Conditions of Issuing Letters-of-Credit.

AUDIT OFFICE, OTTAWA, Nov. 14, 1899.

SIR,—I have passed (Nov. 10) an application No. 114 from your department, for a letter of credit of \$200,000 in favour of the Deputy Minister and accountant.

Please request these officers to accept the following suggestions concerning their expenditure under this letter of credit:—

1. No payments should be made from any vote but "Civil Government Contingencies," for travelling expenses of employees whose services are paid from "Civil Government Salaries."

2. No temporary employees in the department should be paid without authority of Council. Instances, Messrs. Godwin, Robinson, Bedard, Scrim, &c.

3. Further advances should not be made to officers who have not accounted for previous advances within a reasonable interval. It might be well to adopt the interval prescribed for Civil Government advances, namely, one month after return from a trip.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 22, 1899.

SIR,—Let me call your attention to the Order in Council of December 2, 1895, shown at page A-15 of my report for 1897-98.

This Order in Council provides that "all departmental employees at Ottawa (other than those extra clerks and messengers who are paid from Civil Government Contingencies, and labourers and mechanics) be paid on pay-lists certified by the Auditor General before payment."

There are several departmental employees whose names are not so included in the monthly pay-lists to be certified here. Instances, Messrs. Godwin, Robinson, Bedard, Scrim, Fraser, Boyer.

Please instruct that their pay for November and subsequent months be made in the manner prescribed by the above-quoted Order in Council.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

Absence of Temporary Employees.

AUDIT OFFICE, OTTAWA, Aug. 1, 1899.

SIR,—At the time the Order in Council of October 20, 1892, was passed, giving three weeks' annual leave of absence to temporary clerks, I had a doubt as to the power of Council to pay temporaries for anything but services, owing to the lack of specific statutory authority such as is provided for permanent officers.

No stand was taken at that time, however, probably in view of the fact that whatever injury might arise was at least limited by the fixing of a period beyond which absence was not to be paid.

The case of Dr. St. Jean, however, calls for some new arrangement. This gentleman was appointed August 11, 1897, and attended his office until Dec. 23, 1898, after which date his record is as follows:—

1898: Dec. 24 to 31: On leave, 8d. at \$3.....	\$24
1899: Jan. 1 to 7: Sick, 7d. at \$3.....	21
1899: Jan. 8 to 14: On leave, 7d. at \$3.....	21
1899: Jan. 15 to 31: At office.	
1899: Feb. 1 to 14: On leave, 14d. at \$3.....	42
1899: Feb. 15 to 21: Sick, 7d. at \$3.....	21
1899: Feb. 22 to May 21: Leave by O.C., 89d. at \$3.....	267
	\$396

And there is now an Order in Council to give him another three months' leave, from May 21, or 92 days at \$3, making \$672 during absence. Dr. St. Jean's period of active work was only from Aug. 11, 1897, to Dec. 23, 1898, and from Jan. 15 to 31, 1899, or 517 days in all, making \$1,551. The absence granted is about 43 per cent of the time of attendance—a much more favourable settlement than would be allowed to any permanent officer who had served for less than a year and a half.

I am, therefore, obliged to decline passing the application for payment of \$93 to Dr. St. Jean, for July, 1899.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 29, 1899.

SIR,—With reference to a deduction made in this office from a pay-list in favour of Albert Lane—said deduction representing his pay during a period of illness in excess of the usual two weeks:

This amount is held in suspense until an opportunity occurs of discussing the general question before the Public Accounts Committee.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, Oct. 4, 1899.

SIR,—Referring to your letter of the 29th May last, regarding the deduction made from Mr. Albert Lane's pay, for a period of sickness in excess of the usual two weeks, and to your statement that the amount was being held in suspense until an opportunity occurred of discussing the general question before the Public Accounts Committee, I am directed to ask if you have yet reached a decision in the matter.

I am, sir, your obedient servant,

The Auditor General.

R. C. DESROCHERS, Asst. Sec

AUDIT OFFICE, OTTAWA, Oct. 26, 1899.

SIR,—Let me acknowledge receipt of a letter from your department, asking whether any progress has been made in discussing the cases of Albert Lane and other temporary employees, from whose salaries deductions have been made on account of protracted illness.

Since there is no legislation to sanction the payment of temporary employees during illness or vacation, they come under the general principle: "that the Executive can pay only for services rendered."

SESSIONAL PAPER No. 1

As mentioned in my letter of Aug. 1, 1899, concerning Dr. St. Jean, the allowances of two and three weeks for illness and vacation respectively (fixed by the Order in Council of Oct. 20, 1892) were not objected to at that time, as it was thought they at least precluded the possibility of longer absences, such as had occurred previously.

If, however, these limits are not to be observed, I shall be obliged to recognize Actual Service only, until Parliament explicitly sanctions payment for Non-Service.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

Accounts of Chief Engineer Coste.

AUDIT OFFICE, OTTAWA, April 27, 1899.

SIR,—In the course of conversation over his accounts for travelling expenses, Mr. Coste frequently referred to his intention of resigning from the public service, and I notice that he is described as the "Late Chief Engineer" in some proceedings in the House of Commons.

Please let me know at what date Mr. Coste resigned.

There is still an unsettled balance against Mr. Coste for living expenses, concerning which he promised to supply me with further information.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

Final Estimate for Langevin Block.

AUDIT OFFICE, OTTAWA, Sep. 26, 1899.

SIR,—I have passed in full your application in favour of A. Charlebois for the final estimate on the Langevin Block, since the specific sum was voted by Parliament.

There is, however, one allowance to the contractor which should not be made a precedent for future expenditure. I refer to the item marked "25 per cent for contractors' profits" on work not done in exact accordance with the specification. The total of the items of this nature is \$8,437.63.

In many cases the variation from specification has been only slight, but full rates have been paid for the work as actually performed, in addition to profits on the work originally described. For instance, if a \$1,000 item were built in any way divergent from the original plan, Mr. Charlebois receives \$250 for the way in which it was not built, and \$1,000 for the way in which it was built, making two items of profit on one item of work.

Moreover, the description "25 per cent for profits" is misleading. Since the 25 per cent is taken on the gross amounts it is equivalent to 33½ per cent on the cost price. \$8,437.63 is 33½ per cent of \$25,312.89 cost price. If the intention was to allow 25 per cent on the cost, this would have been only \$6,328.22—a difference of \$2,109.41.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, Oct. 23, 1899.

SIR,—*Re* the Auditor General's report of the 26th ult., as to the percentage allowed to A. Charlebois in his final estimate for the Langevin Block.

The following statement of the Auditor General, regarding the item of 25 per cent, is misleading: "In many cases the variation from specification has been only slight, but full rates have been paid for the work as actually performed, in addition to profits on the work originally described."

The contractor was allowed a percentage of work called for by the contract, but not executed. There were 18 items of deductions and only 4 of these can be classed as done by the Auditor General.

The percentage allowed was settled by the late chief architect and the contractor, prior to June, 1891, as can be seen by comparing the items of deductions returned in the final estimate, with exhibit 17 of the Select Standing Committee's report on the Langevin Block; with the exception of one item (in preparing the final estimate, it was found that a slight error had been made in this item), all the figures are the same.

As to the Auditor General's remarks of the percentage being taken on the gross amounts: I believe the system generally followed by contractors, and in this office, is to calculate the percentage on the gross amounts.

The Deputy Minister, Public Works.

D. EWART, *Chief Architect.*

Souris Breakwater: Heney & Smith.

AUDIT OFFICE, OTTAWA, Oct. 6, 1899.

SIR,—I am passing your Application No. 39 for \$337.50 in favour of Heney & Smith, for balance of amended final estimate for work at Souris Breakwater, since the exact sum was voted by Parliament.

On page Q-122 of my report for 1897-98, I find that this sum was previously deducted as follows:—"Less, paid by Government for superintendence between March 1 and Aug. 31, 1897, 135 days at \$2.50, \$337.50."

Please let me have the subsequent information which convinced you that Messrs. Heney & Smith were not liable for this expense under their contract.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

Over-Expenditure for Lighting Ottawa Buildings.

AUDIT OFFICE, OTTAWA, Feb. 6, 1899.

SIR,—I notice that "Ottawa Buildings, Lighting," was over-expended by \$192.98 at the end of December, and by \$356.95 at the end of January; or if the \$100 margin be subtracted, \$92.98 and \$256.95 respectively.

Please let me know what steps you contemplate taking to provide for this over-expenditure. The authority should have been obtained before drawing the cheques.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

Coulouge River Slide.

(Following discussion on page Q-283 of 1897-98.)

AUDIT OFFICE, OTTAWA, Jan. 11, 1899.

SIR,—I should be glad to know what steps you have taken or purpose taking to satisfy yourself of the reliability of the vouchers for this year's expenditure on the Ottawa River Works. I write this with reference to the evidence which was taken by me in the investigation on the charge for elm plank for the Coulouge slide. You will recollect that I sent you a copy of the evidence and some comments by myself on the investigation.

Kindly let me hear from you at your early convenience.

I am, sir, your obedient servant,

The Minister of Public Works.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, Feb. 9, 1899.

SIR,—Referring to your letter of the 11th ultimo in *re* Ottawa River Works, I am directed to state that the greatest care has been taken in connection with the expenditure on the works in question.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

Re Sale of Old Materials.

AUDIT OFFICE, OTTAWA, June 9, 1899.

SIR,—On your Revenue Return No. 5 the following deposits are entered:—

Proceeds of sale of old material, &c., Stony Creek.....	\$0 55
Tools, &c., Tynemouth Creek.....	1 00

I am returning the vouchers received in connection therewith.

At Stony Creek 9 articles were sold realizing \$5.55, and \$5 was paid to the auctioneer whose receipt is not furnished.

This question was considered in 1896, and it was then decided that resident engineers should in future sell small lots by private sale. (See Audit Report, 1895-96, pages Q-216 and 217.)

The account of Leonard Parker, foreman, of the sale at Tynemouth Creek, is as follows:—

Public Works Department in account with Leonard Parker.

To R. E. Lovatt, auctioneer.....	\$1 00
1 doz. shovels, self.....	2 00
Cash.....	1 00
	<u>\$4 00</u>
Materials sold.....	4 00

The second item of \$2 calls for some explanation.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, June 13, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter dated the 9th inst., returning the vouchers *re* sale of materials at Stony Creek and Tynemouth Creek, N.B., which were inclosed in our Revenue Return No. 5, and asking to be supplied with certain explanations in connection with the matter.

I am, sir, your obedient servant,

The Auditor General.

R. C. DESROCHERS, Asst. Sec.

SESSIONAL PAPER No. 1

Re Sale of Scrap Steel.

AUDIT OFFICE, OTTAWA, Sept. 13, 1899.

SIR,—A deposit came to hand to-day covering the sale of scrap steel at Sorel in June last to the Syracuse Smelting Works, Montreal. The quantity sold was 98 tons 537 lbs. at \$5.50 per gross ton—less than $\frac{1}{4}$ cent per lb. It is certified by James Howden that the above price is the highest that could be obtained.

I have to ask what was the procedure adopted in making this scale?

I may say that the Intercolonial Railway gets \$19 and \$20 per short ton for old rails, and \$12 for scrap steel.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, Nov. 23, 1899.

SIR,—Having reference to your letter, dated 13th September last, asking for certain information with regard to the sale of some scrap steel at Sorel, I have the honour to forward to you, herein inclosed, copy of a letter on the matter from our Mr. Howden.

I am, sir, your obedient servant,

The Auditor General.

R. C. DESROCHERS, Asst. Sec.

SHIP YARD, SOREL, Sept. 25, 1899.

DEAR SIR,—I beg to acknowledge receipt of your letter, dated 21st instant, with letter of Auditor General *re* sale of steel scrap to the Syracuse Smelting Works, asking what was the procedure adopted in making this sale.

In reply I may say that we have been endeavouring, for several years, to sell this particular scrap, which consists mostly of solid cast steel buckets, averaging in weight about 1,800 to 2,000 lbs., and for which there are very few purchasers in the market, as you will see by the inclosed letter from Messrs. Sessenwein Bros., dated 7th December, 1896, offering us \$5 per gross ton, delivered on cars, which would have cost us about \$1 per ton for cartage and loading, leaving only \$4 net for the scrap. This, you will see by my inclosed letter, was not accepted.

In June, 1898, a similar offer was again made by Sessenwein Bros., for the same scrap, which letter has been mislaid, and the Syracuse Smelting Works having offered \$5.50 per gross ton in our yard, it was accepted as being the highest price obtainable for that class of material.

For your information, I may also state that we utilize all the best wrought iron and steel scrap we produce in our works here.

I am, sir, your obedient servant,

The Chief Engineer Public Works Dept.

JAMES HOWDEN, Supt.

Re Slide and Boom Dues, Newcastle District.

AUDIT OFFICE, OTTAWA, Jan. 21, 1899.

SIR,—On the statement of arrears due for slide and booms received from you yesterday, there still appears \$1,846.57 against the Rathbun Co. This is the balance that remained unpaid of the dues of 1893, and against it the company claimed a contra account of \$985.78, leaving a balance due of \$860.79. I understood from the Minister and yourself that the arrears of 1893 would be settled by a payment of this balance, and accordingly I deducted, with your concurrence, that amount from a payment due the Rathbun Co. by the Department of Railways and Canals, and placed it to the credit of slide and boom dues.

Consequently, it would be incorrect to still publish the Rathbun Co. as indebted for \$1,846.57, and I am striking that amount out. At the same time, as they have likely continued in the lumbering business, they are yet in arrears for all the dues accrued since 1893. I have to ask for a statement of all the dues in arrears at the Newcastle district works up to June 30 last.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 1, 1899.

SIR,—Acting on information received from your department, that a settlement had been made with the Rathbun Co. fixing a balance of \$860.79 due by that company for slide and boom dues—Newcastle district—I retained that amount out of a payment due them by the Railways and Canals Department, and placed it to the credit of the slides and booms revenue.

I understood at the time that an Order in Council would be asked for confirming this agreement, but so far I have not received a copy of any such order.

I do not find that anything further has since come to account in payment of the other arrears due for tolls at these works.

I shall be glad to hear from you in reference thereto.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, May 3, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter dated the 1st instant, applying for information *re* arrears due by the Rathbun Co. for slide and boom dues, Newcastle district.

I am, sir, your obedient servant,

The Auditor General.

R. C. DESROCHERS, *Asst. Sec.*

AUDIT OFFICE, OTTAWA, Nov. 25, 1899.

SIR,—I wrote you April 6, 1898, inclosing copy of correspondence with the Department of Public Works in reference to the non-payment of the slide and boom dues at the Newcastle district works.

I wrote you again on this subject November 3, 1898.

I have not heard from you what action, if any, was taken by the Treasury Board in reference thereto.

The facts may again be shortly stated:—(1.) Part of the dues of the season of 1893 are yet unpaid; (2.) No revenue has come to account from these works for the seasons of 1894, 1895, 1896, 1897, 1898 and 1899; (3.) The expenditure in connection with these works for staff and repairs has been as follows:—

Year.	Staff.	Repairs.
1893-94	\$2,116 17	\$5,127 11
1894-95	2,023 25	5,170 29
1895-96	1,970 00	1,001 90
1896-97	1,980 89	841 14
1897-98	1,970 00	999 19
1898-99	1,997 50	1,783 75
	\$12,057 81	\$14,923 38

In all \$26,981.19.

This is a matter which seems to call for immediate attention.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

NOTE.—In addition to the above there are also in arrears the dues accrued in the Newcastle District in 1894, 1895, 1896, 1897, 1898 and 1899, none of which have been paid.

(a) Insolvent. (b) Chaudiere boomage. (c) Have counter claims. (d) Retained for account due. (e) Overcharges and in dispute. (f) Claims part as an overcharge.

Re Arrears Due.

AUDIT OFFICE, OTTAWA, Sept. 23, 1899.

