FACTORY OF J. & D. A. HARQUAIL CAMPBELLTON, N. B.

When you think of building or improving your home please bear in mind that we have one of the Largest and Best Equipped Planing Mills, Drying Kilns and General Woodworking Establishments in the Maritime Provinces, with our advantages of handling large quantities of lumber at little expense, places us so as to compete with any. Special attention given to kiln drying.

THE QUALITY OF OUR WORK CANNOT BE EXCELLED

Eternal Vigilance is the price of Success
Our first year's experience in the wood-working business has taught us that there are 3 Things Necessary to Success

The Machinery Material

1st the Man, having secured the services of M. Lavalles foreman, a gentleman who has had 20 years experience having charge of some of the largest manufacturing establishments in the Western States and in Montreal, and who thoroughly understands his business, we are now prepared to give estimates on all material used for building purposes, cabinet work as well, and will guarantee satisfaction.
2nd the Machinery, during the past year we have added a number of new machines to our already large variety, and we contemplate adding other machines this year which will make our factory the best equipped in the Maritime Provinces.
3rd the Material, having our own long lumber and shingle mill, we manufacture direct from the tree every part both the rough and finished wood-work of a house from the foundation to the saddle board.

We also keep on hand a full supply of hardware and nails, brick, lime, etc., for building purposes. A car of lime just arrived, will be pleased to furnish quotations on anything in our line.

War News

Reported Battle on the Yalu.

Chee Foo, Mch. 19, (Special), 9 p.m.—A private despatch received from Mukden states that a battle has taken place on the Yalu, in which the Russians claim they captured eighteen prisoners.

Japs Capture Port Arthur.

London, Mch 13—A number of rumors are printed in the newspapers here this morning, but they must be accepted with great reserve. The Daily Telegraph's Tokyo correspondent cables a "newspaper report" of the Japanese occupation of Port Arthur after a combined land and sea attack Saturday and Sunday. It is asserted that a division of Japanese landed on the Liao Tung peninsula Saturday and engaged the Russians near Port Arthur while the fleet bombarded from Saturday evening until Sunday evening.

The same correspondent reports a sharp encounter at Chong Syon on the Yalu river about 30 miles northwest of Wiju in which the Russians lost 600 in killed or wounded.

The Daily Chronicle's Shanghai correspondent hears from Newchwang that the Japanese crossed Tatung Pass, forty miles from Hai Chang, and that collisions occurred with the Russians.

Reports from Seoul and Tokio are to the effect that Marquis Ito has arranged to lend 5,000,000 yen (\$2,500,000) to Korea on easy terms.

Provincial Legislature

In the Legislature on Tuesday Mr. Burns introduced a bill to incorporate the Bathurst Electric and Water Power Company. On the ground of urgency it was read a second time.

Mr. Young presented the petition of N. A. Landry in favor of a

bill to amend the Gloucester act to enable the municipality to effect temporary loans.

Special to EVENTS.

Fredericton March 23rd—In the Legislature to-day Barnes presented petitions of James B. Geddes and others and A. H. Chandler and 1500 others in favor of the incorporation of the N. B. Central Ry. Co.

Hon. L. J. Tweedie pointed out that the speech of the Lieut. Governor of Quebec contained a similar statement with regard to prov. subsidies and their re-adjustment that was made by the Attorney General and in the speech from the throne.

The house was engaged all day in considering the highway bill which was agreed to, except the section relating to winter roads and the amount of the road tax.

Estimates for 1904-05.

Campbellton gets \$12,000 for Public Building.

Other Grants of Local Interest.

The estimates for the year ending June 30, 1905, were presented to parliament on Wednesday of last week by Mr. Fielding.

The total estimated expenditure on consolidated fund and capital account is \$62,935,338, a decrease over the estimates for 1903-1904 of \$5,456,563, but the supplementary estimates will likely make this up.

A large number of the items are revotes on account of there being so short a time between the present and the last session, which did not permit of the money being expended.

The following are the votes for the Bay Chaleur—

The Cigarette Evil.

A movement has been started in Britain (but which appears to be at least, no less urgently called for in this country) to put down by legislative enactment the evil of cigarette smoking by young boys. At the head of the movement are men of the highest intellectual and moral rank, including Lord Kelvin,

Special Easter Novelties

Our showing of Easter Novelties this season is larger and better than ever before. Special care was exercised in the selection of these goods so as to have nothing but the very latest goods now in vogue in New York and Paris. We wish to call particular attention to our splendid range of Stock Collars and Neck Novelties generally. You will find our collection of Belts, Buckles, Blouse Setts, Neck Beads, etc. right up-to-the-minute in style and originality.

