AMERICAN AUTHORITIES ARE INVESTIGATING BOMB EXPLOSIONSANARCHIST CARRYING BOMB TO
KILL OTHERS STABS HIS TOE
AND IS BLOWN TO PIECES

Washington Police Inspectors Believe Plots To Kill Government Officials Originated in Philadelphia—Identity of Victim Is Not Revealed—Arrests Expected To Follow Today's Investigations.

RUNNING DOWN ANARCHISTS. Washington, June 3.—Department of Justice agents and police throughout the country today were hunting for organized bands of anarchists, who last night launched what they called an attempt to overthrow the Government by assassination with high explosive bombs of prominent men opposed to the spread of organized lawlessness.

Explosions took place in Washington, Pittsburgh, Cleveland, New York, Mass., Boston, Philadelphia, Paterson, N. J., and New York. None of the men for whom the bombs were intended were hurt, but one man, a watchman in New York, was killed, several persons were injured.

Wrecked, and in Washington, one of the plotters himself was blown to pieces when a general explosion intended for Attorney-General A. Mitchell Palmer exploded prematurely.

Washington, D. C., June 3.—Washington police inspectors early today believed they had identified the man who was blown to pieces last night in an effort to kill Attorney-General A. Mitchell Palmer with a bomb, as an anarchist of Philadelphia. They also said they were confident the nation-wide plot against the lives of government officials and prominent businessmen had been laid in that city.

A bloodstained conductor's identification check was found in front of Mr. Palmer's residence early today, showing that the anarchist arrived in Washington at 10:30 o'clock last night from Philadelphia. He went directly from the union station to the Palmer home, and only a few minutes before the explosion he was seen alighting from a street car a few blocks away.

Expect To Arrest Others. The police would not reveal the identity of the man, but they felt confident the facts they had gathered in their investigation last night would lead quickly to the apprehension of his associates, who they believe also were responsible for the May Day bomb plot in which many internal machines addressed to government officials, members of Congress and businessmen were placed in the mails.

The anarchist apparently was of Italian birth or parentage. The police are confident that the plans of the anarchist to blow up the house of the attorney-general and kill his occupants would not have miscarried had he not in his excitement and in the darkness stumbled his toe on a low step six feet from the front door, where, it was obvious, he intended to place the powerful infernal machine. The cop tripped the anarchist and when he fell, the concussion apparently set off the bomb.

BOMB PLANT FOUND IN CITY OF BUFFALO. Buffalo, June 3.—A school for instruction in the manufacture and use of bombs was found in a building in Buffalo police believe. No arrests have been made, but a number of drawings, alleged to be designs of internal machines have been seized.

BRITISH TREASURY TO BORROW SUM TO COVER BIG DEFICIT. Chancellor Declares Immense Floating Debt Is Serious Feature.

CONFIDENT OF SUCCESS. People Will Respond to the Coming Loan As They Have in Past.

London, June 3.—In the House of Commons yesterday, a resolution was moved by Mr. Hon. Austen Chamberlain, chancellor of the exchequer, authorizing the treasury to borrow a maximum of £250,000,000 sterling to cover the estimated deficit of the year and a requisite amount for paying maturing securities issued under the war loans act of treasury bills or other advances, and the creation of a sinking fund.

The chancellor stated a serious feature was the immense floating debt and the great quantity of securities short-dated securities. The figures to May 31 were: Treasury bills, £1,036,131,000; exchequer bonds maturing within the fiscal year, £22,160,000. This did not include miscellaneous foreign debt due in 1919 and approximately £28,000,000 sterling.

More Securities Maturing. Mr. Chamberlain said there were also further securities maturing from April, 1920, to March, 1924, amounting to £1,000,000,000 and also £24,000,000 of foreign debt. He had decided to issue the loan after this.

The chancellor dwelt on the unfavorable financial and commercial atmosphere owing to the fiscal year, and the fact that the government was in a position to rivalled among belligerents who entered the war at the beginning, he declared. "We are today reaping the reward of great sacrifices," he hoped the country would be encouraged to make another great effort.

The House agreed to the resolution.

What's Doing Tonight?

THEATRES. Majestic—Gloria Swanson in "For Better, For Worse," and vaudeville.

Grand—Mary Pickford in "Daddy Long Legs," and vaudeville.

Patricia—William Farnum in "The Man-Hunter," and vaudeville.

OTHER EVENTS. Choir Concert—Hamilton Road Presbyterian Church at 8:30 p.m.

St. George's Mothers' Club Concert—Lyon School, at 8:15 p.m.

Corinthian Lodge, No. 330, A. F. and A. M. G. R. C.—Meets at 7:30 p.m.

Army and Navy Veterans', London Unit, No. 23—Meets at 7:30 p.m.

St. Andrew's Society—Regular meeting at 8 p.m.

Carpenters—Meet in St. George's Hall at 8 p.m.

Child Welfare Exhibit—Dr. Miller of Ridley College, speaks at Technical School.

BOMB OUTRAGES
ARE AIMED AT
OVERTHROW OF
U.S. GOVERNMENT

Believed by American Officials To Be An Anarchist Movement.

BUT FEW FATALITIES

Attempts Made On Lives of Many Judges Active Against Labor Movements.

Washington, D. C., June 3.—The widespread bomb explosions last night apparently a sequel to the unsuccessful May Day outrages when internal machines were mailed broadcast from New York to kill the officials and men prominent in public life, was believed by officials here to be another move in an anarchist movement for the overthrow of organized government in the United States, rumors of which were said to have been called to the attention of members of Congress and department of justice officials months ago.

Although apparently intended to do greater damage, the latest bomb explosions, from a standpoint of loss of life, appeared to have been but little more successful than those of May 1. Fatalities resulting, as reported today, were confined to the plotters himself at the Palmer home, and to New York, where one or possibly three persons were killed. In that case, as here, the body or bodies were so badly scattered as to be impossible to determine just how many corpses were involved.

As in the May Day attempts, the bomb plot last night was directed, in a majority of cases, against public officials in various cities, men who have been active in suppression of organized lawlessness.

"RED" LITERATURE MAY SERVE AS A CLUE TO PLOTTERS.

Washington, D. C., June 3.—Copies of the pamphlet bearing the caption, "Faint Talk," are in possession of the police and department of justice officers and may possibly furnish the only clue to the identity of the plotters. Printed on what likely was intended to be red paper, the pamphlets bear no distinguishing marks, however, and might easily have been printed in any small print shop.

Mr. Palmer has been active in urging anti-Bolshevism measures and the attack on him as well as on the various judges and officials as representatives of law and order are obvious to the authorities, but the pamphlets were at a loss to understand the attempted destruction of a church in Philadelphia.

The list of cities in which explosion occurred were: New York, Washington, D. C., Cleveland, Philadelphia, (2), Boston, Paterson, N. J., and Newtonville, Mass.

WATCHMAN KILLED BY BOMB PLANTED AT JUDGE'S HOME.

New York, June 3.—One man was killed and several men and women hurt today when a bomb placed at a basement entrance to the home of Judge Charles C. Nott, of general sessions court, exploded. The front part of the Nott residence was blown past and houses nearby on East 61st street were damaged. Judge Nott was not at home and Mrs. Nott, who was asleep on the second floor, was uninjured.

