

GREAT HAMILTON'S MOST RELIABLE NEWSPAPER

DROWNED AT BRANTFORD.

Another Armenian Loses His Life While Bathing.

Street Car Conductor Finds Purse With \$2,000.

Case of Dead Horse—Masonic Church Parade.

(Special Despatch to the Times.)

Brantford, June 22.—The Grand River claimed its second victim within two days here yesterday afternoon, when H. Manogian, an Armenian, 45 years old, lost his life, by drowning, just below Loone Bridge. He was in swimming with six or seven fellow Armenians when he took cramps and sank. His companions made no effort to extend him aid, but ran up town to secure the police. None of them were able to speak in English, and it was with difficulty the cause of their excitement was learned. The life boat from the fire hall was called out, and it took over three hours to recover the body. Manogian lived on Alfred street, and came to Brantford from Watertown, Mass.

Going to Toronto.

The resignation of W. F. Darroch, principal of Alexandra Public School, will shortly be placed in the hands of the school board. Mr. Darroch has been appointed assistant principal of Withrow Avenue School in Toronto, and has accepted. He has served the Brantford Board for nine years, coming here originally from Tranquility.

Awarded Contract.

The contract for the supply of 800 tons of anthracite coal at the Ontario Institute for the blind in this city has been awarded to the F. H. Walsh coal company.

A Big Find.

Saturday afternoon Conductor Nicols of the Street Railway, made a big find in the seat of the Market street car. The conductor picked up a purse containing over \$2,000, which a lady had in a fit of absent mindedness left behind her. She is a resident of Terrace Hill, and was nearly home when she discovered her loss. She hastened back to enquire of the conductor about her purse, who handed it to her intact. The woman nearly collapsed on receiving it and forgot to reward the conductor.

A Queer Case.

A queer case was ventilated before Mr. Andrews, J. P., on Saturday, when Geo. Pemberton was charged with dumping a dead horse on the farm of one John Sullivan, a resident of the township. Asked why he dumped Sullivan's farm a dumping place, Pemberton informed the Magistrate the horse was to be fed to the pigs uncooked. Mr. Andrews believed this procedure contrary to the health act, and adjourned the case until Tuesday to call the owner, Sullivan.

Did Not Escape.

The police department was given a fruitless chase early this morning when it was reported that John Kendrick, a prisoner at the jail, had escaped by scaling the Georgian street wall. A search was instituted through east ward, but proved fruitless. At nine o'clock Kendrick was found escaped in a shed in the yard, where he had hidden in the straw. He had mounted the wall, but was afraid to jump to the pavement.

J. A. Beuke, who was admitted to \$1,000 bail at the police court last week, was charged with misappropriating \$800 worth of wire from the London Fence Co., did not appear this morning, and it is believed he has jumped his bail. There was a large number of farmers on hand from a distance as witnesses, but no evidence was taken.

The removal of Rev. Father Ferguson, curate of St. Basil's Church, is announced. He will assume charge of the Parish at Freeland, Ont.

In view of the drowning accidents here recently, Chief Lewis, of the fire department, recommended the placing of the lifeboat at the river side in charge of a man during the summer months. At present the boat is kept at the fire hall. Under the present system, a chief states, he has not one chance in a hundred of saving a life.

Mr. Lloyd Harris, the Reform candidate for the Dominion House, returned on Saturday after a trip to the old country. Mr. Harris ridicules the rumor reported some time ago that he is retiring from the contest in South Brant.

At the City Council to-night the National Council of Women, in view of the drowning accidents here lately, will ask the city to provide public bathing places, properly guarded with public officials, for instruction in swimming.

General Notes.

The L. O. O. F. excursion, under the auspices of Brant Encampment, to Port Colborne, on Saturday, was not a very successful affair. Only 46 took in the excursion, and the Encampment will be out \$75 on the trip. The arrangements were excellent, however, and the excursionists enjoyed themselves.

The Masonic fraternity paraded to Brant Avenue Church last night and heard an impressive sermon from Rev. Mr. Harvey, who leaves shortly for Dundas. Mr. Harvey has been very popular in Masonic circles during his stay here, and was presented on Friday night by the Doric brethren with a purse of gold, accompanied by gold-headed sticks and umbrellas for himself and Mrs. Harvey.

KNIGHTS OF ST. JOHN.

Reading, Pa., June 22.—The 28th annual National Convention of Knights of St. John convened here to-day, with delegates present from a dozen States. The feature of the day was the parade of about 2,000 uniformed Knights. Supreme President Peter P. Pettig, of Selbyville, Ind., was chief marshal.

Fall Course Dinner 50c.

Commencing Tuesday, June 23rd, the Oriental Cafe, 52 King street west, will furnish a table d'hôte dinner from 12 to 2:30 and 5:30 to 8 o'clock, for 50 cents. Cannot be exceeded. Everything the finest.—H. Spencer Case.

Killed in Duel

Albuquerque, N. M., June 22.—Albert M. Saller and Edward Jones, wealthy cattlemen, were killed in a duel last night near St. Vrail, N. M., twenty miles east of here. The men were neighbors, and quarrelled over a cattle trade. Guns were drawn and fired simultaneously. Both men were instantly killed. The trouble is said to have been the outgrowth of an old feud.

WAS BLIND BUT NOW SEES.

Baseball Player Told He Will be Blind For Life.

Becomes Hysterical and Recovers His Eyesight.

Had Lost One Eye Through an Accident in Chicago.

New York, June 22.—James Cantillon, of Marinette, Wis., who was totally blind, regained his sight at Bellevue Hospital yesterday, during a fit of hysterics which followed the surgeon's announcement to him that his case was considered hopeless and that he would probably remain blind for the remainder of his life.

Cantillon, who is a professional baseball player, a member of the Des Moines, Iowa, team, and a brother of Joe Cantillon, manager of the Washington American League team, had to have his left eye removed, as the result of an accident in Chicago, several months ago. The sight of the other eye failed from sympathetic affection. He came to the Cornell University Medical College here for treatment, and was preparing in Bellevue for an operation.

Yesterday the physicians decided that an operation would be useless, and so informed Cantillon, who thereupon became hysterical. Suddenly he cried out that he could see, and tests showed that the sight of the right eye had been almost completely restored. The hospital surgeons say that Cantillon's loss of sight was undoubtedly due to an affection of the nervous system, and that the hysterical attack he underwent is responsible for the restoration.

KILLED BY OFFICER.

Negro Slashes Policeman With Razor and Pays With His Life.

New York, June 22.—Policeman George Thomson, of the West 125th Street Station, was slashed with a razor by a negro masquerading in woman's clothes early this morning and he shot the negro dead. The policeman was not seriously wounded. After being treated at the J. Hood Wright Hospital Thomson was removed to his home. He has a deep cut on the right side of the neck, which just missed the jugular vein.

Thompson attempted to arrest the negro, whose name is not yet known, on a charge of misdemeanor. He was taking his prisoner to a patrol box and had got to the corner of St. Nicholas avenue and 122nd street when the negro whipped out a razor, slashed him and ran. Thompson fired one shot in the air at the flying figure in woman's skirts, but missed. In pursuit, though he was bleeding freely, the negro turned down Manhattan avenue and when he saw that he was being overtaken, he turned and made another slash at the policeman.

Then Thompson shot to kill. His bullet entered the negro's heart. It was not until the body had been removed to West 125th street station that it was discovered that the supposed woman was a man.

The coroner gave Thomson an honorable discharge, and commended him for having shot the negro.

TAFT IN WRECK.

Secretary of War Escapes Injury in Accident Near Denison, Ohio.

Columbus, O., June 22.—Secretary of War William Howard Taft, Republican nominee for the Presidency of the United States, was in a railway wreck near Denison, forty miles from here, to-night. Details of the accident are lacking, but it is understood from long-distance telephone messages that Secretary Taft was not injured. The Secretary was on his way from Cincinnati, his home city, to New Haven, Conn., where he will speak at the Yale commencement exercises and also view the Yale-Harvard boat race.

Although every attempt is being made at this hour (1:30 a.m.) it is impossible to learn the exact nature of the accident.

Genuine Imported Cigars.

Rock, La Carolina, L'pman's, Henry Clay, Oteros, Manuel Garcia, C. E. Beck & Co., Hortensia, Romeo and Julieta, Angelica, Solo Cubano, Castaneda are all sold by the box cheap at peace's cigar store, 107 King street east.

DANCING MASTERS.

Toledo, O., June 22.—Two hundred men and women from all parts of the United States and Canada are here in attendance at the annual convention of the United Professional Teachers of Dancing of America. The convention will continue during the week. R. G. Huntington, of Chicago, is president of the organization.

SLIPPED INTO WATERY GRAVE

James McKeown Drowned Just as Help Arrived.

Boat Upset While He Was Rowing to Beach

And He Secured a Hold That Proved Fatal.

Old Hamilton Bay claimed its first victim this spring in James McKeown, a resident of the Beach at station 5, who was drowned Saturday afternoon about 2:30 o'clock while trying to row to his home on the Beach in a new rowboat he had just paid for. William Johnson, 288 East avenue north, was the only man who saw the accident and he was there in time to see the victim sinking in the water while he was powerless to help. Johnson was out in a shooting skiff with his two children, seven and nine years old, respectively and the three of them were fishing in front of the mouth of the second Gage's inlet. Suddenly Johnson spied an object in the bay about a quarter of a mile down towards the Beach and as it looked like a boat upside down he started to row for it. When within about a hundred yards of the object he could see that it was a white rowboat with green bottom, turned upside down with a man clinging to it. The man's head was under water and he seemed to be lying over the keel with his hands clutched around the gunwale. This grip on the gunwale proved his death, for it kept his head under the water, and his legs were feebly kicking while Johnson was making for him. When Johnson was nearly up to him he slipped off the boat and into the water and started to sink. When ten feet away Johnson could see him under the water, and he started to row with the bubbles coming from his mouth and nose, but by the time he was able to navigate through the waves and get near the drowning man the victim had sunk about six feet down. With two light sails and fishing rod in the boat Johnson could not get out after the man and had to watch him sink before his eyes. He turned round and made for the Beach as soon as he could and telephoned to the police from Dynes' Hotel, giving them the facts and telling them he could take them to within ten yards of the spot. Constables Campaign and Robson were sent down with grappling irons to Gage's inlet and when they got there the water was so rough they could not get a suitable boat to go grappling for the body. The best they could do was to make enquiries all over the city about the man. The missing man was not identified till yesterday about 1 o'clock when Beach Constable Hazell called up the local police and asked them to send Johnson down as they were going after the body. They had heard from Mrs. McKeown, of station 5, that her husband had not been home all night and that he had intended to come down in a new boat from Morris' boathouse, foot of Wentworth street. Enquiries at Morris' elicited the fact that McKeown had paid \$15 on a boat there on Saturday and had started to row to the beach and fishing in the boat overturned. McKeown's widow and several children. He was the son of the late Mr. McKeown, who was a prominent member of the Field Battery and who kept a harness shop on the market for years. The dead man was formerly employed as a foreman at the rolling mills and for some time past had been foreman at the Ste. Plant.

THE MAN IN OVERALLS

Hon. S. H. Blake says the Woodbine is kept up by the Anglicans. The same can't be said of the Jockey Club, for on Saturday there were not a few Presbyterians, Methodists, Baptists and others that could not be placed, with a sprinkling of my Catholic friends, watching the ponies. In fact, the Jockey Club is strictly undenominational.

The money spent in choosing Presidential candidates would pay King Edward's salary for four years.

The Spec. tells us that Whitney has been reforming the civil service. That's a new name for firing the Reformers from it.

People who object to have street car tracks on the street they live in should go on the principle of the greatest good to the greatest number.

Will the Mayor himself tell us the size of the bill Mr. Sothman has run up against the city up to date?

Couldn't one of these band concerts be held down in Woodland Park?

Isn't it about time that the city quarry reservoir was cleaned out? There must be loads and loads of broken stone in the bottom of it.

Another cement sidewalk is being laid down at the top of the East End incline. All the luxuries of the season up there now.

Of course, when the Herald throws out the sneer "Cataract organ," it's an evidence of polite journalism.

The psychological moment has again arrived when Mayor Stewart should arise and gracefully announce that the Cataract people are all personal friends of his. This lest we forget.

Be merciful with your horse these warm days.

I wonder if Dr. Carr is to allow any of the city teachers to take in that Moseley trip to Europe?

Talk about \$8,500 street cars. Why, you could build a mansion with that.

From the way the money is going it can be seen that the Board of Works will soon be upon its uppers.

How much is that the Board of Education wants to borrow? A hundred and fifty thousand dollars? I hope there won't be any run on the children's savings bank.

How would it do to make the City Solicitor an honorary member of the Council? His duties seem to be largely aldermanic.

Should W. A. H. Duff have the Mayor committed for contempt of Barton township it may take a lot of money to institute habeas corpus proceedings.

This is great coal-saving weather.

