ONE CENT

'FRISCO FIRE IS NOT OUT YET

Where Fire Raged Looking West From Market Street, Nob Hill in the Centre Background.

Earthquake record taken at the weather bureau

GREAT NEED OF CONTRIBUTIONS.

MELBOURNE, April 23.—Funds have been started at the various Australian capitals in aid of the sufferers by the San Francisco earthquake.

Premier Seddon, on behalf of New Zealand, has offered \$25,000.

Mayor Schmitz, of San Francisco, cabled yesterday to the Mayor of Sydney that there is urgent need of contributions to the relief of the distressed inhabitants.

SAN FRANCISCO, April 23.—The fire which seemed to have died out yesterday broke out with renewed vigor in the coal bunkers north of the ferry building shortly after midnight. The fire reached these bunkers Saturday but was apparently checked after a hard fight although the blaze stubbornly resisted all efforts of the firemen to extinguish it.

Unless the flames can be subdued, there is grave danger that they will eat their way across to the docks, north of the ferry buildings, and reach this great structure.

Early this morning the fire was burning fiercely.

OAKLAND, Cal., April 23.—That the chances of an epidemic breaking out among the refugees may be lessened, Governor Pardee last night issued an order that all the large camps be broken up into as small communities as possible.

The governor has received a message from Secretary of the Interior Hitchcock, offering to care for 200 of California insane patients at the St. Elizabeth Hospital, at Washington, D. C.

Gen. Funston has notified Gov. Pardee that the prisoners who were taken from San Francisco to Alcatraz Island, a government fortress in Frisco Bay, at outbreak of the fire, must be immediately removed from the island on account of the lack of water and crowded conditions.

Winnipeg Gives \$10,000 to San Francisco Relief

WINNIPEG, April 23.—(Special)—The city council on Saturday voted ten thousand dollars for the relief of San Francisco, half of this was wired to Vancouver to purchase supplies and work was received on Saturday night that supplies purchased there would go forward on Tuesday by steamer Amur, which the C. P. R. had kindly placed at the disposal of the relief committee.

Bodies Recovered From Insane Asylum

OAKLAND, Cal., April 23.—That the bodies of 80 patients and 11 attendants have been recovered from the ruins of the Agnew asylum for the insane, near Santa Rosa, is the telegraphic information conveyed to Gov. Pardee last night by Dr. Hatch, superintendent of the state hospital.

Many Steel Buildings Found Almost Intact

SAN FRANCISCO, April 23.—Property owners had an opportunity yesterday to inspect some of their holdings and in a measure what damage had been done. The modern steel buildings were found to be almost intact. In every instance it seemed that the earthquake had not damaged them.

The steel frame were in perfect plumb and apparently as strong as ever. Cornices and fancy trimmings (all) but that was all. Even when the fire swept through them only the wood work was damaged.

The Fairmont Hotel on Nob Hill will be rushed to completion.

The Spreckels building at Market and Third streets, will be occupied in a few days; the Union Trust building at Montgomery and Market has lost only the interior woodwork, and the St. Francis Hotel is in the same category. An inspection of the Call building at Third and Market streets disclosed the fact that several of the floors of the building were in good condition and could, after slight repairs, be used as formerly. The new Monadnock building on Market street, next to the Palace Hotel, was found to be in first class condition, even the woodwork in the interior of the building was unharmed, and the owner, Herbert E. Law, announced that within ten days he would be renting offices in this building. The Monadnock is a large structure of steel and brick, and was almost completed when the fire came.

Survivors Tell of Their Escape

SALT LAKE, Utah, April 23.—Scores of Salt Lake people were in San Francisco at the time of the earthquake and many of them returned home yesterday. J. J.

Daly, a wealthy mine owner, escaped with his wife and four children. He left the Charlemagne Hotel in his automobile, but the police made him give it up to carry the wounded.

Speaking of his experiences he said: "The polling of the city was perfect under the circumstances, and I want to give unqualified praise to the chief and his brave men. We finally got over to Oakland and in a half-dressed condition entered a restaurant there. Six of us ate a meal and the check was only \$1.00. We were astonished, but it is law among those people that no more than cost should be charged any one from San Francisco.

Another arrival describes a number of queer freaks of the earthquake. In the midst of ruined four story buildings stood a house of three stories which had been tilted on jackscrews and timbers to make room for another story beneath it. It stood apparently unharmed by the shock. Not a piece of the underpinning was displaced. One of the churches on Van Ness avenue had a mezzanine like dome. All the walls fell away but the steel structure, visible at a distance, remained supporting the dome like a balloon. Two theatrical people were in a hotel in Santa Rosa when the shock came. The room was on the fourth floor. The roof collapsed. The woman was thrown from the bed and both were caught by the descending timbers and pruned helplessly beneath the debris. After three hours rescuers came out a hole in the roof and both were released unharmed. This narrative tells of hearing a guest berating the proprietor of a hotel five minutes after the shock because he had not been awakened at five o'clock, according to instructions.

Miss Ina G. Bothwell, a student, tells of incidents at Stanford University.

St. John People Who Have Escaped

W. Fenwick received a telegram Saturday from his brother George in Berkeley, near San Francisco, saying all relatives were safe. This is taken to mean his only family and the family of Mr. Fenwick's brother-in-law, in San Francisco.

John Robertson of Kerr & Robertson, received word from Boston this morning that Mrs. Thos. P. Robertson of San Francisco had written her father, in Boston, as follows: "We are all safe and free from damage."

A telegram was received this morning by Mrs. Frederick J. Kee, No. 182 St. James street, from her sister, Mrs. William J. Morgan, 1224 Guerrero street, San Francisco, stating that her family were safe and well.

H. K. T. Baruch has received word that his sister Bertha Baruch, and Mr. and Mrs. John Tredwell left New York on Saturday for their home in Oakland, California.

Harry McDonald, son of Mrs. Sarah McDonald, of 32 Brussels street, is living in El Cajas, near San Francisco. El Cajas has not been mentioned as being within the danger zone, so it is not considered that he is in danger.

Want Architects and Draughtsmen

NEW YORK, April 23.—Mayor McCall today received this telegram from

Birds-eye view showing California points visited by the earthquake that devastated San Francisco

Mayor Schmitz, of San Francisco: "How many architects and architectural draughtsmen can you furnish us? How quickly can they leave for San Francisco?"

Mayor McCallan suggests that all architects and architectural draughtsmen who are in a position to do anything for San Francisco send their names at once to the permanent secretary of the city relief committee. Arrangements were made by the officers of the Red Cross to open stores here to receive supplies for the San Francisco sufferers.

REV. W. CAMP WILL COME

Sussex Preacher Announces Acceptance of Call to Leinster Street Church.

