FIRST PHASE OF GREAT BATTLE H/S TURNED IN FAVOR OF THE FRENCH

Nivelle Rushing Up Troops to Break Line Before Germans Can Consolidate Defense—Critics Believe Few Days Will Decide

The initial phase of the tremendous battle which has opened in northern France has apparently turned in favor of the French who are reported to have forced their way across the Ailette River, and the Crozat Canal at several points.

Further south, the French are attempting to batter their way toward Leon but between them and the goal lie the great forests of Coucy and St. Gobain and the comparatively meagre advance reported from Paris indicates that the issue is still very much in doubt.

STAND ON LILLE-LOAN LINE French refugees from the devastated wilderness over which the retreating Germans have passed and their evidence to the accumulating proof that Field Marshal Von Hindenburg's purpose is to give battle to his pursuers on a line running from Lille to Loon.

CLAN MCKENZIE PUTS FUNDS IN WAR LOAN

Clan McKenzie set a splendid example when recently \$700 of the funds of the clan were invested in the new Victory war loan. The sum of \$500 was taken from the relief fund and \$200 from the building fund. The matter was brought up before a meeting of the clan not long ago and fully discussed. It was the unanimous opinion that the most patriotic effort could be made by the clan in a substantial subscription to the new Canadian war loan.

This is perhaps the most unique investment yet made in St. John by a clan. The money was brought to the ball room in the direction of the war loan. Not only has the clan decided to pay in full, but it has also been splendidly of its brain and brawn. Colonel Murray McLaren, C. M. G., is a member of Clan McKenzie and the members of the society are very proud of his services in the present war. Lieut. Colonel G. G. Corbin is another member of Clan McKenzie, who has given yeoman service to the empire, and will soon return to the western front, leading the first ambulance train to be raised in the province of New Brunswick.

Major J. McGowan also is one who has done good work overseas. Several other officers and men of the clan have gone overseas in uniform and the clan is proud to have them. The members at home, unable to participate in the actual fighting, are doing their part nobly by subscribing to the victory war loan.

Hot Springs, Ark., March 21.—The Robins came to practicing yesterday was when manager Robinson ordered them to report in uniform at the rear of the hotel at ten o'clock. Hardly had they made their appearance when a big auto truck and an automobile drove up. McKenzie also is one who has done good work overseas. Several other officers and men of the clan have gone overseas in uniform and the clan is proud to have them. The members at home, unable to participate in the actual fighting, are doing their part nobly by subscribing to the victory war loan.

Robins have nice ride but have a long walk home.

TO THE BOY SCOUTS. Elliott Hotel, City, March 22, 1917.

Dear Scouts—You all know about the Red Cross appeals for waste papers. Well I have some work for you to do. A lot of you have Saturdays free, and all of you might have some time to do what I want, and that is to collect waste papers from every house in town each Saturday. You will thus be doing a great and patriotic work. There are tons of papers in town just waiting for willing collectors like you. In one of the cities of Upper Canada all the people took a day to collect and did so to the extent of 250 tons of paper, which sold for \$6,000. That was a mighty effort, but I think my plan of collecting every week is best for them. The Red Cross would have a regular weekly income; while on the other hand when we put a big effort we want to be excused as a rule from further efforts for about a year.

Now, dear Scouts, you will help, won't you? You will go right to work, and remember that what we do willingly is no trouble to us. Also remember I am with you in collecting papers every day. Your friend, TURNER HOWARD.

THE GLEANER ANSWERED. Chatham World—We have no sympathy with those who object to the incoming Liberal rule because over one-third of the Liberal members are Acadians. This does not mean French domination, and what harm would follow if it did? It would be better for themselves in the long run—if they had representatives on both sides of the house, as the inevitable next change may put them all in opposition, as we see no danger in the situation as it is.

Private Harold Stymest, son of William Stymest, of Fairview, was united in marriage to Frances E. Carter of Petersburg, England, on Feb. 17. The ceremony was performed in Petersburg by Rev. W. H. Thomas. Private Stymest left here with the 4th Battalion and upon his arrival in England was transferred into another unit.

TRIBUTE ON ANNIVERSARY OF DEATH OF MAJOR BELYEA. Private William Forman of the 26th Battalion, writing from France under date of Feb. 22, pays the following tribute to the late Major Belyea of the 26th Battalion: "One year since the death of our good Major Belyea, who was killed in action on March 20, 1916, and one of the best men that left Canada to do his bit for King and Country. As a man and a soldier, he was just as all and missed by his battalion, who all loved him. A good Christian, a good soldier, faithful to his country and faithful to his God; a better man could not be found in the world. He was a noble example of a Major Belyea. No doubt he is receiving his just reward in Heaven."

