was the pitcher for the losers.

Weight Deciding Factor In Fight

Science and Skill at a Discount in the "Battle of a Century"

The \$1,000 prize offered by the Standard-Carpentier fight, which Thumline, expressed the opinion that the arrival here today that the advantage of weight was all that enabled Jack Dempsey to win from Georges Carpentier in "the battle of a century" at Jersey City.

Mr. Thumline is still enthusiastic over the fine showing which Carpentier made against such adverse odds and says that at one stage of the second round it looked as if he would put Dempsey away. In the clinch, he said, Dempsey pounded Carpentier upon the back of the neck incessantly in an effort thereby to affect paralysis of the spinal column.

Carpentier's skill and science, Mr. Thumline said, were nothing short of marvelous, and he was given a striking ovation when he appeared in the ring.

Mr. Thumline and Dr. C. A. Maguire, of Somerville, Mass., are en route to Cains River on a fishing trip with W. Harry Allen, of Penning, as guide.

Blue Goose Club Prepare For Picnic

Maritime Pond Branches Making Ready for the Annual Event at Loch Lomond.

The Ancient and Honorable of the Blue Goose, Maritime Pond, are holding their annual picnic at the Loch Cabin Fishing Club, Loch Lomond, on Thursday, the 14th. Gander Peter Clinch will prepare the dinner. There will be a ball game between the Prince William street "Beavers," captained by Gander Bob Ritchie, and the Canterbury street "Wolves," captained by Gander Hughie McLellan. Several innocent and unsuspecting young golfers will be picked off by the pin-fishers and taught to swim in true Blue Goose style. Some prominent Toronto and Montreal Blue Goose will be here for the occasion. The party will leave at the corner of Prince street and Canterbury at 2:30 in automobiles for the scene of action.

RAILWAY LABOR SITUATION IN CANADA TENSE

Is Expected to Reach Climax Some Time During This Week.

U. S. DECISION COMPLICATES MATTER

Paid Define Action.

Montreal, July 6.—The Canadian railway labor situation will reach its climax this week. The refusal of the general chairman of the United States railway unions to accept responsibility for acceptance of rejection of the 12 per cent wage cut effective last Friday has thrown the Canadian situation into the air.

Canadian workers planned to state their attitude as soon as the U. S. brotherhoods gave the proposition a two months' hold in order to obtain a vote of the men themselves, and if Canadian unions followed the same course the Canadian wage war would not become effective until Sept. 1 at the earliest, provided the conciliatory basis of adjustment was continued in operation by Canadian lines.

Canadian railway executives will meet in Montreal to discuss the whole situation. While any forecast of what will transpire at the meeting is in the nature of a guess, it appears that the necessity of making a definite announcement regarding application of the wage cut will be among the major considerations.

The companies have already projected themselves to some extent by giving notice that any employees leaving their work this month will be paid according to the reduced scale.

No formal replies regarding the tariff agreement submitted by the companies on June 17 have been received. It was said today.

The man has said that they do not favor the reduction proposed, but beyond that, the situation has not progressed.

The position of the stock list is indefinite. It would be hard to pre-define an actual analysis of the situation, as there are so many factors both good and bad at work and it would seem to be anybody's guess as to which of these will temporarily have the advantage. At the same time conditions in Canada are improving. There is a great reduction in the ranks of the unemployed and reports are available of a splendid crop from Western Canada. Business is also improving rapidly and many large factories are now getting working orders and are weekly increasing their output.

WAYAGAMACK BIG GAINER

Nineteen Stocks on Montreal Market Make Good Advances.

Montreal, July 6.—Today's trading on the local stock exchange was led by a general advance in wayagamack movements in other paper stocks were irregular. Abitibi held its own at 24. Brompton gained a large fraction at 21 1/2. Laurentide was up 1 1/2 at 75, and Price Bros. advanced two points to 32. Spanish preferred picked up a point at 62, but the common was back a fraction at 58 1/2.

National Breweries Active.

National Breweries took the leadership of the market and climbed up 1 1/4 points to 22 1/4, after opening at 49 1/4, closing at the high of the day. The steels were strong. Iron made a gain of 2 1/4 points at 28 1/4, and Steel of Canada rose a fraction to 48 1/2. Ontario Steel advanced a point at 44. Outstanding losses included Dominion Canners which sold down 2 1/4 points to 22 in small trade, and generally strong. Total sales: Listed 5,491; bonds 357,900.

Western Wheat Is Fully Headed

Winnipeg, July 6.—Prospects are for an early harvest, much wheat in all provinces being fully headed and many reports of harvesting of rye being in full swing, states the Crop Review of the Board of Agriculture. News issued from the west reported that "Rye" wheat, the grasshopper-infested and generally favored variety, are being received. Up to the present, damage is of a minor nature.

