7. DETECTIVE FINDS HIS SISTER SLAIN

BODY FOUND IN A VACANT LOT NEAR HOME

Victim Said to Have Been Choked and Badly Beaten

CLOTHING TORN

Was Second Crime of Similar Nature Committed in Same Place

NEW YORK, May 30.—Search continued today for the brutal slayer of Miss Florence Kane, who was identified by Detective James A. Kane, of Brooklyn, as his sister, when in the course of duty he had to view the body.

The body was found by a milkman yesterday in a vacant lot near the girl's home. An autopsy revealed that the assailant forced his fingers down her throat in an effort to choke her to death. He battered, bound and gagged her, and tore her clothes to ribbons. The body was lying face downward. On the bare back a crucifix inscribed with the words "Father, forgive them."

ON WAY HOME

In some ways nearly was found a religious medal, but the young woman's rosary and crucifix chain are missing. Miss Kane, leaving eight women friends after attending a musical concert, was hurrying home to her widowed mother when attacked. She was 30 years old.

LETTERS COME FROM PILGRIMS TO ROME

Word is Received From Bishop LeBlanc, Father Duke and O'Keefe.

A letter, dated May 9, has been received at the Bishop's Palace here from His Lordship Bishop LeBlanc and one from Rev. W. M. Duke, rector of the Cathedral, written while on their way to Rome. They stated that they expected to arrive at Algiers the following day and would spend the day visiting that city.

They had a very pleasant trip so far with the exception of the first few days. After leaving Boston, they encountered stormy weather.

Both the Bishop and Father Duke said that they would not fail to pray for all in the diocese and asked them to offer a prayer for their safety during their journey.

From Father O'Keefe.

A letter has been received from Rev. D. S. O'Keefe of St. Andrews by his sister, Mrs. J. Joseph Mitchell, 5 Alma street. Father O'Keefe is one of the party from this province who left last month for Rome with His Lordship Bishop LeBlanc.

Father O'Keefe's letter is dated from Algiers, May 9. For a few days after leaving Algiers, he writes, the weather was somewhat rough, but none of the party was seasick. He tells of being at Maderia and the Azores. At the time of writing, Father O'Keefe retained all members of the party in the best of health.

WORLD'S WRESTLING MATCHES ON TODAY

Two Heavyweight Bouts Are Being Staged For Large Purse and Belt.

CHICAGO, May 30.—Interest of the wrestling world was divided today between two heavyweight bouts, both advertised as for the world's title, with each of the four participating grapplers a former holder or claimant of the championship crown.

With a purse of \$30,000 at stake, as well as a \$10,000 diamond-encrusted belt indicative of the heavyweight championship, Ed Strangler Lewis and Wayne (Big) Munn will meet at Michigan City, Ind. At the same time, in St. Louis, Stanislaus Zbyszko, who, like Lewis, claims the title, goes to the mat with Joe Stecher, a former titleholder, for a \$50,000 purse.

Zbyszko's claim to the title rests upon his defeat of Munn in Philadelphia several weeks ago. Munn, having been recognized in many quarters as champion because he threw Lewis out of the ring in Kansas City last January. Lewis, however, asserted he had been fouled, and this contention was held by a Missouri court, which permitted him to retain the championship.

VANCOUVER VISITOR FLEEDED OF \$50,000

Bones 20,000 Year Old Are Discovered

URGAL, Mongolia, May 30.—Roy Chapman Andrews, leader of the American Museum of Natural History into Central Asia, announced upon his arrival here, the discovery in the Gobi desert of many skeletons of human beings and animals of the stone age.

Dinosaur eggs, charred human bones, ostrich eggs and thousands of hand-polished stones, the age of which Mr. Andrews estimates from 10,000 to 20,000 years, also have been found.

4 OF JURY CHOSEN; 211 ARE EXCUSED

Progress Slow in Shepherd Murder Trial Proceeding in Chicago.

CHICAGO, May 30.—After a week of examination of witnesses, the Shepherd trial went back to the exact status of last Friday, when the fourth juror was selected.

Mark R. Spilina, aged printed and copy reader, was selected. He met all the state's requirements of willingness to vote the death penalty on the testimony of an accomplice and circumstantial evidence, and was not questioned by the defence.

LAME DUCK DOCKS

C. P. R. Vessel, Which Struck in Great Lakes, Reaches Port Arthur.

PORT ARTHUR, Ont., May 30.—The steamer Kewatin of the C. P. R.'s Great Lakes Service, which went on the rocks at Passage Island, 42 miles from Port Arthur, during a dense fog at 8:45 this morning, limped into port at six o'clock last evening in tow of the two tugs, and went into dry dock today.

RUM RUNNING OVER BORDER INCREASES

Plot Uncovered to Ship Rail Cars Laden With Contraband Whiskey.

ST. ALBANS, Vt., May 29.—The government's blockade of the Atlantic coast that has so effectively checked the activities of nautical smugglers of liquor has tremendously increased the activities of runners bringing their wares from Canada across the Vermont and New Hampshire borders, it was asserted today by Harry C. Whitehill, United States collector of customs.

In addition to the highways the smugglers are using the railways, Mr. Whitehill said, and he explained that a conspiracy had been uncovered whereby forged government seals were being placed on freight cars into which liquor had been stored on their passage through Canada. False manifest also have been found, he said, which were designed to enable the smugglers to move carloads of ale, beer and hard liquor past the government officers without suspicion.

Miners' Convention Is Off Until 1927

INDIANAPOLIS, May 30.—The International Executive Board of the United Mine Workers of America has announced its biennial convention, scheduled to be held in January 1926, has been postponed until January, 1927. The action of the board is subject to a referendum.

Whiskey, Derived From Waste German Gases, Sold In London

LONDON, May 30.—A new synthetic "wood alcohol" which has been manufactured in Germany from waste gases secured at steel foundries, and offered for sale here as a basis for making Scotch whiskey, has been declared poisonous by government chemists. The new product was offered for sale at 37 cents per gallon, wholesale, as compared with the market price of about \$125 for ordinary wood alcohol. It is understood this new liquid is made by subjecting waste gases from steel mills to immense pressure.

ENGLISHMAN IS VICTIM OF 2 CONSPIRATORS

Puts Up Money in Plan To Beat The Market

"CON." MEN GONE

Name of Reputable B. C. Brokerage Firm Is Used in Swindle

VANCOUVER, May 30.—Using the name of a reputable local brokerage firm to mask their operations, confidence men misled F. Rogers, London, Eng., visitor, to the extent of \$50,000 in one of the biggest "bumbo" games in the history of the city, according to the police. The "con" men, aided by nearly 24 hours' start, have completely disappeared.

TRAP IS LAID

Shortly after arriving, a trusted friend, whom he introduced as a trusted associate of a Vancouver brokerage firm.

Rogers accompanied his new friends about the city and heard them talk of a "sure thing" system of beating the stock exchanges and saw the huge rolls of money, which they apparently received as a result of their operations.

The men continued apparently to reap large sums by their "system" in gambling in oil stocks and Rogers became interested to such an extent that he suggested taking a "honey." He had \$50,000 cashed from England.

"CON." MEN FLEE

In due course the "killing" came off as predicted by his friends, and they were to receive a fabulous sum, but a complication arose. One of his "friends" came back from the "brokerage" office with information that the executives there were suspicious of them and doubted whether they could have met their obligation to the firm had the market gone against them. There was only one way to offset this, he said, and that was by putting up a sum sufficient to show their standing, and this, with their winnings, would be returned to them.

As the two men immediately prepared to put up their money, Rogers \$50,000 was left in Rogers' name, and the strangers departed to produce the money at the brokerage office. The second man soon left Rogers on his pretext and after a vain wait for their return he became suspicious and communicated with the brokerage firm, and found that he had been victimized, and that the man, posing as his executive, was an impostor and never had any connection with the company.

Mistake Puts "Not" In Line

SALT LAKE CITY, Utah, May 30.—The last Utah legislature passed an act designed to prevent fishermen from using more than two hooks on a line. The new volume of statutes, however, reads as follows:

"It shall be unlawful not to use more than two hooks on any one line, when angling for game fish."

An error occurred in printing.

COAL OPERATORS IN U. S. NOT WORRYING

Declare Alberta Shipments to Ontario Will Not Prove Detrimental.

WASHINGTON, May 30.—Coal operators in this country are following closely developments in the plan for distributing Alberta coal in Ontario. The initial shipment will be 25,000 tons.

Representatives of the U. S. coal operators assert that they are not disturbed over the plan. They predict that owing to transportation costs concentrating them and Prince Rupert, the demand for United States coal will not be interfered with.

DENY REPORTS OF TRIANGLE CLASH

Principals in Alleged Barricade Affair Reach America on Same Ship.

NEW YORK, May 30.—Princess Iphigene Pignatelli De Aragon, former Ruth Waters of Philadelphia, and Andrew Reed, of Baltimore, arrived yesterday on the liner Providence from Monaco, bearing denials of various striking reports which have drifted back concerning them and Prince Pignatelli.

They said that the fact that they were both on the ship, was a "mere coincidence."

The Prince admitted that she had had a quarrel with her husband in the past, but she denied that she had thrown pearls which were a gift from him in the Prince's face.

Mr. Reed admitted that the Prince had insulted him in public at the same resort. He discounted the reports that a duel had been narrowly averted.

PISTOL FOUND IN MAINE MURDER

Prisoner, However, Denies Ownership—Divers Discover Silverware in Lake.

WINTHROP, Me., May 30.—A revolver was found yesterday tucked under the front steps of the Gray cottage, in which the lifeless body of Aida Heyward was discovered Saturday, and for whose murder Harry A. Kirby is charged. The find, which is considered a highly important one, was made by Lawrence C. Danc, a Portland newspaperman. The description of the gun tallies exactly with the one which Kirby claims he owned and which he says he threw into Lake Maranacook, near the scene of the crime.

Ownership Denied.

Kirby says that the gun found yesterday is not his.

Divers at work on the lake did not find a gun, their initial purpose, and they did find a nickel pedometer, a large silver watch which was evident by the property of Jane Gray's father, some silver spoons which were taken from the E. H. Mosely camp, and a black tin box. These finds check up with the robberies in which Kirby confesses implication.

Indian Airman In Danger Is Belief

NEW YORK, May 30.—Belief that the British steam freighter Fenchurch, reported on fire 600 miles southeast of Sandy Hook, was in no immediate danger, was expressed by officials of the Independent wireless station at East Hampton early today. No further wireless messages had been picked up since the S.O.S. call last night. It was presumed that the steamer Cheldals was standing by.

Indian Pow Wow

BANFF, Alberta, May 30.—The Pow Wow and Indians Days, which take place annually, will be held this year on July 23 to 28. On these days the Stony tribe of Indians, in full regalia, hold their Pow Wow and compete in contests of every kind.

BRITISH AND FRENCH AGREE ON SECURITY

Reply To Germany Not Likely Before Next Week

BRIAND'S VIEW

is Willing to Make Certain Changes in Answer, Proposed by London

PARIS, May 30.—The French and British Governments have reached an accord on all essential points concerning the Western European security pact proposed by Germany. It was stated in official circles today.

PARIS, May 30.—There is little possibility of the allied note in reply to Germany's security pact proposal being forwarded until late next week, as Great Britain has again asked for further information from the French foreign office, which is drafting the reply.

REPLY MODIFIED

The allied note is declared that the reply will be modified by the suggestions made by the British which, in general, are acceptable to the French.

The latest communication of Great Britain was perused by Foreign Minister Briand, only late yesterday afternoon, after the Chamber of Deputies had adjourned. He is said to be agreeable to certain changes proposed by London, inasmuch as the French view in its essential has been approved by the British.

The little differences which remain to be cleared up ought to be settled shortly.

STUDENTS DECIDE TO RESUME LESSONS

Smith's Falls Teacher Controversy Is Left in Raters' Hands.

SMITH'S FALLS, Ont., May 30.—The students of the Smith's Falls Collegiate have decided to return to school on Monday morning, leaving their demands that the principal of the school, E. E. Evans, resign, in the hands of their parents and the raters of the town. This result was achieved as a result of a resolution passed by the students at a meeting held yesterday.

The students have also appointed a committee of four to wait on the school board and see what can be done in the matter; they also ask that a special meeting of the board of education be called to meet the committee.

U. S. LOAN TO FRANCE OVERPAID \$250,000

Senator Borah Presents Data Covering Financial Transaction of 1775-76.

WASHINGTON, May 30.—Official records to substantiate his statement that the United States paid France \$250,000 more than it borrowed from the government in 1775-76, are cited in a letter addressed by Chairman Borah of the Senate foreign relations committee to the editor of the London Observer.

The communication, made public last night, was occasioned by the publication of a letter from the author of a biography of Beaumarchais, expressing surprise over the Senator's assertion that the loan, which was made by the French government through Beaumarchais, had been "overpaid by a very considerable sum."

47 BODIES FOUND

COAL GLEN, N. C., May 30.—Forty-seven bodies had been recovered last night from the Carolina Coal Company's mine here where explosions on Wednesday trapped about three score men.

The extent of the disaster grew today when mine officials announced that a new check showed several additional men missing; and it was believed the death list probably would total between 55 and 60.

EUROPE U. S. MARKET.

WASHINGTON, May 30.—Countries of Western Europe absorb the largest share of the world's imports and take the largest value of imports from the United States, according to Dr. Strong, of Commerce. Although North American nations, Strong said, procure the greater part of their imports from the United States, though in total value these imports are not as great as those going to Europe.

28 FIRES IN MONTH; LOSS WAS \$37,500

Record for Same Month Last Year Was 43 Blazes

6,100 ACRES BURN

Fishermen Cause of Five Outbreaks and One Has Been Fined

SPECIAL TO THE TIMES-STAR.