STRIKE SUDDENLY ENDS. Quebec, March 23.—The strike of some 800 workers employed on the construction of the new plants of the Ha Ha Submarine Cable Company, near Baguville, Chateauguay county, came to an unexpected end at eight o'clock this morning when the strikers fled out of the works they had seized after they had had a promise from the provincial police that they would be suspended till later in the spring. There was no rioting yesterday.

NEW GENERAL MANAGER OF ATLANTIC REFINERY

F. G. O'Grady Coming From Montreal—Customs Duties Here So Far \$2,500,000

O. C. Bisset, sales manager of the Atlantic Sugar Refineries Limited, left last night to spend a couple of weeks at the head office in Montreal.

L. R. Wilson, who has been treasurer of the company since its inception, and for something over twenty years, has resigned both offices from March 31, and will sever his connection with the company on that date. He will be succeeded as both treasurer and general manager by F. G. O'Grady of Montreal, who will visit St. John after the first of the month.

Aside from a short shut down during the holidays the refinery has been in continual operation for over a year. At present the refinery is running full capacity and has sufficient orders in hand both domestic and export, to keep it in full operation for the next few months.

Two cargoes of San Domingo sugars have arrived this month and two more are expected on or before the first of April. These together with heavy arrivals on both March boats of the Royal Mail, make six cargoes this month and give an idea of the volume of business being done at present.

During the time the refinery has been in operation it has paid into the customs approximately \$2,500,000, and is the largest employer in the very gratifying increase there has been in the customs receipts in the port of St. John during the last two years.

They have also expended for labor every cent of which was put in circulation in St. John over \$600,000 and the company feels that the St. John public on realizing this will be appreciative of the acknowledgment of the company in contributing a neat little booklet urging the people to give greater support to all home industries.

The change in management will mean no change in policy, the same aggressive sales policy has been followed and will be continued until Lantic Sugar is known in every home in Canada.

CANADIAN TIMBERS SUPERIOR

Canadians striving to make the best of their resources in war time will realize the bad practice of buying a commodity from a foreign country when a better one is being produced in Canada for the same or even for less money.

The forest products laboratories of the department of the interior, Canada, after a series of exhaustive tests have demonstrated that some of Canada's structural timbers are superior to the yellow pine which in the past has been so largely imported. The results of these tests are embodied in Bulletin 59 "Canadian Woods for Structural Timbers," which will be sent free to any citizen upon application to the Director of Forestry, Department of the Interior, Ottawa.

BACK TO DUTY

Sapper Frank H. Vennart, son of J. F. Vennart, of 84 Wilkesnoe street, and Sapper Manford Newman, of Campobello, who have been home on a pleasant furlough, have returned to St. John's, Que., to rejoin their unit, the Canadian Engineers.

CLOSED TO PUBLIC

The Union Station will be closed to the public on Saturday evening between the hours of 6.40 and 8 o'clock.

Suffer With Heart For Ten Years Would Nearly Smother

There is nothing that brings with it such fear of impending death as to wake up in the night with that sickening sense of smothering. The uncertain and irregular heart action causes the greatest distress of both mind and body.

Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

Mrs. M. O. McCready, Wapella, Sask., writes: "I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work, and would nearly smother at times. I had many remedies, some only relieving me for a time. I got a box of Milburn's Heart and Nerve Pills and felt so much better that I kept on using them, and can truthfully say I feel like a new man."

I would advise anyone with heart trouble to use them."

- Alkali in Shampoos Bad for the Hair**
- If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or soaping dyes, that contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.
- The best thing for steady use is just ordinary maltilled coconut oil (which is pure and grassless), and in better than anything else you can use.
- One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which flings out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.
- You can get maltilled coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

It is understood that government agents who looked over the plant some months ago estimated the total value of lands, buildings, machinery, raw materials on hand, etc., at approximately \$3,000,000.

Sir George Foster, acting premier, in an interview on the subject, said today: "The government will not manufacture any more Ross rifles but will make arrangements as quickly as possible for the manufacture of the Enfield rifle and other subsidiary necessities for the war. The preparations necessary for the manufacture of the Enfield will necessarily take considerable time as changes in machinery and dies of all kinds are necessary. Such help as is requisite for these purposes will be retained at the factory but for the present and until the factory is in a position to turn out the new rifle the help required will be comparatively small."

