Bogus Telegram From Florida Sheriff to His Son Accomplishes Purpose of Lynchers—Old Preacher Shoots Wife and is Put to Death

(Canadian Press) Lake City, Fla., May 22.—Six negroes were lynched yesterday after a party of more than a dozen men dressed as officers appeared at the county jail and secured possession of the men by presenting a bogus telegram supposed to be from the sheriff to the 16-year-old son of the sheriff, ordering the release of the blacks to the alleged posse of officers. The negroes were being held here for safe-keeping on the charge of murder.

The men, who came from Tallahassee to Lake City in automobiles, took the negroes about a mile outside of Lake City. They compelled the negroes to stand abreast and about ten men commenced firing with rifles and pistols until every one of the six had been riddled with bullets.

Sir Wilfrid Declines to be Interviewed on Canadian Conference Questions—Believed Basis of Recognition of Citizenship will be Arranged at Five Years

New York, May 22.—A Herald cable from London says that Sir Wilfrid Laurier will not discuss Canada's position on questions coming up at the colonial conference, which will open on Tuesday.

In view of the reciprocity agreement pending between the United States and Canada, English newspapers and publicists are exceedingly curious to know what Sir Wilfrid will say on the question of British preference which seems likely to be the leading topic of the conference, which the Canadian Premier remains "mum."

Another question to be brought forward by the Canadians will be the recognition of Canadian citizenship in all parts of the empire. At present England requires a residence of six years before an alien can become a citizen, and in Canada only three years, but Canadian citizenship is not recognized here. The conference probably will agree to recommend a compromise of five years in England and the colonies.

The colonial premiers were the king's guests at luncheon on Sunday. There was a dinner in their honor given by the minister, and a reception to the colonial visitors at the foreign office last night.

London, May 22.—At the time of the last imperial conference the pilgrims dined together, so far as speakers were concerned, purely a British affair. The pilgrims are, however, to be invited to the conference on May 23, which will be significant because the principal speeches will deal with Anglo-American relations. It is expected that the British foreign secretary, will be able to speak on the subject, and his topic will be Anglo-American relations.

The American consul-general, will respond on behalf of America. It is hoped that Sir Edward Laurier will speak for the premiers.

PEACE PACT IS SIGNED

Practically Concedes Demands of The Insurrectos—Belated News of Three Day Battle Received—Chinese Banker is the Victim of Outrageous Treatment

(Canadian Press)

Juarez, Mexico, May 22.—Officially designated representatives of the Mexican Government, and the revolutionists, at 10 o'clock last night, signed a peace agreement in the custom house here intended to end the hostilities that have been waged in Mexico for the last six months.

Though covering only the principal points negotiated thus far, the agreement practically records the government's concession of those demands which started on November 20, the last armed revolution in Mexico. Telegrams announcing the signing of the peace pact are being sent throughout Mexico to revolutionary and federal leaders alike.

The agreements record that President Diaz and Vice-President Corral will resign and that the government is to concentrate its attention on desired reforms. The actual signing of the agreement took place in the most extraordinary circumstances on the steps of the custom house. When the peace commissioners arrived they found the steps of the custom house blocked and no one there to let them in.

Accordingly they gathered on the steps of the building and while newspaper men held matches, fountain pens were produced and the document signed.

When the signatures were affixed, the commissioners of both sides embraced joyfully while a small crowd that had collected around the steps, cheered and sang the Mexican national anthem.

General Turcat, who was with the party, remained behind to cook. It was he who gave the alarm. The men leave large families in Truro.

AMHERST HAS LOST AN UPRIGHT CITIZEN

Rufus Hicks Died Today After Brief Illness in His 73rd Year

Amherst, N. S., May 22.—Rufus Hicks, a highly esteemed citizen, died here this morning. He had been ill only about two weeks and his death will come as a surprise to many friends throughout Cumberland and Westmorland. He was in his 73rd year. He had been prominently connected with the Amherst Boot & Shoe Company since its organization. He united with the Amherst Baptist church under the ministry of Rev. Dr. A. Steele more than thirty years ago, and was one of the church's most loyal and upright members. He took a deep interest in temperance, in which work he was engaged up to the time of his illness, in politics he was Liberal. He was a member of the foresters.