FREDERICTON, May 30.—The month of May, in regard to the forest fire situation, ends with the situation serious because of low precipitation, although the weather has been cool. Unless early June has heavy rains, the condition will be bad, as the forest floor is dry and the streams low.

The month, with 28 forest fires, was better than May, 1924, which had 43 but not so good as May two years ago, which had 13. That month was followed by a June which was the worst in the history of the province for fires.

TWENTY-EIGHT FIRES.

In May the 28 fires burned 280 acres of crown land and 8,500 acres of private land, and caused an estimated loss of \$12,000 on private property and \$1,000 on crown land. In addition, buildings and other property were damaged to an extent of \$24,000.

By means of origin the fires are classified as follows: Railways, 8; unknown, 4; fishermen, 5; settlers burning without permit, 7; fires spreading from burning buildings, 4. Practically all the serious fires have been in the central and southern parts of the province, the counties of Kent, Queens and Sunbury having the great majority. The greater part of the loss was sustained May 20 from burning buildings.

ONE MAN FINED.

The fire at Ripley, Sunbury county, on the 23rd and 24th was the only serious fire caused by a railway. Fishermen are known to have caused five, and in one case a fine already has been imposed. The other cases are under investigation. Of seven fires caused by burning slash without permit three have been investigated and responsibility placed.

BELGIUM READY TO FUND U. S. DEBT

Ambassador Says Commission Will Visit Washington—Owes \$480,503,983

WASHINGTON, May 30.—The Belgian nation, torn and wrecked in the war, promises to be the next power to fund its debt to the United States.

Baron de Cartier, Belgian Ambassador, yesterday informed the secretary, that he would be accompanied on his return to Washington by a commission which would be ready to negotiate an agreement for funding the debt, which is recorded at the treasury as amounting to \$480,503,983.

Women Lose More Time From Work

SYRACUSE, May 30.—Working women are absent from work three times as much time as men on account of sickness or other causes, an investigation by Harry W. Hepner of Syracuse University shows. Tests were made where men and women did exactly the same kind of work. The time lost by women in three months was 6 per cent, while that of the men was only 2 per cent.

THIS SPEAKER LEADING HITTER

Is Traveling at a Pace Which Made Him Champion Batter in 1916

Ty Cobb is Challenging Speaker for the Leadership—Smith Tops National League.

CHICAGO, May 30.—Traveling at a pace which nine years ago made him champion batter of the American League, Ty Cobb, gray-haired leader of the Cleveland Indians, today is back in that coveted spot with the enviable average of .405.

Ty Cobb, who seemingly is playing as brilliantly as ever, is challenging Speaker for the leadership. The famed Georgian is batting .385, giving him a tie with Earl Combs of the Yankees, who led the pack a week ago. The figures are based on averages including Wednesday's games.

Since the Tigers have taken a brace, Cobb has locked himself into a tie with Marjory McManus of the Browns for the scoring honors. Each has registered 32 times.

Ken Williams of the Browns is leading in total bases with 99, his 54 blows including 16 doubles, one triple and nine homers.

Bob Meusel, slugging outfielder of the Yankees, bludgeoned two homers during the week, cracked the tie shared with Ken Williams a week ago. Meusel now has ten homers.

Johnny Mostil, White Sox fly chaser, continues to set the pace among the base stealers with 16 thefts.

Other leading batters for twenty or more games: Simmons, Philadelphia, .480; Slater, St. Louis, .385; Wingo, Detroit, .382; Burns, Cleveland, .376; Heilmann, Detroit, .374; Vache, Boston, .368; Boone, Boston, .369.

Cracking out 11 hits in his last six games, Earl Smith, catcher of the Pirates, has swept to the front of the National League batters with a mark of .407.

Smith, one of the most consistent players in the league, has seen service in practically all the games the Pirates have played this season. His spurt has given him a five-pipe edge over Hawks, young first baseman of the Phillies, who slumped after leading the procession a week ago with an average of .429. Today Hawks is the runner-up with .402, closely pressed by Bancroft, leader of the Braves, who is hitting an even .400.

Fournier of the Dodgers is fourth with .380, and Hornsby of the Cards is tied with Barnier of the Pirates, at .381.

Wheat Hitting Well. Wheat of the Dodgers leads the rosters with 34. Glenn Wright of the Pirates, in collecting 46 hits, is leading in total bases with 88. His blows include eight doubles, four triples and seven homers.

Harmett of the Cubs increased his lead for the home run honors to 15 by connecting with a brace of four-baggers.

MISS HASSELL'S PLANS. Miss Mary Hassell, chief of the vocal culture faculty of Mount Allison University, who has just finished a singing engagement here and is the guest of Mr. and Mrs. Charles Handke, North End, will reside in town until next Tuesday to join the Mount Allison Players in their annual touring theatricals. Miss Hassell will sail for her home in England the latter part of next week and return in late August.

A ROBERT FLEET DEAD. A Robert Fleet died at the home of his son-in-law, Walter A. Evans, early this morning after two days' illness. He was for more than 20 years a teamster for the New Brunswick Power Company. He leaves his wife, live sons, Herbert and Harold of Montreal, and one daughter, Mrs. Martha Shearbridge, of this city.

DEATH AT LORNEVILLE. The death of Samuel Reid, Lorneville, occurred this morning in his 80th year. He was one of the first settlers at Lorneville. Besides his wife, Mrs. Edward Duff, Fairville, and one son, Samuel Reid, Lorneville, he is survived by five grandchildren, two and one sister, Mrs. Martha Shearbridge, of this city.

RETURNS TO NEW YORK. Miss Margaret Belyea, a Saint John graduate nurse of the Massachusetts General Hospital, Boston, and other institutions, who has been in the employ of the U. S. Government since the war as an instructor of nurses in psychology on behalf of the class and Mrs. Labaron H. Clarke, of the Ludlow street Baptist home nursing class, several members of whom were present, gave a short address of appreciation of the work done.

GIFTS PRESENTED. Mrs. Walter E. Morris, teacher of the home nursing class in the Church of the Assumption, West Saint John, was made recipient of a headed hand bag at the closing meeting of the class last evening. Miss S. Barrington, Dornham organizer, received a box of chocolates and Miss J. Doherty, as secretary, an umbrella. Mrs. S. B. Donovan spoke on behalf of the class and Mrs. Labaron H. Clarke, of the Ludlow street Baptist home nursing class, several members of whom were present, gave a short address of appreciation of the work done.

TO REPORT TUESDAY. Charles Magnusson, who recently returned from Europe where he went on the immigration mission, expects to leave for Fredericton on Tuesday morning to report to Hon. D. W. Meserveau, Minister of Agriculture of conditions in Europe. He expects to return to Saint John Tuesday evening.

ENGAGEMENT. Mr. and Mrs. C. H. Akerley, of Narrows, Queens county, announce the engagement of their daughter, Miss Margaret Akerley, to Mr. H. C. Cromwell, of Portland, Me., son of Mr. and Mrs. James A. Cromwell, the marriage to take place in June.

WILL CO-OPERATE. Again this year the Rotary Club, through its committee on civic affairs, will make some special observation of Dominion Day. Last year the club was a special flag-raising and this year it is expected the ceremony will be on a larger scale. Yesterday at the weekly session of the Y's Men's Club a resolution was passed offering to co-operate with Rotary in this patriotic matter.

PRESENTATION. Mrs. Gertrude White, who is to leave this evening for an extended visit to the United States, was given a shower of handkerchiefs last evening at her home, 102 Windsor street, West Saint John. The presentation was made by Mrs. Joseph Taylor, who expressed good wishes for the health of Mrs. White. Mrs. George Watson and Mrs. Milton McLean served refreshments.

MISSIONARY HERE. Rev. George A. Andrew, returned missionary from Hanoi, China, after five years' service in that field for the Canadian Anglican Missionary Board, was expected here today from Montreal. He is to be heard in Trinity and St. Jude's churches tomorrow. Mrs. Smith and the family have remained in Toronto, while Rev. Mr. Smith will visit his home in Nova Scotia.

SUMMER SUNDAY SCHOOLS. Most of the Sunday schools with which it is the custom to hold summer sessions immediately after the morning preaching service, will begin this schedule a week from tomorrow, June 7, it is understood. Some of the Sunday schools in town close down altogether during June, July and August, because of the suburban exodus and vacation periods. An effort is being made by some neighboring Sunday schools to amalgamate for the summer, but definite progress has not yet been announced.

SUGGESTION RE UNVEILING. Secretary Gordon Willett of the Canadian Club yesterday dispatched a formal invitation to the Canadian Club officials of Boston to visit Saint John. The visitors will be entertained at a reception, speech-making gathering with accompanying dance and supper. The Women's Canadian Club will operate. Col. E. C. Weyman, president of the Canadian Club here is going to present to the soldier's memorial committee a suggestion that the unveiling of the memorial be held during the visit of the Boston folks.

GO TO CONVENTION. Canadian police chiefs are to meet in Winnipeg on June 3, 4 and 5. Chief of Police E. S. Hutchinson of Moncton, A. J. Tingley, superintendent of the C. N. R. investigation department, Inspector J. J. Dunphy, C. N. R., are to attend, and it is expected that Chiefs of Police, Bradley Bain, Yarmouth; Sam MacDonald, Windsor; D. A. Noble, British Empire Steel Corporation, Sydney; J. B. McCormick, Sydney; Alex. Beaton, Stellarton; H. G. Gilker, Bathurst; J. D. Pickern, Amherst; James O'Brien, Mulgrave; Dan Graham, New Waterford; Nathaniel Jones of Fredericton, will also be there. The Saint John Chief of Police, John J. Smith, will not attend the convention this year.

LOYAL TRUE BLUE CIRCLE. The Loyal True Blue Association Sewing Circle met at the home of Mrs. W. Cummings, Pitt street last evening, with Mrs. H. W. Brown in the chair. Two quilts were completed. Mrs. Lillian and Mrs. Alice Moore assisted

Tired Shoppers' Cosy Corner, Mid-City Depot Of New System Laundry Lounge Chairs, Writing Tables and Free Stationery at Information Bureau Opposite Admiral Beatty. A quiet corner where weary shoppers may rest and write letters without temptation to buy—that is a novel feature of the new mid-city depot of the New System Laundry. It occupies the central building formerly occupied by Green's Newstand, but now remodelled and redecorated. The enormously increased demand for the Dyeing and Dry Cleaning Services of this alert laundry urged the opening of a convenient bureau of information on these subjects. Here patrons are advised about colors that best suit certain fabrics and how well all garments are restored by Dry Cleaning. Orders are taken for calling and delivering parcels for Dyeing, Dry Cleaning, Pressing and Damp Wash. The plants where all work is done are shown in the picture, with boulevard and garden front and the cleanest interior of any Laundry in the land. Their equipment is surpassed by none in Canada.

VOTE TO REBUILD BATHURST SCHOOL

Contract For \$7,500 For Damaged Building Ratified by Ratepayers.

BATHURST, May 29.—The ratepayers of school district No. 16, West Bathurst, at a special meeting tonight, voted to ratify the contract for \$7,500 for the rebuilding of the Superior School, damaged last autumn by fire, which had been awarded by the Board of Trustees and on which ratification had been formerly refused. The vote was 37 for ratification and 13 against. The meeting also provided for assessment to make up the difference between the \$6,000 received from the insurance and the \$7,500 to be paid for the work. It made provision also for the sum of \$115 for an audit of the books of J. B. Hachey, secretary of the district, from 1910 to the present. The accounts were found to be in good order.

CHILDREN ENTERTAINED.

The St. Mary's Kindergarten, under Miss Winifred Ross, Waterloo street, entertained the South End Kindergarten yesterday afternoon, when 30 little visitors joined with their entertainers in games. Miss Edna Colwell, who had charge of the visitors, told the stories. She was assisted in transporting the children safely by Miss Doris Woodrow, her assistant, and Miss Gladys Weeks, who is a student teacher. The N. B. Power Company's street railway gave Miss Colwell a special rate to transport the children both ways.

Not Just a Roof — a Lasting Protection

Any roof will protect your house—for a while. But you want lasting protection. Protection against leaks—against heat in summer and cold in winter—against fire! Thousands of other home owners want this protection—and are laying roofs with Barrett Multi-Shingles. With these sturdy shingles on your home, there are no leaks—no repairing. No rot, no rust, no fading—so no "upkeep" (painting, etc.). And they're absolutely fire-safe—firing sparks and embers can't set your house on fire. Easy to lay! Barrett Multi-Shingles are made and laid four in a strip. This saves time, trouble and money. On re-roofing jobs they can be nailed right over old wooden shingles. And attractive! In soft red, moss-green, or shadowy blue-black—their slate-surface is permanent and fadeless. See the nearest Barrett dealer. Ask to see Barrett Multi-Shingles and other Barrett Roofings. Write us today! Tell us the buildings you plan to roof or re-roof. We will send you free booklets that will help solve your roofing problem.

KROEHLER Hidden Qualities

HOME is only a real home when its furnishings are chosen for the future as well as the present. Unsubstantial, cheaply made furniture is wholly at variance with the true basis of home building—permanency. The Kroehler Davenport Bed is our suggestion for those homes where lasting quality means most. The honesty of its workmanship counts as much in such surroundings as does the beauty of its design and upholstery. Kroehler construction is good all the way through. The frame is kiln-dried hardwood; the seat springs are heavy, high-carbon wire, flexibly interlocked; the spring edges are doubly stuffed and stitched; the backs, of the soft pillow-spring type; the filling, of germ-cured flax fiber, best moss and cotton. The upholstery is given moth-proofing treatment. The seat cushions are filled with closely assembled, fine wire coil springs. They are made from specially drawn, high-carbon wire, and padded with clean, white, felted cotton. The all-steel folding bed frame which opens and closes with a single easy motion, is fitted with a seamless cable fabric and helical springs. All this sturdy strength and fineness is hidden under an exterior of great beauty. We are offering Kroehler Davenport Beds and Three Piece Chesterfield Suites in over-stuffed and period designs, with the richest of upholstery and the most luxuriously soft, deep-cushioned seats. Not a hint do they give of the wide, roomy, comfortable bed concealed beneath. We can also show you matching chairs. The prices are exceptionally low for furniture of such fine quality. You will find leading furniture dealers proud to show you the Kroehler line. Or we will send you our free booklet to help you make a choice. WRITE FOR IT TODAY.

