Still No News Of Victory By French Or British Forces

Paris, However, Officially Announces Advances Made

SOME TROUBLE IN SOUTH AFRICA

Cable Brings News of Rebellion by Some Boers and Union is Placed Under Martial Law—Titled Soldiers Wounded—Belgians Remove Government to France

Paris, Oct. 12.—The following announcement was given out in Paris this afternoon: On our left wing our forces have resumed the offensive in the regions of Hazebrouck and of Bethune against detachments of the enemy composed in large part of cavalry coming from the front along Bailieu, Estaires and La Bassée.

"Between Arras and Alost, we have made notable progress. On the centre also, we have made progress in the region of Berry-Aubeac, and we have advanced toward Souain in the west of the Argonne and North of Malancourt.

"Between the Argonne and the Meuse, on the right bank of the Meuse, our troops who hold the heights of the Meuse to the east of Verdun, have advanced. To the south of the road from Verdun to Metz, in the region of Agnetz, we have gained a little territory on our right, and repulsed a German attack on our left.

"On our right wing, Vooges, and Alsace there has been no change. To sum up, yesterday was marked by perceptible progress on the part of our forces in various points on the field of battle.

"In Galicia the Austrian corps defeated in Galicia, are endeavoring to reform at a point four kilometres west of Przemyel."

BELGIAN GOVERNMENT TO HAVRE
Bordeaux, Oct. 13.—It has been decided to transfer the Belgian government to France, in order that it may have full liberty of action. This was announced officially in Bordeaux today.

REBELLION IN SOUTH AFRICA
Cape Town, Union of South Africa, Oct. 13.—It has been officially announced here that a command under Colonel Maritz has rebelled in the northwest of the cape provinces. Martial law has been proclaimed throughout the union.

JANAL CLOSED TO BUSINESS
London, Oct. 13.—The Kaiser Wilhelm canal, telegraphs the Amsterdam correspondent of Reuters, between the Baltic and the North Sea, has been closed to ordinary traffic for the duration of the war.

Germans in Ghent
London, Oct. 13.—A despatch to the Times from Ostend says that a German aviator dropped two bombs on Ostend Monday. Neither of the bombs exploded. The correspondent adds that the Germans occupied Ghent at seven o'clock Monday morning, and that refugees from that city are coming into Ostend.

Criticism Churchill
London, Oct. 13.—The Morning Post, in an editorial, severely criticizes Winston Spencer Churchill, First Lord of the Admiralty, for what it describes as a costly blunder in sending a small force of marines to Antwerp. The newspaper expresses the belief that the British losses are greater than admitted and contends that it were impossible to send a large military force to Antwerp, none at all should have been sent and the Belgians been permitted to surrender without bombardment.

The Interned Soldiers
The Hague, via London, Oct. 13.—The total number of interned Belgian and English soldiers enroute to northern Holland is estimated at 20,000 exclusive of the wounded who are being treated there. The number of wounded has not yet been ascertained. Other soldiers have been interned but their numbers are still unreported. The English soldiers have been provided with a special depot at Groningen.

Phelix and Pherinand WEATHER BULLETIN
Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director, meteorological service.

Synopsis—A very pronounced area of high pressure has moved quickly southward from Hudson's Bay and has caused a decided fall in temperature over Canada from Manitoba eastward to the maritime provinces. Light rains have occurred during the night in western Ontario. Cautionary signals are displayed on Lakes Huron, Erie and Ontario.

AFTER FALL OF ANTWERP WHAT?

Matter of Reinforcements For Von Kluck

MORE FOR THE NAVY TO DO

May Mean British Patrol of the Whole Dutch Coast—Opinion in England as to the Present War Situation

(By Ashmead Bartlett)
London, Oct. 13.—The immediate operations of the Germans following the fall of Antwerp will be of absorbing interest. There is no particular reason why the German army should advance on Ostend as the occupation of that port would be of little advantage to them but they will be obliged to do so in order to force the king and court, and the government to quit Belgian territory and drive the remains of the Belgian army away from their right wing. Doubtless they hope to force the allies together from Belgian territory but are the allies prepared to evacuate Belgium and allow the army of Antwerp to move south to Von Kluck's right without a big battle?

It may be we are strong enough to hold this army in check in north west Belgium in which case Von Kluck will receive no reinforcements and his communications be in even more danger than when Antwerp still held out. Events will show, in any case, that it does not seem as if the fall of the fortress will materially affect the main situation in France.

The British fleet will certainly have its responsibilities increased by the fall of Antwerp. The Germans doubtless hope to utilize it as a movable base for destroying and submarines for operations against the British main fleet and transports crossing the channel. The whole Dutch coast will have to be patrolled to prevent destroyers and submarines from slipping out of Wilhelmshaven and the Scheldt. Storms and November fog render the waters of the Scheldt difficult and arduous. In any case the Germans are sure to make the attempt and will be aided by the fact that the Dutch coast will have to be patrolled to prevent destroyers and submarines from slipping out of Wilhelmshaven and the Scheldt.

Times' Expert's Views
Colonel Replington, the Times' military expert, writes: "By one expedient or another the Germans have effected a mass between eighty and ninety miles in the west. If we add the marine fusiliers army and etappen troops which are being sent to the west, the establishment maintained by the German forces in the west may amount up to a million and a half men. Now into the picture appears that the outer part of this mass is available for offensive operations."

"A similar policy has doubtless been pursued in the east and it is difficult to accept the estimate of Russian wounded which the Germans are now publishing. It is intimated today as possible that this will not be proceeded with until the military situation has been cleared up by conferring with the War Office as to the character of the force which is being sent to the east."

Probably it will be the end of the week before definite advice is received. The assumption, however, is that the new force will be comprised more particularly of mounted rifles and infantry rather than one comprising all units such as cavalry, artillery and infantry."

John A. Kelly Dies Suddenly

Tenor Singer, Teacher And a Leader in The Musical Life of City

Not for some time has the community been so stirred with regret and sympathy as was the case today, when it became known that St. John had lost one of its most bright and popular young citizens, in the person of John A. Kelly. He died at his home, 408 Union street about six o'clock this morning with a warning of only a few minutes to those of his family that anything was amiss. Last night he had retired in his usual health, after a pleasant evening spent at home—this morning he was dead. Heart trouble was the cause.

The news was a great shock to his numerous friends in St. John, and will be elsewhere through the province. He was widely known as a vocalist and teacher, and had established himself in a high place in this regard, though of late years he had not so much on the concert platform in consequence of the pressing duties of attending to his classes. Having a rich, pleasing tenor voice, he was much in demand in local singing endeavors, and had been a prime favorite in operatic productions in St. John, notably as Frederick, in "The Pirates of Penzance," and as the Duke of Sutherland, in "The Gondoliers."

For a time he was engaged on the Keith circuit, where he added to his laurels. Kelly received his early education at St. Joseph's college, Memramcook, and when he left there he became engaged with Leamy & Co., in their music store in King street. His artistic bent asserted itself, and he gave his attention to the study of music, becoming a pupil of the late Mr. Neilson, of York. He was also studying in New York. For some years he had conducted a school for vocalists in Union street, and had also had a class of pupils in Sussex and pupils elsewhere. He was regarded as a teacher of knowledge and experience and from his studios some of the city's most prominent singers have graduated.

In private life Mr. Kelly enjoyed the esteem of a large circle of friends. He had an attractive personality, and was known as a young man of excellent qualities, quiet and unostentatious, but a true friend. His mother, Mrs. Ellen Kelly, survives, with one brother, Michael F., and one sister, Miss E. Blanche, all of this city. To all of them the heartfelt sympathy of many friends will be extended. The funeral will be on Thursday at 8:30 a.m., from his home in Union street to the cathedral, where high mass of requiem will be sung.

CANADA MAY YET SEND 100,000 MEN

Colonel Hughes Due in England Tomorrow And Definite Word Expected by End of Week

Ottawa, Oct. 13.—While offers for enlistment are pouring into the militia department to an extent which indicates that it will be easy to raise in a short order the second Canadian contingent of 20,000, no conclusive arrangements for the departure of the force have been made. It is intimated today as possible that this will not be proceeded with until the military situation has been cleared up by conferring with the War Office as to the character of the force which is being sent to the east."

Probably it will be the end of the week before definite advice is received. The assumption, however, is that the new force will be comprised more particularly of mounted rifles and infantry rather than one comprising all units such as cavalry, artillery and infantry."

Col. J. L. McAvity Has Been Consulting Military Authorities in Halifax—More Local Gifts For Belgian Relief

After having been in consultation with the militia authorities at the maritime headquarters in Halifax for the last few days, Col. J. L. McAvity returned home this morning. He had a discussion upon several matters of importance in local militia circles and among others was his project to raise an infantry regiment in New Brunswick.

He was given to understand that a similar scheme was being fostered in Nova Scotia, but as yet no orders had been received to recruit. Word from the British War Office is expected, accepting the offer of Canada's second contingent, but until it comes no action will be taken other than the course at present adopted. A meeting of the provincial government is to be held in Fredericton tomorrow and Colonel McAvity will appear before the members to take up the matter of a New Brunswick regiment being sent to the front.

