SEVERE OPERATION.—Dr. G. Gunn, Whitley, Elliott and Head performed a very skillful operation on Mrs. Chas. Kenyon (sister of J. W. Smith) on Tuesday, 27th inst., by which they removed two cystic tumors weighing 10 and 15 lbs respectively. 'AT HOME.'—The 'At Home' entertainment held in the school room of Victoria St. Methodist church, on Thursday last week, was well sustained by the general public and gave great satisfaction. The best of feeling prevailed; music and merry voices were the order of the evening. Brief addresses were given by Rev. Mr. Salton, of Waterloo, Dr. Whitley and Mr. D. Fisher. Proceeds \$24.

DIED IN JAIL.—Robert Fletcher, an indigent, aged 89 years, died in jail on Wednesday last. A formal inquest was held in the evening, and a verdict returned that deceased died from natural causes. Fletcher had spent about four years in jail. His crime was that he was old, helpless and feeble, and had no friends. His death is another protest against the action of the county council in not erecting a house of refuge, where the aged and decrepit can be properly cared for.

Seaforth Expositor: The Union Sabbath school excursion to Goderich from this place on Wednesday was, as usual, a very successful and pleasant affair. Some ten cars were comfortably filled and 422 tickets were disposed of at the station here. The weather was delightful, and all, both old and young, enjoyed themselves most heartily. At Goderich picknicking and boating were the principal amusements. The party left Goderich about seven in the evening, and got home by dusk, all seemingly pretty well tired out, but the little folks were especially loud in their praises of the grand day they had enjoyed, and some wishing that excursion day was still to-morrow.

The annual picnic at St. Augustine will be held this year at Island Grove, on Wednesday, Sept. 4th. Elaborate preparations have been made towards having the picnic a success in every particular. Dinner and admission to grounds 30c.

SOCIETY PICNIC.—The picnic at the Point Farm this (Friday) afternoon under the auspices of Maple Leaf Lodge, No. 27, O. U. W., and O. C. G. O. F., gives promise of being well attended and highly successful. The 'outing' is in the hands of a live committee.

NORTH ST. METHODIST S. S. PICNIC.—The North-st. Methodist S. S. picnic, which was held in Bingham's grove on Thursday last week, was well attended. A program of athletic games was a feature of the afternoon, after which a hearty luncheon was partaken of by the children and their friends.

LAWN SOCIAL.—A social under the auspices of the Presbyterian church will be held on the grounds of Mr. Wm. Hawden, Bayfield road, on Tuesday, Sept. 3rd, commencing at 1 p.m. Tea served from 5 o'clock. Boating, suitable games and a musical program will be provided. Proceeds in aid of mission fund. Admission, adults 25c, children 10c. All are invited.

GET READY FOR SEPT. 17TH, 18TH AND 19TH.—The occasion of the North-Western Exhibition will doubtless bring a great many people to Goderich from outside points, and the business people ought to take steps to let visitors know that wares can be procured with advantage while they are here. The best way to do it is to get cards, circulars, dodgers, &c., &c., neatly printed at THE SIGNAL steam printing house, North-st. Prices reasonable.

REOPENING OF SCHOOLS.—The town schools re-opened on Monday, with the following teaching staff: Central, Mr. Robert Park principal, Mr. Gregory Tom Asst. dom III, Miss Blain form II, Miss Sherman form III, Miss Cronk form IV, Miss A. Campbell form V, Miss K. Ball form VI, St. Patrick's, Miss Burnett, Miss Thompson, Junior, St. David's, Miss Mary Sherman, Senior, Miss Wiggins, Junior, St. Andrew's, Miss Watson, Senior, Miss Kate Aikenhead, Junior.

OUR CHANCE IS STILL GOOD.—Mr. J. A. McIntosh, formerly a popular business man of Goderich, and now a Port Arthur rabid, is in town. He is of opinion that Goderich is on the move, and says if our business men and public bodies keep right along in the good work, we'll soon get up to Port Arthur enterprise, which, by the way, now occupies a front place. Goderich people away from home make things hump. Let the home guard be up and doing.

AMATEUR ATHLETIC CHAMPIONSHIP.—A series of amateur athletic championship competitions will be held on the Rosedale grounds, Toronto, on Saturday, September 28th. Following are the events: 100 yards run, 200 yards run, 440 yards run, half mile run, one mile run, two miles run, 120 yards hurdle run, three miles walk, pole high jump, running high jump, running broad jump, throwing 50lb weight, putting the shot, 10lbs., throwing hammer, 10 lbs.

STILL IMPROVING.—Owing to the increasing demand for good printing, the necessity for keeping varied and suitable lines of stationery becomes greater. The choicest lines of white and cream wove papers, white and cream laid papers, linen papers, foreign linen and quadrille papers, white and cream envelopes (all sizes), fine Bristol cards, calling cards, and all other lines in connection with our business will be completed after next week at THE SIGNAL steam printing house. Call and see samples and get prices.

Y. P. S. C. E.—Rev. Mr. Hutton, pastor of Victoria St. Methodist church, evidently means work in connection with his congregation, which is now large and rapidly growing. He has organized a Y. P. S. C. E. We understand that Goderich is the society is to promote an earnest Christian life among its members, to increase their mutual acquaintance, and to make them more useful in the service of God. Their motto, 'Loyalty to Duty, Christ and the Church.' The membership of the society is now over twenty-five.