SHIFTING TAXATION.
The extent to which the sources of taxation have changed in Canada since the pre-war years is well illustrated in a recent bulletin issued by the Citizens' Research Institute of Canada, in which the revenue and expenditures of the Dominion are classified. The customs taxes last year supplied \$121,600,000; excise, \$38,151,000; the post office, \$28,868,000; and public works, \$790,282. Prior to the war these were almost the only sources of income for the federal government but the first of the war years saw the beginning of additional taxes, and during the following years new and important sources were tapped. Thus for 1923-24 the inland revenue and sales tax produced more than \$120,000,000, and the income tax \$54,229,979, and these, together with the business profits tax and other taxes born of the war, made up a total of \$182,000,000, or almost exactly as much as was derived from the old and what may be called the regular sources of taxation, including the tariff.

Few taxes have disappeared. In fact nearly all the war taxes which were introduced persist. In the matter of expenditures we are again reminded strongly of the extent to which we are mortgaged by the war, for first on the list come interest charges on the public debt, amounting to \$188,000,000. This is a sale altogether from the deficit on Canadian National Railways. Our total revenue last year was a little more than \$406,000,000. Interest charges make the greatest call upon that. Subsidies to the provinces amount for \$12,286,000; the general charges of government, including administration of the departments, cost nearly \$14,000,000. The pensions, soldiers' Civil Re-establishment, and military and naval expenditures require \$69,000,000; public buildings, including public buildings, roads, aids to navigation, etc., \$18,767,000; railways and canals, \$7,947,000; post office, \$31,738,000; administration of justice, \$7,028,000. Then there are the charges for colonization and immigration, for agriculture, for fisheries, for mines, for lands and parks, and the deficit in connection with the C. N. R. and the C. G. M. M. The total expenditure last year was \$398,410,000, which does not include amounts spent for capital accounts. The pre-war taxation would do little more than pay the interest charges on our debt today. The call for national economy is heard all over the country, and it is loud and insistent. At the moment the outlook for a substantial reduction of Dominion taxation cannot rightly be described as rosy, yet the country needs taxation relief and the demand for it is certain to increase.

CABINET RECONSTRUCTION?
There is talk in Ottawa, in connection with the retirement of the Solicitor-General, that the consideration of Cabinet reconstruction is likely to be brought about before there is a general election. It is not thought that the Solicitor-General added very greatly to the Government's strength either in the House of Commons or in the Senate. His retirement is followed by expressions of regret in his own party, accompanied by the statement that the circumstances involve no reflection upon his integrity. The correspondence exchanged between Hon. Mackenzie King and Hon. Mr. McMurtry, which was read in the House, did not go into the history of the case, but the circumstances leading to Mr. McMurtry's retirement are generally well known. He stepped out because of transactions in which he became interested before he became Solicitor-General and which, while in no way affecting his honesty, rendered his retirement necessary, or at least expedient, in view of the Government's proposal to vote aid to those who lost money through the failure of the Home Bank.

BRITAIN IN INDIA.
Britain's efforts to confer a growing measure of self-government upon India as rapidly as the growth of education and the sense of responsibility among the people warrant, continue to command approbation among foreign observers. The presence in England of Lord Reading, Viceroy of India, and of other men prominent in Indian affairs is interpreted as meaning that the Baldwin Government has thought it well to discuss with them possible changes which experience may have proved wise since the more liberal Indian constitution was introduced some years ago. As a result of the work of the Montague-Chelmsford Commission the constitution of 1919 gave the Indians majority representation in some branches of government and provincial legislatures, subject to certain rights of veto, and entrusted the administration of some departments in the provinces to native ministers responsible to the legislatures.

In a review of the existing situation the Christian Science Monitor takes the ground that for the good of India itself the British Government should exercise caution in granting further self-government. "India," the Monitor says, "is a unity and is at peace today solely because it is kept together by the external strength of the British Raj. If that power were withdrawn, it would fall to pieces as certainly as China has fallen to pieces. And the reconstruction of India on democratic lines would be far more difficult than the reconstruction of China, because while China is comparatively uniform in race and language and religion, India is the opposite. Hence the opinion seems to be growing that further advances toward self-government should be made at the centre, for to do so would be to impede the unity and peace of India, and that training for self-government must develop at the provincial end. It is held that, when Indians have demonstrated their capacity to govern provinces of 20,000,000 or 30,000,000 people, then it will be time to consider the transfer of the responsibility for the central government, but not before. No official pronouncements have yet been made, but it seems likely that the outcome of the present deliberations will be on those general lines."

Wonder Spots of The Empire
Red River Fossil Beds, Alberta
(Copyright.)
Museums in many distant points have sent expeditions into the valley of the Red River, Alberta, to uncover specimens of the wonderful fossil remains that have been discovered there in recent times. Fossils in a remarkable state of preservation were first found in 1910 by a naturalist exploring for the United States National Museum. The find was made in the Cambrian rocks, the oldest rocks which contain evidence of organic life on the planet. The rocks of that portion of Alberta marked the bed of a very ancient sea. Some authorities have expressed the opinion that it was the first portion of this continent to become dry land. The formation is shale. Upon layers of this shale the American naturalists found the imprinted remains of early life forms. No find up to that time had given such a rich increase to the subject of the delicate anatomy of trilobites and other forms discovered, and soon representatives from various universities and governments were on the scene of the discovery.

Odds and Ends
"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."
A Haunt of O. Henry's
"Joel's," the resort that O. Henry knew so well, is going, but the "cabaret" as an institution goes on. The short story flourish in American literature, but it has changed since the days of the man whose name at one time meant the American short story, whose work was the work of a great writer, and who himself had a life that was sadder than the lives of a good many that are not nearly so well known. He used to go to "Joel's" and at the "newspaper" table would sit for hours, smoking cigarettes, while he waited for a great idea. "Joel's" was a resort for newspaper men, though whether it was any more "Bohemian" is impossible, it would be hard to say. Here the man who was William Sidney Porter spent great many hours, looked on, thought, smoked and wrote.

Wonder Spots of The Empire

Red River Fossil Beds, Alberta
(Copyright.)

Museums in many distant points have sent expeditions into the valley of the Red River, Alberta, to uncover specimens of the wonderful fossil remains that have been discovered there in recent times. Fossils in a remarkable state of preservation were first found in 1910 by a naturalist exploring for the United States National Museum. The find was made in the Cambrian rocks, the oldest rocks which contain evidence of organic life on the planet. The rocks of that portion of Alberta marked the bed of a very ancient sea. Some authorities have expressed the opinion that it was the first portion of this continent to become dry land. The formation is shale. Upon layers of this shale the American naturalists found the imprinted remains of early life forms. No find up to that time had given such a rich increase to the subject of the delicate anatomy of trilobites and other forms discovered, and soon representatives from various universities and governments were on the scene of the discovery.

FATHER BARRY GETS VERDICT FOR \$478
Jury Finds For Plaintiff in Damage Case Over Collision.

NEWCASTLE, N. B., May 29—A verdict for \$478 was today awarded Rev. Edward Barry, of Bartibogue Bridge, against Louis Rubenstein for damage received to Father Barry's car when it ran into a ditch due, the jury found, to negligence on the part of Rubenstein, who was driving a horse and two wagons in the opposite direction. The case was heard in the Circuit Court before Mr. Justice Crockett and jury, and witnesses for defence testified that Rubenstein was on the wrong side of the road and that Miss Barry, the plaintiff's sister, who was driving the car, had to go into the ditch to avoid a collision. Murray and Murray appeared for Rubenstein and J. A. Creighton for Father Barry.

T. B. Macaulay in Address
Here Says Ports Would

MARITIMES URGED
TO BUILD SOLIDLY

Speaker Forecasts Increased
Population and Trade
as Result.

While trade arrangements and steam services between Canada and the British West Indies were of importance to the people of the Dominion generally, they meant very much more for the Maritime Provinces and the ports of the Dominion, T. B. Macaulay, president of the Canadian-West Indies League, told the House of Commons here yesterday afternoon, and he added that the future of this part of the Dominion was bound up with the vision of its people. He said that there had been a hullabaloo in the air but the time had come for placing foundations under them and making these castles substantial structures in which to live.

Mr. Macaulay emphasized the importance of a commercial union between Canada and the British West Indies and he predicted that a treaty of this nature between the two countries would supply Canada with added population and what was more necessary a market for her products.

L. W. Simms, chairman of the board, president and introduced Mr. Macaulay.

Employment Wanted.
In beginning his address, Mr. Macaulay said it gave him great pleasure to visit Saint John and speak on a subject which was of such vital importance to Canada and especially to the Maritime Provinces. Canada had many problems. Some said the chief problem was lack of population but what good was population in the cities unless there was employment for them, or to place them on the farms unless there was a market for their produce. What was needed here at present more than population was employment, and the answer to the question as to where employment and markets were to come from was to be found in the suggested commercial treaty with the West Indies.

It had been claimed that buying at home would solve the unemployment problem, but this would only partially meet the condition. It was true that buying foreign goods in preference to home-made was bad business for Canada or any other country, and the people should be educated to buy at home, but the home market was not enough to bring prosperity.

Outside Markets.
Where were the people of Canada to get an outside market? They could not get it in the United States, except to a very limited extent and in England they had to compete on practically equal terms with the United States, Germany and other European countries. Here at her very doors was a market of 2,000,000 people just waiting for this country to say the word and they would become as much a home market as though actually a part of the Dominion. They, like Canada, were shut out of the United States market because they were British and through this treaty, if it were made, Canada added at once to her commercial population 2,000,000 souls.

Treaty Chances.
What could be done by a treaty of this kind was shown by the experience of Porto Rico and the United States. In 1901 the exports from Porto Rico were \$8,500,000 and in 1923 they had grown to more than \$82,000,000. In the same period the imports had grown from \$8,000,000 to \$72,000,000 and of these imports 92 per cent were from the United States.

When closer co-operation with the West Indies had been thought of first there had been a suggestion of annexation, but this had been given up and now it was proposed to make a treaty between Canada and the Islands, which would, for commercial purposes, make them a part of the Dominion, but leave them free politically.

CITY VALUATION
FOR ASSESSMENT

Ratepayers Gain in Numbers From 12,295 to 17,911, and the Tax Rate Has Gone Up From \$1.75 to \$3.10.

An increase of more than 100 per cent in the total assessable valuation in the city of nearly 80 per cent in the number of ratepayers, and about 75 per cent in the tax rate, for the city during the last 20 years is shown by figures made public by the Board of Assessors in announcing the tax rate for the year 1935. In 1905 the total valuation for assessment was \$2,642,000; the number of ratepayers was 12,295 and the tax rate was \$1.75 on each \$100 of valuation. For this year the total valuation is \$53,000,000; the number of ratepayers is 17,911, and the tax rate is \$3.10 on each \$100 of valuation.

Following will be found the figures for each of these items for the years 1905 to 1935, both inclusive.

CONSERVATIVES
OPPOSE MONEY
VOTES FOR N. B.

Ecuminae Harbor and Northumberland Outlays Are Attacked

OTTAWA, May 29.—"I dare the government to go to the country at this moment," challenged Hon. Dr. R. J. Manion, Conservative member for Fort William and Rainy River, in the House of Commons this afternoon.

He had been criticizing a vote of \$60,000 for harbor works at Ecuminae, N. B. The vote had been condemned as extravagant and government members had returned back to public works expenditures by the former government.

REASON FOR ECONOMY.
Dr. Manion said that if the late government spent too much on public works, that was all the more reason why the present government should economize.

"If we committed sins, are they going to copy us?" he asked. He was prophesying that the Conservatives would win the next election, when a desultory shout went up from the Liberal benches.

Dr. Manion promptly issued his challenge to the government to call an election. "And," he said, "I speak with the Conservative party behind me."

Dr. J. H. King, minister of public works, had been drawing a comparison between expenditures on public works by the former government and the expenditures by the present one. There was heated controversy between the Minister and Right Hon. Arthur Meighen as to whether or not these expenditures had been made necessary by war conditions.

MURDOCK CRITICIZES
Hon. James Murdock said the former government had been afflicted with more chronic "spendomania" than the present government. In the four years after "those hungry gentlemen," the Borden government, came into power, \$115,410,000,000 had been spent on public works, while the total spent on similar works in the previous eight years of Liberal administration had been \$123,000,000.

Mr. Meighen returned that the public verdict on the record of the two governments would be more interesting than the opinion of Mr. Murdock.

The Minister of Labor retorted that the public verdict had been given at West Hastings.

MEIGHEN ASSAILS
OTTAWA, May 29.—Charging that this year's estimates for public works in the county of Northumberland, N. B., were in fulfillment of pledges given by the government during the election campaign in that county last year, Right Hon. Arthur Meighen led an attack when the house was in committee of supply to night on the proposed expenditure in Northumberland.

"Can the government look us in the face and say it is anything more or less than redemption of pledges to win that election?" asked Mr. Meighen.

Hon. Dr. J. H. King—"I have no knowledge at all of that."

Mr. Meighen said that out of a total vote of \$228,200 for public works in New Brunswick this year, \$78,500 was specifically dedicated to Northumberland and there was a further general vote of \$45,000 which the government might draw on for the same purpose.

minion would be much the gainers by the treaty.

