## ST. PATRICK'S DAY BRINGS GALA OCCASION FOR REGINA IRISHMEN : ALL BUSY CELEBRATING

### Alderman Rink Replies to Board of Trade's Criticism With Offer To Contribute Large Amount If Statements Made Can Be Proved

Council Never Requested Board of Trade to Take Over "Greater Regina Club" Work.

REMARK OF A. T. HUNTER BEINGS RETORT COURTEOUS

Ward One Alderman Says He Prefers to Remain "Foreigner" By Comparison.

Alderman Rink was seen by a reporter of The Evening Standard this morning and was asked if he had anything to say in regard to the proceedings at the meeting of the board of trade yesterday afternoon. While inclined to treat the matter jokingly, he said that there were some few statements made which might be believed by the general public to be correct and concerning which he thought it wise to have the facts known.

**Alderman Rink's Offer.**

"For example," said the alderman for ward one, "a statement was made that when the 'Greater Regina Club' became defunct in 1911 the city council of that year, and the city council of the year 1912, requested the board of trade, to take over the duties of the defunct organization. This statement is not correct and if the council of the board of trade can produce any record of the city council or any of its committees to bear out this statement, I shall be glad to make a generous contribution to the funds of the board of trade, which are apparently in great need of replenishment, my only condition being that if the council of the board of trade cannot produce such a record, it will make a like generous contribution to the funds of any one of the various organizations which are doing good work in the city of Regina, and in which I have much interest in their progress, as for example the Regina General Hospital, the Bureau of Public Welfare, the Children's Aid Society, etc."

**The Board's Friends.**

"The fact of the matter is," continued the alderman, "that when the council of 1912 decided to increase the amount of the grant to the board of trade to the very large sum of \$25,000, every member of the city council who was not a member of the board of trade voted against the proposal, and the only support it received at the hands of the members of the city council was from the members of the board of trade. Rather generous, wasn't it, for these men to vote the people's money to themselves, and that without consulting the people for whom this precious aggregation have so little respect that rather than let them have a say they have decided to forego the grant this year."

"This year, however, the public conscience has been aroused, and there were many of this same public whose money was being voted who were prepared to see to it that such a grant was not made in direct contravention of the 'City Act' even if it were necessary to take out an injunction to prevent it."

**The Freight Rates Case.**

"I am certain by one of the speakers at yesterday's meeting," laughingly continued Alderman Rink, "(Continued on Page Eight)

**Dynamiters File Appeal.**

Washington, March 17.—Application for pardon for 12 of the labor leaders convicted in the "dynamite conspiracy cases" at Indianapolis, was filed today with the department of justice. The petition alleges that the men were innocent and that Judge Albert B. Anderson, who presided over the Federal court at Indianapolis when they were convicted, did not give them a fair and impartial trial.

**Vote Down Change of Name.**

London, March 17 (C.A.P.)—The Royal Colonial Institute annual meeting turned down today emphatically the suggestion to change the name to the Royal British Institute. Practically only one speaker, Dr. Charles Harvey Freeman, of Kamloops, B.C., supported the proposal.

**Carpenters to Meet.**—A special summoned meeting of the Amalgamated Society of Carpenters, local 2631, will be held Wednesday night at 8 o'clock in the Trades Hall, old Leader block.

**C. P. R. COMMODORE CAPTAIN RETIRES.**

London, March 17 (C.A.P.)—Capt. Frank Carey retires from the Canadian Pacific Railway service this week. For the last twelve years he has been the company's commodore captain. His first Atlantic voyage was made 51 years ago since which he has crossed over 600 times, travelling 1,500,000 miles by sea.

### Carelessness Let Domestic Current Carry 5,000 Volts: Two Killed

Calgary, Alta., March 17.—According to a statement issued by City Electrician Brown this afternoon, the carelessness of two street railway men in winding a 5,000-volt wire around a lightly-insulated 110-volt domestic wire was responsible for last night's tragedies in which two men were killed and two injured. The heavier wire destroyed the insulation, sending its 5,000 volts over the domestic lighting circuit in east Calgary.

### Warm Times Expected When Council Debates Grant To Board Of Trade

Aldermen Will Air Their Views Tonight if Anyone Brings Up Motion Introduced; Discussion of It Today Waxed Warm.

The crisis in the fight between the city council and the council of the board of trade is likely to be reached tonight in the city council chamber if any attempt is made to introduce the motion granting the board \$15,000 referred to in this morning's issue of The Daily Province. The atmosphere was tense in the city hall this morning when it was learned that one of two members of the city council were determined to press the grant, despite the fact that the council of the board of trade yesterday afternoon decided to withdraw their request for a grant.

### MILITANTS GIVE VAUDEVILLE TURN

Showers Pamphlets on King and Queen At Music Hall.

London, March 17.—Militant suffragettes contributed an extra and rehearsed "turn" to the program given before King George and Queen Mary at a music hall performance today in aid of a hospital.

During the singing of the National Anthem a shower of militant suffragette pamphlets fluttered from the ceiling above the royal box. Some of the papers floated into the box and found a lodging on the shoulders of the King and Queen.

Simultaneously a woman occupying a place in the stalls of the theatre stood up and pointing a finger at the royal party shouted:

"Your Majesty, Mrs. Pankhurst is in prison. I therefore—"

The woman was unable to proceed further with her speech as a detective held her hand over her mouth and she was led out of the theatre.

**BUILDING PROSPECTS BRIGHT.**

"Permits are coming in better and prospects are bright for a good building season this year," said a member of the building inspector's staff this morning to a Province and Standard reporter. In proof whereof the reporter was shown permits for three modern houses in the south-east of the city taken out this morning by A. C. Froome.

The houses in question will be modern throughout. They will be built early this spring in block 469 on Montreal street between 15th and 16th avenues, and will cost approximately \$3,500 each. The Constructors Ltd. will do the construction work for Mr. Froome.

**ENGLAND'S NEW PLAN.**

London, March 17.—A variant on the "naval holiday" suggestion was produced by Rt. Hon. Winston Spencer Churchill, first Lord of the British Admiralty, in the House of Commons today.

Introducing the naval estimates for 1914-5, amounting to \$27,750,000 he said:

"Every delay, accidental or deliberate, by the next strongest power in England will be matched by us."

### GAULLAUX RESIGNS CABINET POST, BUT OTHERS WILL STAY

Wife's Assassination of Figaro Editor Leads to Political Upheaval.

CALMETTE HAD LETTERS MINISTER HAD WRITTEN

They Were Addressed to Mme. Caillaux While She Was Wife of Another.

MURDERESS BREAKS DOWN

Paris, March 17.—The French cabinet today decided to retain office, despite the resignation of Joseph Caillaux, minister of finance.

M. Joseph Caillaux, minister of finance, whose wife yesterday assassinated Gaston Calmette, editor of the Figaro, appeared at the ministry of finance for a few minutes this morning in order to dispose of several urgent matters of departmental business. He called into his private office several of the higher officials of the ministry and informed them of his resignation.

Resignation is Accepted. M. Caillaux's resignation was made necessary by his wife's assassination of Gaston Calmette, editor of the Figaro. Although Caillaux was considered the strongest and most influential member of the cabinet, his colleagues determined to accept his resignation and to reorganize the various portfolios.

René Renoult, hitherto minister of the interior, will become minister of finance. Louis J. Malvy, minister of commerce, will succeed M. Renoult as minister of the interior. Raoul Perrot, deputy from Vienna and under secretary of the interior, will become minister of commerce.

Setting on Information given by Madame Caillaux, the police today took possession of various papers in the office of the editor of the Figaro. It is understood that among these papers were letters written to the editor by M. Caillaux to his present wife before they were married and while she was still the wife of Leo Claretie.

Some hundreds of others spent their time in the lobby and committee rooms, discussing the situation brought about by the assassination of M. Calmette. Although it was regarded as illogical to hold the cabinet in any way responsible for the crime of Madame Caillaux, yet the opportunity was seized by opponents of the cabinet to

### GLENN AND LATTY EDUCIGL IRELAND AT NOON LUNCHEON

Glowing Eulogiums Paid to St. Patrick and Emerald Isle By Regians.

SPEAKERS AROUSE GREAT ENTHUSIASM BY REMARKS

Bishop Mathieu, W. F. Turgeon, E. F. Boddington, Father Sinnott and Others Speak.

A REMARKABLE GATHERING

When the shackles which once bound the religious folk of Ireland have been struck off from her body politics than will the work of the Ancient Order of Hibernians be done.

This was the sentiment that surged through the speeches delivered by many able speakers at a banquet given by the society to the "Soldier Priest," Father Sinnott at the King's hotel this noon.

Presiding at the gathering, His Lordship Bishop Mathieu was called upon to address the members of the organization. Following his remarks, the Hon. A. W. F. Turgeon spoke on "Home Rule for the Fatherland."

Bishop Mathieu's Address. His Lordship Bishop Mathieu spoke with great fervor. "Dear friends, in seeing so many precious people around me to celebrate this St. Patrick's Day I am reminded of the fact that in every city, village and hamlet of the world, similar meetings are being held in honor of our patron saint. By the retelling of the story—the life of our saint—we all get much good."

"No country can alone claim St. Patrick exclusively. Historians are at variance as to his birth. Notwithstanding, Irishmen have emblazoned his memory on their hearts in gold letters. It is for Ireland he labored and wept."

"Ireland has proud records. We are just proud of Ireland's history and origin. Go where you will and you find the Irish in the vanguard of the world's greatest achievements. In science, art and the letters, we are proud to say the Irish are in the front ranks. It should, and it is one of our proudest memories that our Fathers kept the Christian faith. This is the most precious heir-loom you can hand down to your children. The greatest day in our history is when St. Patrick first set his foot in Ireland and that faith. It's a glorious memory."

**Happiest People in the West.**

"The motto of the Hibernians in Ulster, Friendly and Christian Charity. In consequence we are the happiest people in the world. The pagans once said of the Christians: 'See—these are the people who are happy. Let us have the world as that of us.'"

"As the string is to the lyre, so must we all be faithful to our bishop. I have come here to do you good, I have given up all the pleasures that can make a man happy—to do you good, so I have a right to your affections. Sons of Erin, do your work remembering the motto: 'I have just told you, and you will have a place in that splendid edifice that is ours.'"

**Turgeon Talks on Home Rule.**

Hon. A. W. F. Turgeon rose and took as his subject, "Home Rule." Enthusiastic applause greeted him as he resumed his seat.

"There is one thing looms up before me as I see this patriotic and optimistic assembly. Perhaps this will be the last St. Patrick's Day celebrated before Ireland gets Home Rule (Applause). The fighting spirit will disappear, the subject of Home Rule is a hackneyed one. It is 113 years old."

"But Home Rule has always had a popular support in Canada. We feel that the unifying spirit it would create in Ireland should be theirs as it is ours. Home Rule has had many friends in the House at Ottawa. In 1838-39 and 1898 the House of Commons adopted a resolution in favor of Home Rule for Ireland, yet it is not our concern or in our legal jurisdiction."

**Home Rule Coming.**

"As a part of the British Empire, we have felt that we have had a right to speak on the part of the Empire in Ireland's cause. Home Rule is a popular theme in Canada. During the last two years the cause has been brightening. I believe this will be the last meeting in honor of St. Patrick before Home Rule has been given to the sons of Erin. The past to rule their own country. The Irish have not been able to do and they have gone it with wisdom"

### IRELAND'S PRAISES SOUNDED TODAY IN SONG AND SERMON

MELVILLE'S CONGRAGULA TION.

Mayor J. L. Rowan and the people of the Melville are numbered among the staunchest supporters of the Vicar. Early this morning Secretary Gordon Woodside sent a telegram from Mayor Rowan of the Northern town which is as follows:

"Congratulations Vics for us on their splendid victory tonight. The people of Melville are all with you, and wish you greater success in the game on Wednesday night. Tell the boys the cup man remains in Saskatchewan." (Sgd) J. L. ROWAN.

### BANDITS' LEADER CAUGHT AT MASS

Montreal Police Pounce on Beachamp As He Kneels in Church At Prayer.

HE WAS HEAVILY ARMED WITH TWO REVOLVERS

Has Been Hiding in Cellars and Shacks and Subsisting Mainly On Nuts.

Montreal, March 17.—While praying in St. Vincent de Paul church at the corner of Fullum and St. Catherine streets at 8 o'clock this morning, Joseph Beachamp, the alleged leader of the trio of murderous bandits, was caught by Constable Wilfrid Choquette, aided by Lieutenant Gagnon and Sergeant Gouin.

He was heavily armed, carrying a 28 and a 32 calibre revolver, but was grabbed by Choquette from behind in such sudden and strong manner that he was unable to make any resistance.