The Relief Funds
The cash received by Mayor Frink for the Belgian relief fund is now well above \$40,000. His Worship today acknowledges receipt of the following amounts:—Mrs. I. D. J. Landry, \$5; Mrs. Edmund Breaux, \$2; Stetson, Cutler & Co., \$200; St. Andrew's church, per Dr. A. S. Smith, \$102; Mrs. J. Roy Campbell, \$8; Rev. W. F. Chapman, \$10; St. John Baptist church, \$215; Mrs. A. G. Gregory, \$5; James Macfarland, \$10; Mrs. J. G. Friend, \$2; Mrs. J. G. Cliff, \$1 per Dr. Hutchinson, Mr. and Mrs. Lee Cowan, \$10; Rev. H. R.

Boyer, \$1; Miss Gertrude Rupert, \$1; T. Stevens, \$1; John O. Wilson, \$1; Mrs. S. Hutchinson, \$1; Little Lepraux, per C. S. Hanson, \$60, as follows: P. Knight Hanson, \$5; Charles E. Hanson, \$5.50; H. M. Hanson, \$2; D. K. Hanson, \$2; E. B. Hanson, \$2; H. R. Hope, \$2; Will Lomas, \$2; N. F. Lomas, \$2; W. H. Boyns, \$2; Alfred R. Hope, \$2.50; Mont M. Hope, \$2.50; P. Lomas, \$2; Haasen Lomas, \$2; Everett C. Lomas, \$2; Charles R. Archibald, \$1; Howard Boyns, \$2; Mrs. Boyns, \$1; Walter McPherson, \$2; Chas. L. Rogers, \$2; O. Hanson, \$2; Mrs. Oscar Hanson, \$2; E. Strickney Hanson, \$2.

Along the River
All along the St. John river the people are showing their patriotism by subscribing liberally towards the patriotic fund as well as giving liberally for the relief of the Belgians, both food and clothing. Two successful pie socials were held last evening, one at Hampton, where \$85 was raised, and another at Round Hill, Kings county, the proceeds of which amounted to \$36 for the relief of the Belgians.

Mack's Men Facing Desperate Situation—Prize Money Less Than in World Series of Other Years

Boston, Oct. 13.—A northerly breeze brought slightly cooler air for today's game between the Philadelphia Athletics and the Boston Braves. The sky was partly overcast, but there was no prospect of rain.

The Athletics, three times champions of the world, today fought with their usual dash and spirit against the Boston Braves. Defeated in three successive games, one of which will be written into the world's series annals, the American League contenders in the fourth game in Fenway Park today are fighting to win the next four world contests in order to retain their world's title.

Opposing them with menacing bats and seemingly impervious defense, the Braves still bent on the compelling dash of their success in world series honors. The capturing of four straight games by Boston would create a new world series record.

It was a desperate situation for the men of Mack. Never in their history had they been so beset. Desperate measures were necessary.

The Athletics' said Harry Davis, former pitcher and now manager, "I will play today as they never did before. It would be fatal to the future of the team to lose four straight."

Successful Hunters
Harry B. Tibbitts and Louis Ready of Fairville returned home today from the woods near Tracy station, bringing a splendid moose, besides several partridges. The antlers of the moose had a spread of forty-two inches, and were much admired.

Gilbert G. Vincent and Albert Pearson of the St. John Railway Co.'s staff are in the woods in the vicinity of Canada, Word to this effect was received today by P. S. Riddell of this city, executive secretary of the American Forestry Association.

So many wood cutters from French forests, which furnished the twenty-year old fir trees, used as props in British coal mines, were called to the French colors that there has been a serious shortage in the supply. The action of the Canadian provincial governments will permit the immediate shipment to Great Britain of the timber, so badly needed by the mines, and will prevent the threatened curtailment of coal production, which would handicap naval operations.

The British government is sending a commission to Canada to investigate the possibility of that country supplying the British Isles with the timber needed.

WHEAT PRICES UP
Chicago, Ills., Oct. 13.—Reports of liberal European buying at Kansas City helped bring about an advance today in the wheat market here. The bulls were also assisted by continued falling off in receipts at Winnipeg, and by the lightness of world shipments. The fact that selling operations in Europe were decidedly backward counted further against the bears. After opening unchanged to three-quarter higher; prices made a general all-round return.

Accidental Deaths on C. P. R.
Reduced 50 Per Cent in Six Months
A reduction of fifty per cent in accidental deaths on the C. P. R. for the first six months of this year as compared with the same period last year is attributed to the results of the "safety first" campaign. The management is proud of the men still greater carelessness with the hope of reducing the mortality list to a minimum. The list of deaths is as follows:

REPORTS FROM EAST DISAGREE

Russians and Enemy Both Say They Have Advantage in the Fighting

London, Oct. 13.—A despatch to the Times from Petrograd to the Tribune states that no Germans remain in the provinces of Suwalki and Lomas, Russian Poland, that the Russian army continues to advance in the direction of the entire district of Lyck is now occupied by the forces of Emperor Nicholas. In addition the despatch says that the Russians are maintaining their positions in Hungary, Bukovina and Transylvania.

London, Oct. 13.—A despatch to Reuters from Petrograd says: "It is evident that a big battle was fought at the village of Rakacki (midway between Augustowo and Suwalki) after seven days of continuous fighting, drove out the Germans, who crossed the river and then posted their guns on a hill. Several batteries, including those sent as reinforcements from Koenigsberg, were captured."

London, Oct. 13.—Reuters' Amsterdam correspondent sends the following German official communication concerning events in the eastern theatre of the war: "After their expulsion from East Prussia the Russian armies were pursued across the frontier. The centre of the German military operations is now in Poland. The whole of Poland west of the Vistula is now in German possession, the Russians occupying only Warsaw. During our retreat to the east Prussian frontier, our troops nowhere were defeated, but on the contrary repulsed any attacks of the Russians."

Venice, Oct. 13.—Several battalions of troops have left Pola, the great naval port and arsenal of Austria for Galicia in the past few days to fill gaps in the Austrian forces. Pola is now one huge barracks. Most of the civilians and women and children have left the town.

The Hague via London, Oct. 13.—The rapid advance of the Austro-Hungarian troops along the river San resulted, on October 11, in the entire province of the Russian in Galicia, which was immediately occupied by Austrian reinforcements.

The retreating Russians everywhere were strongly attacked. An attempt to submit an amendment designed to relieve the threatening conditions confronting cotton growers of the south as a result of the European war.

Kansas City, Mo., Oct. 13.—A nation-wide fight on the proposed war tax of one cent on every \$100 grain transaction was started at the eighteenth annual convention of the Grain Dealers' Association here today when A. E. Reynolds of Lawrence, Mo., presented the report of the legislative committee and it was adopted unanimously. A telegram was sent to President Wilson setting forth the attitude of the grain dealers.

Washington, D. C., Oct. 13.—Who considered of the war revenue bill was continued in the senate today. Southern democrats attempted to delay to submit an amendment designed to relieve the threatening conditions confronting cotton growers of the south as a result of the European war.

Petrograd, Oct. 13.—Prince Oleg, a son of Grand Duke Constantine, died of cholera today. (Continued on page 2, first column)

TWO PRINCES OF SERBIA WOUNDED; ONE OF THEM FATALLY

Heir Apparent Only Slightly Hurt His Brother George Mortally

London, Oct. 13.—The Star's Copenhagen correspondent says the Vossische Zeitung of Berlin reports that Crown Prince Alexander of Serbia has been slightly wounded and that his brother, Prince George of Serbia, has been mortally hurt in the fighting against the Austrians.

Crown Prince Alexander, second son of King Peter, is twenty-six years old, and became heir apparent to the Serbian throne, when his brother, Prince George, who is one year his senior, renounced his rights to succession in 1909. Prince George had killed his servant and it was believed he had developed homicidal mania.

