DOLLAR DAY A BIG SUCCESS

Dollar Day will be observed generally in Newcastle on Thursday, 9th inst. The merchants purpose making it a pronounced success, and our readers will save many dollars by taking advantage of the prices on all commodities that will be offered on this annual event. Many persons from outside points are intending to come to town that day for the purpose of obtaining bargains and there is every indication that they will be assisted. Merchants report that they are out for business and intend giving customers the opportunity of securing goods at away below cost prices. It is thought that the business depression, which is reported to be prevalent is not going to figure in this year's Dollar Day business as the merchants are going to forget it altogether and intend giving the public such an opportunity to purchase goods at such cheap prices that the business depression will be forgotten and it will have no influence whatever on the purchasing ability of the public—in other words—

It is thought that it will stimulate it. A good plan would be, to be on hand early and secure the choice of the large and varied assortment of goods which will be displayed. Dollar Day this year is going to be a RED LETTER DAY for both the merchants and their customers and it would be well for all to get in on the ground floor early and take advantage of the exceptional offerings which will be given.

ADJUTANT HURD AT OPERA HOUSE

The Opera House on Sunday afternoon was well filled to hear Adjutant Hurd of the Salvation Army deliver a lecture on the Underworld. The meeting was opened at 3 p.m. with Mayor C. E. Fish in the chair. The young cadets opened the meeting with a chorus "We'll be in the Army Bye and Bye" On the platform with the Mayor were Adj. Hurd of Moncton, Capt. and Mrs. J. A. Goodwin, Lieut. MacMillan and comrades of the local corps, Sergt. Major and Mrs. Smith and daughter of Moncton and Mr. Farnham of Sherbrook, Que. "Onward Christian Soldiers" was sung by the audience and Adj. Hurd offered a prayer, after which Mrs. J. A. Goodwin read a portion of Scripture from Hebrews, 11th Chapter beginning at the 23rd verse. Capt. Goodwin stated that he had much pleasure in presenting Mayor Fish who had kindly consented to act as Chairman of the meeting. In responding Mayor Fish eulogized Capt. Goodwin and the work which he was doing in Newcastle, and also the great work which the Army was doing throughout the entire world. Mrs. Smith of the Moncton corps, most acceptably rendered two solos, and was accompanied by her husband, Sgt. Major Smith. Mr. Farnham of Sherbrooke, Que. sang "He walked with me," in a pleasing manner and was accompanied by Prof. F. J. Liscombe. Little Miss Vina Smith of Moncton delighted the audience with a solo; she possesses a sweet and pleasing voice. The feature of the afternoon's meeting was the lecture "The Underworld" by Adjutant Hurd, who is a staff officer and for the past twelve years has been stationed in the Maritime Provinces, although it is his first visit to Newcastle.

The Adjutant is a forcible and instructive speaker and dealt with the great work which the Army is doing in a very able manner. He was given good attention by the audience, who were thoroughly in sympathy with his subject and the work which he pictured. He proved to the satisfaction of all that the Salvation Army was doing a wonderful work and deserved the sympathy and co-operation of all good citizens. In concluding his remarks he made a strong appeal for assistance to Capt. Goodwin in the "Self Denial" Campaign which is to be conducted during the next two weeks. He thanked all who in the past had rendered the local officers and corps any assistance and asked them to do all in their power this year to further assist the Army in the great work which they were doing. Sgt. Major Smith of Moncton in a few appropriate remarks moved a hearty vote of thanks to Mayor Fish for the manner in which he conducted the meeting which was concurred in by the audience in rising and extending a hearty applause. The meeting closed with the singing of the National Anthem.

WAR MEMORIAL

A war memorial bearing the names of all the men from Chatham, and east Northumberland County, who answered the call of their King and Country and offered themselves as sacrifices on the altar of duty, during the recent war, has been placed in the Chatham town hall.

