CLOUDY AND COOL

TWO CENTS

TWO MILLION ENGLISH ARE OUT OF WORK

Government Pays Unemployment Wages to 2,000,000 Persons Each Week.

COTTON STRIKE TO INCREASE NUMBER

Engineering Trades Are Also Threatening to Go on Strike at Early Date.

London, June 3.—Another very serious industrial situation has arisen by reason of the collapse of the cotton trade negotiations today. A similar dispute is pending in the engineering trades and the continuous additions to the ranks of the unemployed are proving a heavy drain on the state finances. At present the government is paying unemployment benefits to 2,000,000 persons at a cost of 1,800,000 pounds sterling weekly.

Funds Nearly Gone. As the total income of the state unemployment fund is only 600,000 pounds weekly, and all the accumulated funds together with 10,000,000 pounds advanced by the treasury, are nearly exhausted, it is stated the government intends to continue payment on the present scale for only another month. Then, it is understood, the scheme will be modified increasing rates of contribution and reducing the benefit payments.

MEIGHEN DENIES HASTE CHARGES

Nothing Done Indecently He Tells Hon. Mr. Fielding in Reply to Charge.

Ottawa, Ont., June 3.—When the bill respecting the Department of Customs and Excise was called for third reading in the House this afternoon, Hon. W. S. Fielding protested against the "scandalous manner in which public business was being conducted." The business of the government had fallen to the lowest stage, and because the prime minister was going overseas to attend the conference of British premiers was no reason why public business should be rushed through with indecent haste. Other members had gone overseas, but on those occasions the public business had been conducted with a marked decency.

Mr. Meighen said the attitude taken by Mr. Fielding was most unfair to the administration. "I almost said unfair to myself," he added. "No attempt was being made to rush the business of the House, but it was the desire on both sides to carry on with as little debate and obstruction as possible. 'What has the government done that is indecent?' the prime minister asked. Mr. Meighen said he thought it his duty to stay in Canada until parliament prorogued and he would continue next week, if necessary. The bill was read a third time without further discussion.

Rowell and Maharg Quit The Commons

Ottawa, June 3.—Hon. N. W. Rowell, member for Durham, and J. A. Maharg, member for Maple Creek, have both resigned their seats in the House of Commons. The resignations will necessitate a by-election in each case.

KILLED IN MILL. Campbellton, June 3.—Word was received here last evening that Simon Fleury, of Restigouche, P. Q., had been instantly killed while working in Guertin's Mill at Kalm's Sliding about one mile from Kedgewick.

HALF MILLION TO STRIKE IN MANCHESTER

Spinners and Weavers to Quit Work at Once Because of Wage Reduction Proposed by Employers.

Manchester, Eng., June 3.—Virtually a half million operatives in the spinning and weaving sections of cotton mills will cease work tomorrow owing to the fact that it has been impossible to arrive at an agreement with the cotton spinners and manufacturers' association over a proposed reduction of thirty per cent in wages.

RAILS BACK TO PRIVATE OWNERS AFTER FAILURES

Nfld. Gov't Abandons Attempt to Operate Deficit Producing Lines.

COMPANY NOT ANXIOUS TO RECOVER PROPERTY

Claims It Must Have Substantial Assistance to Continue Operations.

St. John's, Nfld., June 3.—Abandonment of government operation of the Newfoundland railway system was announced today. The railway commission consisting of three members appointed by the cabinet and three by the Reid-Newfoundland Company, owners of the system, will be dissolved on June 30 and the railway will be returned to the company for operation.

Some Big Losses. The company sustained a loss of nearly \$1,400,000 in its operation of the system for the year ended in June, 1920, and it is estimated that the loss for the current year under government control will be greater. Officials of the company declared that it was impossible to operate the railway under present conditions without suitable financial help from the colony, but made no announcement of further plans.

Perished in Dory Drifting At Sea

Body Picked up in Little Boat Far off Shore by Fishing Schooner.

Boston, Mass., June 3.—A lone man's unsuccessful fight for life in an open dory at sea with little food or water was disclosed here today when the fishing schooner Waltham brought in his body picked up yesterday, twenty-five miles east of Highland Light and west of the Georges fishing banks. The body was found in the bottom of a dory that was riding the waves as right and tight as if under a fisherman's hand. In the stern stood a bamboo pole with a piece of red attached to it, a marker of distress.

Starved to Death. The body was badly emaciated. Captain Clifford of the Waltham said that suffering from thirst and hunger must have been great and that it was days before death delivered the man from his troubles. The fish that he caught, apparently were his only food, and he had no fresh water. The man was well dressed for his calling. He appeared to be about 45 years of age.

Gets Some Playtime. With all this work, Juliana has some time for play. She is a plump, fair-haired girl of the true Dutch type. She goes out in all weathers. She is particularly fond of skating and when there is ice on the canal, is frequently seen there, skimming along with her mother, the queen.

King Is Pleased By Canada's Message

Ottawa, June 3.—The governor-general has received the following message from the King: Buckingham Palace, London, June 3. "It gives me much pleasure to receive your telegram of congratulation sent on behalf of the government and people of Canada. Please convey to them my cordial thanks for their good wishes.

SINN FEINERS FAIL TO FREE MEN IN JAILS

Delivery by 'Fake' Officers Frustrated by Police Arrival.

PRISONERS ATTACK AND BIND WARDENS

Woman Killed While Watching Cricket Match at Trinity College.

Dublin, June 3.—While a cricket match was in progress on the Trinity College grounds this afternoon, six pistol shots were fired from Nassau street which skirts the grounds. Miss Katherine Wright, a spectator, was shot in the breast and killed.

Jail Delivery Tried. Belfast, June 3.—An attempted jail delivery was frustrated this afternoon by the quick arrival of a body of police from a nearby barracks. Men disguised as officers drove to the jail in taxicabs and demanded the keys to the section of the prison where Sinn Feiners are under detention.

Cork, June 3.—At Bally Foby, County Donegal, yesterday, a party believed to comprise a half dozen armed men fired upon a police motor car. The crowd forces repelled, killing two of the ambushers.

Bridge Blown Up. In County Tyrone a bridge across the River Owenkilloe was demolished by explosives. The body, a youth, with the neck broken, was found in the debris. It is believed the charge exploded prematurely.

The warden, suspicious of the supposed officers, threw away the keys to the section of the city jail and raised an alarm. During the excitement Sinn Fein prisoners who were engaged in exercise, pinioned some of their guards with ropes and were awaiting the expected rescuers. When the police arrived they quickly put down the insurrection. The prisoners for several days had been ordered signalling to persons on the Oranilla road outside the prison wall.

Wires Are Cut. Liverpool, June 3.—Telegraph wires in various districts of Liverpool were cut. Men were seen on the top of the poles tampering with the wires, but they disappeared before the police arrived. Similar acts of vandalism are reported at St. Helens and Wigan.

LITTLE DUTCH PRINCESS HAS TO WORK HARD

Spends Good Part of Each Day in Studying Her Lessons.

The Hague, June 3.—Twelve-year-old schoolgirls in America who sometimes think teachers are mean, or that their mothers make them work too hard, and who long for the life of a princess, would find they had only to study the more and work the harder if they led the life of Princess Juliana of Holland, whose twelfth birthday anniversary was celebrated Saturday.

Has To Work Hard. Far from being the princess of fairy tales, who has nothing to do but sleep on silken covered rose beds, eat chocolate drops and play with gay little page-boy courtiers, Princess Juliana has to study French history, arithmetic, geometry, algebra, geography, drawing, grammar, voice culture and violin playing.

In addition to this, because of her royal position and the fact that she will be a queen some day and the ruler of a nation, no matter who her husband is, she is taught etiquette, court customs and the strict rules of conduct pertaining to a princess. Up to the last year, Princess attended a little school at the palace with a number of little girls of the Dutch nobility. Now, however, as she has reached the age of 12, which is an age of great decorum for a princess, she is having private lessons because she must learn things in a shorter time than other children of her age.

Gets Some Playtime. With all this work, Juliana has some time for play. She is a plump, fair-haired girl of the true Dutch type. She goes out in all weathers. She is particularly fond of skating and when there is ice on the canal, is frequently seen there, skimming along with her mother, the queen.

World News Today

CANADA General Assembly of the Presbyterian church discusses church union all day but fails to agree. Premier Drury of Ontario threatens to make Lake of the Woods an election platform.

World News Today

CANADA General Assembly of the Presbyterian church discusses church union all day but fails to agree. Premier Drury of Ontario threatens to make Lake of the Woods an election platform.

THE BRITISH ISLES

Half million weavers and spinners of the Manchester district are on strike today. Engineers of British Isles threaten to strike at once because pay is to be reduced. Coal miners reject offer of a settlement made by Premier Lloyd George.

CANNOT AGREE ON POLICY OF CHURCH UNION

All Day Discussion at General Assembly Fails to Reach Decision.

SHARP DIVISION AMONG DELEGATES

Claim Made That Third of Church Cannot Legislate for All.

Toronto, Ont., June 3.—Undaunted by heat of a crowded church, the commissioners to the Presbyterian general assembly listened with rapt attention all day today to the perspiring debaters on the question of church union, and adjourned at 5:30, without a vote having been taken. The discussion will be resumed on Monday afternoon at 2:30, other matters having been postponed until tomorrow.

EXCHANGE RATE MAKES DEFICIT IN CHURCH WORK

Toronto, Ont., June 3.—The report of the board of foreign missions presented to the Presbyterian general assembly today reported the total amount so far received from the forward movement by the foreign department is \$634,000. This money has enabled the board to provide hospitals, schools and equipment in the foreign field that have greatly increased the efficiency of the work. The foreign mission board reported last year a deficit of \$28,656.66 and this year that amount has increased to \$58,186.

FORWARD MOVEMENTS HELPS MISSIONS

Already \$534,000 Has Been Paid in to Funds for Foreign Work. The adverse exchange cost the foreign mission fund \$80,535.75 in 1920, which alone accounts for the present deficit without taking into the reckoning the increased cost of living and of travel and necessarily increased expenditure in all departments of the work. The Canadian appeal in behalf of famine sufferers in Honan received a response of about \$20,000 over one-half of which amount passed through the treasurer's hands.

THOMAS BAYLE DEAD.

Newcastle, N. B., June 3.—The death of Thomas Bayle, Sr., one of the best known residents of this county, occurred at his home here early this morning after an illness of about three weeks from diabetes. He was for many years employed by D. and J. Ritchie Co. as a surveyor but of late years has been doing carpenter work about town. He was seventy-five years of age and leaves a widow, who is also seriously ill, three sons, Garrett, in British Columbia, Edward, Northampton, Mass., Thomas, Jr. of Newcastle, two daughters Margaret F. (Mrs. Dr. McBride), Northampton, Mass., Miss Mary of Boston, at present at home. The funeral will take place at three o'clock on Sunday afternoon with burial in St. Mary's cemetery.

Dr. Pringle.

Dr. John Pringle of Sydney, N. S., said that his experience in the military all across Canada from the Yukon to the Atlantic had convinced him that many of the three churches should be brought about. He was not anxious to hurry matters unnecessarily so long as this assembly placed on record its intention to get forward towards union. Dr. Pringle told the audience that although the people were mostly highland Scotch in Cape Breton the sentiment was almost unanimous for union. There were union churches also in the town of Inverness and in the city of Halifax.

LLOYD GEORGE PLAN REFUSED BY MINE MEN

Executive of the Strikers, After Long Study, Refuse New Proposals.

TEN MILLION POUNDS TO HELP INDUSTRY

But Offer Was Conditioned Upon a Permanent Settlement of Troubles.

London, June 3.—The executive body of the striking coal miners today finally rejected the government proposals for a settlement of the coal strike. Mr. Lloyd George at a conference on Saturday last with the mine owners and the executive body of the miners handed them proposals for a temporary arrangement intended to lead a permanent settlement of the coal strike.

What Was Proposed

The temporary proposals provided for a gradual scaling down of wages until they should reach the economic level to which the coal industry is capable of sustaining, based on the grant of \$10,000,000 from the exchequer and surrender by the owners of the standard profits for three months in the districts in which government assistance might be required. Mr. Lloyd George indicated at the time that the grant would not be given until arrangements for continuing the agreements had been arrived at by the contending parties.

EXCHANGE RATE MAKES DEFICIT IN CHURCH WORK

Foreign Mission Board of Presbyterians Had Exchange Bill of \$80,535.75.

FORWARD MOVEMENTS HELPS MISSIONS

Already \$534,000 Has Been Paid in to Funds for Foreign Work.

Toronto, Ont., June 3.—The report of the board of foreign missions presented to the Presbyterian general assembly today reported the total amount so far received from the forward movement by the foreign department is \$634,000. This money has enabled the board to provide hospitals, schools and equipment in the foreign field that have greatly increased the efficiency of the work. The foreign mission board reported last year a deficit of \$28,656.66 and this year that amount has increased to \$58,186.

Exchange Hits Hard.

The adverse exchange cost the foreign mission fund \$80,535.75 in 1920, which alone accounts for the present deficit without taking into the reckoning the increased cost of living and of travel and necessarily increased expenditure in all departments of the work. The Canadian appeal in behalf of famine sufferers in Honan received a response of about \$20,000 over one-half of which amount passed through the treasurer's hands.

THOMAS BAYLE DEAD.

Newcastle, N. B., June 3.—The death of Thomas Bayle, Sr., one of the best known residents of this county, occurred at his home here early this morning after an illness of about three weeks from diabetes. He was for many years employed by D. and J. Ritchie Co. as a surveyor but of late years has been doing carpenter work about town. He was seventy-five years of age and leaves a widow, who is also seriously ill, three sons, Garrett, in British Columbia, Edward, Northampton, Mass., Thomas, Jr. of Newcastle, two daughters Margaret F. (Mrs. Dr. McBride), Northampton, Mass., Miss Mary of Boston, at present at home. The funeral will take place at three o'clock on Sunday afternoon with burial in St. Mary's cemetery.

Dr. Pringle.

Dr. John Pringle of Sydney, N. S., said that his experience in the military all across Canada from the Yukon to the Atlantic had convinced him that many of the three churches should be brought about. He was not anxious to hurry matters unnecessarily so long as this assembly placed on record its intention to get forward towards union. Dr. Pringle told the audience that although the people were mostly highland Scotch in Cape Breton the sentiment was almost unanimous for union. There were union churches also in the town of Inverness and in the city of Halifax.

