THRONGS GATHER FOR INAUGURATION OF J. S. PRESIDENT

Ceremonial in Washington Marked By Simplicity

Military Escort and Uniforms of Diplomatic Court Only Touches of Color—Harding Speaks to Great Sea of Humanity.

(By Canadian Press) Washington, March 4.—Warren G. Harding was inaugurated President of the United States today with ceremonies almost as simple as those customarily attending the opening of a session of the Canadian parliament at Ottawa.

Had Mr. Harding's personal wishes been adhered to strictly, the ceremonies would have been more simple, but the Congressional Inauguration Committee made some arrangements on its own account. These included a cavalry escort of four troops for the president in his ride from his hotel to the Capitol and thence to the White House.

This little cavalcade contrasted strangely with the great military and civil processions which have attended inaugurations for half a century or more.

Besides the cavalry escort, the Congressional Committee had arranged to have several companies of marines at (Continued on page 4, third column.)

N. C. SCOTT DEAD

Prominent North End Business Man Has Passed Away

Many friends in this city will regret to learn of the death of Norman Cunningham Scott, who took place this morning at his residence, 99 Douglas avenue, after an illness of a few months.

He was born in Milkish, Kings County, on February 11, 1847, a son of the late John and Margaret Scott. He was one of the best known and most prominent business men in the North End, conducting a grocery business there for the last forty-six years. His place of business was at the corner of Adelaide and Main streets, and for many years has been known as "Scott's Corner."

Before going into business for himself many years he was prominent in shipping circles and at one time owned as many as fifteen vessels, sailing out of this port, but some years ago disposed of his interests. His last vessel was the Corn May, which he disposed of three years ago. It will be recalled that some time ago it was lost in a severe storm.

In religion Mr. Scott was a Baptist, and an active member of German street Baptist church. In politics he was a Liberal.

Besides his wife, who was formerly Miss Mary E. Branscombe of Waterbury, Queens county, he leaves four sons, Frank S. of Amherst, Ira D., who was associated with his father in business; C. Harold, of the Furness, Withy Company, and A. Gordon, at home.

Mrs. Warren Ogdive of Turro and Mrs. F. C. Bonnell, daughters, were killed in an automobile accident in New Glasgow on August 17, 1918, and the death of these dear little loved daughters was a great shock to Mr. Scott, and since that time his health has been impaired. He is survived by two brothers, Fred E. of St. John and Joseph E. of Pittsburg, and two sisters, Margaret Elston of Milkish and Mrs. Joseph McColgan of Sea Dog Cove, also one grandchild, Margaret Phyllis Ogdive of Turro. Funeral arrangements had not been completed this afternoon.

APPROPRIATION FOR BRIDGE OVER RESTIGOUCHE

Fredrickson, N. B., March 4.—Hon. P. J. Veniot announced this morning that the government had decided to place in the estimates an amount sufficient to meet New Brunswick's share of cost of the preliminary work in connection with the proposed inter-provincial bridge across the Restigouche River from Campbellton, N. B., to Cross Point, Que.

The estimated cost of the bridge, he said, was between \$700,000 and \$800,000, of which the federal government was asked to pay one half, the other half to be divided between New Brunswick and Quebec.

WOODROW WILSON VERY FEEBLE

Washington, March 4.—At the inauguration of Warren G. Harding, as president of the United States, Woodrow Wilson, accompanied by the president-elect from the White House to the capitol, but, yielding to the entreaties of his family and physicians, took no part in the inaugural ceremonies. Mr. Wilson, who appeared very feeble, had to be assisted by secret service men.

DEATH OF ROBERT MCKAY

Robert McKay died yesterday at his residence, 88 Simonds street, after an illness of about 3 months. He leaves his wife and 1 daughter, five brothers—William, David, Charles, James and Albert, all of this city; and one sister, Mrs. Orland Silliphant, of West St. John. Mr. McKay was a ship fastener by trade, and seventy-five years of age. He was a member of No. 5 Fire station for a number of years, and was well liked on all sides. The relatives will have the funeral of many friends in their loss.

Very Little Meat In Harding's Speech Today

Not Satisfied With Present League of Nations—Glittering Generalities About International Relations—Much About Greatness of America—Favors Protective Policy.

Washington, March 4.—President Harding, in his inaugural address today, declared that the United States "seeks no part in directing the destinies of the 'Old World,' and is unwilling to become entangled in European politics."

Nevertheless, speaking of the League of Nations, he expressed his belief in the people of the United States, he expresses willingness to associate with the other nations of the world in seeking an agreement for the reduction of armaments; in suggesting plans for mediation, conciliation and arbitration, in clarifying the laws of international relationship, and in establishing a world court for the disposal of justifiable questions.

The recorded progress of the League of Nations, Mr. Harding said, proved the wisdom of the "non-involvement" policy in old world affairs.

NO PERMANENT MILITARY ALLIANCE. "Confidence of our ability to work out our own destinies, and jealously guarding our right to do so," he continues, "we seek no part in directing the destinies of the old world. We will accept no responsibility except as our own conscience and judgment in each instance may determine. Our eyes never will be blind to a developing menace, our ears never deaf to the call of civilization."

"We recognize the new order in the world, with the closer contacts which progress has wrought. We sense the need of the human heart for fellowship, fraternity and co-operation. We crave friendship and harbor no hate. But America can be party to no permanent military alliance. It can enter into no political commitments, nor assume any economic obligations which subject our decisions to any other than our own authority."

"I am sure our own people will not misunderstand nor will the world misconstrue. We have no thought to impede the paths to closer relationship. We wish to promote understanding. We want to do our part in making offensive warfare so hateful that governments and people who resort to it must prove the righteousness of their cause or stand as outlaws before the bar of civilization."

"Since freedom impelled, and independence inspired and nationality excluded, a world super-government is contrary to everything we cherish and can have no sanction by our republic. This is no selfishness. It is sanctity. It is the glory of our country. It is not a suspicion of others, it is patriotic adherence to the things which make us what we are."

"The selfishness of the United States had been proven, Mr. Harding said, and the concern of the people of the world for the preservation of civilization, had it impressed and eager expression."

"The United States was eager to initiate and anxious to participate in any program and seemly likely to lessen the possibility of war and promote the brotherhood of mankind, and he added, "and aspired to high place in the moral leadership of civilization."

League of Nations. While he made no direct reference to the League of Nations Mr. Harding admitted that the participation of the United States would have to be accomplished through some agency other than the present league.

In deliberate questioning of a suggested change of national policy which internationally was to supersede nationality, he said, "we turned to a referendum to the American people. There was ample discussion and there is a public mandate in manifest understanding."

Dealing with commercial problems which confront the United States, Mr. Harding declared particularly for the development of trade with other nations of the American continent. "We must understand that ties of trade bind nations in closest intimacy and none may receive except as he gives."

We have not strengthened ours in accordance with our resources or our genius, notably on our own continent. While the war did not leave the United States with devastated lands, or devastated cities, continued the new United States president, it did involve the country in a delirium of expenditure, in expanded currency and credits, in unbalanced industry, and in "unspeakable waste and disturbed relations."

Task to Get Back to Normal. The supreme task of the citizens of the United States was the resumption of their onward normal way. Reconstruction, readjustment and restoration must be carried out and the policy of the government would be framed with a view to facilitating this.