All in Accord.
Mr. Simms said he was sure the members of the Saint John Board of Trade appreciated the address of Mr. Macaulay and were in accord with the ideas set forth by him of the importance of the extension of the trade between Canada and the West Indies.

SUPPORTS GRANT
FOR FAIR BUILDING

Amherst Citizens Decide to Spend \$30,000 For Permanent Structure.

AMHERST, N. S., May 29.—Citizens of this town again supported the expenditure of \$30,000 for the erection of permanent buildings to house the annual Maritime winter fair. Two weeks ago a vote was taken upon this question and the citizens in their plebiscite favored the proposal by a vote of 496 to 42. Later the provincial secretary's department in Halifax decided the vote to be null and void, on the lack of compliance with some legal technicality and a second vote was made necessary. The result tonight was 379 in favor of the expenditure and 16 against. Tenders for the construction of new buildings will be called for at once. Plans and specifications are now in the course of preparation.

Fashion Writer Gives Hints
on Home Sewing For Summer

By HEDDA HOYT
Women's Editor of the United Press.
NEW YORK, May 30.—Home seamstresses are now busy making frocks for summer days, and wash frocks, though simple, require even more care in the making than frocks which one sends to the cleaners. One should always be certain that wash materials have been shrunk before making. It is a good plan to soak the material in cold water to which is added two or three tablespoons of salt. Water will shrink the material and salt tends to set the color. Even after these precautions the wash frock often shrinks a bit after several washings, so one should cut the armholes a little larger than required and allow sufficient material at the neck. Many women are careless about the stretch of the machine, preferring a long loose stitch, which saves time. Large stitches may be used on heavy materials and taffets, but they pull apart on cotton goods which require laundering.

"Only Kidding" Was Excuse Given by Hold-up Man Merchant Trimmed.

NEW YORK, May 30.—Harry G. Lapidus, a druggist, of 1868 Second Avenue, was closing his store when a "customer" entered and asked for a tube of tooth paste. The druggist turned to get it and when he turned around he found himself looking into what he thought was the muzzle of a pistol. It was in reality the "customer's" finger, artfully disguised as a revolver by the simple device of wrapping a handkerchief about it. "Throw up your hands and hand over your money," harshly rasped the "customer," frowning darkly. Lapidus leaped nimbly over the counter, fought with the "customer" and eventually subdued him. "I was only kidding," explained the "customer," who at the station house gave his name as Peter Elderman, 34 years old, of 433 Caldwell Avenue, The Bronx.

Fables On Health

EIGHT HOURS REST IS NEEDED
THERE are a few persons who can get along comparatively well on six hours of sleep. They are an exception, however. Eight hours of complete rest in bed are required by the average person. Many do themselves injury by trying to get along with less sleep than they require. Sleep knits up the ragged nerves, and stores away energy to be drawn upon by the muscles. It clears the skin and puts sparkle in the eyes. Women complain of sallowness of skin and spend hours and money with the beauty doctor. Then they remain out at night until 12 or 1 a.m. playing cards with the neighbors, attending a show, or listening in on the radio. Some folk always feel tired in the morning, no matter how many hours they spend in bed. In such cases one of two things is true: either the sleep is troubled, and not as sound and refreshing as

LITTLE JOE

FATHER NEVER REALIZES HOW SMART HE ISN'T UNTIL TOMMY BRINGS SOME SCHOOL PROBLEMS HOME

it should be, or the person is suffering from toxic fatigue, a condition not relieved by sleep. Drugs stupefy the nerves, and may produce sleep. They are dangerous, however, as they bring about a condition in which sleep is impossible without their use. Minard's Liniment for Corns and Bunions.

Adventures of the Twins

By OLIVE ROBERTS BARTON. THE PARADISE BIRD.

"Well! Well! Well!" cried Doctor Bill. "Who is this coming?" Nancy and Nick looked out of the window and saw a big bird settle down in a nearby tree—a bird such as they had never seen in all their lives before. "It's a perfectly beautiful bird!" cried Nancy, flinging open the door and rushing out. "Come on, Nick! Come on, Doctor Bill—and see him!" "Yes, that is why," said Doctor Bill. "These brown men sell birds like you to write men who sell them to people to put on hats." "I'll rather be ugly. Then I'd be safe." "You may stay here at my house," said Doctor Bill kindly, "and you will always be safe. I'll have a look at your sore foot now." To Be Continued.

Many Flowers On Coat

ONE of the most charming innovations of this season is the coat of flowered material which is worn with the plain colored outfit. Usually these are of dainty or printed linen lined with brilliant colors, though many are unlined and bound with ribbon.

BREATHLESS LANGUID GIRLS MADE STRONG BY

Dr. Williams' Pink Pills
They Give New Vitality—and more.

When girls become breathless, languid and pale, parents should take prompt steps, for delay means danger. The girl in her "teens" cannot develop into robust, happy womanhood without abundant, rich red blood in her veins, and it is the lack of this that the great trouble with most girls. They grow anemic, depressed and weak, with no appetite, and no interest in life. Every anemic girl who is struggling to womanhood in a pink pill, can find splendid, vigorous health, with glowing cheeks and sparkling eyes, in Dr. Williams' Pink Pills. For these pills not only increase the supply of rich, red blood, but they also create appetite, relieve the weary back and limbs, restore full womanly health and charm, and so transform pale, anemic girls into robust, happy women. So if you are anemic, let Dr. Williams' Pink Pills help you as they did Miss Clara Cheslock, High Falls, Que., who says:—"Before I took Dr. Williams' Pink Pills I was pale, bloodless and badly run down. The least exertion would tire me and my appetite was feeble. A short treatment with Dr. Williams' Pink Pills has changed all this and I am now enjoying the best of health, for which you have my sincere thanks."

The "Mounted" Off Stage

(Calgary Herald.)
Members of the Royal Canadian Mounted Police have been amused or annoyed—according to their mood at the time—at moving picture representations of their alleged lives. Commissioner Starnes has told the international police conference at New York that the "movie" version of the Mounties "is a lot of rubbish." He added that they "got their man" when they could, and that the only difference between them and other police is that they work in a different environment. They often work miles from civilization, and develop a resourceful independence. The courage of a man working in the north by himself is probably pretty much the same courage that the policeman in the large cities displays, and possibly the latter's work is the more dangerous. Moving picture directors, staging scenes in which mounted police engage should at least be careful to portray the mountie in action that does not make him ridiculous. One picture displayed in Calgary showed a member of the force paddling his canoe from the front bar, with his pack in the rear. In such a position he bravely went after the villain. The Canadian Mounted Police are not men who do their job to the best of their ability. They have a fine record of success in their work. Few of them see any romance in it. Let an American magazine writer come to Calgary during the Jubilee and talk with the veterans of the force who will then be assembled here, and he will have much difficulty inducing a single one of them to recount any tale of adventure, much less of personal bravery. The merry life of the barracks seems to remain in their memories and nothing of the hardship of the trail. What they did lie entombed in the matter-of-fact reports at headquarters at Ottawa.

HAD BOILS ALL OVER HIM

There is only one way to get rid of boils and that is by going right to the seat of the trouble—the blood—as the bad blood must be made pure before the boils will disappear.

BURDOCK BLOOD BITTERS

cleanses the system and removes all the foul matter from the blood in a way that few medicines will do. Mrs. Chas. Rankin, Bulyea, Sask., writes:—"A few years ago my husband had a terrible time with boils. On one arm he had 16 between his elbow and wrist; five on the back of his neck, and several more on different parts of his body. He tried everything he could think of, but got no relief until he took Burdock Blood Bitters, and to his surprise it completely relieved him, of his boils, in a very short time." U. N. B. CLUB HAS ENJOYABLE DANCE

Students of Grades 11 and 12 of High School Are Guests.

Some 200 students of grades 11 and 12 of the Saint John High School and St. Vincent's High School, with teachers of the schools, were guests of the U. N. B. Club of Saint John at an enjoyable dance held in the assembly hall of the school last evening. A. B. Gilbert, president of the club, acted as chairman for the evening and, after welcoming the students and their friends, introduced Gordon Willett, a 1917 graduate of the university, and Miss Margaret Steves, a 1923 graduate of the Saint John High School, and who has recently completed her second year at the U. N. B.

Mr. Willett spoke of the advantages which the U. N. B. offered to its students and appealed to the students present to recognize the true worth of the university. Miss Steves spoke entertainingly of the women's college life and mentioned interesting facts of college work. After the speakers had finished there was dancing until midnight.

CANADA BIRTHRATE CONTINUES TO FALL

Ratio For Whole Dominion Except Quebec Drops to 23.1 Per 1,000.

OTTAWA, May 29—The birthrate in Canada, with the exception of Quebec, continued its downward trend, according to the Bureau of Statistics, the rate for the registration area in 1924, which includes all provinces except Quebec, was 23.1 per thousand. In 1923 it was 23.7 per thousand; in 1922, 26.1. All provinces in the registration area but one showed a decrease in 1924, as compared with the previous year. Ontario remained unchanged at 23.2 per thousand.

Cup Custard
 1/2 cup St. Charles Milk, 1/2 cup water, 1 egg beaten, 1 tablespoon sugar, 1/2 teaspoon salt, nutmeg and vanilla.
 Dissolve St. Charles milk with the water and bring to scalding point. Add sugar and salt to hot mixture. Pour over them gradually scalded milk, flavor to taste, pour in custard. Use. Place in deep pan and pour boiling water around until it reaches top of cups. Bake in moderate oven about twenty minutes.

Spanish Cream
 1 1/2 cups St. Charles Milk, 1/2 cup water, 1 1/2 cups water, 1/2 teaspoon salt, 1/2 cupful sugar, 2 eggs, 1/4 tablespoon granulated gelatine, 1 teaspoonful vanilla.
 Let gelatine stand in the milk for five minutes, then add the mixture. Combine egg-yolks, sugar and salt with the scalded milk, and cook until slightly thickened like a custard. Then stir mixture into egg whites beaten stiff; add vanilla. Turn into individual moulds which have been dipped in cold water and when set, unmould and serve with light cream, or preserved fruit.

Prune Snow
 1/2 cupful St. Charles Milk, 1/2 cupful water, 1 pint well cooked, pitted prunes, 1/2 cupful granulated sugar, 1/2 cupful butter, 2 egg whites, 1 cupful powdered sugar.
 Combine the prunes, milk, granulated sugar and butter in a shallow baking dish. Make a meringue of the two egg whites and powdered sugar, spread it over prunes, place in very slow oven; bake fifteen to twenty minutes, when milk will be absorbed by prunes and the meringue a delicate brown.

Canadian Press. ATLANTIC CITY, N. J., May 30.—Radium as a cure for cancer was repudiated by Dr. Francis Carter Wood of New York yesterday in addressing the American Medical Association section on pathology and physiology in its closing session. In fact, Dr. Wood admitted that up until the present cure had been discovered for the dread malady.

There was an era of intense enthusiasm about the use of radium in cancer treatment, Dr. Wood stated. It was believed that it would cause cancer to disappear. That era of enthusiasm, it seems, is going rapidly because radium is not a cure for cancer.

DESTROYS TISSUE

Radium only destroys tissue within a certain radius. It does not drive cancer from the human body. By destroying local infections over a limited area, radium apparently effects a cure, but it has been discovered cancer will develop again in a patient's body after periods ranging from 10 to 15 years. Susceptibility to cancer seems hereditary, it was stated. Also, under certain conditions, cancer can be acquired. "We have to face the problem with the realization that we get no help from the afflicted body in the efforts to eradicate the disease," said Dr. Wood. "We must learn to give a killing dose. The body won't do it without the aid of surgery."

SUGAR UNCHANGED

Trading Light; Spot Prices Are Quoted at \$4.37 For Cuban Raw.

Canadian Press Despatch. NEW YORK, May 29.—No change occurred in the raw sugar market today. Trading was light. Spot prices were quoted at \$4.37 per cwt. for Cuban white, with a sale of 10,000 bags reported at that level for first half of June shipment. Early declines of two to three points in raw sugar futures were followed by rallies. Final prices were unchanged to one point net lower for the active positions. The close: July, \$2.57; September, \$2.81; December, \$2.85; March, \$2.83. Refined sugar unchanged at \$1.25 to \$1.70 for the granulated. Refined futures were nominal.

WHEAT DROPS ON WINNIPEG MARKET

May Delivery Reaches \$2 Per Bushel and Then Falls Rapidly.

Canadian Press Despatch. WINNIPEG, May 29.—After declining early strength when the May delivery reached \$2 a bushel, the high for the day, the local wheat market today remained higher, and declined. The price of the export demand was the principal factor in the recession of prices. May closed 1/4 cent lower at \$1.72 1/2, July, 1/2 cent down at \$1.70 1/2, and October, 1/4 cent decline at \$1.50 1/2. During the session May sold as low as \$1.70. The close: Wheat—May, \$1.92 1/2; July, \$1.97 1/2; October, \$1.50 1/2. Oats—May, 57 1/2c; July, 58 1/2c; October, 34c. Barley—May, 89c; July, 90c; October, 78c. Rye—May, \$1.17 1/2; July, \$1.19 1/2; October, \$1.07 1/2. Cash prices: Wheat—No. 1 northern, \$1.92 1/2; No. 2, \$1.87 1/2; No. 3, \$1.84 1/2; No. 4, \$1.59 1/2; No. 5, \$1.49 1/2. Oats—No. 2 C. BALDWIN MEANS TO DEAL WITH LORDS REFORM

Conservative Party Regards This as Duty While in Power

COMPROMISE WAY IS BEING SOUGHT

Comment on Matters They Are Talking About in London.

