German Warships at Large; Bombard Dunkirk

Official French Statement Says They are Operating Off French Coast

TWENTY PEOPLE ARE KILLED

Nineteen Large Shells Fall in French Town and Some Houses Are Destroyed—Evidently Ships From Kiel Escaped the Watching Britishers

Paris, April 30—German warships have been seen off the Belgian coast, according to an official statement given in Paris today.

There have been several despatches in the last week, indicating that German warships were at large in the North Sea, evidently having evaded the British men-of-war which, for many months, have been doing patrol duty in front of the German naval bases on the eastern side of the North Sea.

The latest report along this line was brought in by Captain Scott, of a Swedish steamer, who declared that he had seen in the North Sea a German fleet numbering no fewer than sixty-eight vessels, of all classes, from battleships to torpedo boats.

The inference was that the incident had occurred within a week of the Dunkirk raid on the northern coast of France, within a few miles of the Belgian frontier.

London, April 30—(12.40 p.m.)—The British steamship which was reported last night to have been sunk by a German submarine, off the Isle of Lewis, North Scotland, was identified today as the Erik 14th steamer Mohle, carrying a cargo of coal.

Paris, April 30—The French War Office this afternoon reported: "German warships have been reported at large off the coast of Belgium."

"Dunkirk yesterday received nineteen shells of large calibre. Twenty persons were killed and forty-five wounded. Some houses were destroyed."

Canadian Casualties At Ypres Are At Least Two Thousand

Only One Quarter of List Has Reached Ottawa so Far—Feared Identifying Graves of Fallen Will Be Impossible

Ottawa, April 30—At least 2,000 Canadians fell at Ypres, according to information received at the department of militia. The casualties received so far total only 600, so three quarters are yet to come.

Even at this it is feared the estimate is unduly conservative. No battle, it appears, escaped. Every regiment that was in the fight has recorded losses, most of them heavy and every city and town in the dominion has its quota on the roll of honor.

Probably it will be a week or more before the total is known. The question of identifying the graves of Canadian soldiers is being considered. "It is well not to hold out much hope in that regard," declared a high military officer today.

From personal experience I know that it would be next to impossible. The case will be different where men die in hospitals and are buried in cemeteries adjacent. Where hundreds fall, however, it is customary to bury them in trenches and to establish individual identification would be extremely difficult if not impossible.

The bodies may be identified by marks on the clothing, but separate headstones cannot, it is feared, be arranged for. It is considered well that the relatives of the fallen be advised frankly not to expect too much, having regard to the battle. "Another possibility is that many of the Canadian dead may have been buried by the enemy," General Hughes, however, has wired Lord Kitchener that everything possible be done to keep the identification of our fallen heroes.

GOVERNMENT'S TROUBLES MEAN NO PROROGATION THIS WEEK

Fredrickton, April 30—(Special)—The house is not to prorogue today after all. There has been another government caucus, and the difficulties over the Valley Railway affair are evidently greater than was anticipated. The house will therefore meet again next week.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, E. F. Stewart, director of meteorological service.

Synopsis—Pressure is now low over the greater portion of the continent with a pronounced disturbance centred in southern Alberta. Rain has fallen generally in Quebec and the maritime provinces, while a few local showers have occurred in Ontario and Alberta.

Still Showery Maritime—Fresh easterly winds, cloudy and cool today and on Saturday with occasional rains.

CANADIAN AMBULANCE SOUGHT BY GERMANS; FOLLOWED AND ALL KILLED

Rogers Has Way Election on Monday June 14 or 21 is Ottawa Announcement Today

(Special to the Times.) Ottawa, April 30—There is going to be a general election in June. The government has finally been coerced by Hon. Robert Rogers, and dissolution is expected next week.

The poll will be taken on a Monday, either June 14 or 21.

The maritime province men, however, says that the men of the second, as well as the third and fourth regiments, are to be included in the brigade, which might mean that the 28th and 29th regiments at Fredericton might be sent for a time, at least, at the big camp "round the pond."

At the headquarters of the 28th battalion this morning, it was said that no official word of the proposed transfer from barracks to canvas had been received.

The Times' special says: "All soldiers of every corps now training in Prince Edward Island or New Brunswick for service in the second, third or fourth Canadian divisions will be mobilized in Sussex without delay. The minister of militia wants to get all the men training in Canada out of barracks and into canvas, at ranges where they can obtain field training and target practice."

The troops of Nova Scotia will move to the 28th and 29th battalions at Sussex, Quebec at Valcartier, Ontario at Kingston, Pictou at Pictou, Manitoba at Saskatchewan at Sewell, Alberta at Calgary, British Columbia at Lethbridge.

The 6th Mounted Rifles have been informed that if they wish to go to the firing line overseas, they may do so by transferring to some of the infantry battalions, and that some of them may do so.

Today's Training The 28th intended having a route march this afternoon, should there come a clearance of the weather, but this morning continued their training about the barracks. Outpost duty and advanced guard detail are to be carried out this afternoon. The men of the 28th company, their ordinary drill today, as did those of the Construction Corps.

Persons Lieut-Col. McAvity returned this morning from Halifax. Lieut-Col. Kirkpatrick left for that city last night. Col. J. P. Landry returned to the city this morning from Halifax. Lieut-Col. Black, of Seckville, passed through the city today on his way home from Fredericton. Capt. D. F. Pidgeon, of the D. A. C., Fredericton, came to the city this morning.

Major Jones, of the 28th, in the city today, spoke well of recruiting between here and Moncton, and Sergeant-Major Ford, who came back from Fredericton this morning, said that prospects were most bright here.

MATTER OF PRINCIPLE J. Fraser Gregory was fined \$10 this morning for not sounding his automobile horn when rounding the corner of the hill and Pond street on the 28th inst. He contended that the sounding of the horn had a tendency to frighten people and he was opposed to the practice.

CHAMPION RUNNER IS DEAD OF WOUNDS Hamilton, Ont., April 30—This morning's casualty list contains the name of James Duffy, champion long distance runner. He died of wounds. Last year he won the Boston Marathon being Edward Fabre, a Montreal boy, who won this year.

Sydney, April 30—A disastrous fire swept the business district in Charlotte street this morning. Several buildings were wiped out. The blaze started in Wright's Ltd., furnishing house which was razed to the ground with loss of \$50,000, partly covered.

The Minto Hotel, in which building was located the Dominion Express Company, Williams' tobacco and confectionery and a shoe shine department, was razed to the ground. Other buildings de-

molished were the Harrington Block containing the Miles grocery store, Kelly's photographic studio and several others. Giblin's haberdashery also was burned out.

The loss is estimated at \$167,000. At noon the firemen had the blaze under control. The losses are approximately: Wright's Limited, \$50,000, insurance, \$27,000; Minto Hotel \$30,000, insurance, \$2,000; Harrington block, \$25,000, insurance, \$12,000. All the others were pretty well covered.

THE OPIUM CASE The opium case against Hop Lee and also against several Chinese for frequenting the place, was resumed in the police court this morning. H. O. McInerney continued to cross examine Hum Ging and the latter gave a demonstration of how the pipes were smoked. Hum Ho Thomas was called by Daniel Mullin, K. C., who is conducting the defence. He explained the different parts of the pipes, and said that it would not be possible to smoke opium in them. The court arose to sit again at 3.15 o'clock this afternoon.

BRITAIN COMMANDERS MEAT CARRYING STEAMERS London, April 30—The British government by an order-in-council today commanded the whole meat carrying capacity of all British steamships trading between Europe and the Argentine and Uruguay republics.

SURPRISE PARTY Mr. and Mrs. Medley Moore were given a pleasant surprise at their home, 271 Main street on last Tuesday evening when friends called and presented to them a Morris chair and a parlor lamp.

