GERMANS MAKE BID FOR COMPLETE SUPREMACY IN BALTIC ARTILLERY PREPARATIONS FOR WESTERN DRIVE CONTINUE MANY REPORTED KILLED IN RIOTS AT TURIN, ITALY HUNS DISPLAY DISPOSITION TO FORCE BATTLE IN BALTIC

Oesel Island Entirely in Their Possession—the Germans Are Preparing for an Effort to Break Thru Fleet Defending Petrograd.

London, Oct. 17.—The Germans are entirely in possession of the island of Oesel, at the head of the Gulf of Riga, and the Russian forces still there are cut off from communication with Petrograd. Small warships are being sent to adjacent waters, and German aircraft are carrying out reconnaissance over the island in the Gulf of Riga and over the mainland to the east. Petrograd is an important port north of Riga, and due east of Oesel Island, has been bombed by German naval airships.

The Berlin war office announces that large quantities of booty were captured on Oesel and that more than 1000 prisoners were taken by the Germans Wednesday.

On the mainland to the south of Riga there has been considerable activity on the part of the Germans. The Russian artillery, however, prevented the bridging of the Gulf of Riga, and it is true, probably indicates that the Germans are preparing for a big naval demonstration against the Russian fleet in the Baltic. A report from Malmoe, in southern Sweden, it says a large number of German war craft were observed Monday and Tuesday, and that the vessel reports that they were reinforcements for the German Baltic fleet.

Russian Army's Position.

Petrograd, Oct. 17.—Regarding the situation in and around the Gulf of Riga, the semi-official news agency today issued the following summary of conditions: "While our fleet in the zone of operations is being pressed by German forces four times its strength, our

(Concluded on Page 7, Column 1.)

American Destroyer Torpedoed

Washington, Oct. 17.—An American destroyer on patrol duty in the war zone was torpedoed by an enemy submarine yesterday and had one man killed and five wounded. She managed to make port despite severe damage. Vice-Admiral Sims cabled a brief report of the incident to the navy department late today. He gave few details, but it is assumed there was no fight and that the U-boat made good her escape after launching a torpedo, without showing herself.

In accordance with the policy of secrecy concerning American naval operations, the department did not divulge the name of the destroyer or the exact place of the encounter.

INFANTRY IS INACTIVE GUNS AND PLANES BUSY

Troops Keep to Trenches on West Front, While Artillery and Airmen Figure in Bombardments and Bombing Operations.

London, Oct. 17.—As yet, the expected renewal of the great offensive by the British and French troops in Belgium has not eventuated. Heavy bombardments and reconnoitering operations still prevail.

There have been only bombardments on the southern front in France and in the Austro-Italian theatre where from the Isonzo front to the sea, the Austrians and Italians are heavily shelling each other.

There has been a noticeable return of bombing operations by the British airmen in Belgium and across the line in Germany and by the Germans against French positions. British aviators have dropped tons of bombs on Bruges and also have hoisted explosives on a factory near Saarbruecken, Germany, while the Germans have bombed Nancy and Dunkirk, at the former

place killing ten persons and wounding forty.

DOCKS AT BRUGES BOMBED.

London, Oct. 17.—Tons of bombs were dropped on the docks at Bruges, in Belgium, on Monday night by the British naval aviators. The British admiralty in a statement announcing the raid says: "Naval aircraft dropped many tons of bombs on the Bruges docks on Monday night. On Tuesday one of our fighter patrols downed a double-seater enemy machine in the vicinity of Zandren. The observer fell out and the machine turned over and fell in flames. All our machines returned safely."

The British official communication dealing with aviation issued tonight says: "British airplanes carried a very successful bombing raid this afternoon into German territory. A factory west of Saarbruecken, some 40 miles beyond the German frontier, was attacked and many bombs were dropped, with good effect. Fires were set to break out in the factory. "All of our machines returned safely."

TOOK TOLL OF HUN AIR FLEET.

Paris, Oct. 17.—An official statement says: "At six o'clock last night enemy aviators bombed Nancy violently. Numerous victims among the civilian

BLOCKADE SPELLS DISASTER TO HUNS

London Conference Decides to Hit Germany Thru Neutral Nations.

Washington, Oct. 17.—Neutral nations, and particularly those in Europe, must be prepared to share even greater deprivations and burdens than necessary by the war, under the decision of the recent allied conference at London.

Details of the conference are beginning to reach Washington thru official channels. They show that the allies are determined to support their armies in the field by cutting off as far as possible, all supplies for the German army from neutral sources thru a tightening of the blockade.

Attention was called at the conference to the necessity of preventing Sweden from supplying Germany with metals, and the general opinion was that hereafter the neutrals should be compelled to furnish the allies with goods of their own production which they cannot consume in exchange for supplies from the allies. Further, they will be required to use their own ships for this trade.

"Such is the new blockade formula which must be strictly applied, and which will make it impossible for Germany to continue the struggle," said one declaration of the conference.

The extent to which the United States will be influenced by the decisions of the London conference has not been revealed, but that this government is in accord with them is evidenced by the rigid restrictions placed upon exports to the European neutrals from this country.

NATIONAL GUARDSMEN KILLED

Spartanburg, S. C., Oct. 17.—Five New York National Guardsmen were killed and several others badly hurt early tonight in a head-on collision between two cars on the Piedmont and Northern Electric Railway between this city and Camp Wadsworth.

TO TAKE VOTES OF MEN AT FRONT

Major Purney Shortly to Leave Ottawa for Purpose.

Ottawa, Oct. 17.—Major Purney, overseas clerk of the crown in election, is making final arrangements in Ottawa before leaving for England. There he will take in hand the work of provision for taking the votes of all Canadian soldiers overseas in the coming elections. Presiding officers have to be chosen, ballot papers printed and a score of details arranged in connection with the taking and counting of the overseas vote. Difficulties in the allocation of the naval and military vote both in Canada and overseas have necessitated special provisions. The problem has been how to determine the constituency to which the vote shall go in the event of the voter not designating any particular candidate by name. The general rules on which the military vote will be taken are:

1. If the elector can indicate the name of the electoral district in which he last continuously resided for at least four months of the twelve preceding his enlistment or appointment, his vote goes to that electoral district, but can name a place within the district.

THE BISHOP-BURDEN WEDDING

The upper of these photographs shows the wedding party leaving Timothy Eaton Memorial Church afternoon. Major Bishop and his bride, preceded by the twin children of Mr. and Mrs. R. Y. Eaton, Margaret and John. Following the bride and groom are the best man, Secret-Major Errol Smith, and Miss Gretta Burden. The lower photograph, taken by Mr. Lyonde, at the bride's home, shows her in her beautiful wedding gown.

GRAVE CRISIS FACES ITALIAN PARLIAMENT

Serious Riots With Food Shortage Imperil Military Situation—Great Scarcity of Wheat, Coal and Wool.

Turin, Oct. 17.—The Italian parliament has reopened its sessions at Rome under peculiar circumstances, two facts being so prominent as to make even the military situation serious.

Owing to their nature they will probably be discussed only in secret sessions. One has to do with serious riots which occurred in Turin the latter part of August, due in part to the lack of providing sufficient bread, and to the internal political discontent.

The other concerns the general crisis throughout Italy which led to the resignation of the food controller, Giuseppe Canepa, whose place has been taken by General Aldini.

The Turin riots lasted several days and the authorities were obliged to use machine guns, while some barricades were destroyed by bombs thrown from airplanes, this being the first time airplanes have been used for such a

EXTRA ENERGY IS NEEDED TO ACHIEVE GOAL

British Red Cross Campaign to Be Carried Into All Houses and Stores.

ENLARGED ONE DAY

New President of Privy Council Speaks at Luncheon of Teams.

The total collections for the British Red Cross as announced last night at the conclusion of the second day of the campaign amount to \$222,000. T. A. Stevenson, secretary Toronto District Labor Council, states that the labor council is donating the sum of \$25 as an endorsement of this worthy cause, and he is sure the labor men and women of the city will contribute generously if the lists are presented in the different factories and workshops. He further stated that the workers realize the great work being done by the British Red Cross and are anxious at all times to be associated with the different patriotic appeals.

Confidence in the people of Toronto is the one great plank upon which the executive of the British Red Cross campaign is now clinging. The objective for which the campaigners set out. That the second day's results were not what was hoped for is true, do not encourage the public. Collections yesterday on the whole were

EMPLOYERS MUST SEE ACT IS OBEYED

New Proclamation Will Compel Them to Have Eligibles Enrolled.

TO CHECK DESERTIONS

No Person May Retain in Service Those Avoiding Conscription.

Ottawa, Oct. 17.—The duties of employers under the Military Service Act are laid down in regulations which will be issued shortly. After the issue of any proclamation, the regulations laid down, say it is the duty of every employer to make inquiries which, if any, of his employees are among the men called out by the proclamation. After the time limit for reporting for service or claiming exemption has expired (in the present case, November 10), every employer must ascertain whether any of his men have failed to report or to claim exemption. The employer is required to answer any questions put to him by his employer for this purpose. The employer must then report which, if any, of his men have failed to comply with the call. An employer who refuses or neglects to comply with the regulation is liable to a fine of not more than \$100 and not less than \$50 for each employee, or to imprisonment to a term not exceeding three months or to both fine and imprisonment.

An employer who knowingly retains in his service a deserter or a man absent without leave is liable to imprisonment for not more than six months or a fine of not less than \$100 and not more than \$500.

In regard to local tribunals the regulations lay down that each question shall be decided by an unanimous vote. If the two members of the tribunal cannot agree they have to state a case in writing for submission to an appeal tribunal. If they cannot agree in stating a case each member of the tribunal will state a case from his own point of view and forward it to the provincial registrar.

"An' the Gobble-uns'll git you Ef you Don't Watch Out!"

Boxes, Aprons, Caps and Seals for the Evening Frolics

Seals, pumpkin heads, witches,
owls, cats, witch on goose, 10c for pack-
age of 25 or 50.

Boxes for candy, dancing pump-
kins, 2 for 15c; witches' hats with dancing
imps, 15c; pumpkins, 2 for 25c.

"Surprise walnuts" for games, wal-
nut shells, containing toy and verse, 1
dozen for 35c.

Grotesque neckties, with pumpkins,
witch or cat, 10c.

Hats in yellow, black or white, each, 10c.

Flyers, for entwining the guests, in orange
paper, are 2 for 5c.

—Stationery Department, Main Floor, Albert St.

Books to Assist in the En- tertainment of Your Guests

"Bogie Book"—published by Dennison's,
containing suggestions regarding games, re-
freshments and decorations, including many
splendid illustrations, may be had for 5c.

"Games for Hallowe'en," by Mary E.
Blain, which contains a host of jolly games
which will provoke much mirth—25c.

—Book Department, Main Floor, Centre.

Gay Balloons and Noise- producing Toys Which Add to the Fun

Horns, 10c.

Crickets, of wood, 5c and 10c.

Rattlers, in rolling pin shape, 5c.

Whistles, 5c and 10c.

Harmless Sparklers, one dozen for 5c.

Balloons, in bright reds, blues, orange, etc., 5c.

Small Balloons with whistle, 5c.

Toy Brooms, 15c and 25c.

—Toy Department, Fifth Floor.

Apples and Nuts

BOBBER FOR AP-
PLES or biting one
suspended on a string
are games ever present at the
Hallowe'en festivity. So here
are rosy red apples of the Mc-
Intosh variety at 65c per basket,
or \$2.75 box.

