MURDER IN THE YUKON.

Robert Ball, a Prominent Miner, Kills His Former Partner After a Quarrel. Seattle, Wn., Jan. 11.—Word was received here last night of the killing of William Phipps by Robert Ball on Fox Island, south eastern Alaska on January 2. The men were friends and associates in some marble properties close to the scene of the shooting, until a few months ago, when they had a business disagreement which resulted in a personal encounter in this city, in which Ball was worsted. Since then they have been bitter enemies and it is said each had made threats to kill the other. Ball was president of the Great American Marble Company, a concern capitalized at \$70,000,000 until last October. He claimed to be a graduate of the Michigan University College of Law and that he had practiced his profession in New York and in San Francisco. Phipps had been a miner and prospector for a number of years and was well known in Alaska.

TRIED TO WRECK STATUE OF FREDERICK THE GREAT.

Washington, Jan. 11.—Somewhat of a sensation was caused in this city yesterday by the discovery of what appeared to be a definite and serious attempt to blow up or deface the statue of Frederick the Great, given to the United States by Emperor William of Germany and erected in the arsenal grounds near the army war college on the Potomac River water front in the Southern part of the city. It was believed at first that a crank had made a real effort at destruction of the statue but after a careful investigation the police officials say the material used was incapable of producing damaging results. All the evidence so far secured, the police announced tonight, tends to show that the attempted effort to injure the statue was a ploy and amateurish. It is regarded as an attempt to work up a sensation. The police are investigating but thus far have not discovered any clue as to the identity of the perpetrator of the affair, the man who placed the "bomb" near the statue disappearing before identification. A hole in the soft mud, eighteen shattered window panes in nearby buildings, was the damage done by the bomb, which had been placed on a high picket fence surrounding the statue. An analysis and examination of the bomb shows the substance used had not sufficient strength to wreck the fence. A negro hackman named Arthur "Burr" took the man thought to have perpetrated the affair from the engine-driver R. R. to the statue. The stranger ran up the short flight

OSCAR WRIGHT IS ON TRIAL On the Charge of Manslaughter --Proceedings in the Court at Hampton Today--The Jury and Some of the Evidence.

Hampton, Jan. 11.—(Special)—The trial of Oscar Wright, who has been indicted for manslaughter by the grand jury in connection with the death of Wm. C. McKnight at Havelock corner, opened in the court house this morning and there was a large attendance of spectators, including witnesses. After the usual preliminary steps were taken the jury was empaneled, a delay of only thirty-five minutes being incurred in this respect. The jurymen, who will try Wright are as follows: Geo. Langstroth of Havelock, foreman; Jas. Strong, Sutton, Geo. Dryden, Sussex; Walter Kipatrick, Upland; P. Murphy, Studholm; Abner Cripps, Sussex; Wm. Holman, Sussex; Geo. H. Barnes, Hampton; Ellsworth Belyea, Westford; Jas. E. Woddall, Kingston; A. L. Pietman, Greenwick; John McManus, Hampton. The prisoner shortly after the opening of the court was brought in and formally arraigned. Hon. Dr. Pugsley, in reviewing the case, defined manslaughter and murder. He expressed his opinion that the grand jury had taken a very lenient view of the circumstances in bringing in a true bill for manslaughter in an amount due as rent of rooms used by the defendant as a restaurant at the Arctic rink in Woodstock. The plaintiff, J. H. Barry for defendant.

BIG STRIKE SPREADING.

Difficulty in German Coal Fields to be Taken Up by Reichstag. Berlin, Jan. 11.—The conditions of labor in the Westphalian coal fields which have induced the growing strike, will be made the subject of an interpellation in the Reichstag this week. The social democrats are preparing to demand that the status of the mine workers is most miserable, and that in spite of the wishes of the leaders of the unions the strike is spreading, shift after shift, and that the workers are not on strike and are not the slightest hope of preventing the strike from becoming general. This far there have been no disturbances. Cologne, Germany, Jan. 11.—The strike of coal miners has spread. Part or all of the diggers in 17 additional mines did not go to work this morning. The number idle is about 30,000 persons now out on strike. The social democrats are preparing to demand that the status of the mine workers is most miserable, and that in spite of the wishes of the leaders of the unions the strike is spreading, shift after shift, and that the workers are not on strike and are not the slightest hope of preventing the strike from becoming general. This far there have been no disturbances.