London Newspaper Man Sends Story of Deliberate Murder of Non-combatants By Fiends of Enemy Battery

London, April 30—The correspondent of the Daily Mail declares emphatically that he has never sent, and never intends to send, unproven stories of German cruelty, but he says the following is absolutely proved.

"That a Canadian ambulance was deliberately sought out and followed by a battery until all were killed."

"Almost for the first time," he adds, "I found in our men that feeling of bitter rancor which makes even shattered men crawl back from the hospital into battle."

GERMANS ON THE DEFENSIVE Definite Now That Their Drive Has Been a Failure

London, April 30—A despatch from Rotterdam to the Daily Telegraph, dated April 29, says: "The terrible battle along the Ypres-Yser fronts is still raging with little diminution of fury and strength. The Germans are now definitely on the defensive along the whole line westward from Zonnebeke, and then along the canal to Damme."

The great offensive for which the Germans made an enormous concentration of troops and which was intended as a second attempt to break a passage to the channel coast, has failed.

From Zonnebeke along the newly won territory, past the Pillen hills toward the canal, the Germans have been brought to a complete standstill. At one or two points yesterday spasmodic attacks were made, quite fruitlessly, against the British who, now that the tide is stemmed, have dug themselves in along the whole front close to the German lines, but in the absence of reinforcements, the latter are finding it all they can manage to cling to their dearly purchased territory, in face of assaults by the British in constantly augmented strength.

AMBULANCE SHELLED Paris, April 30—The French War Office reports: "We made progress yesterday to the north of Ypres, in the region of Steenstraete."

"The city of Rheims received 500 shells, of which many were of an incendiary nature. These missiles started several fires, but it was found possible to extinguish them and to put them out quickly."

"In the Champagne district the enemy shifted one of our ambulances, wounding a doctor."

London, April 30—The German attack on the Yser has ceased, says the Times correspondent in northern France, writing under date of Thursday.

"The enemy has fallen back on the defensive," he says, "and is struggling to defend the small territory gained. Fought in the attempt to cross the canal, the enemy made an equally vain attempt to force a passage of the Yser at Dixmude."

"Belgian shells and bombs destroyed pontoon bridges so soon as they were in position, and the gallant Belgian army still holds its lines intact."

FRENCH NEAR THE LORRAINE BOUNDARY Paris, April 30—An official note issued by the War Office gives details to show that the Germans continuously are negotiating facts in regard to recent battles. Assertions in regard to occupied territory made in French official reports are said to have been absolutely exact.

In several places, notably between Henamell and Anceville, an advance of approximately three or four kilometers (between 2 and 2.5 miles) is reported by the French. It is contended that the French are making continual progress in this region and even now are not far distant from the Lorraine boundary.

GAS BOMBS KILL GERMANS, TOO London, April 30—Additional information received by the Times regarding German gas attacks says that the fumes are emitted from cylinders 5 1/2 inches long, sunk in the German trenches, and to which are connected pipes six feet long, leading in the direction of the allies' lines. The Germans are supplied with respirators made of damp towels enclosed in bags of water-proof cloth.

In spite of these precautions, however, it is believed that a considerable number of men working the gas apparatus were exhausted when empty cylinders were sent back to the rear to be refilled.

SOLDIERS' VOTES ON THE WAY TO ENGLAND

Montreal, April 30—Nineteen large boxes addressed "to the secretary of the high commissioner, 17 Victoria street, London, England," from the clerk of the crown in chancery, Ottawa, arrived in Montreal last night on the Ottawa train with printed material and necessary adjuncts to carry on the polling of the soldiers' votes.

The train with this left here with the nineteen boxes in the baggage car bound for Halifax and St. John.

THE OPIUM CASE The opium case against Hop Lee and also against several Chinese for frequenting the place, was resumed in the police court this morning. H. O. McInerney continued to cross examine Hum Ging and the latter gave a demonstration of how the pipes were smoked. Hum Ho Thomas was called by Daniel Mullin, K. C., who is conducting the defence. He explained the different parts of the pipes, and said that it would not be possible to smoke opium in them. The court arose to sit again at 3.15 o'clock this afternoon.

WOULD HAVE POPE ABANDON NEUTRALITY

Belgian and French Cardinals and Other Church Dignitaries Unite in Appeal to Rome

Rome, April 30—Belgian and French cardinals, archbishops and bishops have united in an appeal to Pope Benedict for the Vatican to abandon its attitude of strict neutrality in the war.

The appeal states that such an attitude of church which is founded on principles of right and justice can remain neutral without protesting at the same time against those who violate written or unwritten laws. The Pope is asked to assume an attitude which would be such making in the history of the Papacy.

Cardinal Mercier, Archbishop of Malines, Cardinal Archbishop of Paris, and other members of the Sacred College, have sent memoranda to the Pope stating that such an opportunity may never occur again for the Church to show that it stands above political considerations, caring only for the moral and religious interests of its people.

After citing authorities who condemn the unnecessary destruction of life and property, recommending love even between enemies, and stating that non-combatants be spared, the memoranda to the Pope close with this statement: "International laws and conventions are expressions of legitimate considerations. The Hague convention of 1864 gives expression to moral principles binding on the consciences of all Christians."

London, April 30—Included in the latest list of officers killed are the names of Brigadier General Riddell, commander of the Northumberland Fusiliers brigade; Second Lieut. Darwin, a graduate of the University of Toronto, nationalist, and Second Lieut. Rhodde Moorhouse, who died on Tuesday of wounds received while dropping bombs on Coutras.

STREET RAILWAY DELEGATION HEARD

Company Protests Against Being Forced to Scrap \$10,000 Worth of Connections

The postponed meeting of the common council was held at noon today. The council heard a delegation from the street railway company who protested against having to use the tip of girder rail for their connections at Market square, Kane's corner and the One Mile House, for which they already had secured the stock at a cost of \$10,000.

The matter was left to Commissioner Potts to consult with the recorder and report next Tuesday.

The council decided to carry out the provisions of a resolution adopted some time ago and held open committee meetings at noon on Wednesday and Friday.

Authority was given for the issue of \$25,000 five per cent bonds to cover the cost of water and sewerage extensions in Adelaide and Spar Cove roads.

Commissioner McLellan reported on the result of the tests of the new motor fire engine, here on approval, but deferred his recommendation until next week.

Contracts for serge for the police and firemen's uniforms were awarded to W. H. B. Sadler at \$2.60 per yard and to M. R. A. Limited, at \$2.50 and the bill of the Office Specialty Company for steel lockers for the police station was ordered paid.

Commissioner Wignore was given authority to lay a thirty-six inch water pipe across Marsh bridge at a cost of \$2,200.

Commissioner Russell's recommendations that a piece of land in Lancaster, for which W. Fenton had asked a lease, should be sold at public auction; that renewal leases be issued to Mrs. E. Clinton Brown, the executor of Israel Smith and the executor of John Brown, and that he be allowed to purchase 40,000 feet of deal for wharf repairs were all approved.

Mayor Frink reported on the invitation to attend the conference of mayors on the unemployment situation and his reply that, while St. John is not affected, he was willing to co-operate.

Mayor Frink drew attention to the condition of the current revenue fund which is in danger of being over-taxed and a report was asked for.

SEVERAL MORE MARITIME MEN ARE WOUNDED

P. E. Island, Fredericton, Moncton and New Brunswick Soldiers in Casualty List

Ottawa, Ont., April 30—A casualty list issued early this morning, contains seventy names of which about a dozen have been previously mentioned, but are now reported with additional particulars.

The 1st, 2nd, 4th, 10th, 10th and 18th battalions are the chief sources in this morning's list. There are also some losses recorded among the artillery of the 2nd Brigade.

From Maritime Provinces. The maritime province men, however, says that the men of the second, as well as the third and fourth regiments, are to be included in the brigade, which might mean that the 28th and 29th regiments at Fredericton might be sent for a time, at least, at the big camp "round the pond."