SUSSEX, N. B., April 23 (Special)—Rev. W. Camp, pastor of the United Baptist church, Church Avenue, announced to his congregation last evening that he had accepted the call to Leinster street Baptist church, St. John, and would begin his pastoral work there on July first.

REBUKED FROM THE PULPIT

Rev. H. F. Adams, who was supplying in Germain street Baptist church yesterday, had to stop during his address and ask some young people who were talking and giggling to keep quiet. The incident was rather unusual and had caused quite a bit of comment among some of the people who were present.

There were one or two other rather unusual incidents in the course of the two services that have caused some talk, but most of the members who were seen asked that no comment be made as they were trivial matters of no interest to the public.

THE TIMES NEW REPORTER

A DARK PLOT FOILED.

That it is the duty of St. John to extend a proper welcome to Prince Arthur of Connaught, when he visits us has been agreed upon by the city council, and the only question now agitating the citizens is the welcome should take.

It has been suggested that he should be given a trip on the harbor in the Ludlow. This was at first held as a very practical suggestion, but this morning "The Times New Reporter" discovered that a dastardly plot was being discovered. Prince Arthur will not go aboard the Ludlow. Instead, he will inspect the hard labor prison brigade at work in the park.

A LIBERAL CITIZEN.

Mr. O. Whatswad stopped the New Reporter this morning and said he desired to contribute to the fund for the San Francisco sufferers. "I heartily concur in the plan," said he, "and believe all good citizens should contribute. Just put me down for 15 cents." Just at this moment a messenger imparted to Mr. Whatswad the information that a recent sale of his holdings in P. D. Q. stocks had netted him \$7,804. "Here," he called to the New Reporter, "make that subscription 30 cents. I'd hate like the mischief to do rash." Mr. Whatswad's generosity is appealing.

THE RELIEF FUND

Contributions are coming in well for the relief of the sufferers in San Francisco, and THE TIMES and THE TELEGRAPH fund is rapidly growing. For St. John people to give in this case is like helping their own, for many from here are numbered among the sufferers in the stricken city. It is not true that aid from outside will not be accepted; it is true that all aid is needed and welcome. Governor Pardee of California has already wired the thanks of the people for the offer of aid from this city. The following contributions are acknowledged:—

there all last summer. She was fined 88 or two months in jail.

The two boys, Henry Currier and Frank Haley, arrested on suspicion of stealing grain, were remanded.

Oty McDonald, Keltie Wilson, Eric Briton, Mathias Hamm, Charles Ingraham and Robert Roundston, all boys, were reported for disorderly conduct on the complaint of Mrs. Margaret Campbell, of Summer street. The youths were playing ball and "eggs-in-the-hat," and the ball struck the complainant's steps. Judge Hightree stated that boys had no right to be absent from school and should not be brought to court except on Saturdays.

His Honor lectured the boys and told them to go back to school, much to the disgust of Mrs. Campbell and her witness, Miss Wilson, both of whom said that a great injustice had been done them.

Bishop Neville, of Dunedin, New Zealand, was a passenger on this express today en route from Montreal to Halifax, where he will sail on the Victorian for England.

Emma Lester Returns to Jail for a Sojourn of Two Months.

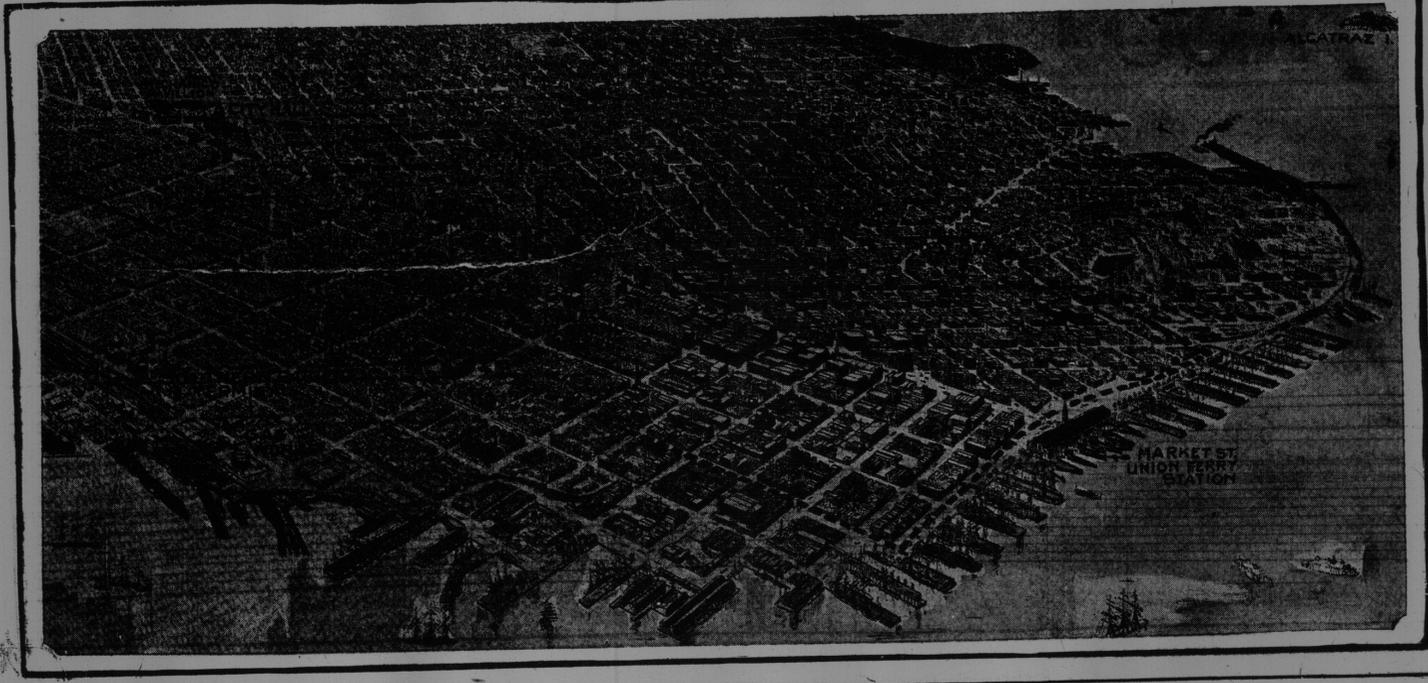

This morning in the Police Court, Joseph Quinn, for improper conduct was fined 88.

Emma Lester was released from jail on Saturday afternoon, and Saturday night Officer Crawford was summoned to Courtenay Bay track, at the foot of Orange street. When the officer arrived Emma had her head across one rail and her feet across the other, and was very reluctant about going to her old home. She fought valiantly, but the officer managed to get her to the foot of Clarence street, where a saven was substituted for the patrol in potentia, and Emma was taken to central.