"It is will lighten the spirit and aid to the resolution with which we take up the tasks," said Mr. Harding, "let me repeat for our nation, we shall give no people just cause to make a grievance, we hold no nation prejudices, we entertain no spirit of revenge, we do not hate, we do not covet, we dream of no conquest, nor boast of armed prowess."

As Hiram Sees It

"Wall" said Mr. Hiram Hornbeam to the Times reporter, "I'm going down to City Hall to see if I can make a dicker."

"Did you think of buying 'hens'?" asked the reporter, "or are you looking for a job?"

"Naw, one," said Hiram. "I want to see if they don't want to sell 'em."

"Hens!" said the reporter. "You remind me of a hibernian friend of the period when a bulge in the hip-pocket was a distinction."

"But a hen," said the reporter, "always wants a little sand in her crop—so I am told by experts. What if they were arrested for stealing sand and were locked up—and you were arrested for harboring them?"

"If I was a harbor," said Hiram, "they was thieves—we wouldn't be arrested—no, sir—not in St. John."

"Do you mean," said the reporter, "that we would harbor thieves?"

"I heard some talk about harbor thieves lately," said Hiram, "but I ain't no lawyer. What I'm talkin' about is a scratch game—not a scratch game—yes, sir."

OFFICERS TO MEET IN FREDERICTON FOR WAR GAME

(Special to Times) Fredericton, N. B., March 4.—A large number of officers of the militia units of the N. B. Military District are expected here on the 16th inst., to take part in a war game authorized from Ottawa.

Transportation and other expenses will be paid by the Militia Department. As the opening of the Legislature will take place on the 17th and many militia officers will be required to be in attendance, it is probable that a large number will take the opportunity of attending both events.

MARRIED IN FREDERICTON

Fredrickson, N. B., March 4.—Miss Beattie Elizabeth Clark, daughter of Mr. and Mrs. Harry Clark of this city, and Byron Frank Taber of Bloomfield, Kings county, were married in the Brunswick street Baptist parsonage on Thursday night by Rev. G. C. Warren, Mr. and Mrs. A. T. Upton of Fredericton attended.

The groom served overseas and is now in teaching school at Midland, Kings County where he and his bride will make their home.

John Kenneth Moorehouse and Miss Helen Sue Brewer, both of this city, were married on Thursday night at the Brunswick street Baptist parsonage by Rev. G. C. Warren. They will reside here.

Mr. Moorehouse, returned soldier, is bookkeeper at the Fredericton Co-operative Store.

Call For Revolution By German Workers

Communist Party Takes Advantage of Situation Caused by Allied Demands—Plans Under Way to Compel Obedience to Allied Orders.

Berlin, March 4.—The German communist party today made the Allies ultimatum the occasion for a revolutionary proclamation in which the German working men are called on to overthrow the government, erect a soviet state, and effect a political and economic alliance with Russia.

The communists announce that demonstrations will be held on Sunday. London, March 4.—Vague hints that discussions were going on between the Allies regarding the period of bridging the gulf between them and the Germans were heard last night.

Nothing tangible, however, developed, and members of the German delegation told newspapermen at midnight that they had heard nothing from Berlin relative to the address made yesterday by Lloyd George in presenting an ultimatum to Dr. Simons.

Yesterday's newspapers engaged in speculation regarding the extent of the Allied military measures to be adopted if the Germans failed to meet the terms laid down by the Supreme Council in Paris.

The Daily Mirror claimed to have information that the British war office was ready to place a division of infantry at the disposal of Marshal Foch, and the newspaper said it understood that the British would occupy Dusseldorf.

Andrew Bonar Law remarked in the House of Commons the other day that the number of British troops on the Rhine was 12,000.

Marshal Foch, it was declared by the London Times, believes the Allies sufficiently strong in occupied districts to hold Duisburg, Ruhrort and Dusseldorf if necessary.

A despatch from Brussels stated that the German government had been despatched to German territory occupied by Belgian troops.

Believe Germans Will Not Yield. The speech of Lloyd George to the German delegation yesterday drew high praise today, even from anti-government organs.

The majority of this morning's newspapers professed little or no opinion on the German ultimatum.

Some thought the position of Dr. Simons had become so difficult that he might be replaced, while others expressed belief that the German cabinet would resign, and another government be formed.

The Morning Post declared the ultimatum laid down yesterday by the Allies could not be seen how the customs proposals could be successfully carried out unless Germany's exports were occupied.

The British fleet was employed in the North Sea and the Baltic.

THOS. STEARS DEAD

C. P. R. Man Who Fell From Trestle Few Days Ago. As a result of injuries sustained on Tuesday in a fall from the C. P. R. trestle near Mill street, Thomas Stears, died in the General Hospital this morning about nine o'clock.

He was employed as section foreman between the city and Fairville and had been in the employ of the C. P. R. a great many years.

Mr. Stears was fifty-nine years of age and leaves besides his wife, five sons, two daughters, three sisters and one brother. The sons are Harold, Kenneth, Jack, George and Robert, and the daughters are Mrs. Langan and Miss E. Stears. Mrs. E. Jennings, Mrs. J. Nichols and Mrs. E. Fillion are the sisters surviving, and John Stears is a brother. All the relatives are of this city. They have the sympathy of many friends in their time of sorrow.

BIG LOT OF OUR SECURITIES TO MATURE THIS YEAR

New York, March 4.—(Canadian Press)—Bankers interested in Canadian finance express the opinion that the \$40,000,000 in Canadian government securities maturing in this market in April and August will be paid off without a refunding operation, according to this morning's Tribune.

The newspaper says that a Canadian representative who has been here this week conferring with the bankers has reported to Ottawa to report back to the Canadian minister of finance.

FAREWELL TO WILSON

New York, March 4.—(Canadian Press)—The New York Times this morning gives President Wilson a warm send-off after eight years of administrative service at Washington, by publishing messages of praise from eminent statesmen and men of affairs in all parts of the world, including Great Britain, France, Italy, Belgium, Japan, Brazil and Spain.

The comment of political Germans is particularly bitter. Prince Max of Baden says President Wilson has played false to his own ideals. "The cry of those who once loved Wilson must be: 'Long live the cause betrayed!'"

Count von Bernstorff, former German ambassador at Washington, says he is the last man in the world to write about Woodrow Wilson, but thanks the World for the request.

QUERIES IN PARLIAMENT

Ottawa, Ont., March 4.—(Canadian Press)—Whether or not German goods are subject to the same customs regulations as other European goods coming into Canada is being asked in the House of Commons by F. Rinfret (St. James). He is asking if the government has any intention of levying a special tax on authorized insurance companies known as mutual companies.

Buenos Aires reports serious labor trouble is feared at Cordoba.

MAJORITY OF TWENTY-FIVE FOR THE GOVERNMENT

King Amendment Defeated Early This Morning

Even the Sick Brought Into Commons Chamber When Speaking Ended and the Vote Was Called at 4 a. m.

(Special to The Times) Ottawa, Ont., March 4.—The government's first majority of the session in defeating the King "no confidence" amendment to the address in reply to the speech from the throne was twenty-five. The vote was as follows: Yeas, 116; nays, 91, and besides these there were some pairs. It was noticeable that the only members rising to say that they did not vote because paired with members on the other side were Liberals and Progressives.