Mixed nuts, almonds, wal-
nuts, filberts and Brazils, are
22c pound.

—Fifth Floor.

Candles—For Decorating Purposes and Merrymaking

THE FLICKER OF A CANDLE
decides many things on the auspicious
night of Hallowe'en; di-
rected, doubtless, by the supernatural
influence of the spirits everywhere. So,
if you are having a party, they will be
required for many things; the telling of
fortunes, the weird lighting of dusky
passages, as well as for the decoration
of table or cake.

Cake Candles, yellow, white, red, green or
pink, are 10c dozen, or 40c box of four dozen.

Rose holders for these are 15c dozen.

Assorted shades of small candles, 15c per
dozen.

—Drug Department, Main Floor, James St.

Have You Tried the New Self-Serve Cafeteria on the Fifth Floor?

Perhaps you have some shopping to do
at noon hour and want your lunch in a
hurry. Perhaps you are on a shopping
trip and feel hungry enough for a little
more than the usual afternoon tea. Here
is where the Cafeteria will be found most
convenient. One quickly sees that every-
thing provided is for a purpose. Here a
great pile of brightly polished trays are
disappearing one by one as the hungry
ones pass along a broad aisle to where the
meats, vegetables, fruits, pastries, etc., are
daintily displayed. Each one chooses
what he or she fancies and then carries it
on the tray to one of the many newly fitted
out tables. There is no waiting—you have
your rolls and coffee or full course meal
right with you. It's a quick, convenient
method, and the food is both wholesome
and reasonable in price. —Fifth Floor

Fantastic Favors and Weird Decorations for Hallowe'en

*Gruesome Witches and Hobgoblins, Frolicsome and
Frightened Felines, Smiling Pumpkins and
Blinking Owls, All Share in the
Gayety of Hallowe'en*

WHEN THE SPIRIT OF HALLOWE'EN is upon us, shrouded in mystery,
ghosts treading hither and thither in death-like silence, and the universe is
filled with grim symbols, it is a time for humans to delve into the mysteries of
the Future. Juveniles and their adult kin are prone to enter into a time of revelry
which brings joy and laughter to all.

On every Hallowe'en when "gobble-uns" are all about us, seeking whom they
may "git," it behooves mortals to be prepared. Fearsome and grotesque are the ogres
which fill the universe, unseen except by those who believe in them, but working fright-
ful havoc upon those who believe not. Beware, therefore, lest you provoke their wrath!

To assist in the decorating and gayety of the Hallowe'en party are many fascinat-
ating affairs in the Stationery Department.

To Invite Your Guests:

Pumpkin folders, witches at opening
gates, flying witches—suitably worded in-
vitations in three forms, are 5c each, with
envelopes. Others suggesting the fun be-
hind its closed door are 3 for 10c.

To Decorate Your Rooms:

Pumpkins, owls, cats, witches and bats
in cut-outs—6 inches in length, are 3 for
5c. Larger size, 3 for 10c.

Witches and cats in cut-outs are 10c
dozen. Smaller size are 18 for 10c.

Jack-o'-lanterns, of cardboard, with
Hallowe'en verse, 15c each.

Fascinating crepe paper in
various fantastic designs, in 20"
width, 10-foot rolls, 25c and 30c.

Streamers to flutter from ceiling
or wall, 2½" width, 60-foot
lengths, for 10c, in plain black or
orange; 11-2"
width, 75 feet for
10c.

Paper garlands in orange and black,
15 feet long, 2 for 25c. With cut-outs of
pumpkins and witches they are 25c.

Crepe paper in orange or black, 20"
wide, 15c.

The Jolliest Favors and Table Decorations.

Place cards, pumpkins or witches and
moon, 6 for 10c.

Table covers, pictured
with scarecrows and
burning candles. 30c
each.

Serviettes to match
are 7c dozen.

Doylies to match, 2
dozen for 10c.

Plates, 40c dozen.

Almond baskets, in
tub or square shape,
decorated with cats and
pumpkins, 3 for 10c. Larger size, 5c each.

Candle shades, round or square, with
weird decorations, 5c each and 2 for 15c.

Cake sticks, pumpkins with cats, of
cardboard, with pointed end to insert in
cakes, are 10c a dozen.

Surprising favors, containing hat, toy
and verse, in pretty designs, are 20c.

Frolicsome Games for Hallowe'en

WHEN YOU HAVE BOBBED FOR
APPLES until your head sways, when
you have delved into Future's mysteries
until all things are known to you, then you might
try your luck at these games, which demand great
precision of movement—they may be enjoyed by
any number of people.

"DONKEY PARTY" (in which you pin on one of
his many tails)—15c.

"BASEBALL" and "ARCHERY" (governed by
the same principal as "Donkey Party")—10c each.

"QUADDY CHUCK" Bean Bag (6 bags)—\$1.50.

—Toy Department, Fifth Floor.

Candy Novelties and the Essential Hallowe'en Taffy

NEVER WOULD THE OCCA-
SION be complete did it not in-
clude the favorite taffy, candy
pumpkins and marshmallows. They are
justly significant of the night. The
Candy Department boasts a delightful
array of fantastic novelties, as well as
delectable taffies and creams.

Candy pumpkins, cream and coco-
nut centres, are 5c and 10c each.

Marshmallow pumpkins, 9 in box,
20c; owls, 8 in box, for 20c.

Comic figures, which are really
candy boxes in disguise—witches, cats,
bats, pumpkins—are 5c and 10c each,
and 2 for 25c.

Baskets, dainty little affairs, for
candy or nuts—2 for 15c.

Marshmallows for toasting are 30c
pound. Toasted, 30c.

Taffies

Assorted nut taffy, 30c, 40c and 60c pound.

Butterscotch, 30c pound.

Boxes of peanut taffy, containing one-half
pound, are 15c.

Peanut bars, 30c pound.

Crackers

The gayest of table decorations are these
crackers, decorated with grotesque figures of
many kinds, in boxes of one dozen, with quite
different designs. They are 50c, 60c, \$1.00 and
\$1.25.

—Main Floor, Centre.

False Faces of All Shades and Nationalities

SIS HOPKINS, UNCLE JOSH,
UNCLE TOM, Indian Prin-
cess, Eastern Peasants, Afri-
cans, Babies, Old Ladies, and Old Men,
all hobnob in delightful familiarity in
the array of false faces which we have
been most fortunate to receive. They
represent all colors and many creeds
other than those mentioned. There is
a smile of the Emerald Isle, for in-
stance, worn by a policeman with red
hair, the witch with her straight raven
locks, as well as many less typical faces
to suit various complexions, some hav-
ing brown, blonde, or auburn hair, and
being possessed of jaunty hats, others
minus hair and hat. Prices are 3c, 5c,
10c up to \$1.75.

Masks of white, red, blue or green
are each, 10c. —Fifth Floor.

The Overseas Depot

AT the top of the Albert Street stair-
way, on the Second Floor, you will
find a most interesting array of all
sorts of nice things to eat, warm things to
wear, and those small necessities and ap-
pliances so very welcome in camp or
trenches.

Give your order and the Overseas Depot
will see that it is carefully packed and pro-
perly dispatched.

A Foreword Regarding Christmas Cards and Stickers

It is interesting to note that a pleas-
ing array of Christmas seals and cards
has already arrived. Of particular delight
will this news be to those engaged in
the work of sending overseas packages.
See them in the Stationery Section.

—Main Floor, Albert St.

THE T. EATON CO. LIMITED

PROMISES SUPPORT TO PREMIER BORDEN

W. J. Paul, M.P., Lennox and Addington, States His Position.

SUPPORTS THE DRAFT

He Will Give Any Necessary Support to Winning the War.

The World has received the following letter from W. J. Paul, M.P., Lennox and Addington:

As no doubt some of the readers of your paper, as well as some electors in Lennox and Addington, the constituency which I have had the honor to represent in parliament since 1911, might ask the question, "What was my opinion with regards to the war policy and union government?" I think I could best answer the question by asking you to insert in your paper a copy of a letter, dated Ottawa, July 28, 1917, to Sir Robert Borden, the premier, which reads as follows: "My Dear Sir Robert Borden:

"As no doubt you are somewhat anxious to know the views of your followers on some of the important questions now before parliament, I wish to state to you my individual opinion on some of these questions.

"First, I think the military service bill is the only fair end just proposition that can be brought before the people at the present time, as the old Militia Act could not be fair to all, and the terms of the military service selective bill would select the number required without interfering with the farming community or the trade and commerce of the country, and as it is our duty to give assistance to our gallant boys now in the trenches and to uphold the good name of our fair Dominion in this desperate struggle to the end that a lasting and credible peace may be brought about as speedily as possible.

"Again I am sorry that Sir Wilfrid and his followers could not see eye to eye with you and form a coalition government which you offered and which no doubt would have had the effect of avoiding an election and be most effective in respect to Canada's assistance to the allies in the war, but when your proposition was refused, I think now if it were possible for you to form a union government that it would comply with the wishes of the people in general throughout the Dominion.

"With regards to an election, as the opposition have refused to grant an extension of the life of parliament, there is nothing left, in my opinion, for you to do but to dissolve parliament and go to the country, but they must take the responsibility of forcing on the election.

"If my opinion on those questions agree with your views, I feel I would be justified in going before the electors of Lennox and Addington, the riding I have the honor to represent at present, and ask their approval of your policy by giving me as one of your supporters their support, irrespective of politics, creed or nationality.

"Further, I wish to state to the electors that as I have already announced myself by my vote in the house upon those questions, I may say that if elected I am prepared to support any policy or measure that will assist the government in bringing about as speedily as possible an end to the terrible war.

MRS. (DR.) BARRICK DEAD.

Mother of Mrs. Newtonberry, Briar Hill Avenue, Dies in West.

The death is announced of Mrs. Katherine Newcombe Barrick, the wife of Dr. E. J. Barrick, and mother of Mrs. Ralph Newtonberry, of 166 Briar Hill Avenue, this city, who died at her home, Hillcrest Farm, Sask., after an extended illness, at the age of 52. Both Dr. and Mrs. Barrick were well known in Toronto. Mrs. Barrick lived in the city for 45 years before moving to the west.

GRAND TRUNK CONDUCTOR DEAD.

William Rundle, a conductor on the Grand Trunk, died at his home, 50 Beverley street, on Monday. Mr. Rundle was born in England in 1842, but came to Canada when a child. He had lived in Toronto for nearly 30 years, and was connected with the G.T. for 42 years. A wife and three daughters survive him.

SUGAR MUST NOT BE SENT

Parcels Containing This Will Not Be Accepted at Postoffice for Delivery Abroad.

In an English paper a report is printed of a case where several parcels in England were summoned for being concerned with some sugar that was sent them from abroad, and in one case it was seized wholly passing through the post. As several people in Toronto have also sent small parcels of sugar to their friends it has opened a possibility of sending the friends in trouble. Enquiry at the postoffice, however, shows that no exception has been taken to a small quantity being sent in the past, but according to advice from the postmaster-general's department two days ago no parcels will be accepted for despatch to private parties unless a license has been issued for the same by the British Government, which means that any sugar sent without this will be confiscated. The idea, it is stated, is to prevent any commercial transaction as from any dealer to another or a customer.

MOTOR THIEF SENTENCED.

He Did Not Cash Cheque Received for Car.