This morning she came very near being treated as a vagrant, but pleaded not to be put in jail all summer as she was

THE EVENING TIMES, ST. JOHN, N. B., MONDAY, APRIL 23, 1906.

FIRE QUENCHED IN SAN FRANCISCO; RELIEF THE GREAT PROBLEM NOW

Handseye View of San Francisco Showing Extent of Principal Burned District

San Francisco, April 22—Had not been removed for the rubble set up in the open air whenever San Francisco's homeless thousands were camped, one would have had some difficulty in finding any of the peaceful associations of the Sabbath in this city today. Everywhere through out the burned as well as the remaining section of the city, there was the great activity. Streets were being cleared of debris. Laborers were repairing broken water pipes, sewers and gas mains, electricians everywhere seeking to untangle the confusion of wires—in fact San Francisco was in the first stages of regeneration.

There are no hungry people tonight. The great specter of starvation has been banished by the magnificent response of the people of California and of the nation to the appeals that went out for assistance. Food by the carload and boat load poured into Oakland last night and today in sufficient quantities to overwhelm the committee—which has in charge the distribution.

So great was the volume of food stuffs brought into the general depot at Oakland that the general committee and staff entirely as they have been during the previous days of their trying experience, but were today given hot coffee, meats and even cakes and oranges. Oranges have come in plentiful supply from Southern California and the sight of California's famous product was everywhere hailed with delight.

Will Want Aid For a Long Time While the supply is abundant at this time, it is well for the public to remember that the homeless thousands must be fed and cared for by the organized relief committee for an indefinite period. It is feared, therefore, that contributions be continued everywhere until the people who have been rendered helpless and destitute by the city misfortune can care for themselves.

The water situation, while causing inconvenience to the people, is no longer such a problem. About two-thirds of the section of the city not destroyed, have been supplied with sufficient water for the pressing domestic needs, but of course, there is not yet enough to be had for fire fighting purposes. Because of this fact the most stringent orders have been issued by the military and civil authorities that no fire shall be built within any house and no lights, not even a candle can be shown at night in the houses. All cooking for the present must be on the sidewalks or in the streets and in daylight.

One of the noteworthy features of the situation is the remarkable promptness with which the work of systematically caring for the homeless was thoroughly organized and put into operation. The total number of bodies recovered and buried up to Sunday night is 200. An interesting item from the Golden Gate Park district today was the report of the birth of eighteen babies. These cases have received prompt and efficient attention and the mothers and children removed to the various maternity hospitals.

The Associated Press representatives today covered the entire area of the burned section. The circumference of the area of the great conflagration, as near as could be ascertained by the marking of a cyclist, is 26 miles and comprises the entire business district and a large section of the residence district, all of which was densely populated.

It is estimated today by competent insurance authorities that the loss will aggregate \$300,000,000 and on the vast amount of property the insurance companies carried approximately \$175,000,000 insured.

200 Dead, Mostly Unknown, Cremated San Francisco, April 22—Two hundred bodies were found in the Potrero district, south of Shannon street, and were cremated at the Six Mile House yesterday by order of Coroner Walsh. This information was obtained at the board of health headquarters today. So many dead were found in the limited area that cremation was deemed absolutely necessary to prevent disease. The names of some of the victims in the business and the old residence section have been sufficiently cooled to make the search possible.

The body of an infant was found in the center of Union Square near Dupont this morning. There was nothing by which it could be identified. It was learned, however, that a number of people had camped at this place and it is presumed that the child died and was left in the party was forced to move. Three bodies were found in the ruins of a house on Harrison street, between First and Second. They had been burned beyond all possibility of identification. They were buried on the North Beach.

The body of a man was found in the middle of Silver street, between Third and Fourth. A bit of burned envelope was found in the pocket of the vest bearing the name "A. Houston."

At noon today reports were made by the board of health of the finding 23 bodies in various parts of the city. Few of them could be identified. The bodies were buried in various places and the graves numbered.

Water Supply Will Soon Be Normal San Francisco, April 22—Experts of the Spring Valley Water Company, who have been engaged in making a thorough examination of the mains and reservoirs of the system have reported that the company has in its reservoirs enough water to supply the city at the regular rate of 30,000,000 gallons per day for a period of 600 days. The only immediate problem is that of getting this supply of water into the city. Already pipes have been repaired in certain sections and a supply of 6,000,000 gallons daily is reaching and will continue to reach the city proper from Lake Merced.

Within a few hours another supply of 6,000,000 gallons daily will be poured into the city from College Hills. This will furnish water to the northern section of the city. Already water is being supplied to the Black Point and Pacific Heights district and the city will within four days be receiving a daily supply of between 16,000,000 and 17,000,000 gallons which is practically equal to half the amount that was being furnished to the entire city prior to the earthquake. This makes it certain that the city will be habitable again, almost immediately, a food supply already being secured.

Terrible Strain Causes Insanity San Francisco, April 21—The terrible strain of the last few days is beginning to tell on the people. The reaction has come and expense over missing relatives and friends is causing those and in some cases insanity. At Central avenue and

Oak street today a man became insane and attempted to kill his wife with a cleaver. He was arrested. Hundreds of houses in the burned district have been deserted by their occupants, who either have fled from the city or are camped in the parks. These, with 1,000 vacant homes and flats and all the churches, will be used for housing them.

Fire Caused Most Of the Great Damage. San Francisco, April 21—A trip through the burned districts of San Francisco today revealed a scene of unparelleled destruction. From many points on Market street, far as the eye could reach in any direction, there was nothing but skeleton walls and smouldering ruins. It should be borne in mind that San Francisco was not destroyed by the earthquake. While old buildings in that part of the city which stood on "made" ground east of Montgomery street, and some of that district lying south of Market, suffered from the cracked walls and displaced plaster, all these great structures, of course, were subsequently utterly ruined by the flames, so far as the inner construction is concerned, but the walls are in most cases intact. The most notable cases of practically immunity from the shock were the St. Francis hotel, the Paymont hotel, the Flood building, the Mills building, the Spreckels building, the Chronicle building, and scores of other modern steel structures.

The branch of the United States hint, off Fifth street, and the new post office, at Seventh and Mission streets, are striking examples of the superiority of workmanship put into federal buildings. The old mint building, surrounded by a wide space of pavement, was absolutely unharmed. Not even the few palm trees which stand on either side of its broad entrance were withered by the flames that devoured everything around it. To the post office building also was virtually unharmed by the fire. The earthquake shock did some damage to the different entrances to the building, but the walls are unharmed. Every window pane, of course, is gone, as they are in almost every building in town, but the government will be able to resume postal business immediately.

The Fairmont hotel, while seriously damaged in the interior, is left intact as to the wall, and the management has offered space in the building to any of the various relief committees who desire to house the homeless or to store supplies.