Correspondence of The Times-Star. LONDON, May 27.—Though House of Lords reform is a problem bristling with difficulty, and it seems impossible to devise a scheme acceptable alike to the reformers and the reformers, Mr. Baldwin's cabinet means to tackle it seriously. This determination is impelled by the influential efforts of a powerful Conservative group, strengthened by the fear lest, following the completion of the Bill of the House of Lords, some sudden parliamentary or electoral emergency might present the enemy with a revolutionary opportunity. Conservative opinion regards it as a sacred duty, while the party is in power with an adequate majority for all purposes, to close up the one open breach in the British Constitution. So it will be found, I believe, that a cabinet committee will be appointed almost immediately to consider and report on House of Lords reform. Lord Birkenhead's recent speech on the subject, outlining a bold and novel scheme of suggested reform, is regarded in some quarters as invalidating his leadership, not only from presiding over, but even from membership on the committee. This is a bold and novel scheme, the ex-Lord Chancellor will certainly serve on the committee. Meanwhile, reformers are eagerly trying to find some acceptable compromise formula. The objections to an elected Upper House are shared almost with equal enthusiasm by peers and Liberals, though for totally different reasons.

A FAVORED SCHEME

A scheme that finds support among the Conservative rank and file and that also has objection outside the ranks of the party, is the proposal of a House of Lords elected by the present constituents of the House of Lords. It is conceivable that a scheme of this sort might be made the ground-work, and have graded on it provisions regarding denominational as well as Labor representation on the lines of Lord Birkenhead's plan. This problem will not be dealt with until fully thrashed out towards the natural close of the present parliament. One bone of contention will be the certification of money bills, over which the Upper House has no control. This responsibility may be taken out of the Speaker's hands, and placed in those of some specially appointed tribunal.

ALL CORRECT

The latest trousers are catching on in town, and soon it may well happen that any man arrayed in "unmentionables" less than half-yard in circumference will look, and feel, "alone the villain of the earth." The correct mode for daytime may be gauged pretty accurately by taking a morning or afternoon stroll down Piccadilly. There are variations and varieties, but the really smart thing is a brown lounge coat and vest, a light salmon or faint shrimp shade of wide-cut trousers, dark brown shoes and socks, a brown soft felt hat with its rimless brim turned down in front, and an umbrella with a cane-yellow handle to match one's evening gloves. The hair must be shingled as close as the modern fapper's, and the carriage must be nonchalantly demobair.

GAY POLES

It is rather looking ahead yet to talk of the Olympia Horse Show, which comes as the culminating grand crescendo of the London season, but I hear grand accounts of this year's event. It is already promising to eclipse all past records, especially in the most fact-

Her Distinction

Mrs. Florence French of Chicago is the only woman in the world who manages, edits and owns a representative musical journal. Her publication is The Musical Leader, which she started about 23 years ago. Mrs. French, besides being a successful business woman, is a devoted mother.

THE ACADEMY DRAWS

Two quite small pictures are the popular attractions in this year's Royal Academy. One is Orpen's Hogarthian painting of a Montmartre booth, with Rebelian figures round a roped ring, in which a man and a bear wrestle. The man is down, the bear triumphant, and, or else, or else, or else, only a monologue of protest against Man's overthrow. It is a clever piece of craftsmanship, finely painted, and a somewhat surprising picture. The other popular draw is Lavery's brilliant oil or snapshot of a racebook weighing round, with its groups of jockeys and groupings are good. But obviously the decided victor, perchance for "subject" pictures still lingers.

BUDGET CONTROVERSY

Ordinary mortals may find the budget controversy a little perplexing, unless they carefully disentangle the strictly-factual criticism from the partisan. Mr. Churchill's personality is mixed up in the affair, too. He has many zealous foes, and only a few devoted friends, in the public arena, and the foe are making the utmost of his first budget, quite irrespective of its merits or demerits. There are those in the Conservative as well as the Liberal camp, who desire by all means to see Mr. Churchill's meteoric promise. Some "Die-Hards" hate him as a Free Trade usurper; some Liberal as a tariff renegade. The Labor Party, apart from their annoyance over Winston's forestalling them on pensions, remember his anti-Socialist pamphlet. All these things complicate the issue on the budget.

MRS. WEBB'S PARTY

Attempts to cultivate a social side to the parliamentary Labor Party, keeping with the official opposition, meet with small encouragement. Last week Arthur Henderson took the party to task, perhaps a trifle masterfully, over its treatment of Mrs. Sidney Webb's eve-of-the-season reception. She went of great trouble and expense to act as official hostess, but only 12 out of 150 invited guests turned up. To young Mr. Lansbury's tart retort that Labor M. P.'s were not to be dragged into aping society fiddlers, Mr. Henderson replied they might at least acknowledge a courteous invitation. But Mr. Smillie argued it was better, rather than subject a lady to wholesale rebuff, to tear the card up without acknowledgment. The

Veterans In Service

DAVID FRANKE

A record that few companies in the Dominion of Canada can equal let alone excel is held by a Saint John company, the A. E. Everett Ltd., two of whose employes total 108 years of service with them—a service that has been faithful and practically unbroken. One of these men, David Franke, probably holds a record for the city in that he has been with Everett's for a period of 57 years. In the fall of 1867, Mr. Franke, an expert fur cutter and dresser, entered the employ of this well-known firm, and only last fall his failing health compelled him to give up the work he loves so well and to which he has devoted his life. His son, George Smith, who has been with the company 51 years, Mr. Franke combines with a record of service for these two men that is a record for service. "I well remember the day," Mr. Franke says, "that George Smith entered the employ, and I also remember the time shortly after he commenced work that he was nearly killed when he was carrying some hat boxes at the time, and he fell from a ladder that saved him from serious injury."

Mr. Franke was born in Silesia and early in life served his time as a cart driver. In those early days the great fur fair of the world was held in Leipzig, Germany, and one day while attending that fair, a Hungarian, who had come out to Saint John and conducted his place in the city, he then went to Liverpool and booked passage on the New Lamport. He was nine weeks crossing the ocean in this vessel. Arriving in Saint John in the early 1860s, he worked for nearly two years with this Hungarian, and then was

FAIR VALE OUTING CLUB GOING STRONG

Annual Meeting Held at Which Reports Are Received and Officers Elected.

The annual meeting of the club was held in the clubhouse Thursday evening, when the reports of the secretary and treasurer were received and approved. The election of officers are as follows: L. T. Wetmore, president; A. W. Tracey, O. S. Dykeman, executive; T. S. Fenwick, Geo. Stubbs, C. D. Campbell, Jas. I. McManus, K. D. Spear. Music committee—E. A. Ellis, L. T. Wetmore.

St. Mary's Band was granted the use of clubhouse and grounds for their garden party June 8th. Further plans are being arranged for the summer months. The sum of \$15,000 a year is the handsome salary to be paid to Sir Josiah Stamp as head of the new London, Midland and Scottish railway executive, and hardheaded commercial concerns do not do these things for the sake of any gentleman's beaus yeux. It shows how hopelessly big commerce competes for the best brains with the national civil service. No Whitehall servant is paid anything approaching half Sir Josiah's new salary. Twenty-five years ago, he was an inland revenue clerk at a few shillings a week. His romantic achievement of middle-aged fame and fortune comes from the most unlikely source. Aided by his natural genius for economics and organization, he drew inspiration from blue-books, which he read with an avidity most people reserve for chilling shuckers. It paid.

LONDON'S JUGGERNAU

Visitors to London would do well to ponder the statistics of London street accidents. A Scotland Yard expert assures me that the current year, judging from the first quarter's figures, will touch record, although 1924 was itself an appalling record. In 1914 there were 55,728 street accidents, and 489 people were killed on the spot. The total of more or less gravely injured is far more impressive. Last year the figures were respectively 83,580 and 845. At present we may estimate the large influx of visitors for the traffic sense developed by Londoners who daily have to face the street hazards. Out of the scores of thousands of drivers, public and private, only 370 have been awarded the silver medal for five years' free from mishap. At present we may estimate London's daily street casualties at 251 smashes and about three mortuary cases. It is worth while being a little careful.

\$5,500,000 IN RELIEF FROM COMMONS PLAN

Bill Likely to be Brought Before House Early Next Week

SUM TO BE RAISED IN FORM OF A LOAN

Government Has Already Advanced Money for Temporary Assistance.

Canadian Press. OTTAWA, May 30.—The Government's policy on Home Bank relief will be revealed early next week, it is understood, by the introduction in the House of Commons of a resolution preliminary to a bill to authorize relief to the depositors in the defunct bank to the extent of \$5,500,000.

It is freely rumored about the Parliament Buildings that this will be the extent of the Government's assistance to the losers by the bank's failure and that the sum will be raised in the form of a loan.

RECOUP DEPOSITORS

Added to what the Government has already advanced in temporary relief, and to what it is believed the liquidators will be able to raise from realizable assets of the bank, it is said that the Home Bank depositors will eventually receive most of the money lost through the failure of the bank nearly two years ago.

A Tip for The Tired

When you are dead tired from playing tennis, or walking, or working, how long does it take you to freshen up? Estimate the time, then eat a small amount of candy—say a Crem-O-Milk Swiss

style chocolate bar. Time yourself. Many say that in twenty minutes—much faster than usual—they have thrown off the tired feeling.

It may not be so, but it should be if the opinion of explorers is well founded. They say that candy in chocolate form provides energy that is available faster than from any other food.

SHRINERS MEET IN LOS ANGELES

Annual Conclave Starts on Monday With 200,000 in Attendance

Entertainment Plans Include Special Picture Pageant by Film Stars.

The Shrine Queen, LOS ANGELES, May 30.—Irene Rich, motion picture star, will be the official queen of the 1925 Shrine convention.

The film star will be the pivotal figure at all the main affairs during Shrine week at the cinema capitol. She was appointed by Moley H. Flint, director-general of the convention.

Miss Rich will be made of honor at half a dozen pageants and balls, and will occupy the leading part in the electrical pageant to be staged by the film company as one of the high-lights of the convention.

LOS ANGELES, May 30.—The annual pilgrimage of Shriners was today making the transcontinental trek to Los Angeles for the 1925 convention, which opens Monday, continuing through the week of the Chicago nobles.

Fifty-one special trains were rolling cross-country, bringing the delegates to the world's movie capitol for the annual play-feat. And endless caravans of automobiles brought thousands of others.

Some of the rail and motor caravans chattered in today, but most of them will not arrive until Monday or Tuesday. The largest single delegation en route is that of Medina Temple, Chicago, with six special trains bearing 1,200 delegates. The Chicago nobles will arrive Monday over the Union Pacific.

A vast Temple of Kansas City is on route over the Santa Fe on three special trains of 80 cars. The delegation from the "Heart of America" is scheduled to arrive Monday.

ELABORATE PLANS.

Extravagant plans have been made by local committees for entertaining the visiting nobles. A spectacular night picture electrical pageant will be staged on the night of June 4, when the movie stars of Hollywood will put on their make-up and parade for the delegates.

Joseph Schenck, husband of Norma Talmadge, will be grand marshal of the film procession, leading the parade through downtown streets. Irene Rich, official "queen" of the convention, will follow, mounted on a dazzling throne and surrounded by other satellites from Hollywood.

The line of march will be brilliantly illuminated by powerful searchlights and klieg lights. The Shrine bands and patrols will join procession of floats, featuring the film stars in a variety of stunts and poses.

After the parade, members of the film colony will show the shrine visitants how the "movies" are made. More than 500 film actors and actresses, including many world-famous stars, will perform before the cameras for the special pleasure of the nobles. Fred Niblo, director, will wield the megaphone and put the screen-actors through their paces for the benefit of the visiting nobles.

Civic officials are also arranging a score of demonstrations and social affairs to entertain the delegates.

GIVE CONFIDENCE TO YOUNG MOTHERS

A simple and safe remedy for the common ills of childhood should be kept in every home where there is a baby or young child. Often it is necessary to give the little one something to break up a cold, stay fever, correct sour stomach and banish the irritability that accompanies the cutting of teeth. Experienced mothers keep Baby's Own Tablets on hand for such purposes and young mothers can feel safe with a box of the Tablets ready for emergencies. The Tablets are a mild but thorough laxative that act without griping and they are guaranteed to be absolutely free from opiates or other harmful drugs. They are sold by all druggists or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ST. JEANNE D'ARC, N. B., May 29.—(Special)—"Pardon me for not writing to you before about your Dodd's Kidney Pills, but when one enjoys good health one is always busy."

"Some time ago I was suffering with my kidneys and weakness of the bladder. I read in your Almanac that Dodd's Kidney Pills were good for this trouble and decided to try them. I had not a great deal of confidence in Pills because I had tried so many other kinds without good results. To my surprise after I had taken the first box I began to feel better. I continued taking them and am now completely relieved of my trouble. I advise all those who suffer with their kidneys to use them. It gives me pleasure to tell all my friends to use them."

METHODISTS HOLD JOINT CONFERENCE

Discuss Boundaries of Maritime Provinces in New United Church.

SACKVILLE, N. B., May 29.—The joint meeting of the two Methodist conferences of Nova Scotia and New Brunswick and Prince Edward Island this afternoon considered the boundaries of the new conference in the United Church. Rev. C. E. Crowell discussed book room affairs. Rev. Dr. H. E. Thomas, as editor, reported concerning the Wesleyan. E. J. Vickary, book steward, also gave a report. Dr. G. J. Treisman, president of Mount Allison University, dealt with the future educational policy of the church. Dr. W. W. Graham, D. D., and Dr. C. E. Manning presented a scheme of a united budget which has been agreed upon by the three uniting churches.

Mission Addresses.

At the evening session missions were the theme and addresses were delivered by Dr. C. E. Manning, secretary of the Wesleyan, and Rev. Thomas Marshall. Dr. Manning presented the need for more home missionary endeavor and Mr. Marshall told of the business-like administration of the funds of the general board.

Gerald G. Anglin Taken to
G. P. Hospital For
Treatment.

