35 KING STREET WEST,

TORONTO.

The Old Boys are going to have placed in the Chapel a stained-glass window in memory of the three T. C. S. Boys who fell in the Boer War. It is estimated that this memorial window will cost between \$300 and \$400. Mr. E. Douglas Armour, K. C., 6 King St. W., Toronto, has kindly undertaken to collect subscriptions; he has already issued a circular to the Old Boys calling for donations, and has met with an immediate response. All interested in the School are invited to subscribe. At present a memorial brass purchased by the Old Boys' Association and with an epitaph engraved as above has been set up in the Chapel.

The Old Boys' Dinner.

Its representative character was perhaps the most striking feature of the Old Boys' Dinner held on Dec. 29th. Six at least of those present recalled primitive days at Weston with hardships and escapades that made the present seem luxurious and tame. Others remembered when the School had its home, in part at any rate, in the row of houses that now with renewed youth adorns Mill street, Port Hope. Mere striplings of forty or fifty could tell of the days when the School found a resting-place in the building that was afterwards used in turn for class-rooms, Head Master's residence, Doc. Farncomb's shop, and cow-sheds, only to pass out of existence a year or two since. The same group stoutly maintained that such cold was never experienced as that in the Chapel that afterwards became the carpenter's shop. Others had watched what is now known as the "old building" gradually reach completion under Dr. Bethune's fostering care,—as the Chapel, West wing and Gymnasium were added to the original building. Those of a later day had seen all these, with the exception of the Gymnasium, swept away in a night, and a new building, better but not so dear, take their place.

Boys of every age were there to answer their names ; and to remind them more viv-

idly of old days, if that were necessary, they had with them Rev. W. E. Cooper and Mr. Montizambert, whose connection with the School as masters covered the years from '72 to '93. Old friends long parted met again, and the popular greeting on all hands was, "You don't know who I am." Two there were, however, whose absence caused general regret. Many of those present had eagerly looked forward to seeing Dr. Bethune, and they were correspondingly disappointed to learn that he was unable to be with them. Many also expressed their deep regret that Mr. Nightingale was not at the dinner

Mr. D'Arcy Martin, President of the Old Boys' Association, acted as chairman. In proposing the toast of the King, he said that whatever fault might be found with the boys of T. C. S., they could not be accused of a lack of loyalty ; and the hearty way in which the toast was drunk, and the National Anthem sung amply justified his words.

In proposing the health of the School, the Bishop of Niagara made the speech of the evening. Only a verbatim report could do justice to its power, its feeling and its humour. As the father of five Old Boys, his Lordship said that he felt he was within his rights in proposing the toast. In asking his hearers to drink to the health of the School, he said that the School in his toast stood for the material future, the Head Master and his assistants, the Old Boys, and the present pupils. What he knew of all these gave him confidence not only in drinking to the health of the School, but in predicting continued and increasing prosperity for it.

In replying to the toast, Dr. Rigby, following the outline of the Bishop, said that satisfactory as were the School buildings, he looked forward to making many improvements, and he confidently expected friends of the School to assist him in carrying out his plans. A warm and generous tribute was paid to the assistant masters ; and Mr. Nightingale's rooms were described as the resting-place still spontaneously sought by all visiting Old Boys. Old Boys were humourously requested to avoid doing through thoughtlessness, when visiting the School, anything that a moment's consideration would prevent them doing. The boys now at the

School were capable of becoming worthy successors of those who have gone before.

The next toast, that of the Governing Body, was proposed by Dr. Osler. He said that Schools such as T. C. S. were, under modern conditions, increasingly necessary. From a medical standpoint he had in several cases recommended that a boy should be sent at once to such a School as the only hope of escape from neurasthenia or the bow-wows. Turning to his own school-days, he gave an amusing account of the tribulations and misdeeds of the boys at Weston. He spoke most warmly of the benefit the School had been to himself, and especially of the influence made upon himself and others by the Rev. A. Johnson, whom he looked upon as the founder of the School.

