28TH YEAR

WHY BULGARIA TAKES THE PUNISHMENT

Official Statement Details the Grievances Against Turkey—Key—British Press Opinion.

M. Poprikoff, the Bulgarian minister of foreign affairs, has sent a dispatch to the Associated Press giving an authoritative explanation of the Bulgarian situation, which is now absorbing the attention of Europe and the world at large. The dispatch is in reply to a cablegram requesting M. Poprikoff to send an official statement of the facts. His answer, dated today at the ancient capital of Bulgaria, is as follows:

"TIRNOVA, Bulgaria, Oct. 6.—Pursuant to the treaty of Berlin, Bulgaria has been a principality, tributary to Turkey. Many years ago Bulgaria acquired the right to have diplomatic representatives accredited to all the great powers. She maintains such a representative at Constantinople until recently the diplomatic representative of Bulgaria to Turkey was invited, with the other members of the diplomatic corps in Constantinople, to all of the ceremonies, receptions and dinners. On the 12th of last September, the occasion being the anniversary of the sultan's birthday, the Turkish minister of foreign affairs gave a dinner to the diplomatic corps, to which the diplomatic representative of Bulgaria was not invited. Steps were at once taken to secure an explanation of this neglect. The Ottoman government replied that the Bulgarian representative had no right to expect an invitation to this diplomatic dinner, as Bulgaria was a vassal state of Turkey.

"There then followed a diplomatic conflict between Bulgaria and Turkey. Bulgaria considered that Turkey was not respecting the rights acquired by her and she desired to see her rights restored. This was the first incident. Seizure of the Railroad. "The Oriental Railroad Company operates 300 kilometers of railway lines in Bulgarian territory. The same company operates also about 1000 kilometers (621 miles) of line in Turkish territory. A recent strike in the territory of the Oriental Railroad Company in Turkey spread at the same time to Bulgarian territory. This strike was decided upon and announced by the Turkish government. Following an understanding with representatives of the Oriental Railroad Company, the Bulgarian Government took over temporarily the running of the road. The strike, however, spread until the national security of Bulgaria was threatened and the peace of the country was in danger. "It then became the duty of the Bulgarian Government to continue running the road, and to ask the Turkish Government to restore to Bulgaria in accordance with an understanding reached between the government and the company ten years ago, the right to run the road. The line was returned to the company. The Bulgarian Government is satisfied that it will treat only with the company. This was the second incident.

"This situation imposed upon the Bulgarian Government the necessity of fixing definitely the relations between the principality and Turkey. The new regime in Turkey made it imperative for Bulgaria to maintain the best of relations with her neighbors, especially as this fictitious condition of vassalage created feelings of suspicion and distrust which might at any moment result in disturbing the peace of the Balkans.

Not Worthwhile. "Bulgaria understood clearly that Austria-Hungary would annex the occupied Provinces of Bosnia and Herzegovina, and the general situation was such that Bulgaria was obliged, without delay, to declare her complete independence.

"We believe that the powers will approve the proclamation of Bulgaria to be an independent kingdom. This act not only in no way endangers the peace of Europe, or the Balkans. The powers who desire peace in Europe, and particularly those who desire the maintenance of the new regime in Turkey, will be the more convinced of the truth of what I say as soon as they are satisfied that it is Bulgaria's purpose by this act to aid in strengthening this regime.

(Signed) Poprikoff, "Minister of foreign affairs."

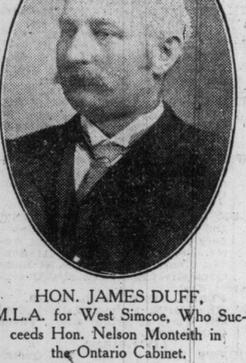

Doesn't Mean War. "The refusal to recognize the proclamation of Bulgaria's independence does not mean war. On the contrary, there is every reason to believe that the Turkish Government has decided to follow the advice of France and Great Britain and await the result of the international conference for the discussion of the treaty of Berlin. The better elements of the new regime in Turkey, will be the more convinced of the truth of what I say as soon as they are satisfied that it is Bulgaria's purpose by this act to aid in strengthening this regime.

(Signed) Poprikoff, "Minister of foreign affairs."

CONSTANTINOPLE, Oct. 6.—Turkey's refusal to recognize the proclamation of Bulgaria's independence does not mean war. On the contrary, there is every reason to believe that the Turkish Government has decided to follow the advice of France and Great Britain and await the result of the international conference for the discussion of the treaty of Berlin. The better elements of the new regime in Turkey, will be the more convinced of the truth of what I say as soon as they are satisfied that it is Bulgaria's purpose by this act to aid in strengthening this regime.

The New Minister of Agriculture

HON. JAMES DUFF, M.L.A. for West Simcoe, Who Succeeds Hon. Nelson Monteth in the Ontario Cabinet.

APPROACHED THE R. O. TO LEAVE BOX UNGUARD

A Hitherto Unrecorded Incident of Wentworth Recount and Its Effect in Present Contest.

HAMILTON, Oct. 6.—(Special)—The storm centre in the campaign in Wentworth County in the federal elections is centered in Dundas. There R. S. Knowles, who was so staunch a Liberal and such a warm supporter of Oscar Sealey, the Liberal candidate, that he was elected as returning officer in the last election, is working hard this time to defeat Mr. Sealey. He is also doing all in his power to keep Mr. Sealey from beating Col. Ptolemy. The reason for this is the most interesting part of the story. When the ballots were counted at the last election it was found that E. D. Smith, the Conservative, was elected by a majority of 8. At once a recount was applied for by the Liberals. Before the recount and while the ballot boxes were still in possession of the returning officer, Knowles, he was approached with the suggestion that he should leave the boxes so that they could be gotten at. That is the reason given for the action of the two most prominent Liberals in Dundas in working to encompass the defeat of the Liberal candidate.

TWELVE YEARS IN "PEN" FOR A DANGEROUS MAN

Italian Who Broke Jail and Shot at Constable Sentenced—Made an Extraordinary Defence.

PARRY SOUND, Oct. 6.—(Special)—At the sittings of the assize court here to-day Frank Sprano, an Italian, who recently attempted to shoot Constable Madigan, near Byng Inlet, while resisting arrest, was convicted of shooting with intent to commit murder and was sentenced to twelve years' imprisonment in the Manitoba penitentiary.

The prisoner, with three others, broke into a boarding house kept by a Mrs. Eno, at Key Harbor, and stole \$80. Three of them were arrested and broke jail. Sprano was working in a field near Byng Inlet and at the constable came out of the woods toward him he opened fire at them with an automatic rifle and fired five shots at them. One of the constables thinking the other shot went off for help and more ammunition, but Knight advanced on the man with the rifle and a terrific fight took place, in which the Italian was shot thru the leg and captured by Knight, who was badly wounded, both by the clubbed rifle in the hands of the Italian and by being bitten by the brute as he was being overpowered.

At the trial Sprano denied the shooting and swore that an Italian constable named William Moore had given him and his associates \$150 to rob Mrs. Eno and afterwards had given him the rifle and promised to give him \$100 if he would shoot a man named Watts.

It was proven that part at least of Sprano's extract of his defence was untrue, in that the evidence showed that he did not get the rifle from the constable, but stole it from another Italian. Justice MacMahon presided.

SUB-TARGET MATCHES.

Canadian Military Rifle League to Have Winter Series.

OTTAWA, Oct. 6.—(Special)—The Canadian Military Rifle League will conduct a series of sub-target gun matches this winter. Arrangements for the series are being made, and the object is to encourage rifle shots to keep in practice during the winter on these machines. There will be a series for city battalions, rural corps and cadets.

Thomas Newton of Thornesford fell from a ladder and was killed. As a result of a dense fog there were several street car collisions in Montreal yesterday morning.

MONTEITH'S OUT AND JAS. DUFF GOES IN

New Minister of Agriculture in the Provincial Cabinet—The Change Took Place Yesterday.

Hon. James S. Duff, M.L.A. for West Simcoe, is the new minister of agriculture in succession to Hon. Nelson Monteth as The World, shortly after the elections in June, announced would be the case.