"Where are your men who paired with our absent ones?" called out Jacques Bureau, member for three Rivers. "Your majority is being whittled down."

It was calculated that if the Liberals and Progressives had not granted these pairs the government majority would have been about eighteen. Some of the sick members will not be available for future votes.

"Where are your men who paired with our absent ones?" called out Jacques Bureau, member for three Rivers. "Your majority is being whittled down."

It was calculated that if the Liberals and Progressives had not granted these pairs the government majority would have been about eighteen. Some of the sick members will not be available for future votes.

When the sub-amendment was defeated without division, the King amendment was next in order. The division bell rang at four o'clock.

Helped In Vote. For the next few minutes the members poured in the House of Commons chamber from all parts of the building. Some had been sleeping, some singing songs with members of a like mind, and others dosing and waking at intervals.

A few had even been assisted by a member on either side. A greater volume of cheering broke out when five government whips came in together and the Liberal whip, W. D. Robb, rose. The Liberals were all in their places first. There were fewer vacant chairs than at any time since parliament convened. Patriotic songs rang out from the Liberal side until the vote was taken, and the long, hot, arduous debate was over.

By-Elections. Ottawa, March 4.—(Canadian Press)—In the House of Commons, in answer to a question by the leader of the opposition, Premier Meighen said that the writs for by-elections in the constituencies of York, N. B., Yamaska, Medicine Hat and West York would be issued in due course.

In the senate, royal assent was given the Ontario referendum elections act. A government bill creating a Lake of the Woods control board was given second reading.

THWART PLANS FOR MURDER IN CLEVELAND

Plots to Slay Citizens and Dynamite Buildings in Anarchistic Programme.

Cleveland, March 4.—Plots which involved the planned assassination of Cleveland citizens connected with the Local American League, the dynamiting of downtown buildings and an intensive campaign of anarchistic propaganda throughout the city, are believed now to have been nipped by the arrest of eight men, said to be members of an anarchistic group.

OFF STREETS AFTER NINE AT NIGHT

Police Have Power in Matter of Children Up to Sixteen Years.

Ottawa, March 4.—The police department has now power to see that children under sixteen years of age are off the streets at nine o'clock at night unless accompanied by a guardian. This was the opinion given the board of control by City Solicitor Proctor, and so the board will ask the police more strictly to enforce the law. This is the board's reply to the denunciation which asked that a curfew law be enacted.

INAUGURATION DAY.

Today President Wilson left the White House to become a private citizen of the United States and President Harding took the helm of state. The new president is as yet an unknown quantity, except that he has made solemn professions and appears to have gathered around him a cabinet of strong men. The world at large is deeply interested in the attitude of the new administration toward two great questions. One relates to the League of Nations and disarmament, and the other to the tariff.

CONTINUATION CLASSES.

In an illuminating article, Mr. W. Carson Ryan, jr., educational editor of the New York Evening Post, tells of the continuation schools in that city. He holds that continuation schooling is fundamental to progress in education and adds that "By some fortunate chance some of the most open-minded of New York's teachers have been drawn into the continuation school work, and they appear to realize the opportunity given them to work out a type of education built on individual requirements and community needs."

WAKING DREAMS.

(Rev. George Scott.)  
Oh, its rare must be the dreaming  
Of the slumbering earth today,  
With the golden sunlight streaming  
High above the shimmering spray,  
And the dulcet south wind stealing  
Mid the adlers black and gray.

For the winter time is over,  
And the valley and the plain  
Smile upon their ardent lover,  
As he melts their icy chain,  
Till the tinkling of their laughter  
Is re-echoed back again.

And the music of the fountains  
Thrills the silent solitude,  
Till the voices from the mountains  
Interweave through all their mood,  
And the vast realm of creation  
Finds their chorusing is good.

For the earth is filled with glory  
When the spring is at the gate,  
And she listens to the story  
Of her blessed primal state,  
Till she longs with mighty yearning  
For her innocent estate.

And the skies in pity bending  
Whisper words of loving cheer,  
Love and pity's blending  
Wondrously in her ear,  
Of a time of restoration,  
And the time is drawing near.

Questions Flattered Her.

Ethel—Did she get angry?  
Edith—No, she was flattered. You see, she felt that she must look younger or he'd never have dared—

THRONGS GATHER FOR INAUGURATION OF U. S. PRESIDENT

(Continued from page 1)  
The day's ceremonies began with the formal calls on the president-elect and vice-president-elect at the New Willard Hotel by the Congressional Committee, headed by Senator Knox of Pennsylvania. The presidential party and the Congressional Committee then left the hotel for the capitol.

Pennsylvania avenue from the White House to the capitol, a distance of one mile, was thronged with people from all parts of the United States, anxious to catch a glimpse of the new and retiring presidents. There were no reviewing stands as in former years, and most of the spectators were forced to stand along the sidewalks. The more fortunate had seats in windows facing the avenue, for which high prices were the rule.

At the capitol the east plaza, with its standing room for thousands, was packed with a dense throng of people and the crowds overflowed out over the park spaces and avenues which converge thereon. Most of these thousands of people were able to hear the inaugural address as Mr. Harding's voice was carried out by means of sound-amplifying devices installed over the platform whereon he stood.

When the official party arrived at the capitol it was escorted to a room off the senate chamber and the vice-president-elect and the vice-presidential party to await the beginning of the ceremonies in the senate chamber. President Wilson was in his room at the capitol signing bills which had been passed during the closing hours of the Sixty-sixth Congress.

Senate galleries were filled long before this hour. Invited guests of the new president, vice-president, speaker and justices of the supreme court of the United States supplied with coveted cards of admission, were assigned to the east galleries, while other galleries were set aside for guests of senators and congressmen. In the diplomatic gallery, facing the vice-presidential chamber, the families of the diplomatic corps, representing some forty odd nations, were seated.

While the senate was assembling for its special session, the first of the Sixty-seventh Congress, the diplomatic corps was assembling in the marble room of the capitol, the senate chamber. Gorgeous in the colors and gold of their court uniforms, the corps entered headed by its dean, the Ambassador of France, Jules J. Jusserand. Other ambassadors followed in the order of their length of service at Washington with His British Majesty's ambassador, the Rt. Hon. Sir Auckland Geddes, K. C. B., tenth in line. Following the ambassadors came the ministers of the smaller countries.

Berlin is said to be worried over the threat of invasion. If the Germans were worried by a sense of honor there would be no fear of invasion.

COST MILLIONS TO ELECT U. S. PRESIDENT

Washington, March 4.—Campaign costs of electing a president of the United States in 1920 were \$10,888,208, as estimated by a special committee created to investigate them, which today filed its report with congress.

Of this amount Republicans candidates and campaign organizations spent \$6,100,789, while Democratic expenditures were \$2,827,670. The compilation took into account the expenditures made by or in behalf of all candidates for the Republican and Democratic presidential nomination, and of national, state, congressional and senatorial committees of both these parties, excepting amounts spent by candidates and organizations of minor political parties.

Senator Kenyon, Iowa; Edge, New Jersey; and Spencer, Missouri, Republicans; and Pomeroy, Ohio, and Reed, Missouri, Democrats, signed the report, which was unanimous.

