### Legal Decisions

1. Any person who takes a paper regularly from the Post Office—whether directed to his name or another's or whether he has subscribed or not—is responsible for the payment.  
2. If a person orders his paper discontinued, he must pay up all arrearages, or the publisher may continue to send it until payment is made, and collect the whole amount, whether the paper is taken from the office or not.  
3. The courts have decided that refusing to take newspaper is not a tort, and that the Post Office is not liable for not calling for it prima facie evidence of intentional fraud.

#### Under the Laurel.

Under the laurel last year's May,  
We sat and talked all the day—  
And you found my temples round  
With a wreath of rose twined with bay,  
Roses for love and bay for fame;  
For the costliest treasure at life's command;  
A woman's heart, you had laid in my hand,  
And there would give me a sounding name.

#### John's Mother.

There is a timid knock at the door  
Of the country printing office, or rather  
Of the room which I dubbed the  
"sanctum" of the Weekly Palladium  
over whose destiny I presided. After  
the usual "come in" there entered a  
faded and bent old lady, whose dress  
immediately proclaimed her as a resident  
of the far back townships. She had  
a frightened, bewildered look and  
her bonazine dress was dusty and  
wrinkled with the long ride she had  
taken over the Kansas prairies in her  
trip to the county seat.

#### Choice Miscellany

##### Not "Sentimental."

Mrs. Harden blew the horn for  
breakfast at five o'clock. Her husband  
came in from the barn, and her son  
from the garden, where he had been  
digging since dawn. The Hardens  
were thrifty farmers, sober, hard-working,  
God-fearing folk. They were  
healthy and prosperous; they ought  
to have been happy, but they gathered  
about the table silently, even without  
giving each other a recognizing smile.

##### A Happy Woman.

"The happiest women like the happiest nations have no history," says that wonderful writer, George Eliot, but no woman can be happy who is suffering from the irregularities and "weaknesses" so common to the sex. Dr. Pierce's Favorite Prescription will soothe nervous troubles and restore health and vigor once more. The roses will bloom again on those faded cheeks. It is a positive cure for the most complicated and obstinate cases of prostration, weak back, "female weakness," anteversion, retroversion, "bearing down," sensations, chronic congestion, inflammation, and ulceration, pain and tenderness, and kindred ailments.

##### Who Makes Fashions.

Stepping into a millinery establishment I asked the lady in charge if she would tell me what might be the fashionable color for the season. "Garnet," she replied. "Garnet, sir, is all the go. Have you not observed it?" I meekly replied that female apparel was seldom observed by me,

### grim, unpleasant virtues.

and I considered her word worth a month of careful examination on my part. Turning to go the woman called me to stop a moment. She had been listening to the telephone and smilingly announced that it was well I had not left. "For," said she, "the fashion has changed. Old gold color will now have its reign." "Madam," I said, "will you tell me who orders this change?" "I am afraid I cannot gratify your curiosity, but will do my best."

#### He Never Struck His Children.

"I have never struck my two children," said a young American father the other day, "though I have often been tempted strongly to it, and sometimes would not have blamed any parent for doing so. But I was thrashed so much by my own father, a good enough man, too, that I always stood in fear of him, and never confided in him. Often I was whipped for errors I had committed with good intentions, and I remembered the wild spirit of hatred that used to come over me at such times, when, smarting under the blows I felt I did not deserve, I would get away by my self and swear silent but bitter oaths that would have opened the old gentleman's eyes to his folly, perhaps, if he could have heard them from so young a child. So I made a vow that I would never beat my own children. And now I feel sure that they do not stand in physical fear of me, I am pretty certain they tell me the truth, and I know they confide in me as a friend. And though they do not obey me nearly as implicitly as I did my father, and make themselves much more of a nuisance to me than I was to him, yet they don't regard me as a bully, and that is something."—New York Tribune.

THE ACADIAN.

WOLFVILLE, N. S., JUNE 7, 1889.

Acadia's Anniversary.

Acadia College has reason to be proud of her past history. Last summer, when the friends of the College celebrated the fiftieth anniversary of this successful institution, no wonder such enthusiasm was awakened at the recollection of the past and the realization of the present; no wonder, in contemplating the obstacles overcome, the successes wrought and the victories achieved, great hopes were entertained and predictions made for the fifty years to come.