William Boehmer, a private watchman, was blown to pieces, parts of his body being found half a block from the scene of the explosion. The exact time of the explosion was learned when it was discovered that a large clock in the hall had stopped at 12:55 a.m.

British Airship To Start Ocean Trip June 20.

Many Officers Anxious To Sign On As Crew.

London, June 3.—The admiralty ship R-34 will probably start on her transatlantic flight on June 20. The commander will be Major G. H. Scott, A.F.C., and many high officers are anxious to sign as crew in order to participate in the noteworthy trip.

PARIS SUBWAY LINES SUSPEND OPERATIONS OWING TO STRIKE.

Decision Is Made by Men at Last Night's Meeting.

Paris, June 3.—The Paris subway lines are shut down this morning as a result of a strike of the employees. The strike of the men, attended by more than 5,500 of the workers, was a dispatch from Lille that approximately 49,000 men are out in the general strike in the Pas de Calais mining region. Absolute quiet prevails in the affected district, no disorders whatever being reported.

UNION PRINTERS NOT TO BE EMPLOYED IN BUENOS AYRES SHOPS.

Buenos Ayres, June 3.—The publishers of Buenos Ayres are said to have joined in a compact never to admit another union printer to their shops. The principal newspapers have started typotype schools, and are teaching prospective operators. It is asserted that the old employees on the newspapers will be given their jobs again only when they resign from the printers' union. Meanwhile Buenos Ayres is without news from the outside world; the newspapers have even ceased to post bulletins.

MEDIATOR AT WINNIPEG.

St. Paul's Church, Hamilton, in which the assembly of 1919 will meet tomorrow, with Rev. Dr. Drummond, pastor of St. Paul's, inset.

METAL WORKERS URGE THOSE
WHO STRUCK IN SYMPATHY
TO RETURN TO THEIR JOBS

President Brown of Toronto Organization Issues a Notice in Which He Declares the Men in the Metal Trades Prefer To Fight Their Own Battle.

Toronto, June 3.—President R. C. Brown of the Metal Trades Council at 1:30 o'clock today issued a notice to the workers of the various unions who went out on strike in sympathy with the metal trades workers, advising them to return to work at once. President Brown thanked them for their sympathetic action, but said that nothing could be gained by their remaining out longer, as the men of the metal trades preferred to fight their own battle from now on.

SMALL PERCENTAGE
OF TORONTO PEOPLE
AFFECTED BY STRIKE

Conditions in Queen City To All Appearances Are Normal.

Toronto, June 3.—Mayor Church and other conciliators today continued their efforts to secure a basis of agreement between the striking workers of the metal trades and their employers. The feeling here is that if the difference between the employers and striking employees of this industry were on their way to settlement, the sympathetic strike called by the "general" strike committee, would soon be called off.

The city is still a dull appearance, continuing normal, in an industrial way. Eighty per cent of the population are at work, and so far as the strike is concerned, there are no reports of any kind. It is quite possible, however, that when it is quite possible, there will be a strike of street railway men on their own account. Other unions, particularly the boot and shoe workers are negotiating with the employers for increases, with little prospect, at present, of a settlement being reached.

Bishop of Ontario Intimates
That He Would Favor Sale of
Light Beers and Wine Under
Strict Government Control\$16,000,000 IN
ORDERS PLACED
WITH CANADIAN
MANUFACTURERS

Larger Portion of Goods To Go To Rumanian Government.

BALANCE TO BELGIUM

Canadian Trade Commission Expects To Receive Many More Orders.

Ottawa, June 3.—Nearly \$16,000,000 worth of orders have already been placed with Canadian producers and manufacturers under the credits established in Europe. A return which has just been prepared by the Canadian trade commission, Ottawa, to May 31, shows that the lion's share so far has been allocated under the credit granted by the Dominion to the Rumanian Government, over \$15,000,000 in the aggregate, while just three-quarters of a million dollars have come under the Belgian credit. This proportion is merely accidental, due mainly to the greater promptitude with which the Rumanian officials in London acted after the principle of credits was accepted.

The following are the broad classifications in which the orders are most conveniently displayed: Against Rumanian credit—Binders and part \$670,995, all placed in Ontario; binder twine, \$840,296, placed in Quebec; pasta and oil, \$189,845, placed in Quebec; \$182,095, in Ontario; \$7,500, cottons, \$2,631,512, placed in Quebec; \$2,180,262, in Ontario; \$444,250; woolen goods, \$4,750,526, placed in Quebec; \$198,530, Ontario; \$49,642, Nova Scotia; \$366,744, New Brunswick; \$30,800; spirits and overalls, \$1,672,376, placed in Quebec; \$688,707, Ontario; \$446,250, Manitoba; \$25,212, Alberta; \$36,566, British Columbia; \$7,556, ready-made suits, \$53,311, placed in Quebec; \$32,123, in Ontario; \$587,000, Nova Scotia; \$44,722, and New Brunswick; \$43,481.

Against Belgian credit: Boots, \$250,000, all in Ontario; woolen goods, \$508,332, placed in Quebec; \$33,123, in Ontario; \$587,000, Nova Scotia; \$44,722, and New Brunswick; \$43,481.

The Canadian Trade Commission has been working at fever heat for several weeks. Further large orders have since been put in hand, while others are expected shortly.

NG-4 IS NOT TO TRY RETURN BY FLIGHT.

Daniels Asserts No Non-Stop Ocean Trip Is Being Contemplated.

Washington, June 2.—The American naval seaplane, NG-4, which arrived at Plymouth, England, Saturday, thereby completing the first transatlantic flight, will not attempt a non-stop or any kind of a flight back to the United States, Secretary Daniels said today.

The seaplane will be disassembled and shipped to this country.

The secretary said the navy contemplated no attempt at a non-stop ocean flight in the near future, as the navy did not desire to make a spectacular showing and was not in any competition for transatlantic flight honors and did not favor "stunt" flying.

MISSING CANADIAN ACE IS AWARDED AMERICAN PRIZES.

Atlantic City, N. J., June 3.—The contest committee of the Pan-American aeronautic convention in its report submitted today, announced the winners of the various contests staged in connection with the annual convention here throughout the month of May.

Among the awards, which will be made June 4, were: Boston Globe trophy, Capt. Mansell R. James, R.F.C., first, \$1,000.

Longest flight, Capt. Mansell R. James, R.F.C., 340 miles, Pan-American trophy, valued at \$5,000.

Capt. M. R. James, Atlantic City to Boston, elapsed time, four hours, one stop of 40 minutes at Mitchell Field, L. I.

STEAMSHIP ARRIVALS. Liverpool, June 3.—Arrived, Celtic (British), New York; Orduna (British), New York.

STORK VISITS HOME OF OTTAWA COUPLE FOR THE 21ST TIME.

Ottawa, June 3.—Mr. and Mrs. Albert Schling, 141 Bottler street, on Thursday became the parents of a bouncing baby boy. It was their 21st child, probably the largest family in Ontario.

Albert Schling, father of the 21st, is now in the employ of the Ottawa Electric Railway as a conductor. Both he and Mrs. Schling are in their 44th year, and will celebrate the silver anniversary of their wedding in August.

KHERESON OCCUPIED BY THE BOLSHEVIKI.

