ST. LOUIS HOTEL CHANGES HANDS

A. M. Thompson of Woodstock
Gets Valuable Hotel
Property.

The St. Louis Hotel has changed hands, the transfer being made today. The purchaser is Mr. A. M. Thompson, formerly proprietor of the Carleton Hotel, Woodstock. The purchase price is said to be \$52,000.00. The deal was put through by A. D. Holyoke of Montreal.

"Carleton" Boudreau, the retiring proprietor has become, in the years he conducted the St. Louis one of the best known hotel men in New Brunswick. Always a hustler he has built up a large trade and has made many friends who will regret to learn that he has quit the hotel.

The new proprietor, Mr. A. M. Thompson is well known up and down the St. John river, and no doubt will be as popular here as he was in Woodstock.

The Hundredth Anniversary of the birth of Florence Nightingale, founder of the modern art of nursing, is the occasion of this celebration. The Hospitals of the United States and Canada are making it a National Hospital Day, that the public may be encouraged to consider the necessity of Hospitals, what is expected of them, and in how far Hospitals are rendering to the communities they serve, the services required of them. A brief sketch of the career of this pioneer may be interesting, as also a word about the work being done daily by the Hotel Dieu Hospital in our midst.

TURKS RATIFY FRANCO-TURKISH TREATY

Paris, May 11.—The foreign office today was advised that the Turkish Nationalist Assembly at Ankara had ratified the Franco-Turkish treaty for the cessation of hostilities in Cilicia with certain reservations. The nature of these reservations, however, is not known here.

BOARD OF TRADE

A meeting of the Board of Trade was held last Friday night, but was postponed to this evening. The suburban train service from the east was discussed and it was decided to hold a meeting in the evening. The Monday afternoon, and a special effort would be made to have a representative gathering. Some other matters were discussed and left over until the next meeting.

BUSY TIME FOR FIRE DEPT.

Four Alarms Rung in During Past Week—Little Damage.

The past week has been a busy one for the Fire Department, which has responded to four alarms in as many days. The prompt response and the use of the chemical engine has in two cases proven the worth of that piece of fire fighting appliance.

The first alarm was rung in Saturday afternoon for a slight fire on the roof of a house on Hillside Street owned by Mr. E. F. Kerr and occupied by A. Gallant. It was promptly extinguished and little damage was done.

A little later the same afternoon another alarm was rung in for a slight blaze in Mrs. J. K. Thompson's kitchen, where hot coals had fallen upon the floor. This was extinguished by the chemical with little damage.

Sunday evening an alarm was rung in for a chimney fire in the Gillis block opposite the C. N. R. depot. No damage resulted.

About three o'clock on Monday afternoon the department was again called out for a fire in the house of Mr. Joseph Capogreco on Sugar Loaf Street. This fire was a particularly hard one to get at, the fire having originated from the electric wiring between the floors. A portion of the floor was removed and the chemicals used, which soon extinguished the blaze. The prompt arrival of the department and equipment it had to work with was the means of preventing a considerable loss being sustained here.

GOOD TIME FOR THE KIDDIES

Will Enjoy Picnic at Inch Arran Beach Saturday Afternoon.

The workers in connection with the Kenyon Evangelistic meetings are planning a picnic Saturday afternoon to the Inch Arran Beach for the little children of the town. The children will gather at the Imperial at 2 o'clock sharp, and autos will be provided to take them to Dalhousie. The picnic will be held at 2 o'clock.

The adult members of the party and any others will go to Dalhousie by the limited Saturday and return by the Local.

As about fifty cars will be required to convey the children to the beach will auto owners who will volunteer for this work please notify B. O. Bates who is chairman of the committee in charge.

The children will all be back home about six o'clock.

OBITUARY.

Miss Maggie Pollock.

The death of Miss Maggie Pollock occurred at her late residence on Saturday morning last. Deceased who was in her 35th year was highly respected and much esteemed and her passing away will be deeply mourned by a large circle of friends. She leaves to mourn their loss her bereaved parents and one brother John, residing in Campbellton to whom the heartfelt sympathy of all is extended in their sad bereavement. The funeral which was held on Monday afternoon, Rev. Mr. Salter officiating, was largely attended.

CROWDED MEETINGS AT THE IMPERIAL

Rev. Mr. Kenyon and Party
Drawing Big Crowds—Good Results.

Interest in the evangelistic services being held in the Imperial Theatre each day, except Monday, is growing. The Sunday services abounded in interest and at the 8 o'clock meeting people were turned away. The interest seems to be growing from day to day, and there is not a doubt that much good is being done.

One of the features of the services was the 9.30 a.m. Sunday meeting for men. At this meeting over one hundred men turned out on a none regretted day, and there is no doubt that the same hour will be of greater interest and no doubt a larger attendance of men will be present.