Two years in Kingston Penitentiary was the sentence imposed by Magistrate Dawson yesterday morning in police court on Martin Stokes. Stokes was found guilty of stealing a motor car from Duncan McCaul. The car was valued at \$1450 and when recovered by the owner it was damaged to the extent of \$400. It had been driven 4500 miles and no great strain on the speedometer that it broke. Stokes sold the car later to a doctor for \$450. He was given a cheque for the amount, but the cheque was never cashed. In attempting to shield himself Stokes testified in the witness stand that he had purchased the stolen car for \$790 from a youth named Charles Lusty, who is standing trial in the criminal sessions for theft of motor cars and robbery. Lusty swore that he had never seen him before in his life. The heavy sentence was then passed upon Stokes.

AMERICANS LIABLE.

The Not at the Present Time Being Drafted.

According to an announcement recently made by Chester W. Martin, American consul, American subjects now resident in Canada are not at the present time subject to "drafting" by either the Canadian or American authorities. Those Americans, however, who have registered with the American consul in the city have made themselves liable to the draft, and will be considered as deserters should they fail to report. This holds good equally for the American in Canada as for the American who enlists with the Canadian forces. Both must report for service with the American army.

TORONTO BOY HONORED.

Walter S. Dickie Appointed to Responsible Post in United States.

An old Toronto boy, Walter S. Dickie, now of Kansas City, has been honored by President Wilson with an important appointment in the war preparation work of the United States. Mr. Dickie has been called to Washington to take the chairmanship of the inland waterway transportation committee. During the past day of two Mr. Dickie has been in Toronto visiting Walter J. Barr and other friends. About 25 years ago he left Toronto and previous to his new appointment was the head of one of the largest clay products firms in Kansas City, employing over 15,000 hands.

NO PARCELS FOR PRISONERS.

War Office Cannot Permit Christmas Cheer to Be Sent.

Ex-Ald. Plewman, president of the Toronto Prisoners of War Association, has received a letter from Sir Robert Borden in which it is stated that he regrets to say that parcels from Sir George Perley in London states that the war office is unable to grant the permission asked by the relatives of Canadian prisoners of war in Germany to send them parcels at Christmas. This will come as a great disappointment, as last Christmas parcels were sent from home, although the sending of these parcels was forbidden. It had been hoped that it would again be permitted.

TEACHERS' CONVENTIONS.

The teachers' conventions will be held in this city on Thursday and Friday of next week. Instead of one large convention each inspectorate in Toronto will have one, making seven in all.

GARBAGE MEN NOT FULLY SATISFIED

Complain of Unequal Distribution of Overtime While Garbage Accumulates.

RESIDENTS KICK

Some Sections Have Not Seen Collector During Last Fifteen Days.

That the residents of certain sections of the city are not satisfied with the speed of the street-cleaning department in its work of taking away their accumulated garbage, and that the men themselves complain they are not working overtime, is the latest phase of the trouble over the city's garbage. There are some sections of the city, notably that of Scarborough Beach, which have not received a visit from the garbage collector for at least fifteen days. Commissioner Wilson was asked yesterday if he had any information to give out in regard to the matter. He said, the wagons would very likely be at work in that section Wednesday afternoon and Thursday. Regarding the trouble with the men Mr. Wilson stated that he had nothing to give out.

A reporter for The World was told yesterday by the men's committee of the street cleaners that last Saturday afternoon some 200 or 300 carters of the western and northern districts of the city worked until 5 o'clock. On the other hand, were not asked to do so. Yesterday afternoon, which was a part of the ordinary working week, the several hundred men of the northern and western sections were laid off and those of the eastern continued as usual.

Complain of System.

W. D. Kennedy, one of the men's leaders, told the reporter that this was not a fair system of overtime, seeing that the men lost Wednesday afternoon, which is one of the ordinary afternoons of the working week. "Speaking for the committee, I must say we feel the authorities are not acting up to the agreement which was responsible for the termination of the strike," continued Mr. Kennedy. "And we believe, too, that in depriving our men of the privilege of working overtime the responsible authorities are not giving the ratepayers a fair deal, thus giving reason for the many complaints alleged to have been sent in to the street-cleaning department's offices. Until the extra hours are granted by the authorities the extra garbage naturally cannot be collected."

Should Get Extra Time.

Mayor Church told The World last evening that it was his firm opinion that the extra hours should be granted to the men, if for no other reason than this, that a large amount of accumulated refuse is still being about and needs immediate attention. The board of control dealt with the matter at yesterday's meeting, and during the discussion it was stated that the men were to be allowed overtime, subject to the discretion of the commissioner. Mayor Church pointed out that as matters stood the city authorities were not living up to their agreement with the strikers, and the commissioner then reported that he had just left the arbitrators, and that an agreement had been reached allowing the men to forfeit their day off holiday (Wednesday) and go to work if they wished to do so.

Board Meets Today.

The board of control dealing with the grievances of the men, and comprising Messrs. D. A. Carey (presiding), Walter Brown and John G. Kent holds its first meeting today at the city hall behind closed doors, its chief business being the reception of reports from the men's representatives. One of the questions to be considered by the board is the present much-discussed problem of time and a half pay and extra time for the men.

OSTEOPATH APPEALS ASSESSMENT.

Asks for Reduction But Court Does Not Allow Claim.

Claiming that under the act osteopathy was not recognized as a profession, Howard Shaver appeared on behalf of R. B. Henderson, osteopath, for a reduction in his assessment from 60 per cent. to 25 per cent. The assessing department pointed out that Mr. Henderson was liable for the assessment of \$2501 which the court confirmed.

MAJOR BONNYCASTLE DEAD.

Major R. H. Bonycastle, of Campground, a 1905 graduate of University of Toronto in medicine, is reported dead. He served with the R.A.M.C. as a lieutenant, and was transferred to the C.A.M.C. in which he received his present rank. He had been serving in Canada for a year prior to his death.

NEWSIE ASSAULTS CHINAMAN.

On a charge of assaulting Lum Young at the corner of Queen and Yonge streets, Sam Ofstein, a newsboy, was found guilty by Judge Winchester in the sessions yesterday and fined \$20 and costs. The money was paid.

JOHN MORRISON DEAD.

John Morrison, general manager of the Standard Silver Company, died on Tuesday at his home, 903 Bathurst street. He was born in Walkerton and has resided in Toronto for over thirty years. His wife and one son, Frank Morrison, R.C.D., Stanley Barracks, survive him.

LIEUT. BOYD WOUNDED.

Lieut. W. J. Boyd of Smith's Falls enlisted here with the infantry, but later received his commission in the artillery with whom he went overseas. He is a 1916 graduate of the University of Toronto in forestry. He has recently been reported wounded.

SHOOTING OF PHEASANTS.

Shooting of English pheasants in Wellington and Lincoln Counties will be allowed on October 25, according to a statement given out at the parliament buildings yesterday.

"On Your Front Steps"

If a man fell wounded on your front doorstep—? If he was in mortal agony from a wound obtained in your defence—? Would you hesitate to spend in your defence—? Would you hesitate to spend a quarter . . . a dollar! Ten dollars! . . . at the drug store for drugs and bandages to ease his agony? . . . If it was on your front doorstep . . . ? Well, then—would you be any less generous simply because he falls where you can't SEE him? In France? In a strange land? In your defence? Of course not. Just think of a wounded man

COMMISSIONER WARNS AGAINST EXPENDITURE

Sale of Municipal Debentures is Impossible and May Continue So Some Time After War.

A warning against works involving capital expenditures was against issued yesterday morning by Finance Commissioner Bradshaw in a letter to the board of control. The letter read as follows: "There was a definite understanding reached that at least during the course of the war, new undertakings involving capital expenditures should not be proceeded with, unless the same were shown to be absolutely necessary. Apart, however, from this understanding, I wish now to definitely point out to you that it is absolutely impossible for this municipality, or for any other Canadian municipality, to raise money by the sale of debentures, to any important amount, at the present time, and my view is that this condition will continue at least during the course of the war. It may also continue for some time thereafter. The city has not been able to effect a sale of any of its debentures for almost a year."

SUIT FOR ENGRAVING ACCOUNT.

Before Judge Denton the David Smith Engraving Company is suing the Blackhall Company to recover the sum of \$119 in connection with a contract for embossing and engraving. There is a counter-claim of \$97.

SHOOTING OF PHEASANTS.

Shooting of English pheasants in Wellington and Lincoln Counties will be allowed on October 25, according to a statement given out at the parliament buildings yesterday.

THREE VAUGHAN ROAD BANDITS FOUND GUILTY

Chas. Lusty, George Allan and Lloyd Groh Will Be Sentenced This Morning.

Chas. Lusty, George Allan and Lloyd Groh, the three Vaughan road bandits who broke into the drug store of W. L. McMillan, on Vaughan road, on the night of September 16, and held him up with a revolver and robbed him of \$50, appeared in the sessions yesterday before Judge Winchester. There was a formidable array of evidence and the various charges preferred included entering and robbing at McMillan's store, stealing motor cars, the property of J. Birkenshaw and E. H. Gibson, obtaining \$10 by false pretenses from Elia Stoyloff and \$115 from W. K. Colville and Co., entering the premises of Ross Cummings, 215, Greenwood avenue and stealing jewelry and \$90 in money, entering the premises of A. Armstrong, 353 Clinton street and stealing jewelry, a cheque and money amounting to \$45, and obtaining a certain sum of money by false pretenses from M. Schwartz. Each were represented by counsel, Fletcher Kerr appeared for Lusty, F. O'Connor for George Allan and H. R. Frost for Lloyd Groh. Groh was found guilty of the one charge of robbery from McMillan's store. Allan was found guilty on four charges: robbery from McMillan's store, Cummings of 215 Greenwood avenue, Armstrong of 353 Clinton street and a motor car the property of J. Birkenshaw, while Lusty was found guilty on six charges. They were all remanded for sentence until this morning. During their hearing T. O'Connor appearing for Allan, was summoned from the court as his son had met with an accident.

WILL CHOOSE LEADER FOR LIBERALS TODAY

Important Announcement Expected Following Meeting Today at Ontario Reform Association Offices.

It was stated in Toronto yesterday by a prominent Liberal worker that H. H. Dewar, K.C., M.L.A., is the most likely person to be chosen to succeed Hon. N. W. Rowell, K.C., former leader of the opposition in Ontario. He mentioned two other names—that of C. M. Bowman, chief Liberal whip in the Ontario Legislature, and William Proudfoot, M.L.A.—and added that J. E. Atkinson had been mentioned in this connection. However, there is to be a meeting of the Liberal members, and the candidates nominated for the next provincial election, at the headquarters of the Ontario Reform Association, Toronto street, today, and it may be that Hon. Mr. Rowell will name his successor.

MOTORIST HEAVILY FINED.

Russell Hibbard Found Guilty of Criminal Negligence With Car.

Russell Hibbard, who was found guilty of criminal negligence by Judge Winchester yesterday morning in the sessions court, was fined \$100 and costs by his honor on three months in the Ontario Reformatory. The money was paid. Hibbard, while driving his motor car on June 17 at the corner of Queen and Claremont streets, knocked down Mattilda Raute while passing a standing street car and failed to return to see what damage he had done. Of the money \$20 goes to the woman. His honor, in sentencing him, told him that he had acted very foolishly and that he should have pleaded guilty in the first instance.

STORMS INTERFERING WITH FISH SHIPMENTS

Fishermen Handicapped and as Result Toronto Does Not Get Expected Supply From North.