London, June 3.—A Russian wireless message received here from Moscow says that Khereson, on the Dnieper, northeast of Odessa, was occupied by the Reds on Friday after fierce fighting.

Bishop E. J. Bidwell, D. D., in Address Before Synod of Huron, Now in Convention At Kingston, Expresses the Opinion That Absolute Prohibition in Normal Times May Not Be Best Method of Securing the Desired End—Is Strongly Opposed to a Return of the Saloon and Bar.

Kingston, June 3.—In his address to the Synod of Ontario this afternoon, Bishop E. J. Bidwell, Bishop of Ontario, paid considerable attention to the prohibition question, and indicated that he would favor the sale of light beers and wines under strict Government regulations. His lordship was strongly opposed to the restoration of the saloon and the bar, and would not make any change in present regulations in regard to spirits.

Incidentally the policy of the Ontario Government in the matter commends itself strongly to him. After pointing out that the prohibition measure, introduced by the Government, has the approval of the large majority of the people, he goes on to say that the Ontario Government "are to be highly recommended for their statesmanlike and constructive policy in the line of action upon which they have determined."

He points out that "the referendum to be submitted to the people, as is only just and fair, gives an opportunity to all of expressing their opinion, including those who, while supporting prohibition as a war measure, and remaining strongly opposed to the return of the saloon and bar, are not convinced that absolute prohibition of every kind of alcoholic beverage is, in normal times, the best method of securing the object in view."

Regarding the duty of the Anglican Church the bishop said: "Our church is not committed to prohibition to the exclusion of every other method of abolishing drunkenness, and promoting real temperance. Nor can it subscribe to the doctrine that the use of wine as a beverage is in itself wrong. To do so would be to contradict its own sacred teaching and practice in the Blessed Sacrament, not to speak of the imputation of Him, who instituted that sacrament."

GENERAL STRIKE IS CALLED BY VANCOUVER UNIONS IN SYMPATHY WITH WINNIPEG.

Organized Labor in B. C. City Votes For Walkout Today—Exemptions Are Made in the Cases of Firemen, Police, Bakers and Others.

Vancouver, B. C., June 3.—A general strike of organized labor in Vancouver in sympathy with the Winnipeg strike, became effective at 11 a.m. today, in accordance with a decision reached at a mass meeting last night.

Exemptions from the strike were made in the cases of firemen and police, bakers and bakery salesmen, milk wagon drivers, theatre employees, laundries, hotels and restaurants, ten civic employees to act as grave-diggers, six caretakers for the city water-works, ice wagons for hospitals, hotel and restaurant delivery only.

U. S. Aviators To Search For Lost Canadian Ace.

Every Effort Will Be Made To Locate Capt. Mansell R. James.

Minneapolis, N. Y., June 3.—Search for Capt. Mansell R. James, the Canadian ace, who disappeared last Thursday en route in a Sopwith biplane from Lee, Mass., to Atlantic City, was started from here today by army aviators. They planned to fly to Hartford, Conn., and from there to cover the territory in the vicinity of Winchester centre, where Capt. James is last reported to have been seen.

In addition to the army aviators search the Aero Club of America has appealed to people living in the territory surrounding Winchester centre to join in the hunt for the missing flyer.

Capt. James is a native of Watford, Ont., and is 35 years of age. He served with the Royal Air Force, and is the holder of a Distinguished Flying Cross. Capt. James has been missing since Thursday, when he commenced a flight from Boston to Atlantic City.

MISSING CANADIAN ACE IS AWARDED AMERICAN PRIZES.

Atlantic City, N. J., June 3.—The contest committee of the Pan-American aeronautic convention in its report submitted today, announced the winners of the various contests staged in connection with the annual convention here throughout the month of May.

Baby Welfare Week Opens Today in Technical School: Arrangements Are Perfect and Attendance Is Large

Comparison With Last Year's Individual Baby Records Possible By Means of the Statistics—Doctors and Nurses Doing Work Voluntarily.

London's second annual big "Baby Welfare" week in London is in full swing, the official opening taking place this morning at 9 o'clock in the Technical School.

The information bureau is located directly in front of the main entrance at the top of the staircase, and there Mrs. W. L. Partridge, Mrs. Jared Vining, Mrs. A. C. Joseph and Miss Shaw Wood give out programs, enroll new members of the association, and answer questions and point the way to the exhibits in the rooms opening off the east corridor of the first floor.

Mothers who come with babies in their arms and little ones clinging to their skirts want to go as quickly as possible to the clinic rooms on the second floor, in charge of a capable army of doctors.

An **Object Lesson.** Miss Jennie Fidler, visiting statistician of the Institute of Public Health, is looking after the records.

The public at large gets a fine object lesson in the thoroughness of the methods of the London Child Welfare Association assisted by the Institute of Public Health.

Above a business-like table hangs an immense card, "London's Directory of Babies," containing in alphabetical order the names of every baby examined in the Child Welfare week clinic of a year ago. On the table is a filing cabinet in which is the score card of a year ago of everyone of these babies.

Each baby brought back to this year's clinic gets a gold star opposite its name on entering can have the last year's score card for comparison with the score card being made out this year. Several gold stars have already been placed.

Because of its size and facilities, the large domestic science kitchen has been chosen as the waiting and dressing room, where the little ones are undressed and weighed, then dressed again, Victoria Hospital nurses taking charge of this as they did a year ago.

The Municipal Chapter, I. O. D. S. has undertaken to serve refreshments to every mother bringing children to be examined, both afternoon and evening.

Mrs. T. S. Coleman is convener of the committee looking after this. The Academy of Medicine is arranging to have all the doctors that are needed for the clinics there every hour that these are in progress.

Mrs. Jennie Wilson, convener of the nurses' committee, has a guarantee of all the nursing assistance needed in the clinic rooms from the Isabel Hampton Chapter, I. O. D. E.

The "Model Housekeeping Suite" is everything that can be desired in the way of space and equipment for clinic rooms. Dr. Fuller is in charge of the dental clinic.

The big Provincial Child Welfare exhibit in charge of the assistant director of the Bureau of Child Welfare, Miss Knox, holds a place of prominence. It shows a number of new features being included this year.

Other exhibits include a demonstration of proper bathing and dressing of babies by St. Joseph's Hospital Nurses in the proper quantities, arranged by the Victoria Hospital nurses, under the supervision of Miss Stanley, kindergarten and children's aid society exhibits.

Short lectures are being given each morning and afternoon in the airy lecture room in the Technical School, where the Provincial Chapter of the Victoria Hospital Nurses will give several times a day.

Special attention is drawn to the educational part of the evening, when the Y. M. C. A. auditorium. This evening the speaker is to be Principal Miller of Wilfrid College, an authority on child welfare.

All clinics, exhibits and lectures are absolutely free to the public.

ASSUMES DUTIES AS Y. M. C. A. SECRETARY

EDWARD JENKINS, recently administrative secretary at the Central Y. M. C. A. in Toronto, assumes duty as secretary of the Y. M. C. A. in the city today, filling the place of the late secretary, K. E. G. Davies, who is leaving the city in the course of a few weeks, and who will attend Toronto University next term.

Mr. Jenkins is an honor graduate of Toronto University, class of '07, and was first educational director at the Central Y. M. C. A. at Toronto, later becoming administrative director of Y. M. C. A. work there.