THE CHAMPION OF SARNIA BAY.—Mr. A. B. Henderson, formerly of Goderich, is now champion of Sarnia bay in the sculling line. The Observer says: The second sculling race for the championship of Sarnia bay took place last Tuesday evening on the bay before fully 1,000 spectators. The contestants for the cup this time were A. B. Henderson, the former winner, and Ed. Sitington, who was also one of the contestants in the previous contest. The judges' boat was anchored off Lochart's dock and the course ran from there along the shore three quarters of a mile, where the turning buoy was anchored, and return. The race was started amidst great enthusiasm at 7.30, both men getting off in good style, and pulling a good oar; Sitington leading as far as visible to the judges' boat. On the return Henderson took the lead and kept it until the finish, Henderson crossing the line about a boat length ahead of his opponent. Both men pulled a good oar throughout the race, which was first class throughout. The mile and one half was covered by the winner in ten minutes and fifty seconds. Fred Watson acted as referee and Jas. Laidlaw as time keeper in a satisfactory manner.

Miss Lily Veal, of Brussels, is the guest of Miss Marion Grant.

BYCYCLE FOR SALE.—Cheap for cash—one Comet No. 2, 54 inch, new. Retail price, \$65; price now, \$32. Geo. W. Thomson.

AN IMPORTANT IMPROVEMENT.—The new Soft Stop and Practice Pedal attachment to a Newcomb Upright Piano serves the nerves of the listener or performer, when practicing, as well as the instrument from wear, and preserves the tone.

STEAM FEATHER RENOVATOR.—Mr. Samuel Halsted will be in Goderich about Sept. 10th with his old and reliable Feather Renovator. Drop postal to Halsted Brothers, Goderich, and he will call on you.

COMPLIMENTARY CONCERT.—The complimentary concert to Miss Cooke will take place on Friday, Sept. 6th. A program equal to the best that has ever been given to a Goderich audience is in course of preparation, and no efforts are being spared to make it the concert of the season. Plan of hall at Fraser & Porter's.

PICNIC.—The young people of Knox church intend holding their picnic on Thursday, Sept. 5th, at Point Farm. The committee have arranged for rigs to be in readiness at the church door at 1 p.m. on that day. A cordial invitation is extended to the members and adherents of the church to join and make it a grand success.

A NEEDED CHANGE.—Tenders are asked for by the Post Office Department for the carrying of her Majesty's mails between Goderich and Kincardine (daily), making Kintail the half way station. This is a step in the right direction. The through mail route between Goderich and Kincardine should not have been broken up.

LUCKNOW CALEDONIAN GAMES.—The Northern Games, under the auspices of the Lucknow Caledonian Society, will be held in that village on Wednesday, Sept. 11th. The society is putting forth every effort to make the games a grand success. Lucknow has become historical for being the Olympus of America. No pains will be spared to keep up her reputation. Most favorable railway rates have been secured, and programs will be sent out in a few days. The program has been prepared with a view to the entertainment of the public; and in addition to the honorable name they have gained for well conducted games, we are led to believe the contest will be the keenest ever witnessed in America.

EXHIBITION NOTES.

The Directors are Keeping the Ball Rolling—Some Valuable Pointers.

The Government of Manitoba has taken a space of 50 feet square in the main building for their exhibit.

The directors have decided to allow parties tendering for refreshment stands, either to tender for one and control all, otherwise four separate stands will be allowed. Tenders will be opened on September 10th.

One hundred towns along the G. T. R. lines have been billed.

The steamer United Empire will take parties desiring to visit the exhibition from Sarnia and Port Huron, arriving here early on the morning of the 18th and return by steamer Ontario on 19th.

Look out for notice next week of a grand prismatic display for the evening of the 18th, in which numerous fountains will be shown in various shapes and colors.

Enquiries for prize lists are coming in thick and fast, and space is being taken up rapidly by outsiders. Local exhibitors must positively secure space at once or be shut out.

RETIREMENT OF COL. ALLAN.

The Commander of the Queen's Own Returns Owing to Ill Health.

Col. D. H. Allan, of the Queen's Own, Toronto, has retired from the command of that regiment owing to ill health. Col. Allan is a brother of our townsman, Mr. A. McD. Allan, and is well known to a large circle of readers of THE SIGNAL. The Globe says:

Col. Allan retires after 23 years' connection with the regiment. He hesitated long before taking this step, but felt at last that his continued ill-health made it necessary in the best interests of the Queen's Own that he should give up the command. Of his military career he may well feel proud. As far back as the time of the Trent affair he was offered a lieutenantcy (although under age) in a company then being organized in his native place, North Easthope, in the county of Perth, by Mr. James Redford, afterwards M.P. for that riding, but although the company drilled for some months it was never accepted by the Government. Afterwards, in the autumn of 1864, he joined the ranks of the Stratford Infantry Company, in which he remained until he was transferred in March, 1866, from that company into the Queen's Own. Like all his fellow-officers he has RISEN FROM THE RANKS.

In 1866 he attended the Military School at Toronto and obtained a first-class certificate. While in the school the Fenian raid took place, when, on request, he was permitted to accompany his regiment and participated with them in the action at Limeridge. He was also present with his regiment in almost all its minor services, as well as during those in the Northwest in 1885. He has always taken much interest in rifle shooting, and was for many years on the Regimental Rifle Committee, and, being an excellent shot himself, he in that capacity was instrumental in making the Queen's Own as a regiment one of the best shooting ones in the Dominion. He was never more in his element than when he was captain of a team of his regiment at some shooting competition; when good judgment, tact and a thorough command of his team generally crowned his efforts with success. Col. Allan has the satisfaction of knowing that in retiring he leaves his regiment in a splendid state of efficiency, and he expresses the belief that his successor will receive the cordial support of all ranks, and that the regiment will long continue to be the first in every respect in the Dominion.