While stating their conclusion that "the expenditure of these vast sums is a present and growing menace to the nation," they made no recommendation for congressional action except that election committees of the next congress should consider the question. Constitutional difficulties may intervene to prevent legislation on the subject, the report said, but congress should take proper steps to submit a constitutional amendment dealing with the difficulty, if it is found necessary.

National Campaign Funds.  
While the largest sums of campaign expenditure were those of the national organizations, which the committee said was \$6,819,729 for the Republican party and \$1,918,974 for the Democrats, candidates who sought presidential nominations from the conventions accounted for a total of \$2,860,033.

Mrs. Gen. Leonard Wood's efforts to secure the Republican nomination, involved expenditure of \$1,773,203, while for Frank O. Lowden the total was \$414,000; for Senator Johnson, \$194,000; for Herbert Hoover, \$173,000; for President-elect Harding, \$118,000; for Senator Poindexter of Washington, \$77,000; for Vice-President-elect Coolidge, \$68,000; for Dr. Nicholas Murray Butler of New York, \$40,000.

Attorney General Palmer led Democratic candidates in expenditures with \$50,000, while James M. Cox spent \$22,000, James W. Gerard was listed at \$14,000, and Senator Dyer of Oklahoma at \$6,995. No money was found to have been spent for William G. McAdoo, Democrat, and Senator France, Republican, Maryland.

Congressional Contests.  
Something over \$700,000 of the total went into senatorial and representative contests, the committee found, of which only \$81,000 was spent by Democratic National organizations created for the purpose. The Republican Congressional Committee spent \$73,809, while the Republican senatorial organization spent \$226,980.

Through state committees the Republicans spent an aggregate of \$2,075,060 against \$88,976 for their Democratic opponents. The larger expenditures in state contests were in New York, \$478,000; Indiana, \$215,000; Pennsylvania, \$189,000; Massachusetts, \$138,000; and Washington, \$114,000.

Democratic state expenditures were greatest in Indiana, \$74,632; New York, \$62,800; and Kansas, \$42,800. Ohio, \$38,812; Maryland, \$37,880; and Pennsylvania, \$36,712. Several state committees, representing both parties, filed reports, and amounts turned in to states by national committees were not included.

of the United States, in their sombre black gowns moving slowly to seats in the front row facing the president-elect. Immediately after the members of the House of Representatives filed in with Speaker Gillett at the head.

President-elect Harding, escorted by the committee on arrangements, entered the chamber at the main door and was escorted to a seat on the right of the main aisle facing the rostrum.

President Coolidge was seated on the presiding officers platform.

After a prayer by the chaplain, Vice President-elect Coolidge called the session of the senate to order. As silence settled over the chamber, Vice President Coolidge greeted Mr. Marshall. Both men raised their right hands, Mr. Marshall slowly spoke the vice president's oath, the new vice president repeating his words, and afterward delivering his address.

While the new senators were being sworn in the remainder of the party began moving out of the chamber toward the east portico of the capitol. All seats in the senate floor and the guests in the galleries, by pre-arranged directions, moved along the rotunda in lines which converged at the main entrance and then out to the portico and steps. The guests were in their places before Mr. Harding appeared on the speaker's stand, a small structure thirty feet square, built with iron girders and with a covered canopy above housing the sound-amplifying instruments. The whole was profusely decorated with flags and bunting.

Mr. Harding emerged from the capitol entrance accompanied by the Chief Justice of the Supreme Court, Edward Douglas White, and the Congressional Committee. They all were seated on the platform.

Then, before a great sea of humanity, official and unofficial, invited and uninvited, Mr. Harding took his place at the left of Chief Justice White. With Bible in hand the Chief Justice stepped to the front of the platform and Mr. Harding, with upraised right hand, slowly and solemnly repeated after the Chief Justice the oath of office as president prescribed in the constitution. At the conclusion of his oath President Harding kissed the open Bible and the ceremony was over save for the delivery of the inaugural address of the new president.

Stepping toward the vast throng Mr. Harding then began his carefully prepared address outlining the policy of his administration.

At the conclusion of the address the senate returned to its chamber to resume its special session, while the new president, to the cheers of the throng, entered his automobile and with a cavalry escort moved through the capitol grounds and slowly along Pennsylvania avenue. Everywhere he was greeted by the throngs of people on the sidewalks cheered themselves hoarse. The simple procession along the avenue came moved slowly, the president bowing and raising his hat almost constantly through the mile ride.

Reaching the White House, the new president entered and found awaiting him there a large company, including his father, who had been one of the most interested spectators throughout the ceremonies.

The ceremonies this year, devoid of the long and tiresome inaugural parade, were looked upon with much relief.

NEW SPRING SUIT  
The F. A. Dykeman Co. have just received a shipment of 50 Manufacturers House Samples of the very latest high class New York style suits for this season's wear. These samples have never been used on the road and are fresh as when delivered from the factory, not a crease or a blemish on them.  
There are two big reasons why a sale such as this should grip the interest of any woman. First, the finish. Being samples they are, of course, finished with extra care down to the very last detail; not a trifle has been overlooked; every stitch is perfect. Secondly, the Price. The custom of manufacturers being to dispose of their samples at a heavy discount for cash, makes a big difference in the retail selling price as the following examples will demonstrate.  
Materials Used Are All-wool Serges, Gabardines, Tricotines and Tweeds  
Read these brief descriptions, then see these suits on display in our show windows.

**RECENT DEATHS**  
Mrs. James Gerow.  
Deep regret was expressed by many friends when it became known that Mrs. Bridget Agnes Gerow, widow of James Gerow, had passed away last evening at her home 46 Garden street. She had been apparently in her usual health until Wednesday, when she was seized with a stroke of paralysis. She died about half-past six o'clock last evening.

Mrs. Gerow was a prominent member of the Cathedral congregation, devout and faithful in attendance and taking a full share in the activities of the women's organizations attached to the parish. At the annual high teas there was no more energetic worker. She was particularly interested and active in the Altar Society of Saint Ann and was president of the society. In the realm of charitable work she was an unostentatious but generous giver and many a kindly act is recorded to her credit. For some years she was on the board of the Associated Charities. Mrs. Gerow was highly accomplished, a wide reader in literature as in the news of the day and kept herself well informed on events of moment. She was brilliant in conversation, of a ready wit and most entertaining. Her admirable qualities had gathered about her a group of warm friends, to whom the news of her death brings deep sadness. Mrs. Gerow leaves one son, Stephen P. Gerow of New York, and one brother, John C. Ferguson, of his majesty's customs, this city. The funeral will take place on Saturday morning at 9.30

o'clock to the Cathedral for requiem high mass.

The death of Frederick E. Scammell occurred suddenly in New York on the morning of March 3 at the age of seventy-two years. Mr. Scammell was a son of the late Joseph and Fannie M. Scammell of St. John and was a native of this city. He left St. John in 1876 to open in New York a branch of the firm of Scammell Brothers, ship brokers of St. John, of which firm he was a member. In 1878 his brother, J. Walter Scammell, joined him in New York as a member of that branch. Since the death of J. Walter Scammell in 1897, Frederick Scammell had carried on the business of the firm alone. He married Miss Milla McAdam, daughter of Hon. John A. McAdam of St. Stephen, who died in 1916. He leaves three sons, John McAdam of Tom's River (N.J.), E. Allison of Johnstown (Penn.) and Harold B. Scammell of Tom's River (N.J.). One brother, Charles E. Scammell of St. John, and one sister, Mrs. G. Byron Cushing of St. John. Word of Mr. Scammell's death was received in a telegram yesterday. There will be funeral service in New York this evening and interment will be at St. Stephen (N. B.), where his wife is buried, on Monday at noon.