Mr. Jenkins is an honor graduate of Toronto University, class of '07, and was first educational director at the Central Y. M. C. A. at Toronto, later becoming administrative director of Y. M. C. A. work there.

REVENUE OFFICIALS CAPTURE WHAT THEY DECLARE IS "STILL"

W. A. Lake Is Charged With Using Liquor Maker.

ADJOURNED TILL MONDAY

Counsel For Defence Says "Plant" Really Just Water Heater.

Apparatus which inland revenue officials claim was being used to distill liquor formed four separate exhibits in police court this morning, in the first case heard in the city where a resident is charged with operating an illicit still.

William A. Lake, 1033 Pine street, appeared in police court on three separate occasions in an information laid by C. E. A. Webb, deputy collector of inland revenue customs, who charges Lake with having liquor in a state of fermentation on his premises at 1033 Pine street, being engaged in distilling or rectifying liquor, having the apparatus concealed on his premises.

What He Found. License Inspector J. E. Keenleyside visited Lake's house on Tuesday afternoon, May 20, and searched the house. He brought away a large cylindrical metal container, inside of which was a coil of metal tubing, and a sample from the cellar of Lake's house, which was a barrel containing several gallons of liquor, of which samples were taken.

Not Accepted. One sample was sent to Ottawa for government analysis, but a letter from the department there stating that the sample under analysis showed that it contained 19.25 per cent of proof spirit was not accepted as evidence by the magistrate, as the certificate signed by the analyst himself has not been received.

J. M. McElroy, counsel for Lake, jugged the exhibits displayed in the court, calling attention to the cobwebs on the hose lengths and couplings, and the silt and rust on the inside surface of the can with the coiled tubing, which he called a both a heater and a still, which was a sure enough worm and tube for distilling liquor, in the eyes of the customs officer.

Did you ever see hose of this description used for distilling liquor? Mr. McElroy asked the customs officer. "No, I can't say I ever did," he replied.

Collector's Views. In discussing the case with R. G. Fisher, acting crown attorney, Mr. Webb stated that the exhibits in the court, consisting of a barrel, a hose, and a can, were all found in the cellar of Lake's house, and were all for the purpose of distilling liquor. The case was adjourned until Monday.

Brings Specimens Here of So-Called 17-Year Locusts

J. M. Parsons Tells of Devastation Wrought by These Insects.

John M. Parsons of Wellington street, has returned from a trip to Ohio, Kentucky, and Michigan, bringing with him specimens of the 17-year locust which is appearing in several states, and is causing fear of a devastation through the locust in a 600-acre cemetery at Cincinnati. His sister, who remembered a previous invasion of locusts, said the same cemetery had been almost stripped of plant life when the locust last appeared there.

Mr. Parsons secured five specimens of the locust in a 600-acre cemetery at Cincinnati. His sister, who remembered a previous invasion of locusts, said the same cemetery had been almost stripped of plant life when the locust last appeared there.

Important

During June July and August This Store Will Close Wednesdays at 1 o'clock. Other Days, Including Saturday, at 5:30

This week marks another epoch in the history of this store—another advance in our policy of shorter hours and more efficient service. Besides the Wednesday half-holiday we have this week cut another half-hour off the day by closing at 5:30 instead of 6 o'clock, demonstrating our faith in the shorter hours policy, as we have during the past twenty years by advancing from time to time just as far as we consider serves the best interest of our customers and employees as well. Long ago we felt the pulse of public sentiment along this line and we make these changes for shorter hours knowing that we are not only carrying out our own policy, but the policy advocated by the great majority with every confidence that you will loyally support it by doing your shopping before 5:30.

A Full Day's Business In Four Hours Wednesday

Opening at 9 o'clock will prove a great advantage to our customers who attend these Wednesday morning summer sales. Just a half-hour later than last summer, which will enable many more to be here for the opening sales. Every item advertised are sale specials, which cannot be had before 9 o'clock tomorrow. Here is a brief list of this week's Wednesday morning sales. Be here at 9 o'clock.

White Voile, 39c and 59c

The first Wednesday morning in this department will be a rush of early buyers for the two bargains listed below; limited quantities in each.

39c YARD—White Voiles, plain, stripe and crossbar patterns. See this line to realize the snap for waists and dresses. Only about 300 yards, 36 inches

59c YARD—White Voiles, some of the season's best patterns, in very pretty stripes and novelty designs, away below regular price. Only about 200 yards, 36 inches

Ladies' Suits, Half-Price

30 Ladies' Suits, an assortment of odd and broken lines, grouped for a quick clearance Wednesday morning; navy, black, brown, sand and black and white checks, mostly small sizes, 16, 18 and 20 years and 34, 36 and 38 bust. The prices listed below are just what you save on each and every one of these suits. Sale prices, \$9.30, \$11.75, \$12.50, \$13.75, \$17.50, \$20.00 and \$23.75.

Friends Spring Big Surprise Party On Dr. Roy Routledge

Beautiful Gifts For Him and His Wife Now Living Here.

Some months ago, Dr. Roy Routledge, who had practiced medicine for seventeen years at Lambeth, decided to enter the larger field of practice in the city of London. Last night about 9 o'clock, a swarm of his life-long friends, neighbors and clients drove in autos to his residence at 222 St. James street. The doctor and his wife and family were surprised when they were confronted with nearly three scores of the good men and women of Lambeth, who came to pay their respects. Many of the visitors have known the doctor all his life, for he was born in the village of Lambeth, 42 years ago. His father, Dr. George A. Routledge, ex-member of the Provincial Parliament, has practiced medicine at Lambeth since he graduated at the age of 25. The father and son practiced together as partners, and both have been recognized as leaders in all social, charitable, and com-

mercial enterprises, and in advancing the best interests of the community. These are some of the reasons why the citizens of Lambeth turned out en masse last night to shower favors on Dr. Roy and his wife. Many of the leading singers and members of the Methodist Church choir were in the city. When Rev. Sam Anderson, who has served the Lambeth Methodist Church for four years, called "Attention" to the visitors, Dr. Roy and his wife little knew what was in store for them.

A committee, Fred Boyes, Mr. Grant, Mrs. Boyes, Mrs. Grant, Mrs. D. Low, Mrs. Alfred Davey, Miss Kay, M. Moore, Miss Eva Vandellinder and others had raised funds to secure for the doctor a large, modern, sterilized leather case containing the latest surgical instruments obtainable.

Mr. Anderson, in an eloquent speech, presented the case to the doctor.

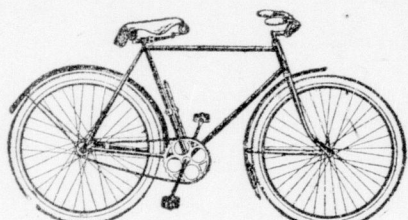

The ladies' committee had purchased for Mrs. Routledge a large sterling silver flower basket and holder. All the visitors, after hearing the doctor eloquently express his thanks, sang "Auld Lang Syne." Refreshments were served, and at midnight the visitors returned to their homes.

As the guests were leaving, Dr. Roy and his wife said: "This will be an epoch night in our lives."

TREASURY GETS \$55.—Breaches of the motor vehicles act cost fifteen offenders a total of \$55 and costs, most of the cases being settled out of court. Eight breaches of city by-laws produced an additional \$6 with costs for the police court treasury.