Insane Asylum, Agnews, Santa Clara County. Semblance of Order Being Restored. San Francisco, April 21—Order and system are gradually wrought out of the indescribable confusion which has prevailed in this city for the last three days. The hungry thousands are being plentifully fed wherever they are camped, and the fortunate householders who were not driven from their homes are procuring food at the various relief stations, established throughout the unburned district.

Water in sufficient quantities to meet all the immediate pressing needs for the people can be had. Sewers are being repaired and the hosts of people in open squares and parks are being organized into model camps by the military authorities. Temporary buildings are being erected in the parks to shelter women and children, and all the churches, educational institutions, vacant houses and those deserted by their occupants are tonight sheltering thousands of the homeless. Food is being brought in plentiful supply and distributed in an orderly and systematic manner. All those who desire to leave the city are being provided with transportation to any point in California free of charge.

The sick and injured are being cared for at the general hospital in the Presidio and at various emergency hospitals. General Funston, Mayor Adamson and Gov. Pardee met in conference at General Funston's headquarters at Fort Mason today and a thorough understanding as to relief measures and the policing the city streets was had. It was decided to divide the city into three districts, one under the federal troops, one under the state troops, and one

under the police. A plan of co-operation between the military and civil authorities was formulated and all future conflicts of orders or confusion of authority will be avoided.

The surplus brought into the city from interior points will be stored at Oakland. Male under Major Dural of General Funston's staff, who will forward the same by boat to the various water front stations, whence they will be distributed under the direction of General Funston and his staff.

The bankers of San Francisco met this afternoon to discuss the financial situation.

Forty Charred Bodies In One Building. San Francisco, April 21—Forty bodies were taken from the ruins of the building at 14th street today by the Red Cross Society. The structure, which was a four story wooden building containing three flats of ten rooms each, collapsed during the earthquake Wednesday morning. At the time several persons were taken out alive from the building, and it was thought that all the inmates had escaped. The ruins took fire and were consumed. The bodies of those imprisoned within the building were burned, only bones being left.

Chief Sullivan Died of Injuries. San Francisco, April 22—Chief D. J. Sullivan, of San Francisco's fire department, died this morning from the effects of injuries received on the morning of the earthquake. Chief Sullivan and his wife were sleeping in the fire house adjoining the California hotel, on Bush street. The earthquake shook down the chimney of the hotel and sent it crashing through the fire house. Sullivan and his wife were carried with the debris two stories to the ground, where they were extricated after great difficulty. Mr. and Mrs. Sullivan were at once taken to the Southern Pacific Hospital, but when the flames reached Mission street they were again moved, this time to the general hospital at the Presidio.

It was found that Mr. Sullivan was suffering from a fractured skull, four broken ribs, and other injuries.

"Edith" Graney, the well known appealing refugee, was with Chief Sullivan from the time the wounded man was removed from the fire house until Mr. Sullivan's death. Mr. Graney today stated that Chief Sullivan never knew there was a fire. After recovering consciousness, the chief took great interest in the affairs of the city, being always apprehensive that a fire would break out. He knew from the first that he was dying from his injuries, but never forgot the interests of his department. His mind seemed to dwell on the need of a salt water fire fighting plant and he repeatedly spoke to his friends of the increased necessity for such an adjunct to the fire department of the city.

Mrs. Sullivan, who suffered serious injury, has progressed satisfactorily, and it is believed that she will recover.

Sanitary Conditions Improving. San Francisco, April 22—The board of health reports a very encouraging health condition, considering the circumstances. Sickness is constantly on the decrease. There are very few contagious diseases and these are being attended at Deer Lodge in Golden Gate Park. Sanitary conditions in the residence districts are being improved. A large corps of volunteers started at work yesterday removing all kinds of garbage to the curbs. Wagons were being pressed into service today and the garbage will be destroyed. Cesspools are being dug.

Most of the sickness is among the people who are living out of doors.

No Water, Mothers Gave Children Liqueur. Los Angeles, Cal., April 22—A fragmentary account of the terrible sufferings endured by the little children of San Francisco in the earthquake and fire was brought to this city yesterday by Mr. and Mrs. Henry Huskey and Mrs. Kate Land, who lived together on Pine street.

"Under our own observation," said Mrs. Huskey, "was the case of one child, ill of diphtheria, who was carried into the streets Wednesday night by her parents, and died in agony on a lawn the next morning."

Students from medical colleges assisted the physicians. Nurses and others supplied coffee and food to hundreds who had gained admittance from the military guards.

The Death List Keeps Growing. San Francisco, April 22—The announcement is made that the fire is out, only smoking embers remaining. The condition of the homeless and shelterless people camped in various parts of the city is so remarkably good, and offers of substantial financial assistance are being received from cities in all sections of the United States. The grand total of all money subscribed to date is \$4,134,000.

South of Market street the loss of life was mostly brought about by the collapse of many cheap and crowded lodging houses. Among these was the Royal, corner of Fourth and Mission streets, in which many scores of victims were buried.

The collapse of the Portland Hotel in Sixth street, between Mission and Market, came about in a similar manner. Fully sixty persons were entombed amidst the crash of timbers and brick. Many of these were saved before the fire reached the spot.

The large five story Brunerwick rooming house, with 300 rooms filled with guests on the corner of Sixth and Howard streets, collapsed entirely, and fire started. It is estimated that more than 300 persons lost their lives.

Part of the large Cosmopolitan House, corner of Fifth and Mission streets, collapsed as the first tremble. Many of the sleepers were buried in the ruins, others escaped in their night clothes. At 775 Mission street, the Wilson House, with its four stories and eighty rooms, fell to the ground a mass of ruins. As far as

under the police. A plan of co-operation between the military and civil authorities was formulated and all future conflicts of orders or confusion of authority will be avoided.

The surplus brought into the city from interior points will be stored at Oakland. Male under Major Dural of General Funston's staff, who will forward the same by boat to the various water front stations, whence they will be distributed under the direction of General Funston and his staff.

The bankers of San Francisco met this afternoon to discuss the financial situation.

Under our own observation, said Mrs. Huskey, "was the case of one child, ill of diphtheria, who was carried into the streets Wednesday night by her parents, and died in agony on a lawn the next morning."

In some districts peopled by the refugees, women got to moaning and pleading for drink. Rained families made every human effort to satisfy the thirst of their little ones. Fading at last and in desperation, they invaded the neighboring saloons and bought whiskey to the women. Unable longer to withstand the pleadings of their children, mothers poured small quantities of the fiery liquor into tin cans and other available receptacles and gave it to the tots to drink. The natural result was to increase the pauper's staggering children was witnessed by observers.

