TWENTY-SECOND YEAR

WHOM THE FIRST OF HONORABLE MEMBERS ARE ANGRY

La Patrie Says: "Who Took Upon Himself the Duty of Preparing It."

CABINET MINISTERS NOT CONSULTED PREPARATIONS FOR THE CEREMONY

It is expected that Mayor Prefontaine will later be given a Knighthood.

Montreal, Sept. 20.—La Patrie published the following dispatch from its Ottawa correspondent: "I have every reason to believe, writes Mr. Charles Marché, M.P., that the list of honours which you published yesterday was never submitted to the Council of Ministers, and that it is entirely the work of Lord Minto, who took upon himself the duty of preparing it. Every one here, without exception, approved of the action of Mayor Prefontaine, who refused to accept the inferior title of 'commandant'."

KNIGHTHOOD LATER.
Montreal, Sept. 20.—It is reported in well informed circles that both the Hon. Mr. Parent and His Worship the Mayor declined the honor of C.M.G., when it was offered to them in connection with the celebration which was intended to be held at the Duke and Duchess of York in Quebec and Montreal. The belief in these circles is so strong as to amount almost to a certainty that knightships will be awarded to them later.

HUGH JOHN IN TOWN.
Ex-Premier of Manitoba Retaining the Pan-Am.
Hon. Hugh John Macdonald, ex-premier of Manitoba, and Mrs. Macdonald of Winnipeg, are at the Queen's. They have been visiting the Pan-American and have been away from home for about three weeks. They return to Winnipeg to-day.

Mr. Macdonald, however, Manitoba affairs with the World last night, and when he returned to the city, he was greeted by a crowd of admirers. The ex-premier believes, will total between fifty and fifty million dollars, and the leading of boom times for the province. The farmers were favored with magnificent weather, and the crops are in prosperity in general, every district making a great showing.

Mr. Macdonald is also reported to be well recovered, and he had no trouble making any statement, once they spread over the whole west area.

THE GUN WAS LOADED.
Left Where a Child Could Get It, and Something Happened.
Fort William, Ont., Sept. 20.—A distressing accident occurred here yesterday. Conductor Coburn of the Great Northern, was in the shed at the back of his home loaded. A young son in playing with the gun accidentally discharged it, and the bullet striking his little brother Tommy, inflicted a ghastly wound in the side of the head. The child may recover.

VICTOR SUPREMACY.
Improvements in This Modern Men's Shoe Over Old Models.
The Victor shoe, now being displayed in such splendid numbers in the new Simpson Co.'s Youngster window, marks the triumph of price over quality in the modern manufacture of shoes. It is the realization of any one of the many styles in which this boot is made elicits these important facts: The Victor shoe is last is anatomically correct. It follows no false ideal or foolish fad in shape. It conforms to the normal natural shape of a man's foot. Comfort, that first of all requisites in a man's shoe, is thus secured. Second, it is seen that the Victor shoe is the first choice of the shoe trade. Second, indeed, in a five-dollar boot, you get such material as you will find in any Victor. And Victor, remember, sell for \$2.50. Third, Victor things and finishing are the finest quality, neat, smooth, and good. There is no trash about the make-up of a Victor from lace holes to insole, and the linings are no exception. They are fully sewn, they afford no unevenness to chafe the foot at any point. Fourth, the styles are new. There is nothing in anything rational or requisite in a four dollar shoe which will not be found in the Victor improvement. And fifth, too, perhaps not least, the observer will note that the Robert Simpson Company's Victor shoe for men is the best shoe produced for the money at this date.

THREE YEARS FOR FORGERY.
Brentford, Sept. 20.—To-day the case of W. H. Bidley for forgery was heard. After hearing the evidence Judge Hurd sentenced Bidley to three years in Kingston Penitentiary.

Come with Old Boys to Barrie Thursday next. Fare \$1.00 return.
Special to Ladies.
Mr. N. H. Hopper, 62 Yonge-street, would fill the attention of ladies to the beautiful assortment of goods he has just received from the European market, consisting of table linen, napkins, towels, sheetings, pillow cases, quilts, bedspreads, beautiful satens and silks, covered sideboard quilts, lace curtains, plaid traveling bags, ladies' and children's rubber boots, and the latest designs in dark grey Irish frieze, suitable for ladies' costumes and walking skirts; also a beautiful assortment of ladies' sample jackets, German and English make, all the latest and most up-to-date styles. Mr. Hopper secured these at a great reduction, and intends clearing them at very low prices.

Maple Leaf Canned Salmon are packed from selections on the coast of British Columbia. The quality is guaranteed, and the price is low. Ask your grocer for them. Nearly all grocers keep them.

