Reports Regarding Prince Annoying In High Quarters

London, Nov. 10.—(By Canadian Associated Press Cable)—There is stated to be no truth in the reports of Matrimonial Intentions of the Prince of Wales, which, we are informed, "cause trouble and annoyance in the highest quarters."

Ottawa, Nov. 10.—One of the kindest and most graceful acts of the many His Royal Highness, the Prince of Wales, has been performed in Canada, and his last official act and visit in this country was a call he paid this afternoon, on his way to the train, on Captain Leonard F. Askwith, M. C., at the residence of his father and mother, Mr. and Mrs. Thomas Askwith. Captain Leonard Askwith was seriously wounded in 1916 and a short time ago took ill again as a result of his service and was unable to attend the recent investiture at Rideau Hall to receive his military cross. Hearing of this, His Royal Highness this afternoon telephoned Captain Askwith's mother and inquired as to her son's health, and stated that he would call on his way to the train.

His Royal Highness was accompanied on his visit by the following members of his staff, Chief of Staff, Sir Lionel Halsey, K. C. M. G.; Military Secretary Lieutenant Colonel E. W. M. Grigg, D. S. O.; Major General Sir Geoffrey Thomas, Bart. and His Equerries, Lord Claude Hamilton, Captain The Hon. F. W. Leigh and addition Lieut. L. G. Henderson and Captain Cantor of the staff of His Excellency, the Governor General, accompanied the party.

The Prince was received by Mr. and Mrs. Thomas Askwith, Captain Charles and Mrs. Askwith, Mrs. Wood Bates, and Miss Ada Askwith. His Royal Highness chatted for considerable time with Captain Leonard Askwith and asked him about his service in France.

"Tough luck," said the Prince, in referring to Captain Askwith's wound. In talking to Mrs. Askwith afterwards the Prince expressed his delight with his Canadian visit, and said he felt quite like a Canadian now. He also expressed his determination to revisit Canada as soon as such a visit could be arranged.

SHARP DIVISION OF OPINION AT CONFERENCE

Question of Admitting Finland to International Labor Conference Stirs up Arguments.

HON. N. W. ROWELL HEADS COMMITTEE

Represents the Minority on the Question, Taking the Ground That Finland Should Not be Admitted.

Washington, Nov. 10.—(By Canadian Press.)—The case of Finland has brought a sharp division of opinion over the rights and powers of the International Labor Conference. Some days ago the conference appointed a special committee, under the chairmanship of Hon. N. W. Rowell, to report on the question of admitting Finland, Luxembourg, the Dominican Republic and Mexico. In regard to Luxembourg, the Dominican Republic and Mexico, Mr. Rowell will present to the conference this afternoon the unanimous opinion of the committee that these countries be not admitted. The ground taken by the committee is that the conference has received no formal application for admission from the governments concerned.

Mr. Rowell on Minority

In his minority report, Mr. Rowell says the point at issue is not whether Finland delegates should be admitted to the conference, all were agreed that they should; the issue was whether the conference had the legal authority to accept Finland as a nation, into full membership of the International Labor Organization. Mr. Rowell claims further that the cases of Austria and Germany are "wholly anomalous and exceptional" and cannot be taken as precedent.

Globe Barking Up The Wrong Tree

If the Globe had obtained an accurate report of what had transpired at the Opposition convention on Thursday it would realize that Mr. Baxter never mentioned the resolutions adopted in caucus or proposed in the House. As a matter of fact he was not referring to them. Other speakers assumed that he was, and expended considerable energy in discussing a subject which had not been introduced. As to the Globe's criticism that Hon. Mr. Murray did not express himself on the subject, it would have been somewhat difficult for that gentleman to have done so, as he was not present during the discussion.

BERLIN REQUESTS OF FRANCE RELEASE OF WAR PRISONERS

Berlin, Nov. 10.—The German government has addressed to the Supreme Council at Paris a note protesting against the retention by France of German war prisoners. The note declares that the holding of the men creates a situation which is not only dangerous to Germany's own existence, but it is also a menace outside the German frontiers.

TERRIBLE TRAGEDY STAGGERS TOWN OF COLPLAN, N. S.

Haltax, N. S., November 10.—The little community of Colplan, Lunenburg, eighteen miles above Bridgeport, was staggered by a tragedy which occurred Saturday night. William H. Water, a returned soldier called at the home of Mrs. Stewart Smith and her 23-year-old daughter intending to spend the night at the house. It was late and Mrs. Smith alarmed at the entrance of the man into the bedroom occupied by herself and the daughter mentioned, ordered him to leave it. He immediately attacked the girl and she with a revolver, inflicting a scalp wound. She made her escape and ran into the road, acquainting some of the neighbors with the facts and begging them or some of them to go to the protection of her daughter. They were all afraid to take the chance of encountering the man and on Sunday morning, when the house was entered, the girl was found dead to death with the revolver, and Huey was discovered in a bedroom doorway with his hands outstretched.

3 GREAT POINTS

ZAM-BUK IS ANTISEPTIC—Applied to a sore or wound it destroys all germs, and acts as a protection, thus preventing festering and blood-poisoning.

ZAM-BUK IS SOOTHING—This property makes it indispensable for irritated and inflamed conditions of the skin, as well as for skin injuries. It ends irritation, stops pain and draws out soreness. A mother's first thought, when a child is hurt, is to end the pain. Nothing does this like Zam-Buk.

ZAM-BUK HEALS—Finally, having antiseptically cleaned a sore place and ended all pain and soreness, the healing essence of Zam-Buk promotes the quick growth of new tissue. Sore soon disappear where Zam-Buk is applied.

It is the best known remedy for eczema, pimples, ulcers, ulcers, blood-poisoning, cuts and burns, etc., etc.

Drinking a Glass of Hot Water is a Splendid Habit

Cleanse and sweeten the system each morning and wash away poisonous stagnant matter.

Cleanse and sweeten the system each morning and wash away poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poison and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.

CHAPTER OF THE ROYAL ARCMANUM

Enjoyable Social Held in Rooms Last Evening—Address Presented to Soldier Members.

One of the jolliest gatherings in the city last night was the social given by the local chapter of the Royal Arcmanum, to the soldier members, in their hall in the Market building.

Regent William A. Coleman presided, and after a few brief remarks called upon Horace A. Porter, grand regent for the Maritime Provinces, who told of the war records of the soldier members and presented an engraved address of appreciation, personally inscribed from the superior council to the following members who had fought in the great war:

Robert E. Anderson, J. Allan Selridge, Wm. McAllister, James L. McAvity, A. E. Loegge, Percy M. Fleming, Harry S. Hayes, F. G. Gorman, George V. Vincent, J. A. Harrison, John R. Miller and W. Kenneth Clawson.

One member, who had served in the navy, who was likewise honored by the fraternity, could not accept the honor as the ethics of the Jack Tars forbid.

Following the presentation, an enjoyable musical programme was carried out, including instrumental selections by Messrs. Gray and Mulvey. Cheers were passed around and the festive pastebards were brought into use, after which the gathering sat down to a very satisfying luncheon.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Weych's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Police Court Cases Yesterday

Evidence Concluded in the Raymond Case—Drug Company Fined for Selling Liquor—Five Drunks Were Remanded.

In the police court yesterday morning evidence was concluded in the case of Mrs. Kenneth Raymond, which involves a fur coat valued at \$253. The evidence of the defendant's husband was taken through at first Daniel Mullin, counsel for defence objected to the witness. On closing the case, Mr. Mullin argued that there was no evidence to establish a case of false pretence. G. H. Belyea for the prosecution also addressed the court. The case was postponed until Nov. 17.

In the afternoon the postponed prohibition case against the Brayley Drug Co. was taken up and the defendants fined \$200 for selling liquor contrary to the provisions of the law.

Evidence was given by William Bennett, who told of securing liquor from the defendants October 18. L. A. Conlon appeared for the defendants and Mr. Treuman acted for the prosecution. The defence brought up a question regarding the liability of Bennett, who said in his evidence that he had been drunk and had liquor in his possession on the day in question. The Magistrate said it was necessary to get after the bootlegger and the violators of the prohibition law must necessarily be fined on the strength of other men's statements. He did not think that the informant should be prosecuted as it would be injurious to the work of the prohibition inspectors. He was in favor of letting the man go, but said if the matter were taken up and a fine imposed he would not enforce its collection. The matter was held over until next Monday at noon.