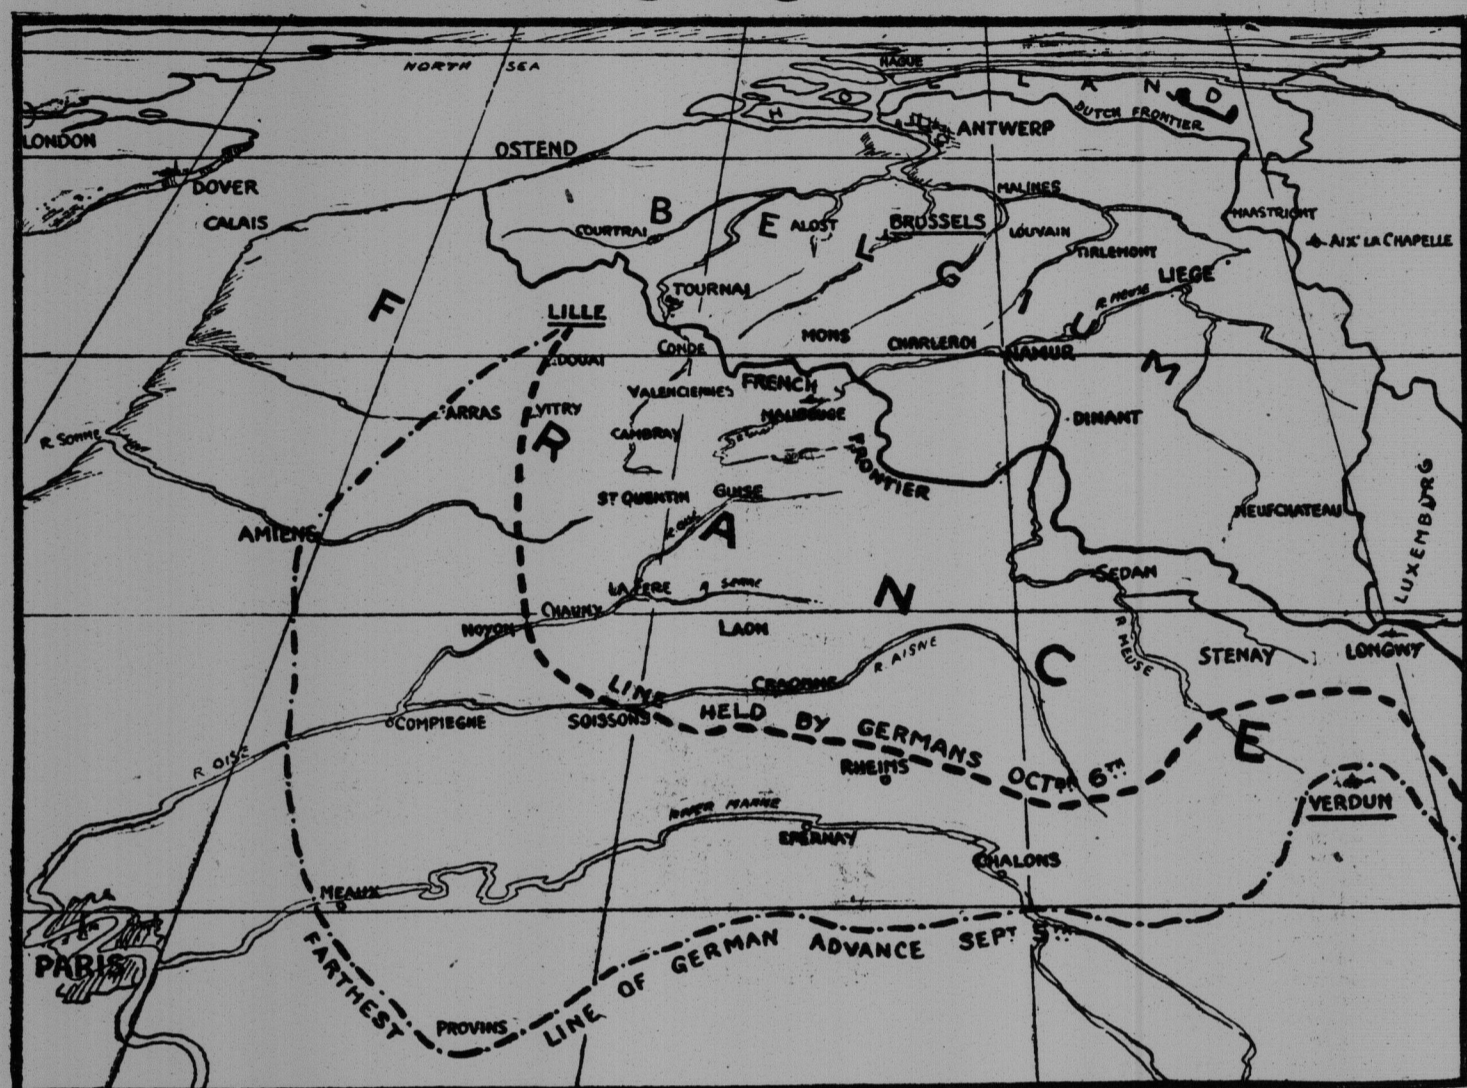

Prince Alexander has acted as regent of Serbia during the illness of King Peter. The rapid advance of the Austro-Hungarian troops along the river San resulted, on October 11, in the entire province of the Russian in Galicia, which was immediately occupied by Austrian reinforcements.

The retreating Russians everywhere were strongly attacked. An attempt to submit an amendment designed to relieve the threatening conditions confronting cotton growers of the south as a result of the European war.

Cape Town, Oct. 13.—Solomon G. Maritz, who has rebelled, fought in the Boer war with the rank of commandant. News dispatches in the early part of November 1903, described his military activity and on December 10 of the same year he was reported wounded.

Loggie, warehouse, \$800, Norwich Union; Victoria Hotel and stables, \$1,200; Royal Insurance Co. of England, \$1,500 elsewhere; Adam Coates, furniture, covered in Sun Fire Insurance Co.

FATALITY ON I. C. R. Trainmen employed with the I.C.R. coming to the city on the early morning train today told of a shocking fatality which occurred near Shubenacadie, N.S., last night. A young man of that place had boarded the train evidently to see a friend and the train pulled out before he was able to get off at the station. He was carried along for some distance, and then jumped. He fell over a bridge and into a stream of water and was either killed or drowned. His name was unknown to the I.C.R. crew, who were greatly perturbed by the accident.

CUSTOMS SALE. Of unclaimed or abandoned goods; also express and other sundry articles.

THE DAY GIVEN UP TO BELGIAN RELIEF

Hampton People Did Much For Sufferers on Thanksgiving—Will Buy St. John Made Boots

Hampton devoted Thanksgiving Day to the relief of the Belgians, and the village has seen no such day for many years.

At the afternoon entertainment George Wilson took the chair, and the programme was as follows:—Chorus, Soldiers of Canada, Hampton Consolidated School choir; reading, Miss Phyllis M. MacGowan; solo, Miss Belle Mabey; reading, Master Kilburn King; quartet, Misses MacGowan, Cranford, Barnes, and March; reading, Alan N. MacGowan; chorus, H. C. S. choir; reading, Miss Cranford; Brewster, Smith and Barnes; solo, "Crazy Bill" written and sung by Steve C. Mathews; flag-bell, children of H. C. School; violin solo, Miss Rhona Lloyd; reading, E. A. Schofield; solo, Tipperary, E. A. Schofield; chorus, H. C. School.

G. O. Dickson Oty presided at the evening concert, and the programme was as follows:—Fiano duet, Mrs. E. A. and Miss Kathleen March; reading, C. S. March; duet, Tipperary, John Lloyd and E. A. Belding; solo, Mrs. S. S. King; monologue, George Stratton; solo, Let Us Have Peace, Miss Arline Lloyd; solo, Canadians All, Ralph A. March; reading, Fred M. Spruill; violin solo, Miss Rhona Lloyd; vocal trio, Charles Ryan and C. S. March; reading, "Crazy Bill," Steve C. Mathews; reading, Count J. Wm. Smith; duet, John Lloyd and E. A. Belding. The Hampton Cornet Band played selections before the entertainment and during the intermission, when ice cream was also sold.

While every number on the programme was rendered in a manner to delight the audience, and everybody joined with enthusiasm in the chorus of Tipperary, the "Crazy Bill" song of Steve C. Mathews was the hit of the evening. He was four times recalled, and this Kaiser song, which he has written himself will set St. John as well as Hampton going when it is heard here.

The lucky ticket for the bull calf was held by G. O. Dickson Oty, who promptly handed the animal over to be auctioned at a later date for the benefit of the fund.

Bottles of home made chow-chow, jelly, etc., which were donated by ladies were sold at auction by E. A. Schofield, who also thanked for the committee all who had contributed to the success of the day.

At the opening of the evening entertainment G. O. Dickson Oty, delivered a vigorous address on the war, dwelling upon the serious nature of the crisis which confronts the British Empire, and expressing confidence that the British subject would be found in the path of duty.

The receipts for the day were \$290 or more, and will be spent in the purchase of boots, to be manufactured in St. John by M. Hubphrey & Co., and sent to the Belgians.

The accompanists at the concert were D. Arnold Fox, Mrs. S. C. Mathews, Miss Arline Lloyd, and Mrs. R. A. March. The musical quality of the entertainment marked it as one of the best ever enjoyed in Hampton. The readings by Fred M. Spruill stirred the audience to great enthusiasm. Great credit is due to Ralph A. March, who was chiefly instrumental in arranging the programme and who trained the children.

GIBRALTAR ANNIVERSARY

A lady has drawn to the attention of the Times the fact that this is the 133rd anniversary of the end of the siege of Gibraltar, which occurred a little after midnight on October 13, 1799, 133 years ago. She points out, as an interesting coincidence, the way in which the figure nine occurs in the dates and names connected with the event. Nine occurs in the date of the raising of the siege; it is the total of the figures 133, the number of years which have elapsed, it is a denominator of the same number; 133 is the ninth month, and there are nine letters in the words Gibraltar and Spaniards. The total of the figures in 1914 subtracted from the total of the figures in 1779 also leave a total of nine.