Mr. Duff was sworn in yesterday and at once turned his attention to his new duties, in which he will have the assistance of Hon. Mr. Monteth, his predecessor, for a few days.

Sir James P. Whitney in making the announcement yesterday evening stated to the press that Hon. Mr. Monteth offered his resignation on June 25, consequent on his defeat in North Perth.

"The resignation was not accepted, but stood over till to-day," said the premier. "I have all along regretted the coming severance of our official relations, which I have expressed in a letter accepting Mr. Monteth's resignation."

Sir James handed copies of the letters to the reporters. Mr. Monteth wrote on June 25:

"My Dear Mr. Whitney—I hereby beg to tender you my resignation of the portfolio of minister of agriculture, which you were good enough to confer upon me after the return of our party to power in 1905. I trust the work you then committed to my charge has been satisfactorily performed. I have the desire to acknowledge the consideration shown me by yourself and colleagues during my term of office. With assurances of esteem and personal regard, I am, yours faithfully,

"Nelson Monteth."

To this Sir James replied under date of Oct. 6:

"My Dear Monteth,—For reasons with which you are familiar, I have delayed my acceptance of your resignation as minister of agriculture, which you tendered me June 25 last. In doing so, I am, I trust, expressing my hearty appreciation of the very valuable services rendered by you during your term of office. I am sorry that I cannot enter into details, but my colleagues and I know well the great value of your services. I regret exceedingly that, owing to circumstances with which you are all familiar, you found it necessary to place your resignation in my hands. I have no doubt that your public life is not over, and as I do that if I am right in my hope, the public will be the gainer thereby."

Has Had Experience. "Mr. Duff, the member for West Simcoe, proceeded Sir James, "has been sworn in as minister of agriculture in succession to Mr. Monteth. He has been all his life a prominent and active agriculturist. He has had considerable experience in the house, and we anticipate that he will be a successful minister."

The nomination for Mr. Duff's constituency will take place on the 23rd, and the election on the 30th should there be a contest.

Sir James also intimated that he hoped to have the advantage of Mr. Monteth's experience and advice as required. In the meantime Mr. Monteth returns to his farm near Stratford, where he is more at ease than in the garish career of politics. It is not believed that Mr. Monteth will be willing to undertake the duties of agent-general of immigration for Ontario in London, but the lights of the great city have lured the farmer before now, and Mr. Monteth may yield.

Popular Member. "Mr. Duff is one of the most popular members of the house. He is without pretension, good humored and genial, full of good sense and the valuable experience of a hard-headed Canadian farmer, which Mr. Duff has been all his life. He is of Irish extraction, born on the farm near Cookstown, Ont., June 20, 1856. He has had considerable military experience, and has been in the legislature since 1888.

Findlay G. Macdunn, and J. H. Carmichael were both mentioned for the position. It is now rumored that Mr. Macdunn may be given a seat in the cabinet without portfolio, but no solid grounds appear to exist for the report.

MAY BE WANTED IN BUFFALO

Detectives From That City to Have a Look at Crozier.

OAKVILLE, Oct. 6.—(Special)—T. W. Crozier and his son, Milton Crozier, both of Toronto, so cleverly rounded up for passing counterfeit bills by Constable McKillop, were arraigned before Magistrate Shields in the court-house here at 2:30 this afternoon. Both were remanded a week at the request of County Crown Attorney W. Dick of Milton. The O. Crozier of Toronto appeared for the father and J. W. Elliott, K.C., of Milton for the son.

The prisoners were photographed and then taken back to the Milton jail, where two Buffalo detectives will see them in an effort to identify them in connection with the passing of money bills in Buffalo. The pictures will be sent to Toronto for a like purpose.

Mrs. Robert Woodhill, the only woman farmer inspector in Michigan, formerly of St. Thomas, Ont., died in Detroit, aged 62 years. She was the first woman editor in the state.

HIS MODEST CLAIM.

SIR WILFRID: "Gentlemen, I do not claim to have made the sun, but I do claim to have poked the hole in the clouds thru which, in undimmed splendor, it once more shines on my beloved country." (Cheers)

CRUSHED BY CAR WHEELS

Dr. A. K. Ferguson Fatally Injured By Fall From Bicycle in Front of a Trolley.

Crossing before an eastbound Dundas-street car on Arthur-street at Euclid-avenue, at 3:15 yesterday afternoon, Dr. Alexander K. Ferguson, 700 Bathurst-street, fell from his bicycle and was fatally crushed under the front wheels of the car. He died half an hour later, while being hurried to his home in a private ambulance.

Altho' terribly injured he showed vitality and nerve that was remarkable to those who brought him from beneath the car. He was able to tell his name and address. Then he remarked: "I'm done for."

Dr. W. J. Fletcher of College-street and Euclid-avenue, he gave directions as to the notification of his family. Dr. Fletcher asked him how the accident had occurred. "It was my own fault," he said.

He was then placed in the ambulance, which started on the gallop for the Western Hospital, a short distance away, but before it arrived there Dr. Fletcher, who accompanied the injured man, found life extinct.

Dr. Ferguson was riding east on Arthur-street, just as he crossed Euclid-avenue he overtook a wagon and to pass this he turned into the street car tracks, but when crossing the north rail into the devil strip his wheel slipped and he fell.

Eastbound Dundas-street car (894) was approaching rapidly behind him. There is no stop at that corner, and as the car did not slacken speed until the man had fallen, he was sounded his horn, but Dr. Ferguson, who was having trouble with his wheel, seemed not to hear.

As he fell the motorman applied the brake, but it was too late. The heavy double truck car was upon the proscribed man, and he was crushed under the fender, which was dropped, but the doctor rolled under and the first wheel on the north side of the tracks, struck and pressed into his body above the hips. He was thus shoved about a distance of 20 feet before the heavy car was brought to a stop. He was dragged out with the body frightfully mangled.

An inquest will be opened to-day. Dr. Ferguson was 46 years old. He leaves a widow and one son and a daughter. To these the news was broken by Rev. A. B. Winchester, pastor of Knox Church.

Stock Yards Sold Perhaps to Swifts

At a large and representative meeting yesterday of the shareholders of the Union Stockyards Company, a resolution was passed authorizing the acceptance of an offer made thru a local broker, acting for an outside principal, for the sale of the company's undertaking as a going concern at a price which will net to the shareholders 80c on preferred and 60c on common stock, aggregating about \$500,000.

It is understood that this offer comes from some of the big packing concerns, supposed by many to be the Swifts of Chicago.

A large packing concern of this class will be a great acquisition to the live stock and dressed meat trade of Toronto, and will doubtless have a very important bearing on making Toronto the centre of the trade for all Canada.

That U.S. packers are turning to Canada is shown by the recent announcement that the Swifts and certain railway companies were contemplating a huge stockyards scheme for Winnipeg.

COMMISSION FOR PURE MILK

Academy of Medicine to Appoint a Board of Five to Formulate Rules.

The appointment of a commission whose object will be the purification of the city's milk supply was decided upon unanimously at a meeting of the Academy of Medicine in the university medical building last night.

A committee submitted a report setting forth the improvement in the quality of milk resulting from the establishing of commissions in United States cities. The method usually pursued was stated to be that of urging upon producers proper cleanliness and the cooling of milk before allowing it to leave the dairies, certificates being issued to those who complied. The medical profession by recommending the public to patronize such producers, forced others to fall into line with very satisfactory results.

The new body will be known as the "milk commission" of the Academy of Medicine, and will consist of five members, who will serve without compensation. They are empowered to make such rules concerning the quality as they may deem wise, and will arrange to secure competent chemical and bacteriological information as to the results of the work of other milk commissions.

Dr. Goler, medical health officer of Rochester gave an address, illustrated with lantern views, on the means taken by the milk commission of that city to purify the lactical fluid. He said that producers who did not take the sanitary steps requested were not allowed to sell milk in that city. Each year at least one milk-borne epidemic was checked. The speaker thought pasteurization was ineffective.