Troops And More Troops From Canada To Avenge Death Of Our Soldiers

Ottawa, April 30.—A hundred and fifty thousand Canadians in the firing line will be Canada's reply to the German slaughter and outrage at Ypres. It is not definitely announced that this will be done, but when the subject was before parliament, General Hughes stated that it was proposed to put a hundred thousand in the field and fifty thousand more if Lord Kitchener required them.

IS GOULD TO BE ELIMINATED FROM ST. JOHN VALLEY RAILWAY?

Another Government Caucus—Some Interesting Facts About The Financial Situation—Prudential Company Say Construction Account Is Overdrawn \$460,000.

Fredericton, N. B., April 30.—The government supporters were in caucus again this morning and the Valley Railway legislation that is to be introduced this afternoon is under consideration. Confession is the word used by some of Gould's friends in describing the action proposed in the bill, "Highway robbery" is another term applied to the measure, all of which would indicate, if the bill is not changed that Messrs. Gould et al are to be dealt with very summarily and the stock held in the St. John & Quebec Railway is to be confiscated.

THE WORST IS YET TO COME

(Toronto Trade Paper)

A member of the government who has come into prominence, and come out of the war investigations with an enhanced reputation, is Hon. Dr. Reid, minister of customs. Hitherto, the government representative on these committees was respected to use legal technicalities and

steam roller tactics to prevent and suppress evidences of guilt. The impression the public have is that Dr. Reid cooperated with Mr. Carvell in the sordid work the latter did in exposing the frauds. This may be accounted for by the fact that Dr. Reid is not a lawyer. Nominally he is a physician, but in reality his life has been devoted to manufacturing, in which he has had a strenuous but valuable experience. The country will support the Liberals in accumulating facts for further investigations. Already they are in possession of information that will create still greater sensations. The question is, will they dare to bring them out? Some of the men involved are related to or connected with men occupying high and influential positions.

The Conservative leaders believing that party interests render an election advisable before the autumn have decided upon an early appeal and preparations are now being made. On the other hand there are few business men who are not very decidedly opposed to such a course, and many of them have expressed themselves strongly on the subject. This has made the politicians hesitate, but Sir Robert Borden, from a feeling of loyalty to his party, and believing that national interests will not suffer, is understood to be favorable to immediate action.

WAR SCANDALS AND ELECTIONS

(Toronto Saturday Night)

There is every probability that before mid-summer we will have had a general election. Just what this election is going to accomplish other than an excuse for mud-throwing between the two political parties, is hard to say. Possibly the Hon. Robert Rogers, who has had his mind set on this election for some months and whose word appears to be law at Ottawa, considers a general election at this time the last best bet. In other words, it is a case of now or never for Bob and his friends. The Tory party no doubt, figures that the eight or ten thousand names on the patronage list at Ottawa, most of whom have been richly rewarded at public expense—since the first of the war contracts were given out, will have no little influence with the general result. These people are expected to come forward—those, at least, who have not skipped the country—and give back to the party some of the look extracted from the treasury. The Tories having had no opportunities at the till will be obliged to content themselves with conducting their campaign on the cheap.

No doubt the Nova Scotia horse traders, the binocular sellers, the fellows who sold jets for soldiers at prices 25 per cent. above the market, the French Mr. d'Amie in Quebec (sister of the Deputy Speaker) who sold drugs to the government in wholesale lots at profits ranging from one hundred per cent. up—most of it will all see to it that the Tory machine is properly greased, which, in the face of the scandalous corruption which has taken place, and the present state of the public mind, will unquestionably be very much needed.

But why a general election in the face of the war? Can any political party be fool enough to imagine that these scandals can thus be taken out and buried in unmarked graves? Or has the Tory party got to the point where it is afraid that the scandals which may crop up between now and September, 1916 (at which time the present parliament would have run its natural course), will be such as to make a return to office altogether unlikely?

No one but a hide-bound party man, blinded by self-interest and party feelings, can look for this pending election with anything but regret. Let the Conservative party but clean its stables; see to it that the departments of militia and defence are put upon a plain business basis and the country would be content.

Have You a Bad Sore? Read How Zam-Buk Heals

No matter where the sore, of how caused, Zam-Buk, the great herbal healer, will be found adequate to the case. Unlike ordinary salves, Zam-Buk is purely herbal—contains no animal fat, no poisonous coloring matter. Read how Mr. B. Ellis, of Carleton, Ontario, proved its value. He says—"I suffered for years from a running sore on my toe which started from a frost bite. The pain was so severe I was unable to sleep. The sore went right to the bone and the foot was terribly swollen and inflamed. In vain I tried numerous remedies. At last seeing an advertisement for Zam-Buk, I decided to give it a trial. The result has been most satisfactory. Zam-Buk quickly eased the pain and took away the swelling and inflammation. Persistence with Zam-Buk has entirely healed the sore."

For eczema, ulcers, abscesses, scalp sores, and all skin troubles, Zam-Buk is unequalled. It is also just as good for piles, sprains, cuts, scalds, or as a "diesel oil." As soon as applied the rich healing essence of which Zam-Buk is composed penetrates right to the root of the trouble, and to stimulate the cells that new healthy tissue is quickly formed. Zam-Buk heals from the bottom up—hence its cures are permanent. All drugs and stores.

To obtain free trial box, send this article, name of paper and 1c. stamp to Zam-Buk Co., Toronto.

THE EMPIRE TYPEWRITER
"Stands up" Under the Hardest Usage

Used by Canadian Government

THE "EMPIRE" has at least one-third less parts than any other standard typewriter. So well are these parts designed and made that even a blow of the clenched fist on the key-board does no damage.

The "Empire" action is an easy, sliding, horizontal stroke instead of a swinging, upward hammer blow—less wearing, yet more effective. No other typewriter has this action.

Accurate, permanent alignment is ensured by an exclusive "Empire" device which locks the type at top, bottom and both sides at the moment it strikes the paper.

The "Empire", with less outlay for repairs, will do good work longer than any other typewriter made. The harder the usage, the more noticeable is the "Empire" superiority.

Yes! "Empire" No. 1 costs but \$80—"Empire" No. 2 \$90—a clear saving of \$40 to \$50. You pay no duty because the "Empire" is "Made in Canada."

Our nearest Agency will be glad to give you a demonstration or send an "Empire" on trial without expense or obligation to you.

WARMED UP AT LAST

The first real breeze of the season swept over the legislature at Fredericton yesterday. Some remarks made by Mr. Pinder led Hon. A VAIN BOAST

The news that the men of the Army Service Corps, who recently left St. John, have been safely landed in England, and the fact that the very large steamship trade of St. John and Halifax with the Mother Country has been carried on and is still being carried on without interruption is the best possible evidence of the folly of the boast of the Germans that they would isolate the United Kingdom, destroy her trade and cut off her supplies.

WOMEN'S AUXILIARY RE-ELECTS OFFICERS Mrs. A. W. Daniel Succeded Mrs. C. D. Schofield in Only Change

The twelfth annual meeting of the Women's Auxiliary of the Anglican church closed yesterday afternoon after a most successful session.

The election of diocesan officers resulted in the re-election of all but one, as follows: Honorary president, Mrs. Richardson; president, Mrs. Walker; 1st vice-president, Mrs. George F. Smith; 2nd vice-president, Mrs. L. R. Harrison; 3rd vice-president, Mrs. A. W. Daniel; corresponding secretary, Mrs. W. D. Forster; treasurer, Mrs. C. Schofield; treasurer and those who took part in one of the most instructive features of the entire conference included Mrs. Frith, St. John; Miss Maitland, Blisville; Mrs. Crowfoot, Hampton; Mrs. Andrews, St. Andrew; Mrs. Stanley Crawford, St. John; Mrs. G. F. Scott, St. John West; Mrs. W. B. Deves, Woodstock; Miss Lucy Coster, St. John; Mrs. Herbert Jones, Apsahall; Mrs. Daryl Whippley, Greenfield; Miss Elia Symonds, St. John; Miss Wilkinson, Springfield, and Mrs. Davidson, Rothesay.