What is good enough for Buffalo should be good enough for us, even in the street car line.

Things may not look their brightest just now, but the 100,000 population will be here sooner than you may think. You can't keep Hamilton down now.

The Hon. S. H. Blake seems to be good "copy" for the Toronto reporters. It wasn't always thus. We are in degenerate days.

But some may think they recognize in the Herald's eagerness to defend the aldermen against an insinuation never made against them, a tribute to the cunning of the criminal who shouts "stop thief!" to facilitate his escape in the crowd. Folks are so apt to draw conclusions, you know.

This is the kind of weather to enjoy a moonlight excursion. To-morrow evening the St. Andrew's Presbyterian Church Ladies' Aid will run one on the Modjeska. Gay time, good company. Take it in.

CLOSED DOWN.

Farmer Tramped on by Horse at Niagara Camp.

(Special Despatch to the Times.)

St. Catharines, June 22.—The Riordon paper mills on Saturday closed their sulphite department for an indefinite period, throwing 75 men out of work.

Sydney White, the Homer farmer who was severely injured at Niagara Camp yesterday by being tramped on by a horse, was brought to his home last evening. He is in a very serious condition. The physicians as yet seem to be in doubt regarding his recovery.

FLOUR TRADE.

Canada Importing Much More Freely to South Africa.

(Special Despatch to the Times.)

Ottawa, June 22.—An improvement in Canada's flour trade with South Africa is reported by the Dominion Trade Commissioner, John A. Chesley, from Cape Town. Last year, of the South Africa flour imports of three million dollars, Canada sent almost a third. The year before Canada contributed a much smaller proportion to this trade.

VOTING DAY JULY 27 NEXT

For the Street Railway and Power By-law.

A Type of Car That Pleases the Aldermen.

Thirty Applications For Positions as Teachers.

While the Council to-night will vote to let the people decide which of the power propositions the city shall accept it is likely the date for submitting the by-law will be changed from Thursday, July 23, to Monday, July 27. This is made necessary by the delay in getting the street railway by-law in shape. The by-laws must be advertised and voted on not less than three weeks and not more than five weeks after they pass the Council. The aldermen think it would be foolish to submit two separate by-laws for a difference of four days, and it is not expected that there will be any opposition to fixing July 27 as the day. There must be no more delay over the street railway by-law, though, the aldermen say, and they will demand that it be in shape to be dealt with by the Council a week from to-night.

Secretary Brennan, of Board of Works, General Manager Hawkins and Ald. McLaren and Allan have returned from Buffalo, where they went to inspect and get information about the type of cars in use there. They found a car that struck them as being exactly what Hamilton wants, and they will ask the company to pattern the new cars here after it. The Buffalo cars are closed, low set, with cross seats, an aisle down the centre, and at each end seats along the side for a short distance. They are roomy, substantially built cars. Cross seats are used, and a demand will be made for the same here. The platforms are four feet wide, while the pay-as-you-enter cars are two feet wide. The cars are about 32 feet in length. A wire grid is used between the windows on account of the four-foot devil strip, and the aldermen say the windows are so low as to make the closed cars as comfortable as the open ones. Mr. Hawkins promised to get information at once as to the cost, and the committee will lose no time in trying to straighten matters out. The aldermen say they are quite confident that the Buffalo cars can be got at a reasonable price.

Secretary Foster, of the Board of Education, announced this morning that complaints were being received about people stealing flowers from the school at the Sophia Street School. If the offenders are caught they will be prosecuted.

About thirty applications have been received for the three positions for specialists in modern languages and science at the Collegiate. The salaries begin at \$1,000, with \$1,800 as the maximum. The special committee will make the appointments to-night.

The special committee appointed to deal with the report of Inspector Ballard on the qualification of teachers on the Public School teaching staff will have a private session to-night.

Building permits were issued to-day to George E. Mills for four brick houses on Fairview avenue, between King and Wilson streets, to cost \$8,000, and to Daniel Evans for a brick house on Napier street, between Ray and Pearl streets, to cost \$1,700.

PRESENTS TO THEM.

Canadian Express Employees Honor Mr. and Mrs. Moore.

On the eve of Mr. J. H. Moore's departure from the employ of the Canadian Express Company, in this city, the employees gathered on Saturday evening and Mr. Geo. W. Hickey, the route agent, read an address and presented Mr. Moore with a handsome travelling bag and umbrella, and Mrs. Moore was presented with a cut glass bowl and an umbrella. Mr. Moore replied in suitable terms, thanking the boys for their generosity.

BOILER EXPLODES,

Killing Fireman and Fatally Scalding Brakeman.

Imlay City, Mich., June 22.—Engineer Thomas Gibbs was killed and Fireman Wm. Brown and Brakeman Smith fatally scalded when the boiler of a Grand Trunk Railway freight engine exploded early to-day two miles west of here. The engine above the trucks was blown to fragments and the first three cars of the train, which had left Port Huron at 3 a. m. for Chicago, were wrecked.

HAS GONE WEST.

Mr. Harry James Left Last Night For Winnipeg.

Mr. Harry James, for a long time the proprietor of the M and M hotel, left last night for Winnipeg, where he is to locate. There was a big crowd of friends at the Hunter street station to see him off. He was presented with a travelling bag by a few intimate friends, who did not know of his intended departure till Saturday. Mr. James will be greatly missed in K. P. circles, having taken an active interest in Bismarck Lodge for some years. His many friends here wish him success in the golden west.

Thirst Quenchers.

Twelve Drownings

New York, June 22.—Twelve deaths by drowning were recorded in New York and vicinity in the past 24 hours, the intense heat drawing thousands to the beaches to seek relief either in or on the water. John Milton lost his life rescuing three men who had capsized in a light boat in the East River.

WHO IS THIS DEAD GIRL?

Went by Name of Lottie Holmes in Detroit

And Had Letters From Ernie Devine, Hamilton.

Was Estranged From Her Mother—Real Name Unknown.

(Special Despatch to the Times.)

Detroit, Mich., June 22.—With friends, relatives and home address all unknown, the body of a pretty young woman lies in Manes' morgue, and unless claimed by friends or relatives soon, the body will have to be buried in an unknown grave in the potter's field.

The young woman was known in Detroit, where she has worked for several months, as "Lottie Holmes," but an investigation reveals that the purpose of hiding her identity, because of some fancied trouble with her parents, her Detroit friends say. It is believed the young woman's home is in Hamilton, and several letters bearing the Hamilton postmark were found among the few personal effects the young woman left when she died. All of these letters are from young Ernie Devine, a Hamilton boy, and the most recent letters, which were of a very lover-like nature, were signed "Ernie Devine," Hamilton, Ont. The officials in Detroit believe that if Devine can be found he may be able to tell who the young woman's relatives are, as the letters are of such a nature that makes it evident that he was well acquainted with the dead girl. The young woman was about 22 years of age, and has been employed in Detroit hotels.

She was taken sick the middle of last week, and died in Grace Hospital, after an operation last Friday. It was not discovered that the young woman was travelling under an assumed name until after her death, when an effort was made to locate her relatives. One woman for whom the dead girl worked said the girl a few days before she died mentioned that she was estranged from her mother. The woman did not think at that time, however, that the girl was not giving her right name.

More Obstruction.

Opposition Makes Attack on the Indian Department.

Change in Chinese Immigration Act—Civil Service Bill.

(Special Despatch to the Times.)

Ottawa, June 22.—To defer business and carry on obstruction, an Opposition attack on the Indian administration was inaugurated to-day. The Finance Minister stated to Mr. Foster that supplementary resolutions to give effect to changes in civil service salaries made by the Civil Service Bill would be brought down shortly.

The bill to amend the Chinese Immigration Act was taken up. An amendment was introduced to make it clear that only Chinese who desire to enter higher or technical educational institutions should be regarded as students under the act and after a year at recognized technical institution they shall be entitled to a refund of the entry tax. On motion to go into the road he had struck over the heart by the shaft. He was knocked unconscious and fell to the ground, luckily being thrown clear of the horse. He was taken into Dr. Baugh's. It was some time before the lad regained consciousness and when he did he was taken to the City Hospital where his injuries were dressed. He is resting easily to-day and is in no danger.

SMALL BOY HURT.

Sidney Webster Struck by Shaft on Saturday.

Sidney Webster, 39 West avenue north, a young boy, had one rib broken and was badly bruised over the heart on Saturday evening in an accident at West avenue and King William street. The little boy was crossing the road when a horse and wagon belonging to the Dominion Oil Company made the turn on West avenue and before Webster could get out of the road he had struck over the heart by the shaft. He was knocked unconscious and fell to the ground, luckily being thrown clear of the horse. He was taken into Dr. Baugh's. It was some time before the lad regained consciousness and when he did he was taken to the City Hospital where his injuries were dressed. He is resting easily to-day and is in no danger.

MARGUERITE'S SECRET

Ralph was silent. These remarks affected him despite his reason and raised into importance many trifling incidents until now unnoticed, such as the railway of Margaret upon the subject of Frank by Dr. Hartley; the favorite keepsakes of Margaret, all gifts of Frank; and finally, the frequent correspondence between the young collegian and the island maiden. Then Frank used his own feelings. This conversation with Mrs. Houston had occurred one Saturday afternoon, as he was taking that lady from Helmetstet's island to the Bluff. So anxious became Ralph Houston upon this subject that after seeing his stepmother safe home, he turned about and rowed swiftly to the island, and entered the parlor just as Mrs. Helmetstet had received the weekly mail. "I felt sure you would return and join us in discussing the news brought by this post; and it is glorious, at last. This paper contains an account of the repulse of Proctor from before Fort Stevenson, by the gallant Croghan!" read Mrs. Helmetstet, passing the paper to Mr. Houston. "And here I am yet!" impatiently exclaimed Ralph, as he took the paper and sat down to assure himself of the contents. But frequently in the course of his perusal, he glanced over the edge of the sheet at Margaret, who sat absorbed in the letter she was reading—now smiling, now looking grave, and anon with "Yes, it was a brilliant action, and eyes swimming in tears. Lieutenant Croghan is a true hero," he said, as he finished the perusal and laid the paper aside. But his eyes were fixed on the maiden. Mrs. Helmetstet noticed this and said: "Margaret has a pleasant letter from Frank," Ralph visibly changed color. "Read it, my child."

and a young man in a shabby uniform, like a runaway soldier, just stepping from it onto the beach. He came up while mistress stood there pale as death and pressed her hand on her heart; and he looked at her with a half-impudent and half-horrorful. Mistress raised her hand for a minute as if to check him, and then she beckoned him to follow her, and went on to the house. Miss Marget looked uneasy, and I didn't know what to make of it. More'n two hours passed, and then the young man came out, walking fast, with his head down, and passed right by without seeing us, and got into his leaky boat, and pushed off as if the old innny was after him. THE TRUSTS. DENOUNCED BY SPEAKERS AT PAN-ANGLICAN CONGRESS.

Judge Hannington Declared Trusts to be Hostile to the Interests of Everyone, Pressing down and Impoverishing the People. London, June 21.—At the Pan-Anglican Conference yesterday the Bishop of the Yukon described his work among the Canadian Indians, who, he incidentally mentioned, have given most liberally to the thank-offering in connection with the conference. Judge Hannington, in the course of a speech opening the discussion on monopolies, said it was a subject upon which the church should express its opinion in a decided manner. Monopolies were prejudicial to the public interests and to the best interests of the church and Christianity. Trusts were hostile to the interests of everyone, pressing down and impoverishing the people. It was unjustly and constitutionally, that any subject should have a monopoly or control of anything which was intended for the well-being of the people. (hear, hear.) He then said that people who raised the price of coal or bread were as big monopolists as anyone else. The food of the poor, from milk upwards, was abominably paid for. People talked of the thriftlessness of the poor, but the poor were robbed by everyone and exploited in every way. Among the other speakers, who all condemned trusts, were several Canadians. Mr. N. E. Davidson, of Toronto, thought they should get at the root principle of monopolies—selfishness. He denounced the greed of labor in America, which, he said, was responsible for more monopolies than anywhere else. On Friday night, for the fourth night in succession, the vast Albert Hall was occupied by an audience of nearly 10,000 persons. The discussion was "race problems in Christendom."

10,000 WOMEN. The Militant Suffragettes March to Hyde Park.

London, June 21.—The militant faction of the suffragettes was favored with brilliant weather for their Hyde Park demonstration to-day, which was carried out according to programme. The marchers, some seven processions, their number did not exceed 10,000, but enormous throngs watched their progress and accompanied them to Hyde Park, where thousands, probably half of whom were women, assembled. Their number is variously estimated at anywhere between 150,000 and 200,000. Those serious supporters of the cause of the demonstration gathered closely around the various platforms, cheering the speakers, who generally gained a quiet hearing, although in one or two cases there were interruptions of the kind now familiar, such as drowning the speeches by singing music-hall songs. The platform presided over by Mrs. Pankhurst became the centre of trouble, which led to about 30 persons being injured, besides some faintings. A gang of youths put up an organized opposition, ringing bells, blowing whistles and booing, following the whistles with rousing songs, which ended in fighting. Frightened women in the crowd stormed the wagon forming the platform and begged for protection. A number of them were hauled into the wagon, until it could hold no more. The police soon straightened out things and ejected the mob. The final cry of "Vote for Women," which the promoters of the demonstration boasted would shake London and be heard in Downing street, failed of dramatic effect, and became a confused din of roars and yells.