New Kid Gloves

If you are not already a patron of our Kid Glove Dep't you should be, for we carry the largest and best stock of Kid Gloves in Northern New Brunswick. The name "Rouillon" is famous the world over for excellence of quality and perfection in fit, every pair guaranteed or money refunded if they don't prove satisfactory. You will find all the new shades in Tans, Browns, Custers, Greys etc., as well as Blacks and Whites in all sizes.

Easter Neckwear, Hats, etc., for Men

There are three items in a man's dress that are perhaps more noticeable than anything else he wears, viz, his Hat, Shoes and Tie. We cater to the most particular trade and are in a position to show what is really NEW at no greater cost than others ask for out-of-date goods. Every line we handle in Men's Furnishings is confined to us and in no other stock will you find such high class goods as here.

a number of Bishops, prominent Members of Parliament, officers of high military rank, headmasters of many of the most famous schools, presidents and secretaries of charitable or reformatory institutions dealing with children, eminent surgeons and physicians, &c.—just the men best qualified by observation and experience to express an opinion upon the cigarette habit in boys and its results. The gentlemen have signed and presented to Parliament, as well as published in the Press, a petition urging the necessity for immediate action.

They say, and truly, that the cigarette habit is a matter for national concern, for it is doing much to undermine the health and ruin the character of many British boys in the various grades of society. In their petition they say,—"Whether to the public school boy or to the boy in the street, the evil is equally harmful and we, the undersigned, cannot too strongly express our hope that possible attempts may be made to deal with what we believe to be a very serious hindrance to the young life of the nation."

There can be no question of the desirability of stopping this cigarette evil wherever prevalent, but how to do so is a very difficult problem to solve. Recently, however, the British Parliament passed an Act making it highly penal to sell liquor to young persons, and we see no good reason why it should not pass a similar Act prohibiting

the sale of tobacco in any form to young persons. If the sale to them of cigarettes is effectually stopped then boys will not get them to smoke, yet it might be beneficial to impose the terror of the birch rod on all boys caught smoking. Such an Act would be as rational as much of the paternal legislation now-a-days.—Scottish American.

EDITORIAL CHIPS.

THE recent tour of inspection over the Canada Eastern Railway by T. C. Burpee, I. C. R. Engineer of Maintenance, has revived the much-discussed question of the purchase of that railway by the Government. To say the least, it is a fact of considerable significance just now.

Hon. A. T. Dunn, Surveyor General of New Brunswick, has been appointed Collector of Customs for the port of St. John. The salary is \$3000 a year. This makes another vacancy in St. John's representation in the Provincial Legislature, with two portfolios in the Cabinet, to be filled. According to the Globe there are several aspirants for these offices, both in St. John and outside, nearly every County in the Province without representation in the government having an eye on them.

And now it is Canada and Russia who are at loggerheads. The Commission now sitting in London to settle the amount of damage due Canadian vessels seized in the Behring Straits by Russian warships have failed to reach a mutual understanding. The Russian Commissioner, in keeping with the Russian policy, seems bent on making trouble. He requests that pelagic sealing be abandoned in the Pacific. This is not at all favorable to Canada.

A bill was presented in the Local Legislature last week which is of considerable local interest, especially in the event of the Restigouche & Western being pushed to a speedy completion. The main feature and purpose of the bill is to prohibit the exportation of lumber in the unmanufactured state across the border. Mr. Flemming, who introduced the bill, pointed out that large quantities of spruce and cedar logs are shipped across the line to Van Buren and manufactured into deals and shingles in American mills, at which Canadians are not allowed to work.

It is claimed by some that the Restigouche & Western is being built with the view of opening up a new country to supply the American mills with the necessary logs, but we can hardly believe that such is the case. The Government would hardly commit such a glaring and flagrant breach of public trust as to build up American industries at the expense of our own, for this is what it means, as the Government have guaranteed the bonds of the Restigouche & Western. And besides surely we can depend upon the push and energy of our own people to establish mills along the line of railway and thus secure the trade for our own province. But if logs are being shipped into Maine it is about time it was stopped and this bill is a timely piece of legislation.

The Post Office Department has adopted an insurance system for valuable letters which will take

effect March 28. Letters addressed to any part of Canada may be insured for amounts not exceeding \$25, on payment of the following fees—

Insurance Fee	Limit of Compensation
3 cents.....	\$10
4 cents.....	15
5 cents.....	20
6 cents.....	25

This is of course in addition to the regular postage and registration charges. Certain regulations are to be observed in the manner of sealing and tying letters and parcels.