Mrs. Rosie Crossin remanded from the morning session answered to the charge of having lemon extract in her store in Brussels street. Inspector Merryfield told of warning the woman six weeks ago against selling the extract or having it in her store as a beverage. Inspector MacAlush told of making the raid Saturday and Chief Prosecutor Wilson, called in the afternoon, confirmed the statement that the woman was warned six weeks ago. He was in the store at the time and had seen many beer and lemon extract bottles but not much groceries.

In her defence Mrs. Crossin said other concerns could sell lemon extract by the case why could she not sell it by the bottle? Asked why she kept the stuff, she said "to sell for cooking purposes." On further question she said she did not sell vanilla extract because there was no call for it. Some of the extract was kept in her kitchen, as on previous occasions over a dozen bottles had been stolen from her. "Was the need of lemon favoring so great that women would come and steal it off your shelves?" she asked the magistrates.

Five drunks, one of them a woman, were given a hearing and remanded.

Request For \$5,000 Made To Council

Financial Committee of Vocational Training Board Asked for That Amount for Night Schools—Other Business Transacted.

A request for \$5,000 for technical night schools was made in committee of the common council yesterday by the financial committee of the vocational training board. Early consideration was promised by council.

Proposed street paving was also taken up and it was decided that preparations for the work should be carried on and a programme drawn up so that a start could be made as soon as a public vote, next April, has determined the policy of payment.

It was agreed that the anniversary of armistice be observed as suggested by the King, in two minutes of silence beginning at 11 a. m. on Tuesday.

The Mayor announced that the city solicitor had prepared resolutions in regard to the proposed harbor agreement and the suggested public sale and that the matter should be the subject of a special meeting.

On the opening of the meeting, the finance committee of the vocational training board was heard. Thomas Nagle is chairman of the committee, and Dr. A. F. Emery, Alexander Wilson and G. F. Hennessy are the other members. Fletcher Peacock, secretary of the Provincial Vocational Board; W. E. Gannon and A. H. Weston, representing the citizens' committee, were also present.

Mr. Nagle stated that the following courses were proposed: Industrial applied mathematics, estimates for builders, elements of mechanical drawing, architectural drawing, machine work, sketching and reading blue prints, sheet metal pattern drafting, letter and show card writing, sign painting, electrical wiring, elements of electric motors, civics and elementary chemistry. Home making—dress making, millinery and home cooking. Commercial education—book-keeping and stenography. It would cost \$9,000 to operate the schools from November until March; the government would contribute 50 per cent of the cost of rent, fuel, lights, etc., or \$4,000, and the vocational board would supply the teachers. For the commercial course, arrangements had been made with the St. John Business College.

Dr. Emery favored more energetic action towards the establishment of a new building. A machine shop would be required if a building could be procured for \$90,000 now and equipped for \$10,000 more. It would be better, he said, to have the building now and the question of voting the money at a later meeting.

Commissioner Bullock called attention to the flooding of a section of the West Side by high tide on Sunday last. On his motion a committee was appointed to have the city engineer prepare and present a report on a means of controlling the tide at the Mill Pond area. Further, that the engineer be instructed to report on a scheme for beautifying the area.

Commissioner Bullock favored extension of the trunk sewer reclamation work along the side of the pond and the planting of trees around the pond.

Commissioner Fisher was of the opinion that any one contractor could do only one street in a season; that there were only three contractors who would tender and hence only three streets could be paved next season. He favored Douglas Avenue, Prince William street and City Road. His department could do Market Square south, King street, north side, and King street, West End, and perhaps the asphalt on Prince William.

Commissioner Bullock considered that the public works would be well equipped with sidewalks. Mr. Fisher replied that the department would do more sidewalks next year than in the past season, and that a large appropriation would be sought.

The Mayor said he would not vote on a bond issue without a plebiscite.

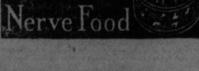

Could Not Sleep

Mr. Earnest Clark, Police Officer, 338 King St., Kingston, Ont., writes:

"For three years I suffered from nervousness and sleeplessness. I brought my condition was brought about by overwork. I had frequent headaches, neuralgic pains and twitching of nerves and muscles. I had indigestion, was short of breath and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine cured me of all my symptoms. I am now feeling one hundred per cent. better than I was, and have to thank Dr. Chase's Nerve Food for the good health I am now enjoying."

GOVERNOR GENERAL DELIVERS HIS SPEECH FROM THRONE

Reviews the Work of the Special Session of Parliament, Congratulating the Members on the Work Accomplished and Emphasized the Prominence of Canada's Place in the World Today.

Ottawa, Nov. 10.—The speech from the throne was as follows: Hon. Gentlemen of the Senate; Gentlemen of the House of Commons:

"In relieving you from further attendance on this session, I thank you for your approval. These treaties which you have discharged your duty. Measures of great significance and importance have engaged your attention on this session, and are included by the Allied and Associated Powers with Germany and signed at Versailles on June 28th, 1919, and the Treaty of Peace between the same powers and the representative of Austria, signed at St. Germain-en-Laye on the 10th September, 1919, have been presented to you and have received your approval. These treaties have not been approved by Germany and Austria, on the one hand, and by at least three of the Allied and Associated Powers on the other hand, await only the exchange of ratifications to enter into full force and effect. I fervently trust that the provisions of these treaties, marking, as they do, the termination of hostilities, may usher in for humanity an era in which great wars may be prevented and the blessings of world peace be actually secured.

Canada bore a large part of the operations of the war and contributed abundantly to its successful completion, and it is, therefore, gratifying to be able to note the distinguished position accorded to her in the conduct of negotiations in the Peace Conference at Paris.

Prince's Visit. The visit of His Royal Highness, the Prince of Wales, to Canada has been a source of deep and widespread satisfaction. The universal welcome which has been extended to him is an evidence of devotion of the Canadian people to the Throne and to British institutions. This welcome, so wholehearted in character, is an undoubted tribute to the high personal character and qualities of His Royal Highness, who, in peace as in war, has closely identified himself with Canada, and shown his earnest desire to promote the welfare of the people of this Dominion.

G. T. Acquisition. The acquisition of the Grand Trunk properties and their addition to the existing National Railways will materially promote the successful and economical administration of the whole system and greatly aid in the solution of the important problems of Canadian transport.

Reviews Legislative Acts. The adoption of the report of the committee of the House of Commons on bill number 10 will extend the scope and application of the important measures already taken for meeting the needs of returned soldiers and their dependants. The adoption of the classification of the civil service of Canada will make it possible for the commission to proceed at once with the further organization of the service.

LONG FACES

"Cascarets" for Liver and Bowels bring back Smiles

Turn the "kill-joy" out—the headache, biliousness, indigestion, the sick stomach and misery-making gases—turn them out tonight and keep them out with Cascarets. Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach. Don't put in another day of distress. Let Cascarets cleanse your stomach, remove the sour fermenting food, take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great. A Cascaret tonight strengthens you by morning. They work while you sleep.

Faint And Dizzy Spells

Weakness and Shortness of Breath. You can generally tell, when they are afflicted by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular heart, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run down and worn out when otherwise they could be strong and healthy. They would only pay some attention to the first sign of heart weakness, and no remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ontario writes—"I have used towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as have improved very much."

DURING the last few years people have had to be content with many lines of goods that were inferior in quality to those procurable before the war.

To-day, people are demanding the better grades again. Those who from a mistaken idea of economy tried to be satisfied with common teas are coming back to Red Rose Tea. They realize that they cannot be satisfied with anything less than Red Rose Quality.

And Red Rose probably will cost them no more than common tea, because Red Rose not only tastes better—it goes farther.

Consisting chiefly of Assam teas—the richest and strongest grown—three teaspoonfuls of Red Rose goes as far as five of ordinary tea. A brewing will prove it.

PREHISTORIC ESKIMOS, KEPT INTACT BY SNOWS OF AGES, FOUND IN NORTHERN ALASKA

Dwellings and Implements Are Found Under Three Feet of Ice and Earth by W. B. Van Valin, University of Pennsylvania Field Expert.