The Sunday afternoon meeting for men only was also well attended. The double header Sunday evening drew full congregations. The first at 6 o'clock filled practically every seat and the house now seats about seven hundred, but at the 8 o'clock service every seat was taken and many stood, while others turned away.

The musical features of these services are most interesting. The blind musicians, Profs. Fletcher and Duffy and Miss Willie, the lady soloist make a deep impression upon the vast audiences.

Rev. Mr. Kenyon, in his addresses is able to hold the strict attention of his audience and is frequently applauded. Services will continue as usual every afternoon and evening and every one is welcome.

CEMETERY CO. HOLD MEETING

Annual Meeting Held Monday Evening—Slimly Attended.

A meeting of the Campbellton Rural Cemetery Co. was held in the Sunday School Hall of the Methodist Church Monday evening. The attendance was small, but considerable business was transacted.

It was suggested that a clean up day be arranged and Saturday, May 28th, was the date selected. All lot holders will be requested on this day to clean up their lots, and it is to be hoped this appeal will meet with general favor, and that all lot owners will see to it that their lots are tidied up.

The following Board of Directors were appointed—A. G. Adams, John T. Reid, Havelock Sanson, R. J. Collier, M. M. Mowat, L. T. Joudry, James Patterson, and W. S. Richards. The Board appointed A. G. Adams, President, James Patterson, Superintendent and D. C. Firth Sec.-Treas.

The matter of the appointment of the care-taker was left in the hands of the Superintendent.

INTERESTING SALE.

On Saturday afternoon on the tastefully decorated verandah of Mrs. W. R. Milligan, Misses Maxine Milligan, Muriel McKenzie, George Miller held a very successful sale of fancy articles, ice cream, candy and flowers. They were assisted in this by Miss Trudie Titus and Mary Keith. Maxine Milligan and George Miller had charge of the candy table which was beautifully arranged with fancy crepe paper baskets. Trudie Titus and Muriel McKenzie were over the fancy table. Mary Keith had charge of the peanut and flower table.

Bob Milligan gave the girls a helping hand by taking the admission fee at the gate.

The proceeds amounted to over \$40, which the girls are handing in to the Soldiers Memorial Hospital as be used for the furnishings of the nursery.

IMPROVED TRAIN SERVICE DEMANDED

Officials of C. N. R. Informed of Discrimination Against Campbellton.

A largely attended meeting of citizens was held in the Curling Rink Monday afternoon to discuss the matter of the suburban train service from Bathurst and Campbellton.

As set forth in the columns last week it is impossible for residents east of Campbellton to come to town to transact business without spoiling two days and two nights. This is a serious matter especially at this season of the year, when farmers need every hour.

The whole matter was discussed and it was decided to write C. A. Hayes, Vice-President of the C. N. R. at Toronto setting forth the need of a suburban service.

A wire was sent Mr. Hayes and an answer has been received promising to look into the matter. An answer was sent stating that a definite answer was expected within one week. If the service is not restored the matter will be taken to higher authorities as we must have this suburban service.

THE RED CROSS TAKES THE FIELD

Great Work Still Being Undertaken By This Organization.

A meeting was held in the Oddfellows' Hall on Wednesday afternoon, May 4th, to hear an address on the Peace Policy and Program of the Red Cross Society by Mrs. G. A. Kuhring of St. John, who is a member of the Provincial Executive Committee of the Canadian Red Cross.

The meeting was representative of the patriotic and philanthropic societies for which Campbellton is so well known, and in spite of the inclement weather, much good work is already in hand those present followed with keen interest and strong sympathy this new appeal to their patriotic zeal and devotion, and at the close pledged themselves as ready to do all in their power to carry out the program laid before them.

Mrs. Kuhring explained that at the close of the war the Red Cross Society looked for the relief of active service men and women who were naturally to be expected. Instead of this, the Great War Record of the Red Cross led to an appeal being made to it, so urgent and momentous, that only one answer could be made. It was accepted and a new task taken up.

This appeal arose out of conditions of National Health revealed as existing in all the Great Nations by the searching agencies of the war, and since then, substantiated by a great International Medical Conference.

So appalling were these conditions in all countries that an article was included in the League of Nations, which, all signed, stating that the member of the League would encourage and promote Red Cross organizations, having as purposes the improvement of health, the prevention of disease and the mitigation of suffering.

The speaker reminded the audience of the National Health Canada, had won for the world by the valor of her men and that she had signed this Treaty as a Nation and so assumed this special responsibility with others.

It was now our part to carry it out. Mrs. Kuhring referred to the general hesitancy to consider health problems as serious in our young and vigorous country, but she quoted some figures and facts, which, Department of Health reports that were distinctly alarming and unpleasantly enlightening. "50% of the men of the most virile age of our population who are examined for full military service were found to be physically unfit."