Storms have seriously interfered with fish shipments to Toronto during the past few days, with the result that there is not the quantity available that was anticipated. For two or three days the fishermen on Georgian Bay have not been able to lift their nets, according to advices received by S. L. Squire of the fisheries department, parliament buildings, and this condition also prevails at other points. These conditions, of course, are beyond human control, bad weather being the fishermen's greatest enemy, and often it means not only the loss of the catch, but also the nets. Just as soon as comparative calm is restored, the shipments of fish will be forthcoming. Yesterday morning a sample consignment of Lake Nipissing fish reached Toronto. The quantity was small, but indicated that good whitefish and pickerel may be brought successfully.

PTE. EARWICKER KILLED.

Pte. Alfred S. Earwicker, whose home was 605 Brock avenue, is reported killed in action. His wife died previous to his enlistment. His three small children are with friends in England.

MOTHER'S EYESIGHT FAILING.

Mrs. G. A. Simpson of 579 Indian home, has three sons at the front. One of the boys, Clifford, is reported ill in France. An effort is being made to get the boys furled home, as the mother's eyesight is failing and she wants to see her sons.

LIST OF SOLDIERS REPORTED AT QUEBEC

Following Returned Men Are Expected to Arrive in Toronto in a Few Days.

The following returned soldiers are now in Quebec, and are expected to arrive in Toronto a few days hence: Toronto: A. Chappie, General Delivery; A. R. Cornwell, 100 Howard Park avenue; H. W. Farrow, 491 Erie Terrace; E. Fleet, 103 Robinson street; F. Flint, 9 Fernwood Park avenue; W. H. Holden, 93 Peter street; H. Houlston, 74 Scollard street; L. B. Lawlor, 720 East Queen street; E. McKay, General Delivery; F. Nash, 173 Symington avenue; G. S. Paul, 60 Lindsay avenue; A. Poyntz, 452 Bathurst street; John Smith, 612 Kenwood avenue; W. Williams, 54 Pleasant boulevard; W. J. Willis, 25 Spratt avenue; J. A. Wood, 1897 Dundas street.

PASTOR SECURES COAL

Rev. Peter Bryce is Able to Have Five Tons a Day Delivered for Short Time.

Rev. Peter Bryce, pastor of Central Methodist Church, Ascot avenue, has been offered delivery of five tons of coal a day at the following prices: Stove 98 and nut 88 a ton, by a local coal merchant, for a short time, in order to relieve the situation in Earls Court.

REPRESENT CITIZENS.

Deputation to Ottawa Has No Connection With Imperial Association.

President Geo. R. Ellis of the citizens' committee of Earls Court wishes to correct a statement which appeared in an evening paper yesterday regarding the deputation appointed by the board of control to proceed to Ottawa regarding the coal situation.

MAY HOLD MASS MEETING

West Toronto Branch Greater Toronto Labor Party Want to Get Candidates Before the Public.

At an executive meeting of the West Toronto branch of the Greater Toronto Labor party, held last night in St. James' Hall, the pronounced topic of discussion was a proposal to hold a mass meeting in this western suburb to place the labor candidates who intend running at the expected federal election, before the public.

MOONEY-McARTHUR.

A quiet home wedding was solemnized at Orillia yesterday afternoon when Laura McArthur, daughter of Mr. and Mrs. John McArthur, was married to Dr. C. N. Mooney, of West Toronto. Rev. A. Bedford, of Brudenridge, officiated. The bride, who wore a gown of white silk, and who was attended by her sister, Miss Louise, was given away by her father, Miss Mary Ellis, the groom's niece, was parlor girl. Dr. A. Mooney, brother of the groom, was best man.

MAYOR WILL ATTEND.

Mayor T. L. Church will be present at the grand opening concert of the Earls Court branch G. W. V. in their new club-rooms, Belmont Assembly Hall, West St. Clair avenue, on Friday evening.

ORANGE LODGE MEETS.

The regular monthly meeting of No. 809, I. O. L. of St. James' hall, was held last night, witnessed the initiation of two new members.

TROOPS MUST SAVE PAPER.

London, Oct. 17.—Economy in camps is still being preached to the Canadian troops here. It seems the authorities have discovered that paper may be saved by writing on both sides. Henceforth all stencilled orders or circulars which cover more than one page will appear "backed."

RENFREW'S CONTRIBUTION.

Renfrew, with a population of 4200, has contributed \$6,500 to the British Red Cross. This is the largest amount yet received from Renfrew, although its giving has always been on a generous scale.

YORK COUNTY AND SUBURBS

VILLAGE FIGHTING BETWEEN TREKKERS

Two Columns, on Way From Camp Borden, Fight at Thornhill.

WINDOWS BROKEN

Artillery Duel in Streets Proves Novelty to Residents Along Route.

Thornhill, Oct. 17.—Village fighting was the novelty which marked today's encounter between two of the columns marching on Toronto and the troops detailed to attack them. The rear-guard of Major Young's column which left Aurora at 8.05 a.m., was attacked in Richmond Hill about 11 a.m. by the Canadian Officers' Training Corps and the Royal Canadian Dragoons, a sharp action occurring right in the village. The rear-guard was reinforced and drove the attackers back on both sides of a church.

The attackers had counted on the column being halted for lunch at this point, expecting to rush them when they had their arms piled. The column, however, went right thru. They reached here at 1.15 p.m. Enemy on Both Flanks. Major Begg's column which left here at 9 a.m., sighted infantry on its right flank and infantry and dragoons on its left flank near Willowdale, but no attempt was made by those to attack them. The scouts on the left flank captured a lieutenant and a quartermaster-sergeant of artillery and the 67th Battery captured a trooper.

The enemy artillery, being unprotected by infantry, was caught by the column and driven out of a wood east of Yonge street. The column halted for lunch at 1.45 p.m. and arrived at North Toronto about 2.15 p.m. where they entrained for Hamilton at 3.30 p.m. The inhabitants of Thornhill had the excitement of an artillery duel, the 70th and 71st Batteries firing on each other at a range of not more than 25 yards, in the village street. About 20 window panes were shattered by the concussion. The 71st pursued the others out of the village. This camp, which is the best along the route, is commanded by Lieut. A. G. Ghent.

FIFTH COLUMN WINS.

Aurora, Oct. 17.—The fifth column consisting of A. S. C. Training Depot and detachments of the P. P. C. L. I. and the A. M. C. under command of Lieut. G. B. Coyne, of the A. S. C., which left Bradford at six o'clock this morning was delayed over an hour by the Divisional Cyclists under Lieut. Potts, after passing the Rolling Ledges, but they succeeded in reaching the village. The strikers were all put out of action and one was taken prisoner. Two A. S. C. men were captured. Aurora was reached at 3.15 p.m. The column marching in with the A. S. C. trumpet band playing.

The Aurora Dramatic Club gave a play for the men tonight. The cyclists left by radial car tonight for York Mills to join the attacking force.

MISS LANG JOINS STAFF.

Miss Jean Lang, B.A., graduate of the University of Toronto, has recently been attached to the staff of North Toronto Collegiate Institute, as woman's editor. She will be in charge of the "Edwards" Blake scholarship in classics and moderns and specialized in Latin.

Pains Over Left Kidney

Warned This Captain That the Kidneys Were Responsible for His Pain and Aches—Freed of Pain and Suffering by a Well-Known Medicine.

Hereford, Que., Oct. 17.—Captain Peabody is well-known all through this section and his cure by the use of Dr. Chase's Kidney-Liver Pills has aroused great interest in this great medicine.

"For years I suffered from indigestion, rheumatism and neuralgia. Lightning-like pains would run all through my body, and I also had severe pains over my left kidney and through the hips. I doctored for years and tried all kinds of remedies, but the only result was money spent without relief. At last I read in Dr. Chase's Almanac of his Kidney-Liver Pills and decided to try them. One box made such a change that I sent for five more. Before I had finished them the pains in my kidneys and hips had disappeared, and I was clear of those sharp, shooting pains through the body. I still take these pills occasionally as a regular habit, and would not be without them if I have them to thank for my cure."

"I can also speak highly of Dr. Chase's Catarrh Powder and Linseed and Turpentine. The former cured me of catarrh in the head, which caused frequent headaches. I am completely cured of this now, and breathe freely as when a boy. The Linseed and Turpentine proved of great benefit for I had cough which had lasted me for three winters. Last winter I took one bottle of the Linseed and Turpentine and have not been bothered with a cough since."

De Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto. Don't be talked into accepting anything else to be just as good. Imitations and substitutes only disappoint.

PRIZE WINNERS IN CHURCH EXHIBITION

Awards Made at Earls Court Central Methodist Church Production Exhibit.

VOTED A SUCCESS

Two-Day Display of Amateur Home-Grown Produce Was Decided Success.

In connection with the production exhibit held during the last two days in Earls Court Central Methodist Church, Ascot avenue, the following were the prize-winners in the various sections: Girls—Basket, first, Mrs. Nash; second, Mrs. Fisher; third, Mrs. S. LOST

Lost on the road somewhere between Peterboro. and Toronto on Tuesday a tire and wire wheel. Notify Ben Kirk, Harris Abattoir, Toronto.

RECEPTION TO ASSISTANT.

St. Clement's Anglican Church, North Toronto, tendered a great reception on Tuesday night to the new assistant, Rev. Chas. Carpenter, who will help the Rev. A. J. Fidler with the ever-growing congregation. An interesting musical program was given by many local artists. The women of the church furnished refreshments for the large number present.

WOMEN'S AUXILIARY MEETS.

The women's auxiliary in connection with St. Clement's Anglican Church, North Toronto, met yesterday, when many important matters in connection with women's work were discussed. Many new members were received.

SOLDIERS STOP FOR DINNER.

Major Pote's Division Take Wayside Meal at North Toronto.

Two sections of soldiers, consisting of 500 men on their way from Camp Borden to Toronto, arrived in North Toronto at noon yesterday and halted in a field close to Yonge street for dinner and a rest. Major Pote, who was in command of the division, everything but their rifles and ammunition packed on the transport, while they acted as scouts in advance of the column. In this way a very successful shamb battle was won, and the division came thru with its eight guns and 500 men intact.

THURSDAY MORNING, OCT. 18.

Electric Power.

Sir Adam Beck has once more given expression to the pressing needs of Ontario for electric power. In addressing the executive of the Ontario Municipal Electric Association he made it clear that the power which is being sent to the United States was enormous in excess of the amount authorized by treaty.

For four years past the Ontario Hydro-Electric Commission has been giving notice to all concerned among the authorities of the growing demand for power, so that when required it could be switched off the United States contracts and applied to Canadian industry.

The government has apparently been more interested in private parties than in the people, and nothing has been done to improve the situation.

In fact the situation is repeated that Ontario required every ounce of energy derivable from her water powers the important power at High Falls, midway between Ottawa and Peterboro, was recently transferred to Mr. M. J. O'Brien, of Renfrew.

There has never been any certainty that either political party was favorable to the public ownership of electric power. The problem is as obscure as ever. If both parties do think more of the people than of the corporations, now is the time when they can agree, along with other things, to establish the principle that not another horsepower of electric energy shall be alienated from the people of Canada, and that what has been taken away shall be restored as speedily as possible.

Ontario is short 100,000 horsepower. It will be a long time before the Chippewa development is ready. The power going across the border should be recalled at once; and if the corporations decline to supply the power in Canada that they have been notified is necessary, then the plants should be taken over for the benefit of the people as a war measure, act.

Coal Before Cold.