He was a son of the late Charles Hicks of Dorchester Cape, N. B. He is survived by his wife, who was Miss Annie Horton Wallace; also four daughters—Mrs. E. M. Mearns and Mrs. F. L. Blair, of Amherst; Mrs. James McKay and Mrs. Truman Baxter, of Massachusetts. His only son, Allan, died about two years ago.

BIG PERMANENT COLONY

Canadian Lawyers Before Privy Council Impressed at First Appearance of Lord Haldane—New Vicar of London Has Many Friends in the Dominion

London, May 22.—While every steamer is bringing its contingent of official and non-official visitors from Canada for the coronation there are some departures. Lady and Miss Clouston have returned to Montreal and A. W. Atwater, K. C., returned in the Kaiser Wilhelm via New York. Some days ago he was sending a case before the judicial committee of the privy council and Lord Haldane was one of the judges. The decision is reserved.

All the Canadian counsel were much impressed with the legal acumen of the House of Lords which hears appeals from the courts of the empire overseas.

Dr. Donald Armour, who has a fine London practice in Harley street, a fine dinner table and a fine home in Hanover Square, is to be appointed vicar of the parish of St. Paul's, London. He is a son of the late Charles Hicks of Dorchester Cape, N. B. He is survived by his wife, who was Miss Annie Horton Wallace; also four daughters—Mrs. E. M. Mearns and Mrs. F. L. Blair, of Amherst; Mrs. James McKay and Mrs. Truman Baxter, of Massachusetts. His only son, Allan, died about two years ago.

The funeral will take place on Wednesday afternoon. With the exception of Mrs. McKay, his family were with him during his illness. In the death of Mr. Hicks Amherst loses a man who stood for all that was upright, pure and honest.

There are abundant signs that Canada and Canadians will be to the front in the coronation year as never before. A great rehearsal of 4,500 voices from 45 separate church societies in and around London took place in the Crystal Palace under the baton of Dr. Charles Harris of Ottawa. All these 4,500 voices were grouped by the Crystal Palace orchestra within the huge hall of which the celebrated Crystal Palace organ forms the center. Many Canadians went down to the palace.

At Festival of Empire Colonel Hutchinson, the dominion commissioner is busy as usual with the Canadian exhibit at the Festival of Empire, an exact reproduction of the parliament buildings in Ottawa. No one is better qualified to lead the Canadian exhibit than Colonel Hutchinson, who has been in London since the opening of the Crystal Palace and South Africa. He is following Canada's example by presenting representations of the House of Commons and the House of Lords in the Crystal Palace, which will place the bulk of their exhibit. The Ottawa structure is an easy first in the opinion of all those who know what a magnificent natural site Ottawa supplies, and, however, that it is impossible to produce in the grounds of the Crystal Palace anything like the splendid effect which its surroundings lend to the dominion parliament building. As regards the exhibit they are worthy of Canada, and arranged as it should be a great credit to the dominion as a whole, a splendid credit to the dominion as a whole, a splendid credit to the dominion as a whole.

At the eleventh hour the demands for space came in hundreds, although at first there was some doubt as to the success of this Festival of Empire project. It will be much bigger and more magnificent than the White City or anything else ever attempted in Europe in the exhibition line. Lord Plymouth and Lord Strathcona, the dominion government and its exhibition commissioners are all to be congratulated on the faith they showed.

The mineral exhibit, Colonel Hutchinson says, is on a scale never before attempted at any dominion exhibition. It is also most opportune in view of the attention Canadian mining propositions are now attracting from European as well as from British capitalists. The G. T. B. and the C. P. R. have pavilions, in themselves attractions, the C. P. R. came in too late to get space in the grounds, but all a worthy exhibit inside the palace. It is the lovely grounds of the Crystal Palace which will be the draw. All the railways are giving a 30 cent ticket from any of their stations within the radius of London which includes admission as well as the return ticket, and the journey, by the newly electrified roads, is done in less than forty minutes. Dozens of cheap trips are to be run daily from the big cities including bi-weekly ones of Glasgow and other big centres north, east and west.