SELF-DENIAL APPEAL WELL STARTED

A Business Men's Luncheon was given yesterday in the Miramichi Hotel at 1 o'clock p. m. by the officers of the local Salvation Army Corps. Adjutant Hurd of Moncton was present, and a large number of the local business men. After a sumptuous repast, Adjutant Hurd addressed the assembly setting forth the work of the Army, and made a strong appeal for assistance to the Self-Denial effort which was launched at this luncheon. Satisfactory results for the opening of the Self-Denial Appeal were secured and Capt. Goodwin expects to secure the full amount of his quota, \$1000. Adjutant Hurd took the Business men for a trip around the world, giving them vivid glimpses of the work done by the Salvation Army in the 73 countries in which the army is at work. The address was greatly appreciated and a synopsis of the local corps effort in the Self-Denial Appeal was presented to the meeting. Captain Goodwin expects to secure the following donations, 1 at \$100.00; 3 at \$50.00; 8 at \$25.00; 5 at \$20.00; 5 at \$15.00; 10 at \$10.00; 10 at \$5.00; 10 at \$3.00; 20 at \$2.00; 30 at \$1.00, and \$150 from a house to house canvass and "Keep the Pot Boiling" campaign. Some of the gentlemen present, undertook to collect the above donations and it now looks as if the campaign has been well 'put over' and a great success will be made of the Self-Denial Effort.

AT OPERA HOUSE MONDAY NIGHT

"THE FOUR HORSEMEN OF THE APOCALYPSE" took more than six months to complete.

Upwards of 12,000 persons were engaged.

More than 125,000 tons of masonry, steel, lumber, furniture and shrap-berry—in excess of the material used in the Woolworth building—were used in constructing the massive settings.

A costume factory was erected on the Metro studio grounds for "dressing" the production.

Two machine shops were incidental of the other building operations.

More than 500,000 feet of raw film was exposed in the taking of the picture, which when shown on the screen will not exceed 10,000 feet.

Fourteen camera men were employed to "shoot" the big scenes from every angle, and Rex Ingram, the director, at times had fourteen directors assisting him. It required weeks to weed out and assemble the completed scenes from the eighty-five miles of film exposed. The mere running of 500,000 feet of film through a projection machine at the rate of sixty feet a minute, consumes eighteen days of eight working hours each.

A collection of art treasures from galleries and private sources, valued beyond price, was used in dressing the handsome interior settings. The insurance alone on these art works was \$375,000.

The cast interpreting the roles in the most widely read book of all time, excepting the Bible, contains fifty principal players who in other productions would be rated as stars.

VALUABLE ANGLING LEASES FOR SALE SOON

The sale of angling leases in salmon and trout waters, will be held on the 22nd inst at the Crown Land Office. The leases on the Restigouche River will be for a term of five years and those on the other waters of the Province for ten years.

Valuable Leases

Eleven salmon leases on the Restigouche River for five years were sold at the last sale. These were the most valuable of all. The highest price bid was \$3,500 for the fifth stretch by the Restigouche Salmon Club an organization of American millionaires with a magnificent clubhouse on the Restigouche. Two other leases on the same stream brought \$3,000 each. James B. Taylor with the second stretch at that rental and Rogers with the ninth stretch at a like amount held the most valuable privately owned angling privilege in the province.

Of the ten-year salmon leases Ambrose Bonnell with the third stretch of the Uvalquitch has the most valuable with an annual rental of \$2,010. Ten year leases for salmon and trout waters on the Northwest Miramichi were all sold at low rentals. Ten-year trout leases also brought low prices. W. H. Allen of Penniac, the well known guide, has the most valuable trout privilege that on Cain's River at a rental of \$355.

Substantial Amount

The province secures an annual revenue of \$25,021 from the angling licenses. The most valuable are the salmon leases on the Restigouche eleven in number which have a total annual rental of \$17,060.

Ten year salmon leases on Upsalquitch, Nepisiguit, Tobique and Patapedia waters number eight, have a rental value of \$5,741 per year. Ten year salmon and trout leases on a number of streams and lakes throughout the province have a total rental of \$1,520.

COMPLETELY FREE OF CONSTIPATION

Tried for Years to Find Relief

"FRUIT-A-TIVES" GAVE IT

Chronic Constipation or insufficient action of the bowels, is one of the great causes of disease. Some authorities even claim that Constipation cannot be permanently corrected. This is a great mistake, because here is the proof, that constipation can be cured and the bowels made to act regularly and naturally.

YARMOUTH, N.S.

"For years, I was troubled with Constipation, and had to take laxatives and purgatives all the time. If I neglected to take these, the bowels would refuse to do their work.

About two years ago, a friend advised me to try "Fruit-a-tives", which I did. The first box helped me so much that I obtained further supplies of the remedy and continued the treatment. After using about eight boxes, my bowels were able to perform their particular function without aid.