A Pointer for Pipe Smokers.
Beware of the pipe that smokes too hot. Most pipe tobacco smoke hot and burn the tongue. Would you like to smoke a pipe that would positively not burn your tongue? "Club's Dollar Mixture" is that tobacco. It's a cool, mellow smoke, and costs no more than the ordinary kind. 1-1/2 lb. tin, \$1.50; 5-lb. tin, \$6.00; 10-lb. package, \$10.00; 25-lb. package, \$20.00. Club & Sons, 49 King West.

CANADA'S CAPITAL GAINS RECEIVES ROYALTY SPEEDY ARRIVAL IN THIS PROVINCE

York Sees a Lacrosse Match and Claims the Ball as a Souvenir—Three Thousand School Children Wave and Sing a Welcome—Memorable Picture Presented by Parliament Hill, with the National Buildings Magnificently Decorated.

Ottawa, Sept. 20.—(Special).—When the Duke of Cornwall and York was consulted as to what special entertainment he would prefer during his Canadian tour, he replied: "I want a day's duck shooting, and I want rest to see a lacrosse match." For the rest it was understood His Royal Highness would conform to the conventional program provided by the officials in charge.

WHERE ROYALTY RESIDES IN OTTAWA.

The lacrosse match on Varsity oval: the duck hunt is a joy in store for him when he is the guest of Senator Kirchhoff he visits Brandon, Manitoba.

It was a clean, fast game the Duke and his royal consort witnessed this afternoon from the Capital of Ottawa and the Cornwall, and there was no more interested spectator of the match than the heir apparent. It was not the first time he had witnessed a contest in Canada's national sport, for as Prince George, he had seen two matches in Montreal some time ago, and he had not forgotten the keen points of the game.

When the match was over he was presented, formally, with a lacrosse stick and a ball.

AN AMUSING INCIDENT.
An amusing incident marked the event. Broderick of the Cornwall, a member of the 'Capital' executive presented a fine new lacrosse ball.

"Is this the ball that was used during the match?" asked the Duke, examining the brand new sphere critically.

"Well, no, Your Royal Highness," Dunne was obliged to reply, "but we will get it." With that there was a skirmish, and a shamed-faced player in garnet and grey, Ralph by name, stepped forward and handed the Duke the real ball.

The incident showed how closely His Royal Highness had watched the game, for he was leaving the field, a bustle between the Capital and a Cornwall man took place at centre, and it was Ralph scrapping with his opponent for the possession of the ball as a souvenir. Ralph secured it, and the Duke saw the whole performance.

The match, which was for the Minto Cup, resulted in a victory for the Capital by 3 goals to 2.

PRECISION OF ARRANGEMENTS.
The formal reception of the royal pair to the capital of the Dominion differed from the functions in Montreal and Quebec, except, perhaps, in the precision with which the arrangements were carried out and the entire absence of confusion or rushing on Parliament Hill. Indeed, so simple was the space for sightseers on the grounds about the royal pavilion that those who had expected to camp in the vicinity of the Parliament Hill and along the route of the procession were sadly disappointed.

There was no demand for the seats at all. Even at the reduced prices of 10 to 20 cents the \$2 reserve benches at the best points of view were completely ignored.

LATE IN ARRIVING.
The royal train was late in reaching the

Eight-street Station, but at 11:30 an escort of troops from the Royal Canadian Mounted Police, and an instant group of the 12-pipers of the Second Field Battery, situated near the canal, heralded the arrival of His Excellency. Still the crowd waited. The people pressed forward and joined one another in their efforts to secure place of vantage.

MAJESTIC TRAIN.
A few minutes later the shrill whistle told of the approaching train, bearing its precious freight of royalty. Then the big C. A. R. locomotive No. 618 rumbled slowly into the station, flying the royal standard. The royal carriage, the Duke and Duchess, followed along the

elaborate interior furnishings in time and gold, silk and steel were caught by the Duke and the whole performance.

THEY WERE SEEN.
It was a brave scene that met the gaze of the people as the Duke and Duchess, in the state of the Parliament buildings, were escorted to the east and west.

THREE PER CENT DIVIDEND WHY AN EARLY ELECTION

Dominion Steel Company Present a Satisfactory Statement at Directors' Meeting.

PUSHING UP THE BIG PLANT PROHIBITION EMBARRASSING ROSS

Three Furnaces Will Be in Blast by the First of Next Month.
Montreal, Sept. 20.—The question of the half yearly dividend on the 7 per cent preferred stock of the Dominion Iron and Steel Company has been set at rest as the dividend of 3 1/2 per cent, was declared to-day, payable Oct. 1, the transfer books being closed from Sept. 24 to Oct. 1.