Instructions were given as to the manner in which the work will be continued this afternoon and tomorrow afternoon and evening.

SERVICES CEASED
The services of the Elected Hours' Devotion which have been attended by many in St. John the Baptist church since Friday, were brought to a close last evening with a prayer and a benediction by Rev. W. F. Chapman, V.G., assisted by Rev. M. Malone, C.S.R., father of the late Rev. J. A. Archibald, which was listened to by a large congregation.

BURIED TODAY
The funeral of Mrs. Mary Ann Carney took place this morning at 8.30 from her late home in Main street to Holy Trinity church where interment was made. The body of St. John the Baptist church was in the Catholic cemetery.

The funeral of Mrs. Mary Ann Carney, widow of George Finn, was held from her late home in the Main street at 8 o'clock. Rev. A. J. Archibald conducted the funeral services at the house and St. John the Baptist church.

THE EARLY CLOSING LAW
The petition being circulated by some merchants in opposition to the enforcement of the early closing law is being signed by many dealers. It is the intention of those who are opposed to the law, to submit to it until their petition is presented and their claims heard before a meeting of the common council. Many merchants, it is said, would be in favor of closing their stores at 8 o'clock instead of 7 and are of the opinion that it would work more satisfactorily to all concerned than to themselves, their clerks and the public.

THE TRAIL MAGAZINE
The Trail Magazine, published in Winnipeg is now in its third year, and the May number is one of exceptional interest. The leading article is a striking one, with illustrations dealing with the facts and figures of Canada's fire loss, and this will be followed next month by an article entitled "Fire's Prevention." The magazine that will appeal to Canadians generally. There is political comment of the breezy western type, and other special features of interest. The Trail is a monthly, at 81 per year.

BRONCHITIS RELIEVED
Mr. Tabor McKenney Surprised That Father Morrissey's "No. 10" Helped Him So Quickly.

Those who have never had bronchitis know what a persistently distressing disease it is—how it hangs on and, on delaying treatment, and making the sufferer's days, and more particularly nights, restless and miserable. That Mr. Tabor McKenney, of Bangor, N. B., was surprised to get relief after only a few days' use of Father Morrissey's "No. 10" is a good illustration of the relief that can be obtained from this medicine. Mr. McKenney, after taking a few doses of this medicine, felt a great relief, and after taking it for a few days he obtained a great relief. He checked at once—and Father Morrissey's "No. 10" will check and cure it.

No. 10 (Long Tongue) is put up in 25c. trial bottles and large 50c. bottles. At your dealer's or from Father Morrissey's Medicine Co., Montreal, Que.

Senator King, returned this morning to his home in Chatham.

### RECIPROcity MEETINGS

Political meetings in June and July are likely to be warm, even if party feeling does not run high. It is announced that the reciprocity controversy is to be shifted from parliament to the country, and that members of both parties will discuss the question in the constituencies. The most of the agitation in the country outside of parliament has been conducted by the Conservatives, although some very effective meetings were held in this province by the Liberals. Despite all that has been published in the press there are many people who would be glad to hear a public discussion of the whole question, and the companies will therefore not lack for audiences, even in hot weather. The question is the most important that has been before parliament for many years. So far as the eastern provinces are concerned, the great majority of the people are in favor of reciprocity. If for a moment it may have appeared that the annexation cry and the fear that imperial interests might be injuriously affected, the reciprocity controversy is now clear that this bogey has been overworked. The Canadian people have no fear that by securing a larger market they will forget their loyalty, and the British government has no fear that imperial interests will be at all injured. Rather it recognized that what is good for Canada is good for the empire. The Conservatives made the great mistake of making this a party question, and they are marching to defeat. This is assuming, of course, that the United States senate passes the reciprocity bill, which as a matter of fact may not be done; for the opposition to it is very bitter. But if congress does adopt the agreement, parliament will do the same, whether it is done before or after the general elections, for the people are in favor of that course.