SIR,—The Public Works portion of the report will soon be ready for the printers, and to complete the revenue part of it, the statement of arrears due, asked for August 16th last, is needed. I have to ask you to have this statement forwarded as soon as possible.

I may call your attention to the fact that the arrears due at the Newcastle district as furnished in previous years, only covered the arrears of 1893, omitting all the dues accrued since, none of which have been paid. The statement this year should be complete.

A statement should also be furnished of all advances not fully accounted for.

I am, sir, your obedient servant,

The Secretary Public Works Dept.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

Intercolonial Railway: Trainmen—Eastern Division—Concluded.		§ cts.
Brought forward		39,226 84
McDonald, J. V.: brakeman, 243 $\frac{1}{2}$ d. at \$1.60, baggagemaster 1 d. at \$1.60, det. 34 h. at 15c.; shunter at \$1.65; Richmond, 76 $\frac{1}{2}$ d., Halifax, 16 $\frac{1}{2}$ d., Truro, 10 d.		567 07
McDonald, Murdoch: brakeman, 173 d. at \$1.35, 118 $\frac{1}{2}$ d. at \$1.45, det. 99 h. at 15c.; Truro, shunter, 61 $\frac{1}{2}$ d. at \$1.40, 1 at \$1.50, 3 at \$1.75; Richmond, shunter, 2 d. at \$1.40		515 61
McDonald, Ronald: brakeman, 316 $\frac{1}{2}$ d. at \$1.60, det. 5 h. at 15c.; shunter, Halifax, 1 d. at \$1.65		508 74
McDonald, W. R.: brakeman, 27 $\frac{1}{2}$ d. at \$1.45, 295 $\frac{1}{2}$ d. at \$1.60, det. 95 h. at 15c.; shunter, Truro, 2 d. at \$1.65		530 17
McDorman, Jas., brakeman, 370 $\frac{1}{2}$ d. at \$1.60; McKenzie, Alex., brakeman, 385 d. at \$1.60		1,208 20
McEachren, J., from March, brakeman, 103 $\frac{1}{2}$ d. at \$1.60		165 07
McKenzie, W. J., from Sept.: brakeman, 160 $\frac{1}{2}$ d. at \$1.25, det. 39 h. at 15c.; Truro, shunter, 1 d. at \$1.25, 8 $\frac{1}{2}$ at \$1.30; porter, 2 $\frac{1}{2}$ d. at \$1.25; Windsor Junction, porter, $\frac{1}{2}$ d. at \$1.25		222 20
McLellan, B., conductor, 323 $\frac{1}{2}$ d. at \$2.50, det. 96 h. at 20c.		827 47
McPherson, A.: brakeman, 338 $\frac{1}{2}$ d. at \$1.60; conductor, 57 $\frac{1}{2}$ d. at \$1.90, det. 16 h. at 20c.		653 85
Payne, Robt., June, 1899: brakeman, 5 $\frac{1}{2}$ d. at \$1.25, det. 3 h. at 15c.; porter, $\frac{1}{2}$ d. at \$1.25		8 42
Pentz, H. S., brakeman, 399 $\frac{1}{2}$ d. at \$1.60, det. 9 h. at 15c.		640 55
Philips, Alfred: brakeman, 325 d. at \$1.60; conductor, 67 $\frac{1}{2}$ d. at \$1.90, det. 33 h. at 20c.		655 27
Philips, C. D.: brakeman, 343 $\frac{1}{2}$ d. at \$1.60, det. 6 h. at 15c.; conductor, 92 $\frac{1}{2}$ d. at \$1.90, det. 29 h. at 20c.		732 38
Pierce, Thos., from March: brakeman, 75 $\frac{1}{2}$ d. at \$1.25, det. 18 h. at 15c.; shunter, Truro, 8 $\frac{1}{2}$ d. at \$1.30		107 61
Pollock, H. S.: brakeman, 20 $\frac{1}{2}$ d. at \$1.25, 179 $\frac{1}{2}$ at \$1.35, 107 $\frac{1}{2}$ at \$1.45, det. 74 h. at 15c.; arrears of increase, April-July, 1898, \$8.35; Truro, shunter, 14 $\frac{1}{2}$ d. at \$1.30, 10 $\frac{1}{2}$ at \$1.40, 4 at \$1.75		483 42
Pollock, J. B., conductor, 362 $\frac{1}{2}$ d. at \$2.50, det. 12 h. at 20c.		908 68
Probert, A.: brakeman, 248 $\frac{1}{2}$ d. at \$1.60, det. 38 h. at 15c.; Truro, foreman, shunter, 6 d. at \$1.75, 18 at \$1.65		443 90
Rhodes, C. J., conductor, 294 $\frac{1}{2}$ d. at \$2.50; Rutherford, D. R., conductor, 249 $\frac{1}{2}$ d. at \$2.50		1,359 27
Ripley, Barry: brakeman, 376 $\frac{1}{2}$ d. at \$1.60, det. 20 h. at 15c.; Truro, baggagemaster, 1 d. at \$1.60, shunter, 2 $\frac{1}{2}$ d. at \$1.65; exp. inv. 50c.		611 27
Roche, H. A., brakeman, 372 $\frac{1}{2}$ d. at \$1.60		595 47
Salter, T. L., at \$1.60; baggagemaster to Dec. 31, 190 d.; brakeman, from Jan. 1, 180 $\frac{1}{2}$ d.		592 25
Scothorn, L., from March: brakeman, 67 $\frac{1}{2}$ d. at \$1.25, det. 30 h. at 15c.; Truro, shunter, 14 d. at \$1.30, porter, 5 d. at \$1.25		113 07
Simpson, John: brakeman, 185 $\frac{1}{2}$ d. at \$1.25, det. 60 h. at 15c.; Truro, shunter, 17 $\frac{1}{2}$ d. at \$1.30; porter, 3 d. at \$1.25; crossing-watch, 9 $\frac{1}{2}$ d. at \$1.25		279 23
Smith, W. P., brakeman, 389 $\frac{1}{2}$ d. at \$1.60; Stevenson, J. W., brakeman, 1 $\frac{1}{2}$ d. at \$1.25		625 24
Spain, Wm., brakeman, 364 $\frac{1}{2}$ d. at \$1.60, det. 3 h. at 15c.		583 52
Stevenson, Alex., brakeman, 385 $\frac{1}{2}$ d. at \$1.60, det. 6 h. at 15c.		617 03
Sutton, Jas., brakeman, 288 $\frac{1}{2}$ d. at \$1.60		461 52
Thomas, S., brakeman, 286 d. at \$1.60, det. 14 h. at 15c.; shunter, Truro 55 $\frac{1}{2}$ d. at \$1.65		551 32
Vance, A. B., conductor, 375 $\frac{1}{2}$ d. at \$2.50, det. 2 h. at 20c.		939 26
Watson, C. W., from Dec. 21: brakeman, 79 $\frac{1}{2}$ d. at \$1.25, 39 $\frac{1}{2}$ at \$1.30, det. 31 h. at 15c.; Truro, porter, 2 d. at \$1.25; shunter, 6 $\frac{1}{2}$ d. at \$1.30, 2 at \$1.35		168 18
Weatherbe, Jos; brakeman, 247 $\frac{1}{2}$ d. at \$1.60, det. 1 h. at 15c.; conductor, 171 $\frac{1}{2}$ d. at \$1.90, det. 38 h. at 20c.		729 40
Weir, J. M., brakeman, 298 $\frac{1}{2}$ d. at \$1.60, det. 42 h. at 15c.		483 63
Total, carried to Page R-172		57,115 18
Intercolonial Railway: Trainmen—Western Division.		
Allinghan, E., brakeman, 384 $\frac{1}{2}$ d. at \$1.60; Berry, John, conductor, 370 d. at \$2.50		1,539 99
Arbing, Jas., from Dec.: brakeman, 188 $\frac{1}{2}$ d. at \$1.60, det. 76 h. at 15c.; shunter, 14 $\frac{1}{2}$ d. at \$1.65		337 21
Armstrong, Geo., brakeman, 408 $\frac{1}{2}$ d. at \$1.60, det. 2 h. at 15c.		653 50
Barne, A., brakeman, 323 $\frac{1}{2}$ d. at \$1.60, det. 3 h. at 15c.		518 70
Berryman, L. G., from Oct.: brakeman, 201 $\frac{1}{2}$ d. at \$1.25, det. 83 h. at 15c.; porter, 9 d. at \$1.25; shunter, 2 d. at \$1.30		277 65
Bovard, C.: brakeman, 191 $\frac{1}{2}$ d. at \$1.25, det. 112 h. at 15c.; porter, 17 $\frac{1}{2}$ d. at \$1.25; messenger, 7 $\frac{1}{2}$ d. at \$1.25; shunter, 7 $\frac{1}{2}$ d. at \$1.30		296 88
Boyce, Geo.: brakeman, 360 $\frac{1}{2}$ d. at \$1.60, det. 87 h. at 15c.; shunter, 1 d. at \$1.65		590 90
Brand, H. B.: brakeman, 208 $\frac{1}{2}$ d. at \$1.35, 20 $\frac{1}{2}$ at \$1.45, det. 8 h. at 15c.; shunter, 76 $\frac{1}{2}$ d. at \$1.40		419 51
Broad, W. L., conductor, 317 $\frac{1}{2}$ d. at \$2.50, det. 4 h. at 20c.		794 56
Brown, A. E., conductor, 374 $\frac{1}{2}$ d. at \$2.50, det. 3 h. at 20c.		936 25
Buchanan, Hugh, brakeman, 375 d. at \$1.60, det. 3 h. at 15c.		600 45
Campbell, J., brakeman, 336 $\frac{1}{2}$ d. at \$1.60; Campbell, W. J., conductor, 304 $\frac{1}{2}$ d. at \$2.50		1,300 87
Capson, Wm.: brakeman, 162 $\frac{1}{2}$ d. at \$1.60; switchman, 46 d. at \$1.50		328 60
Carey, A. B., Oct.-Nov.: brakeman, 4 d. at \$1.25; shunter, 36 d. at \$1.30		51 80
Carried forward		8,646 87

SESSIONAL PAPER No. 1

Rapide Plat Canal: Extras not properly ordered.

AUDIT OFFICE, OTTAWA, May 26, 1899.

SIR,—In the final estimate of Poupore & Fraser for Section No. 3 of the Rapide Plat Canal, I notice two new items of extras, as follows:—

1894, Sept. : Extra work on bridge at Flagg's Bay.....	\$ 191 02
1891, Sept. : Preparing bed of public road for macadamizing, after lowering—320 lin. rods at \$5.....	1,600 00

Please let me know whether the work was ordered and valued in writing by the engineer before it was done, and whether the claims were made immediately, and renewed after every estimate, as demanded by the contract.

Unless these formalities were observed, the contractors have lost their right to payment.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

COENWALL, June 3, 1899.

SIR,—In reply to inquiries made by the Auditor General, referring to two new items of extras in the final estimates of Messrs. Poupore & Fraser, Section 3 of the Rapide Plat Canal, I have to state the following:—

Item "Extra work on bridge at Flagg's Bay, \$191.02." A part of this bridge, consisting of ordinary timber in sides and ends, cross ties and stone filling, was returned as crib-work under contract, schedule prices, but the superstructure consisting of cross beams, stringers, flooring, cross braces and caps of white pine, and painted two coats, required mechanical workmanship outside of ordinary crib-work. There being no price in the contract to cover this work, a verbal agreement was made at the time with the contractors and the superintending engineer, and it was considered that either doubling the quantities or the schedule price for the special work above mentioned would prove satisfactory, hence the extra account for \$191.02. This bridge was ordered to be built at the time of Mr. Trudeau's administration, at the request of the citizens of the township of Matilda.

During the progress of the work, a temporary advance was made in the Estimates by doubling the quantities, and was finally adjusted by making the extra account filed with the final estimate. The respective quantities for the work are marked in the final estimate details thus (*) *vide*: Items No. 11 and "Pine Plank."

Item "Preparing bed of public road for macadamizing, after lowering, 320 rods at \$5, \$1,600."

After the excavation was made for lowering the road, the former resident engineer at the time in charge of the works, had the roadbed made to a uniform alignment, and rounded off with special templat's made. For this work the contractors presented a claim at the rate of \$14 a rod, and amounting to \$4,480, but the superintending engineer considered that \$5 per rod was ample. Hence the extra account for \$1,600.

I am, sir, your obedient servant,

T. S. Rubidge, Esq., Supt. Engineer of Canals.

L. N. RHEAUME, *Res.'t Eng.*

AUDIT OFFICE, OTTAWA, Aug. 24, 1899.

SIR,—In further discussion of the final estimate of Poupore & Fraser for Section 3 of the Rapide Plat Canal, and the two items of extras not yet paid, namely:

1894, Sept. : Extra work on bridge at Flagg's Bay.....	\$ 191 02
1891, Sept. : Preparing bed of public road for macadamizing, after lowering—320 lin. rods at \$5.....	1,600 00

The only objection to these items, after reading Mr. Rheaume's explanation, is that the prices were not fixed in writing before the work was performed. This objection can be removed by having the sums voted in the next Supply Bill.

It appears that the first item, for \$191.02, has been concealed in the Progress Estimates for several years, by the artifice of doubling the quantities in order to give a higher price. After the outspoken condemnation of this practice in connection with the Davis contracts, it should have ceased entirely. Please instruct Mr. Rubidge to remove from his estimates, without delay, any other fictitious quantities which may be contained in them, and to report that it has been done.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Aug. 29, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 24th instant, in respect of two certain items for extra work included in Messrs. Poupore & Fraser's final progress estimate in connection with their contract for Section No. 3 of the Rapide Plat Canal.

In reply, I have to say that I am in receipt of a letter, dated the 4th instant, from the Deputy Minister of Justice, on the subject of fixing the prices before the work is commenced, and that he does not appear to agree with your interpretation of the contract in that regard. He says: "It is not entirely clear under clause 5 whether the price to be paid for extras must be fixed 'previously' to the extra work being undertaken or 'previously' to the payment being made. The latter interpretation is, probably, the better one."

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

DEPT. OF JUSTICE, OTTAWA, Aug. 4, 1899.

SIR,—Referring to your letter of the 8th May last—112918—asking for advice as to the liability of the Government in respect of claims put forward by Messrs. Poupore & Fraser, arising out of their contract for works in connection with the Rapide Plat Canal, I have the honour to state as follows:—

You refer me to a letter of Mr. O'Gara, Q.C., to Messrs. Poupore & Fraser, which is with the papers in the case, as containing the particulars of the contractors' claims, and upon turning to that letter I find that Mr. O'Gara classifies the claims under three heads, viz. :—

1. For not being permitted to unwater during the winters.
2. Expense of additional haulage on account of a change of plan by the Government in not providing the derrick cribs at Flagg's Bay, which were to enlarge the capacity of the dumping ground there, but which not being provided, the dumping ground at Flagg's Bay became insufficient and the material had to be taken across the St. Lawrence; and
3. For widening and raising the towing path.

The circumstances giving rise to the claims under the first head were considered by me upon a reference from the Chief Engineer of Railways and Canals in December, 1894. Reporting upon that reference in my letter of the 15th January, 1895, I state as follows:—

"In this contract provision is made in the schedule of prices for the payment of \$4,000 for building a dam and maintaining it for a year for the purpose of unwatering the section. This work was not done, the contractors having done the work by dredging without unwatering, but they claim, nevertheless, that they should be paid the \$4,000, and the engineer in charge of the works has allowed this item in his November estimate, explaining that the contractors adopted the alternative plan of dredging, and provided special plant and appliances for prosecuting the work, thereby avoiding the risk attending the unwatering of the canal during the winter months, which would also have involved the stoppage of the mills and the water works in the village of Morrisburg. You have refused to certify for this amount, and you ask for advice as to whether you are right in doing so.