Seattle, Wash.—Discovery of prehistoric Eskimos, their dwellings and implements preserved under three feet of ice and earth near Barrow, farthest north point of civilization in Alaska, was announced last night for the first time by W. B. Van Valin, field expert of the University of Pennsylvania, who arrived in Seattle aboard the S. S. Victoria from Nome after two years' experience, says the Seattle Post-Intelligencer. He brought with him skins used by the Eskimos he found preserved against decay in the ice and it is believed whole bodies as well as skulls and clothing.

How long ago the eighty people Mr. Van Valin found lived in the village he excavated he would not venture to say, expressing it however, as his belief that the village had been hidden thousands of years. No legend of modern day Eskimos sheds light upon the antiquity of the village. There is no mention, he said, in the oldest lore of the modern Eskimo of the existence of such a village. He found traces, he said, of villages built on the site of the snow and ice covered town in recent years.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes:—"I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

BERNSTORFF CALLS AMERICAN PAPERS VERY ANTI-GERMAN

Says Those in German Language Made Ineffective Appeal There.

Berlin, Nov. 7.—(By the Associated Press).—Count Bernstorff was on the stand for a protracted examination regarding the effectiveness of German propaganda in the United States during the war at today's session of the committee of the National Assembly investigating the subject of responsibility for the war. Count Bernstorff was asked at the opening of the session what he had done to offset British propaganda and explained the utter impossibility of convincing the German propaganda authorities that they must send cinematograph films to counteract the effect of the English efforts.

GUM TENDERNESS — A TOOTH-MENACE

It is true that out of five people over forty suffer from gum-shrinkage, or pyorrhea (Riggs' Disease). But many people even under thirty have pyorrhea. Women, particularly after the baby comes, are peculiarly subject to pyorrhea. At such times they cannot be too careful about their teeth.

Pyorrhea commences with tender gums, or with gum-bleeding, at tooth-brush time. Gradually the gums become spongy. They inflame and then shrink. The teeth become exposed, infect the joints—or tonsils—or cause other ailments.

Beware of that first gum tenderness! Try Forhan's for the gums. It positively prevents pyorrhea. If used in time and used consistently, no ordinary tooth paste will do this. And Forhan's cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 35 and 50c tubes. All drugists. FORHAN'S LTD., Montreal.

the "English Journalist," George Creel.

When pressed for a direct answer regarding the comparative merits of British and German propaganda, Count Bernstorff evaded a reply as to the intrinsic merits by saying that the British propaganda in the United States was superior to the German, because "of the technical difficulties of transmission. The former Ambassador declared that he avoided participation in the propaganda activities because of his official position and his desire not to be compromised by it. He said that former Colonial Minister Bernstorff on his trip to the United States had written articles and delivered lectures until the American government became convinced that the German agent was stirring up German-Americans against the United States.

The sub-committee passed from the subject of the public press when a question by Deputy Sinshelmer, a member of the committee, came up regarding the opinion which a neutral diplomat, otherwise unnamed, had expressed regarding the peace offer of President Wilson. The diplomat, according to the report, first heard a rumor as to the contents of the offer and on the basis of this rumor denounced it. Zimmermann, then foreign minister, made capital out of this condemnation, but when the note actually appeared the neutral diplomat shifted his position and praised its contents. Zimmermann, however, suppressed the later development.

Denies Muensterberg Poison.

The name of Professor Hugo Muensterberg, of Harvard, was mentioned and it was suggested that the professor, who died during the war in the United States, had been killed in some mysterious way. A rumor to this effect was current in the anti-American circles in Berlin at the time of Mr. Muensterberg's death. Count Bernstorff denied the story, declaring that, although England had used every conceivable means to find the United States of all prominent Germans, she would hardly have tried violence, and that Professor Muensterberg had died of an apoplectic stroke.

Members of the sub-committee voiced a suspicion that the note of President Wilson had been launched in understanding with England. Count Bernstorff denied his assumption categorically, saying that the note had been on the contrary unwelcome and unpleasant to England.

Deputy Sinshelmer broke in upon Bernstorff's examination to ask Herr Zimmermann, the former foreign secretary, whether he had spoken of President Wilson's note as "shameless and impudent." Zimmermann, however, did not recall the incident.

Members of the sub-committee asked Bernstorff about the delay in his reception by the Emperor, who did not send for the Ambassador to make a report until several months after his return from the United States. Bernstorff said that his report was then so old and had been so completely reported to the Kaiser by Chancellor von Bethmann-Hollweg that he had asked Emperor William whether he wanted to hear it when he finally met him at Great Head quarters in May.

PALMER ASSAILS LABOR RADICALS AND OTHERS

Describes "Buy Now" Campaign as Perpetuating Circle of Increasing Prices.

Harrisburg, Pa., Nov. 7.—Attorney General Palmer in an address here today denounced the move of the State Federation of Labor for a general strike of workmen in Pennsylvania. After reviewing activities of James H. Maurer, its president, he said it would be a glad day for labor when such men as Maurer and Foster lose their influence in its councils.

The speech was made at a fair price conference called by Governor Sprout and attended by Mayors and Burgesses from all sections of the State.

Mr. Palmer attacked the "buy now" campaign, declaring that "our job is to wait, both in our interest and in the interest of the nation and the world at large." He called upon "the plain people" to wear their old clothes a little longer, to refuse to buy until production had caught up with the demand.

Mr. Palmer urged that the country vigorously support some of the new proposed legislation which would

place the strong arm of the federal government over powerful corporations.

WIFE AIRS SCANDAL IN OPENING FIGHT FOR SHONT'S ESTATE

Surprises Husband's Friends by Declaring He Left Fortune to "Certain Woman."

New York, Nov. 8.—Mrs. Milla D. Shonts appeared in the Surrogate's Court yesterday and had herself appointed temporary administratrix of the estate of her late husband, Theodore P. Shonts, president of the Interborough Rapid Transit Company, after asserting that her husband had been under the domination of another woman for a considerable period prior to his death, on September 21 last.

Mrs. Shonts declared in her petition that her husband had left to her "certain woman," not related to him, either directly or collaterally, the bulk of his estate by will which was drawn during his last illness, while Mrs. Shonts herself inherited practically little or nothing. She also alleged that Mr. Shonts' apartments at No. 930 Park Avenue, for which he paid a rental of \$5,000 a year, had been stripped of their furnishings, valued at more than \$50,000, since his death.

Notice was served by Mrs. Shonts upon Surrogate Fowler, who gave her letters of administration, of her intention to contest any will disinheriting her of her dower rights. Mrs. Shonts will make her contest upon the grounds that her husband lacked testamentary capacity when the supposed will was drawn and was subjected to undue influence by the "certain woman."

Husband's Friends Shocked.

The action of Mrs. Shonts shocked and surprised associates and advisers of her husband, although they were aware that the erstwhile traction president and his wife had been living apart ever since she sued him in Paris eight years ago for a separation. Delaney Nicol, legal representative of Mr. Shonts for many years, was plainly distressed by the turn of events and expressed his opinion that some one was mistaken.

place the strong arm of the federal government over powerful corporations.

"Why, if we could make labor understand it, if we could make money understand it, make everybody understand it on both sides of the economic fence, that idleness is a sin, if not a crime," said Mr. Palmer, "and get money and labor, both, to working every day, giving an honest day's labor for an honest day's wage, for only six months, every one of these problems would be solved, because our people would be busy and, being busy, they would be happy. Disorder would disappear because it cannot live except in idleness and the discontent and unrest that follow as a result of idleness. We must put our shoulders to the wheel to increase production, and we can at the same time put our shoulders to the wheel to decrease the demand."

Mr. Palmer declared people had taken advantage of economic conditions growing out of the war to exact in their particular line a larger profit than was their rightful due and hoped to justify this form of profiteering by the excuse "that everybody was doing it."

"That kind of man is one kind or another of a profiteer," Mr. Palmer added, "and he is, in my judgement, the most despicable scoundrel that can live in any community in this emergency. He ought to be rooted out and exposed to public scorn and if necessary confined in public prison. In the campaign to bring down the cost of living prices have not gone up. If we can keep prices stationary for a time they will stay—they are bound to come down. If we can stop the movement of this vicious circle—increased wages, increased prices and increased cost of production, chasing each other around like a dog chasing his tail and hold the price steady, prices will drop."