RHUBARB FIELD IS FULL OF GIN BOTTLES

Inspectors Discover Rich Haul of Liquor Hidden in Patch Near Canadian Border, Aroostook Co.

Houlton, Me., June 3.—Flies may not grow on rhubarb, but rhubarb plants can bear whisky and gin. This phenomenon was reported by High Sheriff W. Grant today on his return from a trip to the St. John river section of Aroostook county, on the Canadian border. "In the rhubarb field of a man in Frenchville," he said, "we discovered a number of bottles filled with liquor. The bending stems served as a resting place for the bottles and the big leaves hid them from view. Rock piles and lumber piles were other places of concealment."

DRURY TO MAKE WATER RIGHT AN ELECTION ISSUE

Very Angry Over Lake of the Woods Measure Adopted by Ottawa.

PREPARING FOR LEGAL ACTIONS

If That is Lost Then He Will Make It An Election Battle.

Toronto, June 3.—The Ontario government is going to stake its very existence in fighting to keep control of the waters of the Lake of the Woods, according to information available here. By passing legislation declaring these waters as being to the general advantage of Canada, the Federal House has aroused Premier Drury and his colleagues for a battle that will in all probability end in a general election in the province, it was learned today. Speaking on the subject, Premier Drury said: "That legislation must be contested. We must do everything in our power to have the measure repealed and we are going to make this an issue. It will either be a legal issue, an election issue or both."

Action in Court

Reports are being gathered now in preparation for action in court. "And if we lose in the legal battle," he continued, "then we shall most certainly go to the people of the province with the control of our waters as an issue. For two years while private interests controlled Norman, which regulates the flow into the Winnipeg River the Federal Government kept still and did nothing. But just as soon as Ontario obtains absolute control of the Norman dam the 'private interests' cry is raised."

Orangemen Approve Sir Edward Carson

Nova Scotia's Grand Lodge Sends Message of Sympathy to Irish Brethren.

Sydney, N. S., June 3.—The next annual meeting of the Orange Grand Lodge of Nova Scotia will be held in Halifax and the next annual twelfth of July celebration at Truro, it was at the closing session of the association at North Sydney last night.

South Bay School Report For May

The following is a report of the South Bay School for the month of May: Number of pupils enrolled, 33; average attendance, 23; percentage of enrolled pupils daily present on an average, 71.25. Pupils present every day and not tardy—Mabel Seely. Pupils present every day, but tardy: Georgia Doherty, Marion Arthur, Robert Finley, Blanche Long, Margaret Whalend. Pupils missing not more than one day:—Rosa Bealey, Fred Long, Norman Whalend. Pupils making an average of 60 or over on May examinations:—Grade V, Class A—Georgia Doherty, 87.3; Blanche Long, 85.8; Dorothy Steeves, 83.6. Grade V, Class B—Lilly Stern, 96.3; Fred Stern, 89.6; Gregory Duffy, 78.7. Grade IV.—John Arthur, 83.1. Grade III, Class A—Gertrude Seely, 87.7; Rose Collins, 81.2; Robert Finley, 77.1; Nellie Hayes, 68.8; Fred Long, 65. Grade III, Class B—Mary Hayes.

NEW GOVERNOR GENERAL WILL BE LORD BYNG

Famous Commander of the Canadians at Vimy Ridge Given Position.

WON HIS PEERAGE AT BATTLE OF ARRAS

Veteran of Many Wars Will Succeed the Duke of Devonshire.

London, June 3.—The appointment of Lord Byng of Vimy as governor-general of Canada in succession to the Duke of Devonshire, was announced officially today. General Lord Byng, of Vimy, G.C.B., G.C.M.G., M.V.O., was created the first Baron of Vimy in 1919, and his title connects him with the famous engagement at Vimy with the Canadian Corps in France attacking on a front of 8,000 yards, penetrated to a depth of six miles, capturing 7,000 prisoners and 67 guns, and with them the strongest position on the British front.

Battle of Arras

The fight was officially known as the battle of Arras. Gallant troops, superb generalship and wonderfully pre-arrangements were factors which contributed to the success of the Canadian corps. After Vimy, General Byng was promoted to the command of the Third British Army. General Byng first took over the first command of the Canadians in February, 1916, succeeding General Alderson. He commanded the Canadians in several victorious actions against the Germans previous to the crowning achievement at Vimy Ridge.

Tribute From Senate

Ottawa, Ont., June 3.—Leaders of both parties in the Senate today paid graceful tributes to the departing governor-general. Moving that the Senate concur with the Commons in an address in appreciation of His Excellency's services, Sir James Loughheed, government leader, said that His Excellency, who had come to Canada in a most critical period in the life of the nation and of the world, had during his stay in Canada added lustre to the great services which his distinguished family had already rendered to the state. Senator Heston, opposition leader, said that during his tenure of office in Canada, the Duke of Devonshire had upheld the traditions of the great family to which he belonged. Senator David said that, speaking for the French-Canadian members of the Senate, he concurred in everything that had been said.

Robbers Are Busy In Moncton Region

Moncton, N. B., June 3.—The store of Grandall and Carter at St-Jacques was broken into Wednesday night. Some jewelry, watches, ties, etc., are missing, also a few dollars from the till. It is believed that the party met with an accident before leaving. A carriage, which had run against a post was found this morning, also a horse, which had broken away. A garage belonging to Frank Mullins was broken into and a car stolen. The car belongs to Mr. Peckham of Gorman and Peckham, Halifax, contractors.

South Bay School Report For May

The following is a report of the South Bay School for the month of May: Number of pupils enrolled, 33; average attendance, 23; percentage of enrolled pupils daily present on an average, 71.25. Pupils present every day and not tardy—Mabel Seely. Pupils present every day, but tardy: Georgia Doherty, Marion Arthur, Robert Finley, Blanche Long, Margaret Whalend. Pupils missing not more than one day:—Rosa Bealey, Fred Long, Norman Whalend. Pupils making an average of 60 or over on May examinations:—Grade V, Class A—Georgia Doherty, 87.3; Blanche Long, 85.8; Dorothy Steeves, 83.6. Grade V, Class B—Lilly Stern, 96.3; Fred Stern, 89.6; Gregory Duffy, 78.7. Grade IV.—John Arthur, 83.1. Grade III, Class A—Gertrude Seely, 87.7; Rose Collins, 81.2; Robert Finley, 77.1; Nellie Hayes, 68.8; Fred Long, 65. Grade III, Class B—Mary Hayes.

TODAY

IMPERIAL—"The Jack-Knife Man." OPERA HOUSE—Evans and Perez Sensational Parody Act. John O'Malley, the Irish Tenor. Three other big features and Serial Drama, "Bride 13." Coming!

Blue Bird Tea is coming soon to St. John. Wait for it. Brings Happiness!

Blue Bird TEA

How To Revitalize Wornout Exhausted Nerves

Your nerve power depends on plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the mines of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalizes wornout, exhausted nerves and give you new strength and energy. Over 4,000,000 people annually are using it. Beware of substitutes. Always insist upon having genuine organic iron—Nuxated Iron. Look for the letters 'N. I.' on every tablet, sold by all druggists in tablets only—never in liquid form.

BOMBED SOLDIERS.

Dublin, June 3.—Bombs were thrown into a lorry loaded with troops this morning, and one soldier was killed and three wounded. The wounded men included the driver of the van, who, despite his hurts, drove the car to its destination. The soldiers in the lorry opened fire on their assailants, one of whom was seen to fall, according to an official account of the affair.

FREE

any Economy tire purchased— Guaranteed 3,500 Miles. Reconstructed with three ply of tire wear like new, giving assurance or more. Adjustment claims are average of twenty miles per day, including free tube.

it on each tire—balance C.O.D. subject to n of goods. Full amount must be sent the following Provinces: Nova Scotia, Prince Edward Island, Saskatchewan, British Columbia. When ordering state side or clincher. A 10% discount is allowed on accompanying order. Be sure to give office. Rebuilt tires with warranty.

A PAGE OF NEWS ABOUT THE MARITIME

Tent Caterpillars Stripping Trees

Plenty of Shad Being Caught in the Rivers Near Gagetown.

Gagetown, N. B., June 3.—The Gagetown branch of the Women's Auxiliary held their final meeting for the year Wednesday afternoon in the Guild Hall. The president, Mrs. W. H. Otty, conducted the meeting. The treasurer, Mrs. R. E. Reid, reported a very creditable balance on hand to begin next year's work. The Dorcas work undertaken had all been completed. Besides the outfit, twelve quilts had been made, of which six were sold. The members heard with much interest excellent accounts of the Diocesan annual meeting in St. John, given by Mrs. Mary E. Barnett, who was the official delegate, and by Miss Molly Otty. Mrs. Otty read her paper: "What are the Obligations of a W. A. Parochial Branch?" which was one of those on the programme at the diocesan annual. The members also enjoyed hearing a letter from Miss Ruby Peters of Kewitt, Honan, read by her sister, Miss Louise M. Peters. Miss Ruby Peters is the prayer partner of the Branch.

Ripe Strawberries

The first ripe strawberries of the season were picked on May 20th by Frank MacAllister. This is very early for strawberries, but almost everything is about a fortnight in advance of what they were this time last year. A disagreeable feature of the year continued warm, dry weather is the superabundance of apple tree tent caterpillars, which have infested the orchards and roadside trees in this vicinity as well as on the other side of the river in Cambridge parish. Nearly all orchard owners have sprayed their trees or cut out and burned the "tents" wherever they have been found, but the caterpillars are abundant nevertheless. In some cases, as many as nine large nests were found on a single tree. The larvae began leaving their tents and travelling further afield during the bright days last week and in the past few days have attained their full size, voraciously eating the leaves of apple, oak and poplar trees, many of which have been picked clean.

Plenty of Shad

While fishermen down river have been complaining about the scarcity of shad, Gagetown seems to have been favored; many of these fish are being taken here and caught fifty and sixty a night, and one fisherman recently is said to have taken a hundred shad. They are particularly large and in fine condition. Some are being smoked; a large number have been salted down and a considerable quantity have been shipped away.

Halifax Has Milk Strike To Solve

Middlemen Try to Pass Two Cent Reduction on to the Farmer Producers.

Halifax, N. S., June 3.—Halifax milk dealers received less than one eighth of the normal milk supply from the producers yesterday and the city is on short rations as a result of the middlemen's determination to pass a two cent reduction from sixteen to fourteen cents in the retail price of milk on to the farmers. The dealers contend that they are unable to split the reduction with the farmer on a fifty-fifty basis on the ground that costs to be farmer have been reduced while costs to themselves have remained stationary or have increased. They express confidence in their ability to obtain milk apart from their usual sources of supply and accuse the farmers will be forced to capitulate within a few days. The farmers are equally obstinate.

Newcastle

Newcastle, June 3.—The following is the standing of Harkin's Academy, Newcastle, for the month of May: Mr. Gulliver's Dept.—Wm. Campbell, 1; Margaret McCurdy, 2; Elizabeth Craig, 3; Bertram Smallwood, 4. Miss Bransfield's Dept.—Grade VIII—Lillian Cranmond, Melbourne Stoddart, 1; Anna Palmer, 2; Olive Lindon, 3. Miss Callahan's Dept.—Grade VII—Margaret Clarke, 1; Margaret Stables, 2; Cora Weldon, 3. Miss Upruar Dept.—Grade V—Frank Park, 1; Willie McKee, 2; Henry Donovan, Reta Amos, 3. Grade IV—Robert Reid, 1; Brian Duma, Percy McCullum, 2; Willie Taylor, 3. Miss McMaster's Dept.—Grade IV, Miss Burstrom, 1; Marjorie Ferguson, 2; Arnold Pogan, 3. Miss Lawlor's Dept.—Grade III—Annetary N. Jarvis, Jack Penelon, 1; Helen Wood, Sadie Whitney, 2; Dorothy Stoddart, 3. Miss Craig's Dept.—Grade III—Helen McInnis, Arthur Stoddart, 1; Tom Troy, 2; Margaret Keith, 3. Grade II—George Belyea, 1; Arthur Malby, 2; Morrison Malby, 3. Miss Hill's Dept.—Grade II—Mary Graham, 1; Joe Farrar, 2; Audrey Pogan, 3. Grade I—Alvirde Haug, 1; Randolph Miller, 2; Nicholas O'Neill, 3. Miss Atchison's Dept.—Grade II—Leonard Thibodeau, 1; Hector Stewart and Thomas Kingston, 2; Dorothy Bowyer, 3. Grade I—Helen Williams, 1; Aard Burke, 2; Henry Muise, 3.

FREDERICTON HOUSE BURNS.

Fredericton, June 3.—The residence on Brunswick street of E. A. McKay, registry registrar of the supreme court, was badly damaged by fire late this afternoon. The fire appeared to start in a closet and confined itself to the interior of the house, a metal roof making it difficult for the firemen to fight it. The damage from water was as heavy as from fire.

Pale And Nervous School Children

Need Rich, Red Blood to Regain Health and Strength.

Many children start school in excellent health, but after a short time home work, examinations, hurried meals and crowded school rooms cause their blood to become weak, their nerves over-wrought and their color and spirits lost. It is a mistake to let matters drift when boys and girls show symptoms of nervousness or weak blood. They are almost sure to fall victims of St. Vitus dance, or drift into debility that leads to other troubles. Regular meals, outdoor exercise and plenty of sleep are necessary to combat the nervous wear of school life. But it is still more important that parents should pay attention to the school child's blood supply. Keep this rich and red by giving Dr. Williams' Pink Pills and the boy or girl will be sturdy and fit for school. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the statement of Mrs. Watson, Grand Falls, N. B., who says: "In the spring of 1919 my daughter, Thelma, then 12 years of age, began to show symptoms of nervousness which developed into St. Vitus dance. She seemed to lose control of her limbs and at times every muscle in her body seemed to be twitching and jerking, and the trouble seemed to be growing worse. We finally decided to give Dr. Williams' Pink Pills, and the result was better even than we had hoped for, and she is now enjoying the best of health."

Flier Kills Two With Slow Mule

Animal Refuses to Accelerate Pace at Approach of Train at Egg Harbor, N. J.