DEATH OF W. R. J. OLD.

By Mistake He Took Poison Instead of Medicine While Ill With Fever.

The following particulars of the death of W. R. J. Old, a former resident of Colborne township, are from the Milton, Dak., Globe:

OLD, Osnabrock, on Saturday morning, August 17, 1889, W. R. J. Old, aged 24 years.

His death cast a gloom over the neighborhood. So sudden that it seems hardly possible to believe that the man, who so lately was the picture of manly vigor, is now powerless, deprived of life.

He had been sick with the fever and was recovering; to hasten his recovery, a certain powder had been given him, and to destroy infection, there was hidden in the room a packet of another kind of powder, a strong poison. On Friday morning he was to take his medicine, the powder, but could not find it; searching further some ill fate directed him to the spot where were hidden the functioning powders and he took one.

He realized that the medicine did not agree with him, and the doctor was sent for; but late; the poison had permeated his system. The poor boy felt that he had to die. Then he showed the fruits of a good life, and his death, as his life, was a true example for his friends. He was, it is feared, trustfully, with a quiet faith, in a touching love he would talk about those whom, but four months ago, he had left in Canada. A widowed mother mourns her one son, of whose steps she has been the only guidance since near his babyhood, a sister weeps that she will no longer know the protection of a brother.

It was not long that he was amongst us, yet during that time he had won the respect and good will of all who knew him. He was a man. He recognized that true manliness exists not in riotous living, in bonhommerie of a questionable sort, but in the quiet performance of every-day duties, and recognizing this, he followed his convictions; and there was not a man in Osnabrock who did not respect him for it, and value his friendship the more.

By profession a veterinary surgeon he was fast winning a good reputation as a skillful doctor, both in town and country, and had he lived a large practice had been assured him.

Osnabrock will miss him; this alone we have, that out of the coterie of men, of which he was one, of all he was the most fit to die.

The following was sent us from Osnabrock, and shows the high esteem in which the deceased was held in his town:

Although our acquaintance with the deceased was very limited, yet our pen is not impelled by a steady and unfeeling hand, but rather by one inspired with the deep sympathy of long acquaintance and close friendship, as we trace the series of events, which are so suddenly brought to the sad close of which the above notice is but formal and conveys a most distant and unfeeling impression. He was the only son of Mr. Wm. William Old, of Goderich, Ont., at which place he was born. While he was yet prattling in his babyhood, his mother was suddenly bowed in grief and widowhood by the untimely death of his father from an accident, in the lonely condition of which, true to her womanly devotion, she has since remained, preserving her love and care upon her two fatherless children, the boy and his sister, who was but a few years his senior. After the death of his father, he lived principally with his uncle until the fall of 1887, when becoming inspired with an honorable ambition, with the love and blessing of a fond mother, and the help of an indulgent uncle, he entered the Ontario veterinary college of Toronto, from which he graduated with honors in the spring of 1889. During this time, he practised for the most part with Dr. John Aikenhead, for whom he formed a great attachment and of whom he spoke of often and very highly.

About the 1st of April last, buoyed by the well wishes of a large circle of friends, he arranged his trunk for the west, where he hoped to reap the honest rewards of industry in his new vocation. Gently he pressed the hands of those held dearest to him on earth, and with his last farewell, encouragingly assured them that he would soon return. But, alas! That return!

He arrived here about the 6th of April, and immediately began the practice of his profession; although the times were dull and the prospects for better were very uncertain, he gradually increased it. He was attended with great success and his fame was fast spreading, until nothing seemed in the way of his gaining his long cherished hope. About the 10th of Aug. he was taken with a severe headache, which was attributed to over-work and anxiety, but which was soon found to be the beginning of a spell of sickness, whatever the cause. He was treated for malarial fever and was fast recovering, when, on Friday, the 16th, he mistook the fatal dose for a powder and took it. Why he should have mistaken the drug, no one can explain, as he was quite familiar with it, but the most plausible solution is that he was partially asleep. Although three physicians were in attendance and did all in their power to stay its action, yet every effort failed, and ere morning dawned he was still in death; his soul had joined the angels in heaven. His remains will be interred in the cemetery at Goderich, Ont. He was an exemplary young man in his habits and an adept at his profession. He leaves an aged mother and a sister now Mrs. Straughan, to mourn his loss.

While he was here he made a large circle of friends, who are grieved by the sad calamity, and who unite in extending their heart-felt sympathy to those bereft of so noble a son and brother.

On the following Sabbath the Rev. Mr. Linton deferred the regular sermon and delivered the funeral discourse taking for his text words selected from Hebrews 2 chap. 3 v. 'How shall we escape if we neglect so great salvation.' He spoke at some length upon the question of neglect showing how it might be, and was done. In referring to the deceased, he held him up as a model young man morally, and expressed great hope for his safety in the new world, which he had joined.

NILE.