"I am directed by the Minister of Justice to state that, in his opinion, you are right in disallowing this item in question. A perusal of the contract and specifications shows beyond question, he thinks, that it was contemplated that the work might be done either dry with the water dammed out, or by dredging without unwatering, and leaves no room for doubt as to the prices to be paid in either case. The latter plan having been adopted by the contractors, the Minister is of opinion that you have no authority to allow payment for unwatering which was not in fact done."

It appears that the contractors continued to do the excavation by dredging up to 1896, in which year the works were unwatered. It is now alleged that prior to 1896 the contractors were not permitted to unwater, although the contract gives them the option of doing the work either in that way or by dredging (specification p. 2, paragraph 1), and a large sum is claimed for additional expenses said to have been thus incurred, and also the sum of \$4,000 for unwatering in 1896.

It does not appear clearly from the papers whether or not the contractors were as a matter of fact not allowed to unwater. Mr. Rubidge, the Superintending Engineer, in his report of the 25th April last, says that "the contractor (meaning I suppose the active partner in the firm) instead of insisting upon the unwatering, provided plant and completed the channel by dredging, with this exception, that in the spring of 1896 he considered it necessary to unwater the work in order to remove boulders and clean up the bottom and slopes," and this statement seems to imply that it was open to the contractor

SESSIONAL PAPER No. 1

to insist upon unwatering and that they were not forbidden to do so in such manner as to make it compulsory upon them to adopt the alternative plan.

If the contractors did actually exercise the option given to them by the contract, it being open to them to have done the work by dry excavation if they had so chosen, then it is clear that they are not entitled to compensation for any additional expenses incurred by them by reason of the adoption of the alternative plan of dredging. If on the other hand they were required by the engineer to do the work without unwatering, as they might have been under clause 5 of the contract, they are not legally entitled to any extra payment unless the requirements of that clause have been complied with.

I do not understand that there is any question as to the claim to \$4,000 for unwatering in the year 1896.

2. As to the claim for extra haulage, I do not see how there can be any legal right to compensation under that head either, unless the provisions of section 5 have been complied with. The additional haulage is said to have been necessitated by a change of plan on the part of the Government, and, if that change involved extra or additional work, clause 5 precludes any payment for such work unless the price to be paid has been previously fixed by the engineer. I may say here, and this applies to the first claim as well as to this one, that it is not entirely clear whether under clause 5 the price to be paid for extras must be fixed "previously" to the extra work being undertaken or "previously" to the payment being made. The latter interpretation is probably the better one, and if it be adopted, as I am inclined to think it should, and if the circumstances otherwise are such that a claim for extras can be entertained, the consideration of such claim depends entirely upon questions of fact, the decision as to which rests with the engineer.

3. From Mr. Rubidge's explanation with regard to the 3rd claim there would appear to be no ground for this claim, the widening and raising of the tow path not having been required as an extra or additional work, but having resulted from a privilege granted to the contractors of spoiling or wasting excavated material on the outside of the old embankment.

I am, sir, your obedient servant,

The Secretary, Railways and Canals.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, Sept. 12, 1899.

SIR,—Let me acknowledge receipt yesterday of a copy of the letter of August 4, from the Justice Department, concerning extras in Poupore & Fraser's estimates for Section 3 of the Rapide Plat Canal.

The part of Section 5 of the contract form under consideration reads as follows:—"The contractors shall not be entitled to any payment for extra work unless such extra work shall have been first directed in writing by the engineer, and notified to the contractor in writing, nor unless the price to be paid for any extra work shall have been previously fixed by the engineer in writing."

Mr. Newcombe holds that the words: "The price shall have been previously fixed by the engineer in writing" may mean "fixed previously to payment," instead of "fixed previously to undertaking the work." Since, in all transactions of any kind, prices must be fixed before payment, Mr. Newcombe's interpretation would appear to reduce this section to a simple truism, not worth embodying in a formal contract. It would be safer, I think, to adhere to the long-accepted interpretation of "fixed before undertaking," which gives a plain motive to the wording, and secures something of great value to the Government.

At any rate there can be no difference of opinion about the phrase: "Unless such extra work shall have been first directed in writing." Some such word as "sanctioned" would have been used if "first" had meant "before payment"; "directing" can only be done before the work is begun.

I regret, therefore, being still unable to recognize these two items of extra work.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, *A.G.*

CORNWALL, Dec. 2, 1899.

SIR,—With reference to two certain items contained in Messrs. Poupore & Fraser's estimates for work done under their contract for Section No. 3 of the Rapide Plat Canal, and which items the Auditor General states he is unable to recognize, I have to offer the following explanations, viz. :—

The account No. 6 returned in final estimate, covers the labour (over and above that provided for ordinary work) put on the superstructure of the public road bridge at Flagg's Bay.

The schedule items of the contract under which the quantities for the bridge were returned call for rough mixed timber to be used in the construction of derrick cribs, and consequently could not begin to cover the cost of the superstructure on that portion of the bridge which required to be planed on all sides, framed and painted.

The contractor wanted to be paid extra for the whole structure, to this the superintending engineer objected, but instructed me verbally to double the price for that portion of the bridge above mentioned as planed on all sides, framed and painted.

Hence the following items claimed in account No. 6 :-

2,487·67 ft. B.M. pine plank at \$25.....	\$ 62 19
515·33 lin. ft. pine timber at 25 cents.....	128 83
	\$191 02

Eliminate the word extra from the heading of the account and it ceases to be different from the other accounts accepted and paid at different times for unforeseen work done on this contract.

Had it been possible to single out the time and labour expended on this particular portion of the bridge from the rest, we would have done so. The only means left, to pay the contractors the just value of the work and with your approval, was to compute it from different items of that portion of the bridge which required skilled labour outside of that for the ordinary rough crib-work.

In the final estimate the note made in red ink, thus (*) was only placed there to enable the Auditor General to check the quantities upon which the account is based.

Trusting that this information will prove satisfactory.

I am, sir, your obedient servant,

T. S. Rubidge, C. E., Supt. Engineer of Canals.

L. N. RHEAUME, *Res't Eng.*

Soulanges Canal: Exchequer Court's Award to Geo. Goodwin.

AUDIT OFFICE, OTTAWA, July 9, 1899.

SIR.—I am in receipt of the application of your department to pay Geo. Goodwin \$75,566.85.

I have to decline passing this application until I get an Order in Council authorizing the payment, without appeal to the Privy Council, the Order in Council to indicate that the Minister of Justice has given his opinion that the chances of success for the Government on appeal would be so small that they would not justify incurring the costs which would arise from the appeal.

I return the application herewith.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

Extract of Order in Council, Sept. 21, 1899.

JUSTICE.

On a report, dated 24th August, 1899, from the Acting Minister of Justice, submitting that he has had under consideration the judgment rendered by the Supreme Court in the month of April, 1898, in the case of Goodwin vs. the Queen, arising out of a contract for the construction of sections 4, 5, 6 and 7 of the Soulanges Canal—the material question being whether the banks as formed should be classed as water-tight embankments entitling the contractor to be paid 15 cents per cubic yard for the work, the contention of the Crown being that a part only of the bank was entitled to be so classed. The plans showed a bank of 30 feet on one side and 50 feet on the other. Section 11 of the specification reads as follows :—“ Wherever the surface level of the water in the canal is higher than the ground alongside, water-tight banks shall be made when so directed. In these cases the top soil must be removed for such width and depth as may be considered necessary to form the embankment seats. The material arising from this mucking to be deposited where pointed out. It will be paid for as ordinary earth excavation. The seats shall also be well roughed up with a plough so as to make good bond with the first layer of earth forming the base of the embankment. Puddle walls or cut-offs to be made where required—the puddle to be prepared and laid as specified hereafter. * * * * Only such portions of the embankments as shall be laid out by the engineer and made up in strict accordance with the foregoing specification, will be paid for as earth in water-tight banks.”

SESSIONAL PAPER No. 1

The plans exhibited at the time and forming part of the contract showed the general embankment, but did not in any way distinguish the water-tight portion. Detailed drawings as the work proceeded were, however, provided for, but so far as regards the water-tight banks no detailed drawings were at any time given to the contractor.

By Section 8 of the contract the engineer was made "the sole judge of work and material in respect of both quality and quantity, and his decision upon all questions in dispute with regard to work or material was to be final," but the printed words in the same sentence in that paragraph reading as follows:—"Or as to the meaning or intention of this contract and the plans, specifications and drawings" were struck out before the contract was executed.

The effect of the removal of those words was to take from the engineer any right to construe the meaning or intention of the contract, leaving him only to judge of the quantity and quality of the work.

The contractor claimed under his contract to be paid for the full width of the bank. The engineer disputed his right to be paid for any more than he, the engineer, certified to as water-tight embankments.

In the latter part of the year 1895, correspondence took place on the subject between the Department of Railways and Canals and the Department of Justice, and on the 15th January, 1896, the Department of Railways and Canals was advised that Sir Charles Hibbert Tupper, while Minister of Justice, "gave the matter very careful consideration and heard Mr. Goodwin in support of his claim," that the Minister came to the conclusion that the claim was one which should be entertained by the Department of Railways and Canals.

In the month of February following (1896) a written certificate of the engineer, in compliance with clause 25 of the contract, was duly made and approved by the Minister of Railways and Canals, and delivered to the Department of Finance for payment, showing the claimant entitled to \$73,260.

The approval of Mr. Haggart, then Minister of Railways and Canals, was further shown by an affidavit filed in Court of Exchequer during the progress of the suit in which he states as follows:—"That I was fully aware long before the 15th January last (1896) of the nature of the claim of the claimant in question herein, and it was with my approval that the questions raised by said claim were referred to the Minister of Justice for opinion.

"That I read the opinion of the Minister of Justice of 15th January last in reference to said claim shortly after said date, and before the progress estimate of February last in question herein was given.

"That I approved of the said estimate being given by the Chief Engineer, and of the action of the Deputy Minister in requesting by his letter of 28th February last the Auditor General to pay the same.

"(Sgd.) JOHN HAGGART."

The Minister further submits that the Auditor General having refused to recognize the certificate, a petition of right was filed in the Exchequer Court, and on the 20th June the judge of that court delivered judgment, going fully into the merits of the case. His observations on the omission to furnish the contractor with any plans indicating how much of the bank was to be water-tight reads as follows:—

"Now, I think it is perfectly clear that under these provisions the engineer had authority to lay out such portions of the embankment shown upon the original plans as he saw fit to be made water-tight, and to say that in respect of these portions the material should be selected and filled in in accordance with the specifications.

"I think it is equally clear, however, that the mere putting down of mucking stakes, which indicate to the contractor the surface from which the top soil was to be removed to the required depth in the preliminary work of preparing the bank seats, was not in any proper sense a laying out of a portion of this embankment.

"It appears that the engineers made plans showing a portion of the embankment which should be made water-tight, but these plans were not communicated to the contractor; and the fact appears to be that with respect to a large portion of the embankment outside of the lines shown upon the plans, which the engineers had prepared for themselves, and did not communicate to the contractor, the embankment was made up in exactly the same way and with the same material as that used within lines indicated on these plans."

His judgment includes the following words:—

"Entertaining the views I had as to the merits of the case, I propose to enter judgment for the claimant for such sum as I believe him entitled to, reserving to him the right to move to increase the amount to the sum claimed by him, namely, \$73,260."

In pursuance of leave given, a motion was subsequently made before the same judge to set aside the finding, and in January following the judge gave reasons for his judg-

ment reversing his former finding, not because he considered his judgment was not well-founded, but in consequence of an obiter dictum in the Supreme Court in *Murray vs. the Queen*, he considered that the case should go to that court for revision. The following extract from his judgment makes that point clear :—

“The approval of the Minister of the certificate has been proven, and there is nothing in the contract requiring it to be given, or evidenced by any writing. Mr. Justice Fournier, in *McGreevy vs. the Queen* (I. Ex. C. R. 321) appears to have been of opinion that the approval of the Minister could in a like case be given by acquiescence. Here we have more than that. We have the actual approval of the Minister to the Chief Engineer giving the certificate, and the letter of the Deputy Minister transmitting the certificate in the usual course of business to the Auditor General, and requesting that a cheque for the amount due thereon should be issued to the claimant. If, however, it is necessary for the Minister's approval to be evidenced by some writing under his hand, either on the certificate or on some other document, the claimant has not made out any case here. I say if, because I am not sure that the Supreme Court in *Murray vs. the Queen* intended to decide that it was necessary.”

The claimant then appealed to the Supreme Court, and from the view taken by the court it is made clear that Judge Burbidge had misconceived the effect of the case in *Murray vs. the Queen*.

In that case the engineer was the sole judge and arbitrator of all matters and differences arising out of the contract, but in the present case the engineer was the sole judge only of the quantity and quality of the work. See Section 8 of the contract. The court was unanimously of the opinion that the decision in *Murray vs. the Queen* did not affect the case. See page 22, Judge Sedgewick's judgment—page 7, J. Taschereau. Justices Taschereau, Sedgewick and Girouard gave judgment in favour of the appellant, Judge Gwynne and Judge King dissenting.

Referring to the certificate, Judge Taschereau states :—

“It is clearly a certificate that the work for which it is granted has been duly executed to the satisfaction of the engineer in the terms of the contract. It is, coupled with Mr. Monro's certificate, a certificate that this money is due under the contract and he was the sole judge of it. We cannot go behind it, and take upon ourselves to ascertain whether or not this amount is due, after he has certified that it is. I concur fully in what is said upon this point by my brothers Sedgewick and Girouard. If I mistake not, such would have been the judgment of the Exchequer Court if it had not been for a misconception of *Murray vs. the Queen*.”

It is clear, therefore, that the judicial decisions stood four to two in favour of the claimant.

The Minister recommends, as the legal question involved in this controversy had been referred to the Department of Justice before the present Administration assumed office, and as a former Minister of Justice has advised that the claim was one which should be entertained, and as the payment of the estimate has been approved by a former Minister of Railways and Canals, and the administrative action of the two departments referred to has been confirmed by a majority of the judges of the Supreme Court, that the judgment be paid with interest at six per cent from the eighth of March, 1898, the date of the judgment, as directed by Section 66 of the Supreme Court Act.

The Committee submit the same for Your Excellency's approval.

J. J. MCGEE, C.P.C.

AUDIT OFFICE, OTTAWA, Sept. 29, 1899.

SIR.—I am in receipt of your application of the 27th instant, to pay George Goodwin \$82,619.50, viz., Exchequer Court judgment and costs, \$75,566.85, and interest at 6 per cent from March 8, 1898, to date, \$7,052.65. I observe you quote 52 Vic., Chap. 13, Sec. 34, in support of this claim. That section does not appear to apply. Perhaps you will look at the matter again and see whether you do not intend to quote some other section.

Would you be good enough to let me know the amount of money involved in claims which are exactly similar to Mr. Goodwin's, except that they have not been brought before the courts and his has? It is quite manifest that, if his claim is paid, all those having similar claims will get theirs. I think you once informed me that for all work done since Mr. Goodwin's claim was entered, the Crown's weakness in the Goodwin claim has not been allowed to continue.

If you look up my letters of July 9, 1898, and February 21, 1899, with reference to this claim of Mr. Goodwin, you will see that what I thought was necessary to relieve me of responsibility has not been supplied. I still think as I then thought, that the Minister of Justice, not the acting Minister, should give his opinion that the chances of success for the Government on appeal would be so small that they would not justify incurring the costs which would arise from the appeal to the Privy Council.

SESSIONAL PAPER No. 1

The Order in Council of the 21st instant states as the ground for authorizing this payment, that the Acting Minister of Justice recommends that, since a former Minister of Justice advised that the claim was one which should be entertained, &c. Now, this is not what to my mind seems to be important to-day.