PEACE LEAGUE FOR WHOLE AMERICAN CONTINENT

John M. Stewart, of New York, chairman of the executive committee of the United States Peace Centenary Association, who is in Ottawa conferring with the Canadian committee, says that as a result of the awful war spectacle in Europe, a conference of representatives of all the nations of North and South America is likely to be called to form a league for peace, a league that would mean the respect by each country for the territorial integrity of every other country and united all against territorial aggrandisement by an outside nation.

"The American people as a nation," he said, "are studiously observing the letter of their neutrality in this war. Such men as Ex-President Taft and Roosevelt and Judge Parker have pointed out that the influence of the United States in the matter of the peace which is to come some time, will depend almost entirely on the degree to which we are able to observe the letter of our neutrality obligation."

"Apart from neutrality and without particular regard to the outcome of the war, the war itself has seemed to urge upon the people of the United States the acceptance of a duty in the direction of safeguarding the interests collectively of the nations of the western hemisphere, and I am advocating the calling of an international conference at Washington for the purpose of organizing a league of peace."

"This matter has been discussed with eminent representatives of American nations, and has received their hearty approval."

DISMISS PROFESSOR OR LOSE TEN MILLIONS

Ultimatum to Harvard by Englishman, Formerly a Student

(Boston Globe.)

"Dismiss Prof. Munsterberg or lose \$10,000,000," is the astounding alternative offered to Harvard University by Maj. Clarence Wiener of Surrey, Eng., of the class of 1900, Harvard, in a letter addressed to Dean LeBaron R. Briggs. Boldly denouncing Professor Munsterberg's "virulent and scurrilous attacks on the allied powers, most particularly since the inception of the great war," Maj. Wiener demands his dismissal from the Harvard faculty.

In the event of Harvard's retaining the renowned psychological expert, Major Wiener declares that he will withdraw a gift of \$2,000,000, nearly \$10,000,000, which would accrue to Harvard upon his death.

A copy of this letter has come to the Globe. Up to last evening President Lowell had not received the missive, but had received through the mail under date of Sept. 29 a post card which presented the proposition in substance. The letter said to be on its way to Mr. Lowell, dated Sept. 30, 1914, from Ewell Castle, Surrey, Eng., supplements the post card with a more fluent and more extended recital of the author's grievances against the learned doctor.

Major Wiener does not mince matters. His words are bitter and boldly chosen. "I write very strongly because I feel very strongly on the matter," says one portion of the letter.

Just how strongly the major writes at some points it is the part of discretion not to disclose, but his ultimatum is presented in the following terms:

"As you no doubt know, I am a member of the class of 1900, and, as I wrote you, Harvard would have benefited, in the event of my death, to the extent of \$2,000,000. As then advised, this clause is rescinded and will remain so until I receive a written assurance from the faculty that the German doctor has been removed from your list of professors."

St. Joseph's Y. M. C. S.

The work for the winter season of the Y. M. C. S. of St. Joseph was outlined at the annual reunion held last evening in St. Malachi's hall. John Stanton presided and announced that it will be the society's turn to put on the entertainment for the benefit of the orphans next St. Patrick's day. Addresses were given by H. O. McInerney and Revs. M. O'Brien, Miles P. Howland and Charles McLaughlin. Those who took part in the musical programme were J. T. Kelly, George Flood, John Steiner, Steve Hurley, David Higgins, William Connolly, Wilfred McLaughlin, Harold McLaughlin and A. S. Goddard. The entertainment closed with the singing of the National Anthem.

MORNING NEWS OVER THE WIRES

Chester Russell of Pomeroy Ridge, charged with assault upon Miss Mary Forsythe, a young school teacher of Littleton on September 14, was sentenced at the sitting of the Charlotte county circuit court last week to twenty-five years in Dorchester by Mr. Justice Barrow. Attorney-General Clarke conducted the prosecution and Daniel Mullin, K. C. appeared for the prisoner.

The home of William Forsythe at Mount Hebron, Kings county, was burned on October 6 while he was visiting one of his neighbors. It is said that Mr. Forsythe had no fire in the house that day and it is believed that the fire was caused by a quantity of furniture and trunks removed from the burning building to an open field were piled up and burned during the night. Constables are now on the trail of the firebug.

Miss Nina Ennis, graduate nurse, who attempted suicide yesterday in New York, is a step-daughter of E. Ryden, superintendent of the stock room in the government printing department at Ottawa. Health First

In buying food articles we must consider several things—economy, results, convenience, reliability; but the most important is Health.

Health means everything. If one gets cheated in buying dresses, shoes or bonnets it is provoking, but the harm is chiefly loss of money. In buying food articles, if imitations or poor stuffs are supplied, there is a loss of money and probably an injury to health also; and good health is beyond price.

Remember these facts when buying baking powder.

MAKES STUBBORN COUGHS VANISH IN A HURRY

Surprisingly Good Cough Syrup

Ready and Cheaply Made at Home

If some one in your family has an obstinate cough or a bad throat or chest cold that has been hanging on and refuses to yield to treatment, get from any drug store 2 1/2 ounces of Pinex and make it into 16 ounces of cough syrup, and watch that cough vanish.

Pour the 2 1/2 ounces Pinex (50 cents worth) into a 16-ounce bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 54 cents, and gives you 16 ounces—a family supply—of a most effective remedy, at a saving of \$2. A day's use will usually overcome a severe cough. Easily prepared in 5 minutes—full directions with Pinex. Coughs perfectly and has a pleasant taste. Children like it.

It's really remarkable how promptly and easily it loosens the dry, hoarse or tight cough and heals the inflamed membranes in a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. A splendid remedy for bronchitis, winter coughs, bronchial asthma and whooping cough.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quinine, which is so healing to the membranes.

Avoid disappointment by asking your druggist for 2 1/2 ounces of Pinex, and do not accept anything else. A guarantee of absolute satisfaction goes with this preparation or money promptly refunded.

SPECIAL THANKSGIVING SALE OF BLACK SILK VELVET HATS AND JAUNTY SAILORS, AT MARR'S

Sensational Price Reductions on Two Popular Lines—The Bargain Event of the Season.

Today marks the opening of a special Thanksgiving Bargain Event which forms a big feature of the Eighteenth Anniversary Sale of the Marr Millinery Company, a feature which gains extraordinary prominence from the sensational price reductions on two popular lines of late autumn millinery.

A large and well varied range of New York's smartest and most becoming modes, purchased especially to sell at \$3.00 each, are offered, during this great Thanksgiving Sale at the ridiculously low figure of \$2.00 each.

The second attraction consists of jaunty sailor hats, in black and all prevailing colorings, which would be splendid values at \$2.00 each, but which are placed on sale now at only \$1.00 each. This is really the chance of the season in millinery bargains, and intending purchasers should lose no time in making selections.

NO TIME FOR POLITICS

"Business as Usual" Should be the Watchword, Says Mr. Graham

London, Ont., Oct. 13.—Hon. George F. Graham, former minister of railways and canals, addressed a patriotic meeting here under the auspices of the London Liberal Club, on the European war. He asserted that in these times there were no Grigs or Tories in Canada and that all should stand together for the empire. Business as usual should, he said, be the slogan of all interests.

THE WAR NEWS.

There are conflicting statements as to the number of men who retired from Antwerp to be interned in Holland. The Dutch War Office is said to have declared the number to be 22,000, of whom 1,500 were British. To have put this number of men out of action during the whole period of the war was an important stroke by the Germans, in addition to their capture of Antwerp.

believes in the melting out of historical justice wherever it has been withheld. It believes that permanent peace will be established in Europe only when the more powerful will cease to hold the less powerful in subjugation. Another Polish writer in this journal finds great cause for satisfaction in the declaration of Mr. Winston Churchill that the map of Europe must be redrawn along ethical and logical ethnic lines, commenting on this he says: "Mr. Churchill, the British cabinet and the allies evidently realize the futility of ending the war unless despotic domination be removed from the subjugated nationalities of Europe, and even democracy, which is heralded as the probable beneficiary of this gigantic strife, will be checked for an indefinite time."

There are no reports of British or French successes to counter-balance those which tell of German and Austrian successes. Lord Curzon is quoted as saying in a speech delivered last night that England was in for a long war, and in his opinion more than one Christmas would roll by before the ending of hostilities. It is not possible to exact much comfort from the news of the last two days, and it has had the effect of stimulating recruiting in England. It should have the same effect in Canada and other parts of the British Empire.

The Poles of today, as they are found in the United States, are for the most part ignorant but they are the fruit of centuries of oppression. Ancient Poland was not only a centre of culture, but for having prevented the Turkish and Tartar hordes from over-running Western Europe was once described as the "bulwark of Christianity." We are reminded that the first university in Central Europe was founded in Cracow, in the fourteenth century, and is still in existence as an important centre of Polish culture.

Poland and the War. The promise of the restoration of the boundaries of ancient Poland under a practically autonomous government after the great war is ended, has aroused the utmost enthusiasm among people of the Polish race all over the world. The Polish National Council of America is appealing to the people of the United States for their sympathy and support when the time comes for the fulfillment of the pledge given by the Czar of Russia that if Russia were victorious he would reconstitute under his sceptre the Kingdom of Poland, with its own administration, its own language, education and religion.