From our own correspondent. HARVEST HOME.—The annual harvest home festival of Nile circuit will be held in Mr. William S. Clark's grove on Tuesday, Sept. 10th. Rev. J. Livingstone, of Clinton, and Rev. A. W. Tonge, of Blyth, have promised to deliver addresses, and the following ministers are also invited: Rev. J. A. Anderson, Goderich; Revs. A. Potter and D. G. Cameron, Dunnannon; Rev. Alex. McMillan and Rev. J. R. Isaac, Auburn. Music by Nile and Ebenezer choirs. Arrangements will be made for baseball, football, croquet and swings. Dinner will be served at 12 o'clock. Adults 25c; children 10c.

At the last meeting of the Exeter School Trustees Board no less than fifteen applications were received, with salaries ranging from \$400 to \$750. The application of Mr. G. Tom was accepted at a salary of \$600.

The printers, publishers and binders of Winnipeg held their annual 'outing' on the 10th inst. The usual athletic sports and other amusements were indulged in, in which two Wingham boys and one young lady made themselves conspicuous by taking prizes. In the married men's race, 100 yards, S. Youhill won 1st prize—3 lbs tea and a sugar-cured ham; heel and toe walking match, J. S. Youhill, silk umbrella, value \$5; in the walking competition, Sam and Miss E. Youhill were awarded first prize. In the baseball match, married vs. single, Will Youhill was on the winning side, the single men coming out best by a score of 14 to 6.

"After Sorrow, Joy."

Mrs Dale had just come back to the one poor room she called home, wearied, faint, disheartened, after a fruitless search for employment. Was there nothing in all the world she could find to do to keep away that phantom "want," which hovered so remorselessly near, its shadow growing more distinct as each passing day brought it nearer and still nearer to her door? Surely, He who promised such blessings to the widow and fatherless would not forsake her now—her and the one treasure left her, Mabel, her poor child.

tucked away from the pure white forehead that was marked with some most unchildlike wrinkles, born of suffering; notched, too, the tiny hands and frail, slender form. "She is only a child—a lovely," he thought, as with grave, unembarrassed air he asked that he might see the injured limb. A faint, pink flush colored Mabel's white cheeks, as her mother bared the delicate ankle, so distorted and bent that it was painful to look upon. "The doctor examined her thoroughly. "Are you brave enough to suffer pain, if, through the suffering, some day you may be able to walk?" he asked, at last. "I will bear any suffering for that," Mabel answered.

oned A portion of the heavy weight had fallen on the long, slitten train of her dress, and she could not stir. Philip had fallen in a chair, and for a moment sat motionless, dazed by the suddenness of the affair, looking blankly up at Mabel, who, standing there with outstretched arms, seemed to say: "Come and help me." Instantly eager hands released her, and before Philip could reach her she had vanished. In despair at his slowness of movement he stood irresolute, wondering if it were not all a dream, when a well-known voice said: "And what do you think of the divine Mabel now? That act would have made her the fortune on the stage. Ah! she is just per-fer-ect!"

A STORY OF THE ELIXIR. PERCY C. ELLIS. Just 200 years of age and he would see the twentieth century end that night. The old man seated himself at his window and his eyes grew sad and thoughtful as he looked out over the city. There were lines of care deeply engraven in his face and the years had left his hair and beard perfectly white and thin. The elixir of life, which in 1889 was discovered by a certain Dr. Brown-Sequard, had so long held the old man's soul and body together, that when first experimented with at Washington, then capital of the country and was quite decrepit at the time. To him at his stage of life the elixir played the same part that oil does to a rusty machine.

Sufferers from indigestion, loss of appetite, liver or kidney complaints, rheumatism or neuralgia, would do well to give Ayer's Sarsaparilla a trial. For all such disorders, no medicine is so effective as this, when faithfully and perseveringly used. There are some interesting items on England's civil pension list. Sir Richard Owen has had \$1000 a year since 1842, and Lord Tennyson the same since 1845. The widow of Kitto, the biblical encyclopaedist, gets \$250, and the widow of Hayden (of the "Dictionary of Dates") \$500. The daughter of Douglas Jerrold gets \$250. Mr. Gerald Massey, because he is "a lyric poet sprung from the people," gets \$500 a year; the same sum is awarded to Mr. William Allingham, Mrs. Oliphant, Mr. Robert Buchanan, the widow of George Cattermole, and the Rev. Dr. George Macdonald. Faraday's niece gets \$750, Mr. Tupper \$600, the widow of Charles Kingsley \$1,000, two ladies directly descended from Defoe \$375 each, the widow of Richard A. Proctor \$300, the sister of Keats \$400, Mr. Philip James Batley \$250, and the widow of Nelson's adopted daughter \$1,500.

NASAL BALM. My wife suffered for five years with that distressing disease, catarrh. Her case was one of the worst known in these parts. She tried all of the catarrh remedies I ever saw advertised, but they were of no use. I finally procured a bottle of Nasal Balm. She has used only one half of it, and now feels like a new person. I feel it my duty to say that Nasal Balm cannot be TOO HIGHLY recommended for catarrh troubles, and am pleased to have all such sufferers know through its use they will receive instant relief and CURE. FRIDAY, AUG. 30, 1889.

THE RAILWAY QUESTION.

About the time when Goderich town council obtained the charter to build a railroad connecting Huron's county town with the C.P.R. at Wingham, a charter was also obtained for a road extending from Simcoe to Port Rowan.

The result of the efforts made at Simcoe and Goderich are worth comparing. The distance from Goderich to Wingham by the proposed road was estimated to be about twenty-six miles.