The following is the list of grants made from the various funds: Extra cent a day money, towards building of Hartland church, \$48; furnishings for mission house at Slave Lake, \$44.80; kindergarten work in Japan, \$45; membership fees, diocesan needs, grant towards new rectory at Gladstone and Blisville, \$85; furnishings for church at Flat Lands, near Campbellton, \$37.25; Canadian needs, furnishings for Mooseone, \$84.60; church building fund, \$25.34; foreign needs, organ for girls' school at Palampur, India, \$26.22; new church at Kalfeng, Honan, China, \$52; diocesan pledge Hartland church, \$50; to repairing church at Gordon and Lorne, \$46.50. Miss Schofield reported that there was a balance of about \$200 for general expenses of which \$10 was sent to Rev. and Hon. Capt. G. A. Kullring, chaplain of the 6th Mounted Rifles, for hymn books for the use of the regiment at Amherst.

Miss Trent, from the mission fields of Japan, gave an interesting address on her work. Tea was served in the morning downstairs, when Miss Ethel Jarvis and Miss Frances Godfrey poured, assisted by the very foundation of rheumatism, and by removing the poisons from the system take away the cause of pains and aches.

But He Could Not Help Me, and Endorsed The Use Of Dr. Chase's Kidney-Liver Pills

Mr. Wm. Parker, 105 Cayuga street, Brantford, Ont., tells in the following letter of his remarkable experience with Dr. Chase's Kidney-Liver Pills. My doctor treated me for some time for Sciatica, Rheumatism, Lumbago, but to no purpose, for I had to lay off work. The visiting officer of Sick Benefit called to see me and advised the use of Dr. Chase's Kidney-Liver Pills, stating that he had been cured of the same trouble by their use. I asked the druggist about them and he recommended them highly. Not being satisfied with this, I went back to my doctor and when he said they were good I began their use. The promptness with which they relieved the action of the kidneys and bowels was wonderful, and it was not long before I was rid of all my trouble.

PROJECT FOR CITY TRAMWAYS SYSTEM

Feasible if Montreal Spends \$75,000,000, Says Controller Cote, Its Sponsor

Montreal, April 30.—Controller Cote surprised the members of the Board of Control by announcing that he would submit today a project for a municipal tramway system. No details were given, but when Mr. Cote was asked for an adjournment if he thought the project was feasible, he replied that it would be feasible if the city had \$75,000,000 to spend. When further questioned as to how he expected to get the money to take over the company's undertaking in a year when the city was threatened with a shortage of funds for public works, Mr. Cote would only say that that was a matter for discussion by the board.

Mr. McLeod, the municipal tramways engineer, has drafted the project, according to Mr. Cote's announcement, and it will be discussed by the controllers at the meeting this afternoon.

It was expected that the board would resume deliberations on the tramway franchise at the meeting yesterday afternoon, but Controller Cote was not ready to proceed, remarking that he would be absent for the last half of the week, and besides, he had the municipal project to lay before his colleagues.

Controller McDonald desired that it

SERBIAN WOMEN ARE BURIED ALIVE, SAYS ARCHBISHOP

Metropolitan of the Kingdom Declares Teutonic Allies Are Conducting Barbarous Warfare to Crush Small Nations

New York, April 29.—Declaring that the German and their allies are conducting a barbarous warfare to annihilate other nations; that the Serbs have been killed in great numbers with a cruelty which even the savages would be ashamed and innocent women and children buried alive or murdered by terrible tortures, Archbishop Demetrius of Belgrade, Metropolitan of the Kingdom of Serbia, is conducting a strong personal appeal to wealthy and influential men in the United States for relief funds for the stricken little nation.

Archbishop Demetrius calls the Germans insatiable and chastises the Teutonic allies for attacking a smaller power already wrecked by wars from which the soldiers had just returned. He is conducting his appeal by correspondence with prominent persons in this country to give succor to those in his nation who he knows are in such need of it.

The chief shepherd of the hellic but sorely tried Serbian nation," he writes, "with wounded heart I address myself to you generous men of America, and I appeal to your Christian charity."

Our Serbian nation, in Serbia and Montenegro, was the first to be attacked by the insatiable Germans. The Austro-Hungarian monarchy, which for centuries has fed on the tears and blood of enslaved nations, moved its "great military power to annihilate before all else our little Serbian nation—the Serbian nation which has just returned home after the hard struggle with the Ottoman empire, which for five centuries kept it in unbearable and barbarous slavery, crushing its progressive Christian culture."

"Austro-Hungary, which already had economic progress in order to be free to subdue Serbia when she pleased, has hastened to attack her when exhausted by two previous wars and unprepared for a third. The Serbian nation, though lacking everything that is necessary, is defending with great self-sacrifice its freedom and its country, breaking at the same time its chains of slavery of all other oppressed nations."

"I beseech you all, generous Christians, to make according to your power and good will material sacrifices in aid of the poor Serbian soldiers and sufferers. For five long years a great number of adult Serbs have been killed or disabled for work. Their homes, their fields, their orchards, their vineyards, their stock, their tools, their furniture, their books, their papers, their money, their lives, have all been sacrificed to the barbarous methods of the German allies, the object of which is to annihilate other nations and culture, have inflicted on us the most terrible and incurable wounds. Whole crowds of our best and noblest Serbs, who as non-combatants peacefully received the Austrian army, have been killed with a cruelty which even savages would be ashamed to practice. Men, old men and innocent children have been murdered by terrible tortures, by gun and by fire. Many have been locked up in school buildings and other houses and burned alive."

"All the churches to which the Austrians got access have been desecrated, robbed and destroyed. The schools and the best houses have been destroyed. The beautiful capital of Serbia, its churches, its educational and humanitarian institutions, have been destroyed. The university, the national library, the museum and scientific collections have been ruined."

"For those who have escaped and for the orphan of the fallen, speedy help is most necessary."

Archbishop Demetrius is president of the principal committee in aid of soldiers and their families and the other sufferers of the war.

AVOID SPRING ILLS

Purify and Build Up the Blood With Hood's Sarsaparilla.

In the spring your blood needs cleansing and enriching. You feel poorly, and there is more tired, cramp on your face and body. Your appetite is not good, your sleep is broken, and you are tired all the time.

You need Hood's Sarsaparilla. It is the one safe and effective tonic that has stood the test of forty years. It makes the pure red blood that will make you feel better. It is the old standard tried and true all-the-year-round medicine for the blood and the whole system.

Ask any druggist for Hood's Sarsaparilla, and insist on having it. Nothing else acts like it, for nothing else has the same formula or ingredients, and so there is no real substitute. Get it today.

FARMER WAS MURDERED; THE HIRED MAN HELD

Arthur Marriot Carrying Two Revolvers, Arrested by Detective Reburn—Victim Shot in Back

Goderich, Ont., April 29.—Detective Reburn of Toronto tonight arrested a young man, Arthur Marriot, in connection with the murder of Robt. Bean, a farmer of Colborne Township, who was found dead on a side road north of Goderich. Bean had been shot in the back. Marriot formerly worked for a farmer near Carleton Place, the home of Bean, and had just returned to the neighborhood. He is wanted in Detroit on a charge of stealing \$100 and had two revolvers when arrested.

The motive of the crime was evidently not robbery, as no attempt had been made to rifle the victim's pockets which contained a sum of money.

An inquest was opened today by Coroner A. C. Hunter of Goderich and was adjourned until Monday, May 3.