I write thus on receipt of your application, so that no time may be lost with reference to it, while I relieve myself, as far as I can, of responsibility in connection with so large a sum which will bring another large sum with it—how large I do not know. Then it appears well to exhaust every reasonable objection, in view of the fact that I think there is not the slightest ground for payment.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Oct. 2, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 29th instant, relative to an application from this department on the 27th, in order to the payment of certain moneys awarded on appeal by a judgment of the Supreme Court to Mr. George Goodwin, in respect of claims arising out of his contract for Sections Nos. 4, 5, 6 and 7 of the Soulanges Canal.

In reply, I would say that the Act which should have been quoted in that application is the Supreme and Exchequer Courts Act, 50-51 Vic., Chap. 16, Sec. 47, together with Section 66 of the Supreme and Exchequer Courts Act, Chap. 135 of the Revised Statutes of Canada, in respect of the allowance of interest; the Act first quoted authorizing payment by the Minister of Finance of awarded moneys or costs, out of any unappropriated moneys forming part of the Consolidated Revenue Fund.

With regard to your request to be informed as to the amount of money involved in claims which are exactly similar to Mr. Goodwin's, except that they have not been brought before the courts, I have to say that I am not aware that any similar claims have been preferred by other contractors.

With regard to your observations respecting the Order in Council of the 21st instant, which authorized payment of the moneys so awarded, I can only say that the department does not see how it can, so far as it is concerned, do otherwise than accept the said order as conclusive.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

TORONTO, Oct. 11, 1899.

DEAR SIR,—I have perused the report of this case in the Supreme Court reports, and have considered the case with a view to forming an opinion as to the result of any application which might be now made to the Judicial Committee of Her Majesty's Privy Council for leave to appeal from the judgment of the Supreme Court.

There is no appeal, as of right, from the judgment, but by the exercise of the royal prerogative, special leave to appeal may, in the discretion of the Judicial Committee, be granted. Many applications for leave to appeal from the judgments of the Supreme Court have been made, and although each application must be decided upon its own merits, yet from the remarks of the members of the committee in granting or refusing such applications, one is now able to form an opinion as to the chances of leave being granted in any particular case.

There are several circumstances combining in this case which in my opinion would make an application for leave to appeal unsuccessful. In the first place, the judgment of the Supreme Court was given in March, 1898, and no sufficient reason for not making the application at an earlier date can be shown. 'Tis true that no rule exists fixing the time within which an application for leave to appeal must be made, and there is no judgment of the Judicial Committee making the delay which has taken place in this case of itself a bar to the application; but the fair inference to be drawn from what has taken place in cases before them is that, in the absence of some proper reason explaining the delay, the time limit fixed by the rule with respect to other appeals would by analogy be applied.

In this case, in addition to the long delay, the Government, on the 21st day of September of this year, passed an Order in Council accepting the judgment of the Supreme Court as final and ordering payment of the money, and pursuant to this order the proper department applied for the issue of the cheque. In the face of all this it would be very difficult to give satisfactory reasons to the Judicial Committee for now making an application for leave to appeal, and the committee would be justified, for these reasons alone, in refusing the application.

The legal questions involved in the appeal to the Supreme Court were two: First, as to the finality of the Chief Engineer's certificate upon which the claim was based; and, second, as to the true construction of the contract relating to payment for water-tight embankments. In his judgment Mr. Justice Sedgewick makes the following statement:—"Only one question has so far been fully argued before us, viz., the question of the validity of the certificate of the 27th February, 1896, but the merits of the case were necessarily involved in that question and were therefore incidentally touched upon, and it was understood at the close of the argument that if we were of opinion that the certificate was good, the appeal should be allowed, and that no further argument as to the merits of the claim would be necessary." The judgment of the majority of the Supreme Court was that the certificate was valid and final.

I think the statement above quoted would be accepted by the Judicial Committee as conclusive with respect to the manner in which the case was left to the Supreme Court, and that the committee would not hear any argument upon the merits of the claim in so far as they depended upon the construction of the contract relating to the price for water-tight embankments. This, therefore, would limit the scope of the application for leave to appeal to the single question as to the finality of the certificate. With respect to this it could not be urged that any future rights were involved, or that under the authority of the case the Government would be bound to pay other claims which might be made with respect to water-tight embankments. The discretion of the committee to grant leave to appeal has not infrequently been exercised for the reason that the case before them decided some general important principle which would have to be applied in future cases, but this consideration could not be urged here, for the circumstances of this case are unique with respect to the certificate, and it could not be contended before the Judicial Committee that the decision in the case in that respect would be of general application or would affect the general principle applicable to future cases.

The amount involved in the appeal has never of itself been considered by the committee as a sufficient reason for allowing the appeal to be prosecuted, although in some cases it has been referred to in connection with other reasons when the views of the committee were favourable to granting leave.

For the foregoing reasons, and because of the attitude of the committee towards these applications during their recent sessions, I am very strongly of opinion that an application for leave to appeal would be unsuccessful.

I return the papers and books which you left with me.

Yours truly,

The Auditor General.

Z. A. LASH.

AUDIT OFFICE, OTTAWA, Oct. 24, 1899.

SIR,—In regard to your letter of the 2nd instant, concerning the Supreme Court judgment in favour of Mr. George Goodwin, without dealing with the main point for the moment, there seems no reason that the question of the rate of interest to be allowed in the event of the principal being paid, should not be disposed of. Section 66 of Chap. 135 of the Revised Statutes, which you quote, is: "If on appeal against any judgment, the Supreme Court affirms such judgment, interest shall be allowed by the court, &c." In this case the judgment was not affirmed, but was reversed, and, therefore, the section does not apply and the Supreme Court did not allow interest. The only authority under which interest may be allowed is, I think, 52 Vic., Chap. 38, Section 4:

"The Minister of Finance and Receiver General may allow and pay to any person entitled by the judgment of the court to any moneys or costs, interest thereon at a rate not exceeding four per cent, from the date of such judgment until such moneys or costs are paid."

It is the Minister of Finance who deals with the matter of interest, but he is not authorized to pass a higher rate than 4 per cent.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 16, 1899.

SIR,—Inclosed please find an Application No. 209 from the Department of Railways and Canals, for \$5,103.78 in favour of George Goodwin, being four per cent interest on \$75,566.85 from March 8, 1898, to November 16, 1899.

Under 52 Vic., Chap. 38, Sec. 4, the authority of the Minister of Finance is necessary for payment of interest on awards, including the fixing of the rate.

I am, sir, your obedient servant,

The Deputy Minister of Finance.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

AUDIT OFFICE, OTTAWA, Nov. 16, 1899.

SIR,—I have your application to pay \$75,566.85 to Mr. George Goodwin, the amount of the Supreme Court judgment and costs in Mr. Goodwin's Soulanges Canal claim against the Government. I am passing the amount, and am very sorry to see no ground now for refusing the payment. It is very unpleasant to have to pass so large a sum with the feeling that not even a dollar of it has been earned from the Government.

It appears to me that, as soon as the judgment was given—the judges of the court having been three for it and two against—an application ought to have been made for a hearing before the Judicial Committee of the Privy Council in England. After the passage of the Order in Council, which I required in this case, before making payment, I consulted Mr. Lash, Q.C., who usually gives me advice on legal matters and who is thoroughly familiar with this case. He, as you will see by the copy of his opinion which I inclose, is strongly of the view that owing to the length of time which has elapsed since the judgment was given, there would be no chance of the Privy Council now granting a request for leave to appeal. Under these circumstances there was nothing left for me but to pass the application for payment.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 17, 1899.

SIR,—In my letter of yesterday, with regard to the payment of the amount of the Supreme Court judgment in favour of Mr. George Goodwin, I neglected to refer to a very important point.

In placing the question before Mr. Lash for his opinion, I referred to the desirability of having the case heard by the Privy Council in England on account of the large amounts involved in works similar in every respect to the Goodwin one, so far as the merits of the matter were concerned. You will observe that Mr. Lash has gone into this aspect of the case very carefully, and shows that nothing has been decided by the Supreme Court on the merits, and that, therefore, if claims were made in connection with contracts for the similar works amounting, as Mr. Monro estimated, to about half a million of dollars, we could answer the applicants that the decision in the Goodwin case involved nothing but the fact that the Government was bound to make payment on account of your certificate having been given.

I hasten now, while the subject is fresh in our minds, to draw your attention to the point referred to above, so that we may be saved any more expenditure of like nature to what had yesterday unfortunately to be made.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Nov. 21, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 17th instant, relative to the payment of the amount of the Supreme Court judgment in favour of Mr. George Goodwin in connection with his Soulanges Canal contract, in which you draw attention to the view taken by Mr. Lash, Q.C., in his letter addressed to you on the 11th ultimo, a copy of which you had previously furnished, namely, that nothing had been decided by the said judgment on the merits of the claim, but only as to the finality of the Chief Engineer's certificate in respect of the work, on which certificate Mr. Goodwin's claim is based.

In reply, I would say that, in my capacity as Chief Engineer, in dealing with claims of this nature which may hereafter arise, I shall give no certificate as to performance of the work unless I receive definite advice from the Department of Justice that I am bound to do so.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, Nov. 22, 1899.

SIR,—I have your letter of yesterday with reference to my remarks on the judgment of the Supreme Court in the case of Mr. George Goodwin, and on the opinion given by Mr. Lash upon the case.

With regard to the last paragraph of your letter in which it is implied that you will give a certificate should the Department of Justice say that you are bound to do so, even

if you take a different view of the case, I trust that your department will cause its view of the case to be placed before the whole Government before carrying out the intention. As long as the contracts are so worded as to make the country responsible for every amount certified by you, it is a very serious thing to certify against your own opinion for large sums of money.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Nov. 25, 1899.

SIR,—I have the honour to acknowledge the receipt of your further letter of the 22nd instant, in which, replying to mine of the previous day, you suggest the expediency of submitting for the consideration of the Government any case which may, in future, arise where my own personal opinion as to the issue of my certificate, as Chief Engineer, in respect of items of contract works that appear to me of doubtful validity, is overborne by the opinion of the Department of Justice.

Your suggestion, I may say, is one in which I fully concur, in view of the obligations attaching to such issue to which you refer.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

Soulanges Canal: Extras not properly ordered.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Sept. 20, 1899.

DEAR SIR,—I send herewith for your information a copy of an agreement entered into with Mr. Andrew Onderdonk, fixing the price of \$5 per cubic yard for all dry pitching in connection with the weir and raceway at Lock No. 4, Soulanges Canal.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

Thomas Monro, Esq., Engineer, Soulanges Canal.

I hereby agree to accept the price of five dollars per cubic yard for all dry pitching shown on plan furnished 18th May, 1898, in connection with weir and raceway at Lock No. 4, Soulanges Canal.

THOS. BROWN, for A. Onderdonk.

NOTE.—The furnishing of the above plan was equivalent to a written order to do the work.—T. M.

Extract of Order in Council, Sept. 23, 1899.

Railways and Canals.

On a memo., dated 21st September, 1899, from the Minister of Railways and Canals, representing that in the progress estimate of work done and materials delivered up to the 31st of August, 1899, on Sections Nos. 4, 5, 6 and 7 of the Soulanges Canal, under contract to Mr. Andrew Onderdonk, there was a "special" item—"hand laid rip-rap" for which the price set down is \$5 per cubic yard, a class of work not covered by the contract schedule, and that in ordering the execution of this work, the Superintending Engineer omitted to give his directions in writing, and also to fix in writing the price to be paid for it; and objection has now been raised by the Auditor General to payment therefor on these grounds.

The Minister further represents that in a report upon the matter made by the Chief Engineer of the Department of Railways and Canals, he explains that by the adoption of the class of work represented by this item, a considerable saving will be effected in the cost, as it will take the place of masonry work originally contemplated; further that the price is a reasonable one. The Chief Engineer draws attention to the fact that the Department of Railways and Canals is itself seeing to the payment of the labourers from moneys from time to time earned by the contractor, and that any delay in the passage of the Estimates is, on this account, very undesirable.

The Minister, under these circumstances, recommends that clause 5 of the contract entered into with Mr. Onderdonk on the 17th April, 1897, which called for written directions from the engineer, and for the fixing of the price for extra work in writing, on

SESSIONAL PAPER No. 1

which provisions the Auditor General's objection is based, be, so far as regards those two requirements, waived, in respect of the said item, both in the progress estimate now in question and in any future estimates under the said contract in which it may occur.

The Committee submit the same for Your Excellency's approval.

J. J. MCGEE, C.P.C.

AUDIT OFFICE, OTTAWA, Sept. 27, 1899.

SIR,—I have passed your application in favour of Andrew Onderdonk for dry pitching on the Soulanges Canal at \$5 a yard, in view of the Order in Council amending Section 5 of the contract for this item only.

Let me call your attention to your letter of Nov. 18, 1896, (shown on page R-276 of my report for 1895-96), which stated that the Chief Engineer had "long since given instructions" that the contract provisions should be carried out.

The making and defining of a bargain in writing before the doing of the work is such a valuable safeguard to the Government and to an honest contractor, that one is forced to suspect ulterior motives in contractors who seem always willing to waive their contract right in this respect.

Please ask Mr. Monro to consider that the instructions mentioned in your letter of November 18, 1896, still hold good.

For the purpose of the subject of this letter the contract may be divided into two parts so that misunderstanding may be avoided in the future. The provision that the price of new work must be fixed and reduced to writing before the new work is begun, is a wholesome one and should be followed; but in my opinion it is one which may be dispensed with under an Order in Council. On the other hand, I adhere as strongly as ever to the view that another part of the contract prevents the paying, under any circumstances, for work performed, more than the prices fixed by the contract when they are so fixed.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Oct. 4, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 27th ultimo, relative to an application made to you by this department in favour of Mr. Andrew Onderdonk for payment for certain extra work executed under his Soulanges Canal contract.

In reply, I would state that I have again communicated with the several superintending engineers of the canals, calling upon them to respect and to closely follow the requirements of the contracts as regards written orders for extra works, and establishing prices therefor, before the work commences.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

Trent Canal: Unpaid wages of Contractor's workmen.

AUDIT OFFICE, OTTAWA, April 29, 1899.

SIR,—I received yesterday a copy of the Order in Council of April 24, 1899, giving authority for the payment of some \$3,500 of wages to Mr. Onderdonk's labourers, to be charged to the vote for "Trent Canal, Capital," and to be collected from Mr. Onderdonk later on.

As the work represented by this \$3,500 has already been paid to Mr. Onderdonk on his progress estimates, it will not be possible to pay the same services a second time from the vote. The only money available would be in whatever open account has been kept with the contractor, such as his security deposit.

Now, Mr. Onderdonk's deposit of \$12,000 was returned to him in January, 1899, under the Order in Council of January 19. Had the claims of the labourers been formulated at that time, the provisions of 59 Vic., Chap. 5 might have enabled the department to choose between the labourers and Mr. Onderdonk, as to which should be the recipient of the \$12,000; but as the whole of the security was then paid to Mr. Onderdonk, the opportunity for considering the labourers has gone by, and there is now no fund available for them.

A further difficulty appears probable from the wording of the Order in Council: "The wages of the labourers have been for a considerable time past in arrears." 59 Vic., Chap. 5 is authority to pay only such wages as have been notified to the department within two months after they became due.

The Government has no right to pay money unless the money has been appropriated by Parliament, and then only for the purpose authorized by Parliament. The money voted for the Trent Canal cannot by any process of reasoning be made available to pay the servants of contractors, the contractors having themselves been paid for the work on which the servants were employed. The Government has no authority to lend the money to the contractors. The contractors are in this respect in no better position than if they were not contractors.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

Restigouche and Western Railway Subsidy.

Order in Council, Dec. 12, 1899.

Railways and Canals.

On a memo., dated 7th December, 1899, from the Minister of Railways and Canals, representing that by an Order in Council of the 10th February, 1899, authority was given for the payment of the sum of \$32,000 to the subsidized Restigouche and Western Railway Company for the first ten-mile section of their road commencing at Campbellton, "pending determination" of the cost of the said section which might entitle the company to a further subsidy under the terms of the Act of 1897 granting it.