The relief in my case has been lasting, as up to date, I have never had any further trouble. I can recommend "Fruit-a-tives" to all suffering as I did and I am sure they will derive equal benefit."

A. W. FRANKLIN.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c., or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

of the business depression the sale might not produce bidding as lively as usual and consequently lower rentals but on the other hand it is believed that as the majority of the leases were held before by men of wealth or by guides who handled them on a business basis, the prices were not likely to fall.

NEW ORGANIZATION IS SUGGESTED

The suggestion of Wm. Morris, secretary of the Ontario school trustees and ratepayers association, to organize a Canadian-wide school trustees association, having been endorsed by the trustees association of Saskatchewan and Manitoba, delegates will be sent east to meet the Ontario delegates at Easter in Toronto to initiate the national organization.

Mr. Morris pointed out to the Manitoba trustees that it was high time such an organization was formed.

Skating is starting in the colder states and it is found petticoats are still being worn.

SCENE IN CROWDED LONDON AS PRINCESS WEDS

London, Feb. 28—Old London was aglow with excitement today over the marriage of Princess Mary, the only daughter of His Majesty King George to Viscount Henry Lascelles, a young nobleman, and scion of one of the leading financiers of Great Britain. The ceremony was performed in historic Westminster Abbey by Archbishop of Canterbury, and was the most imposing scene here since the coronation of the present King. The street leading from Buckingham Palace to the Abbey were thronged with people, and the appearance of the Royal Coach containing the Royal bride and her parents was the signal for repeated outbursts of cheering.

The bride was given in marriage by her father and was attended by Princess Maude, Lady May Cambridge, Lady Mary Thyme, Lady Rachael Cavendish and Lady Bowes-Lyon. The marriage contract was signed in the chapel of Edward the Confessor.

The bridal party were given a great ovation as they drove through the streets after the ceremony to Westminster Abbey.

The Bride's Presents

London, Feb. 28—The picture gallery in Buckingham Palace presented a dazzling spectacle to the invited guests who viewed a portion of the magnificent wedding presents that have been sent to Princess Mary and Viscount Lascelles.

There was a three-fold gift of King George—a tiara of diamonds and sapphires and a necklace and bracelet studded with similar stones. Then there was to be seen a brooch sent by Queen Mary—one great sapphire encircled diamonds.

Another case held the gift of Viscount Lascelles to his bride to be, a corsage of sapphires and diamonds in which one massive stone shone from a field of lesser brilliants. A cluster of diamonds is suspended from the corsage. It contains two large pearls. There was also a rivièrè, or necklace of diamonds and a diamond pendant containing two large pearl drops. This gorgeous display of jewels was worn by Princess Mary at the wedding.

Nearby was Princess Mary's gift to Viscount Lascelles. This consisted of a pair of antique silver scuffe dishes and a platinum and gold watch chain set with pearls. The Prince of Wales' gift to his sister is a diamond and sapphire bracelet. Dowager Queen Alexandra has given the Princess a marvelous corsage of pearls with emerald drops and a beautiful necklace containing six rows of stones.

Princess Mary's aunts the Princesses Mary and Louise, the Princesses were combined in their present, sending the Princess a long diamond lace brooch. The Duke of York and Princess Henry and George have given their sister a sapphire and diamond ring, unique in style and in setting. From the bridegroom's parents has come a large diamond brooch.

Conspicuous among the other presents were a miscellany of rich ropes of pearls jewelled fans and huge silver vessels from the members of the British Cabinet and others from the diplomatic corps, a handsome negligee with a centre of emeralds and a coronet of precious stones from the navy, a silver dressing table from the army, a mink coat and muff from the twelve city companies; a diamond bracelet "from the men and women of the stage; a negligee of rubies, pearls turquoise and diamonds, shaped after the fashion of an eastern temple bell from Viceroy Reading, of India, and the Countess of Reading; a splendid sable coat from 'twenty-eight friends' two silver cake dishes from Mrs. Whitlaw Reid, widow of the former ambassador to the Court of St. James, and an infinite variety of other gifts including furniture and wearing apparel.

Railway News in Brief

Vancouver.—Flags of twenty-nine nations affiliated with the International Association of Rotary wheels and blue-and-gold colors—will be seen from the C. P. R. station up C. Anville Street to the Capitol Theatre and from the Hotel Vancouver down Georgia and to the Arena, during the Rotary conference in April. Chairman Robert Show of the decorations committee of the conference has completed all plans and expects to have the city dressed in her Sunday best. The delegates, numbering nearly 2,000, will arrive by boat and train over the C. P. R., C. N. R. and G. N. R. These three companies have promised to have their depot buildings decorated. The Hotel Vancouver will be the headquarters and the management will have the Rotary emblems and colors in prominence everywhere.