Mrs. Harold Eacle died last evening at her home, 50 Waterloo street, after a lingering illness. She leaves, besides her husband, her father, Charles Connell, two brothers, James and William, and one sister, Emily, all of this city.

Mrs. John M. McIntosh died in the Hotel Dieu hospital, Chatham, on Sunday. She leaves two adopted daughters, including Mrs. W. P. Howard, of St. John, two brothers and two sisters.

Michael McManus died at his home in Woodstock yesterday afternoon, at the age of seventy-four years. He leaves his wife, formerly Miss Josephine Marr of St. John.

William Greer died on February 24, at his home in Fair View at the age of sixty-two years. He leaves his wife, four daughters, including Mrs. Lorne Shea, of this city; two sisters, including Mrs. Philip McIntyre of East St. John, and two brothers, including Edward, of St. Martins.

Mrs. James Stone died in New York on Saturday. She was the daughter of the late Rev. William Allan, West St. John, and besides her husband, two sons, one brother, she leaves two sisters, including Miss Annie Allan of this city.

**AT CITY HALL**  
At a committee meeting of the city council yesterday afternoon the matter of removing a shack in Protection street was brought up. The matter was left with commissioners Frink and Bullock with power to act. It was decided that a lease to Messrs. Gorman and Black to operate a lunch cart in South Market street should be revoked on May 1. Some consideration was given the matter of the renewal of a lease to A. H. Campbell of the so-called Raymond cottage at Loch Lomond. No recommendation was made pending further inquiries.

The matter of moving some of the offices of the city department was discussed, particularly that of the offices of Mr. Jones' department to Leinster street. It was decided that the council would meet this afternoon on the ground to look the situation over.

It was carried that the tender of the General Supply Company of \$3,025, f. o. b. St. John, plus sales tax, for an portable bin for No. 1 stone crusher be accepted. Tenders were received from J. Charlton Berrie, Ester & Co., Massey & Co. and the General Supply Company. It was recommended that the public works department should purchase a Ford car at a price not to exceed \$900.

**ITALIAN MURDERED.**  
"Joe the Peacemaker" Shot Down in New York Street

New York, March 4—"Joe the Peacemaker" Giannelli, proprietor of a pool room in the East Side Italian quarter, was shot and killed in a mysterious manner last week.

As he left his place of business, Giannelli heard a shout across the street. He turned and was felled by the fire of a man who stood in a basement. The tragedy occurred within six feet of the spot where a month ago Tony Mair, Joe's best friend, met death in a similar manner. For many years Giannelli had settled disputes that arose between residents of the quarter.

THE BUSINESS COLUMN

Seven Stores Grow Out of This \$1,000. Quite recently Albert Hoefel, haberdasher, opened his seventh store in Chicago, thereby establishing a record...

Consider this statement and the further fact that, twenty-seven years ago, Hoefel was a hard-working clerk in a great furnishing store...

When he had finished grammar school, Hoefel went to work as a salesman for the Leisler Hat Store. This concern soon added a complete line of men's furnishings to its stock...

As soon as I got possession of the business, I determined on a policy of selling for cash only and buying the same way. That policy I have stuck to ever since...

Some advertising men have criticized me for running a "cash" or "special-offer" ad in ties, socks, shirts and other items, but we always advertise the truth...

Instead of showing a prospective buyer a new house with every room vacant, I show the most of the house and furnish it as it is to be furnished...

Selling a home completely furnished is one of the latest ideas in real estate circles and one that gives promise of increasing the sale of better quality furniture...

The two department stores, however, are not dependent on the sale of the home before they realize on the plan. Every piece of furniture, picture, rug and lamp is price-tagged with the name of the store printed upon it...

Many a Good Idea Lurks in the News. A furniture dealer in the Harlem section of New York city gets a lot of good ideas for his advertising and window displays by keeping a close watch on the news columns of his papers...

Montgomery, Ala.—Preparations of a two-mile daily kitchen marathon for the housewife, statistics compiled for the business trade and the like are also counted on to help and nourish radical propaganda for radical legislation...

Over 100 years ago, Dr. Johnson originated his famous household medicine, still in thousands of homes for coughs, colds, sore throats, cramps, chills, sprains, strains, and many other INTERNAL and EXTERNAL aches and ills, —grippe and influenza.

The old reliable Johnson's Anodyne Liniment. HAVE DARK HAIR AND LOOK YOUNG.

Don't stay gray. Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this mixture was applied with wonderful effect.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it daries so naturally and evenly that nobody can tell it has been applied.

United States would be a factor for good. We may count upon her intuitions, her refinement, her intelligence and her influence to exact the social order," he said.

TORPID LIVER FOR OVER 4 MONTHS. The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons. When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Give This to a Constipated Baby. Why Dr. Caldwell's Laxative Syrup Pepsin is the Favorite Constipation Remedy with so Many Mothers. YOUNG Mothers in the midst of bringing up a family of small children should consider it a duty to investigate the action of the various remedies for constipation. This is the ailment most common among children, and it often leads to serious diseases. It is important for the mother to know the right remedy to give, for they differ widely in action. Children do not take kindly to drastic drugs, salt waters, calomel, physics, castor oil, cathartics, mercurials and such things, and they find difficulty in swallowing these harsh medicines, even when disguised in sugar-coated tablets or pills. It is not only that the child doesn't like the taste, but these drugs are so violent that they wrench the little system. They should not be given to children. Thousands of wise mothers, after having tried many things, give only a combination of simple herbs with pepsin, known to druggists as Dr. Caldwell's Laxative Syrup Pepsin. The formula is on the package. It is a mild, gentle remedy, free from all narcotics, that relieves constipation and its symptoms, such as headache, biliousness, colds, fever, indigestion, loss of appetite and sleep, and it does it without griping or weakening. A bottle of Dr. Caldwell's Laxative Syrup Pepsin can be bought at any drug store for sixty cents and is enough to last an average family many months. Last year over eight million bottles of Dr. Caldwell's Syrup Pepsin were sold in drug stores, the largest selling liquid laxative in the world, and as the preparation has been on the market over thirty years the second generation of mothers are now giving it to their babies. No careful, well-regulated home will be without a bottle for a mild, safe constipation remedy like this. It may be purchased by someone in the family in any quantity. Every bottle is guaranteed to do exactly as claimed for the ailments of the stomach, liver and bowels. Canadian dollars, 12 1/2 per cent discount.

WIRELESS WONDER. System Which Mechanically Prints its Own Messages. Experiments are being conducted by the British post office with a system of wireless telegraphy between Berlin and London, which mechanically prints its own message. "America," it was pointed out, "is often quoted as the ideal of telephonic enterprise, but there are more automatic exchanges in England than in America. Our difficulty is to find a system capable of dealing with a big proposition like London." "We are, however, making a beginning. Blackfriars, our next exchange, will be run by the Panel automatic system. If the system is satisfactory it will be extended all over London." "The automatic stamper is a possibility of the future. It would spread the careless office boy who sticks stamps upside down. The machine closes the envelopes and imprints a stamp on them at the same time registering the amount. With this system installed a correspondence department would be almost unnecessary."