Beauchamp says that he has not seen his companions, Alphonse Fournault and Bourret, since the memorable night of the gun fight last Thursday. Since then he has been hiding in cellars and shacks, had been in communication with none of his friends and has been almost starved at times, subsisting mainly on nuts.

He denied having shot Constable Bourdon.

### GERMANS TO COME IN LARGE NUMBERS

City Commissioners Will Let Alliance Have City Hall for Sessions.

The German-Canadian provincial alliance of Saskatchewan, an organization created for the purpose of welding together the German speaking citizens of this province and for the promotion of social intercourse among the members, will hold its annual convention in the city on March 25 and 26.

Delegates to the number of 500 or 600 from all parts of the province will make Regina their mecca during that week and a big program has been drawn up. The mornings and afternoons will be devoted to the transaction of business, while the evenings will be spent in social pleasures.

The Regina branch of the alliance is making arrangements to provide adequate accommodation for the guests while they are in the city. In response to their request, the city commissioners decided this morning to provide space in the city hall for the various sessions of the convention during its two days' visit here.

**BANQUET TOMORROW.**

It is very probable that the visiting Grand Mare hockey team will be entertained at a banquet after the big game tomorrow night. Final arrangements have not been completed as yet, but at this time there seems little doubt that the function will take place.

The world's champions are allowed 10 per cent of the gate receipts of Allan Cup games for the entertainment of the visitors.

Mrs. Stewart Young Dies—Yesterday afternoon at 3 o'clock at the Reginald Maternity Home, Cameron street, the death occurred of Mrs. Stewart Young, a well known resident of Regina. The deceased was a daughter of Mr. Thomas of the Young-Thomas soap factory, while her husband is the son of J. M. Young, the other partner in this well known Regina concern. An infant child survives the mother.

Catholic Clergy Conduct Services This Morning in Holy Rosary Pro-Cathedral.

ELOQUENT SERMON BY THE REV. FATHER SUFFA

Banquet At King's Hotel and Concert in St. Mary's Hall Tonight.

"Erin Go Bragh." Today is St. Patrick's Day. Every son of good old Ireland is a wearer of the green and the patron saint of the Emerald Isle is being honored in the four corners of the world.

In the Roman Catholic Pro-Cathedral this morning high mass was said in commemoration of St. Patrick, His Lordship, Bishop Mathieu, officiated at the services. There were, in addition, the regular clergy of parish priests, and a visiting prelate from the east.

Rev. Father Suffa, of St. Mary's, famous and beloved as "the soldier priest," delivered sermons throbbing with the characteristic eloquence of the Irish, on the life and beauty of St. Patrick.

A big congregation attended the services.

Sermon By Father Suffa. In particular did Father Suffa put his enthusiasm in his sermon. Reminding the big congregation that Ireland stands alone of all of the nations of the world having been converted to Christianity by the efforts of one man—St. Patrick—the apostle not having had one hour of sorrow, nor was there one drop of blood shed in the conversion by the missionaries of the convert.

Father Suffa drew an eloquent picture of the struggles of the Irish race in later centuries against the invasion of the warlike Danes who were bent on the extermination of the Irish race even in these days Ireland was known throughout the world not only as an island of saints but as an island of sorrow.

Father Suffa recalled the well known fact that the ideals of a nation were judged by its monuments, and Ireland's ruined monuments would indicate that the houses of God and the elevation of the human race through education were ideals which the Irish ever kept before them.

An Island of Song. "Ireland is worthy of being called 'the little island of song,' and that emblem of the harp which adorns these flags decorating our church bears out the tradition," said Father Suffa as he pointed to a green bit of bunting overhead. "We are justified in the title exemplified by that emblem."

The musical services were conducted entirely by the Sisters of Missions and their convent pupils. The number of English hymns dedicated to St. Patrick were sung in a manner which indicated that the Irish traditions and sentiments are not overlooked in the curriculum of the Sisters. The Ancient Order of Hibernians and the Ladies' Auxiliary attended the services at the cathedral

# Victorias Secure Two Point Lead In Allan Cup Race

## New Champions Prove Worthy Defenders Of Famous Trophy, Defeating Grand Mere 6 To 4 In Plucky, Uphill Fight for Victory

Challengers Take Lead Early In First Half, Outplaying Vics In Initial Twenty-Five Minutes of Play—Period Ends 3 to 2 In Favor of Invaders.

### VICS COME BACK IN SECOND HALF AND PLAY EASTERNERS OFF THEIR FEET.

1,500 Wildly Cheering Fans See Contenders Beaten Into Submission By Local Boys—Both Teams Play Fast Game, Despite Poor Condition of Ice.

Worn down by the staying power of the Regina Victorias and outplayed in the second half, the Grand Mere hockey team, challengers for the Allan Cup on the strength of winning the championship of Eastern Canada, went down to decisive defeat last night by the score of six to four. The half-time score was three to two in favor of Grand Mere. The score is a fair indication of the play throughout.

When the Vics led it on the challenging team from the east was chiefly in staying power, guminess and team speed. Only one man on the Vics was as fast as three of the Grand Mere team, and no one on the Vics could touch two of the challengers for stick-handling. Yet on the whole the Vics are a little the faster team, and certainly demonstrated better staying powers.

#### Thousands Outside Rink.

The game was played on the Auditorium rink, where the ice was in poor condition, being soft and covered with water, particularly on the west side. The crowd numbered just about 1,500, not because there were not several thousand more enthusiasts who desired, very greatly indeed, to be inside, but because that was all the place would permit inside the building. Crowds of many hundreds surrounded the rink throughout the match, while thousands of others heard the score at The Province office, where it was flashed by special wire. The crowd was noisy, but orderly.

#### Vics Have Lead of Two.

The game ends the Vics into the second battle of the series of two with a lead of two points, and the Grand Mere team must win on Wednesday night by three goals to take the Allan Cup back east for the rule is that the challengers must defeat the defenders, not merely tie with them. They stand small chance of doing that, as the team displayed last night, for under any conditions the Vics should be able to hold their lead, and in fact, having it.

#### Grand Mere Takes Early Lead.

Grand Mere scored the first three goals of the match, having the better of the play for the first 25 minutes of the half. Ritchie's speed, McLaughlin's team eye, Kelly's hard work in centre, and Hoffman's stick-handling were the main factors in their success. They played themselves out in their tremendous efforts to roll up a commanding lead, and the Vics took the play in the last five minutes of the first half and held it for the rest of the game.

#### Grand Mere Completely Demoralized.

Grand Mere was completely demoralized for a period of possibly eight minutes toward the end of the second half. They checked wildly, and used their bodies with such obvious intention that after another was sent off. They began slashing wildly at puck and man alike, and more than once the old stunt of "lifting" the puck up the ice was tried. Their defence men, who played starting games throughout, finally staid down and led the other members of the team to do the same. But they were obviously playing against overwhelming superiority throughout at least 20 minutes of the half.

#### Creswell and Abbott Star.

Creswell and Abbott were the stars of the game for the Vics. Creswell was the steadiest man on the ice, checking with rare skill and rushing frequently with good effect. His work was such as to make very apparent the reason of his choice as captain. Abbott on the wing played with every ounce that was in him, and when Abbott is fit and playing that kind of game he has few superiors in amateur hockey. He was pitted against the most dangerous man of the Grand Mere forward line, McLaughlin, but held him down well in the first half and checked him to a standstill in the second. He had McLaughlin gasping for breath before the fray was over.

#### Wilson Shows Speed.

Wilson was useful throughout, and in the second half played one of his very best games. His seeing eye was in perfect working order. Mastel stuck close to his check in the first half and

### Summary of Goals and Penalties

Team	Player	Time	Goal
Grand Mere	McLaughlin	3:00	1
Grand Mere	McLaughlin	5:00	2
Grand Mere	Molly	12:30	3
Regina	Molly	3:00	4
Regina	Abbott	5:00	5
SECOND HALF			
Regina	Wilson	12:00	6
Regina	Wilson	15:00	7
Regina	Stuart	18:00	8
Regina	Ottan	20:00	9
Grand Mere	McLaughlin	23:00	10

PENALTIES—First Half: Wilson, 3 mins.; Ritchie, 3 mins.; Mastel, 3 mins.; Mastel, 3 mins.; Pinedar, 3 mins. Second Half: Molly, 3 mins.; Stevens, 3 mins.; McLaughlin, 3 mins.; Mastel, 3 mins.; Pinedar, 3 mins.

a tower of strength on the defence, and also successful in attack. McLaughlin Performs Wonders.

The work of McLaughlin in goal deserves special mention. In the first half particularly, when for a time he was peppered from all angles, his work was splendid. In the second half he had much less to do, but performed creditably.

#### Challengers a Grand Team.

The Grand Mere team is strong; of that there can be no question. On hard ice they would prove rather more difficult for the Vics to conquer than on the soft, because their staying powers would probably be better. At the same time, they would be beaten on hard ice just as they were on soft, because they have not the all-round excellence of the Vics. The men who starred in stick-handling were not those with the necessary speed, and vice versa. There were exceptions to the rule, of course, one of them being McLaughlin on the wing, who is as good as has been seen in these parts when in form. His work in the first half was exceptionally good, though, in common with the rest of the team, he was plainly tired and defeated as the second half progressed.

#### Hoffman Shows Stick-Handling.

Hoffman at rover is a second Bruce Stuart, except that he has not that quality of reserve speed which Stuart had. His stick-handling is reminiscent of nothing so much as Stuart's, and Stuart was a master. Kelly, the other centre-ice man, is a dangerous one, and starred for 20 minutes, when he went back. He was checked closely by Molly. Finner, on the wing, is the weak spot of the team. McLaughlin's work has already been mentioned.

#### Victors Strong in Defence.

The strong point of the team is its defence. Ritchie and Stevens make a pair quite the equal of Regina's defence, taking Creswell's great work into consideration. Gauthier in goal played really a wonderful game. He is cool, the steadiest man on the team, and handles them down in easy fashion. Regina's strongest point is ability to shoot, and it says something for Gauthier's skill that in the second half with the entire team in front of him demoralized for about eight minutes, only one goal was shot by him.

#### The Game Was Marred to a Certain Extent by the Soft Ice.

The game was marred to a certain extent by the soft ice, which was a disadvantage and stick-handling at a premium. The puck was very sticky.

#### Penalties Were Frequent Throughout.

Penalties were frequent throughout, and in connection with them great dissatisfaction was expressed with the work of Judge of Play Sonesta, a Montreal man. He was somewhat unfair to the Vics, beyond a doubt, though he hardly deserved the boing which the crowd pulled. His offence lay not so much in benching Regina men as in overlooking equally grave breaches of the rules committed by the eastern team. The referee was competent, entirely so. The game was not what could be called rough, considering the soft ice, which made hard checking absolutely necessary.

#### Regina enters the second game with a lead of two goals and, what is more, entire confidence.

They are up against a real team, but at the same time they are in little risk of defeat. The Vics played him well, and in the second was able to bore in for good effect on his own account. Molly was useful and hard-working throughout, but was kept extremely busy by Grand Mere's two fast centre-ice men, Kelly and Hoffman. Ottan was, as always,

#### Play now at Grand Mere's goal.

Vics take the puck up for a long shot by Mastel. Vics are pressing the play very hard.

#### Grand Mere took it down the ice for a grand rush only to be stopped by Creswell and rushing right up to Grand Mere's goal took a long shot.

A fine shot was taken by McLaughlin which was saved by McLaughlin. Stevens gave the length of the shot but McLaughlin saved. Abbott takes a shot from long range. McLaughlin saves at short range. Regina carries it up the ice and Wilson takes another shot. Stevens makes another run for full length but McLaughlin does not have to save as Stevens was tripped off Creswell. Grand Mere scored by McLaughlin in ten minutes.

#### Abbott missed a nice shot. Stevens comes down again but does no harm.

Both teams doing a lot of shooting from long range. Grand Mere makes a long shot from centre failing to get near the Vics net.

#### Ball-Face off. Behind Vics' goal.

Vics take up the ice and Ottan takes it up to point. Stevens bring it down and Creswell takes it back to behind Grand Mere's goal.

#### Face-Grand Mere coming after it but Vics do pretty checking saving in proper time.

#### Second for Grand Mere.

Vics take it from face. Stevens rushes but loses puck. Creswell on McLaughlin scores the second for Grand Mere in 2 minutes.

#### Face-Grand Mere set it. Off side.

Returned to face-off. Vics take a shot from the face off and Mastel takes a shot from close range. Gauthier saves.