"Lest We Forget"

Whoever you may be, go into your room to-day and sit quietly for a few minutes. Canada asks you for these minutes in Meditation upon Her Immortals.

Their spirit, the spirit of devotion to duty, of love of Canada and of home that illuminated their lives and made glorious their death, still lives. May it live in you and in me. May we be so inspired that from now onward, constrained by the love of

Canada, we may ever advance her interests, ever work for a greater and more glorious Canada.

To-day is a day of memory, of thanksgiving, and to-day Canada has indeed the right to require from you a thanks offering. But no such demand is made. Canada simply asks you to the fullest extent of your capacity to advance her trade, production, and prosperity, and by so doing help yourself, protect your family, increase your income and all without risk.

LORD FISHER.

Lord Fisher's Memories have created a first-class sensation. Apparently the Admiral dictated his amazing story to relays of stenographers in three or four days. He heads some of his chapters with quotations from Scriptures, but emphasizes his judgments of men and affairs with adjectives sometimes used on the lower deck. While his Memories are offered in a coherent and without definite form they are not void of startling revelations, and striking views, and they have provoked strong feeling among both friends and foes. On the one hand they are hailed with extraordinary enthusiasm, and on the other described as the crowning folly of his career.

Lord Fisher declares that both he and Churchill were strongly opposed to the Dardanelles adventure, though at the time of that unfortunate affair there was a general opinion in England that if Fisher had put his foot down firmly it would never have been launched. Undoubtedly the reasons that determined the adventure had more to do with political policy than naval or military strategy. Russia, being hard pressed at the time, demanded that the Turks be given some pre-occupation elsewhere, and it was probably good political policy at the time to comply with the demand. Lord Fisher says: "Without any doubt the beseechings of the Grand Duke Nicholas in the Caucasus on Jan. 2, 1915, addressed to Kitchener in such soldierly terms, moved that great man's heart; for say what you will Kitchener was a great man." And the Admiral goes on to express the following arresting opinion of Kitchener: "But he was a great deception, all the same, inasmuch as he couldn't do what a lot of people thought he could do. Like Moses he was a great commissariat officer, but he was not a Napoleon or a Molke; he was a Carnot in excelsis, and he was the facile dupe of his own fallacies."

Lord Fisher says the War Cabinet was under the influence of a misapprehension when they decided on the Dardanelles adventure, but he can hardly disclaim responsibility for the initial blunder of sending the war ships to advertise the affair before preparations were made to land troops there.

Lord Fisher's Memories will hardly add to his reputation. He is a great man, and has done good service to the State, but in his Memories he protests too much, and makes claims on his own behalf that had better been left to the judgment of the naval historian. He was no doubt greatly responsible for the creation of the dreadnought, the adoption of oil fuel, and other important departures in naval architecture and naval policy. He realized the possibilities of the motor-driven ship, but his vision or judgment was not always infallible. He did not appreciate the possibilities of the submarine. He scrapped a great number of small ships, which would have been very useful for convoy work, or for conversion into merchant ships had to be used as armed cruisers and dummy battleships when they might have been much better employed carrying supplies. He opened a way for promotion of war officers to commissioned rank, but under conditions that did not break down the snobbery of the navy. And while he was still at the Admiralty the policy was adopted of bringing in officers from the Merchant Service, and Royal Naval Volunteer Reserve men without any particular sea experience, and placing them in commissioned positions which the naval warrant officers could have filled with more efficiency, a policy which at one time caused a serious shortage of officers in the Merchant Service.

MR. DRURY'S PROBLEMS.

Apparently Mr. Drury will have difficulties in establishing the Farmer-Labor Coalition on a stable basis in Ontario. Some of the Labor representatives have already declined to cooperate, declaring they were elected as independents, and propose to retain their independence. And those who are willing to serve under Mr. Drury are asking him to commit his government to a radical programme which is hardly likely to make any strong appeal to the great majority of farmers. Mr. Drury is asked to incorporate the following interesting planks in his platform: A special tax on unearned increment; a higher tax on unimproved land; a higher graduated income tax; a higher inheritance tax; a lower tax on improvements, and a special income tax on the profits of corporations. The Labor group wish to commit Mr. Drury's government to the policy of compulsory bargaining and the eight-hour day; one a matter about which farmers know little and care less, while the other is hardly practical on the farm. On the Temperance question labor and the farmers are not quite in accord, the farmers being for a bone dry condition, while the labor men favor the sale under

government control of light beers and wines.

Both parties to the coalition are said to favor changes in the laws dealing with co-operative enterprises, with a view to encouraging some form of co-operative organization making it possible for the workers in cities to secure foodstuffs at lower prices with a reduction of prices to the producers on the farm. This may prove a difficult proposition to work out satisfactorily, for co-operative enterprises have had no great success in Canada, especially those established by workers in the cities. Among the reasons for this are the fact that the workers in Canada have never had to be so careful with pennies as in older countries, and the relative mobility of the more enterprising workers who might have the capacity to make a co-operative enterprise a success. Before this war young men entering business kept competition on a normal business basis, and there was no great spread between the prices received by the producer and the prices paid by the consumer. During the war young men have not been establishing new businesses to the same extent as they would have done if they had not been called to the service of their country, and the spread of prices may be greater than would be possible if competition were normally operative. In this condition the Farmer-Labor Coalition may be able to accomplish something in the co-operative line, but generally speaking conditions in Canada are not favorable to this form of enterprise. But they are not likely to continue in harmony very long if labor insists on realizing its policy of imposing an increasing burden of taxation upon the land.

THE ANNIVERSARY.

A year ago this morning the world woke with a throbbing expectancy—waiting in a half incredulous hope here and there along the night-march line of man-made desolation in France and Flanders the guns boomed and barked; grim bands of resolve warriors still moved steadily on Mosla, fighting and falling; over the mine-strewn waters the grey destroyers sped upon their tortuous courses, the impudent trawler patrols bounced upon their perilous business, worried merchantmen skirted to and fro, but the nations waited expectantly for the news—the news that broken Germany had given up the fight—the news that would lift the long nightmare of fear from millions and millions of homes.

The great news came at last, and cities, towns and hamlets gave themselves up to a delirium of joy and thanksgiving. A year has passed. The great empires that challenged the free civilizations are broken and humbled; their war lords in exile await the judgment of outraged humanity. But peace has not taken possession of the world. Over great areas the war gods still hold sway; armies still contend for mastery—death and disease claim toll of suffering humanity. And in the victor nations the spirit of unity which enabled them to smash the monstrous power of the foe has given place to disunion and strife. An old system is breaking down; old conceptions no longer answer the aspirations of humanity. New problems are arising, pregnant with portentous possibilities. Capital and labor are allying themselves in a struggle the outcome of which no man can foresee, but which may well cause every body the gravest concern. Will the issue between capital and labor be fought out in a spirit of blind selfishness? Or will that spirit of democracy for which so many died to make the world safe for, triumph, and again bring the clashing factions in a unity of effort for the uplift of humanity? Will the nations fall their dead, of whom Alfred Noyes says: "They never knew the secret game of power, All that this earth can give they burst aside, They crowded all their youth into an hour, And for one fleeting dream of right they died. Oh, how we fall them in that awful trust, How should we bear those voices from the dust?"

MANNING DOHERTY.

The announcement that Manning W. Doherty has been appointed to the important position of Minister of Agriculture in the new Farmers' Government of Ontario has been received with interest by his many friends in St. John and New Brunswick. Mr. Doherty was an unsuccessful candidate at the recent elections, but his standing with the farming community of his native province will doubtless assure him a seat. He has long been the proprietor of a big farm noted for its model management. During his business career Mr. Doherty came to St. John as local manager of the A. R. Williams Machinery Company, and later became manager of the Maritime Construction and

Dredging Company, building the new wharves on the West side. While here he took a keen interest in politics, supporting the Conservative Party. His health obliged him to retire to his farm. His inclusion in the Farmers' government will assure at least one Minister whose experience will enable him to sympathize with the business community.

Mr. Doherty is a natural orator, of calm clarity and fervor, and he is endowed with very considerable executive ability, as was proved by his success in different lines of endeavor. His ready smile, genial manner, and lively interest should serve him in good stead in a position which in a Farmers' Government will no doubt be beset with a goodly amount of difficulties. Warm friends here will be glad that his health has recovered sufficiently to permit him to undertake the duties of so important a position, and will watch his new career with great interest.