SPAHLINGER CURE FOR TUBERCULOSIS PROVES EFFECTIVE

British Government Has Decided to Acquire Rights to Make Serum.

Geneva, March 4-T. Learn that the British government has definitely decided to acquire the rights of making the anti-tuberculosis serum which Henry Spahlinger has discovered after researches and experiments lasting more than ten years. The British government has asked M. Spahlinger to go to London and complete his work in connection with the serum. Spahlinger, who has been in Paris lately, and who is the discoverer of the serum, which has been costly to prepare, can now be made at no greater cost than ordinary vaccine against smallpox. Medical experts who have tried the serum in very different forms are convinced of its efficacy and declare that tuberculosis has been conquered. I have personally interviewed several patients who have been cured by the Spahlinger treatment. In one case a man was at death's door with the hemorrhagic type of consumption when treatment was begun; another case was that of a distinguished journalist who was cured of tuberculosis of the lungs. Spahlinger's discovery is no sensation in the vulgar sense of the word, but has been given to the world after long and arduous experiments, and often on persons in such advanced stages of the disease as to leave no doubt of its efficacy. Spent Fortune on Research. Although Spahlinger has spent his father's gladly given fortune to the value of one million gold francs upon experiments and researches, he does not desire to utilize his discovery for commercial or money-making purposes. Thus he immediately declined a highly advantageous offer of a drug company to purchase serum. He is far more concerned about preventing the possibility of spurious imitations of it being placed on the market to the disappointment of sufferers and above all, to the discredit of his work. Spahlinger's laboratory in Geneva is on a very large scale. His father's mansion has been converted into experimental rooms, while the grounds are largely used for stabling and keeping horses, cows, donkeys, goats, and other animals needed for extracting the serum. Spahlinger has never received any remunerations, direct or indirect, from grateful patients, who are of all nationalities. Spahlinger is only thirty-nine years old, a Swiss citizen, and not a doctor of medicine, although naturally possessing medical and scientific knowledge and attainment. Although qualified to be a barrister, he is, before all else, a scientist. He is still unmarried, but I hope I shall not forfeit his friendship if I make known that he has been engaged for some years to the only child of one of the most aristocratic families in England, the Hon. Grandford Hornold, daughter of Duke Alfonso Gandolfi Hornold, of Blackmore Park, Worcester, England. Reasons for having deferred his marriage are his absorption in his scientific studies, and that he wished to be indebted for financial help in his researches to none but his father.

BOARD OF TRADE.

At a meeting of the council of the board of trade held yesterday fifteen additional applications for membership were approved and passed over to the next meeting of the board for acceptance.

A letter from the Toronto board advised

that W. F. Burdell, president of the St. John board, had been named as a member of the Canadian committee of the International Chamber of Commerce, organized in Paris in June of last year.

Consideration was given to the proposed

fire marshal's act. It was decided to cooperate with the Commercial Club in a protest to the city council against the pilferage at the west side piers.

FOUNDERS IN CANADA

ON Place d'Armes in the City of Montreal stands a monument to Sieur de Maisonneuve who, landing near this spot in the year 1642, founded the settlement which is now the City of Montreal.

Facing Place d'Armes stands the Bank of Montreal, which opened its doors for business a short distance from the same spot over one hundred and three years ago.

From the Settlement founded by Maisonneuve, civilization has spread to the east and west until today the Dominion of Canada extends from Halifax to Vancouver.

Likewise the Bank of Montreal has grown, until after over a century of steady and conservative progress, it today has Branches in all of the cities and larger towns in Canada, with offices in the principal financial centres of the world, and correspondents in every country.

BANK OF MONTREAL

Capital Paid Up \$22,000,000. Reserve \$22,000,000. Total Assets \$560,150,812.85.

brought to a close by the grand march, in which all the skaters took part, led by his excellency the Duke of Devonshire and Lady Kingsmill, the latter as an Indian maiden, with Lady Anne and Miss Diana Kingsmill as Pierrot and Pierette. General dancing followed.

A huge bonfire was lit later in the evening, and made a very pretty finish to the evening's entertainment. Three hundred guests were present.

CUBAN SUGAR.

Havana, March 4.—A presidential decree places the shipment and sale of the remainder of the 1919-20 raw sugar crop under control of the sugar finance commission, provided holders of 75 per cent of the crop signify within five days acceptance of such control.

This action was taken to avoid having the old crop complete in the market against the new, and in an endeavor to obtain the best price obtainable. Shipping and payment will be kept separate from the new crop operations.

Mortgages vs. Equities

THE difference between bonds and stocks is this. The bond is a mortgage. The bondholder is a secured creditor. If principal and interest are not paid, bondholders can foreclose. Stocks are equities. Shareholders are partners, not creditors. Their share is that part of the assets and earnings which are left after bondholders are satisfied. Returns on stock equities, i.e. dividends, fluctuate with industrial prosperity and depression. That is why the values of shares move widely up and down on the Stock Exchanges.

It also explains why bond values are more stable than stock values.

Industry does not benefit from stock market speculation. Industry thrives because of the confidence of the investor — chiefly the bond buyer.

The difference between the industrial bond buyer and the buyer of equities is that the first is a well-secured creditor of industry; the second is sometimes a speculator, who hopes for a profit and must prepare for a loss.

Not so the bondholder. He has little to fear from temporary business depression.

The truth of this is borne out by the turn of the wheel in the last eight months.

Up to June of last year everything favoured the speculator. He made money quickly and sometimes was envied by the investor; but to-day the investor may congratulate himself.

All those who hold bonds of well-managed and conservatively operated industrial enterprises should hold fast to them and buy more; because industry is the foundation of all wealth, and the mortgage bonds of all sound industries are to-day selling at prices which are exceedingly attractive.

READING IRON CUTS

PRICES \$8 TO \$10 A TON Reading, Pa., Feb. 26.—At the annual election of officers and directors of the Reading Iron Company, one of the largest independents in the east today, prices were substantially cut, effective March 1. The company operates nine plants here, at Columbus, Pottstown, Birdsboro and Danville.

The company announced a reduction of from \$8 to \$10 a ton in the selling price of tubular products. The prices of cut nails and bar iron were reduced several weeks ago. These reductions are made with the hope that it will bring in orders sufficient to run the plants at a better rate of production. Orders received during the last two months were the lowest in the history of the company, and unless new orders are received the outlook is not bright.

## JERSEY BANDITS GET LONG TERMS

Within 72 Hours After Arrest Are Sentenced on Five Charges

Carry in Wounded Leader—Instigator of Auto and Trolley Robberies Pleads Guilty by Raising His Hand.

(New York Times) Less than seventy-two hours after they had been arrested at Kenilworth, N. J., in connection with twenty-one holdups and two shootings with intent to kill, John and Charles Krebs, brothers, and Martin Shannon were arraigned, yesterday morning, before Judge Pierce in the Court of Common Pleas, Elizabeth, N. J., pleaded guilty to five of the charges and were sentenced to fifty to seventy-five years in the State Prison at Trenton.