BEATEN TO DEATH. Victim of Thieves Expires in Port Arthur Hospital.

Port William, June 21.—James Simby died in Port Arthur hospital on Saturday, and someone, as yet unknown, will have to face a murder charge. Simby, together with two other Englishmen, were arrested last week, they being found sleeping in a box car. Simby had over \$200 in cash on him and he paid a small fine for the liberty of himself and two companions. About two days afterwards he was picked up at Rossport badly battered and bruised, and in an unconscious condition. His money was also gone. He was brought to the Port Arthur hospital and grew gradually weaker, the end coming this morning. The police are looking for the two men who were arrested with him at Port Arthur.

CASTORIA. The Kind You Have Always Bought.

Montreal Honors Hon. John Young. Montreal, June 21.—The monument to Hon. John Young, the work of Philip Hebert, is now complete, and will shortly be unveiled. The inscription on the monument reads: "Hon. John Young, 1817-1878.—Through whose foresight, public spirit and energy Montreal has become the national port of Canada."

FORESTERS FINISH. SUPREME COURT FINISHED BUSINESS ON SATURDAY. Future Relations Between Order and Union Trust Company Arranged—Orphans' Home to be Abandoned—Explaining the New Rates. Toronto, June 22.—The Supreme Court of the Independent Order of Foresters closed on Saturday as noon after having been in session since last Tuesday. The meeting was an unusually busy one, altogether, and two most important questions were disposed of on Saturday. The Orphans' Home on Foresters' Island, which was closed last October, will be abandoned. A new home on probably somewhat less of an elaborate scale will be built near Toronto, and in the meantime the children will be cared for in other places. The present building will be sold. It was decided to retain the connection between the order and the Union Trust Company. The changes which have been in operation with reference to the company for some time will still be carried out. These are: The capital stock of the Trust Company, reduced from \$2,000,000 to \$1,000,000. The \$1,000,000 returned to the Foresters in securities. The Foresters' stock reduced by three-fifths, from \$1,000,000 to \$600,000. This to bear the regular dividend.

QUICK-CHANGE ARTIST. How Smart Pickpocket Eluded Pursuit at Guelph. Guelph, June 20.—Frank Jefferson, the suspected pickpocket, arrested by the local police on Friday, giving his address as 234 King street, Toronto, has been sent for trial. He was positively identified by Mr. Leatherne, of Wingham, as the man he had seen on the car, and who had jostled him and put his hand in his pocket shortly before the money was missed. Of the two companions of Jefferson who were cornered in a lively stable, one escaped in a clever and sensational manner. Running down the street he turned the corner and entered the store of Mr. O. Henry. He asked if his wife had been in, and stated he would wait for her. Taking a seat he removed his coat and hat to get cooled off, and then, taking a cap out of his pocket and removing his glasses, he walked out with his coat over his arm, leaving his stiff hat in the store. He was then a different man, and neither of the police has been seen since. The other ran through a hotel and disappeared in the direction of Guelph Junction.

A HIDDEN FORTUNE. Western Man's Old Oil Stock Turns Out Valuable. Winnipeg, June 21.—Years ago F. Parlee, a steam fitter employed in the C. N. R. shops at Edmonton, bought 50 shares of Union Oil stock at twenty cents per share and almost forgot about it. The share certificates were left in the bottom of an old trunk, and were regarded simply as a reminder of a bad Parlee happened to be in a broker's office in Edmonton and mentioned the fact of his having these shares casually. The broker thereupon informed him that the stock was worth \$224 per share, together with accrued dividends, which Parlee had never asked. This meant a tidy fortune of about \$12,000 for him, and he just passed through here en route for California to claim it.

WIRELESS IN ST. PETER'S. Pope to be Presented With Marconi Apparatus. Rome, June 21.—According to a leading clerical journal, the Pope will be presented on the occasion of his jubilee with a Marconi wireless apparatus to be installed on top of the cupola of St. Peter's. The Italo points out that such a station, to be of practical service, would require the installation of a corresponding Marconi station by Catholic bodies in other countries, which, it says, is not likely unless the Jesuits undertake the task of fitting up stations in their various houses.

ANTI-GAMBLING LAW. Interest Taken In Legal Proceedings to Beat the Law.

New York, June 22.—Racing interests in this city and throughout the country are profoundly interested in the case of Melville Collins, who was selected by counsel for the Jockey Club to be arrested at the Sheepshead Bay track last week in order that a judicial interpretation of the new anti-gambling laws may be obtained. The legal question in the Collins case is whether a verbal bet accompanied by the passage of the money won or lost, but without the taking of a memorandum of the bet, constitutes a violation of the law. Collins had made such a bet, when he was arrested by the private detectives in the orderly collection of the Island Jockey Club, under whose auspices the races were being held. He was taken to a Magistrate's court, where he was held for a hearing to-day, but counsel for the Jockey Club quickly brought the case before the Supreme Court by securing a writ of habeas corpus. The hearings in the case of the 19 bookmakers' arrests at the Gravesend and Sheepshead Bay tracks were set for June 29 by Magistrate Voorhees in the Coney Island court to-day. The hearing of the Island Jockey Club's application to make permanent the injunction restraining the police from interfering with the orderly collection of patrons at Sheepshead Bay, which was returnable this morning, was adjourned until Wednesday by Justice Blanchard, of the Supreme Court, to-day.

THE CIGARETTES. Consumption of Them in Canada Growing Rapidly. (Special Despatch to the Times.) Ottawa, Ont., June 22.—The Inland Revenue Department returns indicate that the consumption of cigarettes in the Dominion is increasing rapidly and that the Government bill to check the use of tobacco by minors has been introduced into Parliament none too soon. For the fiscal year ending March 31, 1908, there were consumed in Canada 294,800,000 cigarettes. The year before the number was 253,000,000. In 1906 it was 209,000,000 in 1905 it was 250,000,000 and in 1904, 211,000,000. Ten years ago the inland revenue returns showed only 96,000,000 cigarettes for the year.

HOME CURES. To Prevent Coughs—To prevent my hands from being calloused I wrap soft cloths around the handles of my brooms, mop, carpet sweeper, and iron handles. Household Remedy—Bathe head with hot water and rub it with lemon juice until it smarta. Rub for a short time, and relief will usually follow. Insect-Preventive—Persons with defective sight when threading the needle with white thread should hold it over something black and when threading with black thread hold it over something white. It applies to threading the machine needle. Try for cold—A severe cold often is the result of an acid condition of the stomach and may be cured by taking two or three times, at intervals of several hours, one even teaspoonful of bicarbonate of soda in a glass of hot water. The effect is promptly felt as the soda acts as a stimulant and is disinfectant to the system. Insect-Preventive—One of the main causes of sleeplessness is an overabundance of blood in the back of the head. Relief can be obtained by placing a cloth wrung out of cold water on the back of the neck and changing it every hour.

GOOD LIFE ENDED. Death of John A. Savage—Other Deaths and Funerals. The death of Mr. John Adam Savage, sen., which occurred at the residence of his daughter, Mrs. George Maxsted, 327 Emerald street north, on Saturday last, will be keenly felt not only by his immediate relatives, but also by a large circle of friends and acquaintances. In the 28 years' residence in Hamilton his life was a useful one and he had ever in mind the consideration of his friends, by whom he was held in high esteem. He was born at Port Credit and at an early age gained considerable experience as a sailor. He afterwards turned his attention to mechanics, and became an expert machinist, and at the time of his death was employed in the Imperial Cotton Company. His leisure was devoted to music, and he successfully conducted the Brampton Band and was a member of several of the musical organizations of this city. In military matters he was a prominent figure, and was a member of the Fenian Raid and also a member of the Army Veterans. He was identified with the S. O. E. Society and L. O. L. No. 71. His wife predeceased him two years ago. A son, John A. Savage, jun., foreman of the Spectator pressroom, and four daughters, Mrs. R. Ferguson, 548 James street north; Mrs. Geo. Maxsted, 327 Emerald street north; Mrs. Dan Smith, Regal Hotel, King street west, and Mrs. Alfred Hayes, 221 King street north, survive, and they have the sympathy of a large circle of friends in the hour of their bereavement. Mrs. Jeannette Lindsay King, wife of Percy M. King, passed away at the City Hospital yesterday afternoon, aged 20 years. Deceased was born in Columbus, Ohio, and had been a resident of this city for many years. The funeral will take place on Tuesday at 2 p.m. from her late residence, 247 Wentworth street north, to Hamilton Cemetery for interment. The funeral of Annie H. P. Baker took place yesterday afternoon at 3 o'clock from her parents' residence, 16 Locust street, to Holy Sepulchre Cemetery, Rev. Father Mahony conducted the services at the house and grave. The floral tributes were: Papa and mamma; heart; Gordon Truscott, Mr. and Mrs. Mayor, Mr. and Mrs. Morrison, Mr. and Mrs. Keating, Mamie Henderson, Mr. and Mrs. Pitcher, Toronto; Mrs. Shaid and Weatherstone, Silvia Brunke, grandpa and grandma, Mr. and Mrs. Duffy, Ethel Struthers, Toronto; Miss Hiltenden, Miss Gladys Heckburn, Gtys; Mr. and Mrs. Higginson, cross; Westinghouse, wreath. Mrs. Helen Johnstone died at the House of Refuge yesterday, aged 79 years. Deceased was born in Scotland. The funeral will take place on Monday at 3.30 p.m. to Hamilton Cemetery. The funeral of Mrs. Ada M. Linklater took place yesterday afternoon at 3.30 o'clock, from her late residence, 216 East avenue north, to Hamilton Cemetery. Rev. J. S. Williamson conducted the services at the house and grave. The pallbearers were M. Warner, A. Armstrong, R. Swales, T. Torrey, C. Bale and W. Havercroft. The funeral of Robert Wade took place yesterday afternoon at 2 o'clock, from his late residence, 51 Margaret street, to Hamilton Cemetery. Rev. G. A. Forrester officiated. The pallbearers were six of the Veteran Firemen: S. Robins, R. Blair, John Burke, George Hempstock, A. Walters and W. Shields. The floral tributes were: Pillar, the family; wreath, V. F. A.; sprays, J. W. Sutherland, John and Mrs. Cooper, Mr. and Mrs. H. Whipple, Mr. and Mrs. Howard, Mrs. Hawks and son, Comp. Court Ideal, I. O. F., Mrs. Gerrard and Hammond, Arthur Simms, Mr. and Mrs. Geo. Stevenson, John and Fred Schwartz, Mr. and Mrs. Alcot, Fred and Irene Wade, Emma and Jimmie Wade, Della Alcott, Mrs. Kemp, Mrs. Morley, Mrs. Heron and family; basket, Mabel and Walter Anderson.

Stocks and Bonds. New York, June 22.—Noon letter.—The early market was adversely influenced by selling of good character in U. S. Pac., Steel, A. T. and Rock Island, offset to some extent by excellent absorption of S. P., S. T. I. C. E. and R. G. Westinghouse is an attractive proposition, inasmuch as there is a chance of making or losing 40 to 50 according as the readjustment plan moves through or the reverse. As less than \$27,000,000 subscription to new stocks remain to be secured, it might show that great company ought not to undergo reorganization. The deal has been arranged with German interests for a relief of Prussian railways, and Prussia has allotted \$12,500,000 for the work. Republic steel is earning nearly 11 per cent this year, ending June 10, and net shown for this issue since reorganization has averaged 10.2 per cent. Capacity practically doubled in the interval since then, with lower cost with production due, an increase in operation, the average net year should still be better. Nearly \$5,000,000 has been expended in new construction since present interests secured control. The stock seems very attractive for the long pull and back dividends will, we believe, be made up in a relatively short time. It is estimated that Great Northern will earn 8 per cent, on all old

DEDICATION AT CENTRAL.

IMPRESSIVE SERVICES CONTINUED AT NEW CHURCH YESTERDAY.

Rev. Alfred Gandier, D. D., Was the Preacher, and Congregations Were Large in Spite of the Heat.

Dedication services in connection with the opening of the new Central Presbyterian Church, a week ago, were continued yesterday, and the congregations were large, notwithstanding the oppressive heat.

Three great principles, three great truths, he said, were imbedded in the words of the text. First, according to your faith be it unto you; secondly, men of faith are limited in their power by the unbelief of fellowmen, and, thirdly, that while limited in the end faith was vindicated and entered into its inheritance.