The Globe is usually fair-minded enough to refrain from expressing opinions before it is sure of its facts. But it has been led to make some observations with reference to the recent Opposition Convention based on an incorrect version of what transpired there. Mr. Baxter did not refer to the resolution adopted in caucus or introduced into the Legislature by the Opposition members, and the Globe's criticism of Hon. Mr. Murray are beside the mark, because he was not present during the discussion on the question of leadership. If the Globe had read the official report of the convention proceedings it might have realized that, for if Mr. Murray was present he would, following a time-honored practice, have been called on for a speech after his election.

A BIT OF VERSE

THE WESTERN MEN.

The men of the North are stern and shrewd; The Eastern men are strong; The Midland men toll hard and late To roll the world along; The Southland men are kind and slow As their placid vales and streams; But, oh! it's the men of the West, Who are the Dreamers of Dreams. They read the runes of the changing year On the heath and fern-clad hills; They learn the lore of the Other Things In the pools of the sea-brown rills. Their eyes are turned to the sunset glow, And through its golden haze And the glint of its guiding stars. The west wind sings in their tranced ears. The song of the Far Beyond; The sea's breath hurs their souls to sell. On the tracks no man hath comed; So they seek an adventure, not knowing why They follow those shifting gleams. For that is the weird of the Western men. Who are the Dreamers of Dreams. —G. E. Merrick, in Chanters' Journal.

Common Troubles Caused By Eye Strain

Many ailments which are a menace to health begin with eye strain. Sight requires that the muscles which control the eyeball and its parts should work constantly. If the shape of the eye is not perfect, the work becomes too heavy and the muscles are strained. This strain causes headache, nervousness, exhaustion, tired, weak, painful eyes. Medicine does not cure. The only remedy is properly fitted glasses. You secure thorough, competent attention to your eye needs when you come to Sharpe's.

Thin, Pale and Watery—Keep Healthy Blood With

Explains How Nuxated Iron—Master Strength-Building of The Blood—Helps Give Renewed Vigor and Resilience to Men and Puts Roses into the Cheeks of Women.

If you tire easily, if you look pale, haggard and worn, if you feel generally weak, nervous and run-down it would probably be foolish to look at a drop of your own blood under a powerful microscope and compare it with a drop of pure, healthy blood—rich in iron. Actual blood tests show that a tremendously large number of people who are weak and ill lack iron in their blood and that they are ill for no other reason than lack of iron. Iron deficiency paralyzes healthy, energetic actions, pulls down the whole organism and weakens the entire system.

There are thousands whose bodies are ageing and breaking down at a time when they should be enjoying that perfect bodily health which craves defiance to disease simply because they are not awake to the condition of their blood. By allowing it to remain thin, pale and watery they are not giving the natural life forces of the body a chance to do their work. Yet others go through life apparently possessing, year after year, the elasticity, the strength and the energy of earlier days—through their bodies courses the energy and power that comes from plenty of red blood—filled with strength-giving iron. Iron is red-blood food and physicians explain below why they prescribe it. Nuxated Iron—to build up the red blood corpuscles and give increased power and endurance.

Commenting on the use of Nuxated Iron as a tonic, strength and blood-builder by over three million people annually, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, said: "Modern methods of cooking and the rapid pace at which people of this century live has made such an alarming increase in iron deficiency in the blood of American men and women as I have often marvelled at in large number of people who lack iron in the blood—and who never suspect the cause of their weak, nervous, run-down state. Lack of iron in the blood not only makes a man a physical weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are necessary to success and power in every

DON'T BE BALD

How to Make Hair Grow Strong, Thick and Lustrous.

Few of us get bald in a day and we all have ample warning when our hair is thinning out.

Parisian sage is a most efficient hair invigorator, but to quickly stop any further loss of hair and promote a new growth it must be rubbed into the scalp so the starved hair roots can really absorb it and get the vital stimulation so badly needed.

You will surely be delighted with the first application, for your hair and scalp should look and feel 100 per cent. better.

Parisian sage is not expensive. It's a scientific preparation that supplies hair needs—a clean, non-sticky, antiseptic liquid that is sold by good drug stores everywhere with guarantee to give you perfect satisfaction or money refunded.

Good looking hair is half the battle in any man's or woman's personal appearance. Neglect means dull, thin, lifeless hair and finally baldness, while a little attention now should insure thick and lustrous hair for years to come.

No matter what your hair troubles try a Parisian sage massage tonight—you will not be disappointed.

What Kind of Blood Have You?

Thin, Pale and Watery—Keeping You Weak, Nervous and Run-Down—Or Rich, Red, Healthy Blood With Plenty of Iron in It To Give You Strength, Energy, Power and Endurance.

Physician Says Iron is Red Blood Food

Explains How Nuxated Iron—Master Strength-Building of the Blood—Helps Give Renewed Vigor and Energy to Men and Puts Roses into the Cheeks of Women.

If you tire easily, if you look pale, haggard and worn, if you feel generally weak, nervous and run-down, it would probably astonish you to look at a drop of your own blood under a powerful microscope and compare it with a drop of pure, healthy blood—rich in iron. Actual blood tests show that a tremendously large number of people who are weak and ill lack iron in their blood and that they are ill for no other reason than lack of iron. Iron deficiency paralyzes healthy, energetic actions, pulls down the whole organism and weakens the entire system.

Plenty of iron makes rich, red corpuscles like these. Highly magnified drop of blood of anemic woman, showing lack of healthy, red corpuscles.

There are thousands whose bodies are aging and breaking down at a time when they should be enjoying that perfect bodily health which cries defiance to disease simply because they are not awake to the condition of their blood. By allowing it to remain thin, pale and watery they are not giving the natural life forces of the body a chance to do their work. Yet others go through life apparently possessing, and then, after a year, the elasticity, strength and the energy of earlier days—through their bodies courses the energy and power that comes from plenty of red blood—filled with strength-giving iron. Iron is red-blood food and physicians explain below why they prescribe organic iron—Nuxated Iron—to build up the red blood corpuscles and give increased power and endurance.

Dr. T. Alphonso Wallace, a physician of many years' experience in this country and abroad, says: "I do not make a practice of recommending advertised medicinal products, but I have found Nuxated Iron so potent in nervous, run-down conditions, that I believe all should know it. The men and women of today need more iron in their blood than was the case twenty or thirty years ago. This because of the demoralized diet which is so common and daily in thousands of homes and also because of the demand for greater resistance necessary to offset the greater number of health hazards to be met at every turn."

Commenting on the use of Nuxated Iron as a tonic, strength and blood-builder by over three million people annually, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, said: "Modern methods of cooking and the rapid pace at which people of this century live has made such an alarming increase in iron deficiency in the blood of American men and women that I have often marvelled at the large number of people who lack iron in the blood—and who never suspect the cause of their weakness, nervous, run-down state. Lack of iron in the blood not only makes a man a physical weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every

walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. I have strongly emphasized the great necessity of physicians making blood examinations of their weak, anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their blood corpuscles without ever realizing the real cause of the trouble. But in my opinion you can't make these strong, vigorous, successful, sturdy iron men by feeding them on metallic iron. The old forms of metallic iron must go through a digestive process to transform into organic iron—Nuxated Iron—before they are ready to be taken up and assimilated by the human system. Now, instead of all that has been said and written on this subject by well-known physicians, thousands of people still insist on dosing themselves with metallic iron simply, I suppose, because it costs a few cents less. I strongly advise readers in all cases to get a physician's prescription for organic iron—Nuxated Iron—or if you can't wait to go to this trouble then purchase only Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package. If you have taken preparations such as Nux and Iron and other similar iron products and failed to get results, remember that such products are an entirely different thing from Nuxated Iron.

Juvenile Court Needed Help To Rise From Chair

Matter Considered at Enthusiastic Meeting Held Last Evening—City Commissioners to be Asked for Grant.

The matter of establishing a juvenile court for the city of St. John was considered at an enthusiastic meeting in the Board of Trade rooms last night. The city commissioners will be asked to make a grant towards its establishment with an adequate probation system. There are twelve of the city's most influential social organizations behind this movement and steps will be taken to secure the active co-operation of others interested in social welfare work. At the meeting last night which was presided over by A. R. Crookshank, who has since the inception of steps were taken towards organization for a more aggressive campaign.