The men were arraigned on in specific charges, but at the request of Prosecutor Walter L. Hetfield, Jr., of Union County sentences on four charges were deferred, and two to the men were whisked off to prison by deputy sheriffs within an hour after they had heard the sentence. That the authorities were determined to lose no time in sentencing the three bandits, who were captured at 5 o'clock Saturday morning after Charles Krebs had been shot in the face by Carl E. Schmidt, physical instructor in the Summit High School, when they held up a trolley car at Towley, two miles from Elizabeth, was evidenced by the fact that the wounded man was carried to the courtroom in a stretcher to receive his sentence. He was declared in confessions made by his brother and Shannon to be the man who conceived the idea of holding up automobile parties in Union County and was also alleged to have fired the shots which wounded Robert S. Huse of Elizabeth on the night of Feb. 8 last, during the hold-up by the trio of three automobiles containing seventeen men and women returning from a reception at the Bathurst Golf Clubhouse in Clark Township.

The bandit leader signified his willingness to plead guilty to the charges by raising his right hand as he sat propped in a chair in the centre of the courtroom. He was unable to talk because the bullet fired by young Schmidt, who engaged in a long pitched fight with the bandits, had plowed through his jaw and lodged in the head. Several thousand residents of Union County tried to crowd into the courtroom before the bandit trio were arraigned, but Judge Pierce ordered all spectators excluded. About 100 county officials, however, were in the courtroom when the three robbers were arraigned. They commented on the staidness of John Krebs and Shannon as they stood before the court, and the apparent indifference of Charles Krebs, who devoted most of his time to rubbing his wounded jaw with both hands. Shannon, who was a soldier in the World War and was gassed in the Argonne, stood rigidly at attention as the Court imposed sentence on him and his confederates in the hold-ups which kept Union County in a state of terror for three months. The men displayed no emotion, even when Judge Pierce announced he would impose the extreme penalty on the five charges on which the men were arraigned.

Beside the hold-up of the party returning from the Bathurst Golf Club reception, the men were sentenced for the hold-up of a trolley car near Springfield, on Dec. 17, the hold-up of two cars on the same line and near the same place on the night of Jan. 22 last, the hold-up of six motorists in Clark Township on the night of Jan. 29, and the hold-up of two automobile parties at East Rahway on Feb. 15.

"You have gone back into history 100 years to commit your crimes," said Judge Pierce in sentencing the men. The days of highwaymen have passed in these times of quiet communication. Early arrest is certain. The wonder is that you escaped so long. It was foolish of you not to see that you were bound to be apprehended. Others will be foolish if they fail to see the lesson of your arrest.

### SUCCESSFUL CONCERT

The choir of St. Philip's church gave a very pleasing concert last evening in the south end boys' club hall, for the benefit of the club. There was a good attendance and the music was much enjoyed. Rev. Mr. Stewart, pastor of St. Philip's, gave a five minute talk on Shakespeare, citing the great poet as an inspiration to the young of today. He also congratulated the South End Improvement League and expressed the desire of the people of St. Philip's to lend any assistance in their power. Mr. McCallum, the blind pianist, delighted the audience by his selections on piano and organ.

His playing of the Second Valse Impromptu by Theodore Lack, and of The Little Soldier and his organ imitation of a band were heartily applauded. The choruses by the choir as well as a male quartette, solos and readings were much enjoyed, and a feature were tableaux from Longfellow, showing Maidenhood, Minnehaha and Evangeline, with text-reading by Mrs. J. Jackson. A. A. Richardson was an excellent chairman. At the end, A. M. Belding tendered thanks to the entertainers, congratulated them on the fine programme and spoke briefly of the aims of the boys' club with nearly a hundred and fifty members, urging the south end people to his support. The programme follows: Instrumental selections, Mr. McCullum; choruses by the choir; quartette, Messrs. Berkeley, Stewart and E. Mitchell; solos, J. Sadtler, Mrs. A. A. Richardson, Mrs. Frank Leslie, Frank McAleer and Miss Ritchie; recitations, J. N. Berkeley, Mrs. Frank McAleer; recitation, Miss H. Bushfield; tableaux from Longfellow. Four choruses were sung by the full choir of eighteen voices.

Three deaths from sleeping sickness and seven new cases were reported in New York and Brooklyn yesterday.

The staff of the London Life Insurance Company gave a banquet last evening in Bond's restaurant to the superintendent, E. W. Hewitson, who is leaving the city in about two weeks' time to take over an important district in Ontario. W. C. Peters, assistant superintendent for this district, was master of ceremonies and the banquet was attended by about thirty-six members of the staff, Mr. and Mrs. Hewitson and family being the guests of honor. A. Guymet,

auditor of the company, who is in the city, also was a guest. On behalf of the staff, W. J. McCann, after the banquet, presented to Mr. Hewitson a handsome pair of solid gold cuff links, engraved with his initials, and Miss Ethel

Lane made the presentation of a beautiful Morocco handbag to Mrs. Hewitson. Mr. and Mrs. Hewitson made appropriate replies, thanking the staff for their kind thoughtfulness. There were many expressions of regret at the departure of Mr. Hewitson and much favorable comment on the enviable record during the seven years he has been in charge of this district. After the presentations, the party enjoyed cards and dancing.

Miss Marjorie Kerr of St. John, Miss Margaret E. Pringle of Middle Sackville, and Miss Elizabeth E. Starratt of

Moncton, were among the graduates of the Royal Victoria hospital training school for nurses, Montreal, on Wednesday evening.

DO YOU CATCH  
COLD EASILY?  
HOW TO AVOID IT

Colds are due to germs. No one can prevent the germs from getting into your nose and throat. But you can help keep plenty of strong, vigorous, "antibodies" in your blood to fight and kill off the nasty "cold germs" before they do you any harm.

To develop these germ destroying "antibodies" properly, you must have plenty of pure rich, red blood and a strong, vigorous constitution—in fact, this is the best preventative against almost any disease.

If you are weak, nervous or run-down, or subject to colds, take no chances. On broochial or lung trouble or perhaps pneumonia and you may go off like a shot. Therefore commence to enrich your blood and fortify yourself against "disease germs" today. To build more and better blood and make stronger nerves, there is nothing superior to NUXATED IRON as it contains organic iron like the iron in your blood combined with a product representing the living chemical constituent of active living nerve force for feeding the nerves. Nuxated Iron may therefore be said to be both a blood and a nerve food. It often increases the bodily and mental vigor, strength and endurance in two weeks' time.

Over 4,000,000 people are using it annually. It has been highly endorsed by former United States Senators, U. S. Army Generals, many physicians and prominent men. Even the Pope at Rome mentioned it favorably in a communication to the Proprietor of the Pharmacy Normale de Paris.

Satisfaction guaranteed or the manufacturer will refund your money. Beware of substitutes. Look for the word "NUXATED" on every package and the letters N. I. on every tablet. Sold by all druggists.

SKATING PRIZES WERE PRESENTED

Winners of Events in Maritime Championships Receive Cups at Y. M. C. I.

The various winners in the recent maritime skating championships received their trophies last evening in the Y. M. C. I. The presentations were made at a smoker at which about 200 were present. His Worship Mayor Schofield, Commissioners Jones, Thornton and Frink, F. W. Coombs, representing the Athletic Association of the Commercial Club, T. K. Sweeney, representing the Y. M. C. I., and Frank White and P. L. Barrett, representing the improvement league, presented the prizes. Several of the speakers during the evening referred to the desirability of having a skating arena in this city to provide facilities for both hockey and skating.