Gerald Anglin, second son of Dr. and Mrs. James V. Anglin, of Lancaster Heights, West Saint John, is in the General Public Hospital on account of a fractured kneecap, caused by a fall on Thursday at noon. Mr. Anglin had gone into the house at the back entrance to get water for his car, just after luncheon. He came quickly down the steps and tripped, falling with his full force on a sharp newel post, his weight coming on one of his knees, fracturing the kneecap as it cut with a knife. His brother, Dr. Irves Anglin, and his father carried him into the house. Dr. V. D. Davidson, of Parrville, was called and advised that he be taken at once to the General Public Hospital, where he now lies awaiting an operation. Some delay has been caused in the operation because of the extreme swelling of the flesh around that portion of his leg. It will be several weeks for the injury to heal.

ASSEMBLY HEARS PROHIBITION PLEA

"Jamie" Brown Causes Surprise at Church of Scotland Meeting.

LONDON, May 29.—A lively debate on the prohibition question was precipitated in the general assembly of the Church of Scotland, Edinburgh, today when James ("Jamie") Brown, the miner who was Lord High Commissioner at the last general assembly, spoke in favor of what was regarded by many delegates as repressive legislation. Mr. Brown by no means carried the assembly with him in his advocacy of prohibition.

Some of the members of the assembly expressed surprise that Mr. Brown could appear before that body in support of a prohibition policy when the late Edward the Tenth lived there all his life. He attended private school, one of his teachers being in the Saint John Grammar School, where Mr. Graham's last teacher. At the age of 16 he went into the employ of Lewis and Allingham, former hardware merchants, and from there to the S. Hayward Company. Old linen, sheets, towels or any other soft white material will be very gladly received at the office of the Victorian Order of Nurses, it was said yesterday by Miss Mackay, superintendent of the V. Vitality

Health is Our Greatest Asset

Neuralgic Pains
In order to maintain health vitality must be kept at high water mark. We must have vitality to accomplish the day's work—vitality to fight off disease—vitality to enjoy life.

Lack of vitality is usually attributable to exhaustion of the nervous system.

There is not sufficient nerve force in the system to control the vital organs and supply the energy consumed in the act of living.

We are slaves to our hopes and fears. Always hoping that to-morrow or next week we may be feeling better.

But nervous ailments do not right themselves. From the first warning symptoms such as sleeplessness, irritability and indigestion there gradually develops neuritis, neuralgia, sciatica, rheumatism or some form of paralysis.

The sooner the building-up process is set in action the better, and there is nothing like Dr. Chase's Nerve Food to restore the depleted nervous system.

Whatever may be your special ailment you may be sure that it poisons your mind and works against your success and happiness.

Rest and sleep will help greatly in the restoration of the nerves but nutrition is also necessary and this is best supplied by Dr. Chase's Nerve Food.

From experience in many thousands of cases we know what you may expect from the use of Dr. Chase's Nerve Food. But it is up to you to carry out the treatment regularly and persistently until your whole system is filled with new vigor and vitality.

It will take a little time but you are the one who is to benefit and it is surely worth while to make an effort to be strong and well and to realize again the joy of health.

Fluttering Heart
Mrs. J. A. Wright, Barwick, Ont., writes:
"Last Spring I felt very miserable, seemed tired all the time and didn't care if I never ate anything. I never was hungry, and it seemed as if what little food I did take, did not digest. I could not sleep and my heart was in a weak condition. It would flutter, stop for a second, and then beat so hard that I could hear it thump. I sent for several boxes of Dr. Chase's Nerve Food and by the time I had taken four boxes I felt quite well, and have been ever since. The Nerve Food strengthened my stomach, relieved my heart and built up my strength better than any other medicine ever did."

Never Felt Well
Mrs. H. N. Tardell, Harrowsmith, Ont., writes:
"My nerves were in a very bad state, and for nearly six months I did not know what it was to have a good night's rest. I could not eat, and never felt well. I heard about Dr. Chase's Nerve Food, and after taking it for a few days I began to feel better, and soon was able to sleep well at night. My appetite also returned, and I felt stronger and better, and after taking three boxes of Dr. Chase's Nerve Food I was quite well."

PAINLEVE GETS BIG MAJORITY

Upheld in French Chamber by One of Largest Votes in History

Victory Comes at Close of a Three-Day Debate on Moroccan Policy

PARIS, May 29.—The government of Premier Painleve was sustained in the Chamber of Deputies today by one of the biggest votes ever given to a French ministry—537 to 29. A majority of 508.

The vote came as a climax to three days of debate on the government's Moroccan policy, which in effect, as explained by Premier Painleve, is that the French government seeks not a single inch of additional Moroccan territory, but is prepared to defend to the bitter end every inch which France holds under the treaties.

TO CONSIDER PEACE MOVES.

The Premier declared that his government was willing to consider peace overtures accompanied by sufficient guarantees presented by responsible representatives of Abd-El-Krim, leader of the Rifian tribesmen who have invaded the French zone in Morocco.

Both Premier Painleve and Foreign Minister Briand sought hard to raise the debate to a question of national interest, but during the three days of discussion necessary for the government to set forth its policy, the shadow of party politics lurked continually behind the patriotic utterances of the majority of the orators.

DEFEAT FOR SOCIALISTS.

The vote is regarded more as a defeat for the Socialist party in the French chamber than as a victory for the Painleve government's viewpoint. The right and centre parties supported M. Painleve without qualification. The Socialists, facing exclusion from the ruling majority, were manoeuvred into supporting the government at the last minute, having changed their decision, taken at a party caucus last night to abstain from voting on the policy, whose opposition to all Burgeoise government cannot be changed under any circumstances, alone voted against the government.

SEEMS FIRMLY IN SADDLE.

PARIS, May 30.—With the first obstacle—the Moroccan situation—well cleared, the Painleve government seems firmly in the saddle. The overwhelming vote of confidence accorded the cabinet Friday by the Chamber of Deputies indicated a socialist unanimity beyond all expectations.

New Senator

George H. Williams of St. Louis is expected to be appointed United States senator from Missouri, succeeding the late Selden P. Spencer.

For a month it had seemed an even chance that the government would be unable to surmount the involved difficulties pressed upon it by the Rifian war.

BRIAND GIVEN CREDIT.

Aristide Briand, himself eight times premier, is given credit for the finesse and political sagacity that prevented a split among the socialistic factions headed by Deputies Renaudet and Blum.

The next hurdle of the new government must be encountered next Monday when minister of finance Caillaux presents his financial proposals.

A vote of confidence will be asked with submission of the proposals, and in the event this is gained in the senate, the ministry will be the strongest one since that of Clemenceau.

Admits Slaying of 2 Small Children

PITTSBURGH, Pa., May 29.—Lying side by side in a small stream near Castle Shannon, Pa., the bodies of Alexander and Helen Sabo, aged 9 and 6 respectively were found late yesterday after a search of 24 hours. Their heads had been crushed.

Raymond Winters, 31, a street car conductor, confessed, the police declare, that he had killed the children in a fit of fury. Physicians say Winters is suffering from paranoia.

MOVIE ACTRESS DIVORCED.

LOS ANGELES, Cal., May 29.—Beatrice Joy Gilbert, a moving picture actress, has received a divorce decree here from John G. Gilbert, a screen actor. She charged him with "habitual intemperance."

For Aches and Pains—Minard's Lintment.

Heroine Of Fire Goes To Hospital

Twelve year old Margaret Davis, heroine of a recent fire in Indiantown when she rescued her six brothers and sisters from their burning home, was admitted as a patient in the General Public Hospital yesterday afternoon. She is the latest Junior Red Cross patient and is to have tonsils and adenoids attended to.

Through the kindness of interested friends, little Margaret's need of surgical care was brought to the attention of the Junior Red Cross and the children's fund will provide the necessary care in order that she may grow well and strong once more. The family has moved to their farm in the country and when she is in better health Margaret will join them. No arrangement has yet been devised by which she can be released from the cares of "little mother" in the family and have the opportunity of going to school, an opportunity which she eagerly craves.

FINED \$200 IN LOTTERY. OTTAWA, May 29—George Killarney was today fined \$200 with the option of spending one month in jail following his conviction of assisting in the conducting of a lottery in the sale of baseball chance tickets.

RIDE ON BALLOONS! No Matter the Make or Model of Your Car It Will Pay You to Equip New

You'll find that Gum-Dipped Balloons save you money. They deliver longer mileage—protect your car from road vibration—reduce depreciation—increase re-sale or trade-in value. Practically all car makers equip their new models with Balloon tires. Firestone Gum-Dipping made Balloon tires possible. This special process insulates each fibre of every cord with rubber, giving great strength and flexing endurance to the cords. This makes light, strong side walls of extreme flexibility which avoid punctures by yielding to sharp objects that often drive through the stiff, bulky tires of higher air pressure. Firestone Balloons grip the road even at high speed—holding the car steady and sure on the dangerous curves. See the nearest Firestone Dealer. Let him show you how easy it is to equip your car—and how inexpensive. Don't put it off any longer. Begin now to enjoy the comfort, safety and economy of these wonderful tires. MOST MILES PER DOLLAR

Measure the Value! BEFORE you buy any car—compare—measure the values offered by the new Studebakers! Use this list of Studebaker features and you'll realize that Studebaker offers much more for the purchase price—more in comfort and convenience, more in performance and dependability. If a car sells for the same price as the Studebaker, you can be sure it does not embody the same high standard of quality. If a car does embody the same high quality, you can be equally sure, it sells for a much higher price. These are strong statements. We make them because they can be proved. We urge you to compare! Measure the value of any car you have in mind against any one of the 22 new Studebaker models. The result will prove that the new Studebakers are not only a year ahead of current motor car design—but also that they offer the greatest motor car values in Canada. SAINT JOHN COTTON MILLS GIVE EMPLOYMENT TO FIVE HUNDRED Thousand Dollars Wages Paid Out For Every Day in Year

Cornwall and York Mills Busy Places Turning Out Product, Chiefly for Canadian Market— Output 55,000 Pounds a Week.

WITH an approximate weekly production of 55,000 pounds of yarns and cloth fabric, an annual payroll in excess of \$360,000 in addition to about \$40,000 expended yearly in Saint John for supplies, etc., and the employment of some 500 people, practically all local men and women, the Cornwall and York Cotton Mills Co., Ltd., subsidiaries of the Canadian Cottons, Ltd., are doing their share in keeping local employment conditions stable, in sustaining Saint John on the commercial map as a progressive manufacturing city and, by the distribution of their products to markets almost entirely within the bounds of Central and Western Canada, are keeping the name of this city in the minds and before the eyes of the rest of the Dominion. This is the subject of this week's article on Saint John industries.

Cornwall in 1876

The Cornwall and York Cotton Mills Co., Ltd. was organized in 1901 and comprised the two local plants at Courtenay Bay and Wall street. Present concerns succeeded William Tarkenton & Sons Co., which built both plants. The original factory was located on the corner of Wall and Autumn streets and was constructed in 1876. From then until the present time, additions to the factory have been effected until now it covers an entire city block. This is the Cornwall mill.

The York mill at Courtenay Bay was built six years later, in 1882. Both plants are modern in every respect, the generous floor space giving all employees sufficient working space. Fresh air and sunlight stream in through the many windows, the former serving to ventilate somewhat the heat given off by the machines, especially on the loom floor. All machines are driven by electricity generated by the plant's own power houses.

The new steam turbine generator plant at Courtenay Bay is the last word in electric installation and compares most favorably with any similar

The Process

The raw cotton comes to the mills in huge bales and is first subjected to the cleaning and picking process. It is fed to a huge suction machine which separates the pieces of cotton and conveys them, by means of an overhead suction cylinder, to two machines called "openers." These machines pick the cotton to pieces and clean it. The cotton then emerges from the machines and is rolled around the external cylinders of the machine. The cotton is automatically made to weigh the desired amount per yard.

The carding process is the next stage. The card cylinders are covered with fine wire, rotate at a high speed and produce what is known as "sliver." This, acting in accordance with the drawing-frame, draws the stock finer and finer. The "slubbing" machine next comes into play and this also serves the purpose of continuing the thinning and twisting process to a further stage.

On the third floor are the spinning frames. The cotton thread is spun through the bobbins according to the necessary requirements. It then passes through the "traveller" and is wound about the bobbins revolving on the spindle. The cotton is then transferred from the bobbins and spooled to give it a continuous length. If a break occurs in the thread, the employees attending to this part of the process, use a steel knot-tyer and have the thread knotted again in a moment.

At The Loom

Perhaps, of all the machines in the Cornwall and York mills, the loom is the most familiar to the ordinary layman citizen. After the warp is placed in the automatic loom, of which there are 800 in the two plants, and the loom is filled with bobbins of "warp," the loom is started. Unless an end of the warp, or the filling in the shuttle, breaks, the loom should not cease action during the course of the working day. To provide against imperfections in the cloth, the looms have appliances which stop the machine automatically when a break occurs.

Taking the reader to the dye-house, he may view one of the most up-to-date sets of dyeing rooms in the Dominion. In the chain yarn is immersed in hot or cold dye vats a sufficient number of times to insure the desired depth of color being obtained. Some dyes demand cold immersions, while

Ready For Market

When the cloth has been taken from the loom at the cut-mark, that is, when the required length is reached, it is sent to the finishing room, where it is sewn together in large rolls for finishing. In this process, it is passed through an automatic brusher and shearer which remove loose threads and lint. The finished cloth is next subjected to the rolling machine which places it in the shape of the flat rolls which one is accustomed to see on the shelves of a dry goods store. The bursters and inspectors then step into play. These yard the goods and ticket them prior to passage to the warehouse. After this machine has performed its task, the bales of cloth are ready for the markets.

The power house at the York mill is one of the most modern in Canada. This, to the plant, would probably be apt to notice would be the pond of water in front of the power house. This is not, as may be supposed, a "touch of local scenery." The hot water from the condensers is conveyed by pipe to this cooling pond and is chilled prior to its being used again.