Egg Harbor, N. J., June 3.—Leon Hart Ulied and his bride of a month, Mrs. Tine Ulied, tried to drive over the White Horse Pike railroad crossing near here today in a buggy drawn by a mule, but the buggy was struck by a Camden-Atlantic City Flyer of the Pennsylvania Railroad and both Ulied and his wife were killed. The engineer of the train said afterward that he saw Ulied's buggy on the track with

Mission Society Concludes Sessions

Mrs. C. F. Sanford Re-Elected President of the N. B. and P. E. I. Branch.

Mrs. C. F. Sanford was re-elected president of the New Brunswick and Prince Edward Island branch of the Women's Missionary Society of the Methodist church at the concluding session of the thirty-sixth annual meeting. The election of officers resulted as follows: Honorary president, Mrs. J. D. Chipman; president, Mrs. C. F. Sanford; first vice-president, Mrs. V. A. Thomson; second vice-president, Mrs. G. M. Young; third vice-president, Mrs. W. Pousa; corresponding secretary, Mrs. P. S. Esham; recording secretary, Mrs. W. H. Barber; treasurer, Mrs. T. A. Clarke; circle and band secretary, Mrs. E. A. Westmorland; circle and band treasurer, Mrs. F. S. Williams; superintendent of Christian stewardship, Mrs. H. A. Goodwin; strangers' secretary, Mrs. G. F. Dawson. The removal of Mrs. W. H. Barracough to upper Canada made necessary the election of a new circle and band secretary, and Mrs. Westmorland was chosen. Her place as strangers' secretary was filled by the election of Mrs. G. F. Dawson. Mrs. H. A. Goodwin was elected a delegate to the meeting of the board of management, and Mrs. C. M. Young and Mrs. E. A. Westmorland were elected alternates.

Mrs. W. S. Corbett reported for Woodstock district that there were 348 members in all, and that \$3,768.25 had been remitted. Her report was very optimistic and conveyed a helpful message. For Charlottetown it was reported that there was a total membership of 249 and that \$2,735.34 had been remitted.

The courtesy committee presented a resolution of appreciation of the kindness shown the delegates while in the city. Mrs. W. H. Barker gave a short and interesting address, entitled "The Shining Wake," in which she took her audience on an imaginary voyage on a vessel through the year, ending with a conference in the stern of the ship at which incidents of the voyage, difficulties and bright spots were recounted, while the ship sped on. In her closing address, Mrs. Sanford spoke on "Follow the Glem." She presented a chart showing a live coal and asked each delegate to be a live coal in her community and spread the heat to others by getting in touch with them.

Ulied making frantic efforts to hurry the slow moving mule across, but the animal refused to go faster.

York County Judge May Be Named Soon

Anticipated That Government Will Make the Appointment Will Make the Appointment Saturday.

Fredericton, N. B., June 3.—The York County Court, which has not held a session since March, when its regular term was suddenly stopped with an announcement that Hon. William Wilson, then judge, had been retired, is due to open next Tuesday. But so far no judge has been appointed, and in legal circles there is considerable speculation as to whether an appointment will be made in time for this session of the court to open.

It may be that an appointment will be made at the cabinet sitting on Saturday at Ottawa.

Victorian Order Training School

Five Nurses Graduated as District Health Nurses—Addresses Delivered Thursday.

A decided step forward was made on Thursday afternoon in the improvement of Public Health of the province when five nurses, who have been training at the Victorian Order Training school graduated as district health nurses.

The training of these nurses has been made possible through the Red Cross, which furnished necessary funds and the Victorian Order, which provided instruction. Friends of both organizations interested in health were invited to be present at the exercises which were held at the G. W. V. A. rooms, and which were of a most interesting character, marked by the addresses delivered by prominent officials.

His Honor Governor Pugsley presided. On the platform were Mrs. George F. Smith, first vice-president of the Victorian Order; R. T. Hayes, M. L. A., president of the N. B. division of the Red Cross; Chancellor Jones, of the University of New Brunswick; Hon. Dr. Roberts, minister of public health; and Miss Cotes, superintendent of the V. O. N.

The five young ladies who were graduating looked very attractive in their neat uniforms of blue with the regulation black straw hats worn by the Order. They are Miss Elizabeth Aylward, Five Islands, N. S.; Miss Marion Maloney, Rogersville, N. B.; Miss Greta Ferris, Miss Ethel Armstrong and Miss Jessie Murray, St. John.

The Lieutenant-Governor spoke of his deep interest in the promotion of health which is the work of the two societies represented and heartily congratulated the graduates, wishing them success in their noble work. Chancellor Jones explained that the Victorian Order Training School is affiliated with the University of New Brunswick and expressed his gratification at the splendid class which is to do pioneer work in the province. The graduates presented to Chancellor Jones by Miss Jessie Forshaw, V. O. N. instructors, were then given by the Chancellor their certificates of graduation from U. N. B.

Mrs. George F. Smith spoke on behalf of the Victorian Order, in the absence of the president, Judge Pughes, and explained the cooperation

between the Red Cross with its peace time health policy and the Victorian Order. The district health nurses will fulfill the aims of both organizations by ministering to the graduates the diploma of the V. N. O. Miss Cotes the Red Cross medals, and Mrs. M. E. Edwards, on behalf of the V. N. C. Training School committee presenting to each nurse a bouquet of roses.

Delivered Valadictory. Miss Greta Ferris, in a charming way, delivered the valedictory for the class, thanking the instructors, the staff of the V. N. O. and the V. O. N. committee the many kindnesses shown the graduates throughout the term. The nurses would try to carry aloft the banner upon which is inscribed the motto of the Red Cross peace time policy "The Mitigation of suffering, the prevention of disease and the promotion of health."

R. T. Hayes told of the way in which the \$50,000 was granted to New Brunswick for health work by the central committee of the Red Cross, stating that the care of soldiers must always be the first aim of the society. Health work is to be accomplished through existing channels such as the V. N. O. and the ministry of health. It is hoped that six nurses may be sent out twice each year to carry the gospel of health throughout the province.

Hon. Dr. Roberts. Hon. Dr. Roberts said that it is a joy and satisfaction to know that the organizations are co-operating with the department of health and giving New Brunswick a public health service second to none in the Dominion. He offered the assistance of his department to the nurses.

Miss Forshaw told the graduates that their work might be discouraging at times but that every little child placed on the road to health will be a measure of success.

Other Speakers. Dr. H. L. Abramson, provincial pathologist, praised highly the interest and enthusiasm shown by the class.

The chairman read a message of regret at inability to attend the meeting from the Board of the Home for Incubables, and a telegram from Colonel Murray MacLaren from Toronto wishing the graduates all success.

M. E. Agar, chairman of the Board of Hospital Commissioners, asked that in health work, the old institution of the General Public Hospital be not forgotten. Two songs were beautifully rendered

Cuticura

Quickly Soothes Itching Scals

Treatment: Gently rub Cuticura Ointment, with the end of the finger, on spots of dandruff and itching. Follow next morning with a hot shampoo of Cuticura Soap. Repeat in two weeks. Nothing better than these fragrant super-creamy emollients for all skin and scalp troubles.

ed by Mrs. Blake Ferris, whose accompanist was T. H. Roberts. Mrs. Smith extended an invitation to all present for afternoon tea at the V. N. O. home Coburg street.

Among those from out of town who attended the ceremony were the Countess of Ashburnham and Miss Kate Stewart, Fredericton; Mrs. G. B. Fraser, president of the Red Cross, and Miss Lilian M. Snowball, Chatham; Mrs. W. Park, Newcastle; Mrs. R. R. Richardson, Chipman.

At the Victorian Order Home Mrs. J. V. Ellis and Mrs. R. T. Hayes presided at the table, and a pleasant social hour was enjoyed.

GERMANY VERY SUBMISSIVE. Berlin, June 3.—Chancellor Wirth told the Reichstag this afternoon in outlining the government's program that restoration and conciliation would be the keynote of the new government's policy.

He added that the cabinet was determined disarmament should be carried out loyally and that disarmament would not be the occasion of the imposition of further penalties by the Allies.

STYLE TIPS. The cape now most worn by smart Paris women is the square or rectangle hanging from the shoulders that falls in points at either side, and is attached to suit jackets and to full length coats.

Bodies of Negroes Burned in Battle

Mary Completely Destroyed by Great Fire That Began in Race War.

St. John's, Nfld., June 3.—Premier Squires intimated today that he would probably be unable to attend the Imperial conference of promoters to be held in London this month. His presence here is considered necessary because of the prolongation of the legislative session and the gravity of

domestic problems growing out of the business depression and widespread unemployment.

Colonel Herbert Clinch, who arrived in Canada from England recently and who has been visiting relatives in Nova Scotia, came to St. John on Friday and is the guest of Mr. and Mrs. Percy Thomson, Germain street.

St. John's, Nfld., June 3.—With day-break today, this city under the control of strict martial law, began a systematic stock taking of the death and ruin which a few hours of race rioting spread in its path. The military forces, headed by Adjutant Gen. Barrett, started a check up of the list of dead which unofficial estimates placed at somewhere near one hundred, most of them negroes. Relief was expressed by all officials that the disturbance would not recur.

Eight white men were killed so far as a check of the morgues disclosed. Some of the thirty-five white injured in hospitals are expected to die.

Bodies in Ruins. When the military forces searched the burned negro quarters, a number of negro bodies are expected to be found. This morning the bodies of fifteen negroes lay in the morgues.

Belief was expressed by officials that the bodies of all the negroes killed would not be found, as it was thought that a number were burned in their homes. Then, too, reports were received at military headquarters that a number of negroes had been thrown into the river and others buried outside of the city.

Physicians treating wounded negroes, at hospitals said a score could not recover.

Military patrols and guards at every principal street corner kept a firm grip on the situation today.

Business was virtually suspended last night under a general order issued by Adjutant Gen. Barrett, but stores were permitted to open at six o'clock this morning.

DIVORCE BILL WITHDRAWN. Ottawa, Ont., June 3.—The divorce bill of Adolphe Le Montaigne de Martigny was withdrawn in the house tonight upon the motion of Hon. W. L. Mackenzie King. This is the divorce bill to which Quebec Liberal members had voted strenuous opposition during the last few days.

Dr. Devan's French Pills. A reliable purgative pill for Women. Relieves headache, maintains strength, improves beauty, restores appetite. All at once or over time.

THE SCOTTS' BROTHERS DRUG CO. LTD. Montreal. For Sale by Ross Drug Co., Ltd. 100 King Street. J. Benson Mahoney, Dock Street. Crawford Drug Store, St. Stephen, N. B. S. S. Hamilton, Hamilton. G. M. Fairweather, Sussex.

CANNOT ATTEND CONFERENCE

Linoleum Rugs

Linoleum Rugs Safeguard the Children's Health

The Kiddies' playground is the floor—and how important it is to their health to have that playground clean.

Linoleum Rugs make a most sanitary floor covering—no germs can lodge on their clean hard surface—no cracks collect the dust or dirt.

It's so easy to keep them spotless—the use of a damp cloth or mop makes them as clean and fresh as new.

Safeguard your children's health and make your housework lighter this summer by replacing your worn and soiled carpets with clean Linoleum Rugs.

Important!—Linoleum Rugs are moderately priced and are now costing less than for several years. Call on your favorite dealer and ask to see his stock; he will gladly show you many pleasing designs.

Look for the strong canvas back when buying, and remember that Linoleum and Linoleum Rugs are made in Canada, and cost less than imported goods.

For Sale at all leading Dry Goods Stores, Department Stores, Furnishings, House Furnishings and General Stores throughout Canada. Rug illustrated above is our design No. 4599. Linoleum Hardwood Surfaces forms the border.

St. Peter's Wearing Batting Cloths

Shut Out Pirates Thirteen and Made Twelve Hits Nineteen off Commercial

St. Peter's 10; Pirates 0. The St. Peter's managed to 10 runs on the East End grounds seven innings and shut out the Pirates Thursday evening. It was a one-sided game, uninteresting, as Saints made their opponents like a lot of juniors.

The Saints piled up twelve runs and only had two errors, while Pirates booted the ball for ten and only made two hits off Moore.

The following is the official score and summary:

United States' Team Eliminated

French Pair Took Visitors' Number in Championship Competition at St. Cloud.

St. Cloud, France, June 3.—The United States men's doubles team, William T. Tilden, of Philadelphia, and Arnold Jones, of Providence, was eliminated from the world's hard court championship tennis competition this afternoon by the French pair, Andre Gobert and William H. Laurents. The French players won a five set, hard fought match, 4-6, 6-2, 6-2, 1-6, 6-4.

St. John Cricket Team Lost At Rothesay

The St. John Cricket Club went to Rothesay yesterday and lost a game by a score of 81 to 75. The game was called on account of the weather before second innings could be played. The scores follow:

Rothesay School Defeated Kings

Rothesay Collegiate School defeated King's College School at Windsor last Tuesday at the annual track meet by a total of 39 to 23 points. To date the R. C. S. has won five meets and K. C. S. three. The following are the results of Tuesday: 100 yards—Black (R. C. S.); 2nd, Cameron (K. C. S.), 11 2/5 seconds. High jump—McKay (K. C. S.); 2nd, Foster (K. C. S.), 4.11 1/2 seconds. 220 yards—Black (R. C. S.); 2nd, Scammell (R. C. S.), 25 2/5 seconds. Hammer—Teed (R. C. S.); 2nd, Dunlop (K. C. S.), distance, 97 ft., 2 inches. 440 yards—Scammell (R. C. S.); 2nd, Dennis (R. C. S.), 58 2/5 seconds. Broad jump—McKay (K. C. S.); 2nd, Brownell (R. C. S.); distance, 19 feet, 6 inches. Hurdles—Scammell (R. C. S.); 2nd, Hebb (K. C. S.), 19 2/5 seconds. Shot—Piercy (K. C. S.); 2nd, McCoy (K. C. S.); distance, 32 feet, 3 1/2 inches. One mile—Colter (R. C. S.); 2nd, Foster (K. C. S.), 6.11 seconds. First place counted five points and second three.

Five Records Are Broken At Rothesay

Rothesay, Hampton and Kingston Consolidated Competed in Track Meet.

Five records, for the pole vault, 220 yards dash, 110 yards hurdle, broad jump and junior high jump were broken at the inter-track meet of the Rothesay-Hampton and Kingston consolidated schools held on the Rothesay yesterday afternoon. Four records were broken by Albert Monteth, of Rothesay Consolidated school, and the Pugsley cup was again won by his school. DeLong, of Hampton broke the record, 17 seconds, by Rothesay scored 59 points, Hampton 4 and Kingston 3 points. Monteth of R. C. S. with 30 points was the highest individual scorer in the Senior class, of 120 lbs. or over. Burton DeLong, of Hampton Consolidated, with 22 points, led the Juniors 86 to 120 lbs. and Murray Fairweather, also of Hampton, led the Midgets 85 lbs. and under, with 10 points. Fairweather took first place in the two events open to the Midgets.