The Minister further represents that under date the 22nd November, 1899, the Chief Engineer of the Department of Railways and Canals has reported to the effect that an estimate of the cost of the said section has been made by one of the engineers of the department, such estimate amounting to \$17,986 per mile, based, the Chief Engineer states, on quantities which, in his opinion, are approximately correct, and the prices applied fair and reasonable; the total cost of the ten miles in question being as above stated, the subsidy applicable thereto would be \$46,930. Deducting from this amount the subsidy already paid, the amount now payable to the company is \$14,930.

The Minister recommends that authority be given for payment accordingly. The Committee advise that the requisite authority be granted.

J. J. McGEE, C.P.C.

AUDIT OFFICE, OTTAWA, Dec. 19, 1899.

SIR,—Let me acknowledge receipt of your Application No. 267 for \$14,930 in favour of the Restigouche and Western Railway, being their subsidy in excess of \$3,200 a mile on the first ten miles.

The estimated cost is made up by Mr. Johnson, of your department, on account of the company's statement that no record was kept of the actual cost.

Since the railway was presumably built after the subsidy was voted, and the amount of the subsidy was to depend on the "average cost," I must say that the company's statement is on the face of it improbable; and if true, the neglect cannot, so far as I can see, have been other than calculated and interested.

Affidavits should be made by the different officers of the company, to the effect that no accounts were kept. Did Mr. Johnson make any investigation of this subject in the company's offices?

I notice that, while Mr. Johnson's tabulated estimate is attached to the application, his general report is not. Please let me have it as usual.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 22, 1899.

SIR,—I beg to acknowledge receipt of your letter of Dec. 19, concerning the Restigouche and Western Railway Company's additional subsidy.

As that part of my letter of Dec. 13, about affidavits from the company's officers, and Mr. Johnson's investigation of their books, is not therein discussed, I presume that you will make that the subject of a later communication, when further information has been obtained.

In the meantime, I am withholding payment.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Dec. 27, 1899.

SIR,—I have your letter of the 22nd instant, with reference to the additional subsidy of the Restigouche and Western Railway.

In reply, I desire to say that Mr. Johnson examined such books and vouchers as the company produced, and which they stated was all they had. Mr. Johnson found they gave no clue to the cost of the work, only fragmentary parts thereof, such as cost of rails and fastenings.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

AUDIT OFFICE, OTTAWA, Jan. 2, 1900.

SIR,—We have not yet received from your department the affidavits by the Restigouche and Western Railway officials, to the effect that they kept no accounts of expenditure. These were asked for in my first letter.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 5, 1900.

SIR,—I have the honour to acknowledge the receipt of your communication of the 2nd instant, in further reference to your request to be furnished with certain affidavits by the Restigouche and Western Railway Company officials, in connection with the application from this department for the issue of a cheque in favour of the said company for the sum of \$14,930, being the amount of the excess subsidy authorized to be paid them by an Order in Council of the 12th ultimo in respect of the first ten-mile section of their railway.

In reply, I have to state that the matter has been brought to the attention of the company's solicitor.

I am, sir, your obedient servant,

The Auditor General.

L. K. JONES, *Secretary*.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 13, 1900.

SIR,—I have the honour to inclose, herewith, for your information, a solemn declaration made on the 9th instant by the President of the Restigouche and Western Railway Company, Mr. Kilgour Shives, to the effect that the company entered into a contract with Messrs. Malcolm & Ross on the 26th of July, 1897, for the construction of the company's railway for certain considerations specified, which included all subsidies granted to the company by the Provincial and Dominion Governments, which were accordingly assigned to the said contractors; further, that the company has not, and under the said contract would not have, any knowledge of the amounts expended by the said contractors.

This declaration is endorsed by a similar declaration made by the secretary of the said company.

These documents are now sent you in accordance with your request referred to in your letter of the 2nd instant.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.

Province of New Brunswick, County of Restigouche, SS.

I, Kilgour Shives, of the Town of Campbellton, in the County of Restigouche, Lumber Manufacturer, solemnly declare as follows:—

1. That I am, and have been since its organization, the President of the Restigouche and Western Railway Company.

2. That after very careful consideration the said company entered into a contract with Messrs. Malcolm & Ross, experienced railway contractors, for the construction of the railway of the said company, which contract was made on the twenty-sixth day of July, in the year of our Lord one thousand eight hundred and ninety-seven, and by the terms of the said contract it is provided, among other things, that the contractors shall procure rights of way for said railway and completely build and equip the line according to the specifications of the Department of Railways and Canals, for the sum of fifteen thousand dollars per mile of debentures of the company, bearing interest at the rate of

five per cent per annum, also shares of fully paid up stock of the company to the amount of five thousand dollars per mile, and also in further consideration of all subsidies granted to said company by the Provincial and Dominion Governments, which subsidies were in accordance with the terms of the said contract assigned to the said contractors; and the said company for and in respect to the first section of ten miles of the said railway now constructed has delivered over to the said contractors the said debentures to the amount of fifteen thousand dollars per mile, amounting in all to the sum of one hundred and fifty thousand dollars, and also the said shares of the capital stock as fully paid up and non-assessable to the extent of five thousand dollars per mile, amounting to the sum of fifty thousand dollars.

3. That the said company has not kept any account of what it has cost the contractors to construct the said railway for the reason that under and by virtue of the said contract with the contractors the company would have nothing to do with and would have no knowledge of the amounts expended by the contractors.

4. That the said contract with the said Malcolm & Ross was made by the said company bona fide, and as being the best arrangement which could be made for the construction and equipment of the said railway.

And I make this solemn declaration, conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath, and by virtue of "The Canada Evidence Act, 1893."

KILGOUR SHIVES.

Declared before me at the Town of Campbellton, in the
County of Restigouche, this ninth day of January,
A.D. 1900.

W. ALBERT MOTT.

Province of New Brunswick, County of Restigouche, SS.

I, J. Bradshaw Mackenzie, of the Town of Campbellton, in the County of Restigouche, gentleman, solemnly declare as follows:—

1. That I am, and have been since its organization, the Secretary of the Restigouche and Western Railway Company.

2. That I have read over the declaration of Kilgour Shives, hereto annexed, and I say that the several statements contained in the said declaration are true.

And I make this solemn declaration, conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath, and by virtue of "The Canada Evidence Act, 1893."

J. BRADSHAW MCKENZIE.

Declared before me at the Town of Campbellton, in the
County of Restigouche, this ninth day of January,
A.D. 1900.

W. ALBERT MOTT.

AUDIT OFFICE, OTTAWA, Jan. 19, 1900.

SIR,—Let me acknowledge receipt of your letter of Jan. 13, covering declarations from President Shives and Secretary McKenzie of the Restigouche and Western Railway Company.

President Shives declares that the construction of the road was sub-let to Messrs. Malcolm & Ross, experienced railway contractors, who were to get all the subsidies, \$15,000 a mile in debentures, and \$5,000 a mile in paid-up stock; and that virtue of the contract with Malcolm & Ross, the Restigouche Company would have nothing to do with the actual cost of building the road.

Since Messrs. Malcolm & Ross are experienced railway contractors, it will probably be found that their books contain the figures which we want; and as they have assumed all the advantages of the subsidy, we can expect them to comply with one of its minor inconveniences. Please request President Shives to obtain from the sub-contractors the details of the cost.

The company will not be inconvenienced by the short additional delay, as they have put no cash into the road; and Malcolm & Ross will get their money as soon as they give the information.

Were the payment passed on the limited knowledge now in hand, it would form a precedent under which contractors could evade any troublesome restrictions, by making sub-contracts which omitted them.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

PROVINCE OF ONTARIO,
County of Carleton,
To wit :

I, Thomas Malcolm, of the Town of Edmundston, in the County of Madawaska, in the Province of New Brunswick, Contractor, do solemnly declare as follows :—

1. I am the senior member of the firm of Malcolm & Ross, the contractors for the construction of the Restigouche and Western Railway in the Province of New Brunswick, referred to in the statutory declaration of President Kilgour Shives, dated the 9th instant.

2. I have perused a copy of President Shives's said declaration ; and being in Ottawa and having been informed of the purport of the Auditor General's communication to the Department of Railways and Canals of the 19th instant, in connection with the subsidy payable to the said railway company, I understand that information is now sought from the contractors, Malcolm & Ross, with regard to the cost of the work.

3. I am advised that the cost of the first ten-mile section of the railway to the company consists of the bulk sums agreed to be paid to Malcolm & Ross by the railway company, referred to in the said declaration of President Shives. The railway company, and not Malcolm & Ross, are the owners of the railway so constructed.

4. On the several occasions of the inspection of the line by Inspector Johnston, of the Department of Railways, Malcolm & Ross, at the request of the company, did everything in their power to assist Inspector Johnston in arriving at a conclusion respecting the cost of the work.

5. The first ten miles of the railway was commenced very late in the season, and the necessities of the case seemed to require that it should be done with great haste and expedition. Owing to the rush thus occasioned, Malcolm & Ross did not open any general offices or employ an organized office staff during the construction of these first ten miles of line. The consequence was that Malcolm & Ross have kept no general books of account, and have none ; but I was able, on the occasion of Inspector Johnston's visits, to afford him information from the receipts and vouchers of Malcolm & Ross then in our possession. These vouchers included the receipts for the purchase of all rails and fastenings and for freight thereon, the purchase cost of four-fifths of the ties or sleepers, the vouchers for land damages, the cost of the fencing of the ten-mile section, the cost of dimension timber in construction, the cost of all the cement and concrete work, and of the steel bridge, together with the cost of the track-laying and ballasting, cattle-guards, &c.

6. Chief Engineer Miles was furnished with these vouchers, and spent some time upon the work with Inspector Johnston, and subsequently visited Ottawa with a view of furnishing to the Department of Railways and its inspector all information in his power in reference to the work.

7. Inspector Johnston, of the Department of Railways and Canals, subsequently made, as I believe, an independent inspection on the ground of the first ten-mile section of the railway, and estimated the cost of same independently as constructed in the work ; and it is on his report made upon this inspection that, as I understand, the present subsidy was passed and is now due and payable.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath, and by virtue of "The Canada Evidence Act, 1893."

THOS. MALCOLM.

Declared before me at the City of Ottawa, in the Province of
Ontario, this 20th day of January, A.D. 1900.

J. TRAVERS LEWIS,
A Notary Public in and for the Province of Ontario.

PROVINCE OF ONTARIO,
County of Carleton,
To wit :

I, Thomas Malcolm, of the Town of Edmundston, in the County of Madawaska, in the Province of New Brunswick, Contractor, do solemnly declare as follows :—

1. I am the senior member of the firm of Malcolm & Ross, the contractors for the construction of the Restigouche and Western Railway in the Province of New Brunswick, referred to in the statutory declaration of President Kilgour Shives, dated the 9th instant.

2. In further reference to my statutory declaration of the 20th of January instant, I understand that the Auditor General desires to ascertain from Malcolm & Ross the total amount of the cost to them of the construction of the first ten miles of the Restigouche and Western Railway.

3. Malcolm & Ross, not having themselves any contract with the Crown in relation to the construction of the said railway, but desiring to assist the Auditor General as far as possible, are prepared to facilitate the Auditor General's inquiry in that regard, provided that such information shall not be used to their prejudice, so as to interfere with their freedom of contract with the railway company.

4. The actual cost to the company's contractors, Malcolm & Ross, of the first ten miles of the Restigouche and Western Railway (exclusive of the cost of equipping the railway, and exclusive of the cost of terminals and right of way of the railway in the incorporated town of Campbellton, the only city or incorporated town along the route of said first ten miles), and including all moneys thus far paid by Malcolm & Ross and sums for which they are still liable for and in respect of said work, amounts to one hundred and ninety-eight thousand dollars (\$198,000).

And I make this solemn declaration, conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath, and by virtue of "The Canada Evidence Act, 1893."

THOS. MALCOLM.

Declared before me at the City of Ottawa, in the Province of
Ontario, this 25th day of January, A.D. 1900.

J. TRAVERS LEWIS,

Atkinson, T., was a tenant from the G. T. R. of a house at Hadlow when the Rivière du Loup line was purchased by the Government in August, 1879 ; he remained in the house till December, 1880, but rent could not be collected		49	87
Carried forward		71,840	19

SESSIONAL PAPER No. 1

Arrears: Intercolonial Ry.—Sums due on June 30, 1899—Continued.		\$	cts.
Brought forward		71,840	19
<i>Individual and Firm Accounts—Continued.</i>			
Baldwin Loco. Works		181	10
Cameron, H. J., amount of defalcation in November, 1885, while station master at Pictou; prosecution failed		1,679	07
Coldbrook Rolling Mills, balance of account for scrap iron, 1876 to 1879, company failed		1,967	41
Cook, T. & Son, amount of draft sent by them to G. G. Bulley, Acct. Eastern Extension Ry., to pay ticket balance in 1887; draft was cashed by Bulley and amount retained; it could not be recovered from Bulley		19	80
Cunningham, F. W., rent of news privilege on trains. Amount sued for by Justice Dept., but nothing upon which collection can be made		997	56
Forbes, A., the amount was paid Messrs. McDonald, Rigby & Tupper, Government agent at Halifax, and subsequently paid to Forbes personally at Ottawa; application was made to McDonald, Rigby & Tupper to refund amount, but they claimed the amount should be recovered from Forbes		82	18
Gallant, P. E., this man was prosecuted and committed for trial, but before the case got to trial, Judge Palmer released him on a writ of <i>habeas Corpus</i> ; he then went to the United States, afterwards returned and is now living at Acadiaville		173	36
Gray & Lawrence Bros. Co.		6	75
Halifax Cotton Co.'s siding. This company had this siding constructed for their own use, and it being found convenient by other firms, was used more by the public than the company, hence the I. C. Ry. did not enforce payment, but credit the account by rebates of coal used by the Cotton Co.		5,801	97

Re Report of Travelling Auditors.

AUDIT OFFICE, OTTAWA, Sept. 11, 1899.

SIR,—Instead of the return (Form No. 146) showing the inspections made by the travelling auditors, which is now prepared at Moncton, I have to ask that each of the travelling auditors should make a certified return for this office at the end of each month, showing in the order of date the inspections made, marking opposite each of the accounts that it is correct and satisfactory, or not, as the case may be, giving full particulars in a supplementary statement.

I am, sir, your obedient servant,

The General Manager, Government Railways.

J. L. McDOUGALL, A.G.

GENERAL MANAGER'S OFFICE, MONCTON, N.B., Nov. 3, 1899.

SIR,—I duly received your letter, dated September 11, with reference to the return that you wished made by the travelling auditors, and it has been arranged to have this return made. The first of these for the month of October will go forward to you from Mr. Williams's office in a few days.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *General Manager.*

Re Rebates of Flour and Corn.

AUDIT OFFICE, OTTAWA, Sept. 15, 1899.

SIR,—A clerk from this office who recently visited the stations at Halifax and St. John, reports to me that it is the practice to allow a rebate on flour and corn received from the west via Grand Trunk Railway, for export.

With the practice I have nothing to say, but some circumstances in connection with it seem to be possible of improvement.

I understand the general custom is, that these commodities are billed at full rates and settlement made by the Intercolonial with the Grand Trunk Railway accordingly, and that a considerable time elapses before the Grand Trunk Railway share of the rebate is refunded, in some cases over a year, and in many four to eight months. This results not only in the Intercolonial Railway being out of the money during this period, but in loading the accounts of the freight agents and in causing them a great deal of extra work to no purpose. The amounts outstanding July 31 were \$4,944.30 at Halifax, and \$4,647.54 at St. John.

The Grand Trunk Railway having agreed to a rebate, should be asked to issue a general authority to your officers to charge up their share of it from time to time as the rebates are made, always reserving the right to question any items the vouchers for which are not deemed satisfactory.