The furnaces of the power house would appeal to the householder who finds "tending the furnace" the bane of his existence. There are three huge furnaces. The coal is raised to the floor above the furnace room and when more is required to keep the furnaces at the necessary degree of heat, the fireman simply pulls a chain and the coal falls through a perpendicular pipe in the direction of the fire boxes and, as they reach the furnace, distribute the coal evenly over all parts of the fires. Thus the maximum amount of heat is obtained.

Measured Supply

If 800 pounds of coal are desired, the fireman simply gives the endless chain a slight impetus and an instrument on the front of the furnace automatically records the amount of coal falling. There is also no trouble with ash removal as the burned coal is raised by steam to the ash chamber, where it is held ready to fall into the ash trays at the pull of a lever controlling the ash window.

In the engine room, two 800 kilowatt machines, running alternately, generate the electricity for both mills and convey the power, by means of wires, to the plants.

Fire is the chief hazard of a cotton mill and endless precaution is taken against the breaking out of conflagrations. To this end, both mills are protected by hundreds of Grinnell automatic sprinklers.

Appendicitis Increasing Year By Year In London District

LONDON, May 29—In some districts in and around London appendicitis is unusually prevalent. There are large numbers of cases in all the great hospitals. The disease is steadily increasing year by year.

"There are more deaths now than ten years ago," said a surgeon. "In the last ten years 28,000 people have died of this disease. We have no means of knowing how many people are attacked, but calculating from the deaths there must be more than 50,000 serious cases a year."

Dr. James Sherrin, surgeon to the London Hospital, said that a sudden severe pain in the abdomen is nearly always the first symptom of appendicitis. The need for submitting to instant surgical treatment is shown by results at two London hospitals as reported in the British Medical Journal.

In cases operated on immediately mortality was less than 1 per cent.; when the inflammation extended and became local peritonitis, mortality after operation was 6 per cent.; when there was further extension to general peritonitis, mortality ranged from 20 to 29 per cent.

Moncton Engineers Elect Officers

MONCTON, May 29—At the fifth annual meeting of Moncton branch of the Engineering Institute of Canada last evening the following officers were elected: Chairman, C. S. G. Rogers, A.M.E.I.C.; vice-chairman, A. S. Gunn, A.M.E.I.C.; secretary-treasurer, M. J. Murphy, A.M.E.I.C.; executive committee, A. F. Stewart, M.E.I.C.; J. R. Freeman, A.M.E.I.C.; J. D. McBeath, M.E.I.C.

AUTO SEIZED AND TWO MEN ARE HELD

Car Taken Here on Word From Port Greville, N. S., Alleging Theft.

Good work on the part of Police Constables Corvic and Cooper at 8:30 o'clock last night was responsible for Albert Parsons, aged 20, and Garret Parker, aged 18, both belonging to Parrsboro, N. S., being locked up in a cell at police headquarters where they will be held awaiting a constable from Nova Scotia to take them to Port Greville on suspicion of stealing an automobile. Late yesterday afternoon word was received by the chief of police from H. W. Schofield that a car owned by a friend had been stolen from Port Greville, N. S., on Wednesday night last. A description of the car was given and this was explained to the city constables.

The car, which is a Ford roadster, is the property of Arthur Boyd, a clerk in the Schofield office at Port Greville, and last night Detective Biddiscombe wired to Mr. Boyd that the car had been recovered and the two men who had it in their possession were being held here.

It is reported that Parsons and Parker were driving to Lynn, Mass.

Halifax Pastors In Court Actions

HALIFAX, May 29—Writs were filed at the court house here today by W. A. Henry, K. C., acting for the plaintiffs, for actions being brought in two anti-union Presbyterian churches against the pastors and certain members of the congregation by those members opposed to the union on the grounds that the vote on union was rendered null and void in that only those in full communion were permitted to vote.

A new vote is demanded, open to all those who contribute to the support of the church. The two churches are located at Kennetcook, Hants county, and at Westville, Pictou county.

ONE ALREADY DEAD IS GIVEN LIFE TERM

BERLIN, May 30—The grimness of military law has extended to the world beyond. On May 12 Private Paul Kopp, charged with the shooting of a French prisoner in 1917, was found guilty and sentenced to life imprisonment.

But investigation here disclosed Friday that Kopp had been dead for several years.

8-Year Old Is Held For Baby's Death

LOWELL, Mass., May 29—An 8-year-old boy was arraigned on a murder charge today when John Veres appeared in juvenile court charged with the shooting of a French prisoner in the Merrimack River. The case was continued until June 9, and the boy was held without bail.

Veres' companion, six-year-old Millard Partous, who has admitted complicity in the crime, was ordered held in bonds of \$200 as a material witness. The two boys have confessed that they undressed the infant, pushed her into the river and then threw stones at the body.

Jewett Coach The Greatest Jewett \$1930 Ever Built

Jewett Coach will out-perform any car within \$750 of its price.

That means performance as you understand it—as you want it—on hills—on the open road—through rough going—in traffic—anywhere! 5 to 25 miles an hour in 7 seconds in night! Better than a mile a minute when you want it. You never saw an open roadster with more vitality and go!

And it's the easiest parking, steering, driving Coach you ever touched.

A Coach that turns around comfortably in a 42-foot street. Parks easily in a 16 1/2-foot space at the curb. Enters or leaves your garage from or into a 14-foot alley.

It's the finest Coach ever designed—finest in roominess—convenience—comfort—sturdy construction—detail finish.

A Coach with sedan construction—sedan roominess. Wide doors permit easy access to the rear seat—without disturbing those in front. There's ample room for five to ride in perfect ease.

It's the greatest Jewett ever built—at the lowest enclosed price we ever achieved.

We invite you to consider the advantages of owning a Jewett Coach—simply in fairness to yourself. For if you search the entire field of quality enclosed cars—you will not find a finer, abler car than the Jewett Coach. You will pay dearly for its equal.

"Fate's Playthings"

To live with wife and little ones unprotected by Life Insurance is gambling with their future.

To leave a widow and children unprotected for as a result of such gambling makes them "Playthings of Fate."

The wise, loving and thoughtful husband and father does not take these chances. He takes insurance and is sure. When he selects The London Life he secures this protection at lowest net cost.

For example:—
Suppose you are 35 years of age and secure a London Life Jubilee Policy for \$10,000 and take advantage of your right, 5 years later, to change it to a Twenty Payment Life Policy. Your average actual cost for the 20 years—entirely apart from dividends—will be only \$2.79 per thousand dollars of insurance per year.

Secure the benefit of the experience and suggestions of The London Life representative. Delay may make you uninsurable.

Along The Sport Trail

By RAY HANSEN

CHARLIE GORMAN, as one of the big advertising assets of this city, again comes to the fore through a request from the Sports Company of America for his picture and a condensed account of his career as a world's champion skater, to be used in a series of miniature pictures, similar to those placed in cigarette boxes. This series shall be known as "the world's greatest athletes" and it shows how Gorman's fame has spread when they will write here, asking for his history. The local skating ace will appear in this series as one of the world's greatest skaters. The company's headquarters are at San Francisco. Quite an honor has been paid the local boy in including him in this series.

THERE IS ONE ATHLETE in Saint John who deserves credit, namely George Spragg, the marathon runner. George is at present in Sussex training faithfully for the five mile road race to be held in West Saint John. If any athlete deserves to win honors it is George, whose heart and soul seem wrapped up in the running game. Here's wishing him luck.

HAS ANY FAN in Saint John an ambition to become a quill player? If there is now is the time to look up a set of old horse shoes and start practicing. According to reports filtering through underground channels there is a group of "old timers" quilly tossing up "slings, leavers and ladies" at the Thistle rink grounds. It is said they are getting into condition with a view to launching a sweeping challenge to any and all members of the "ambitious club." The Thistle Club has several top notches who have visions of invading the domain of the Nova Scotia artists and shearing them of some of their franks. It is known that Archie Copp, Richard Colgan, Walter Gambin, Frank Quinn, Walter Wall, Francis Murphy, Frank Smith and a few others are quite a popular pastime in Saint John and there must be some of the good old shots left who, with a little practice, could give the Thistle Club members a merry race for supremacy.

ALTHOUGH The New York Yankees got away to a poor start in the pennant race they are one of the most popular attractions in the younger circuit. They are a colorful team even if losing. Then again they have the mighty Babe Ruth, who is sure to attract thousands of admirers as soon as he gets back in the game.

FANS BREATHED a sigh of relief a few days ago when the lowly Boston Braves put a check to the Giants' bid for the National League. However, it will need a lot of similar setbacks to reawaken anything like real interest in the older circuit. There is no denying that fans like a winning team, but there are numerous examples to show that they get tired of too much success. The Baltimore team won six consecutive championships, but it is a known fact that the fans there were more interested in Bucky Harris' Washington team than they were in their own. The Philadelphia fans pined against Athletics when they were out in front winning pennant after pennant and they showed the same attitude when Connie Mack's tribe was occupying the cellar position. With the Athletics staging such a sensational game in the American League today the city is agog with excitement. Such is not the case in New York. McGraw has spent a fortune building up a winning crew, but he may suffer the same fate that Connie Mack did back in 1914. It is a good paying proposition to win a pennant once in a while, but to keep winning it is a different proposition.

Cozy Dolan's Ambitions Will Not Be Realized

CHICAGO, May 30—Hopes of Cozy Dolan, formerly New York Giants coach, that he would be re-elected organized baseball by Judge Landis yesterday, were not realized. Landis said there is nothing to add to what has been said.

WANT OPENING TO BE MEMORABLE ONE

Committee Making Final Arrangements For Big Athletic Meet on June 3.

The official opening of the new athletic grounds in West Saint John will take place on June 3 and every endeavor is being made to have the opening sport in the history of the city.

Large Committee

For the field events of the afternoon the number of entries is already very large. The committee in charge of the arrangements met last night and elected the following officials: Referee, F. W. Coombs; inspectors, Fred Brittain, R. R. Lee, Hilton Belyea, Cecil Strange, Alexander Corbett and R. H. Parsons; judges, chief, E. R. Taylor, H. Wignore, Jones, Commissioner R. W. Wignore and C. O. Morris; timers, K. J. MacRae, Lucal-Cole, Norman F. McLeod, Fred Logan, Elmer Straling; assistant, F. H. Nixon; scorer, Harry Hitching; stewards, Ray Hansen and T. O'Leary; official surgeon, G. G. Hare; starter, A. W. Corey; field doctor, Dr. F. L. Doherty; and Dr. R. M. Pennington; marshals, P. J. Legge, A. V. Wright, J. Griffiths; announcer, Bert Ziwarski. An effort is being made to have the track in condition for the use of the athletes in training. The new flagpole is already in position. The benches have been completed and the dressing rooms are ready. Barriers are being erected around the first and third base lines.

On the day of the meet there will be a special marquee tent for the contestants and another for the serving of refreshments. The refreshments will be in charge of L. J. Maxwell and T. M. Murphy. A small admission fee will be charged for the stand in the afternoon and for the ball game in the evening.

NEW SCOUT TROOP

A troop of Boy Scouts was organized at Douglas, York county, this week, by LeBaron Bull and E. W. Spurr. The troop starts with a membership of 18 and will be known as Douglas Troop No. 1. The Scoutmaster is Ray Parent.

OPENING GAMES NET SUM FOR KIDDIES' CAMP

First Week of City League Satisfactory To Executive

As a result of the action of the City Amateur League and the management of the City Intermediate League for the season of the South End and North End baseball parks in setting aside 25 per cent of the gross receipts from the opening games on Monday last, the sum of \$38 has been realized for the fund assisting the kiddies camp at Fox Vale under the operation of the Health Centre.

Executive Hold Conference

Members of the league executive met in a conference last evening and talked over matters arising out of the first week's operation of the league schedule. Much satisfaction was expressed over the fine attendance at the league games for the first week and the way in which league matters in general were running. The extended city weather has tended to prevent the players from giving the brand of ball the fans want but it was felt in a short time this would be overcome as the race for the pennant grows hotter.

TROJANS ARE NOW IN SECOND PLACE

Defeat Saint John The Baptists 12 to 5 in Loosely Contested Game.

The Trojans went into second place in the City Amateur League race last evening, when they defeated St. John the Baptists by a score of 12 to 5, on the North End grounds.

Both managers used all their available pitchers in the game, which went six innings.

Getting in Shape For Gene

Here we have Tommy Gibbons using up for his forthcoming bout with Gene Tunney. The St. Paul pugilist is working out with Sammy Mandell, one of the most promising of lightweight contenders, at Tommy's training camp at Atlanta City.

SAINTS WILL MAKE STRONG BID TO EVEN SERIES WITH ALERTS

With yesterday giving local baseball fans a sample of real pitching weather, it is expected that big crowds will be at the East End grounds this afternoon at 2:30 o'clock and tonight at seven when the Alerts and Saints clash in two of their regular league fixtures. So far the weather has not been conducive to either players or fans.

CHICAGO, May 30—Jock Malone, St. Paul, Minn., middleweight boxer, has been selected by the East Chicago Athletic Club, to box Tiger Flowers, negro, of Atlanta, Ga., in the opening of the club's new open air arena June 5. Malone has agreed to the match, it is said here.

HARNESS MEET EXPECTED TO BE REAL THRILLER

Another big racing card is being arranged for the holiday, June 3, and from present indications will be even better than that held on May 24. The meet will be held on Moosepath Park, starting at 2:30 in the afternoon, and will consist of a free-for-all, a 230 class and a named race.

Outside Entries

There will be two outside entries for this meet, Jeffrey, a race horse from Gagetown, and Queen Earl, a fast stepper from Sussex. The former will be entered in the free-for-all and will compete against David Hal, Dr. Gano and Abbie Brino; while the latter will meet several of the best locally owned horses in the named race.