The murdered man is survived by his widow, four sons and three daughters.

CONDITIONS IN TRENT

Verona, Italy, April 29.—Despatches received from the frontier describing conditions in the Province of Trent, state that commerce and industry are paralyzed and agriculture at a standstill, because of the lack of workmen, 40,000 men being called to the colors.

All horses and oxen have been requisitioned.

The lack of supplies of copper, used to kill parasites which infest the mulberry trees, has seriously threatened the silk worm industry, one of the chief resources of that section.

Italian military authorities are said to be rapidly completing their preparations for defense. Twelve thousand men are being mobilized in Trent, 4,000 at Rovereto, 4,000 at Trento and 4,000 at Bolzano.

It is estimated that Western Australia will have 6,000 case-hedge-pigs and 30,000 head of grapes available for export this season.

Great Reduction in Prices at Wilcox's For Saturday and Monday

We have just finished another month with an increase in business over the same month last year which speaks well for this store and makes us feel as though the people of St. John are more than taking an interest in our way of doing business during war time, in trying to keep down prices and make extra business by selling goods at prices lower than ever, although we are paying more for goods to day than before the war—we are selling them for less. Our entire stock of Mens, Womens and Children's Clothing at special cut prices from 10 to 20 p.c. for Saturday and Monday.

SIZE OF BRITAIN'S TASK SURPRISE AS IT BECOMES KNOWN

Seven Campaigns on Hand at Once, With Dardanelles Second in Point of Losses to be Incurred

London, April 30.—The Times points out that Great Britain now, with the attack on the Dardanelles in progress, has seven campaigns on her hands and that, after the Flanders battle, the advance against the defenses of the Dardanelles promises to be the most costly in men and material, especially, it declares, as blunders made in the spring have deprived the allies of all the advantages of a surprise and given the Turks ample time to strengthen their defenses.

The operations appear to have begun successfully, says The Times' military correspondent. Nothing as yet has been revealed as to where the troops were landed, but it was probably at the southwest end of the Gallipoli Peninsula, the reported landing at Enos having been a feint. Neither is anything known concerning the number of troops landed. But the Peninsula nowhere is very wide and only a certain number of troops could be usefully employed upon the limited front.

Both Services Needed

Advancing from Enos, Gen. Ian Hamilton would be obliged to meet all the Turkish armies and to incur other disadvantages; but with troops posted across the peninsula and his flanks covered and protected by the fleet, he will be in a much stronger position, although the task to be accomplished is far from easy.

It is now, however being carried out as it ought to have been begun, namely, conjointly by the two services and not by one alone. It is now more than ever important to realize that Gen. French's movements have been hampered by a want of sufficient ammunition. The casualty lists tell their own tale. The consumption of ammunition by the troops is immense, and is certain to increase rather than to diminish. At the front they are asking when the new armies are to take the field.

No Large Army in France

The correspondent says there is no justification for assuming that the entire 86 divisions of British troops mentioned by Chancellor Lloyd George in a recent speech in the House of Commons are actually in France. "Mr. Lloyd George," the correspondent continues, "made no such claim. England is literally crisscrossed with troops at the moment when decisive operations in the western theatre are imminent, and if our operations are not successful, the blame will be with the cabinet, who ought to know what preparations the Germans are making in the west."

With regard to the battle in Flanders the correspondent says the German attack was successful beyond anything that can be hoped for, but that there is no sign that there is any general attack. "We may, therefore, reasonably hope," the correspondent says in conclusion, "that the allies by a combined and energetic action will re-establish their line."

APPOINTED MANAGER OF NEW G. T. P. HOTEL

The appointment is announced of James Robb to be manager of the new Grand Trunk Pacific summer hotel, "The Minaki Inn." This hotel, which has accommodation for over four hundred guests, is situated at Minaki, Ont., one hundred and fourteen miles east of Winnipeg, on the G. T. P. main line. Mr. Robb has been associated with the dining car department of the Grand Trunk system for several years and for some time past has been in charge of the restaurant at Bonaventure Station, Montreal. Before Mr. Robb left for the west he received from his friends in the Grand Trunk and the Canada Railway News Company a purse of gold. C. W. Johnston, assistant to the passenger traffic manager of the Grand Trunk system, who made the presentation, said that Mr. Robb had endeared himself to a large circle of friends in Montreal and he carried with him warm wishes for his success in his new enterprise.

THE "NUT BROWN" IN CEREALS

Nutrition and flavor are in the dark parts of grain. Remove these and food value and flavor go with them. The dark parts and left in Dr. Jackson's Roman Meal, making it a delicious "nut brown" food when cooked in porridge, puddings, cakes, bread, etc. It costs a lot to granulate meal, but it is better and won't "hump." Roman Meal is granulated. To stir porridge while cooking spoils these granulations and might as well be rolled or crushed. Make thick in a double boiler, or single boiler, get in basin of boiling water to prevent burning and don't stir. It won't get lumpy and it will be delicious. It is a cooling food for summer and more nourishing than meat. Ask your Doctor. All grocers, 10c and 25c.

LETTERS FROM THE FREDERICTON BOYS NOW AT THE FRONT

(The Gleamer) Private Robert Phillips, one of the Fredericton boys with the Doves Regiment, writing to a friend in this city states that he believes the Germans will give up the war and he will be home before next winter. "I am writing this letter and cooking my supper at the same time," writes Private Phillips. "I am getting to be some cook. I expect to be home next winter, for I honestly believe the war will be all over. I look to see the Germans surrender. It is no picnic here, as you are on the 26th all the time and don't have half enough sleep. I can tell you that Fredericton is good enough for me when I get back. The finest place in the world is home sweet home. Value \$5.00." Sgt. Bert Boone, writing to his mother on April 18th gives a fine description of the country where his unit No. 1 Field Ambulance Corps is billeted. "I went to church on Good Friday and Easter Sunday," writes Sgt. Boone. "I certainly looked like war to see the boys kneeling against their rifles at communion." George Long of the Royal Bank of Canada staff in this city has received an interesting letter from Private George K. Shelle, formerly employed with the G. E. Harbour Company, St. John, and now on the firing line in France with the 14th Battalion, 3rd Infantry Brigade of the First Canadian Contingent. He speaks of having completed a four days turn in the trenches and a 2 mile march, leaving from 8:45 a. m. until 9 p. m. The letter dated April 8th, says: "We did 22 miles yesterday in heavy marching order, and as you may suppose I am a bit stiff today. We were up at 3 a. m. had breakfast and were on parade at 4:45. We arrived at our destination at 9 p. m. You bet we didn't have to use any sleeping draughts last night. "We had quite a spell in the trenches four days in and, four days out. It was not half bad and after we had been in a day or two we fell quiet at home. We were shelled by the Germans for four or five days, but soon got used to it. I am feeling fine, although a bit stiff after yesterday, but enjoying life." Two officers who were formerly stationed at No. 8 Infantry Depot in the Fredericton and throughout New Brunswick are among the Canadian wounded in today's lists of casualties. The two officers are Capt. J. S. M. H. Lyne-Evans, who was here with the H. Company, Royal Canadian Regiment, at the outbreak of the war and was in command of the first lot of troops sent out of Fredericton when war was declared, and Major H. Keams-Bettle, who was stationed in Fredericton for several years about ten years ago and was best man at the wedding of Capt. du Domain and Miss Daisy Winslow of this city and is well remembered here. Major Keams-Bettle, who is reported seriously wounded, was on the 2nd Brigade Headquarters, while Lt. Lyne-Evans, who is apparently not so severely wounded, was with the 3rd Battalion, which he joined after transferring from the 12th Battalion, with which he held the position of adjutant to which he was appointed when he was transferred from the R. C. I.