#### Vics take it up the ice to behind Grand Mere's goal.

Ottan takes it away, but loses to Stevens who goes too far and takes a crack at Ottan, but gets three minutes for it.

#### Vics Press Hard.

Vics playing up at Grand Mere end and seem to be keeping it up there. McLaughlin showing up well with the stick. Abbott shot and Gauthier saved.

#### Mastel got riled-off for a misup in front of the Grand Mere goal for threatening Ritchie.

Grand Mere takes a long shot from centre, but don't show anything gained. Regina returning in good style. McLaughlin going up and shoots, but it is behind goal.

#### Neither team able to get very close to the net.

Gauthier's Good Save. Regina takes it up but Gauthier left the net and saved. Stevens assisted.

#### Face in front of Grand Mere goal.

Abbott shot again, but it goes wide. Wilson takes it from the face and they mix it up well. Stevens takes another chance, but misses. Abbott starts off well, but loses it on pass. Molly officials.

#### At 2:30 exactly teams called to end.

Bell-Grand Mere chooses the fourth goal. Grand Mere took considerable advantage and seems to be well experienced.

#### Tonight however, it will be said the best team won as it appear to be in good shape.

Game is On. Bell-Just at 2:30 bell rung and men lined up. Face-Regina lose a few feet on face-off. Grand Mere return and Creswell returned brings puck down and in returning Stevens stopped the shot. Some game.

#### Grand Mere has the puck and loses to Abbott who took a shot.

Vics playing in front of Grand Mere's goal. Face to right of Grand Mere's goal. Grand Mere rush, but Stevens makes a good check and Stevens takes down for the quarter of the length of the ice. Ottan takes it for rush up and takes a shot. The goalkeeper saves.

#### Regina Rushes But Loses.

Regina takes it, across the ice but lose it on a pass. Wilson takes a long shot and the puck is returned. Face-at centre. Vics are somewhat lost on the soft ice.

#### Vics take from face off to Grand Mere's goal and to do some more long shooting.

#### Wilson Penalized.

Wilson gets 3 minutes for offence.

#### Stevens just going on now. Vics take it for a long run and lose it on the pass.

Vics take it again on pretty checks. Game goes well down to the Vics net.

#### Hoffman got his bumps on the bench. Mastel going on now. All the team there.

#### Molly's Last Pass.

Mastel takes it up and they shot again; but Molly lost out on it. Stevens brought down, but lost to Creswell.

#### Regina takes it up to Grand Mere goal, but Stevens takes it only a short distance when the Vics take it back up to the Grand Mere net.

Playing around the Grand Mere goal too long, Mastel and Pinedar get three minutes each for mixing it up. Stevens makes another try, but it is useless.

#### Molly shoots from long range, and loses another chance.

#### Keep it at Grand Mere End in ten minutes.

Game still up in the Grand Mere net. Grand Mere take a shot by Pelly, but Ottan made a pretty save. Face to the right of Vics' goal.

#### Vics take it safely away only to lose it again, but a pretty check by Wilson saved.

Molly makes a pretty check and saves. Wilson takes it down and shoots again.

#### Face, offside, the Grand Mere face-off; from almost in front of Grand Mere's net.

Grand Mere takes it down and Wilson takes it back from a pass from Molly.

#### Both teams playing more or less loosely not making the showing we would like to see.

Play now in and about Grand Mere net, but the Molly saved it again.

#### Vics Getting Penalties.

Bell-Sonesta, not very popular with the crowd, and the Vics seem to be getting the penalties all right. Regina keeping it up, Stevens loses to a pretty check by Ottan and the puck took a reserved seat among the ladies. Vics trying hard to make a score before half-time.

#### Three minutes to play yet.

Face, Molly centre, comes off for 3 minutes, dirty checking.

#### Creswell Laid Out.

Creswell knocked out, game delayed. Crowd behaving fine. Creswell coming too now. Feels dazed yet, but looks to be all right.

#### Face-From the face Vics take it away up the ice. Ottan shot, but Gauthier saved.

Stevens takes another chance at it, but is forced to return with Abbott, who finally took it from him and shot.

#### Another for Grand Mere.

Kelley shoots from the side and scores in 14 minutes. Score: 6-4. Face-Vics take it up the ice, but lose it. McLaughlin saves another shot from the outside.

#### Vics take it up from face and make a long shot.

#### Abbott Scores.

Abbott takes the puck up and plant.

#### Molly officials.

## New Champions Prove Worthy Defenders

(Continued from Page Two)

ed Vics' first goal.  
 Score: 2 to 1, favor of Grand Mere.  
 Vics crowding Grand Mere's goal and trying hard to make the score look more even.  
 Vics return a good long rush and fall to do anything with it.  
 Play now coming down to Vics goal. Bell, who is behind, where McCulloch takes it out to side and saved it a mix-up.  
 Vics take it back as fast as Grand Mere bring it down.  
 Vics take it up and lose it again near the Grand Mere goal.  
 Vics make just as good plays as Grand Mere, only they don't go in close enough.  
 Bell, Face—Grand Mere coming down the ice but Mollisy saves and the puck once more takes a run for the Grand Mere goal. Creswell took it in for long side shot, but failed to hold it there.  
 Creswell going up full length of ice, Face on pass. Bell.  
 Face—Grand Mere brings it well down, but Otton takes it up, they fall to score.  
 Vics lose it again, but are trying hard. Stevens takes it down again and Hoffman got a shot, but McCulloch saved. Vics playing hard.  
 Vics saved again and lost the puck on a pass to the boards. Ice sticky, but not to any extra watery.  
 The puck goes up and down the ice fast now. Creswell takes it up, but it is regained, and McCulloch saves a sandy shot from a mix-up to right.  
 Vics return it right to the rink and where they fooled around a minute and then Abbott scored, the second goal in 4 minutes for Vics.  
 Half time: Vics 2, Grand Mere 2.

### Half Time Notes

There were ten seconds to play when Vics' last goal went in. McCulloch, Stevens and Hoffman were certainly the stars for Grand Mere.  
 For Vics, Creswell and Abbott were really good, and saved very often. Grand Mere is the fastest team seen in these parts lately. Hoffman, McCulloch and Stevens are exceptionally fast men and good stick-handlers. Most of shots fired at Gauthier were of very easy variety.  
 Vics did not bore far enough at any time.  
 Grand Mere always brought it well down, but were well checked on each occasion, and only from a backshot could anything be stopped, because Grand Mere seemed to work a combination that came up behind cover and point and went straight at McCulloch.  
 McCulloch did well to hold the puck as he did.  
 The next half promises to be better.  
 The crowd here has not quite the opportunity to enthuse, because the games were few and far between but they voiced their sentiments when the two teams scored.  
 The ice now looks like a real sheet of ice, the sun has absorbed the water and dried off to a certain extent.  
 They are now making an effort to clean up the nets.  
 Managers now out trying to clean up the slush.

### SECOND HALF

Bell, Teams now coming on ice.  
 Grand Mere all out.  
 Crowd both hooting and cheering.  
 Vics on ice now at 9:40 p.m.  
 Stimson hooded by fans again. He doesn't seem to mind it at all.  
 Stimson certainly not smiling much.  
 They're Off Again.  
 Face—Grand Mere lose it on face off to Vics, who play back and forward at centre. Bell.  
 Bell, Vics trying hard to tie it up.  
 McCulloch loses on the face and Regina regains it. Wilson brings it down.  
 Bell, Ritchie kicked it.  
 Mollisy passes back to cover, who takes it for a ride down to Grand Mere goal.  
 Stevens takes it up, but Abbott returns it. Vics takes it up again and Kelly passed it to Wilson.  
 Abbott and Wilson rush.  
 Abbott takes it down behind nets, where Freddie Wilson makes it interesting. Grand Mere makes a long shot and Otton brought it down well. Creswell loses puck on a trip. Mastel shot, but missed, keeping it down well at Grand Mere's nets.  
 Ritchie takes it up but loses it on a trip.  
 Vics now down behind Regina's goal. They bring it up taking a weak shot which was easily averted.  
 It is returned by Creswell on a fake shot and only missed going in.  
 Mollisy tries to score.  
 Mastel shoots at long range and Missed it just past Grand Mere nets.  
 Grand Mere returned and Mollisy shaded around the net trying to pass it in from behind. Regina plugging swiftly hard and checking closely. It's as good as six man hockey at the moment.  
 Vics take it and lose it because of no support when passed to centre.  
 Vics now have it behind their own goal. Otton brings it down and Creswell completed the rush only to lose it to left. Abbott shot, Creswell shot, and Grand Mere fell into crisis for a third goal the fans are crazy. It was scored in six minutes. It was no goal and the fans are disappointed.  
 Regina working hard. Vics now bring it down the ice in good shape and are taking shots. Mastel's shot from long distance missed widely. Stevens takes it away up the ice, but Creswell brings it down. Gauthier makes a brilliant save, and it is returned to McCulloch, who makes a brilliant save.  
 Abbott brings it back. Bell.  
 Outside to Grand Mere. They take the puck down and try hard to score, but are spotted by pretty good defence.  
 Bell, Outside. Account of sticky

Ice the players are doing considerable kicking. Vics got hold of puck and lose it.  
 Vics take a shot but to no avail. Vics too far away. Grand Mere took it up and Mollisy lost his shot. Grand Mere tripped Otton and got away with it.  
 Bell—Blaird hurt.  
 Judge of play, missing all the rough stuff, which accounts for so much of it.  
 Game delayed. No one ruled off. Face.  
 Face, Regina gets it and brings it well down, but loses it again to Grand Mere, who loses it in turn.  
 Abbott made a grand shot, but unfortunately missed.  
 Mollisy just missed the net by an ace, and the crowd went wild at the thought of a near goal.  
 Regina mixes it up and lose a stick or two. Grand Mere forced it down and Abbott after getting away to a fine start was spotted by Hoffman who is playing well back. They are playing defensive and trying to hold their lead.  
 Mollisy takes a crack at his man and gets three minutes.  
 Mastel gives Gauthier another chance to save and Vics continue to keep it down there. Bell.  
 Face—From left of Grand Mere's goal.  
 Wilson Scores.  
 Score for Regina by Wilson in 14 minutes.  
 The crowd is wild now and the score is three to three.  
 Wilson makes a nice little trick, slipping it past Gauthier, who was surprised, and doesn't know how it happened.  
 Vics beginning to skate them off their feet now, and are certainly making Grand Mere work for all they are worth. Grand Mere taking a chance on a little body checking, especially against the boards, but get bumped fearfully by Vics, who are playing hard.  
 Vics have it up near their goal. Creswell brings it down but Stevens bunts it up. Abbott takes it over near the front, but loses it again. Wilson brings it back, but they taking too long shots to enable them to do anything dangerous. Wilson does a nice little stunt and makes a pretty back check. Mollisy goes in again and spoils it. The game is getting more or less rough.  
 Vics bring it down but are called back on account of kicking the puck. Grand Mere take it down and lose it again.  
 There is now 12 minutes to play.  
 Vics take a chance, but lose it behind Grand Mere nets.  
 Wilson takes a long shot from left, but missed it.  
 McCulloch took it down. Mastel made a nice shot, which he missed.  
 Kelly got an accidental knock on the forehead by a stick.  
 Vics Ahead Now.  
 Bell—Mollisy missed a pass, but Wilson caught it well at right and scored from the pass in five minutes.  
 Score: Regina 4, Grand Mere 2.  
 Regina playing hard now and if anything a little speedier than their opponents. There was no one to score at the last minute when Regina passed it to centre.  
 Three Minutes to Play.  
 Vics playing well on combination but all plays seem to be more or less wild.  
 Regina taking another shot and are skating the Grand Mere bunch off their feet.  
 He delayed game a minute.  
 Crowd hooting and hollering for Vics to play hard.  
 Vics Get Another.  
 Mollisy took it again at deep right and shot it right through Gauthier making the score five to three for Regina.  
 Mastel takes it again and shoved it in making score 6 to 3 for Regina.  
 Regina keeping it up and the play returns.  
 Five Minutes to Play.  
 Stevens got in a mixup with Mastel and got three minutes.  
 Mastel is playing. Mollisy takes a shot, but nothing doing.  
 Three Minutes to Play.  
 The Vics are going hard now and showing the usual fine finish.  
 The goalkeeper for Grand Mere is doing some brilliant work.  
 Kelly took a grand rush, but was nearly checked.  
 Wilson brought it down well and shot high, missing the net over Gauthier's head.  
 Grand Mere Scores.  
 Hoffman takes it up and scores for Grand Mere, making the score 6-4 in favor of Regina.  
 Bell, Flash three minutes to play.  
 Vics bring it down, Otton missing his chance on a double check by Grand Mere; he fell short of the goal.  
 Mollisy has a heavy man to watch tonight, and is not quite so brilliant.  
 Abbott brought it down and in the mixup it went into the crowd.  
 Face—Regina brings it down and only loses it on slipping.  
 Stevens took a grand rush, which he took saved.  
 Creswell brought it down and lost.  
 Grand Mere brought it down and Otton shot from long range, missing it.  
 Grand Mere take it up, and Wilson gives them a grand run for it, passing to Abbott, who shot.  
 Pinard and Mastel off for a short period, which prevents them from finishing the game.  
 Flash—Full time:  
 REGINA ..... 6  
 GRAND MERE ..... 4  
 Victoria, Goal ..... Grand Mere.  
 McCulloch ..... Point ..... Gauthier  
 Otton ..... Cover ..... Stevenson  
 Creswell ..... Power ..... Ritchie  
 Wilson ..... Centre ..... Hoffman