At the directors' meeting, held here this afternoon, the reports of President H. M. Whitney and Vice-President Moxham went to show that while the company had to grapple with the initial difficulties which are to be expected at the outset of so large an organization, they had not only successfully overcome them all and were now producing pig iron most successfully, the same being disposed of all over Canada.

It was likewise reported that a good head had also been secured in Glasgow, and it was expected that the management reports, that can be laid down at the month of the furnaces at a considerably less cost than was originally estimated, and that the total cost of the product will now be at a figure considerably less than that mentioned in the company's prospectus.

Every effort is being made to push forward the construction of the plant in order to work at its fullest capacity, taking advantage of the government's bounty, which is now at its maximum. It is expected that the three furnaces will be in blast by the beginning of the month, and it was stated that the fourth furnace would be pushed ahead; so that making work probably begin by November, and the whole plant be in operation by January.

THE RECEPTION AT HAMILTON.
Address, Luncheon, Presentation of Colors, Military Manoeuvres.
Hamilton, Sept. 20.—The Reception Committee, with Ald. Walker in the chair, met this afternoon to make arrangements for the visit of the Duke and Duchess of Cornwall on Oct. 14. The royal visitors will be met at the railway station by the Reception Committee. The 13th Regiment will furnish the guard of honor of 100 men, and the address will be read and responded to. Afterwards luncheon will be taken at the residence of the Duke and Duchess. The party will then proceed to Victoria Park, where the military manoeuvres. Several sub-committees were appointed to carry out the details. From the five plans submitted in competition for the best scheme for the Reception Committee, the plan of the Duke and Duchess of Cornwall was selected. There is a diversity of opinion among temperance men, the extreme Liberals in the Dominion, and the extreme Conservatives, who are all in favor of the prohibition of liquor. The World is frequently pointed to the prospect of an early appeal. Certainly, it looks like that.

TO WELCOME THE PREMIER.
Nagara Falls, Sept. 20.—J. F. Gross, M.L.A. of Welland, was in town yesterday, and in company with several local Reformers made arrangements for the reception of Premier Ross to-morrow. The Premier will arrive at Niagara at 10 o'clock, from Niagara Falls, N.Y., and will be escorted to the Windsor House, where he will dine with a number of prominent men of the party from the county and town.

ASSESSMENT SYSTEM The Canadian Order of Chosen Friends.

This progressive fraternal insurance order had a most successful year during 1900, doing better than any previous year in the history of approved applications.

The total membership is about 25,000. So far the large number of 2118 applications have been received during the year 1900, being 550 more than at the same date last year.

This society admits ladies on the same terms as gentlemen, finding them equally good risks. This special feature has assisted in making the order very popular, as it has many ladies in its ranks.

The rates of assessment are very moderate, and the following are a few samples of the same:

Table with 2 columns: Age, Rate. Rows for 15, 20, 25, 30, 35, 40, 45, 50 years.

The rates in the hazardous class are \$3.00 per year greater than the above, or in other words are \$2.00 in excess of each \$1000 of insurance.

The sick and funeral benefit department of the order is also very popular, with both sexes, as the ladies are also admitted to this department. The following gives a few samples of rates:

Table with 3 columns: Age, Male, Female. Rows for 15, 20, 25, 30, 35, 40, 45, 50 years.

The rates for members in the hazardous class are slightly higher than those above given. The benefits are liberal and include a funeral benefit of \$50.

The Canadian Order of Chosen Friends has always confined its operations to the Dominion of Canada. It is purely Canadian and has no connection with any society of a similar name.

BUGS IN THE PEAS.

Pest so Bad That Farmers May Have to Discontinue Growing. The quality of the samples of peas submitted to the Grain Standard Board, at their meeting yesterday morning, was more or less disappointing, owing, it was reported, to the extremely dry weather of June, which ripened the grain before it became properly matured, and to the wet weather experienced during the time of harvesting.

The Standard Board, which was recently appointed by the Dominion government to fix the grain standards for the east of Manitoba, convened in the city of Toronto, at the Hotel Cecil, on Monday, Sept. 17, at 10 o'clock, and those present were: Chief Inspector Craig of Montreal; Mr. Matthews, Inspector of the Dominion Government; Mr. J. McNeill, Kingston; Mr. H. H. MacIntyre, Toronto; Mr. J. L. Spink, Toronto.

The quality of the grain in Ontario, from the samples submitted, is more or less varied and not equal to that of last year's grain. There was some criticism over the sample of peas, which showed more bugs than was to be expected, and a serious question with farmers as to whether it will be advisable to sow the peas for a year or so until the bugs, which destroy the quality, die out, this practice having proved that it is the only reliable way to get rid of the pest.