In any case it is worthy of consideration whether the freight agents' accounts should not be relieved of these entries the moment they forward the necessary vouchers to the General Freight Agent's office at Moncton. Of course this would necessitate the opening of an outstanding claims account in the books at Moncton, but I think that might prove advantageous, as it would bring these matters regularly to the attention of the accountant.

I am, sir, your obedient servant,

The General Manager, Government Railways.

J. L. McDOUGALL, A.G.

GENERAL MANAGER'S OFFICE, MONCTON, N.B., Sept. 20, 1899.

SIR,—I have your letter, dated September 15, with reference to the rebates on flour and corn.

I may explain in regard to this that the interest of the Grand Trunk in the business from the west to the maritime provinces is not very great, it being but a small affair as compared with their other traffic, and they sometimes require considerable coaxing to induce them to share any rebates, or allowances, that the Intercolonial traffic officials find to be necessary in order to secure the business against water and other competition, so that the dealing with that railway in regard to settling such rebates is not such an

SESSIONAL PAPER No. 1

easy matter as it would be if the interest of the Grand Trunk in the business was greater.

I have, however, instructed our General Freight Agent, and our treasurer, to endeavour to make such an arrangement as you mention by which the Grand Trunk share of the rebate will be debited to that railway as soon as the rebate is paid by the Intercolonial.

The suggestion that such amounts shall be taken out of the station agents' accounts, and brought into the accounts of the office at Moncton is, I think, a good one, and I have drawn Mr. Williams's attention to that also.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *General Manager.*

Re Defalcations and Losses carried in Station Agents' Accounts.

AUDIT OFFICE, OTTAWA, Sept. 15, 1899.

SIR,—There are several items being carried in station agents' accounts, such as defalcations, cash stolen and other losses. There is also an amount of \$69.20 for balance due on Newfoundland notes, carried by cashier.

As it is altogether unlikely that these amounts will be collected, they should be removed from the agents' accounts and shown in the statement of arrears due.

I am, sir, your obedient servant,

The General Manager, Government Railways.

J. L. McDOUGALL, *A.G.*

GENERAL MANAGER'S OFFICE, MONCTON, N.B., Sept. 20, 1899.

SIR,—I have your letter, dated September 15, with reference to items carried in the station agents' accounts, such as defalcations, cash stolen and other losses, and with reference to \$69.20, balance on Newfoundland notes carried by the cashier, and I have instructed Mr. Williams to take these items and put them in the general balance.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *General Manager.*

Re Freight Accounts, Halifax—Outstanding items.

AUDIT OFFICE, OTTAWA, Sept. 15, 1899.

SIR,—In addition to the rebates on flour and corn outstanding at Halifax, about which I am writing a separate letter, there are other items outstanding amounting to \$1,465.95. Of this amount \$720.45 is for rebates on lobsters, \$287.60 of which accrued in June, July and August, 1898. There are also four items amounting to \$106.80 in 1896.

No doubt there are reasons why these accounts have remained so long outstanding, but it is advisable that they should be disposed of one way or another with as little further delay as possible.

I am, sir, your obedient servant,

The General Manager, Government Railways.

J. L. McDOUGALL, *A.G.*

GENERAL MANAGER'S OFFICE, MONCTON, N.B., Sept. 20, 1899.

SIR,—I have your letter, dated September 15, with reference to outstanding items in the freight accounts at Halifax for rebates on lobsters, &c., and I have taken up the matter with our officials, and we will get these matters disposed of as soon as possible.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *General Manager.*

Re Freight in Store.

AUDIT OFFICE, OTTAWA, Sept. 15, 1899.

SIR,—The freight in store at Halifax, as shown by the monthly returns, generally amounts to \$12,000 or \$13,000. A considerable part of this amount consists of freight on deal on cars, awaiting shipment, on which there is no charge for demurrage or shunting.

Under these circumstances, don't you think the consignees should be required to pay the freight on these cars as received? I assume the railway is not responsible for loss by fire or otherwise after the consignees are notified of the arrival of the deal.

I am, sir, your obedient servant,

The General Manager, Government Railways.

J. L. McDOUGALL, A.G.

GENERAL MANAGER'S OFFICE, MONCTON, N.B., Sept. 20, 1899.

SIR,—I have your letter, dated September 15, with reference to freight in store, and I will see what can be done in regard to carrying out your suggestion that the freight on deals standing on cars waiting shipment shall be collected from the consignee. I expect that there will be a good deal of difficulty in getting an arrangement of that kind carried out, as consignees of freight are only required to pay freight on delivery, and if we had a piling ground on which this freight could be unloaded the probability is that it would be unloaded by the consignees, and still the freight would remain unpaid till delivery, in the same way as goods stored in the sheds of the railway.

In regard to the liability of the railway for loss by fire, or otherwise; the railway having completed its service as a common carrier, it becomes in the case of freight stored for the convenience of the owners, or held on cars, as these deals are, a warehouse agent, and, therefore, the railway is not liable for loss or damage by fire or otherwise, as warehousemen are not responsible under such circumstances.

In regard to demurrage or car rental. The railways have found that it is necessary to make a very liberal allowance of time for lumber to remain on cars waiting shipment.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *General Manager.*

GENERAL MANAGER'S OFFICE, MONCTON, N.B., Dec. 16, 1899.

SIR,—You wrote me on the 15th of September with reference to the collection of freight charges on cars of deals, instead of keeping them as freight in store, as is done at Halifax and some other places. I answered your letter to some extent, but at the same time I sent it to our General Superintendent, Mr. Price, and to Mr. Wallace, General Freight Agent, to be considered and to see whether they could devise some means to meet the case. I have now reports from both of them, and they are of opinion that we could not well compel shippers of lumber to pay the freight on their lumber until they took delivery of it, or were about to take delivery of it. There is no arrangement in our regulations by which this could be done, and as Mr. Price states lumber is very much in the same position as grain in an elevator, the freight on which is often not paid until it is shipped. In regard to the charge for demurrage the Canadian railways generally have agreed to be rather lenient in regard to the charge for demurrage on lumber for shipment on account of the difficulty shippers experience in making definite arrangements for the arrival and departure of sailing vessels. In regard to this our General Freight Agent is now endeavouring to make arrangements with the exporters of lumber to give them about 30 days free storage on cars, and after that to charge unless the circumstances warrant a further reduction.

In regard to the question of the responsibility of the railway in case of loss by fire or otherwise, I do not think the railway is responsible in the case of such loss or damage occurring, unless the lumber has been such a short time at the station that the shippers could not receive it.

We have opinions in regard to that from the Department of Justice, and they are to that effect.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *General Manager.*

SESSIONAL PAPER No. 1

Re Ticket Office—Montreal City.

AUDIT OFFICE, OTTAWA, Sept. 12, 1899.

SIR,—The return (Form No. 164) from the Montreal city ticket office for August 31, shows a balance on hand of \$112.68, and is signed by H. J. Scriver. Another return of the same date on which the balance of \$112.68 is entered is signed by J. W. Bryson. This return is followed by another still, dated August 31, and marked corrected statement, on which the balance of \$112.68 is not entered. On no subsequent return, all of which are signed by J. W. Bryson, has this balance been accounted for.

Please let me know if the amount has been yet deposited, if so, when; and if not, what action has been taken in reference thereto.

Is Mr. Scriver still in charge of the office at Montreal?

I have to ask that notice should be sent to this office in future, of any new appointments to or changes in the permanent staff of the railway which may be made on the authority of the department or yourself, stating the name, the position to which appointed, and the rate of pay. I am already furnished with any such appointments made on the authority of an Order in Council.

I am, sir, your obedient servant,

The General Manager, Government Railways.

J. L. McDOUGALL, A.G.

GENERAL MANAGER'S OFFICE, MONCTON, N.B., Oct. 6, 1899.

SIR,—In answer to your letter, dated September 12, with reference to the ticket office in Montreal city.

There was a change made in the ticket agent, and the office was transferred on the 31st August from Mr. H. J. Scriver to Mr. Bryson, and the difference in the statements in reference to the \$112.68 is no doubt due to that transfer.

The amount is correctly accounted for, and \$76.51 of it were deposited on the 18th September, and \$36.17 were deposited on the 28th September, making \$112.68.

J. W. Bryson is the ticket agent at Montreal since the 1st September.

As requested, I have arranged to have you kept informed of the appointments to or changes in the permanent staff of the railway.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *General Manager.*

Canals Revenue.

AUDIT OFFICE, OTTAWA, Nov. 21, 1899.

SIR,—The revenue from canals, hydraulic rents, &c., for 1897-98 was \$407,662.81; the revenue for 1898-99 was \$371,124.38, a falling off amounting to \$36,538.43.

The revenue from this source up to November 20, 1898, was \$220,257.92; the revenue to the same date, this year, only \$186,482.94, a falling off of \$33,774.98.

As statistics and records are kept in your department covering the traffic of the canals, I have to ask for a statement showing at what canals this reduction arose, and on what class of freight; and any explanation of the causes which produced such a falling off.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Dec. 1, 1899.

SIR,—I have the honour to acknowledge the receipt of your communication of the 21st instant, in which you ask for information bearing on a falling off of revenue derivable from the Dominion canals during the year 1898-99.

In reply, I would say that the reduction in receipts to which you refer has occurred largely on the Welland Canal, but I am not in a position to indicate the causes to which it is attributable. I may, however, observe that during the season of 1898 about 8,000,000 bushels of grain came down over the Canada Atlantic Railway from Parry Sound to Coteau Landing, being carried thence by canal to Montreal.

I am, sir, your obedient servant,

The Auditor General.

SESSIONAL PAPER No. 1

Re Civil Service Examination Fees.

AUDIT OFFICE, OTTAWA, May 3, 1899.

SIR,—According to the returns furnished of the civil service examinations held in November last, the total fees collected amounted to \$1,434. Of this sum only \$1,419 has come to account. The secretary of the board, when forwarding the returns on March 6th last, wrote that the sub-examiner at Vancouver was short that amount; that he had both telegraphed and written the sub-examiner to remit at once, and that he hoped the money would be forthcoming very shortly. It has not yet come to account.

The sub-examiner may not realize that he can be proceeded against either civilly or criminally for withholding these fees. He should be now notified that unless the amount is at once remitted, the matter will be placed in the hands of the Department of Justice.

The department will no doubt consider if such conduct should not debar his employment at future examinations.

I am, sir, your obedient servant,

The Under Secretary of State.

J. L. McDOUGALL, A.G.

DEPT. OF SECRETARY OF STATE, OTTAWA, May 4, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 3rd instant, calling attention to a shortage of fifteen dollars in the fees collected by the sub-examiner of the Board of Civil Service Examiners at Vancouver, B.C., in connection with the civil service examination held at that place in the month of November last.

I have referred your letter to the board with a request that the sub-examiner at Vancouver be written to in the sense thereof, and that such other steps be taken as will ensure an immediate collection of the balance of fees still outstanding.

I am, sir, your obedient servant,

The Auditor General.

JOSEPH POPE, U.S.S.

AUDIT OFFICE, OTTAWA, November 7, 1899.

SIR,—Referring to my letter of May 3rd last and your reply of the 4th, I have now to state that the shortage of \$15 in the fees collected by the sub-examiner at Vancouver, B.C., has not since come to account.

I shall be pleased to hear from you in reference thereto.

I am, sir, your obedient servant,

The Under Secretary of State.

J. L. McDOUGALL, A.G.

DEPT. OF SECRETARY OF STATE, OTTAWA, Nov. 17, 1899.

SIR,—I beg to acknowledge the receipt of your letter of the 7th instant, in further reference to the shortage of \$15 in the fees collected by the sub-examiner at the civil service examinations held at Vancouver, B.C., in the month of November, 1898.

In reply I beg to say that I have inquired of the board as to what action has been taken in the matter, and have been informed that the sub-examiner concerned was written to after the receipt of your letter of the 3rd May last, to the effect that unless the shortage was made good within a reasonable time he would be proceeded against in a court of law. Subsequently the board submitted the facts of the case to the Reverend Mr. Maxwell, M.P., upon whose recommendation Mr. Burpee was appointed, but unfortunately this gentleman had been seriously ill for some weeks, and was not, therefore, able to look into the matter personally. He was kind enough, however, to interest one of his friends in the case, and the board is now advised that Mr. Burpee, the sub-examiner, has promised to remit the amount of his shortage without further delay. I presume, therefore, that the matter will be disposed of very shortly.

I am, sir, your obedient servant,

The Auditor General.

JOSEPH POPE, U.S.S.

Expenses at Vancouver.

AUDIT OFFICE, OTTAWA, November 3, 1899.

SIR,—On December 2, 1898, a cheque for \$58.40 was issued in favour of G. F. Burpee, Vancouver, for his services as sub-examiner and expenses in connection with the November examination. On June 16 last you wrote stating that you had been unable to get Mr. Burpee to furnish receipted accounts. None have yet reached this office.

As a cheque was issued in favour of Mr. Burpee, I assume he furnished accounts that were approved for that amount and that they were sent back to be receipted and returned. I notice that the expenses in the year previous at Vancouver were only \$28.75. It seems to call for some explanation why they should be more than double in 1898-99. Is Mr. Burpee the sub-examiner for the examination to be held this month?

I am, sir, your obedient servant,

The Secretary, Board C. S. Examiners.

J. L. McDOUGALL, A.G.

Do Payment at Quebec.

AUDIT OFFICE, OTTAWA, November 3, 1899.

SIR,—I called your attention in my letter of October 14, 1898, to a double payment at Quebec of \$5 for rent of chairs and tables. I do not find that it has been refunded.

Sufficient details are not given of the charges for travel. Hotel bills should be furnished.

A cheque of \$2 for 1 Shareholders' and Directors' Manual seems to call for some explanation.

I am, sir, your obedient servant,

The Secretary, Board C. S. Examiners.

J. L. McDOUGALL, A.G.

Re Arrears Due.

DEPT. OF SECRETARY OF STATE, OTTAWA, November 8, 1899.

SIR,—Replying to your circular letters of inquiry upon the subject, I have the honour to inform you that there are no arrears due this department on account of the financial year closed on the 30th June last, with the exception of the fee of \$20, due upon the commission issued in 1897 to His Honour T. R. McInnis, Lieutenant-Governor of British Columbia, which has not yet been paid.

I am, sir, your obedient servant,

The Auditor General.

JOSEPH POPE, U.S.S.

Re London Library.

AUDIT OFFICE, OTTAWA, Nov. 16, 1899.

SIR,—In the account of the London library for 1898-99, there appears a payment to the *Victoria Times* for six years' subscription, \$30, postage \$18. There are also several cases of three years' subscriptions being paid, and many cases of two years. I do not know what means you have of determining that these subscriptions have not been paid, but there is no entry on the voucher that it has been examined and was found correct. This state of affairs is most unsatisfactory. I would suggest that the High Commissioner should be requested to have a statement prepared of all the papers and periodicals received at his office, and on receipt you should enter after each, up to what date it has been paid. During the present fiscal year each paper and periodical should be asked to send in its account to December 31, 1900, and they should be paid. In each subsequent year a list should be furnished by the High Commissioner and payment of the current year's subscription made.

I may also call your attention to the inconsistency of having a vote under Department of the Interior and another under Department of Finance for expenses of the High Commissioner's office, and still paying for papers, periodicals, &c., out of "Unforeseen Expenses." Though there are not many, yet there are some charges in these other departments for subscriptions to Canadian papers.

Would it not be advisable to pass this expenditure into the hands of the High Commissioner's office, to be paid out of its ordinary vote for contingencies?

There is a charge for postage on these papers, generally about \$3, or slightly more per annum for a daily. Please explain why the *Montreal Herald* and *Gazette*, and the *Ottawa Journal* and *Free Press* charge \$6.