RECENT DEATHS

Mrs. William R. Farmer. The death of Rachael, wife of William R. Farmer, occurred at her residence, 8 Wall street, yesterday, in the 87th year of her age. Besides her husband, seven sons survive: William R., Jr., of Mill (Me.); George F. and Edward D. of Springhill (Mass.); Richard A., of West Newton (Mass.); Somerville; Waltham (Mass.); Arthur, of Halifax, and Harold C. of the Western Union Telegraph Company's staff, St. John. Mrs. Farmer was a daughter of the late Thomas McAfee, who conducted a business in Union street, this city. She was a member of St. Paul's Valley church. The death of James Stewart Tupper, K. C., of Winnipeg, eldest son of Sir Charles Tupper, occurred yesterday in England where he has been for several months under the care of Sir William Osler. Mrs. E. F. Manlison, formerly of this city, died on Wednesday at her home

Select Medicine Carefully

Purgatives are dangerous. They grip, cause burning pains and make the constipated condition worse. Physicians say the most ideal laxative is Dr. Hamilton's Pills of Mandrake and Butter-nut. They are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore activity to the bowels, strengthen the stomach, and purify the blood. For constipation, sick headache, biliousness and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c. box yourself. The blood of a normal man weighs about twenty pounds.

FORESHORES BILL

NOW NOT MYSTERY

Attorney-General Baxter Says He Knew About It

FURNISHED INFORMATION

Ex Premier Fleming Prepared Bill - Hon. Mr. Morrissey Replies to Attacks by Faction Hounding Him

Fredericton, April 30.—The balloon went up in the house this afternoon. Hon. John Morrissey, challenged the right to take the place of the firing line and back up their slanders by definite charges before the royal commissioner.

James K. Pinder condemned the highways, their management and their condition.

Attorney-General Baxter confessed to a complete knowledge of the famous and infamous foreshores bill, introduced last session, and Commodore Stewart spoke for the government of the province by orders-in-council and cautions.

It was a most interesting afternoon. Everybody was ready for a scrap, as soon as the hat went into the ring. The attorney-general outdid himself in his cheap references to Liberal newspapers and politicians. "A gentleman named Carvell," he said, in beginning a sentence, then he passed on to the next.

I made a mistake in one word in that sentence," (erratic applause from the government supporters.)

Mr. Baxter's Confession. He said the St. John Globe was in error when it said recently that he (the attorney-general) knew nothing about the foreshores bill introduced by Premier Fleming last session. He (Mr. Baxter) did know all about it. He procured the information and gave it to Mr. Fleming, who prepared the bill, and introduced it. He referred to a St. John member who knew all about this, but whether the St. John member was he did not back up Mr. Baxter. The

GAS, HEARTBURN

INDIGESTION OR A SICK STOMACH

"Pape's Diapiespin" Ends All Stomach Distress in Five Minutes

"Time it!" Pape's Diapiespin will digest anything you eat and overcome any gassy or out-of-order stomach sure within five minutes.

Get from your pharmacist a fifty-cent case of Pape's Diapiespin and take a dose just as soon as you can. There will be no sore risings, no belching of undigested food mixed with acid, no flatulency or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiespin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach distress is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiespin" to keep the entire family free from stomach distress and indigestion for many months. It belongs in your home.

THIN FOLKS GET FAT ON THREE MEALS A DAY

Specialist Explains Why Food Does Not Always Produce Flesh and How Thin People Can Increase Weight.

Most people who are thin and under normal weight eat exactly but get no increase in flesh, while plump, chunky folks of normal weight eat less than they do and keep stout all the time. The underweight ones finally decide Nature intended them to be thin, that the amount or nature of their food has nothing to do with flesh-making and that nothing can make them fat. But this is not so.

A stout, strong, robust body can come from food nourishment. Food is the source of all fat and if you are thin and underweight it is merely a certain indication that only a small portion of the flesh-making nourishment in your meals is reaching your blood and tissues.

The assimilative functions of your stomach and intestines are not working properly and the larger part of the food value leaving your body as waste.

To correct such a condition, to gain flesh, increase weight and get 100 per cent value from your food, a single Sargol tablet taken at each meal will work wonders. Sargol is a scientific combination of six splendid assimilative agents. It promptly stops the leakage of fats and while aiding digestion, also separates every last particle of the fats, oils, sugars and starches of your food from the waste matter and prepares the former into rich, ripe, flesh-producing nourishment which the blood readily absorbs and distributes throughout the body. Weight increase usually begins within a very few days after Sargol is used with meals. In my opinion two ordinary hearty meals eaten with Sargol is equal in flesh-making value to six ordinary hearty meals eaten without it. Try it, you people who are thin, run down and underweight, and see if you are not right.

You can buy Sargol from practically any druggist hereabouts and every package contains a positive guarantee of weight increase or money back. While also valuable as a treatment for nervous indigestion, it should not be used by people who do not wish to increase weight.

CROSS, FEVERISH

CHILD IS BILIOUS OR CONSTIPATED

Look Mother! If Tongue is Coated Give "California Syrup of Figs"

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

torney-general's confession was late, but the excuse he made for not owning up sooner was very lame. He wasn't going to tell Carvell during the royal commission inquiry because "that wasn't the proper place." And then he went on to reflect upon, and abuse the proceedings before the royal commission. He didn't praise the commission a bit, and he didn't refer to the fact that the commissioners have not been paid a cent for their services yet.

The governor may take a hand in the matter soon, and politely ask his ministers why the gentlemen he selected have been treated so unfairly and discourteously.

Hon. John Morrissey did not notice words when he spoke. He had his fighting garments on and was facing the faction who have hounded him for three years or more, ever since they thought themselves strong enough to get along without the aid of him or his friends. He spoke even of the penitentiary awaiting those who dared slander him outside the walls of the house.

Pinder, just out of a sick bed, was better. The patronage of his country has been taken from the old man. Young and Guthrie are in the ascendancy, and Pinder and Morehouse protest in vain. The old king even rebuked the government for taking the highways from the control of the county councils, and even ventured to say the roads were "knee deep with mud."

It was a most cheerful afternoon, and no spectators or gallery to enjoy it.

MILITARY AND POLICE ARE TO CO-OPERATE

The three local military units are to undertake a systematic policing of the city, beginning this evening, and besides just as soon as you can. There will be no sore risings, no belching of undigested food mixed with acid, no flatulency or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

This is the result of the trouble between soldiers and the police a few nights ago. The hearing against Charles Madden, charged with attacking Deputy Chief Jenkins, was concluded yesterday afternoon and when Major McKenna presented this proposition to the court, saying that it was the intention of the military to co-operate with the police in every way possible, the magistrate decided that it would be best to let the matter remain as it is.

JOHN BUNNY'S WEALTH (Boston Post)

John Bunny, the great comedian of the "movies," who died on Monday came to middle life as a good, but not remarkable, actor in the "legitimate" with a modest salary indeed. During the past few years he made his marvellous, almost grotesque face the most widely known in the world, and one of the most popular. His characteristics were exactly the things for the photographic drama, and he had the wisdom to see it.

It is said that John Bunny's yearly income of late has been greatly in excess of that of the president of the United States. Commercially he was worth all that he received. As who shall say that his mission was not a noble one? To cheer and make glad the millions of the children, old and young, is to have lived to some purpose.

TRY THIS RECIPE IF YOUR HAIR COMES OUT IT WILL CHECK THE LOSS QUICKLY

If you are beginning to lose your hair and find quantities of dull dead looking hairs in your comb and brush whenever you use them this recipe will probably help you to stop the loss and prevent future baldness even though other remedies you may have tried have failed.