Railway Earnings

Montreal, July 6.—Grand Trunk Railway earnings for the period ending June 30 were \$2,750,000, a decrease of \$141,570 compared with the same week a year ago.

TWELVE HORSES BURNED.

Montreal, July 6.—Twelve horses were burned to death and damage estimated at between \$12,000 and \$15,000 was done by a fire which destroyed a large stable belonging to the Congregation of Notre Dame on Nam's Island, opposite Montreal today. The cause of the fire is unknown.

Sounds Fishy.

The government in Spain realizes a considerable revenue from fish fighting by licensing exhibitions where fish are matched against each other at sporting events. The fighting fish are found in the waters near there, and while they are not large, they are ferocious and fight to the death.

Wheat Market

Winnipeg, Man., July 6.—A very narrow market prevailed here today. Prices moved in a slight but helped by a slight advance in the west. July export was 1.7 1/2% and October to 1.8 1/2%, resulting slightly from those of 1 1/2% and 1.7 1/2% respectively. The cash grain markets have assumed a mid-summer dullness.

Hay, No. 1, per ton, baled, track Toronto, \$17 to \$19; No. 2, \$15 to \$16. Straw, \$10 per ton, car lots.

Bar Silver

London, July 6.—The tone of the stock market was dull today. The 3 1/2 per cent. Treasury bill was 110s. 4d. Money 1 1/4 per cent. Discount rates, short bills 5 per cent.; three months' bills 5 1/2 per cent.

FARMERS OUT FOR BLOOD.

Calgary, July 6.—It is now considered that the United Farmers of Alberta will contest 44 of the 61 seats in the Alberta legislature at the provincial election on July 18. The farmers are organizing in all but eight of the fifty-two ridings, and already have twenty-four candidates in the field.

GOSSIP AROUND THE MARKETS

New York funds in Montreal are quoted at 13 1/4 per cent. premium. Sterling in New York demand 3.70 3/4, cables 3.71 1/2. In Montreal demand 4.21 1/2, cables 4.22 1/4.

California still leads the list of oil producing states, with a production of 10,448,000 barrels for May, an increase of 278,000 barrels over April, and 35,129,000 barrels over the 12 leading oil producing states to show a decrease in May, but still shows an increase of 1,360,000 barrels over May, 1920.

Louisiana with an increase in production of 429,000 barrels shows the largest gain of any of the states with Oklahoma second with an increase of 392,000 barrels. Arkansas with a production of 550,000 barrels for May, April, is rapidly gaining recognition as an important crude oil producing state.

Total crude production for May shows an increase of 5,417,000 barrels over the amount produced during May, 1920.

Fire losses in Canada during the week ended June 30 are estimated by the Montreal Times at \$452,500, compared with \$282,300 the previous week. The heaviest loss was at Spirit River, Alta.

The rumor again current that the Laurentide Pulp and Paper Company has secured control of the Wayagamack Pulp and Paper Company through the purchase of the majority of the shares of the latter company, is officially denied by President Choyn of the Laurentide Co., who declares such a step has never been contemplated. A director of the Wayagamack Company also denies the rumor.

It is officially announced that the arbitration board appointed to consider the wage dispute between the paper plant workers in the United States and Canada, and their employer will hold its first session here at the Windsor Hotel next Tuesday, St.

HIGHER PRICES IN WALL STREET

Mexican Pete. Made a Ten Point Advance, Closing the Day at 101 1/4.

RECORD LOWS AT START OF SESSION

Call Money Drops as Low as 4 1/4 Per Cent. in the Open Market.

New York, July 6.—The stock market today made a sudden and spirited advance after further early unsettlement in which new low records were established by various speculative issues.

Specific developments to explain the recovery were lacking, but the haste with which shorts covered testified to the precarious position of that faction. Dealings were active and broad sales of 325,000 shares being almost three times those of yesterday.

Mexican Petroleum, the spectacular features of the last two months, again was the pivotal issue. That stock rallied, making a new gain of ten points.

Pan-American Petroleum, Atlantic Gulf and General Asphalt, and some of the domestic issues of that group also showed marked strength, but European oils, reversing yesterday's movement, were heavy.

More Steel Cutting

Further price cutting by Republic and Lackawanna Steels was without detriment to those industries, in fact advances ranged from 2 to 5 1/2, which advances ranged from 2 to 5 1/2, which advances ranged from 2 to 5 1/2, which advances ranged from 2 to 5 1/2.

The rise of rails was especially impressive, embracing many of the high points in the open market, notably Canadian Pacific, Great Northern Pacific; also Louisville and Nashville and Nashville and Atlantic Coast, all at gains of two to almost five points.

Call money rates were steady at 4 1/2 per cent. on the exchange and as 4 1/4 per cent. in the open market. Foreign exchanges denoted uncertain conditions abroad, sterling rallying from early reaction, while continental remittances continued to ease, and foreign rates showed increased strength.