W. K. McNaught, M.L.A., and John Ross Robertson, specially invited guests, were called upon to speak. Mr. McNaught said that no country needing more thorough revolution in the production of milk than Ontario. No one subject was so vital as pure milk, and he hoped with the help of doctors and nurses, to so arouse public opinion that legislation ensuring a purer supply could be had.

Mr. Robertson said that reform was urgently needed for then in the hospital patients as well as the general public. He thought the hospitals should be made to purchase the milk from where milk for their own use could be obtained.

GRAFT IN NEW YORK TOWN

HIGH PRICES FOR SUPPLIES

From 200 to 1200 p.c. Profit Extorted Above the Prices Charged to Ordinary Purchasers.

NEW YORK, Oct. 6.—Testimony of waste in the purchase of supplies by reason of a lack of system was supplemented by stories of phenomenal overcharging of the city at the session to-day of the legislative committee looking into New York's financial affairs.

It was pointed out that the city has had to pay from 200 to 1200 per cent. more than private concerns for the same class of goods, and a number of instances were cited by witnesses in which different prices were paid for the same article at the same time by different departments.

James A. Shankland, a certified public accountant, figured that the lack of system in purchasing such supplies as hay and straw in Manhattan alone meant a loss to the city of \$12,000 last year.

SCOTLAND WINS SHIELD.

LONDON, Oct. 6.—Because F. Jones, who made the top score of 220 for England in the Eicho shield competition at Bisleigh, used a Ross rifle barrel, which was not the authorized weight, the shield has been awarded to Scotland.

EXPERTS DISCUSS ABOUT TAXES

Some Very Interesting Phases of a Generally Perplexing Problem Are Presented at Conference in City.

Scientific and technical in an eminent degree are the proceedings of the International Tax Association, and it is probable that the average man would prefer to pay his taxes rather than listen to the discussions. Nevertheless there is the very highest value to be attached to the important gathering of financiers and economists from all over the continent who gathered yesterday in the reception room of the Parliament Buildings and continued the evening session at the King Edward.

In the absence of the mayor, who thought the meeting was 3:30 instead of 2:30, Reginald Gray, of the local committee, took the temporary chair and introduced Premier Whitney, who welcomed the leaders of taxation on behalf of the province. His colleague, Col. Matheson, would devote himself to their interest, and would be able to give them information on all sorts of subjects except deficits, of which he had no experience.

President Falconer of the university, also spoke in welcome. The connection of the university with the association was very close. There was an academic and a public side to their subject, and the scientific side balanced the administrative. The acceptance and understanding of taxation was the best evidence of the growth of democracy. The ordinary man's balanced idea that taxes were wrong from him. He doubted the justice of their incidence and whether he was giving a fair share. If convinced of their equity he would come to regard it as a privilege to share in the support of the community. A distribution of a fairly gathered tax was needed.

President Allan R. Foote explained that membership in the association had nothing to do with the conference. They had 21 states and 5 provinces represented and a large number of universities.

Prof. Charles J. Bullock, Harvard, tendered the best wishes of the local Guild of Massachusetts for the success of the conference.

Judge James Brant, attorney-general of Kentucky, complimented Toronto and Ontario on their good government.

Mayor Oliver having arrived spoke on behalf of the city.

New Yorkers Don't Pay Up. Lawrence Lindy, president of the department of the University of the City of New York City, made an impression on the conference as a polished speaker and a man of wide experience. He gave several interesting ideas in use in Canada which might be adopted with advantage in the tax system of the States. He stated that \$20,000,000 of taxes were due from corporations in New York awaiting court awards for the execution of payment. The question could lay hands on anywhere, so that estates had to pay double succession duty.

President Falconer having taken the chair as permanent chairman, the election of committees and vice-presidents was proceeded.

Hon. A. J. Matheson, provincial treasurer; Frederick N. Judson, chairman Missouri commission of taxation, and George E. Pomeroi, chairman Ohio state board of commerce, Toledo, O., and John B. McKilligan, provincial surveyor, British Columbia, were elected vice-chairmen of the conference.

A resolution of sympathy was adopted and will be forwarded to Dr. James H. Dill of New Orleans, who was to have read a paper yesterday afternoon, and in whose family a death had occurred.

CLASSIFYING TAXES.

In the evening the greater part of the time was given to forestry taxation, but Prof. Isaac A. Loos, of the University of Iowa, read a paper on the scientific division between state and local taxation, which was of special interest.

Prof. Loos classified taxes as arising from property subdivided into taxes on property in hand (real estate), and property in capital or other kind. The organization of industry under corporations has developed the business tax, in which income is got at by means of such rules concerning the quality as they may deem wise, and will arrange to secure competent chemical and bacteriological information as to the results of the work of other milk commissions.

Dr. Goler, medical health officer of Rochester gave an address, illustrated with lantern views, on the means taken by the milk commission of that city to purify the lactical fluid. He said that producers who did not take the sanitary steps requested were not allowed to sell milk in that city. Each year at least one milk-borne epidemic was checked. The speaker thought pasteurization was ineffective.

W. K. McNaught, M.L.A., and John Ross Robertson, specially invited guests, were called upon to speak. Mr. McNaught said that no country needing more thorough revolution in the production of milk than Ontario. No one subject was so vital as pure milk, and he hoped with the help of doctors and nurses, to so arouse public opinion that legislation ensuring a purer supply could be had.

Mr. Robertson said that reform was urgently needed for then in the hospital patients as well as the general public. He thought the hospitals should be made to purchase the milk from where milk for their own use could be obtained.

INVITE A. F. OF I. HERE.

The District Trades Council, thru a special committee, will invite the delegates who attend the next meeting of the American Federation of Labor to assemble in Toronto in November.

The convention for 1908 will open in Denver, Col., on Nov. 4.

SEN. ROLLAND TESTIFIES IN THE INSURANCE SUIT

Gives Some Facts About Paper Shipments—Cause of Fire Not a Subject of Inquiry.

Hon. J. D. Rolland of Montreal was a witness yesterday in the action brought by the National Stationery Company...

President and Manager Taylor of the Stationery Company was on the stand all Monday and most of yesterday.

The counsel sought to show that the company had made a claim in stock of paper which it was insured against.

In reply to a question asked by his own counsel, Mr. Vermet, on his starting in to re-examine him...

"Then," said his counsel, "the statement is made that you padded those lists of stocks."

"That is absolutely wrong," he replied. "Nothing is further from the truth than that statement."

Cross-examined by Mr. Blackstock again he said that his partner, Rupert Simpson, drew \$3 a week...

Rupert Simpson, the vice-president of the National Company, said that when in Halleybury, in Dec. 1906...

He estimated the stock roughly as being worth about \$16,000, and that the net assets would be about \$12,000.

He then said that there was an arrangement by which he would purchase small amounts of pens and other things...

Mr. DuVernet, witness said that he knew Taylor had suggested the word, and he also denied saying that "Taylor was a great friend of his."

OUR PUBLIC "LIBRARY."

No particular loss would be sustained if Sir Glenholme Falconbridge's pre-occupation in judicial business were to defer indefinitely the appointment of a chief librarian for Toronto Public Library. Even with a new building it seems to be going into the thing wrong end first to appoint a librarian over the assortment of old and second-hand books stored in the Church-street curio shop. Nobody knows what is there. No competent person has ever attempted to make a proper catalog of the rubbish. The circulating department is, for the most part, a weird collection of germ-sodden volumes, largely composed of the "biggest seller" class of fiction.

In the latest stereotyped joke, styled an "annual report" of the library, it is mentioned as a "sign of the times worthy of note, that while the circulation of books has been practically at a standstill, the amount paid for fines for overdue books has reached the sum of \$1400." It would have been in better accord with the spirit of the times if Dr. Sheard had long before this gone after the board of management for permitting that circulation to proceed without the introduction of modern precautions against infection.

The chief trouble with the library board is that which distinguishes all irresponsibly nominated bodies. It is stagnant. It is also incapable of mapping out a plan for the Toronto library of the future. Its career should be terminated by legislation, and a responsible board provided in its stead. Then a really valuable library might be assembled and a competent librarian appointed to the position, which is in the meantime better vacant than filled.