OVERSUBSCRIBED

The Canadian War Loan—The Ross Rifle Factory

Ottawa, March 22—There is every indication that the war loan has been largely oversubscribed. One of the last day for receiving subscriptions Sir Thomas White says: "Subscriptions have been running in number and amount in excess of last year's loan when over \$200,000,000 was subscribed. The largest subscriptions to be received will not come in until the last day as the applicants naturally desire to save their interest on the first instalment which has to be paid at the time of making application. Tomorrow is the closing day of the loan and the last chance of obtaining the most attractive investment ever offered to the Canadian people. It is not likely any further long-term issues will be made and it is these long-term issues which will appreciate in value when interest rates again become normal after the war."

As expected, Sir Robert Borden has accepted Sir George Foster declining to accept the resignation of Postmaster-General Blondin. Sir Robert has commended Hon. Mr. Blondin's decision to raise a battalion for overseas service but requests him to still remain in the government.

Cables received today by Sir George Foster from the British government announce a modification in the British import regulations in regard to fresh fruits and salmon. The prohibition of the importation of fruits has been relaxed so as to permit the importation of fifty per cent of the importations of 1916. This relaxation applies, however, only to existing supplies and will not be effective after July 1 next unless there is a material change in the existing shipping conditions. In addition to allowing the importation of canned salmon up to fifty per cent of last year's importations the

THE WAR SITUATION.

Whether the Germans will make a stand on what is called the Hindenburg line, which extends from Arras through St. Quentin, La Fere and Leons, to which they have now practically retired, or whether they will be compelled to abandon much more territory is not yet clear. There is at least a possibility that the very rapid advance of the French army, under General Nivelle, may have made it possible to drive a wedge through the line near Leons, and thus imperil the whole German position. The next few days will show whether or not the enemy is able to check the combined French and British advance.

The savagery of the Germans is illustrated by the devastation which has marked their retreat. They have gone out of their way to destroy everything including very much that might well have been of use to them. Last night's report told of the forced deportation of a large number of young girls from one of the abandoned towns. It is suggested that the continuation of the policy of frightfulness is the German way of attempting to force peace negotiations. If so, it is another illustration of German stupidity. In the early stages of the war, when the army of von Klueck was thrown back from the vicinity of Paris, and the British army advanced, it came on the very first day's march to a fine residence which had been the headquarters of German staff officers the day before. The whole place was found in such a filthy condition that it could not be occupied by the British officers. The whole record of the Germans reveals a structure of wickedness and a blighting commentary upon their boasted culture.

The American people have been entertained by a rumor that a neutral nation might offer mediation to prevent open war with Germany. Since German submarines are still sinking American vessels, having added another to the list yesterday, it is not surprising that there is no halt in the work of preparation for a war that is now practically inevitable. Recruiting for the navy is being pushed and the national defence council has been summoned to consider measures of preparation. War meetings are being held, and the people are giving expression more generally and more vigorously to the demand for such action on the part of the government as the outrages perpetrated by Germany require at the hands of the rulers of a self-respecting nation. Today's cables contain the comments of the London press on the prospect that the United States entering the war, and it is pointed out that even though it went no farther than the protection of American and neutral interests on the seas and financially assisting the Allies, it would be the most welcome and the most useful kind.

Great efforts are made to secure recruits for various battalions, and after they have been secured, and there has been much boasting about it, the wedding process begins. We are told that considerably more than one hundred have lately been weeded out of a New Brunswick battalion. Some of them may be utilized for home service and some will be discharged. There is a very marked difference between the number of men reported as having been recruited for overseas service and the number which actually reaches England, and of the latter a considerable number never reach France. Why should unit men be recruited at all? The announcement that intimations for Russia are likely to go through the port of St. John next summer is a confirmation of the statement made by Mr. J. S. Dennis of the Canadian Pacific during his recent visit to St. John. The news comes from Ottawa that the war loan has been largely oversubscribed.

PILES. You will find relief in Zam-Buk! It eases the burning, stinging pain, stops bleeding and brings ease. Perseverance with Zam-Buk means cure. Why not prove this? All Druggists and Storekeepers.

LIGHTER VEIN. Not Loud But Deep. The Constable (to townsman who has been knocked down by motorist)—You didn't see the number, but you could swear to the man? The Townsman—I did, but I don't think he heard me.

Wholesale Coupling. There is a clergyman in an Ohio city who is very proud of his record as a marrying man. "Why, Sir," said he to a Cincinnati man who was visiting him, "I married fifty couples a week, right here in this parsonage!" "Parsonage?" returned the Cincinnati man, "I should call it the Union Depot."