The closing exercises of the Acadia Institutions commenced under most favorable auspices. The weather Sunday morning was beautiful and Wolfville looked her prettiest. At 11 o'clock the Baptist church was filled to hear the

delivered by the President of the College, Rev. Dr. Sawyer. The text was Mark vi. 2. After a brief introduction, treating of the somewhat varied accounts of the evangelist concerning Christ's visit to Nazareth, the speaker proceeded to unfold in a clear, concise way the great truth contained in the text. The Saviour's own townsfolk were offended at Him. His preaching was to them a stone of stumbling and a rock of offence. It was a time of transition. The new was appearing and gradually superseding the old, to which in a measure it was antagonistic. Not that there was fundamental disagreement, but because the embodiment of the well established, the people, represented the truth they held in distorted shape.

Mr. Davis' subject, "The Negro Problem in the United States," was the only question of the day that was presented. He called attention to the fact that the negroes were increasing very rapidly in wealth and power and also numerical, and this progress has been made among the finest race of men the world has ever seen—the Anglo-Saxon.

Mr. Miller gave a strong plea for the preservation of our forests. Palestine the land which flowed with milk and honey when Joshua invaded it, has since those days greatly changed in the nature of its soil. This is owing to the fact that the forests have been destroyed. The cedar of Lebanon no longer grows in this once fruitful region, as it did in the days when the Palmist lived and sang.

MEMORIAL SERVICE.

A noteworthy feature of the week's exercises was the service held in Assembly Hall in commemoration of the life and services of the late Dr. Crawley. As requested, Judge Johnson, of Halifax, had prepared a paper in which he reviewed the long life of his teacher and friend and his connection with the educational growth of the Province and the rapid increase of the Baptist denomination. The paper was a masterpiece of effort and as read by his daughter was heard with deep interest through the fifty minutes required for its delivery. Besides the brilliant exposition of the noble and zealous career of the teacher and preacher it was also a friendly tribute to one who had ever kindly sympathy for mankind and who, while honored with the distinctions which attend a genius, was ever a man.

Of English parentage his family came to Cape Breton when he was five years old. He received his B. A. and M. A. degrees at Kings College, Windsor. He attended the Jubilee of Acadia College fifty years in existence of which he was a founder and on the 27th of Sep., 1888, he died in his 89th year. Another paper by Rev. Dr. Higgins was also read, which, though it went over some of the same ground as the first, had additional scope which made it a pleasing conclusion to the service.

Music by male voices from the Hill was given during the evening. HORTON ACADEMY. The closing exercises of the Horton Collegiate Academy were held in College Hall on Wednesday afternoon at 2.50. After prayer by Principal Oakes, who presided, the following programme was successfully carried out: March from Tannhauser, Spindler, Misses Seabourne and Newcombe. Piano Solo, Allegro in F Sharp, Mayer, Miss Besse Harding.

Dr. Jones presented the graduates with their diplomas and gave a thoughtful and earnest address to the class. He said that the importance of a course of study did not consist in its length but in the manner in which it was passed. Thursday morning dawned fresh and beautiful after a refreshing shower during the night. The morning threatened more rain, but the day proved to be all that could be desired.

was "Pictures," written by Mr Saunders. This essay displayed much originality and was one of the best essays delivered. He spoke of the great imperfection man makes when he attempts to copy from nature. God has been painting his sublime thoughts in nature; man has been attempting to imitate them.

The music furnished by the young ladies of the Seminary was of a high order and well received. At the close of the exercises addresses of an interesting character were given by Prof. Tufts, Dr. Hall and A. McLean. Horton Academy on the whole has just passed a very prosperous year. Religious and moral influences are a marked feature. Twelve students have been converted during the year, eleven of whom have joined the church.

After prayer by Rev. J. W. Manning the following programme was carried out, Dr. Jones presiding: Procession March, Misses Harding and Bent.

Essays, Annie M. McLean. Piano Solo, Allegro in A, op. 120, Schubert, Annie O. Margeson. Essay, Ida E. McLeod. The Drama, Vocal Solo, The Flower Girl, Bevington, Bessie M. Nelson.

Miss Annie McLean, the first speaker, gave a high tribute to the "wittiest of divines and divinest of wits," Sydney Smith. Her essay was graced with quotations from his works and sayings. Sydney Smith's fame rests mainly on his being a great wit, but his power lies not less in his social, political and religious writings.

Miss McLeod presented her subject, "The Drama," with much originality and thought. She gave the origin of the drama, which originated from the ceremonies of the sacrifices of the Greeks, and traced it from the time of Aeschylus, "the father of the drama," to the present time. She closed her essay very pleasingly by quoting that choice quotation from Shakespeare, "All the world's a stage, &c."