AN ODOROUS CASE IN NEW YORK COURT

The Plaintiff a Millionaire Aged 87 Years, and the Defendant a Negress—Three Quarters of a Million at Stake. New York, Jan. 11.—The final stage in the struggle for possession of nearly three quarters of a million dollars between John R. Platt, an aged millionaire, and Hannah Elias, a negress, whom he charges, wrongfully obtained the money from him during the twenty years of their acquaintance. The matter was ready for trial today. In this suit it was expected that the whole amazing story of the affair which attracted the attention of the entire country, when the secret of Platt's relations with the woman was revealed by the filing of his suit last summer, would be brought out. Interest in the case was intensified from the first of the strange and tragic death of Andrew H. Green, who was shot to death almost at the door of the Elias woman's home on Chelsea Park west few months before the Platt suit was filed. Green's murderer, a negro, was captured, and later sent to an insane asylum, said he had shot Mrs. Green because he was jealous of the latter's attention to Mrs. Elias. With the filing of the Platt suit, the contention of Mr. Green's friends that he was a victim of mistaken identity when the attack was made, was practically proven. There was a remarkable similarity in personal appearance between Andrew H. Green and John R. Platt, and Mr. Platt himself has said that he be-

CAMMACK'S LAST DAY ON EARTH.

He Will Be Hanged at Woodstock Tomorrow Morning for Murder of Doherty. Woodstock, Jan. 11.—(Special)—Thomas Cammack will be executed early tomorrow morning for the murder of Willie Doherty last August, but the man to pull the lever and send the murderer to his death is not publicly known. Sheriff Hayward is supposed to be the executioner but it is rumored that a local man, disguised, will do the work for the sheriff. The scaffold is being completed this afternoon. It is the same, will be erected on the same spot, where George Gee met his death about five months ago. The only thing new about the gallows is the rope as the rope that hanged Gee was cut up and carried away as souvenirs. The murderer spent a restless night and it is expected that he will collapse when he reaches the scaffold, if not sooner. Rev. Father McMurphy is his constant companion. Cammack ate a fairly good breakfast this morning but when brought into conversation he broke down and sobbed like a child. He is trying hard to brave but this afternoon he is restless and nervous. It is said that visitors will be excluded from the condemned man's cell, this afternoon, and the only persons to be present at the execution will be the hangman, Father McMurphy and the doctors.

TO REGULATE IMMIGRATION.

Government Will Take Steps to Prevent Pennine Jews Coming to Canada. Montreal, Jan. 11.—(Special)—As a result of the deputation of representatives of the steamship companies and the Baron De Hirsch Institute which yesterday waited upon the Dominion government, it is likely that a regulation will be issued which will prevent steamship companies from issuing tickets to Russian Jews unless each adult is in possession of \$25, and each child of \$5, in addition to their passenger tickets. This regulation will be in effect from January 15 to March 15. According to George Hissman, passenger manager of the Allan B. S. Co., who is a member of the deputation, the representatives of the Baron De Hirsch Institute assumed the government that if such a regulation were adopted they would guarantee to care for all who arrive until such time as they get work.

EQUITY COURT.

The case of Hanson vs. Hanson was resumed in the equity court this morning. The examination of the plaintiff Gideon K. Hanson, was continued, and the cross-examination was begun by Daniel Mullin, B. A., before recess. The plaintiff claimed that in 1864, when he left the business, the defendant promised to pay him fifty cents per thousand superannuation. The number of the defendant thereafter saw in the mill. The defendant denies this, and on cross-examination admitted that he had at any time, before suit for an accounting for the fifty cents per thousand feet.