Persistent rumors are current in town to the effect that there is a considerable amount of gambling going on in certain quarters. We have no accurate information to hand in the matter but it seems to us an investigation by the proper authorities is called for. We know of one case where a commercial traveller remarked at Bathurst one morning not long ago that one man had cleaned up over \$200 the night before in Campbellton. If such reports as these are to be circulated abroad it is time our officials were waking up in the interests of Campbellton's morals, or else its name should be changed to Monte Carlo. It is alleged that men occupying prominent positions in the town are interested in this gambling and if such is the case the sooner the matter has been investigated the better. Here seems to be a work for our policemen, who do not seem to be over-burdened with work just now. Of course reports are sometimes exaggerated, and there is always a difficulty of obtaining accurate information, but greater difficulties have been overcome.

The Campbellton correspondent of the Newcastle Advocate has been affording our citizens considerable amusement of late by his frantic efforts to put EVERTS out of business. One would naturally think that he had had enough of newspaper work and that his time was more valuable, according to his own story. But perhaps he is looking out for No. 1—as he always is—surmising that somebody would be innocent enough to think there was something in his vain chatter.

Obituary.

A. J. Venner.

The death occurred on Sunday morning of Mr. A. J. Venner at "Beauregard" the family residence after an illness of a few months from cancer of the stomach. His death was not altogether unexpected as it was known for some days past that he was in a very critical condition.

The day previous to his death, his wife and daughter, who were tenderly caring for his wants during his illness, noticed that he was gradually sinking and the other members of the family, Mrs. (Dr.) Bourque of Moncton and Mrs. Thos. West of St. Paul, Minn., were wired for. The former arrived on the local express Saturday evening but Mrs. West could not accomplish the long railway journey in time to see her father alive, arriving on Tuesday morning.

In the death of Mr. Venner, Campbellton loses one of its most respected citizens, a man who at all times was keenly alive to the interests of the town. He was also a man of strong patriotic sentiments. Mr. Venner came to Campbellton about 27 years ago from Quebec, his native place, and entered into the dry goods business here which he carried on successfully till about 12 years ago when he retired. He subsequently received the appointment of Harbor Master for this port which position he occupied till his death. He was 65 years of age

and leaves a widow and three daughters, Mrs. Wm. Wheaton, Mrs. (Dr.) Bourque and Mrs. Thos. West, who have the sympathy of a large circle of friends in their trying hour of bereavement.

The funeral took place yesterday morning at 10 o'clock, a large concourse following the remains to the R. C. Church where a requiem high mass was sung by Rev. Father Wallace being the celebrant assisted by Rev. John Wheaton of Balmoral as Deacon, and Rev. Father L'Amour as Sub-Deacon. Father Wallace spoke very feelingly on Death and in reference to the life of the deceased. The caquet was placed on a catafalque in front of the altar and remained there during the day. The remains were taken to Quebec by I. C. R. Express this morning, where they will be laid in their final resting place in the family vault.

D. G. Murchie.

We regret to learn of the death of Mr. D. G. Murchie, New Mills, who passed away after a lingering illness, at his home on the 21st inst, at the early age of 38 years.

He was a highly respected citizen in whose integrity and good judgment, the public placed implicit confidence. For several years he has been an esteemed elder, and Secretary Treasurer of the congregation, and in every capacity he discharged his duties faithfully and efficiently.

The funeral took place on Wednesday, 23rd inst, at 2 p. m., and was largely attended. Services were held in the house, and in the Church, conducted by the pastor, J. M. McLeod, assisted by Rev. T. Nicholson, who spoke of the valuable services and consistent Christian life of the deceased.

William Rainey.

William Rainey, a former resident of Bathurst, N. B., and who has been making his home with his sisters since the death of his parents, died at Bathurst, Mass., Wednesday, March 18, after an illness of only a few days.

He was taken suddenly ill on the 8th inst, at the home of his sister, Mrs. David D. Fletcher, 68 Fowler Street, Dorchester, and remained unconscious for several days. The deceased was a son of the late Anthony Rainey, whose death occurred a number of years ago.

His sisters Mrs. J. L. Bishop of 45 Westland Avenue, Boston, and Mrs. Arthur Hall, Brooklyn, N. Y., were present at the time of his death. Another sister, Mrs. Wm. Draper, of 45 Horsfield Street, St. John, was not able to be present. Only one brother, Captain Alexander Rainey, survives him and he resides in England.

The body was taken to Bathurst on the 17th, where it was interred beside other members of the family.