Miss Margeson delivered the last essay and the valedictory. The way in which she treated her subject, "Shakespeare's Estimate of Man," showed that she was at home among the pages of the works of the "prince of dramatists." The essay displayed much originality and thought. In her valedictory she spoke feelingly of the close of their school life at the Seminary and gave a pleasing tribute to the teachers and the founders of old Acadia.

The music was a most interesting part of the programme. The class of '89 are certainly well trained in this pleasing art. Dr. Jones presented the graduates with their diplomas and gave a thoughtful and earnest address to the class. He said that the importance of a course of study did not consist in its length but in the manner in which it was passed.

"The Educational Power of History" was spoken upon by Hugh S. Blackadar. He pointed out the great enrichment history gave to the world and concluded that history as an educative power surpassed all others in that without history the world could not advance as it has by profiting from the failure and successes of the past.

S. G. SNELL, TEACHER OF BUSINESS, MONEY BRINGER, WINDSOR, N. S.

This concerns but few people in town, everybody else may skip it. I have got to make my school known to these few. I taught the System of Rapid Writing in the St. John Business College in '86 and '86, since in Nova Scotia. I was a Pen Art School and Business College in Windsor. The rooms are large, pleasant and well lighted. It is the sort of school that it can be by its pupils instead of getting the utmost out of them. The sort that puts money in the pocket of everybody that has anything to do with it. It makes a fortune to do business right—well—faithful. Those who join before June 1st pay but \$15.00 for unlimited instruction, Penmanship, Book keeping, etc.

PRESBYTERIAN.—The Rev. J. W. McLean, B. D., of Waterville, will exchange pulpits with the Rev. R. D. Ross, on Sunday next.

ROAD WORK.—Work began on Monday last, under the supervision of Commissioner Lewis P. Murphy. We shall see improvements from time to time.

HYPER SISTERS.—Those who attended the entertainment on Monday evening by this company appeared well satisfied. It is one of the best companies that has visited Wolfville for years.

Fancy Paper Blinds at the Wolfville Book Store.

FIRE.—Fire was discovered in the L of the Wolfville Hotel on Saturday morning last. It was extinguished with some little trouble after burning a hole through the roof.

NEW FENCE.—Mr W. J. Higgins has placed a new fence in front of his property where his store was burned, which looks very much better than the one that has been doing service there.

FISHING TACKLE.—Fine stock now open. R. Prat.

Big Tree.—Mr Joseph Vaughan, of Greenfield, recently cut down a tree from which he made twelve logs, which, when sawn, made 2,400 feet of lumber. He had a load of the lumber in Wolfville on Wednesday. How will this do for a log tree?

Picture Framed cheaper than ever at the Wolfville Book Store.

HEBER TRIMMED.—We notice that Mr R. W. Stores has had the hedge in front of his property neatly trimmed. For some time this hedge has needed trimming and the work done on it during the past week has greatly improved its appearance.

Best Lime, \$1.50 per Cask. R. Prat.

SAD NEWS.—The sad news reached Wolfville yesterday of the death of Mr Alfred Borden, which occurred at Portland, Oregon. No particulars had reached us up to the time of going to press. We tender our sincerest sympathy to the sorrowing family.

PAINT.—Mr C. A. Patriquin has had his building newly painted which adds much to its appearance. The color is a light brown with dark trimmings. Mr Higgins' buildings in the rear have also been greatly improved in appearance by a application of paint and whitewash. Mr S. P. Heles has had the fence in front of his residence newly painted.

A full line of Brushes of all kinds at WALTER BROWN'S.

SHEEP KILLING DOGS.—A pair of dogs attacked the sheep of Mr Charles A. Caldwell one night last week. Mr Jerry Morine, who lives near where they were pastured, heard the noise and awakened Mr Caldwell, and together they went to the pasture and succeeded in driving the dogs off. Several of the sheep were badly hurt but none were killed. The dogs should be put out of the way at once if they have not been already.

Fred C Hartley spoke of the "Educative Method of Physical Science as Applied to Social Science," and treated the subject in a thoughtful manner.

"Plato's Republic" was the subject of Mr McIntyre's essay. He spoke of this—the most renowned of all Plato's works—with great praise and admiration.

The last essay was by Mr N H Jenkins, subject, "The Measure of Civilization." This was one of the best essays delivered. Civilization denotes progress and development. This must be social and individual.

The civilization of ancient Mexico was very different from that of the present day. The highest measure of civilization is in accordance with the Gospel of Jesus Christ.