HYSLOP BICYCLES

MANUFACTURED BY HYSLOP BROS., TORONTO.

Hyslop Bicycles are built with one-piece cranks, Eadie heavy-duty brake, drop side mud guards, Dunlop tires. All these features do away with most of the troubles riders experience with other bicycles.

Prices, \$45.00 to \$65.00

TERMS ARRANGED

BRISCO'S

258 DUNDAS STREET.

STREET RAILWAY COMPANY HAS CUT DOWN ITS SERVICES

The London Street Railway Company, in a communication to the city council, states that the increased service put into effect some time ago, while it increased the expenditure materially, did not increase the revenue to an appreciable extent. The company states that it had, therefore, decided to give the following schedule (the old schedule is shown in comparison):

	No. of Cars.	Headway (Minutes).	Headway (Minutes).
Oxford	8	8	7 1/2
Normal	4	10	8
Richmond	4	15	10
North Belt	4	15	15
Ridout (until 4 p.m.)	4	15	12
17 (4 to 11)	4	12	12
Dundas (until 4 p.m.)	4	12	12
Dundas (4 to 11)	4	12	12
Ottawa (until 4 p.m.)	4	15	12
Ottawa (4 to 11)	4	12	12
Ottawa (Ridout street)	4	12	12

Extra trippers are promised for the rush hours, including baseball hours, to take care of the extra traffic.

CONTRAVENTION BYLAW. It will be seen that the new schedule increases the interval between cars on every route except one, and increases it by three minutes on every route except three. This is in contravention of the city bylaw, which forbids modification of the schedule without permission from the city engineer. The matter will be taken up by No. 1 committee next week. The city engineer has stated that six cars have been taken off, and this report also has been referred to the committee.

METAGAMA AT PORT; NO NAMES RECEIVED

Many soldiers with civilian dependents for this city are said to have been landed at Quebec today from the Metagama. The name list of the London party has not yet been received.

The hospital ship Metagama is now in the St. Lawrence off Grosse Island, near Quebec City. Medical authorities have delayed the docking of this vessel on account of smallpox cases on board.

The 47th Battalion, comprising 29 officers and 638 other ranks, most of whom will be demobilized in this city, is expected to land at Halifax from the Empress of Britain on Wednesday, June 4. The battalion will be dispersed at Dispersal Station "K," Resumption Barracks, with the exception of a party of 10 officers and 150 other ranks who will proceed to Vancouver.

BRITAIN RESUMES SHIPPING OF GOLD. CANADA TO U. S.

New York, June 3.—Great Britain has resumed shipments of gold to the United States from Canada. About \$50,000,000 was reported today to be on the way here, the first large shipment of gold to this country for some time.

The British Government since the early months of 1917. The movement in excess of \$1,000,000,000, was brought to the United States through the entrance of the United States into the war.

WORK ON HOSPITAL.—L. B. Kerr, superintendent of Canadian Contractors and Builders of Brockville, arrived here yesterday on a business trip. He is in charge of the work on the hospital.

GETS CONTRACT.—The Devonshire Company, a Toronto firm of illuminating engineers, has been given the contract for all outside lighting work, including transformers, etc., at the Westminster Psychiatric Hospital. The firm is all ready to commence work, and has made arrangements to borrow some of the local utilities commission's employees, the stipulation being that the interests receive the same rate of pay as they get from the commission.

WILL JOIN PARADE.—At a regular meeting of the local Musicians' Union held this week the members decided to take part in the large union parade to be held on Sunday, June 9. The Musicians are now located in the quarters in the Cote block, having moved from the George's block. During the meeting the new price list was drafted to go into effect in September next and the new price list will be discontinued until that time.

HAD PLEASANT EVENING.—On Monday evening, Mr. and Mrs. W. S. Hall of London, Junction, entertained a Young People's Improvement Society of St. George's. Refreshments were served on the lawn, and the remainder of the evening was spent in games and social enjoyment. On behalf of the Young People's Improvement Society, Mr. and Mrs. S. Hall thanked Mr. and Mrs. S. Hall for their kind hospitality.

GETS PARTY.—A meeting of the Young People's Improvement Society of St. George's was held at the home of Mr. and Mrs. S. Hall on Monday evening. The meeting was held at the home of Mr. and Mrs. S. Hall on Monday evening. The meeting was held at the home of Mr. and Mrs. S. Hall on Monday evening.

TO SING IMPRESSIVE SONG.—Over to a number of requests, Mrs. W. S. Hall is singing the song "The Lord is my Shepherd" at the concert in the Ryerson school this evening. The song was composed by Mr. S. Hall, and was sung by the famous tenor, Paul Allhouse.

BIG PARADE PLANNED.—Members of local trade unions will parade to the First Presbyterian Church on the evening of Sunday, June 9. A special service will be held at the church, and a special sermon will be preached by Rev. J. Knox, the minister. Those attending the service will meet at the church at 6:30 p.m., and will march from that place to the church. It is expected that there will be a large turnout, and every union in the city will be represented at the church parade.

HAS VISITED ALL WARD.—Inspector Joseph Sanders of the Children's Aid Society has visited every ward of the one hundred and fifty wards of the society in London this summer. He has had difficulty in locating some of them, as the people with whom they had been placed have moved since last year without notifying Mr. Sanders. He asks that such people will facilitate his work by communicating their present addresses to him at the city hall.

SANDERS SAYS HE HAS FOUND MOST OF THE WARD.—Inspector Joseph Sanders of the Children's Aid Society has visited every ward of the one hundred and fifty wards of the society in London this summer. He has had difficulty in locating some of them, as the people with whom they had been placed have moved since last year without notifying Mr. Sanders. He asks that such people will facilitate his work by communicating their present addresses to him at the city hall.

DEATHS AND FUNERALS.—George Byron Teir died at his home on Ridout street yesterday after an illness of some weeks. He was the son of Mr. and Mrs. Thomas Teir of Ridout town, and was in his 52nd year. The funeral will be held at the residence on Wednesday at 2:30 o'clock.

MINISTER OF LABOR HOME FROM WINNIPEG.—Ottawa, June 3.—Senator Robertson, minister of labor, arrived in the capital this morning from Winnipeg. He was at his office early, but refused to make any statement with regard to the strike situation. He had, he said, nothing to say that was not contained in the dispatches yesterday. It is probable that he may have some information to impart to the cabinet or the Senate, which may be made public later.

DEATH OF G. B. TEIR.—George Byron Teir died at his home on Ridout street yesterday after an illness of some weeks. He was the son of Mr. and Mrs. Thomas Teir of Ridout town, and was in his 52nd year. The funeral will be held at the residence on Wednesday at 2:30 o'clock.

He was at his office early, but refused to make any statement with regard to the strike situation. He had, he said, nothing to say that was not contained in the dispatches yesterday. It is probable that he may have some information to impart to the cabinet or the Senate, which may be made public later.

DEATHS AND FUNERALS.—George Byron Teir died at his home on Ridout street yesterday after an illness of some weeks. He was the son of Mr. and Mrs. Thomas Teir of Ridout town, and was in his 52nd year. The funeral will be held at the residence on Wednesday at 2:30 o'clock.