## IN THESE SPLENDID NEW SPRING STOCKS WE ARE SOUNDING A NOTE OF NEW ACHIEVEMENT

### Grocery Bulletin

Alberta Potatoes, per bushel	\$.125
Celery, 2 pounds	35c
Lettuce, 4 heads	25c
Green Onions, 3 bunches	25c
Tomatoes, 2 cans	25c
Corn, per can	10c
Pasta, per can	10c
Sweet Potatoes, per dozen	25c
New Laid Eggs, per dozen	25c
Apples, 4 pounds	25c

GROCERY PHONE 5611

IT is certainly not a case of reiterating more goods and better goods. Yet certainly in no past season has new stock been so worthy of mention as to size, quality and value as are these we have gathered for this Spring.  
 We have worked to the end to assemble here the richest and most desirable styles and novelties that we could find in the best markets. A visit of inspection will convince you as to how well we have succeeded and that our efforts were not fruitless. In these stocks we clearly sound the note of a new achievement—something really worth while.  
**"It Pays to Pay Cash at The Trading Co."**

### Do Your Dyeing at Home

THERE is no need to send any material out to be dyed. You can do it in your own home just as well and at considerably less expense, if you purchase a packet of dye from our Drug Department and follow the directions carefully. You will be surprised at the result.  
 We handle both DYOLA and Diamond Dyes and can give you any shade you desire. There is a dye for all kinds of goods—they will color Wool, Cotton, Silk or Mixed Goods. They are priced at 10c a Packet or 3 for 25c.

## You Should See the New American Utility House Dresses

THIS new utility house garment has become a practical everyday necessity which no woman's wardrobe is complete without. It slips on just like a coat—and is quickly adjusted with two buttons, and presents a very neat appearance as shown by the accompanying illustration.  
 Another good point about this dress is that it can be reversed whenever it becomes soiled.  
 A woman dresses in about nine seconds with one of these garments, and they fasten in such a manner that prevents undergarments from showing.  
 They are made of Percale, Gingham, Crepe in fancy and floral patterns. We have all sizes. Priced from **\$1.50 to \$4.75.**

## A Boon to Stout Ladies

IN COMPLIANCE with the numerous requests that we have received from many of our customers to stock the O. S. garments, we have this season procured a splendid assortment of these garments. These garments are made by a large concern which caters specially to the requirements of stout ladies, and they are now ready for inspection in our Ladies' Ready-to-Wear Department on the second floor. They include:  
 House Dresses—Made of fine quality Scotch Gingham and very neatly trimmed. Sizes range from 42 up to 51.  
 Tailored Blouses—Made of Irish Linen, and other wash materials, in sizes from 40 to 48.  
 Rich Silk Blouses—With all the newest touches of style and beauty. Priced at \$3.50. Then there are Suits, Serge Dresses, Spring Coats, to fit all figures.

## Clan Tartans, Checks and Plaids Will Move Out Quickly at 60c yd.

THESE materials are very high in favor this season, and the range that we are showing in our Dress Goods Department gives one every latitude of choice in quality and color combinations.  
 The quality of these materials are obviously much superior to their special pricing, even to inexperienced buyers, and we expect a brisk selling on Wednesday.  
 Special Price, per yard ..... 60c  
 Corded Velvets are gaining high popularity every day and should have a very brisk selling on Wednesday at this special price. They are 27 inches wide and there is a full range to select from. Special Price, per yard ..... 50c

## The Trading Co. Delivery Horse WINNER OF THE RED RIBBON AT THE WINTER FAIR WASTED INTERNATIONAL STOCK FOOD

FOR over twenty years International Stock Food has been used and endorsed by the leading stock raisers everywhere, who have been convinced by practical tests by feeding their stock of its money-making value. International Stock Food is composed of ten finely powdered medicinal herbs, roots and barks that animals eat freely when running wild, and is fed in tablespoonful amounts mixed with the regular grain food. It is used to aid the digestion assimilation so that each animal obtains more nutrition from the grain eaten. Being highly medicinal, its use tones up the entire system, prevents disease, and keeps the animals in a healthy growing condition.  
 International Stock Food is positively guaranteed to be the greatest Animal Tonic ever formulated, and it is sold on a spot cash guarantee to refund your money if it fails to give paying results.  
 As further proof of our confidence in this food we use it to keep our delivery horses on condition, and that it lives up to its reputation is evinced by the fact that one of our regular delivery horses captured the Red Ribbon at the Winter Fair held last week. You can get it in our Drug Department in packages priced at 25c, 50c, and \$1.00. Also, in 25-lb. water-tight pails, for \$3.75. With every order for 4 pails, together we give one pail free. Try it.

## Men's Spring Wraps

ARE new on display. These light Spring Coats are necessities for the nights are not warm enough to be without a light coat, yet too warm for a heavy one. This selection includes the latest styles in light and dark greys, Blue and Grey mixtures, with and without silk lapels, plain and Fancy Tweeds.  
 These coats are all tailored and designed by expert workmen and bear the label of 20th Century (Canadian) and Hart, Schaffner & Marx (American) who are recognized as two of the leading tailors of Men's Clothes wear on the continent, and they are fully guaranteed. Prices range from **\$10.00 to \$30.00**  
**The New Waterproof Coats for Men and Boys Are Here**  
 SPRING is always accompanied by wet weather, and it is always wise to be prepared for these Spring showers by investing in a waterproof coat. They protect your clothes—and your health—which is your greatest asset, and save you many doctor bills.  
 We have a fine range of all the latest styles in our Men's Department. The materials include single and double texture Parametta Cloths, English Meltons in fawn and blue, Imported English Tweeds in all the latest shades, Silk and Poplin, etc.  
 You should make it a point to drop in and see this display at your earliest convenience. Prices range from **\$6.50 Up to \$20.00**

## Children's Gloves

CHAMPAIGN GLOVES give satisfactory wear for children during the spring. They are easily kept clean and are neat and dainty. We have a few pairs in natural color only for Wednesday selling. Sizes from 1 to 6. Special Price, per pair ..... 25c

## Hand Bags Are Necessities

NO WOMAN would consider herself properly attired without a handbag, and new gowns and suits always require new accessories. You should select a new handbag to go with your new spring apparel. You will find a wealth of selections in our Notion Department. This display is being augmented every day by new arrivals, and there is now a complete assortment. Prices range from **\$1.25 UP TO \$8.00**

## You Will Need New Curtains

SPRING housecleaning always reveals the fact that new curtains are needed here and there throughout the house. Realizing this fact, our house furnishing department has planned a special sale of Lace Curtains for Wednesday. The prices are very low, but the qualities in every case are very high. Come on Wednesday and share in this saving. Some of the prices:  
 Nottingham Lace, Regular 65c. Per pair ..... 42c  
 Nottingham Lace, Regular 90c. Per pair ..... 70c  
 Nottingham Lace, Regular \$2.55. Per pair ..... \$2.10  
 French Renaissance, Regular \$3.25. Per pair ..... \$2.75  
 French Renaissance, Regular \$4.25. Per pair ..... \$3.75  
 Ecu Irish Point Lace, Regular \$4.95. Per pair ..... \$4.00  
 Ecu Irish Point Lace, Regular \$6.50. Per pair ..... \$5.25  
 White Irish Point Lace, Regular \$6.00. Per pair ..... \$5.00  
 Ecu Marquisettes, Regular \$6.75. Per pair ..... \$5.25

## Satisfaction

is sure when you trade at the Trading Company. We have fairly earned for this store the reputation as being one of the easiest stores from which to receive your money back if any purchase made is unsatisfactory.

## Some Good Reasons Why You Should Purchase a NEW OAK HEATER

IT is a little early in the season to let your fires go out altogether, and yet it is too warm to keep your furnace going. That means you should compromise with one of these Marswell Oak Heaters.  
 Then again you must think of your coal bill. A few dollars invested now in one of these heaters will aid materially in reducing your heating cost, and still keep you warm. You can burn hardwood in these little stoves.  
 Then again you should look at the very low price ticket they carry. We have marked them down to absolute cost in order to clear them out to make room for our Spring stock, and we offer you the choice of two sizes—No. 15 or 17.  
 As the illustration shows they have a heavy polished sheet steel body, single firepot, tight-fitting doors and nickel-plated swing top, trimming and foot-rail.  
 No. 15, Regular \$15.00. Special \$8.00  
 No. 17, Regular \$16.00. Special \$10.00  
 —Hardware Dept.

## A Few Interesting Prices on Fresh Meat

THE day of frozen meat is past and you can get strictly fresh killed meat at the same prices as the frozen article at the Trading Company Meat Department. We have a growing patronage in this department every day. People have come to know that our meat is of the highest quality and we deliver promptly, also that they are sure of satisfaction. Read the prices.  
 Sirloin Steak, per lb. .... 32c  
 Porterhouse Steak, per lb. .... 32c  
 Prime Rib Roast, per lb. .... 29c  
 Best Chuck Roast, per lb. .... 18c  
 Shoulder Roast, per lb. .... 17c  
 We have a choice stock of Turkeys, Geese, Ducks and Fresh Killed Chickens. Get our prices.

TUESDAY, MARCH 17, 1914.

#### A TALE OF THE BOGLAND.

'Tis meself that hains the city, an' the hurty, an' the die— An' I wish that I was out of it, its worry an' its sin. For me mind is on the bogland, when the day is dear an' dim; I could be happy all me life, if I was back with him.

'Tis meself that loved the bogland stretchin' out agin' the sky, With the summer flowers a-doin' an' the post-stacks gettin' dry; There was dew upon the heather at the dawnin' of the day.

'Tis meself that loved to linger when the big red sun went down, An' the purple heavens rested on the bogland, an' an' an' an' I told him when I was with him that I loved the evening air.

'Tis meself that loved the hour that I met the stranger there, But he had got a manner fine an' such a pleasant air; He told me of the wonder sights an' glories of the town.

'Tis meself that loved the hour that I met the stranger there, But he had got a manner fine an' such a pleasant air; He told me of the wonder sights an' glories of the town.

'Tis meself that loved the hour that I met the stranger there, But he had got a manner fine an' such a pleasant air; He told me of the wonder sights an' glories of the town.

'Tis meself that loved the hour that I met the stranger there, But he had got a manner fine an' such a pleasant air; He told me of the wonder sights an' glories of the town.

'Tis meself that loved the hour that I met the stranger there, But he had got a manner fine an' such a pleasant air; He told me of the wonder sights an' glories of the town.

'Tis meself that loved the hour that I met the stranger there, But he had got a manner fine an' such a pleasant air; He told me of the wonder sights an' glories of the town.

lent and allow contractors to erect buildings of ordinary construction inside even the first fire limit, and should also give them a little more liberty in other points.

The whole idea of the building by-law is to restrict building operations in the public interest. With that purpose architects and builders not naturally do not agree entirely, but that goes without saying.

As regards the construction of non-fireproof buildings within the first fire limit, this paper is in hearty accord with those who drafted the by-law. The provision they have made in this respect shows their faith in Regina's future growth.

When Regina is a city much larger than at present, which Regina is going to become, and that soon, the business men of the day will bless the forethought which eliminated as far as possible the risk of fire spreading throughout the business district.

Every building, not of fireproof construction increases this risk, which is by no means small at the present time. The downtown district today has a great many buildings which would serve to carry the flames if a real conflagration started.

Regina should be preparing now for the future, in every way possible, and the step the city officials are planning is one by no means unimportant in this respect.

The inflammable buildings in the business district now are being removed, one by one, because in the majority of cases they are small and useless for business purposes. To allow them to be replaced by larger, but still not fireproof buildings, would be unwise in the extreme.

One other provision of the law, with which this paper is fully agreed is that requiring separate bath-rooms for every suite in apartment blocks.