The prize of \$25 which the members of the graduating class offered last year for the best series of essays in the three lower classes, was awarded to Mr W. W. Chipman, of the Junior Class, honorable mention being made of the essays of Mr C. M. Woodworth, of the same class.

Honor certificates were awarded as follows: Philosophy—W H Jenkins, C H McIntyre.

English Literature—H Y Corey, R O Morse.

Classics—F M Shaw, W H Jenkins. Mathematics—H Y Corey.

Science—H F Waring, J E Bais, J W Litch.

French—Miss Kate R Hall. History—C M Woodworth, J E Eaton.

The degree of B. A. was then conferred upon the sixteen young men who constituted the graduating class. The degree of M. A. ad eundem was conferred upon Austen K. deBois, M. A., of Wolfville, that of D. Sc. upon Rev. Wm Elder, of Colby University, and that of D. D. upon Rev. Calvin Good.

speed, of St John, editor of the Messenger and Visitor.

Mr S. W. Cummings paid over \$600, promised by the Alumni last year for the support of the chair of modern languages and history, and intimated that the Alumni had a scheme on foot whereby to assume a larger liability and fill another chair to be known as the Alumni Professorship.

Addresses were made by Rev. Dr McLeod, Rev. Dr Goodspeed and Dr Borden, M. P., and the exercises closed with the national anthem and benediction.

THE ALUMNI supper took place at the American House on Wednesday evening, June 5th. For a number of reasons the attendance was not so large as anticipated, but this fact produced no ill effects upon the general character of the occasion.

After the meal the drinking of toasts and singing caused the time to pass very pleasantly. On Thursday morning the Alumni met in College Chapel. In this regular annual meeting Revs. Dr Higgins and Mr Manning were re-elected Governors of the College. A vacancy occurred in the list of scholars, Prin. I B Oakes was voted to fill it. The following were elected officers of the Alumni Society for the ensuing year:—F H Eaton, Pres, J B Oakes, V P, S W Cummings, Secy-Treas; Rev H Foshay, H. L Beckwith, E D Webber, L K Payzant, Rev J A Ford, T C Rand, H A Lovet, with the officers, Board of Directors. Meeting adjourned till 3 p m.

In the afternoon meeting it was resolved that the Alumni Society assume the responsibility of raising for five years the sum of \$1200 per annum, for the maintenance of a chair of instruction; and also that the society resolve to take steps to raise \$30,000 for the endowment of such chair.

PICKLING.—The manufacture of pickles is apparently to be carried on at Gaspereau this year on a much larger scale than last. We are told that in the neighborhood of 75 acres of cucumbers will be planted in Gaspereau and vicinity this season. This at the usual crop, from 200 to 500 bushels per acre, will amount to a large quantity, all of which is to be manufactured into pickles. We wish the enterprising proprietors of these factories the success they anticipate and deserve.

EARLY POTATOES.—Master Stanley Jones, son of Mr Joseph Jones, of this place, brought into our office on Tuesday morning a fine bunch of potato blooms, picked in his father's garden. This is the earliest piece of potatoes we have heard of.

CORRESPONDENCE.

Mr Editor,—Is it not pleasing to hear of purchases being made of property in this fine county of ours.

It is indeed particularly so when made by men of means and enterprise. We then think of the improvement of that particular place by the use of a few of those spare dollars of the new neighbor.

While passing the place recently purchased by Mr Young, in Upper Church St, I noticed the road leading up to his house on an elevation back from the street adorned with a row of fine ornamental trees on either side and also the street beautified in like manner, those trees just bursting into life, thereby calling up fond anticipation of increased beauty of a few years hence. This indeed is pleasing and will not fail to be particularly so to the lover of this fair land.

But the scene changes and terribly gloomy indeed is that of the second to see those adornments destroyed by the hand of some ruthless outlaw.

It is painful to believe that in this fine county of ours adorned with the rich beauties of the season so well calculated to call forth the admiration and enthusiasm of the lover of the beauties of creation. It is painful to say to see those beauties so spoiled that any person could be so lowered from that image in which man was created and so lost to those principles of patriotism and humanity which would benefit the country. But such is the case and it would truly be in the interest of justice if any person knowing aught of who the parties were that so wickedly cut and destroyed those trees should use all their power to bring the guilty parties to notice and into a place of confinement with hard labor and as many lashes as trees destroyed, which would likely deter from repetition.

That justice may find them out is the wish of J. W. M.