### EMPIRE DAY

Wednesday next will be Empire Day. We in New Brunswick still know it best as Victoria Day, observed in honor of the great queen, but since the Dominion Educational Association accepted the suggestion of Hon. Mr. Ross, now Senator, to observe May 24th as Empire Day, its observance has grown in favor in other parts of the empire. The Canadian Courier, in an article on the origin of Empire Day, says it is estimated that last year no less than thirteen and a half millions of children joined in the celebration of the day, exercises being held in over fifty thousand schools throughout the empire.

There is something very inspiring in the thought that on this particular day the children in widely separated countries have their attention directed to imperial themes and are taught lessons in imperial patriotism and loyalty. In no more fitting way could the birthday of Queen Victoria be celebrated from year to year. May 24th as Empire Day is becoming an imperial holiday; and, as a writer in the Canadian Courier points out, the first impulse was given to the movement by a Canadian woman, Mrs. Fessenden of Hamilton, who in 1888 persuaded the board of trustees of that city to set apart one afternoon in each year for the purpose of inculcating patriotic sentiment. She induced the boards of London and Dundee to do the same. The matter was taken up by the Ontario minister of education, and by the Dominion Teachers' Association, and finally May 24th was set apart as Empire Day. With us in the lower provinces, however, the day is a holiday, and the exercises in the schools take place the day before.

### AN INTERESTING FIGURE

An interesting figure at the coronation will be the Hon. James Sinclair McGowan, premier of New South Wales, the brother-in-law of the Australian Commonwealth Premier McGowan was once a boot-maker. He is a man of very striking appearance, and powerful physique. The Sketch says of him—

"Mr. McGowan was born 55 years ago at sea, during the voyage of his parents, who set out from Lancashire to seek their fortune beneath the Southern Cross. At the age of fifteen young McGowan was apprenticed in the ironworks of Messrs. P. N. Russell & Co., of Sydney. He became a boilermaker, but his mentality brought him to the front as a politician. He represented the interests of the working men in the state parliament of New South Wales, and after six years' leadership of the opposition became premier of

## IF THERE IS A WEAK SPOT

In Your System or a Faltering Organ it Will Be Worse at This Time of Year—Vigor and Energy Run Low in Spring Unless You Use

### DR. CHASE'S NERVE FOOD

It may be the stomach, the head, the lungs, the liver or excretory organs, but if there is a weak point it is likely to show up at this time of year. The blood is thin and watery. It fails to supply the system with the essential nerve force. You feel the effects in your weakest organ.

Your trouble may take the form of indigestion, you may have neuralgia or twinges, or a headache. The cause is the same—weak blood.

Dr. Chase's Nerve Food will help you as nothing else can, because it supplies in condensed and easily assimilated form the elements which are necessary for the strengthening and invigorating of the various organs of the body.

Every dose of this restorative organ goes to form the red corpuscles in the blood—to make the blood rich and red. The faltering organ resumes their functions, appetites improve, digestion becomes good, and gradually new energy and vigor find their way to every nook and corner of the body. To keep strong and well this spring use Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, at all dealers, or Edmanston, Bates & Co., Limited, Toronto.

### A ROSE IN DECEMBER

(Moira O'Neill in McClure's.)

Well can I mind your mother; the pity it is she's gone,  
An' her sort is lost out of Ireland, women like her there's none!

Blue were her eyes, an' kindly, soft and slow was the tongue;  
I mind her words the better for that, an' the queer old songs she sung;  
She had many a poor one's blessing, an' 'blessin' she'd give giv'ing,  
Aye, a rose in December was growin' by her door.

But you were all the daughter she had, an' 'faith, 'twas just as well, for if it wasn't for manners nor straight to your face I'd tell that you'll not care a pinch of snuff. For looks you were never the peel of her; for 'faith, 'twas just as well, for I wouldn't give much for the 'faithin' that's got at the National School.

Young people should be conducted, but that's where they're all at; there's a fine one from Fairin' in Father McCarthy's day. 'Twas he would have had their lives for less, an' he would have them, who, but for your mother he called 'the flower of Laidy,' and none minds that but me.

An' she had the voice of a lark-thing, but you have the laugh of a jay—Och, she was in December, but you are a frost in May!