Monteth broke the pole vault record by clearing the bar at 9 feet, the old record was 8 ft. 10 in. made in '20 by Crandall, of Hampton. The 100 yards hurdles record was also broken by Monteth in 16 3/5 seconds; old record, 17 seconds, by Starrett of Kingston in '19. The 220 yards dash record was also lowered by Monteth, who went over the course in 25 2/5 seconds, clipping the old record of 29 1/2 seconds, made by Starrett, K. C. S. in '19. The broad jump record of 18 ft. 1 in. made by Starrett, was considerably stretched by Monteth, who leaped 19 ft. 10 1/2 in., a most creditable jump, and a record which is likely to stand for some time. DeLong, of Hampton set a new mark for the Junior high jump with 4 ft. 7 3/4 in. The former record was 4 ft. 7 1/2 in., made by Crandall of Hampton and McMaclean of Rothesay, in '19. Despite unfavorable weather conditions yesterday's events were witnessed by a large crowd, and the brilliant performance of the young athletes

SYMPATHY AND CRIMINALS

A sympathetic heart is one of the choicest gifts any individual can possess. Seldom has there been in Canada more genuine expression of feeling for others than for Mrs. Garfield, mother of the young man who was executed for murder at Woodstock, Ontario, on Thursday and for the girl-wife of the criminal. The spectacle of a poor old mother going from door to door to plead for signatures to a petition asking for mercy for her boy is a pitiful one. So is that of the prisoner's wife as she urged the Government, if it could not save her husband from paying the penalty of his cruel crime, to give him at least an opportunity to see the baby that is to be born soon. Hears who used to be of stone got to be deeply moved by such grief and despair.

CHESTERFIELDIAN RULES.

- We take off our goggles and motor cap to the Japanese. They are all up to the minute people, and few innovations of modern civilization escape them. An American visitor just returned from Tokio gives the following copy of the rules of the road in the capital, as taken from the bulletin in the central office station. It is worth adopting in many of our traffic regulations:
1. At the rise of the hand policeman stop rapidly.
2. Do not pass him by or otherwise disrespect him.
3. When a passenger of the foot hove in sight, toodle the horn, trumpet at him melodiously at first, but if he still obstacles your passage toodle him with vigor and express by word of the mouth the warning "Hi, Hi!"
4. Beware the wandering horse that he shall not take fright as you pass him by. Do not explode an exhaust box at him. Go something by.
5. Give big space to the festive dog that shall sport in the roadway.
6. Avoid entanglement of dress with your wheel spokes.
7. Go something on the grease mud as there lurks the skid demon.
8. Press the brake of the foot as you roll around the corner to save collapse and tie-up.
How many of our motorists are prepared to toodle the horn melodiously at the jay walker, or to go something by the wandering horse and give space to the festive canine?

FAMOUS LAST WORDS.

"I wonder if it's loaded. I'll look down the barrel and see!"
"Oh, listen! That's the train whistle. Step on the accelerator, and we'll try to get across before it comes."
"They say these things can't possibly explode, no matter how much you throw them around."
"I wonder whether this rope will hold my weight."
"It's no fun swimming in the surf. I'm going out beyond the life-lines."
"Which one of these is the third rail, anyway?"
"There's only one way to manage a horse. Walk right up behind him and chastise him."
"That freerunner must have gone out. I'll light it again."

GERMAN "CHEAP LABOR" MENACE.

That during the approaching years, the Canadian standard of living can be maintained only by means of our protective tariff wall is made evident in the economic discussion projected by the post peace position of Germany. On one side of the Atlantic German economists and publicists are crying out that impending ruin and destruction faces that country through a "workers' revolution" and revolution the result of the depression of wages and the consequent deterioration in

living attendant upon the putting into force of the Allies' "sanctions." On the other side of the same water German industrial competition and an economic production drive for world trade, harnessing the round earth to a fat "Fritz" whose saddle is "cheap labor." Writing shortly before the German capitulation to allied pressure, the Frankfurter Zeitung, as translated for The Manchester Guardian, beholds the future looking dark not only for Germany but for all the peoples of Western civilization—since if Germany is to pay, she must sell, so if she is to make "great payments" she must become the formidable competitor of every other industrial country in the world yet at the same time must be unable to purchase the products of other people, which people, nevertheless, need her markets in order to live. The Frankfurter journal recognizes that the next few years must be "hard and hungry" and that all Germany can hope for "after the misery of war and defeat" is to keep her people alive in their present "state form," and even that only through the exercise of the utmost self-discipline.

A BIT OF VERSE

CLOIDNA OF THE ISLE.
I had me bit av hay-land callin' for the scythe,
When wistful-lookin' hurry hillward,
But Cloidna av the isle, that gert av pink an' white,
Wid eyes av Irish blue an' hair av black an' tight!
I had me hay to mow an' gather into rick,
But when ye talk wid handsome gerris, och, time goes quick!
"Aroo," says she to me, wid her slow an' miltin' smile,
"I'm looking for a man, this many an many a mile,
Me hay's all ripe," says she; "what ever will I do
Widout a bit av help?" . . . Bedad, her eyes was blue!

THE LAUGH LINE

"At least, I can go down with colors flying," said the painter, when his foot slipped on his ladder.
The Fashionable Size.
"John, the baby has outgrown his rompers."
"If it won't be necessary for you to buy a new bathing suit this summer,"—Boston Transcript.

Jud Tankins says one way to get a reputation for great wisdom is to think up a lot of questions and then beat the crowd to the encyclopedia.—Washington Star.

SOUND CONDITIONS.

The semi-annual statement of the Bank of Montreal is a reassuring document. There is a certain ill-informed opinion that banks make very large profits out of the savings of the people in a way that robs the people. Some so-called banks do, but properly conducted banks perform an essential function in the economy of society, and so far as share profits go, the question is simply under what system can this function be performed most economically and efficiently. An ideal system of banking is like any other ideal system, it is much easier to project in the imagination than to realize in fact. So far as the history and experience of banking teaches us, our Canadian system furnishes the maximum of efficiency with the minimum of cost.

FOR THE HEATHEN.

There was a man who did not approve of foreign missions. One Sunday at church a collector approached him and held out the box. "I never give to missions," whispered the man.
"Then take some out of the bag, fit," whispered the collector, "the money is for the missions."

the exchange of fixed capital already existing. But these things are relative to its primary purpose, and were both the bank and the community it serves, when they acquire first importance. The moment a strain comes, bank and community will go into the financial ditch together. The Winnipeg Tribune calls attention to the fact that during the last year in Canada, as indeed everywhere, we have been caught by a tremendous fall in prices between the point of production and that of consumption. The strain caused by this upon the banking resources of a country is very great. Repeatedly the United States system has failed to meet such a strain, and special machinery had to be invented there which seems to be working satisfactorily, but which is of an unheard-of clumsiness compared with our own. Our chartered banks have the power (the profits of them is that they have too much power) to invade Canada, the wildest extremes of over expansion and subsequent insolvency, but they would have to go against the central principle of their organization to do so; the banks of the United States have had to have their central principle modified to avoid doing so. The profits of a bank are not in themselves, the measure of the general prosperity of a country. A bank's profits do not necessarily move with general prosperity. Like a good doctor in an epidemic, a bank may make more because it is working harder. And the test is the same for both, not income, but efficiency of service under strain. It is from this point of view that the semi-annual report of the Bank of Montreal is a creditable and reassuring document.

Want of Confidence Unemployment Cause

Ottawa, June 3.—A general want of confidence on the part of manufacturer, producer, middlemen and consumer is at the base of the unemployment situation in Canada, in the opinion of the Senate committee on employment, which reported through its chairman, J. A. MacDonald (Shediac). The committee presented to the Senate a summary of the evidence of witnesses representing the bankers, manufacturers and working men of Canada, and stated that it had not had sufficient time to thoroughly investigate the situation and make a comprehensive report.

Benny's Note Book
BY LEE PAPE
Last night in the sitting room I was doing my lessons against my will and pop was smoking and thinking with his feet up and me was imbrodering embroidery, saying, I see by the papers the druggists say they dont want to sell beer even if theyre allowed to.
Im glad to hear it, I didnt think druggists had that much intelligence, the first time a druggist runs for president, Ill vote for him if the weather is nice, and pop, alcohol never did anybody any good and never will.
Wy William, wen all the talk about passing the prohibition amendment was going on, I didnt notice you wepe in favor of it to any extent, in fact I thawt the shoe was on the other foot, sed ma.
Im a grate believer in personal liberty, thats true, sed pop, but law is law and anybody that dont intend to obey it no matter what their former opinions were had better go to some other country were its not necessary to obey it, a citizens first duty is to uphold the law, and the man who takes an illegal drink of liquor, either in public or private is a lawbreaker and an undesirable citizen and no friend of mine.
Wich jest then I remembered something, saying, O, G, pop, that reminds me, I saw Mr. Lewis this afternoon and he sed to tell you his home brew is finished and its got a wallop in both fists, wats that mean, pop?
Its very unimportant to me, waterer it means, sed pop. And he keep on smoking and thinking with his feet up, and peppy soon he took them down, saying, Well, theres no exercise like exercise, I think Ill tak e a little walk.
Can I go with you, pop? I sed, and he sed No, and he got up and ma sed, Youre not by any chance going to drop in on Mr. Lewis are you?
I may, I may, how can I tell, sed pop.
Hee hee, sed ma. Meaning she knew he would.

Twenty-Six Wo In Old Ladies'
Invested Capital o Increased \$8,000 Last Year.

At the annual meeting of the Old Ladies' directors reported as follows:
Of the twenty-five names on April 30, 1920, two, namely, Mrs. Cameron and Mrs. Emily Coy, 1920. Three ladies have been added during the year: White on January 20, 1921; Mary S. L. Black on April 1921. Several changes were made in the finance committee in the light of the home that slightly increasing the income as the par value of the stock. The invested capital (par the home is at present \$5 compared with \$72,366.86 a There was an increase in the amount of interest last year compared with 1919. To offset the deficits of 1917-1918, 1918-1919 and 1919-1920, the expected deficit of the year, directors started last a canvass for subscribers the result that \$4,496.60 was collected which offset a deficit of \$147.96 for previous year, publishing, acknowledgment (10 p. c.) paid on commission bills of expenses connection still to be passed and there is \$176 subscribers yet received. The general expenses for exceeded the income, excelled subscriptions, by \$742.69, which less than year's directors' the expected deficit started. Since the deficit started been as follows:—
1917-1918
1918-1919
1919-1920
1920-1921

As the net amount of year in subscriptions as at those deficits amounted to there is a balance of \$1,024.48 in hand, which offsets a deficit of the current year as after.

GENERAL TRADE BE
Vintner, Man, June 3 not much change from in the wholesale trade through out, according to the weekly view issued by the Canadian Trust Association to real and district report a movement in the retail trade crossed business in several Toronto advice state that are still much below normal for immediate requirements wear except suits and cloak good. Collections are slightly. In western Canada business reported quiet, with some in retail trade in Saskatchewan within the past few days.

Twenty-Six Women In Old Ladies' Home

Invested Capital of Home Increased \$8,000 During Last Year.

At the annual meeting of the subscribers to the Old Ladies' Home, the directors reported as follows for 1920-21:

Of the twenty-five inmates in the home on April 30, 1920, two have died, namely, Mrs. Cameron on July 22, 1920, and Mrs. Emily Coy, on Dec. 31, 1920. Three ladies have been admitted during the year: Mrs. Mary White on July 27, Mrs. Mary V. Smith on January 20, 1921, and Miss Mary S. L. Black on April 8, 1921.

Several changes were made by the finance committee in the securities held by the home that resulted in slightly increasing the income as well as the par value of the investments. (The invested capital (par value) of the home is at present \$50,444.56, as compared with \$72,356.05 a year ago.)

There was an increase of over \$300 in the amount of interest received last year compared with 1919-1920. To offset the deficits of the years 1917-1918, 1918-1919 and 1919-1920 and the expected deficit of the then current year, directors started in June last a canvass for subscriptions, with the result that \$4,984.50 was collected, against which there were expenses of \$147.96 for printing, postage, publishing, acknowledgments, commission (10 p. c.) paid Miss Ross on collecting \$391.50. There are a few small bills of expenses in this connection still to be passed and paid, and there is \$176 subscribed, but not yet received.

The general expenses for the year exceeded the income, excluding subscriptions, by \$742.69, which is much less than your directors anticipated. Since the deficits started they have been as follows:—

1917-1918	\$ 557.36
1918-1919	424.80
1919-1920	1,609.09
1920-1921	742.69
	\$3,336.94

As the net amount collected during the year in subscriptions as an offset to those deficits amounted to \$4,350.54, there is a balance of \$1,024.92 remaining to apply on the anticipated deficits of the current year and the year after.

GENERAL TRADE BETTER.

Wintipeg, Man., June 3.—There is not much change from last week in the wholesale trade throughout Canada, according to the weekly trade review issued by the Canadian Credit Men's Trust Association today. Montreal and district report a slight improvement in the retail trade and increased business in sorting orders. Toronto advises that conditions are still much below normal. Business for immediate requirements in ladies' wear except hats and coats, is fairly good. Collections are improving slightly. In western Canada business is reported quiet, with some improvement in retail trade in Saskatchewan noted within the past few days.

"Listen, Mother"

"HERE is a letter from Bessie, and she says she is feeling fine again after using Dr. Chase's Nerve Food."

"I knew it was just what she needed to build up her system after baby's coming."

"She says she is sorry she did not take your advice long ago instead of worrying along as a semi-invalid for so many weeks."

"What else does she say?"
"I will read you the rest. She says: 'My nerves got so upset that I could not sleep scarcely at all. Digestion was bad and I had palpitation of the heart. Baby got cross and irritable, and at

JUNE WEDDINGS

Maple Gray.
Jacksonville, N. B., June 3.—The marriage of Miss Sheila Gray, the eldest daughter of Mr. and Mrs. Chas. Gray of Upper Woodstock, Carleton Co., and Mr. Basil Glen Harper, the son of Mr. and Mrs. Samuel Harper of Jacksonville, N. B., was solemnized at the home of the bride's parents in the presence of immediate relatives on June 1st. Rev. L. M. Ackland of Woodstock officiated. Miss Wilma Palmer, cousin of the bride, and Mr. Chas. Harper, brother of the groom, were attendants. The bride was becomingly gowned in a dress of rose tulle and carried a bouquet of white apricot. A dainty luncheon was served, following the ceremony, after which the happy couple left on the express for a two weeks' honeymoon in St. John and other points in New Brunswick and Prince Edward Island.