With few exceptions, Liberty and Victory issues were higher, but bond issues as a whole, failed to keep broad line with the stock market. Gains among rails were irregular and seaboard adjustments lost five points, westerns. Total sales, par value, aggregated \$10,875,000.

Unlisted transactions reported by Montreal Stock Exchange: New Riorion, 45 at 2 1/2, 20 at 2 1/4, 216 at 2, 17 at 17.

One fact which has been demonstrated in the market, is that the Montreal market is less ready to follow Wall Street down than up. During the past week particularly, every rally in Wall Street brought about an immediate response here.

When stocks are selling at high prices few of them are purchased outright, but rather to place upon the market stocks which were put into strong boxes while they were at a low price. Now after a long decline the tendency is to purchase stocks outright and then put them away.

Raw Sugars

New York, July 6.—The raw sugar market was firm and unchanged early today at four cents for centrifugal. No sales were reported.

Raw sugar futures were firmer early and after advancing five to seven points on covering and buying by commission houses, prices eased off under liquidation, and at mid-day were one point lower to one point net higher.

The market for refined was unchanged at 5.20 to 5.40 for fine granulated, but a much better inquiry was noted. Refined futures were easier with prices ten points lower at mid-day under liquidation, although trading was light and confined to the December delivery.

REPARATIONS TAKEN UP BY CONFERENCE

Dominion Premier Has Statement from Sir Robert Horns.

BELIEVED SMUTS' VISIT BENEFICIAL

Hoping It Has Brought Near a Settlement of the Irish Question.

London, July 6.—(By Grant O'Leary, staff correspondent of the Canadian Press.)—Wm. Gen. Smuts, who has just returned from his mission to Dublin, the conference of premiers has decided to postpone the discussion of important matters, such as military and naval defence and the preparation of a constitutional conference.

Considering Reparations. Today it is hearing a statement from Sir Robert Horns, chancellor of the exchequer, on the German reparations situation and the balance of the war will be devoted to some of the numerous minor matters on the agenda.

Although not closed with plenipotentiary powers, Gen. Smuts is in Dublin at the express request of Premier

REPARATIONS TAKEN UP BY CONFERENCE

Dominion Premiers Hear Statement from Sir Robert Horne. BELIEVED SMUTS' VISIT BENEFICIAL. Hoping It Has Brought Nearer a Settlement of the Vexing Irish Question.

London, July 6.—(By Guitan O'Leary, staff correspondent of the Canadian Press.)—With Gen. Smuts only back today from his mission to Dublin, the conference of premiers has decided to postpone the discussion of important matters, such as military and naval defence and the preparatory steps for a constitutional conference.

Considering Reparations. Today it is hearing a statement from Sir Robert Horne, chancellor of the exchequer, on the German reparations situation and the balance of the week will be devoted to some of the numerous minor matters on the agenda.

Hope For Settlement. The other dominion premiers while wisely refraining from taking collective action as a conference naturally share in the general British desire to see a settlement brought about and are quite well aware of the character and scope of General Smuts' mission.

As already cabled, however, there is as yet little basis for such confidence, as there is still a tremendous gulf to be bridged before a settlement can be achieved.

FORT NORMAN OIL REPORTED HIGH GRADE

Gasoline for Local Use Made on Ground — Spectacular Break-up of River. Dawson, Y. T., July 6.—Fort Norman oil of such high grade that it did not freeze last winter, even during 58 below zero weather, according to the party of seven, headed by James Macdonald, which reached here from Fort Norman Saturday and proceeded to Edmonton today to record oil claims.

Flowed Like Water. The oil flowed like water when exposed to the air, and this, the party believes, indicates that a pipe line to the coast is feasible. The Macdonald party will have travelled 3,500 miles from Fort Norman to Edmonton, but they expect to beat all others who started at the same time over a different route.

PORT OF MONTREAL. Port of Montreal, July 6.—Arrived: Bay Chimo, St. Nazaire; Tresbridge, Rotterdam; Poranger, London. Sailed: Canadian Miller, Buenos Ayres.

OLYMPIC AT SEA. Southampton, July 6.—The White Star liner Olympic sailed at noon today for New York with 17 Oxford and Cambridge University athletes going to the United States for a return competition in track and field events with Harvard and Yale and Cornell and Princeton respectively.

SPANISH PREMIER TO STAY. Madrid, July 6.—After a lengthy cabinet conference last night attended by all the ministers except the two who presented their resignations Monday, Premier Salazar announced that his colleagues had reiterated their confidence in him and requested that he will fill the two vacant posts. Consequently the premier is making efforts to find substitutes for Manuel Arguiles and Vicente Piz, who held the portfolios of minister of finance and minister of justice respectively. He will report to the palace today.