Three Boxes of Doan's Kidney Pills Cured Him.

It is hard to do housework with a weak and aching back. Backache comes from a lame kidney, and what a lot of trouble it causes.

Weak back is simply a warning from the kidneys and should be attended to immediately, as in a few years it may become a permanent kidney trouble.

Mrs. N. Harmon Smith, Falla, Ont., writes: "I was terribly afflicted with lame back and was so bad I could not even sweep my own floor. I was advised to try Doan's Kidney Pills, which I did, and with the greatest benefit. I only used three boxes and I am as well as ever. I highly recommend these pills to any sufferer from lame back or kidney trouble."

### OTTAWA DEMAND FOR INCINERATOR

A straight motion to accept a tender for the erection of a garbage incinerator in Ottawa over which there has been so much delay, will be presented to a special meeting of the council three within the next few days.

The principal matter under discussion at a meeting of the board of control recently was the great increase in the number of outside privy vaults in the city. A report from the board of health was the cause of the meeting, and the board was asked to take some steps to alleviate the nuisance and menace to health. There are many districts in the city in which there are no facilities for the erection of inside closets in houses, and many where the houses themselves are so small that it is an impossibility to install them. The board of health is anxious to put some idea under way whereby the immediate necessities can be improved. Several suggestions are offered, dry earth closets subject to regular inspection by civic inspectors, and another to have outdoor closets flushed from the kitchens of the houses.

Many suggestions were given the controllers regarding the alleviation of the privy vault nuisance, and all were discussed, but no final decision was arrived at. The whole matter was left with Dr. Shirreff, who will institute inquiries in other cities as to how they have dealt with this important matter.

Dr. Shirreff asked the board how long it would be before there would be a water supply in all parts of the city, so that drainage could be provided for closets.

"There are many houses in Ottawa now," explained Mayor Hopewell, "where even if there were drains and other modern facilities, it would be impossible to install flush closets, for the reason that the houses are too small to allow of putting closets in them. I know of many instances of this kind."

"It is a very important question," said Controller Hincher, "and it might be well for Dr. Shirreff to write to some other cities and find out how they deal with such cases."

Mrs. Marjory Flinn, widow of George Flinn, died Saturday afternoon at the home of her daughter, Mrs. J. K. Matson, 73 St. James street, St. John West. She was 64 years old. She is survived by four daughters, Mrs. Matson, Mrs. W. O'Neill, of Boston; Mrs. W. Knottel, of this city; and Mrs. Thos. Powers, of New York. Four brothers are living, Daniel Michael, of St. John; David, of Sherbrooke (N. S.); and two in the western States. Mrs. Flinn kept a boarding house in this city for forty-five years, and was therefore well known to very many citizens. She was a native of Fredericton, Mrs. Flinn was a great sufferer for months before death received here. The funeral will take place

**Miss Margaret McBriarty**  
Miss Margaret McBriarty, an inmate of the Mater Misericordiae Home, died there at an early hour Sunday morning, aged 88 years. She had been in the home for the last year, and had been in poor health for some time. She is survived by one brother, Patrick, in Kingsville, from whose residence the funeral will take place tomorrow afternoon at 2:30.

Until a century and a half ago cricket, the great national pastime of England, figured in the statute book as a crime. The game was declared illegal in the time of Edward IV, owing to its having become so popular as to interfere with archery, the then sport of kings. The law against it was vigorously enforced, and every person convicted of playing the game was fined or sent to prison. It was not until the formation of the Hambleton club in 1749 that the statute was repealed. Residents of Arizona have discovered that cactus needles or thorns are admissible for use as graphophone reproducing points, and a big export trade of cactus needles is anticipated.

## Daily Hints For the Cook

### IRISH CAKE

One cup of butter, two cups of sugar (creamed); add yolks of four eggs beaten. Teaspoonful of cloves, tablespoonful of cinnamon, one-half nutmeg, one-half cup chopped white seedless raisins, one-half cup sweet milk, one teaspoonful of granulated chocolate, one teaspoonful of vanilla, one cup mashed potatoes seasoned as for table, two teaspoonfuls of baking powder sifted in two cups of flour, and whites of four eggs beaten and added alternately. Bake in layer and ice with cream icing, or bake in loaf cake.