Charlie Gorman, champion of the maritime provinces, received round of applause as he came forward to receive the various cups he had won. After the smoker the crowd adjourned to the gymnasium, where a musical and athletic programme was carried out.

The winners of first and second places each received a silver cup and there were also two special prizes presented: The list in full follows: 440 yards, boys under 13: 1, C. O'Connor; 2, C. Johnson; 440 yards, boys under 15: 1, W. Logan; 2, B. O'Connor; 44 yards, boys under 17: 1, Roy Lawson; 2, B. O'Connor; 220 yards open: 1, C. Gorman; 2, Frank Garnett; 440 yards open: 1, C. Gorman; 2, M. J. Perry; 880 yards open: 1, C. Gorman; 2, H. Belyea; one mile open: 1, C. Gorman; 2, H. Belyea; three mile open: 1, F. Garnett; 2, H. Belyea; highest point winner: C. Gorman; special prizes, T. Tebo; special prize, traveling bag, Frank Garnett.

DeWitt Cairns, J. Melody and M. McFadden took part in the musical programme, whilst Messrs. Doyle, Britt, McJunkin, McFarlane, Williams and Codre furnished the athletic entertainment. D. Arnold Fox was accompanist.

A PICTURE FOR EVERY MAN, WOMAN AND CHILD. "BLIND YOUTH"  
In the interest of you and others who appreciate good drama, this theatre has secured for presentation "Blind Youth," a National Picture adapted from the famous stage success of the same name by Lou Tellegen and Willard Mack. As a photoplay "Blind Youth" is even better than the stage version. The camera has again triumphed over the limitations of the stage. Many interesting bits of off-stage action that could only be alluded to in the stage version have been given full representation in the picture.

THIS WOMAN'S RECOVERY

Shows Remarkable Restorative Power of Lydia E. Pinkham's Vegetable Compound.

Chester, Ont.—"Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally I got so weak I could not go up stairs without stopping to rest half way up the steps. I tried two doctors but they did me no good. I saw your medicine advertised in the newspapers and thought I would give it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, am the mother of two children, and do all my housework, milk eight cows, and do a hired man's work and enjoy the best of health. I also found Vegetable Compound a great help for my weak back before my babies were born. I recommend it to all my friends who are in need of medicine, and you may print this letter if you wish."—Mrs. HENRY JANKE, R. R. No. 4, Chester, Ontario.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

**ON INSPECTION TOUR.**  
The marine superintendent of the Canadian Government Merchant Marine, E. E. Tedford, arrived in the city early this morning from Halifax. He is here on a tour of inspection, and will leave on the train tonight for Montreal.

**SHUT DOWN FOR A WHILE**

The Nashua Pulp and Paper Company's large plant in the city will suspend operations on Saturday for an indefinite period according to an announcement made this morning. The plant employs 275 men. Some of these are to be retained in order to make necessary repairs to the machinery and other equipment.

**HARBOR WORK.**  
Alexander Gray, chief engineer in the department of public works, returned to the city today from Ottawa on the Montreal train. He said that work at Courtenay Bay would be continued and the Negopoint breakwater would be begun as soon as the appropriations were brought down in the House of Commons.

**FISHERIES CASE.**  
A case against John Lockhart and Alexander McLeod, charged under the fisheries act with allowing sawdust to be dumped into streams frequented by fish, was resumed before Fred M. Sproul, in Hampton, yesterday and a fine of \$20 was imposed on Lockhart. William Cameron, who was also charged with a like offence in the St. John river, was fined a few days ago. The case against McLeod was postponed.

**WERE NOT IN ASIA.**  
In a report of police court proceedings one day this week, in the case of two women it was made as if to appear that they had been ejected from the Asia Hotel and then arrested in the street. It now appears that it was not correct that the women had been in the Asia Hotel and consequently could not have been ejected from it.

**REWARD OF VIGILANCE.**  
The Sussex express was held up a few minutes this morning by a broken rail between Hampton and Nauyasigwanak, but the short delay did not prevent the train from reaching the city on time. A serious run-off might have resulted by reason of the break had the section men not been on the job early this morning and flagged all trains. It was said that about one foot of the rail was gone, caused by the frost coming out of the ground.

**WHITFIELD SCRIBNER.**  
Yesterday in the General Public Hospital Whitfield Scribner died, aged sixty-seven. He entered the hospital about four days ago, suffering from pneumonia. He was employed with Alexander Day & Co. as a teamster and lived with Mr. Day for several years. There are no immediate relatives. The funeral will be held tomorrow at ten o'clock from Brennan's undertaking rooms and interment will be in Cedar Hill.

**MILITARY.**  
The school of instruction for non-commissioned officers of the infantry regiments of this district opened at the armory on last Tuesday, with the infantry instructor, Captain V. W. S. Heron, in command. The classes are being held on every day from nine a. m. until four p. m., and the class of men sent from the various regiments to attend the excellent. The training given is for purpose of qualifying them to instruct the men of their own regiments at camp and consists of physical training, drill, musketry and elementary tactics. The course will terminate on March 31, and the last three days will be devoted to examinations. The attendance, which is large, is as follows: Nine from the Carleton Light Infantry, nine from the York Regiment, eight from the Northumberland Regiment, five from the New Brunswick Rangers, and nineteen from the Royal Canadian Mounted Police. Over sixty per cent of the non-commissioned officers attending have served in France.

Mrs. B. A. Farris of Kennedy street, left by train yesterday to visit her father, E. R. Coe of McDonald's Cove, who has been very sick, but is now somewhat improved.

**SKATING RACES ON SATURDAY AT LILY LAKE**

From indications this afternoon the ice on Lily Lake will be in good condition for the skating meet to be held there tomorrow afternoon under the auspices of the South End Improvement League. During the winter a series of races were held on the South End rink by the racing committee, of which Frank White was chairman. It was planned to hold the half, one mile and relay races some time ago, but the ice was not in good condition and it was decided to hold them on Lily Lake. During the afternoon a collection will be taken up for the benefit of Murray Bell, a local skater who went to Montreal, Saranac and Lake Placid to compete in the various championships at his own expense.

The officials at the meet will be: Referee, A. Carey; judges of finish, H. H. McEllan, Thomas Nagle and Fred Coombs; clerks of course, A. J. Tufts and K. J. Maclellan; time-keeper, W. H. Sheehan, Gerald Kane and J. H. Cohanlan; announcer, George Stubbs; scorers, Walter Coughlan and Charles Warren; judge of fouls, Fred Logan; starter, Frank White.

The races will start at sharp 2.45 o'clock, and only three events will be held. Entries should be made with A. W. Corey as soon as possible.

**Reed Furniture the Modern Home's Favorite**

Reed Furniture is fastly securing its deserved position at the head of the list of practical, serviceable, beautiful and inexpensive furniture.

In a suite or as an odd piece proposition a Reed piece is ever acceptable and right in line with social usage.

We mention Reed today because we are just now putting Reed Furniture to the forefront—as instanced in our present window display.

There are three dominant color schemes here in Reed—Fumed, Ivory and Frosted Brown; any one of which will prove captivating.

One thing about the settee that goes with the suite is the length which permits one to lie down in ample comfort; chairs and settees have spring seats; and the lightness of the Reed idea is what draws so many to it.