The general bath and toilet room is undoubtedly, as the building inspector stated yesterday, a menace to health and morality which should not be tolerated.

VAUDEVILLE IN CHURCHES. People are discovering that one hour in a cushioned pew is no longer than three hours at a musical comedy, and not nearly so expensive.

Comparison of the comforts of a cushioned pew and a musical comedy still leads to comparison of the quality of entertainment offered, and without being over-critical, it comes immediately to mind that some ministers are trying hard.

THE CROP OF WILD OATS. Now suffering the pains and penalties of youthful indiscretions.—St. Louis Globe-Democrat.

The wild oats the railroads sowed brought a big crop to the reapers, and the reapers' sons are now engaged in sowing them again as wild oats. The recent activities of the Vanderbilts and Goulds is an example.

THE TRUE SOCIALISM. Socialism of a kind which will find everyone in its support was propounded by the Rev. Ernest Thomas on Sunday. In the course of a sermon, he said:

"A nation may squander its heritage in gratifying material and monetary wants, forgetting the culture of the spirit. But there comes a time when having spent all it begins to be in want. The increasing demand for social justice must concern itself not only with redistributing things, but with diffusing the wealth of the spirit."

### The Fire-Side Editorial

#### RENTED ROOMS VERSUS A HOME FIRESIDE.

Much has been written and said about the tendency toward extravagance which marks life today, but one of the saddest features of it is generally overlooked.

The extravagance of young married couples today would have amazed our forefathers exceedingly, and would also have caused them sorrow. A young married couple starting out in life in a city now lives in a rented house or rooms in an apartment block. Their money—all they have saved up and their current income—usually goes for mahogany furniture for the parlor, solid oak for the dining-room, walnut for the bedroom, and the latest in stoves and kitchen cabinets and china cabinets and sewing machines and buffers and incidentals.

Usually they buy a piano—the furniture and piano companies are obliging in extending credit, so that long time is secured, and the young people pay instalments for several years.

But a new and silver deck the dining table, and the best of fruits and choicest of meats and food garnish it.

The young married couple of today lives rather better than the wealthy man of a decade or two ago.

The first and most important thing to a young married couple should be the acquisition of a home, no matter how small and how modestly furnished.

In this land of rapid increase of real estate values it is also a good investment, but for peace of mind and comfort of body the home is the first thing to which the young people should turn their attention.

A small house may be in time replaced with a larger one, as the wealth of the family increases, but rent dribbles and dribbles away until the home in which every couple hopes to live some day seems ever further and further away.

Rent is a luxury which can be afforded only by the well-to-do, as every man of business experience will testify. Working for the landlord is the most futile and most unthankful of all earthly jobs.

To secure eventually a fireside of their own in a home of their own planning and building, a young married couple should start from the very first day of the honeymoon to make preparation for it. The sad thing is, so many do not.

ORIGINAL TAUNT WRITERS

As we said, that is socialism with which everyone should agree; the unthinking, however, it seems a harmless form of it, and the thinking because it is the real and true socialism. When the wealth of spirit is thoroughly diffused there will be no demand for the distribution of material things.

Let us say it with all due modesty, the newspaper of today is the greatest enemy in the distribution of the wealth of the spirit.

SHAKESPEARE AND LAW. Action for damages for destruction of character, remedy is that one loses liberty for leading money and money for stealing a good name, thereby branding Shakespeare as a false philosopher.

THE FAVORITE CLOSER. The man in the moon is the favorite in the \$100,000 serial race around the world, remains an exchange. Even he was eclipsed the other night.

### Province Again Attracts Crowd To Hear Bulletins

The bulletin service of the Daily Province for last night's game showed itself to be superior to anything ever attempted in the city of Regina. In fact, the service given for the big game last night was far superior to that of Friday night's game at Winnipeg.

The Province had a private wire from the rink direct to the office, and the plays were told to the big crowd on the street below within a minute after the play had actually transpired in the Auditorium.

Again The Province is indebted to the excellent service given by the Canadian Northern Telegraph Company for the wonderful process of the bulletin service. "Rinko" Ball was at the instrument in the rink and telegraphed the slightest details to the man in

the office, which detail was told to the crowd. It was thought that with the service rendered by the company on Friday night the acme of efficiency was reached, but it was demonstrated conclusively last night that this company cannot be surpassed in giving excellent service in this line. As a result the opposition efforts were made to look puerile.

The wonderful work done by Mr. Ball and his assistants enabled The Province to have an extra on the game on the street before the crowd got across Rose street coming from the game. The extra contained a complete report of the game. In this regard it might be stated that the Daily Province beat the other sheet by twenty-five minutes in getting the extra out.

The goals were flashed to the audience before they had time to face-off for the continuation of play. All in all it was one of the best feats in newspaper work ever attempted in the Canadian Northwest.

### Manufacturing Milk Process Discovered

London, March 17. — (W. A. P. Special Cable.)—The Times says that there has been brought to perfection in a London laboratory, a process of synthetically manufacturing pure, wholesome, and highly nutritive milk.

The discovery originated years ago, when a Chinese man thought that the soya bean, prepared with native nuts might be a possible substitute for milk.

A German chemist improved on this by surrounding the kernel with correctly proportioned ingredients of cow's milk, the manufactured milk is based on, casein obtained from the soya bean with fatty acids, sugars and salts added. Baellil will be introduced to manufacture cheese and butter.

It is asserted the "milk" will be manufactured cheaper than the ordinary milk can be supplied to the consumer.

### NEW ISSUE OF NAVAL CODE BOOK.

London, March 16. — (W.A.P. Special Cable.)—As a result of the recent theft of the navy code book from a warship at Sheerness, as told in these cables on Friday last, the admiralty has decided to issue a new set of code books at a cost of many thousands of pounds, thus rendering the possession of the stolen code book useless to the power which bought it from a traitor.

Georgetown, British Guiana, Mar. 16.—A serious revolution has broken out in the "Vedischian" frontier near Mowshamb, capital of the north-west district of British Guiana. Four hundred and fifty rebels, according to the reports, have raided El Terror camp, and are making preparations to attack the village of San Jose. The Venezuelan government, official, General Ornes, who commands the frontier stations and has sixty men, are in a perilous position.

Portage la Poudre, Man., March 17. —George H. Stroyal, aged 79, the dean of railway contractors in Canada, died here last night. Mr. Stroyal retired from business about 10 years ago.

# Formal Spring Opening of Millinery and Feminine Apparel

## Wednesday, Thursday, Friday and Saturday, March 18th, 19th, 20th and 21st

- Dress Goods Dept., 2nd Floor.

### Spring Styles in Women's Shoes

The beauty of a woman's gown may be marred by her footwear, and to appear well dressed you must select footwear that corresponds with the rest of your apparel.

Some of the Spring styles shown by us are exclusive, and embody many little touches of originality which put them in a class by themselves.

One line finding popular favor with the well dressed is a patent button boot with black cravenette top, plain toe, slightly tapering, seamless vamp, cuban heel and single sole.

Another is a Patent Boot with Pearl Grey Suede Top, straight laced, blind eyelets, plain toe, and cuban heel.

Also a Gun Metal Calf Button Boot with black cravenette top, neat toe with cap, cuban leather heel, and single sole.

The Colonial Pumps are to be very fashionable, and Oxfords both buttoned and laced styles seem to have a steady call.

—Second Floor.

### Woodside's \$12,000 Stock of Chinaware

Beautiful China in Dinner Sets, Tea Sets, Cups and Saucers, Jardinières; also Glassware, now offered at greatly reduced prices.

### City Council Had Plans all Made

#### Motions Drawn Up If Board of Trade Had Asked \$20,000 Grant

Had the board of trade not decided yesterday afternoon to withdraw its request for a grant of \$20,000 from the city council a number of motions to reduce the grant to \$15,000 and to appoint members of the city council to represent that body on the board of trade would have been presented at tonight's meeting of the city council. In the light of the decision of the board not to ask for financial assistance, it is understood that in all probability these motions will be withdrawn. They, however, appear on the order paper for tonight's council meeting, sent out to the aldermen yesterday afternoon.

The following are the motions in the order in which they would have been presented. They tell their own story: "Moved by Alderman Keeley, seconded by Alderman Wessel, that the motion of Alderman Rounding and Lorimer, passed at the council meeting on Thursday, March 12 providing for the submission of a bylaw to the burgesses authorizing the grant of \$20,000 to the board of trade for the year 1914 be and is hereby rescinded."

"Moved by Alderman McKay, seconded by Alderman Wessel, that a grant of \$15,000 be hereby made to the board of trade for the year 1914, and that the city solicitor be and is hereby instructed to prepare a bylaw for approval of council making provision for same accordingly."

"Moved by Alderman Davidson, seconded by Alderman Wessel, that in response to the wishes of the board of trade, his worship the mayor is hereby requested to appoint a select committee of three to co-operate with the new industries committee of the board of trade in all matters appertaining to the establishment of new industries in the city of Regina."

"Moved by Alderman Wessel, seconded by Alderman McKay, that in response to the request of the board of trade, his worship the mayor is hereby requested to nominate a representative from this council to act on the finance committee of the board of trade."

### Vacant Lot Plans For Summer Season

The vacant lot gardeners committee of the City Planning Association met yesterday afternoon at the city hall to make reports of the work done and arrange the policy of the incoming season.

Out of 200 lots which have been planted, 127 have already been taken making a total of nine acres. If each lot produces \$20.00 worth of vegetables, \$4,000.00 will be raised.

A vote of appreciation of the services of Secretary Miller was unanimously passed. It was decided to co-operate with Dr. Bow, of the health department, in an endeavor to secure the co-operation of all the citizens to hold another cleaning up day similar to the one held last year.

A committee was also appointed to see what could be done in the matter of cleaning up disorderly lots in the heart of the city.

Communications will also be made with the musical union to find out what arrangements can be made in having band concerts put on in the parks during the summer months.

Letters of inquiry have been received from Winnipeg and Calgary as to the objects and work of the committee.

### "TIZ" GLADDENS SORE, TIRED FEET

No puffed-up, burning, tender, sweaty feet—no corns or callouses.

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains. "TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight. Get a 25 cent box of "TIZ" now from any druggist or department store. The box lasts forever—year after year—keep your feet fresh, sweet and happy. Just think a whole year's comfort for only 25 cents.

### LOCAL AND GENERAL

#### Masonic Meeting.—The regular meeting of the R.N.W.P. Lodge No. 11 G.R.S. will be held in the Masonic Temple at 8 o'clock tonight.

#### Social Club Dance.—The North Side Social Club will hold a dance in the auditorium of the city hall at half past eight o'clock.

#### 95th Saskatchewan Rifles.—It is imperative that all non-commissioned officers of the 95th Saskatchewan Rifles parade in their uniforms at the Armoury at 3 o'clock. By order of the O. C.

#### Salvation Army Lecture.—Colonel Gaskin, field secretary of the Salvation Army in Canada, will lecture on "Queer fish and how they are caught," at the Salvation Army Citadel on Broad street at 8 o'clock tonight.

#### S. O. E. Dance.—Sons of England, Lodge Empress, No. 177, is holding a dance on Wednesday evening at 8:25 o'clock, in their hall on Angus street. The music is being provided by the S. O. E. S. and a cordial invitation is extended to all the members and their friends.

#### A meeting of the vacant lot gardeners will be held tonight in the Victoria School at eight o'clock. Every gardener is asked to be present, as it is the intention to co-operate in the purchase of seeds. Gardeners are also requested to be able to state the exact quantity of each kind of seed they will require.

#### Knox Church Elders.—The following gentlemen were elected elders at a meeting of the Knox Church session held last evening: F. Hedy Auld, John Balfour, J. F. Bryant, M. E. Gardiner, H. W. Givens, J. T. Lawson, W. A. Martin, A. J. Erke, W. G. Scribner, Robert Stinton, J. M. Smith, Rev. W. J. Stewart, Rev. Peter Strang, T. A. Wilson and W. A. Wilson, dairy commissioner.

#### Rev. Mr. Ewart's Lecture.—Rev. Charles L. Ewart, of Boston, lectured last night at the Metropolitan Church. This was the first of a series of five lectures which Mr. Ewart will deliver under the auspices of the local ministerial association. He is taking as the theme of his lectures "Methods of Winning Others to Christ." "The greatest need of the church today," said Mr. Ewart, "is a membership well trained in the great work of soul-winning."

#### Grand Orange Lodge.—The provincial Grand Orange Lodge will hold its 4th anniversary in the Parry and Sturrock Hall, 1785 Scarth street, today at ten a.m. The provincial Grand Orange Lodge will hold its twenty-third annual session, commencing Wednesday at ten a.m. in the Odd Fellows Hall, Pearl block, corner of South Railway and Rose street.