Referring to the despair of the people of Israel, Dr. Gandier declared that an unbelieving people were a hopeless people, because even God could not do anything with them. It was an absolute and psychological law prevailing all through life, that as a man thinketh in his heart, so he is.

AFTER THE MONEY.

Codicil In Will of Jay Gould Delays Anna's Wedding.

Paris, June 21.—A newspaper publishes an interview with Prince Helie de Sagan, who said the delay in his marriage to Mme. Gould was owing to a codicil in the will of the late Jay Gould, which reduced Anna's income in the event of her marrying without the consent of the executors of the will.

RECKONING WITH TOUTS.

charge of breaking into J. J. McQuarrie's store on Friday night. They were remanded till next Thursday for trial. Elizabeth Wynn, for whose apprehension a warrant was issued on Friday, was brought in last night on a charge of being disorderly. Mrs. Wynn's language to the complainant, for which she was asked to answer this morning, was enough to blight the little green apples on the trees in the neighborhood where she made her tear-off, and Elizabeth was ordered to find sureties in the sum of \$100 to behave herself.

"Mr. Thomas Mulholland, 55 Liberty street, held a reception Saturday night at his residence which was attended by several relatives from out of town. The affair was a huge success for a time from the host's viewpoint, but the success was not yet, according to the police, and they ought to know. Constables Gravelle and Elliott went up to the party, and found four Mulholland sturdies putting themselves on the outside of about as many kegs of beer, and fighting like the proverbial Kilkenny cats. He asked for a remand of this morning, four into the jug, and this morning the quartette were fined \$10 or 21 days each. They gave their names and addresses as follows: Samuel Mulholland, 55 Liberty street; Samuel Mulholland and George Mulholland; Burlington; Peter Mulholland, Burlington; and Peter Mulholland, Burlington.

J. O. Ryckman faced a peculiar charge at the Police Court this morning. He is a milkman, and was charged with stealing some bottles belonging to the Farmers' Dairy Co., and having their trade mark on them. Through W. M. McClelland he asked for a remand of one week, which was granted. It appears there is some undercurrent of trouble between these rivals. Ryckman claims that all the milkmen get mixed up in their bottles, and the complainant company admits that. The case will be thrashed out Monday.

Thomas Clarkson, 13 Garth street, was disorderly and drunk in the presence of Constable Halliday on King street west on Saturday night. He was fined \$3 for this offence. William Allen, charged with trespassing in his mother's house at 48 Simcoe street east, was remanded to the cells till tomorrow to see what his mother has to say about him, as she was not present this morning. William Patterson, no address, was fined \$2 for being drunk. Constable Pettit carried him in Saturday afternoon.

A Neighboring Call.

The blonde neighbor never had called before, so the brunette was somewhat surprised to see her. "We've been neighbors for some time," remarked the blonde, after the first formal greetings had been exchanged. "Almost a year," returned the brunette. "Long enough," continued the blonde, "so that either of us might reasonably call upon the other to do a little neighborly act."

"Either of us might," admitted the brunette, guardedly. "And which of us might be friends," persisted the blonde. "We can be of great assistance to each other at times." "It's quite possible," the brunette conceded, still guardedly. "Is there something you wish to borrow?" "Oh, dear, no," answered the blonde. "I thought, perhaps, you were just out of coffee or wanted a little of my best china and silver to help out at a little dinner, or something of that sort."

"Not at all," said the blonde. "I was thinking of your children. You have several, I believe?" "Four," was the reply. "And they cry some and occasionally play leap frog and other noisy games." The brunette became haughty at once. No woman cares to have a stranger cast reflections on her children. "Oh, that's all right," the blonde hastened to explain. "So do mine. All children are noisy, and the only thing to do is to take advantage of their noisiness. Now, to-morrow morning about 10 o'clock a tall man with a black beard will call at my house, and if you'd watch for him and set the children crying or playing leap frog or making a great racket of some kind—" "Madam!"

PAN-ANGLICAN.

U. S. Bishops Address Large Crowds in London.

London, June 22.—The delegates to the Pan-Anglican Congress made a partial holiday of Saturday, although several meetings were held for the discussion of lighter social topics, and the Bishop of Pennsylvania addressed a meeting of 13,000 children. The Bishop of Massachusetts, who greatly impressed the congress, preached yesterday at both St. Paul's Cathedral and Westminster Abbey. The feature of the services at the cathedral was the annual visit of the Judges, the congregation including the Lord Mayor of London, the Lord Chief Justice of England, in addition to a number of leading Judges and a large number of delegates. Bishop Wilkinson, of Minnesota, known as the "Well street chaplain," addressed a large open air meeting in Victoria Park in the afternoon.

LESSON IN ANATOMY.

A teacher in the public school asked one of her scholars to give a definition of the word "anatomy." She answered: "Anatomy is the human body, which consists of three parts, the head, the chest and the stomach. The head contains the eyes and brains, if any. The chest contains the lungs and a piece of the liver. The stomach is devoted to the bowels, of which there are five, a, e, i, o, u, and sometimes y."

THIRTEENTH DOWN.

In First Round of Inter-Regimental Match. The 13th Regiment lost the first round of the inter-regimental match between it and the 43rd Regiment of Ottawa. The match was shot on Saturday afternoon, and the total marks for the 13th were 3,292. Ottawa scored 3,419. Capt. Robertson attributes the defeat of the regiment to the fact that many of the best shots of the regiment are away at present, including Sergt.-Maj. Huggins, Sergt. Bowstead, Sergt. Freeborn and others. The score of the 13th team was as follows:

SHORT ENDS.

Little Paragraphs of Sport From Far and Near. London, June 22.—The Canadian Olympic team arrived Saturday night. The men are all in fine health and spirits. Torrington, Conn., June 20.—Competing in the field and track games held here Saturday in connection with the usual field day of the Catholic Total Abstinence Union of the State, John Flanagan, of the Irish-American Athletic Association, established a new world's record for the hammer throw, by sending the hammer a distance of 175 feet 13 1/4 inches. The former record was 173 feet 7 inches. M. F. Horr, of the same club, threw the discus 142 feet 13 1/4 inches, which was claimed as a new world's record.

A Laxative that is as Harmless as Food.

If you ate plenty of fruit, coarse food and green vegetables, the bowels would never need help. But when you eat fine food, and rich food, you must supply the laxative in some other way. Do it in Nature's way. Don't employ salts or pill cathartics, for they irritate Nature. They irritate and injure the stomach and bowels. Nearly all dyspepsia—all constipation is caused by the use of harsh physics. Cascarets—a vegetable laxative—have precisely the same effect as a laxative food. You know they don't harm you because they don't gripe. They do for the bowels just what right living would do. And they do it as gently and naturally. You can take them any hour of the day. And that is the proper method. Carry them with you. Take one just as soon as you need it. That is the way to keep well at all times, without the ill effects of a physic. Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with C.C.C. on every tablet. The box is marked like this:

The vast pocket box is 10 cents. The month-treatment box is 50 cents. 12,000,000 boxes sold annually.

EARTH'S CENTRAL HEAT.

At 3,000 Feet it is Almost Unbearable to Miners. In the report of the last coal commission the conclusion is arrived at that at a depth of 3,000 feet the temperature of the earth would amount to 98 degrees Fahrenheit, but it was considered that a depth of at least 4,000 feet might ultimately be reached in coal mining. The rate of increase, the commissioners thought, might for ordinary cases be assumed to be one degree Fahrenheit for every sixty feet, but it is in reality impossible to give any fixed rate of increase. The report of the British Association committee on underground temperatures during the last thirty years tends to show, not only that the temperature gradient varies considerably in different localities, but that it is not easy to reduce a fixed law of increase applicable to all cases. In some parts of western America the heat at 3,000 feet is almost unbearable, while at the Calumet and Hecla copper mine in north Michigan, U.S.A., there is a rise of only four degrees Fahrenheit in a depth of 4,400 feet, although no artificial ventilation is resorted to. The temperature of the coal on discovery at the Rosabridge colliery in Lancashire was stated by the management to be 83 degrees Fahrenheit in a depth of 4,400 feet, 63 degrees Fahrenheit.—From the Engineering Magazine. Smothered Chicken. The chef told Rufus that they were going to have smothered chicken for dinner, and he wanted him to get the chickens ready. Rufus was gone a long time and the chef went after him and found him sitting on an old tub in the hot sun. "What is keeping you so long?" the chef asked. "Boss, I can't smother these head chickens, altho' I has stufed up ere' chicken, and when Rufus lifted the tub he released some very lively chickens."

### BIG FIRE AT BURK'S FALLS.

Over Thirty Buildings Destroyed by Fire.

Two Hotels, One Church and Other Property Burned Up.

Many People Homeless—Loss About \$150,000.

Burk's Falls, June 21.—By a fire which broke out yesterday afternoon a large portion of this little town was wiped out of existence and damage running into many thousands of dollars caused. The fire is supposed to have originated in the drying kiln of the Knight Company, Limited.

There was a high wind blowing at the time, and the flames swept rapidly along the main street, eating up everything before them. The efforts of the people themselves were utterly unavailing to stop the progress of the fire, which before it was got under control had completely consumed over thirty business places and dwellings.

An emergency message was sent to Huntsville and a special train was rushed out from there with the fire brigade and equipment. They did good work in assisting and stopping the progress of the conflagration, and by about 9 o'clock at night the fire was practically over. The telegraph wires leading into the town were burned early in the course of the fire, so that no direct messages could be sent out. The Grand Trunk wire at the station, however, was utilized in getting messages to those who had business interests in Burk's Falls.

While no accurate estimate of the loss could be ascertained to-night it will undoubtedly be very heavy, though it is understood that in most cases the insurance companies are getting on their feet. Many of those whose places of business were burned out lived over the stores, and they have not only lost everything, but are rendered homeless besides.

#### Worst in Town's History.

Burk's Falls, June 21.—The worst fire in the history of Burk's Falls occurred yesterday, when property to the value of \$150,000 went up in smoke. There is insurance of about \$70,000. The fire originated in the drying kiln of Knight Bros. factory, the factory itself being saved by the good work of the fire brigade and employees. A heavy north-west wind was blowing, and the whole town was in danger of destruction until the wind subsided in the evening. The heaviest losses are the Burke House, the Clifton House, C. W. Coulter's general store, Burk's Falls Hardware Co., McDougall & Kork's barber shop and pool-room, the Canadian Express and the G. N. W. office. E. E. Sieber's photograph gallery, All Saints' Church of England, Culbert & Bligh's butcher shop, Lamb & Smith's butcher shop, J. W. Harris' tailor shop, J. X. Dodd's harness shop, G. C. Church, general merchant, J. J. Mitchell, confectionery store, I. Davidovich, general merchant, S. T. Vanstone's jewelry store and restaurant, Stewart's livery and the Burk's Falls Transfer Co., also half a dozen dwellings, all completely destroyed.

#### The Fire Brigade Came Up from Huntsville, but Arrived Too Late to be of Any Use.

Wm. Schroeter was badly burned on the face and hands and was taken to the hospital on Sunday.

Burk's Falls is a village of about nine hundred population in the Parry Sound district, situated on the G. T. R. line running to North Bay. The selection of the town site was an extremely happy one, being right at the beautiful falls from which it obtains its name. Not far above the village is the junction of the two branches of the Magnetawan River, both of which come from Algonquin Park. The falls provide by far the most important water power on the entire river, and this power was partially developed before the advent of the railway into the district. The Magnetawan is navigable from Georgian Bay as far as the village, and the place forms the terminus of a flourishing summer boat route. A few years ago several large sawmills carried on an extensive business there, but some of them have moved back nearer the woods. Burk's Falls has been a favorite rendezvous for hunters in the autumn, and many hunting parties have been organized there. Because of the rough scenery in the near vicinity and the abundance of lakes and little streams the summer tourist traffic has been of great importance for years.

#### The Village Had About Twenty Stores, Three Hotels, Two Sawmills, One Sash and Door Factory, One Woodworking Factory, One Tannery and Other Minor Industries.

Senior Wrangler at Cambridge After Two Years. London, June 21.—The Senior Wrangler at Cambridge this year is a Russian student, the son of an East End Jewish peddler who has been driven to London by persecution. His young man is named Selig Brodetsky, and his success furnishes a remarkable example of the possibilities open to the poorest boy in the English elementary schools. His father landed here practically penniless sixteen years ago.

#### Selig Was Sent to the Jews' Free School in the East End of London of which Lord Rothschild is President.

There he won a scholarship which enabled him to go to Trinity College, Cambridge, in October, 1906. He is now in possession of scholarships producing £250 a year. Selig's father was interviewed when the news of his son's success reached London.

#### This is the second time that a Jew has been "Senior Wrangler" at Cambridge. The first occasion was in 1867, when the honor was won by the late Tuma Hartog, who was a prominent figure in the agitation for the removal of Jewish disabilities.