In Goderich, after some \$300 had been expended in securing the charter, the provisional directors took no further action, and the charter was allowed to lapse on the 20th of June, of the present year.

The Simcoe and Port Rowan project, on the other hand, was taken hold of energetically by its promoters, the necessary surveys were made and bonuses obtained, a subsidy of \$3,200 a mile was applied for and secured at the earliest opportunity, the work of construction was at once gone on with, and during the past year the road has been in thorough working order, and has exceeded the utmost expectations of its most sanguine promoters.

At the inception of the two roads the cases were apparently parallel, the chances, if any, being in favor of Goderich. We had an unfinished branch of the C.P.R., seeking a lake outlet, with in twenty-six miles of us; we had the hearty endorsement of President Van Horne when the charter was procured; we had the line diverted to Wingham and pointing to Goderich as the terminal point; and we had a public sentiment favorable to the construction of the road.

Notwithstanding all this, we have failed of obtaining the road. Through lethargy, if nothing worse, the charter has been allowed to lapse, and it almost looks as if we are further from obtaining the road today than we were two years ago.

But, although appearances are against us at present, we believe prompt action and hard work will enable Goderich to eventually recover the lost opportunity. Let us begin right. Every man who has the interest of the town at heart should give thought to the railway question. A competitive line is needed, and needed badly, and the way to get a competitive line is to work for it. The days of miracles are gone, and unless we put our shoulders to the wheel we cannot expect to get out of the present rut.

During the past few years Goderich has made progress. What we have done on other lines of progress can also be done on the railroad question, if our people make up their minds to do it. There are only twenty-six miles between us and success, and if Simcoe was able to overcome a similar obstacle in a short space of time, why cannot Goderich be successful also?

THE SIGNAL has been always in favor of competitive railways, and has time and again pointed out how the work could be accomplished, but owing to the failure of united effort heretofore on the part of the people, we regret to state that little has been accomplished.

The recent vote on the organ bylaw has shown that at last the people of Goderich have become united in an effort to

advances the prosperity of the town, and we believe a properly directed effort on the part of a joint committee of our town council and business men would be successful in bringing about the construction of the much needed road.

What is wanted now is an energetic railway committee selected from the best men of the town. When that is formed, communication should at once be opened with outsiders favorable to the scheme, and no effort should be neglected to secure co-operation in successfully launching the undertaking. There are railway men in the Province who have their eyes on the Goderich and Wingham Junction at the present time, and united effort on the part of the people of Goderich will do much to secure financial and other aid.

Today we stand between Retrogression and Progress. Let the watchword be "Forward!"

LAST week Hamilton was up on a hill, so to speak, during the carnival. This week it has resumed business at the old stand at the foot of the mountain.

If Premier Greenway abolishes Catholic separate schools in Manitoba, and Premier Mercer retaliates by abolishing Protestant separate schools in Quebec, and all the French schools in Ontario are suppressed, and all the English schools in Quebec are closed by Provincial legislation, will our Equal Rights friends be satisfied even then? This is a phase of the subject that it would be well for the debaters to consider while they have their considering caps on. Equal Rights should mean Equal Rights with no jug-handle attachments.

SOME of the Toronto papers, notably the Telegram, are making a foolish outcry against Hamilton because, during the recent carnival in that city, amongst the decorations were a number of American flags. Toronto papers could not find any exception to the general success that attended the Hamilton carnival, and so have to make the picayune objection that there was too great a display of American flags. One of the prominent features of the carnival was the drill of the 13th Brooklyn volunteers from New York State, and if American volunteers under arms were allowed to parade the streets of Hamilton, why should objection be raised to the floating of American flags? The objections of the Toronto papers are puerile, and Hamilton is not less loyal because it behaved courteously to the Americans, than Toronto, which does the catering, and this prating about loyalty comes with a bad grace from a city where an attempt is now being made to boycott the Industrial Fair, because the Queen's representative has promised to be present at it. Some of these able editors who write rubbish against the American flag would do the same thing against the Union Jack, if they had positions on the staff of a certain section of the American press. It isn't always the most loyal man who prates of his loyalty. In Goderich, last May, ultra-loyalists like Clarke Wallace, Hon Mackenzie Bawell, Jas. L. Hughes, and the other members of the Grand Lodge of British North America did not consider it *infra dig* to sit in solemn conclave in the courthouse where the most conspicuous banner was the American flag. And if these pillars of the British constitution could maintain their loyalty to Britain under the circumstances, what right has any carping Toronto newspaper writer to take exception to the display of "Stars and Stripes" at the Hamilton carnival?

THE EDITOR'S TABLE. A Word or two About New Publications That Have Come to Hand. WIDE AWAKE For September opens the new serial by Susan Coolidge, a story for girls who have their living to earn; it is called "A Little Knight of Labor"—one of those stories that are enjoyed equally by young and old. The Peppers serial by Margaret Sidney, is full of good times and exciting happenings, as is usual with the Peppers household. An article that will be read with interest relates to "Maria Mitchell at Vassar," and is written by one of her old pupils; there is a very good portrait of the famous woman-astronomer. Miss Risley Seward gives the last of her "Around the World Stories"—perhaps the most entertaining of them all; it is entitled "My Dinner at Kensington Palace," an amusing glimpse of royalty. Madame de Meisner, in "The Story of the 'Magic Flute,'" relates a romantic incident in the young life of Mozart. Lieut London tells a bright Indian story, "The Race Between Mr Deer and Mr Antelope." Mrs Kate Upson Clark has an amusing account of a mother's experience with three boys and three birds, entitled "Three Robins." Mrs Hy Sandham has a bit of Canadian experience called "A Voyage on a Raft." An account of a North Carolina outing, illustrated from photographs, is entitled "Through Hickory Nut Gap." The Daisy-Pattie Letter by Mrs William Clafin is of importance to the girls. Mrs Harriet Taylor Upson has a unique bit of a story, "Gypsy Juno." The poems are unusually good, among them: "The Caren Name," by William H. Hayne, "The Little Ant that Went to Jerusalem," by Rose Terry Cooke, "September," by Mrs Whitton-Stone, "The People that Were Disappointed with Their Noses," by John Brownjohn, and "The Boston Horse and the Electric Car," by L. J. Gregg. Mrs White's Public School Cookery con-