#### On Wednesday evening, at eight o'clock, the brethren will adjourn to the city hall where the provincial degree team competition will take place and a good evening's entertainment will be had. A large delegation is expected from all parts of Saskatchewan.

### Dead Child Had 4 Needles in Brain

#### Four-Year-Old Girl Dies at Edmonton Under Suspicious Circumstances

Edmonton, March 16.—The death occurred a few days ago of a four-year-old girl named Lowe, who lived with her step-parents at 449 Gallagher street. Yesterday Dr. Campbell was called in and, as he was not altogether satisfied with the cause of death, he called in Coroner Dr. Forin, who made a post-mortem examination and found that there were five needles thrust into the brain through the skull. The child carried heavy life insurance.

The step-father, William Lowe, and his wife, have been taken into custody, by the police pending an investigation which is now proceeding. All the parties are negroes.

### Asquith's Attitude "Take It or Leave It" On Home Rule Offer

London, Mar. 17 (W. A. P. Special Cable).—It is definitely accepted that Premier Asquith's "Take it or leave it" attitude returns the Home Rule crisis to its former situation. The Daily Citizen sums up the situation by saying:

"In a quarter of an hour an atmosphere of almost certain war replaced an atmosphere of possible peace." The Liberal and Labor journals, which have steadfastly discountenanced the concessions, rejoice at Mr. Asquith's "stiffened back" and inform the opposition that their only chance of securing a settlement lies in the acceptance of the suggestions made last Monday.

### CALGARY'S STOCKYARD SITE.

Calgary, March 16.—The application for an injunction restraining the city authorities from acquiring the "in side" stockyard site was dismissed by Judge Simmons today on the ground that the applicants did not give one month's notice in writing of their intention to commence action, as provided for by the city charter.

Calgary, March 16.—The attorneys of Harold Boardman, the youth sentenced to the lash and six months in jail for assaulting a young woman and robbing her, will ask the supreme court to quash the conviction with a writ of habeas corpus.

### Orangemen Gather In Regina Tomorrow

#### Provincial Grand Black Chapter To Hold Its Annual Meeting

Orangemen from all over the province will assemble in the city tomorrow morning, when the Provincial Grand Black Chapter of the Orange Association will hold its annual meeting.

The meeting will commence at ten o'clock and will be held in the Parry and Sturrock Hall on Scarth street. A. Chilton, of Moosomin, Grand Preceptor, will preside during the session.

On Wednesday and Thursday the Provincial Grand Lodge of Saskatchewan will hold its annual meeting in the Odd Fellows Hall, Pearl Block, on South Railway street. Provincial Grand Master R. J. Gibson will preside during the sessions.

Some time during the day on Wednesday Mayor Martin will extend a civic welcome to the delegates at the city hall.

One of the interesting features of Wednesday's session will be the competition for the J. A. Westman Trophy, donated by Mr. Westman, for the team putting on the best lecture in the Orange Degree. Entries have been made by two teams from Regina and one from Saskatoon. The Saskatoon team are the present holders of the trophy.

Refreshments will be served at the city hall for the delegates by the Regina Ladies' Orange Lodge.

Several important resolutions will be discussed and arrangements will probably be made for the reception of the Grand Lodge of British North America, which is to meet in the city some time in June of this year.

### SAFE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Lustre and Abundance.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hairs disappear, after another application or two its natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.

### Westminster Church Organ Inaugurated

#### Four Organists and Splendid Program For Recital Last Evening

The inauguration of the beautiful new pipe organ of Westminster church was marked last evening with a recital in which four organists of the city, a mixed quartette, and the choirs of Westminster and Knox churches took part. The program was as follows:

- Doxology "Praise God from Whom all Blessings Flow."
- Organ Solo "Dedication March" Harris.
- Mr. Hoole
- Organ Solo 1. (a) Berceuse, Fauriel; (b) Salut d'Amour Elgar
- 2. Toccata and Fugue in D Minor, Bach.
- Mr. Ballantine.
- Quartette "Jesus, Lover of My Soul"
- Miss Moir, Mrs. Wright, Mr. Hays and Mr. Sturrock.
- Organ Solo 1. "The Holy Night," Buck
- "And there were in the same country shepherds abiding in the field, keeping watch over their flock by night."—Luke 2:8
- 2. (a) Cantilene Stebbins
- (b) Dragon Files Shelley
- 3. Introduction to 3rd Act, Lohengrin Wagner
- Mr. Coan.
- Chorus "The Heavens are Telling" Haydn.
- Combined choir of Knox and Westminster churches.
- Mr. Hoole, conductor.
- Organ Solo 1. Toccata Widor
- A Toccata is a "touch piece" and is intended to reveal the technique of the performer. This composition is a masterpiece of technique and splendid musicianship of the great French organist. The pedals announce a "plainsong theme," the manuals contributing a brilliant florid accompaniment.
- 2. Overture to "William Tell" Rossini.
- This operatic prelude may be summed up as a vividly descriptive tone picture. The tranquility of the opening Andante, the succeeding storm, and now a calm with the notes of the "Ranz des Vaches," heard from the mountain sides—the whole ending with a joyous finale—are all portrayed with brilliant skill.
- 3. Selection—"Tannhauser" Wagner.
- This selection embodies the Pilgrim's Chant "telling of sin absolved and pardon granted," succeeded by Elizabeth's Prayer and Wolfram's Prayer, with the "Tournament of Song" as finale.
- Dr. Hodgson.
- "The Hallelujah Chorus" Handel
- The Combined Chorus.
- Mr. Hoole, conductor.

The organ is so new that it is stiff and the organists were not perfectly at home with the instrument. The opening organ number by Mr. Hoole contained too much blare, probably for this reason. Mr. Ballantine, organist of St. Paul's, was enjoyed in the three well selected numbers. In Mr. Coan's playing there is a quality of ease and smoothness which is very delightful. The music literally flows from his finger tips and the legato quality exhibited in the first number especially was delightful. The bright little "Dragon Files" was extremely dainty and in the selection from Lohengrin the introduction of the full orchestral accompaniment was very excellent.

Dr. Hodgson is well known as a pianist and his organ numbers last evening were received with high favor. In the "William Tell" overture and the "Tannhauser" selection Dr. Hodgson's interpretation and technique were both splendid.

The mixed quartette composed of Miss Moir, Mrs. Wright, Mr. Hays and Mr. Sturrock was so thoroughly enjoyed in Williams' setting of "Jesus, Lover of My Soul," that an encore was demanded and received. These singers are one and all well known and popular soloists.

The massed choirs of Knox and Westminster churches, with Mr. Hoole as conductor and Dr. Hodgson as accompanist were splendid in both "The Heavens are Telling" and "The Hallelujah Chorus," with which grand number the program was concluded.

### King George Sees Fast Boxing Bout

London, March 16.—King George attained the distinction tonight of being the first reigning British monarch to witness a public exhibition of the "noble art of self-defence." As the guest of the Second Life Guards, of which he is colonel, he was entertained at a boxing and fencing tournament at the Regent's Park barracks. Bombardier Wells, the former British heavyweight champion, and Pat O'Keefe, of Ireland, gave a fast exhibition of sparring and several clever amateurs also took part in bouts.

In sporting circles a boom in boxing is expected as a result of the king's patronage.

### Cyclonic Gale Sweeps England

London, Mar. 16.—A cyclonic gale swept over the United Kingdom today from west to east. The wind reached a velocity of seventy miles an hour and the gale lasted 12 hours. Many vessels were driven ashore, and the channel packet service was partially suspended.

A tug foundered in the Thames, with the loss of five lives. The big Dutch steamer Noodwijk is disabled off the Isle of Wight. Much damage was done.

### HOUSEHOLD DUTIES AND FAMILY CARES

#### severely tax a woman's strength

and when wife or mother complains of fatigue, nervousness, loss of appetite or energy, she needs rest, out-of-door exercise and building up.

The first thought should be Scott's Emulsion, which is medicinal food free from alcohol or narcotics. Its nourishing force quickly fills hollow cheeks, builds healthy tissues, enriches the blood, restores the healthy glow, overcomes languor and makes tranquil nerves.

Nothing equals or compares with Scott's Emulsion for just such conditions, but insist on SCOTT'S. At any drug store.

Wanted — By March 28th, Four Room Suite in modern apartment, or small fully modern house or cottage, south side. Careful tenant. PHONE 2056.

ance in five annual payments, with interest at six per cent. In their recommendation the commissioners say: "It is now considered that it will be necessary in the near future to extend the operations of boring wells and laying collecting lines easterly from the property already owned by the city. In connection with the large operations which will be required to carry out this scheme, increasing the water supply of the city, it is considered very desirable that the city should control as far as possible the land from which the water supply is secured, in order that the area in question may be fenced and kept in sanitary condition."

**Society News By Cable**  
London, March 16.—(W.A.P. Special Cable).—H.R.H. Princess Louise of Battenberg, has gone to Darmstadt. The Dowager Countess of Pembroke has undergone an operation for appendicitis at Wilton House, Salisbury. The Earl of Rosebery is now completing convalescence and has left for Dalmeny. The Countess of Minto has returned to town from Hawick. The Prince of Wales will en route for Copenhagen and Norway led an exceedingly rough passage across the channel. The sale was so severe that most of the boats were unable to make the trip, but the Prince stood the journey well, not showing the slightest evidence of sea sickness.

**NEPTUNE'S GIRLS AT ORPHEUM**  
SEVERAL OTHER GOOD STUNTS  
WELL RECEIVED LAST NIGHT  
How some of the stuff pulled at the Orpheum this week got by (to be very slangy) passes comprehension. But "get by" it does, and the audience kept holding its sides throughout. And after all the tastes of the audience must first be taken into consideration. Judged by that viewpoint, it was a mighty good show presented yesterday and appearing again today. Even Von Hoover, the "dippy mad comedian," got away with it and never a break in the applause. The audience realized after his exit that it had been "had," as our English cousins would remark, but just the same, while he was on the stage, the laughter was tumultuous. And that, at the risk of tiresome repetition, is the final criterion.

"Neptune's Garden of Living Statues" headlines the bill. The statues serve merely as a background, although a decidedly pleasing one, for Carlo Casetta and Lillian Lester. Spanish mimes, in their new and weird "La Danse Dementia," as the play-bill hath it. It was demystified enough at that. The background is of several stately groups, shapely living models making up the groups. A big feature is Rose Crouch and George Welch, who dance and do various other stunts. They are billed as "That Lively Pair," and they are all that. Rose even sings a little—very badly, be it confessed. Their tumbling stunts are beyond the ordinary and put on in novel and attractive manner. The sale was so severe that most of the boats were unable to make the trip, but the Prince stood the journey well, not showing the slightest evidence of sea sickness.

### Plans Indicate a "City Beautiful"

Article by Malcolm Ross in Current Issue of Canadian Municipal Journal

The plans which are being prepared by Professor Mawson for the provincial government and the city make provision for sites for handsome structures to be used for public and institutional purposes, and also include an area which it is proposed to develop as a residential district. This is the information conveyed by Malcolm Ross, parks expert to the Saskatchewan government, in an article contributed to the current issue of the Canadian Municipal Journal under the caption: "Town Development in Regina." The article in question deals with the advantages enjoyed by this city from the city planning point of view, and reads as follows:

"While numerous cities on the continent have been and are busy preparing plans at great expense, for schemes of general improvement, Regina, partly by foresight and design, and partly by good fortune, now holds a good position in regard to certain features of civic organization. This is especially true in regard to the economical arrangements for the transportation and distribution of goods. Distribution must necessarily commence at the railroads. The arrangement in Regina has been based on the establishment of warehouses and factories in an area so arranged that each is directly served by a spur track. The tracks are so arranged that cars may be reserved and delivered directly to the various railroads. The arrangements for the transfer of goods from one railroad to another appear to admit of still further improvement, and a freight exchange or transfer yard outside the city will doubtless be taken into consideration before long, and in connection with it will be desirable to have a large open area for the storage of goods. The arrangements for the transfer of goods from one railroad to another appear to admit of still further improvement, and a freight exchange or transfer yard outside the city will doubtless be taken into consideration before long, and in connection with it will be desirable to have a large open area for the storage of goods.

**Sanitary Features.**  
The important sanitary features of water supply and sewage disposal have been arranged, as the foundation of a comprehensive scheme which can be extended to provide for the requirements of the city for a considerable number of years to come. The water supply is of unusual importance. It is secured from underground springs and is practically removed from any possibility of contamination.