Game Being Slaughtered

Reports of a good deal of killing of moose and caribou have recently been circulated and it would appear with a good deal of credence.

On Wednesday John Savoy of Balmoral was convicted before P. M. Matheson of killing game and fined \$50 with costs. Other cases of a similar nature are likely to come off soon but at present the Game Warden is searching out the evidence. To-morrow was the day set for the game warden coming off duty but it is thought they will be asked to continue their work for another fortnight since there is as yet no settling of about five feet of snow.

Dalhousie Doings

The following is a copy of petition forwarded to Ottawa by Messrs. Ferguson, LaBelle and Powell, Commissioners for the Town of Dalhousie—

To the Honourable Minister of Public Works, Ottawa. The Petition of the Undersigned Commissioners of the Town of Dalhousie, N. B., Humbly Sheweth:

WHEREAS public notice has recently been given by The Dalhousie Lumber Company, Limited, of an application to be made by said Company to the Governor General in Council, for approval of a certain plan and description filed in the Department of Public Works at Ottawa, a duplicate of which has been also filed with the Registrar of Deeds at Dalhousie, N. B.

AND WHEREAS the said plan and description relate to the proposed establishment of certain wharves, piers and other works in connection with the business of the said Company at points lying between Douglas Island and Rock Island in Dalhousie Town limits. We, the Commissioners of the Town of Dalhousie protest against the granting of the said application, and of the street rights, namely, Water Street, running East and West through said boom, also all streets running North and South through said Water St. to deep water, also the street through Mr. Montgomery's land North and South to deep water, all of these streets shown by Town Plan hereto annexed. The Commissioners on behalf of the Town of Dalhousie Lumber Co. Limited, to have the use of said streets and water free of charge until the same are required by the Town Commissioners or a majority of them for public use.

We the said Commissioners on behalf of the public, approve of them extending their wharf as proposed on their plan, so as to load their vessels afloat.

Also, the said Commissioners protest against any encroachment in connection with the ferrywharf the Eastern side of the said Company wharf to be their line, also the Western side of Breakwater running from Rock Island highwater mark along the side of said breakwater till it comes in connection with the street, and all water between Company wharf and Rock Island to highwater mark to belong to the Public and for public use, also the gap in the said breakwater to be kept open for the public, and also the obstruction that is at present there to be removed.

We therefore humbly pray that your Honour will consider the premises, and having regard to such rights on behalf of the public as they are defined by the official plan of the Town of Dalhousie, on file at the Crown Land Office at Fredericton, will decline to grant the application of the said Dalhousie Lumber Company, Limited, or approve the said plan and description with the concessions that the Commissioners have granted, and protecting the public rights in regard to streets and ferry wharf.

And As In Duty Bound Will Ever Pray.
Dated Dalhousie March, 1904.

Poisons.

Snake poison would kill the strongest man if the smallest possible drop of it were injected into his veins or laid on a cut finger or chapped lip. But the smallest child might drink a teaspoonful—probably a glassful—without suffering the least injury. The same is true of most of the poisons savages inject into their arrows, and you can suck the dangerous wound with impunity.

Arsenic eaters became so accustomed to the use of this drug that one of them could eat as much of it in a week as would kill a troop of cavalry, horses and all. If a man took a dose of lunar caustic and his wife a dose of hydrochloric acid they would be subjects for a coroner's inquest in a very short time. But if either the man or the woman took both doses together the result would hardly be different from that of taking so much strawberries and cream. If two men each took a small quantity of hemlock one might drop dead, if he had a fatty heart, and the other feel only a slight inconvenience, if his heart was all right.

Noses.
One of the most brilliant essays on anatomy is the one which classes noses not by origin, but by mentality. The aquiline nose, for example, is the sign of goodness, amiability and weakness. By that nose Louis XVI. was led to the direct catastrophes. Let us have commiseration for the nose that is very slightly prominent. It is the muzzle of a sheep and belongs to people who are easily deceived. Distrust the nose with the medium part elongated. That elongation marks the extent of desire for the insatiability of appetite. Look out also for the ferret nose, with its sharp point, always on the scent for secrets. It is the nose of the inquisitor. The devil-may-care nose is slightly turned up at the end. It denotes a character without firmness. But when you see a nose that rises from the depths of the orbits and stands out in bold relief, take off your hat. You are in the presence of the nose of a thinker.