What about the women and children? This condition of affairs, largely from causes that might have been prevented, and some of which were under the pressure of time, "50,000 people in Canada are totally or partially incapacitated from earning their living from diseases that should be preventable."

"Each day 100 Canadian citizens die from diseases that are preventable." "13,000 children now in Canadian schools will die of tuberculosis."

Vital statistics show that allowing terrible diseases to be made by death among the most precious and essential of our possessions, and life—and that more than half the babies "that died in this Province of New Brunswick in the year of one year should not die and need not die if proper knowledge and care of mothers and children were widespread."

The Peace Policy which the Canadian Red Cross has undertaken in company with Red Cross Societies of other nations is to bring the conditions of National Health before the people of her country, arouse public opinion and that the matter is a rallying of forces to correct the evils and drive out enemies more deadly and destructive than those of the war.

Mrs. Kuhring described the various committees of the Red Cross already at work in the Province and told in detail the plans for a Great National Campaign for eradicating members, which would be undertaken in all Provinces in Canada in May and June.

"You have heard the call," she said, "the answer; every man, woman and child to become a member." With this backing it will soon be possible to put every agency of health, every hospital, every nursing help and equipment to prevent diseases and minister to sick and ailing people, on a basis of generous and efficient standing, and to supply district nurses to instruct as well as to give bedside care, in districts where precious life is now slipping away, to our great reproach.

Mrs. Kuhring announced that Campbellton has shown splendid public spirit in readiness to organize. The managers of the local banks, the agent and assistant agent at the C.N.R. station and Mr. R. Allan Christie of the Opera House had all undertaken to distribute campaign literature from their office, to enroll members and collect fees during campaign week, which begins on May 24th.

District canvassing committees will be supervised by Rev. Father Melanson, Mrs. J. D. Martin, and the Soldiers' Memorial Hospital Aid, with Mrs. J. C. Ferguson President. All societies are invited to lend a hand. The distribution of funds rests with the Central Executive, which is drawn from all parts of the Province—Dr. Phaulst of Campbellton being a valued member of same.

The first work will be that of sending out district nurses now being specially trained and it is hoped to have twelve available by the end of the year, the society being responsible out of funds already in hand for their special health training and first years duty in the province.

Rev. Mr. Boddy introduced the speaker and Rev. J. S. Harrington moved a vote of thanks, which was carried by all standing.

HAWAIIAN RACE IS BEING REBORN

New Racial Group is in Process of Formation—Effect of Infusion of Alien Blood.

Honolulu, T. H.—The Hawaiian race which, with the Polynesians in general has been regarded as a dying people, is being reborn and reinvigorated by infusion of alien blood, according to statistics just compiled by Louis R. Sullivan of the New York Museum of Natural History, now attached to the Bishop Museum in Honolulu. Mr. Sullivan has just completed analysis of 14,569 marriages, in the islands, selected at random.

According to the tables, more American men in the territory marry women of blood for sign to their own than marry American or British women. The Japanese are not, as been supposed, the most prolific race in the islands, but are surpassed in this regard by Portuguese, Porto Ricans, part Hawaiians, and Spanish. Of American women, more than one in every six living in the islands marry Hawaiians, part Hawaiians, and others of blood strange to their ancestry. Of all the racial groups the Korean women represent the only one which refuses to mix blood, not a single case of a Korean woman marrying a man other than a Korean having been discovered.

As a whole, the tables indicate that part Hawaiian group has a tendency to consolidate, rather than scatter, since of the Caucasian-Hawaiian males who marry 32.7 per cent marry back into the full-blooded Hawaiian strain, while only 13.8 per cent take white wives, and this remainder either inbred among their own kind or marry at large. Of Asiatic-Hawaiian males, 40.4 per cent marry back into the Hawaiian strain, only 4.3 into the Asiatic strain, and a negligible proportion into the Caucasian strain.

A New Racial Group.

The result, so far as the Hawaiian race is concerned, is said to be a new racial group, found to a high degree, still abnormally susceptible to civilization's diseases, but with much higher resistant powers than the old Hawaiian stock and visibly adding to its numbers.

While the women of Korea lead all other males and females in the islands in marrying within their own race, there are other groups which are a close second in this respect. Only 0.3 of 1 per cent of Japanese women contract out-marriages or unions with men of other races, while 4.7 of 7 per cent of Japanese men seek their mates. The percentage for the women is 6 per cent for the women and 31.5 for the men; Americans, 17.9 for the women and 51.7 for the men; Portuguese, 32.3 women, 13.0 men; Hawaiian, 49.5 women, 19.5 men.

The pure Hawaiian death rate is the highest in the islands, 13.48 per cent annually, although the pure Hawaiian birth rate is nearly twice as high as American, British and other whites. Scientists recognize that susceptibility to diseases of civilization is responsible for the disappearance of the pure Hawaiian race, but the figures just made public by Mr. Sullivan are the first to show that intermarriage is rebuilding the old race into a stronger, more hardy people.