**Social Progress.**  
In regard to the social features of town planning, not much has as yet been done. There is a definitely expressed desire from all quarters for more public recreation grounds and buildings, quite apart from ornamental parks. The housing and living conditions of the people who are unable, for various reasons, to keep them up to the standard known to be necessary for the welfare of the community, are being discussed. The application of the single tax system of taxation, which is being gradually introduced, is believed, will go a long way toward improving conditions, for a certain class. How far it will benefit the poorest and transient classes is yet to be seen.

**Aesthetic Features.**  
In aesthetic possibilities, Regina is especially fortunate. Large open spaces have been reserved by the Dominion and provincial governments, some of which have since been turned over to the city. The largest of these adjoins the legislative buildings grounds, and with a

good-sized area of water and trees affords opportunity for the grouping of four public buildings with beautiful surroundings. Seeing the possible advantages to the whole province, of this area, and the influence that could be exerted in shaping the standards of the growing cities and towns of the province by its means, the government has secured the advice and services of a distinguished authority on town planning, landscape and architecture, so that it is reasonably certain if the plans submitted are fully carried out, that the results will show a combination of the high idealism modified by the practical exigencies of such systems in older countries. The plan provides sites for handsome monumental buildings to be used for public and institutional purposes, and also includes an area which it is proposed to develop as a residential district. In connection with this, regulations have been prepared which will guarantee to the residents the continuance of good conditions and surroundings, and which will make it impossible for one resident to build or construct his buildings in such a way as to be a detriment to his neighbors.

For a general town planning scheme, beyond what has already been done along this line with such excellent results, Regina offers an excellent opportunity. The topographical features necessitate no costly engineering construction, such as is entailed in hilly and rocky country, and with the exception of a possible widening of portions of certain streets and the opening of a few diagonal streets, very little expenditure, beyond that normally required for city extension work, will be necessary. In addition to this advantage, the growth of the city has been continuous, compact and uniform in all directions that long stretches of pavement, sewers and water mains to serve distant subdivisions are unnecessary. The consequent effect on the rates of taxation are obvious, and the final results must make Regina a very desirable city for those who have travelled sufficiently to appreciate the many comforts which are obtainable only in cities where careful organization and planning have been practiced.

**NAVIGATORS GO TO SCHOOL.**  
Something new in schools is that now being conducted at Owen Sound by the Canada Steamship Lines Limited. It is for the benefit of their own men—a course in higher navigation. Last month the school opened in Toronto, and after a few weeks' session at Owen Sound, it will be moved to Hamilton. Captain Geo. D. Frewer, official Compass Adjuster of the Company's fleet of 101 boats, is the instructor. To him come the captains, first mates, and wheelmen in the employ of the Canada Steamship Lines. The course of instruction is, in effect, a post-graduate one; the examinations set by the Canada Steamship Lines for their navigators being fifty per cent. higher than the Government standards. This results in a high degree of efficiency on the part of the Company's officers. As instancing the thoroughness of the instruction, it is interesting to learn that it includes a course in the handling of package freight.

**GET YOUR CANADIAN HOME FROM THE CANADIAN PACIFIC**  
An immense area of the most fertile land in Western Canada for sale at low prices, ranging from \$1 to \$20 per acre, for non-irrigated land, and \$25 to \$75 per acre for irrigated land. **GRAND TRUNK RAILWAY PAVILION**  
Panama-Pacific Exposition, San Francisco, Cal., 1915.

The Grand Trunk Pavilion which will occupy a prominent position in the railway plaza at the northeast corner of the grounds of the Panama-Pacific Exposition, will be directly opposite the mammoth machinery palace, adjacent to the passenger ferry slips and overlooking San Francisco Bay. As will be observed, the design is simple in outline and Spanish renaissance in character, making a handsome and ornate structure. The walls will be of stucco, rough finish and tinted a soft cream shade, relieved with an ornamental enriched band carried around the building under the eaves. Shields and fountains have been effectively placed to enhance the decorative effect of the building. The roof will be covered with a rich red Spanish tile. The design for this building was the one accepted by the Exposition Authorities as the standard for all the other buildings which will be erected on the railway plaza. The pavilion will house the exhibits of both the Grand Trunk Railway and the Grand Trunk Pacific Railway. Messrs. Ross and Macdonald, of Montreal, are the Architects.

AMERICANS SEEK "GENERAL GRANT"

Vessel With Five Millions in Gold is Somewhere Beneath

Christchurch, New Zealand, March 17.—Much interest has been aroused here and throughout the colony concerning the expected arrival of the American barkentine which has been dispatched from the United States in search of the General Grant, believed to have been buried beneath the water at Auckland Island at the time of the wreck of that vessel in 1862.

According to reports current here, the United States contains a billion dollars worth of gold, and it is believed that the vessel, which was built in 1862, contains a vast quantity of other valuable cargo. Much difference of opinion exists, however, as to the estimated value of the cargo, owing to the varied meanings given to the terms "one-ton spelter" and "170 boxes ammonia."

At the time of the wreck, the General Grant was on its way from Eschschau to San Francisco and it is held that the spelter, zinc and soda, included in the cargo list, were really miners' gold, the entry being made in order to minimize the report of value of the goods.

The present salvage enterprise has been undertaken by the "General Grant Salvage Syndicate" and the promoters are confidently looking forward to a big haul.

Suff. May Be Held Mentally Deficient

Cabinet Reported to Have Received Suggestion to This Effect With Approval

London, March 17.—Some members of the cabinet are reported to have received with approval a suggestion that the suffragettes can be dealt with under the provisions of the mental deficiency law, which becomes operative in April. It is suggested that the suffragettes in suitable homes of persons suffering from certain forms of insanity, when a medical examination confirms the claim that they are mentally deficient.

At the weekly meeting of the Women's Social and Political Union yesterday, Mrs. Deane Fox, said it had been a wonderful week for the cause and by their policy of concentration, "wonderful weeks will follow."

She described the work of Mary Stanger, who has been working in the West End, as the most successful without protest ever made. She drew scenes by speaking of the work of the suffragettes in entering the cathedrals, the Birmingham cathedral with white paint, and also in interfering with the services at various cathedrals and churches by their chanting.

Mrs. Deane Fox read a letter from Mrs. Maudie Parkhurst, who was released under the "cat and mouse" act on Saturday, in which the leader of the militants said that, although she was still very weak, she was more determined than ever to continue the fight.

THE WEATHER

The weather in Alberta has been fine and quite mild. In Saskatchewan and in Manitoba it has been mild during the day but temperatures dropped considerably during the night.

Forecast: Fair and cold today and Wednesday.

Saskatchewan—Fair and cold today. Mild tomorrow.

Toronto Fire Loss \$50,000.

Toronto, Mar. 17.—Fire destroyed the Laidlaw Lumber Company's property, at the corner of St. Lawrence street and Eastern avenue, last night, to the extent of about \$50,000. It started in the engine room and spread to the main building and a shed in the rear of it, both being destroyed. The loss is covered by insurance.

DRINK HABIT TREATMENT NEAL INSTITUTE

3124 Victoria Avenue W. Phone 4150. REGINA

RAVAGES OF WHITE WOLF.

Peking, March 17.—Reports have been received from missionaries, describing the ravages of White Wolf's band. Fifteen hundred inhabitants of Luchow Kow, Hu Pei province, have been killed and 400 subjected to tortures, to make them disclose hidden treasures. Many women and girls have been mutilated or murdered. Property to the value of millions of dollars has been looted.

THUNDERER SELLS WELL FOR PENNY

First Issue Was Just Half of Copies Ordered, Publishers State.

London, March 17.—The publisher of the London Times said yesterday: "We had orders for 750,000 copies of our first penny issue today, but we printed and sold less than 300,000, because the printing has to be so carefully performed. Our orders for today are still larger and we have sold over 10 pages of small advertisements. The normal size of this paper will be as today, 34 pages, but it will run up as high as 36."

The paper is exactly the same in quality and print as the two penny edition, and how it is to be made a paying proposition is a problem that is puzzling Fleet street. According to its last balance sheet, the Times made a profit of \$100,000 last year, about two per cent on its capital.

The Daily Telegraph ignores its new penny rival, of which it prints no advertisement. The Morning Post has adopted a new make-up, somewhat resembling that of the Times, and it is said the Post declines to accept an advertisement of the Times.

Vessel Is In Very Dangerous Position

Steamer City of Sydney Is Reported on Rocks Near Entrance to Halifax Harbor

Halifax, N. S., March 17.—The steamer City of Sydney, which left Halifax Friday from New York for St. John's, Nfld., is reported on the rocks at Sambro, a few miles from here. She struck during a dense fog early this morning and water in her stove-holds got out the fire. She carries a number of passengers.

She has been dispatched to her assistance from here and boats have also left from Sambro to take off the passengers.

The weather continued extremely thick during the forenoon and boats had difficulty in locating the steamer. Early reports said that the City of Sydney had grounded on St. George's Point, at the southwest entrance to Halifax Harbor, and was in a dangerous position.

GREATEST ART SALE COMING

Paris, March 17.—It is stated here that the Paris portion of the Murray Scott art collection, now owned by Lady Sackville, will be sold at auction in London next June.

This promises to be the most sensational art sale on record. It is expected the total sum realized will exceed even the \$4,000,000 which it is alleged was bid by P. A. B. Widener for the collection. The highest lot is a statue by a male figure of this kind was \$2,776,000 at the Doucet sale in 1911.

SMALL DOCKET AT MOOSE JAW. Moose Jaw, March 17.—With one of the smallest dockets on record, the spring assizes of the supreme court opens in Moose Jaw tomorrow morning.

Earl Potter will face a charge of stealing grain, alleged by Harvey Gilmore, of Bridgeport, on Feb. 5. He has been taken at Tugaska, N. B., by the St. John's, who was implicated in the scandal surrounding the missing materials from the city stores, last fall, is now charged with the theft of a handbag from a C.P.R. passenger coach at Moose Jaw.

A charge of the most serious character is laid against Arthur Johnson, a colored man. It is alleged that on or about the month of March, 1913, he had improper relations with a young girl, under 15 years of age. The accused was boarding at the home of the girl in this city at the time the alleged offence was committed.

ANGLI-DUTCH CORPORATION WANTS LA COLLE SCHEME Prince Albert, March 17.—A proposition to take over the La Colle Falls power scheme was heard last night by the city council. It came from ex-Mayor N. W. Morton who has just returned from Europe and who made the proposal for the Anglo-Dutch Financial Corporation of London.

The concern wishes an option on the power scheme bonds and is willing to endeavor to sell them. It wants a 40-year franchise for a street railway and power scheme. The matter will be considered at once.

New Sheikh ul Islam Named. Constantinople, March 17.—Hazi Pasha, minister of Pious Foundations, has been appointed Sheikh ul Islam replacing Essad Effendi.

SPANISH INFLUX CONSIDERED MYTH

Attention of Department of Labor Called to It; Investigation Shows Report Groundless.

Ottawa, March 17.—The attention of the department of labor was called last week to a dispatch emanating from Toronto that 400 Spanish laborers were being imported to Canada for employment on the Welland canal.

The minister of labor at once brought the matter to the notice of the department of immigration and the department of railways and canals, which has to do with the new construction of the new Welland canal. The minister of labor, who was in Toronto Saturday, also made inquiry on this point of the Spanish consul, who stated that he had no knowledge of any unusual influx of laborers from his country into Canada at present.

Some of the labor union officials in Toronto had word last week that the 400 Spanish laborers in question had arrived at New York, but if this is correct, they have not yet reached the international border. If they should so arrive, the immigration officials are under instructions to enforce fully the provisions of the immigration act. The contractors on the Welland canal have also been communitated with by the government and declare there is no foundation whatever for the published reports insofar as they are concerned.

All contracts for the Welland canal contain a provision that no laborers shall be employed on or about this work who are not citizens or residents of Canada. Authority is, however, given to the minister of railways and canals to waive this condition either in general or to a limited extent, should it be deemed expedient to do so.

COLLEGE HALL, WELLESLEY, BURNS Wellesley, Mass., March 17.—College Hall, one of the oldest and the largest of the Wellesley College buildings, was destroyed by fire early today. Although about 300 students and several members of the faculty were asleep on the upper floors of the five-story brick structure when the flames were discovered, all escaped unharmed. It was later announced that the fire loss was estimated at \$500,000.

College sessions were suspended this morning and the students will be sent home.

BALLOONISTS HELD AS SPIES Berlin, March 17.—Hans Berliner, the German aeronaut, has been imprisoned at Kirgischanski, Russia, since February 10 on suspicion of espionage.

Heinger and two companions landed at Kirgischanski at the Ural Mountains on a voyage of discovery. Berliner, who is a native of Berlin, was reported to have a record of 1,587 miles for spherical balloons. He and his companions were immediately arrested and, in spite of official intercession, have been detained there ever since by the Russian police.