Vancouver.—When the Canadian Pacific "Empress of Asia" sailed from Vancouver for the Orient she carried in her hold a shipment of wireless equipment made up of a number of sets of instruments which are to be used by oil prospectors for one of the large companies now endeavoring to locate oil fields in the Orient. These instruments are the highest quality procurable and are valued at several million dollars in the aggregate. Lack of transportation facilities and means to get information from one point to another in the Orient has forced the larger concerns to use wireless telephones as a means of communication.

Several of these wireless sets have already been in use about a year in China and the superstitious Chinese have a great fear of their power. In one province they claimed that the famine had been caused by the "devils" in these instruments, and local troubles are always ascribed to the unseen spirits in the wireless telephone instruments.

Vancouver.—That the new Canadian Pacific steamer "Princess Louise" is easily the queen of the coast in performance, size, construction and fittings is the opinion of the passengers who came from Victoria on her first trip.

The steamer has commenced regular service, under command of Captain T. Rippon, formerly of the steamer "Princess Royal," and will continue on the Victoria-Vancouver run until early summer, when she will go on the Skegway run under command of Captain Slater. The engine-room is in charge of Chief Engineer James Pettigrew. The "Princess Louise" is a source of especial pride to the people of the Coast owing to the fact that she is entirely the product of British Columbia craftsmanship. Hull and engines were built by the Wallace Shipbuilding Co., and the superstructure, cabins, fittings and decorations are all local work. The only parts that are not the product of British Columbia are some of the furnishings which were taken out of the steamers "Irene" and "Princess Margaret."

Anaemia

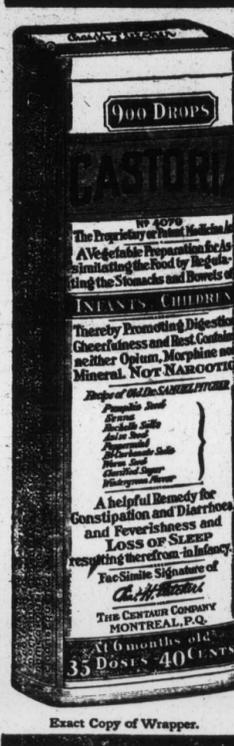

Thin, watery blood is no more nourishing than thin, watery milk—skim milk.

But you can soon enrich thin blood, overcome the anaemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. G. Simmons, 42 Curtis St., Brantford, Ont., writes:

"For about eight years I suffered from anaemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and easily worried or irritated. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I often was attacked by weak spells. I went to a doctor, who told me I was anaemic, but as I did not get any better I decided to try Dr. Chase's Nerve Food, and after the first box I felt brighter and my headaches completely disappeared. I continued using the Nerve Food for quite a while. I am quite well now, eat cheerfully and gratefully recommend Dr. Chase's Nerve Food to people suffering as I did before I used this splendid medicine."

BOYS SUITS \$1

Just think of it! A Boys' Suit for One Dollar! You would naturally say to yourself, it can't be! You would probably call for a magnifying glass to make sure you are reading right, a boys' suit for a dollar! and so it is, well made suits at that, in worsted tweeds, bloomer pants, belts and pockets, well finished juvenile sizes, as well as grown up boys. 20 suits only from the pick of our stock, and prices go from \$4.50 to \$15.00 and the way you get a suit for \$1.00 is when you buy for instance a suit for \$4.50, by paying \$1.00 more you get another suit of the same value; or for \$5.50 you get two suits. The reason for this drastic reduction: we are overstocked and we must turn the goods over. Please read carefully the explanation stated as we will have no time to explain to you on Dollar Day.

CHARLOTTETOWN WON FROM CHATHAM, SCORE 7-3

Charlottetown, P. E. I. Feb. 28.—By a score of 7 to 3 the Abbies ruled out their sixteenth consecutive victory tonight by defeating Chatham in what will be the final game in the play-off series of the New Brunswick and Prince Edward Island Amateur Hockey League series. About a thousand people saw tonight's game played on heavy, rough ice, making the contest comparatively slow and interfering with accurate shooting. The score does not truly represent the character of the play, as there was little between the teams so far as possession of territory was concerned. The Abbies excelled in shooting and did faster skating. The Chatham wings, R. Cripps and Keoughman, played a strong game, keeping their positions better than the Abbies. McMahon played a star game at centre, whilst Duncan and Currie did superb defence work. Eagles playing senior hockey for the first time this season made a good showing, though in the last period he did not receive adequate support.