#### Eaton's in Vancouver.

Vancouver, B. C., June 21.—The Timothy Eaton Company is said to have purchased the 1000 property at the corner of Hastings and Abbott streets for the establishment of a departmental store.

**SNAPPED LIKE A DOG.**  
Toronto Man Caused Trouble in Rochester Hotel.

Rochester, June 21.—Walter McFarland, twenty-eight, came to Charlotte on an excursion from Toronto this morning. He appeared in the New Orleans House in the city this afternoon raving and created such a disturbance at the hotel that a policeman was summoned. He attacked the officers who had to use violence in getting him to headquarters.

There McFarland threw himself on the floor of the assembly hall, crawling on all fours and barking and snapping like a dog with rabies. When searched it required five husky policemen to hold him. A stopcock pump was applied and much liquid removed from the man's stomach. Fearing delirium tremens, the police placed him in a padded cell, but he recovered four hours later. Friends interceded with Capt. Stein and they were allowed to take him to Charlotte.

**A CLERGYMAN SHOT.**  
While Insane He Fired at Some Men, Who Returned His Fire.

Hermann, Mo., June 21.—While insane, Rev. V. Strauss, 70 years of age, a retired clergyman of the German Evangelical Church, was shot and killed in the streets of Fredericksburg yesterday after he had fired at three men. One of the men, Max Knieche, returned the fire with a revolver, killing Strauss. None of the four was hurt.

**MONTREALER SHOT.**  
Another Man in Room Was Playing With Revolver.

Montreal, June 21.—A young man named Donat Blake, 18 years of age, living on St. Denis street, was instantly shot and killed while visiting his cousin on Saturday afternoon. The man who did the shooting was in an older brother's room and found a revolver which he began to play with. Not knowing it was loaded, he snapped it a couple of times. The third time he swapped it a bullet entered the brain of young Blake, killing him instantly.

**SHOT BY HIS BROTHER.**  
Walkerville Boy May Lose His Life as Result of Accident.

Walkerville, June 21.—Andrew Sherman, a six-year-old boy, living at Walkerville, was accidentally shot through the head while playing yesterday and will probably die. Young Sherman was playing with his brother, the latter using a small rifle shooting sparrows. An operation performed on the injured boy at the Hotel Dies was not attended with much success.

**A WOMAN KIDNAPPED.**  
Carried Off From Yonge and Hayden Streets, Toronto.

Toronto, June 22.—Mrs. M. Anderson, of 240 Richmond street west, was the victim of an extraordinary assault on the hands of two unknown men about 10:30 last night. She was standing at the corner of Yonge and Hayden street, when the two men drove up in a rig. According to her story, one of the men alighted and seized Mrs. Anderson and threw her into the rig. Then the pair drove west with her towards Queen's Park. In the park they gagged their victim with a handkerchief and for some time drove about the poorly lighted streets in the vicinity, coming back at length to the park.

Between the northwest corner of the Parliament buildings and the entrance to the university grounds Mrs. Anderson succeeded in tearing the handkerchief from her mouth and began to scream. Her cries were heard by University Constable Christie, who ran to her assistance. When the men saw Christie coming they commenced beating the woman about the head and face and finally threw her out of the rig.

The men then drove toward College street and off toward the west. P. C. Young took the woman to the police station.

**PUSHED OFF A BRIDGE.**  
Serious Result of a Boyish Feud at Walkerville.

Walkerville, June 21.—A typical boys' "scrap" on Saturday afternoon resulted in injuries to 15-year-old Edward Howe that may cause his death. Young Howe, with a number of boy companions, was crossing the new bridge, when they met another crowd of boys. Rivalry had existed between the two factions for some time, and a tussle ensued, during which one of

I. A square meal for everybody.  
II. No Canadian nickles.  
III. No flat wheels on Main street.  
IV. Shortcake on Tuesdays, Thursdays and Sundays.  
V. Two cherries in every cocktail.  
VI. An increased mavy and a diminished ash gang.

**WHY YOUR TEETH ACHE.**  
Usually toothache is due to neuralgia in the gums or to congestion and swelling of the nerve pulp. As Nerviline relieves congestion you can easily see why it cures so quickly. Nerviline does more—cures any ache or pain, in any part of the body, and let it be sarache, neuralgia, lumbago or rheumatism—so long as there is pain, Nerviline will cure. All the ills of the family are relieved by Poison's Nerviline.

**CANADA WILL PAY.**  
Rumor That Government Will Compensate for Cattle Disease.

London, June 21.—With reference to the embargo on Canadian cattle, it is rumored that the Canadian Government is prepared to give an undertaking to pay the costs of suppressing disease, together with full compensation in the event of such disease being traced to stock from Canada. It is pointed out that if the agriculturists demand a three months' quarantine falling at an undertaking the cattle might be fattened during that period. So a modus vivendi is not impossible. The Isle of Wight and the Isle of Man are suggested as suitable quarantine stations.

TEMPERANCE THE SUBJECT

In Many of the City Churches Yesterday.

Some Speakers From Outside the City Were Present.

Rev. F. B. Ketchen on Same Subject Last Night.

Last night at MacNab Street Presbyterian Church Rev. H. Beverly Ketchen, the pastor, preached a strong anti-liquor sermon. He spoke of the place of the citizen on the temperance question, and had a large congregation before him. The place most people would take was a poor one if they were left to themselves, but with the uplifting and moral support of a church behind him a man took an altogether different view of the question. He spoke of the agitation against this in the city, and of the strong men's powers and killing the weak. He proposed that it would not be long before the executive of all the churches, the Ontario Alliance, would gain a great move forward by sticking to their stand on the question and pressing their ideas of the proper government of the traffic.

In James Street Baptist.

Rev. Vernon H. Cowart, of Toronto, of the Ontario branch of the Dominion Alliance, preached a strong temperance sermon at James Street Baptist Church yesterday morning, before a large and appreciative audience. The text was taken from Proverbs xxxii, 22: "At the last it biteth like a serpent, and stingeth like an adder." The stinky, poisonous trail of the serpent drink was to be seen from the time of the Ark to the present day, he said. There are 27,000 unskunks in the Dominion of Canada, and 3,000 of this country's men are sent annually to a drunkard's grave. The labor unions are waking up to the fact that there is nothing that hurts the laboring man more than the liquor traffic. There is an average of eight fatalities a day in Canada because the liquor traffic is allowed. He told of a drunkard who was standing at the bar of a saloon waiting to buy a drink with his last 25 cents. The bartender came along with his child in his arms, who, pointing at the man, said, "That's the man who is drinking the money that is buying the shoes for the bartender's child. He turned to the bartender and said, 'Never mind that drink; by the help of God I will never touch it again,' and he never did. It is the Government's duty to make it easy to drink and difficult to do wrong. Mr. Cowart explained that the Dominion Alliance unites the churches of all denominations together with all temperance and moral reform organizations in a powerful fighting force for practical action along carefully considered lines. It is the fighting agency of the church in the sphere of temperance reform. It is not only an educational force, but it is also the means by which the awakened moral sentiment of the community may be translated into law.

Rev. Mr. Cowart preached again in the evening in Herkimer Baptist Church, at Simcoe Street.

Last evening in Simcoe Street Methodist Church Alexander Mills, K. C., Toronto, gave a splendid address in the interest of temperance and moral reform. The pastor of the church, Rev. H. B. Christie, in introducing Mr. Mills, said that he was sure the people of Hamilton were proud of Toronto for the fact so many hundreds of men who stood out prominently in the work of reform, and whose utterances were in the interest of temperance, and that the speaker of the evening was one who had given much time to the furtherance of this most important work.

Mr. Mills based his remarks on the fact that the Israelites held on to the flesh pots of Egypt, while Moses urged them to leave and make for the promised land, and at the first difficulty when they were confronted by the Red Sea, and having the pursuing Egyptians in their rear, they cried to Moses—were there no graves in Egypt that they should be brought to such a dangerous stand?

The position of one who wished to free this country from the terrible curse was that the liquor drinker on one hand and the liquor seller on the other, each cried out to be left alone that they might do what they think best. The time was past when they should stand still. The time was come when we should go on for God.

During the time of slavery, a large portion of those in slavery were better off than they were after they were freed, but the condition of the slave owner as well as the slave was such that the whole country was weakened by this great curse. The biggest fools on the earth in the use of intoxicating liquors were the Anglo-Saxon race. In Toronto, with 1,000 Chinese, who had liquor stronger than whisky in their homes, and without the refining influence of women, it was impossible to find a drunken Chinaman. The Italians only became drunker, as they had taken over the drinking system. In his opinion, rather than forcing the liquor seller to provide hotel accommodation, therefore giving a license, Mr. Mills thought it would be better if drinking places should be entirely cut off from places where travellers were accommodated with lodgings.

He urged the people to begin a campaign for local option, as this is the best way to educate the people in this question, and although it might be difficult to carry, he had found that the places where it was most difficult to carry was the hardest to repeal it.

First Congregational.

Rev. W. S. Todd, of Glasgow, who has been attending the Good Templar's convention at Washington, D. C., was unable to be at the First Congregational Church yesterday, as announced, and in his absence Rev. S. A. Laidman, of this city, occupied the pulpit morning and evening.

In All Saints'.

In All Saints' Church yesterday temperance was the theme at both morning and evening services. Very Rev. Archdeacon Forrester, the rector, preached a broad and earnest sermon in the morning, and in the evening Rev. Beverly Smith, of Toronto, took up the same subject.

FRIDAY'S STORM. HAIL DESTROYED CROPS AND FRUIT AND SMASHED GLASS.

Several Barns Burned and Other Damage Reported Throughout Western Ontario—Zorra Township Suffers Severely.

Southampton, June 20.—Yesterday afternoon a cyclone passed through a section of Arran Township, about five miles from here, creating great havoc, cutting a path some twelve feet wide and leveling everything in its way, unroofing the Presbyterian Church at Burgoyne and breaking glass in the vicinity. Large sized hailstones fell, which destroyed crops and fruit trees.

Barn Burned.

Alvinston, June 20.—D. C. Munro, of Alvinston, had a gang of men packing hay at Elliott's barn, but luckily they were in the house at supper at the time the barn was struck by lightning. Munro's team and hay press were burned.

In London District.

London, Ont., June 21.—Friday night's electrical storm did no serious damage in the city, but was apparently at the worst in the district to the north, especially west of Lucan. There it lasted two hours, and was accompanied by hail, damaging crops and trees. Between concessions 11 and 13, London Township, nearly every farmhouse had windows smashed by hail. Dorchester Township felt the storm keenly. The barn of E. Baty, near Belmont, was struck while the cows were being milked, but was not destroyed owing to the prompt action of Mr. Baty and his men. The barn of Leon Hancey, South Dorchester, was struck by lightning and destroyed; loss \$5,000. There were other places struck in the neighborhood. The barn of W. W. W. was very severe in the vicinity of Bryanston, most of the houses having windows smashed. The large barn of Mrs. James Waters, Mill road, Caradoc Township, was struck and completely destroyed by fire; loss heavy.

Much Damage in Zorra.

New Hamburg, June 21.—During the severe hailstorm on Friday evening the large barn and windmill of Joseph Yantzi, 19th line, East Zorra, Oxford County, was blown down. Apple trees were uprooted and considerable damage done to the fences and bush. At his brother's, Michael Yantzi, some cattle were killed by lightning. A barn belonging to Mr. Weppeler near Petersburg, was struck by lightning and destroyed. Green's school house, four miles south of here, had a chimney shattered.

ITALIAN SOCIETY. About 100 Joined New Organization on Saturday.

The movement set on foot among the Italians of the city by Leopold Scarrone, the Toronto interpreter, acting on the suggestion of Sir William Mulock, is making splendid progress. About a hundred Italians attended the meeting in St. Mary's Hall on Saturday night, and became members of the organization.

Mr. Scarrone explained the benefits derived from a regularly organized society, not only individually, but collectively, and not only materially, but also morally. He urged all those present to bring their friends to the next meeting.

The name to be given to the society was discussed. It was decided to call it Societa Operaia Italiana Cristoforo Colombo (Italian Labor Society Cristoforo Columbus), and July 4 was fixed as the date of the next meeting.

The movement for the organization of the Italians is progressing and gaining the sympathy among the colony, so it is expected to shortly accomplish what we set out to do," said Mr. Scarrone.

BEAUTIFUL LAKES. Where Tourists Will Find Best Accommodation.

Visitors to the beautiful Lake George and Lake Champlain sections this summer are assured of the best of hotel accommodations by the fact that the officials of the Delaware & Hudson Railroad are personally supervising the management of both the Lake Champlain Hotel on Lake Champlain and the Fort William Hotel on Lake George. These houses are both owned by this corporation and several hundred thousand dollars have been spent in improving and refurnishing the hostleries. These lakes form two of the most scenic spots in all America, and the hotels have always been noted for the select class of their patronage and with the magnificent improvements on both hotels and their surroundings they will be a charming resort centre during the coming summer.