Canadian Finance, discussing this subject, says: "So keen a first-hand observer as Frederick Palmer, while in Winnipeg recently told the writer that he had given up trying to generalise in this matter. While he found some thinking of a future spent 'in the open,' very usually a man's one thought is to get back to the 'little old groove' from which war had dislodged him—whether that was behind the counter or behind a plough. With some this may be only a nostalgia which will vanish soon after home-coming—to be succeeded by a latent wanderlust not now suspected. But certainly there seems no reason to assume any general land hunger on the part either of Canadian or British soldiers. As to the latter, Britain's announced plans for the stimulating of after-war agriculture make it likely that any back-to-the-land impulse will be able to find its satisfaction right at home on British acres. What is here said is not by way of questioning the desirability of settling on the land as many of our returned soldiers are fitted—or can be fitted—for successful farming. But the problem is no simple one. It calls for immediate and sane planning."

CHILDREN'S AID. St. John and Fredericton have Children's Aid Societies, and it is expected Moncton will organize one next week. Newcastle and Chatham are likely to join for a similar purpose. The whole province should be organized, and there should be a provincial superintendent to direct and hasten the work, connect the societies with each other for working purposes, visit the children placed in foster homes, and list all the desirabic homes in search of foster-children. Ontario has set us a fine example. The Toronto Globe says: "Ontario has always taken great interest in work for needy children, and the people have responded to the opportunity given them of protecting little ones against unlit guardians or the environment of evil. Since the passing of the Children's Protection Act and the establishment of the government department up to the present over ten thousand children have been made wards of the Children's Aid Societies of Ontario, in addition to many thousands for whom life was made safer and pleasant. There are now fifty-two of these societies working under the supervision of the department, one in each county and large city. The existence of these societies means an immense power for good in the province."

LOCAL NEWS OF SOLDIERS. Mrs. Matthew Northrup, of Little River, received word yesterday that her son, Sergeant Percy K. Northrup, of the infantry, had been officially reported wounded on March 17 and had been admitted to the war hospital at Dunstan, England, suffering from gunshot wounds. Mrs. Northrup has sent four sons to the fighting in France. Besides Sergeant Percy K., there are Roy, Percy and Jack. The midnight casualty list contains the names of three New Brunswick men: Killed in action, Lance Corporal Harry Hendrie, East Central, and LeBaron Beach, Hunter's Honor; wounded, Acting Lance Corporal D. A. Henderson, Chipman. The Canadian Engineers opened a recruiting depot in West St. John yesterday. They are the first unit to open a permanent recruiting office on the West Side. Three recruits were secured in the city yesterday: Leo Brown, St. John. Army Service Corps; Edward W. Dunham, St. John, Canadian Engineers, and

Beryl Blanche and Cesar Barranco, Cuban consul. Lieut.-Colonel J. A. Cooper, officer commanding the 188th "Canadian Buffs" battalion, was the special speaker last night at the regular meeting of the Y. W. P. A., held in the order of the Moose rooms, Union street. Colonel Cooper took as his theme Equality of Service. During the course of his address he said that 6,000 women were at present working on munitions in Toronto. These women had speeded up the production of munitions considerably since they took over the work and had, per capita, produced more in the course of their work than the men had done per capita. They were working on nine inch shells, which when completed weigh 270 pounds each, and had thus disabused the opinion expressed when they began the work that they could not handle shells of this size and weight nor do the work usually performed by men. He pointed out that the application of the militia act would place the effort of Canada and Canadians to assist in this war on a fair basis, which did not exist under the present voluntary system. He urged strongly the conscription of wealth as well as that of man power, for that, too, he said, was an essential factor in the successful prosecution of the war. Letters were read from Capt. George Keefe, of the 26th Battalion; Capt. Godfrey, of the 28th Battalion, and Capt. McVey, of the Pitt street hospital, expressing thanks for assistance given by the members of the Y. W. P. A. It was decided to donate \$50 to the Red Cross in answer to the special appeal now being made by that society. It was also decided to install a gas pipe in the St. James street military hospital to assist the nurses and the Y. W. P. A. in their work. The expenses of the purchase and installation of the gas pipe will be borne by the Y. W. P. A.

New York, March 22.—Albert O. Sander and Charles N. Wunnenberg, who pleaded guilty to a charge of having sent opium to England from this country to gather information for the German military authorities, were sentenced today to serve two years in the federal prison at Leavenworth, and pay a fine of \$2,000 each.