corns fish and eggs. The Famous Stones story is about the "Austrian Yellow." Prof. Starr has another Geological Talk, this time about "A Forest of Bouquet-Greens." The boys will enjoy the article about "Swimming." The "Men and Things" pages are full of bright anecdotes and worth-while talks. Wide Awake is \$2.40 a year. D. Lothrop Company, Publishers, Boston, Mass. SCHIRMER'S MAGAZINE for Sept' contains the opening chapters of a new serial—an exciting and patriotic romance of colonial days by Harold Frederic, the London correspondent of the New York Times; the last regular article in the successful railway series of twelve papers, which, after thorough revision, are soon to be published in a handsome volume; another of the Fishing articles, this time describing the picturesque Nepigon region of Canada; an out-of-door paper by W. Hamilton Gibson, with the author's own illustrations; and an end paper by the famous Irish leader, historian, and novelist, Justin McCarthy; and other striking papers on literary, educational, and military topics by eminent writers, with short stories and poems.

HARPER'S FOR SEPTEMBER. The United States today boasts artists who hold their own with the foreign masters. It has come to be generally recognized that American art must be reckoned with. The display of the representative examples of it at the Paris Exhibition fully justifies, therefore, the distinguished treatment of them in Harper's Magazine for September. Theodore Child has entitled his paper "American Artists at the Paris Exhibition." It really comprehends the whole subject of American art at the present time. His criticism is not dogmatic, but the artists themselves would be the first to call it authoritative; for it seeks to understand the temperament and the point of view of each—to evoke, to discriminate, to appreciate, to sympathize. The article is accompanied by twenty engraving-rendering specimens paintings as perfectly as possible in black and white. This September Number has other contents which compel notice. Following Dean Lichtenberger's article on "The Religious Movement in Germany," in the August Number, M. Edmond de Pressensac throws light upon "The Religious Movement in France." James Lane Allen gives a study in institutional history, entitled "Kentucky Fairs," with illustrations; John Lillie, pictures of a curious phase of English life in "London Mock Parliaments," illustrated by Harry Furness; and the Rev John F. Hurst, D.D., an account of "The Oldest and Smallest Sect in the World," visited by him in their home. Theodore Child and T. de Thulstrup, writer and artist, continue their Russian series with impressions of life in "Holy Moscow." A new English poet, Nina F. Layard, contributes "A Legend of the Sky-Watchers," a poem touched with the modern spirit; and Alfred Parsons furnishes two illustrations of Wordsworth's sonnet, "To the Cuckoo." Of the two American serial stories "A Little Journey in the World," by Charles Dudley Warner, is continued, and "Jupiter Returns," by Constance Fenimore Woolson, with the modern spirit; and Alfred Parsons furnishes two illustrations of Wordsworth's sonnet, "To the Cuckoo." Special Announcement.

We have made arrangements with Dr B. J. Kendall Co., publishers of "A Treatise on the Horse and his Diseases," which will enable all our subscribers to obtain a copy of that valuable work free by sending their address (enclosing a two-cent stamp for mailing same) to Dr B. J. KENDALL CO., ENDSBURGH FALLS, Vt. This book is now recognized as standard authority upon all diseases of the horse, as its phenomenal sale attests, over four million copies having been sold in the past ten years, a sale never before reached by any publication in the same period of time. We feel confident that our patrons will appreciate the work, and be glad to avail themselves of this opportunity of obtaining a valuable book. It is necessary that you mention this paper in sending for the "Treatise." This offer will remain open for only a short time.

GRAHAM AND HIS BARREL.

He Tells His Experiences While in the Barrel.

A Buffalo despatch says: When Graham had sufficiently recovered from the shock of passing down the Niagara in his barrel, he told the story of his adventure in a modest manner. Said he: This is the roughest experience that I ever want to have. I made the trip in just twenty-five minutes, but it seemed an age, and I didn't know any minute but I would be dashed to death on the hidden rocks which abound in the gorge. When they let go of the barrel above the cantilever bridge, I fastened the manhole cover so tightly that I was in pitch darkness, and could not see the other side of the barrel. I braced myself in a crouching position and waited for the battle with the water. I heard a train rumbling over the bridge. Just then visions of home and my family were buried in the darkness. I had not told my wife in Buffalo when I came down that I would make the attempt. She had urged me not to. My little girl followed me to the cars, and said, pathetically: "Come home soon, won't you, papa?" Just then I struck the rapids, and was nearly thrown on my head, my arms and legs having become cramped, but the barrel turned right side up in a minute, the blood which had rushed to my head returned to my body and I took a fresh breath, crouching as low down as I could in the cask. I felt seasick, though I have crossed the ocean many times nearly fainting from the heat until the water began to dip in through the tightly closed manhole, forced in by the pressure when the barrel was sucked down by the under currents. This was a new danger, for the barrel was so heavily weighted that, if too much water entered, it would quickly sink. I grazed rocks occasionally, and my body is badly bruised from being overturned so often. It was a terrible trip.