QUEBEC DRY? WELL JUST SO-SO, THANK YOU, IS THE WORD

Hon. H. G. Carroll, Quebec Liquor Commissioner, and Mr. B. de St. Victor, who is in charge of the observance of both the Scott Act and the new Quebec Law, had a lengthy interview this morning with Premier Taschereau when it was understood the heavy seizures made since Sunday were discussed.

There have been a few leaks already in Quebec and some former taverns have started to operate late evening. In one large hotel located in the lower part of the city it was reported that liquor was sold from 8 o'clock in the evening till ten o'clock in the morning when likely for the lack of stock the patrons were told that they could not get any more. Seizures were expected to take place in the next twenty-four hours and if the situation becomes acute an energetic move will be taken by the Revenue Inspectors.

The brewers have been helping the authorities by refusing to deliver any order of beer in the city limits and they will do so until the Scott Act has been suspended.

531,633 MORE POUNDS

of "SALADA" TEA were sold in the first three months of this year than in the corresponding period of last year. This is equivalent to an INCREASE of 20 tons a week and a modest estimate of this means that over one hundred million MORE cups of delicious "SALADA" were enjoyed in the homes of the people during these three months than in the same three months of 1920.

This INCREASE confirms the popularity of "SALADA", which was evidenced by the INCREASE of 1,495,236 pounds in "SALADA" sales for 1920 over 1919, and the increase of 1,536,785 pounds in 1919 over 1918.

We publish these figures because we believe everyone is interested in the reward of merit. For 30 years we have been blending and selling an honestly fine quality tea to the public. In all that time "SALADA" has remained matchless in flavour—unapproached by any other tea in cup quality—and as a result has continually increased in sales.

Please remember the above figures represent our INCREASES alone—"SALADA" sales are not only larger than those of any other tea in America, but amount to over ONE-TENTH OF THE TOTAL IMPORTS OF ALL KINDS OF TEA INTO AMERICA—viz.: Canada and the United States.

Wedding Announcements by the CAMPBELLTON GRAPHIC

ANTHRA
To those who are hoping

We are in the coal business. We have known conditions. We cannot predict future price do not think further reductions at present mine wage agreements of price until March 31, 1922.

There isn't much hope of getting anthracite at a low price. If the proposed Pennsylvania Tax on anthracite becomes a law it will mean an additional 15.00 or cents after next July 1st.

Coal is far cheaper today than it was last winter if you hold off. That is absolutely certain.

You received the same advice—those who took it suffered no consequences during the big coal strike.

We are simply appealing to you—non-sense.

You wouldn't burn down the
town hall, would you?

Then why set fire to Provincially-owned
Timberlands?—In both cases the public
stands the loss.

HERE ARE THE CHIEF CULPRITS:

1. The 'campfire you forget' to extinguish.
2. Lighted Tobacco and Matches.
3. Fires used carelessly for clearing land.

These things are public enemies. Put them out of business.

We cannot have Forest Jobs and Forest Fires in the same district.

This advertisement is inserted in the interests of fire prevention by SHIVES LUMBER CO. LTD. May 10-1-wk.

WATCH YOUR COSTS!

The Business Magnate of to-day has a Slogan, and that is "WATCH YOUR COSTS"

You can hear that cry around the factory, in the ship-building plant, on the street, even in the home.

Correct Book-keeping can alone tell you what those ever increasing costs are. I have a simple in-expensive method. Let me show you.

REFORM NEEDED.

The reckless rate of speed at which some auto owners drive their cars about the streets of the town is little short of criminal, and the manner in which they ignore the rights of pedestrians should also receive the attention of the police. Drivers should be very careful. Recently we saw a driver come along a street at a rate not less than twenty miles, turn a corner into another with two or three indignant blasts of the horn, and run dangerously near one of the blind singers who is here at the present. And because the blind pedestrian became bewildered and did not run for cover at the sound of the horn, he was given a withering stare, which fortunately he was all unconscious of. It is the duty of the police to report all such drivers and let His Honor deal with their cases. Surely a speed of twelve or fifteen miles is sufficient within the town limits. So far we have been very fortunate in Campbellton and not a fatality has occurred, but each year cars are becoming more numerous and extra precautions must be taken to guard against accidents.

THE RAILWAY RATES.