47 years of success behind SHILOH. SHILOH is good for coughs—for nearly half a century that has been the watchword in thousands of homes. Shiloh brings quick relief to an inflamed cough-racked throat. It cuts the dangerous phlegm in croup, eases a hard tearing cough and is the great preventative of more serious troubles. Shiloh doesn't upset the stomach. It is extremely pleasant to take and because of the small dose you will find it, we think, the most economical medicine you ever used. Let Shiloh cure your next cough. 25c, 50c and \$1.00, at all druggists. Good for COUGHS.

RECENT DEATHS. William C. McKeever. Many friends in the province will learn with regret of the death of William C. McKeever, son of the late William and Mary Ann McKeever, formerly of Robshaw (N. B.), who lost his life in a fire which destroyed the hotel in which he was stopping in a British Columbia town on March 4. No details of the tragedy have reached friends in St. John beyond the bare announcement that Mr. McKeever had been a victim. The late Mr. McKeever has been a resident of the Canadian west for a great many years. He leaves one brother and two sisters. The brother is James McKeever, of Saskatchewan, and the sisters are Mrs. H. H. Hancock, of Neaden (Sask.), and Miss Agnes H. McKeever, also residing in the western province. Two nephews, W. R. J. Hancock and Frederic E. Hancock, also of the west, and two nieces, Miss Grace Keohan, of Boston, and Miss Leonora Hancock, of Neaden, also survive. The late Mr. McKeever will be remembered by many people of Robshaw and St. John, all of whom will hear of his untimely death with sorrow.

Mrs. David McKay. Yarmouth, March 22-The death occurred at her home in Forbes street this morning of Lucy McKay, wife of David McKay, after a short illness following a winter of failing health. She leaves besides her husband, two sons, Robert S. and C. Curtis, barristers, of Yarmouth, and five daughters-Janel M., at home; Mrs. Edna H. Norby, of Everett (Mass.); Anabel M. of Neaden (Mass.); Joseph M. Porter, of Deerfield, in this county; and Mrs. Leroy E. Gardner, of Melrose (Mass.).

At a meeting of the Caulkers' Association held last evening in their rooms in Main street, it was decided to ask for an advance in wages from \$8.50 a day to \$4. High cost of living and slackness of work were given as reasons.

ENEMY CANNOT POISON THE ADVANCING ALLIES

(Toronto Star) Three-ton lorries carrying sand filters and chlorinating machinery, plus a de-poisoning apparatus, are being used by the British in their present advance to act as mobile purifying plants for all water consumed by the army. Filtra-tion and chlorination-the very system used in Toronto-do away with bacteria, and the trucks equipped with this system were the suggestion of Col. Dr. G. G. Nasmith, head of Toronto's lab-oratories, while he was in the front. It is these the British authorities added to the de-poisoning plant, which removes such poisons as arsenic if they are left in the water by the retreating enemy. To-day's despatches indicate that a num-ber of poisoned wells have been found, which will detect poisons in ten min-utes. As for bacteria, every bit of water drunk by the soldiers is chlorinat-ed anyway, so the danger from that source would be minimized. I never heard of specific cases of wells being poisoned when I was in France, but the thing had been done in other wars and the British were taking no chances. If poisons were used by the enemy they would be such things as arsenic and cyanide. In any event they would be promptly detected.

RICH GOLD STRIKE

Toronto, March 23-A wire from Timmins to Kley, Smith & Amos says: "It is very seldom that anything is ever heard of gold strikes on any of the big producers, but the Hollinger last night unearthed a vein which promises to be one of the wonders of the camp. The vein is on the 400-foot level of the Acme property. The work so far done shows it to be almost solid gold, several inches wide, and as it is being taken out it is deposited in the vault without further treatment."

WOMAN SICK TWO YEARS

Could Do No Work. Now Strong as a Man.

Chicago, Ill.-"For about two years I suffered from a female trouble so I could do no work. I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspaper and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, irregularities, periodic pains, backaches, bearing-down feel-ing, flatulency, indigestion, dizziness, and nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

RELIABLE REMEDY RESTORES KIDNEYS

For many years druggists have watched with much interest the remarkable record maintained by Dr. Klinger's Swamp-Root, the great kidney, liver and bladder remedy. It is a physician's prescription. Swamp-Root is a strengthening medicine. Dr. Klinger used it for years in his private practice. It helps the kidney, liver and bladder to do the work nature intended they should do. Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it will help you. No other remedy can successfully take its place. Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this great preparation, send ten cents to Dr. Klinger & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The St. John Daily Telegraph and Times.