PERMANENT ORCHESTRA FOR TORONTO.

On several occasions we have advocated the establishing in Toronto of a permanent orchestra. We have waited for some public spirited citizen, who, like H. L. Higginson of Boston, would come forward with the will to establish a permanent orchestra in the city, and who, with the will, would either personally provide an endowment fund or join with other public spirited citizens in furnishing subscriptions to put such a musical organization on a sound financial basis.

We have not waited in vain. The gentleman who is taking the leading part in the movement now in progress to give Toronto an orchestra which, eventually, will rank with the best on the continent, is Mr. Herbert C. Cox, and the fact that Mr. Cox is chairman of the executive committee now actively working for the cause, guarantees the success of the project.

Those who know the history of the permanent orchestras in Boston, New York, Chicago, Pittsburgh, Cincinnati and other cities of the United States will appreciate the difficulties, the criticisms and even the rebuffs Mr. Cox and his colleagues will experience in their ambitious and public spirited task. The plan of the executive committee is to make what has been hitherto known as the Toronto Conservatory Symphony Orchestra an independent musical organization supported solely by the public. Mr. Cox and his committee are now endeavoring to raise by private subscriptions, payable in annual increments for five years, such a sum as will place the Toronto Symphony Orchestra on a sound working financial basis. And it is sincerely to be regretted that so far the executive committee has met with much encouragement. But it must be understood that since the Toronto Symphony Orchestra is composed entirely of professional musicians, the expense in connection with it will be very heavy, and that therefore it may not be for some years a money-making institution.

We know that in the belief of those who heard the Toronto Conservatory Symphony Orchestra last season (the second in its career) it is a band, which, under the conductorship of Mr. Frank L. Welsman, deserves nothing but praise. Toronto can have a permanent orchestra, which in a short time will rival the best on the continent. All that is necessary now is for our public-spirited citizens to assist Mr. Cox and his committee with private subscriptions.

THE DANGERS OF RAILWAYS.

Editor World: The unending sacrifice to the gods of greed, carelessness and apathy goes on day after day, month after month, year in and year out. It is utterly impossible to pick up a newspaper during these days, without finding a railroad wreck, with the usual sacrifice of human life, featured on the front page. The feature of the news in last evening's papers was a fatal collision on the Tillsonburg and Brantford division of the Grand Trunk Railway, the results being three dead, and two badly, if not

Surely it means much to know that the Lager you drink is brewed with filtered water, choicest hops and pure barley malt, is mellowed by age—is filtered before bottling and pasteurized—is a wholesome, healthful beverage.

You can't be too careful about the beer you drink. Green beer is bilious, impure and unfiltered beer is unhealthful. O'KEEFE'S "PILSENER" is pure, healthful and thirst quenching.

Every dealer knows it.

Defects of Present Business Assessments

All business men, especially retail merchants, in Toronto should not fail to hear the paper by Assessment Commissioner James C. Forman which he will read this evening in the King Edward Hotel banquet room before the delegates of the International Conference on State and Social Taxation. Commissioner Forman's subject is "Business Assessments as a Substitute for Personal Property Tax." We know nothing of how the commissioner will treat his subject, but we have some pertinent ideas on the matter, which we deem worth while submitting to the careful consideration of Toronto business men and retail merchants.

Such conferences as the one now being held in the city are profoundly beneficial to any municipality, for just and equitable taxation, like all other social phenomena, can only become real thru an experimental evolution, until the day at last is reached when 1905 merchants were taxed by "personal assessment." Another method was then adopted, named "business assessment"—a method which is still on trial and which must now be philosophically considered on its merits. But it also is free from defects and we wish to suggest a still better, if not yet a perfect, method.

The question concerns the relative merits of the present business assessment and the previous personal assessment, which obtained in Toronto. The latter inevitably involved an expense of a merchant's private business. Suppose, for example, that for any cause you please, bad management, over stocking, or hard times, a merchant was unable to meet his obligations and "hang on" long enough to recover and go ahead prosperously. The method of personal assessment at least tended to make the merchant of the state of his business known to the merchant's creditors and the banks. If they thus got "inside" information naturally they would become alarmed and force the struggling but still hopeful merchant into insolvency. On the other hand, the present method of business assessment relieves the merchant from any unnecessary exposure of his private affairs. So far forth it has a distinct advantage over the personal assessment.

But the present method of business assessment has a few disadvantages in itself. First, it is not equitable as between merchants in similar business. For the tax upon land and buildings is not based upon a standard rate per cubic foot. As premises are constructed so as to do no more than merely comply with the municipal by-law for buildings, while B's are substantial and beautiful, B is unduly overtaxed by the present business assessment. In other words, B with a smaller, but more costly building, occupying less land is rated more heavily than A, who owns a larger building and occupies more land. Prima facie then, the present business assessment is unfair.

BERLIN'S POPULATION.

BERLIN, Oct. 6.—(Special.)—Berlin's population as shown by assessors' reports just completed is 13,278, an increase of 285 over last year, and in same assessment increased 327,126, bringing total up to \$6,307,385.

BROCKVILLE'S POPULATION.

BROCKVILLE, Oct. 6.—(Special.)—Brockville has a population of 9117, an increase of 191 over 1907.

Mrs. Dunscombe's Will.

VICTORIA, B.C., Oct. 6.—The will of an estate of two million dollars, of a nestate of two million dollars, of which \$85,000 goes in legacies to more distant relatives, and the residue is divided equally between the five daughters.

EATON'S DAILY STORE NEWS

2 Special Items for TO-DAY

Some Very Interesting Items in Men's Clothing

Money saving inducements for quick business, right after store opening.

90 Men's Suits

Three-buttoned, single-breasted sacque shape—stylishly cut and well tailored; broad lapels. Made of English worsteds and tweeds—weighty, substantial materials—grey and brown striped patterns. Italian cloth lining. Sizes 36 to 42. Offered today at less than the materials cost. But come in early. **6.50** Per suit.

Men's Underwear

480 garments at 29c each. Should cause a tremendous 8 o'clock outrush. Good heavy wool-and-cotton-mixed material. **5.00** Medium sizes only. Not more than two suits will be sold to anyone. Today—shirt or drawers, each. **.29**

Men's Winter Underwear FOR WARMTH AND WEAR

Double-breasted shirts; Double-back drawers; Winter weight wool, closely knit; An undergarment that will produce warmth and will give long wear.

That's our 75c unshrinkable SCOTCH WOOL—a very popular and satisfaction-giving underwear; sizes 34 to 40; shirt or drawers, each **.75**

English-Made "Eatonia" Boots

No one denies the superiority of the English oak tanned leather, and everyone will acknowledge the extra high standard that British workmanship stands for. Combine with these the dashing, distinctive styles of the American lasts, and you have the English-made "Eatonia" boot for men.

The Fall stock is complete, and includes perfect ranges in all the best styles, lace and blucher cut, either dongola or box calf; there's no better leather in the boot world than that in the soles of the "Eatonia," and you'll be pleased with the comfort, the perfect fit, and, above all, the smart style and finish; see and try on these English-made boots; price, **3.00** per pair.

A Good Suit for Boys, 4.50

The imported tweed is the strong feature in this THREE-PIECE SUIT; the material is so EXCEPTIONALLY good for the money. Dark shades, stripe pattern. The coat is nicely tailored in newest style, with Italian cloth body lining. Knee pants. Sizes 28 to 33. Price **4.50**

Boys' Warm Knee Pants

Made specially for winter wear, and extra strong. Something every boy will want when he reads about them. Of heavy English tweed, dark colors, small patterns. LINED WITH FLANNELETTE, and DOUBLE SEAT AND KNEES. Sizes 24 to 28, 75c; sizes 29 to 33. **.90**

THE T. EATON CO LIMITED

Stylish Double-Breasted Suits

A double-breasted coat is added protection for the Winter. Our new Fall style has long, broad lapels; the buttons closer together; the front of the coat has a stiff haircloth strip running down it, preventing that "wilting" when unfastened, and the creased seam back is done away with on many of the suits.