Economic conditions in Austria are said to be growing serious, with food higher than it is in Germany. The conditions both in Austria and Germany must grow steadily worse, because their trade has been destroyed. It is said the Germans admit losses of 211,000 in the armies of Prussia. When to this are added the figures for the other German states it becomes apparent that the successes so far gained by the German armies have been gained at enormous cost.

HOW TO DO IT. A "Man Doctor" uncharitably declares that women do everything rather less perfect than men. They don't cook as well, they don't (so we have heard, though the medical accuser is dumb on this point), trim hats quite so well as a man who sets himself to millinery. If you have a feeling that your wife doesn't cook so excellently as she ought just you take home a bottle of H. P. Sauce tonight. Suggest to her in the mildest possible manner, that you like H. P. with cold meats, that its good with eggs and bacon, delicious with crust of bread and cheese—unparalleled as a flavoring to insipid gravies, ragouts or made up dishes. In this, as in most other domestic matters, a grain of help is worth a bushel of fault-finding. But you should be quite sure that it is H. P. Sauce that you take home with you.

General Repairing! Don't forget that fall is nearly here—NOW is the time to get ready for the cold winter. I am in a position to do your repair work at a reasonable price. I do the different branches of work. Mason work, Carpenter work, Painting and Plumbing, also all kinds of Cement work. It makes no difference to me how small your job is—if you call me by phone your order will receive my prompt attention. I also put on and supply outside windows and doors at a very low price. NOW is the time to place your order before the rush. I guarantee to give the very best satisfaction to my customers.

Oh, me, Oh, me, And likewise I, Still, my curls, while I grate, Me, I, Myself, the Throne, the State, I am the Earth, the Moon, the Sun, All rolled in one.

Both hemispheres am I, Oh, my, If there were Three, the three I'd be. I am the Dipper, Night and Day, The North and Southern Poles, the Milky Way, I am they that walk or fly on wings, Or swim or creep—I'm everything. It makes me tremble like the Aspen tree The Universe? an easy task; but I— Oh, my! To realize that I'm myself. Ye blistering slaves beneath my iron heel, What know ye of the things I feel? Didst ever wake at dead of night, And stand in awe of thine own might? It took six days to make the land and sea, But centuries were passed in making me The Universe? an easy task; but I— Oh, my!

LIGHTER VEIN. A Long Shower. The patriotic Scotchman had induced two Laneshire friends to go to Argyllshire for a holiday. On their return, he met them. "Well, how did you enjoy yourselves? Did you have good weather?" "There was just a shower on our first day," replied one of them. "Didn't I tell you that it was all lies about the Highlands being wet?" "That shower hadn't ended when we came home," was the severe retort.

But Does He? First Boy—Do yer find caddy'n' hard work, Chimmie? Second Boy—Naw! De hardest part is ter keep from laughin' when de guys mist de ball. Lasting Memory. Wife (at dinner)—Do you not seem to like rice? Husband—No, it's associated with one of the greatest mistakes of my life. On the Run. Puzzled Diner—What have you got for dinner? Waiter—Roastbeeff, cassed chicken, stewed lamb, baked potatoes, and puddings.

Allan Gundry. The Diamond Store. 79 King Street. Good Sleep. Good Health. Exhausted Nerves Were Fully Restored by Dr. Chase's Nerve Food. When the nerve force expended in the day's work and in the set of living is not replenished by restful sleep at night you have cause to be alarmed, as physical bankruptcy results in the face. This letter directs you to the most satisfactory cure for sleeplessness. Mr. Dennis Mackin, Maxton, Sask., writes:—I have just finished using the sixth box of Dr. Chase's Nerve Food, and I must say that when I commenced using it my nerves were so bad that I could scarcely get any sleep. I would lie in bed nearly all night without sleep, and anyone who has this trouble knows such a pleasing response," observes Col. Nerve Food helped me from the start, and has built up my nervous system with their requirements, this office will be only too pleased to give every possible facility."

Edmonton, Alta., Oct. 13.—There are twenty million acres of unused land in the province of Alberta, and the greater portion of this will be affected by the surtax which the provincial government, K. C. to be present, and the rally promises to be one of the most important demonstrations ever held in this city. It will, in fact, be the first time in half a century that the leaders of the two parties have taken the platform together and hand in hand advised their compatriots to rally to the defence of the empire. Mr. Tarte is inviting the prime minister to present hold Sir Robert Borden that although it is a French-Canadian demonstration convoked in the interest of a French-Canadian unit, both parties have thought it well to invite the chief of state to be present, and the Prime Minister's reply is anxiously expected. The chair has been unanimously offered to Dr. Arthur Mignault, whose generosity helped to make the regiment a possibility, and who will proceed to the front with his fellow countrymen. The Laval students, with their accustomed desire to help along the national cause, have signified their intention to parade the streets on Thursday evening, seven hundred strong, with the English and French flags at their head and later on swell the number of citizens who will gather in Schermer Park.

WHOLESALE AND RETAIL. RHEUMATISM. A Home Cure Given by One Who Had It. In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send me the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 400A Guernsey Bldg., Syracuse, N. Y.

BOOK BY NOVA SCOTIAN (Montreal Mail) All sportsmen in Eastern Canada are familiar with the name of Frederick William Wallace, editor of "The Canadian Fisherman." Mr. Wallace lives in Montserrat, but he is a Bluenose by birth, born and raised down Nova Scotia way. No one could have a better right to edit a fisherman's journal, for he learned the piscatorial art from his father, who was a sailor, who reaped the harvest of the deep blue sea of the Banks. And Mr. Wallace remembers those early days very vividly, so vividly that he has been able to reproduce their moving scenes in a book which will bring joy to every boy and every grown-up who loves stories of the hazardous, rollicking life of the Bluenose fishing fleets. "Blue Water," published by the Muston Book Company, Toronto, is the story of a hardy Nova Scotia boy, his early adventure at home and at school at Long Cove, a quiet little village along the Bay of Fundy, and his later experience when he sailed in his Uncle Jerry's fishing schooner the "Kastall" from Gloucester to Canso and the Banks.

Permanent Stock Company Pleases Large Audiences at Opera House in Presentation of Rural Comedy Drama

When Thaddeus Strong arrived in "Hardscrabble," a little village in New England where Puritanic ideas and blue laws prevailed to such an extent that it was regarded as criminal to "crack a smile" on Sunday, his advanced twentieth century ideas did not make a favorable impression upon the majority of his flock. "Hardscrabble" was shocked at his theories which, from their viewpoint, permitted of too much recreation on the Sabbath at other times, and which even allowed the piano to be played on Sunday for ballads as well as for hymns.

NEURALGIA SETTLED IN HER LUNGS

No Relief From The Pain Until She Took "Fruit-a-tives"

Campbellville, Ont., May 8th, 1913. "I cannot speak too highly of 'Fruit-a-tives.' For over thirty years, I have suffered from chronic Neuralgia and Constipation, experiencing untold agony. The neuralgia settled in my lungs and I took bottles of medicine without relief. The doctor told me I would not get better but 'Fruit-a-tives' proved that the doctor was wrong by giving me quick relief and finally and completely curing me.

EAT LESS AND TAKE
SALTS FOR KIDNEYS
 Make a Glass of Salts if Your Back Hurts or Bladder Bothers

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative system clogs and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is irrefragable; cannot injure; it makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

SARDINE CANNING
PLANT MAY AGAIN
START OPERATIONS
 Not Under the Auspices of the Canadian Sardine Company—Return of the Fish

(Montreal Financial Times.)
 With the succulent sardine running in unbounded plenty in the waters about St. Andrews, N.B., and with independent fishermen making big money on that account, there is a possibility of renewed activity at the plant of the late lamented Canadian Sardine Company. However, the interests formerly in control of the company will not profit thereby. The plant is now under the control of the Bank of Nova Scotia, the latter having foreclosed on the property when the sponsors of the company failed in an effort to pull the concern out of a quagmire of debt and insolvency. All of which is, of course, very fortunate for the Bank of Nova Scotia, which has acquired what is believed to be the best up-to-date sardine canning plant on the continent for the sum of \$270,000.

The story of the Canadian Sardine Company now is, of course, more or less ancient history. Certain interests saw an outlet for capital in the capture and preservation of sardines which were nearly always present and occasionally plentiful around St. Andrews, N.B. A company was promoted and a plant erected. They still talk of that plant at St. John, N.B., because very many people in the New Brunswick metropolis supplied some of the materials and accessories for it—and were paid. However, the plant was erected—a thoroughly up-to-date plant with trimmings to match. To correspond with the half-million dollar plant a half-million dollar management was installed, and spacious boarding houses, steam heated and electrically lighted were built to house the single fishermen on the single condition while handsome cottages with every modern convenience, except a garage, were put up for the married fisherfolk. In order that the packing operations at the plant should be of the most efficient character, experienced sardine canniers were imported from Norway to show the natives how to do it. And when all these elaborate operations had been completed, the little sardine lied him to pasture, new and the waters about St. Andrews' knew him no more—or hardly any more.