CHANGE IN PAVING AGREEMENT ASKED

Commissioner Fisher Submits New Proposition to New Brunswick Power Company

SUGGEST CHANGE IN DEPARTMENTS

That there should be an exchange between the heads of the public safety and public works departments was suggested by Commissioner G. Fred Fisher yesterday afternoon at the regular meeting...

Commissioner Fisher's statement caused more or less laughter, but in replying to it Commissioner McLellan said: "I thought at first you were joking, but when you said you weren't I am willing

Marmalade I made it with my same old recipe but I used Lantic Sugar On account of its fine granulation it dissolves instantly making a clear jelly.

to look at the matter in a different light. If you have a grasp of your own department in the short time you have been in office, I guarantee that you cannot grasp the public safety department in that time. You have been in office a little less than a year, and by going from one to another as you suggest you might be able to make the round of all four within the time limit of your term.

the system, or the substitution of grooved rails, I wish to point out that in case the city should pare any of the streets referred to above before the expiration of the 1908 agreement in April, 1925, the amount which the New Brunswick Power Company would contribute to the cost of such paving would come seriously short of their proper proportion because the payments for the paving would be spread over fifteen years (by bond issue) and of the fifteen payments the company under the existing agreement would only contribute five or less, making its last payment in 1922, thus escaping nine-fifths or more of its proportion of the cost of the pavements.

TO DISMISS CIVIL SERVANTS WHO DON'T ENLIST?

Dominion Government Reported to be Contemplating Such Action - Significant Article in "The Civilian"

(Ottawa Citizen)
The dominion government and the Imperial Munitions Board will soon have under consideration the matter of dispensing with the services of civil servants fit for military duty.

The matter will be brought before the government in the presentation of the report of the public service board, which recently completed a census of the various departments. It is already under consideration by the Imperial Munitions Board, which has sent a memorandum to the various chiefs of departments therein with regard to the substitution of persons ineligible for military service for the young unmarried men now in the employ of the board in great number.

Forecast in Civilian
As regards similar action toward the civil service The Civilian in last week's issue gives what is no doubt an authoritative forecast of certain features of the public service board. It points out that the inquiry conducted by that committee included investigation into what each employee could do in case it were desired to transfer him from one department to another. It is understood this has

A CHILDREN'S HOSPITAL

Another generous donation to the Children's Hospital in Halifax has been announced. R. A. Corbett has contributed the sum of \$2,500 to the hospital and the committee state that two other subscriptions of \$1,000 each have been promised.
The directors of the hospital intend to extend the hospital on its present site. There are now twenty-four beds and it is hoped to be able to so extend the hospital as to have forty or fifty beds, also to provide for infectious disease wards, so that should any such disease develop in the hospital, they can there be looked after without difficulty. The first step in this direction will be to secure expert advice as to how the hospital should be enlarged.

Freckle-Face

Now Is the Time to Get Rid of These Ugly Spots
Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?
Simply get an ounce of ethio, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more ethio is sold in this month. Be sure to ask for the double strength ethio, as this is sold under guarantee of money back if it fails to remove the freckles.

Field Staffs Cut Down

In one department where extensive "field work" has in the past been carried on through the summer, such operations are to be very largely curtailed. The surveys and other technical men who have been employed in the past have, it is understood, been divided into three classes, single men of military age coming last, which means that they will not be employed at all. In the outside services of some other departments dismissals on a lesser scale have taken place and these are always of men eligible for military service.

The Outside Service

It is considered not improbable that the board's report will also pay particular attention to the large number of young men of military age taken on in the outside services since the war. The militia department itself is said to have been the greatest offender in this regard, employing scores of eligibles who are engaged in "work" that as they are paid out of the war vote they are on war service and thus not called upon to enlist.

action in regard to the civil service will be taken at the same time.

It is rather a subject of surprise that action is so long delayed. Recruiting in the service proceeds about as usual. Different units are securing a few men each, but there is no general revival of military spirit in evidence such as would be likely to induce the government to refrain from drastic action in the hope that the volunteering system might yet secure all or nearly all the available men for military service.

1,000 Fit and Eligible

It is understood that there are in the civil service, as already reported, some 1,700 men eligible to enlist for military service, of whom 1,000 are apparently physically fit. The board will report that the civil service could be carried on efficiently without the services of most of these employees, through reorganization and transfer and as a consequence

Irish Question Again In Commons

London, March 22—In the course of a debate in the house of commons to-night on a resolution offered by Sir James Henry Dalziel, Liberal, urging the government to make another attempt to settle the Irish difficulty, Andrew Bonar Law, chancellor of the exchequer, announced that the government already had decided to make such an attempt. The Dalziel motion accordingly was voted down.