Brain Work and Longevity.
In a lecture on longevity delivered before the Royal College of Physicians Sir Hermann Weber, himself an octogenarian, gave official support to the doctrine that brain work does not kill, but rather the reverse. A few of his instances were Socrates, Plato, Galen, Cleopatra, Voltaire, Bismarck, Beaumont and Gladstone, to whom we might add Hobbes, Carlyle, Spencer and Kelvin. The facts are that brain work increases the supply of blood to the nerve cells and promotes their nutrition and health. Momo, an Italian, laid a man on a delicately balanced table and showed that the head end sank whenever the subject did a mental sum or any other brain work. The increased weight of his head was due to the life giving blood. The truth is that brain work, as such, never killed anybody.—London Chronicle.

Notice

A special meeting of the Shareholders of The Restigouche Room Company, will be held in the Secretary's office Campbellton, N. B., on Tuesday the 9th day of April next, at 3 o'clock in the afternoon, for the purpose of repealing Bye-Law No. 1 of said Company and substituting the following in lieu thereof, be it ordained by The Restigouche Room Company:—
"1st, That that the annual meeting of the Company shall be held at the office of the Secretary Treasurer in the Town of Campbellton on Friday after the second Tuesday in January in each and every year for the purpose of choosing Directors to carry on the business of the Company and of transacting such other business as may be deemed necessary. At such annual meeting there shall be elected five Directors, three of whom shall on all occasions form a quorum and the said Directors shall hold office for a period of one year or until others are elected in their stead, provided always that the said Directors or any of them may be removed from office for any reasonable cause at any time during their term of office by a majority vote of the shareholders present at any special general meeting duly convened for that purpose, and another or others elected in his or their stead at the same meeting. And it is also ordained that this Bye-Law shall be immediately operative in its application to the existing board of Directors." And also for the purpose of appointing an official Surveyor of lumber on behalf of the said Company and for the further purpose of ratifying and confirming a certain agreement bearing date the sixteenth day of January A. D. 1903, made between The Restigouche Room Company of the first part and William Richards & Company Limited of the second part.

Town and Country.

Alexander Morrison of Chatham, at one time lumber King of the North Shore died at his home on Tuesday. He was 76 years of age.

We have the jewelry goods—they must be all sold before leaving for the Northwest and you will get them for anything reasonable—R. A. Jacobson.

See our choice selection of Tooke's neckwear at Humphrey's Clothing Store.

Guaranteed Premier fountain pens No. 2 going at \$1.00 while they last at Events clearing sale of stationery.

Will be pleased to have you call, no trouble to show goods at Joudry's Furniture Parlours.

Miss Henderson is offering the balance of her winter millinery at half price, genuine bargains for any one wishing a hat for the balance of the season.

Everything in our jewelry store is going at practically your own figures as everything must be cleared out before going to the west—R. A. Jacobson.

All of Events' retail stationery going at any figure as all must go previous to May 1st.

The Chatham and Newcastle curlers had a curling match last week for 150 of Red Rose tea donated as a prize by Mr. T. H. Estabrooks of St. John. The Chatham team easily defeated their opponents but generously made up eight little boxes of the tea and sent it to Newcastle for distribution amongst the men composing the two rinks. The packages were promptly returned, accompanied by the following mysterious letter:—

Dear Sirs: The distribution parcel came duly to hand, for which, on behalf of this Newcastle visiting curlers we are requested to kindly thank you. Herewith please find your kind donation with the suggestion that the same be realised on and the proceeds given to Mr. Johnston as part payment for sundries supplied to Campbellton curlers in 1903. Charity is a blessed attribute—especially that which beginneth at home.—Brooks up!

Perhaps our popular hotel proprietor "Billy" can throw some light on the above, as we understand he stands in a similar relation to the Moncton curlers.

There is only one way to make sure of clearing out all retail stationery by May 1st. Sacrifice it to the last notch—EVENTS.

We are selling out—going out of the business May 1st at Joudry's Furniture Parlour.

We have just received another lot of fancy shirts. Every pattern is a peach—Oak Hall.

Miss Henderson who has spent about a month attending the Boston and St. John millinery openings, has returned. Miss Henderson will be prepared to give her customers the benefit of the latest American styles.

It pays to buy good furniture, we have the goods and are bound to sell at Joudry's Furniture Parlour.

Tables, plain and ruled, note and letter size going for any price—name it—Why? because every bit of it must be out of the office by May 1st.—EVENTS

Mr. and Mrs. Geo. St. Onge, and Mr. and Mrs. Robt. St. Onge went down the A. & L. S. today.

Call at Humphrey's for Tooke's goods.

Miss Bridget J. Quinn spent a few days of last week with friends in Dalnoulie.