No vouchers were furnished for payment to the *Winnipeg Tribune*, the *Exporter*, and the *Mail and Empire*.

I am, sir, your obedient servant,

The Under Secretary of State.

J. L. McDOUGALL, A.G.

DEPT. OF SECRETARY OF STATE, OTTAWA, Nov. 23, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th instant, respecting certain payments for newspaper subscriptions on account of the library attached to the High Commissioner's office in London.

SESSIONAL PAPER No. 1

With regard to the cases you mention, in which the subscriptions have been allowed to run unpaid for several years, I may say that whilst I agree with you as to the desirability of paying these subscriptions yearly, it has been found impossible, owing to the heavy demand upon the small credit at disposal, to follow this practice rigidly, and some papers which have not rendered their accounts annually have been passed over. But at the same time great care has been taken to ascertain that the amounts charged were accurate. The bills are sent to this department by the High Commissioner "for payment," and generally bear in addition a certificate that they are correct, but in any case the covering letter is a sufficient certificate. For the rest, the accounts of the letter of credit kept in this department show the dates to which subscriptions are paid in every instance. As to the absence of a specific entry upon each voucher to the effect that it has been "examined and found correct," that is a comparatively unimportant omission, in view of the fact that you are furnished with statements of these disbursements, together with the cancelled cheques, signed by myself after being countersigned by the officer in charge of the library accounts and which invariably contain the date to which payment is thereby made, and also with the newspaper bills receipted, the whole forming, I consider, a very complete voucher.

This does not appear to me to be, as you say, "a most unsatisfactory state of affairs." On the contrary, in one respect at any rate, I am inclined to think it is just the reverse, as it certainly seems more satisfactory to pay for services rendered and value received than, as you suggest, to make payments in every case for a year in advance.

The system of obtaining a statement from the High Commissioner of all papers and periodicals received at his office, and the entry thereon by this department of the dates to which each has been paid, the adoption of which you suggest, is already in force, and at the present moment, with two or three exceptions in which accounts have been asked for, subscriptions are settled up to the end of the current calendar year.

With your remarks as to the inconsistency of payments of this nature on account of the High Commissioner's office being made from so many sources, and especially from "unforeseen expenses," I am entirely in accord, and I certainly think as you do that it would be advisable to pass all such expenditure into the hands of the High Commissioner's office to be paid out of its ordinary vote for contingencies. Although this department, as you are aware, is not responsible for the present system, which is laid down by Order in Council and is now of long standing, I will take upon myself to communicate your suggestion to the High Commissioner so that if the proposed change be adopted, the requisite provision may be made in the estimates for his office for the coming fiscal year.

The difference in the charges for postage of the *Montreal Herald*, the *Montreal Gazette*, the *Ottawa Free Press* and the *Ottawa Journal*, and those of other papers is accounted for, I understand, by the additional weight of these papers, which also include a much larger issue on Saturdays. But the charge can scarcely be regarded as excessive, in view of the fact that the postage required upon every paper is at least two cents daily.

I am writing the *Winnipeg Tribune*, the *Exporter*, and the *Mail and Empire*, asking them to send me receipted accounts, although it seems to me that the cheques bearing their endorsement are sufficient vouchers.

I am, sir, your obedient servant,

The Auditor General.

JOSEPH POPE, U.S.S.

AUDIT OFFICE, OTTAWA, NOV. 28, 1899.

SIR,—I am in receipt of your letter of the 23rd instant *re* newspaper subscriptions to the London library.

I am glad to learn that these accounts are carefully examined in your department before payment. I would request that in future the evidence of such examination having been made, be entered on the vouchers. I can but repeat that it is a most unsatisfactory state of affairs for me to have to pass an account running six years, without any possibility of determining whether part of it may not have been previously paid. There is no evidence on the voucher that the account has been examined by some officer of your department and is correct. However, it is satisfactory to know that this is likely to cease soon. You state that subscriptions, with two or three exceptions, are settled up to the end of the current calendar year.

In view of some of the expressions in your letter, I may state that a cheque payable to order and properly endorsed is a proof of payment. A voucher properly itemized and certified is a proof that the account was incurred in the service of the Dominion and should be paid. Both are needed to make an efficient audit.

I am, sir, your obedient servant,

The Under Secretary of State.

SESSIONAL PAPER No. 1

Living Allowance to Officers in the Yukon.

AUDIT OFFICE, OTTAWA, June 20, 1899.

SIR,—I notice from the accounts furnished me by your department that your officers in the Yukon District appear to be in receipt of a living allowance in addition to their regular salaries, or have subsisted on goods received in payment of Customs duties. Kindly inform me of your authority for allowing these officials anything over and above their salaries. The majority of these officials are not on the permanent list, but are employed as temporary or "acting" officers. The Civil Service Act appears to me to include in its application all Customs officers, whether permanently or temporarily employed, and I am of opinion that the temporary officials can be legally appointed by the authority of the Governor in Council alone (*vide* Civil Service Act, sec. 47). In the cases before me the Order in Council authorizing the employment should state definitely whether the persons are to receive anything over and above the stated salary, either in the form of a living allowance or by being boarded directly at the Government expense.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

DEPT. OF CUSTOMS, OTTAWA, June 29, 1899.

SIR,—Referring to your letter of the 20th instant respecting the allowance for living expenses paid to Customs officers in the Yukon District, I beg to state that for the current year authority is being obtained in the Supply Bill to cover the expenditure in question. The service had to be carried out and dealt with on the spot as the occasion required. The best arrangement practicable at the time was made in regard to the living allowance agreed to be paid. The conditions being now more settled, the expenditure for the Yukon Customs for 1899-1900 will be definitely regulated in advance, as in the case of other parts of the Dominion. Your representations in regard to the appointment of temporary officers will receive early consideration.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*.

Transfer from Province of Quebec to Unforeseen Expenditures, Provinces Generally.

AUDIT OFFICE, OTTAWA, August 16, 1899.

SIR,—I have an application from your department asking that an amount of \$3,859.48 to be transferred from Salaries and Contingencies, Province of Quebec, to Unforeseen Expenses, Provinces Generally, and the reason given for the transfer is that the amount was over-expended in the province during the year. I regret to have to say that, in my opinion, the wording of the Unforeseen Vote does not justify the transfer to it, unless on evidence that the expenditure of the amount to be transferred was on services which were unusual, and therefore unforeseen.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

DEPT. OF CUSTOMS, OTTAWA, Sept. 22, 1899.

SIR,—Referring to your letter of the 16th ultimo respecting an application from this department asking that an amount of \$3,859.48 be transferred from Salaries and Contingencies, Province of Quebec, to Unforeseen Expenses, I beg to state that the amount provided in estimates for the expenditure in the Province of Quebec was not sufficient to meet the demands of the service. The business at Montreal was much larger than was anticipated when the estimates were prepared, and there also arose a necessity for a new officer at Paspébiac on account of ocean service and for another officer at Coteau for the grain trade. Provision was made in the supplementary estimates to meet the increased expenditure in Nova Scotia, Ontario, Manitoba, North-west Territories, British Columbia and Yukon. The amount available from the appropriation for Unforeseen Expenses was held to meet the unforeseen increase in the Quebec service and a supplementary vote was not, therefore, asked for the Quebec expenditure.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, Sept. 25, 1899.

SIR,—I am in receipt of your letter of the 22nd instant, with reference to the transfer from Salaries and Contingencies, Province of Quebec, to Unforeseen Expenses, Provinces Generally. It does not appear from your letter that you consider the transfer ought to be made.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

DEPT. OF CUSTOMS, OTTAWA, Sept. 27, 1899.

SIR,—I have the honour to acknowledge receipt of your letter of the 25th instant *re* transfer from Salaries and Contingencies, Province of Quebec, to Unforeseen Expenses. In my opinion, the transfer, under the circumstances, ought to be made. The additional expenses for Salaries and Contingencies in Quebec, were unforeseen at the time the appropriation for Unforeseen Expenditures was granted by Parliament, and it was assumed that such Unforeseen Expenses could be paid out of a vote for "Unforeseen Expenditures." Your views on the question, however, have been duly noted for guidance in preparing the estimates of this department in future.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, Sept. 30, 1899.

SIR,—I am in receipt of your letter of the 27th instant. I am sorry that I cannot see my way to changing my view about the transfer of Salaries, &c., from Quebec to the vote for Unforeseen Expenses.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

Contingent Expenses paid to March 31, only.

AUDIT OFFICE, OTTAWA, October 6, 1899.

SIR,—In your expenditure on account of contingencies for the provinces of Ontario, Quebec and Nova Scotia for the year 1898-99, I notice that the contingent expenses of many of the ports and outports have been paid up to March 31st only. Please inform me why the whole year's expenses for these ports were not paid prior to the closing of the accounts for the year.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

Expenditure in Yukon for which no Details are Given.

AUDIT OFFICE, OTTAWA, October 9, 1899.

SIR,—I beg to call your attention to the following items in Voucher 5162, Yukon Passes, 1898-99, for which no details are given :—

SESSIONAL PAPER No. 1

DEPT. OF CUSTOMS, OTTAWA, March 27, 1899.

SIR.—Referring to your letter of July 7th, 1898, respecting the re-appraisal of ten locomotive engines imported by the Wabash Railroad Company :

I beg to attach to refund claim a memo. as to the age of the engines, and a letter from the collector at Windsor as to an error in the entry.

There are no further documents from the company at present on file.

The Dominion appraiser, being satisfied that the locomotives were entered at an erroneous valuation made a re-appraisal thereof under the authority conferred on him by section 70 of the Customs Act, and certified such appraisal on the refund claim accordingly.

The date of the certificate (" 1897 " instead of " 1898 ") is a clerical error.

Refund claim 55462 inclosed.

I am, sir, your obedient servant,

JOHN McDOUGALD, *Commissioner.*

The Auditor General.

DEPT. OF CUSTOMS, OTTAWA, March 27, 1899.

SIR,—I beg to acknowledge the receipt of your letter of the 22nd June, on the subject of Quebec Revenue Returns, and would advise you that on the 28th June last I wrote the collector of customs at Stanstead and Sherbrooke that returns K-10 from their ports should be forwarded to you on the same dates as the deposit receipts were sent to the department, and that they were to furnish you with copies of their returns from the months of December, 1897, and January, 1898.

The discrepancies between the accounts current from the port of Montreal and the returns K-10A from the outports of St. Régis, Trout River, Dundee, St. Jerome and Joliette are accounted for by the fact that the returns forwarded from these outports to the chief port are invariably incorrect, and they are returned by the collector to the outport for correction.

When the sub-collector forwards his return to Montreal, he forwards the return K-10A to the department, but the amount shown thereon is subsequently corrected, owing to the discovery of errors at the chief port, and the sub-collectors have not been in the habit of forwarding corrected returns.

Latterly, the returns have been checked promptly and the sub-collectors advised that where errors have occurred a corrected return K-10A must be forwarded to the department and to your office.

I am, sir, your obedient servant,

JOHN McDOUGALD, *Commissioner.*

The Auditor General.

Refund of Duty on Goods supplied Army and Navy.

AUDIT OFFICE, OTTAWA, June 7, 1899.

SIR,—I am without any reply to my letter of February 17 last, inquiring on what statutory authority refunds are made of the duty paid on goods for the Army and Navy.

Details are published in the Audit Report for 1897-98, page T-68 of the refunds made that year. The duty refunded to American vessels amounted to \$4,025.08. Of this sum, \$1,709.44 was repaid the SS. " Patterson," being the duty on 58 cases and 1 qr. cask liquor, and 30,500 cigars.

The next largest amount repaid to any vessel was \$1,044.41 to the cable ship " McKay Bennett." The larger amounts repaid to any of Her Majesty's ships were \$839.92, \$541.81, \$477.60, and lesser amounts.

I have again to ask for the statutory authority under which these refunds are made, and a copy of any regulations in reference thereto.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Commissioner of Customs.

DEPT. OF CUSTOMS, OTTAWA, July 18, 1899.

SIR.—Referring to your letter of the 7th ultimo, respecting the authority for refunding duty on goods (1) for the Army and Navy, (2) for American vessels, (3) for cable ships :

I beg to state that refund of duty on goods for the Army and Navy is granted under the provisions of Order in Council, dated 2nd July, 1868, and under " General Orders " of 24th August, 1868, as per copies hereto appended.

Provision is made under section 105 of the Customs Act for delivery of ships' stores, duty free, to vessels bound on a foreign voyage or engaged in the deep-sea fisheries, subject to forfeiture if any such stores or any part thereof are re-landed or disposed of

in Canada without entry and payment of duty. The quantity of stores is left to the discretion of the Customs officer at the port of delivery, as is customary in other countries.

The articles permitted to be delivered, duty free, as ships' stores, are defined by the Minister of Customs, from time to time, according to the conditions of the voyage and the circumstances of the case.

A copy of section 105 of the Customs Act is hereto appended.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

Re Warehouse Storage Fees.

AUDIT OFFICE, OTTAWA, October 5, 1899.

SIR,—I have to call your attention to the large falling off in the Warehouse Storage fees collected at Ottawa during 1898-99—\$13.02—as compared with the collections of the previous year, \$242.50.

Though there were small amounts collected at Pictou, N.S., and St. John, N.B., during 1897-98, nothing was collected during last year. In neither year was anything collected at Halifax.

I have to inquire if the same regulations as to these charges are supposed to be in force at all the large ports.

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

DEPT. OF CUSTOMS, OTTAWA, October 9, 1899.

SIR,—Referring to your letter of the 5th instant, in the above matter, I beg to state that the falling off in these fees at the port of Ottawa during 1898-99, was caused by importers providing their own bonding warehouses last year, while formerly the "Queen's Warehouse" (so-called) was temporarily used for the warehousing of bonded goods.

As the room in the "Queen's" warehouse is usually not sufficient to accommodate the bonded goods to be warehoused, it has been the general rule to require importers at all ports to provide their own bonding warehouses.

"Queen's" warehouses, where established, are reserved, as far as practicable, for examination of bonded goods, and the temporary storage of unclaimed dutiable goods, pending sale.

I am, sir, your obedient servant,

The Auditor General.

JOHN McDOUGALD, *Commissioner*.

Re Bonding Warehouse Fees.

AUDIT OFFICE, OTTAWA, October 5, 1899.

SIR,—The following statement shows the ports at which there were less fees for bonding warehouses collected in 1898-99 than in the year previous.

I have to ask for an explanation from the collector in each case of the reduction.

Port.	Fees in 1897-98.	Fees in 1898-99.	Decrease.
Toronto	\$ 957 94	\$ 903 34	\$ 54 60
Windsor	100 00	70 00	30 00
Arichat	20 00	20 00
Halifax	1,673 34	1,556 67	116 67
Liverpool	40 00	40 00
Lunenburg	140 00	120 00	20 00
North Sydney	40 00	20 00	20 00
Fredericton	60 00	20 00	40 00
St. John	520 00	420 00	100 00
St. Stephen	140 00	120 00	20 00
Woodstock	60 00	40 00	20 00
Winnipeg	560 00	519 50	40 50
Nelson	260 00	120 00	140 00
	\$4,571 28	\$3,909 51	\$661 77

I am, sir, your obedient servant,

The Commissioner of Customs.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

DEPT. OF CUSTOMS, OTTAWA, November 10, 1899.

SIR,—Referring to your letter of the 5th ultimo, in the above matter, I beg to state that the decrease in the receipts for warehouse fees during 1898-99, as compared with the previous year, appears to be on account of the discontinuance of bonded warehouses.

File 45059, containing the collectors' explanations in respect of this decrease, is forwarded herewith for perusal.

I am, sir, your obedient servant,

JOHN McDOUGALD, *Commissioner.*

The Auditor General.

Advances not accounted for.

AUDIT OFFICE, OTTAWA, October 21, 1899.