The Nationalists, considering that they had already stated their position, did not participate in the debate, which manifested a strong desire for a settlement on the part of all Unionists and Liberal speakers, with one exception. The exception was Lord Hugh Cecil, who declined to believe that war time was favorable to such an attempt.

Sir James Dalziel's Views.

The Dalziel resolution urged the government to take immediate steps to bring about a settlement of the Irish question. Sir James argued that Ireland was the weak spot in the great task before the country, and said he thought the government ought to appoint a commission to endeavor to reach a settlement of the home rule controversy. Great Britain had entered the war for a scrap of paper, he added, but he was unable to forget the existence of an Irish scrap of paper which was endorsed by the will of the British people.

It would be impossible for the government to persevere with its motion to extend the life of the present parliament, Sir James continued, if there was a solid body of opinion in the house of commons against them, and every day's delay was recruiting a supporter to the physical force party in Ireland.

No Trucking With Kuhlmann.

Ronald McNeill, Unionist member for Kent, on behalf of Ulster county, entered a strong protest against the suggestion of John Dillon, one of the Nationalist leaders, in the house Tuesday night,

BOB LONG
UNION MADE

that there had been negotiations between the Ulster leaders and Baron Kuhlmann. He declared this was a trumped-up charge and that it would prove a great obstacle to a settlement of the home rule question. He further expressed the belief that the statement of the dominions "would refuse to touch this Irish commission with a barge pole."

Bonar Law welcomed the tone of the debate. He declared that, far from desiring a general election on the Irish question, as had been suggested, he would detach an Irish member from the British statesmanship, besides being a handicap in carrying on the war. All parties agreed that it was impossible to impose a settlement on Ulster by force. The government, the chancellor continued, was anxious for a settlement, but sacrifices must be made on all sides. He hoped Ulster would prove less adamant, and if the Nationalists would openly avow their readiness to act with the same spirit as the British parties, their task would prove a much easier one.

The Effort Worth While.

"If we make another attempt and fail," said Bonar Law, "the position will be worse. But we have decided, in spite of the risk, that it is worth while for us who are responsible to make that attempt. Bonar Law's announcement was received with loud cheering.

"The house knows the difficulties, and therefore we hope it will not press for particulars, but will give us time for consideration."

Former Premier Asquith, having expressed profound gratification at the announcement of the chancellor, said:

"I think it better to make the attempt and fail than not to make it at all, and I am certain the government will have not only the sympathy but the active co-operation of the whole house."

In the lobbies Bonar Law's announcement was warmly welcomed. The general idea was that the government would appoint a commission, on which the colonial representatives now in England would sit.

Amazing Power of Bon-Opto To Make Weak Eyes Strong

Doctor Says It Strengthens Eyesight 50 per cent in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Victims of eye strain and other eye weaknesses and those who wear glasses will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read every thing without my glasses, and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me. A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes which induced fierce headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the type writing on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the linting leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what has done for me."

It is believed that thousands who wear glasses can now discard them in a reasonable time.

Congratulate J.P. Byrne, K.C.

Remarks by Judge McLatchy and Others at Meeting of Gloucester County Court.

The March sittings of the Gloucester county court opened at Bathurst Tuesday morning.

J. P. BYRNE, K. C.

Jay morning, His Honor Judge McLatchy presiding. No criminal dockets were before the court. The civil docket consisted of two non-jury and one jury cases. Judge McLatchy referred to the fact that Mr. Byrne had recently been honored by a call to the ranks of his majesty's counsel learned in the law, and warmly congratulated Mr. Byrne on the honor. The judge continuing, stated that Gloucester county might well be proud of the fact that of her four lawyers, three were king's counsel, and that Mr. Byrne, still a young man in the profession, would not as yet be expected to assess the honor.

All the members of the bar present, A. Landry, K. C., George Gilbert, Esq., and J. I. Ryan tendered their felicitations to Mr. Byrne and all agreed that the honor was well merited. Special mention was made of the fact that the all to the inner bar was more coveted than heretofore, as at present politics lay no part in its donation, but members of the profession secure the honor on the recommendation of the chief justice of New Brunswick, and of the chief justice of the king's bench division. Mr. Byrne voiced his appreciation of the remarks of Judge McLatchy, and of a fellow members of the bar presenting that he would do his utmost to live up to the dignity and best traditions of a wearer of the silk, and made mention of the pleasant relations that had always existed between the judge and himself, and the good feeling with which he had worked with members of the bar during his twenty-five years in the noble and honored profession of the law.