Mix together in 8 oz. bottle 6 oz. of a good quality of Bay Rum with 2 oz. of pure Lavender de Compose and add about 1/2 dram of Menthol Crystals. Shake thoroughly and allow to stand 1 hour before using. The mixture is best applied to hair and scalp by pouring a little on a soft cloth and then by drawing this cloth slowly through the hair taking one small strand at a time. When the head is quite thoroughly dampened rub briskly into the scalp with the finger tips until the skin tingles. A five to ten minutes' treatment like this each morning for a few days will generally stop all excessive loss of hair within a week and will also make the hair beautifully lustrous and glossy and easy to arrange. It is fine for getting rid of dandruff too and if kept up will stimulate the hair to start new hair growing. Druggists everywhere sell Bay Rum, Lavender de Compose and Menthol Crystals and will advise you as to the mixing for you at a small extra charge. If you like perfume add a few drops of your favorite and see what a pleasant hair dressing this makes.

FORMER CHIEF JUSTICE OF N. S.

Death of Sir Robert Weatherbe After Brief Illness - His Eminence as a Lawyer and Judge

The death occurred at the Halifax Infirmary on Tuesday of Sir Robert Weatherbe, retired Chief Justice of the Supreme Court of Nova Scotia. Sir Robert was taken ill on Sunday afternoon and since that time his condition became gradually worse until shortly before twelve o'clock he passed away. Sir Robert is survived by his widow who was a daughter of Lewis Johnston, of Annapolis, N. S., and six sons, Dr. Lewis in England, Colonel Paul in western Canada, Carl, civil engineer with the G. T. Railway in the West; D'Arcy, a contractor in Europe; Dr. Philip of Halifax, and Capt. Jack Weatherbe, R. A., on the eastern coast of Africa. Sir Robert's many friends will be shocked to hear of his sudden death.

Hon. Sir Robert Linton Weatherbe, late chief justice, judge and jurist, was descended from the same Yorkshire family that produced the Weatherbys of London, who founded the stud books and established the Racing Calendar, and who for more than a century have done so much in furnishing England with the finest horses in the world. He was the son of Jonathan Weatherbe, merchant and ship-owner, by Mary Weatherbe's daughter of John Baker, the descendant of a Quaker family. The late Sir Robert was born at Bedouque, P. E. I., on April 7th, 1838, and was educated at Prince of Wales College, after which he entered Acadia College, Wolfville, where he graduated in law taking his B. A. in 1858, M. A. in 1861 and hon. C. A Dear Little Woman Who Loves Babies and Adores Her Husband

Says: One of the greatest pleasures of my home life is my husband's wardrobe. He, like all men, is careless and leaves his clothes lying around—on chairs or table—and it's real joy for me to gather them up—note the pretty shades and patterns and feel the soft "woolly" texture.

I always go with him to the English & Scotch Woollen Co. and help in the selection of cloth—it is invariably a happy visit because there is such a variety to choose from that he is always able to satisfy his slightest wish.

My husband used to wear what they call the better class of "ready-to-wear" clothes, but they lacked the personal touch that always goes with a man when he has his own choice of material and when his wardrobe is "Made-to-Measure."

Your "Mill-to-Man" price, \$15, has settled the clothes question, as far as my husband is concerned, once and for always.

A Highly Specialized Man's Store

You know mighty few good pitchers who are star catchers as well. And there aren't many high jumpers who can win out at a 100-yard dash. They've got to specialize—and it's just the same with stores. The GOOD store does one or two things only—and does them "better than the best." The English & Scotch Woollen Co.'s specialty is "Mill-to-Man" Clothes for Men. Our customers get our attention clean through to the end of the ninth inning. Our Tailoring Service is yours first, last and all the time.

UNDERGROUND WAR ENDS IN DISASTER

Germans Terribly Punished For Sapping Efforts in the Vosges—Fought Entire Night

Paris, April 29.—The following official review of recent events at the front was given out at the War Department today: "In the Vosges as in Champagne and the Argonne and at Artois (Department of Calais), the proximity of the French and German trenches and the strength of the defensive works forced the adversaries to have recourse to sapping. To the east of La Fontenelle at the summit of a hill, we organized a very powerful line of resistance. The Germans began to besiege this hill toward the end of March. Suspicious noises led to the belief that a subterranean contest had

started. The hottest kind of actions developed thereafter. "During the entire night of April 10 our infantrymen fought using grenades and destroying earth barriers the Germans sought to erect, the combat occurring beneath the level of the ground, the surface of which was swept by quick-ficers. "On April 12 toward 8.30 o'clock in the evening, the Germans prodding by the darkness, attempted a decisive action against the right section of the works. With bombs and grenades they crossed the space which separated them from the French, and believing they had surrounded the defenders of the trench, they cried out to the Frenchmen to surrender. But the evening before we had dug a new branch of the underground works, which permitted the defenders to evacuate the post, which previously had been mined. "As soon as the Germans were installed there the order was given to explode the mine. A man delegated to fire the mine was put out of action by a grenade while lighting the wick. His companion immediately replaced him. A violent detonation shook the entire works. It was

followed by cries of terror and pain. One hundred kilograms of explosive had blown up the position and the old branch of the underground works. "We immediately established a barrier against which the Germans hurled themselves. Their officers could be heard during the night urging their men forward, but the men, terrified by the explosion answered in groans: 'Ngin, Nein!' "Our artillery, guided by searchlights, opened fire on the enemy's works. Upheavals of the ground showed that the night Red Cross automobiles rolled along the roads. At daybreak the effects of the explosion could be judged. Thus ended at La Fontenelle the sapping of the Germans. "Everybody knows that Ingersoll cheese is "Made in Canada." It "preads like butter" and is rich, creamy, pure and delicious. RAMBLERS AND SWEEPS AGAIN TIE

Will Play Off For the Championship of City League—Two-Men League Results

In the City League on Black's alleys last evening the Sweeps won four points from the Giants and incidentally tied the Ramblers for leadership of the second series. The scores:

Sweeps	Total	Avg.	
Jenkins	83	89	97
McLiven	90	104	107
Gambin	85	87	92
Ferguson	107	98	94
Sullivan	115	93	90

Corbet	86	80	90
Baillie	84	71	96
Total			
405 402 423 420			

The Ramblers and Sweeps are apparently evenly matched for they tied the first series and repeated the trick last evening. In the play-off after the conclusion of the first game the Sweeps emerged victorious. If they can defeat the Ramblers on Monday evening they will clinch the championship of the league, but if they lose they will have another chance in the play-off.

The Ramblers and Sweeps each won 40 points and lost 20 in the second series. In the first they won 80 and lost 24.

Two-Men League

In the Two-Men League on the Victoria alleys last evening Coughlan and McKean won six points from Latham and Taylor and in the second game Stevens and McDonald took six points from Hill and Stevens. The scores:

WOMAN MAKES MARITIME RECORD

Sydney, April 28.—Mrs. J. A. MacLellan of the Sydney Bowling Club, has just won a new record lady's score in candle play. Mrs. MacLellan bettered the previous record of 146 by five pins. The previous record was held by Mrs. C. P. Freeman. In a series of 108 matches over a month ago. She held the honor until about two weeks ago when Mrs. Walter Hall equaled her score. The lady bowlers of Sydney have been showing great improvement since the inauguration of the Bowling Club and it is expected there will be keen endeavors to excel the new score.

REFUSED TO SELL SUPER DREADNAUGHT

Profit of Six Million Dollars Failed to Influence Argentina

New York, April 29.—The Argentine government recently refused offers from European countries for the purchase of the super Dreadnaught Stoenes, which was built at Camden, N.J., and which is to sail for the southern republic today. One offer, it is said, came from Greece, the bid being about \$12,000,000. It is understood that the Italian government also tried to buy the battleship. The Moreno, one of the largest battleships afloat, was built at a cost of \$12,000,000, but a possible profit of \$6,000,000 failed to influence Argentina. Manuel A. Molina, acting consul for Argentina here, confirmed the reported overtures for the purchase of the warship, but would not say which countries made the offers. "I know that all of them were rejected by my country," he said.