Professor Clark in an eloquent reply referred to Dr. Osler as *Regius Professor of Medicine*, and said he had predicted the appointment two years ago. The Governing Body had good reason to congratulate itself on the appointment of Dr. Rigby as Head Master, and might be relied on to do its duty under all circumstances.

Mr. D. W. Saunders in proposing the toast of Trinity College, called attention to the fact that the legal title of the School is "The Trinity College School" and expressed the hope that more boys might enter Trinity College from the School than in the recent past. Mr. J. A. Worrell K. C. in reply said that however bright might be the future of Trinity University, among its chief claims to honour must ever stand the foundation of the School. Professor Duckworth expressed his regret that the Provost was not present to reply on behalf of the University.

Mr. Cooper, whose health was drunk with the greatest enthusiasm, to the discomfiture of his victims, and the joy of their friends, gave some amusing reminiscences from the careers of various Old Boys present.

The following is a list of those present:—

Football.

Against Peterborough in the first match of the season, our team was: Back—Stone; Half-backs—Campbell i, Robinson i, Hilliard; Quarter—Spencer i; Scrimmage—Copeland, Fortier, Drummond i; Wings—Colledge, Carey, Reid i, Rathbone, Van Allen, Pearce.

This match was played in the rain, and was the only one in which we had bad weather. At the outset the School team seemed at a disadvantage owing to their unfamiliarity with the rules of the Ontario Rugby Union, under which the game was played during the first half-time; and the score was 11 to 6 in favour of Peterborough at half-time. During the second half the rules were those of the Inter-Collegiate Union, and when the match ended the score stood 17 to 17.

Robinson i, whose support was hardly what it might have been, made some brilliant runs and fine tackles, and his good work resulted in a try. Carey and Colledge also did excellent work as inside wings, while Van Allen distinguished himself by his sure tackling. Colledge, in the second half made two tries.

In the return match with Peterborough the School XIV was as follows: Back—Hilliard; Half-backs—Creamer, Robinson i and Deacon; Quarter—Spencer i; Wings—Carey, Colledge, Reid i, Rathbone, Van Allen and Pearce; Scrimmage—Copeland, Fortier and Drummond i.

In this match as at Peterborough the first half of the game was played under Inter-Collegiate rules; the second half under the rules of the O. R. F. U. Strangely enough, the School was more successful while playing the comparatively unfamiliar snap-back game than under the rules they had practised.

During the first half-time Reid i made a try which was not converted, and we also got one point from a touch-in-goal, while Peterborough failed to get the ball across our line. The first half thus ended with the score 6-0 in our favour. In the second half, however, there was a different story. Peterborough, largely owing to the magnificent kicking of Walkey, ran up a score of 18 points, and won the match.

Against Bishop Ridley College the following team represented the School: Back—Stone; Halves—Creamer, Robinson i and Deacon; Quarter—Spencer i; Wings—Carey, Colledge, Reid i, Joy, Van Allen and Pearce.

This match was played, as usual, on the Campus of University College. Ridley's bucking, punting, and following up, all of which were excellent, gave them a well-deserved victory. Our weakness lay chiefly, perhaps, in fumbling, weak tackling, and too great a reliance on bucking.

In the match with the Upper Canada College, the following boys played for the School: Back—Stone; Halves—Robinson i, Colledge, Deacon; Quarter—Campbell i; Wings—Carey, Reid i, Spencer, Rathbone, Van Allen, Pearce.

Upper Canada College this year has one of the strongest teams that have represented U. C. C.: it is fast, heavy, well-balanced and well-drilled. In our match with them we were outplayed from the start, and were beaten if we are not mistaken, by a record score in School matches. T. C. S. played a weaker game than in their other matches, and had the misfortune of losing Robinson i owing to an injured hand at half-time. Copeland in this, as in all the School matches, distinguished himself by hard, aggressive work. During the second half-time he nearly scored for us by neatly blocking a kick; unfortunately the ball was badly passed to Carey, who had followed up splendidly, and the opportunity passed, not to return. Drummond i was conspicuous by good tackles in every part of the field, and Colledge did much useful punting.

Against St. Andrews' College T. C. S. lined up as follows: Back—Stone; Half-backs, Creamer, Colledge, Deacon; Quarter—Campbell i; Wings—Carey, Reid i, Spencer i, Rathbone, Van Allen, Pearce.