"Beg your pardon, George. Were you speaking to me?" "Yes, I was asking you if you are going to keep that engagement?" "What engagement?" "For next Tuesday evening, for the concert at St. John Presbyterian church, King street?" "Oh, yes. All the family are going. It's the talk of the town."

HOCKEY AT WOODSTOCK.

MOHAWKS ARE HOME.

The Mohawks returned from Fredericton this morning. The boys naturally feel a little sore at their defeat, but they realize that the team was weakened by the loss of Rising and Robertson, and are not discouraged. They are now more determined than ever to go in and win, and the chances are that they will show a marked improvement when they next appear on the ice. They point out that in the league games last year they were defeated by the first two games they played, but after that they braced up and ended by leading the league, and capturing the trophy.

INSPECTOR IS BUSY.

M. A. Harding, has been reported by Inspector Jones for selling liquor after prohibition. James McCarthy, has been reported for having a door between his licensed tavern and his grocery. Wm. Cuples has also been reported for having two entrances to his bar. The cases will come up this afternoon. Sect. E. Murrell will appear for Harding and McCarthy. Edmund Ritchie will appear for Cuples. The cases of Harding and McCarthy for violation of liquor laws will come up on Monday morning at 10:30; that of Wm. Cuples at 11 o'clock. Inspector Jones visited these places yesterday and found that they had neglected to comply with the law. It was 11 o'clock at night when he entered the Harding's and he says that Harding has no right to keep even his restaurant open after 10 o'clock at night.

THE TIMES' NEW REPORTER.

Editorial note.—The Times has engaged the services of a new reporter. He is a young man of great and varied talents, but a remarkably vivid imagination, as will be seen from the following items which he handed to the news editor this morning. Alderman Christie is agitating for a fire alarm box to be installed in the Old Ladies' Home. The members of the safety board are now soliciting subscriptions toward the purchasing of pipes, tobacco and playing cards, which are to be distributed amongst the jail prisoners. Reference was made yesterday to the fact that our esteemed fellow citizen Jamesy Jones has a boil on his neck. It is a large red boil. The street railway company have adopted a new regulation. On entering a car a citizen must apologize to the conductor for having signalled the car to stop. If there is so much as the flicker of an eyelid when the conductor offers a smooth coin in change, the offending passenger must be immediately ejected. Admirers of the two ferry steamers, the Quagondy and Western Extension, are arranging for a race between these two craft. The first one to reach the bottom of the harbor is to be declared the winner. The race is expected to start Saturday. A Kings county farmer had a fit in the country market this morning. He

THE SQUIRE OF WANTAGE MAKES BID FOR SYMPATHY.

London, Jan. 11.—A serious scandal promises to develop in racing circles as a result of the Jockey Club's action in training Richard Croker from training his horses at Newmarket. The history of the affair given out by friends of "Boss" Croker is that when at the Newmarket sale in September, Mr. Croker appeared as a bidder for certain yearlings, he was informed that he was opposing Lord Marcus Balfour, who, it is well known, has entire charge of King Edward's racing stable. The "boss" then told Mr. Croker, and it was suggested to him that if he insisted in competing he would not be allowed to train his horses at Newmarket. Mr. Croker, however, was not influenced, claiming that his conduct was not discourteous, as he was dealing through an agent who did not know his adversary in the transactions and merely carried out his instructions. In an interview in Dublin, Mr. Croker said he was still completely in the dark regarding the whole matter, and expressed astonishment at the fact that the stewards did not give a reason for their action. A newspaper to-day says Mr. Croker intends to sell his residence at Wantage, England. For some time past he has been living in Ireland where it is supposed he will reside atoghter hereafter.

(Continued.) CHAPTER XIII. A Strange Alliance. "It was but a fleeting vision that we had of Roger Marske, for no sooner did the ray from Herzog's lantern fall upon him than he ducked down and disappeared. It seemed enough, however, to explain the purpose of his midnight visit, for in his mouth, carried there doubtless by his hands for the time, was a long dagger of Bowie knife. I joined Herzog as he strode to the window, and peered down into the gloom, but of the intruder there was no sign. He had completely vanished, and was presumably making his way through the shrubs back to the grounds of "Ardmore."