The Pittsburgh Pirates, after their showing in their exhibition before the season opened, are continuing themselves with the thought that whenever they make a bad record in the practice games they go well in the real race. In 1901 they lost every exhibition game, then started out by winning 11 straight in the National League race and took the first of three straight pennants. This spring the Pirates opened their exhibitions at New Orleans against Cleveland, losing one and winning one, then they lost two at Atlanta, won two at Birmingham and then dropped three straight at Louisville.

Does Not Want Baker. Connie Mack, the astute manager of the Philadelphia Athletics, says that J. Frank Baker, his hold-out third baseman, is not for sale under present conditions, but he went further and stated positively that he did not want Baker for his team. "However," said Manager Mack, "if Baker reports I cannot prevent him from joining the club. I have nothing against Baker personally, but he told me that he was absolutely through with baseball and I have no further interest in him. For his own sake I hope he will get no nearer Upland than Philadelphia."

Regaining Old Time Favor. There are indications that the wrestling sport is rapidly regaining its old-time favor. In the middle of the springing game has never lost its hold with popular interest, and there has lately been a revival of interest along the Pacific and Atlantic coasts. The knockout blow being landed in California has caused the sports to take to wrestling as a substitute. Among the candidates and champions for the wrestling title left vacant by Goble's retirement, the Latvian brothers Stanislaus and Wladislaw are the most prominent. Stanislaus was the first to twist the tongues of American wrestling fans by bringing the name of Zyzasko out of Poland. Stanislaus proved himself a mighty hard man to beat, but Goble conquered him in St. Louis in 1909 and repeated the trick in Chicago the following year. Wladislaw Zyzasko, the younger brother of Stanislaus, defeated Tom Jenkins, the former American champion, when the veteran tried to pull a come-back last year, and he has also bested many other good men.

Durban Training Yonester. David Regan, a young Buffalo sculler who holds the intermediate amateur championship of Canada, will place himself in the care of Eddie Duran to prepare for this season's regatta. Last summer the pro champion had Regan for a few days and was much impressed with the boy's possibilities. Regan will prepare for the senior sculling championship title this year, says Duran. "If he improves this season like he did last year he will be a champion before the year is over. Bob Dibble, of the Donora, is a wonderful oarsman, but his boy shows just as much promise as Dibble did at the same stage of his development." "How about rowing Edward Barry here?" was asked. "There is nothing I would like better," was the reply. "I went after him on his own water so it is a cinch I won't back up from him here."

Test Case Over Pictures. Unless a favorable decision is rendered in the suit instituted and soon to be tried by the United States government involving the motion picture films of the Welsh-Ritchie championship battle fought at the London Olympia last July, there is little or no hope of showing the Willard-Johnson fight at Havana on the canvas screen. The case will be a test one and the first of the kind since the passage of the federal law following the victory of Johnson over Jeffries. The law prohibits the importation of pictorial reproductions of prize fights. "That the motion picture rights of the heavyweight battle are valuable is proved by the fact that the promoters have disposed of the Australian rights for \$75,000. They have received an offer of \$85,000 for ten weeks in England, and various offers have been received from all parts of the world, but these are comparatively insignificant as compared with the profits which would follow the showing of the pictures in the United States." While H. H. Frazer and his associates are making every effort at Washington to obtain a favorable ruling, it is probable that nothing official will be done until the Welsh-Ritchie film case is disposed of, and this probably will be soon, as the government has moved for a trial. The case will be tried by a federal judge without a jury.

Wish to Meet Gallant. It is learned that Freddie Welsh, the lightweight champion, expects to be far recovered from the recent injury to his shoulder so as to be able to meet Gilbert Gallant in Boston on the night of May 2. If the champion goes through with the contest it is the intention of the club to match the winner against the winner of the Murphy-White contest to be held May 4.

WHAT WILL RELIEVE STOMACH TROUBLE

A Hard Question—But This Retired Ohio Farmer Answers It—Mr. Matteson's Statements Are Reliable.

Upper Sandusky, Ohio.—"I suffered from nervous dyspepsia and stomach trouble so that large lumps would seem to come up in my throat, and would get so dizzy I could not stand up or even see. I tried different remedies but nothing seemed to help me until one day my druggist told me about Vinol. I tried it and soon noticed an improvement and now I am well."—Ira Z. MATTESON, Upper Sandusky, Ohio.

Vinol seldom fails to strengthen and tone up the tired, overtaxed and weakened nerves of the digestive organs and remove the cause of indigestion and soon enables the sufferer to digest with ease the foods that once caused distress. Vinol also creates a healthy appetite and builds up the weakened run-down system.

We have such faith in Vinol, our delicious cod liver and iron tonic without oil, that we ask every person in this vicinity suffering from nervous dyspepsia or stomach trouble to try Vinol on our offer to return their purchase money if it fails to benefit.

POLICE CONSTABLE FAVORED GERMANS

Offending Officer Ordered to Resign by the Toronto Police Commissioners

Toronto, April 30.—Police Constable John H. T. Dierks, attached to the Willson Avenue station, has been ordered to resign by the police commissioners. Dierks' offence was said by the chief to be disloyalty to his oath of allegiance. Six constables and a patrol sergeant from the division appeared before the commissioners with Dierks, and swore that Dierks had since the war continually uttered pro-German statements and that his actions showed his inclinations to be pro-German. Dierks in his defence denied all the allegations, stating that any statements he had made which might be construed to be pro-German, were made during arguments on the war, and that he was merely attempting to show both sides of a question. The commissioners, however, decided that such actions could not be countenanced at the present time. Dierks is 39 years old and was born in Canada of German parents. His father died when he was three years old.

Brigadier Taylor Will Help Solve Problem of Providing Suitable Clothes For Children to Wear to School

Editor of the Times:
Sir—My attention has been called to your editorial of the 27th inst., dealing with the question of children being compelled to remain away from school on account of not having shoes or other clothing.

It is certainly a great pity that any child should be obliged to stay away from school for this reason, or that this should be made an excuse by those who may not want to attend school, and I should like to say that until some better arrangement may be made the Salvation Army will be glad to help in this matter by investigating any such cases that may be reported to our headquarters, (Merchants' Bank Building), by any teacher or other responsible person.

Where it is found that children are obliged to stay at home on this account, we will undertake to supply, as far as possible, shoes, or whatever may be necessary. I might say that our workers have found considerable need in this direction and during Christmas week alone one hundred and seventeen (117) pairs of new boots were supplied, besides other articles of clothing.

Yours sincerely,
L. E. TAYLOR,
Brigadier.

FIRST LADIES' NIGHT

New Temple Club Hats at a Very Pleasant Function

The splendid home of the Masconit Fraternity has seldom been the scene of a more delightful function than that of last evening when the members of the New Temple Club held their first annual ladies' night. The various rooms were thrown open to receive the ladies, and the evening was spent in a most enjoyable manner. The program consisted of a variety of musical numbers, and the dancing was done by the members of the club. The evening was a very successful one, and the members of the club were very pleased with the results.

SERVICES IN MEMORY OF RUDOLPH MCKEL

A service in memory of the late Rudolf M. McKel, of Fairville, the first soldier from this section to lose his life in the great European war, will be held in the Church of the Good Shepherd on Sunday morning. The young man spent many years of his life in the rectory, where his father, Rev. Leonard McKel, resided as minister for a long period, and the congregation are taking this means of expressing not only sympathy but also their appreciation of his services in a cause that is right and just.

On the following Sunday afternoon, May 9, another service of a similar nature will be held in the same church, members of four or five lodges of "Peace" Boys will attend in uniform as well as the local Boy Scouts. Mr. McKel was a past master of the "Practice Boys" lodge here and was held in high esteem. At both services the rector, Rev. W. P. Dunham, will officiate.