The railroad has also been very fortunate in securing the services of Robert Murray, of the celebrated Flagler line of hotels in Florida, as manager of the Champlain, and Mr. J. F. Wilson in the same capacity at the Fort William Hotel.

The beautiful motor trips to all parts of the Adirondacks, the delightful excursions on the lakes, the attractive social life, golf tournaments, tennis events, etc., make a summer in these sections a most delightful period of recreation.

Both of these hotels open for the season July 1st and are located on the main line of the Delaware & Hudson Railroad.

INTERNATIONAL TEMPLE. Considering the splendid weather prevailing on Saturday afternoon, the attendance of members at the weekly meeting of above Temple, in the C. O. O. F. Hall, was indeed a fairly large one.

It comprised many brethren from the adult church, and was assisted most ably by the Chief Templar, Dean Boniface. After all business had been concluded an excellent programme was submitted by Robert Yulle and Tom Macnaughton. Among those who contributed to it were Miss Daisy W. Madden and Dec. C. Fontaine, Secretary of the adult lodge, while a number of the juveniles themselves gave songs, recitations, dialogues, and piano solos. During a short interval Miss May L. Powers, of Ottawa, who has just been re-elected G. S. J. W. for Canada, delivered a short and most suitable address to children on the evils of intemperance and gambling. Ice cream and strawberries were also on the programme.

H. A. COLLINS IS NO MORE. One of Best Known Secret Society Men.

Was Supreme Treasurer of the I. O. F. Announced as Candidate For Supreme Chief Ranger.

Toronto, June 22.—Harry A. Collins, Supreme Treasurer of the Independent Order of Foresters, and one of the best known society men in Canada, died suddenly here on Saturday. Hardly had his brethren of the Supreme Court of the I. O. F. finished their work when he passed away. For two days he had been partially unconscious, and the end came at 4:50 o'clock in the afternoon. Since Wednesday he had not left his home at 20 Major street. The immediate cause of death was acute nephritis, a form of kidney trouble, with which he had been afflicted for years. Dr. Frederick Winnett and two trained nurses had been in attendance, and Saturday morning it was announced that there was just a chance of success.

The last week, however, had been a momentous one for Harry A. Collins, which his highly strung temperament and weakened condition were not able to combat. For days before the Supreme Court opened and during the first two or three sessions his name was on every person's lips. He had indirectly announced himself as a candidate for the office of Supreme Chief Ranger, and had given out his platform. When the delegates to the Supreme Court began to arrive it was seen that his candidature was hopeless. On Monday last he gave his announcement to the press that he would retire from the contest. Tuesday was a day of anxiety, since there was a possibility of his resignation to his candidature for the Treasurership, a position which he had held for thirteen years. In Wednesday's election he won out for this position on the second ballot.

On Friday night the Supreme Court reduced his salary from \$7,500 to \$4,000. At 7:30 p.m. a procession to his administration of the Treasurer's office by the Supreme Chief Ranger, Elliott G. Stevenson, in the memorable speech in which many things in connection with the order were frankly discussed. Of the salary cut, of course, Mr. Collins knew nothing, coming as it did the culmination of a series of crucial events.

Last month Mr. Collins was 64 years of age, having been born at Thurles, County Tipperary, Ireland. He was educated at Dublin, and came to Canada at the age of seventeen. He entered the employ of A. R. McMaster & Brother, as a clerk in their wholesale business in this city. He remained with that firm for nine years, and then was engaged in the business of W. H. Sparrow, and later went into business for himself. He was married in 1871 to a daughter of Robert Fruton of this city. He was a member of the Church of England.

For about twenty years he has been a member of the I. O. F., but was prominent in many other lodge circles. Besides his Forester connection he has Imperator, and was a member of the Order of the Northern Mystic Shrine, which was the highest office among the Shriners. It is said that Mr. Collins was the first Shriner in this country, he having been initiated at Detroit 25 years ago. He was a Past Grand Master of the Canadian Order of Oddfellows, a member of the A. O. U. W. of the Royal Arcanum, of the Knights of Pythias, and the I. O. O. F. His medal in connection with the Shrine office is said to be worth \$700 in itself.

When the end came on Saturday his wife, his six children, his two daughters, Mrs. Harry Bastedo and Mrs. James Kennedy. His only son, Harry, is ranching near Strathcona, Alta. The funeral, which will be private, will take place from the residence on Mar street, at 2:30 p.m. from the ground, and of the I. O. F. in the Temple building will be draped to-day.

FLEW THREE MILES. Frenchman's Machine Went Forty Miles an Hour.

Milan, June 22.—Leon Delagrangue, the French aeronaut, continued his tests here yesterday. A high wind prevailed and on several attempts Delagrangue was only able to fly about a mile and a quarter. Finally, however, he went around the course, traversing about three miles at a velocity of forty miles an hour.

His machine all during the test was about twenty feet from the ground, and the great assemblage cheered Mr. Delagrangue enthusiastically and Mr. Farman warmly congratulated him.

THE AUTO RACE. Paris, June 22.—A dispatch to the Matin from Ikrutsk says that the American car in the New York to Paris race has crossed Lake Baikal and is expected to arrive there soon. The German car is already at Irkutsk and will remain at that city until Monday.

BRITISH AMBASSADOR. Duluth, Minn., June 22.—James Bryce, British Ambassador to the United States, and Mrs. Bryce arrived here yesterday. They will stay in Duluth until Tuesday night, when they will return east on the steamer Northwest.

BUBONIC PLAGUE. Port of Spain, June 22.—Since June 15 there have been four new cases of plague here, resulting in three deaths. The fourth case is in the isolation hospital. Active prevention measures are being taken by the sanitary corps.

PRINCE HELE. Paris, June 22.—The Echo de Paris states that Prince Hele de Sagan and Mme. Gould proceeded by automobile to Boulogne and thence crossed the channel to Folkestone.

CRUSHED BY DERRICK. Alex. Cross, Engineer, Killed at Port Colborne Cement Works.

Port Colborne, June 20.—Alexander Cross, aged 45 years, engineer of the derrick at the Canadian Portland Cement Company's works, here, was instantly killed about 2:30 this afternoon by the derrick overturning and pinning him down and crushing him to death. Mr. Cross leaves a widow and three children.

RE-OPENING AT A. M. E. CHURCH. BEAUTIFUL EDIFICE MUCH ADMIRRED BY CONGREGATION.

Rev. Mr. Hatchett Preached in Morning as Bishop Grant Could Not Get Here Because of Illness.

Yesterday in St. Paul's A. M. E. Church were held the re-opening services. There were three services, all of which were splendidly attended, thus guaranteeing to Rev. T. H. Henderson, the pastor, that the parishioners appreciate the fact that he has succeeded in getting them a commodious and restful edifice in which to worship.

Owing to a severe illness on the part of Bishop Grant, of Kansas City, he was unable to be present to officiate at the opening. His place was taken by Rev. Mr. Hatchett, the travelling agent of the A. M. E. Church in Canada.

Mr. Hatchett officiated at the morning service and spoke at some length of the necessity of serving God in the right and acceptable manner. He held there were a lot of people who served God in an indifferent manner, and seemed to hold Him responsible for their misdeeds. Others there were who would serve God on one condition—that they were supplied with plenty of raiment and food to eat. He contrasted the lives of Job and Jacob, referring especially to Job as a commendable example to follow. Job had always leaned on the promises of God, and in the end was not forsaken. There was a need of the firm security of Job in God, among the people of to-day. God in His infinite wisdom and mercy will bring all things right. Mr. Hatchett held that it pays to trust God, and to rely on His promises. Whatever anyone has belongs to God and if God is trusted, He will bring them out conquerors. God is unchangeable. He is the promoter of all good works. God has laid down very rich promises in His book, and if they are adhered to, will bring forth riches and blessing. If God is trusted He will lead through all the trials and temptations of this life. He must be served with a pure heart and mind, and with the principle of undying devotion.

In the afternoon at 3 o'clock, a platform meeting was held and there was gathered together a goodly number of the congregation. Short and inspiring addresses were given by Rev. Dr. Williamson, Rev. Dr. Tovell and Rev. Isaac Couch.

In the evening Rev. T. H. Henderson, the pastor, conducted the services and preached a very strong sermon.

During the day special music was rendered by the choir, under the leadership of Mr. J. T. Holland. Mrs. Duval-Rudd contributed a solo at each service.

MISS MAY BUCKLEY, Who plays the heroine in Sir Gilbert Parker's 'The Right of Way.'

SAN JOTTINGS. With the exception of a few days when the heat has been a little too much for comfort, there have been many fine days this month for the residents at the San.

As time goes on improvements of one kind and another are being made. The doors and windows of the Grafton infirmary, the patients' dining room and staff quarters have been furnished with screens, which means a great deal in the way of comfort. The installation of an electric lighting system is in progress, and in this connection the gratuitous services of Messrs. Gardner and Lutz, planning the layout of the wires, etc., were very much appreciated.

During last week the new chicken run was completed. This consists of a fence, over six feet in height, and is to contain four compartments, in each of which will be an up-to-date chicken house. The whole cost of the four houses and the fencing was assumed by St. Hilda's Chapter of the Daughters of the Empire, and in its finished condition it is a gift of which the Chapter may well be proud, and for which the Sanitarium authorities are indeed grateful.

COMMUNIONS DISCONTINUED. Boston Will Not Be the Mecca of Scientists as of Old.

Boston, June 21.—The annual communion season of the First Church of Christ, Scientist, which for some years have been the occasion of the gathering in Boston of vast multitudes of Christian Scientists from all parts of the world, are to be discontinued. The great membership of the Boston Church and its limited seating capacity is given as the principal reason for abolishing the communion season in the mother church, in a communication sent out to-day by Mrs. Mary Baker G. Eddy, head of the church, which provides, however, that the branch churches shall continue the custom of the communion season.

Toronto detectives are trying to "pump" members of the Sheet Metal Workers' Union as to the financial standing of its officers, against whom there is a \$7,500 judgment.

The following increase in strength for the Toronto regiments going to Quebec is announced: Q. O. R., 30 men; Grens., 70; 48th, 70.

SUNDAY AT THE OLD CAMP. Five Thousand Soldiers Attended Services Yesterday.

Some Infectious Cases Are Being Carefully Looked After.

Efficiency Will be Exceptionally High at the Close.

Niagara Camp, June 22.—General Otter finished his inspection at the camp on Saturday. Among the guests of the day was Hon. Dr. Fyne, Minister of Education. The gunners' mess tent blew in on them on Friday night, when fifteen men were under the canvas, but all crawled out unharmed. Practically all the officers' mess tents in the infantry lines went flat as the walls of Jericho, and there were wild times on the horses lines for a few minutes. The artillery were in much the same plight, but none of the animals broke loose, thanks to the excellent discipline maintained. The gunners were setting out firing lines in the morning and generally preparing for the firing of "blanks" on Monday.

In the orders of the day full details of the sham fight are given. The plan is identical with that spoiled by rain last year, with the addition of the artillery. The Blue or defending force, consisting of two squadrons of 2nd Dragoons, two guns of the 7th Battery, the 5th brigade on foot and X and XI Field Ambulances, are covering a section of the Welland Canal from an attack of the Red force, which is going to land at Queenston or Niagara-on-the-Lake. The attacking force will consist of four squadrons of horse, two guns from the 7th Battery, the 3rd and 4th brigades of infantry and the 12th and 13th Field Ambulances. The attacking force will be commanded by Lieut.-Col. J. Mason, while the defenders will act under Lieut.-Col. E. A. Cruikshank.

All indications of the end of this week will see a height of efficiency attained never reached before. To a limited extent the area for manoeuvres recently purchased by the Government will be available for horses. Fences all over the stretch of country were torn down yesterday and brought into camp for firewood and the Second Dragoons and Governor-General's Body Guards have tested it as a drilling ground. Steps will be taken to see that the valuable vineyards and other crops are safeguarded against damage, but in spite of obvious limitations the movement on the rough character of the ground, the cavalry are enthusiastic at the prospect of something like a proper area to manoeuvre on.

The first infectious cases were isolated on Saturday. One diphtheria patient was sent from the cavalry lines, while pumps in the disorderly other patient has. Both were thoroughly disinfected and the effects of all the men in them fumigated. Another case was isolated, and forty-seven men in the same company were disinfected. The 13th Field Ambulance is filtering the water for drinking purposes, and details from two brigades take it as quickly as it can be treated.

The headquarters staff is being supplied with well water from the Queen's Royal Hotel. There were two other minor accidents, one being a man in the cavalry line. A man in the Missisquoi Horse had his ankle broken by a kick, and the steel shoe of his charger cut off the toe of another unfortunate militiaman.

Down in the cool recesses of Paradise Grove the Civil Engineers are building a section of the fortification. It is supposed to be one side of a star-shaped fortification, extending over a considerable area. To the north a pit with barbed wire entanglements has been prepared for the reception of hostile cavalry. The top of the redoubt is loopholed for the mounting of a bomb-proof trench has been prepared for the exhausted reserves, who will presently be called upon to turn out again. It was in a series of such days that the defenders of Ladysmith took shelter from Long Tom as he spat shells down on the little town.