OBITUARY

Isaac A. Folkins.
Stewarton, N. B., Nov. 6.—The community was greatly shocked here on Oct. 30th by the very sudden death of Mr. Isaac A. Folkins. He had a kind and lovely disposition so well known to every one who knew him. He was a ready smile upon him many friends wherever he went. He will be greatly missed. He was a member of the Methodist Church. He leaves to mourn, besides his widow, three children, Mrs. Reginald L. Somerville, of Narrows, Queens County; Neville G. Folkins, at home; and Mrs. J. Fred Booth, of Springfield, N. B., and two step-children, Mrs. Geo. W. Carlisle, of this place, and Peter L. Ogilvie, of Charlottetown. He leaves also a son, Mr. Richard, of Moncton; Jas. of Norton; Peter and George, of St. John; J. Penwick, of Millstream; also three sisters, Mrs. Fletcher, Norton; Miss Leah Folkins, of Stoneham, Mass., and Mrs. H. Hynes, of Grotton, Mass.

Ruth Armstrong.
Salsbury, N. B., Nov. 10.—A very sad death occurred on Friday at the home of Mr. and Mrs. Fred Armstrong, of Charlottetown, P. E. I., on Saturday afternoon. She was six years, passed away after a brief but severe illness. The little one had been ailing for a couple of days, and early Friday afternoon became critically ill. Medical aid, however, was of no avail, and death occurred shortly before midnight. Besides the sorrowing parents, there are left to mourn two sisters, Follins and Mildred, aged ten and eight years and a brother, aged four. The funeral was held Saturday from the home, the service being conducted by Rev. Norman A. MacNeill. Interment was made at Pine Hill cemetery.

Arthur Duplissea Meets Tragic Death

Mistaken for a Deer in Woods at Enniskillen and is Shot by His Brother Andrew on Sunday Afternoon.

Wayagamack moved up to 83 and closed at 87 on sales of 2,300 shares. Brompton and Abitibi finished the day at a gain of a point each at 84 and 133 after selling up to 84 1/2 and 133 respectively.

LET THE FARMERS ADMINISTER FARM LAW, SAYS DILLON

Editor of Rural New Yorker Declares Too Many Officials Make for Extravagance.

New York, Nov. 9.—Division of the Department of Farms and Markets in two distinct bodies was yesterday suggested by witnesses at the hearing before George Gordon Battle, who is conducting an investigation into the department with a view to suggesting reforms.

Dr. Dillon, formerly Market Commissioner, advocated seeking advice from the farmer direct instead of depending on men in public positions for agricultural information. He also suggested that the farmers be allowed to dictate the policies of their administration.

Laws Antiquated

The best way to bring relief to producer and consumer is to call a committee of practical farmers, legislators and experts together to revise the whole agricultural laws, which are antiquated," he stated.

are getting \$2.35 a hundred pounds. The dealers are receiving ten cents a quart for delivery. The milk dealers have an expense of one cent for pasteurization and for freight charges, and this cost deducted from ten cents over and above the sum paid the farmers shows a net margin of profit to the dealer of nine cents for his work of getting the milk from the farms and delivering it to the doors of the consumers.

Mr. Barkitt advocated creating a general Agricultural Board, to be appointed by the Governor. He declared that too many investigations had had the effect of driving the farmer's boy from the farm.

Mr. Weisinger the next witness, favored a division of the department, with a head for each division. He also favored a Milk Commission composed of three members, one a farmer, one from the Health Department and the third, a consumer, to be appointed by the Governor.

Milling stocks were strong. Ogilvie's closed at 233, a new high, up 8 points from the previous closing bid. The market was up 290 with no stock offered under 300. Lake of the Woods was up three points at 218. Maple Leaf 3 1/2 points to 199 1/2. St. Lawrence up one point to 121.

Canada Forgings sold at 175 or ten points down from previous last sale. Total sales for the day: Listed stocks 15,497 shares, unlisted 665; bonds \$390,000; vouchers 5.

Here's your Suit!
\$40.00

For six days only the Semi-ready Store, corner King and Germain streets, will sell genuine \$50.00 Somerset Suits at \$40.00.

We are going to make a direct punch at the very heart of high prices.

Being fortunate in securing a large shipment of Serge Suits at a very low price, we in turn will offer the purchasing public of St. John a bargain long looked for in the clothing line.

This is not a sale of old stock that we wish to clear. Every suit is made in the very latest Fall and Winter styles direct from our factory. Everything custom-made but the price—and the price is a great consideration as we face a winter of uncertain conditions.

Sale starts Monday, November 9, and continues for six days, ending Saturday, November 15.

All suits finished to your individual measurements.

WOMEN PRAISED BY AIR COUNCIL FOR THEIR WORK
British Officers and Members of Force Commended for War Services.

London, Nov. 7.—Demobilization of the Women's Royal Air Services, a rapidly reduced to small proportions through rapid cutting down during the last few months, has been completed. A small force is retained to wind up the affairs of the corps.

The Air Council desires to express their appreciation of the good work done by the force both during and after the period of hostilities. In spite of much difficulty and in the face of hostile and unjust criticism the W. R. A. F. has left a record which they can feel well proud. During hostilities the good work they accomplished went far toward enabling the R. A. F. to reach the dominating position in the air, which had such a direct influence in the achievement of the final victory.

"Y" Harriers Score Over Harvard Team

Old Elis Won Both Freshmen and Varsity Events—Team Captains Were Victors.

New Haven, Nov. 8.—Yale captured two cross-country races from Harvard today, winning both the freshman and varsity events. The varsity won 18 points to 42 and the 1920 team triumphed by 22 to 33 points.

The two Yale captains, Harvey Reed, varsity, and Thomas Campbell, 1920, were the individual victors. Reed took the varsity event of about six miles in 33 minutes 45 seconds. Captain Lewis who made the best showing for Harvard, finished fifth, 33 seconds later. Four Yale men were closely bunched for the lead.

Captain Campbell, of the 1919 youngsters, led his field by 25 seconds, finishing the 3 1/2 mile event in 32 minutes 26 1/2 seconds. Captain Winchester of Harvard, who led the Crimson distance men, was third, with a mark of 23 minutes 12 seconds.

JIMMY WILDE ARRIVES
New York, Nov. 10.—Jimmy Wilde, World's Flyweight Boxing Champion, arrived here from England today on the steamship Baltic. Wilde plans to remain here several months. Several exhibition bouts have been arranged for him in the far west. Early next year he plans to take part in a championship bout in the east. His opponent for this contest has not yet been selected.

CITY BASKETBALL LEAGUE
The final meeting of the City Basketball League is called at the Y. M. C. A. this evening at seven o'clock sharp when intermediate and senior representatives are to be present. It is expected that there will at least be four teams in each league.

AND AFTER.
When the war has ended in victory complete,
For truth and right, and His uplifting grace.
Of freedom for the coming race—
shall it be War or Peace?
With us it rests—
No less than War, Peace has its acid tests.

War is most dreadful hell;
And yet full well
May peace be fouler than War's foul-est hell.
Unless some strong new soul of life
Rise up to say—if need be with the knife.

The slow insidious day—rot of decay,
Which no war less than war doth
Christ betray.
Rise up to charge all life with quick-
ened zest
For things not only better but the best.

Get back to God and Fundamental Right!
Build His new House with patience infinite!
Resolve life's vast complexities to ways
More simple and exhibit the days—
Let all life's warp and woof be inter-
weave

With gold of noble thought and radi-
ant love
So—only so—shall life's new temple stand
Rock-firm, unshakable. His rightful
deodand.

See to it then, Ye builders of the peace
And build with bold emprise life's new
won liberties
Build His fair kingdom as He first
designed

To a unending glory
And the welfare of mankind,
—John Oxenham, in Hearts Courageous.

WOMEN PRAISED BY AIR COUNCIL FOR THEIR WORK

British Officers and Members of Force Commended for War Services.

London, Nov. 7.—Demobilization of the Women's Royal Air Services, already reduced to small proportions through rapid cutting down during the last few months, has been completed. A small force is retained to wind up the affairs of the corps.