There is much mystery still about the coal situation. We are assured in the morning that all is well, and that if we wait till the first blizzard comes we shall have coal and to spare. In the afternoon we are assured with apparently equal reliability that there is no coal to be had anywhere.

The average citizen who is begging and beseeching his coal dealer for delivery of the coal he paid for last summer, and the less fortunate citizen who has to buy winter, and get it when he can, are aware whether there is plenty of coal in the city. A short time ago we were told there was 49 per cent. of the city supply right here. Last week it had risen to 68 per cent. Yesterday there were assurances that 75 per cent. of the winter's supply was delivered.

There are thousands of households apparently without a ton, or even a bucketful. The mayor has taken a great deal of interest in the coal situation. It would be a fine thing if he could get the households tabulated that have no coal at all.

According to the statement there will be coal when navigation closes. That means that the cold weather must first come and close navigation and then coal may be looked for. But we are to have the cold before the coal, and there is no satisfaction in the prospect.

When is the Grand Trunk to be taken over and the coal service systematized and taken out of the conditions that made life a burden last winter? Coal has wrecked governments before now, and our coal problem is worth looking into.

Bringing the Banks Together.

President Wilson has addressed an earnest appeal to the state banks and trust companies to join the federal reserve system. In this way only, he says, can the banking reserves of the country be mobilized for the winning of the war.

The Federal Reserve Act of 1913 was only mandatory upon the national banks. The state banks were allowed to join the system or stay out of it. In some cities like Detroit the banks with state charters are bigger and more important than many of the national banks. Some of the trust companies, too, have capital and surplus far beyond that of many banks.

As the president points out, the Federal Reserve Act is the only constructive legislation ever enacted by congress which can be applied alike to banks chartered by the federal and banks chartered by the state authority. It embles the state banks and trust companies to come into the national system without los-

ing the powers granted them by the states. By joining the system they can safely reduce their gold reserves and reap the great benefit which comes from having access to government banks of issue and rediscount.

The Federal Reserve Act was a splendid success in peace; it is proving itself the bulwark of the nation in war. To some such systems we are coming in Canada, but in Canada we will have the advantage of being able to establish one central bank of issue and rediscount. Our chartered banks can take the place of the regional banks in the United States, and as fiscal agents of the government they will be able to afford facilities for rediscount to many local or unit banks that will spring up as soon as authorized in many parts of Canada, especially in the west.

Whether all bank charters should not be issued by the federal government is a question worthy of thought. In Canada we do not allow the provinces to charter banks. In the United States banks were chartered by the states even before the revolution, and the power to establish banks has been exercised by the states ever since. These state banks for years issued notes which passed as money, just as our chartered banks in Canada do at present.

It was the feeling about town yesterday that the Red Cross fund was not receiving the spontaneous support which it has had in other campaigns. This, if true, would be intelligible, but it is scarcely excusable. There is too much money being spent on things that are non-essential, not to say wasteful, on things that can easily and well be done without, on amusements, on costly luxuries, to justify any diminution in the contributions being made to the Red Cross. But for the men for whom the Red Cross has been organized, the men at the front, the men who have made it possible for three years past for those with a taste for luxuries and the soft things of life to indulge them—but for our soldier-boys there would be no such opportunity as the organizers of the fund have given us. They have protected us by their lives and their wounds. It is but a little thing for us to protect and care for them in such ways as are open to us.

Are You Wounded? The story is current that the Greater Toronto Council has demanded three seats in Toronto. If the union government refuses to comply with the demand, the council will run candidates in every Toronto district, and in at least two of the Yorks.

Many Ontario Liberal candidates are now making the rounds of the new conventions being called, and others are declaring themselves as union government supporters. Mr. W. M. German of Welland says he favors union government, and that he will support the candidate of the government, John H. McMartin, the Liberal nominee in the riding of Welland.

Other People's Opinions

Lawyers Lead.

Editor World: The following potent facts taken from an address delivered by George E. Ross, Ark., before the Bar Association of Texas at Houston on July 5, 1917, and published in the October number of "Case and Comment," give a brief outline of what lawyers are doing in the world today, and may prove of interest in view of your editorial in this morning's "World."

It is a great compliment to our noble profession that in the present crisis when the existence of freedom in the world is in peril, all those who are striving in the cause of liberty look to members of the bar for their salvation. England has been suspicious of lawyers, and rarely has a lawyer had a commanding place in the councils; but in this hour of her supreme trial it is so a little Welsh lawyer that she looks for safety. Mr. Asquith, too, who threw in Britain's lot with the allies, and who conducted her affairs so ably in the first two years of the war, is a lawyer. In France, M. Viviani, the prime minister at the beginning of the war; M. Briand, whose dauntless courage saved Verdun to France when the military authorities advised its abandonment in the face of the unexampled German onslaught; and M. Ribot, who is now guiding the destinies of the country, are all lawyers; and apparently it is the young lawyer, Kerevsky, minister of war and marine, who is to save Russia from anarchy, if she is to be saved at all. In Italy, their strong man, Sonnino, is a lawyer; and even tyrannical Germany has in Bethmann-Hollweg a lawyer for its chancellor.

Statesmanship or Politics.

Editor World: Thru the pages of your valuable paper you have been asking for other people's opinions. Those who read and do some thinking surely are not lacking for a topic. In fact, there are so many things engaging the public mind just now one scarcely knows what is most important. The range of the subject is so wide and so important, and if there is one thing more ridiculous than any other just now, it is politics in Canada. We are not lacking for parties, as some tell us. Suppose some one were successful thru the press in getting the public in general properly to conceive of a more democratic form of government than we now have in Canada. Would he be branded as a politician? The writer of this letter has hesitated to do so just for the above mentioned reason and no other. For there is a crying need just at this opportune time that the nation's thoughts be not only turned into proper channels, but guided aright. Public suspicion has been aroused, and rightly so, while profiteering and speculating in the very necessities of life are rampant in our midst. It will certainly take a lot of explaining by the present or past regime to satisfy the common people that it is right in high places. My idea is, on this subject, that if no politics is better during the war, it is also better in times of peace.

POLITICAL NEWS

Hartley H. Dewar, K. C., M. L. A., is to succeed Hon. N. W. Rowell as leader of the opposition in the Ontario Legislature. The actual choice will not be made until the Liberal members of the legislature assemble in the rooms of the Ontario Reform Association this afternoon, but the World is assured on high authority that the result is a foregone conclusion. Mr. Dewar is only a serious competitor, and it is understood that he will move to make Hartley's election unanimous.

Mr. Dewar was elected to the legislature at the Southwest Toronto by-election in August, 1915. He has only served one session, but his colleagues feel that he is admirably qualified to succeed Mr. Rowell as leader of the opposition. He has been pretty active in politics for many years past, having unsuccessfully contested South Toronto in the Dominion general elections of 1904 and Centre York in the Dominion general elections of 1911.

Just now, however, public attention is focused on the federal field. The union government is working hard to sweep the country at the coming election. Sir Robert Borden's manifesto may be issued tomorrow, and the speaking campaign on behalf of union government will be opened at Winnipeg on Monday night by Hon. Arthur Meighen, minister of the interior, and Hon. J. A. Calder, minister of immigration. They will also speak at Regina on Tuesday. Hon. Hugh Guthrie will open the campaign in Ontario at least on the 24th inst., when the union government convention will place in nomination Mr. F. S. Scott, the sitting member for South Waterloo.

The Winnipeg Tribune declares that no candidate in the Manitoba provinces will have his support from the union government. The Winnipeg Telegram, which is controlled by the Conservatives, takes a less optimistic view. It fears that the political machines built up by the Liberal governments of Saskatchewan and Alberta cannot be automatically attached to the union government. The Tribune, however, is confident that Hon. J. A. Calder and Hon. A. L. Sifton in the cabinet. The Tribune, however, is confident that Hon. J. A. Calder and Hon. A. L. Sifton in the cabinet. The Tribune, however, is confident that Hon. J. A. Calder and Hon. A. L. Sifton in the cabinet.

Hon. C. C. Ballantyne, minister of marine and fisheries, will contest St. George and St. Lawrence Division, Montreal, as the candidate of the union government. Mr. Ballantyne has issued a manifesto to his constituents and is confident of carrying the seat. Hon. J. A. Calder, minister of the interior, will contest St. George and St. Lawrence Division, Montreal, as the candidate of the union government.

UNIONISTS TO OPEN CAMPAIGN IN WEEK

Government to Devote First Attention to Western Canada.

Ottawa, Oct. 17.—The Evening Citizen says: The election campaign in support of the unionist government will be started next week.

The opening will be in the west—that part of the country whose increased representation by redistribution will get it a greatly augmented status in the new parliament.

Hon. Arthur Meighen, minister of the interior, and Hon. J. A. Calder will speak at Winnipeg on Monday night and at Regina on Tuesday.

A fuller tour of the west will start later. Hon. Hugh Guthrie, minister of the interior, will speak at Galt on the 24th, when Stuart Scott, Conservative member for South Waterloo, will be nominated as the candidate of the unionist government.

Word has gone out to hold conventions for the nomination of candidates, and in many places where men are already in the field it will be necessary to do it over again in view of the change in the government. In each constituency a unionist will be put in the field. He may be a Conservative or a Liberal, but in the various divisions the plan is to have only one man upon whom the vote of the union forces will be centralized.

Issue of the election writ is expected in a few days. Until that is dated will be uncertain, but what is being figured on is nomination on Nov. 19 and polling on Dec. 17. This will allow four full weeks for taking the vote in England and at the front. A government manifesto outlining its war and general policy and defining the issue will be promulgated shortly. Its composition is under consideration as the joint product of the Conservatives and Liberals in the cabinet.

Forty Liberal candidates from eastern Ontario will be here Friday to confer with Sir Wilfrid Laurier. Their attitude toward the Liberals as the government, whether they are to be the party bolus bolus, will be the principal bone to be dissected.

On Monday the Liberal leader will be in Montreal again consulting his Quebec followers. Afterwards he will go to western Ontario.

In political circles here it is expected that Hon. N. W. Rowell will seek election in one of the Oxford ridings, which he now represents in the legislature. Hon. Mr. Carvell is promised a seat, and is regarded as safe in Carleton, N.B. Hon. Mr. Ballantyne will run in the St. George-St. Lawrence division of Montreal. Mr. Crerar in Marquette, Hon. Mr. Sifton in Battle River and Hon. Mr. Calder in Regina.

COUNSELS QUEBEC TO ACCEPT SERVICE

Lord Shaughnessy Issues Statement to French-Language Newspapers.

Montreal, Oct. 17.—A statement counselling French-Canadians to accept the Military Service Act now that it is law, urging the extension of the measure if necessary to all branches of the industry furnishing war materials, has been issued by Lord Shaughnessy, head of the C.P.R., to the French press of this province. His lordship urged to define his attitude on conscription by a number of French-Canadian gentlemen. He has frequently been referred to by a part of the French papers in Quebec as opposed to conscription.

In part he says: "Frothy jingoism and incendiary speeches, emanating as a rule from those whose only contribution to the war is in the form of language, and which may tend to encourage domestic strife, should be suppressed, and every utterance that favors of disloyalty should bring prompt punishment to the offender."