The periods ended 2-9 in favor of the Abbies, 4-2 and 7-3.

Frank Brown, of Moncton, refereed and there were but few penalties, these being for minor offences.

What Happens to Old Railroad Ties

The railway passenger who sees piles of worn-out cross-ties piled up and set on fire by repair gangs along the right of way sometimes wonders why this is done and asks why people are not allowed to use them for fuel. The Pennsylvania Railroad has issued an informative pamphlet dealing with this subject. It states:—

"In the first place, it is far from true that all the old ties are burred. A considerable number are constantly being sold to persons living on or near the right of way, who buy them at nominal prices, usually ten or fifteen cents apiece, and use them for firewood.

"That is about as far as the railroad company has been able to go thus far, in finding an outlet for worn-out ties. To do so would be practically letting down the bars against trespassing on the tracks, an evil which has been the cause of about half of all the fatal accidents on railroads in the United States.

"Efforts have been made to interest dealers in firewood in buying the old ties, but not thus far with much success. The causes appear to be that the old ties are often dirty, that they contain more or less stone grit and slag wedged in the cracks which might injure the saws used in cutting them; that in many cases they are partly decayed; that they are dried out, and that their fire is more or less crushed so that they burn out too quickly. These are among the reasons assigned by dealers who have not been willing to pay the railroad company enough to cover the cost of collecting the ties and delivering them to a point at which they could be removed.

"Efforts have also been made to dispose of old ties in a number of other ways, including sale for wood-pulp purposes, for the extraction of chemicals, for burning and sale of the ashes for fertilizer, and for manufacture into charcoal, but without success in any of these occupations.

"The Canadian Pacific Railway goes further than the Pennsylvania Railroad and gives away ties to any who will take them, such giving being surrounded with the necessary safeguards and is trespassing. The experience of the Canadian Pacific is that ties are taken only where there is no standing timber in the vicinity, and that in many cases the farmers taking the ties do not use them for firewood but for general purposes around the farm, indicating that the value of old ties as firewood in this country is extremely small.

The company cannot sanction the public going promiscuously over tracks and through yards to pick up old ties. To do so would be practically letting down the bars against trespassing on the tracks, an evil which has been the cause of about half of all the fatal accidents on railroads in the United States.

"Efforts have been made to interest dealers in firewood in buying the old ties, but not thus far with much success. The causes appear to be that the old ties are often dirty, that they contain more or less stone grit and slag wedged in the cracks which might injure the saws used in cutting them; that in many cases they are partly decayed; that they are dried out, and that their fire is more or less crushed so that they burn out too quickly. These are among the reasons assigned by dealers who have not been willing to pay the railroad company enough to cover the cost of collecting the ties and delivering them to a point at which they could be removed.

"Efforts have also been made to dispose of old ties in a number of other ways, including sale for wood-pulp purposes, for the extraction of chemicals, for burning and sale of the ashes for fertilizer, and for manufacture into charcoal, but without success in any of these occupations.

"The Canadian Pacific Railway goes further than the Pennsylvania Railroad and gives away ties to any who will take them, such giving being surrounded with the necessary safeguards and is trespassing. The experience of the Canadian Pacific is that ties are taken only where there is no standing timber in the vicinity, and that in many cases the farmers taking the ties do not use them for firewood but for general purposes around the farm, indicating that the value of old ties as firewood in this country is extremely small.

BOUQUET FOR FRANK BROWN FROM CH'TOWN

Charlottetown, Feb. 28.—This afternoon in the City Hall the Chatham hockey team was given the freedom of the city by Mayor Jenkins and the councillors on the need of encouraging clean athletics in the Maritime Provinces. Councillor Yeopast president of the Abegweit Club, paid tribute to Frank Brown as being the fairest and best referee in the provinces. Father Pickett, replying on behalf of Chatham, expressed appreciation of the reception.

General Debility Follows Influenza

The After Effects Often More Serious Than the Disease Itself.