Terrible Death List In Insane Asylum. Sacramento, April 22—A despatch to the Union from Agnew says: "The work of taking out the bodies of patients who were killed in the wreck of the insane asylum building is still going on. At the present time it is estimated that at least 100 are dead."

The work of taking out the bodies of patients who were killed in the wreck of the insane asylum building is still going on. At the present time it is estimated that at least 100 are dead.

Table with 3 columns: Place, Date, Property. Lists property losses in San Francisco, Boston, Baltimore, and St. John's (N.B.).

San Francisco, April 22—Weddings in great number were driven out of their homes and destitute, have appealed to the men to whom they were engaged, and immediately marriages have been effected.

Since the first day of the disaster an increase in the marriage licenses issued was noticed by County Clerk Cook. This increase is getting greater. Yesterday morning seven marriage licenses were issued in an hour.

"I don't live anywhere," is the answer given in many cases when the applicant for a license is asked where his residence is.

"I used to live in San Francisco,"

fed and cared for by the organized relief committee for an indefinite period. It is feared, therefore, that contributions be continued everywhere until the people who have been rendered helpless and destitute by the city misfortune can care for themselves.

The water situation, while causing inconvenience to the people, is no longer such a problem. About two-thirds of the section of the city not destroyed, have been supplied with sufficient water for the pressing domestic needs, but of course, there is not yet enough to be had for fire fighting purposes.

Within a few hours another supply of 6,000,000 gallons daily will be poured into the city from College Hills. This will furnish water to the northern section of the city.

At noon today reports were made by the board of health of the finding 23 bodies in various parts of the city. Few of them could be identified.

The body of a man was found in the middle of Silver street, between Third and Fourth. A bit of burned envelope was found in the pocket of the vest bearing the name "A. Houston."

At the present time it is estimated that at least 100 are dead.

LOCAL NEWS

Mr. S. McKel will open a first class bakery on Wall street on Wednesday next, where he will handle a full line of high class bread, cakes and pastry.

Mrs. Robert Hamilton and family wish to thank their friends for their kind and sympathetic help in their bereavement.

The schooner Arthur H. Wight, Captain Wambach, arrived in port yesterday from Mayaguez, Porto Rico, with a cargo of 27 packages new molasses for Percy B. Evans.

The Newman Brook Quilting Club will hold a smoker at their rooms on Adelaide street next Monday evening. It is the intention of this smoker to consider the possibilities of forming a quilting league, to be composed of teams from the city and West End. The Newman Brook Club has just received from London, Eng., two new pairs steel quilts, which are pronounced by the members of their club to be superior to any quilts that they have used. Any parties interested in the formation of a league are cordially invited to attend also above smoker.

If Travelling in Japan Or any civilized country, you can procure Laxative Brown Quinine from any drugist. All nations use it. E. W. GROVER'S standard on box.

Who is Your Laundryman? Does he tear your clothes? Does he make them yellow? Does he 'saw-edge' your collars? Does he 'blister' your shirts? Does he jumble your linen?

NONE OF THIS AT Dominion Steam Laundry, TELEPHONE 1727.

MANY IMMIGRANTS CAME YESTERDAY

Yesterday and Saturday were the busiest days for the arrival of immigrants at Sand Point, West End. No less than 3183 souls came on board the two C. P. R. steamships.

The Lake Erie had 1038 passengers, and the Lake Michigan had 2145 people on board which is the largest number that has ever come on board in any one season. There were four births and four deaths on the trip. Twins were born to a Galician woman and two Polish women also gave birth to children. One mother is but 17 years old; her child lived but a short time. One of the twins died. A Galician girl, two years old, and a four year old boy also died. The two latter succumbed to pneumonia. All the babies were buried at sea.

Captain Webster of the Lake Michigan has the distinction of wearing a South African medal, won in the recent Boer War.

In answer to a question as to whether or not he was glad that this was his last trip here this season, "No," said the genial commander of the Michigan, "I would just as soon come here all the year round." Capt. Webster is evidently not an admirer of the St. Lawrence river for navigation purposes. He has been in command of fourteen steamers sailing the St. Lawrence route, and can speak with some authority, and he says he believes the African medal, won in the recent Boer War, "No matter how many times you sail it," said he, "you always find something new, something you did not find before."

The quarantine officials took 31 people to the island, seven of whom have measles.

MARINE NOTES

The motor, which cost \$800 was placed in the schooner by a Toronto firm and will be of great service at any time when there are no winds.

The schooner "Gypsum Queen" cleared at Parramora last week for New York with 1235 pieces of spruce piling. From New York she goes to Bay Chaleur to load cedar for New York.

Another steamerboat line between St. Stephen and St. John, sailing at intermediate points, is among the possibilities of the near future. Common Brook is conducting a big business at Black's Harbor, N. B. are considering the advisability of inaugurating such a service.

The output of coal from the Dominion Coal Co. mines for the month of March was 310,226 tons, which is a phenomenal one for the month. For the same month last year it was only 173,000 tons. The shipments during the month amounted to 178,182 tons. This month's output will, it is expected, be considerably larger.

The Canadian Pacific steamer Montague arrived at Hong Kong, April 15, on a round the world trip. She left St. John, N. B. on January 20, and called at Cardiff and Durban. The total distance she travelled was nearly 18,000 miles. The Montague is to be placed in the Canadian Pacific's service between Vancouver and China and Japan.

A Glasgow correspondent writes: With the departure of the Donaldson line "Vencordis" from St. John, N. B. the winter season between the Clyde and Canada is brought to a close and the attention of the line is now being directed towards the opening of the St. Lawrence. The first steamer to Montreal and Quebec will sail on April 14, when the Allan line "Ontario" and the Donaldson liner "Marina" will. Last year the first sailing was on April 15. The vessels to be used in the service will, for the most part, be the same as last season. The "Parthian" will however, replace the "Salacia" after her first trip, and the "Numidian" will be put in instead of the "Glan", which is on transport service. Last season the trade to the St. Lawrence from Glasgow was an improvement on that for the three preceding years, and there are hopes that 1906 will provide a further improvement.

THE PROVINCE WINS AN IMPORTANT SUIT

FREDERICTON, April 23.—(Special)—The province won an important suit in the Supreme Court Saturday afternoon when it was decided that the estate of the late George H. Lovett, of Yarmouth, must pay succession duties of \$80,000 deposited in the Bank of N. A. in St. John, at the time of his death. Attorney General Pugsley acted for the province, and H. A. McKovern, K. C., for the defendant. Messrs. McKovern and Pugsley are to argue the amount for which judgment is to be entered. The sum involved is between \$3,000 and \$8,000. Argument was finished in the case of the Eastern Fruit Company vs. the Canning Sulphate Fibre Company. Dr. Earle supported appeal from the order of Judge Barker. Pugsley, Hazen and Ewing not called. Appeal dismissed.