In the first half of this match, the most noticeable feature of the play on our side was the useful kicking of Colledge, who, unfortunately, was unable to play after half-time. Hilliard, who took his place also made several good punts. Copeland, as usual, played excellently, and Creamer made a good run during the first half. Our only score, a touch-in-goal, was the result of a kick successfully blocked by Rathbone.

SECOND XIV.

On Oct. 29th the Second XIV played against a team from St. Alban's Cathedral School. T. C. S. was represented by the following boys: Back—Meredith; Half-back—Daw ii, Seagram, Robinson ii; Quarter—Greer; Scrimmage—Daw i, Boyd, Lockwood; Wings—Mackenzie, Barnum, Digby, Hanson, Duggan, Champion.

In this match, which was played partly under O. R. F. U., partly under Inter-Collegiate rules, tries were scored by Seagram (3), Robinson ii (2), Green (2), Duggan (1). Of these six were neatly converted by Seagram, who played an excellent game throughout. On the forward line, excellent work was done by all the players, while Duggan, Mackenzie, Digby and Hanson especially distinguished themselves.

SENIOR LITTLESIDE.

The following were the players against a team from St. Alban's Cathedral School on Nov. 12th: Back—Beatty; Half-backs—Wyssmann i, Elwood, Greey i; Quarter—McQuire; Scrimmage—Stone, Waters, Drummond ii; Wings—Darling, Greenwood ii, Hethrington, Grahame, Coady, Holland. The success of this team was very creditable. as, from a variety of causes, they were at a disadvantage in their practices. For their steady work during the two weeks preceding their match, much praise is due to their Captain, McQuire. Their score was made from a rouge, two goals very neatly kicked from the field by Elwood, and two tries by McQuire. Apart from those named, Wyssmann i, in the back division, and Darling, among the forwards, were particularly noticeable for their good work.

JUNIOR LITTLESIDE.

The following team went to Lakefield for the annual match with the Grove: Back—Pinkham; Half-backs—Wheeler, Campbell ii,

Pepler i; Quarter—Matthewson i; Scrimmage—McConkey, Langmuir, Wenley; Wings—Reid ii, Allen ii, Ince, Macaulay, Matthewson ii, Hogg.

As the game was played under the rules of the O. R. F. U., Wenley and Hogg were dropped, and McConkey played as snap-back. The team throughout showed the benefit of coaching and hard practice. For their excellent condition the team are indebted to their own powers of self-control, and the iron rule of their Captain, Matthewson i. While all did well the prettiest work of the day was, perhaps, done by the half-backs, who, of course, would have been helpless without the steady work of the quarter. Campbell ii, in particular, deserves praise for his unselfishness,—the crowning virtue of a centre-half.

LAKEFIELD vs. LITTLESIDE.

The return match with Lakefield, played at Port Hope Nov. 19th, was a repetition of the first game, notwithstanding the fact that the School team was much lighter and less experienced than the one which went to Lakefield; some of the boys, in fact, having only played the game for about ten days; but as a result of the coaching by Mr. Nightingale, they played with a vim and spirit hardly to be expected in boys so young.

The School won the toss, but as there was no wind this was of little advantage; they pushed Lakefield from the start and five minutes after the kick-off went over the line for a try which was converted by Reid ii. Score 6-0.

Two rouge and a beautiful drop-kick from the 25 yard line by Campbell ii followed in quick succession making the score 13-0. The School was never in danger, as the ball was rarely in their territory during the entire match. Four more touch-downs all of which were converted, two touches in goal, one rouge and one safety touch for the School, brought the score up to 42-0. For a short time Lakefield held the School down, but could make no progress themselves. Two more touch-downs in the last five minutes of play, which were not converted, brought the final score 52-0.

The School played so well that it was hard to pick out the best; if anything Campbell ii, Pepler i and ii, Hogg and Matthewson ii were the most prominent. Campbell especially is

a promising player, his head work and punting were at times almost brilliant. Pepler i and ii, inside wing and quarter played into one another's hands like veterans. Hogg and Matthewson ii tackled and followed up well and were always on the ball.