Heading Descant
 The subsequent history of the plant and the company was one of a heading descent into insolvency. By eliminating some of the costly trimmings and getting down to common, every-day fishing business it was hoped that something might be saved from the wreck and that by putting some new blood in the shape of new capital into the concern, the plant might be put on its feet when next the sardine decided to put in an appearance. This was apparently reckoning without the sardine.

For no matter how well intentioned the Canadian Sardine Company might have been to give the fisherfolk a fitting welcome on his return, he positively refused to come back and partly on that account, and partly because there were in sufficient of that class of human called after another and less edible species of fish to venture the necessary cash, the scheme for resuscitation failed and the plant was abandoned to the mortgagees.

Then the sardines returned in millions. Other sardine fisheries of the world reported a shortage. It seemed that every sardine in the sea had come round to cock his eye at the Canadian Sardine Company, and the common fisherfolk who had no steam-heated and electrically lighted houses profited immensely. Buyers from packing plants in the United States appeared on the scene and vied with each other in the purchase of the silver morsels which spanned the nets of the common fisherfolk from day to day.

Meanwhile, it is understood, some steps are being taken to lease or purchase the Canadian Sardine Company's packing plant from its present holders.

 Niagara Falls, Ont., Oct. 13.—A municipal employment bureau has been opened at the office of City Clerk Seymour. In this way it is hoped to solve the problem of the unemployment in the city. All those seeking employment are permitted to register free, and all employers are invited to state their needs to the keepers of the records. No fees are exacted from either side.

Canada First—Buy at Home

If the Canadian purchaser made it the rule from now on to buy only those articles which are made in Canada there would ensue sufficient activity to make work for everybody. Take for example gloves and mitts. Because Canadians do not insist on taking only those made in Canada, Canadian merchants imported from Germany last year \$385,948 worth. Besides that \$22,288 worth came from Austria and \$2,284,004 from other countries. That makes a total of \$2,722,130 in gloves and mitts alone that went from Canada in one year.

But that is a small item when compared to the immense amount that goes for other goods. What would be the effect on the Canadian trade if this was stopped and kept at home?

If Canadians were to act in concert in this matter the demand tomorrow all over Canada for Canadian-made goods would change, as if by magic, the present depression into immediate prosperity.

Consider this list:

Articles Imported	Germany	Austria	Other Countries
Collars and cuffs	\$ 4,267	880,983	\$ 177,409
Combs	60,431	1,681	112,434
Cordage, rope and twine	1,198	2,417	3,788,992
Cotton and manufactures of clothing, including blouses and shirt waists, etc.	473,985	4,498,722	1,114,658
Embroideries	29,050	14,024	12,707,788
Fabrics, belting, etc., velvets, plush, etc.	140,241	107,809	1,080,428
Lace	25,800	5,112	518,617
Thread	4,379	1,874,000	9,752,497

Tailors' hollands of cotton and toweling in web	1,228	188	859,886
Curtains and shams	1,228	188	859,886

In the event of these things not being made in Canada, the fact that they are demanded of Canadian factories will be a big inducement to manufacturers to locate in Canada or for our own factories to enlarge and get a share in the market. Until then the product of another portion of the British empire should be demanded.

Last Night's War Cables

The occupation of Antwerp by the Germans has been followed, according to the latest reports, by the occupation of Ghent, which would seem to confirm the German plan, as it has already been outlined, of a movement towards the coast, with Ostend as its objective.

It is pointed out by British military experts that it is Germany's intention to make a permanent stronghold of Antwerp, so as to hold Belgium in her grip, and in this way gain a position within easy reach of the English coast.

The fighting along the great line, extending almost from the North Sea to the German province of Lorraine, continues with indefinite results, for the actual operations in the northern section of France are not being divulged to any extent by the official statements issued by the French war department. Where the British reinforcements have been sent is a matter of conjecture, but it is believed that a considerable force is already in the neighborhood of Ostend.

German submarines have again come into prominence by the sinking of the Russian armored cruiser Pallada in the Baltic Sea. The Pallada, with the Admiral Makaroff and the Bayan, has been engaged in patrolling the Baltic. The German submarines made an attempt against the Admiral Makaroff on October 10, but with no success, but on the following day one of them succeeded in torpedoing the Pallada, which sank almost immediately, according to the Russian official report, with all her crew, comprising nearly 600 officers and men.

Recruiting in England is again being actively pushed for the need of men is recognized, and the requirements for service in the infantry have been lowered for the purpose of insuring a large supply of recruits. Similarly Great Britain is taking precaution against raids over English towns by German airships, this latter report probably resulting from the recent attacks on Paris by aeroplanes.

Berlin officially reports that the situation in France is satisfactory, so far as her arms are concerned, and other official reports indicate that the German and Austrian armies have made impressive progress in the Russian campaign. Russia is reported to have abandoned the siege of Przemyel, the important Austrian fortress in Galicia, and is lining up to meet a threatened attack by the Austro-German army.

Marquis Di San Giuliano, the Italian minister for foreign affairs, is reported to be dying. Should his death occur, it is possible that it may have an important effect on the attitude of Italy. He has been inclined to side with Germany.

At nowhere along the battle line do the Allies say they have made any progress except in the centre, on the right bank of the Aisne, below Soissons. At two other points, notably between Arras and the Oise, and on the right, in the Vosges, it is said, the German attacks have been repulsed.

London, Oct. 13, 3.40 a.m.—Altogether 22,000 British and Belgian soldiers are interned at different points in Holland. About 1,500 of these men are British.

killed, wounded and missing, according to a Reuter despatch from Amsterdam.

Soft Soap Trade Hard Hit
 London, Oct. 13.—The effect of the war upon the chemical trade is receiving special attention from two representative committees of the board of trade. The stoppage of the potash supply, hitherto a German monopoly, is placing the soft soap trade in difficulties. Potash has advanced from \$85 to \$250 a ton, and the latter figure is prohibitive for the soft soap manufacturers.

SAYS KAISER HAS PROPERTY INTEREST IN WESTERN CANADA

Correspondence of the Associated Press
 London, Oct. 1.—Emperor William is popularly supposed to have large investments in the timber and mineral lands of British Columbia, and it has been rumored in London that the British government was considering the confiscation of his property in Canada.

It can be stated on the authority of a high official in the Foreign Office that the government has no thought of confiscating the property of alien enemies located within the confines of the British Empire.

Through Alva von Alvensleben of Vancouver, some prominent Germans are said to have bought large tracts of British Columbia lands, particularly mineral and timber lands. The German Emperor is supposed to be heavily interested with Mr. von Alvensleben in western Canada properties.

However, the British Government has not even made an investigation of the titles of the properties in question and disclaims any curiosity as to the Emperor's reported investments.

Even after the reports that the German government had taken over property of the C. P. R. in Germany, and that cigarette factories in Dresden, Batschau and Baden-Baden were seized by the British Government to change its attitude towards property in English territory owned by Germans.

The Right Food at The Right Age

WHEN Baby cannot have the natural Food, i. e. healthy mother's milk, great care should be taken selecting a true substitute. No starchy or farinaceous food should be given to an infant under six months of age. It is not only useless, for the young infant cannot digest starch, but is a frequent cause of illness and rickets. The food given to an infant from birth to 3 months of age should correspond in all respects with human milk. From the beginning of the fourth month to the end of the sixth month, the child requires a more developed food for the building up of brain, nerve, bone and muscle. After the sixth month, baby is growing stronger and more active, and once again a food must be provided to satisfy the increasing demands of nature.

Doctors, Nurses and Parents in all parts of the world have proved that the "Allenburys" Foods provide a complete and progressive dietary specially adapted to each stage of a child's development. Each of the Numbers 1, 2 and 3 Foods is specially prepared to meet baby's needs as Baby gets older.

'Allenburys' Foods

MILK FOOD No. 1. From birth to 3 months.
 MILK FOOD No. 2. From 3 to 6 months.
 MALTED FOOD No. 3. From 6 months and onwards.

The "Allenburys" Foods are based on scientific certainties. Used as directed, they are exactly what Baby needs to develop into a healthy and robust child.

"She is happy and contented, as healthy as a child can be."
 "Made him a robust little sample of humanity."
 "They make bone and muscle, which is what children need."
 "Never had a days illness."

FIRST MATE'S STORY. H. M. Ryall, First Mate, S.S. "Boston," Yarmouth, N.S., writes: "Zam-Buk has been a boon to me. I had the misfortune to fall and badly cut my shins. The wounds did not give me much trouble for about a week and then my legs began to swell and pain me very badly. The doctor told me that my clothing had poisoned the wounds. He gave me some salve and an antiseptic wash. I used these for a short time, but instead of getting better the blood-poisoning and the pain got worse. I suffered so much pain and was so reduced in consequence, that I had to leave the ship and go home. My legs were at that time swollen to almost three times their usual size, and the pain was so intense I could not sleep. Indeed my legs were in such a condition that I was afraid the doctor would advise amputation. Just at that time a friend recommended Zam-Buk. My wife obtained a box and began applying it to the wounds. Almost from the first application I felt a change taking place. The throbbing, burning pain ceased, and gradually the swelling began to go down. I continued the Zam-Buk treatment, and after a few boxes had been used the wounds were completely cured and I was able to go back to work again. I certainly believe that Zam-Buk saved my legs, if not my life."

