There was a short meeting of the Fire and Gas Committee yesterday. Present, Ald. Gas Committee Vesterday, Present, Ad-Shaw (chairman), Ritchie, Galbrath, Frank-land, Macdougall, Swait, Bell, and Piper, New gas lamps were discussed and soveral Lambeth lamps arraigued for erection. The electric light question was brought up, but discussion was adjourned till the Special Com-mittee will come to some understanding.

Japanese goods cheaper than ever at the Japanese store, 105 Queen cast, Inspection invited. 246

Marie canal has been completed, but no award has yet been made. The talk amongst the contractors is that there is a very wide dif-ference in the tenders for excavation, ranging, so one contractor informed your correspon-dent, from sixty-three cents to four dolars and a half per cubic yacd, the wide range being caused by the uncertainty as to the proportion of rock excavation which will have to be made. The rumor to-night is that Hugh and John Ryan, contractors for the lock, are lewest for the approaches.

Ryan, contractors for the lock, are indexed the approaches. The Department of Justice to-day issued a warrant for the extradition of DeBaun, the Providence Bank defaulter now held at Mosi-tead. It is rumored that both Lieutenant Ouimet and Major Dugas of the 65th battalion lave tendered their resignations. In the C. P. R. arbitration to-day Mr. Bro-mber C. E. of Ottawa who was resident en-

In the C. P. R. arbitration to day Air. Bro-phy, C.E., of Ottawa who was resident en-gineer on the British Colun bia sections dur-ing the construction, was examined and testified that when he left the work it was properly constructed. He had not seen it since. After this evidence the arbitration adjourned to the 27th. Messrs. Boyd, Blake, Robinson, Osler and Blackstock left for Toronto to onight.

Unreserved Private Sale of all the stand-ard works of the day, at wholesate prices, including sets o Diekens, "Scott." Thack-eray, Elios, Macaulay, Easkin, Foil line of poetical and other switchic Muns girls, F. A. Wand, 15, king-street west,

U. S. FISHERIES ASSOCIATION.

cond Annual Meeting in New York Yes-terday-Officers Elected .

NEW YORK, Dec. 12.-The second annual meeting of the United States National Fisher-ies Association was held here to-day. Prosident Babson in culling the meeting to order referred the suble scription which the Fisheries to the public attent question had extendion we the following declaration we in all the treaties made with the united States of the With Congress of the United States declare that the "i and privileges together with the pestriciton, of a treaties or international acreeoration are general their application and are not also infinitative magning class of clizens of the United States, and the all schemen any Government shall by their interprets wherein any Government anali by their interpretation of any traity made by the United States, discriminate in its application arisins my class of citizens of the United States, the President's nereby empowered to retajinte in kind by a like discrimination against citi-zens of such foreign countries when which the juris-diction of the United States. Thuse officers were elected: President, T. J. Bauson; Vice-President, D. T. Church: Treas-urer, J. J. Pew; Sec.stary, Luther Maddock. A board of Lirectors was also diected.

A Noted Crook Convicted at Peter

PETERBORO, Dec. 12.-Fred Greenileid, the noted crook who was extradited from Buffalo a short time ago and brought here to be tried a short time ago and brought more to with Intent for shooting at Constable Stewart with Intent to kill when surprised in a store which he was robbing, was brought up for trial at the Court of Session to day. > lian Race Hare Baled off for Fraud-A 3-Year-Old Trotter Sold for \$7500-Teemer Wants Another Trial-The general course of trotting matters, both