"The man with a substantial income feels the effect of the income tax while one with little or no income, having nothing to pay, can accept it with equanimity, and for somewhat similar reasons the man with one or more sons is apt to have a conception of conscription quite different from that of the man who has neither son nor grandson to contribute. The latter class should be moderate and considerate in their public utterances on the subject. Those of us who, like myself, have seen all our relatives of military age go overseas, and who have experienced the sadness of loss and separation, cannot help feeling compassion for the parents whose affection for their sons makes them exaggerate the terrors of military service, but for the young men themselves there is no such feeling, because, if being fit for service and having none of the recognized grounds on which one may demand immunity, they are assigned to them in this hour of danger; they are neglecting their duty as citizens and selfishly evading their share of the burden that the country has to bear."

Both Liberals and win-the-war movement followers will be invited to cooperate and also the Great War Veterans' Association. The proposal is to eliminate party conventions. A resolution strongly endorsing the union government was passed.

English and French Money for Men Overseas. Parties desiring to get English and French paper money for remittances to the soldier men overseas can purchase the same at the office of Messrs. A. F. Webster & Son, 53 Yonge street, who always keep a large supply on hand.

WIN-WAR CANDIDATE TO RUN IN VICTORIA. Conservatives of B. C. Capital Arrange to Nominee.

Victoria, B.C., Oct. 17.—Victoria Conservatives took the first step toward putting in the field at the forthcoming election a candidate who will be representative of all political parties and a supporter of the union government. At a meeting of the central executive it was decided to appoint a committee of five to confer with similarly appointed committees of the executives of any other associations whose aims are sympathetic to unity.

Both Liberals and win-the-war movement followers will be invited to cooperate and also the Great War Veterans' Association. The proposal is to eliminate party conventions. A resolution strongly endorsing the union government was passed.

English and French Money for Men Overseas. Parties desiring to get English and French paper money for remittances to the soldier men overseas can purchase the same at the office of Messrs. A. F. Webster & Son, 53 Yonge street, who always keep a large supply on hand.

**FAST PACING IN
THE FREE-FOR-ALL**
Miss Harris M. Makes Grand
Circuit Record for
the Season.

Atlanta, Ga., Oct. 17.—In two of the fastest heats of the season on the Grand Circuit, Miss Harris M., driven by A. McDonald, today won the free-for-all pace for a purse of \$2000 on the Lakewood track. Her time in the first heat was 2:05 1/2. William, driven by Marvin, split second money with Hal Boy, Dick McDonald's gelding, which finished third in the first heat and second in the second.
Free-for-all pace, two in three, \$2000.
The 2:13 class trot, three in five, for \$1000, was won in straight heats by Mendosa T. Opera Express, winner of the

four-year-old futurity \$5000 stake at Lexington last week, proved a disappointment, its best place in any heat being fourth.
Baxter Lou, driven by Valentine, won the 2:07 class pacing event, for a purse of \$1800, in straight heats. Peter Look, with McMahon up, took second money. Helen Chimes, driven by Owens, third and fourth. Summaries:
2:13 class trotting, three in five, \$1000, three heats:
Mendosa T., b.m., by Tregatha (Curtis) 1 1 1
Lou (Valentine) 2 2 2
Sir Tatton, b.g. (Stiles) 3 3 3
Winnatoma, b.m. (Murphy) 4 4 4
Brown's Watts, b.m. (Rodney) 5 5 5
Onward Allerton, b.g. (Edman) 6 6 6
Opera Express, ch.g. (Pleming) 7 7 7
Time—2:10 1/2, 2:13 1/2, 2:05 1/2.
2:07 pacing, three in five, \$1500, three heats:
Baxter Lou, ch.g., by Kinney 1 1 1
Lou (Valentine) 2 2 2
Peter Look, b.m. (McMahon) 3 3 3
Helen Chimes, b.m. (Owens) 4 4 4
Directum J., blk.h. (Murphy) 5 5 5
Time—2:05 1/2, 2:03 1/2, 2:04 1/2.
Free-for-all pace, two in three, \$2000, two heats:
Miss Harris M., b.m., by Peter the Great (McDonald) 1 1

William, b.h. (Marvin) 2 2
Hal Boy, b.g. (McMahon) 3 3
Russell Boy, b.h. (Geert) 4 4
Time—2:00 1/2, 2:00 1/2.
Hamilton Herald, Big Four and O.L. F.U. clubs of strictly senior variety are pleased in Hamilton, but there is one thing to be said in favor of the failure of the big unions to operate exclusively with the war on. Rugby fans will not be annoyed, as they usually are with the tactics of some of the stars, who refuse to turn out until the last minute. They want to be coaxed. At the beginning of the season they have every intention of turning out, but they stay away from the Rugby fields until they have caused the club management enough worry to turn every hair in their head gray. And the worst of it all is that the holiday players get a lot of cheap advertising out of it.
Egers learned a lesson by their dealings with some players a few years ago. They were so heartily sick of this coaxing business that they decided that never again would they do it. This season, if a player wants to turn out with the intermediates he can do so; if he doesn't, he can stay at home. That's the proper way.

WHOLESALE FRUIT AND VEGETABLES

Potatoes—The market was somewhat easier on potatoes, the bulk selling at \$1.60 per bag, some still bringing \$1.55 to \$1.60 per bag.

Tomatoes—The bulk of the tomatoes shipped in yesterday were exceedingly poor quality and were a very slow sale at lower prices, the 11-quart baskets selling at 40c to 50c, with an odd one of better quality going at 60c.

Apples—The market was somewhat easier on apples, the bulk selling at \$1.50 per bushel, some still bringing \$1.45 to \$1.50 per bushel.

Oranges—The orange market is quite firm at slightly advanced prices, late Valencia now selling at \$4 to \$4.50 per case.

Quinces—There are some choice quality quinces being shipped in this week, and they keep almost unchanged in price at 50c to 60c per six-quart basket, and \$1 per 11-quart basket.

Grapes—There are some choice quality grapes being shipped in this week, and they keep almost unchanged in price at 50c to 60c per six-quart basket, and \$1 per 11-quart basket.

Strawberries—The market was somewhat easier on strawberries, the bulk selling at \$1.50 per bushel, some still bringing \$1.45 to \$1.50 per bushel.

Apples—The market was somewhat easier on apples, the bulk selling at \$1.50 per bushel, some still bringing \$1.45 to \$1.50 per bushel.

Apples—The market was somewhat easier on apples, the bulk selling at \$1.50 per bushel, some still bringing \$1.45 to \$1.50 per bushel.

ACTIVITY PREVAILS AT KIRKLAND LAKE

Marked Progress is Being Made at the Lake Shore Mine.

PROMISING OUTLOOK

Kirkland - Porphyry Rapidly Getting Into Shape for Aggressive Mining.

Kirkland Lake, Ont., Oct. 12.—Within the past month there has been marked progress at the Lake Shore mine, under the efficient management of J. W. Morrison. It is now confidently predicted that the mill will be in operation early in January next.

The Kirkland Porphyry is hard at work on a power house, and is rapidly getting into shape for aggressive mining. Some prospecting work has also been done, and everything is in good shape for the winter.

The compressor at the Wright-Hartraves has gone into operation, and the machine is installed progress will be retarded at this mine.

The Elliot-Kirkland shaft has attained a total depth of 340 feet. At the 320-foot level a crosscut is being driven southward, and it is expected that a good vein will be cut within the next ten days.

The United Kirkland is now nicely housed and fed at the mine. The bunkhouse and cooking camp are practically completed. The shaft has attained a depth of 23 feet. Here the vein is four feet wide, with a widening tendency.

The Kirkland Lake mine is continuing as usual. The vein has been cut at the 700-foot level, and is about the same width and value as on the levels above. The automobile traffic between Swastika and the mines, has stopped running, owing to the muddy condition of the roads, but stages still take care of all passengers.

Lucky Cross. The old Lucky Cross mine, close to the railway, and one of the best under foreclosure proceedings, it is said that the new owners will begin work on it soon as the necessary arrangements can be made. The former operators have a great deal of enthusiasm for the project, which could not make a success even if it were made.

It is said that there is gold in the Lucky Cross, and that the features which are decidedly favorable. The formation is, however, not as good as that of the principal mines of this district. But, then, there are no two mines exactly alike, and the extent of the vein may be paid to pay when properly developed.

ELLIOTT-KIRKLAND VEIN HAS BEEN CUT

The Elliot-Kirkland cut through the vein at the 140-foot level early yesterday morning, according to advices from the north received by Hamilton B. Walls. It shows a width of 15 feet and assays at 150 cents per ton. The results will probably be announced today or tomorrow. The discovery is regarded as the most important one of the season, and the most westerly section of the Kirkland Lake camp, and it shows that the extent of the mineralized area in the region is greater than had been supposed.

TO FORM NEW COMPANY

Kerr Lake Company Will Avoid Taxation in the United States. New York, Oct. 17.—Notices have been sent shareholders of the Kerr Lake Mining Company asking assent to dissolution of that company and the formation of a new company under laws of Canada, with same capitalization of 600,000 shares of \$5 par. Stockholders of old company will receive shares for share in new Canadian corporation.

Under the present arrangement the company has to pay taxes in the United States, leaving the loss of the formation of a Canadian company is to eliminate taxes payable to the United States treasury.

STRONG COTTON MARKET

J. P. Bickell & Co. yesterday received the following wire from Chicago on the cotton situation: Prospects of bad weather in the south strengthen in spot markets and bullish sentiment that is constantly increasing resulted in a strong market today with high levels on the crop. A reactionary disposition was noticed later in the session; this, however, was due more to profit-taking than to any change in conditions. From the standpoint of supply and demand the position of cotton is as strong as it has ever been, and at some time during the season prices will undoubtedly be materially higher. It is therefore inadvisable to sell cotton at any time except for the purpose of accepting profits. Short selling is unprofitable, even though the present level of values is very high. Advantage should be taken of all good breaks to buy.

MINING EXPERTS FROM JAPAN ARE AT COBALT

They Are Making Study of Mining and Milling Methods.

Cobalt, Oct. 13.—S. Yamaki, mining engineer and superintendent of the Tsuda Copper Mine at Ashio, Japan, has been here for several days studying the mining and milling methods in vogue in this camp. He is accompanied by H. Toyoda, also a mining engineer, and while here these gentlemen made themselves acquainted with the professional practices at Cobalt.

Their oral command of our language is rather imperfect, but they can write English and read it in writing or in the form of print, and in this way they are able to make considerable progress. This is probably the first time that mining engineers from Japan have come to Canada merely to learn and to get a wider experience and a better understanding of the professional practices and methods in vogue in this country.

DAVIDSON MINE SOON ON PRODUCING BASIS

Material and Machinery for New Mill Will Speedily be Installed.

An important development in Porcupine that will take place, it is expected, near the close of this year is the placing in shape for aggressive mining. Some prospecting work has also been done, and everything is in good shape for the winter.

The compressor at the Wright-Hartraves has gone into operation, and the machine is installed progress will be retarded at this mine.

The Elliot-Kirkland shaft has attained a total depth of 340 feet. At the 320-foot level a crosscut is being driven southward, and it is expected that a good vein will be cut within the next ten days.

The United Kirkland is now nicely housed and fed at the mine. The bunkhouse and cooking camp are practically completed. The shaft has attained a depth of 23 feet. Here the vein is four feet wide, with a widening tendency.

The Kirkland Lake mine is continuing as usual. The vein has been cut at the 700-foot level, and is about the same width and value as on the levels above. The automobile traffic between Swastika and the mines, has stopped running, owing to the muddy condition of the roads, but stages still take care of all passengers.