MINISTER OF LABOR HOME FROM WINNIPEG.—Ottawa, June 3.—Senator Robertson, minister of labor, arrived in the capital this morning from Winnipeg. He was at his office early, but refused to make any statement with regard to the strike situation. He had, he said, nothing to say that was not contained in the dispatches yesterday. It is probable that he may have some information to impart to the cabinet or the Senate, which may be made public later.

BERTHA RUSSELL BACK AT HOME OF SALVATION ARMY

Missing Girl Is Found At Port Stanley.

HAD OBTAINED POSITION. Soldier Had Brought Her To City and Provided For Her.

Bertha Russell has been found. During the three days in which she was completely lost, so far as her good friends of the Salvation Army, her employers and others who knew her in Port Stanley, were concerned, she had found her way from Springbank to Port Stanley and obtained a position as a domestic with a family in the village.

Much of the worry in regard to her was consequently in vain. Adjt. Marshall and Isen Holland, who went down to Port Stanley after her, however, were infinitely relieved to know that she was alive and well. They brought her back with them, reaching the Port Stanley Army home at midnight last night.

The soldier who was her companion on Thursday evening, at the time she was taken to the city, after her to the extent of seeing she had a proper place to stay on Thursday night, was instrumental in getting her the position at Port Stanley.

Took Room Here. Early Monday evening, a clerk at the Harrison House, called on the Salvation Army home, asked for Adjutant Marshall and stated to her that he had been looking for a girl, whom he was sure was the one described in the paper, at 1300 Ontario street, in charge of the house. He was accompanied by a soldier, who paid for her room when she registered.

The soldier who was her companion on Thursday evening, at the time she was taken to the city, after her to the extent of seeing she had a proper place to stay on Thursday night, was instrumental in getting her the position at Port Stanley.

Found at Last. While the clerk of the Harrison House was talking, the telephone rang. A message was from the local police department, stating that Bertha Russell was at Port Stanley, in charge of the house, and that if the officials of the Salvation Army would go down, they would find her.

The Stanley family where Bertha had been working over the weekend, was anxious to keep her, owing to the fact that she had proved herself a most capable little house-worker. Her guardians, however, thought it wiser to bring her back to them.

Apparently the girl was afraid to go back to her employer's home or to the Salvation Army home, as she was staying so late. She evidently caught the car to the city, accompanied by the soldier, and after telephoning to her girl friend, in any case the army is giving due credit to the soldier for seeing she was well after in the hotel, and for finding for her a position.

He did not give her own name to her Port Stanley employers.

No Police Provided For Springbank Now. Not a Constable of Any Kind Kept On Duty There.

That Springbank Park and its environs, which are the scene of the annual fair, are now under the control of the citizens numbering from two to six or seven thousands so every afternoon. The fair is now in the hands of the citizens, and the police are not on duty at the park.

Until two years ago, city police officers stated, a uniformed police constable on duty until 11 p.m. at Springbank Park, but this patrol was discontinued because of the cost of the constable's uniform and the cost of the constable's uniform.

Springbank Park is under the control of the public utilities commission of London.

No County Constable. High Constable Constable, Waterworth explained, that under present conditions a county constable would be kept on duty at the park, but that county constable would be required to take a charge to be laid against some definite person.

County officials expressed the opinion that a uniformed policeman should be provided to safeguard the public, and a uniformed man, it was explained, would act as a deterrent against the commission of crimes, and would be expected from large crowds of pleasure seekers, as was the case of more serious crimes. A constable in uniform could always be found easily and recognized as such.

Citizens who were personally interested in the case of Bertha Russell, who became stranded at Springbank on Thursday evening and then disappeared, were not on hand at the park, and were not on hand at the park, and were not on hand at the park.

NOT THE SAME RUSSELL.—Alexander W. Russell, 324 Colborne street, a returned soldier, who went as far as England with his 1st Battalion, and who is now employed at the plant of D. S. Perrin & Co., states that he is not the returned soldier implicated in the temporary disappearance of Bertha Russell.

DEPUTATION OF ONE. D. H. Flannigan Will Ask That Schools Revert to Standard Time.

D. H. Flannigan will be a deputation of one at the regular meeting of the board of education this afternoon. He will present a petition which he claims, contains the signatures of a thousand ratepayers, requesting a return to standard time by the schools of the city.

The general opinion of the trustees is that Mr. Flannigan's petition will not cause the board to change its previous decision. The petition will certainly be referred to No. 1 committee, which cannot report on it until the July meeting. A special meeting is called, and that is considered unlikely. By that time the holidays will have commenced, and action by the board will be useless, even if the board were inclined to act, which apparently it is not.

"In any case," said one trustee, "even if the petition does contain a thousand signatures, that is not a large proportion of the population, and certainly does not indicate that a majority of the people want to return to standard time. The board has no interest one way or the other, except to suit the convenience of the citizens, and it believes it is doing that now."

PROVISIONS. Chicago, June 3.—Provisions were sold at a loss of 10 to 15 cents a bushel, weakness of the hog market had a somewhat depressing effect.

TOO LATE TO CLASSIFY. FINE LIGHT COVERED WAGON, pole and shafts; also a grindstone. "H. Taylor, 119 Ridout street."

GAS HEATER. TWO EXTENSION tables and kitchen sideboard, 575 York street.

MAN WANTED IMMEDIATELY. To take care of lawn and garden, at least two days in the week, in the North End of the city. Apply Box 112, "11c."

EXPERT MECHANIC ON FORD CARS. Apply Universal Motor Sales, 825 Pall Mall street.

JUNIOR SALESMAN FOR MEN'S furnishings; one with couple of years experience preferred. Apply R. J. Young & Co., East London Store, "13u."

ELECTRICIANS BACK TO WORK; GET RISE

Strike, Going On Over Month, Has Ended.

The electricians of the city have returned to work after having been out on strike for the past month. The wages asked per hour were 65c, and the men returned for 60c per hour. The electricians were on a 3-hour day, and they will now work eight hours a day.

Give All Increase To 'Real Workers' Aldermen Plead

Then One of Them Moves To Make All Alike.

At last evening's council meeting, Ald. C. G. Moorhead and Ald. F. R. Atkinson entered vigorous protests against the proposed salary increase for four members of the city engineer's department. The latter, in a burst of indignation, gave voice to the theory, "The men who do the work should get the money, not the men who sit in offices."

"Do you think draughtsmen and men like that don't work?" asked another alderman.

"The men who do the actual work who should get the big pay," retorted Ald. Moorhead. "You do just the opposite, and until that system is changed you will have to expect unrest."

He subsequently introduced a resolution to make the pay of all employees of the engineer's department the same as that of the four clerks who had just been granted increases.

"They are not clerks," objected an alderman.

However, Mayor C. R. Somerville said he would put the motion when it was seconded. No second was obtainable, and it died aborning.

SUN SO HOT IT HAD BOILED THE WATER! IF DENTIST IS BELIEVABLE

Was it hot on Monday? A certain dentist has the championship, hot weather story of the day, or rather a certain suffering patient has. The dentist sat in the dental chair, surrounded by the steaming afternoon. When, immediately upon the heels of a patient, he drilled, the dentist proceeded to squirt into the sensitive mouth a big shot of what seemed to be boiling water. The patient jumped in earnest.

"Too hot!" asked the dentist in surprise, while the patient gasped and struggled.