Now that the hockey season is nearing an end, would it not be a good thing for the boys to resolve themselves into a baseball club for the summer. This would give them something to keep them in condition till next season when they no doubt would realize the benefit of the training. Besides one or two good baseball teams ought to be encouraged by our townspeople.

The first to come will get best choice on EVKERS up-to-date stationery stock, while it lasts, no more goods will be added.

Jas. Connell, night foreman of the I. C. R. Shops, who has been to Montreal consulting a physician, returned home yesterday morning. Mr. Connell we regret to say has not been well for some time, being affected with heart trouble.

Judging from appearances navigation will be a little later than usual this year. The river opened last year on April 27th.

You never did and you never will except you steal it at a fire get what is the make up of a stationery store as cheap as EVKERS is now disposing of it, clearing out of it previous to May 1st.

A light snow fell on Tuesday evening, gradually softening to a rain early Wednesday morning.

Mr. L. P. LeBell of New Carlisle was in town Monday serving papers on the Crown witnesses for the Murray trial to be held in Quebec April 11.

H. B. Anslow of the Newcastle Advocate is in town.

About seventy-five people took in the Porters excursion from New Carlisle to Campbellton on the A. & L. S. Railway on Monday.

Geo. Moffat of Dalnoulie was in Chatham last week.

Mr. O. Smith our popular real estate agent has received about fifteen or sixteen bids for the Waverly Hotel. He says the figures offered are all too low, but there is a strong likelihood of a deal being made.

John McAlister K. C. left Tuesday morning for Bermuda to recuperate his health.

As far as we can learn negotiations have not yet been completed for the new boat for the Campbellton-Gaspere service, but are still in progress. The latest boat in sight and the one which the promoters of the scheme are trying to secure is an oak vessel with a speed of 15 knots and about the size of the Admiral.

We are opening a full line of Tooke's celebrated shirts, collars and cuffs. The best in the market. We have no old goods to show you.

Humphrey's Clothing Store.

Mr. and Mrs. T. V. Tozer spent Sunday in Newcastle.

P. J. Venoit and J. N. Legere of Bathurst, went to Fredericton Tuesday on business in connection with the installation of an electric light plant in Bathurst.

S. Laughlan returned this morning from a business trip to Carleton and Victoria Counties. He requests us to say that he did not attend the Orange Grand Lodge at St. Stephen as published by us two weeks ago.

Rev. J. Goldsmith of Bathurst, Chairman of the Methodist Chatham District, was in town on Friday and attended a meeting of the Official Board of the Methodist Church in the evening.

Town Council to-morrow night.

St. Patrick's Day was observed by the celebration of Mass in the Roman Catholic Church. In the evening the last carnival of the season was held in the C. C. Rink which was largely attended. There were many good costumes, the prize for the prettiest being awarded to Mrs. John Morton. The one mile race between Jake Moores and Tommy Barclay proved interesting and exciting. Moores succeeded in getting the lead at the start which he held till the finish. Barclay however, making a splendid but unsuccessful attempt to overtake it, just being behind about two feet in crossing the line.

H. S. Alexander has taken advertising space in EVENTS. Read his Adv. on first page.

Pen carbon copying looks, the ideal thing for factory merchants, being slaughtered in price with the rest of Events stationery clearing sale.

The Moncton Transcript of Tuesday says: Mr. Wm. Sproul proprietor of the Royal Hotel Campbellton passed through Moncton on his return from St. John yesterday.

H. Alexander's west show window is this week tastefully decked out in the famous Mazawattee tea.

At a meeting of the Official Board of the Methodist Church held on Friday, Rev. H. Thompson, Moderator, presided, extended an invitation to remain as Pastor for a fourth year. In reply he said that it would be a pleasure for him to accept, subject to the decision of Conference. Mr. Thompson's decision will be received with feelings of pleasure not only by the Methodists of the town and country but by the people generally.

The Congress String Band of the Salvation Army are in town. They gave their first performance last evening and will give another one to-night. There is a varied programme of vocal and instrumental music, besides the usual devotional service, followed by an address by Mrs. Lieut. Col. Sharp.

Sheriff Stewart recently lost two valuable horses.

Every bit of EVENTS retail stationery must be cleared out by May 1st—Paper, Envelopes, of all kinds including an abundance of mourning stationery, fountain pens, office supplies, note, receipt and draft blanks, Shannon files, binding cases, etc. You can get any or all of this at your reasonable figures.—EVENTS

Griffin Cove

People are taking advantage of the fine weather and "are busy hauling out logs etc before the roads break up, there being less snow than any previous winter an early spring is expected.