Parliament was informed on Friday by Gloucester's energetic representative as to the injurious effect the present high railway rates are having upon the lumber and all the other industries of the Maritime Provinces. The language he used was none too strong. As was pointed out by several of the speakers at the Moncton conference last week, some of our Maritime Province industries will find themselves in very deplorable shape if the old arbitrariness which were in force on the Intercolonial Rly. prior to the war are not speedily restored. The St. John Board of Trade, impressed with the importance of the matter, has invited all the commercial organizations of the city, as well as representatives of all our industries, to attend the meeting it has called on Monday evening next to give consideration to the matter, and to secure, if possible, some progressive action. SUDDEN DEATH.
The death of Mrs. Darbyson, wife of Solomon Darbyson, of Mill Creek Campbellton, took place suddenly last evening. Mr. Darbyson is away from home, having gone to the country somewhere to buy a horse and his whereabouts are not known. Will anyone knowing where he is please convey the sad news to him. Deceased is survived by a husband and grown up family who have the sympathy of all in their sad bereavement.

RIVERSIDE PARK.
The Public Property and Streets Department have made great improvements on Riverside Park. The ground has been plowed and graded and about two hundred trees planted along the walks which have been laid out. Hundreds of loads of refuse are being dumped along the river side and the park is growing rapidly. The department expects that the money saved by locating the dump here will bear all the expense entailed in this work and in a few years Campbellton will have a park it will be proud of.

NEW COMPANY.

NEW CARLISLE.

The voting to repeal one of the
by-laws and to get the views of the
town with regard to the selling of
beer and wine was won by the "Wets"
who turned out in large numbers and
now many people refrained from vot-
ing for the reason that vile beer has
been sold in New Carlisle all along
and they are under the impression and
still believe that the guilty party by
the cleverness of the legal fraternity
apparently got the guilty one clear,
putting the blame on the impulse of
the moment appointing an employee
manager. We look to the legal
fraternity for veracity and the upho-
lding of truth.

Any one honest lawyer did not
hesitate to show that the whole pro-
ceeding was illegal, even so the
open ballot which was illegal. A
beer and wine license is needed in
New Carlisle, but we trust the Coun-
cil to do that such goes into the
hands of those who will obey the law
and in every sense uphold the stand
the government is taking.

It is not a question of politics, rice,
creed, but getting on honest men
who will honorably do his duty. Let
us hope that law breaking drunks in
the streets is a thing of the past.

The funeral was held last week of
Mrs. Howard Flower who for a long
time has been a patient sufferer from
illness. It all with her husband and
trust.

The funeral was conducted by the
Rev. Mr. Buckland of New Car-
lisle. The funeral was largely at-
tended and much sympathy was ex-
tended to the bereaved husband and
family.

A very pretty wedding took place
at St. Andrew's Church, New Car-
lisle, last week. The marriage was
performed by the Rev. Mr. Buckland.
Miss Huntington being a former mem-
ber of the choir every member of the
choir were present and after the cere-
mony the young couple passed through
the choir being lined up each side of
the aisle. The marriage was per-
formed by the Rev. Mr. Buckland.
Miss Huntington is felt for Mr. Gar-
field Assels who is seriously ill. "Gar"
is missed by the "boys" for he has
always shown a good example.

Mr. John Thompson is still away
and by reports he and his good wife
are enjoying themselves in Boston,
Mass.

The Rev. Mr. Buckland returned
last week and reports that our genial
friend Stewart Hall will soon be home
again. Stewart is missed by his
friends who sincerely hope for his
speedy recovery.

One of our young lawyers missed
the train the other day so that the
hour of appointment with the liqu-
or commissioner will have to be arranged
later—perhaps.

Pedestrians and little children
coming and going to school are in con-
stant danger of one of our young mer-
chants who recklessly drives up and
down the street making a nuisance of
itself without a license. Are the
lives of elderly people and young
children to be at the mercy of this
careless fellow. People driving are
in constant danger when he is on the
street.

BLACK CAPS.
Rev. L. J. King, School Inspector
visited our schools last week and made
a very successful report.

Miss Jeanne Gaudy has returned
from Sherbrook being called home on
account of the illness of her aunt.

Mr. George Stieglitz left on Monday
for Campbellton where he has gone
for medical treatment.

Mrs. Wallace McLean and little son
George are expected home from Mon-
real in a few days.

Mrs. Almira Fairservice who is
teaching school near Quebec City has
been called home by the illness of her
father, Mr. William Fairservice.

Mrs. Sidney McLean has gone to
Magdalen River where he is employed
with a pulp and paper company.

The Woodman Bleach Lumber Com-
pany has completed saving their winter's
cut of logs.

L'ANSE AU BEAUFILS.
Mrs. Phil Mercer and daughter
Alice, were the guests of Mrs. Fred
Len Fasty on Monday.

Miss Ella Cooke and Miss Greta
Mahan were the guests of Miss Lil-
lian McGee on Sunday evening.

Congratulations are being extended
to Mr. and Mrs. Joseph Couture on
the arrival of a baby girl.

We are glad to state that Mr. Wes-
ley Cerver has recovered from his re-
cent illness.