No reasonable precaution to avert an attack of influenza should be spared. The disease itself often proves fatal and its after effects among those who are spared, make the life of the victim one of almost constant misery. Ask almost any of those who have been attacked by this trouble what their present condition of health is and most of them will answer: Since I had the influenza I have never been fully well." This trouble leaves behind it a persistent weakness of the limbs, shortness of breath, bad digestion, palpitation of the heart and a tired feeling after even slight exertion. This is due to the thin-blooded condition in which the patient is left after the fever and influenza have subsided. This condition will continue until the blood is built up again and for building up the blood and strengthening the nerves nothing can equal a fair treatment with Dr. Williams' Pink Pills. The value of this medicine in cases of this kind is shown by the statement of Mr. Edward J. McGuire, Pembroke, Ont., who says:—"In the fall of 1918 I was attacked with the influenza—and not in a mild form either. I was confined to my room for three weeks, and although the influenza subsided I did not regain my health. As a matter of fact I seemed to be growing weaker. I had no appetite, was subject to fainting spells and my feet and ankles were badly swollen. The doctor told me that my condition had developed into a serious case of anaemia, and although I was under his care for over two months I was not improving in any way. At this stage one of my friends advised me to try Dr. Williams' Pink Pills. I was loath to do so, as I began to think my case hopeless. However, I was finally persuaded to try them, and by the time I had used two boxes there was no doubt they were helping me. I continued taking the pills until I had used a dozen boxes, when I found that every symptom of the trouble had left me and I was again enjoying the best of health. I returned to my work and have ever since been in good health and feel that I owe it entirely to Dr. Williams' Pink Pills. I think that anyone who is suffering from the after effects of influenza, or any form of anaemia should give this medicine a fair trial."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**MIRAMICHI HOSPITAL AID
REPORT OF ANNUAL MEETING**

The third annual meeting of the Miramichi Hospital Aid, was held in the Board Room of the Hospital, on Thursday afternoon, January 26th, with a large number of members present. In the absence of the President, and Vice-Presidents, the chair was very acceptably filled by Mrs. W. A. Park.

After routine business was over, the reports of the various committees for the year just ended were heard. These reports expressed a year of splendid achievement, in spite of the general business depression every where around us.

The Treasurer reported that \$1,849.06 had been raised from various sources, by the Aid during the year, the expenditures amounted to \$1,580.43, leaving a balance on hand to begin the new year with of \$268.63, expenditures amounting to \$1,375.54 and all bills paid to date.

The Mite Committee reported that the sum of \$307.05 had been received from the collectors for the year.

The House Committee reported that all the needs of the Hospital had been met.

The Cutting Committee reported that 131 articles, had been cut by them during the year, and the Work Committee reported that all these articles had been made up, and were in use, or ready for use in the Hospital. The reports of the Cutting and Work Committees were heard with much satisfaction, as the work along these lines, has been almost double this year in comparison to the two previous years, but with the hospital taxed to its utmost usually, it means an increasing need of supplies, and both these committees have been very faithful to their

work. The sum of \$100.08 had also been subscribed by the Aid, and its Auxiliaries, towards the Hutchison Memorial Tablet, which has been received and placed in the vestibule of the Hospital by the Board.

To encourage graduates from the Miramichi Hospital, to take the Provincial Examinations required for registered nurses it was decided at this meeting, that, beginning with this year, the Miramichi Hospital Aid, would annually offer a special prize of fifty dollars, to the graduate nurse, making the highest marks, in these examinations and where two, or more nurses compete, this amount thirty and twenty dollars each, as a first and second prize.

Two new auxiliaries have been organized during the year, one in Loggieville, and one in Black River, making five in all at the present time. These Auxiliaries give splendid support to our Aid, and we are justly proud of them. It was the President's aim to organize an Auxiliary in every parish of the County, during the year, but sickness in her home, prevented her from carrying out these plans, however, as she is again to be our President, for the coming year, we hope to see a consummation of these plans during the summer season.

CHATHAM AUXILIARY'S REPORT
The Chatham Branch of the Miramichi Hospital Aid beg to submit the following report for the year ending January, 1922:—

Our membership increased to fifty-two (52) during the year, but owing to removal from town of seven of our members, the actual membership list numbers forty-five (45). Eight regular meetings have been held, there being no regular meetings during the summer months.

Plans were made for a Beach Party at Burnt Church on the 20th of July, but owing to inclement weather, this could not be held. Supplies prepared for this were sold and \$74.95 realized.