The Calhoun Lumber Co. who are operating a mill in Griffin Portage this winter have now about half of their cut of logs sawed and hauled down to the sea shore ready for shipment in early spring several teams are hauling every day and expect to have all out in about five or six weeks time, this company as well as the Desbrisay have done considerable good to the people employed at these camps were from here.

Quite a lot of lumber has also been hauled out for the government for the purpose of improving the entrance to the river so fish-

ing boats may sail in at any time a storm is expected, this place has no shelter for boats, consequently this work is approved by all.

The new B. B. Church which was commenced last June remains now only to have the steeple galvanized and the exterior will be completed the inside will only be finished enough for holding service in for the present, the building is a large one and has a good appearance and is quite an improvement to the place, all those who have seen it say it is a credit to the contractor who is Mr. L. O. Menard the same person is now building a new parsonage which is well underway and expected to be finished in and out early this summer.

Mr. and Mrs. E. Conway who have been absent the winter are expected back next week. Mr. Conway who had to leave on account of ill health we are pleased to say is better again and will resume his duties for Messrs Robin Collas & Co as in the past.

Mr. G. W. Bossy drove to Fox River on Sunday and spent the day with friends there, we also notice Mr. John Renault was up the same day.

Hay and oats are very scarce in this vicinity and high prices are being paid for same, hay is now selling 18.00 to 20.00 per ton and oats 1 1/2 to 2c. per pound.

Mr. Athanasie Sinnett left for Chien Blanc on Tuesday 15th with the intention of spending some time with friends there.

About Heads.
The head of the true Rhinoceros is wide at the temples. If the hat is the exact length in nine cases out of ten it has to be stretched sideways in order to make it fit. English heads are wide, but not so pronounced as those of Germans. There is more of a "siding scale" with them as to the relative length and breadth. The Celtic head is almost invariably round or oval and without pronounced pre-natal bumps.

For general smoothness of the cranial protuberance the Italian comes next to the Celtic, either of the two bears the classic Greek in that respect. Odd as it may seem, anatomists declare that the Turkish skull is almost identical in shape, size, etc., with that of the enlightened inhabitant of the United States.

Kattan Comes From Singapore.
Strange as it may seem many people imagine that rattan and willow furniture are the same. Kattan is the Chinese importation, brought direct from Singapore, and is not susceptible of bending double without even cracking. It possesses, besides this, great firmness and strength, and a chair of kattan can be thrown from an express train and picked up intact. Kattan is therefore used for such articles as baskets and light ornamental furniture. Kattan has the use, the rattan, however, being better adapted for working up into intricate designs.

Summer Ice.
The peasants of Pongibaud, in the mountains of Auvergne, are acquainted with a singular summer formation of ice, presumably due to evaporation of underground moisture and consequent fall in temperature. Of this phenomenon they have for many years taken advantage to cool and harden their cheeses, which are deposited in certain caverns where this ice is found to be present, and thus keep good during the hottest summer months.

The Cause of It.
"What's all this fuss about?" asked the policeman, stopping between the two young men.
The one that had got the worst of it and was wiping the blood from his nose pointed to the other fellow. "He can tell you her name if he wants to," he said. "I won't."

A Cerebral Product.
A good story is told in the London papers of an Oxford freshman who was asked early in the beginning of the term whether he had proved a certain proposition in Euclid. "Well, sir," he replied, "proved is a strong word. I considered it highly probable."

The Doctor's Orders.
Dedelia—That are you don't talk! the lock off the cupboard door, Pat? Are you crazy?
Pat—No, darlint; the doctor told me today that I must quit bolting my food, and I'm goin' to obey instructions.

Postgraduate Course.
Mrs. Richmond—Is your daughter going back to the cooking school this year?
Mrs. Bronxborough—No; I'm going to keep her home until she learns to cook some dishes that we can afford to eat.—Judge.

Penalty of the Smoker.
"Fred!"
"Yes, dear?"
"Why don't you buy me one of those nice Havana wrappers that you were talking to Mr. Bryce about last night?"

The Earthquake.

Some of the buildings in town and country were given a shaking up about two o'clock Monday morning. Two distinct shocks were felt, lasting about a second causing several buildings to shake so that the dishes rattled and other disturbances awoke people in various parts of the town. We have not heard of any damage being done. In other parts of the province, particularly in the vicinity of St. John and Fredericton the shock was quite severe but no serious damage is reported except the breaking of a wall in one of the cotton mill buildings at Marysville.

BLACK BOY

Is just the kind of a Draught Horse now wanted.