REBEL CONSUL DISMISSED Nozales, Ariz., March 17.—On account of alleged lack of sympathy with Gen. Carranza personally, Ricardo Gayou, Constitutional consul here, was summarily dismissed today.

It is the latest development in the anti-Carranza plot, which is said to have been formed recently. Gayou said he supported the cause and not the man, and it is reported there was a feud between him and the opponents of Gen. Carranza.

Opposition to Carranza is developing. It is said here, and it is also reported that only his friends are allowed to hold office.

CARRANZA HIDING? Douglas, Ariz., March 17.—General Carranza, "First Chief" of the Constitutionalists, has not been heard from since he left Agua Prieta last week. He was expected to reach Omitlan, Pass, between Sonora and Chihuahua, yesterday.

Meantime many rumors are afloat that Carranza intends to camp in the mountains and remain out of communication with the border until assured of the attitude of Villa toward him. He is also said to be desirous of keeping out of touch with the United States for a time.

Both these reports, however, were branded by rebels as falsehoods, circulated by Huerta agents.

insurance Company Loses License. Ottawa, March 17.—It is announced by the insurance department that the license of the Rimouski Fire Insurance Company, of Rimouski, Que., which has been receiving close attention of the department for some time, has been withdrawn. During the year 1913, owing to several unfortunate transactions from which heavy losses resulted, the assets of the company came below the amount required by the insurance act and the department has therefore been obliged to cancel its license.

Schooner Ashore, Crew Saved. Highland Light, Mass., March 17.—The Boston fishing schooner, Tona Nova ran ashore last night on Cape Cod, near Panet river, and it was feared she would be a total loss. Her crew of 23 men were taken off by the Panet River life savers. The schooner was found in from George's Barke with a cargo of fish.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE tablets. Stop the Cough and Headache and work off the Cold. Druggists refund money if it fails to cure. B. W. Groves' signature is on each box. 25 cents.

KING'S "GRAFT" IS ENDED

London, March 17.—King George's frequent use of the admiralty's wireless station for private messages has been the cause of some friction with the naval authorities.

The officials claimed that the stations should only be concerned with the regular naval work, so they proposed to install a wireless station at Buckingham Palace, if the king would pay the costs.

This King George refused to do and the transmission of royal private messages through the official station has now ceased.

DEATH FACES MAN ON CHILD'S CHARGE

W. H. Tapley, Former Money Lender, Faces Trial for Offence Which May Mean Death Penalty.

Montreal, March 17.—The trial opened in the King's Bench yesterday of W. H. Tapley, former money-lender, on charges preferred by his 16-year-old daughter, Loreta. His alleged offence is one of the four for which the death sentence may be imposed, though it is said a century since such an extreme course has been taken in Montreal.

In the case of treason and murder, the death sentence is compulsory, but for piracy or rape it is optional with life imprisonment. The jurors were taken by surprise when informed that they must be locked up as this was a capital case.

The trial will be continued tomorrow.

Graft Extended Over 18 Years

Hamburg South American Line Done Out of \$2,000,000 By Pecculations.

Berlin, March 17.—One of the most important cases of graft ever unearthed in Germany will shortly engage the attention of the criminal court in Hamburg. It concerns allegations of embezzlement from the Hamburg South American shipping company of nearly \$2,000,000 involving more than 300 employees of the line, mostly captains and other officers.

The chief culprits, who have been in jail since September, are the chief inspectors of the company, Sibus and Stehr, head of the employment bureau. Their pecculations, it is alleged, extend over a period of 18 years.

Sibus, who has been in the service of the company for a quarter of a century, is an influential official, and owing to the high estimation in which he was held at headquarters, the captain and other officers stood in awe of him. They were accustomed, owing to fears of being discharged if they incurred his displeasure, to vouch unhesitatingly for padded payrolls which Sibus, by collusion with Stehr, then proceeded to collect, pocketing for themselves the excess over the actual amount payable and the sums which they made the treasurer of the company.

Col. Hall Resigns Only Civil Force Declares He Has Not Resigned Commission in New Victoria Regiment.

Victoria, B. C., March 17.—Seen by the W. A. P. correspondent last night, Col. J. A. Hall, officer commanding the 89th Fusiliers, who has been in the command of the force in the Nanaimo strike zone since August last, denied that he had resigned his commission.

Colonel Hall refused to discuss the matter further at this time, but he did not deny that the minister of militia had accepted a resignation. There appears to be some reason for believing, in view of the denial of the colonel, coupled with his presence at his home here, that what has been reported, or what Hon. Sam Hughes (taken up being resigned), is the command of the civil aid force and not of the newly formed Victoria regiment.

Social Club Dance.—The North Side Social Club, which is under the auspices of the S.O.E., Regina Lodge, No. 417, will hold a St. Patrick's Day dance in the city hall auditorium at 8.30 tonight. Cooper's orchestra will supply music. There will be card tables and light refreshments. Tickets can be obtained at the door.

STOPPED WINNY'S MOUTH FOR ONCE. London, March 17.—A Wolverhampton paper says while the police were covering Winston Churchill, first lord of the admiralty, to the train after a speech at Bradford, last Saturday, a man pushed his way through the police and, in a dense crowd, punched Mr. Churchill severely in the mouth.

Absolutely fresh eggs and choice of country butter at Regina Dairy, Phone 3649 or procure from driver. dt.

BISHOP COMMENDS APPEAL FOR FUNDS

Two Farms Will Be Bought for Widows and Orphans of Emigrants.

London, March 17 (C.A.P.).—The Bishop of London has publicly commended the scheme of Rev. T. B. Clarke, of Ontario, who is over here endeavoring to raise money to do something of a permanent character for the widows and orphans of emigrants.

The committee, of which the Rev. H. Huron is president, appeals for £12,000 in order to purchase two farms, which it is expected when bought and fully equipped will soon be self-supporting.

The Dean of Winchester, in appealing to home churches on behalf of the mission in Redcliff, Alberta, says: "The population is today 2,500; very soon it is likely to be 10,000. But there is no church. The clergyman has been living in a one-room shanty, which has served as a vicarage on week days and as a church on Sundays. The evening services are held in one of the music halls, which has first to be cleaned of smoking gun, cigar ends, etc. A church is urgently needed, unless the people are to be allowed to drift. A site has been promised, but only on condition that a church be built within the next 18 months. Thus there is no time to be lost. One thousand five hundred pounds will suffice for a building to hold 200, so constructed as to admit of future enlargement. Mr. Gibson, the clergyman in charge, is now in England, spending his holiday in trying to raise this sum, so that a start may be made at once."

TWO KILLED BY EXPLOSION Sherbrooke, Que., March 17.—A. R. McDougall was instantly killed and Lester Farrell was seriously injured that he died some eight hours later by a premature blast in the mine of the Weedon Mining Company at Lake Weedon Saturday afternoon. Both men were employed by the White Line company, was instantly killed by an explosion of dynamite which was being used to break the ice in the river. Four others were working in the same vicinity but these were not injured. Farrell was carrying the dynamite across the ice when the explosion occurred. One of his hands was blown off at the wrist and his body was terribly mangled.

Beachville Man Killed by Explosion Ingersoll, Ont., March 17.—At Beachville yesterday afternoon, Walter Farrell, employe of the White Line company, was instantly killed by an explosion of dynamite which was being used to break the ice in the river. Four others were working in the same vicinity but these were not injured. Farrell was carrying the dynamite across the ice when the explosion occurred. One of his hands was blown off at the wrist and his body was terribly mangled.

Three Die in Hotel Fire in Brechin, Ont. Proprietor Discovers Flames, But Was Unable to Rescue Wife and Son.

Brechin, Ont., March 17.—Three persons are dead, with the possibility of a fourth being added to their number, as the result of a fire which completely destroyed the hotel in Brechin early this morning. The known dead are: Mrs. McCauley, her six-year-old son, John, and Miss Josephine Callaghan, a servant in the hotel. It was thought that possibly another child was burned as well, but this could not be confirmed.

About two o'clock this morning Thomas McCauley, proprietor of the Brechin Hotel, was awakened by the smell of smoke in his room and rushing out discovered the entire lower part of the building in flames, which in a few minutes engulfed the entire structure. He attempted to rescue his wife and the other occupants of the building, but was out of the flames.

The body of Mrs. McCauley was found and search is being made for the others. Brechin is situated about 10 miles north of Beaverton.

WENT TO THRASH ASQUITH. London, March 17.—A sentence of six weeks' hard labor was pronounced today in police court on Catherine Wilson, a militant suffragette, who had been arrested in the lobby of the House of Commons, dressed in man's clothing and hiding a dog-whip in her sleeve. She was charged as a suspected person. She said to the magistrate: "Of course I shall not accept the sentence," and added, "I went to the House of Commons to give Premier Asquith, or Home Secretary McKenna, a good thrashing."

Wires Down in Europe. Paris, March 17.—Telegraphic and telephone communication between Paris and many of the European continental cities was almost wholly interrupted today by the storm which has raged since yesterday. The bulletin boards in the telegraph offices announced the wires between Paris and Berlin, Amsterdam and Brussels, are down and there is much delay between Paris and London. Much of the stock exchange business between Paris and London was conducted by way of New York.

Gunns Quit Prince Albert. Prince Albert, March 17.—It is announced here today that Walter E. Gunns, for the past two years publicity commissioner of this city, had accepted the position of industrial commissioner of Vanderhoof, B. C., on the main line of the G. T. P.

Here is a chance for supporters of the Vics who have good hockey sticks cached away until next winter to come to the rescue. Most of the war clubs in the hands of the world's champions now have become so pliant by constantly getting wet that they will hardly move the puck without an extra effort.

If any hockey player who has a good stick would leave his cudgel at G. S. Wood and Co.'s store so that they could be delivered to the Vics, it would be doing the players a great favor and help retain the Allan Cup in Regina.

NAVAL CABLES ARE APPEARING AGAIN Toronto Correspondent Says There is No Probability of Agreement.

London, March 17 (C.A.P.).—In the last few days there has been a revival of cables from Canada regarding naval matters. Yesterday, for instance, one Toronto correspondent said there was no immediate probability of an agreement upon any naval proposal which will be accepted by both Canadian political parties.

In several English Unionist journals this morning there is a statement, evidently proceeding in each case from the same source, and issued on this side, that "An understanding already exists between the Borden government and the admiralty whereby the cost of three dreadnoughts ultimately will be borne by the Dominion government. There is good ground for hoping that Sir Wilfrid Laurier will acquiesce in this policy provided that the ships will, at the end of a specified period, become a part of the Canadian navy."

This statement received prominence in some Conservative organs, although the journalist who supplied it, adds quite candidly, "This way out of the existing impasse is in fact partly provided for in the naval bill which the Senate rejected last year."

APPEAL FOR STRATHCONA FUND. London, March 17.—A public appeal for funds to the Strathcona fund will be issued here this week. The general committee includes: Premier Asquith, Viscount Haldane, Lord Chancellor, the Duke of Argyll and every other ex-Governor-General of the Dominion; Andrew Bonar Law, senior of his own position; Sir Charles Tupper, Rt. Hon. Lewis Harcourt, colonial secretary; Bishop Sperrin and many others. The executive committee is drawn from those immediately concerned with Canadian business in London at present. The proposal is for a memorial window in Westminster Abbey, which, it is understood, the dean and chapter of the abbey are willing to accept.

This fund is to be limited to residents of this side of individual subscriptions not to exceed five guineas.

A Few Good Ones

64 feet facing East in 645 Lakeview, at \$4,000.00; one-third cash, balance 6 and 12 months, at 5 per cent.

Action On Tolls Delayed Few Days

Washington, March 17.—Action in the senate on the Owen bill to repeal the tolls exemption clause of the Panama canal act, probably will be delayed for a few days on account of the absence of Senator O'Gorman, chairman of the inter-oceanic canal committee. Senator O'Gorman will not return until Wednesday.

It had been expected by senators who are leading the fight on behalf of the president, that a meeting of the canal committee could be arranged early in the week to have a vote on the Owen bill and a report to the senate prepared by the time the house acts on the Sims bill later in the week.

Senator O'Gorman, though unfavorably opposed to the repeal, it is believed, will not hesitate to call a meeting of his committee upon his return, although it had been his original intention to do nothing until the House had taken action on the issue.

Will Address Convention.—Mr. Everts, who is giving his course on personal work in Regina this week, has been engaged to deliver his lecture at the Provincial Sunday School Convention which meets at Saskatoon on April 8, 9 and 10. He will also have charge of the convention singing at that time.