### PRUNE KUCHEN

Sift one pint flour with one-quarter teaspoonful salt, two tablespoonfuls sugar and one-half teaspoonful baking powder. Rub in two rounded tablespoonfuls of butter and moisten with two-thirds cupful of milk and a beaten egg. Mix dough quickly and well and pat out with the hands until about an inch thick. Fit into a square buttered pan and press into the dough a layer of steamed prunes, halved and with the skin side down. Pour over two or three tablespoonfuls melted butter, dust with sugar and a trifle of cinnamon, and bake 25 minutes.

### ENGLISH HOT CROSS BUNS

Recited this week when Mrs. Margaret into 1 1/2 pounds of well-warmed flour mix four ounces of moist sugar, make a hole in the center of the flour and put in one fourth teaspoonful of good yeast, pour on it one gill of warm milk, mix thoroughly, one third of the flour with it, leaving the rest around the sides of the pan. Set in a warm place to raise for one hour, then stir in one fourth of a pound of melted butter, spice and currants to suit the taste and sufficient warm milk to mix the dough. When mixed it should be rather softer than bread dough. Put it in a greased tin, 20 minutes and then roll into round balls; mark each with a cross, and put on buttered tin, set in a warm place until well risen. Then bake in hot oven.

### NORTHFIELD CONFERENCES

Programme of the Summer Meetings With Names of Some of the Speakers

All is activity on the campus of the Northfield Seminary, June 10-17, when will be held the commencement exercises in this school founded by D. D. Moody, thirty-two years ago. This event always draws large numbers of the friends of Christian education, and Northfield has abundant facilities for caring for all, either in the buildings on the campus or in "The Northfield" in the program of amusements in addition to the usual choral recital and sacred concert, the graduating sermon and address made annually by Rev. F. B. Meyer, who is expected from London.

During the period from June 10 to 17, Rev. Dr. Meyer will also deliver several addresses in the chapel of Mount Hermon School, across the river from Northfield. The Griffith Thomas, D.D., professor of Old Testament Literature, Wesley College, Toronto, will deliver the program of amusements in the week from June 24 to July 21, and Rev. James A. Francis, D.D., pastor of the Cleveland Ave. Baptist church, Boston, will conduct the classes from July 21 to 29. Rev. G. A. Johnston Ross will also conduct a class during the general conference.

### Student Conference Y. M. C. A.

The student conference, which will be held on June 23, running till July 1, will be the twenty-fifth anniversary of the first summer conference for students called by Mr. Moody. It was presided over by John R. Matt. The conference will have the opportunity of learning directly from the founder of the striking, incisive style, figures and facts, concerning the progress of the world-wide student movement among students. Robert E. Speer will also be present. Northfield will certainly be stirred, as other conferences have been, when he arrives, his report on the needs and present opportunity of South America.

The speakers will include Rev. Henry Sloan Coffin, Bishop A. S. Lloyd, Prof. Harlan P. Beach, Prof. Philip M. Rhineland, Rev. Sam Higginbottom, Rev. Harry Emerson Fosdick, Rev. Arley E. Parson, Rev. H. Rowell Bates, and others who have addressed these student conferences in other years.

From July 1 to 17 will be celebrated across the river the thirtieth anniversary of the beginning of Mount Hermon School. On May 18, 1881, the first boy was received for the school, in the old farmhouse on the land that had been bought for that purpose. Mrs. Moody was building wiser than he knew, for with the completion of the new Crossley School this will accommodate more than 600 students, which will probably surpass even Mr. Moody's largest hopes for Mount Hermon. Plans are being laid for a reunion of 1,000 of Mount Hermon's old students at this time.