A Lunch Counter in the Exhibition Building during Exhibition Week brought in \$897.66. Expenses in connection with this amounted to \$363.20, so our net receipts were only \$534.46, which seems rather a small return for the amount of work involved.

In connection with the Hospital the following work has been done: On April 5th a Committee of ladies went to Newcastle and re-lined the bassinets in the Baby's Room, providing also new spreads and bows for same. Articles provided during the year: 1 set Test Tubes; 2 Towel Racks. A Castle-Rochester Sterilizer to take place of an alcohol Sterilizer previously decided on, is on order, also an Electric Toaster for use on the Main Floor.

For the Baby's Room, the following have been provided:—1 Electric Light Fixture; 4 doz. Flannel Foot Blankets; 8 Bassinet Linings; 8 Spreads; 8 Bows; 3 doz. Napkins; 4 Gertrudes; 13 Dresses.

At present the members are preparing the supply of garments required for the Baby's Room during the current year.

Attached is the report of the Treasurer showing the financial standing of this Branch for the past year. Respectfully Submitted,

BAYER Aspirin

Nothing Else is Aspirin—say "Bayer"

Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances? Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 21 years and proved safe by millions for Colds, Headaches, Earache, Toothache, Neuralgia, Rheumatism, Nouritis, Lumbago, and Pain. Made in Canada.

All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monacetate of Salicylic Acid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

THE FEDERAL TAX FORMS ARE READY

Forms for all returns in connection with the Federal income tax requirements are now available at the various post offices in the Province, and the law puts on the people the onus of getting the forms and filling them out. It is not good business, therefore, to allow any necessary period to elapse before complying with the act.

Forms T-3 and T-4, the one relating to returns on incomes of estates and the other to salaries of employees, which employers have to present, have to be filed with the local tax bureau on or before March 31. Also form T-5, for dividends. No consideration will be given the excuse that the forms were not sent out.

Form T-1, having to do with returns on incomes of individuals, and form T-2, relating to incorporated companies, must be filed on or before April 30, and, as was the case last year, the tax payer must calculate his or her own tax and make payment, when filing the return, of at least 25 per cent. of the tax as computed by the tax payer. T-1-A, for farmers, is due April 30. The electing the installment plan may make future payments on June 30, August 31 and October 31, and interest at 6 per cent per annum is charged on installments paid after April 30.

The forms for individual returns and for the returns of incorporated companies and estates are exactly the same as the forms of last year, and the process of filling out is the same, but the forms for employers has been changed, making it necessary for the employer to give the amount of the travelling expenses paid commercial travellers and to classify all travellers under the following heads: Those with grips only; those with trunks weighing up to 1,000 pounds, and those with trunks weighing over 1,000 pounds.

Winter Weather Hard on Little Ones

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little ones out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little ones healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

POOR BOYS WHO BECOME GREAT

Charles Dickens was a label sticker in a shoe-blackening factory.
 Michael Faraday, the famous chemist and physicist, was a journeyman bookbinder, the son of a blacksmith.
 Benjamin Franklin was a journeyman printer, the son of a tallow chandler.
 Giuseppe Garibaldi, whom Italians revere as their liberator, was the son of a sailor, and was at various times a candlemaker and a small farmer.
 Ben Johnson, on whose grave in Westminster Abbey is the famous inscription, "O rare Ben Johnson," was a poor boy, the stepson of a bricklayer.
 "Thomas Moore, author of the 'Irish Melodies,' was the son of a country grocer."
 Napoleon was a penniless second lieutenant in 1785; in 1804 he was crowned an emperor.
 Samuel Richardson, one of the first famous novelists, was a journeyman printer, the son of a carpenter.
 William Shakespeare was the son of a glover in a little country town; both his grandfathers were husband men.

REMOVED AS SUPPLYING PASTOR OF PRESBYTERIAN CHURCH AT BROOKLINE

Boston, Feb. 28—At a stormy meeting of the Boston Presbytery, the ruling of the Presbyterian denomination for Great Boston yesterday, Edwin Curtis was removed as supplying pastor of the First Presbyterian Church, of Brookline, and denied admission to the Presbyterian church as a minister.

The many charges against the pastor included allegations that he had on several occasions said grace frivolously and in one instance baptized a dog immediately after officiating at a funeral.