We must also mention Apted and Few, the outside halves, who took advantage of all chances, making many fine runs. Also Reid ii for his fine kicking, whereby five out of seven tries were converted.

For Lakefield Young on account of his weight went through the School lines for many gains at first, but he was watched too closely towards the end of the game to do much. Patterson iii, left half, and Nellis i at quarter played well and pluckily. Patterson i is a good runner and with coaching will make a valuable man.

The teams lined up as follows:—

LAKEFIELD.—Pearce ii, Back; Patterson i, Young (Capt.) and Patterson ii, Half; Nellis i, Quarter; Clarke, Nellis ii and Lumsden, Scrimmage; Greeley and Wilkes, Inside Wings; Dennis and Glass, Middle; Patterson iii and Glass, Outside.

LITTLESIDE.—Martin, Back; Apted, Campbell ii (Capt.) and Few, Half; Pepler ii, Quarter; McConkey, Wenley and Tett, Scrimmage; Pepler i and Reid ii, Inside; Baldwin and Willis ii, Middle; Hogg and Matthewson ii, Outside.

AN OLD BOY.

Little side Steeplechase.

On October 18th the cross-country run that forms part of the Athletic Championship for boys under 15 was run. There never was any doubt that Campbell i would win the Gordon Osler Challenge Cup, but this did not daunt Little side; over 30 boys ran and most of them finished and finished gamely.

The course was a rough triangle, from the School to the shinny-bush, from there to the School road at its most easterly crossing and so home. The continuous fields with an occasional fence or hedge on the first leg of the course ending in the steep approach to the shinny-bush pretty well took the heart out of the runners, and when they turned onto the 2nd leg to come jolting down the hillside into a stiff ploughed field some few showed the white feather.

Lumsden was marker at the shinny-bush, but by some mishap was almost overtaken by the runners; he sighted them only just in time, and by running up the south slope managed to plant his flag in position before the runners had more than devoured the west slope in their advance to the same point. It was touch and go, however, and he had no time to collect himself so far as to take down the names in the order they passed.

In the ploughed field on the 2nd leg of the course the runners were already seen to have broken up into groups; first came a bunch of 9—Campbell i, Langmuir, Campbell ii, Ince, Pepler i, Haultain, Willis ii, Matthewson i and Wheeler; then, at an interval and as though wavering between groups 1 and 2, McConkey and Macaulay; next, Pepler ii, Matthewson ii, Wenley and Few; last a string of 10 or more, somewhat straggling, among whom we noticed Tett, Martin, Hogg, Baldwin, Greenwood i, Reid iii, Cameron and Bucknell ii.

At the turning into the School-road the order as far as taken stood 1 Campbell i, 2 Langmuir, 3 Campbell ii, 4 Ince, 5 Pepler i, 6 Haultain, 7 Wheeler, 8 Matthewson i, 9 Willis ii, 10 Matthewson ii, 11 Wenley, 12 Pepler ii, 13 Few, 14 Greenwood i, 15 Reid iii, 16 Bucknell ii, 17 Cameron.

And at the finish, except that Langmuir and Campbell ii changed places, there was no change down to the 12th man at least. The race is not a handicap, all start and finish at the same time and place; the only qualification being that competitors must be under 15.

The School Steeplechase.

This race after being postponed from about the middle of October was run on the 9th of November. The handicap was 25 yards for each year—very little, considering the length of the course. The weather was cold and there was ice on the creek, so it was decided to make some change in the course. The start and finish alike was the corner of the School road and the tuck road; from the start the course lay east along the School road as far as the barn and rick-yard on the north side of the road: this point lies on the old Steeplechase course, which was followed from there on, north and east to Ravenscourt, down through the fringe of pines, across the

creek and down its east bank to where the east terminus of the School road faces, and so home.