Lucky Cross. The old Lucky Cross mine, close to the railway, and one of the best under foreclosure proceedings, it is said that the new owners will begin work on it soon as the necessary arrangements can be made. The former operators have a great deal of enthusiasm for the project, which could not make a success even if it were made.

It is said that there is gold in the Lucky Cross, and that the features which are decidedly favorable. The formation is, however, not as good as that of the principal mines of this district. But, then, there are no two mines exactly alike, and the extent of the vein may be paid to pay when properly developed.

Even less animation than has lately been in evidence was shown in dealing on the Standard exchange yesterday. The volume of trading was only about half that of the normal conditions, but in some quarters confidence is expressed that the public will be long before "getting into the market," in view of the bargain-counter known issues are being offered. The demand for Dome Mines which sprang up suddenly on Tuesday afternoon was again in evidence. Open at \$40, the stock was soon in fairly free supply, breaking the price to \$25. Further buying orders, however, had their effect in stiffening the quotation, the final one, on dealings of more than 500 shares, being 3.85. Porcupine Crown, sought at 3.25, opened on the London and New York reported declines in the price of silver, and it is not to be wondered at that with silver under \$60, as against \$70, the price of silver, the last sale going out at 1.35, a point down from the opening.

In the Cobalt list dealings flagged. Once more the London and New York reported declines in the price of silver, and it is not to be wondered at that with silver under \$60, as against \$70, the price of silver, the last sale going out at 1.35, a point down from the opening.

RALLY IN MONTREAL IS NOT MAINTAINED

Leading Stocks Hold Well in Face of Spasmodic Springs.

Montreal, Oct. 17.—The late improvement in the Canadian stocks on Tuesday, which coincided with a rally of some vigor in the New York market, was not maintained today. Notwithstanding the appearance in some specialties, and the usual aftermath of a sharp rally, there was no evidence in spasmodic offerings of leaders, which had held relatively high in the market, less nervous. The most active trading occurred on Dominion Iron during the morning session, when 1100 shares were dealt in at 25 1/2 to 26, the low price. In the afternoon one transaction at 55 1/2 comprised the total day's change. Steel of Canada fell back under light selling from 52 1/2 to 51 1/2, or one down for the day. Scotia in a more active market, marked a downward trend in the final hour, closing bid at that price represented an advance of 1/2 at a more active market was Brompton Paper, which rallied 1/2 to 40 1/2, and closed 1 1/4 bid, or two higher than the previous day.

RAILWAY EARNINGS

Increased earnings for the week ended October 14, as compared with the corresponding week of last year, are shown by the three big Canadian railways. Comparisons are: Canadian Pacific Railway, earnings, \$2,322,000; increase, \$299,000. Grand Trunk Railway, earnings, \$1,312,000; increase, \$124,000. Canadian Northern Railway, earnings, \$960,000; increase, \$112,200.

ADVANCE IN BROMPTON

Received over Heron & Co.'s private wire: Montreal, Oct. 17.—Today's market opened with a good display of strength, but later reacted slightly. There was less activity than yesterday, but stocks were in fair demand. Iron and steel Brompton was bid up three points over yesterday's low price, while Dominion Bridge was heavy at 130. These were the only stocks to record any marked changes in price.

To Close Exchange at Noon In Honor of Liberty Day

New York, Oct. 17.—On Liberty Day, October 21, set apart by President Wilson to promote the Liberty Loan, the stock exchange here will close at noon. It was announced today.

FOOD HAS RELATION TO MINING COSTS

Tale of What Befell a Dead Pig Conveys a Moral.

Kirkland Lake, Ont., Oct. 15.—The fate of a dead pig, of which I have just heard, is certainly very suggestive. This animal, when dressed, weighed 120 lbs. It got into the commissariat of the Kirkland Lake mine some weeks ago. The hams and shoulders were roasted for dinner and the rest of the carcass was converted into chop for breakfast. Fifty-six miners, muckers and other employees of the company sat down to each of these meals and consumed the entire pig. It was disposed of 120 lbs of pork at a single meal.

I have these facts from a former cook at the mine. Cooks are generally close when they serve. Generally they dislike guinea and they are quick to notice over-eating and the process of dining of the men. We all know that when the carnivorous animal is gorged with flesh they retire to rest and sleep, and there is a sound physiological reason for such a practice. The process of eating is an enormous feat, and assimilating an enormous meal requires all the reserve strength of either man or beast. The eating of waste and a direct loss of effort, and the owners, lumbermen and other employees of labor should ration their employees on a scale something like that of the Canadian army in Flanders.

Prescribed Ration. Over a pound of meat per man per meal at each of the three meals per day, according to the statement of my informant, was the normal consumption at the Kirkland Lake mine. Surely there is room here for the conservation of food, and some foreign laborers have, perhaps, little knowledge of food hygiene or the value of energy and their usual consumption is enough to make them sluggish and lifeless for some hours after eating. Food reform should reduce mining costs. It is not a fad, but a pressing necessity in these straits. S. R. Clarke.

STANDARD STOCK EXCHANGE.

Table with columns: Gold, Apex, Davidson, Dome, Dome Lake, Dome Mines, Eldorado, Gold Reef, Hollinger, Homestake, Lake Shore, Moneta, Newberry, Porcupine Crown, Porcupine Vipond, Preston, Thompson-Krist, West Dome Con, Adanac, Bailey, Beaver, Buffalo, New, Chignias, Crown Reserve, Ford, Great, Great Northern, Hudson Bay, Kerr Lake, Kerr Rose, McKinley-Darragh, Nipissing, Ophir, Peterson Lake, Right-of-Way, Silver Leaf, Timiskaming, West, West Dome, Provincial.

STANDARD SALES.

Table with columns: Porcupines, Op, High, Low, Cl, Sales. Includes Apex, Dome, Kirk Lake, Holly, Kerr, McKinley, Newberry, West Dome, Cobalt, Beaver, Gifford, Hargraves, Chambers, Kerr Lake, McKimley, Peterson, La Rose, Timiskaming, Mining Corp.

BRITAIN WILL SECURE FISH FROM DOMINION

Catch of Two Years Ago Provides Meal at Piccadilly Hotel. London, Oct. 17.—A whitefish caught in one of the lakes of Saskatchewan near two years ago, and kept in cold storage, was the chief dish at a luncheon which Major Hugh Green, known as "The Fishmonger General" among the Canadian people at Piccadilly Hotel, London. The occasion was designed to acquaint the British public, thru a select body of journalists, with the possibilities of Canadian fisheries as a food supply for English people. Many of the fishermen in Canada, both on the Atlantic and Pacific coasts, Major Green said, have been in the habit of fishing only for half the year. With the encouragement of the market in sight, they would fish the year round.

CELEBRATE GOLDEN WEDDING

Bellefonte, Oct. 17.—Mr. and Mrs. Joshua Lang of this city today commemorated the fiftieth anniversary of their wedding. The occasion was celebrated with the congratulations of many relatives and friends. Mr. Lang was at one time a member of the city council of this city.

Large Earnings Are Shown By International Petroleum

The report of the International Petroleum Company, Limited, for the year ended Dec. 31 last, being the second period of the company's career, shows earnings of \$905,614, or 13 1/4 per cent, on the outstanding stock of the company, which compares with earnings of \$248,202, or 6 1/4 per cent, in the previous year. The balance sheet shows property assets at \$2,223,000 and other investments \$149,000, stock and material on hand \$1,042,000, accounts and bills receivable \$2,117,000 and cash \$499,000. The balance accredited to profit and loss at the end of the year was \$905,614, the undivided profits at the end of 1915 being \$385,482. The annual meeting will be held here in December.

CALGARY GRAIN MARKET.

Calgary, Oct. 17.—Oats—No. 2 C.W., 37 1/2c; No. 3 C.W., 34 1/2c; No. 4 C.W., 31 1/2c. Barley—No. 3, 31 1/4c; No. 4, 31c.

RICH ORE BODIES IN DOME MINES

Values Shown to Become Greater as Increased Depths Are Reached.

With Dome Mines stock quoted at \$2.25 per share the special report on this company prepared by Hamilton B. Walls is decidedly opportune, and supplies facts and figures to show the ridiculousness of prevailing market prices. Mr. Walls says in part: "Underground development during the past few months at the mine has met with results exceeding expectations, and as greater depths are being opened up the average grade of mining operations on the 700-foot level passed thru an ore body over 40 feet long, and a very wide width. It averaged over \$13 to the ton, as well as to extend downward past this 800-foot level. Drilling to the 900-foot level to reach this ore body is now being rushed, and will be reached within the next few weeks. The grade of such an ore body will make a material improvement in the physical position of Dome Mines, which I believe will yet become one of the great gold mines of the world."

"Diamond drilling on Dome Extension has absolutely proven the Dome ore bodies to extend over a distance of 2000 feet, and these properties, but for a considerable distance further east. This proves the Dome to be even a larger mine than was ever before anticipated, and what is of vital importance to any producing company, values become richer as increased depths are reached. "So rapidly are the ore reserves accumulating, the best brains on mill construction obtainable are now directed to the extension of Dome Mines milling plant, as well as the construction of an entirely new crushing equipment to handle over 2000 tons per day. Under normal conditions the plant now in operation has a capacity of approximately 400,000 lbs. per month. During the winter months these quarrying operations will cease and the mine ore will be treated, which means a great increase in profits greater. "If Dome Mines can earn \$35,000,000 per month it would be a value of less than \$4 to the ton it is obvious these profits will undergo marked enhancement when ore ranging from \$5 to \$10 per ton is being produced, and don't forget there are bodies of ore in Dome Mines as rich in gold as the famous Hollinger, and when a large mine like that is reached it may be Dome will be rated as one of the big high grade, whereas today it is classed as a huge low grade milling proposition."

DEMAND FOR WHEAT AT WINNIPEG SLOW

Fair Call for Cash Oats—Flax Under Bearish Influence. Winnipeg, Oct. 17.—The demand for wheat was slow on all grades other than those being taken by the Great West. Very little new wheat was moved as yet. The receipts today being ten cars. Receipts of new wheat are being maintained. There were 1125 cars in sight for inspection today. "Winnipeg closed 4c to 5c higher; barley was unchanged for both months, and flax was 1/2c higher. November wheat for December 2c for May. The immediate effect of the prohibition of export purposes and prices were unchanged. The demand for cash barley was strong, and prices were higher. There was little doing in cash flax, with offerings very light. The prohibition of the export comes into effect will be made. It is generally felt that the effect of the new flax movement as yet, the receipts today being ten cars. Receipts of new wheat are being maintained. There were 1125 cars in sight for inspection today.