The young women's conference will be held July 5-12, followed by the summer school of women's foreign missionary societies, July 14-21, and by the women's home missionary conference, July 21-27; and the summer school for Sabbath school methods, July 28-31. A partial list of the speakers at these gatherings includes Robert E. Speer, Rev. John McDowell, Rev. Arthur J. Brown, D.D., Rev. Charles K. Erdman, D.D., Rev. W. A. R. Gooden, Hon. John G. Brady, Rev. C. J. Roper, D.D., Rev. C. Smith, and Rev. James A. Francis, D.D.

The general conference of Christian workers will begin their year on August 4, and continue through the 29th. Among the speakers already secured are: Rev. John A. Hutton, M.A.; Rev. G. A. Johnston Ross, M.A.; Rev. Charles R. Erdman, D.D.; Rev. John Henry Strong, D.D.; Rev. James A. Francis, D.D.; Rev. Henry C. Mabie, D.D.; Bishop A. S. Lloyd, Rev. R. A. Torrey, Mr. F. B. Smith, Rev. Oona S. Davis, D.D.; Rev. J. Stuart Holden, Rev. W. H. Griffith Thomas, D.D.; Rev. W. S. Jacoby, Rev. Robert F. N. Pierce and Rev. George L. Gedy. Programmes of these conferences may be obtained from Amert G. Moody, East Northfield, Mass. A series of Bible lectures will be given after the close of the general conference. The fewer meetings at this time give a favorable opportunity for thoughtful study of the Bible and for recreation.

Sergeant Major Robert Atchison, who will represent the Medical Corps at the coronation, was made the recipient, on Saturday, of a handsome sun in gold by the officers and men of the regiment. Major T. D. Walker and Lieut. J. S. Tait, made the presentation.

### HOW THIR FOLKS CAN GET PLESHY

**New Accidental Discovery Gives Startling Results—Puts Flesh on Thin People and Rounds Out Imperfect Figures**

Simple Prescription Given

For women, and men, too, for that matter—who can never appear stylish with anything they wear, because of abnormal thinness and angularity, this remarkable "prescription" is destined to solve the problem. As a beauty maker for the figure it is simply wonderful, while it adds brightness to the eyes and color to the cheeks and lips.

It requires no particular dieting, but acts as an aid to nature by its peculiar action on the nerves and blood supply. The blood and nerve system, which are the body all the nourishment or flesh building elements derive from the blood. The trouble with thin people has always been that they do not absorb or retain enough of the blood and nerve elements. This new discovery of blending these elements and having gained from it forty pounds in a few weeks. The result is a well rounded arm and full bust and men become straight, strong-looking and healthy.

The general health and strength is greatly improved in anyone from the age of sixteen to sixty. Women soon compound excess of fat, shake and let stand two hours. Then add one ounce tincture cadomene compound (not cardomene). Take a teaspoonful before and after meals, and weigh before beginning.

### PASTOR RESIGNS

After the initiation the visitors were given an enjoyable reception. They report finding the lodge in a flourishing condition, both financially and numerically.

### DON'T BE BALD

Nearly Anyone May Secure a Splendid Growth of Hair

I have a remedy that has a record of growing hair and curing baldness in 90 out of every 100 cases where used according to directions for a reasonable length of time. That may seem like a strong statement—it is, and I mean it. It is, and no one should doubt it until they have put my claims to an actual test. Hair Tonic will cure dandruff, itching scalp, stimulate the scalp and cause hair to stop falling out and grow again. It will also give you positive assurance that every penny paid for it is worth the instance where it does not give you satisfaction to the user.

Recall "30" Hair Tonic is as pleasant to use as clear spring water. It is delightfully perfumed, and does not grease or gum the hair, nor does it, 50c and \$1.00. With my guarantee back of it, you certainly take no risk. Sold only at my store—The Retail Store, Chas. R. Watson, 100 King street.

When the collar of a grocery store at Franklin, N. B., was being cleaned out last week a can of cooked oatmeal was found. The can had probably been in the cellar for 20 years, but the contents were found to be in perfect condition. Oatmeal was canned like corn, peas and other vegetables some years ago, before the advent of the present-day partially cooked dry cereals.

### Coal Industry in Nova Scotia

(Boston Globe)

More than \$20,000,000 is invested in the coal-mining industry of the Province of Nova Scotia, and employment given to 17,000 persons. It is estimated that one-fifth of the population of Nova Scotia is dependent on this industry for a livelihood.