ANOTHER POSITION

A. C. Oulton, of Dorchester, has been selected by the Employment Bureau of the Currie Business University, Limited, to fill the position of bookkeeper for the City Fuel Co.

OUTLOOK PROMISING

Fine Prospects for Atlin and Yukon Districts This Season.

The Skagway Alaskan in a recent issue said: J. H. Rogers, traffic manager of the White Pass & Yukon railway, states in an interview that the coming season will be one of unparalleled activity in the Yukon and Atlin districts. He said the White Pass already has in sight many hundreds of tons more freight than it had this time last year and that the railway's river boats and connecting steamship lines will be kept busy handling the traffic from the opening to the close of navigation. "The Guggenheims," continued Mr. Rogers, "will operate exclusively both in Atlin and the Yukon. They will ship three gold dredges, three steam shovels, three locomotives, 2,800 tons of steel piping, 700 tons of wood piping. This already has been ordered. Many miles of flumes and ditches will be laid and miles of piping put in."

Another thing that will contribute to the activity in the North this year will be the construction of the Klondike Mines railway. It will be extended to Selkirk this summer, a distance of 22 miles. The rails for the completion of the undertaking have been ordered and they will soon be pouring through Selkirk. Besides, there will be a thousand tons of material and other general supplies forwarded in connection with the same work.

DOMINION STEEL

(Montreal Star.) The earnings of the Dominion Steel Co. for the month of March were \$467,000. This compares with about \$150,000 in February and \$190,000 in January. The charges for March, including bond interest, sinking funds and interest on loans, total about \$83,000 leaving a surplus for March of \$384,000. The preferred dividend if paid would amount to about \$30,000 a month, so that the amount toward the common stock would be \$254,000. At this rate, therefore, the company will have over \$800,000 in the coming month, although the way the company is going ahead now, the figures will be much better than this.

The total earnings will run well over \$2,000,000 for the next twelve months at the present rate of increase, therefore, it begins to look now as if the next twelve months will not only bring about a sweeping reduction in the floating debt, but will bring earnings sufficient to provide some needed working capital.

MONTECAL CLEARINGS OFF

April will show quite a decrease in Montreal clearings, its last year's figures were also last year, the third decrease in succession. The comparative figures for the week were as follows:

Table with columns for Montreal Clearings for 1905 and 1906, showing values for various months.

SACKVILLE

SACKVILLE, April 20.—A young man from Bayville by the name of George Mitton, was found to be mentally deranged, and papers were issued for his arrest and handed to Constable Thomas L. Wood, who left for St. John where he will be placed in the asylum.

A. E. Wry has purchased the beautiful residence on Bridge street from W. C. Milner. Edward McDonald met with a painful accident rearing down from a building on the neck, breaking two bones. Since the accident he has been paralyzed so that he has great difficulty in taking nourishment. He is a brother of J. W. McDonald of Sackville, and is now recovering at the home of Mrs. Murray.

Rev. Mr. Watson, of Mt. Allison University faculty, has purchased the desirable residence from the University, on York street, now occupied by Thomas Murray.

R. E. Powell of Sackville passed with honors at McGill Medical school recently.

The Chas. Fawcett Manufacturing Co. of Sackville has re-elected the following officers: President, Chas. Fawcett; vice-president, Fred Ryan; manufacturing manager, Chas. W. Fawcett; secretary, Walter Powell; treasurer, H. E. Fawcett. The company has decided to erect a building 120x90 feet to the moulding shop.

Alison, No. 3, for the current collegiate year, was issued recently and is an interesting and valuable number. Notable among its contents is Dr. Allison's "Reminiscences of Public Men Seen and Heard in Lingley Hall" which was reported for Allison by young ladies of the school class.

The Free Kindergarten committee will meet at 4 o'clock tomorrow afternoon in the W. C. T. U. rooms. A full attendance is requested.

CANADA PERMANENT MORTGAGE CORPORATION. Maritime Provinces Branch: Corner Prince William St. and Market Square, ST. JOHN, N. B. Paid Up Capital, \$6,000,000.00. Rest, 2,200,000.00. Assets, 25,200,000.00. Deposits received and 4 p.c. Interest Paid or Compounded Half-Yearly.

THERE IS GREAT NEED

One of the dispatches sent out from San Francisco yesterday, and featured in a morning paper, quoted the relief committee as saying "that every homeless man, woman and child in San Francisco is being cared for, and that there is no suffering on the score of either food or drink within the city."

THE RUSSIAN LOAN

One of Russia's urgent problems, the financial one, has been solved in part and for a time by the new loan. Evidently investors in other countries believe that there will be no calamitous revolution in the Czar's dominions, but that gradually better conditions than those of today will be evolved.

THE FUTURE OF THE PORT

The bill introduced by Hon. Mr. Brodeur to reorganize the Montreal Harbor Commission is the first official step on the part of the government toward the national equipment of this Canadian harbor as are necessary in working out an effective and harmonious national transportation policy.

commodation of the fleets of large vessels that handle the general trade of the country and that make St. John their winter terminus.

"These demands are steadily increasing, and at a more rapid pace than the city's wealth. The future of St. John thus presents two alternatives. The government will have to take over the harbor as a national enterprise, just as it intends to do that of Fort William and Port Albany, whose harbors it will take over as a slightly different form, and equip and maintain it at the national expense, for the handling of the country's winter import and export traffic, or the port must drop out of the race and allow the traffic to drift to American ports and thus aid in the upbuilding of American cities."

The government, no doubt, will "take over the harbor as a national enterprise, thus adopting the wise recommendation of the Transportation Commission with respect to the harbors of St. John, Halifax and other cities. But what is the Commission's plan for St. John going to do in the meantime? It is promised that next fall, after the St. Lawrence is closed to navigation, the big new steamers of the C. P. R. and the Allan line will make St. John a port of call—"if the wharf accommodation is satisfactory." There is little likelihood that it will be satisfactory unless wharves long enough for these big ships are ready; and the city is at present building a wharf too short for their use, although it will be suitable for shorter vessels. No matter what the government is to do in the future, it is the Council's business to see that there is no interruption of service at the present time. St. John cannot afford to be idle now or to let matters drift long in such a fashion as to provide excuses for any steamship company which may not be anxious to send its steamers here next winter.

The Mayor and aldermen just elected, or re-elected, should take warning from the civic record of the last two years. The tendency has been to follow a policy of drift with respect to important questions and to assume that they would come out right somehow in the end. Even today there is apparently a suspension of animation at City Hall. Business which was deemed important before the recent election—the harbor question, the matter of regulating valves for the new water system, the wharf investigation—are left unfinished. The Council may expect and believe that the government is going to equip the harbor, but it is the Council's business to see that there is no interruption of service at the present time. St. John cannot afford to be idle now or to let matters drift long in such a fashion as to provide excuses for any steamship company which may not be anxious to send its steamers here next winter.