Lines Hold Firm ON CANADIAN FRONT

Canadian Headquarters in France, March 22—(By Stewart Lyon, Special

Correspondent Canadian Press)—The civilian population behind the Canadian front is jubilant over the display of "voluntary elasticity" by the enemy. On that part of the western battle line between Noyon and Arras the enemy still holds his trenches here and there. The raid on Tuesday morning by the Canadians proved that. It resulted in the capture of a number of prisoners with a minimum of loss. "A dramatic incident is reported from a part of our front on which, early in the war, stubborn battles took place between the French and the Germans. Some Canadian soldiers searching the field quarters noticed a grass grown mound of curious shape. On penetrating the mound they discovered the entrance to a dugout in which were four German officers seated at a table where sudden death had overtaken them. Their equipment was still hanging on a wall. The cause of their death was asphyxiation either from gas entering the dugout or from the closing of its entrance by shell fire. If the latter, knowing there was no hope of escape, the officers must have sat down around the table waiting the end. Many other like tragedies may be described later.

Major Stehelin of 165th is to be
Commander

That a new forestry company is to
be authorized in the near future and is
to be commanded by Major Stehelin,
company commander of the 165th, was
the information received in the city
yesterday. Major Stehelin has been with
the 165th for some time and is considered
a very efficient officer. He is to remain
behind when the unit leaves for
overseas, in charge of the details, which
will consist of about 150 men. They
include those members of the 165th who
were turned down owing to their being
physically unfit.

The new unit is to be recruited in

RETURNING SOLDIERS CRITICIZE DOCTORS

(Toronto Globe)
More than one-half of the soldiers returned to Toronto and this district yesterday from England were men who were unfit for military service, but fit for civil life. They had spoken to the training in English camps because of unfitness in many cases not discovered by medical examiners here before their unit made its departure.

The men themselves bitterly attacked the system of medical examination which led them to believe that they were fit for the trenches.

Each party of returned soldiers has among its members men who have been discharged in England.

FATHER MALONEY DEAD

Zealous Redemptorist Priest Passes Away Today

Born in St. John But Early Removed to Calais -- Was Ordained in 1868 by Cardinal Gibbons.

Rev. Martin Maloney, C. S. S. R., of St. Peter's church, passed away at 1.30 o'clock this morning after a lengthy illness. For the last ten or twelve years Father Maloney was in poor health but he was able to be about and attend to his religious duties until last August when he broke down and was sent to Saratoga for treatment. He returned to St. John in October, but had to undergo further treatment in the St. John infirmary. A few months ago he returned to St. Peter's rectory and since that time gradually sank until death overtook him.

Father Maloney was born in this city and as a young boy removed to Calais. In later years he returned to St. John and secured employment as a mason. In his early twenties he had a desire to study for the priesthood and after passing the customary examinations was admitted to St. Mary's Redemptorist Preparatory College in North East, Penn. There he studied for six years and then he went to the seminary at Ilchester, Md., where he remained for seven years. He was ordained to the priesthood on August 5, 1868, by Cardinal Gibbons.

After his ordination Father Maloney was stationed for a short time in Brooklyn, N. Y., and from there went to Toronto. He was transferred to Quebec and then to St. John.

During his many years at St. Peter's church Father Maloney endeared himself to the hearts of the congregation. He was genial and hearty and a most zealous priest. Although suffering great pain in his illness, he was patient and sympathetic, and by his indefatigable zeal gathered many to the fold. He was a shrewd business man and was highly esteemed by all with whom he came in contact.

He is survived by three sisters, Misses Annie and Katherine of Calais, Me., and sister Leonard, a Sister of Mercy in Bangor, Me.; also three brothers, Patrick and Michael of Calais and John of Belmont, Mass.

His funeral will take place on Monday morning following a solemn requiem high mass which will be celebrated at 10 o'clock. Interment will be made in the priest's lot in the rest of St. Peter's church.

ST. JOHN, N. B.

Dear Mary:—

This morning I was passing Everett's Furniture store. I went to see their new spring furniture

How attractive the new designs are! If you have any friends who need new furniture and rugs just tell them to go down to this store.

And the prices! They were so low for the strongly made, stylish new patterns.

Come over soon and spend the day.

With love—HELEN

P. S. Don't fail to see the new furniture at