Expect Fast Hots

In all three events mile heats will be raced, and as the horses are being put through their paces daily it is expected that some of the heats will be fast and thrilling. In the meet held on May 24 David Hal finished the third heat in 2:19 4-5, and on June 3 is expected to negotiate the distance in 2:18. Dr. Gano is also getting into good condition and is expected to make a strong bid for first money.

FILM STARS FADE AS
NEW ONES SHINE OUT

Many Girls Without Any Previous Experience Get Start on Road to Fame, and Some Jump Suddenly Into Front Row—Hollywood Invaded.

By LINCOLN QUARBERG
HOLLYWOOD, May 29.—The invasion of Hollywood by film-struck newcomers is increasing, despite the nation-wide campaign of publicists to discourage their coming. The sudden recognition by picture producers of new and obscure talent is discouraging the efforts of welfare workers to stem the tide.

Warnings are broadcast daily by well-intentioned publicists of the dangers and disappointments of girls seeking fame in Hollywood, but the words barely reach Twin Forks and Gopher Prairie before a fresh group of luminaries, yesterday unknown, dash across the movie firmament.

Youth will be served and scores of new faces are being elevated to stardom, while others, idolized as beauties yesterday, are being gradually relegated to oblivion.

Sudden Success.
Girls who have had no training whatever before the cameras are being given small supporting parts in pictures and many are being put into leading roles.

The "Oscar" rise of Betty Bronson from a mere nobody in filmdom to the immortal impersonator of Peter Pan, and her co-star, Mary Brian, both assigned to leading parts in other pictures, is no exception to the new trend. Sally O'Neill, an unknown school girl, has been given the leading role in Marshall Neilan's new production, "Mike." Greta Nissen, former "extra" girl, has been picked by Famous Players-Lasky to play the featured lead in a new picture, "In the Name of Love." Luelle LeSueur, another unknown, has been signed for featured parts in a series of forthcoming productions by Metro-Goldwyn-Mayer.

Mary Aikin, Esther Ralston, Constance Bennett, Jane Winton, Georgia Hale, Dorothy Sebastian, Jane Mercer and Carole Lombard are others who were lifted suddenly from absolute obscurity to featured fame.

Search For Types.
Greta Nissen and Constance Bennett are among the few new arrivals who had any previous stage or screen experience and turned the opportunity to play minor parts into long-term feature contracts. The others were picked by producers because they filled the demand for a new type of screen talent.

Beauty, in the conventional sense, no longer regulates the producer in picking new faces for the screen. The controlling factor in film parlance is "type." A girl captivates a certain director or producer on the strength of some peculiar distinction she possesses as a type or personality. She is picked because she fits a certain part and not because of any previous experience she may have had before the cameras.

New Stars.
With the new stars displacing the old, the ranks of the has-beens in Hollywood are gradually augmented. Many of the cinema satellites whose names once filled movie houses are now almost forgotten. No deeper heartbreak or disappointments are experienced by the small army of unknown girls trying to win fame in the films than are felt by the one-time stars who have started to slip and are desperately trying to keep in the limelight of fame and popularity.

Once on the tobeagan, only the most untiring efforts of their personal representatives, friends and press agents can check their fall. A bright new star is always favored over one whose brilliance is fading.

Mary Pickford and a few others still survive the test of years with fame unimpaired, but they are only a small handful out of the legion of forgotten names.

HER NERVES SO BAD
SHE COULD NOT SLEEP

Mrs. Grace Kitchen, St. George, Ont., writes:—"After having a severe attack of pneumonia I was left a weak and run down condition. My nerves were so bad I could not sleep nights, and in the day time I had terrible fainting spells, caused by my heart being weak. Finally I got so bad I had to take to my bed for weeks at a time, but one bottle of Pinkham's...

FOR JOY OF

Manitoba Woman Thanks Lydia E. Pinkham's Vegetable Compound

Crandall, Manitoba.—"When I was a young girl at home and working I had terrible pains, almost more than I could bear, and I was not regular. These troubles kept me so tired all the time that I had no strength and no ambition to join in with my friends and have a good time. I was just tired and miserable always and life just seemed as if it was not worth living. I saw so much in the papers about Lydia E. Pinkham's Vegetable Compound, and then I had a friend who had taken it and told me about it, so I got some. Every month after taking it I got stronger and I soon did not suffer every month. It stopped the pains and helped me in other ways. Then when my babies were coming I was tired and worn out the first three months and seemed badly. I took the Vegetable Compound right along and must say it made a new woman of me and able to do my work, and it helped me through confinement. You see I am a farmer's wife with a big house to look after, and three babies now. I have told ever so many women about your medicine. Just last week I got a letter from my old chum in the East. Her baby was born fifteen days before mine, and she told me she was not feeling very well, her back aches so much, and that she is going to take the same medicine I took. You can use my letter if you wish.—Mrs. J. H. Kido, Box 66, Crandall, Manitoba."

MEETS FILM STARS

Robert Romney of Saint John Home After Visit to Los Angeles.

Robert Romney has just returned from Los Angeles where he attended the four-day convention of employees of a motion picture corporation. He was impressed by the splendid equipment of modern studios where he saw scenes of four entirely different pictures being "shot" at the same time. He was amazed by the long lines of random and found them most courteous. He spoke specially of the good comradeship which existed amongst the motion picture actors and said they were ever ready and eager to help one of their number who was "up against it."

Of the stars Mr. Romney met Sid Chaplin, Humfrey Gordon, who is a native of Montreal, Marie Prevost, Irene Rich, Dorothy Devore, June Marlowe, Ruth Miller, the two young daughters of Maurice Costello, Helen and Dolores Costello, Alice Calhoun, Louis Fazenda, Mat Moore, Don Alvarado, John Roche, Clive Brook, Gayne Whitman and very many more whose names he could not recall.

Modern Methods.
The experts employed the cutting of the film, hitting scenes and directing the productions were no less famous and no less skilled than the actors. Mr. Romney said that while in the early days of motion pictures the business had been in the nature of a "gamble" it was now the most highly systematized of all businesses and he had marvelled at the attention to detail and the completeness of the business system as he saw it at the studios and learnt of it at the convention.

This precise conclusion was arrived at in selecting 30 girls from a field of 500 choice specimens of pulchritude to support Gloria Swanson in her forthcoming Paramount production, "The Coast of Italy."
Averaging the measurements of the high-ranking 30, the beauty experts decided that the 1925 girl should "measure up" as follows:
Height—5 feet, 8 inches.
Weight—118 pounds.
Eyes—Blue-gray.
Age—20 years.
Shoes—4½.
Waist—28 inches.
Bust—34 inches.
Hips—38 inches.
Hair—Golden, chestnut, bobbed, straight in back, but not extreme.

EARLY TOURIST PARTIES SHOW LARGE INCREASE

Cars Crossing Border Are Three Times Last Year's Figures

ST. STEPHEN GAIN OVER HUNDRED

Total to Last Checking This Month Is 479, Compared With 134.

More than three times as many United States cars have entered the province of New Brunswick this year as had done so last year up to this time and enquiries are being received by the score every day for particulars as to routes and road conditions, it was said this morning by J. Charlton Berrie, secretary of the New Brunswick Automobile Association.

Another interesting feature of the tourist travel this year, Mr. Berrie said, was the number of enquiries received from local people about routes for trips to Quebec, Ontario and the Atlantic states of the United States. Already at least five parties had left here bound to Toronto and Hamilton and on down to New York and many more were planning similar trips. Last year it was the week only before local parties began these long trips.

YEARS COMPARED
Following will be found a list of the number of permits issued to United States cars in the province for 24 hours or more, at the several points of entry for the years 1924-25, up to May 25th of this year, compared with the corresponding figures for 1924.

PROMOTED AND WILL COMMAND 16TH BRIGADE

Lieut.-Col. C. J. Mersereau Was Through Great War

SCHOOL TEACHER IN DAYS OF PEACE

Major M. C. Buchanan of St. Stephen Becomes Lieutenant-Colonel.

The new colonel was born at Bathurst, N. B., son of Lieut. Col. George W. Mersereau and Mrs. Mersereau, who was educated at Acadia University, Wolfville, taking his degree of M. A. from Harvard University in 1908. He has taught in several of the schools in the province and on the outbreak of war in 1914 became brigade major of the 4th Canadian Infantry Brigade. He was wounded at Ypres in 1915. During 1916 and 1917, he was general staff officer at Aldershot Camp, England and in the following year was attached to headquarters of the 3th Canadian Infantry Brigade. From there, he went to the command of the 25th Battalion and on March 8, 1919, he was awarded the Distinguished Service Order. Col. Mersereau has long taken an active interest in the activities of the militia and friends who have heard of his advance are congratulating him on his new appointment.

"I see," said Mr. Hiram Hornbeam to The Times reporter, "four has gone away up."
"The price has certainly advanced," said the reporter.
"An' they got so much wheat waitin' fer ships up to Montreal that they don't know what to do with it," said Hiram.
"It is so reported," said the reporter.
"I s'pose that's why flour has gone up," said Hiram.
"My dear sir," said the reporter, "you don't know the first rudiments of price-fixing."
"No, I guess I don't," said Hiram, "I can't even fix the price of what I got to sell—'n when it comes to buyin' I'm mighty tight—By Hen! Now, if somebody'd jump the price of potatoes up a little I wouldn't mind, takes care to her enough stuff to fill the sular 'n the pantry fer our own use summer 'n winter. Thank the Lord—Nobody kin put up the price o' sunshine 'n rain. They're about all they is left that we don't hev to pay taxes on—yes, sir."

IN THE MARKET
Supplies of all kinds that go to make up the Sunday dinner were in fair quantities in the country market this morning. Prices remain as they have been for the last few weeks. Poultry was more plentiful and could be bought for 30 to 40 cents a pound. Fresh killed chickens were very scarce and high. Lamb was a little more in evidence, but the price remains high, 40 to 50 cents a pound being asked for fresh killed. Eggs sold for 32 to 35 cents a dozen. Green goods were plentiful and there was a fair supply of strawberries.

BIRTHDAY PARTY
About 20 friends of Miss Jean Robinson met last evening at the home of Mrs. C. M. Culver, 110 Adelaide street, and tendered her a party in honor of her birthday. The guest of honor received beautiful gifts. The evening was pleasantly spent in games and music. Refreshments were served by Mrs. M. E. Reicker, Mrs. Louis Golding and Miss Lizzie Culver.

RECORD IN WAR
The new colonel was born at Bathurst, N. B., son of Lieut. Col. George W. Mersereau and Mrs. Mersereau, who was educated at Acadia University, Wolfville, taking his degree of M. A. from Harvard University in 1908. He has taught in several of the schools in the province and on the outbreak of war in 1914 became brigade major of the 4th Canadian Infantry Brigade. He was wounded at Ypres in 1915. During 1916 and 1917, he was general staff officer at Aldershot Camp, England and in the following year was attached to headquarters of the 3th Canadian Infantry Brigade. From there, he went to the command of the 25th Battalion and on March 8, 1919, he was awarded the Distinguished Service Order. Col. Mersereau has long taken an active interest in the activities of the militia and friends who have heard of his advance are congratulating him on his new appointment.

ALSO PROMOTED
Another appointment that has been received with pleasure is that of the promotion of Major M. C. Buchanan, M. C., St. Stephen, to Lieutenant Colonel in charge of the York Regiment. Major Buchanan was born at Taymouth, York County. He enlisted at the outbreak of the war and rose to be in command of "D" company of the 26th Battalion. In 1918 he was mentioned in Despatches and awarded the Military Cross with bar.

ERIC TITUS IS IN MUSIC BOX REVUE
Saint John Young Man Playing in Boston in Irving Berlin Performance.
Saint John another returning from Boston report that another Saint John boy, Eric Titus, is making a decided hit in musical comedy. He is playing one of the principal roles in Irving Berlin's third annual Music Box Revue, which after its long New York run, is now playing at the Colonial Theatre of the Hub. Mr. Titus has been in the show business for some years and he is steadily progressing until he has now reached a position within easy distance of stardom such a leading attraction as mentioned. The light operatic performer left Saint John when a school boy with members of his family following the death of his father, J. Fred Titus, a merchant on one of the streets a few years before Mr. Titus left home he attracted considerable attention as a chorister.

CAMP SUSSEX TO OPEN ON JUNE 22

Will Close Eight Days Later—Fusslers Are to Train in Autumn.

Camp Sussex will open on June 22 this year and close on June 30, according to an announcement made by Lieut. Col. H. C. Sparling, D. S. O., at headquarters for M. D. No. 7 this morning. Last year the camp opened on June 23 and closed on July 5, but the extra week last year was taken up by a summer school. This school will not be held this year.

SOME TO BE THERE.
It is known that the 9th Mounted Brigade, consisting of brigade headquarters, the 8th Hussars and the New Brunswick Dragoons will attend this year. The brigade is commanded by Col. the Hon. Senator F. B. Black, Sackville. The 18th Infantry Brigade also will attend, including brigade headquarters, the Carleton Light Infantry, the York Regiment, the North Shore Regiment and the New Brunswick Rangers. Details regarding other units that will attend have not been completed as yet.

END NOT GOING.
It has also been announced that the 62nd Fusiliers will not train at Sussex this year. Their training will come in the autumn, the dates not having been set yet.

Expect Word Soon About Flour Mill

Louis W. Simus, president of the Saint John Board of Trade, said yesterday that he expected some further definite word in connection with the proposal to erect a flour mill here within the next week. He had received a letter from the Canadian Manufacturers' Association offering him the data at their disposal and intended to write for H. Lord—Nobody kin put up the price of sunshine 'n rain. They're about all they is left that we don't hev to pay taxes on—yes, sir."