Upwards of 20 started, but only 2 or 3 of these were members of the XIV, and the majority (by a narrow margin) belonged to Little-side. At the barn where the course turns N. E. out of the road and before the runners had had much chance to neutralize the handicap, this was the order—1 Pepler ii, 2 Campbell ii, 3 Robinson ii, 4 Mackenzie, 5 Campbell i, 6 Montizambert, 7 Wyssman ii, 8 Haultain, 9 Willis i, 10 Willis ii, 11 Hilliard, 12 Hethrington, 13 Greey i, 14 Holland, 15 Ince, 16 Matthewson ii, 17 Langmuir, 18 Wyssman i, 19 Vernon, 20 Duggan, 21 Lockwood.

After the north road had been crossed and at the east end of the first field beyond it the order stood—1 Robinson ii, 2 Mackenzie, 3 Campbell i, 4 Wyssman i, 5 Campbell ii, 6 Hilliard, 7 Willis i, 8 Duggan, 9 Lockwood i, 10 Hethrington, 11 Wyssman ii, 12 Willis ii, 13 Holland.

In the next field as they drew towards Ravenscourt their order was taken—1 Robinson ii, 2 Mackenzie, 3 Montizambert, 4 Wyssman i, 5 Campbell i, 6 Willis i, 7 Duggan, 8 Campbell ii, 9 Hilliard, 10 Greey i, 11 Langmuir, 12 Ince, 13 Willis ii.

At the creek the marker's list reads—1 Montizambert, 2 Robinson ii, 3 Campbell i, 4 Mackenzie, 5 Wyssman i and Campbell ii, 7 Willis i and Hilliard, 9 Duggan, 10 Hethrington, 11 Haultain and Pepler i, 13 Willis ii, 14 Mathewson ii, 15 Holland, 16 Wyssman ii, 17 Langmuir, 18 Ince, 19 Greey i.

Going south along the east bank of the creek at the Ravenscourt Bridge—1 Robinson ii, 2 Campbell i, 3 Montizambert, 4 Mackenzie, 5 Campbell ii, 6 Duggan, 7 Willis i, 8 Hilliard, 9 Hethrington, 10 Haultain, 11 Willis ii, 12 Holland, 13 Wyssman i, 14 Mathewson ii, 15 Langmuir, 16 Ince, 17 Greey i.

At the crossing of the creek into the School road—1 Robinson ii, 2 Hilliard, 3 Campbell i, 4 Wyssman i, 5 Mackenzie, 6 Montizambert, 7 Campbell ii, 8 Duggan, 9 Hethrington, 10 Willis i, 11 Haultain, 12 Willis ii, 13 Holland, 14 Wyssman ii, 15 Mathewson, 16 Ince, 17 Langmuir, 18 Greey i.

At the next crossing where the North Road intersects the School road, Montizambert,

who had begun to make the pace too hot at Ravenscourt fell out ; of the first 5 Campbell i and Robinson ii drew ahead and the other 3, Wyssman i, Hilliard and Mackenzie held together ; the others remained much as before.

As they passed the barn on the home stretch the order stood—1 Robinson ii, 2 Campbell i, 3 Wyssman i, 4 Mackenzie, 5 Hilliard, 6 Campbell ii, 7 Duggan, 8 Willis i, 9 Hethrington, 10 Haultain, 11 Willis ii, 12 Wyssman ii, 13 Holland, 14 Mathewson ii, 15 Ince, 16 Langmuir.

At the dip where the road crosses a little stream, Campbell i overtook Robinson ii, and Mathewson ii over-took Holland ; then Willis ii dropped out, and in the sprint at the finish Mackenzie took the lead and kept it, the order at the tape being—1 Mackenzie, 2 Campbell i, 3 Robinson ii, 4 Wyssman i, 5 Hilliard, 6 Campbell ii, 7 Willis i, 8 Duggan, 9 Hethrington, 10 Haultain, 11 Holland, 12 Wyssman ii, 13 Mathewson ii, 14 Ince, 15 Langmuir.

One thing satisfactory in the list of names is that most of them are boys of 15 or over ; some years the School Steeplechase has been no better than a Little side event ; certainly Mackenzie, Campbell i, Robinson ii, Wyssman i and Hilliard all ran a good race ; but not less remarkable was the work of Campbell ii and Haultain (aet. 13) who finished 6th and 10th respectively ; indeed all the members of Little side (under 15) who finished deserve congratulation.