Under a scorching sun yesterday afternoon over five thousand troops formed in a hollow square before headquarters for divine service. The headquarters staff stood in an isolated unit at attention all through the hour of service, but when the Chaplain, Ardell, of the 1st Own Sound Regiment, began his short discourse all others in the assemblage were allowed to stand easy.

Twelve massed bands played the hymns, and the visitors joined heartily in singing. After "God Save the King" the redoubt breaks up, and the mounted cars for Buffalo or waited, the steamers for Niagara Falls or Queenston left. Red was the predominant color in Niagara Falls, N. Y., and no matter where one looked scarlet appeared.

The Roman Catholics under Colonel Mason attended mass at the town church at 8 o'clock. While watching the service on the common Sidney White, a farmer of Homer, was badly mangled by his horse. He was watered the animal when it got scared at the band music, threw him and trod on him. Twelve stitches had to be put in his head in the 10th Field Ambulance. A private of the 17th ran amuck among the lines, and some comrades suffered, but there were no serious results. He is now in the town jail.

THOMAS C. WATKINS HAMILTON ONTARIO

LA ROSE CONSOLIDATED. Some Facts Regarding the Merger—Statement Will be Issued Shortly.

It is possible this week to print some reliable information relating to the flotation of La Rose Consolidated. The Monetary Times criticized certain phases of the plan, but as a result, the value of the La Rose property is such as to make it unnecessary to utilize the usual methods associated with a new stock issue. It would be as well that certain rumors be wiped off the conjectural slate. South African money does not figure in the La Rose deal. The only money at present represented in Canadian and United States capital. Mr. William Marshall's name has been mentioned in connection with the deal. This gentleman does not and never did act for any of the La Rose principals in connection with this consolidation. Regarding the question of amalgamation with the Nipissing Company, this impression may be dismissed. It would be almost impossible for two such giants to become one. The Nipissing Company has more than 14,000 shareholders, and they would have to be consulted. Naturally the personnel of two large and valuable mines located in the same district will work in harmony. Mr. R. B. Watson, for instance, will act as consulting engineer for both. These facts rather decrease the value of the cable sent from Montreal to a London financial paper from "A Special Correspondent." The capital of "La Rose Consolidated," which has been incorporated in the State of Maine, is \$5,000,000, of which something over \$5,000,000 has been issued. Numerous inquiries for the stock have been received from many parts of the continent.

Regarding the financial position of La Rose Consolidated, compared with that of the old company La Rose, the consolidated organization will start with a clean sheet. When the mines were taken over as of June 1st by the Consolidated Company the same was free of all claims and liabilities. A statement giving some facts and figures in this connection will be issued, probably in the course of a few days.

It is generally conceded that the stock, which was launched at 47 1/2 and sold a few weeks later at 51 1/4, has made steady progress without any erratic movement. The public may be sure that it will not be the fault of the financiers handling this proposition if a boom in the stock is engineered. The La Rose Consolidated people are doing their utmost to prevent this contingency, as is proved by the uncontentious manner in which the company has been floated. We await with interest the publication of the forthcoming statement—Monetary Times.

Uncle Sam's Weather Forecasts. A perpetual weather map hangs on the walls of the weather bureau in Washington. From this the telegraph operators get the indications for every part of the United States. As fast as a bulletin is received predicting the weather at a certain place the map maker indicates it by attaching a button of a certain color to the map. The operators at the keys only need to watch him put in the button to wire whether it is to be fair or rain or snow in the locality he has marked.

This map is thus controlled by the electric current, since all the information received for it and given out by it comes and goes by means of key and sounder. On the roof of the bureau is a skeleton tower with weather vane and the anemometer, two mechanical reporters which gather weather news. Sometimes there is also the thermometer box. The anemometer consists of four hemispheres made of aluminum or brass attached to small square steel arms. Their revolutions turn a spindle which terminates in a series of geared wheels. One of these drives another screw, which in turn actuates two dial wheels divided into miles and tenths. The anemometer may be attached to the tower supporting the weather vane by a side arm or mounted above it, as may be convenient. The height of the tower varies according to the surroundings, since it is necessary to expose the instruments to the direct force of the wind unobstructed by buildings or other obstructions. The velocity and direction of the wind are thus reported, and, by the aid of the meteorographs, they are recorded as well. The meteorograph is considered to be one of the most remarkable instruments in the weather service, for it not only keeps a record of the performances of the weather vane and anemometer, but registers the amount of precipitation or the duration of sunshine as the weather is clear or otherwise. Another accessory to the weather bureau is the automatic measure for determining the rainfall, and while to-day, as a century ago, the barometer is one of the reliable methods of predicting weather and is indispensable in making forecasts.

# OPENING OF SAINT GILES'.

Good Congregations at the Tent-Church Yesterday

And Encouraging Sermons by Rev. Mr. Cochrane.

Ground Broken for the Church Building on Friday.

If the promoters of the new St. Giles' Church needed any more encouragement in their enterprise they had it yesterday when the opening of the tent services took place.

Rev. R. B. Cochrane, of Woodstock, occupied the pulpit in this temporary place of worship at both morning and evening services. The tent was well filled and interest was certainly not lagging. Rev. Mr. Cochrane preached a powerful sermon on the privileges of public worship in the morning. It has a place in national, family and individual life, he said. He preached from the 122nd Psalm and of the reasons the Hebrews gave as to why they worshipped, and the hardships they had to go through to get to their worshipping place. He spoke of the many reasons Christians have more than the Hebrews to worship, and of the supreme importance of purpose in life and said to know God was the message of Christianity. To put an ideal of service before a congregation was what was wanted to keep and attract communicants and in referring to the present tent church, he said that the place of the church in the past life of those present was an indication of the place it would occupy in their future lives when they had their own church. There were many privileges they would enjoy in the new church home, which would not be their lot to enjoy probably at another church. The power of imagination gave great scope in thinking of what the possibilities were for a church in that locality, where there has never been a Presbyterian church and minister to supply the needs of the people.

He told the congregation they should hurry on their church and should not pause one day in getting it finished. He was sure it was the best possible spot in the city for a place of worship for the Presbyterians, and he also thought it was the right time to start as all the other churches in the city were gradually spreading out in that end.

In the evening the tent was well lighted with six Nernst lamps and the singing was led by a choir and an orchestra of six pieces, under the leadership of Miss Ella Howard.

Ground for the new edifice was broken on Friday and the ceremony of laying the corner stone will be held next month.

2185 LADIES' TUCKED SHIRT-WAIST.

No. 2185.—All seams allowed.—Shadow-plaid silk, taffetas or surah silk, are all appropriate for this model, as well as nun's veiling, cashmere, challis or Henrietta. The yoke-panel front, as well as the shallow back yoke may be made of all-over lace; or a pretty style—especially if made of dark colored material—would be to have this yoke of brilliant plaid, striped or checked taffetas, or dotted surah silk in a contrasting color, and the trimmings on either side of the waist of self-colored velvet ribbon. The pattern is in 8 sizes—32 to 46 inches, bust measure. For 36 bust the waist requires 4 1/8 yards of material 20 inches wide, or 3 1/4 yards 27 inches wide, or 2 1/4 yards 36 inches wide or 2 yards 42 inches wide; with 7-8 yard of all-over lace 18 inches wide and 2 1/8 yards of ribbon. Price of pattern, 10 cents.

Address, "Pattern Department," Times office, Hamilton.

It will take several days before you can get pattern.

## S. S. CONVENTION.

Three Canadians Are on the Lesson Committee.

Louisville, June 21.—An important feature of the 12th international Sunday school convention was the adoption of the report of the International Lesson Committee, which prepares lessons for all Sunday schools with a membership of about 16,000,000. The report contains the following:

"That the convention of International Sunday School Associations instruct the Lesson Committee which is to be appointed, for the next six years, to continue its work of arranging and issuing the uniform lessons as heretofore.

"That the convention authorize its Lesson Committee also to continue the preparation of a thoroughly graded course of lessons, which may be used by any Sunday school which desires it, in whole or in part.

"That the convention instructs its Lesson Committee in the fulfillment of these tasks to seek the continued preparation of the British section of the Lesson Committee."

The members of the American section of the Lesson Committee were elected. They include Justice J. J. Maclearen, Toronto, Ont.; Rev. E. L. Rodford, Montreal, Que.; and William Patrick, Winnipeg, Man.

W. N. Hartshorne, of Boston, was re-elected chairman of the Executive Committee. William Hamilton, of Toronto, was elected second vice-chairman.

Over 200 men from all parts of the world attended the reunion and banquet of delegates to the World Sunday School Convention, held at Rome, Jerusalem, London and St. Louis.

## MOTOR CYCLE STRUCK FENCE.

Man Killed on Machine Going at 65 Miles an Hour.

Wilkesbarre, Pa., June 20.—While speeding around a track on a motor cycle at a rate of about sixty-five miles an hour, Theodore Shultz, of Reading, Pa., was this afternoon instantly killed by his machine crashing into a fence, and Joseph Rice, of Wilkesbarre, another rider, who was following, was seriously injured.

The men were entered in the cycle race on a track in the same direction. He struck the fence with terrific force.

## SUICIDE AT THE FALLS.

Young Man From Cleveland Shoots Himself in the Park.

Niagara Falls, June 21.—A medium-sized dark complexioned young man, about 28 years of age, blew out his brains at the foot of Jolly Cut opposite the American Falls in Queen Victoria Park at 7 o'clock this evening. As the visitors and citizens were watching their way home from the park the report of the revolver was plainly heard by quite a number of people, who rushed to the man, where he lay in the throes of death. He lived only a few minutes. Dr. Kellam, coroner, was notified, and had the body removed to Morse's morgue. He had in his possession monthly receipts for the Electric Encyclopedia of Pittsburgh bearing the subscriber's name of Alexander G. Luck, 7,801 Cedar avenue, Cleveland, Ohio.

## Thought It Was Suicide.

A prominent merchant was discovered a few days ago brandishing his razor at midnight. His wife called for assistance, but found her hubby was only paring his corns. Far better not to risk blood-poisoning; use Putnam's Painless Corn Extractor; it's guaranteed—"Putnam's."

## A TOP HAT PARADE.

London Hatters Attempt to Revive the Silk Tie.

London, June 21.—A determined effort is being made in London to revive the top hat. For some years past the silk hat has been declining in public favor and Derbys and straws have invaded the west end and the city, annually increasing in numbers.

A committee has been formed by silk hat manufacturers, whose business is threatened, and on July 4 a great procession, in which all members will wear the best and most perfect style in top hats, will march through the Anglo-French Exhibition, with the object of showing how becoming is this style of headgear.

# CITY MASONS AT CHURCH.

Good Turnout of All the Lodges Yesterday

And An Able Sermon by Rev. S. B. Russell

In Celebration of St. John the Baptist's Day.

The seven Masonic lodges of the city, together with visitors from Oakville, Dundas and Burlington, attended divine service yesterday afternoon, in St. Paul's Presbyterian Church, for the purpose of celebrating the festival of St. John the Baptist. There was a large turnout of the brethren, including the Knights Templars, and K. W. Bro. Dr. Griffin, R. W. Bro. L. L. Gunn, and R. W. Bro. Geo. C. Holden, Past District Deputy Grand Masters. W. Bro. J. Gill, Master of St. John's Lodge, and the officers of the same had charge of the celebration. There was a splendid representation of the lodges throughout the city.

Bro. Rev. S. B. Russell, of Eskine Church, occupied the pulpit, together with Rev. D. Drummond. The latter welcomed the brethren to the church and read a portion of the Scriptures.

Mr. Russell took as his text Matthew xxv. 40, "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me." He said there were few men who failed to note that man's conscience is not so tender on one side as on the other. Men are realizing more and more every day the sense of obligation toward their neighbors. This is the age of the social question. Never before in the history of man has the subject of social reformation been taken up and studied more seriously. Institutions that have been supposed to be established in human nature have been found to be but the experimental elements in the lives of men.

Mr. Russell held that the same conditions exist in the church to-day. There has been a remarkable revival of devotion to Jesus Christ. The present age has been remarkable in its triumph for religion. There has been a sweeping away of the supposed barrier between God and man, in so far as His love is concerned for the people of this world.

By delving into the social conditions of life, the speaker declared changes were being made for the betterment of mankind. The Governments of countries have taken unto themselves the responsibilities of looking after the moral and physical welfare of their people. The same awakening of the soul has been sent by love and sympathy, death by its absence.

Mr. Russell said that people were not to consider God as a single deity. He is not unapproachable. God is to be found in our midst at all times. When a man sins against a fellow man, he sins against his God. There is no joy more complete than that of ministering to the needs of others. There is no love in the hearts of man like that of Jesus. Love is the spark that is able to light a thousand candles. It has been laid down in the Scriptures that for all services done for the Master there will be ample reward in the hereafter.