In appreciation of the services performed by the women the Air Council issued the following special order:

"The Air Council desire to express their appreciation of the good work done by the force both during and after the period of hostilities. In spite of much difficulty and in face of hostile and unjust criticism, the W. R. A. F. has left a record of which they can feel proud. During hostilities the good work they accomplished went far toward enabling the R. A. F. to reach the dominating position in the air, which had such a direct influence in the achievement of the final victory.

"Subsequent to the armistice, when it was necessary to disperse a large portion of the airmen to civil life, it was the W. R. A. F. who made it possible for the R. A. F. to meet the demands made upon it and maintained the services at the aerodromes until new male personnel could be enrolled.

"The necessity for the demobilization of the W. R. A. F. is now imperative, but in return to civil life Commandant Dame Helen Gwynne Vaughan, D. B. E., officers and members may feel assured that they carry with them the good wishes of the Air Council and a debt of gratitude from the nation."

Clergy and Laity Of Local Methodists In Conference

Clergymen and laymen of the local Methodist churches met yesterday in the Portland Methodist church for the quarterly session of the St. John district.

The morning session, following the devotional period, was occupied in a discussion of young people's work, and at the afternoon meeting, a round-table talk, the forward movement and the reports of the various church congregations were considered.

ARMSTRONG WINS
The Junior A school boys 100 yards dash in the Y. M. C. A. last evening proved most exciting. There were thirty-eight contestants and H. Armstrong proved the fastest doing the two laps in 15 seconds. D. Stephenson was second in 15 and 1/2 seconds; R. Sprout and L. Stratton tied for third place in 15 3/4 seconds; R. Connell and R. Morris tied for fourth place in 16 and 3/4 seconds. There was a good attendance of spectators and the event was interesting.

WOMEN'S INSTITUTE.
A meeting of the women's Institute was held last evening in the Institute rooms. In the absence of Mrs. J. V. W. Lawlor, Mrs. Edmund Flewelling first vice-president, presided. After a discussion in which both sides of the matter were presented a resolution was passed favoring the tearing down of the city court house. A discussion on the High Cost of Living took place.

Future of Minors Will Be Discussed

At the Annual Meeting of the National Association of Baseball League Now in Session.

Springfield Mass., Nov. 10.—The immediate future of the minor baseball leagues of the country in their relation to the major leagues and to each other will be considered at the annual meeting of the National Association of Baseball Leagues which begins here tomorrow. The questions set for discussion and action make the meeting the most important held by the leagues of lower classification in recent years. Sixteen minor leagues will be represented. The association will decide whether national agreement with the major leagues, which was abrogated a year ago, shall be resumed. A proposal that the former practice of allowing major leagues to draft players from the minors be restored will be opposed warmly, several delegates have announced. The question of restricting the entire minor league territory of the country to effect changes in league circles and a suggestion from smaller leagues that leagues below Class A be allowed equal voting power with the higher classified leagues also will be acted upon.

MISSING GIRL IS FOUND IN BARREL OF POTATOES

Found Near Death in Manville Cellar and Couple Are Accused of Abduction.

Somerville, N. J., Nov. 9.—Police hunting for twelve-year-old Mary Kuipa found her today in a barrel of potatoes in the cellar of Andrew Kumster's home in Manville. Potatoes had been piled about and above the girl to conceal her and she was unconscious and near asphyxiation.

Kumster and his wife were arrested and are in Somerset County jail here charged with abduction and contempt of court.

The girl says she was taken by the Kumsters from an Illinois orphanage with the consent of the institution several years ago, and since then had been the drover of the family. Recently, in response to her complaints, she was placed by the county court in the temporary custody of Mrs. Clarence Olson, a neighbor. She disappeared from the Olson home a few days ago.

ASH BARREL WAS CAUSE OF FIRE

About 12:40 o'clock this morning John Stack and family who reside at 112 Waterloo street on the corner of Richmond were awakened from their sleep by the smell of smoke. On investigation Mr. Stack found that there was a fire in the basement of the building. The smoke was too dense for him to enter the apartment and he was obliged to send in an alarm from Box 54. The firemen made a quick response and it was only a few minutes when the fire was extinguished. The fire originated from an ash barrel near the furnace and some furniture in one corner of the small room caught fire. The damage done was slight.

America Wins Soccer Game

Defeats a British Team at Bay Ridge Saturday by 3 Goals to 1—All Scores Made in First Half.

New York, Nov. 9.—America yesterday defeated the United Kingdom in an international soccer match arranged by the Crescent Athletic Club on its grounds at Bay Ridge. Although the Britishers started off in good shape and had a lead in the first five minutes of play, the Americans displayed superior staying powers and succeeded in winning out by the score of 3 goals to 1. All of the points were scored in the first half.

STOLE THIRD WITH THE BASES FULL

New York, Nov. 9.—The baseball tilt yesterday between the juniors and seniors of the College of the City of New York was decided by a home-run attempt to steal third with the bases full, which killed the chances of the juniors to tie the score in the last inning. The score stood 4 to 1 in favor of the seniors, when a spirited rally by the juniors placed Ball, Babinow and Littenberg on the bases. Two men were down and Scotty Shapiro, pinch hitting for Nunez, was at bat, when Murray, short stopping for the juniors, pulled the fatal home play.

WEDDINGS

Matheson-Henri.
Moncton, Nov. 10.—St. Bernard's church was the scene of a pretty wedding event this morning when Miss Mary Rosalie Henri, daughter of Mr. and Mrs. David Henri, of West Bathurst, was united in marriage to Frank Matheson, a returned soldier, of this city.

The ceremony was performed by Rev. Father Savase. The bride was attended by her sister, Miss Nellie Henri, of St. John, while the groom was supported by W. Henri, of West Bathurst, brother of the bride. After a short wedding trip Mr. and Mrs. Matheson will reside in Moncton.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

INTERNATIONAL SPORT CLUB STARTS BUSINESS

New York, Nov. 9.—The International Sporting Club, which aspires to become the greatest boating organization in the United States, announced itself publicly today.

The club is backed by Major A. J. D. Biddle, General Coleman Dupont, Justice Barlow B. Weeks, Major-General Wood, Admiral Sims, Secretary Lane and other prominent men. Tex Rickard, matchmaker of the club, plans to open the new clubhouse on February 3 with a bout between Jimmy Wilde, the British flyweight champion, and an opponent not yet selected.

ARGOS PROTEST THROWN OUT
Toronto, Nov. 9.—The Argonaut protest against last Saturday's Big Four Rugby game in Hamilton was thrown out last night at a meeting of the executive here.

Argonauts presented sworn and legally attested affidavits from players of the team, and also from touch-line Judge Kennedy, declaring that when Montgomerie carried the ball towards the Argos line there were spectators on the field of play between the ball-carrier and the second defence line of the Argosmen, who prevented the Argonaut halves from seeing the approaching player, in time to effect a tackle.

ATHLETIC SPLIT POSSIBLE
Ottawa, Nov. 10.—An athletic split between eastern and western Canada may be the result of the policy inaugurated in the west, more notably in Alberta, whereby professional athletes are being reinstated to amateurism by wholesale.

JIMMY DUFFY WON.
Niagara Falls, N. Y., Nov. 8.—Jimmy Duffy, lightweight of Lockport, who is scheduled to box Benny Leonard for the lightweight championship in Tulsa, Okla., November 17, knocked out Jack Doyle, of New York, in the third round of a scheduled ten round bout in this city last night.

Women Organize Soccer Teams

First Game for American Damsels Will be Played End of Month—Teams Recognized.

Bridgeport, Nov. 9.—Bridgeport, Conn., the home of the first woman soccer referee in the history of the game, in this country, has developed another innovation in the kicking game. Arrangements have been completed for the staging of the first soccer game between women's teams ever played in the United States, on Lordship Meadows, Bridgeport, on Saturday, November 29.

The game will have some official status, too, for both teams of women footballers have been accorded membership in the Connecticut State Football Association.

WOMEN ARE ELIGIBLE FOR OLYMPIC MEET.

Lausanne, Switz., Nov. 10.—Women originally were not expected to compete at the next Olympiad in Antwerp in 1920. It is said at the headquarters of the Central Olympic Committee here. Nevertheless, women in various countries are understood to be preparing a formal request for equality in every way in the games.