The Dominion Coal Company, the largest producing coal mine in Canada, attained the greatest output in its history in 1910 with a production of 3,537,000 tons, as compared with 2,460,000 in 1909. Output of Nova Scotia Steel & Coal Company in 1910 was 815,000 tons, comparing with 788,000 tons in 1909.

The Dominion Coal Company's shipment up the St. Lawrence river during 1910 was a record one, amounting to 1,310,172 tons. Ontario buys annually 7,000,000 tons of coal from the United States, but it is believed with the opening of the Georgian Bay Canal a large share of this trade will be captured by the Cape Breton colliers.

The mining of coal and the manufacture of iron and steel with its allied industries constitutes fully 85 per cent. of the trade of the Island of Cape Breton.

The Dominion Coal Company has let a contract to an English firm, for the construction of a new coal washer to be erected in Sydney at a cost of \$200,000. The washer will have a capacity of 120 tons per hour; will be of the Baum type and the only one of its kind on this side of the Atlantic.

### TO GET ALONG IN SOCIETY.

If you don't know what to say to the girls, this little list will be a big help to you. Judiciously used, it will make you the most popular "lad" man on the floor:

"Haven't we met before? It seems as though I had known you all my life."

"Oh, of course, they call me a lollier, but you know I wouldn't mind it."

"May I have two dances? Thanks so much. I'll look forward to them all evening."

"Please wear that lavender dress when I come, you look just as though you had stepped out of a picture when you have that on."

"I have tickets for the theatre and I want you to see it with me. I know I'll enjoy it more with you than with anyone else."

"I don't know why I'm telling you all these things about myself; I just talk nonsense to all the other girls, but I always feel inclined to better things when I am with you."

### Keep Your Skin Clear

with Cuticura Soap and Cuticura Ointment. They do even more for skin-tortured and disfigured infants. Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a liberal sample of each, with 32-page booklet on the care and treatment of skin and hair, will be sent, post-free, on application to Potter D. & C. WANTED - Young persons to prepare for a GENUINE BARGAIN under this title comprise some of the most prosperous commercial enterprises in the country, the principal factors being the King Radiator Company of Toronto and the Expanded Metal and Fireproofing Company, also of Toronto. Both of these concerns are relatively new enterprises, having modern plants, and are known to have made exceedingly heavy profits as the result of the present remarkable era of construction in this country. The earnings of the two plants alone are sufficient to guarantee the interest on the bonds now offered, several times over, and with absolute assurance of safety of principal. The liberality of the offer, upon which comment has been made, is that each bond carries with it a bonus of 99 per cent of common stock and in an expertly managed industry of the kind it is a foregone conclusion that this stock will become very valuable in the near future. The formation of Steel & Radiator, Limited, was accomplished by a syndicate headed by Mr. Grant Hugh Brown, a capitalist of New York and London, and Col. Sir Henry M. Pellatt, of Pellet & Pellatt, Toronto, which firm is offering the new issue. It amounts to \$1,500,000, each bond being of the par value of \$1,000.

AUTOS GO TOO FAST

Danger in Waterloo Street Speeding and Numbers on Cars Are Noted

That the eight-mile city speed limit is being disregarded by some automobile owners is the complaint of Waterloo street residents, who fear there is going to be a serious accident some day soon. The automobiles start their trips into the country a little after 7 o'clock in the evening, and for the hour ensuing there is a steady passing of the cars. Most all the drivers, it is said, exceed the speed limit, some reaching, past Paddock Cliff, and Richmond street corners with the swiftness of a train. Of late several accidents have been narrowly averted.

Children playing about the streets, rest-houses and teams emerging from intersecting thoroughfares make this illegal speeding very dangerous. A few evenings ago, the Times is told, a prominent resident of that locality took the license numbers of all the offending cars, and is keeping a watch to find out who are the persistent joy-riders.

The presentation was made from the Grand Council, at Kingston, and a few words of recognition accompanying the remembrances, spoke of the appreciation of their services by that body.