One at \$8.50 is a dark brown checked pattern with old gold thread stripe running through it; this tweed is worsted finished, and a very nice appearance it gives, while the tweed quality makes for long, steady wear; the double-breasted coat is in three-button style; lined with Italian cloth; sizes 36 to 44; this suit **8.50**

Another at \$10.50, is of a Saxony-finished cloth, a pleasing effect in Imported English tweed; pattern, a dark gray ground with green stripe; large lapels; a well-tailored and dressy Winter suit **10.50**

Navy Blue Serge—An all-wool English Botany fabric—soft twill finish, fast dye; coat; three-button sacque; Italian cloth lining; price **11.00**

Black Melton Overcoat

The genuine imported English cloth—rich, bright finish—thick close pile. Coat in Chesterfield style, 46 inches long; full, loose back and skirt; deep back vent; velvet collar; broad lapels; twilled Italian cloth lining; sizes 34 to 44; tailored in broad shouldered, full body effect, with raised seams; looks well every way; the price **10.00**

Young Men! This is the "Harvard" College Ulster

Prussian collar coats with double-breasted front have been quite popular for a season or two. Now comes one cut single-breasted, with fly front. Length 50 inches, deep vent in back, strap on cuff; the Prussian collar is 3 1/2 inches wide.

Material, a soft finished English cheviot cloth, very thick and solid, in plain dark oxford gray, glassade sleeve lining. The body lining of diagonal twilled Italian cloth is very dressy, indeed; sizes 34 to 42. This is a very remarkable coat for **10.00**

Smart Hat for Young Men

The Telescope, in one form or another, has for many years been a young man's favorite. More and more it is taking the place of the Derby.

The newest development is our narrow flat-set brim and low crown shape; edge raw or bound. Pure silk band; leather bronze and the newest sweat. Shown in black, brown, bronze, and the newest fawn shade.

Price **1.50**

est taxation in Canada and the States. Farmers and General Tax. A discussion on the forestry topics led by A. G. Shaw of the U.S. forest service, Washington, D.C., and maintained by a dozen or more speakers.

The uniform rate, he said, "is fair and just in sound only, as it attempts to do the things that represent ownership of property in all forms at the same rate as the actual visible property for which they stand."

The long continued effort to tax the land in a uniform rate is tax wrong in principle as soon as mortgage, stocks, bonds and other evidence of debt are added.

The farmer sees the money on deposit in the banks and is irritated that the money is not being used.

ROBINETTE TELLS WHY JEWS SHOULD HELP LIBERAL GOVERNMENT

Liberal Government Has Vastly Improved Their Position and He Himself Has Done Something. A strong bid for the Jewish vote was made by T. C. Robinette, Liberal candidate for St. Lawrence, Toronto, in St. George's Hall last night.

HABITANTS IN PARADE

Premier Met by Thousands in L'Islet and Addressed Large Open Air Gathering. L'ISLET, Que., Oct. 6.—(Special.)—Nearly 5000 visitors of this county welcomed Sir Wilfrid Laurier on his tour of this part of the province at an open air meeting this afternoon.

The meeting was held at the Inter-colonial Railway station, which is near L'Islet, two miles from the village, and the premier was met at the station by the male population of the village, headed by a brass band. Special trains were also run from Lévis and Rivière du Loup, bringing in nearly 2000.

The premier was escorted to a temporary platform erected in front of the two stores at the station, and after a selection from the band Mayor Cloutier, the chairman, introduced J. B. T. Caron of Ottawa, the Liberal candidate who spoke on the general policy of the Liberal party since 1896.

Mayor Cloutier then read an address of welcome to the premier and a bouquet was handed to Sir Wilfrid by a red-shirted little girl.

When the premier turned to reply he gave a great reception. Sir Wilfrid Laurier, in his speech, said that a large proportion of his speech to the defence of the government's immigration policy, which had been attacked in the house last session by Dr. Faucher, the sitting Conservative member for L'Islet.

Sir Wilfrid said that the government had introduced over a million new citizens into the west, whose needs gave impetus to the industries of the country.

Hon. Rodolphe Lemieux spoke for an hour with a sketch of the history of the Liberal party from the time of Robert Baldwin to the present.

ROBINETTE TELLS WHY JEWS SHOULD HELP LIBERAL GOVERNMENT

Liberal Government Has Vastly Improved Their Position and He Himself Has Done Something. A strong bid for the Jewish vote was made by T. C. Robinette, Liberal candidate for St. Lawrence, Toronto, in St. George's Hall last night.

About 300 were present and the impressed upon them how much better their position would be under a Liberal government.

One thing that Mr. Robinette would endeavor to do if elected was to eradicate the restrictions that are now placed upon Jewish immigrants to this country.

He realized the number of Hebrews in the country and he would do an ingrate did he not endeavor to serve their best interests.

Touching on the Crow's Nest Pass deal, he said the Conservatives forgot to say that a monthly pay roll of \$200,000 had been created by the company and that it provided a market in the west for the products of the Jews of Toronto.

The Liberal government had done much for the Jews, he had given them a freedom of making money in Canada attainable. The records of the university would show this.

Mr. Robinette had taken pleasure in nominating a year ago, a young Jew for a position in the postoffice. Since then he had nominated six others, and five had received appointments.

Such things had been made possible by the Liberal government. One thing that strikingly bore out, to his mind, the government's idea of making Jews were a good type of immigrants, was that he hadn't noticed any of these people among the arm of unemployed who sought help from the city last winter.

Louis Singer said it was absurd to have five Conservatives represent Toronto in a Liberal government.

"We are law-abiding citizens," he said, "and we will live up to the law, but if you want a law to allow you to do anything, don't send a Conservative to parliament who can't get you anything, but send a Liberal who has a chance."

West Toronto C.P.R. strikers decline to accept the terms on which the strike is called off. The strikers have begun to lose faith in history," said a union official last night, "and we will appoint a new arbitration committee if some favorable settlement is not arrived at within the next twenty-four hours."

Only about half a dozen car repairers applied at the C.P.R. office yesterday for employment. The machinists, an boiler-makers remained soiled.

A Moosejaw special says that out of 250 men only 22 were taken back yesterday morning, but 30 strikebreakers left during the day and these vacancies were then filled.

At Montreal 300 applied for work at the Angus shops and will likely be at work this morning. Of 22 new men engaged yesterday only 9 were strikers.

BORENAUT BRANTFORD SPEAKS TO 3000 PEOPLE

Conservative Leader is Given a Splendid Reception and is Heard in a Mastery Address. BRANTFORD, Oct. 6.—(Special.)—R. L. Borden visited Brantford to-day and addressed an audience of about 3000 people in the Waterloo Rink. The Conservative leader was accompanied only by Col. Hugh Clark.

The Conservative leader was met at the T. H. and E. depot by a number of prominent Conservatives and the 8th Regiment Band and taken to the Kirby House where he had a reception. Afterwards he was driven around the city, visits being made to the Mohawk Indian Institute, the Brant monument, the Hill Institute and the armories.

The meeting in the rink to-night was warmly enthusiastic. W. A. Holbrook, chairman of the show company, presided. He first called on J. P. Nunn, the candidate against Hon. Mr. Borden in North Brant, who was cordially received.

This was a fight, he said, not between the two parties, but of the people of the middleman, the lake of rake off and the grafter. Both parties could look to the past with pride, but the people must look to the men of to-day.

The Time for a Change. A change of government was as necessary to-day as it was when the people elected Premier Whitney to rule or when the people of Quebec swept the government of Honore Mercier from power.

"You can always trust the people of Canada," he said, "and I, W. F. Cockshutt, the former member, and again the candidate in South Brant, claimed no credit for never having made a dollar out of politics nor for doing his duty."

Mr. Cockshutt dwelt on the Quebec bridge deal, which cost six millions of dollars and 80 lives, buried in the bottom of the St. Lawrence in order that a graft company might make money out of the deal.