THIS IS BARGAIN BUYING TIME GET IN NOW

Buy Dome—buy Hollinger—buy McIntyre, the leaders of the Porcupine list. They are prosecuting developments and accumulating enormous ore reserves. Buy Nipissing, Mining Corporation, Kerr Lake, and McKinley-Darragh among the Cobalt producers. Not a single one of them but is endowed with several years' life. Their earning power, measured by the market, is extraordinary. Following are other features with rapid-fire comment upon their salient recommendations for immediate purchase: NEWRAY—Undoubtedly resting on bottom around 50c—mine and mill position best in history of property—vital interests in the market for transfer of control or large influence in stock—ore being sent from drift on long Hanson vein to mill, running from 87 to 115 a ton, and other veins helping to feed the mill—biggest possibility, according to several experts, in Porcupine today—a purchase up to \$1 a share. BOSTON CREEK—Another rich gold property of the north—recently recorded as selling down to 28c—asking price 40c and almost a gift at that figure—differences between one large stockholder and remaining interests forecasted to be settled at an early date, when Boston Creek management will resume operations—Large Creek, mainly settlement—railroad station, postoffice, etc., on properties—large tonnage ready for shipment in the north—hold your stock and add to it every time the market releases shares anywhere under 50c. WASAPIKA—An exceedingly promising gold property in the West Shinglers camp—under management of George H. Rogers, a mining engineer and administrator of proven ability, with high rank in government official and Toronto financial circles—property of 120 acres—estimated \$150,000 in ore developed for mill, and will probably be installed over the winter and be running next summer—buildings being constructed for accommodation of 50 men—manipulated or some lying between parallel dykes—has a history of very profitable milling grade—has been sampled up ore running on average \$10 a ton—stock offered prior to listing through our office at 20c a share—should be bought immediately for large indicated market profits. UNITED KIRKLAND—This stock is offered by Toronto brokers, prior to listing, at 30c a share—only 1,000,000 shares outstanding—property has one of the most attractive footings in bonanza western section of Kirkland Lake camp—lies in characteristic formation of camp—has been examined and development reconnoitered by Messrs. Alderson, Baker, Randolph and Flynn, mining engineers and experts of established standing—shaft now sinking and construction of camp buildings far advanced—hydro-electric power delivered—properties best situated within few minutes of railroad station—United Kirkland has at the present price of 80c a share the moral certainty of becoming a whole of a gold mine. MUNRO TOWNSHIP—Objection having been made by certain interests and sustained to the use of the name "Croesus Lake," the company announced herein a week ago, will be given a different name immediately. Meanwhile the stock is being offered as usual at 15c a share—company own lake on bed adjoining famous Croesus mine, mining engineers, who have recommended by an eminent engineer of the north, who has selected locations and pointed directions of drill holes, will result in locating the centre of Cobalt, in a likely position on Standard Stock Exchange and in a likely speculation at the few cents a share quoted for it. HARGRAVE—One of the best low-priced Cobalts of the list—recently sold down to 8c—a profitable operating property, located in the centre of Cobalt, adjoining on east and south with 80 acres, the properties of Kerr Lake, and carrying the greater part of the length of the Trenton rock formation, which made the Lima-Indiana field, of which Chatham field is an extension, one of the most reliable established oil producing fields in the United States. We expect in the near future to announce an offering of shares of a newly formed oil company from the Chatham, Ontario, oil fields, which are coming prominently into public notice, notwithstanding that the large operators there have depreciated publicity and press agent work. This stock will be splendidly based on properties chosen and collected with great care from the best producing sections of that field, which carries the famous Trenton rock formation, which made the Lima-Indiana field, of which Chatham field is an extension, one of the most reliable established oil producing fields in the United States. We ask you to await the announcement of this issue before putting your money into oil shares. Incidentally there is an enormous oil share boom on the way, as the Standard Oil and independent companies will distribute millions of profits with which their treasuries are gorged in the shape of extra cash and stock distributions to their shareholders in order to anticipate and avoid the 10% undivided excess profit tax levied by the United States Government on corporations, which will become effective July 1 next year. This great outpouring of excess profits by the enormously prosperous oil industry will find reflection in the stock market and bring about an activity and higher prices for Standard Oil stocks and independent shares which may prove to be unprecedented. Send us your inquiries and orders on all stocks traded in any market. Our weekly market letter and Canadian Mining News will be mailed free on request. We repeat— THIS IS BARGAIN TIME--GET IN NOW

ISBELL-PLANT Mining Talks

With the close of Tuesday's market on the New York Stock Exchange evidences of a substantial rally manifested themselves. This improvement was reflected before the day was over on the Toronto markets. While Wednesday the market reacted again the tone has now become such that brokers believe that with a little encouragement liquidation can be checked and the market given a decided turn for the better. BANKING INTERESTS ARE COMING TO THE SUPPORT OF THE LOAN FLOTATION IN THE UNITED STATES, AND WITH THE CANADIAN LOAN ABOUT TO BE OFFERED, WE MAY EXPECT A GREATER FIRMNESS IN CONDITIONS ON THIS SIDE. Another view which tends towards constructive in the market is that, Congress at Washington having adopted the vast appropriations through all the channels and ramifications of business. War financing is now a matter of action—disbursement of funds in buildings, equipment, and manufactured products—payments of mobilized armies now in training—and so forth—rather than a matter of talk and preparation. It is inevitable that the further release of the colossal funds which are now being garnered by the United States and Canadian Governments, will promote renewed prosperity and revitalize all the arteries of trade. The stock market, being the most sensitive agency in the financial world, will quickly begin discounting and reflecting the unprecedented outlays of money as the result of United States and other preparations for the world-war. AN AUTHORITY HAS STATED THAT THE UNITED STATES, IN THE WORKING OUT OF ITS PLANS, CAN PLACE 15,000,000 SOLDIERS IN THE FIELD AND FINANCE THEM TO THE EXTENT OF \$100,000,000,000, WITHOUT IMPAIRING ITS WEALTH AND PRODUCTIVE CAPACITY. From now on we will see the factors of the real wealth of the United States and Canada emphasized in stock market operations. We will see the strength of the banking interests of the two countries working together like bi-lateral machine in sustaining all the governmental financial plans of the two nations, now united in a common object. The Governments on both sides have practically compassed all problems relating to the drafting of their available soldier strength and henceforth it is a matter on the part of both nations of prosecuting the war, and making the extraordinary expenditures, now already provided for, in conducting a "win-the-war" campaign. We may look for the liquidation which has ruled so long and which carried stocks down to unheard-of low levels in many instances to be followed by a revival, revitalizing influences, constructive conditions, active markets, a broad representation of stocks and more active and higher planes of prices for all stocks—industrial, rail and mining shares. NO CLASS OF STOCKS WILL GAIN MORE BY THE OUTLOOK WE HAVE JUST PICTURED THAN THE SOLID GOLD AND SILVER METAL STOCKS OF NEW ONTARIO. THESE STOCKS ARE BACKLOGS OF THE COUNTRY'S PROSPERITY IN WAR AND IN PEACE. THE DEMANDS OF WAR ACCENTUATE THE NEEDS FOR GOLD AND SILVER AS METALS EXTENDING THE CIRCULATION AND IN CREDIT EXPANSION. THE DEMANDS OF PEACE AND RECONSTRUCTION WILL GIVE SUBSIDIARY AND FINAL PAYMENTS IN METALS. AND WE MAY LOOK FOR THE DEVELOPMENT OF THESE PRODUCING INDUSTRIES TO PROCEED RAPIDLY AND SIGNIFICANTLY IN THE EYES OF THE WHOLE WORLD. We predict a greater firmness of sentiment respecting the hard spots of the market represented by the leading development and productive issues of Porcupine, Kirkland Lake, Cobalt and other precious metal camps in the north. THIS IS BARGAIN BUYING TIME GET IN NOW Buy Dome—buy Hollinger—buy McIntyre, the leaders of the Porcupine list. They are prosecuting developments and accumulating enormous ore reserves. Buy Nipissing, Mining Corporation, Kerr Lake, and McKinley-Darragh among the Cobalt producers. Not a single one of them but is endowed with several years' life. Their earning power, measured by the market, is extraordinary. Following are other features with rapid-fire comment upon their salient recommendations for immediate purchase: NEWRAY—Undoubtedly resting on bottom around 50c—mine and mill position best in history of property—vital interests in the market for transfer of control or large influence in stock—ore being sent from drift on long Hanson vein to mill, running from 87 to 115 a ton, and other veins helping to feed the mill—biggest possibility, according to several experts, in Porcupine today—a purchase up to \$1 a share. BOSTON CREEK—Another rich gold property of the north—recently recorded as selling down to 28c—asking price 40c and almost a gift at that figure—differences between one large stockholder and remaining interests forecasted to be settled at an early date, when Boston Creek management will resume operations—Large Creek, mainly settlement—railroad station, postoffice, etc., on properties—large tonnage ready for shipment in the north—hold your stock and add to it every time the market releases shares anywhere under 50c. Alderson, Baker, Randolph and Flynn, mining engineers and experts of established standing—shaft now sinking and construction of camp buildings far advanced—hydro-electric power delivered—properties best situated within few minutes of railroad station—United Kirkland has at the present price of 80c a share the moral certainty of becoming a whole of a gold mine. MUNRO TOWNSHIP—Objection having been made by certain interests and sustained to the use of the name "Croesus Lake," the company announced herein a week ago, will be given a different name immediately. Meanwhile the stock is being offered as usual at 15c a share—company own lake on bed adjoining famous Croesus mine, mining engineers, who have recommended by an eminent engineer of the north, who has selected locations and pointed directions of drill holes, will result in locating the centre of Cobalt, in a likely position on Standard Stock Exchange and in a likely speculation at the few cents a share quoted for it. HARGRAVE—One of the best low-priced Cobalts of the list—recently sold down to 8c—a profitable operating property, located in the centre of Cobalt, adjoining on east and south with 80 acres, the properties of Kerr Lake, and carrying the greater part of the length of the Trenton rock formation, which made the Lima-Indiana field, of which Chatham field is an extension, one of the most reliable established oil producing fields in the United States. We expect in the near future to announce an offering of shares of a newly formed oil company from the Chatham, Ontario, oil fields, which are coming prominently into public notice, notwithstanding that the large operators there have depreciated publicity and press agent work. This stock will be splendidly based on properties chosen and collected with great care from the best producing sections of that field, which carries the famous Trenton rock formation, which made the Lima-Indiana field, of which Chatham field is an extension, one of the most reliable established oil producing fields in the United States. We ask you to await the announcement of this issue before putting your money into oil shares. Incidentally there is an enormous oil share boom on the way, as the Standard Oil and independent companies will distribute millions of profits with which their treasuries are gorged in the shape of extra cash and stock distributions to their shareholders in order to anticipate and avoid the 10% undivided excess profit tax levied by the United States Government on corporations, which will become effective July 1 next year. This great outpouring of excess profits by the enormously prosperous oil industry will find reflection in the stock market and bring about an activity and higher prices for Standard Oil stocks and independent shares which may prove to be unprecedented. Send us your inquiries and orders on all stocks traded in any market. Our weekly market letter and Canadian Mining News will be mailed free on request. We repeat— THIS IS BARGAIN TIME--GET IN NOW

1000 Responsible Persons May Now Join The Home-Lovers' Club

The Home-Lovers' Club opens again today for the purpose of enrolling one thousand new members. Any responsible person may join the Home-Lovers' Club by consulting the Club Secretary, 4th Floor. Members of the Club enjoy an unusual privilege in that they are permitted to buy things for the home—carpets, draperies, furniture, etc.—having their payments extended over an arranged period. They pay the same low prices as are paid by the cash patrons, and nothing more. Join today—4th Floor.

The articles mentioned below may be charged to Home-Lovers' account.

The All-Wool Clothed Man

Cannot Possibly Survive Unless Present Conditions Improve

Present indications give rise to the belief that few, if any, all-wool fabrics will be obtainable this time next season, Great Britain having put into force a law prohibiting the exportation of fabrics which contain more than sixty per cent. of wool.

In view of these facts, far-sighted men will provide themselves with all-wool clothing now—especially when we can supply them with such good values as we have here today.

Suits---O'coats

Of All-wool Fabrics---Distinctive Patterns---Dependable Qualities---Extensive Varieties---Unexcelled Values.

Suits

Men's Suits at \$30.00