Black Boy is a beautiful black, stands 17 1/2 hands high, weighs 1585 lbs, and is seven years old. Foaled July 25th, 1897. Black Boy was sired by Zepher, a horse imported by the Government. His dam was by Prefere also a horse imported by the Government. His weight was two thousand pounds. Black Boy's second dam was by Gladstone, a horse imported by the Prince Edward Island Government and cost thirty thousand dollars and is called the best horse ever imported to America. Black Boy is kind and for his size is very trappy and a great roader. Black Boy will travel in Restigouche and Gloucester Counties from Upsalquitch River to Bathurst, making his trip every two weeks. Terms \$6.00 for the season. Payable not later than Aug. 10th. All communications addressed to John Hogan, Charlott, N. B.

Lindsay, Mrs. A. T. Carter, Mrs. S. LeBoutillier, Miss LeBoutillier, Misses Karsaugh, Miss Dene of Gaspé, Miss Grenier of Perce and many others.

Mr. Wilson passed through town one day last week.
We regret to hear of the serious illness of Mr. Mathew Morris.
March seems to be leaving much more snow than when it came in as we are having another severe snow storm to-day.

Mr. Harold Baker, Mr. W. Baker and Mr. C. Dumastess of Cape Cove passed through town Tuesday

Shigawake

Two late for last issue
The weather has moderated quite a little, and we are once more enjoying the long bright days of March. If the old adage of March coming in like a lamb and out like a lion we can prepare for breezes this year as it came in very lamb like.

Rev. and Mrs. Bradshaw are receiving congratulations on the arrival of a little baby girl.
L. A. Nicholson dentist spent a few days here last week and reported lots of work.

A pleasant party was given at Mr. George Robinson's birthday.
Mr. L. P. Tapp of Gaspé was the guest of Mr. Wm. Hayes for a few days last week.

Mr. H. Sullivan accompanied by Mr. Storey drove through to Gaspé last week.
Miss Harriet Journeau and Mr. Percy Bisson were calling on friends here on Wednesday afternoon.

Mr. and Mrs. W. Simpson and family returned to Dalhousie on Monday. Mr. Simpson came down a few days ago to join his wife who had been spending a few months with parents.

Catarh, Pneumonia Consumption
Death's fateful triad they are often called. Catarh is the first stage, pneumonia often follows and consumption finally exacts the full penalty. This can all be averted by using healing balsamic Catarrhzone, an antiseptic that penetrates the remotest air cells of the lungs. Catarrhzone reaches the entire mucous surface of the throat and breathing apparatus. It carries health wherever it goes, brings instant relief and is absolutely certain to cure. Don't delay, get Catarrhzone to-day. It means health, certain cure. Two months' treatment \$1.00; trial size 25c. Catarrhzone is guaranteed.

Grand Pabos.
John Allen and his daughter Mrs. Annie Allen passed through here on Saturday enroute for Barabois.
Patrick Fahey and his sister Miss Agnes of Newport are in town visiting relatives.
Robert Hay Fred Maloney, Messrs John and Willie McKee and George LeBlanc are among the many popular young men who arrived home last week from Nairn Cir. all welcome back.
Tom Gorman of Perce called on friends in Pabos Thursday.
St. Patrick's day was celebrated this year with all the old time enthusiasm with which Irishman throughout the country commemorate the feast of their patron saint. High Mass was celebrated in St. Adelaide church in the morning at 9 o'clock.
F. A. Chabot, school Inspector has visited the schools in this municipality this week. Mr. Chabot was very much pleased with the progress made in the schools during this last year, and I think the teachers are feeling something better also.
Quite a number of our young men arrived home this week from Ottawa.

Newport.
Our sincere sympathy to Mr. and Mrs. A. Wafer on account of the loss of their baby boy aged 11 days.
Geo. Hayes of Pabos drove through here on Thursday last on his way to New Carlisle to meet his brother Robert absent for some time in Ontario.
P. LeGallais took a flying trip to his home in Paspebiac recently. His many friends are glad to see him back again. He is looking fine and reports a pleasant time and says travelling is what he delights in.
Miss B. A. Aspiros accompanied

by Ed. Almond visited her home in Pabos on Sunday returning on Monday. Pierce Methote was in town over Sunday the guest of Jacques Grinier.

Mr. Chabot, Inspector was in town last week visiting schools; he appears greatly satisfied with scholars and teachers. Among pupils in school No. 2 (Miss Aspiros, Teacher) deserving and receiving prizes were: Vital Grinier 1st prize of Arithmetic, Calixte Grinier, Application, Antoinette Cyr, and prize arithmetic, Mary E.