The remarks made by Judge Ritchie on Saturday, concerning beer shops and licenses, are worthy of more careful consideration than such remarks have hitherto received from those who grant the licenses. The Temperance Federation might look carefully into this question. There are said to be beer shops which secretly sell stronger liquors, although a stronger than some of their concoctions is probably not necessary to produce or hasten a state of drunkenness. Doubtless there are very convenient. Doubtless there are well-combated beer shops, but all are not so conducted.

The Montreal Gazette throws this basin of cold water on the industrial aspirations of Winnipeg—"The Winnipeg newspapers have an idea that the provision of electrical power at a cheap price will make that city one of Canada's greatest manufacturing centres. Cheap power is the great assistance to a manufacturing industry, but it is not everything. Cheap and plentiful labor means much more. Winnipeg is too closely in the grasp of the labor unions to have either cheap or plentiful labor, and the manufacturers are well aware of the fact."

The logs are coming down, and mills that have been idle since last fall are resuming operations. This should be a busy and successful season in the lumber trade of this port.

FREDERICTON NEWS. Fredericton, N. B., April 22.—(Special)—The ice jam which had formed in the dug way at Springhill broke away early this morning and about 1,000,000 feet of logs went down the river with it. The logs were well bunched, and were all of last year's stock. The ice is rapidly breaking away along shore, and the water is about stationary. The ice jam at Lincoln boom broke at 1 o'clock yesterday afternoon.

Feeling and appreciation references to the late Rev. Dean Partridge were made at both services in the cathedral this morning, and also at the parish church, Bishop Kingston, who conducted the morning service at the cathedral, referred to the great loss the church had sustained, and paid a tribute to the life and character of the deceased. At the evening service Sub-Dean Street alluded to the dean's death in a fitting manner. Rev. J. H. Macdonald made it the subject for a very able sermon at the Baptist church this evening. In the course of his remarks he spoke in terms of commendation of the action of the people of St. John in subscribing so generously for the relief of the sufferers. Mrs. Howers, sister of the late Canon Roberts, who has been a resident of the western States for some time, wired her sister, Mrs. John Robinson, today that she was not in San Francisco at the time of the earthquake. Recently Mrs. Howers had accepted a professorship in Stanford University, and was thought to have been in San Francisco at the time of the earthquake. Mrs. Howers's telegram, however, stated that he had left the city on the previous day with the object of returning with his wife, whom he had left in Denver. Relatives here were under the impression that they had removed to San Francisco some weeks ago.

Do You Have Your Clothing Made to Order?

If so, you will find it greatly to your advantage to have them made here. We have a very large range of choice imported and domestic cloth to select from and because of our cash business we can save you the price of an extra pair of pants on your Spring Suit. Will you look through our cloth, and note the prices? We guarantee entire satisfaction in every respect.

Men's Suits to Measure, \$15.00 to \$30.00. Men's Overcoats to Measure, 15.00 to 25.00. Men's Pants to Measure, 3.50 to 7.50.

J. N. HARVEY, Tailoring and Clothing, 199 to 207 Union Street.

Women's Button Oxfords Are in Demand This Spring.

- Velour Calf Button Oxfords, Good-year Welt, \$2.75. Gun Metal Button Oxfords, Good-year Welt, 3.50. Patent Kid Button Oxfords, Good-year Welt, 3.75. Many Other Styles in Boots and Oxfords.

"Enterprise Monarch" Steel Range.

Burns either Wood or Coal equally well. The Steel Plates from which the range is made will not crack, buckle or break under any circumstance. These Steel Plates radiate heat more quickly than cast iron, therefore requires less fuel to bake than ordinary ranges. Much money has been spent and no pains spared to make this the most perfect range ever introduced. Everyone guaranteed a perfect baker. Have you seen this range?

Dry Goods, Smallwares, Notions, Curtains, Oilcloths, Household Goods, Ladies' and Gent's Furnishings, etc.

INVENTOR OF THE RUSSELL RAILWAY PLOW DEAD HERE

James Henry Russell, a native of the State of Maine, but for some years a resident of St. John (N.B.), died at the home of his daughter, Mrs. Alex. Macaulay, this city, on Saturday in the eighty-fourth year of his age. Mr. Russell had been confined to the house and practically to his room and bed since the end of October last. He leaves his wife, to whom he was married more than fifty years ago, their six children, and several grandchildren.

The two oldest daughters of the late Mr. Russell—Alice B. and Frances W., are the wives respectively of Alexander and B. R. Macaulay. Mrs. W. H. Allan, now residing in Pennsylvania, and Mrs. C. L. Work, of New York City, are the other daughters. His eldest son, James William, a business man of Boston, and his young son, Merrill B., is chief machinist of the U. S. S. Pennsylvania.

LOCAL HEBREWS WORK FOR 'FRISCO SUFFERERS

The three-act play, 'Won At Last', will be presented at the Opera House on Wednesday evening next. The cast will consist of local Hebrews, and the proceeds will go toward the relief of sufferers in the San Francisco disaster. On March 13 last, the play was produced in York Theatre by the same company, which is known as the Amateur Dramatic Club, and met with a most encouraging reception.

The Opera House management has placed the Opera House at the disposal of the club. The young people of the club are under the personal supervision of Mrs. Landau, in the presentation of the piece. Specialties will be introduced between the acts by Baby Hoffman, and the City Cornet Band will play selections during the evening. The sale of seats will commence today at the Opera House box office. The admission will be fifty and twenty-five cents, the latter for the gallery. The rest of the seats will be reserved.

An entertainment will be given in city hall, Carleton, on Friday evening next in aid of the sufferers in the San Francisco disaster, and thus an opportunity will be given the people of the west side to contribute to the relief fund. The Empire Dramatic Club, who have the entertainment in hand, are using every effort to make it a success. The club will appear in two comedies entitled 'A Christmas Carol', and 'The Boston Dip'. They will be assisted by local talent. Tickets will be on sale Tuesday morning at all the principal stores.