The committee announces that women will be welcomed to the Olympiad, and says they will be entered on the same conditions as men. The women of France, who recently have become active in several sports including football, are expected to ask official recognition.

Brought Sugar Cargo.
The Furness liner after D. Munson,
arrived in port yesterday from Cuba
with a cargo of 25,000 bags of raw
sugar for the Atlantic Refiners.

Also Brings Sugar Cargo.
The R. M. S. P. Chignecto, from
Bermuda and the West Indies, brought
a cargo of 2,500 tons of raw sugar,
1,200 puncheons of molasses and gen-
eral produce from the south. She
also carried a large passenger list
and considerable mail.

St. John-Cuba Service.
Early next month the new sailings
between St. John and Havana by way
of Cuba will be inaugurated. Already
booking for freight accommodation
are being made.

Buyers Displaced.
During the recent storm several
buyers in the local marine and fisher-
ies district were displaced. They will
be positioned again as soon as pos-
sible.

In The Wake of the Storm.
The S.S. Polar Land, abandoned at
sea, is reported to have sunk. The
Furness liner Kanawha is reported to
have gone to her assistance from
Halifax.

The collier Tolamachus was reported
to be in trouble off the coast of
Nova Scotia during Sunday night.
The towboat Merimac was sunk in
Halifax harbor Sunday.

The S.S. Plata is aground on Sable
Island. She was a transport during
the South African war.
The S.S. Gravelotte is also in trouble
off Sable Island and the D. O. S. Aran-
more has gone to her assistance.

A hull, bottom up, was seen east
of Sable Island yesterday. It is
supposed to be that of a 200 foot
four-masted vessel under construction
and was wrecked in the recent storm.

Northern New England—Increasing cloudiness Tuesday; warmer in interior; rain at night and Wednesday, colder Wednesday in west; increasing southeast to south winds.

AROUND THE CITY

RETURNS TO DUTY.
George A. Henderson, clerk of the police court was back on duty yesterday after his usual vacation.

A GOOD COLLECTION.
The All Souls' Day collection taken up at the Cathedral on Nov. 2 amounted to \$330.

THE GRAND JURY.
The Grand Jury are not required to attend at the Court House this morning. Due notice of when they will be required will be given.

CONGREGATIONAL REUNION.
A congregational reunion will be held in the Centenary church this evening in connection with the anniversary week.

WRECKING CREW ARRIVES.
A wrecking crew arrived from Moncton yesterday afternoon and is expected to clear the tracks at the foot of Clarence street will be all cleared by this morning.

N. B. MILITARY HOSPITAL.
The new Brunswick Military Hospital, Fredericton, passed out of existence yesterday and the institution becomes the principal hospital of the Department of Soldiers' Civil Re-establishment. The capacity will be increased to about one hundred beds. Practically the same staff will remain in charge of the hospital.

PREPARING RESOLUTIONS.
Mayor Hayes announced yesterday that the city solicitor was preparing resolutions, one with regard to a bicycle and the other in connection with the agreement between the city and the government, to present to the council in the matter of harbor commission. It is likely that the matter will come up at the meeting of the council this afternoon.

CITY BUILDING RAIDED.
A report was getting the rounds yesterday that late Sunday night the police patrol made a call at one of the city buildings and gathered in a number of young men and conveyed them to the police station, where, after an explanation had been satisfactorily made they were allowed to go. It is understood that the notes learned over the phone that there were parties in the building having no business there at such an hour, hence the raid.

FIRE DAMAGES NORTH END HOUSE.
Fire, which originated in the Elchen chimney, caused some damage to the house occupied by A. Ferrer, 89 Portland street, last night, and it was found necessary to use a stream from the rear of the house as well as the chemical to extinguish the blaze. The damage is slight and is said to be protected. L. H. Thorne is the owner of the building. An alarm was sent in at 11.45 from box 142, and the fire fighters were on the scene after a remarkably quick run, and the alarm signal was sounded fifteen minutes later.

LITERARY EVENING AT CENTENARY.
Excellent Programme Carried Through Last Evening by the Y. P. S.—Subject Was Eugene Field.

In connection with the anniversary of Centenary church the Young People's Society held a literary programme in the parlors of the church last evening. It was in charge of the literary department and was in charge of Miss Doris Harbour. The subject of the evening was the life of Eugene Field, and Miss Harbour read a paper on his life. Several readings were given by Miss Laura Baxter and Miss Ellen Good, and recitations by Alice McCavour and Mary Marney. A solo was rendered by Arnold Young, and the evening was most enjoyably spent by a large number.

A letter was read from W. J. McAlary 22 Alexandra street stating that much annoyance was caused him and damage done to the fence around his property by school boys. The communication was received and filed.

R. Gordon Leavitt submitted his report for the month which contained the following figures: Pupils enrolled 8464, average daily attendance 7632, 42 pupils ill, 11 at work, 49 left the city, transferred, 3 truants, 3 suspended, 17 kept at home.

The report of the auditor, Adam P. McIntyre, made to the Mayor and City Council was read. Mr. Lewis stated that he felt the School Board had no authority to deal with this report as it is made to the Mayor and Council. The bill of the City Auditor for \$174 was enclosed, received, and it was explained that Mr. McIntyre does the work in the evenings and the money is deducted from the funds of the board. Mr. Lewis questioned why the Board should pay the city auditor for an audit made for the benefit of the city. Dr. Bridges said that it was an old arrangement made when Mr. McIntyre became auditor. The matter was left with Trustee Lewis, the Chairman and the Secretary to investigate.

Trustee O'Brien's report for October showed that there are 120 irregular attendants at school, 25 truants of whom 15 have returned to school, 15 have been cautioned, 114 homes and schools have been visited and the officer has been twice to court. Victory Loan Mass Meeting Tonight

All Roads Lead to Imperial—Big Boom on in Fredericton—St. John Must Hustle—The Provincial Reports.

As a meeting held in Fredericton last night in very short time \$260,000 was subscribed for the Victory Loan, and the canvassers reported that in addition to this amount found here there was about \$200,000 more in sight. Fredericton did exceedingly well, and last night one of the local committees said that if St. John were to come to its objective it would have to wake up.

Everybody must wake up and go to the work with a will. The loan has been pretty well booked, but there is a great deal yet to be accomplished here, not only by the canvassers but by the citizens. Many persons were given the opinion that with six or seven millions were subscribed on Friday night that the purchasing of bonds would cease there, but such is not the case, and the canvassers are working hard to make sure that this week gives a showing that will place St. John over the top.

The mass meeting to be held tonight in the Imperial Theatre, starting at nine o'clock, should be largely attended. The first two rows are reserved for the members of the Rotary Club and there will be something doing every minute of what is expected to be a very successful meeting.

Moncton, which has been making great progress in the Victory Loan, progress of St. John lately, had a business men's meeting last night, and as a result the sum of \$75,000 was subscribed. Here is the time when St. John is going to show the Junction town just how far Moncton is behind the Loyalist City. And to do so everybody must help.

In the results from the province, listed below, it will be seen that Upper Gloucester and Charlotte Counties went well over the top and have won the special honor flag along with record-making Madawaska.

Other flag winners are the parish of Dipham, in Kings, which wins a flag and a crest, Westmorland, Westmorland, winning a flag and three crests; Deer Island and St. George, in Charlotte; St. Louis, in Kent, a flag and four crests.

It is evident that St. Andrews, which made the first boast of winning the German gun, is making every effort to get the work back on top, and little is well over the top and has only reported up to the fifteenth day of the campaign.

Chairman Peterson, of the local committee, is still sanguine, however, and has retained the carload of cement which he ordered for the victory flag. He is sure, Simonds is the local district so far to win honors, making the objective yesterday. The other local districts average about 75 per cent of what was done last year.

The special Million Dollar Club is doing good work and is expected to do a good announcement to make before the closing of the campaign.

At the special meeting in the Imperial Theatre tonight Mayor Hayes will preside, and among the special attractions will be Mrs. C. J. Kauring, representing the women's associations, and Fred A. Campbell, of the trades and labor interests. The W. V. A. band, which will be in attendance, will parade from their club rooms, Wellington Row, shortly before nine o'clock in a special rallying march to the theatre.

Provincial Campaign Results Up to Saturday Night.
