Local Hockey Team Defeats'Miller ton and is now After Chatham

Although Newcastle is without a rink a hockey team has been formed here which has already played one match. The Newcastle team went to Millerton last Thursday evening and played a match there with the Millerten team. At the end of the second half the score stood 8—5 in favor of the Newcastle aggregation. This is a very good showing considering that the shiretown boys have no chance to practice. Another match will be played at Millerton tomorrow evening and if the Newcastle team is again victoricus an effort will be made to get a game on with Chatham. There are some speedy skaters and good stick handlers on the local team and undoubtedly they could make it pretty interesting for Chatham. ould make it pretty interesting

It is at ngether likely that a covered rink will erected here before next water.

A DAY POLICEMA".

Weber greate of the recom mendation of the Police Committee that a day preschain be appointed but we condemn the method adopted by the committee to appoint one. We understand the recommendation of the Police Committee was made at a meeting of the Town Council one evening last well. A few days later the committee appointed its policeman. The committee did not ask for applications but simply appointed a men whom they considered as fitted to fill the position without any regard as to who was available. The young man appointed is perhaps the best man available but it seems to us the committee should have gone to some pains to ascertain the truth.