To support the charges that Mr. Curtis said grace in a frivolous manner, affidavits were presented from people who lived at the same boarding house as the pastor.

On one occasion it was alleged Mr. Curtis said:
 "Oh, Lord, we thank Thee for the salad."
 On another he said: "Oh, Lord, we thank Thee for the French fried potatoes."

A deposition by two church members declared that after returning with them from a funeral Mr. Curtis became interested in a dog at their home. He took a glass of water, the deposition stated, and sprinkled some of the water on the dog's head, saying:
 "Buster Porter, I baptize thee a full fledged Presbyterian."

OPENING OF THE LEGISLATURE

"I commend to your careful consideration such proposals as may be submitted to you with a view to improving the financial situation of the province," declared Hon. J. William Pugsley, Lieutenant Governor, in the speech from the Throne in opening session of the Provincial Legislature Thursday afternoon. Further than that no hinting was contained in the official document of what steps the Provincial government proposes to take to augment the depressed revenue of New Brunswick, nor was there any direct references to amendments to the Intoxicating Liquor Act of 1916 nor the suggestion that this province is to have controlled liquor sale for revenue purposes as in British Columbia.

Amendments to the Public Health Act, which has been attacked in municipal councils and has given rise to numerous actions in the courts to force municipalities to pay assessments were promised in the speech and the Governor said that steps were being taken for proper recognition of our "claim" respecting the transfer of the natural resources to the Western Provinces.

The opening ceremony was marked by all the pomp and dignity as well as military display that tradition has provided and staged under favorable weather conditions with big crowds in attendance the function was in every way a success. Forty three of the forty-five elected members were in their seats. Three of the four vacancies which occurred during the recess remained unfilled.

The first event of the day was the swearing in of three new members, one Abram Vanderbeck, was elected as an Independent Liberal to succeed his father, the late John W. Vanderbeck, as one of the representatives of Northumberland County and is lined up with the government's supporters in the House. The other two are David A. Stewart and Henri Diotte, elected in the general election in 1920 as members for Restigouche County but out of the House last session because their election was under question before the courts. This ceremony took place in the assembly chamber shortly before noon.

SASKATCHEWAN WOMAN RECOVERS

Found Health by Taking Lydia E. Pinkham's Vegetable Compound

Melaval, Saskatchewan—"I saw Lydia E. Pinkham's Vegetable Compound advertised for women's troubles and when a friend recommended it to me I tried it and it has done me so much good in the two years in which I have been taking it that I find I am a different woman since then. I recommend your Vegetable Compound as much as I can and you may use my letter as a testimonial."

—Mrs. Wm. J. THOMAS, Melaval, Saskatchewan.
 These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.
 Mrs. Thomas writes that she is a different woman now. If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Thomas and many, many other women.
 This medicine has been helping sick women nearly fifty years—surely a long record of service.

when the oath was administered before Sir Douglas Hazen, Chief Justice of New Brunswick, by J. N. Keefe, Clerk of the Legislature, after which the new members signed the roll.

The guard of honor at the opening was a composite make-up while the salute was fired by the 89th Battery, C. F. A. of Woodstock.

Resignations from three members who had been in attendance at the last session, one of whom George J. Jones, now M. P. for Royal, was present as an onlooker for the opening were read also the returning of the by-election in Northumberland county showing Mr. Vanderbeck elected, added something to the customary routine of an opening. The custom of introducing the first bill was followed and then Fred W. Estabrook's, member for Westmorland, arose to move the address in reply to the speech from the throne. He was followed by S. R. Leger, of Gloucester who seconded the address.

Changes in the House since the last session found Mr. Richards of York installed as the leader of the opposition.

CATARRHAL DEAFNESS
is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions. Circulars free. All Druggists. F. J. Cheney & Co., Toledo, Ohio

UNITED SERVICES
In the absence of Rev. L. H. MacLean, pastor of St. James' Presbyterian Church, last Sunday, united services of the Methodist and Presbyterian congregations were held. The services were conducted by Rev. J. B. Champion, pastor of the Methodist church. The morning service was held in the Methodist Church and the evening service in the Presbyterian. At both services, large congregations were present and in the evening St. James Church Male Quartette sang most acceptably and Mr. Farnham of Sherbrooke, Que. rendered a solo, both of which were highly appreciated. Prof. F. J. Lacombe presided at the organ, and rendered special selections for the occasion. The music was highly commented on by the large congregation.