The standards selected for the guidance of the inspectors differ very little from those of last year. The deliveries of grain by farmers up to the present time are light and below the quality usually delivered at this time of the year.

DONATION TO UNIVERSITY.

Prof. and Mrs. Smith Present \$10,000 to the Library. The University of Toronto has received a substantial addition to its endowment through the generosity of Prof. Goldwin Smith and Mrs. Smith. The donation consists of \$10,000 to the library of the University, and is to be applied for the purposes of such of the departments as the trustees may from time to time determine.

In his letter accompanying the gift, Prof. Smith refers to the celebration of the centenary of King Alfred, which is now in progress in England, and to the fact that King Alfred is the patron hero and legendary founder of his old college in Oxford. It is the wish of the donors that the gift should serve the double purpose of paying tribute to the memory of the restorer of English learning, and of manufacturing their interest in the University of Toronto. The gift is a timely one in view of the straitened financial condition of the University, and will be all the more appreciated by friends of the University on account of its modest amount.

Utica, N.Y., Sept. 20.—A very heavy frost was experienced throughout the northern New York last night. Ice formed on shallow water, and great damage was done to all garden truck and farm products.

FROM THE WOMEN OF CANADA

Lady Minto Will Present an Address of Welcome to the Duchess of York To-Day.

Artistically Decorated and Expressing Sentiments of Loyalty and Devotion.

Montreal, Sept. 20.—The address to be presented to Her Royal Highness the Duchess of Cornwall and York by Her Excellency the Countess of Minto at Ottawa on Saturday, the 21st inst., has been sent to the Women of Canada, and has been sent to Ottawa.

The address is prepared very artistically. The border is a handsome scroll, showing a design of rose, thistle and shamrock, intermingled with the maple leaf, the Canadian emblem, symbolizing the union of the Mother Country with the Dominion. The design is carried out in water colors, the purple of thistle, the delicate rose tints, the amber and scarlet and gold of the maple leaves, the bright green of the shamrock, combining to form a very beautiful whole.

The scroll was designed by Miss Eleanor Baylis of Montreal. It will be placed in a basket of Canadian wood, the basket of curled maple, lined with bird's-eye maple. An inscribed "M" enclosed in a diamond on the cover will be the only address.

The address is as follows: To Her Royal Highness the Duchess of Cornwall and York, by the Women of Canada, in appreciation of their loyal and devoted services to the Dominion of Canada. It is purely Canadian and has no connection with any society of a similar name.

For further information write to W. F. Campbell, Grand Organizer, or William F. MacIntyre, Vice-Grand Organizer, or to the Secretary, 1200 Queen St. W., Toronto.

KILLED WHILE AT DINNER.

Three Railway Men Lost Their Lives and 21 Were Wounded. Springfield, Mass., Sept. 20.—A special to the Union from Warren says three men were killed and 21 injured in a collision on the Boston and Albany line between a switching freight and a gravel train.

All the killed and injured were the gravel train employes, who were in the caboose eating dinner when the collision occurred. The caboose was telescoped by a gravel car.

The dead were: Michael Fitzgerald, 23, Springfield, Mass.; William Martin, 23, Merrick, Ontario; and Martin Gilroy, 23, Merrick, Ontario.

All of the injured were in Springfield. The most seriously hurt number ten, while eleven others sustained wounds and bruises of a less serious nature.

Wall Tapestries

Having experienced considerable difficulty in finding among the stocks in Toronto SILKS and TAPESTRIES specially designed for wall hangings, our Mr. W. H. ELLIOTT took advantage of an extended trip through Europe to purchase a collection of designs from the various centres, which should be specially suitable for this purpose.

Out stock in this new department will contain many of the finest productions of FRANCE, ITALY and ENGLAND, for the draping of walls and windows, and, being bought at first hand, prices will be found extremely moderate.

There have also reached us complaints as to the manner in which ignorant workmen have hung the material. Being, first of all, decorators, we have always hung our material with a thorough knowledge of its decorative requirements and avoided the mistakes of novices in this line.

On Wall Street.

New York, Sept. 20.—Wall Street review: The principal feature of the day's trading was the recurrence to the consideration of the unexpected heavy movement of currency to London. The movement was reported by the banks, and the immediate cause of it was the announcement of the Federal Reserve Bank that it was to increase its operations and to issue \$100,000,000 of new currency. This was a considerable amount, and it was expected to have a heavy effect on the market. The market was steady with a slight upward tendency.