When the dentist felt the glass from which he had taken the water, and his face registered surprise and alarm.

Say, "That water is almost boiling," he said, "I never knew it to get really warmed up like that, but it must be the hot weather."

Ice Cream Shortage. An ice cream famine struck the city early in the afternoon, the wholesalers finding it literally impossible to provide the retailers, consequently the raids on grocery stores for ice cream about the hour of the evening meal met with disappointing results.

Was it hot? "The hottest June day in years, according to the meteorological bureau."

A year ago yesterday, the thermometer indicated a pleasant summer heat, a scant 77 degrees.

Yesterday, it perched at 95 1/2 degrees, and "fine and warm," was indicated at 8 o'clock this morning, with a comfortable 84 degrees.

Things going for a scorcher.

In the Past. The hottest June day in a year ago, was June 1, when the temperature was 88 degrees. The hottest June day in 1917, was on the 15th, 85 degrees. In 1916, the mercury soared to 85 degrees on the 30th, and in 1915, to 87 degrees on the 27th.

The years 1908 and 1911 had memorably hot days in June, when the highest temperature recorded was 92 degrees. In 1909, people thought it sizzling hot at 88 degrees.

June 1915 on the third day holds the long distance championship for heat in more than eleven years.

GREEK TROOPS ENTER AIRDIN UNOPPOSED

SALONIKI, Sunday, June 1.—French wireless.—Greek troops have entered Airdin, on the Meurthe River, 30 miles southeast of Smyrna. It is announced officially from Greek headquarters that there were no untoward incidents.

CAPTAIN IS SENTENCED TO THIRTY MONTHS FOR EXEMPTION CONSPIRACY

QUEBEC, June 2.—Capt. J. Albert Goulet, Notary Georges Pion and Omer Goulet, the trio found guilty of conspiracy to defraud in connection with a military exemption scandal, were today sentenced by Mr. Justice Pelletier in the court of the King's Bench.

BIG STRIKE IN TORONTO CITY MAY SOON END

Strikers Ask For Reopening of Negotiations.

MEETING CALLED TODAY

Mayor Church Says It Only Requires a Little Give and Take on Both Sides.

[Special and Canadian Press.] TORONTO, June 2.—An early collapse of the sympathetic strike in Toronto is anticipated. An indication of this was given this afternoon by representatives of the striking unions holding a conference with the mayor in the latter's office and requesting his aid to reopen negotiations with the employers in the metal trades with a view to a satisfactory adjustment of the differences existing between them and the men. Another conference will be held in the mayor's office tomorrow morning.

Shipyard Men Would Return.

Mayor Church is responsible for the statement that a strong representation of employees in the shipyards, who joined the strike last week, are willing to go back to work if the sympathetic strike is called off. The mayor is anxious to prevent any interruption of shipbuilding in Toronto, as it is an important industry here.

The seriousness of the present labor unrest in Toronto, which has paralyzed the metal trades industry, tied up work on more than 1,500 buildings in the course of construction, and has closed the clothing trades, and has closed the shipbuilding yards, is realized by the many who are affected, according to Mayor Church.

However, R. C. Brown, chairman of the metal trades council, declared today that officials of the street railway company had refused to discuss the views of the metal trades council properly to their meeting, nor had they told it that the metal trades workers would stand by the street railwaymen until their demands were settled.

Today Mayor Pion of the Street Railway Company said he did not know where the metal trades workers were to meet the wage demands of the men, which will be made when the agreement expires on June 16. The strikers realize that their chance of success is upon their ability to tie up private industry, because of the attitude of the public utilities, and are covering all to do this.

Meetings are being held to organize all classes of workers. The leaders, they believe, the statements of Mr. Brown and Mayor Pion, endeavor to persuade the strikers to return to work.

The quarterly board of St. Paul's Methodist Church, of which Rev. W. H. Hincks is pastor, is to ask Rev. Dr. Brown, general superintendent of the Methodist Church in Canada, for the definition of the term "social revolution" which is embodied in a resolution which the conference passed in Hamilton last fall.

"If Dr. Brown, sitting as a court, cares to tackle it, he may do so," said Dr. Hincks. "If not, there is a court of appeal, composed of men who are judges and lawyers, and experienced clergy, and these might take up the issue."

There is a feeling among members of the Methodist Church that the conference in its resolution may have gone too far. This feeling is said to be due to the general unrest and the repeated reference in labor circles to the resolution of the conference.

Firemen Not Sympathy Strikers. Toronto firemen, having appeared before the board of control in the morning, where their representatives said that their union would not be deferred two weeks, so that they might escape the impression that they struck in sympathy with the metal trades, there was nothing for the council to discuss at its special meeting today.

The deferred ultimatum expires on June 16, when the street railway men are ready to strike. Both unions are in the public utilities council.

There must be in the neighborhood of 15,000 workmen idle in the city at the present time.

The closing of the shipbuilding yards, which will be a fact if there is no settlement of the marine trades federation demands tomorrow, since boiler-makers and shipbuilders would be forced out, throws 2,000 workers out of employment.

The carpenters' strike affects 5,000, while the garment workers' action drives 4,000 into unemployment.

The metal trades strikers number at least 4,000.

An Effort to End Strike. The joint industrial council of the building trades met again this afternoon. The labor representatives attended, but there was no statement forthcoming following the meeting. As a last-minute attempt to settle the strike between the metal trades workers and their employers, W. E. Dillon of the Builders' Exchange called the five labor representatives to a meeting, and they agreed to a resolution which called upon the Government to enact a 48-hour week and recognize collective bargaining. The message was sent to the Government, and Mr. Dillon asked for the privilege of addressing the conference of workers, employers and civic officials who are endeavoring to settle the metal trades strike. This was refused him, and Mr. Dillon then expressed the opinion that the joint industrial council might as well pass out of existence if the Government was not prepared to accept the views of a board which it had constituted.

STEAMER AQUITANIA WRECKS COALING TOWERS

HALIFAX, June 2.—The steamer Aquitania, which had been wrecked the south end of Nova Scotia, and which sailed this morning for England, partially demolished the coaling towers as she backed out of the dock. The damage is estimated at \$20,000, and repairs will occupy several months. The accident cannot be explained.

AUSTRIAN DELEGATES SHOW CIVILITY IN RECEIVING TERMS

Attitude Is in Marked Contrast To That of the Germans.

DR. RENNER REPLIES

Thanks Allies For Food Received—Says It Saved Nation.

St. Germain, June 2.—Austria was today given fifteen days to reply to the terms of peace presented by the Allied nations.

M. Clemenceau, president of the peace conference, was the first prominent figure to arrive today at the meeting, at which the terms of peace were presented.

The council of four held a brief meeting before going to St. Germain this morning. Premier Orlando of Italy being present. During the meeting the Adriatic question was discussed.

The Austrian representatives arrived at 12:22 o'clock, entering the chamber by a rear entrance. The delegates were dressed in conventional morning dress. The Austrians were escorted in by an Italian officer.

Immediately upon their arrival at 12:22 o'clock the session was formally opened by announcement of the head usher, Premier Clemenceau, president of the peace conference, immediately began his address.

Many Are Present. M. Clemenceau spoke for only three minutes. The hall was densely packed with many of the secretaries having been admitted to the chamber, and the denseness of the throng detracted somewhat from the impressiveness of the ceremony.