Nothing was being heard of this blunder, or of the G.T.P. bargain except from the Conservative side. The Liberals did not even bring up the dinner pail, which was a feature of the dinner four years ago. Mr. Cockshutt complained of an inadequate tariff and a cordial invitation to Mr. Borden to object, not to immigration, but to the bonus system.

Hurrah for Borden. When Mr. Borden was produced almost the whole audience rose to cheer, and this was repeated when a little girl presented a bouquet.

He began by reading the Globe's slogan, "Laurier and the larger Canada," and said it would be well to remember that every foot of soil added to Canada is a dollar out of politics by reason of the genius, the foresight, of the confidence of the Conservative government of bygone days.

Who was speaking of bygone days? Who was speaking of the Conservative government of Prince Edward Island, British Columbia, and the great western provinces? But if one foot of soil had been lost since 1867, it was through the blundering and incapacity of the men who sit on the treasury benches to-day.

"These men," said Mr. Borden, "have awakened to the fact that Canada is a nation, and they imagine they have made her so. It is well to keep in mind who it was that had faith and hope and confidence in the future of this country."

He recalled that the British Government handed over the Alaska boundary question to the Canadian Government in the late summer of 1896, and that the representatives of this government went to Washington, but came home and handed the question back to the British foreign office, which was not able to deal with it themselves.

"And it will become these men," the Conservative leader proceeded to complain that Canada's interests have been sacrificed by Britain."

W. S. Brewster, M.L.A. elect, scored the government for permitting the importation of strike breakers.

Col. Clark declared people were beginning to "get on" to the record of the government in the late summer of 1905. At their opening meeting they had stolen the free rural mail delivery plank in the Conservative platform.

NORTH TORONTO LIBERALS OPEN THEIR CAMPAIGN

Successful Public Meeting in Interests of W. H. Shaw—Macdonald Replies to Foster. The first gun of the Liberal campaign in the interests of the candidature of W. H. Shaw in North Toronto was fired at a successful public meeting at Broadway Hall last night.

George C. Campbell, who presided, said that the Liberal government during the past four years had been a credit to the Liberal party, and George Willeke said it was a pleasure to speak of the progress made by Canada during the past twelve years.

T. C. Robinette, K.C., the Liberal candidate in Centre Toronto, was received with cheers. Mr. Robinette said that in the supreme court of public opinion a great suit was being tried, Gross Slender v. Great Record. It was Borden v. Laurier, and there was nothing in the statement of claim to warrant the claimant applying for a verdict.

Members greeted the candidate, W. H. Shaw, who said that he realized that there was no light before them in redeeming North Toronto. At the same time, however, he was confident that the Liberal party was understood between the defeat or success of his friend, Thomas Urquhart. The Conservatives were more active than four years ago, but if the Liberals got out their full vote in North Toronto they could win a splendid victory.

T. A. Macdonald, editor of the Globe, devoted his attention to Hon. Mr. Foster, and went into personalities as a reply to those aimed at himself.

ESTATE NOTICES

MORTGAGE SALE OF VALUABLE Residential Property in the City of West Toronto. Under and by virtue of the power contained in a certain mortgage which will be produced at the time of sale, there will be offered for sale by public auction on Saturday, the 24th day of October, 1906, at the hour of two o'clock in the afternoon, at 131 Dundas-street E., West Toronto, by I. N. Sharpe, auctioneer, the following property, viz:

All and singular tract certain parcel or tract of land and premises situated, lying and being in the City of West Toronto, in the County of York, being composed of the southerly fifteen feet of lot number thirty-one, in block No. 6, according to registered plan number 553, on which is situated house No. 309 1/2 Quebec-avenue, a new solid brick detached seven-roomed house, with modern conveniences.

Terms: Ten per cent. of the purchase money to be paid down at the time of sale, the balance to be paid within thirty days.

For further particulars and conditions of sale, apply to W. A. McMASTER, Solicitor for Mortgage, 26 Dundas St. W., West Toronto.

JUDICIAL NOTICE TO CREDITORS

In the Matter of the Winding Up Act, Chapter 144, Revised Statutes of Canada and Amendments Thereto. Pursuant to the Winding Up Order in the first part of chapter 71 of the Revised Statutes of Canada, 1906, known as "The Companies Act," letters patent have been issued under the authority of the Secretary of State of Canada, bearing date the 2nd day of October, 1906, in respect of the insolvent estate of William Richard Lisset, late of Toronto, Ontario, deceased.

Notice is hereby given that the above-named insolvent has made an assignment of his estate to me for the benefit of his creditors under the R.S.O., 1897, chapter 144.

NOTICE TO CREDITORS

Notice is hereby given that the above-named insolvent has made an assignment of his estate to me for the benefit of his creditors under the R.S.O., 1897, chapter 144.

All persons claiming to be creditors of the insolvent must file their claims, proved by affidavit, with me or before the assignee, on or before the 20th day of October, 1906, after which date I will proceed to distribute the assets of the said estate, having regard to those claims. Nothing I shall then have received notice.

JAS. LANGLEY, F.C.A., Trustee, McKinnon Building, Toronto, Oct. 6, 1906.

Public notice is hereby given that under the first part of chapter 71 of the Revised Statutes of Canada, 1906, known as "The Companies Act," letters patent have been issued under the authority of the Secretary of State of Canada, bearing date the 2nd day of October, 1906, in respect of the insolvent estate of William Richard Lisset, late of Toronto, Ontario, deceased.

(a) To manufacture, acquire, purchase, lease, hire, contract for, or use, exclusive or non-exclusive or limited right to use or any secret or other information as to the construction, design, or operation of any device or apparatus for the production and utilization of electricity for light, power, heat or traction.

(b) To apply for, purchase or otherwise acquire any patents, licenses, concessions or other rights, or to use, exclusive or non-exclusive or limited right to use or any secret or other information as to the construction, design, or operation of any device or apparatus for the production and utilization of electricity for light, power, heat or traction.

(c) To enter into partnership or into any arrangement for the sharing of profits or interests, co-operation, joint account, or otherwise, with any person, or to be engaged in or to carry on any business, or to acquire, or to use, or to grant licenses in respect of or otherwise turn to account the property or information so acquired.

(d) To take or otherwise acquire and hold shares in any other company having objects similar to those of the company.

(e) To acquire, hold, mortgage, sell, convey and dispose of all real and personal property necessary or requisite for the carrying on of the undertakings of the company or any part thereof.

(f) To borrow or raise or secure the payment of money in such manner as the company may see fit, or to issue or charge upon all or any of the company's property, both present and future, including its uncalled capital, or to issue or pay off any such securities. The operation of the company is to be carried on throughout the Dominion of Ontario, and elsewhere, by the name of "Canadian Cleveland Drill Company, Limited," with a capital stock of seven hundred and fifty shares of one hundred dollars, and the chief place of business of the company to be at the City of Toronto, in the Province of Ontario.

Dated at the office of the Secretary of State of Canada, this 2nd day of October, 1906.

R. W. SCOTT, Secretary of State.

"because it would not seem respectful to him as our parliamentary representative were I to reproach him retrospectively." He quoted A. W. Wright as having stated at a meeting in West Toronto that he (the speaker) would not fight Mr. Foster on the "dumb hill" telegraph, as the phrase might be. It was true.

"I have no objection to a fight, for I come of a fighting clan, but I do not like the place."

ROUNDED UP INCENDIARIES

Inspector Returns Makes Two Arrests in Eastern Ontario. ALMONTE, Oct. 6.—(Special.)—Provincial Detective Reburn has been clearing up some incendiary cases in Eastern Ontario.

On Sunday he arrested Aaron Bulger, son of a farmer near here, for having set fire seven times since July 15 to the timber on the land of an adjoining farm. The fire was started against the farmer, who had recently bought the place. Bulger was yesterday committed for trial.

Detective Reburn also arrested W. J. McBain, a farmer in Lancaster Township, for setting fire to his son's barns on Sept. 3. McBain was sent for trial by a Cornwall magistrate.