SIR,—The following advances have not been accounted for :—

Capt. O. G. V. Spain, February 2, 1898.....	\$150
D. H. MacKinnon, June 30, 1898.....	100

These items were not returned in your statement of arrears due, though my letter of August 16th last asked for any arrears due by disbursing officers.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Commissioner of Customs.

DEPT. OF CUSTOMS, OTTAWA, October 26, 1899.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st instant, calling attention to advances made to Captain Spain and D. H. MacKinnon in the months of February and June, 1898, and which have not been accounted for.

The advance made to Mr. MacKinnon has recently been accounted for, and deposit receipts for the unexpended balance will be sent you as soon as certain of his accounts have been taxed by the Department of Justice.

The accountant has called upon Captain Spain verbally and by letter several times to account for the advance made him, but has not, so far, succeeded in obtaining an account of his expenses.

On the last occasion, he stated that his expenses exceeded the amount of his advance.

I am, sir, your obedient servant,

JOHN McDOUGALD, *Commissioner.*

The Auditor General.

Promotion Examinations—Outside Service.

AUDIT OFFICE, OTTAWA, May 27, 1899.

SIR,—At the Public Accounts Committee yesterday morning, Mr. Christie, when giving evidence, stated that, at examinations for promotion in the outside service of your department, held in different places and on different dates, the same questions were submitted, so that it was possible for candidates presenting themselves at the later dates to obtain the papers and learn the answers to the questions before the hour set for their examination. Mr. Christie further stated that, as a matter of fact, this had been done.

Please let me know if the practice has at any time been such as described, and whether it is followed at the present time.

Manifestly, if the same papers are to be used at examinations in different places, the examinations should all be held on the same date and at the same hour, as is done in the case of examinations held under the direction of the Ontario Education Department, or of the various universities. If it is impossible to do this, then a different set of questions should be submitted at each place.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 31, 1899.

SIR,—I have not received a reply to my letter of May 28th last with reference to examinations for promotion in the outside service of your department. I beg to ask for your answer at your earliest convenience.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDUGALL, A.G.

Hide Inspection—Defective Accounts.

AUDIT OFFICE, OTTAWA, October 3, 1899.

SIR,—In G. Roy's account for expenses of hide inspection, 1898-99, there are entered two trips from Quebec to Montreal, two to Ottawa, and one to London. In each case, Mr. Roy charges full fare each way. Please get from Mr. Roy an explanation of his reasons for not buying return tickets.

Cab-hire, amounting to \$30.50 in Quebec, and \$30.25 in the other cities mentioned might apparently have been saved by using the street cars.

There are also entered in Mr. Roy's account, payments for type-writing, amounting to \$16.50, the vouchers for which do not show the calculation of the charge. Kindly cause this information to be supplied.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

Vouchers not Supplied

AUDIT OFFICE, OTTAWA, October 3, 1899.

SIR,—No vouchers have been sent to this office in support of payments to the British American Bank Note Co., as follows, during 1897-98 and 1898-99 :—

Cheque No.	Service.	Amount.
58036.....	Excise, on account of stamps.....	\$5,336 34
58218.....	Excise, on account of stamps.....	5,000 00
59337.....	Excise, on account of stamps.....	2,233 40
59337.....	Weights and measures.....	62 31
59337.....	Electric light inspection.....	4 29
59482.....	Excise, on account of stamps.....	1,000 00
59732.....	Excise, on account of stamps.....	1,000 00
		\$14,636 34

Please let me have the vouchers for these payments.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 11, 1899.

SIR,—No vouchers have been sent to this office in support of the expenditure for "Specimen sets of metric weights and measures for educational purposes." The following cheques were issued up to June 30 last :—

Cheque 58099—	Postmaster, Ottawa	\$102 61
Cheque 58617—	Bank of Montreal, Ottawa.....	84 44
Cheque 61201—	Bank National, Ottawa.....	130 44
Cheque 61242—	Bank National, Ottawa.....	119 56

Please let me have the vouchers for these payments without delay. I should also like to have a statement showing what disposition has been made of the sets of weights and measures procured under this appropriation.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, October 30, 1899.

SIR,—Let me direct your attention to my letters of the 3rd and 11th instant, asking for vouchers in connection with the expenditure for printing stamps and for metric weights and measures.

As the audit of the expenditure of your department for 1898-99 is now completed and the details about ready for printing, with the exception of the accounts referred to, I have to ask that these vouchers be sent me without delay.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, Nov. 3, 1899.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of the 11th ult., relative to the non-receipt of vouchers in support of the expenditure for "Specimen sets of metric weights and measures for educational purposes," and in reference thereto to inform you that unfortunately these vouchers have been mislaid, but this department has written for duplicate copies thereof.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary.*

SESSIONAL PAPER No. 1

Defective Vouchers, District Inspector, Manitoba.

AUDIT OFFICE, OTTAWA,, October 30, 1899.

SIR,—Let me ask your consideration of the following remarks in connection with the accounts for 1898-99 of Mr. J. K. Barrett, district inspector, Manitoba :—

The items for livery in Winnipeg, amounting to \$41.50 and telegrams \$13.35, are not supported by vouchers from the persons to whom the money was paid. Such vouchers should be furnished.

Each of the accounts rendered by Mr. Barrett include an entry "sundry petty expenses," amounting in all to \$19.20. Please get from Mr. Barrett the items making up this amount.

In the accounts for travel the total claim for "personal expenses" of each trip is entered instead of the items being given in detail.

There is a charge of \$2.50 for a directory which should have been procured through the Government Stationery Office.

In my letter of May 28, 1898, I called your attention to items in Mr. Barrett's accounts for 1897-98 of the same nature as those mentioned here, but there has been no improvement in his accounts. Please ask Mr. Barrett to comply with the requirements of this office in rendering his accounts.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

Medical and Nursing Attendance on Sick Officers.

AUDIT OFFICE, OTTAWA, October 31, 1899.

SIR,—In the account rendered by the estate of the late W. L. Hamilton, district inspector for Kingston, and allowed by you, the following items for medical attendance and medicine for Mr. Hamilton appear :

Miss Barnett, nurse, 7½ days	\$ 7 50
Ormond and Walsh, medicines, &c.	4 35
R. King, M.D., visits and medicines	18 50

A note signed by you, on the account reads as follows :—"I do not consider these medical accounts as strictly a legal charge against the department, but inasmuch as Mr. Hamilton was stricken with what turned out to be a fatal attack while on official business, I take the responsibility of authorizing the payment."

Since, as you state, these accounts are not a legal charge against the department, and as neither the deputy head of a department nor the Auditor General has the right to authorize an illegal expenditure, I have to ask that a refund be obtained from the late Mr. Hamilton's estate, of the amounts in question.

You will recollect that the gratuity paid under authority of the order in council February 1, 1868, is stated to be granted for the purpose of defraying the expenses of illness and funeral.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Nov. 14, 1899.

SIR,—In the account for Gas Inspection, St. John, paid by cheque No. 59327, there is an item of \$2 for medical attendance on Mr. J. B. Wilnot, the Inspector, in connection with an accident which happened to him while absent on a tour of inspection, as stated by the District Inspector in a note on the account. As the circumstance described in this note is clearly not sufficient to establish the liability of the Department for the payment, I have to ask upon what ground the item was allowed.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

Legal Expense Accounts not Certified by Justice Department.

AUDIT OFFICE, OTTAWA, October 31. 1899.

SIR,—In connection with the expenditure for excise contingencies 1898-99, I find that the following accounts for legal services do not bear the certificate of the Department of Justice :—

Cheque 59618—S. C. Riou.....	\$100 58
Cheque 60097—Cyrias Roy	131 61
Cheque 58608—J. C. Pouliot.....	62 56
Cheque 60094—J. C. Pouliot.....	144 86
Cheque 60096—J. C. Pouliot.....	64 00
Cheque 60204—J. C. Pouliot.....	54 30

Were these accounts submitted to the Justice Department, and, if so, what reason has that department given for returning the accounts without certificate ?

Some of the accounts for fees and expenses of magistrates and constables in connection with prosecutions under the Inland Revenue Acts are taxed and certified by the Justice Department, and others are paid in full without such certificate. Why is not the practice of submitting these accounts to the Justice Department followed in all cases ?

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, November 6, 1899.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of the 31st ult., relative to certain accounts for law costs not having been certified by the Department of Justice, and, in reference thereto I beg to draw your attention to the fact that all these accounts have been certified to by the prothonotary, consequently the Department of Justice consider that the accounts are legally taxed and have so stated either in forwarding the account or when they have been submitted to them for taxation.

As regards the last paragraph of your letter in connection with the fees and costs of magistrates and constables, I am directed to say that the Department of Justice decline to tax these as they do not consider them as coming under the category of professional services. I inclose herewith extract from a letter received from the Department of Justice on this subject.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary*.

Extract from letter dated 28th November, 1898, from the Department of Justice.

With reference to the account of constable John Savage, \$13, I would point out to you that the taxation of accounts with which this department is charged, are those of legal agents of the Dominion, and charges for legal work done by barristers and solicitors who may be employed on behalf of the various departments of the government, and charges for constables' fees, witnesses' fees, and charges for disbursements, are not included in this category.

I think such charges and accounts can be examined and certified by your department without the necessity of a reference to this department for the purpose. In fact your department is in a much better position to know whether or not they are reasonable charges. Should any difficulty or trouble with reference to the examination and certifying of any of the items of such accounts arise in your department, I shall of course, if desired, be glad to render any assistance in advising with respect to the points as to which the opinion of this department may be asked. Might I therefore request that in future only the accounts of legal agents should be referred for taxation.

Cab-hire for Funeral.

AUDIT OFFICE, OTTAWA, October 31, 1899.

SIR,—The account of A. McAllister, excise collector at Belleville, paid by cheque No. 60945, includes a charge of \$4 for cab-hire in connection with the funeral of the late Inspector Hamilton. A personal expense of this kind should not be made a charge on the public funds. I have, therefore, to request that a refund of the amount be obtained from Mr. Collector McAllister.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

SESSIONAL PAPER No. 1

Re Excise Revenue.

AUDIT OFFICE, OTTAWA, June 7, 1899.

SIR,—On page 7 of your report for 1897-98, there is entered \$430.23 under the heading of "Suspense Account." This balance has been unaltered for some years past. I have to ask for particulars and explanations.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, June 9, 1899.

SIR,—I have the honour to acknowledge receipt of your communication asking particulars and explanations as to a balance of \$430.23 under the heading of "Suspense Account" on page 7 of the Inland Revenue Report for 1897-98 which has been unaltered for some years past, and in reply, to inform you that this is an old balance due on account of seizure revenue by Mr. Wm. Graveley, ex-collector of Inland Revenue of the now abolished Division of Cobourg.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary.**Re Arrears Written off.*

AUDIT OFFICE, OTTAWA, September 26, 1899.

SIR,—In my letter of the 18th instant I called attention to the omission from the statement of arrears due of the names of D. Carmichael, \$940, and J. A. Gagnon, \$80.

On the return of hydraulic rents for the month of August, just to hand, these items are entered as cancelled by authority of orders in council of August 16th last.

No copies of these orders have been furnished to this office. Without them I do not know the reason why these amounts have been cancelled. As I have previously written you, any liability due a department requires the authority of Parliament before it can be written off.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, September 27, 1899.

SIR,—I have the honour to acknowledge receipt of your communication of the 26th instant relative to the cancellation of the leases granted to D. Carmichael and J. A. Gagnon, and in reference thereto, to inform you that the Clerk of the Privy Council has been requested to furnish you with copies of the orders in council of the 16th August last.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary.*

AUDIT OFFICE, OTTAWA, September 30, 1899.

SIR,—I have to-day received copies of the orders in council, dated August 16th last, cancelling the leases in favour of J. A. Gagnon, of Three Rivers, and D. Carmichael, Calumet, and granting authority to write off the books of the department the arrears accrued in connection with said leases.

I would call your attention to the correspondence of last year in reference to the writing off of the arrears due by David Diamond and John Wilson, New Westminster, B.C. In your letter of February 6, 1899, you concurred in the view expressed in my letter of February 2, that parliamentary authority was required to write off any amount due to the government.

You must have overlooked this correspondence when you made application to council to have these last cases written off.

As there is no parliamentary authority, so far as I am aware, empowering council to write off these or any other amounts due to the government, I would suggest that

these amounts should be restored to the list of arrears due, so that they may be dealt with in the correct way by the Public Accounts Committee first and by Parliament afterwards.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

Re Arrears Due.

AUDIT OFFICE, OTTAWA, September 19, 1899.

SIR,—The following amounts are entered on the statement of arrears received to-day, which do not appear on the like statement furnished last year, and presumably accrued during the year ended June 30th last :—

Excise.

Baldwin, J. E., Bathurst, N.B.....	\$1,487 40
Gauvin, N., Rivière du Loup	2,110 36
Costigan, H. A., Ottawa	68 45

Hydraulic and other Rents.

Perley & Pattee	100 00
Thompson & Perkins	50 00
Perkins, Lyman	150 00

* * * * *	*
Booth, J. R.....	75 00
Desjardin, Alfred	1 00
Richelieu and Ontario Navigation Co.....	25 00

* * * * *	*
McNee, Archie, increase from \$60 to \$180.....	120 00
Dewar, Colin, increase from \$35 to \$40.....	5 00

Minor Public Works.

* * * * *	*
Bristol Ferry	10 00
Queenston Ferry	10 00
Quyong Ferry, increase from \$79 to \$159.....	80 00

Adulteration of Food.

Kelly, E., St. John, N.B.....	25 91
* * * * *	*

I have to ask for an explanation of the arrears at Bathurst and Rivière du Loup. Gauvin's name was dropped from the civil service list in 1895. What security was held from these officers? Were the amounts paid which were dropped from the arrears due last year? If so, please give the dates. Assuming that they were all paid, it would seem to call for explanation why such a small amount was collected out of \$38,400.47 returned in arrears.

Would it not be well to notify the parties in arrears this year and not previously, that their names will be published unless payment is made at once?

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, November 7, 1899.

SIR,—With reference to your communication of the 19th of September and subsequent letters relative to arrears, I have the honour by direction to inclose statement in connection with these accounts.

SESSIONAL PAPER No. 1

It will be observed that a number of these have been paid since the statement was sent to your department and no doubt a large number more will be settled in the course of a short time.

As regards the accounts against L. M. Coutlee or Conroy, which are the same, I have the honour to inclose a deed of sale of the island in question.

Mr. Conroy is endeavouring to have the matter settled with the Department of Public Works.

I am, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary.*

AUDIT OFFICE, OTTAWA, November 15, 1899.

SIR,—In my letter of September 19th I asked for an explanation of the arrears that were reported this year for the first time, particularly of the large amounts at Bathurst, N.B., and Rivière du Loup, Quebec.

In your reply, dated November 7th, you inclose a statement, and the only explanation of these two cases is as follows :—"Excise collections not remitted—Absconder." No doubt these offices were regularly inspected, and there must have been some exceptional circumstances which led to these collectors being allowed to fall into arrears. I have to ask for a full explanation, and also the nature of the security held from the officers.

I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

DEPT. OF INLAND REVENUE, OTTAWA, November 21, 1899.

SIR,—Replying to your communication of the 15th instant, I beg to state that the two officers referred to were collectors of customs who were authorized to collect Inland Revenue at the outports to which they were attached. The department fell into the error of assuming that the security given to the Crown by them as officers of customs covered their dealings as revenue officers in any capacity in which they might be appointed to act. The courts held differently, and hence the default has not been made good, though the department has some hope that it may yet be partially recovered.

I take this opportunity of stating, however, that since 1883, when I had the honour to be appointed Commissioner of Inland Revenue, and up to the date of the defaults referred to, this department has collected an aggregate excise revenue of over one hundred millions of dollars, without the loss of a single dollar through any of its officers. I doubt if this record can be equalled by any Government department, or any commercial corporation in this country, or elsewhere.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner.*