Garfield Pays For Crime With Life.
Woodstock, Ont., June 3.—Norman Garfield, convicted murderer of Dan Johnston, a local constabulary here, January last, went to the scaffold Thursday morning at 8.30, and the drop was sprung at 8.45 o'clock. Fourteen minutes later Jail Paymaster Dr. Mackay pronounced life as time and Hangman Ellis let the body down. At 5.30 Ellis entered the doomed man's cell, and following the tying of the prisoner's arms, the procession was started for the scaffold. First came Rev. Mr. Gaetz, then followed Sheriff McGehee, and Hangman Ellis. Following was Garfield smoking a cigarette, which he had not relinquished until Hangman Ellis went to adjust the black cap.

Woodstock Murderer Went to the Scaffold With Cigarette in Mouth.
Woodstock, Ont., June 3.—Norman Garfield, convicted murderer of Dan Johnston, a local constabulary here, January last, went to the scaffold Thursday morning at 8.30, and the drop was sprung at 8.45 o'clock. Fourteen minutes later Jail Paymaster Dr. Mackay pronounced life as time and Hangman Ellis let the body down. At 5.30 Ellis entered the doomed man's cell, and following the tying of the prisoner's arms, the procession was started for the scaffold. First came Rev. Mr. Gaetz, then followed Sheriff McGehee, and Hangman Ellis. Following was Garfield smoking a cigarette, which he had not relinquished until Hangman Ellis went to adjust the black cap.

Stopped Under Noose.
The guards and doctors followed in order. Arriving at the scaffold he took few steps and then looked up to where the noose was situated. He then deliberately stepped under it. Hangman Ellis pinioned Garfield's feet and adjusted the black cap. Rev. Mr. Gaetz immediately began to recite the Lord's Prayer—Our Father, who art in Heaven, hallowed be Thy name, Thy—the sentence had not finished when the trap was sprung and Garfield dropped out of sight. Rev. Mr. Gaetz continued the prayer until the end.

Price-Riley.
The marriage of Miss Nellie Augusta Riley, daughter of Mr. and Mrs. R. J. Riley, Sidney street, Clifton, was solemnized on June 1 in St. Andrew's Church, by Rev. Mr. Dowling. The bride was given away by her brother, Harry Dunlop. Immediately after the ceremony Mr. and Mrs. Hunter left for a trip through Nova Scotia. Upon their return they will reside at 27 Clarendon street.

Mullin-Kane.
A very pretty wedding was solemnized in St. Rose's Church, Fairville, Thursday morning, when Very Rev. Dean Charles Collins officiated in marriage at 10 o'clock. The bride, Miss Martin Mullin, sister of the groom, was given away by her brother, Mr. Charles Mullin and Frances Kane of Fairville. The groom, Mr. John Kane, was given away by his brother, Mr. John Kane of 126 Waterloo street, was bridesmaid. After a short honeymoon, Mr. and Mrs. Mullin will reside in Fairville.

Day-Witham.
A wedding took place Thursday morning in St. Luke's Church, when Miss Florence Helena Witham, daughter of Mrs. Harry Taylor, was united in marriage to Harry Day, of this city. The couple were attended by Mr. and Mrs. Frank Dunfield. Rev. R. Taylor McKim performed the ceremony in the presence of immediate relatives and friends. The wedding day left Thursday on a honeymoon trip for Fredericton and upon their return will reside in Bentley street. Fredericton, June 3.—John Douglas

McLaughlin-Steeves.
The home of Mr. and Mrs. Roland F. Steeves, Hillsboro, N. B., was the scene of an interesting event on Wednesday evening, June 1, when their daughter, Miss Thelma Steeves, was united in marriage to Mr. Lewis W. McLaughlin of Hillsboro. The ceremony took place at eight o'clock, in the presence of relatives and friends and was performed by Rev. A. Howard of the Valley Baptist church. The bride was attended by Miss Thelma Steeves, her sister, and Mrs. Steeves, brother of the bride, who acted as best man. After the ceremony refreshments were served. The bride and groom motored to Moncton.

Edmundston of Burt's Corner, and Sadie Allen Gilbert of Zeland, were married on Wednesday afternoon in the George Street Baptist Parsonage by the Rev. E. L. Nash. They were attended by Miss Blanche Gilbert and Donald Gilbert, sister and brother of the bride. After a few days spent at their old homes, Mr. and Mrs. Edmundston will leave for Lawrence, Mass., where they will make their home.

Milton Woodworth.
Hillsboro, N. B., June 3.—The marriage of Mrs. Mary Woodworth and Mr. George W. Milton of Hillsboro, Albert County, took place at the home of Dr. and Mrs. E. J. Dash, Hillsboro, on Wednesday evening, June 1st, Rev. A. Harwood performed the ceremony.

Milton-Kilian.
On Wednesday evening, June 1st, Miss Mary Kilian was united in marriage to Mr. Ross Milton, at the Methodist parsonage, Hillsboro. Rev. G. W. Tilley officiated.

Ross-Galbraith.
An interesting wedding took place at eight o'clock Thursday evening, at the home of Mrs. Susie Galbraith, 213 King street, St. John, when her daughter, Miss Edna Galbraith, was united in marriage to Walter H. Ross of the Ross Drug Company. The ceremony was performed by Rev. J. Heaney, and the bride was given away by her brother, Leonard. Mr. and Mrs. Ross left on the Halifax evening train and will spend their honeymoon in the Annapolis Valley. Upon their return to this city they will reside in West St. John.

Hunter-Bailey.
An interesting wedding took place Thursday morning in the Main street Baptist Church, when Miss Marjorie Ruth Bailey, youngest daughter of Mr. and Mrs. F. M. Bailey was united in marriage to Lee Ernest Hunter by the Rev. D. Hutchinson. The wedding march was excellently played by Harry Dunlop. Immediately after the ceremony Mr. and Mrs. Hunter left for a trip through Nova Scotia. Upon their return they will reside at 27 Clarendon street.

Ross-Slack.
The sad news of the death of Ross Slack, reached the city yesterday, the death having taken place on Sunday morning at his home in Philadelphia. Mr. Slack was Most Worthy Scribe of the National Division of the Sons of Temperance of North America. The deceased had many warm friends throughout the Maritime Provinces. Mr. Slack had visited St. John on several occasions.

Patrick J. Sweeney.
Patrick J. Sweeney died at Shediac Thursday at the advanced age of 85 years. He had been in failing health for some time, yet his death came as a distinct shock to his friends and relatives.

He was born in what is now known as Cape Tormentine, the son of the late James Sweeney, who emigrated from Ireland when a young man. He was a relative of the late Bishop Sweeney, of St. John. When only a young man he settled in Shediac and engaged in the manufacture of carriages, etc. He was later, deputy sheriff of Westmorland county, serving under Sheriffs Macfarland, Chapman and McQueen, a position he held for 25 years or more.

The late Mr. Sweeney is survived by his widow, who previous to her marriage was Miss Eliza McDonald. There are also surviving one brother, Mr. M. L. Sweeney, in Pennsylvania, U. S. A., and one sister, Mrs. Jas. Perkin, of Schenectady, N. Y., U. S. A. Mr. E. R. McDonald, barrister, of Shediac, is a nephew of the late Mr. Sweeney. The late Hon. Francis J. Sweeney was a cousin of the deceased.

Regains Appetite After 32 Years

Lessaro Says He Didn't Enjoy a Single Meal in All That Time.

If anyone has more cause than another to be glad they were induced to give Tanlac an honest trial it is surely Norbert Lessaro, well known shoemaker residing at 206 Plessis street, Montreal. In an interview recently, Mr. Lessaro made the remarkable statement that the medicine had relieved him of troubles of thirty-two years standing. Here is his own story:

"For thirty-two years I didn't know what it was to eat and enjoy a good square meal. What little I forced myself to eat did not agree with me, and caused terrible pains in the pit of my stomach for hours after every meal. My back hurt a great deal to satisfy me, and I can even eat a meal of cold meat without suffering a bit afterward. I sleep fine every night, never have a dizzy or fainting spell, and have gained several pounds in weight. In fact I feel just like I've been made into a new man, and in all the seventy-three years of my life, I've never seen or heard of a medicine as good as Tanlac."

LIVING BONUS REMOVED.
Regina, Sask., June 3.—A wage concession to Imperial Oil Company employees known as a "cost of living bonus" has been cancelled according to local officials of the company. The bonus starts from June 1. All Canadian employees of the company, it is stated, are affected.

"Well, Thomas, how are you?"
"I be better than I was, sir, but I bain't as well as I was before I was as bad as I be now."

55 years or more.
The late Mr. Sweeney is survived by his widow, who previous to her marriage was Miss Eliza McDonald. There are also surviving one brother, Mr. M. L. Sweeney, in Pennsylvania, U. S. A., and one sister, Mrs. Jas. Perkin, of Schenectady, N. Y., U. S. A. Mr. E. R. McDonald, barrister, of Shediac, is a nephew of the late Mr. Sweeney. The late Hon. Francis J. Sweeney was a cousin of the deceased.

OBITUARY
Ross-Slack.
The sad news of the death of Ross Slack, reached the city yesterday, the death having taken place on Sunday morning at his home in Philadelphia. Mr. Slack was Most Worthy Scribe of the National Division of the Sons of Temperance of North America. The deceased had many warm friends throughout the Maritime Provinces. Mr. Slack had visited St. John on several occasions.

FOR WOMEN

AMUSEMENTS

A Distinctive Collection of Smart Summer Dresses

CHATTERBOX SAYS:

Apple Blossoms! Yes, out in bloom, and how lovely they are, too, all pink and white and green. Do you know I saw a dress of plaid gingham that looked just like them. Pink, white and green plaid, with collar, cuffs and pockets of pink organdie. Another frock, made me wonder if the designer had taken his inspiration from the garden. Made of lavender linen, it boasted two or more pockets on each hip; these, bound with white pique and fastened with pearl buttons. The blouse made with a wide collar also of pique, and a fascinating narrow white kid belt. Truly a "Morning Glory." "Corn-flower," I'll call a frock of blue and white dotted Swiss. But, then, that's another story and I've no more space left.

"CHATTERBOX."

A wonderful showing of lovely Summer Dresses providing as it does so many models at almost every price, that the matter of selection is simply a matter of taste. There are fine organdies, Swiss muslins, cambrics, organdie and gingham combination, voile and French linen combination, also dainty Irish linen dresses.

All are shown here in a delightful variety of Swiss dots, plaids and flowered patterns in the Season's brightest colorings, including, tea, rose, jade, orchid, peach, sky, pink, navy, etc. Your Summer wardrobe is not complete without one or two of these cool Summer dresses.

Prices \$16.75 to \$32.50

Use Old Dutch Cleanser

In Your Refrigerator

Perfect sanitation means clean and wholesome food. Use Old Dutch; it keeps metal, wood and porcelain surfaces thoroughly hygienically clean.

Made in Canada

FOR BREAKFAST.

Breakfast Coddish.
Soak about three-quarters of a pound of salt codfish over night and in the morning drain and put on to cook in cold water enough to cover it. Bring it slowly to the boiling point and let it simmer till tender. Drain again.
Meanwhile, fry four slices of salt pork until it is crisp, then remove the meat and fry the fish in the fat until it is a delicate brown.
Remove to a hot platter and dredge two tablespoonful of flour into the hot fat, stirring until smooth, and then turn in two cups of milk, stirring vigorously until creamy. Season with paprika and turn it over the fish on the platter.
Cream Toast.—Toast thin slices of bread and butter on both sides. Have ready a sauce made from two cups of boiled milk and thickened with a little dissolved flour. Dip each slice in

THE DAWN.

I stood upon a street at break of day,
When first the rays of sunshine
pierced the clouds
And banished frosts and mists of night away
And with them all the fears that night enshrouds.

I saw the city's buildings lift their heads,
To stand once more four square
beside the spires,
And men who last night crawled
half-heartedly to bed
Now hurried forth with hope's re-kindled fires.

The mighty clouds that fain would linger on,
The chilling winds that sought to
breathe the fray,
I marvelled that we'd given heed to these.

While through the air a thought of newness came,
New strength and vim, with joy to
breathe the fray,
This was God's gift, to every one the same,
The greatest of all gifts—a new
born day.

—Robin A. Walker.

Female silk workers in China have been granted an increase in wages for a 12-hour day of from 20 to 30 cents.

Popovers.—Beat two eggs try light and add a cup of milk and a cup of flour and a little salt. Turn into a well greased popover iron and bake in a very hot oven 25 minutes.

MRS. SOLOMON SAYS:

By HELEN ROWLAND
(Copyright, 1920, by The Wheeler Syndicate, Inc.)
Being the Confessions of the Seventh-Hundredth Wife.

My son, had thou danced with a damsel for seven times seven evenings and flirted with her for seven weeks, and dost thou think that thou knowest her?

Then, I charge thee, beware! For, until thou hast observed her upon a Camping Trip, that shalt not KNOW any woman!

Verily, verily, a Good Camper is born and not made; and seven days amidst the horrors of Nature and the call of the wild moquet will reveal a man and a woman unto each other, in all their hidden virtues and iniquities!

Go to! Dost a damsel arise with the sun and kindle the fire and hasten to the spring for water—or dost she sigh for beauty sleep and complain bitterly at being awakened with the dawn and the birds and the chipmunks?

Dost she come, bringing needle and thread and herbs and medicines and many small comforts in her knapsack—or is she a slacker, who borroweth from others, and bringeth naught but her novel and her powder-puff?

Dost she wait at the singing of the mosquitoes and shriek when an innocent ant crawleth down her neck—or is she brave and calm in the face of the strange cow and the gentle garter-snake?

Dost she emerge from her tent smiling like unto the roses of morning—or dost she come forth, before breakfast, looking like the wrath of heaven in a pink bouclé cap and a temperamental thunder-cloud?