WHEN CHILDREN NEED Zam-Buk

THE bruised forehead, trapped
finger, cut hand, sprained
foot, or smarting burn or
scald, are quickly and safely healed
with Zam-Buk. On the other hand,
there isn't another remedy so com-
pare with for the treatment of burns, rashes,
wounds, or other eruptive skin diseases
which children catch from playmates.
Zam-Buk comforts the skin of the
tenderest babe, for the balm is just a
scientific blending of Nature's purest
herbal extracts. There's nothing so
mild and soothing as Zam-Buk in pain
and irritation, yet it possesses a great
antiseptic power. Coarse fatty sores
and ointments merely clog up the skin.
But Zam-Buk, owing to its extra-
ordinary refinement is readily absorbed
into the tiny pores, soothing its parting
healing influence is carried into the
underlying tissues.

That is why Zam-Buk is so wonder-
fully effective in dealing with de-
pressed ulceration or inflammation.
Mrs. J. D. Keston, Chaffinch, Ashbury,
Belleville, Ont., writes: "We were
suffering from a very bad case of
eczema, but Zam-Buk for our children's
poor skin. It really could not
be said to be a failure. Zam-Buk
is the best. I send you to Zam-Buk
Co., Toronto, for Sample Book."

NEW RICHMOND.

A very interesting meeting of the W. M. Society of St. Andrew's Church was held at the home of the President, Mrs. R. H. Montgomery on Thursday afternoon, May 11th.

After the regular business had been dispensed with the Study Book was taken up by the President, while the members sewed for the needy in Labrador.

A special invitation having been issued to the pastor, Rev. Mr. MacKay and Mrs. MacKay were then presented with Life Membership certificates in appreciation of their work in that congregation. Mrs. J. P. Henry was also presented with a Life Membership certificate in memory of her mother.

Refreshments were served and the meeting closed with an earnest prayer by Mr. MacKay.

The Peace Offering meeting of the "Montgomery" Mission Band was held at the home of Mrs. R. H. Montgomery, Saturday, April 30th. The offering amounted to \$28.00.

This little band has increased in interest and number since its inception seven years ago. At present the members are preparing a box for the Rescue Home in Sydney. They are to be commended for their good and faithful work.

The Mother's Day service on Sunday was largely attended and greatly enjoyed.

We are pleased to hear that Mr. Rait MacWhirter, who has recently undergone an operation for appendicitis in the Hotel Dieu Hospital, Campbellton is improving.

Many friends are glad to learn that Mrs. John Campbell, who is undergoing treatment in Ottawa, is reported much better.

Miss K. Slack of the teaching staff of the model school has returned from Campbellton where she spent the week-end.

Miss Isabelle McNicol has had a pleasant visit with her parents, Dr. and Mrs. P. McNicol.

Mr. Reid, manager of the Meigs Pulpwood Co., spent the week-end in Campbellton visiting friends.

A Ladies Social Club has recently been organized in this section. The meetings are held weekly in the Men's Club Rooms and are thoroughly enjoyed.

We are pleased to see that our pastor has purchased a new car. It will prove of great assistance to him in this very extensive field.

NERVE

When You Need It

In a trying situation, where quick thought and co-ordinated action is demanded—does your nerve hold?

If you are not in good physical condition—if your stomach is not functioning properly—the effect is reflected in your nervous system—and you are due for a wreck.

HAWKER'S

Nerve and Stomach TONIC

cleans and regulates the digestive system, correcting all stomach disorders and aiding food assimilation, producing a soothing and strengthening effect on the nerves.—This means good health.

C. H. Dawson, Merchant, St. John, writes—

"I have used Hawker's Nerve and Stomach Tonic for several months and have received much benefit from it. I find it especially beneficial as a nerve tonic."

A trial bottle will convince you. At all drug and general stores.

COULD SING FOR JOY, SHE STATES

Sydney Woman Praises Tanlac For Relieving Her Three Years Suffering.

"It's such a relief to be free from sick headaches and to feel really well that I could sing for joy," said Mrs. John Rose, of 43 Henry Street, Sydney, N. S.

"For the past three years I have had so much sickness that I thought I should have to give up altogether. After every meal my food would sour and I would be up with gas until I nearly choked. I often had spells of biliousness and terrible headaches that kept me in bed for days at a time."

"The seizure they at once arranged for shipment to the Government warehouse here and the carload either tonight or tomorrow."

It is said that the seized goods include 188 cases and 29 barrels of various brands of liquors, the case being the large size, which are made to contain Imperial quarts of whiskey, brandy and gin.

It is said the liquor is the property of B. R. Violante, of St. Leonard's, who is well known along that portion of the international boundary, and it is believed it was destined for shipment to the New England States.—Gleaner.

BANKER'S VIEW ON CONDITIONS HERE

Sir Vincent Meredith Optimistic Over Commercial Situation.