EVERY HOME NEEDS IT. CANADIAN FREEMASONS AND THE WAR FUNDS. The Toronto Freemason: "The question of a grant to the patriotic fund is under consideration by the Grand Lodge of Canada. In view of the generous response by individual brethren to the various war funds, the grand lodge will not act hastily. The appeal of Canada Lodge, London, for the hospital fund should have come through the Grand Lodge of England, under which it is warranted. Canada Lodge means well but its direct appeal to Masonic procedure. When the Grand Lodge of England asks for aid every Canadian Mason will liberally respond. In the meantime the brethren will liberally support local patriotic funds by generous subscriptions."

FREE. THE GURNEY-ORFORD. is the friend of the family. THE Gurney-Oxford nears perfection this year. It has many splendid points, of which these are the most important-- The Gurney-Oxford Economizer (not to be had on any other stove) is such a convenient method of regulating the fire and saving fuel that it certainly should be on the stove you buy. The fire is supported on grates that supply lots of air; coal doesn't smoulder, it burns, leaving clean, clear ashes--not clinkers. Clinkers mean waste. The heat goes directly to the oven where it should--over and under and around the oven, heating it evenly in every corner. It can't get up the chimney; it must do its work. These, briefly, are the devices that make the Gurney-Oxford the most perfect piece of stove mechanism ever devised.

After using a few boxes of the ointment I was completely cured, and can recommend it highly to all sufferers from this disease. You may have the permission to use this letter for the benefit of others." Mr. James M. Douglass, Superior, Ontario, writes: "For over six years I suffered from piles, and often could not work for two or three days at a time. At last I was cured by Dr. Chase's Ointment. Two boxes of Dr. Chase's Ointment cured me, and for several years I have had no return of this annoying ailment."

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION. By a Stomach Specialist. As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and distress, is an acid in the stomach, usually due to, or aggravated by, food fermentation. Acid irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling that is so distressing. Acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements--acid and wind. In all such cases--and they comprise over 90 per cent of all stomach difficulties--the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two tea-spoons of bisulphated magnesia, which is doubtless the best and only really effective ant-acid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisulphated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties--F. J. G. REMARKABLE CASE of Mrs. HAM. Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity. Shamrock, Mo.--"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear abroad in my mind, I had cold, nervous weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells, all pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all I desire is happiness in my home." Stallings Has Made World Beaters of Minor Leaguers

First Two Games of Championship Series a Revelation — Joe Page Writes of Them From the Press Box

(By Joe Page) Philadelphia, Oct. 9.—By the time this in print the second game of the world series will have taken place. The Boston National League team by its splendid showing is a bigger mystery to the rowing ones than ever before. They are not only beating the Athletics on their own stumping ground, but beating them on their own ground. The credit for winning the series must certainly go to little Dick Rudolph, who held the way slugging Athletics to one run, losing them only five hits. Had it not been for his passing of Whitten, the batsmen up in the second inning, would have scored a shut out. Secondly while the Braves are debited with two errors, they, one and all, played grand, fast, aggressive ball at the critical moment, taking chances that they were wrong, meant victory for their opponents. Especially so was this in the first innings of the game, when, when with Murphy and Collins in first and second, Baker sent a sky rocket well down and back of Moran, after a great run he caught the ball and by a lightning turn and throw caught Murphy, who tried for third on the catch. It was a splendid and nerve-racking work and was fully appreciated by the spectators. In the fifth, Maranville electrified all eyes with a wonderful backward running catch on the left field foul line, while Deal third grabbed another hot grounder from Maranville, cutting off a run. He also spoiled a possible rally for the Athletics when he raised McInnis' drive. Baker had opened the 9th inning with a two base clout. On the offensive Gowdy was the light particular star for the Braves, getting three hits and a base on balls four times out, driving in one run and getting two across himself, while Maranville was there with two beautiful well placed hits that brought in the runs. To tell the truth the Athletics are wonderful one hand catch in the fifth, were completely at the mercy of Fletcher Rudolph, whose slow ball as a complete puzzle to the hitters of the Athletics. While Bender, he had plenty of off speed, but he was to get it across the plate and he grooved it the result was disastrous. Whychoff, who relieved him in the sixth inning, after two were out, red much better, holding his opponents to three hits and no runs. It would indeed surprise the International League followers of the game, who are not seen the Boston Braves performance—as a great part of the team is made up of ex-International Leaguers to see the improvement made by Callings and Evers. It must certainly be seen to be appreciated. The idea still remains that the Athletics will win the series.

STORIES OF GERMAN SAVAGERY CONFIRMED Actual Case in Which Hands of Little Girls Were Cut Off

(Toronto Mail and Empire) Impressively the mind of Miss Reid, an Argyllshire young lady, who has just arrived in the city to spend a few days with her mother, is a terrible picture of the horrors of war. A fortnight ago before she left Glasgow, it was her misfortune to look upon two little Belgian mites whose hands had been cut off deliberately by a German sword.

FAIRVILLE NEWS

Thanksgiving Day Notes—Personal—The Belgian Relief

The holiday was quietly observed in Fairville and vicinity. Most of the stores were open during the morning, but all joined in holiday making after the noon hour. A surprising number visited the Bay Shore, many carrying lunches, and for such the outing will be remembered as ideal in scenic, charm and beautiful weather. Perhaps the spot of greatest activity was at the Suspension Bridge, the northerly side being crowded all afternoon by sightseers, to many of whom the bridge building going on a few yards away was a novel experience. Much interest centred in the man in charge of the blacksmith forge when he dropped red hot rivets five or six feet to his companion below, who caught them deftly in a pail, to be passed on to the rivetter. A few friendly bets were exchanged as to the probability of a drop into the falls occurring, and the workman's expertness was the cause of general admiration.

In the Fairville Methodist church on last Sunday, Thanksgiving services were held with large congregations participating. The entire front of the church was beautifully decorated by a capable committee under the leadership of Walter Fincher, gardener of the Provincial Hospital, and by special request the display of vegetables, fruit and flowers was allowed to remain untouched over the holiday, in order to be seen by friends who desired the privilege. Several pictures of the decorations were taken yesterday afternoon.

Rev. Geo. M. Young, of Tryon, P. E. I., spent yesterday afternoon in the village, renewing friendship with some of his old parishioners. He was warmly welcomed. Mr. Young comes from the heart of the black fox industry section of the island, and reports that business still is flourishing. He says the crops on the island are unusually bountiful.

Lemont A. Stout and wife, of Winthrop, arrived on the S.S. Calvin Austin on Saturday, having come here via Boston. They will visit for some time at the home of Mr. and Mrs. J. Stout, Main street.

Mrs. P. R. Hayward is visiting friends in Woodstock.

Contributions for the Belgian Relief Fund are still coming in, but it is hoped that all who possibly can will send in their gifts as soon as possible, so that a first shipment may be sent to the receiving depot in St. John, N. S. Special mention was made in all the pulpits again on Sunday, and congregations were urged to do their utmost.

From South Bay, \$12.95 in cash has been received, besides a well-filled box of clothing. This speaks for itself, showing the excellent results of one

energetic person's effort in a small community.

A very pretty wedding was solemnized in the Church of the Good Shepherd, Fairville, when Rev. W. P. Dunham united in marriage Sarah A. Cleave, of Denmark, Hants, Eng., and John H. Willis, of Portsmouth, Eng. The bride was given away by G. G. Gilroy, and looked charming in a costume of autumn brown broadcloth with white hat and white ostrich bow, and carried a bouquet of bridal roses. She was attended by Miss Louisa Gosling, who was daintily attired in brown white and black picture hat. She carried a bouquet of white carnations. Mr. and Mrs. Willis received many beautiful memories, including cut glass, and silver, and a beautiful set of china from the groom's associates in the pulp mill, where he is employed. Mr. and Mrs. Willis, who have the best wishes of many friends, will reside in Station street, Fairville.

FLOUR DOWN FORTY CENTS

Ontario millers have dropped the price of four forty cents a barrel. It is expected that Manitoba flour will also decline some in the near future. The price, it is said, would not have advanced if people had not got into a panic and so rushed the mills with orders that they simply advanced the prices beyond what the conditions really warranted.

Now that the rush of orders is over the mills want more business and are out after it. The drop of thirty cents in Ontario is the result. With four apples and potatoes at low prices the crops will not suffer so much during the winter as some had anticipated.

SOME OFFER MORE THAN PAR FOR CITY BONDS

One of the most important matters to come before the common council this afternoon is a report on the applications for the proposed issue of city debentures, which has been submitted twice over. Some of the applications were at slightly above par and it is expected that these will be granted in full. The bulk of the applications were at par and some steps will have to be taken to decide the manner in which these will be dealt with.

At this afternoon's meeting it is expected that the customary thirty days' allotment may be left to a committee.

LOCAL NEWS

McKIE-McKAY.
A quiet wedding was solemnized on October 8 in the parsonage of Portland street Methodist church, when Rev. M. C. Connor, pastor, united in marriage Fred H. McKie, son of St. Clair McKie, of Coldbrook, and Miss Ina Ruth McKay, daughter of David McKay, of Main street. They will reside in Coldbrook.