Is her hair naturally curly and her temper naturally sweet—or dost she yearn for her magic-wavers, and wax peevish when the fire will not burn, and petulant when it raineth, or when the day is hot, or when the night is cold?

Dost she lie in the hammock with coquettish grace, while OTHERS do the cooking—or dost she take her turn at the oil-stove and the dish-pan, fairly and with a good grace?

Dost she eat of the camp-fire cooking with relish and delight—or is she squeamish concerning the flavoring, and peered at a wasp in the soup and at sand in the hash?

Dost she require always to be amused, and flattered and flirted with—or dost she "play the game," like a "good sport"?

Dost she appear as alluring unto thee, by daylight, with her nose peeling, as by moonlight, with her nose powdered?

Above ALL things, my Son, dost she BORE thee?

For, to say of a woman, "Lo, I have spent twelve hours in her company, yet have NOT been bored for a single moment thereof!" is the ultimate height of praise.

Verily, verily, one week of a woman's company upon a camping-party exceedeth many years of placid flirtation. For, in camp, all the poses of a damsel are of no avail, and all her comeliness is as naught, and nowhere else shalt thou see her soul and her complexion and her temper as naturelle.

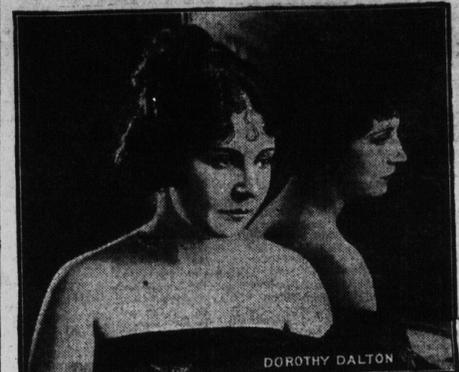

Therefore, if she palleth upon thee, the third day, I charge thee be not persuaded to marry her.

For, marriage is NO afternoon picnic, but one long, continuous Camping Trip.

And a good little camper maketh a good wife!

Selah.

Beautiful Actress Attributes Her Wonderful Success to Her Famous Complexion Tells How You Also May Have One

New York — When Miss Dorothy Dalton, the beautiful actress, who was selected for the leading role in that mammoth New York production, "Aphrodite," was questioned as to the secret of her phenomenal success, she unhesitatingly said, "My complexion." When asked further details she explained: "Every one of my friends always raved about the texture and coloring of my skin, and I have no doubt but that my first engagement was made possible through the reputation I had acquired for a beautiful complexion. Managers are like ordinary mortals, they admire a beautiful skin as much as anyone, and in selecting their casts they naturally prefer those whose complexions are attractive. I think the best asset any girl or woman can have is a beautiful skin and complexion. It is easy to have this if one will spend only a little time in taking care of the skin. A girl who possesses a beautiful complexion she will attract attention anywhere. I am always glad to tell any girl or woman just how she may possess a skin like mine. Here is the recipe: Night and morning cleanse the skin first with warm water, then apply a good cold cream (Liska cold cream I have found to be the best) after massaging it into the skin take off the superfluous cream with a soft cloth. Then before going out during the day or evening I apply Derwillo, a simple toilet preparation which can be purchased at the toilet counter of any up-to-date drug or department store. The first application of this wonderful Derwillo will astonish you. It imparts instant beauty to the skin and makes a rosy-white complexion—every one will talk about it. I find it excellent for my complexion, as it protects my skin in all kinds of weather. That's why I prefer it to all other toilet preparations and am never without it. Now that short sleeves are in vogue you will want beautiful hands and arms. There is nothing like Derwillo for this purpose. Many of my professional friends to whom I have recommended Derwillo use it with preference to all other face powders or beautifiers." Just try it once before going to the theatre, dances, parties or an afternoon call and note the favorable comments of your friends. Derwillo instantly puts a life-like tint on your cheeks which defies detection. It takes the place of face powder and stays on until you wash it off. Perspiration does not effect it nor will it rub off on clothing; it also prevents the nose and face from shining. It's wonderful for a dark, sallow, rough skin, black-heads, coarse pores, oil skin, freckles, etc., and for the instantly beauty it imparts. Over 500,000 girls and women are using it. It's absolutely harmless to the most sensitive skin. Just try it once and you will need no further argument to convince you that there is nothing "just a good," "better," or "just like" it. Insist on Derwillo, then you will not be disappointed.

NOTE:—Druggists and department stores everywhere sell Derwillo with the guarantee that if you don't like it you get your money back. It is the one beautifier that gives satisfaction at all seasons of the year. You can secure it at all toilet counters in this city, including the Ross Drug Co., 100 King street, St. John, N. B.

GIRLS! LEMONS WHITEN SKIN AND BLEACH FRECKLES

Squeeze the juice of two lemons in a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin. Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, all as a freckle, sunburn and tan wash because it doesn't irritate.

EVENING FROCKS.

Laces are in high favor as a summer frock medium, for both evening and day wear, and are popular in a wide variety of colors and patterns. In many instances the lace frock takes the place of the embroidered lingerie frock, although the latter is coming into the limelight again.

Organdie, in high colors, as well as light neutral tones, with tulle, forms a new fabric for the interpretation of summer evening frock, and is especially effective for debutante frocks.

Canon crepe, devoid of embellishment save self-fabric evolutions, occupies an important place in the exposition of the summer evening gowns. The boat-neck neckline and sleeveless décolletage, is a mark of the season's evening frock, and is seen in opaque and transparent fabrics.

Multi-Millionaire List For N. Y. Is 40

Reported Taxable Incomes Shows State's Supremacy as Wealth Centre.

Albany, June 3.—New York State's supremacy not only in both business and population but as the centre of vast wealth is shown by statistics given out today by State Comptroller James A. Wendell, indicating that the Empire State had a number of multi-millionaires who reported taxable incomes in 1919 totalling a million dollars or more.

Statistics of Federal incomes compiled for 1918 showed that there were forty persons making returns from New York State with individual taxable incomes of \$1,000,000 or more, whereas eleven other States reported a combined total of only twenty-seven persons with taxable incomes of \$1,000,000 or better, making a grand total of but sixty-seven in the entire United States.

Home of Millionaires.

Pennsylvania came next to New York with nine financial leaders reporting million dollar incomes, while New Jersey, Delaware and Massachusetts trailed along with three each. Illinois and Maryland had two members of the million dollar fraternity, and Michigan, Connecticut, Ohio, Rhode Island and Texas boasted of one each.

Of 32,700 returns tabulated to date in payment of the New York State tax for 1919 there are five individuals with taxable incomes of \$1,000,000 or over. If the same ratio is maintained—and there is every reason to believe it will in view of the 1918 Federal figures—then in 1919 at least forty residents of New York State paid taxes on yearly incomes of \$1,000,000 or over.

The largest group of State taxpayers for 1919 had incomes of more than \$1,000, but less than \$2,000. In this class, made up almost entirely of single men and women, are 222,170 persons. They paid a total tax of \$1,015,823, less than 3 per cent of the total. These taxpayers reported 102,000 dependents. The average tax paid by each person in this group was \$3.16.

"CANADIAN PROSPECTOR" LOADS RECORD CARGO OF AUSTRALIAN WOOL

S. S. "Canadian Prospector," of the fleet of Canadian Government Merchant Marine, Limited, loading wool at Melbourne, Australia. There were 16,697 bales in the shipment, which was the largest single cargo ever sent from Australia to the Pacific port on this Continent. The wool was moved overland in 350 cars. The vessel is of 8,400 deadweight tons capacity.

A Regular Saturday Weekly

Dearest Friends—
After an outing in the country last week-end I can quite appreciate descriptions of green fields, covered above, and with flowers forgetting the birds so many moments everything did but itself, and made me glad to for when we are out of town Nature it seems more easy to "disregard" just dismissed adding around a garden today down between the beds of kinds of vegetable plants we in nature the earth with her was just waiting for a lot worn to feed his babies with their he was deriding which in nature the earth with her quite make one for the lo grand to even bob his head haps he wished me to have the ion of him. Anyway, one ver robust as you.

When the leaves are you so I imagine a little lettuce taste very sweet and tender. Did any of you notice a green carpet which nature has covered the earth with has dotted in places with pink spots? I did and in some of them look much like a snow the petals of the fruit blossoms certainly been thrown here by Mr. Wind during the last. And the part of the blossoms remains on the tree, just in a few weeks and months now rosy juicy fruit. That of the greatest surprises I when a bird, and indeed I think I could have believed if I hadn't the chance of the same fruit trees each just sounded to me like so many fairy tales grown up young fry, so I wasn't going. Have any thing like that without a close inspection of many fairy tales grown up young fry, so I wasn't going. Have any thing like that without a close inspection of many fairy tales grown up young fry, so I wasn't going. Have any thing like that without a close inspection of many fairy tales grown up young fry, so I wasn't going.

To Spare His Feeling
A youth was staying at a hotel and went to a clerk in a sheet of paper, saying he wished to write a letter. An hour later he again entered the office. The clerk asked him if he would the clerk please see if it was all correct? The clerk glanced at it, and said "I see you spell 'a' as 'a'—quite right." "I know it," was the reply you see, I'm writing to a girl and he always spells it that way. I put the other 'a' to it, I think I was putting on air, but tender-hearted, and I don't want to hurt his feelings." And so the letter went only one "a" at the end of it.

Allice—Do you remember could buy five cents worth candy?
Mardell—Yes, if you'd allow them'd give you two to tell you to mix it for your candy?

Answers to Letters

Dearest Friends— After an outing in the country last week-end I can quite appreciate your descriptions of green fields, blossoms, covered bridges, and willow trees, now forgotten. I hope you mention everything that looked beautiful, and made me glad to be alive for when we are out of touch with Nature it seems more easy to become discouraged and dissatisfied. But after such glorious visions as Mother Nature provides just now, we cannot help but feel glad.

HARRY B. S.—You are surely a real fisherman and what a grand time you must have enjoying the sport. Enjoyed reading about your fishing immensely. I hope you have many of them.

"When the leaves are young, The robins fill their beaks." So I imagine a little letter next might talk very sweet and tender.

HAZEL T.—That must have been a very enjoyable outing to be so fresh in your memory now. Hope you have another just as good this summer.

JACK B.—You are a big stranger and glad to know you are still in the land of the living. You must be a busy fellow, but of course, this is a busy time in farm life and the rest will come before very long.

MARION A. J.—Very sorry, indeed, you certainly have much to be thankful for. Don't worry about school at all; that is nothing compared to your own health.

MEDIE A.—This surely has been wonderful weather for May and everybody wants to be outdoors. I think the little chicks are very fascinating, and look so susceptible, too.

JAMIE'S father held out his cigar toward the little boy.

HEAPS of the best to all the chums. UNCLE DICK.

ARTHUR P.—So pleased to get your nice interesting letter and to hear of the pleasure of seeing the blossoms and it looks like a fruit year if all goes well.

To Spare His Feelings. A youth was staying at a hotel, and went to a clerk in the office for a sheet of paper, saying that he wished to write a letter.

WORDS AND ACTS. Go put your creed into your deed. Nor speak with double tongue.

Friday-Saturday. Comedy of a Maisher. OWEN MOORE. In His Laughingest Hit "The Poor Simp".

ALWAYS THE SAME. Always the same bright sunshine after rain. Always the same sweet blossoms in the spring.

Man Today. A regular Saturday page for the kiddies. Includes a crossword puzzle and a drawing of a boy.

THE HIGHER PATRIOTISM

The International Sunday School Lesson for June 4th is, "Making The Nation Christian."—Pa. 33:12; Prev. 14:14; Romans 13:1-10

There is a watercraft which goes beyond politics and diplomacy, and deals with the springs of life. In Russia the Bolshevik leaders have shown this super-stateness by attempting to abolish religion. From their standpoint, this course is both right and necessary. Otherwise they cannot succeed in their big programme. They see clearly that it is simply impossible for Russia to remain at one and the same time both Christian and Bolshevik. The two teachings are not only mutually antagonistic but also mutually exterminative. If Russia turns again wholeheartedly to the Church, she will inevitably cast out Bolshevism; if, on the other hand, Russia accepts the original programme of Bolshevism as a national policy, then not only the Orthodox Church, but also Christianity, will be driven from the borders of what once was called "Holy Russia."

For the foundation of Bolshevism is hate, and the foundation of the Church is love. If public men and Christian leaders watched a little more closely what is going on in Russia, there would at once be a decided effect upon the life of this western world. For in bloody letters, huge and staring, it is written across Russia that the salvation of a nation is its Christian faith, and that the destruction of a nation is the entrenchment of selfishness, class or individual. As was said long ago, in the words of our Lesson text, "Righteousness exalteth a nation, but sin is reproach to any people." Again, "Blessed is the nation whose God is Jehovah."

Waking Up To Realities.

Again and a gain attention has been called to the providential timeliness of these International Sunday School Lessons in North America, and by thirty million throughout the world. In the present crisis, with patriotism being attacked in every land, and the basis of national life being challenged by audacious and arrogant radicalism, it is of grave and welcome significance that we should have this Lesson upon the Nation. With the subject being discussed in every city and hamlet on the continent, with countless sermons and addresses being delivered upon it, and hundreds of articles written current of thought that may have consequences beyond all calculation. Only God can know the results of our week's Sunday School duty.

In and out of the national church, thoughtful persons are waking up to the practical relation between religious teaching and the state of the nation. No alert person nowadays is so foolish as to assume that "the nation" is the Sunday School is merely pious talk. On the contrary, it is being freshly understood that popular ideals are being shaped and fixed thereby, for the Sunday School goes down to the very springs of character, if the thinking of our land is to be established, in this time of uncertainties, the agency of the Sunday School must be utilized.

There is no need of new organizations to preserve our united life from the ravages of godless radicalism. The churches and their agencies, the Sunday School in particular, are adequate for the task, if given the right support and co-operation. They go right down to bed rock, and build up from the bottom a structure of Christian character. And Christian character is what made this western world great in the beginning, and it is what will save it in the end.

The Cry of the Great.

Here in us call in witnesses. There is no need to go to the bookshelves and quotations from historians and philosophers of all ages to prove that the strength of a state is the faith of its people. One recent and entirely pertinent document will suffice—an utterance that is not as well known as it should be. It is addressed "To our fellow citizens of the British Empire," and it is signed by all the members of the British dominions. The document will bear reading in connection with this Lesson, in every Sunday School in the world.

"THE WAR, in shaking the very foundations of ordered civilization, has driven thoughtful men to examine the basis of national and international life.