THE WEATHER

Toronto, July 6.—Pressure continues to be normal over the greater portion of the continent. A few local thunderstorms have occurred over Lake Superior and in Northern Ontario. A few scattered showers in Alberta and Saskatchewan. Otherwise the weather has been fair and in Ontario continued excessively warm.

Men Desperate In Search For Work

A pitiful situation among the unemployed is existing in this city. Many of the unemployed, always honest and hard workers when they have the opportunity, have been tramping the streets in search of work, willing to tackle any kind of a job so long as they can secure enough money to buy bread for the little folk at home.

Employers Besieged

Employers of labor are being besieged every day by men begging a chance to do work and at any price. One employer informed the Standard yesterday, that some of the pleadings would make one's heart ache. One man, he said, came to him Monday with a wild tear streaming down his cheeks pleading that he be given some kind of work, no matter what it was, he was willing to do it. He told of a family at home with nothing to eat and he without a coat in his pocket.

Savings About Gone

The same day another man in search of work, younger than the first and without a family, called on the same employer on the same errand. He had two dollars remaining from savings he had been forced to draw on during the last few months. Daily the streets had been traversed by him in his search for work but his search was a failure and he appeared most desperate.

Smoke Over River

The smoke from forest fires obscured yesterday's sun and hung like a heavy pall over the river. From Woodman's Point to the Reach dense smoke hangs over the water, making navigation difficult and robbing yachting and canoeing of its pleasures. A careful watch is being kept on the changes of wind lest an unfavorable turn should carry burning embers from the brush to the cottages at Hillendale and start trouble.

Men Supremely Confident

The former employees are not at all down-hearted and express themselves as confident of winning, finally the recognition and consideration for which they are fighting. They feel convinced they have by no means lost their fight and feel assured, from information they possess, that they will not lose it. Members are being daily added to their union ranks, and, as one of their officials stated, some who quit them have again returned to the fold.

Local Physician Charged With Dispensing Narcotics Unlawfully

The case of Dr. Edward J. Broderick, charged with selling drugs for other than medicinal purposes, was resumed yesterday in the case of the North street and finding on Henderson in bed in the house in a very nervous condition, and in a state of collapse following all the symptoms of a drug addict. This condition was caused by not having any morphine for some time. The man was given a hypodermic of 5 grains as he said that 1 or 2 grains were good for him and he was taking up to 60 grains in 1 day. This treatment made Henderson fairly easy and the doctor went to a drug store and got one half gram and gave it to him, and since that night the man has been under the doctor's care and is now only using 8 to 10 grains per day.

Letters From Ottawa

A letter from Government Headquarters at Ottawa was read that was written to the accused inquiring about the large amount of drugs that he was handling, and the doctor wrote a letter of explanation to Ottawa in reply and considered that the first letter was something in the nature of a permit to look after these cases as they were strictly medicinal and the drug absolutely essential for the patients.

Burning Forests Threaten Cottagers

Forest fires were raging yesterday with unbridled fury back of Hillendale and around Musquash. They swept on at a dashing pace, alarming property holders in the two districts, who called for help. The Provincial Forestry Department was appealed to and immediately began the marshaling of forces to combat the flames raging through timber growth and brush heaps.

Summer Homes in Westfield District Menaced by Flames

Two miles back of Hillendale, in the Westfield district, the fires are raging, which threaten devastation to some of the summer homes in the Westfield district. The fire situation there was critical one last night. Fire Warden Woodley secured every man available and went out to fight the blaze, which was creeping toward the Hillendale colony. The summer residents there, however, lost the blaze gets into some old cottages and brush, now a regular fire-feeder from the loss drought, as it would most surely mean the destruction of some exceptionally fine summer cottages.

Working under the direction of Fire Commissioner Jordan

Working under the direction of Fire Commissioner Jordan yesterday, a force of eight men succeeded in bringing under control the brush fire that has been burning in that district for the past few days. An area of nearly two hundred acres has been covered by this fire, and while it is now under hand, fears are expressed as to what might happen if a brisk wind should spring up.

Executive of Provincial Memorial Home Report 37 Children Being Cared For

Reports of a satisfactory nature were received last evening at the regular meeting of the executive of the Provincial Memorial Home held in North Market building. Dr. James Manning presided. It was stated that there are thirty-seven children at present in the home. The packing was kindly done by Robert Dibble. It is stated that the articles sent in were of the best quality, warm and substantial. In the Autumn a campaign to interest St. John people in this splendid Mission will be undertaken when it is hoped

Each Side Confident In Power Co. Dispute

Manager's Statement Regarding as Closing the Door—Men Confident of Victory.

There were no new developments Wednesday to cause any change in the standstill existing between the New Brunswick Power Company and its former employees. With the statement given the public by General Manager Thomson of the Power Company, through the medium of the Press, there goes the impression, according to opinions expressed in shop, office and on the street, that the old employees are on the losing end.