Celle League meets to-night.

Export Demand is Smaller And Grain Futures Weaker

War Scare Without Influence on European Exchanges—Chicago Market Inactive.

World Office. Tuesday Evening, Oct. 6. Liverpool wheat futures closed to-day 1/4 to 3/4 lower than yesterday, and corn unchanged to 1/4 higher.

Chicago car lots to-day: Wheat, 67; contract, 8 Corn, 67, 39 Oats, 413 24. Primaries: Wheat—This week 1,280,000 bushels; shipments, 1,280,000, 1,880,000, 915,000 bushels.

Ohio State crop report for October: Condition of corn 81, a year ago, when crop was 100,000 bushels. The wheat yield is 30,000 bushels.

United Kingdom—Favorable weather, which was felt for some time, has caused much damage to crop in late districts.

France and Germany—Weather is reasonable, and plowing and seeding for the new crop is making good progress.

Argentina—Weather and crop conditions continue favorable. The movement, however, is smaller.

Australia—The outlook for wheat crop is excellent. Receipts of farm produce were 1100 bushels of grain, 30 loads of hay and one load of straw.

Barley—Six hundred bushels sold at 56c to 58c. Oats—Two hundred bushels sold at 45c. Hay—Thirty loads sold at \$13 to \$15 per ton.

Wheat, fall, bush, \$0.90 to \$0.91. Wheat, winter, bush, \$0.80 to \$0.81. Rye, bush, \$0.84 to \$0.85.

Hay, per ton, \$13.00 to \$15.00. Cattle, hay, per ton, \$6.00 to \$7.00. Straw, bundles, 100, \$10.00 to \$14.00.

Butter, separator, dairy, \$0.21 to \$0.22. Butter, store lots, \$0.21 to \$0.22. Butter, creamery, \$0.21 to \$0.22.

Eggs, strictly new-laid, \$0.25 to \$0.28. Eggs, per dozen, \$0.25 to \$0.28. Beef, forequarters, cwt., \$5.00 to \$6.00.

Beef, hindquarters, cwt., \$5.00 to \$6.00. Beef, choice sides, cwt., \$5.00 to \$6.00. Beef, medium, cwt., \$5.00 to \$6.00.

Lamb, spring, lb., \$0.18 to \$0.19. Mutton, light, cwt., \$5.00 to \$6.00. Veals, common, cwt., \$5.00 to \$6.00.

Dressed hogs, cwt., \$2.50 to \$3.00. Pork, \$3.00 to \$3.50. Bacon, \$4.00 to \$4.50. Lard, \$5.00 to \$5.50.

CANADA'S WHEAT CROP 120,000,000 BUSHELS

Province of Saskatchewan Instance of Rich Returns to Farm Buyers—Auction of 250,000 Acres to Be Held at Regina, October 12-17.

(Special Correspondence). One hundred and twenty million bushels is Bradstreet's latest estimate of the wheat crop of Canada for 1908. Every report handed into the department of the interior by its western agents gives new occasion for jubilation.

Thus the effect of the advent of thousands of tillers of the soil from eastern Canada, from the United States, and in fact from all parts of the civilized world is already amazingly apparent, altho it began only a few years ago.

Fortunes Are Being Made. The vast treasure of western Canada has just been opened. Fortunes of all sizes are already being made from the competency desired by the home-seeker who has got together a few hundreds for a start, to the millions for the larger investment.

Where Many Crops Flourish. This is not hard to believe when the wheat king in Saskatchewan is vantage of the auction are advised to wait until the auction actually begins, no matter what they hear.

Harvesting Miles of Wheat in Saskatchewan. The Saskatchewan and Western Land Co., Ltd., will return the cost of their trips, on the presentation by each buyer of a receipt from the railroad agent at home station, for the amount paid for his ticket.

Home-seekers' Excursion Rates. Very low home-seeker rates to Regina have been made by all leading railroads of the northwest for October 6th.

But this is the domain of wheat, but there is no wheat belt in the world equal to it. Siberia does not equal it, nor New Zealand, nor the western United States.

British Cattle Markets. LONDON, Oct. 6.—London cables for cattle are quiet. Refrigerator beef is quoted at 9 1/2 to 10 1/2 per cwt.

83 CARS AT CITY YARDS GOOD CATTLE SCARCE. Prices Are Firm—Sheep and Lambs Steady—Hogs Easier at \$6.40 Cwt.

Receipts of live stock at the city market were 83 car loads, 1218 cattle, 1618 hogs, 2490 sheep and lambs and 85 calves.

Trade was good, considering everything; that is, there was a busy market, many buyers being on the market. Butchers were looking for good fat cattle, farmers and others for feeders, and dairy men from Ontario and elsewhere.

When the Sale Begins. When the electric bell calls the attention of all buyers, and with many a pleasing word of recognition, A. Burns, the well-known breeder, racer, horse owner and auctioneer, opened the sale.

Free to Men Until Cured. With good, vigorous health every man should enjoy life to the full. Without it there is only failure. Electricity furnishes all that goes to make up a man's vitality.

FREE UNTIL CURED. Not asking a penny in advance or on deposit. You only pay price of belt when you find it necessary to buy another.

Dr. A. B. Sanden, 140 YONGE STREET, TORONTO, ONT. OFFICE HOURS 9 TO 6 SATURDAYS UNTIL 5 P.M. Oldest and largest Electric Belt Establishment in the world.

THE HARRIS ABATTOIR CO. LIMITED. TORONTO. DEALERS IN FRESH MEATS, POULTRY AND BUTTER.

WESLEY DUNN, Established 1893. W. B. LEVACK (Cattle), David Rowntree, W. J. Bracken (Sheep). Live Stock Commission Dealers.

THE workingman's is the most welcome dollar that comes into the savings department of a bank—because the welfare of the community at large depends on the practice of thrift by those whose labor contributes the main part towards the wealth of the country.

THE HOME BANK OF CANADA. Original 1854 Charter. Head Office—8 King Street West. Branch Offices, opening 7 to 9 o'clock every Saturday night.

The Canada North-West Land Company (Limited). (INCORPORATED IN CANADA). RETURN OF COMMON STOCK CAPITAL.

MCDONALD & HALLIGAN. Live Stock Commission Salesmen, Western Cattle Market, Office 56 Wellington Street, Toronto.

H. P. KENNEDY. Live Stock Commission Dealer. Office: Western Cattle Market, Toronto (Room 17), also Union Stock Yards, Toronto Junction.

MAYBEE, WILSON & HALL. Live Stock Commission Dealers, Western Cattle Market, Toronto. Also UNION STOCK YARDS, TORONTO.

HARRY MURBY. Commission Salesman. Feeders and Stockers a Specialty. Consignments solicited. Address: Western Cattle Market.

A HOT TIME. Is what we guarantee our patrons. Eight thousand Toronto houses warmed by our Hot Water and Hot Air Furnaces.

theft of watch, six months in Mercer; Toni Legeroff, \$25 and costs for striking a woman in the face.

They're for the Best

We could sell more furs if we were less careful what kind of furs we sell.

The class of people always ready to run to a dog fight are not the ones this store appeals to.

We want the trade of the best, and make it worth your while to get the best.

If you care at all for quality and reputation Dineen Furs will have an immediate interest.

The fact that we buy direct from the trappers in Canada and South America, and members of our Company are located in Asiatic and European centres selecting foreign furs, should convince you of the necessity of consulting us.

THE DINEEN

For Fifty Years Canada's Greatest Furriers,
140 YONGE ST., COR. OF TEMPERANCE

EAST TORONTO.

EAST TORONTO, Oct. 6.—(Special.)—Cecil J. Bell, the newly appointed secretary of the York Y.M.C.A. and recently in charge of the West Springfield, Mass., branch of the same work, arrived in town yesterday and at once entered upon the discharge of his duties.

The new secretary is a native of Markham Township, where he was born near Unionville, and has been eminently successful in his chosen vocation, is a hard worker with winning personality and will undoubtedly prove a popular and able administrator. Mr. Bell has leased a house from Mayor McMillan and will remove his family here in a few days.