It has become clear today, both through the arbitrament of war and through the tests of rebuilding a life of peace, that neither education, science, diplomacy nor commercial prosperity, when allied with a belief in material force as the ultimate power, are real foundations for the ordered development of the world's life. These things are in themselves simply the tools of the spirit that handles them.

"And the spirit of goodwill among men rests on spiritual forces; the hope of a 'brotherhood of humanity' reposes on the deeper spiritual fact of the 'Fatherhood of God.' In the recognition of the fact that Fatherhood and of the Divine purpose for the world which are central to the message of Christianity, we shall discover the ultimate foundation for the reconstruction of an ordered and harmonious life for all men. That recognition cannot be imposed by Government.

"It can only come as an act of free consent on the part of individual men everywhere.

"Responsible as we are in our separate spheres for share in the guidance of the British Empire as it faces the problems of the future, we believe that in the acceptance of these spiritual principles lies the sure basis of world peace. We would therefore commend to our fellow citizens the necessity that men of good will, who are everywhere reviewing their personal responsibilities in relation to the

reconstruction of civilization, should consider also the eternal validity and truth of those spiritual forces which are in fact the one hope for a permanent foundation for world peace."

(Signed) R. L. Bond, Canada. D. Lloyd George, United Kingdom of Great Britain and Ireland. W. H. Hughes, Australia. Louis Botha, South Africa. R. T. Squires, Newfoundland. F. Massey, New Zealand.

That same note sounds in "A Song and Prayer," by Kipling:— "Father in heaven, who lovest all, O help Thy children when they call; That they may build from age to age An undied heritage.

"Teach us to robe ourselves always, Controlled and cleanly, night and day; That we may bring, if need arise, No named or worthless sacrifice.

"Teach us to look, in all our ends, On Thee for Judge, and not our friends; That we, with Thee, may walk uncowed, By far or favor of the crowd.

"Teach us the strength that cannot seek By deed or thought to hurt the weak; That, under Thee, we may possess Man's strength to comfort man's distress."

A Call To Patriots.

It is not yet generally known that both the World's Sunday School Association and the International Sunday School Association have appointed committees to seek the co-operation of the daily newspapers in safeguarding the historic ideal of our national life against the insidious propaganda of Bolshevism. Thus public interest, and all other noble interests, are to be brought to bear to intensify the teaching of Christian patriotism. The elaborate machinery of Sunday School organization, which runs down to almost every community, will be utilized to quicken public solicitude for the character of the teaching that is going into the making of our citizens. This is a new sort of civic religious revival, and the effects may be far-reaching.

Obviously, the reason for all this special solicitude and activity at this present time is the fear lest either radicalism or reaction sweep the public mind off into extremes of un-Christian bitterness and unbrotherliness. We do not want either the "reds" or the "blacks" to dominate our country; we want the teachings and spirit of Jesus, the only adequate Leader for the new time, to be dominant.

Always the Bible has made good citizens. There never was a "red terror" among people who had the book; and there never will be. Changes in the social order will come—have come and are coming—but so long as they are changes in fulfillment of Holy Writ they will bring blessing and not bane to everybody. The Scripture-impregnated men and women who first fixed the character of this new land are our warrant for calling upon all patriots to help us get back to the faith of our fathers in things of the nation as well as in the things of the individual life.

An Anti-Anarchy Recipe.

A Mississippi newspaper man has compiled a series of "platforms," which he calls "The Creed of an American." The impressive documents are exclusively quotations from the Bible. Following are his thoughts, the assigned Lesson for today might be hung in every home, in every legislative hall, and in the meeting place of every patriotic society as "The Creed of a Patriot." The apostle Paul argues the case for the Sunday School Lesson's position better than any commentator can do it:— "Let every soul be in subjection to the higher powers: for there is

BECAME SO THIN SHE WAS AFRAID

"FRUIT-A-TIVES" Made Her Well, Strong and Vigorous.

MADAME ARTHUR BEAUCHER, 305 Cartier St., Montreal. "I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me. "At last a friend advised me to take 'Fruit-a-tives.' I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time the Constipation was banished, I felt no more pain or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

At all dealers or from Fruit-a-tives Limited, Ottawa, Ont.

no power but of God; and the powers that be are ordained of God. Therefore he that resisteth the power, withstandeth the ordinance of God; and they that withstand shall receive to themselves judgment. For rulers are not a terror to the good work, but to the evil. And wouldst thou have no fear of the power? Do that which is good, and thou shalt have praise from the same: for he is a minister of God to thee for good. But if thou do that which is evil, be afraid; for he beareth not the sword in vain: for he is a minister of God, an avenger for wrath to him that doeth evil. Wherefore ye must needs be in subjection, not only because of the wrath, but also for conscience sake. For they are ministers of God's service, attending continually upon this very thing. Render to all their dues: tribute to whom tribute is due; custom, fear, honor to whom honor. "Owe no man anything, save to love one another: for that loveth his neighbor hath fulfilled the law. Thou shalt not steal, Thou shalt not covet, and if there be any other commandment, it is summed up in this word, namely, Thou shalt love thy neighbor as thyself. Love worketh no ill to his neighbor: love therefore is the fulfillment of the law."

SEVEN SENTENCE SERMONS. Though many guests be absent, it is the cheerful man we miss. African Proverb. God has given us tongues that we may say something pleasant to our fellow-man.—Heine. Lord, let me live from day to day in such a self-sufficient way, that even when I stoop to pray, My prayer may be for others.—Anon.

Be perfect; be comforted; be of the same mind; live in peace, and the God of love and peace shall be with you.—1 Cor. 13:11. Oh, the little birds sang east, and the little birds sang west, And I smiled to think God's greatness flowed around our incompleteness. Round our restlessness, His rest!—Mrs. Browning. The chief secret of comfort lies in not suffering trifles to vex one, and in prudently cultivating an undergrowth of small pleasures, since very few ones are lost on long leases.—Anon.

say

Aspirin

Nothing Else is Aspirin

Warning! Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all.

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 21 years and proved safe by millions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain generally. Made in Canada.

Neatly tin boxes of 12 tablets cost but a few cents—Larger packages. Aspirin is the trade mark registered in Canada of Bayer Manufacturers of Monoacetylsalicylic acid of Salicylic acid. Why is it so? Because the Bayer Company will be equipped with their special trade mark, the "Star Brand."

Chicago Girls Learn To Hold Husbands

School Teaches Practical Charm in Everyday Home-making in New School.

Chicago, June 1.—After a four months' course in "household suggestions and home management," fifty girls have mastered the art of getting and holding a husband. They were students of Miss Knud Ambroy's "charm school," which closed at the Y. W. C. A.

There they were taught how to prepare the delicious little dinners that men like, how to manage a house without skirting the brink of financial ruin, how to dress and how to talk and how to take care of their future husbands when they are all in from too much work of some brew. "I guess the school must have been a success," Miss Ambroy said tonight. "At the banquet which marked the close of the school there were four engagement rings and rumors of other engagements flew around."

"I started the school because every girl expects to be married some time, I wanted it to supplement their education. We taught the things that really affect happiness. We sought to assist them to develop charm in a practical way. Charm is the most practical thing in the world when it is the kind that comes with thoughtfulness of others' happiness and comfort."

"We tried to teach the girls to direct conversation and talk on topics other than personal ones. We showed them the difference between interesting and boring topics and the fallacy of remaining on one too long. And we drew attention to voices improperly pitched."

Auto Is Ditched By Maine Moose

Easton, June 3.—An encounter with a moose, which derailed their automobile, was related today by Mr. and Mrs. Walter Chase of this town. They said they were riding near Murray Foster's farm, when the moose, a large animal, sprang from the woods with its head down. The automobile was struck with such force that it was thrown into a ditch. It was not overturned, however, and Chase and his wife were unhurt. The moose stood in his tracks, apparently dazed by the headlights, and as Chase started his machine again the moose was struck. When Chase looked for the animal it had disappeared into the woods.

Berlin, June 3.—Carl Heynen, the first of the convicted German war criminals, found guilty of brutality to prisoners when he was a sergeant stationed at a prison camp, has been allowed four days of liberty to say goodbye to his wife and nine children. The authorities are picking a place where Heynen will be more of a guest than a prisoner.

DOCTOR'S DEATH ACCIDENTAL

Montreal, June 3.—The coroner's jury which investigated the death of Dr. Ramsay Rankin of Stratford, Ont., from wounds in the Western Hospital yesterday afternoon brought in a verdict of accidental death.

STRANGE POISONING!

The most eminent physicians recognize that uric acid stored up in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalid Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called "An-uric"—which drives out the uric acid from the system, and in this way the pain, swelling, and inflammation subsides. If you are a sufferer from rheumatism, backache, pains here or there, you should obtain "Anuric" at the drug store; or send Dr. Pierce 10c for trial package. "Anuric" is many times more potent than lithia.

Girls Hold Door And Trap Slayer

Delaware Shooting Said to Have Followed Forgery Attempt After Week-End Visit

Oseing, N. Y., June 1.—Charles Ortnier, a Sing Sing prisoner, who had been eligible for release 2 1/2 years, but repeatedly refused to go home, finally left the prison yesterday. His maximum sentence expired and he could not stay any longer. Warden Lewis E. Laves was prepared, if need be, to use force to eject him. Ortnier, who is about 35 years old, was the most contented, the most industrious and the most independent prisoner Warden Laves had. He was received from Queens county in May 23, 1917, for an indeterminate sentence of two to four years for assault. If he behaved, this meant that he could go home on parole in two years.

Refused to Leave. Under the prisoners' compensation law, if inmate is allowed to have three months deducted from each year of his sentence if he performs his work well. This meant that Ortnier, who was as industrious as a beaver in a model of good behavior, could have gone on probation November 23, 1918. Since then he virtually has been a voluntary prisoner. Warden Meyer tried to get him to sign an application for parole prior to November 23, 1918. Ortnier frowned upon the request. "The Judge said two to four years," was his reply. "He said nothing about signing anything, I'll sign nothing." So Ortnier stayed, by choice, in Sing Sing.

When he had finished two years, or his minimum sentence, Warden Edward V. Brophy in his term tried to get Ortnier to sign an application for release. Again Ortnier balked. "I'll not sign anything," he explained, "and neither will I agree to anything. I'm willing to stay the full four years."

MARLBOROUGH ENGAGED.

London, June 3.—The London Times announces the engagement of the Duke of Marlborough to Gladys Deacon, daughter of the late Edward Parker Deacon, of Boston.

The Duke of Marlborough was divorced by the Duchess in November last. The Duchess is a daughter of the late Wm. K. Vanderbilt and the now Mrs. O. H. P. Belmont, of New York.

RHEUMATISM

If sufferers from rheumatism could read all the testimonials we receive, they would not hesitate to accept our offer of a free trial sample of Gin Pills. Mrs. E. W. Hallett of Windsor, Ont., writes: "Gin Pills, I know from personal experience, are the only remedy for rheumatism and kidney troubles in any form. I was helped by them, after months of suffering. I tried many other remedies, but all failed; then I tried Gin Pills, with the result that I am well to-day." Gin Pills relieve by removing the cause. Write for a free sample to National Drug & Chemical Co. of Canada, Limited, Toronto, Ont. U. S. Address: National Drug & Chemical Co., 212 Main St., Buffalo, N.Y.

GRADING U. HERD I.

Easy to Double Milk Received Individual C. USE OF PURE B. SIRE BRINGS Better to Have Heir on at Thirty-Two Than at Earlier.

Dr. J. H. Grisdale, of the Agrarian Experiment Station, says that the average day for the average dairy cow is very little over 3,000 pounds a year. This is a very low production period when it should be 6,000 pounds to make a cow 100% efficient. It is 4,000 per cow. Results obtained from a herd in grading up the cow, being carried on a mental farm, Neppan, that by the use of pure bred cows from high producing dairy cows of the dairy breed—pound mark can quite easily be obtained. For instance, a cow has only been carried for years and eighteen cows of their sixth lactation an average of 5,850 pounds of the eighteen gave a 6,750 pounds. There a year-old in the herd is milking around thirty-four seven pounds; others completed their year's work 8,000 pounds to these cows.

The Dread Pyorrhea Begins With Bleeding Gums

Pyorrhea's infecting germs cause many ills. Medical science has proven this. Diseased conditions, which not long ago doctors were unable to trace to a cause, are now known often to be the result of Pyorrhea germs that breed in pockets about the teeth. Rheumatism, anemia, nervous disorders and other diseases have been traced in many cases to this Pyorrhea infection.

Don't let Pyorrhea work its wicked will on your body. Visit your dentist frequently for tooth and gum inspection. And watch your gums yourself. Pyorrhea, which affects four out of five people over forty, begins with tender and bleeding gums, then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of poisons generated at their base.

Forhan's For the Gums will prevent Pyorrhea—check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

FOR THE DWELLER IN THE COUNTRY

GRADING UP THE AVERAGE DAIRY HERD IS A PAYING INVESTMENT

Easy to Double Amount of Milk Received from Individual Cows.

USE OF PURE BRED SIRES BRINGS RESULTS

Better to Have Heifers Freshen at Thirty-Two Months Than at Earlier Age.

Dr. J. H. Grisdale, speaking before the Agronomists in Montreal, said that the average production to date for the average dairy cow was a very little over 3,000 pounds per lactation period when it should be at least 6,000 pounds to make her a profitable cow it would be still better were it 6,000 per cow.

Some Results Obtained.

The grading up experiment at the Experimental Farm, Nappan, has demonstrated the following:

First, that by using a pure-bred sire from a high-producing dam on the average dairy cows the percentage of daughters superior to dams will be materially increased.

Second, that by the use of such a sire you will not only improve the milking qualities of the herd, but will establish uniformity and dairy type of the highest order.

Third, that by the combined use of the best sires and dams, the average yield per cow can be easily raised to a profitable level.

Fourth, that by breeding out the unprofitable ones you can raise your standard of production, which in turn will increase your yearly profit.

Fifth, that by having the heifers freshen at thirty-two months rather than twenty-four to twenty-eight months, as so often practiced, you get a more profitable herd.

Must Use Pure Bred Sire.

Successful grading up, then, of the average dairy cow can only be accomplished by using a pure bred sire with

Rules To Follow In Transplanting

Roots of Plants Must Be Kept Fresh and Moist for Best Success.