London, May 2.—Sir Vincent Meredith, president of the Bank of Montreal, takes an optimistic view of the commercial situation in Canada in an interview in the Times. He declares that general conditions are on the whole satisfactory, though there has been in many cases been an accumulation of high priced stocks which will have to be liquidated, probably with some losses, before normal conditions return. He said Canada has a heavy war debt and high taxation, but will probably emerge from present difficulties sooner than many other countries.

The present Canadian banking system was admirably adapted to the requirements of the country Sir Vincent affirmed with emphasis, adding that Canadian bankers had decided that the suggested federal reserve bank which had been sometimes advocated, would be an unnecessary and expensive luxury giving no better facilities to the business to the country than was now provided.

Woodman, spare that tree, cried the poet.

"All right, spare wood pulp, no more paper, no more poetry."

A Quick Relief for Headache

A headache is frequently caused by badly digested food, the acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuritis, rheumatism, etc. 15 to 30 drops of Hawker's Syrup will correct faulty digestion and afford relief.

BIG SEIZURE OF LIQUOR MADE

Twenty-five Thousand Dollars Worth Found At St. Leonard's.

Liquor valued at \$25,000 was seized yesterday afternoon by a staff of prohibition inspectors at St. Leonard's where it had been secreted under the floor of a barn.

Chief Inspector Hawthorn got a tip on the presence of the liquor a few days ago and inspectors Fraser, Saunders, of this city, and Tom Barrett, of St. John, were assigned for duty on the case with Inspector Allan McLaughlin, who is in charge of the upper St. John river district.

After the seizure they at once arranged for shipment to the Government warehouse here and the carload either tonight or tomorrow."

It is said that the seized goods include 188 cases and 29 barrels of various brands of liquors, the case being the large size, which are made to contain Imperial quarts of whiskey, brandy and gin.

DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had six children die almost at birth. From one hour to nineteen days is all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound and can say that is the greatest medicine on earth, for this baby is now four months old, and a healthy baby you would not want. I am sending you a picture of her. Everybody says, 'That is a very healthy looking baby.' You haven't consented to show these few lines to anybody."—Mrs. C. W. Bly, 121 3rd Avenue, Altoona, Pa.

Mrs. Janssen's experience of interest to childless wives.

Milton, Wis.—"I want to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a nice, strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. H. H. JANSSEN, Milton, Wis.

Mrs. Held of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says:

Marinette, Wis.—"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my letter as a testimonial."—Mrs. H. H. JANSSEN, 251 Jefferson St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments as indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

EDDY'S WASHTUBS

of Indurated Fibreware

Are far better than old-style wooden or galvanized tubs. They cost no more. They cannot leak, because they are made all in one piece, without seams or cracks or staves.

So light and easy to carry, yet so strong, they never become dented or battered. They do not absorb heat, therefore, the contents remain hot longer.

Eddy's Tubs, Beaver Washboards, are also of Indurated Fibreware—no metal-doubled. Save time by the special crimp which keeps dirt easily without wear on the clothes.

Doctors Give Up His Case of Eczema

Wonderful recovery of a very sick man

This is one of the many striking stories we are publishing of what the D. D. D. prescriptions are accomplishing among Canadian sufferers. Cases from your own neighborhood will be sent on application.

"I was laid up all winter with weeping eczema. I tried every doctor in reach. Both hands, arms and legs were so sore with a rash, I have used several bottles of D. D. D. and I am now free of the terrible disease. D. D. D. is certainly the best after the doctor."—Peter Mercer, St. Barwell, Ont.

The first drop of D. D. D. and the tickle is gone. Your money back if the first bottle does not relieve you. \$1.00 a bottle. Try D. D. D. Soap, too.

McKenzie, in black satin with silver trimmings, poured, while Mrs. V. Smith of Bathurst, in taupe georgette, cut the loaves. The serving was done by Miss Irene Murray and the Misses Christine and Reta Kerr, the latter of whom is from Winnipeg. Miss Muriel Stevens performed the duties of usher.

The rooms were beautifully decorated with flowers, pink and white carnations dominating the dining room, and red and white, together with a profusion of potted plants, giving a festive and colorful setting to the dining room.

EDITORS MAIL.

Dear Editor,—

Your last issue contained a letter from "Booster," who believes in good health and better sanitary conditions through out our town, all of which is commendable. To attain these conditions we must have clean back yards of course, and he suggests that an officer be appointed annually, and he usually does the work in a fairly satisfactory way. But to my mind, the trouble to a great extent has been that the public dumping ground, has in the past been located too far from the centre of population, with the result that it cost the householder too much per load to haul from "one to two miles at the rate of one or two dollars each load. To avoid this cost much back yard fifth was left unmoved and often hid from the eyes of the officer.