SHEFFIELD

SHEFFIELD, April 18.—Harry Burns, lumberman of Fredericton, was in Sheffield Tuesday on route for the Little River steamer with a crew of men for stream driving. Miss Maud Upton, who has been confined to her home with diphtheria is improving slowly. The many friends of Leslie Bathrook will be sorry to hear he is in poor health again at his father's home in Lower Sheffield. Dr. Geo. Camp is in attendance. Miss Mabel Brown has returned home today the guest of Mr. and Mrs. W. J. W. Briggs. Miss Germaine Reid, of Maryville is spending a few weeks with her cousin Miss Gladys Bridges of Sheffield. George Day road commissioner of Fredericton was in Sheffield today on business. Mrs. Day who has been in poor health for the past two months is no better. Samuel Randall of Bridge Point sold a number of beef cattle on Tuesday to parties in Fredericton. Miss Margaret White, daughter of the Rev. Mr. Whyte, left yesterday for Little River where she is to take charge of the school in that district. Wild geese and ducks are quite plentiful on the meadows back of Sheffield, and the local sportsmen are trying their skill on them. Miss Bertha McCain of Burton who has been nursing at the home of Mr. and Mrs. Jack Randall for the last week returned home Thursday evening. Mrs. Tweed Hargrove is quite low with diphtheria at her home at Lakeville Corner. Charlie Furgerson who has been confined to his home with the same disease is able to be around again. Abraham Bridges of Bridge Point was in Fredericton this week on business. Frank Vandine and George Sowers left today for Little River for stream driving. Miss Mabel Brown has returned home from a visit to friends and relatives at Lakeville Corner. The members of the Baptist church held concert in the Lower Musgraveville church on Tuesday evening. Mrs. Hattie Brown who has been spending her holidays with her mother returned today to her school at Central Bridgeville.

A. GILMOUR, 65 King Street, Fine Tailoring, Ready-to-Wear Clothing.

The Hopkins Art Institute Former Residence of Mark Hopkins
SAN FRANCISCO, April 20—At the southeast corner of California and Powell streets, where formerly stood the home of the late Mark Hopkins, who amassed millions with Stanford, Collis P. Huntington and Charles Crocker in the construction of the Central Pacific Railroad, is now nothing but a pile of ashes. The Hopkins' house was presented to the University of California by his heirs and it was known as the Hopkins' Art Institute.

The Seismograph

SAN FRANCISCO, Cal., April 21—From the Cliff House comes word that the great pleasure resort and show place of the city which stood upon a foundation of solid rock, has been swept into the sea.

Not a thing stands to tell where the monster stone building once stood. It has been leveled to the foundation and only the rock lining the sea coast remains intact.

The Cliff House stood on a rocky bluff overlooking the Pacific Ocean. It was probably fifty or sixty feet above the water and was a favorite resort for thousands on bright days, both winter and summer. It was a favorite pastime of visitors to sit on the wide veranda of the hotel and watch the hundreds of sea lions and seals which congregated on large rocks about two hundred yards from the main land. In stormy weather the waves frequently swept over the top of the building.

One hundred yards north of the Cliff House are situated the famous Sutro Baths, which were built into the rocky bluff. The baths are constructed of steel and glass, and are said to be among the finest in the world. They were built at a cost of about half a million dollars by the late Adolph Sutro, who before his death gave them to the city of San Francisco. The bath house is about 600 by 300 feet and the top is probably 200 feet above the ocean.

Brigadier General Frederick Funsten

Mayor Schmitz of San Francisco.

MONCTON, April 21—C. V. Clement, of Magog, Quebec, has arrived in Moncton with three racing steeds to be trained on the Moncton track and to enter the maritime circuit.

Scott Act Officer McBean, since the recent discussion on Mullin's act involving the police committee, has been active in ferreting out evidence against violators of the law.

The schooner Free Tr, Capt. Priddle, sailed from port tonight for Boston, with a cargo of lumber, shipped by John Cranall.

The steamer Wilfred C. returned to Moncton this morning and is loading freight for Albert County and Nova Scotia ports.

DELIGHTFUL AFFAIR TONIGHT

There will be a large audience in Brussels street church this evening to hear the illustrated story, "The Romance of New France," by J. J. Enright, of New York.

PROBATE COURT

The last will and testament of the late Dina Jerritt was admitted to probate today, and letters testamentary were granted to William F. Goddard, the executor named in the will.

The citation in the proof of the will in solemn form of the late Andrew Crawford was returnable today. J. Joseph Perrier appeared for the executrix and Logan Crawford, John Kerr represented Mary Ann McLaughlin, daughter of deceased, and George A. Crawford, son of deceased, was represented by H. H. Pickett.

HALIFAX MARRIAGES

HALIFAX, N. S., April 22—(Special)—John W. Taylor will be married to Miss Jennie Milliken, daughter of Mrs. James P. Parham, at St. Matthew's church at 5 o'clock this afternoon.

A HORRIBLE DEATH

WINNIPEG, Man., April 23 (Special)—Donald Smith, a bachelor farmer in the Hawley district, while harrowing, became entangled in the lines and the horses making off he was dragged to death under the harrow.

O. B. AKERLY BUYS TOLLS

He and F. L. Potts Were Only Bidders for Market Collections—Stalls Also Sold.

The annual sale of the market tolls, stalls and city scales was held this morning in the city market, and \$5,403.20 was realized. This is about \$800 more than was received last year, the increase being mainly in consequence of the recent decision of the council to sell twelve stalls from which there has previously been no revenue.

SENT FOR POLICE WHILE SHE TALKED

How North End Woman Assisted in Capture of Two Boys Now Charged With Theft.

The case against Joseph McElhenney and Karol Kemp, arrested on suspicion of stealing \$300 worth of brass from the old "Acadia" the property of E. Lougheed, M. P. P., was resumed in the police court this morning.

Mrs. Lovatofsky wife of the owner of the second-hand store kept on Simonds street, said that McElhenney came to her husband's shop and requested her to buy the brass.

Officer Green stated that he found the boys at Lovatofsky's and the prisoners told him that they found the brass in the mud at the foot of Starr's wharf.

THE RELIEF FUND FOR SAN FRANCISCO

The Times-Telegraph fund for the relief of the San Francisco sufferers now reaches a total of \$4,004.75. Of this amount \$3,300 has already been sent to Mayor Schmitz of San Francisco and more will be sent as it accumulates.

FUNERALS

The funeral of the late Albert Warren was held this afternoon at 2:30 o'clock from his late residence, 37 St. Paul street.

The funeral of the late Lillian W. Hingley took place today at 2:30 p. m. from her late residence, 308 Carmarthen street.

The funeral of the late James Weir Russell was taken today on the Boston train.

WALL STREET

NEW YORK, April 23—The prevailing tone of the stock market today was heavy but the declines were generally narrow and were mixed with a few gains.

MONTREAL STOCK MARKET

MONTREAL, April 23 (Special)—Business was still quiet on the stock market today and changes in value were unimportant.

BLOWN UP BY GAS BUOY

OTTAWA, April 23 (Special)—The department marine and fisheries received a telegram this morning from Parry Sound, stating that Capt. Clark, who has charge of placing the buoys for the department in that district, was blown to pieces by an explosion of acetylene gas.

THE LIMITED WILL RUN