There are few general rules with regard to transplanting that must be followed if the work is to turn out a success. In the first place, roots of plants must be kept from drying out in the time between their lifting and re-planting. This indicates moving the plants directly from the old position to the new, so far as possible, and in circumstances where loss of time, that protection must be provided against sun and air.

Pruning the Root

Another practice of importance to the satisfactory permanent setting of the plant is that of pruning both root and branch.

The purpose of this pruning or grading is to conserve the strength of the plant by securing a right proportion of top to root so as to prevent undue demands on the plant.

Some Results Obtained.

The grading up experiment at the Experimental Farm, Nappan, has demonstrated the following:

First, that by using a pure-bred sire from a high-producing dam on the average dairy cows the percentage of daughters superior to dams will be materially increased.

Power Farming Is A Success

Cheaper and More Efficient Than is the Use of Horses.

When the automobile was first seen in our country it was looked upon as an impossible affair. Public opinion immediately decided that it would not get over our roads and hills, so would be useless to us.

The tractor has many advantages over horses; it only eats when working, is always ready to work, never being soft after periods of rest, can be depended upon in hot, dry weather, and can work to capacity at all times.

Small Tractor.

The small tractor can be equipped with pulleys so that they can be used on the belt, doing away with the need of the awkward stationary engine.

Power Farming more stress is put on the quantity one can produce on fewer acres, but with the improved methods one man cannot only work more acres, but can also increase the yield per acre.

Many many machines on our farms which are too heavy for horses, and in these days when production costs have to be kept as low as possible, the farmer must have a tractor which will do the work of several horses.

Power Farming more stress is put on the quantity one can produce on fewer acres, but with the improved methods one man cannot only work more acres, but can also increase the yield per acre.

Canada's Butter And Cheese Trade With U. S.

Buy More from Yankees Than She Sells to Them—Trade Rapidly Growing.

In 1919 the United States reached its peak in the export of butter, the amount going abroad that year being \$3,789,960 lbs. of which 203,373 lbs. came to Canada.

Reverting to the year the world war broke out, namely, 1914, we find that the United States imported 7,200,000 lbs. of butter, of which only 500,000 lbs. were supplied to this country.

Big Growth in Export.

Among the first seeds to sow in the garden are those of the sweet pea, and the sooner they are sown now the better, many having planted them this year early in April.

Do Not Drop Deep.

The mistake is often made of sowing flower seeds deeply. None of the above seeds should be sown more than half an inch deep, and for most of them one-quarter inch is often too much.

Go Slow in Setting Out.

There is often a temptation to put plants which have been growing in the house outside as soon as there are a few fine, warm days.

Another Outline of History.

The "profession" of cheap dancing academics in the tenderloin are now advertising lessons in toddling.

The Wages of Sin.

"Bredren!" exclaimed the preacher as he came across a portion of his flock engaged in pursuing the goddess of chance.

Prevention is Best Care.

BROILERS SOURCE OF PROFIT TO UP-TO-DATE POULTRY MAN

Best and Most Profitable Way to Dispose of the Surplus Cockerels.

SOUR MILK AND GREEN FEED ARE ESSENTIAL

Care Must be Exercised in Dressing and Shipping—Live Marketing Advised.

If broilers are to be produced in any great number, they can be sold to advantage only where there are a considerable number of buyers who are not obliged to consider the price and with the exception of a few health and pleasure resorts this class of buyers is not numerous outside the larger cities.

The broiler is a very profitable adjunct of the poultry business if properly handled, and marketed from the early spring to the end of June, when prices are high.

Market Early Cockerels.

Far too many male chicks that would be available for the broiler market are carried over to the soft roaster stage or even longer, with the erroneous idea that the bigger the bird the larger the profit.

Time to Hatch.

To catch the best market they must be hatched before the last of April, and take about two months to reach the desired weight.

Killing and Marketing.

Broilers are exceedingly tender and great care should be exercised in plucking. It may be advisable to market alive if the price can be adjusted to compensate for the time saved the shipper, but if shipped dressed they should be carefully packed and graded so that such package is uniform in quality and weight.

STANDARD POULTRY BONDS.

When a poultry keeper grows his own stock year after year, he should by all means use stock of a well-established popular standard breed.

Ground-Hog Day In Ontario County

Farmers Will Use Carbon-Bisulphide in Attack on Pest June First.

Brant County, Ontario, is holding its first annual Ground Hog Day on June 1. Ground hogs have increased in number to such an extent that they are a menace to many sections of the county, and Mr. B. R. Schuyler, the agricultural representative, has arranged that a ground hog killing day be held on June 1.

Appeals are being made through the local press urging all farmers of the county to use carbon-bisulphide on this day and try and destroy as many as possible. Directions are being sent out stating how to use the carbon-bisulphide, and already quite a number have purchased the same, and are preparing for June 1. All the township councils are assisting in the advertising and it is expected that a large majority of the farmers will take part in this campaign, which, if done carefully, should exterminate this pest.

DUPES OF PLANTFOOD.

Nitrogen or Ammonia.—(1) Causes leaf, vine and stalky growth. (2) Causes straw growth in grain. Used alone in excess this may be detrimental. (3) Causes wood growth in trees. (4) Causes delay in ripening as a result of prolonging growth. (5) Used alone in excess may cause loss. (6) An excess of nitrogen makes plant growth in this power off resist labor destructive forces such as wind, drought, diseases.

Phosphoric Acid.—(1) Causes early ripening. (2) Causes more vigorous rooting hence gives greater feeding capacity to crops. (3) Potash.—(1) Causes greater activity in starch formation, hence potash helps materially in the filling of grain and potatoes. (2) Causes the crops to have greater resistance to plant diseases. (3) Causes the plant stalk or straw to be longer.

Red Mites Cause Loss To Poultry Men

Hens Cannot Lay When Infested With These Insects—Prevention is Best Cure.

Are there any mites in your poultry house? If not you are fortunate, but you can depend they will soon be there if you do not watch out. You must remember: the best of feed, plenty of it, well balanced and all, will not induce hens to lay eggs if they are completely infested with red mites. The little red insect saps the vitality of the hen by sucking her blood. Hens actually become killed, virtually eaten alive, by mites. Hens cannot lay except when their vitality is maintained. Virulent hens and red mites cannot exist on the same hen roost.

Cause Monetary Loss.

Many people fail to make poultry pay because they are careless about lice and mites than from any other cause. Thousands of poultry keepers are defeated every season by the tiny red mite, an insect smaller than the grain of mustard seed—defeated because they are ignorant of the ravages of the red mite, or it is because they are plumb lazy!

Live in Crevices.

The red mites do not live on chickens or around the roosts. Keeping themselves hid in the cracks and

The Athlete's Remedy
for Sprains and Bruises

THE sprain and bruise encountered in sport vanish with the application of Minard's Liniment. This fact is confirmed by the following letter received from W. E. McPherson, Secy. Army, strong High School Baseball Club:

"Since the start of the Baseball season we have been hindered with sore muscles, sprained ankles, etc., but first of all we used Minard's Liniment and our troubles ended. Every athlete should keep a bottle handy."

This is only one of the many testimonials from well-known athletes.

Disruptive Forces at Work To Split the Allies

The flare-up over the Silesian episode revived, for a moment at least, the persistent German dream of a break in the Entente; and at the same time it brought to the press of the Allied and Associated nations a sobering realization that the failure of France and Great Britain to reconcile their conflicting interests might fan into flames the smoldering hatreds of Europe.

GERMANS LEAD IN ATTACKS ON FRENCH FORCES

Poles and French in Desperate Battle in Upper Silesia.

ALL FOOD SUPPLIES ARE RUNNING SHORT

Germans in Control of the City of Gletwitz and Other Centres Attacked.

Oppeln, June 3.—French soldiers forming the garrison of Beuthen, a city in Southern Silesia, near the old Polish frontier, have been attacked by forces organized by the German inhabitants of the town.

The French have used tanks in charging on the Germans, and are said to have gained the upper hand in the battle. There have been many German casualties, it is reported, but the French have not suffered losses.

Polish Insurgents.

The situation at Beuthen is complicated by the presence of Polish insurgent forces around the city. The Poles began a fight with Germans in the outskirts of the town on Sunday, and when the French were attacked, the Poles rushed men to their assistance.

Attack Well Planned.

The attack by the Germans on the French, it is said, had been well planned. Telephone and telephone wires were cut, sentries were driven back and the headquarters detachment were surrounded. Tanks were rushed to the scene and the Germans, who were armed with pistols, attempted to capture the machines, but were repulsed; and were driven into adjacent buildings from the windows of which a hot fire was opened.

Food Supplies Short.

Food supplies are running short and there has been much looting during recent nights. Germans and Poles have been engaged in a battle near Gross-Strehlitz, just east of the Oder river, and south Oppeln. The Germans have attacked the Poles and have forced the insurgents to withdraw from strong positions.

German dead and wounded have been removed from the scene of the fighting, which took place at Poznowitz, about five miles west of Gross-Strehlitz, and were taken to Krapitz, a town on the west bank of the

MARINE NEWS

ST. JOHN, N. B. The Sicilian, C. P. R., arrived at Antwerp yesterday from Montreal.

Empress of France. Empress of France from Quebec arrived at Liverpool Wednesday with a full passenger list.

Metagama Sailed. The Metagama sailed from Liverpool Wednesday for Montreal with a full cargo and passenger list.

Sails for Liverpool. The Minnedosa cleared from Montreal Friday for Liverpool.

Lead of Cocoonuts. Tern schooner Emily F. Northam, from Elizabethport for Fredericton, N. B. passed City Island with a cargo of Cocoonuts.

CREW GOES HOME. Halifax, N. S., June 3.—Members of the crew of the schooner Esperanto which was stranded off Sable Islands early Monday morning, left for their homes in Gloucester, Mass., and Sherburne, N. S., yesterday.

Oder. When farm wagons loaded with German dead entered Krapitz, the populace was so excited that Baron Von Fless, commander of German volunteers there, had difficulty in controlling the temper of his officers.

Women Volunteer. Women began volunteering last night for service at the front, and declared they were ready to take the places of men who were killed.

Members of the Black Watch, constituting a part of the British forces sent into Silesia, have reached Stundorf, about six miles northwest of Gross-Strehlitz, and Polish sentries are on duty only a short distance away. French soldiers are in undisputed possession of Gross-Strehlitz.

Advices received here state the Germans in control of the city of Gletwitz, about ten miles northwest of Beuthen, have mined the town and will wreck it if the Poles should attempt to capture the place.

Members of the Black Watch, constituting a part of the British forces sent into Silesia, have reached Stundorf, about six miles northwest of Gross-Strehlitz, and Polish sentries are on duty only a short distance away. French soldiers are in undisputed possession of Gross-Strehlitz.

The situation at Beuthen is reported by neutral refugees reaching here to be grave.

SAXONIA AT HALIFAX. Halifax, N. S., June 3.—Twelve days from London via Cherbourg the Cunard liner Saxonia arrived in port yesterday. Halifax fog delayed the steamer at least four days, officers of the ship reported. On one day the run was only nine miles and on another day, among the 542 passengers disembarked at Halifax this morning was the Baroness De Bruggen, of Belgium, who is proceeding to her summer home at Chester, N. S. After landing passengers and mails, the steamer sailed for New York.

QUIT TOBACCO

So easy to drop Cigarette, Cigar, or Chewing habit.

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

DEPARTMENT OF HEALTH, N. B. Free Treatment of Venereal Disease

Mrs. Estwood C. Boyle accompanied by her niece, Miss Phyllis McKel, leaves on the steamer Governor Duggan today to visit her sister, Mrs. McKel, at Somerville, Mass.

Shave dinner or supper at LaTour Hotel dining room, King Square. All meals 50 cents.

Main Street Clerk Not Enthused Over Delegation's Visit

H. R. McLellan Returns from Ottawa Far from Optimistic Over Benefits.

H. R. McLellan, who was a member of the maritime delegation to visit Ottawa this week in the interests of better freight rates for these provinces returned home yesterday not over enthusiastic as to the securing of satisfactory results from the visit.

When asked what he thought of the result of the delegation's visit to Ottawa would be, he replied that he would like to be an optimist, but was really a pessimist.

Asked if he was willing to express any reason for his feelings he said: "The delegation which went to Ottawa was composed of the representatives of the three Provinces, Governments, of civic groups, the Maritime Board of Trade, local Board of Trade, Commercial Club, Agricultural Association and the Maritime Division of the Canadian Manufacturers' Association, and numbered about fifty."

The delegation was met by the Premier and his cabinet at 12 noon, and was requested to state their case and to make a statement to the members of the presentation. This necessitated a limited amount of time for each speaker, and the importance of the case, coupled with the interests represented did appear to me as requiring more time for discussing it.

The fact of being restricted to such a short space of time, and that of the Premier stating that other porters of Canada were complaining of the excessive railway rates, although the regular and courteous answer that full consideration would be given to the matter, did not appeal to me that any special rights which we were claiming under the Confederation pact were to be recognized.

"If, as I believe, that there will be no recognition of our Confederation rights, and this probably due to the fact that the people of Canada, other than those of the maritime provinces have no knowledge of those rights and, if so, will not concede them, there is no reason to expect proper treatment, until we educate our people to the absolute necessity of our maintaining our rights, by a willing and intelligent effort to secure them."

Aside With Gloves.—The maritime provinces are in a bad state, in having their rights ignored, and while a Halifax newspaper may believe that I was somewhat belligerent and my statements did not convey the feeling of the delegation, I can assure that paper, that so long as kid glove tactics are used and the maritime provinces are not alone to be considered, we will never reach the position we are entitled to.

"I repeat what I have stated before, that it was necessary to sink all partisan politics in order to secure Confederation, it is surely a necessity to sink them all at the present time in the port of maritime necessity. Educate the people in regard to Confederation, and the benefits which were to accrue to the maritime provinces, and then we may as a unit, stand for our rights, be able to secure them after being ignored for some fifty-four years."

There is a look about the Lakewood, a cleanliness of contour in its straight lines, an impression of sturdiness, of ample room, of deep comfort that bespeaks those qualities which a ride over boulevards or ways quickly verifies. All Paige cars are winners, but the Lakewood is the best of the line.

The five-passenger Paige model has those distinctly characteristic marks which stamp it as a car of the highest order. It is a car of the highest order.

Local Staff.—Lieut. E. F. Forter, R.A.F., is local manager of the Maritime Page Co. and Geo. L. Ingraham is salesman.