The Oxford Cup.

This race was as usual something of a surprise in its result, and yet another instance (if one were needed) of how easily calculations may be upset. The Lowers had almost to a man the winning team of the previous year ; the only change being if anything a gain in strength. The Uppers, it is true, had Mackenzie, a sure 1st or 2nd, and a good man (as was thought and as he more than proved) in Wyssman i ; on the other hand Campbell ii was unlucky enough to twist his foot shortly before the race and was hardly able to finish ; his drop from 6th (last year's place) to 10th does not seem very much, but it is the only considerable change when you compare the showing made by the Lowers in 1903 with their score in 1904 ; yet in 1903

the Lowers won by 15 points ; this year they retained the cup by right of one single point.

The course was the usual one, and the date (by the way) Wednesday Nov. 16th. The teams lined up at the start as follows—Challengers : Duggan, Hethrington, Lockwood i, Mackenzie, Wyssman i. Defenders : Campbell i, Campbell ii, Hilliard, Watts, Robinson ii. From the back of the School they struck out over the fields towards where the Ravenscourt road branches south of the old Cobourg or Kingston road, and when they left the fields the order was—1 Watts, 2 Robinson ii, 3 Campbell i, 4 Wyssman i, 5 Mackenzie, 6 Hilliard, 7 Hethrington, 8 Campbell ii, 9 Lockwood i, 10 Duggan.

At the turning into the Ravenscourt road Mackenzie and Wyssman i were running neck and neck, while Robinson ii had dropped back to 5th, and Lockwood i to 10th.

At the Ravenscourt bridge, Campbell i had forged to the front, while Campbell ii had fallen to the rear, and Duggan had taken the lead of Hethrington.

When they struck into the Cobourg (Lake-shore) road the order was : 1 Watts, 2 Campbell i, 3 Mackenzie, 4 Wyssman i, 5 Robinson ii, 6 Hilliard, 7 Duggan, 8 Hethrington, 9 Lockwood i, 10 Campbell ii : at the Red Bridge Mackenzie was leading, but the first four were all together—Mackenzie, Watts, Campbell i, Wyssman i ; after they turned into the School road, the pace began to tell on Watts, but the other three remained bunched together in the lead, till after the barn was passed.

As they struggled up from the dip into the home stretch, Mackenzie was clearly bound to be first and Campbell i as clearly second ; Wyssman i beat Watts pretty easily, and as he and the next two—Robinson i and Hilliard, were all Lowers there was less struggling for places ; Duggan came in 7th, Hethrington 8th, Lockwood i ninth and Campbell ii last. We subjoin the final result and score.

FACULTY OF MEDICINE.

The regular course of instruction will consist of Four Sessions of eight months each, commencing October 3rd. There will be a distinct and separate course for each of the four years.

Attention is directed to the efficient equipment of the University Laboratories for instruction in the various branches of the Medical Curriculum. The new building of the Medical Faculty has been completed in the Queen's Park, and affords extensive laboratory accommodation for Pathology and Physiology which is unsurpassed. Instruction in the other subjects of the Medical Course is given in the various science laboratories and lecture rooms of the University.

The lectures and demonstrations in the subjects of the First and Second years will be given in the Biological Laboratory and the lecture-rooms of the University.

To meet the requirements of the Ontario Medical Council a course of instruction during a fifth year will be conducted. This will be entirely optional as far as the University of Toronto is concerned.

Clinical Teaching (largely bedside) is given in the Toronto General Hospital, Burnside Lying-in Hospital, St. Michael's Hospital, Hospital for Sick Children, and other medical charities of Toronto.

There are special Research Scholarships offered to graduates in Medicine, and every opportunity is now afforded for Scientific Research Work in any of the various laboratories of the University, under the direct supervision of the Professor in charge.

The Faculty provide three medals for the graduating class (one gold and two silver). There are also scholarships available for undergraduates in the First and Second Years. These are awarded to candidates on the results of the annual examinations.

Further information regarding Scholarships, Medals, etc., may be obtained from the Calendar, or on application to the Secretary.