THE HOME CIRCLE.

FAIR TRADE.

A truly honest man will not take a larger sum for property than its just value, even if offered more. This rule is insisted upon by "The Messenger of Peace," and illustrated from real life: "A certain man named Smith came to a farmer named Jones, wishing to buy a pair of oxen, and said: "Those red oxen of yours suit me, and I will give you \$120 for them." Jones replied: "That is \$30 more than they are worth."

Conquerors by Kindness.

Boys often go astray, from the very energy and restlessness of their natures, without any vicious purpose. If, in such cases, they are treated with severity, and coerced by a stern authority, there is great peril that they may go from bad to worse, and end in a shipwreck of character. But such boys often have a nature which may be reached by genuine sympathy and kindness, and moulded to generous manhood.

FARM AND GARDEN.

The Care of Fowls.

Those who are so situated that they can will find it most beneficial to the fowls to shut them out of the poultry house and make them roost in the trees during five or six months of the year at least; they are harder, healthier and more growthy for it, and less likely to be infected with lice.

Constipation

Demands prompt treatment. The results of neglect may be serious. Avoid all harsh and drastic purgatives, the tendency of which is to weaken the bowels. The best remedy is Ayer's Pills. Being purely vegetable, their action is prompt and their effect always beneficial.

Water Service & Repairs

The undersigned is prepared to undertake the putting in of Water Services in connection with the Town System to Dwellings and other Buildings. Also REPAIRS To Steam Engines, Mills, Factories and Machinery of all kind. Prices reasonable. Satisfaction Guaranteed.

MORIBUND FEARS ABOUT HEALTH.

While no truly scientific man can be persuaded that the long-sought secret of health and long life lies in simply the power of the mind over the body, the existence of that power has never been denied. The secret of the success of every great hallucination is in the amount of truth which it has made a part of itself.

The American Caledonian Association in Session—Diamond at Home. TORONTO, Aug. 24.—The 20th annual meeting of the North American United Caledonian Association was held in this city yesterday. There was a large gathering of delegates.

One of the most effective inducers to sleep is a warm salt bath taken before retiring. This will almost always put a restless child to slumber if it is well, and if it is well after its bath. Sleeplessness in an adult is more difficult to contend with.

How many seem to spend much of their lives in the fear of poverty? They are constantly striving to lay up something "against the time of need," and are full of anxiety lest losses and misfortunes should deprive them of their hoarded treasures.

TOPICS FROM TORONTO.

The celebration in New York by a great fair of the 400th anniversary of the landing of Columbus in America has recalled to the memory of the Hebrew population of the United States the fact that just 400 years ago the Jews were expelled from Spain, a time of terrible experiences for them.

COUNTY CURRENCY.

Items of Interest from over the County.

A Weekly Digest of the County News served up to suit Readers of "The Signal." Fifth and Final, clipped and condensed from Every Section.

Stretton Bros., Brussels, got a 160 pound bear shot by Robt Carr, near Henfry, last week.

A letter has been received at Ethel, announcing the safe arrival of Rev Mr Thompson and family at Vancouver, B.C.

Dr MacKidd has returned from his visit to the Northwest. In common with others he was greatly delighted with the scenery at Banff.

The Harris farm near Brussels was sold last week to Kenneth McKenzie, of Brussels, for \$5,800. Mr McKenzie has been foreman on the railway section for several years, and is now going into farming.

The new Methodist church, Blyth, is being pushed toward completion and will be dedicated on Thanksgiving day by Rev Dr Potts, of Toronto. The building will be commodious, comfortable and well appointed.

W B Dickson was elected to the office of school trustee in Brussels by acclamation, owing to the withdrawal of J R Smith, who gave as his reason for the returning Officer that he was nominated without his consent. It is to be hoped that this will suffice as far as elections in that village are concerned for this year. Mr Dickson should make a good trustee.

On Thursday night, 15th inst., after years of suffering, Mrs William Tompkins passed home to her reward, aged 79 years and 2 months. The funeral took place on Saturday. The deceased came to Ethel with her husband from Highland Creek, near Toronto, about 9 years ago. Mr Tompkins is about 85 years of age and has grown quite feeble. Three of their daughters reside in Ethel, viz., Mrs Wm Spence, Mrs M S B Maginn and Mrs Annis.

Here is a man who ought to be better known to fame, says the New York Tribune. His name is Charles E. Sieme, and he is an English traveler fresh from India, who was present in the breakfast room of the Lathrop station the other morning, saw Terry assault Judge Field, saw the ruffian shot dead, and through the whole of that extraordinary scene, which made a sensation for the entire continent, went on calmly eating his breakfast at the same table. It was very like Charlotte in the ballad. The explanation is easy. Mr Sieme was a new arrival, and didn't propose to write himself down a greenhorn by displaying astonishment at anything. He doubtless reads the Saturday Review and the London Telegraph regularly, was promptly conscious that he was well informed about all the customs of the country, including shooting affrays at breakfast in railroad stations, and simply didn't propose to give himself away. We wish to have it distinctly understood that Mr Sieme is no tenderfoot.