MEETING OF DEANERY.
The quarterly meeting of the clergy of the Deanery of St. John is being held today at the residence of Rev. G. A. Kubring, Coburg street. There is a good attendance of the Anglican clergy of the city. Mr. G. A. Kubring, formerly rector of Welsford, but who is now residing in the city, was also present. Matters of importance are being discussed and details arranged for the mission to be held in St. John from November 22 to 29 inclusive.

GAME PLENTIFUL BUT SPORTSMEN ARE FEW

Guide Cremin Out of the Woods—St. John River Very Low—The Railway Trouble

Fredericton, N.B., Oct. 13.—Charles Cremin, a well known guide, returned on Saturday evening from his camps on the Nepisiguit river. He has had four non-resident sportsmen in the woods since the season opened and they have secured eight moose, three caribou and seven deer. He reports game very plentiful. He does not think the number of non-resident sportsmen visiting the province will be more than half of last year's total.

Harold Kelley, fourteen-year-old son of Cornelius Kelley, accidentally shot himself while out gunning on Brick Hill yesterday. A charge of bird shot entered his left arm and left shoulder inflicting an ugly wound. The doctors are hopeful of being able to save his arm.

Old residents say that the water in the St. John river has reached the lowest point in twenty-five years between city and Springhill. Much stock here is exposed and cattle are able to travel freely from one island to another.

The property of the St. John River Log Driving Company is now being cleared in the vicinity of the junction by the C.P.R. authorities. He has been called upon to the plans of a proposed road to the westward.

Ross Thompson, managing director of the St. John and Quebec Railway Company, was last night serving with an in- junction by the C.P.R. authorities. He has been called upon to the plans of a proposed road to the westward.

BIDS FOR BIG ARMY SUPPLIES IN STATES

English and French Governments Want Wagons, Blankets, Saddles and Cartridges

Chicago, Ill., Oct. 13.—Negotiations for the purchase of several thousand army wagons, one million blankets, 200,000 saddles and bridles, and a large supply of rifle cartridges for the use of the English and French armies, were opened here today by representatives of those governments.

Representatives of the army purchasing department asked for immediate bids on the wagon contracts as it was said a large number are wanted for quick delivery in Canada. The remainder are to be delivered at future dates. Immediate delivery of blankets is demanded by the purchasers as they are wanted for the use of the troops in this winter's campaign.

BELGIAN RELIEF AND THE DUGAL REPORT TO ENGAGE GOVERNMENT

The local government will meet in Fredericton tomorrow evening. It is understood that steps will be taken to grant aid to the Belgians. The report of the royal commission on the Dugal charges may also be taken up.

THE \$12,000 CASE IS AGAIN BEFORE COURT

There was a hearing before Judge Forbes in the county court chambers this morning in the suit of Thomas Nagle vs the St. John and Quebec Railway Company and Quebec and St. John Construction Company on application of the defendants, against whom a judgment was secured for about \$12,000 several months ago, to set aside an order garnishing certain funds in the hands of Harding & Church as agents for the Prudential Trust Company in trust for the St. John and Quebec Construction Company.

Argument was heard on this application a few weeks ago, but adjournment was then made that witnesses might be examined with reference to the assets of the Construction Company. Ross Thompson was on the stand all morning. A. H. Huntington, C. S. appeared for the plaintiff, D. Mullin, K. C., for the defendants and J. H. A. L. Fairweather for the Trust Company.

WHY NEWSPAPERS Sell Goods

Newspaper circulations are built by public confidence. People believe in the newspapers they read.

They personally know most of the local advertisers.

When a national product is advertised in the newspapers it enters good society.

It has the stamp of familiarity. It carries confidence with it. It reaches people when they are in the mood to buy and tells of good readily obtainable.

National manufacturers who are interested in increasing sales are invited to address the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.

GIVEN LIBERTY

A letter received today by L. A. Conlon from Ottawa told of a pardon being granted by the minister of justice to Herman G. Phillips, who in November, 1912, was sentenced by Judge Forbes in this city to five years in Dorchester penitentiary. He was convicted on a charge of forging a check on R. A. Lister & Co. For several months Mr. Conlon has been seeking his liberty for Phillips, and today received word that he had been given a ticket-of-leave by the department.

JOSEPH BULLOCK ESTATE \$69,000

Will Probated—Mrs. Ira Cornwall Left Estate Valued at \$25,300

In the probate court today, the will of Joseph Bullock, general manager of The Imperial Oil Company, was proved. He gives \$2,000 for charitable purposes, to be paid to his wife, Elizabeth, Bullock, and to be distributed by her in accordance with the terms of a letter to her bearing the date of the will; the sum of \$100 for like purpose to be paid to his son, John F. Bullock, and \$1,000 to be the same purpose. To his said wife absolutely all his household furniture, etc., in his dwelling house in Germain street, the rest of his estate he gives to his executors and trustees in trust, namely: His three dwelling houses adjoining each other in Germain street he gives as follows, the northerly house to his son, Thomas H., being the one now occupied by him—the southerly one to his son, John F., and the middle house to his wife, Elizabeth, in each case for life, the income of the rest of his property to be divided one-third to his wife and one-third to each of his two sons, the last survivor of them during his or her life to pay \$100 a year out of his or her income for such charitable purposes as he or she shall see fit, to be distributed in accordance with the terms of a letter written by the deceased. On the death of either of his sons half of the estate is to go to his children and each of his grandsons and granddaughters shall out of his or her share of the estate pay the sum of \$100 for such charitable purposes as he or she shall see fit. He nominates his wife and two sons executors and trustees and they were duly sworn in as such. Real estate \$62,500; personally \$4,200, besides \$2,000 life insurance, payable to the widow, Stephen B. Bustin is executor.

In the matter of the estate of Mary B. S. Cornwall, widow of Ira Cornwall, the will and codicil were proved. She gives all her estate to her executor and trustee in trust to pay the income to her daughter, Mary E. B. Cornwall, as long as she shall remain unmarried; upon her marriage to divide the estate between her daughter and her son Ira Edmund Cornwall, and should her daughter die not having married, then to pay the whole estate to her son, and she nominates her son and her daughter, Shives Fisher of St. John, executors and trustees. They were duly sworn in as such. There is no real estate; personal estate \$25,300. L. P. D. Tilley, K. C., is proctor.

The court took up the matter of the estate of Michael McCutcheon, late of Lancaster, farmer. He died intestate. He was never married, had no children, and before him, and he left one brother, William McCutcheon, of Lancaster, farmer, and one nephew, John W. Power, of Lancaster, carpenter, son of a deceased sister. On the petition of the brother he is appointed administrator of the estate consists of an undivided one-third interest in two properties in Lancaster, one of which comprises about six acres—the other a lot in Sea street, which interests are valued at \$800; personally \$700. Clarence H. Ferguson is proctor.

CHANCE TO SELL OUR APPLES AND LUMBER IN SOUTH AMERICA

Board of Trade Hears of Opportunity—Retail Merchants' Association Secretary Here

The St. John Board of Trade is in receipt of a letter from a gentleman in St. John, who has resided in Brazil, Argentina, and Chile, and who is very strongly of the opinion that there is an excellent trade opening between Canada and South America. "Lumber and apples," he said, "would go well there; even now, although the season is advanced I feel confident that I could dispose of 500,000 barrels of apples on the first trip." He is willing to assist in making a trade experiment with South America if there are any business men here who are anxious to try that market.

Among the trade enquiries received by the board today was one from a harness manufacturing firm in Manchester, England, who wanted fine eye straw for horse collars. Hitherto, this straw has been obtained in Holland and in other European countries but the war has destroyed the source of supply and the aid. The fine eye straw is usually imported in press-packed bales of 224 lbs. in length. The length of the bale is the length of the straw. There are some small bales of 168 lbs. in which the heads of the straw are turned inward, but the large bale is preferred. No price has been furnished.

C. C. Cann, secretary of the Retail Merchants' Association of Canada, called at the board office today. He has been looking over the maritime provinces and says he is pleased to note that business conditions are so good. They are much better here than in the west.

MEN'S NEW FALL SUITS

At \$15.00 and \$20.00—Two Particular Strong Assortments in the Oak Hall Line

Some men want to spend \$15.00 for a Fall Suit—others decide that \$20.00 is about the right price to pay. Both can get here at either price high-quality clothes—clothes of real worth, the unmistakable excellence and good style which are visible at every turn.

And the man who pays us \$15.00 for a suit gets as much for his money as he can get in any other store at \$20.00. The man who buys an Oak Hall Suit at \$20.00 will get as good a suit as he can buy elsewhere for \$25.00 to \$28.00.

If you ask the reason for the difference between our prices and those of other stores the answer is, that we being manufacturers having no middleman's profit to pay, we are able to sell to you at practically the same prices other stores pay at wholesale.

Of course the same advantage applies to all our prices from \$6.00 to \$35.00. We merely mention \$15.00 to \$20.00 lines because these are two especially popular prices.