Mr. Russell said his hearers to build their ideals on that wondrous example, Jesus Christ, and in doing so they would reap the benefit of their wisdom in the days to come. Service is the keynote of the kingdom of Jesus Christ, and the only religion that has proven satisfactory in the past and will do so in the future, is a life-long devotion to the Master, and work in His service for the betterment of mankind.

During the service, a quartette composed of Messrs. V. Carey, Dr. Mullin, Dr. Laidlaw and R. Devine, sang with splendid taste, "Remember Now Thy Creator." The choir also contributed an anthem.

## YORK LOAN.

End to All Disputes—Claims to be Apportioned.

Toronto, June 22.—As a result of a meeting of all counsel for various claimants against the assets of the York County Loan & Savings Company it was Saturday morning decided that no further appeals will be made from the decision of M. George Kappeler, the official referee in the case, and that appeals now in progress will be dropped. The liquidators, the National Trust Company, will now be able to go on with the work of apportioning to each of the thousands of claimants his share. The work will probably occupy some months.

## PRINCE ARTHUR TO WED.

Difficulties in the Way of His Marriage Overcome.

London, June 21.—The difficulties in the way of the marriage of Prince Arthur of Connaught and Lady Maudie Manners, daughter of the Duke of Rutland, and one of the most photographed girls in society, have been overcome. The difficulties probably did not arise from the fact that Arthur is a British prince, but owing to the fact that he is a Duke of Saxony, his father and himself being direct heirs to the throne of Saxe-Coburg and Gotha.

If the reigning Duke dies without an heir there would be much opposition in the various branches of the house before such a marriage would be regarded otherwise thanmorganatic from the German standpoint.

## NOTE FOUND IN PIKE.

Was Put in Bottle by Toronto Girl Two Years Ago.

Kingston, June 21.—Two years ago on June 18th, 1906, a note signed "Miss Mabel Robinson, 39 King Street west, Toronto," was put in a small bottle, and thrown into Lake Ontario at Oakville. She asked that she be notified when it was found.

She will be surprised to hear that it was found in the inside of a big pike, three feet long, caught this week in Hay Bay, about 175 miles east of Oakville, by George E. Hartwick.

# PSYCHINE

PRONOUNCED SI-KEEN

## THE GREATEST OF TONICS FOR HEALTH AND ENERGY

### WHAT IS HEALTH?

The ordinary acceptance of the term "health" is freedom from disease, but it means this and more. You may not actually be in the grip of disease, and yet be far from healthy. Your system may be weak and run down, and your vital organs unable to perform their functions. A person in this condition easily falls a prey to disease germs, which always attack the weak places. Psychine, Dr. Siocum's great Health Remedy is Nature's Greatest Tonic. It builds up the entire system as no other remedy can, and renders it proof against these terrible disease germs that are so deadly in their operation. Bacilli or disease germs cannot live in the system with Psychine.

### PSYCHINE CREATES AN APPETITE

and is the greatest of digestants. It is a boon to run-down, tired, and overworked women, for there is

### LIFE WAS A BURDEN. NOW ENJOYS LIFE.

Miss Ella Muriel Wood of Brownsville, Ont., says: "Two years ago I was going into a decline, I could hardly drag myself across the floor. If I went for a drive I had to lie down when I came back. I was too weak for anything. My father urged me to try Psychine, and I must say the results are wonderful. Instead of a little pale, hollow-cheeked, listless, melancholy girl, I am to-day full of life. I can now enjoy any sports or an evening party with anyone, whereas a few months ago I could not struggle to church, 40 rods from my home."

### ZEPPLIN'S AIRSHIP.

A SUCCESSFUL FLIGHT OVER LAKE CONSTANCE.

Dirigible Balloon Rose to Height of Three Hundred Feet—Attained Speed of Thirty-one Miles an Hour—Answered Helm Perfectly.

Friedrichshaven, June 20.—Count Ferdinand Zeppelin made his first flight in his new airship this evening. A half hour's manoeuvring in the air fully established the stability and dirigibility of the balloon, which executed circles and short turns at full speed in a most satisfactory manner. Amidst deafening applause from the enormous crowds on the shores of the lake and aboard the swarms of steamers, motor boats and rowboats, the gigantic balloon rose in the air three hundred feet, and sailed off towards the town of Constance, the speedily racing rowboats and steamers following in its wake.

Several of the speediest boats that started before the balloon was sent away were overtaken with the utmost ease by the airship, which attained an estimated speed of thirty-one miles an hour. Shortly after the start the direction was changed and sharp turns and circles, with a circumference of several thousand yards, were made, the airship answering the helm with absolute accuracy.

Later the airship was sent over another straight stretch at a high speed, and then was returned to the shed, having remained in the air in all about an hour and a half, no difficulty being encountered in the return to quarters.

Aboard the two platforms of the airship during the flight were twelve persons. Count Zeppelin on landing said that he was satisfied with everything, with the exception of the sidesteering arrangement, which had not fulfilled his expectations. The next trial will be on Tuesday.

### TARIFF REFORM VICTORY.

Pudsey Division, West Yorkshire, Carried by a Unanimous.

London, June 21.—The by-election yesterday in the Pudsey division of West Yorkshire resulted in a tariff reform victory. Mr. J. F. Oddy, the Unionist candidate, was returned by a plurality of 113 over Mr. F. Ogden, the Liberal. The vote was as follows:

J. F. Oddy (Unionist) . . . . . 5,444  
F. Ogden (Liberal) . . . . . 5,331  
J. W. Benson (Labor and Social-ist) . . . . . 1,291

At the general election of 1906 Mr. George Whiteley (Liberal), whose resignation made the bye-election necessary, was elected over Colonel Ford, his opponent, by a majority of 3,562. The riding also went Liberal in 1906.

The campaign was fought out on the tariff reform issue. Mr. Oddy declaring in his election address that he was in favor of "a safe, businesslike alteration of our present fiscal system." He was aided in his fight by Mr. Johnson-Hicks, the tariff-reformer, who defeated Mr. Winston Churchill recently in Northwest Manchester.

On the Government side Col. G. E. S. Seely, Under-Secretary for the Colonies, and Dr. McNamara, Parliamentary Secretary to the Admiralty, played a prominent part in the struggle.

No Further Trace of Missing Olive Dupray Found.

Winnipeg, June 21.—Up to noon today no trace of the missing little girl, Olive Dupray, beyond the bunch of flowers found in the woods on Friday afternoon, had been secured by the army of anxious searchers. C. P. R. officials here are directing the hunt. All hope of finding her alive has long been abandoned.

### Valuable Mixture to Be Prepared at Home

### GOOD SPRING MEDICINE

For a good spring tonic, get from your druggist: One ounce Fluid Extract Sassafras. One ounce Compound Sassafras. Four ounces Compound Syrup Sarsaparilla. Mix, shake well, and take in teaspoonful doses, after meals and at bedtime. The formula is given by a prominent physician, and is said to have remarkable results in ridding the blood of the uric acid and poisonous waste matter with which the blood is likely to be charged at this season of the year, particularly of persons afflicted with rheumatism or kidney disease. It strengthens and assists the kidneys to filter these poisons from the blood, restoring the healthy, normal action, so necessary to perfect health. If you feel that you need a tonic, prepare a bottle and try it anyway, for being so highly recommended it can bring nothing but good results.

### MCART RETAINS SEAT.

Recount in Stormont Gives Liberal Majority of Eight.

Cornwall, June 21.—W. J. McCart has been confirmed in his seat, Stormont, by the recount before Judge O'Reilly, which was concluded on Saturday. There were a few changes in various polls, but these broke even, leaving McCart with a majority of 8. There were a couple of polls where the deputy returning officers had neglected to remove the stub, but these ballots were allowed.

All That's Worth While in the Sporting World

TIGERS WROTE FROM THE SAINTS.

St. Thomas Beaten on Saturday by Score of 2 to 1.

The Saints won from Niagara Falls yesterday—scores in the big leagues.

There was a fair-sized crowd in Britannia Park on Saturday afternoon to see the league game between St. Thomas and Hamilton.

The hero of the day was our George Bradford. He made a single, a triple, and the acceptance of two hard chances was his quota in the game, and no one could say that he did not distinguish himself.

For St. Thomas, Barry the pitcher, was hit at opportune times, and his support on the whole was good.

Hamilton did not start to score until the third, when DeRoehn started the ball rolling with a neat single.

The Tigers scored again in the sixth, when George Bradford swatted the ball for three bags.

It was in the same order that St. Thomas went out from the second to the ninth, not one man getting any farther than second.

The score in full: Hamilton, 2; St. Thomas, 1.

Next Saturday. St. Catharines Lacrosse Team Will Come Here.

The big talk in sporting circles since the races are over, the lacrosse game between St. Catharines and Hamilton at the Cricket Grounds next Saturday, when the greatest game ever seen in this city is looked for.

It is likely that for the first time in this city the will be judge of play in the game on Saturday.

St. Catharines, Ont., June 22.—(Special)—There was great rejoicing in this city Saturday night when the Toronto, the fast N. L. U. team, fell before the conquering Athletics by the neat and substantial score of eight goals to two.

The directors of the Hamilton Jockey Club are to be congratulated on the success of the spring meeting. It was well conducted and the racing was of high class.

W. B. Ward, the Hamilton team's new shortstop, who has played professionally with the Waterbury team for the past three seasons, reported to Manager Curtis last evening, and worked out at the Britannia park this morning.

From appearances Ward is every inch a ball player. His reputation as a base runner is well known. He is considered a second Thoney on the lines.

The signing of Ward will move Brennan to second base, where he should make good.

For the present Fraser will cover first and Coyle will fill an outfield position.

The four new players will be seen in action in tomorrow's game against Niagara Falls.

The game will be called at 4 o'clock. On Wednesday the Yankees will play a double header with the Tigers, the first game being called at 2 and the second at 5 o'clock.

At the East End Y. M. C. A. recreation grounds on Saturday afternoon the Y. M. C. A. nine defeated the Wesleys by a score of 15 to 9.

Prof. Barton, of the Y. M. C. A., has received entry blanks from many outside places announcing big meets to be held during July and August, and it is likely that two or three big meets will be held here.

The big athletic and bicycle meet held at Britannia Park every Wednesday is sure to develop a lot of new men. If you are interested in athletics plan to attend some of these Wednesday night games, and encourage the boys.

R. B. Cheyne won the single competition of the R. H. Y. C. bowling section, defeating H. T. Malcolmson by a score of 10 to 2. The scores in the semi-finals were:

R. B. Cheyne 11, R. C. Ripley 3. H. Malcolmson 10, C. E. Thomson 8.

The results of the annual inter-school rifle competition in Canada, held on June 9, were received from the Royal Military College to-day.

The conditions seem to have been very similar at the different places where the shooting took place, all the teams being favored with bright weather.

Bishop's College School, Lennoxville, Que., secured first place, with a score of 184, being just one point in advance of Highfield School, Hamilton, Cootick Academy making a poor third with 164.

The rest of the schools made various scores, ranging down to 115—the lowest. It is hoped that a challenge shield or trophy of some kind will be donated for annual competition before next year.

AFTER DOG OWNERS. License Inspector Brick is on the warpath against dog owners who have neglected to purchase tags.

To-day he had summonses issued for Joseph Bayley, 234 Gibson avenue north; John Lawrence, 24 Harvey street; William Broughner, 13 Bristol street, and Charles Jenkins, 470 Ferguson avenue north.

They will appear before the Magistrate tomorrow to explain why they neglected to purchase tags.

ROCHESTER TRIP. The trip to Rochester on the big turbine steamer Turbinia drew a fairly large crowd.

The boat left here on Saturday evening at 5.30, and arrived back here this morning with a crowd of tired but happy trippers.

This trip promises to be a crowd drawer, as a keen interest was evinced in the trip by all who went.

MELICK-GAWLEY.

Pretty Wedding at Banbridge Farm in Binbrook.

Banbridge farm, Binbrook, the home of Mr. and Mrs. Thos. Gawley, was the scene of a very pretty wedding last Wednesday, the 17th inst., when their eldest daughter, Mary Ellen, was united in marriage, to Mr. Robert T. Melick, of South Grimsby.

The ceremony was performed by Rev. John Davidson, of Blackheath, and was witnessed by a few of the relatives and intimate friends of the contracting parties.

Promptly at 3 o'clock to the strains of the wedding march played by Miss M. G. Mitchell, the bride entered the parlor on her father's arm, through an aisle of white satin ribbons, held by her younger sisters.

Her wedding dress was of white silk, with beautifully hand embroidered by an aunt of the bride, and she also wore a white tulle veil, with orange blossoms and carried a large bouquet of white roses and smilax.

The bridegroom, Miss Jennie Degrow, was becomingly gowned in white organdy, with lace trimmings and carried pink and white carnations.