DUNLOP.

From our own correspondent. Miss Kate Macdonald is visiting in Clinton.

Mine host of the Exchange was on the sick list last week.

Miss Viduan, of Detroit, was the guest of Mrs Allen this week.

Miss Sarah Barker, of Detroit, is visiting here, the guest of her brother, J. H. Barker.

Mrs Robertson, of Saginaw, Mich., and two sisters of hers, were the guests of Mr Fisher last week.

The recent races at Goderich drew forth a good attendance from Dunlop, the results of which have caused some of our maidens to become diligent in learning the art of horsemanship. 2,930—such is the weight of the massing team of the Lansdowne Farm, weighed a few days ago on our market scales, and the owner was lately offered \$350 in gold for them but did not sell.

Our jovial townsmen, Thos. Nelson, carrying a stout cane last week gave the impression that he wanted not to have a sore ankle while drying, and that he could slay more flies than with the trusty whip and not scare his farming team.

In the absence of its owner who, with his household, had gone over to a neighbor for a little while, a driving pony slipped into the house for an inspection of the premises and seems, like all youngsters, to have a taste for the pantry stores. He was discovered in time to prevent any mischief except drinking a pail of new milk which had been left there. He was ejected, and the stolen draught caused no ill effects upon his speed next day.

In looking over items of Colborne last week we notice that there is another sick committee in our township and by the tone of its operations around the pretty Swiss village of Benmiller. We hope it will pull its patient through. We would ask councillor Goodie if it has a good elixir to cure its patients as our far famed tonic, and if so, Tom, send us a sample.

Our architect and staff did not go to work at the new church at Port Albert last week, but remained here preparing materials for the building, and on Monday of this week started there in full force to work at the job. Any of the good politicians of either side in the marine village can get their ideas enlightened on any of the popular questions now on the mind of the country by a friendly debate with our architect. Also we hope to hear of a quiting match.

HOME AGAIN.—Our townsmen B. K. Allen's familiar form is amongst us once more after an absence of about six weeks. In that space of time he has crossed and recrossed the mighty waters of the Atlantic, and seen many places of interest. To a large circle of our residents he now relates many of the incidents of his trip and what he saw on his travels. He also purchased several new horses for improving our stock in this township, from the Old Country.

ASHFIELD.

From our own correspondent.

The average attendance in the public school of S. S. No. 5 was 45 during the last week.

The root crops need rain. The weather has been dry and warm during the last few weeks.

Mr R. Barnby preached very acceptably in Zion church. He is about to leave for McGill College, Montreal.

Quite a number of the farmers have threshed their fall wheat. The average yield will not exceed 15 bushels to the acre.

Farmers are now preparing the ground for seeding operations. There will not be so large an extent sown as in former years.

W. Gardner, of S. S. No. 5, has gone to attend the Goderich High School and W. G. Andrew the Lucknow public school.

DUNGANNON.

From our own correspondent.

Mr J. M. Roberts, merchant, of this village, left here on Friday last to visit a brother who is very ill in Minneapolis, U. S.

Miss Pablo, of Detroit, and Miss Stewart, of Kincardine, are visiting their aunt and uncle, Mr and Mrs J. W. Smith, of this village.

Our beautiful village must have some very attractive features, as quite a number of visitors are joyfully taking in the sights and enjoying themselves generally.

The municipal council of West Wawanuch will meet in the Town Hall, on Saturday, the 7th of September; all concerned will govern themselves accordingly.

Weather is very warm and dry, but excellent for the harvesting and storing of spring crops. However, roots, pasture, etc., would be greatly benefited by moderate rain.

Mr Geo Caldwell's daughter and grand-daughter, of Port Huron, are visiting their father and mother, who live adjacent to this village, as also other relatives and friends.

We would respectfully remind our street inspector that the sidewalk opposite the post and telegraph offices is in a very bad state of repair, and requires his attention immediately as to necessary repairs.

Mrs Jas. Savage and her daughter, formerly of this locality, but now of Detroit, are visiting relatives and friends in this village and neighborhood, and seem to enjoy themselves. We would emphatically suggest that the citizens of Goderich should hurry and use their influence to have a connection with Wingham by rail, via Dungannon, as we could send our numerous visitors to see the county town.

The first meeting of any importance on the topics of the Jesuit question, and Equal Rights, etc., was held in the Methodist church here, on Thursday evening, 22nd inst. The speakers were Revd's John Young, of Drummondville, and John Mordy, of Niagara Falls, each of whom discussed the above subjects to the seeming satisfaction of the present.

We are informed that one or two individuals came a distance of six or seven miles to the meeting, who, by the way, evinced great interest in the question. On the whole the audience, considering the busy time of the year, was fair. Rev A. Potter, of the Methodist church here, presided over the meeting in a very efficient manner.

HEALTHFUL EXERCISE.

Only a few months ago these romping, roguish-looking lasses were puny, delicate, pale, sickly girls. By the aid of Dr. Pierce's world-famed Favorite Prescription, they have blossomed out into beautiful, plump, hale, hearty, strong young women.

Favorite Prescription "is an invigorating, restorative tonic and as a regulator and promoter of functional action at that critical period of change from girlhood to womanhood. It is a perfectly safe remedial agent, and can produce only good results. It is carefully compounded, by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in any condition of the system. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being a most appetizing, cordial and restorative tonic. It is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturer, that it will give satisfaction in every case, or money will be refunded.