Police Magistrate Clay received word a day or two ago of the death of his mother at Clifton, Bristol, England, in her 80th year. Mr. Clay's father is still living and in good health.

RICHMOND HILL.

RICHMOND HILL, Oct. 6.—The members of Richmond Lodge, A. F. and M. were honored on Monday evening by a visit from Right Worshipful J. S. Lovell, district deputy grand master, accompanied by W. Masters Love and Richardson. Right Wor. McKinnon brought them out in his touring car.

The annual meeting of the W.C.T.U. was held this afternoon at the home of Mrs. P. L. Grant. Besides the election of officers it was unanimously decided to strongly oppose any effort to repeal local option. The union placed itself on record that it would leave no stone unturned to assist in maintaining the high order of morality which has been evident to all during the past three years.

The committee of the public library board, to whom is entrusted the care

of keeping the reading fresh and up-to-date and obtaining a fresh supply of good books.

CHILDREN'S HEALTH.

Weaknesses Found Among Pupils of City Schools.
Two physicians, appointed by the medical health officer to inspect the school children, have made the following detailed report:

Number of pupils examined, 30,532; cases of defective vision under treatment and wearing glasses, 752; cases of defective vision supposed to be such by the teacher, 2035; cases of defective vision as found upon medical examination, 1192; cases of defective hearing or discharges from the ears on aural conditions suspected by the teacher, 569; cases found upon medical examination, 357; cases of mouth-breathing suspected by the teacher, 361; cases of mouth-breathing found to be such upon medical examination, 234; cases of dull or backward children, 41; cases suspected of such by the teacher, 33.

EVIDENCE FOR THE CHINESE

White Woman Help to Establish an Alibi for Accused.
The feature of the case against the five Chinamen now being heard in the sessions was the evidence, given yesterday, by Mrs. Jim Lee. She is a little bit of woman, typically Chinese, but talked fluent English.

Her evidence was that on the particular night in question Jim Lee had been very busy at work in the laundry away down east, near Leuty-avenue, so that he could not have been anywhere else. Moreover, she always was home on Saturday night from 5.30 till 11.30, all the year round, as that was the busy night.

Miss Mary Wall of Wellington-street, and a comely lassie, had also met "Hay" in his laundry on August 15.

Broadway Debating Club.
The regular meeting of the Broadway Debating Club was held last night at the home of W. Inrig, Sussex-avenue. The following officers were elected:

Day's Doings in West Toronto North Toronto East Toronto

C. P. R. STRIKERS SHOW NO CHANGE IN WEST END

Big Meeting of Railroad Men Listen to Addresses—Items From the County.

WEST TORONTO, Oct. 6.—The C. P. R. strike continues as usual in West Toronto, notwithstanding all the telegrams that have been arriving from Winnipeg, stating that a settlement has been brought about. Expressions of disapproval regarding the action of J. H. McVety and Ben Hardy, were heard to-night on all sides. We'll simply appoint a new committee," said an indignant union official. "The strike is not called off anywhere, nor will it be unless the terms very different from those already stated are agreed upon. Meetings were held to-day both morning and afternoon to discuss the situation, and the strike committee held a conference, at which it was decided to ignore the decision of the officials in Winnipeg and continue the strike until more definite information came to hand.

About 2.30 o'clock this morning an alarm came on from box 48, where fire had broken out in the frame kitchen at the rear of a house on Franklin-avenue, occupied by a man named Taylor. Some furniture was burned and the house was badly scorched, but the efficient work of the firemen prevented the flames gaining a headway. The loss will amount to about \$300.

Mrs. Emily Armstrong of 56 West Annette-street has issued a writ against the C.P.R. for herself and son, claiming \$1000 on account of the death of her husband, Charles Armstrong, engineer, who was killed in a wreck at Guelph Junction on March 11 last. This was the wreck in which prosecutions followed.

H. Craig of London beat his way down here last night from London, as told at the C. P. R. station, charged with trespassing. Police Magistrate Ellis this morning allowed him to go on suspended sentence.

WEST TORONTO.

C. P. R. Strikers Indignant and Will Not Accept Decision.

WEST TORONTO, Oct. 6.—W. F. Maclean, M.P., addressed a big meeting of railway men to-night which was held at the home of B. of L. F. and E. B. of R. T. O.H.T. of L. E. and G. T. O.H.T. and Mr. Campbell of the O.H.T. and Mr. Campbell of the O.H.T. were present and spoke briefly but well.

NORTH TORONTO.

Council Last Night Put Thru a Lot of Business.

NORTH TORONTO, Oct. 6.—Two petitions were received by the town council to-night for the laying of concrete sidewalk on the south side of Davison-avenue, and one on Alberta Crescent, west of the C.P.R. and Mr. Campbell of the O.H.T. were present and spoke briefly but well.

A resolution endorsing Mr. Maclean's course in parliament was unanimously passed and it was decided to meet again on Friday afternoon at 2 o'clock and a full attendance is earnestly requested.

Chief Constable Collins received an increase from \$800 to \$700 a year, to commence from January 1, 1909. The request of F. C. Jarvis to lay a water pipe and construct a bridge to his premises was not granted. As the commissioner is too busy to attend to the crossings in town, tenders will be asked for. A large deputation from Broadway-avenue, with W. West as spokesman, waited on the council, and the fire limits be put on the street and not to permit any house to be erected on the street. The deputation received a letter from the council, and the collector was instructed to prepare a by-law. For the first time in the history of the town, building permits are being asked for in compliance with a new by-law. Three applications were received by the council, one from W. J. Farr for a two storey iron building on Yonge-street; A. Leposky, store on the corner of Yonge-street and Centre-road, and Lee Chang, a laundry on Yonge-street. As soon as the proper specifications are forthcoming, the permits will be granted. The mayor and collector were instructed to search the title of the property of Mrs. Glen-Shaw on Ranelagh-avenue to clear up the dispute re Mrs. Glen-Shaw owning 35 feet of Ranelagh-avenue as private property. A town clerk Douglas will get two weeks' holidays.

WESTON.
Council Meet and Put Thru Routine Matters.

WESTON, Oct. 6.—The report of Inspector Eakins of the Boiler Inspection Company, submitted to the village council last night re the electric power house, was wholly satisfactory.

BRACONDALE.

BRACONDALE, Oct. 6.—The gold and silver tree entertainment of Zion Methodist Church last night was a successful affair. There was a large attendance, and a first class program was rendered by Roger Manning, Mrs. Squires, Miss Farnley, Miss Drake, together with the choir of the church. The offerings from the tree amounted to \$115. Mrs. Oliver, wife of Mayor Oliver, occupied the chair to the great delight of the audience. Mrs. (Rev.) S. D. Dinick of Avening read the messages from the tree.

Cobalt Convictions.

Forty-two convictions have been obtained at Cobalt for violations of the Liquor License Act, and over 3000 fines collected from keepers, frequenters and inmates of blind pigs, disorderly houses and other law-breaking establishments. Further prosecutions are pending, and the license department is determined to enforce the law.

Introducing Part of the New Basement

These surprising values and remarkable selling this week were specially planned to inaugurate the opening of business in part of the new building. We want you to see for yourself how thoroughly in earnest we are as regards the future, and how supremely confident of bigger business ahead. The whole store gathers new impetus from the enthusiasm of the new Basement, and every department is urging trade so as to be completely ready for the change when their moving time comes.

While China and Cut Glass have the right of way, we are offering very special values in all classes of Housefurnishings and Dry Goods. New attractions come to the front every day, with the promise of more, genuinely good bargains this month than you or we have ever known.

WANTS TRIAL TRAVERSED.

BELLEVILLE, Oct. 6.—(Special.)—The high court of justice opened here this afternoon before Justice Tezzel. There are three criminal cases on the docket. The grand jury, after being addressed by the judge on the seriousness of the offences, retired and in less than three hours returned five true bills. Two true bills were returned against a young farmer named Earl Fox, one of shooting with intent and the other with inflicting serious bodily harm on William Day.