Now that we have a central dumping ground, much of this difficulty is removed, as the cost of cleaning up is cut in half at least. I believe this public will shortly realize that this very location will do more for sanitation throughout our town, than all the orders issued by the Board of Health, during the last ten years. The householders, every one, are now asked to co-operate, and make Campbellton, a clean, up-to-date town.

Yours,

BETTER SANITATION.

Mr. and Mrs. H. C. Gillis announce the engagement of their daughter Gertrude G. G. to Mr. Alexander M. Jamieson, son of Mr. and Mrs. W. R. Jamieson of River Charles, N. B. The wedding to take place in Toronto the latter part of the month.

DALHOUSIE.

Dalhousie, May 9, 1921.—On Thursday, the 18th inst, a concert will be held in the Convent Hall. It is expected a record crowd will be in attendance. There will be a matinee in the afternoon at 3 o'clock and the evening performance at 8 o'clock. The title of the play is "What Happened to June" and is suggestive of considerable merriment and a style of play which should please everybody. Thirteen young people of the town are taking part and they have been untiring in their efforts to make the concert a success.

Miss Elizabeth Mott who has been attending the Campbellton High School is home for a few days rest.

Miss Muriel LeBlanc, daughter of Mr. and Mrs. A. J. LeBlanc, Dalhousie, was among the graduates recently at the Roosevelt Hospital, New York. Out of an exceptionally large class Miss LeBlanc occupies a position among the leading graduates.

Mrs. George Mundle who has been visiting her mother, Mrs. S. J. Beckington, has returned to her home in Campbellton.

Mrs. R. J. Coleman and Mrs. S. J. Beckington, delegates to the annual meeting of W. A. in St. John last week, have returned home.

Dr. Fleck of Montreal, who recently arrived to take over the practice of the late Dr. A. G. Ferguson, now has his office at the home of Mr. Edward Carson on Adelaide street.

Miss Lucienne Samson has returned from a visit to Montreal and Quebec.

Miss Stewart of Glen Cottage who has been spending the winter in N. B. friends in New York has just returned to spend the summer months here.

THE HOTEL DIEU HOSPITAL.

Since January 1st, 1921, there were 461 patients admitted, of these 29 were admitted on for diagnosis; 10 deaths; 2 within 24 hours after admission. There were performed 187 operations of which 115 major and 72 minor. There were 104 examinations in the X-Ray Department and 325 in the Laboratory. A free clinic for venereal diseases will be opened on May 11th at the request of the Provincial Board of Health.

All this requires not only administration, a medical, surgical and nursing corps, but the co-operation, the personal interest of the public in the districts served by the hospital. You may need its assistance yourself, your friends may need it, the Public Health always needs it.

F. E. SHEPARD AND CO.

FLORENCE NIGHTINGALE.

She was the pioneer, the builder of the modern nursing art by secular women, we are walking along ways she was the first to plan. I use the words "secular," as centuries before her time the Catholic Sisters were nursing the sick in the Hospital, in the home and on the battlefield, and of the years spent on the Continent, studying, before she took up her life work, these were spent with the Sisters of Charity, Paris.

Florence, Italy, claims the honor of her birth on May 12th, 1820. Her home was in England, as a daughter of a squire, early association with her father's friend, the Vicar, who had studied medicine, may account for her landlady broken dolls, and putting her compresses on Cap, a shepherd dog.

Educated by her father and governess she had all advantages of money and society. But this position never satisfied the cry of her heart. Her name rank with Lister and Pasteur. Her literary work is a classic in medicine. Henri Durant, Swiss Physician, to whom the Red Cross owes its conception, said in 1872, "Though I am known as the founder of the Red Cross, and originator of the Geneva Convention, it is to an English woman honor is due. Florence Nightingale inspired me to go to Italy in 1859."

Leaving England for Crimea, she arrived on the eve of the battle of Inkerman, November 5th, 1854. She was accompanied by 42 nurses, whom 10 were members of Catholic Sisterhoods of England, two of these latter, Sister Mary Stanislaus Jones and Sister Mary Anastasia Kelly, remained her lifelong friends, and were beneficiaries in her will.

She not only relieved the suffering but she put order where disorder and mismanagement reigned. Queen Victoria said of her, "SUCH A CLEAR HEAD WE WISH WE HAD HERE IN THE WAR OFFICE". She was a passionate statistician, an administrator whose practical eye saw the need of laundry, and diet kitchen and 200 scrubbing brushes before she could relieve the dire distress and misery of Crimea. With the gift of a happy smile, a soft voice, gentle loving touch, this lady of grace, with a strong sweet character and a will of steel, reformed the Hospitals of Europe, through intelligent organization, personal devotion, religious enthusiasm.

She died August 10th, 1910. She asked to be buried in a quiet country churchyard, two persons only were to assist at the simplest possible service. But her good work lives still and the thousands of nurses who graduate yearly from the hospitals of Canada and the United States find in her a model and all the world is better off because Florence Nightingale lived.