have had no opposition in the West to amount to anything. Next summer, however, a new candidate for "noing honors and race-qoers' dollars app-aris in the West in the shape of twin City Jockey Club, situated midway be-tween the cities of St. Paul and Minucapolis. The club has any quantity of money back of value to take the horsemen there after the close of the meeting in Washington Park, Chicago, in July. From the Lake City horse-men have usually come east to Saratoga and Monmouth Park, tusi next senson many of them have promised to go to the Twin City meeting, which is to continue for three weeks. With Archer dead, Wood refused a riding flocuse and George Barrett "Standing down" for nearly hall the season, no jockey in Eng-land has won anything like the number of race which Areber and Wood need to scoure suston after season, and F. Barrett, who had the good fortune to steer. Ayrshine in the Derby, is at the head of the list, having rid-den 106 winners or three more than Watts, whose weight prevents him taking part in many races. His average is a better of therefore, than that of F. Barrett, who had been in the saddle about 550 times. Next winter the New Jersey tracks will find a powerful rival for patronage. In a Southern most interesting talk by Prof. Ashiey of an life, personality and work of the late Arnoid Toynbee, the Oxford social reformer. Prof. Ashiey was intimately associated with Mr. Toynbee two years before his death, from 1881 to 1883, during which time the latter filled the part of lecturer on accommic science to proba-tioners in the Indian civil service in attend-ance at Balliof College. — He described the work attempted and accom-filshed by Mr. Toynbee in his lifetime in Ox-ford and London, and also the work carried on size has death by the organization which has its has death by the organization which has the head part of London. This work confists patter appet of London. This work confists in Canada and the United States, during the past season, has evidenced a decided growth field of sport. popular interest in this on both sides of the borand London in Toyabes Han has death by the drame to him in the has death by the drame to him in the has a second as a memorial to him in the have erected as a memorial to him in the starn part of London. This work consists have a second by the second by august in the dollvery of lectures under the London the longon of some measures of which have to have a second by the method by the longon board schools and partly of match is to the longon board schools and partly of match is and the longon board schools and partly of match is to the long of the long increased largely, and while a few we dropped out of the swim a great of new ones have given meetings. been especially In Canada the increase has tarked. Toronto, Ottaws and Montreal have od meetings and horsemen ns of the country have been atfrom all sections of the movement in traced to these points. The movement in this direction is full of significance. Is means that the trotting interest is experiencing a healthy growth. The great success of the healthy growth. The great success of New York, Next winter the New Jersey tracks will find powerful rival for patronage in a Southern a powerful rival for Detroiting organized to Pacific circuit now being organized to series of race meetings after the fall in Baltimore and Washington. T duy. Mr. Ashley also described a second momorial in the form of a "Toynbee fund," the interest of which is spent in sending some promising young university man each year into one of the as compared with the trothing races in the same region, naturally drew the attention of the gentlemen interested in the late series of race meetings after two final fields in Baltimore and Washington. The cities where face tracks are available, and in which meetings to supplement those in the North and East are to be held, are Richmond, Va.; Charleston and Columbia, S. C.; Augusta, Atlanta and Savaunah, Ga.; Mobile, Ala., and New Orleans. The plant is to have the meeting at the latter city postponed until some time in Jannary, so as to allow racing meetings of from five to ten days each in the cities must of November and December. sideration of the reasons that caused such diverse that the public, which hat caused such units, must used of any kind of a be looked to for the support of any kind of a be looked to for the support of any kind of a bet often with a quick decision in view, the Driving Club of New York gave a meeting last fall in which each race was decided by a single heat. The meeting was reasonably sucresults. Satisfied spensed with spir quotions source and was closed by some son his career from the pen of to wrote his biography. ted salary schedule for ba recently adopted by the National League, i Volney P. Malott, of this city, Vice Presiden seem likely to be given next season more tully to test the merits of the idea. In fact the methods of conducting trotting races are in a transition state. The old methods no longer satisfy the public, but the proper substitute for them has not been found; or if found has not been tested in a satisfactory way. Something to prevent telious scoring and to inspire the public with at least an ap-proach to confidence in the honesty of the con-duct of the races, and some means to give the public more liberal opportunities for betting than the old systems have offered, is evidently necessary. Voiney P. Malott, of this city. Vice-President of the Indiana National Bank and of the In-dianapolis Union Railway Company. Last year the Indianapolis ciub feil behind between \$8000 and \$10,000, and Mr. Malott had a mortgage on the ciub's franchise for \$10,000, due at the close of last season. He, however, want to President Brush and Director Martin and submitted this graduated salary scheme, and told them if they would get the League to adopt that plan or a similar one he, would not foreclose his mortgage and thus bankrupt the home club. than the old systems have onered, is evidently necessary. During the past season the general supervi-sion of matters connected with the truting turf has been under divided authority. Last year the American Trotting Association was formed in a mainer similar to that of the old National Trotting Association, with which it, has divided the allegiance of the valious trucks, has settled disputes and enforcer the turf laws. The Low corgunizations, though working