The entire peace treaty was not presented to the Austrians today and the fifteen-day stipulation with regard to the reply refers only to the portion of the terms handed them to today's session.

Premier Clemenceau spoke in French. His remarks were translated into English, then into Italian, and then into German.

Premier Clemenceau's brief remarks were confined to explaining the limit for the reply and the method of further negotiations and proceedings.

"Members of the Austrian delegation," he said, "I shall have reservations to make, but it constitutes the principal work which you can forthwith deliberate."

Chancellor Speaks. Paul Dussan, secretary of the peace conference presented the terms to the Austrians at 12:37 o'clock.

Dr. Renner, the Austrian chancellor, and head of the delegation, then began an address in French.

He opened with a complaint at the delay of the presentation of the peace terms. "The chancellor declared that the Republic was entirely free from the Hapsburg dynasty. It would never have declared war itself, he said. The chancellor concluded his address at 12:50 o'clock.

Dr. Renner stood while reading his speech, and his attitude, like that of the entire Austrian delegation, was extremely courteous and dignified. He was dressed sharply in white with that of Count von Broderhoff, Kantzau and the Germans at Versailles.

The conciliatory tones of Dr. Renner apparently created a good impression on the Allied delegates. The Austrian members seemed quite friendly.

Dr. Renner expressed gratitude for the food relief that had come from the Allied food commission. He promised to do his best to bring about a peace on the basis presented.

"Our state rests in your hands," said Dr. Renner in his speech, "and we hope before the conscience of the world that the Allied nations exercise this power."

Will's Wilson's Principles. Dr. Renner made appeal to the principles of Woodrow Wilson, which the armistice was asked and granted, and alluded to the present sufferings of Austria. It was only thanks to the generosity of the Hoover commission that the life of the Austrian population had been saved, he said.

Dr. Renner asked for a peace of right and justice, and for assistance to tide over the trouble. He said he would examine the terms of the Allies' ultimatum, and his best to work out a peace on such a basis.

The new republic of Austria was free from the old, unfortunate traditions of the Hapsburg monarchy, and from the horrible crimes of 1914, Dr. Renner said. He declared that Austria desired to take her modest part in the work of the League of Nations.

The chancellor said commissions had been formed in Vienna to regulate the division of the public property of the monarchy among the new states. "We hope to explain to you here this status of Austria and its states of the old monarchy," he added.

Dr. Renner will probably go to Switzerland tomorrow.

After Dr. Renner's address, Premier Clemenceau asked if anyone else desired to speak. There was no response, and he declared the ceremony ended.

WILL AUDIT BOOKS.

WINDSOR, June 2.—Robert Shell of Clarkson, Betworth & Gordon, chartered accountants of Toronto, has been appointed to audit the books of the Southwestern, Windsor and Andoverburg Railway, to determine if higher fares are necessary to allow the employees increased wages.

ULTIMATUM BY WINNIPEG MOB TO PREMIER

Norris Has Till Today To Comply With Demands.

CROWDS GETTING ROWDYISH

Drivers Are Pelted With Stones—Raid on Citizens' Committee Thwarted.

[Special and Canadian Press.] WINNIPEG, June 2.—For the third time in rapid sequence returned soldiers and strikers called on Premier Norris at the parliament buildings today and threatened him with serious consequences if he did not enact legislation, which the speakers claimed, would settle the strike. He was given until tomorrow to comply, just as the city council is given until Tuesday to withdraw its ultimatum to the police that in future they must recognize the police commission as their supreme authority.

The police will probably decline tomorrow to do so.

Mayor Gray states he will see the city is protected, which means calling out the military.

Today the parade to parliament numbered eight to ten thousand. All are very noisy.

The railway workers refused today to go back to work. The ultimatum to them expired at 11 a.m.

Indulge in Stone-throwing. Attacks by stone-throwing on drivers is going on all over the outskirts of the city.

The trainmen's mediation board is making progress at metal workers' conference.

Premier Norris of Manitoba, and his cabinet were requested to resign by speakers of the delegation of returned soldiers, strikers and strike sympathizers, who took possession of the provincial legislative chamber for the third time today.

Premier Norris told the crowd that he would not give up his office, but that he would use every effort to obtain legislation which might tend to improve industrial conditions in Manitoba.

Demand Special Session. After the speakers in the crowd demanded Premier Norris' resignation, on the ground of incompetency to deal with the strike situation, others demanded that Norris and his cabinet arrange for a special session of the Provincial Legislature to pass laws making collective bargaining compulsory. The crowd told the premier that they "would be back tomorrow for his answer."

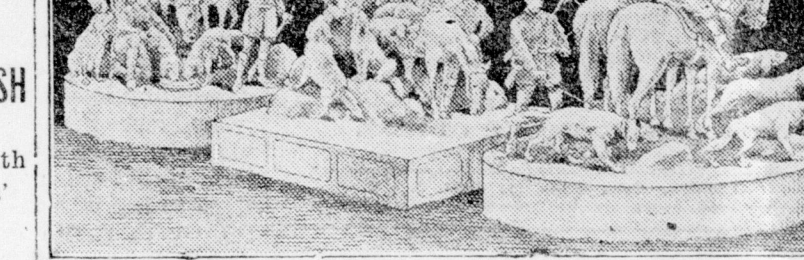

The paraders then marched across the Red River to St. Boniface to interview the mayor and city council. Some of the city employees of St. Boniface have been on strike.

Try to Raid Committee. This morning, prior to their visit to the Parliament Buildings and shortly after executives of the railway brotherhoods, attempting to mediate some of the questions involved in the Winnipeg strike, met the crowd, numbering several hundred, gathered in front of the city hall. They told Mayor Charles F. Gray they were going to visit Parliament.

ment for the third time, and that they "would visit the board of trade and newspaper offices on their way." True to Their Promise. While parading the downtown streets

ANIMAL STATUES

The Sparks' Circus, which is tied to give two exhibitions here at Queen's Park Wednesday, June 11, have many novelties and new features this season, among which is the justly famous Woodford's Animal Statues.

This display consists of snow-white Arabian stallions and pedigreed white English setter dogs. There are three of these acts, exactly alike, one in each ring, and from an artistic sense easily hold the position of the most beautiful display of the entire circus program.

A number of different famous hunting scenes, and the wardrobe, trappings and paraphernalia being in the purest of white, give an appearance of marble that leaves a lasting impression of beauty with the audience.

Imitated—never equalled. There is as much difference between Sunlight Soap and its imitators as there is between sunlight and artificial light. Why? Absolute purity with superior cleansing powers—more real soap for your money—you get them in Sunlight Soap.

LEVER BROTHERS LIMITED, TORONTO, ONT.

How To Cook Cream of Corn

Every household in London has received a package of Cream of Corn. It is not a "new" food, but just the best selected sweet white corn prepared to be served up as a delicious breakfast porridge.

Like all corn foods, Cream of Corn is very highly nutritious, and has a very delicate flavor.

Place the contents of that package in the double boiler over night—let it boil for a little while—let it stand, and in the morning just warm it up, and you have an incomparable breakfast porridge.

A twenty-four ounce package makes thirty plates—at one-half cent a plate.

Obtained at all grocers.