TOOK A SEVERE COLD. It Settled in The Kidneys. Pain in The Back The Result.

Catching cold and having it settle in the back is often the cause of Backache—the primary cause of kidney trouble. When the back aches it is a warning that the kidneys are liable to become affected. Hold the warning, check the Backache, and dispose of any chance of further trouble.

DOAN'S KIDNEY PILLS.

It is with pleasure that I add my testimony in favor of Doan's Kidney Pills. Some time ago, I took a severe cold, which settled in my kidneys. The soreness and pain in the small of my back bothered me greatly. After suffering for some months, and finding numerous remedies fail, I procured a box of Doan's Kidney Pills, and received immediate relief from my sufferings.

CAN'T BUY HORSES HEREABOUTS

So Newfoundland Operator Gets 57 in Boston.

On the Atlantic express today, among the passengers was Dr. Varian, V. S., who is en route to Newfoundland via Sydney in charge of a consignment of horses, purchased by him in Boston for the Harvey Lumber Co., of St. John's. One carload containing fourteen horses arrived this morning. There are four other carloads on the way, and all together fifty-seven horses will be sent forward in that destination. Dr. Varian, in conversation with a Times reporter, who asked how it was that these Newfoundland lumbermen had to send to Boston for horses replied: "Well, you cannot get them in Canada for the same price. In this country horses from 1200 to 1400 cannot be bought except at a most extravagant price, and lumbermen will not pay it when they can deal with a more reasonable market. It might be said, here that horse-flesh in the Maritime province has reached an almost unprecedented status as far as cash demands are concerned. Not long ago Prince Edward Island was the favorite resort for those who wanted horses of late, however, there has not been such a demand in that quarter. The only cause for the decline is attributed to the rapidly increased value placed on horses."

This morning about half of this number were at the Queen's rink practicing. There are a number of the best skaters among them, and with a little practice at stick handling they should make a formidable aggregation. Among those who have handed in their names to Manager Spencer are: Misses Daisy Sears, Marjorie Sutherland, Pamela Jenkins, Belle Shaw, Jean McDonald, Ethel Sears, Dorothy Brown, Kitty Sears, S. Brown, Florence Harding, Mary Inches, Lydia Kimball, and Miss Fisher.

COMPLIMENTARY DINNER.

NEW POLICEMAN.

A new man was added to the police force this morning to fill the vacancy caused by the resignation of officer Rolston, which went into effect a few days ago. The new patrolman is James H. He is a native of St. John, and was in the force, formerly, as a constable, in this morning by Magistrate Ritchie, and will go on duty tonight.

HE IS SAFE NOW UNTIL MAYTIME.

William Duven Will Work Instead of Begging Hereafter.

William Duven, who was arrested in the Union Depot last evening on a charge of begging, was before the Magistrate this morning. Duven represented himself as a shipwrecked sailor, without home or money. Finding that the game was not remunerative he changed his tactics. Approaching fruit inspector Sangster of the L. C. R. he informed that official that he was a staunch member of the Masonic order but he had been unfortunate and was very hungry. Mr. Sangster offered to give him a meal at the station restaurant, but William thought he could do better elsewhere, and was given a sum of money. Later on another passenger fell a victim to his enticements, after which he visited a nearby tavern, and sought refreshment in the cup that cheers. Having regained fresh confidence he returned to the depot, only to find officer Collins awaiting him. The officer stated that the railway officials at Moncton have issued strict orders that no beggars be allowed in that quarter. The only cause for the decline is attributed to the rapidly increased value placed on horses. Duven pleaded not guilty, and stated that he had always worked for his living. He admitted having been drinking, and informed the court that he could get employment at any time. He was sentenced to four months hard labor without a fine.
